

EXPLAINS STAND OF THE DEMOCRATS

Mr. Daniel, Senior Member of the Minority of the Finance Committee, Discusses the Tariff Bill in the Senate.

Washington, April 19.—Following the statement by Mr. Aldrich, chairman of the finance committee, in presenting the tariff bill to the senate today, Mr. Daniel, the senior member of the minority of the Democrats, stated the position of the Democrats.

Washington, April 19.—The tariff debate was opened in the senate today when Senator Aldrich reviewed at length the pending measure which had been reported from the committee on finance.

Mr. Aldrich said in part: "The practical question to which I ask your attention today is, 'Will the bill as reported from the committee on finance produce sufficient revenue when taken in connection with the internal revenue taxes and other existing sources of revenue to meet the expenses of the government?'"

Mr. Aldrich submitted statements showing the receipts, disbursements, and deficits of the treasury for the fiscal years 1900 to 1911, inclusive.

Mr. Aldrich explained that he arrived at his estimates from data secured in consultation with treasury experts.

SCHEDULE FOR TODAY.

National League. Philadelphia at New York. Brooklyn at Boston. Pittsburgh at Chicago. St. Louis at Cincinnati.

American League. Cleveland at Detroit. Chicago at St. Louis. New York at Philadelphia. Boston at Washington.

YESTERDAY'S GAMES. National League. Cincinnati, April 19.—Mowrey's work at short, with two assists and two putouts, was the feature. Summary: Cincinnati, 200001000—2 4 1. St. Louis, 000000200—2 8 1.

American League. New York, April 19.—The visitors won by lurching hits in the third. Summary: New York, 001001000—2 4 1. Philadelphia, 003000000—3 5 2.

Chicago-Pittsburg game postponed because of wet grounds. American League. Washington, April 19.—Gray was wild and ineffective. Summary: Washington, 000012001—4 7 4. Boston, 020420000—8 11 1.

Philadelphia, April 19.—The visitors took a batting streak in the seventh, and won. Summary: Philadelphia, 011000000—2 7 2. New York, 000000310—4 10 2.

Notre Dame Defeats Michigan. Notre Dame, Ind., April 19.—Notre Dame defeated Michigan University today by the score of 11 to 2.

NATIONAL COMMISSION FINDS THAT BRIBERY WAS ATTEMPTED. Cincinnati, April 19.—The national baseball commission tonight announced that as a result of its investigation of the charges that an attempt was made to bribe Umpires Johnston and Klem during the Chicago-New York National league game at New York last fall, proof has been obtained that an attempt to bribe was made.

Bill Passes in Minnesota. St. Paul, April 19.—The house bill legalizing Sunday baseball passed the senate today. It is thought that Governor Johnson will sign it.

THOS. C. DAWSON OF IOWA TO BE MINISTER TO CHILE. Washington, April 19.—The president today nominated Thomas C. Dawson, of Iowa, to be envoy extraordinary and minister plenipotentiary to Chile.

SMUGGLED GOWNS TO GO AT AUCTION.

Offer of \$260,000 That the Government Drop Its Investigation of a Sensational Case Involving Purchases by Prominent Women Is Refused by Collector Loeb.

New York, April 19.—A smuggling syndicate which first offered Collector of the Port Loeb \$100,000 to drop the government's investigation of the smuggling of "sleeper" trunks containing \$55,000 worth of Paris gowns today increased its offer to \$260,000, according to Mr. Loeb.

Chicago-Pittsburg game postponed because of wet grounds. American League. Washington, April 19.—Gray was wild and ineffective. Summary: Washington, 000012001—4 7 4. Boston, 020420000—8 11 1.

Philadelphia, April 19.—The visitors took a batting streak in the seventh, and won. Summary: Philadelphia, 011000000—2 7 2. New York, 000000310—4 10 2.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES: Per month by carrier, \$1.00; per year, by mail, \$10.00.

MARQUETTE, MICH., APRIL 20.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

The appointments being duly made and the new administration manned, our good people will no doubt proceed to give their undivided attention to their private affairs.

Of course those Tigers can't keep up the pace they have been going at indefinitely, but it can be remembered that games won at the front end of the season count just as much as games won at the rear end.

There are some critics who are inclined to scold Governor Warner because he has not handed Mr. Earle a re-appointment as state highway commissioner on a silver platter, but those who recall the bloodthirsty way that Earle went after Warner, Bradley and even the Grand Old Party in the primary campaign last fall incline to the belief that he has gotten no more than was coming to him.

It is now expected that President Taft will visit Mackinac Island the coming summer, to participate in the ceremonies attending the dedication of the statue of Father Marquette, sculptured by Signor Trentanove. The date of the dedication has been postponed until July, so as to increase the probability that President Taft will be able to be present. He has expressed much interest in the occasion, and says he will be one of the participants in it if this is at all possible.

Marquette hasn't had any real peace with the saloon question since the late Representative Gordon essayed the unwelcome role of reformer, and pulled off the much discussed, and "cussed," Gordon bill. It has been the source of more trouble and friction than has been unloaded on the town by any other single legislative measure, and has been the source of no good. The attempt to move faster than the remainder of the state in restricting the saloon can hardly be said to have been a success in Marquette.

