AMERICAN FLAG IS HAULED DOWN

With Ceremonies Conducted at Havana, the Last Emblem of Uncle Sam's Domination Over the Island of Cuba Disappears.

Old Glory Is Replaced by the Lone-Starred Banner of the New Republic, and With the Transfer of Authority Completed the United States Forces Board Army Transports for Newport News, and Soldiers of Cuba Occupy Camp Columbia.

Havana, March 31.—The last emblem of American domination over Cuba appeared at noon today when the garrison flag at Camp Columbia fluttered down the pole and was replaced a moment later by the lone-starred banner of the Cuban republic. The ceremony attending the transfer of authority took place in the presence of the American garrison at Camp Columbia, consisting of two battalions of the Twenty-seventh infantry and three companies of engineers, and one battalion of Cuban infantry, forming three sides of a hollow square.

WALL STREET TAKES AN OPTIMISTIC VIEW

Stocks in Quest at Firmer Prices, the Action of the Market Is Held Significant in Its Indication of a Bettered Outlook for Trade and Industry Generally.

New York, March 31.—The stock market today manifested a degree of vigor that proved of notable influence in forming the feeling of confidence that has been growing up in shaping affairs to betterment. Although this feeling remains without corroboration in news of events in trade and industry, the evidence of the action of the stock market is none the less impressive and is accepted with confidence by business men themselves.

MICHIGAN MAN WINS COMMISSION IN THE ARMY

Washington, March 31.—The war department today announced the names of several civilian candidates for appointment as second lieutenants in the coast artillery corps and who successfully passed the recent competitive examination. Included in the list is Kelly B. Lemmon, of Lansing, Mich.

TAFT TAKING A HAND, RESULTS ARE SWIFT

PAYNE TARIFF BILL IS PICKED TO PIECES

Many Members Given Opportunity to Express Their Views, the Day's Debate in the House Covers a Wide Range, Numerous Schedules Being Discussed.

Washington, March 31.—The Payne tariff bill again was picked to pieces in the house today. There were no prolonged speeches, and in consequence many members were afforded the opportunity to express their views. Lumber, coffee, wood pulp, print paper, tobacco, coal and zinc were generally discussed.

FEARFUL OF PERISHING IN THEIR CELLS, THE CONVICTS ARE TERROR-STRIKEN; BUT ALL OF THE 750 MEN ARE RESCUED AND GUARDED BY A WHOLE REGIMENT OF TROOPS, ARE PENNED UP IN THE STOCKADE WITHOUT A SINGLE ATTEMPT AT MUTINY.

Leavenworth, Kas., Thursday, April 1.—The military prison at Fort Leavenworth was destroyed by a fire that broke out late last night. The prisoners were removed from the cell house under a heavy guard of United States troops and were confined in the stockade. None of the prisoners escaped, as far as a hasty report made by the military police shows, but this may not be definitely known until daylight.

HOSTILE INDIAN CHIEF NOT MADE PRISONER

Report That Crazy Snake Had Surrendered Proves Unfounded—That He Will Give Himself Up Very Shortly, However, Is Opinion of Military Commander.

Choctaw, Okla., March 31.—Colonel Hoffman, commanding the militia, stated at midnight that he had every assurance of the surrender of Crazy Snake within a short time. This information was received here tonight over the long distance telephone. Eastman Jones, cousin of Crazy Snake, and three others of the latter's band surrendered to Colonel Hoffman tonight.

MICHIGAN MAN WINS COMMISSION IN THE ARMY

Copper Country

SOME POLITICAL EXCITEMENT.

Township Elections in the Copper Country Offer Many Contests.

Township officers seem to be more attractive to office seekers of Houghton county than any other gifts of the republic...

It is noticeable, however, that there is seldom any opposition for the office of supervisor, member of the Houghton county board...

The political lightning in Hancock struck several citizens who do not care for that sort of a halo, and their withdrawals have been announced.

Mr. Duggan saw the Johnson-Burns (Brunso) fight pictures at the Auditorium. Jimmy fought Burns twice, once to a draw and once to defeat...

Both offices open evenings. Phones, Calumet, 64 and 75. Laurium, 450, 520 and 605.

Peter Maier is now the nominee of that party for alderman in the Second ward.

JIMMY DUGGAN RETURNS.

Wellknown Athletic Trainer Finishes His Canadian Season.

James W. Duggan trainer of the Wanderers hockey team of Montreal, erstwhile champion of the world, has returned to Houghton, having completed his Canadian season.

Three Stuart captained the Ottawa team, and according to Duggan, the player has not gone back an inch.

Joe Hall joined the Wanderers late in the season, but was a disappointment. Jimmy Gardner, the former Calumet star, was the captain of the Wanderers.

Saw Johnson-Burns Fight Pictures. While in Chicago on his way home, Mr. Duggan saw the Johnson-Burns (Brunso) fight pictures at the Auditorium.

so would have made a much better showing.

SERIOUS MINE ACCIDENT.

Anton Krog of the Tamarack Lodes Leg and Has Ankle Crushed.

Anton Krog, an old employe of the Tamarack Mining company, suffered a serious accident while at work in the No. 2 rockhouse, where he was employed as a rock hand.

FISHING AT THE ENTRY.

Big Catches of Trout Are Reported—A Thirty-Three Pounder.

The fishermen at Portage Entry and on Keweenaw bay are enjoying a prosperous season, and many big catches are reported, exceptionally big because the fishing is being done with hook and line through the ice.

DELINQUENT TAX RETURNS.

Out of Half Million Valuation All But \$6,629.64 Was Collected.

Treasurer Sewell of Portage township, Houghton, yesterday filed his return of delinquent state and county taxes for the year 1908 with County Treasurer Rashleigh.

Elm River ... \$ 6,102.42 \$ 384.43 Hancock ...

Table with 4 columns: Township Name, Valuation, Tax Collected, Balance. Includes Hancock, Fourth ward, Third ward, Second ward, First ward, Torch Lake, Hancock, Oseola, Laird, Duncan, Franklin, Chassell, Stanton, Calumet, Adams, Quincy, Portage.

Totals ... \$501,034.34 \$6,629.64

BIRTHDAY CELEBRATION.

Catholic Foresters of Houghton County to Observe Anniversary.

All of the copper country courts of the Catholic Order of Foresters will unite at Calumet May 23 to celebrate the founding of the order, the date named being the anniversary of that event.

