

NATIONAL SENATE BREAKS A RECORD

Legislative Business Accomplished Is Much the Greatest for One Day Than Heretofore Registered the Present Session.

Army and Pension Bills, Carrying a Total of \$263,500,000, Are Passed, and With Them Forty-Five Other Measures Are Put Through—House Also Has a Busy Day, and Incidentally Receives a Number of Reports on Important Subjects.

Washington, Feb. 19.—Not during the present session of congress has such a large amount of legislative business been done by the senate as was accomplished today.

In the house, three of the great supply measures of the government passed through various stages of enactment into law.

Under the provision of the river and harbor bill reported to the house no single channel or improvement is to be allotted more than \$50,000 out of the appropriation for emergencies.

The president is requested to open negotiations with Great Britain for a treaty securing the maintenance of ample water levels for the uses of navigation in the Great Lakes by the construction of such controlling and remedial works in the connecting rivers and channels of the lakes as may be agreed upon.

Six hundred thousand dollars is appropriated for examination and surveys, contingencies and incidental expenses for rivers and harbors for which there is no special appropriation.

ABOUT GOVERNMENT PRINTING.

Congressional Commission Reports Concerning Its Extensive Inquiry.

Washington, Feb. 19.—Constant and unintermittent growth of the cost of public printing has increased this year to more than \$7,000,000 in 1905, according to the report of the printing investigation commission, created four years ago, which submitted today to congress a report governing its extensive inquiry.

Savings of more than a half million dollars a year are being created, according to the report, as the result of the legislation recommended from time to time, giving the joint committee on printing certain powers of supervision.

Many department reports have been reduced in volume and others have been recommended for discontinuance as a result of the discovery by the commission that the various executive departments and bureaus were submitting their reports to congress and having

them put in type at congressional expense, after which the department used the printing for its own publications. The growth of expenditures, it is shown, has been driven backward until the expenditures for the past three years, compared with 1905, show an average annual reduction of ten per cent.

The commission holds that revision of the printing law, which is the growth of twenty years is necessary, citing the fact that, while the printing statutes cover probably fifty pages, the decisions of the controller of the treasury and the opinions of the attorney general in relation to the printing law, would fill a large volume.

The report says that the commission's policy has been to build a printing law by distinct parts which could later be intelligently codified and that it has laid the ground work for this revision by securing in advance legislation, which could enable a committee representing both houses of congress to protect the printing service from errors.

Buckram instead of sheepskin is to be used in the future in binding the books for the official files of the government deposited in state and territorial offices.

Recommendations are made for a discontinuance of "bulk" appropriations; providing for reports from the public printer showing the product of the office; and that the powers of inquiry now vested in the commission be conferred upon the joint committee on printing.

The commission is composed of Senators Platt, Elkins and Milton and Representatives Landis, Perkins and Finley.

SUBMITS REPORT AFTER LENGTHY PROBE.

Important Legislation Recommended to Congress by the Select Committee on Pulp and Paper Investigation.

Washington, Feb. 19.—A reduction in the duty on news print paper from \$9 a ton to \$2 a ton; the placing of ground wood on the free list, and the establishment of a duty of one-twelfth cent per pound on mechanically ground wood pulp, are the recommendations of the select committee on pulp and paper investigation which made its report to the house today.

The committee's report states that it would seem that the production of newsprint paper or the other very cheap grades of paper are today dependent upon the continuation of cheap ground wood products from spruce trees, and that that condition is likely to prevail in the future.

An appeal is made for the conservation of the forests, the committee urging that an organized fire department should be maintained to fight fire in every considerable forest in the country and that young trees should be exempted by the various states from the ordinary rates of taxation.

The paragraph recommended for insertion in the tariff bill, placing a duty of one-twelfth of a cent per pound on mechanically ground wood pulp, provides free of duty from any country, dependency or other subdivision of a government which does not forbid or restrict the exportation of, or does not impose an export duty or charge upon mechanically ground wood or pulp for use in the manufacture of wood pulp.

The committee also recommends that the bureau of plant industry make investigations in the procurement and breeding of annual and perennial plants in the endeavor to find some plant which, through breeding to that end, can be profitably used for the commercial manufacture of paper.

The committee also recommends that the question of producing wood ground and sulphate fibre from other kinds of wood than those now used.

SUPREME COURT POWERLESS.

It Cannot Compel the Mayor of Chicago to Close the Saloons.

Springfield, Ill., Feb. 19.—The supreme court today decided that it has no power to compel the mayor of Chicago to close the saloons of that city on Sunday.

VERDICT IS SET ASIDE.

Springfield, Ill., Feb. 19.—The supreme court today set aside the verdict of the Dewitt county court in the famous Richard Snell will case.

ENDS RACING IN CALIFORNIA.

Sacramento, Cal., Feb. 19.—Governor Gillett signed the anti-race-track gambling bill today. The law will have the effect of closing all the race tracks and pool rooms in California.

LEGISLATIVE MILL GRINDING SLOWLY

Though Pay Has Been Drawn for Forty-Five Days, Michigan's Solons Have Passed Only Three Bills so Far This Session.

Of the Measures That Have Been Put Through, None Is of Any Particular Importance—That a Specific Tax of One-Half of One per Cent Be Imposed on Mortgages Is the Proposition of Mr. Maxey of the Upper Peninsula Delegation.

Lansing, Mich., Feb. 19.—[Special.]—Representative Maxey, of L'Anse, today introduced a bill providing for a specific tax on mortgages. The tax is to be one-half of 1 per cent, or five mills on the dollar, payable when the mortgage is recorded and annually thereafter.

BOXER FROM BRITON MAKES GOOD SHOWING.

In One of the Fastest and Cleverest Bouts Ever Seen in New York, Jim Driscoll More Than Holds His Own With World's Champion Abe Attell.

New York, Feb. 19.—Abe Attell, champion featherweight of the world, and Jim Driscoll, champion featherweight of England, met in a ten-round bout tonight. No decision was announced, but it was the general opinion that Driscoll was entitled to the honors of the night.

UNCLE IKE DISLIKES DETAILS.

An Explanation of the Peculiar Manner in Which Funds Were Handled.