Judge William R. Kendrick, of Saginaw, a member of the board of pardons, and a man with a wide acquaintance throughout the state, is mentioned as a likely successor to the late Cunooy H. Gage, judge of the circuit court in Saginaw county. Judge Kendrick has a long record of public service. He served at one time as prosecuting attorney, and also on the circuit bench, and is well equipped for the judicial office. If he becomes a candidate to succeed the late Judge Gage he will certainly be a factor who will have to be reckoned with.

Edward R. Kranich, publisher of Concrete, a trade journal devoted to the cement industry, is dead at Detroit, a victim of tuberculosis. Mr. Kranich was formerly identified with the daily press at Detroit, and served on several papers. He was at one time the legislative reporter for the Detroit Free Press, and in that capacity made a statewide acquaintance. Mr. Kranich visited the upper peninsula a number of times, and is well remembered by men in political life in this region. He was a capable, fair-minded newspaper man, and his untimely death is much regretted.

The restricting of the judicial circuits of the state, as provided for by the Miller bill, will decrease the size of the circuit now presided over by Judge Stone. To the counties of Marquette, Delta and Menominee it is proposed to add Schoolcraft and to take away Dickinson and Iron, which are to be put in with Gogebie and Ontonagon counties to make the proposed thirty-third circuit. There would be less work for a judge in the new circuit embracing Marquette county than in the old, for the addition of Schoolcraft county would bring to the circuit much less population and business than would be lost by the taking away of Dickinson and Iron. The circuit would still, however, be a large one, and the judge presiding over it would have plenty of work to do. As far as comment has been heard in this end of the proposed new circuit, it seems to meet with a fair measure of approval. The task of redistributing the

circuits of the state is a tremendous one, and it will be no small accomplishment to discharge it to the satisfaction of the conflicting interests.

Two theater fires at Ishpeming in one day again serve to remind that moving picture theaters are, on account of the inflammable nature of the films used, extra hazardous fire risks which should be subjected to the closest scrutiny by the authorities. Every town of any size in the country now has one or two of these theaters, and in the majority of cases they are not given the close supervision they should receive. The authorities should require adequate exits for getting the people out rapidly, and particular demand should be made for generous sized exits near the stage, as it is the practice in all houses of the kind to operate the moving picture machine, the greatest fire menace, in a coup located near the main entrances to the auditorium. It should be required that this coup be so built that its contents could burn out without the fire being able to spread. The experience at Ishpeming Saturday showed the necessity of requiring that the coup door shall close automatically, so that when an operator finds it necessary to leave post-haste on account of a fire the flames will not be given opportunity to escape by way of the entrance. This simple precaution is neglected in more theaters than it is taken in. The Ishpeming fires teach numerous lessons that may well be applied in moving picture theaters throughout the upper peninsula. In many of them the public's safety is not properly safeguarded.

The sensational performance of Mike Tanzey, a local incorrigible, in stealing a freight engine and running it east on the main line of the South Shore Sunday morning night, under other circumstances, had had serious consequences. That its issue was so fortunate was a matter of great good luck. The thing back of Tanzey's hairbrained escapade was drink. He only recently returned from the Ionia reformatory, on parole, and in the few days that he had been in the city the officers had chased him from saloons, which he persisted in hanging around, a dozen times. He is believed to have been drunk when he boarded the locomotive for his wild, if brief, dash. Tanzey's escapade is an example of the spirit of mischief exaggerated until it becomes the spirit of crime. There was no possible reason why he should have run away with the locomotive. It is likely that the project took form in his befuddled brain when he saw it standing, steam up, ready for a run. That he was accompanied by any companions the officers are now inclined to doubt. His destination, in the light of his latest offense, is prison again. He can be sent back to the Ionia reformatory for violation of his parole, and the punishment provided by the statute for his latest crime is a heavy one. Putting the lives of men, women and children in the balance in the spirit of wild mischief is regarded by the law with stern eyes, and it is a species of offense that no jury ever called would have a disposition to palliate.

Young Tanzey furnishes an example of a paroled convict who returned to the county from which he was sent. What did young Tanzey do when he returned home? Look for a job and set to work, with the approval of encouraging friends? Not by any means. He got back into the old rut of bad companions and liquor that had led him into trouble many times before. The terms of his parole were persistently violated, yet the Ionia reformatory officials were not notified. It is conceivable that young Tanzey would have been much better off in Ionia county. If Warden Fuller had procured him a first friend he would have had a job found for him and would have been required to work. There would have been no crop of bad companions of former acquaintance to take up with. He would at least, have been at the trouble of making new acquaintances of that ilk. And if he had violated the conditions of his parole he would have been returned to prison in jig time. There would have been no running away with locomotives if young Tanzey had remained in Ionia county during the term of his parole. This returning of paroled convicts to the counties from which they are sent works out beautifully in theory, but in fact and in practice it is about the worst thing that can happen for the general run of these men, and for the state, too, for it is to the state's best interest to have these lame ducks brace up and make fairly decent citizens. To crowd them back into the environment that originally made them bad is a very doubtful way of working to that end.