GROCERY DEPARTMENT OPENED.

Business of the Roach & Seber Wholesale House Has Had Steady Growth.

The Roach & Seber company today enters the wholesale grocery field in the upper peninsula, with Arthur W. Walsh of Chicago as manager of that department.

Mr. Walsh became a member of the company March 1, at which time the capital stock was increased from \$100,000 to \$200,000, and he has since been planning the wholesale grocery campaign which is launched today.

About a year ago the company purchased the L. Hennes & Co. dock and warehouse in Houghton and has enlarged the warehouse to double its capacity.

With the assistance of the visitors' umpire, the Manistigie indoor baseball team defeated the Ishpeming nine at Braastad's Hall last evening by the score of 5 to 4.

COPPERDOM BREVITIES.

Charles Reed of Calumet has returned from a visit with friends at Ishpeming.

Miss Helen Mckernan returned yesterday to Houghton from a brief visit at Duluth.

Neil Rogers, the Hancock pitcher, has signed and reported to the Rockford (Ills.) team.

Miss Edwina Henson of Milwaukee arrived in Houghton yesterday, to visit her daughter, Mrs. Charles E. Webb.

Miss Corinne Nelson of Ishpeming has taken a position as telephone clerk in the office of Gay & Sturgis at Houghton.

The Houghton village council meets tonight. The annual fire report of Chief Voetsch will be the principal matter discussed.

The annual banquet to the players of the Copper Country Amateur hockey league will be given at the Arlington Hotel, Calumet, the night of April 8.

Ed Phillips has resigned his position as bill clerk with the Mineral Range railroad at Hancock to become station agent for the Keweenaw Central at Copper City.

Dr. Percy P. Glass of Lake Linden, president of the Michigan Baseball League, arrived home yesterday, after attending a meeting of the league at Bay City. He says the schedule will be out in a few days and that his time will thereafter be largely taken up with the affairs of the league.

A new brass band has been organized among the Finnish residents of Quincy by Professor Jacobson of Ashland, O., the home of the finest Finnish band in the world.

The voters of the Eighth ward are to conduct a rally Saturday evening in the dining room in Braastad's Hall. Several good speakers will be present and other entertaining features will be introduced.

City Brevities

Today's weather: Fair with not much change in temperature. Yesterday's temperatures: Seven a. m., 39 degrees; noon, 36; 7 p. m., 34. Maximum, 38 degrees; minimum, 30.

A. O. Jopling went to Detroit yesterday afternoon.

Mrs. William Green and daughter have returned from a week's visit in Chicago.

Fred Dalley, of Birch, has gone to Pennsylvania to spend a month with relatives.

Miss Alice Stewart has returned to her studies at Fairbault, Minn., after a short visit with her parents.

G. A. Ashton and family will leave tonight for St. Paul, which is to be their future place of residence.

Mr. and Mrs. Henry Jackson left last night for Clinton, Iowa, where they will visit their daughter, Mrs. Charles Stewart.

Frank and Dan Keough left for Guelph, Ont., yesterday afternoon, where they were called by the very serious illness of their father.

Miss Avis Ellstrom, who was granted a life certificate at the Northern Normal last week, left last night for Ishpeming, where she will visit with friends a few days before going to her home at Pueblo, Colo.

Basketball Friday—The Knights of Columbus and El Portana teams will play basketball Friday evening again. The game will be played in Legion Hall.

Fire at Grand Marais—A telegram was received yesterday, stating that the Smith-Hurst-Schneider shingle mill at Grand Marais had burned to the ground. The loss is stated to have been \$10,000, with no insurance.

Lecture Tonight—At the Baptist church this evening, Dr. Dupper will deliver the second of his talks on "How the Bible Grew," in connection with the regular mid-week devotional service. The public is cordially invited to attend.

Forty Cents Today—The new scale of wages adopted by the Carpenters' union goes into effect today. Under the new scale the least that any union carpenter may charge is forty cents an hour. The former minimum rate was thirty-five cents an hour.

Residences Change Hands—The Wheeler property on East Arch street was sold yesterday to Frank Carney by Asire & Palmer, and the same firm purchased the residence on Genesee street, where Mr. Carney now lives. The Genesee street residence will be offered for sale by the new owners.

Bock Beer on Sale—That spring is already among us is evidenced by the fact that bock beer has been placed on tap in the Marquette saloons. The proprietor of the Upper Peninsula Brewing company prides himself on the quality of his bock beer, which is the good old fashioned kind, and not the highly colored new fangled concoction, sometimes offered.

Tickets Arranged—The election commissioners met at the city hall yesterday and arranged the tickets for Monday's election. The only change from the tickets as nominated by the Citizens' and People's parties was in the case of Jacob Smith, candidate for supervisor in the Fourth ward, who was first nominated by the Citizens' party but elected to take a berth with the People's party candidates. Joseph Fay, George Freeman and E. L. Stewart are the election commissioners.

Former Resident Dead—Mrs. A. E. Delf has received a letter stating that her cousin, Frank A. Green, who formerly was engaged in mercantile business in this city and lived here for a number of years, had passed away March 21, at his son's home, 190 miles from Portland, Ore. The deceased's first wife is interred in the Marquette cemetery. He leaves to mourn his death a second wife, his son Floyd, his daughter May, who teaches in the public schools at Newberry, and two younger children.

Easter Monday Ball—The Ancient Order of Hibernians will give a grand Easter Monday ball at Fraternity Hall the night of April 12. Trombly's complete orchestra has been secured for the occasion and supper will be served at the Colonial Inn. The following committees have been appointed: Reception, T. P. Carey, M. C. Scully, R. J. Kelly, John Downey, Peter Harrie, James O'Reilly, Sullivan, Ed. J. Butler, Dan Harrington; arrangements, T. J. Downs, J. P. Hanley, John Boyle, P. J. Donovan, Ed. J. Conners.

Unsanitary Milk—It was recently brought to the attention of Health Officer Vadnais that Mrs. Johanna McCarthy, of Hogan street, was selling unsanitary milk. Dr. Vadnais investigated the case and found the conditions substantially as reported, and told Mrs. McCarthy that she would have to either clean up around her premises or stop selling milk. The woman paid but little attention to the health officer's warning and yesterday City Attorney Brown wrote her a letter, in which he emphasized that the orders of the health officer must be obeyed.

