NYAL'S Cod Liver Compound

Cod Liver Oil is prescribed for many people who can not take it because it nauseates them.

When you pay \$1.00 for a large bottle of Nyal's Cod Liver Compound you invest in a remedy that you can take. It is pleasant to the taste and can be taken by anyone, at any season.

There is nothing better for those who do not properly assimilate their food than Nyal's Cod Liver Compound. It increases appetite, aids digestion and builds bodily tissues, giving health and strength to ward off disease.

The more you trade here, the better you'll like this store.

City Brevities

Today's weather: Snow and colder. Yesterday's temperatures: Seven a. m., 3 degrees; noon, 8; 7 p. m., 5. Maximum, 8 degrees; minimum, 2.

George Burtis went to Bay City yesterday afternoon.

H. H. Mikon, of Ishpeming, was a visitor in Marquette yesterday.

Richard Flannigan, of Norway, was in this city on business yesterday.

The Marquette amateur hockey team will practice at the rink tonight.

Miss Mae Richardson has returned to Duluth, after spending a month in this city.

Mrs. Centimore, of Whitefish, was brought to St. Mary's hospital yesterday afternoon for treatment.

A meeting of the supervisors of Marquette county will be held at the court house tomorrow at 11 o'clock.

W. S. Ford, of Cleveland, a baseball player who formerly caught for the Ontonagon team, was in the city yesterday.

Francis Schaffer, of Ishpeming, who recently underwent an operation at St. Luke's hospital, returned home yesterday.

Mrs. E. A. Florentine, wife of a Kenton physician, was brought to St. Mary's hospital yesterday suffering with typhoid fever.

Mrs. Joseph Anderson, who recently underwent an operation at St. Luke's hospital, was able to return to her home yesterday.

Mrs. Kearner, of Marquette, was brought to St. Luke's hospital yesterday, suffering with appendicitis, and will undergo an operation this morning.

W. D. Calverley of Houghton and E. C. Anthony of Negaunee attended a meeting of the board of control of the Marquette prison here yesterday.

James Russell and W. D. Calverley of Houghton left last evening for Lansing, via Chicago, to attend the state convention to be held at Grand Rapids Friday.

John Bremer, who resides at the corner of Fourth and Rock streets, returned home yesterday, after an illness of four weeks at St. Luke's hospital with typhoid fever.

Members of Marquette council, K. of C. and visiting brothers will indulge in dancing after the regular meeting at Keough's Hall tonight. Dancing will be from 9 to 1 o'clock with music by the Peerless orchestra.

INSURE WITH PETER WHITE & CO.

GUILD HALL IS ALMOST FINISHED

MODEL BUILDING IS EXPECTED TO BE COMPLETED WITHIN TWO WEEKS—WHAT REMAINS TO BE DONE.

Several departments of the Guild Hall are now receiving their final touches, and Superintendent Van Isterine expects to be able to turn over a completed building to the managing board in about two weeks. The first department to be entirely finished was the gymnasium. The apparatus has been installed and is ready for use, but the board has decided not to open any part of the Guild Hall until the whole is finished.

The 192 steel lockers, each of which will accommodate two persons, are all in place, some of them being in the new room at the rear of the gymnasium and the rest in the basement adjoining the plunge. The plunge room may be reached by members and spectators, not only from the main portion of the Guild Hall, but will be connected with the locker rooms above and below by a spiral stair case.

The auditorium has also been finished, and with its hardwood floor, handsomely stained woodwork, artistic electric light fixtures and spacious leaded glass windows, presents a most attractive appearance.

The completion of the plunge has been held back on account of waiting for the tile, which has just been received and will be laid in the course of the next ten days. The plunge was filled yesterday for the first time and found to be water tight.

The Guild Hall is indebted to Charles H. Schaffer for the bowling alley beds, which were formerly on the Longyear property. The alleys will be equipped with such up-to-date facilities as backus pin-setters, loop-the-loop return, chute and automatic balls.

The billiard table and pool table were selected by George P. DeGroat at the Chicago salesroom of the Brunswick-Balke-Collender Co., and have been set up. They are pronounced by experts the best in the city.