Madison, Wis., Feb. 19.—The banking methods used in handling the campaign expenditures of Senator Stephenson through J. H. Paulecher, a Milwaukee banker, took up the attention of the Wisconsin legislative committee investigating the senatorial primary today.

BOSTON BROKER BANKRUPT.

Walter H. Trumbull Owes \$141,000 and Has Assets of \$50,000.

HARRY PULLIAM IN ST. LOUIS.

St. Louis, Feb. 19.—Harry Pulliam, president of the National Baseball League of Baseball Clubs, arrived in St. Louis this morning, accompanied by Stanley Robinson, president of the St. Louis club.

DR. ANGELL'S SUCCESSOR.

Rumor Adds James R. Garfield to the List of Candidates.

Ann Arbor, Mich., Feb. 19.—Current reports today added the name of James R. Garfield, secretary of the interior, to the list of possible successors of Dr. James B. Angell, who has resigned the presidency of the University of Michigan, effective at the end of the present academic year, in June.

INJUNCTION MADE PERPETUAL.

Springfield, Ill., Feb. 19.—Pension Commissioner Vinton of Illinois today issued an injunction restraining the tax assessor of Dewitt county from listing for back taxes \$1,200,000 of the credits of his father, John Warner, of whose estate he is in charge.

NEW HIGH SCHOOL.

Architect Charlton, of Marquette, has been engaged to prepare the plans for a high school to be erected at Vulcan the coming summer.

WEATHER FORECAST

Washington, Feb. 19.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy, Saturday, slightly warmer in the southeast; Sunday, partly cloudy.

GOES TO PRISON FOR LIFE.

Hassan El Hashash Convicted of the Murder of a Chicago Boy.

Chicago, Feb. 19.—Hassan El Hashash was sentenced to life imprisonment today for the murder of fifteen-year-old Toufa Shalshaim. The murderer cut the boy's body to pieces and cast it piecemeal into various parts of the drainage canal and neighboring waters last summer.

PRISONER KILLS POLICEMAN.

Is Himself Shot and Probably Will Die—Shot at Omaha.

Omaha, Neb., Feb. 19.—Edward Lowery, a patrolman, was shot and killed in South Omaha tonight by a man known as Greek John. Although Lowery was mortally wounded, he fired a bullet into the Greek's lungs which will probably prove fatal.

NEGRO SENTENCED TO DIE IN THE ELECTRIC CHAIR.

Roanoke, Va., Feb. 19.—Aurelius Christian, a negro, who yesterday criminally assaulted an elderly Mary Debus, thirteen years old, was today sentenced to die in the electric chair March 22. He confessed the crime.

Life Term for Robbery.

Des Moines, Ia., Feb. 19.—Charles Davenport, a negro, was today sentenced to a life term in the penitentiary on conviction of burglarizing the home of Earl Gorman and with assaulting Gorman with a poker.

KILLS HERSELF WITH POISON.

Chicago, Feb. 19.—Mrs. V. O. Book Fenner, who recently was fined for an alleged attempt to extort money from Rev. Mr. Powers, of the Adams street Methodist Episcopal church, died today of poison self-administered.

Wm. H. Taft Joins THE ANVIL CHORUS

However the Knockers' Organization With Which He Affiliates at Cincinnati Has for Its Purpose a Most Worthy Mission. Composed of Business Men, the Club Has Been Formed to Hammer Everything Tending to Hinder the City's Growth—Made a Member "at Sight," the Initiation of the Nation's Executive-to-Be Is the Occasion of a Happy Function.

Cincinnati, O., Feb. 19.—President-elect Taft was tonight made a knocker "at sight." His initiation furnished entertainment for one hundred prominent business and professional men of the city at the annual dinner of the Knockers' club.

The president-elect was not allowed to make a speech, but a skillfully made-up "double" represented him in the entertainment feature. Emperor William's wireless message was announced to Mr. Taft as a kiss for each cheek and the hope the senate would not find it necessary to reduce the presidential salary before the new president could get in.

WILL INVITE MANY NATIONS.

President Roosevelt to Call World's Conference on Conservation.

Washington, Feb. 19.—President Roosevelt announced today that a call would be issued at once for a world's conference on the conservation of natural resources, to be held at the Hague next September. Forty-five nations will be invited to participate.

WILL CUT PRICES TO GET BUSINESS

Following Numerous Conferences of Its Officials, an Important Change of Policy Is Announced by the U. S. Steel Corporation.

To Retain a Fair Share of the Trade, It Will Sell at Modified Quotations in the Open Market Wherever Such Action Is Necessary, It Is Stated—Great Confusion of Opinion Results in Wall Street, and Stock Speculation Is Halted.

New York, Feb. 19.—Its decision to "sell at modified prices" in the open market wherever such action might be necessary to retain its fair share of the trade was announced by the United States Steel corporation late today in an official statement by Chairman Gary, of the corporation's board of directors.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Entered as second class matter of the second class in the postoffice at Marquette, Mich.

No retraction for the New York World; it's standing pat.

If prospective legislation affecting the prisons of the state continues to pile up the solons will have to hold a special session to dispose of it.

It is reported that Auditor General Fuller is closely scanning the expense accounts turned in by state officials, and is carefully weeding out improper charges and reducing what appear to him to be overcharges.

The session of the legislature is proceeding at a lagging gait, and from all present signs will be one of the longest on record.

Governor Warner is quoted as follows on the subject of an advisory vote on candidates for U. S. senator.

Mr. Penrose of Pennsylvania may be assured that if he and his fellow rulers of the senatorial roost would put Mr. La Follette on some committees worth while there would be no room to question his devotion to work.

It is stated that the creation of the office of chancellor of the University of Michigan, to be filled by James S. Angell, who has resigned as president, will not in any way curtail the prerogatives that naturally belong to the executive head of a great university like Michigan.

It is stated that the creation of the office of chancellor of the University of Michigan, to be filled by James S. Angell, who has resigned as president, will not in any way curtail the prerogatives that naturally belong to the executive head of a great university like Michigan.

to respect the etiquette of the unusual condition existing and allow the new head of the university to go about his work in his own way, reserving his counsel and suggestions until they are sought.