Marquette Girl Married—At noon yesterday Miss Anna Wiseman, daughter of Mr. and Mrs. William Wiseman, of this city, was united in marriage to Robert Erickson, until recently of Whitehall, Mich., by Rev. J. M. Rogers, at the Presbyterian manse. Daniel Wiseman, a brother of the bride acted as best man, and her sister, Bessie, as maid of honor. Immediately after the ceremony the wedding party repaired to the home of the bride's parents, 308 Division street, where an elaborate wedding dinner was served. The happy couple left on the afternoon train going east, for a short wedding trip, carrying with them the best wishes of their many friends. Mr. and Mrs. Erickson will make their home in this city.

THEATRICAL

"Parsifal."

It was in 1887 that Richard Wagner first conceived his idea relating to the grand possibilities contained in the legend of the "Holy Grail" for a wonderful spectacle and drama. It was not until twenty-five years later that his idea was carried out to his satisfaction and the world was given the glorious work of "Parsifal." It is said that his first intention was to present "Parsifal" simply as a dramatic production, but was induced later to change his mind and produce it in combination music form. By his doing so, the world gained two grand productions instead of one. It will forever remain as the grandest of all music compositions. It requires a trained mind, a cultivated musician, to enjoy the music of Wagner. But the simplest tyro in dramatic experience can understand the exquisite story of "Parsifal" and understanding, cannot fail to enjoy it. It is simplicity of the story and plot that endears the play of "Parsifal" to the hearts and souls of all those who witness it. There are no social problems to dissect, neither are there any intricate or mysterious actions on the part of any of the characters in the play. But as a spectacle that appeals to the visual senses, as a play that in its very naturalness, soulful heart interest, absorbing and thrilling plot that brings the color to the cheeks with healthy excitement, that quickens the heart's action with every ennobling instinct and interest, it stands without a peer in the dramatic firmament. Such is "Parsifal," the play that required a quarter of a century of its author's genius' life to make it what it is today—the drama of the world.

The Parsifal engagement here is for a one night performance at the Marquette Opera House, Monday, April 5, the curtain rising at 7:45 p. m. owing to the unusual length of the performance.

"Brewster's Millions."

The ship scene in the third act of "Brewster's Millions," presented at the opera house last night, was one of the most realistic mechanical spectacular effects ever produced in this city, and alone was worth the price of admission to the show. The whole act takes place on the deck of a launch, which Brewster has engaged to take his friends around the world, in his heroic and desperate effort to spend a million dollars in a year, in order that he may obtain seven millions under the terms of his eccentric uncle's will.

Throughout the act the waves are rushing by the ship, which is supposed to be at anchor in the Mediterranean sea. The launch later gets under steam and a storm comes up which drives her on a reef. Meanwhile the waves are constantly increasing and ugly, ruffled, long-lashing storm clouds are madly dashing across the sky. At last the flag of distress is hoisted and a lifesaving ship appears in the distance to rescue the passengers. While all this is happening the action of the play itself is so madly rapid that the football scene in "The College Widow" is child's play in comparison. This act is portrayed with such marvelous fidelity that the onlooker can imagine himself as experiencing all the sensations of the participants without any stretch of the imagination.

The other three acts of the play are characterized by wholesome and entertaining comedy, the most noticeable feature being the wonderful rapidity of the action, rendering it impossible for interest to lag or dull moments to creep in unawares.

Robert Ober carries the leading role of Mounty Brewster in a highly satisfactory manner. His part requires instant changes from moods of ecstatic happiness to abject dejection, yet he comes up to the necessary requirements. As a rapid fire actor with ability to instantly pass from one emotion to another he was a decided success.

The role of "Peggy" Grey, the leading woman, is well taken by June Mathis, but her part is an easy one compared with that of Brewster. The remainder of the large cast have but minor parts, but every one adds his or her mite to the completeness and success of the play.

Jacob Rose

True economy consists not in the saving on the price as much as getting the best for the price.

The facilities afforded us by making our own clothing in our own shop (212 Market St., Chicago), a saving to us of the profits we would have to pay to some manufacturer, enables us to offer suits or top coats at \$15, \$17.50, \$20, \$22.50 and \$25—the actual retail worth of which is \$5 or \$6 more per garment.

PAYING POULTRY

What's the use of spending your time and energy in trying to make a little money out of hens with natural conditions against you?

There is no more trying or difficult or bothersome work than taking care of poultry—making it pay, yet poultry, exactly the same as with stock—horses or cattle—you must have it in a healthy condition, otherwise you can't make it pay.

INTERNATIONAL POULTRY POWDER is just as effective in keeping your poultry in a healthy, strong, paying condition as nature is in keeping your stock in good condition. Keeping your hens in good condition, so that they will be healthy, and so that you will get the most good out of them is just as important as keeping your stock in good condition. INTERNATIONAL POULTRY POWDER is away ahead of any other poultry powder that we have ever come in contact with. If you have not already tried it, do so at your very earliest opportunity. Use it regularly according to directions, and you will find it is not expensive at all, but productive of the very best results. 25c PACKAGE, 5 PACKAGES FOR \$1.00.

MARKETS

NEW YORK STOCKS.

Paine, Webber & Co.'s correspondent at New York yesterday telegraphed as follows: Activity for the most part was centered in the metal issues today. Amalgamated, Smelters, and Steel being in active demand, together with Best Sugar, Alton and D. & H. The tendency throughout the session was upward, but trading was inclined to lag during part of the session in the rail list, with most of the professional element working in the industrial department. The news was not of a character to stimulate pronounced activity, but the comparative small amount of liquidation, together with the desire on the part of the shorts to interest to cover their commitments, was responsible for the sharp advances. The close was somewhat irregular, but the undertone was firm, and it would seem that an effort is likely to be made by pools to score higher levels in their specialties.

The closing prices were:

Table of stock prices including Amalgamated, Anaconda, Bethlehem Steel, etc.

Boston Stock Quotations.

Table of Boston stock quotations including Amalgamated, Anaconda, etc.

more than three million bushels below the actual shipments for the corresponding week a year ago. The firmness in the cash market also had strengthening influence. The close was strong, 1/2 to 1/4 higher. The May opened at 118 1/2; highest, 119 1/4; lowest, 118 1/4; closing, 119 1/4.

Corn—Small receipts and the bulge in wheat had bullish effect, but the prices showed only moderate gains. The lack of any substantial demand for cash grain had a tendency to depress the market. The close was firm, 1/4 to 1/2 higher. The May opened at 66 1/2; highest, 67 1/4; lowest, 67 1/4; closing, 67 1/4.