CLERGYMAN ON POLICE BOARD. The appointment by Mayor Vaughan of the Rev. J. M. Rogers as a member of the police commission last evening, confirmed by the council with votes to spare, is an appointment somewhat out of the beaten track, as it is not often that clergymen are named for municipal boards and it is still rarer that they are given an opportunity to serve on a police commission. There exists a feeling against clergymen taking a part in public affairs that many clergymen with red blood in their veins are restless under. They feel that their calling should not shut them out from activities to which all other men are eligible and that they should, on occasions, be free, without inviting special comment, to, in their capacities as citizens, take such appointments as Mr.

Rogers has now accepted. It is not the Rev. Rogers, clergyman, who is going on the police commission, but Mr. Rogers, citizen.

While the appointment is one that will create much comment, as did the report that it was contemplated, and while some good people will doubtless see wrack and ruin ahead because it has been made, we imagine the issue will show that it is not such a revolutionary thing after all. In the first place Mr. Rogers will be but one man on a board of five members. In the second place he is a reasonable man, and not a crank. He may believe, and doubtless does, in a full observance of the sanctity of the law, but he will not, unless we are mistaken, go about endeavoring to make the maximum of trouble and disturbance in a community that, as far as the liquor question is concerned, badly needs rest. And another thing. With Mr. Rogers on the commission there will be no danger of any excuse, for the periodical descents of that other Reverend, Mr. Rutledge of Ishpeming, on our city. We will doubtless be left alone to administer our own police business.

Apart from the question of whether the liquor law shall be enforced to the letter, there is much other work on the police commission for a strong, independent man to do. We have numerous times pointed out that the cost of the police department was last year some \$3,000 in excess of what it was three years ago when the council last had control of it, without any corresponding increase, either in population or crime. There is room for effective economies in the police department and also room for tuning up the force of patrolmen to a brisker and better performance of its duties. One man cannot control the board, but one man independent enough to speak out when speech is demanded can be a big instrumentality for good, and such a man we believe Mr. Rogers will prove.

Upper Peninsula

Gets Log-Driving Contract— Mitchell Dykes of Iron Mountain has been awarded the contract to drive the logs in Pine Creek for the Menominee River company. It is estimated that the stream contains about 4,000,000 feet of timber. Mr. Dykes expects to employ about thirty men in the work. It will take nearly three weeks to drive the logs to the main river.

Died While at Work— The last, sad summons, which none can disobey, came unexpectedly to George Slater, an AnTrain township farmer who lived about seven miles west of Munising. Slater was going about his work as usual when he suddenly fell over and died almost immediately. He was born in England forty-three years ago and had lived in AnTrain township the past twelve years. He leaves a wife, a son and a daughter.

Boys Kill Big Owl— A huge brown owl, one of the biggest ever seen in the city, and a bird which has been making its abode in the Seventh ward for many weeks, was killed in J. H. Riley's yard at Menominee the other afternoon by a band of boys returning from school. When the owl was sighted it was high in one of the tall trees south of the Riley residence and several of the boys armed with powerful airguns opened fire. In less than two minutes Mr. Owl, blinking in the sunlight, came tumbling down from his high perch.

Will Not Touch at Escanaba— The boats of the Mutual Transit company's line will not touch at the port of Escanaba this season again. Following the program of last year, the ships from Eastern points will deposit freight consigned to Escanaba at Gladstone and from that city it will be taken to Escanaba by the steamer Lotus. Last year the officials of the Mutual line refused to touch at Escanaba, claiming that the business secured was not sufficient to warrant a double stop, and in spite of the efforts of local business men the line will continue the same schedule this season.

City Official Doubly Bereaved— For the second time within two weeks death came to the home of City Treasurer T. J. Burke, of Escanaba, taking his two-week-old daughter, Marie Louise Elaine. But a fortnight ago Mrs. Burke passed away and the death of the babe following so closely upon that of the mother has proved a particularly heavy shock to the young father. The babe had not been strong since birth and its death was expected.

First Husband Not Divorced— Because his wife has found her first husband living in an upper peninsula town, the Rev. Jerome Goodrich, a prominent evangelist of this city, has secured a divorce after being married for but one year, says a dispatch from Wellston, O. In his application for a decree the Rev. Goodrich sets forth that he believed his wife to be a single woman, but lately learned that her first husband is living in a small town in northern Michigan. He immediately left her and applied for a decree, which was granted, as the wife could produce no record of a divorce from her first spouse.

Will Grow Acres of Tomatoes— Thirty acres of tomato plants will be set out on the farms of C. L. Cook of Menominee this year, the product to be used in the big preserving plant of the Carpenter-Cook company. This does not indicate the entire amount of tomatoes that will be cared for at the cannery plant this year, however. Other farmers have made contracts for raising tomatoes and several hundred acres will be devoted to this product alone. The young plants have been started in hot beds and will be transferred to the farms as fast as they are required. The farms of Mr. Cook will be almost completely in cultivation this year, all devoted to products for use at the preserving plant. A banner year is expected.