The primary bill that is to be introduced in the New York legislature is ready for submission, and it is expected that it will be presented next week.

By the death of a relative, Mr. L. I. Akker, of Rotterdam, Holland, became possessed of a legacy of inestimable value.

You need not be told of the discomforts of Asthma and every form of lung and bronchial trouble; the incessant coughing, pain in the chest, extreme shortness of breath, the labored and heavy breathing which weakens the glottis and the heart.

Buy a bottle of Abbey Syrup today, use it faithfully; you will very soon notice a marked improvement, and be able to join the thousands who date their restoration to health from the use of this medicine.

A movement to clean up the stage has been undertaken in New York. It is announced that the "syndicate" will book no productions that have been pronounced immoral.

A Modern Miracle.

The Scientific World is Amazed at the Wonderful Efficacy and Success of Abbey Syrup, the Famous European Remedy for Asthma and Lung Troubles.

It is astonishing to note how greatly indebted we are from a material point of view to the monasteries. The finest perfume and most agreeable liqueur in the world are prepared from formulae, the secret formulae of a remedy for Asthma and Lung Troubles which, discovered and compounded over 200 years ago by the Abbot of one of the old monasteries in Spain, had been used among the surrounding population with perfectly marvelous results.

THE DAILY MINING JOURNAL.

must be a matter of wonderment to multitudes of voters who have approved the principle that political purity can be attained only on the shortest and most direct line between the people and their government.

And yet we hear Republican papers in this city constantly sneering at the above printed rule which was devised to bring the will of the people immediately to bear on their elected servants.

In the face of such raucous and ceaseless opposition it is only natural to inquire what gives rise to it. Is the law unconstitutional? No, for it only provides that an informal expression of the people be had as to candidates for United States senator in order that the legislatures of the several states of the people may know what the people's desire is in the matter.

You need not be told of the discomforts of Asthma and every form of lung and bronchial trouble; the incessant coughing, pain in the chest, extreme shortness of breath, the labored and heavy breathing which weakens the glottis and the heart.

of the slump in metal prices the company's net income in 1908 dropped to \$2,349,638 against \$3,078,816 in 1907. New construction requirements absorbed \$110,000 less than in the previous twelve months.

While it is strenuously denied by Superintendent John Gillie that the Amalgamated Copper company or any of the important producing subsidiaries are reducing their working force and greatly curtailing copper production, there is not a doubt that a less number of men are working in the Butte mines today than were in the aggregate six months ago.

The shaft of the Diamond mine of Anaconda has reached a depth of 2,100 feet and has passed through a new vein near the bottom. Sinking is still going on. The lowest level of the Diamond shaft is 2,200 feet.

At the supplemental hearing in the Washoe smelter smoke matter before Judge Hunt of the federal court at Butte, E. P. Matthews, superintendent of the smelter, said that there was nothing known to him that the company had not investigated and that the system of fumes and furnaces now in use are the most feasible and perfect for the elimination of arsenic.

United Verde. United Verde Copper stock is very closely held, being owned almost exclusively by ex-Senator William A. Clark of Montana. The stockholders' list shows about a dozen names.

more successful than the process now used at Washoe, it will be substituted at the latter plant, although the change would cost the company between \$2,000,000 and \$3,000,000. He declared that none of the other known systems would be practical at such a large plant as Washoe.

One who has followed very carefully the Calumet & Hecla-Osceola controversy from the time Mr. Bigelow first sought by legal intervention to prevent a majority of the shares from putting in a new management, up to the present, is quoted by the Boston News Bureau as follows: "A blind man can see the way this whole question is going to be settled. Mr. Bigelow received an unexpectedly hard blow when Judge Knappin who had apparently favored in his earlier rulings the Bigelow position, made such a sweeping vindication of the Calumet & Hecla company."

Seneca's first level crosscut has entered the Kearsarge lode, disclosing copper in paying quantities. No drifting will be done until the crosscut has reached the hanging wall, for which it is now driving.

An amygdaloid lode filled with epidote has been encountered at the Atlantic section 16, twentieth level crosscut, at a point some sixty feet from the shaft. The epidote carried considerable copper but fine, and had the appearance of being the same as on the nineteenth level.

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by Dr. Pierce's Favorite Prescription.

Today's weather: Rain or snow; stationary temperature.

Yesterday's temperature: Seven a. m., 28 degrees; noon, 28; 7 p. m., 25. Maximum, 28 degrees; minimum, 25.

F. H. Begole left last evening for Boston.

H. T. Fricke went to Milwaukee last evening.

W. H. Blencoe has gone to Chicago on business.

J. Vivian went to Detroit yesterday afternoon.

Mrs. S. B. Jones underwent an operation at St. Mary's hospital yesterday.

Miss Stella Bellanger, of L'Anse, is visiting friends and relatives in the city.

The Saturday Musical club will meet this morning, but will meet a week hence.

A company of forty friends of Chris LaBonte, of Fourth street, gave him a surprise party last night. Cards were played. A dinner was served. Not until 3:30 this morning did the party break up.

Rev. O. Sandahl and John A. Anderson will represent the Swedish Lutheran church of this city at the Illinois district conference to be held in Chicago next week. Rev. Mr. Sandahl will address the conference at the service a week from tomorrow. The Illinois district comprises all of Michigan and Illinois and parts of Indiana and Wisconsin.

Indoor Baseball—The Tigers and Butchers have arranged to play a game of indoor baseball at Armory Hall Monday evening.

Assembly Party Tonight—The fourth and last of the Assembly games will be held at Legion Hall this evening, having to commence at 8:30 o'clock sharp.

Basketball Monday Night—There will be a game of basketball at Legion Hall Monday evening between teams representing the Knights of Columbus and the Mesquite Rifles. Dancing will follow the game.

City Team Another Defeat—It was reported yesterday that the Marquette City basketball team was defeated at L'Anse Thursday night, to the tune of 77 to 12. Last night the Marquette team lost to the Michigan College of Mines quitted by the score of 12 to 88. This game was played at Houghton.