Oats—The undertone was strong. There was a fairly active demand for the deferred months for country account, which was taken to indicate that the crop prospects were not so encouraging as heretofore. The close was firm, 1/4 to 1/2 higher. The May opened at 54 1/4; highest, 54 3/4; lowest, 54 1/4; closing, 54 3/4.

Paine, Webber & Co.'s Wheat Summary. Paine, Webber & Co.'s Chicago correspondent said yesterday concerning the wheat market:

"We felt confident that the selling of wheat late yesterday was overdone and so stated in our advice. There was little doubt in the market conditions brought about by the local selling the last hour yesterday made a spot for conservative buyers to take hold. There was a strong tone to the market right at the opening and a good volume of buying, which lifted prices about half a cent at once. Naturally there was some selling, which caused the market to hesitate for a time. It was then that the news for the day became most bullish and the trade was forced to respond with a fresh volume of small higher. There was a hint of very small Argentine shipments for the week. Remarkably strong conditions developed in the Southwest. At Kansas City the May was marked up two cents and the cash prices were marked up several cents when No. 2 red sold at 140 or over. One mill closed down at Great Bend because of the security and high prices. Even more than the commercial situation is the prospect of a short winter wheat crop. This was the kind of news which created the best buying of the day. It is not a bull market by any one man at present, but the whole trade and the country are buying wheat on bullish conditions. Get in on the breaks if possible."

The close became very active with certain specialties advancing sharply. North Butte rallied to 72 1/2, Isle Royale to 29 1/2, Range to 77 1/2, Old Dominion to 31 1/2, Atlantic to 13 1/2, and Shannon to 14 1/2. I expect to see a broad and active market tomorrow, with higher prices for all the copper."

The number of shares sold during the day were as follows:

Table of shares sold during the day for various stocks.

SUPREME COURT CHANGES

Two or Three Expected in President Taft's Administration.

Fuller, Harlan and Brewer Under Rumor's Consideration—All Are Still Active, but May Retire.

Washington, March 31.—Once more official Washington is busy with rumors that there are soon to be two and may be three vacancies on the supreme court. The rumor may be based on fact and it may not be. That President Taft will have an opportunity to fill some vacancies in this court within a month that there are soon to be two and may be three vacancies on the supreme court. The chief justice, was seventy-six the eleventh of last month. He still has the spry step of a man of fifty, and he does his full share of the work that falls to the court, but persons who are in his confidence have expressed the opinion that he is almost ready to retire. It has been generally understood that he would have retired during the last administration except for the fact that he did not want Roosevelt to appoint his successor. John Marshall Harlan is seventy-four months the junior of the chief justice. He is even better preserved than the head of the court. His ruddy complexion, free from wrinkles, and his general activity are characteristic of a man twenty years his junior. No one in Washington works harder than he. In addition to performing the arduous duties as a member of the highest court of the land he lectures on law and jurisprudence at the George Washington University. His daily "grind" at the court over, he goes to the university every afternoon at 6 o'clock and talks to his class one hour. And he finds time for his golf and his long walks.

Copper Range Consolidated. South Range, Mich., March 31.—The greatly improved conditions in the Tri-mountaine mines first noted about one month ago, continue. The best showing is being made in No. 4 shaft, where exceptionally rich rock is in evidence on several levels below the eleventh. This shaft, together with No. 1 shaft, opened on the extreme south end of the property, furnishes the bulk of the rock at present going to the stamp mill. Thirty open-cast drills are engaged in stopping. None of them is in the rich ground recently opened in the bottom of the mine. The special drifts are being extended at the rate of fifty feet monthly, and at least one year will be required to open enough high class stopping ground to put the property on a par with the Baltic and Champion mines.

Yuma Copper Company. Houghton, Mich., March 31.—The Yuma Copper company will open its subscription books Thursday, April 1, closing next Monday for 100,000 shares at \$1 per share. The officers are: Samuel Brady, superintendent of the Michigan mine; John L. Harris, general manager of the Hancock Co. consolidated, vice president; Courtney Douglas, secretary; Ann B. McLaughlin, cashier of the Houghton National bank, treasurer. The directors are the presiding officers and Allen F. Rees, Professor A. E. Seaman of the Michigan College of Mines and Thomas C. Johnson of Prescott, Ariz. The property has six acres of copper and gold-bearing lands near Salome, Arizona, two miles from the present gold rush.

Copper Metal Prices. New York, March 31.—Copper was unchanged in London today, with spot quoted at 457 and futures at 457, 135, 9d. The local market was quiet and unchanged, with Lake quoted at 12 1/2 to 13 1/2, electrolytic at 12 50 to 12 75 and casting at 12 37 1/2 to 12 62 1/2.

CHICAGO GRAIN MARKETS. Chicago, March 31.—The July wheat sold here today at 107 1/2, a new high record mark for the season. Crop damage reports showing a poor condition of the winter wheat crop in this country manifested the greater part of the session. The volume of the trade was not large. The market was also bullishly affected by a private estimate on the wheat shipments from Argentina during the week, the amount being placed at

MARQUETTE COMMON COUNCIL PROCEEDINGS.

(Official.) Marquette, Mich., March 26th, 1909. An adjourned regular session of the common council was called to order at 8 o'clock p. m. by the mayor, the Hon. John Robertson.

Present—Aldermen Asire, Campbell, Donovan, Downey, Ekstrom, McCarthy, Peters, Reichel, Schauer, Siegel and Williams—11.

The record of the session of March 1st, approved.

The petition of Andrew Besander and fifteen others, requesting that Fifth avenue be graded, curbed and macadamized, from Wabdo street to Norwood street, and that furnace slag be used in the construction as far as possible, was presented and referred to the committee on parks, cemeteries, streets and sewers.

The petition of Charles J. Anderson and fifteen others, requesting that an arc electric light be placed near the west end of Park street, was presented and referred to the committee on parks, cemeteries, streets and sewers.

The reports of the trustees of the Peter White Public Library, the Park Cemetery and Street Commission, the Board of Fire and Water Commissioners, the Light and Power Commission, the Board of Police Commissioners, Controller, Treasurer and Marshal were presented and ordered placed on file.