It is planned to have a grand opening as soon as everything is complete, but it is impossible as yet to fix the exact date. The Guild Hall on that occasion will be thrown open in all departments to the public and an entertaining program will also be arranged.

The management has been entrusted to a board consisting of A. E. Miller, chairman; P. B. Spear, secretary; Morgan W. Jopling, treasurer; H. R. Harris, F. G. Jenks, P. W. Phelps, A. T. Roberts and H. H. Williams. The details will be handled by the following sub-committees: Athletics, Sports and Amusements, Miller; house committee, Phelps and Jopling; finance, Harris, Williams and Jopling; membership, Jenks and Spear.

WATCH FOUND

A watch was found on the platform of the Marquette and Southeastern passenger station yesterday. The owner may have same by seeing Olin W. Logan and proving property.

Married—At the M. E. parsonage yesterday by the Rev. Amos Maywood, Miss Elmer May Nolan and David Robert Devine of Plymouth, Wis. Mr. Devine was formerly located here and the couple will make their home at Plymouth.

Funeral Thursday—The funeral of Emma Beaudry, the ten-months-old child of Mr. and Mrs. Beaudry, of Chocoma, will be held at the French Catholic church Thursday morning, with interment in the old Catholic cemetery.

Death of Child—The ten-months-old son of Delphin Largensen died at the home, 413 Washington street, Sunday. The funeral will occur this afternoon at the French Catholic church, with interment at Holy Cross cemetery. The services will be at 2 o'clock.

New Uniforms—The Marquette basketball team has placed an order for eight uniforms, which are expected to arrive by the last of the week. The shirts are to be gray, with a white front, on which will appear the letter "M." The trousers are to be white and the stockings a red and white stripe.

THEATRICAL.

"A Message from Mars."

That people do not object to a story with a moral, when that moral is properly administered, was evidenced by the favorable reception which "A Message from Mars" met at the opera house last evening. The performance last evening makes the second time that this rugged and enduring play has been seen in Marquette, but it seems to have lost none of its fascination, and maintained the attentive interest of the audience from beginning to end. The company that rendered the performance last evening compared favorably with the original cast, headed by Charles Hawtry.

Berford Lovett, who took the part of Horace Parker, the most selfish man on earth, has followed very closely in the steps of Mr. Hawtry, in his manner of presentation and make-up, and may be said to have done so with very fair success. The transformations from the embodiment of selfishness to a poor tramp and later to a model of generosity make the role a difficult one to handle, but Mr. Lovett carried it well.

Alfred Beaumont, as the messenger from Mars, has a commanding presence, a splendid, full and resonant voice, and did credit to his unique part. His mobility of expression and mechanicalness of movement added much to the effect of his lines.

One of the best of the cast was Maurice Case, who took the part of a tramp. His portrayal of one who had seen better days, yet in whose breast the milk of human kindness had not curdled, added much to the strength and effectiveness of the production.

Although the feminine roles are in the background throughout, the comedy drama, Miss Margaret Dumme, as the leading lady, and Isabel Egremont, as Aunt Martha, performed their parts creditably and with distinction. The minor parts were taken by people able to meet their demands.

New York city spends annually on the education of its children \$5 for each inhabitant.

Drink Vandenboom's buttermilk. (1-22-1m)

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. Sold by all druggists.

DARANTELLA

10c Havana Cigars, 10c

The Values offered in our price sale of Men's and Young Men's Suits are even greater today than when first announced.

Many of the complete lines which in our first announcement were offered in the 20 per cent discount sale, have on account of the aggressive selling become depleted and today we add those broken lines to our 1-2 PRICE SALE.

We Can safely predict, considering the number of suits sold each day of our sale, that the remaining quantity will not last longer than this week.

danger points are well known to geologists and that he believed Mr. Perret understood the law governing the outbursts. This was enough for the American exhibitor. He saw the possibilities of the reproduction of a city before and after its destruction.

"I told a great many people in Wilkes-Barre that I believed Mr. Perret's prediction and explained why but they laughed at my fears as others did at his," said Mr. Howe. "It was another evidence that new thought is not always a dream. I believed in the sincerity of Mr. Perret first and later in the truth of the scientific facts he stated."

The Lyman H. Howe company, showing the Sicilian earthquake pictures, will be at the Marquette opera house next Saturday, and will give matinee and evening performances.