Big Stone Crusher Delivered— The big stone crusher purchased by the Menominee county road commission during the winter has been delivered at Menominee. The several patent dump

The Best in the Basket. It's a Biscuit Flour. It's a Pastry Flour. It's a Bread Flour. It's a Cake Flour. It's — GOLD MEDAL FLOUR. WASHBURN-CROSBY CO. FOR SALE BY YOUR GROCER.

wagons ordered at the same time, have also arrived and are being prepared for service. The stone crusher is of an improved pattern. It will do work that other types could not begin to do and will in every way fill the bill for county road work. The road crews are at work at the present time, getting their equipment ready for an early start. It is expected that road building can be started the first portion of next month. A total of \$20,000 will be spent by the road commission the present year.

Peculiar Fatal Accident— Patrick Harrington, a well-known young man of Ironwood, is dead, having been accidentally killed at the Norrie mine. Just how the accident occurred will never be known, as there were no witnesses. The young man was employed as an oiler. He was found to be missing, and on search being made his mangled body was discovered in a small shed covering one of the angle shovels running to H shaft. It is certain that the man must have fallen on the shovels when it was in motion, but the manner in which this could have occurred is a mystery. It was a part of his duty to oil this shive, but its construction is such that it is not thought possible that he could have slipped and fallen onto the wheel.

Was Pioneer of Menominee— William Henry Miller, a resident of Menominee for the past forty-two years, is dead. He passed away at his home, 516 Dunlap avenue. Death was due to heart failure. Mr. Miller, who was sixty-five years old, had been in apparent good health, although when he was called to supper he stated he did not wish to eat anything. Members of the family later noticed that he had fallen over in the chair and on reaching his side discovered that he was dead. The deceased removed to Menominee from Quebec nearly half a century ago, his occupation being that of a lumber scaler. Besides his wife, he is survived by six grown-up children. They are: Mrs. Jerry Saive, the Misses Cecilia and

Enma Miller, all of Menominee; Alfred N. Miller of Marinette; George Miller of Menominee, and William N. Miller, who lives in Washington. Loell to Head Escanaba's Team— Escanaba is to have a speedy baseball team this year, after all, and Jack Loell, captain of last season's aggregation will lead it. At a meeting of the directors of the club Loell was engaged as captain and will assume charge about June 1. In the meantime he will continue his school work at Ann Arbor, incidentally taking up the matter of securing players. He will be paid a stipulated salary. This season the management will engage an expert ticket seller, whose business it will be to be present at the ball park early on the afternoon of each game and see to it that no one gets in without paying an admission. The club owners this season will be much more strict in the matter of issuing passes. It being agreed that but one pass will be given to each player and to the members of the press. For the present, no extensive improvements are to be made at the park. A heavy steam roller is to be secured at once, however, and both the infield and the outfield thoroughly rolled.

An Appeal to Wives. Cure the Drinking Husband by Using Orinine—Can be Given Secretly. No more terrible affliction can come to any home than the craving for strong drink of husband and father. We appeal to wives, mothers and sisters to save the husband and father or the brother with Orinine, a scientific cure for the drinking habit. Can be given secretly. Orinine is sold under an absolute guarantee that it will cure the drink habit or money will be refunded. Save the happiness and prosperity of the home with Orinine. \$1 per box. Orinine is sold by The Stafford Drug Co., Marquette; P. B. Kirkwood, Negaunee.

Have You Tried? Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed. Women who are suffering with some form of female illness should consider this. As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Gardiner, Maine.—"I was a great sufferer from a female disease and weakness. The doctor said I would have to go to the hospital for an operation but I could not bear to think of it. Lydia E. Pinkham's Vegetable Compound completely cured me in three months."—Mrs. S. A. Williams, R.F.D. No. 14, Box 30, Gardiner, Me.

So. West Harbor, Me.—"I suffered for years with painful periods, backache, headaches, nervousness, irregularities and inflammation. I consulted two physicians and one advised me to have an operation. I was completely discouraged when I decided to try Lydia E. Pinkham's Vegetable Compound, and it has made me a well woman. I advise all suffering women to try Lydia E. Pinkham's Vegetable Compound."—Mrs. Lillian Robbins, South West Harbor, Me.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound. Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy. For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit. Mrs. Pinkham invites all sick women to write her for advice. She has thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Today's weather: Fair; not much change in temperature.

Dr. R. C. Markham went to Chicago last evening.

Henry Goldberg, of Chicago, is visiting his brother, M. F. Goldberg.

John V. Stack, of Yalmar, will leave today for a three months' visit in Sweden.

Dr. Kerr B. Tupper will lecture Wednesday evening in the Baptist church on "More Tally: Less Epitaphy."

W. E. Lewis has returned from an extended trip to Florida, Savannah, Baltimore, Richmond and Washington.

W. H. Beal has returned from Florida, where he has spent several weeks looking over timber.

Mrs. C. Burt will leave Wednesday for Detroit, where she expects to spend the next two months.

Miss Edith Rose left for Chicago last evening to spend two weeks with her sister, Mrs. Hwootkin.

Miss Nettie Morse, of Michigan street, started Sunday night for Seattle, Wash., to spend several months.

Herman Bittner and daughter have gone to St. Louis, where the latter will undergo a course of treatment at a sanitarium.

Mr. and Mrs. A. H. Flint moved to Oshkosh Saturday, from which city he will travel for the Underwood Typewriter company.