The committee on finance and taxation submitted the following:

March 26, 1909. To the Hon. Mayor and Common Council of the City of Marquette:

At a conference with law your committee on finance and taxation beg to report that they have examined the books and records in the office of the city treasurer, and have examined the reports of the Fire and Water Commissioners, the Light and Power Commission, the Board of Police Commissioners, Controller, Treasurer and Marshal were presented and ordered placed on file.

The committee on finance and taxation, to whom had been referred the petition of Mary A. Todd, requesting relief from the payment of concrete sidewalk assessment amounting to \$37.22, recommended that the prayer of the petitioner be granted.

Moved by Alderman Asire, supported by Alderman Williams, that said recommendation be adopted.

Moved as a substitute by Alderman Downey, supported by Alderman McCarthy and Alderman Williams, that the petitioner be granted that a warrant be drawn on the general fund in favor of Robert P. Byrne, Treas., for payment of said amount.

Yeas—Aldermen Campbell, Donovan, Downey, Ekstrom, McCarthy, Peters, Reichel, Schauer, Siegel and Williams—6.

Nays—Aldermen Asire, Peters, Schauer, Siegel and Williams—5.

The committee on parks, cemeteries, streets and sewers reported that Mrs. Wilhelmina Schwahn was willing to grant a right-of-way for a public sewer in and along the east side of Lot 7, Block 5, of John Bart's Addition for a term of years for a nominal consideration.

Moved by Alderman Siegel, supported by Alderman Asire, and carried that the committee on parks, cemeteries, streets and sewers be authorized to make a contract with Mrs. Wilhelmina Schwahn for such right-of-way for a term of twenty-five years for a consideration of \$25.

Yeas—Aldermen Asire, Campbell, Donovan, Downey, Ekstrom, McCarthy, Peters, Reichel, Schauer, Siegel and Williams—11.

Nays—None.

The committee on public health reported that they had a meeting with Dr. A. W. Deadman, present, relative to tubercular cattle and recommended that said matter be taken up by the new council.

The special committee on the claim of the city of Marquette against the Northern Railway company on account of judgment paid to Laughlin Johnson, administrator, reported that they had a conference with General Manager H. R. Harris and Attorney W. P. Beldege in behalf of the railway company, at which it was agreed that for continuation would pay to the city sixty-two and one-half (62 1/2) per cent of the amount paid on said judgment for damages, costs and interest, on condition that the city would accept the same in full satisfaction of the claim for continuation.

Moved by Alderman Williams, supported by Alderman Donovan, and carried that the report be adopted and that the city treasury that proper receipt be given.

Yeas—Aldermen Asire, Campbell, Donovan, Downey, Ekstrom, McCarthy, Peters, Reichel, Schauer, Siegel and Williams—11.

Nays—None.

Alderman Downey submitted the following majority report:

To the Common Council of the City of Marquette:

Gentlemen—Your committee appointed to investigate the advisability of the re-assessment upon an enlarged district of the cost and expense of the improvement of Division street between Bloom huber avenue and Newberry street, have had the same under consideration and have leave to report that they do not believe such re-assessment to be advisable. We find that work of grading has already been done to the amount of \$180, which the city would lose in case the assessment roll were vacated and a new roll ordered creating new property.

It is the committee's belief that lots 1, 2 and 13 of White's Addition will be greatly benefited by the improvement, but that the gentlemen who have recently purchased them and a large number of other lots in that addition, are willing to pay the assessment levied on the lots for the estimated cost of the improvement, and say that they will quit-claim the three lots to anyone who will pay the assessments on them. Your committee are of the opinion that the lots are really worth more than the assessments thereon, although perhaps not immediately salable.

We therefore recommend that the Park, Cemetery and Street commission be instructed to proceed with the grading, curbing and macadamizing of the street, and construction of sewer therein.

Also, that at the proper time the city bid in the lots for the assessments thereon, in case the owners are unwilling to pay the same; or accept from the present owners their quit-claim of the lots in satisfaction of the assessments,

PROTESTING AGAINST FREE IRON ORE

ISHPEMING AND NEGAUNEE MEN OF ALL CLASSES ARE WRITING CONGRESSMAN YOUNG AND SENATORS BURROWS AND SMITH AT WASHINGTON.

A large number of Marquette county men, particularly residents of Ishpeming and Negaunee, are writing Congressman H. O. Young and Senators Burrows and Smith at Washington, urging them to use their influence in an effort to take iron ore off the free list in the Payne tariff bill. Among those writing are working men, merchants, professional men and mining men. Many letters went out Monday and Tuesday and another large batch was sent out yesterday. A committee representing the board of supervisors will also send a protest to Congressman Young. Some of the Republican ward clubs have taken similar action, and it is anticipated that before the week is over hundreds of letters will have gone from the two cities.

It is asserted that the removal of the duty from iron ore would be injurious not only to this range, but also to all other ranges of the Lake Superior district. Protests against free iron ore are also being sent to the Minnesota senators and congressmen from the mining districts of that state and the operators of mines in the South are also expressing disapproval of the proposed tariff. The friends of Congressman Young are pleased with the way he is working to have a duty placed on ore. His recent letter to the ways and means committee, reviewing the situation, should carry considerable weight. In view of the fact that Cuban ores are now being sold in Pittsburgh in competition with Lake Superior ores, it is certain that with the duty removed the producers of the product in the foreign countries would have an advantage that would not be easily overcome by the American producers. None of the Michigan mines are steam shovel propositions, but all are deep properties, some being now wrought to a depth of over 2,000 feet and requiring whole forests of timber to support the walls and roofs, at a large expenditure.

W. G. Mather, president of the Cleveland Iron company, who testified before the ways and means committee, fixed the cost of mining in the entire Michigan district at \$1,3846 per ton. The average royalty is \$3,309. The transportation by both rail and lake to the lake ports is \$1,2344 per ton. Including the administration expenses, commissions, etc., the total cost of getting a ton of ore to Lake Erie ports is \$3,0595. In a statement of the average freight rates from Lake Erie ports to the furnaces Mr. Mather stated that to Mahoning and Shenango valley points they are sixty-five cents per ton; \$1.05 to Pittsburgh and vicinity; \$1.25 to other western Pennsylvania points, and \$1.50 to points east of the Allegheny mountains. Adding the transportation cost from Lake Erie ports to the points mentioned to the cost of mining and lake and rail freights to Lake Erie, the total cost of the ore delivered to the Mahoning and Shenango valley points is \$3.71 per ton; to Pittsburgh, \$4.11; other western Pennsylvania points, \$4.31; points east of the Allegheny mountains, \$4.56.