MARKETS. NEW YORK STOCKS. Paine, Webber & Co.'s correspondent at New York yesterday, telegraphed as follows: "The tone of the list was mixed during the early trading, there being considerable selling by professional investors but the market rallied after the first hour and remained firm throughout the session."

MARKETS. HOUSE HUMORISTS DYING OUT RAPIDLY. Record Will Soon Be Bare of Sparkles of Members' Wit. Several Jokesmiths to Go Back to Private Life—Majority of the Funny Men Hail from the West or the South, Few Being from the Eastern States.

MARKETS. Boston Stock Quotations. Writing from Boston yesterday, Paine, Webber & Co. had the following to say of the stock market: "The copper market was comparatively dull and inclined to sag during most of the session. The stocks which are involved in the Calumet & Hecla-Oscoda negotiations were distinctly feverish, all selling down and then rallying with a slight decline at the close. The News Bureau stated that all negotiations were off; other people with good sources of information denied the report, and claimed that the whole deal was completed, but that neither side was willing to give up the price. The market position of East Butt still looks better than any other stock on the list. A great many people are taking profit around 10, but new buying is coming all the time and I expect to see the stock advance to 11 or 12 within a few days."

MARKETS. Closing prices were as follows: Amal. 25 1/2, N. & W. 9 1/4, Anaconda 46, N. Y. C. 12 1/2, Bethlehem 27 1/2, U. S. Steel 24 1/2, etc.

MARKETS. The sales were as follows: Amal. 2487, Mass. 25, Adv. 59, Mich. 59, etc.

MARKETS. Copper Metal Prices. New York, Feb. 8.—Copper was higher in London, but spot quoted at 1.58, 1/2, 6d and futures at 1.57, 1/2, 6d. The local market was dull, with Lake quoted at 13.62 1/2 @ 13.75, electrolytic at 13.12 1/2 @ 13.37 1/2 and casting at 13.6 @ 13.75.

MARKETS. CHICAGO GRAIN MARKETS. Chicago, Feb. 8.—A new high record mark was established in wheat today when the May sold at 111 1/2, surpassing by three-fourths of a cent the previous high point, recorded Dec. 4. Realizing by leading holders caused the loss of nearly all the gain, however, the net advance at the close being only 1/2. Establishing the new high mark was accompanied by more activity than has been witnessed for some time past, there being an urgent demand by commission houses nearly all day. In addition to

heavy purchases of the May, there was also active buying of the July, which option advanced more than a cent from the low point during the session. The strength in the May was due to the congestion which has prevailed in that month for some time past and the unusually active demand by millers for cash wheat. The market was affected by the prospect of a cold wave, tonight in the winter wheat belt. Sharp advances at the European grain centers also were a factor. Liberal selling by the leading long on the bulge caused a drop of a cent in about five minutes. The sentiment was less bullish in the final half hour. The May opened at 110 1/2, highest, 111 1/2; lowest, 110 1/2; closing, 110 1/2.

Corn.—The advance in wheat had strengthening effect early, but later the sentiment was a trifle bullish and at the close the market was barely steady, with the price a shade lower to 1/2 higher. The May opened at 63 1/2, highest, 64; lowest, 63 1/2; closing, 63 1/2. Oats.—The trade was dull, but the market was quite firm at times, owing to buying by some prominent holders of wheat. The close was 1/2 @ 1/2 higher. The May opened at 51 1/2, highest, 52 1/4; lowest, 51 1/2; closing, 52 1/4.

Paine, Webber & Co.'s Chicago correspondent yesterday concerning the wheat market: "This was a dull day for the wheat trade. Both the foreign and domestic news was of a bullish character during the morning, although the bears found some comfort in the very large world's shipments of over 12,000,000 bushels and the big run of 525,000 to Minneapolis. There was a healthy market for a hour, during which time the bears tried without success to start a reaction. Fresh buying force seemed to come into the market from many quarters. The shorts were buyers on the advance. On the advance the bulls were selling on the advance of the bull leaders, probably for the purpose of checking an advance which would very soon interfere with the cash business. Many followers of the bull leader sold out their wheat. We thought the advance has been sufficient to justify the selling of profits on long wheat, if not actual sales to secure profits. We think it time to be conservative and limit buying orders to good reactions."

sewers in the Yellowstone Park. Cushman of Washington is due of the professional humorists of the house. About twice a year he rises in his place and delivers a stump speech which simply doubles the Hon. Seneca Payne into a knot. It is a speech full of wit and humor and at the expense of the Democratic party. As Mr. Cushman is long and lean and solemn looking, he always makes a hit. His friends say he spends sometimes as much as eight or nine weeks preparing one of his funny stunts.

