The steamer City of Savannah, which arrived at Savannah today from New York, brought no news which might aid in clearing up the mystery, although her wireless operator caught a message from the lightship and was positive that the ship was described as a single-masted vessel.

Chicago Trains Late—The storm of Saturday delayed all passenger trains coming from Chicago Saturday and Sunday from two to four hours. Charity Ball Feb. 10—The ladies of the Round Table, who are to give their annual charity ball at Fraternity Hall Feb. 10, have discovered in their solicitations for sale of tickets that many think their work is in some way connected with that of the association, which is not the case. The Round Table ladies confine their efforts to emergency charity work, such as furnishing fuel, clothing and food to those in immediate need of assistance, and are carrying on an important work, which in no way interferes with that of any other charitable organization in the city.

Home from Trip—The Ferguson Business college basketball team returned from their trip into the copper country last evening. On Friday night, the team met the Michigan College of Mines team at Houghton, and were defeated 21 to 49. The M. C. M. team is one of the fastest in this part of the country, and the Marquette boys made a creditable showing against it, Saturday evening the business college team played at Calumet. They ran up against a picked team of heavy and fast men in that city, and found home-made, unmetal baskets, into which they were unable to throw the ball. The result was a victory for Calumet, 47 to 3. The M. C. M. team will play a return game in Marquette Feb. 12.

### VALENTINE'S DAY WILL SOON BE HERE

#### ANNUAL SUPPLY OF LOVE MISSESIVES AND COMIC ABOMINATION RECEIVED BY LOCAL MERCHANTS.

The approach of St. Valentine's day will soon be heralded by the appearance of fantastic creations, ranging in price from one cent to \$5, on the shelves and counters of the stores that deal in such things. In another week it may be expected that the show windows and stores will be gay with them. Companies which handle valentines by the wholesale began shipping them about three months ago, and the long consignments are now going out. The merchants of this city have received the bulk of their valentine orders and expect to put them on display within a few days.

The demand for the more fancy and costly valentine creations is said not to be quite so active as it was a few years ago, and fancy post cards are largely taking their place. The local merchants this year have ordered an especially fine assortment of these post cards, some of which will sell as high as twenty-five cents each.

There has been little demand of recent years for the old-fashioned "comic" valentine, which usually left a sting which weeks would not heal. There is, however, a newer and better comic, however, which conveys real humor without injury, and which all merchants are handling this year. The penny-postal valentine also promises to become a favorite this year.

Many of the daintier creations are hand-painted on genuine art paper. Everything from landscapes to near Gibson heads is shown, and all are neatly done. Christies, Harrison, Fishers and James Montgomery Flagg are among the better types shown in these styles.

Celoid and satin enter into many of the more elaborate valentines as in former years. There also is the usual number of cupids of all ages and sizes, but turtles, musical instruments and beautiful sail boats heaped with roses and more cupids.

Folding automobiles packed with cupids and flowers are among the newer things, and the burning hearts which unfold like a Christmas bell are touted as comers. Painted plush is another novelty, and Scotch verse again is in favor.

Following the valentine rush will come Easter cards, shipments of which have already been made in some instances. And then, except for the current demand for post cards, there will be a rest in this line of business until next Christmas.

### "LITTLE JOHNNY JONES."

Musical comedies may come and musical comedies may go, but it is doubtful if many of them will obtain the vogue that has been vouchsafed "Little Johnny Jones," that ringing, swinging, jingling musical comedy from the pen of Geo. M. Cohan, now in the third year of its highly successful career, which comes to the Marquette Opera House tomorrow evening.

There is a fascinating something about everything that young Mr. Cohan writes that seems to please all classes. His "Funning for Office" first brought him into prominence. "The Governor's Son" added more to his popularity, and then "Little Johnny Jones" placed him on the pinnacle of success as a native playwright, and there is a rhyme and reason for things, and around the whole he weaves a delightful web of melody that is irresistibly fascinating.

### BOWLING NOTES.

### NEEDFUL KNOWLEDGE.

Marquette's People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of stinging. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's disease, or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

Yet can use no better remedy than Doan's Kidney Pills. Here's Marquette proof:

Mrs. C. Carlton, 340 Alger St., Marquette, Mich., says: "For the past year my kidneys have given me trouble and I have had attacks of backache. Hearing good reports of Doan's Kidney Pills I decided to try them and sent to the Stafford Drug Co. for a box. In a short time I felt better and am now in good health. I also know of others who have used this remedy and the results have always been of the best. You are well come to use my name as one who endorses Doan's Kidney Pills very highly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

### JUNKETERS WILL BE ROYALLY RECEIVED

PLANS FOR ENTERTAINMENT OF LEGISLATIVE COMMITTEES WELL UNDER WAY.

### DETAILS OF THE PROGRAM

Smoker at Marquette Club, Visit to Prison and Normal School and Grand Banquet Proposed.

The committees recently appointed to arrange for the reception of the members of the legislature, who are to make a junket trip into the upper peninsula this week, have been busy at work for the last two days and preparation for their welcome and entertainment in this city are well under way.

Upon their arrival the members of the party, in so far as they care to go, will be taken to the Marquette club. In the evening the members of the club will entertain the legislators at one of their "house nights," and the program will include a smoker and Dutch lunch.

Wednesday forenoon the party will be taken to the prison in a special train. After making the round of the prison, dinner will be served to the party in the prison chapel. Stewart James Deagon is preparing an elaborate spread, which will include roast turkey and all the toothsome accessories that go with a first-class dinner.