Stores to Be Closed—Washington's birthday will be generally observed in this city Monday. The grocers, meat markets, clothing and dry goods stores have announced that they will be closed all day. As in years past a large representation from this city expect to attend the ski tournament at Ishpeming.

Ski Tournament at Skandia—A special train will leave Marquette for Skandia tomorrow at 1:30 o'clock, on account of the ski tournament at that place. The round trip rate on this train will be seventy-five cents. It is reported from Skandia that riders from Red Wing, Minn., have arrived to participate in the tournament and that the hill is in excellent condition.

Washington Program—The parlors of the Swedish Lutheran church were well filled last evening to listen to a Washington's birthday program. The entertainment was arranged by the Young People's society, and in addition to music were given by Rev. G. Fleetwood, of Ishpeming, and Rev. S. Bergdahl, of Bergdahl were among the visitors who attended the exercises.

Inhuman Parents—As their parents refused to provide suitable food, clothing or home for them, the four children of Mr. and Mrs. John Smith have been committed to the state public school at Coldwater. The oldest of these children numbers eight years and the youngest eight months. The case is one that has given the officials a great deal of trouble, but the unfortunate children are now at least in a normal and healthy atmosphere and much better off than when with their parents in this city.

Like Jail Life—Joseph White, the vagrant who was arrested Thursday night for stealing jewels from a room above the Colonial Inn, was arraigned before Justice Samuel Byrne yesterday, and bound over to circuit court on the charge of larceny from a dwelling. It has been learned that White has been arrested for vagrancy in this county several times, and that he was just released by Sheriff Lehman Thursday morning. A few hours later he came to the attention of Justice Byrne, and was again sentenced to jail for vagrancy, which request was refused. Falling in getting into jail on the customary charge, it is believed that White deliberately stole the jewels with the intention of being caught and sent to prison.

A Remarkable Operation—William Fitzgerald underwent a remarkable operation at St. Mary's hospital a few days ago. While out hunting Mr. Fitzgerald accidentally shot himself through the fleshy part of the arm, just above the elbow, severing the ends of the several muscles were dissected and drawn together, and it is believed that the victim of the accident will eventually be restored to almost complete use of his hand and arm. The operation is a delicate and tedious one, and on but one previous occasion has it been performed at St. Mary's hospital. In that case, the muscles had been severed by a saw, but they were successfully connected and the arm in time regained its former strength and usefulness.

INSURE WITH PETER WHITE & CO. SUNDAY AT THE CHURCHES.

Baptist church—There will be no preaching services at the Baptist church tomorrow, but Sunday school and Young People's meeting will be held at the usual hours. Dr. Tupper will preach next Sunday.

NEW GUILD HALL IS ALMOST FINISHED

WILL BE OPENED ABOUT MARCH 1 AND THE BOARD IS NOW READY TO RECEIVE APPLICATIONS FOR MEMBERSHIP.

The board of managers of the Guild Hall association has just issued an announcement folder, describing succinctly the general features, such as the assembly room, gymnasium, reading room, billiard room, bowling alleys and plunge room, the schedule for use of the gymnasium and plunge, and the membership fees and privileges, and it is announced that the Guild Hall will be opened about March 1st.

The board are now ready to receive applications for membership. Blank forms for that purpose may be obtained from any officer or member of the board and should be filed with P. B. Spear, secretary, or Morgan W. Jopling, treasurer.

The only departments not yet completed are the bowling alleys, which only lack the pinsetters, and the plunge room. The lining of the plunge with white enamel brick is almost finished and the laying of the tile floor will be done during the coming week. The plunge room will present a surprisingly beautiful and artistic appearance when completed and will be a star feature.

It is planned to have a formal opening on an evening in the first week of March, when all departments will be thrown open to public inspection, the exact date to be announced as soon as it can be definitely fixed.

"Baking Insurance" can be bought any day with HUNT'S PERFECT Extracts and Baking Powder. They insure success.

Will Be Closed All Day Monday, FEBRUARY 22nd.

GOVERNOR WILL APPOINT JUDGE

Governor Warner will have to appoint a temporary successor to Judge Stone on the Marquette circuit bench, according to a report from Lansing. The judge's election to the supreme bench is assured at the April election, but the term for which he shall have been elected will not begin until next New Year's. The time is too short for him now to resign and have his successor elected in April. So, when he does leave the circuit bench the governor will appoint Robert C. Flannigan to succeed him. Then Mr. Flannigan will in April, 1910, stand for election.

From Minnesota

Northern Normal Notes.

Miss Laura Higgins, who was called to her home in Iowa last week, on account of the death of her father, returned to Marquette Monday.

Friday evening next the Normal basketball team will go to Munising to play a return game with the team from the Young Men's Christian association of that place.

Miss Mary Wallace, who graduated from the Normal in 1901 and for several years past has been teaching in the Iron Mountain schools, visited the Normal Monday.

President J. H. Kave will be away several days next week, to attend the meeting of superintendents, a department of the National Educational association, which will meet at Chicago.

Negotiations have been opened by Dr. Faught with the athletic association of the College of Mines at Houghton, and he hopes soon to have the pleasure of scheduling some games with the upper county team.

Next week Tuesday the Faculty club will begin a new line of work. With "The Philosophy of Education" by Horne as a basis, the members will study the philosophical principles underlying the business of learning and teaching.

A letter was recently received from Miss Theodosia Hadley, who is to spend several months in Italy. The letter was mailed at Genoa. In it the writer says that her voyage had been very delightful; she had been perfectly well and the water had been very smooth for this time in the year.

School was closed Thursday and Friday while the members of the faculty attended the county institute held at Ishpeming. Large numbers of the students took advantage of the vacation which extends over until Tuesday morning, on account of Washington's birthday, to go to their homes.

Mrs. Rushmore was invited to give a reading at Ishpeming on Thursday evening. It was on the occasion of opening the exhibition of pictures which had been secured from Thurber's art store in Chicago. She read the beautiful flower scene from the drama "Ingomar." Mrs. Rushmore has been called upon to read several times at Ishpeming, and as usual was gratified by her reception there.