Some Funny Men Kept at Home. Occasionally there comes a funny man to congress who is so funny that his constituents can't do without him. They kept him home and sent a practical man to Washington. Bob Cousins of Iowa once made a reputation in the house on a single speech. It was a screamer, and Cousins was hailed as a coming man. He retires this year and his reputation is no greater than it was the day he broke the "congress" in the Record.

John Wesley Gaines, another statesman who says some exceptionally humorous things in the course of a year, also leaves the halls of congress. Uncle "Pete" for Hopburn retires, too. Uncle "Pete" is equipped with all the weapons of the orator. He swings a bludgeon, but he is not too proud at times to wield a potato knife, and he can make that sharp weapon cut with cuts that smart. It was Uncle "Pete" who crashed John Wesley upon one occasion. John Wesley had been reading off language at a little above his normal gait. Uncle "Pete" was one of his targets. Finally the Iowa soldier-statesman arose to his feet, attracted the eye of the speaker; got the floor, and then delivered out that famous little bit of verse: "John Wesley Gaines, John Wesley Gaines, "Thou monumental pile of brains," "Thou Wesley has been trying for years to get back for that, but up to date he hasn't succeeded."

FORTY-FIRST ANNUAL STATEMENT OF THE MICHIGAN MUTUAL LIFE INSURANCE COMPANY FOR THE YEAR ENDING DECEMBER 31st, 1908.

Table with columns for ASSETS and LIABILITIES. Assets include Cash in Banks, Cash Deposited as Security, First Mortgage Loans, etc. Liabilities include Reserve Fund, American Table, 4% and 3 1/2% from January, 1902, etc.

We invite the attention of the insuring public to the 41st Annual Statement herewith presented of the Michigan Mutual Life Insurance Company, the oldest and strongest life insurance company in the state of Michigan.

WM. B. MARSHUITZ. President. Secretary. Supt. of Agencies. Home Office Special. Detroit, Mich.

TOO MANY COMMISSIONS. (Continued from Page One.) of Washington. The president calls it his "Council of Arts." The legislators point out that if the president's ideas should be carried out, congress would be deprived of all its authority over the erection of public buildings in Washington.

HEALTH IN OLIVE OIL. Olive oil is a highly concentrated food, a valuable article of diet and should be used by American people as food, and not merely as a condiment, writes Ellen Goodell Smith, M. D., in an article appearing in the Stellar Ray. The body wastes away when deprived of fat, and a pure vegetable or fruit fat is superior to any other.

PECULIAR CLASSIFICATIONS. A Florida judge ruled that mullets were not fish, but birds, because they had gizzards. The custom officials in New York refuse to allow the import of declaring oysters were game and so acquired jurisdiction. And now comes a decision from the custom-house that bagpipes are toys and cannot be classed as musical instruments for the purpose of taxation.—Florida Times-Union.

DEVICES OF SMUGGLERS. The various gates of Paris are guarded by custom collectors, and the devices used to describe them are shown in the museum. A dummy stomach, which was a sort of india rubber pocket, was used by one apparently portly gentleman to carry dutiable goods into the city. Other exhibits are a horse collar which was filled with chartreuse and a cart with shafts which contained neatly rolled up lace.

AVOID HABIT OF GOSSIP. The gossip habit is pernicious. Remark to the family that they are breaking one of the commandments—"thou shalt not bear false witness"—and it may set them to thinking. Gossip usually has an element of untruth in it.

CHILDHOOD'S UNFAILING JOY. As long as there are children in the world the golden and objectless occupation of make-believe will go on; the pursuit of delight itself, unaccompanied by any real purpose.—Eton Chronicle.

The board of public works is preparing its annual statement to be presented to the council at the next meeting. The report will be one of the most complete that the board has ever prepared and will show in detail all of the work done in the various departments during the twelve months ending March 1.