Funeral Wednesday—The funeral of the late Anton Sadtler will be held Wednesday morning from St. Peter's cathedral, with interment at Holy Cross cemetery.

Streets Being Cleaned—Street Commissioner Mitchell had more than a dozen men and four teams cleaning the winter's filth from Front street yesterday, and the thoroughfare now looks respectable. The superintendent states that the streets throughout the city will be put in shape as rapidly as possible.

Mrs. C. H. Morton and daughter, of Minneapolis, are visiting at the home of Mr. and Mrs. Henry Brittel, East Michigan street.

Ore Coming Thursday—Ore is now being loaded at the Washington mine, which is to be shipped from this port within a short time, and orders have been given to begin dilling one of the South Shore docks Thursday. The "Panay," of the Carter fleet of Erie, has been chartered to load at this port as soon as she can get here. A number of boats are now waiting at the Soo for the ice to break in Mid lake, and it is believed that the "Panay" will be here the latter part of this week.

Vaudeville at the Grand—There is an exceptionally strong vaudeville bill at the Grand theater this week, two separate acts being presented. Following the opening illustrated song, Lanktree and Fournier two clever acrobats, give an interesting performance, demonstrating many difficult feats. The other vaudeville feature is Grace Huntington and Leroy Pattison, who play a laughable dialog, the theme being a man who has the out-late-night habit and a long tongued wife. One night the husband gets his friend's overcoat by mistake and comes home intoxicated. The wife goes through his pockets, finds evidence of unfaithfulness and war is declared. By another chain of remarkable circumstances, the husband comes out well at last and the husband is given "just one more chance."

**INSURE WITH PETER WHITE & CO.**  
DECISION AFFIRMED.

Two Land Contests of Long Standing Finally Settled.

The secretary of the interior has affirmed the decision of the Marquette land office and the land commissioner in the Griffin contest cases, which have been in litigation for nearly two years. The decision in both cases was against the Griffins in favor of the contestants. Several years ago an application was made for a 160 acre tract in Ontonagon county by Timothy A. Griffin, and for another tract of the same size in the same county by Patrick W. Griffin, a brother. Both of these men are residents of Marquette. Some time later W. H. Gardner brought suit against Timothy Griffin, and David McLaughlin against Patrick Griffin, both of the contestants claiming that the Griffins had not lived upon the homesteads according to law.

Receiver John Jones and Register J. J. Donovan, after hearing the evidence in the two cases, decided in favor of the contestants. The Griffins appealed the case to the land commissioner at Detroit and later to the secretary of the interior, but the decision of the Marquette office was upheld by both the higher tribunals.

**THEATICAL.**

The Swedish Military Music.

The Swedish regimental music has a wealth of traditions that appeal with irresistible force to people of Swedish parentage. The regiments to which these bands belong are centuries old and have upon their banners inscribed victories from some of the bloodiest fights in history. Then come the old marches and tattoos; the army as well as each regiment has its own, and some of these of an antiquity impossible to fix. No wonder that the Swedish regiment bands that visit this country are received with such enthusiasm, especially as the high degree of efficiency of the musicians is world famous. The next organization to come will be the Royal Vendes Artillery band of the Swedish army. The director is John Ekblad; the soloist, Miss Hilma Mattsson of the Royal opera, of Stockholm. The band is twenty-six strong and the only one whose musicians execute also string band music. The Royal Vendes Artillery band will appear here Thursday evening, April 22, at the opera house.

**BLIND MAN A MERCHANT.**

Totally blind, deprived of his sight after he reached maturity, and yet able to conduct a business of large proportions without the slightest assistance, Fred Butth, the Menominee cigar, newspaper and magazine dealer, stands unique in his line. Ever since 1898, the sightless merchant has engaged in the present business and never on a single occasion has he been known to make a mistake in responding to the demands of a customer. From 7 o'clock in the morning until 9 o'clock at night, Butth is surrounded by stacks of papers and behind a counter he sits, a shower of orders falling upon him. He has the sight of one on April 19, 1887, and the other on June 20, 1888. After years of treatment with specialists, Butth opened a small cigar store in Menominee about eleven years ago. Being popular his trade flourished, and he is said to have amassed a comfortable fortune. Music is his hobby, and recently he installed a costly phonograph in his store.

**TOURNAMENT OF U. P. BOWLERS IN PROGRESS**

MARQUETTE CONTESTANTS DREW MANY SPLITS AND LOW SCORES YESTERDAY—HALL HANDSOMELY DECORATED.

The upper peninsula bowling tournament opened very auspiciously at the Front street alleys yesterday afternoon at 3 o'clock. The hall had been beautifully decorated with red, white and blue bunting and flags, and the electric rocket, made for the electrical workers' ball Feb. 22, has been placed outside the building and will be lighted all the time that match games are in progress. The interior decorating was done under the direction of A. J. Pleytze, of the Marquette Decorating company.

Only Marquette bowlers rolled in the games yesterday and their work was characterized by many splits, making low scores the order of the afternoon and evening. Over-carefulness seemed to effect the work of the bowlers yesterday, but it is expected that as the tournament goes on that they will regain confidence and strike their usual gait.