A game of basketball was played last evening between the Normal team and the team from Escanaba's high school. The visitors were defeated, 10 to 37. It was the first time they had lost in five years. Music was played, and dancing was enjoyed after the game until eleven o'clock. It was regrettable that this game had been scheduled for this week when so many students were away, but the schedules of games already made did not allow of any change that was acceptable to the visiting team.

Every member of the faculty was in attendance upon the institute at Ishpeming, some for one day only, but most were there two days. It was peculiarly gratifying to them to look around upon the body of teachers from Marquette county as persons who have at some time been students of the Northern Normal. Practically all of the younger teachers have been here, most of them hold one of the diplomas and a large proportion of the older ones not teaching in the high schools have graduated as extension students, while several high school instructors were first graduates from the Normal and afterward from universities.

Assembly on Tuesday morning was in charge of Miss Belle K. Middlekaut; she talked on the subject of the developments of the Roman drama. She explained the various Greek dramatic performances common to the Roman people before a great impulse given to this form of literature by Greek influence. Among these early forms were the fæces comedies, satiræ, mimes, ætelle and pantomimes. After the fall of Tarrenum, the Greek city in eastern Italy, in 244 B. C., the Greek scholar, Ammonius, introduced the polished dramas of his own country into Rome and thus set in motion that slavish imitation of the elder work which so persistently characterized the drama of the Latin writers. The speaker then discussed the charac-

PERFECTION

You must not think that it is in the prescription department alone that we are working so that we may claim to have a "perfect" service.

The most extreme care is exercised in the selection of every line of goods in our store.

Especially is this demonstrated in the careful buying of brushes of every description, in the buying of perfumes, the buying of toilet articles and preparations, the buying of drug sundries, such as sponges, chamois skins, rubber goods and a so the buying of goods which constitute the many different side lines which we handle.

It will be a pleasure for us to supply you with all your drug store wants.

You will never have reason to complain of our service.

teristic of the writings of the important dramatists who followed, particularly Plautus, Terence and Seneca.

At the regular meeting of Ostris Monday evening, the entire program was devoted to the life and work of Edgar Allan Poe. This year being the one hundredth anniversary of his birth. The following was the program of the evening:

The Life of Edgar A. Poe..... Ella Nelson.

His Poetry..... Sophie Beryman.

Reading, "The Raven"..... Margaret Maloney.

Piano solo, "A Southern Dream"..... Ramona Rupp.

Poe's Tales..... Jessie Hall.

His Character..... Jennie Johnson.

Tuesday evening last occurred one of the most delightful parties ever given by the students of the Normal school. The senior class were the hosts, the guests were the faculty, the students in the limited certificate course and a few others from town. It was a colonial party and the guests were asked to come in costume. The receiving line was composed of Simon Anderson, president of the class; H. T. Johnston, Carrie Bacon, Florence Markham, Ernest Roberts and Tena Callender. Every one in the receiving party was in colonial costume, and a large number of the guests appeared either as contemporaries of George and Martha Washington or at least as belles and beaux of old fashioned days. Powdered hair was voted to be universally becoming. The decorations were extremely beautiful and elaborate. The grand march was followed by dancing until half past twelve o'clock, when the party broke up. This was the last party, probably, by the present senior class, and it was remarked by many that their entertainments had all been distinguished by originality and finish.

The Faculty club held a regular meeting Tuesday afternoon. The paper was presented by Mrs. Frances M. Kelsey, superintendent of the training school.

the subject was the purpose and place of observation by pupil teachers. All students who take a diploma from the Northern Normal school are required to observe the expert teaching by the critic teachers, under the leadership and instruction of the superintendent. Much more attention is given to this part of the training in this school than in most of the Western schools. Mrs. Kelsey first compared the work of the state Normal schools with that of the city Normals, showing that the term of training is usually divided in the state institution and therefore that more time is given to general culture. She upheld the view that this department is the place for instruction in the principles of methods, also that young, inexperienced teachers require a simplified statement of the psychology of the child that is ordinarily taught. Young teachers should have the opportunity to study the science of development of the child from the kindergarten to the high school, irrespective of the grade in which she is to teach. She discussed the biological problem of the child, and the influence of body over mind. The school life was divided by the reader into two great divisions, namely, the kindergarten, in which the child learns through symbols, and the school of instruction. The latter was divided again into two stages, the "imaginative" stage, including the first five grades, and the rational stage, including the last three. In conclusion the reader defined the mission of the Normal school as that of leading its students to the fullest comprehension of the natural child development.

Drink Vandenberg's buttermilk. (1-22-1m)

Willie, aged six, came to me, his face so wreathed in smiles that his pug nose seemed to be turned back among his freckles. "What do you think?" he said, "papa was drandma's little boy." My incredulity added fuel to his already intense amusement. Between his chuckles he assured me, "Yes, he was."—Delaneur.

WHY ADVERTISE?

No one has yet discovered a recipe for perpetual motion—either in science or in business. Things move only when we move them. No money making machine will run on and on of itself, turning out the precious product of profit, if the motion behind it is still and idle.

You cannot keep advancing unless you keep pushing. Customers come to us because we constantly keep before them the ease and profit of dealing with us and our willingness to deal with them.

Marquette National Bank

Marquette, Michigan.
UNITED STATES DEPOSITARY

MARKETS

Paine, Webber & Co.'s correspondent at New York yesterday telegraphed as follows:

The recent rumors to the effect that there would be a reduction in the selling prices of steel products were nominally verified by reports from Pittsburgh stating that a cut of four dollars a ton in steel bars had taken place and on this report further heavy liquidation of the steel issue ensued. A general movement was a feature of the early trading, but good support was tendered, particularly in the Harrimans and outside of the industrial list the declines in the rails were not drastic today. Coppers and Smelters were adversely affected by a reduction of half a cent in the selling price of copper metal and in these issues the main support centered was by the covering of the short interest. Although prices today were irregular the list does not seem to possess inherent weakness and unless the support noted in the steel and aluminum, a sharp recovery is not unlikely at any time.

Closing prices were as follows:

MANY TO ATTEND SKI TOURNAMENT

RESERVATIONS ARE BEING MADE AT ISHPEMING HOTELS BY RESIDENTS OF CHICAGO, MILWAUKEE AND OTHER CITIES.