Judge Gary, in his statement before the ways and means committee, fixed the average cost of ore mined by his company, which included the ores from the Vermilion and Mesaba ranges in Minnesota, as well as those in Michigan, at \$2.88, delivered at Lake Erie ports. This, Mr. Young argues, is probably correct for his company, but it must be remembered that the Mesaba ores are not as valuable, on the average, as the Michigan ores. The coke costs enough more at Chicago and Lake Erie ports than it does in Pittsburgh to entirely make up

for the difference, and perhaps a trifle more. Mr. Young contends that there is no subject upon which there is more misinformation than upon the character of the Mesaba mines.

An important factor which has changed the entire situation as to foreign competition is the recent discovery of immense bodies of high grade ore near the northern coast of Cuba. It is said that these deposits will probably be found to be as large as those upon the Mesaba and because of their high iron contents they will be in better demand than ore formerly received from Cuba.

Visit our millinery department and get a line on the new creations. (3-20-tf) F. BRAASTAD & CO.

Sellwood's big ten-day Easter opening sale opens this morning. (4-1-14)

Very special values in muslin underwear at Braastad's. (3-27-tf)

PARSIFAL TONIGHT.
Production of Unusual Merit the Offering at Ishpeming Theater.

"Parsifal" will be produced at Ishpeming theater tonight. Staged with spectacular features that enhance the value of the production, presented with a sense of fitness of things that is necessary to so demanding a play, and interpreted by an ensemble of artists carefully selected is what is promised in this unique offering. There is no necessity of describing the wonderful work at this time, for it is familiar to most people, students of the great master and his greatest effort.

A feature of the performance which "Parsifal" patrons should bear in mind is the unusual hour of commencement. The curtain will rise promptly at 7:45. Auditors should be in their seats at this time, as the darkened auditorium will prevent seating any one during the action of the play, and late comers will be required to stand until the conclusion of the first act, which requires forty-five minutes for each interpretation.

Braastad's millinery opening, April 1, 2 and 3. (3-30-tf)

BOCK BEER.
The old-fashioned bock beer made by the Upper Peninsula Brewing Co. is now on tap at all the leading dealers. It's more delicious than ever before. (4-1-21)

Our milliners will study individual requirements and make the hats accordingly. (3-30-tf) F. BRAASTAD & CO.

Ten-day Easter Opening Sale begins Thursday, April 1st. (3-31-2d) JOS. SELLWOOD & CO.

ORATORICAL CONTEST.
An oratorical contest in which representatives of several of the schools of the upper peninsula included in the Ishpeming district will participate is to be held tomorrow evening in the auditorium of the Ishpeming High school. The Ishpeming school will be represented by Booth Goodman, who won in the preliminary contest held three weeks ago. Besides the orations there will be several musical numbers by the high school glee clubs. The admission will be ten cents and the entertainment will begin at 8 o'clock.

For your final fixings for your Easter toilette we are fully equipped to care. (3-31-2d) JOS. SELLWOOD & CO.

A nobby line of boys' confirmation suits, just received at Braastad's. (3-27-tf)

BOCK BEER.
Don't miss the old-fashioned bock beer just out and for sale at all the leading dealers. Upper Peninsula Brewing Co. (4-1-21)

 A. B. Miner, T. C. Yates.

Negaunee Department

POLITICS WARMING UP.

Canvass Will Be Lively from Now Until Monday Evening.

The nomination of two tickets in Negaunee will result in a warm election. The politicians are already at work and most of them will be busy until the polls close Monday evening. This is the first time in three years that a second ticket has been nominated, and there is considerable doubt as to what the outcome will be in some of the wards. The fight in the Third ward promises to be the most interesting in the city, as both H. G. Mueck and Richard Nesbitt, the candidates for supervisor and alderman, respectively, on the People's ticket, have already commenced work. They have strong opponents in Captain Edwin N. Corey and N. Laughlin Jr., and it is certain that the fight will be spirited. Messrs. Mueck and Corey were opponents three years ago, but this is Mr. Nesbitt's first run for a political office.

The fight between the candidates for mayor also promises to be warm, and the friends of the nominees for treasurer are going to do some hard work. W. H. Mitchell has a number of friends who will work in his interest and his opponent, Oral J. Lacombe, is also lining up his supporters.

Our entire line of ladies' 1909 spring suits was sold out in twenty days. We re-ordered many new styles and the first lot is just in. Come in and try on a few suits.
 (3-27-tf) F. BRAASTAD & CO.

WILL TALK ON POLITICS.

Rev. W. B. Coombe, pastor of the Mitchell Methodist church, will discuss local politics at the Sunday evening services. He said yesterday that he will not talk in the interest of any particular candidate, or any particular party, but that he will probably pay his respects to some of the individual candidates nominated for offices. Rev. Coombe's discourse will doubtless be interesting and it is certain that he will have a large congregation to hear what he has to say.

BOCK BEER.

The old-fashioned bock beer made by the Upper Peninsula Brewing Co. is now on tap at all the leading dealers. It's more delicious than ever before.
 (4-1-2t)

Our ladies' suit department is a pretty busy place these days. That the ladies appreciate special values in suits is evidenced by the fact that we have crowded a three months' business into twenty days.
 (3-27-tf) F. BRAASTAD & CO.

WAS GREAT BALL GAME.

Fans Much Pleased With Tuesday Night's Contest.

The second indoor baseball game between the Manistigues and Union teams Tuesday evening at the Adelphi rink was a satisfactory exhibition and was much enjoyed by the Negaunee fans. Charles Kirkpatrick, who twirled for the Negaunee team, held his opponents to very few hits, and had the remarkable record of not having had the ball batted outside the diamond during the entire game. One ball that was too fast for the shortstop to handle was prevented from going outside the diamond by Ed. Faulstich at third base, who made a sensational stop. The second baseman did not have occasion to handle a batted ball once. Practically all of the hits were fielded by the shortstop, the first and third basemen and pitcher.

Dunlavey had two hits. On one of them he made a home run. The ball was batted up into the rafters and bounded back to the catcher. The second baseman left his position in an effort to field the ball and Dunlavey took advantage of the opening and left first. The catcher threw the ball to second and it was missed and the runner went home. Dunlavey also scored one of the other three runs made by the Negaunee nine. Kirkpatrick was given fine support by the infielders and the game on Negaunee's part was fully as fast as the previous night. Only one error was charged to the team in the nine innings. Kirkpatrick passed two men to first on balls and Crave passed one.