This afternoon will be devoted to single and double events, Marquette bowlers being the participants. The Guild Hall five-man class, B team will also roll a practice game.

In the evening a class B team from Negaunee will bowl a series of games, both five-men and doubles. It is likely that Marquette contestants will also roll off a few games. It is intended that all the Marquette bowlers shall have finished their games before Thursday, leaving the last three days for the out-of-town contestants.

But two scores of over 200 pins were made yesterday and both of them last evening. The first to have the honor of rolling over 200 was Jeanson in the Stafford class. A five-man team, later in the evening O. Manes rolled 213 in the three-men contest. The two Anderson boys, in their two men event made a remarkably good showing, rolling nearly as well as the class A teams. The scores follow:

—Singles, Class A—

Godwin	165	143	157	465
Stafford	132	162	149	443
Bell	137	150	124	411
—Five-Men Team, Class A—				
Stafford	170	127	177	474
Conkin	147	148	116	411
Jeanson	137	157	201	495
Godwin	151	148	125	424
Manes	114	173	141	427
Totals	718	753	760	2231
—Three-Men Team, Class A—				
Godwin	149	137	182	468
Manes	152	183	213	548
Stafford	129	153	139	421
Totals	430	473	534	1437
—Two-Men Team, Class B—				
O. Anderson	155	161	117	433
A. Anderson	139	173	125	437
Totals	294	334	242	870

### NOVELIST TURNS FARMER.

Richard Harding Davis Soon to Become a Real "Man With the Hoe."

Philadelphia, Pa., April 18.—Richard Harding Davis, journalist, war correspondent, novelist and playwright, will soon be the "man with the hoe."

After spending a few days with his mother, Mrs. Rebecca Harding Davis, at 230 South Twenty-first street, he will leave here for his country place, "Crossroads," at Mount Kisco, about forty miles from New York, to look after his spring planting. For, besides being a popular author, Mr. Davis is an enthusiastic farmer, and he knows something that is to say a little, about farming.

Fun in Work on Farm.

"I find there is more fun in farming if you take an interest in the place and do some work yourself," said Mr. Davis last night. "I have a place of about 300 acres a large part of which is woodlands, but there are 100 acres under cultivation. So you see I am now turning my attention to crops and spring planting. My services on the farm are now worth a dollar a day, but I get lots of fun out of it. Oh, yes, I did lay out a road up there. I paid an Italian 10 per cent for the use of his tools and then employed some Italian laborers. I was foreman. We laid out a road all right and it has not washed away yet."

Mr. Davis returned to this country about a week ago from a trip abroad. "I worked nearly all of the time I was over there," he said. "When I went abroad I had 'The White Mice' about half completed and I finished it over there. I also wrote Captain Kidd, a

musical comedy. It is to be produced at Mr. Follin's Aldwych theater, London, on May 1.

"My remembrance of London this year is a dense yellow fog. I was writing about palm trees, and every time I looked out of the window I saw this yellow fog. In the story of 'The White Mice' I fixed things to suit my convenience. It was not a fort or plaza where I wanted it I put on there. I found this much easier. When I wrote 'Real Soldiers of Fortune' I had to verify every statement. After the story appeared I heard from people all over the country, sending souvenirs, photographs and valuable data about the men, which would have been very interesting had I had it beforehand. It was very aggravating."

Mr. Davis intends to exhibit the Davis dogs at the Philadelphia show this spring.

### THREE LOSE THEIR LIVES WHEN A CANOE IS CAPSIZED.

Danvers, Mass., April 19.—By the capsizing of a canoe in Middleton pond late today, Victor Dufgin, automobile editor of the Boston Traveler, and Mrs. Ernest Norton, wife of the cashier of the Merchants' National bank at Boston, and her infant son were drowned. Norton was rescued.

### THREE DIE IN TRAIN WRECK.

Grand Rapids, April 19.—A washout sent a Grand Trunk eastbound freight into a ditch a mile west of the city today. Three men were killed and one was fatally injured.

## SENTIMENT GROWS FOR TARIFF COMMISSION

### Nation Falling Behind in Race for Practical Intelligence.

### Japan's Plan Is Considered a Model—The Idea Is Legislation Which Shall Represent Initiation of a Continuous Policy.

Washington, April 19.—Something marvelously like a revolution in sentiment in favor of the creation of a tariff commission is detected by those willing observers who have long been advocating that method of taking the tariff out of politics.

Incidentally, it should be explained that few of the advocates of a tariff commission want to take the matter out of politics at all. They want a commission, not to make schedules, but to gather the information which congress needs, and to give it to congress and the whole country. They protest with peculiar vehemence against the information monopoly which the finance committee has been accused of conducting. They think all of congress should have the whole information, and that the country should have access to it if it desires. Only in this way can a tariff bill be made intelligently or intelligently studied by the country.

### Falling Behind Other Countries.

There are now before congress tariff commission bills by Senators Beveridge, Warner and LaFollette, and by Representatives Steierson, Fowler and Miller of Kansas. They vary in scope from the ambitious project of Mr. LaFollette, which would give the commission power to report with recommendations as to particular duties that should be established, to the modest proposal of Senator Warner, who would have the secretary of the treasury appoint tariff experts to make investigation of schedules as the secretary of the treasury should direct, and investigating only those designated by him.