"We have already had enough orders for rooms for Monday to fill the hotel twice over," said Manager Caughey, of the Nelson House, yesterday. "Many orders have come from the larger cities, including Milwaukee and Chicago, and a number from the copper country. Some visitors will be here Saturday or Sunday and will remain until Tuesday. We will be able to serve at least 300 people at each meal."

The other hotel men of the city also report having received reservations for rooms and every hotel in the city will be well filled. All of the railroads are offering special rates of fare.

A. G. Aas, assistant cashier of the Miners bank, yesterday said that about 50 per cent of the space in the grand stand has already been sold and that orders for seats are coming in rapidly. Many orders, he said, are from out of town parties. Several hundred admission tickets to the grounds have been disposed of. The grounds will be patrolled on all sides.

Secretary T. W. Durham received a telegram yesterday from Colorado ordering the Mangseth and Barney Riley, the former in the professional class and the latter in the amateur class. Several other entries have also been received. A number of the professionals will not be entered until they arrive.

Superintendent Devine, of the board of public works, had men and teams at work at the grounds yesterday, putting the roads in condition. All teams will have to enter by the main highway, passing through Union Park. A number of turn outs will be made and there will be two roads through the park. There is not over a foot of snow at the bottom of the slide, where most of the spectators will stand. A heavy platform loaded with stone has been drawn over the surface making the snow solid enough to hold the weight of a man. The road to the golf club house has also been opened, but it will be impossible for teams to enter the grounds by way of Wabash street, as that road has been closed all winter.

The committee in charge of the dog races has decided to use Division street, instead of Main street. The change was

made to avoid the danger in passing over the railway crossing. The races will be held under direct supervision of Mayor Keesee, John Lacey and Captain Frank Platto. The judges will be James Bryden, William Green and John S. Olson. The run will be from the Swedish Lutheran church to the city hall, a distance of four blocks. The races will start promptly at 10 o'clock and the street will be roped on both sides to keep the spectators off the course. A force of men and teams began work yesterday removing the superfluous snow. The surface is to be rolled and put in the best possible condition. There will be races for dogs in single harness, for teams and for dogs drawing riders on skis. The prizes will consist of merchandise, and there will be three for each event.

IRON ORE TEAM WINS

In a bowling contest Thursday evening at the Bank street alley, beds of teams composed of employees of the Iron Ore office and the Marquette County Gas & Electric company the former won by 103 pins. The scores were:

Team	1st	2nd	3rd	4th	5th	Total
Iron Ore	124	114	162	161	141	602
Gas Men	144	139	145	148	142	628
Martin	134	127	191	152	142	646
Totals	402	430	499	561	535	2327

PREPARING TO START WORK

The Perkins Mining company, in which Joseph Sellwood is the leading spirit, is preparing to open a mine on the Sellwood property near Aurora. Butler Bros., of St. Paul, who were last week given a contract to strip the overburden from the Grant mine at Bull, Minn., have the stripping contract for the Perkins company, and work is to be started soon. The company has begun the erection of ten houses for its workmen and it is said that operations are to be conducted on a fairly large scale the coming summer. Butler Bros. will start their work with a crew of fifty men.

THE HEALTH OF YOUR HORSE

will be best promoted—best preserved—if you are ready to give the proper remedy at the proper time. The proper remedy for all strains, sprains, or colic is Perry Davis Painkiller. The proper time to use it is when the trouble first shows itself. Be prompt and you'll not only save the horse suffering, but you'll spare yourself trouble and expense—maybe save a long time waiting. You ought to have a bottle ready. The new size bottle costs 25 cents, one larger, 50 cents. Be sure your druggist gives you Perry Davis.

CONSOLIDATED FUEL & LUMBER CO.

DEATH OF W. W. BROOK

W. W. Brook, district manager of Swift & Co., died Thursday night at his home in St. Paul, after a month's illness. He was taken down with tonsillitis and the grip and after a couple of weeks' confinement to his home went out and

was taken with a relapse. Brain fever set in and from that time until the physicians gave no hope for his recovery. Mr. Brook had charge of ten of the company's branch houses, including Ishpeming. He was very well known here as he had visited the local house from three to four times a year

for a number of years past. He was one of the best informed best men in the country and was very popular. He had been in the employ of the company practically all his life. He is survived by his widow and two children. The funeral will be held this afternoon at St. Paul.

"Hold audience breathless"—Evening Journal.

"Exceptionally absorbing drama"—Times.

"The season's big dramatic hit"—Anton Davies, Sun.

"An unequivocal success"—William Winter, Tribune.

"Whoever sees 'Paid in Full' will not escape its grip"—Louis De Foe, World.

6 MONTHS IN CHICAGO

"Vital and significant"—James O'Donnell Bennett, Record-Herald.

"Absorbing"—Burns Mantle, Tribune.

"Laughing with rich comedy"—Amy Leslie, News.

"Strikes home"—A. L. Hall, Journal.

"Triumphed"—Perry Hammond, Post.

"Great"—Warren McIntyre, American.

"LET ME GO, LET HIM COME ON!"

REED PHOTOGRAPHS BY WOLFE, INC.

GEORGE M. SHIPPY

Superintendent of police, Chicago, 1897.

"Paid in Full" I regard as one of the most instructive as well as one of the most entertaining plays on the American stage."

MARCUS KAVANAGH

Judge of the supreme court of Cook County, Ill., 1897.

"I think 'Paid in Full' a remarkable, strong, clever play. I cannot recall so fine and deep a study of everyday human nature as this drama presents."

JAMES METCALF

says in Life:

"We gladly rejoice over another strong and interesting play, written by an American author and dealing with American life."

ELLA WHEELER WILCOX

writes:

"I have recently witnessed a play which I would commend to every discouraged, fault-finding, discontented man or woman who sees these lines. The play is 'Paid in Full.' It is to be commended as distinctly worth while."

BEATRICE FAIRFAX

says in the New York Journal:

"Paid in Full is a great play."

ELECTRIC FURNACES.

Steel Corporation to Introduce New Method of Refining Its Products.