The Negaunee players and fans are much interested in the proposed series with the Ishpeming City team, which will open at Braastad's hall next Tuesday evening. The articles of agreement under which the series is to be played are satisfactory to them and it is not anticipated that there will be any disputes over decisions of the umpires. The representatives of the papers who prepared the rules will have the power to remove the umpires, if in their judgment they are partial to either team, or are incompetent.

You'll fancy the new hats that will be shown April 1st. They're so chic and distinctive.
 (3-30-tf) F. BRAASTAD & CO.

LEAGUE BOWLING CONTEST.

The Ravens took a game from the Cubs Tuesday evening by fifty-three pins in a scheduled contest of the Finnish league at DeFralne's alleys. The scores were as follows:

	Ravens	Cubs	Tot.
Alho	169	144	156
J. Salo	200	107	130
K. Koski	124	116	131
Totals	493	367	417
Cubs			
A. Heekla	168	128	174
E. Heekla	113	134	114
W. Koski	101	137	115
Totals	322	399	493

BOCK BEER.

 (4-1-2t)

If you're a hat critic, we'll take particular pride in your patronage. If not, we'll show you a new light on millinery excellence.
 (3-30-tf) F. BRAASTAD & CO.

MAY RACE HORSES.

William Jewel and Ben Record, two well-known Negaunee men, who own speedy horses, are talking of a race to be pulled off as soon as the weather will permit. Both men work at the Blue mine and it is said that the miners and other workmen there are taking sides as to which they think is the better horse and they have some interesting arguments concerning their merits. Both horses are good steppers. Mr. Jewel says that he will back his horse against any horse in the county that has never been on a race track.

AFTER FOUR YEARS OF MISERY

Cured by Lydia E. Pinkham's Vegetable Compound

Baltimore, Md. — "For four years my life was a misery to me. I suffered from irregularities, terrible dragging sensations, extreme nervousness, and that all gone feeling in my stomach. I had given up hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. Then I felt as though a new life had been given me, and I am recommending it to all my friends." — Mrs. W. S. FORD, 1935 Lansdowne St., Baltimore, Md.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It has stood the test of years and to-day is more widely and successfully used than any other female remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, and nervous prostration, after all other means had failed. If you are suffering from any of these ailments, don't give up hope until you have given Lydia E. Pinkham's Vegetable Compound a trial. If you would like special advice write to Mrs. Pinkham, Lynn, Mass., for it. She has guided thousands to health, free of charge.

A Splendid Cough Medicine For Men

Business men suffering from Coughs and Colds can bring a bottle of Dr. D. Jayne's Expectoant to the office and take this standard cough medicine at regular intervals throughout the day. In this way they can get rid of their ailment without in any way interfering with their business.

DR. D. JAYNE'S EXPECTORANT

has been relieving and curing Coughs and Colds, Bronchitis and Pleurisy, Croup and Whooping Cough for nearly four score years. Sold by all druggists, in three size bottles, \$1.00, 50c and 25c. Dr. D. Jayne's Tonic Vermifuge is a splendid, natural tonic, for attaining a permanently healthy constitution.

GEORGE F. RUEZ BROKER

STOCKS, BONDS AND GRAIN

Robbins Block, 116 Main St. ISHPeming, MICH.

Paico, Webber & Co.'s private wires to Boston, New York and all markets. Daily market letter, also Walker's Weekly Copper Letter, mailed free upon request.

LOCAL LACONICS.

George Feigel was up from Princeton yesterday.

August Isaacson and Fred Hagos of Excelsior, Minn., are visitors in the city.

Will Ellis left last night for Proctor, Minn., after a six weeks' visit with relatives in Negaunee.

Eugene Murphy, the commercial man of the copper country, called on his Negaunee trade yesterday.

The four new street cars purchased a short time ago for the local system are expected to arrive here any day.

Peter Rasmussen arrived home last evening from a business trip to Detroit. Dan Shea was in his store during his absence.

John Gaffney, the People's party nominee for constable in the Third ward, says he is not a candidate for that office on that ticket.

W. Hope, representative of the National Phonograph company, which handles the Edison talking machines, was in the city yesterday. J. M. Perkins has the Edison agency here.

Negaunee will be well represented at the production of "Parsifal" tonight at Ishpeming theater. Owing to the length of the performance the curtain will be raised promptly at 7:45.

A special meeting of the school board was held Tuesday evening to consider bids for furniture for the new high school building. Several representatives of furniture houses were present, but contracts were not closed. The building committee selected most of the material needed when it was in Chicago last week.

The members of the Epworth leagues of the Mitchell Methodist church and the National Methodist church held a joint meeting Tuesday evening at the church here. Twenty-one members were present from the National and there was a large attendance of the Negaunee members. An interesting program was given and refreshments were served.

The finest tea grown in the world is "Salada" Tea. Sold only in sealed lead packets. At all grocers. Trial packet 10 cents.

COMMERCIAL FISH BILL SUITS ALL

AGREEMENT REACHED AT MEETING OF FISHERMEN, GAME WARDEN AND JOINT COMMITTEES.

WILL CONSERVE WHITEFISH

Revised Measure Aimed to Prevent Further Depletion of the Great Lakes Bordering on Michigan.

August J. Anderson has returned from Lansing, where he used his influence toward the amendment of certain features in the Ming bill, which are objectionable to the commercial fishermen of this locality.

A proposal from the fishermen operating on Lake Michigan to allow undersized trout caught in nets of legal size to be kept and marketed caused more discussion at the meeting than any other point.

The Ming bill provides that the legal mesh of nets for catching lake trout and whitefish shall be four and one-half inches, instead of the four and one-fourth inch mesh now used.

In order that the fishermen may have a chance to get their money out of the nets they now have on hand, all of the nets now in use, which are legal under existing laws, may be used until Jan. 1, 1911, even though they are made illegal by the provisions of the Ming bill.

Other provisions of the Ming bill, not already mentioned, are: It shall be unlawful to set any net in the connecting waters between Lake Superior and Lake Huron or between Lake Huron and Lake Erie, or within fifty rods of the mouth of any river or inland lake.