Superintendent Devine has compiled figures on the concrete walks and curbs built last season. The total number of lineal feet of concrete walk was 10,637, and 4,192 lineal feet of curbing was put in. The number of lineal feet of walk constructed in the city to date is 43,700, and 8,200 lineal feet of curbing has been put in. The first concrete walk was laid in the city in 1903 when 4,248 feet were put in. The following year there were 6,219 feet laid; in 1905, 6,244 feet; 1906, 5,539 feet, and 1907, 7,793 feet. The first concrete curbing was constructed in 1905, when 1,609 feet were put in. In 1906 4,223 feet was laid and in 1907, 275 feet.

The average cost of the walks put in last season was twelve cents per square foot. Figuring on a basis of 10,637 lineal feet, or 58,930 square feet, the total sum expended by property owners on their walks, also the city's crosswalks, was \$7,071.60. The curbing cost twenty-five cents per lineal foot.

It is estimated that about \$15,000 was expended in concrete work in the city last year. This includes the laying of the floors in the basements of the new high school building, the new Young Men's Christian association's block, and other jobs of similar kind. The city put in 2,582 square feet of crosswalks, a larger number having been laid than during any previous year.

Much work was also done last year in the highway department, 10,425 square feet of new streets having been built and 6,650 feet of streets was repaired. A greater amount of work was done on South Pine street than on any other thoroughfare, the total number of feet of new work being 4,161. On Greenwood street 2,200 feet of new work was done. A total of 2,372 feet of rock gutting, two feet wide, was put in. On the Niagara road 4,000 feet was repaired.

Inasmuch as there are many of the wooden walks in bad condition it is expected that more concrete will be laid the coming season than last year. The contractors were unable to finish all the walks condemned by the council before the close of the season. William Trebilcock, who did most of the work here last year, expects to conduct operations on a larger scale the coming season. He will give the work his personal attention and will start in with a big crew as soon as the weather will permit. He has a number of contracts pending, and it is expected that many walks passed over by the council committee and board of public works last season will be condemned this year.

ICE HARVEST COMPLETED.
Ishpeming Dealers Will Complete Their Season's Work Today.

The conditions for the ice harvest in Ishpeming have been ideal this winter, and the dealers have taken advantage of the good weather the past month. William Trebilcock and J. J. Lofler have had men and teams working almost continuously since Christmas, storing their season's supply. Both have put in a greater quantity of ice than they had last year and they feel that they will have a surplus of ice for the coming season. Mr. Trebilcock has stored in both warehouses, but Mr. Lofler was obliged to send outside for several carloads. In order to keep his patrons supplied, Mr. Trebilcock has filled two houses, one on Bank street, with 400 cords, and one near the cemetery, with 350 cords. This is about 100 cords more than he put up last winter. All of his ice came from Teal lake. Besides filling his own warehouses he has also filled the storage houses at the Nelson House, Ishpeming Co-operative store, Peter Koski & Co., Lars Hoyseth and F. Braastad & Co.'s warehouse and refrigerator, about 300 cords in all.

LINCOLN EXERCISES.
Members of the Finnish Lutheran congregation will give an entertainment in the basement of the church Saturday evening in honor of the twentieth anniversary of the birth of Abraham Lincoln. A musical and literary program will be rendered and at its conclusion the ladies will conduct a social.

On Sunday evening Rento lodge of the Ishpeming branch of the National Finnish Temperance Brotherhood association will give a Lincoln program at the Finnish Co-operative hall, over Peter Koski & Co.'s store. Jacob Kaminen will speak on Lincoln's view of the temperance question; Matt Kaappala will talk on his religion and Jacob P. Neimi will give a review of his life.

LIVED HERE YEARS AGO.
Richard and William Stevens, former residents of Ishpeming, left last night for their home in Iowa, after spending a week visiting their brother, John Stevens, 206 North York street, and sister, Mrs. Joseph Martin of Superior street. William Stevens left here three years ago, but Richard left thirty-five years ago, locating on a farm in Iowa, where he has since lived.

Foley's Orino Laxative cures constipation and liver trouble and makes the bowels healthy and regular. Orino is superior to pills and tablets as it does not grip or nauseate. Why take anything else? Sold by all druggists.