A year ago, said the author of one of these bills, "it seemed utterly hopeless to get such legislation. Now it is becoming apparent to everybody that congress has no facilities with which to inform itself about the vast array of subjects relating to industrial conditions, cost of production at home and abroad, and all other matters affecting tariff adjustments. The experience of other countries is beginning to be understood. They have long since taken up the tariff commission plan as the only one by which this material can be gathered."

### Japan's Commission the Model.

The German and Japanese tariff commissions are coming in for a great deal of faithful study just now. The German commission used to be looked upon into the Japanese organization are disposed to regard it as the model. Like so many other things of scientific character, the Japanese borrowed the general scheme from the Germans, and then improved by reason of the German experience.

The Japanese commission set at work in 1906 to make a complete commercial and industrial inquiry as to conditions in Japan and other countries, with reference to enlightening the problem goes into the most minute detail concerning supplies of materials in various countries, the markets they now control or aspire to control, the costs of materials, labor, capital investment, transportation—everything in short which has to do with world conditions of production, marketing and consumption. The tariffs of other countries are studied with the most minute care.

This commission is now in the third year of its work. When it is done, which is expected to be about 1912, it is to report a complete tariff scheme for the empire, which will be finally acted upon by the imperial parliament.

What Economy Has Done.

The German commission occupied about six years in its investigation of conditions, domestic and foreign. It was composed of thirty-two members, representing all sections and interests in the empire; and every time I found "Real Soldiers of Fortune" I had to verify every statement. After the story appeared I heard from people all over the country, sending souvenirs, photographs and valuable data about the men, which would have been very interesting had I had it beforehand. It was very aggravating."

Mr. Davis intends to exhibit the Davis dogs at the Philadelphia show this spring.

Madrid, April 19.—There was another big popular manifestation against the government in Madrid today.

## MARKETS

### DAY GOES AGAINST THE BULLS IN WHEAT.

### Despite Energetic Support, the Prices of the Cereal Break 1/4 to 2/3 Cents—Stock Market Is Strong Notwithstanding Conditions Adverse to Values.

Chicago, April 19.—The prices of wheat broke 1/4 to 2/3 cents today, owing to general selling based to some extent on the unexpected liberal exports last week from Russia. The total exports from that country last week were 2,056,000 bushels, compared with only 216,000 bushels the corresponding time a year ago. The reports regarding the fall sown crop in this country also were favorable. On several occasions it required the combined support of the bull leaders to check the declining tendency brought about by the general selling movement. After a weak opening the market rallied, but broke sharply and closed weak at net losses of 1/4 to 2/3 cents. The May opened at 127 1/2 to 127 3/4; highest, 128; lowest, 126 3/4; closing, 127.

### Stock Market Develops Strength.

New York, April 19.—The stock market today once more proved its power of resistance to what were considered unfavorable factors in the outlook, and developed a considerable degree of positive strength. The strong appearance of the market was undoubtedly due, in part, to the necessity of the uncovered short interest, which operated last week for a reaction in prices from technical causes. The bears continued their covering operations, but the market received but little effect as produced on the foreign stock markets by the admittedly serious situation of affairs in Turkey. The circulation over the week-end of the market letters and reviews brought no increase of outside selling orders. The influence of the wheat market also were not calculated to disturb the feeling amongst the financial element. The weather advices from the crop regions were assuring and revived the hopes of betterment in the winter wheat crop before the harvest season. The influence of the spring planting to advantage. The wheat situation probably had as much general influence on the tone of the market as any one factor, and it was emphasized by the consciousness forced upon those about the stock exchange itself of the summer months of the year.

### WHEAT CORNER A PUZZLE.

### Government Is at Sea as to What Action to Take.

Washington, April 19.—No confirmation can be secured of the rumor that President Taft and Attorney General Wickensham are contemplating legal action by the government to prevent such speculative operations as that now being carried on in the wheat markets by James A. Patten and other operators. It was learned authoritatively today that the matter was informally discussed at a conference held at the attorney general's office, when the matter of administration of railroad affairs was being considered. Congressman Townsend of Michigan stated today, however, that he knew of no plans for action on the part of the government, nor had any plan been formulated for new legislation on the subject.

Secures of telegrams and letters have come to the president and to the department of justice, protesting against the "bullying" of the wheat market and the forcing of the prices of wheat and flour to such high levels. If any action is ultimately decided upon by the government, it will undoubtedly be under the anti-conspiracy clause of the Sherman law. Congressman Townsend, Congressman Stevens of Minnesota and others admit that it would be impossible to frame a law covering the subject of futures, and that if the "bullying" of the market is reached in any way, it will have to be through the Sherman law, and through the proving of a conspiracy which involves the interstate transportation of grain.