The United States Steel corporation has decided to introduce the Heroult electric furnace and steel process. Its engineers have made a close study of the general subject extending over two years, and have made a number of visits to the localities abroad where electric furnaces and methods are in operation.

The outcome of these investigations is that it has been decided to put up one fifteen ton Heroult furnace at the South Chicago works of the Illinois Steel company and one fifteen ton furnace at the Washburn & Moen plant at Worcester of the American Steel & Wire Co. Practically a furnace at Homestead will follow.

The United States Steel corporation will therefore be the pioneer in introducing electric refining both in the manufacture of tonnage products like rails and special steels for wire industry. The quality of rails has been a burning subject in recent years and the plan of producing that will be equivalent to too steel quality, is one which raises high hopes for the two plants are now being drawn and construction will be pushed vigorously, so that both installations will be in operation before the early summer.

HONORED DEAD JURIST.

Bar Association Attended Funeral of the Late Judge Burlingame.

The Grand Rapids Herald of Wednesday contained the following mention of the funeral of the late Judge Edwin A. Burlingame:

"The remains of Judge Edwin A. Burlingame were borne to the grave yesterday afternoon, the funeral services being held from the residence of J. L. Hamilton, 203 North Division street. A large representation from the Kent County Bar association and many personal and professional friends of Judge Burlingame were present.

"Bishop McCormick and Rev. C. G. Bradley of St. Mark's pro-cathedral officiated. The active pall-bearers were Stuart Knappen, M. H. Walker, Andrew Fyfe, W. B. Brown, Charles M. Wilson and Judge Harry E. Crowell, all life-long friends of Judge Burlingame. The honorary pall-bearers were Judges William J. Stuart, W. E. Grove and Allen C. Adsit, and Charles H. Bender. Interment was in the family lot in Oak Hill cemetery.

"Mrs. Duncan and Mrs. Erwin, Professor Wellenstien, accompanist, rendered "One Sweetly Solenn Thought," "Lead Kindly Light" and "Nearer, My God to Thee." The floral tributes were numerous and beautiful.

"Proceeding the last rites members of the Kent County Bar association assembled in superior court to do honor

A Notre Dame Lady's Appeal.

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a treatment which has repeatedly cured all of these tortures. She feels it her duty to aid to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery bathes uric acid from the blood, loosens the stiffened joints, purifies the blood, and brightens the eye, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. one-night stands at more than double the West-Henry admission price. Lu. M. Summers, Box R, Notre Dame, Ind.

Negaunee Department

MANY FOREIGN LABORERS COMING

IMMIGRANT AGENT, AFTER MAKING TOUR OF THE MINING DISTRICTS, SAYS THAT MEN WHO WENT ABROAD OVER A YEAR AGO WILL SOON RETURN.

E. A. Hadgren, for the past eight years connected with the Duluth, South Shore & Atlantic railroad in the capacity of immigrant agent, has been appointed to a similar position with the Wisconsin central railroad, with headquarters in Duluth. Mr. Hadgren is well known in this county as he was a frequent visitor to the northwestern peninsula and in the South Shore's employ. The Wisconsin central has not heretofore had an immigrant agent located in Duluth, and it would seem from the fact that Mr. Hadgren is to be stationed there that the management intends to use a strong force of that class of passenger traffic for several years past the South Shore has done a larger immigrant business out of Duluth than any other road.

Mr. Lindgren recently returned from a tour of the northern peninsula and reports that foreign laborers will soon begin to arrive from the old countries. News of an increased demand for labor in the United States has reached the shores of the Atlantic and Mr. Lindgren has been advised that, as a result, there will be a heavy immigrant movement during the spring and summer months.

When the factories, mines and other industries began sending down a sea of job offers, throwing thousands of men out of employment all over the country, alien laborers began to flock back to their old homes, intending to remain there only until labor conditions were normal on this side of the Atlantic.

The Ishpeming basketball team left yesterday afternoon for Muskegon, where it met the Young Men's Christian association team last night.

Mrs. G. J. Jackson came up from Gwinn yesterday on a few days' visit to relatives. She was accompanied by Miss Jeanette Tommesen, who had visited her for a week.

J. Sellwood & Co. will give the school children of the city George Washington badges Monday morning between 8 and 9 o'clock. They are requested to call at the dry goods store.

Ernest W. Williams, brother of John H. Williams, cashier of the Chicago & Northwestern Railway company here, arrived this week from England and will locate in the county.

The members of the Girls' Friendly society of Grace Episcopal church will serve coffee and sandwiches Monday from 12 until 7 o'clock at the Guild hall. The charge will be ten cents.

About 125 couples attended the hop given Thursday night at Bradfield's hall by the senior class of the Ishpeming High school. Nearly twenty-five couples were present from Negaunee.

The banks, brokerage offices and public library will be closed Monday, Washington's birthday. The postoffice will be open at noon, but will be closed the remainder of the day. The mercantile establishments will be open until noon. The barber shops are to be open as usual.

The Marinette Eagle-Star publishes the following: "From the West a report is received that Earl LaDuke, a former well-known young man of this city, who went west a few years ago, will soon wed Miss Eleanor Finn, an heiress of Denver, Colo. The wedding has been set for the month of April. The bride-elect is the daughter of a recently-deceased mining king of the West.

Monday afternoon the three large street cars will be run from the North Shore crossing in this city to the Southwestern crossing in Negaunee. One of the small cars will be in use on the Lake Angeline end, running between the terminal and the South Shore crossing. By this arrangement Manager McCorkindale hopes to be able to handle many more people than if he attempted to follow the regular schedule.

SOLDIER BALKS DEATH PILOT.

It seemed to J. A. Stone, a Civil war veteran, of Kemp, Tex., that a plot existed between a desperate lung trouble and the grave to cause his death. "I contracted a stubborn cold," he writes, "that developed a cough that stuck to me, in spite of all remedies, for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which restored my health completely. I now weigh 178 pounds." For severe colds, obstinate coughs, Hemorrhoids, Asthma, and prevent influenza it's unrivaled. 50c, and \$1.00. Get a bottle free. Guaranteed by The Stafford Drug Co.