Fishermen shall save all the spawn found in any fish they may catch, properly impregnate it and deliver it to the fish warden in the specific manner designated in the act.

It shall be unlawful to have in possession whitefish weighing less than two pounds in the round, or lake trout weighing less than one and a half pounds.

Miscellaneous, black, white, green or strawberry bass and brook trout may not be taken in nets at any season of the year or sold or offered for sale.

Sturgeon may not be caught nor offered for sale at any season of the year. Every fisherman must keep an accurate account of the number of pounds of each kind of fish taken and shall report the same to the warden every year.

Punishment for violations of any of the above provisions shall be: for the first offense, not more than \$100 nor more than thirty days in jail, or both; for subsequent violations not more than \$200 nor more than one year in the county jail, or both.

MOTOR DRAY BOUGHT.

Flanigan Bros. Preparing to Handle Their Business in Up-to-Date Manner.

A very important deal was consummated yesterday whereby Flanigan Bros. of the Marquette Transfer line have purchased a commercial motor truck, or dray. This places the transfer company in a position to serve their many patrons with greater speed and convenience.

The car will be up-to-date in every respect. It is of the Grabowsky make, manufactured in Detroit. C. B. Ulrich of Hancock represents this company, and it was through his efforts that the sale was made.

The company has been guaranteed delivery in three weeks, and they fully hope to be ready and operating by that time. To this end Jos. Flanigan will leave in a few days for the factory at Detroit, where he will remain until the car is shipped, and acquaint himself with not only the operation and care of the car, but every detail entering into its construction and manufacture.

DOESN'T WANT ORE ON THE FREE LIST

COMMERCIAL CLUB FORMALLY PROTESTS AGAINST REMOVAL OF REDUCTION OF TARIFF ON MARQUETTE COUNTY'S GREATEST "FINISHED PRODUCT."

At a special meeting of the Queen City Commercial club, held at the city hall yesterday afternoon, the following resolutions were adopted, protesting against the removal or reduction of the tariff duty on iron ore:

"Whereas, The people of the upper peninsula of Michigan are practically unanimous in their belief in the wisdom and justice of the American doctrine of protection to the products of home labor by tariff duties levied upon imports of competing products from foreign countries; and

"Whereas, The voters of this peninsula are and have long been sincere and staunch supporters of the party pledged to the principles and practice of protection to American industries, and which is now dominant in both legislative and executive departments of the United States government; and

"Whereas, Iron ore is the great 'finished product' of the labor of this region, the pillars in the mines, in the shops and on the railways and docks, and in all the various employments directly and indirectly engaged in the production and shipping of the principal product of this region; and

"Whereas, It is proposed in congress to strike from the tariff schedules of the nation the small measure of protection now afforded the chief industry upon which all our business and prosperity is based; now therefore, it is hereby

"Resolved, By the Queen City Commercial club, of the city of Marquette, that we regard as a serious threat to the business and prosperity of the upper peninsula of Michigan, the proposition to admit into this country, free of all import duties, the iron ores of foreign countries, which ores already come into competition with American ores on our Eastern seaboard, and which, upon the removal of reduction of duties, we believe will come into competition with our ores as far west of the seaboard as the amount of reduction in duty will pay for freight inland on such foreign ore; and

"Resolved, That we believe the proposed policy, if carried out, will inevitably depreciate the value of the product of our mines; will surely close many of our mines; will check the exploration and development of our mineral lands, and will result in a general reduction in the wages of the miners, mechanics, railroad men and other laboring classes of this peninsula; and

"Resolved, That this club protests against the free importation of iron ore as a violation of the principle of protection to American industries, as a distinct blow to the prosperity of this peninsula and to one of the greatest industries of our state; and

"Resolved, That the senators and representatives in congress from this state are hereby requested to use all honorable efforts to prevent the threatened danger to the material interests of our state; and

"Resolved, That Honorable H. Olin Young is hereby pledged our cordial sympathy and loyal support in his fight to defeat the efforts of those who by the repeal of the duty on iron ore would deprive this region of its just share of the benefits of the policy of protection; and

"Resolved, That copies of these resolutions, certified by the president and secretary of this club, be forwarded to each senator and representative in congress from this state."

UP BEFORE THE BAR.

N. H. Brown, an attorney, of Pittsfield, Vt., writes: "We have used Dr. King's New Life Pills for years and find them such a good family medicine we wouldn't be without them." For Chills, Constipation, Biliousness or Sick Headache they work wonders, 25c. The Stafford Drug Co.

BOCK BEER.

Don't miss the old-fashioned bock beer just out and for sale at all the leading dealers. Upper Peninsula Brewing Co. (4-1-24)

A stomach specialist recently said: "When the American people learn to drink buttermilk at or about mealtimes they will have very much less stomach trouble and rheumatism." (3-15-10)

Foley's Honey and Tar is a safeguard against serious results from spring colds, which inflame the lungs and develop into pneumonia. Avoid counterfeits by insisting upon having the genuine Foley's Honey and Tar, which contains no harmful drugs. Sold by all druggists.

TRACTION ENGINE BOUGHT.

County Road Commission to Use It for Hauling Rock from Quarry.

The Marquette county road commission has purchased a twenty-two horse power Buffalo-Pitts traction engine and four cars, which will be delivered the last of April and will be used in hauling rock from the quarries to where it is needed in road building. The cars are of peculiar design and resemble an ore car more than a wagon. They will hold from six to eight yards of rock and it is claimed that the engine can haul four of them at a time. The cars have steel wheels with twelve inch tires and wood boxes with spreading bottoms, which distribute the rock evenly on the road. It is expected that this purchase will materially reduce the cost of hauling rock from the quarry to wherever it is needed.

The first piece of road to be built this year is that through the sand belt from Chocoley and Harvey towards Green Garden. Work will be begun on this highway as soon as the snow goes off. The rock will be obtained from the county quarry near Chocoley, about two miles and a half from the west end of the road to be macadamized.

OLD-FASHIONED BOCK BEER.

The Upper Peninsula Brewing Co. has just placed their famous old-fashioned bock beer on the market. It can be had at all the leading places in the city. (4-1-24)

DRY HARDWOOD.

Two dollars per cord in two-cord lots. (2-13-11) F. B. SPEAR & SONS.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion. Sold by all druggists.

Now is the time to order your awnings. We make awnings of all descriptions, also anything in canvas work. 3-13-11 KELLY HARDWARE CO.