Asphalt Roofing, Rubber Roofing, Gravel Surface Roofing, Asbestos Roofing, for felt Roofing; Roofing that can be put on in cold weather as well as in warm weather; Roofing for all purposes.

CONSOLIDATED FUEL & LUMBER CO.

ISHPEMING MAN WEDS.
Albin Hasselblad, a member of the grocery firm of Bayard & Hasselblad, of Ishpeming, was united in marriage to Miss Olive Johnson of Negaunee at 4 o'clock yesterday afternoon and with his bride departed on the evening train for a honeymoon trip to Chicago. The couple stole a march on their friends. The ceremony was performed at the home of the bride's mother, Mrs. Isaac Johnson.

Having disposed of my restaurant business, I desire all those who are indebted to me, to please call and settle within the next few days.
MRS. JOSEPH NIEMI.
(2-9-34)

FROM MORGAN'S CURB LETTER.
The week started off with the trading in copper shares somewhat reduced in volume, although the tone of the market continues firm. Some weakness was shown early in Amalgamated, on rumors that this company is beginning to lay off men at the different properties. This rumor was later denied by a high official of the company in Butte, when Amalgamated easily recovered a point. On the report that all negotiations between Calumet & Hecla and the Bigelow interests are off again, Oseola and Isle Royale both weakened slightly, but the effect was only temporary. At the advance the market was inclined to become rather dull, but presents a good healthy appearance, and we incline to the belief that the next activity will be at higher prices. The London metal market was up five shillings for both spot and futures. The New York metal exchange quotes Lake 1/4 lower. Producers and selling agencies are somewhat discouraged over the outlook for the immediate future. Consumers say that the action of the copper metal over the last few weeks bears out their contention that heavy accumulation of copper would eventually result in lower prices. A prominent Eastern authority says: "The available supply of copper in this country Feb. 1st will not exceed 125,000,000 pounds. From the same source we are advised that this statement will find confirmation in the figures soon to be reported by the Copper Producers' association, recently organized. Interest centers in the outlook for an increasing consumptive demand for the metal, rather than its statistical position." The stocks of metal in evidence at the various smelters of the Lake Superior district are about normal.

The day's prevailing prices were:

A canal 170 miles long and costing \$129,000,000, connecting Lyons and Arles, France, is proposed. It is also suggested to build a \$16,000,000 branch to Marquette.

DR. JOHN H. STAACKE OPTICIAN
Voelker Block, Room 10, Second Floor.

ISHPEMING IN BRIEF.
Mrs. T. F. Nugent of Milwaukee is here, the guest of relatives.
A son has been born to Mr. and Mrs. Henry Anderson, 318 Jasper street.
A daughter was born yesterday morning to Mr. and Mrs. George F. Ruez.
Mrs. M. F. Lynch has gone to Calumet, on a visit to her brother, M. J. O'Brien, and family.
F. J. Eggen has returned from Milwaukee and Chicago, where he spent a few days on business.
A party of ten Ishpeming and Marquette young people spent Sunday at Goodman's camp at Clowery.
The employees of the city will be paid Thursday, the 11th, instead of Friday, which will be a legal holiday.
Mr. and Mrs. W. C. Mitchell left Sunday night for Hibbing to be present at the eighty-seventh birthday anniversary of Mrs. Mitchell's mother. They will be gone about two weeks.
William McGee, son of James McGee, of this city, is confined to St. Mary's hospital, at Marquette. He is ill with blood poisoning, the result of an injury received while at work in the South Shore shops.
Jerry Nolan, who has been in the employ of the South Shore company as a switchman for some time past, has been transferred to Calumet, where he will probably remain until the ore shipping season opens.
Ralph DeHaven and Alice Whitney are the vaudeville performers at the Bijou theater this week. They present a one-act comedy, entitled "Last Room, Third Floor," heralded as a laugh from start to finish. Some very attractive moving pictures are also being shown.

CLOSING OUT

We have decided to discontinue our Harness department and the entire stock is now on sale at greatly reduced prices. Stock consists of Harnesses, Saddlery, Leather and Shoe Findings.

Sale Will Last About One Week

F. Braastad & Co.