Early Wednesday afternoon the party will return to the city, and will go to the Normal school. The party will thoroughly inspect the equipment and work of this institution, but it is not decided whether or not any special program or entertainment will be given.

Banquet at the Clifton. At 8 o'clock Wednesday evening, the members of the party will be entertained with a grand banquet at the Hotel Clifton. In the past this has been one of the most elaborate features of the junketers, and this year will probably be no exception to the rule.

The program of toasts has not been arranged, but is expected to include speakers from this and other nearby cities, as well as responses from some of the legislators. Among the subjects likely to be touched upon in the responses are Judge Stone's candidacy, the proposed primary law and other subjects under discussion at Lansing, which are of especial interest to the people of this part of the state.

Invitations have been sent out to about 100 prominent citizens of Marquette, Delta, Dickinson and Menominee counties asking them to participate in and help at the entertainment of the legislators in this city. The committees aim to shut out no resident of this

city from participating in the reception for the junketers, and states that anyone who will remit \$5 or more to E. S. Bice, chairman of the finance committee, will be sent invitations and tickets for himself and wife to the banquet Wednesday evening.

Junket Itinerary. There will be about fifty persons in the junket trip, including the wives of some of the members, and they will be in the upper peninsula for about a six or seven day stay, beginning Feb. 2. Senator Carl E. Mapes of Grand Rapids and Representative Agents of Ludington, with Sergeant-at-Arms Jones of the senate and Sergeant-at-Arms Quilliams of the house, will be the general managers of the trip.

The party will start from Grand Rapids Feb. 1 and make the trip by the straits, returning by way of Chicago. Two special cars have been arranged for and most of the party will stay in the cars during part of the trip. The following committees will participate in the junket: College of Mines, geological survey, mines and minerals and mining interests, Normal school at Marquette and Normal schools, asylum for the insane at Newberry, upper peninsula prison and the special water power investigating committee. In addition, one member of both the ways and means committee of the house and the finance and appropriations committee of the senate will go to each of the state institutions.

The fish and fisheries committee are somewhat exclusive. They will start from Detroit a day or two before the others start, but will go in the fish commission's special car. They will make the upper peninsula trip, and probably will join the main party at Marquette.

### FIRE AT MICHIGAMME.

Wallace Building Totally Destroyed During Blizzard.

The Wallace building, in the heart of the business district of Michigamme, was completely destroyed by fire at 2 o'clock Saturday morning, while the worst blizzard of the winter raged furiously, driving sparks and brands to adjoining buildings and making it difficult to fight the flames. The building owned by William Block, adjoining the Wallace building on the east, was scorched by the flames, but efficient work by the firemen prevented the blaze from spreading. The fire started in one of the rear rooms on the first floor, but its origin is a mystery, as no one had been in the building after 10 o'clock that night.

The building was a two-story frame structure, the first floor of which was occupied by the Pioneer Gymnastic club or one side and by E. G. Muek as a store room on the other. The equipment of the athletic club, valued at about \$175, was a total loss. A wagon belonging to Mr. Muek was burned and a quantity of wrapping paper, also some household goods owned by M. D. Kirk, which were stored in Mr. Muek's room. No insurance was carried on either the building or its contents, and the loss is estimated at from \$1,000 to \$1,200.

### CIVIL WAR VETERAN DEAD.

Captain Thomas Brown Expired Saturday Night at Advanced Age.

Captain Thomas Brown, father of Mrs. A. C. Anderson, proprietor of the Summit House, passed away from old age Saturday evening at his daughter's cottage in South Marquette, at the age of eighty-six years. The deceased had spent his summers in Marquette for the last thirty years, and had spent his entire time here for five years. Brief funeral services will be held at his daughter's home this afternoon at 4 o'clock, conducted by Rev. Ames Maywood, and the remains will be taken to Rose Hill cemetery in Chicago for interment.

DENTAL SOCIETY MEETING. Representative Gathering at Marquette Club Saturday Night.

Twelve of the sixteen dentists of Marquette and Alger counties met at the Marquette club rooms Saturday evening and perfected the organization of the Iron Country Dental association. The meeting was the outgrowth of a meeting of Marquette, Negaunee and Ishpeming dentists, held at Negaunee about a month ago, at which such an organization was proposed and arrangements were made for the Marquette meeting, held Saturday evening. As there are but sixteen dentists in the two counties, the meeting may be said to have been largely attended, and the dentists' organization was enthusiastically and enthusiastically launched.

A fine banquet was served to the members of the society by club caterers, at the close of which the business meeting was held. At the Negaunee meeting, Dr. A. W. Holth, of Negaunee, was elected president of the society, and Dr. Robbins, of Ishpeming, secretary. These officers took charge of the meeting and were retained as the executive heads of the permanent organization. A set of by-laws, setting forth the aims and purposes of the society, were proposed and adopted. It is the intention of the society to hold monthly meetings, at which subjects of interest to the profession will be discussed and clinics will be held from time to time, all to be in charge of designated members of the society. It is not the intention to engage outside talent to speak or conduct clinics at these meetings.

At 10 o'clock the meeting adjourned to Dr. B. W. Boyer's office, where a clinic was conducted by Dr. Boyer, demonstrating the vacuum system for casting gold inlays, a process which was new to most of the dentists present and was watched with great interest. The next meeting will be held March 11, at Ishpeming, in the office of Dr. Sidney Main, who will conduct a clinic on the subject of porcelain inlays.