STOMACH PRESCRIPTION CAUSES BIG STIR

(Chicago Record-Herald)

The prescription for stomach troubles published in this paper some days ago has created a big stir in drug stores. The manager of the largest prescription drug store in the city says that they have filled this prescription hundreds of times and find it the very best they ever put up for stomach troubles. Here is the prescription; cut it out and keep it; if you do not need it yourself, hand it to some friend who is troubled with indigestion or dyspepsia. Compound Tincture of Chinchona, one ounce; Peppermint Compound, one ounce; Sherry Wine, half a pint. Mix together and take in teaspoonful doses before meals and at bedtime in water. This drug states it is the Prosepe Compound that is so valuable. It supplies the stomach with pancreatic juice and this is what digests what you eat, while the Chinchona and Wine act as a general stomach tonic.

REVOLTS AT COLD STEEL.

"Your only hope," said three doctors to Mrs. M. E. Fisher, Detroit, Mich., suffering from severe rectal trouble, lies in an operation." "Then I read Dr. King's New Life Pills," she writes, "and I was cured." They prevent Appendicitis, cure Constipation, Headache, etc. at The Stafford Drug Co.

TO LOCATE AT PORTLAND.

Former Negaunee Man Favorably Impressed With Western Country.

John H. Carr, who was a resident of Negaunee many years ago, and who is remembered by older citizens, has decided to locate at Portland, Ore. Mr. Carr has been traveling through the west for a number of years, but he recently decided to engage in the jewelry business. The Catholic Sentinel of Portland, in a recent issue said of him:

"While traveling over the West in the interests of the Elgin National Watch company, John H. Carr was favorably impressed with the business possibilities of Portland. Both he and Mrs. Carr were so pleased with the beauty of the Rose City that they decided to make it their future home.

"Mr. Carr immediately sought a location, and a few weeks ago opened the jewelry store, 320 Morrison street, Marquam block. He is making a specialty of watches and watch repairing. His thirty years' employment by the Elgin National Watch company, of Elgin, Ill., qualifies him to be an authority on watches. Mr. Carr is a member of Knights of Columbus of New York City. He has been in Wisconsin and traveled extensively through Michigan, Illinois and the East as technical man for the Elgin company. Both Mr. and Mrs. Carr will be warmly welcomed to the ranks of active workers for a Greater Portland."

MAKING RAPID STRIDES.

Yeoman Society Had Big Increase in Membership in Past Three Years.

The officers and members of the Ishpeming branch of the Brotherhood of American Yeomen are much pleased with the report showing the society's standing, recently received. The order is in excellent condition, financially and otherwise. The membership has increased 82 per cent in the last three years and the increase in assets is 135 per cent. On Jan. 1, 1906, there were 51,339 beneficiaries and 2,051 social members, and at the close of last year there were 94,198 beneficiaries and 3,387 social members, making a total of both the first and last year 98,183, compared with 53,990 three years previous. The number of homesteads in the three years increased from 1,245 to 1,963. The reserve fund was credited with a balance on Jan. 1, 1906, of \$433,487.22, compared with \$855,872.75 three years later. The amount represented in mortgages and bonds in 1906 was \$372,264 and in 1909, \$804,025.50. The total assets including cash and securities on Jan. 1, 1906 was \$183,203.93, against \$1,087,908.11, the first of this year.

Charles B. Sunblad and Henry R. Carter have been elected delegates to attend the state convention at Escanaba, Tuesday, April 6. At the state convention delegates will be elected to the supreme convention, which is to convene at Minneapolis on Tuesday, June 8.

TO COMPLETE WORK AT NORMAL.

Miss Lala Carroll, who has taught in the Park street school, has been granted a leave of absence by the board of education, in order that she may complete some work at the Normal school in Marquette. Miss Carroll started a course at the Normal after her graduation from the Negaunee high school, but did not have an opportunity to complete it. Miss Ruth Wells will fill Miss Carroll's place for the remainder of the year. Miss Wells is also a graduate of the Negaunee high school and has had experience as a teacher.

WASHINGTON ENTERTAINMENT.

A Washington festival will be given by the Young People's society of the Negaunee Mission church Monday evening. A patriotic program will be rendered. It will include singing, declamations and speeches. The decorations of the church will be exceptionally fine and refreshments will be served following the program. The entertainment will commence at 8 o'clock and the admission price will be twenty-five cents.

LOCAL LACONICS.

Mrs. Susie Wollner is visiting friends in Duluth.

Chris Wolf, of Wolf, Sayer & Heller, a butcher supply house of Chicago, will be in the city yesterday.

Mrs. Bert Henry has gone to Houghton to join her husband, who has been there for some time past.

Mrs. C. McMalon and daughter Theresa of Spokane, Wash., are visiting Mrs. Isaac Johnson in this city.

Max Croll and wife left yesterday for Chicago, where Mrs. Croll will receive treatment at Augustana hospital.

Miss Fernie Huppert, a sister of Mrs. Anna Katus of this city, died recently in Detroit. Paralysis was the cause of her demise.

J. H. Rough, Gust. Peterson, Oscar Field, William Westemeyer and Frank Prouse will serve as jurors in the circuit court, which convenes Tuesday.

Gay Katus is doing some work at the Houghton mining school for the Johnson Service company of Milwaukee, which has a contract at the new high school building here.

Arthur Washburn, who has been attending the Ferris institute at Big Rapids the past few months, is expected home today. He has completed a course in telegraphy.

The city piers were used to good advantage yesterday morning in removing the superfluous snow from the sidewalks. Most of the principal piers were opened before 9 o'clock.

The hearing in the suits of three Negaunee saloon keepers recently arrested on complaints of members of the Finnish Temperance society of Ishpeming, has been postponed until March 1.

The members of No. 2 hose company of the Negaunee fire department will hold their annual "blow out" Monday evening at their headquarters. The arrangement committee has prepared a good program and the banquet will be a fine one.

The Tarmo Athletic club will give a masquerade ball tonight at McDonald's opera house. As this will be the last masquerade party of the season it is expected that there will be a good attendance. Cash prizes aggregating \$20 will be distributed.

Otto Hoelme, who has been in the employ of Winter & Suess as sausage