The puzzling question is how to initiate action or frame a law against speculation in futures which would not also operate equally to prevent all proper trading. The offense does not consist in dealing in future values, for every manufacturer does that every day, but forcing prices up beyond a certain reasonable level. Obviously legislation could not establish a price level for a

### CHICAGO GRAIN MARKETS.

Substantial advances were scored in corn early in the trading on the board of trade today, owing to the slump in wheat. A large part of the grain subsequently was lost. The May advanced to 71 1/2 and the July to 69, which is the highest price recorded so far this season for those options. The September also rose to a new high point, at 68 1/2. Light receipts, wet weather, which will delay the planting and the decrease of 1,250,000 bushels in the visible supply were the bull factors. The close was firm, 1/2 to 3/4 to 1/2 higher. The May opened at 69 1/2 to 70; highest, 70 1/2; lowest, 69; closing, 70 1/2.

Oats—The trading on a large scale, the

investment demand by out-of-town sources for the distant deliveries being the feature. With the exception of some advices from Illinois and Indiana, the crop reports today generally were more optimistic. The market displayed strength early, but closed about steady, with the prices a shade lower to 1/2 to 3/4 higher. The May opened at 55 1/2; highest, 56 1/2; lowest, 55 1/2; closing, 55 1/2.

Paine, Webber & Co.'s Wheat Summary.

Paine, Webber & Co.'s Chicago correspondent said yesterday concerning the wheat market:

"The traders had a large visible supply of news today, both foreign and domestic. There seemed to be more of a disposition on the part of the general trade to follow the bear news and to give less careful attention to the bullish features. Liverpool was weak and lower at the time of the opening here and the July price had a break of 1 1/2c on the first trades. The market recovered quickly, improved one cent from the low point on the evidence that the visible supply would decrease heavily, which it did, showing a loss of 2,235,000 bushels of wheat. There was other bull news which helped to bring about the best prices of the day. Buffalo reported the entire stock of wheat about gone. All the big centers in this country that are being drawn upon for wheat to keep the interior mills grinding showed a decided reduction in stocks. The world's shipments were larger than expected, a little over 7,000,000, but there was a decrease of nearly 4,000,000 afloat to Europe. The reports from our own crop observers told of decidedly poor conditions in the wheat raising sections of Missouri, Kansas and Nebraska. The trade, however, jumped at Broomhall's report that Russia will ship 3,200,000 bushels a week for the next month. This was the news which broke prices after the early strong recovery."

appearance of these two aeronauts with an aeroplane for which many new things are claimed is being awaited with keen expectation. Lieutenant Frank P. Lahm and Lieutenant Benjamin D. Foulois, the most prominent aeronauts in the signal corps, will conduct the trials at Fort Myer this season. Major George Q. Squier, assistant chief signal officer and an authority on aerostatics, probably will take a prominent part. Lieutenant Winter is the other officer who is now stationed in Washington with the aeronautical division.

MILLINERY ANNOUNCEMENT.

I have opened up my millinery stock at Mrs. J. M. Smith's, 325 High street, opposite new Guild Hall, where I am showing all the new spring and summer styles. I would be pleased to have my customers call.

### Sherman Act Seems to Offer the Only Solution—Congressmen Are Anxious Over the Matter—A General Increase in Price of Bread Appears to Be Imminent.

Washington, April 19.—No confirmation can be secured of the rumor that President Taft and Attorney General Wickensham are contemplating legal action by the government to prevent such speculative operations as that now being carried on in the wheat markets by James A. Patten and other operators. It was learned authoritatively today that the matter was informally discussed at a conference held at the attorney general's office, when the matter of administration of railroad affairs was being considered. Congressman Townsend of Michigan stated today, however, that he knew of no plans for action on the part of the government, nor had any plan been formulated for new legislation on the subject.

### GOVERNMENT AIRSHIP TESTS.

Preparations Under Way for Demonstrations at Fort Myer, Va.

Washington, April 18.—With the open season for aerial flight rapidly approaching, activities will soon begin at Fort Myer. The signal corps of the army, which conducted the tests held there last year when Lieutenant Thomas E. Selfridge was killed in the wreck of the Wright aeroplane, and in which Orville Wright was himself seriously injured, is already making preliminary arrangements for the continuation of these tests. The balloon squad will be transferred from Fort Wood to Fort Myer next week and immediately will overhaul the free and captive balloons belonging to the corps, as well as the Baldwin dirigible which was purchased last year.

There are at present three officers of the aeronautical division of the signal corps on the grounds making preparations for the conduct of the trials. The contracts for the delivery of heavier than air machines, held by the Wright brothers of Dayton, Ohio, who now are in Rome, and by A. M. Herring of New York have not yet been fulfilled in every detail. Orville Wright, previous to the accident to his machine, made numerous flights, some of which fulfilled certain of the conditions specified in his contract, but none of them was official. He will have to make one flight for endurance, remaining in the air for two hours, and another for speed. It is generally acknowledged that the Wright brothers' baring accident, can meet these conditions successfully. Orville Wright, who has been unable to make any flights since he was seriously injured last September, has announced his intention of himself completing the trials which he began at Fort Myer in August last.

Although A. M. Herring has made a technical delivery of his aeroplane at Fort Myer, he has not made any public flights. He has formed a company, together with Glenn H. Curtiss, and other flights in the "June Bug" and other machines belonging to the Aerial Experiment Association, have made him famous in the world of aeronautics. The

### ED. HONKALA HELD ON SERIOUS CHARGE

TWO BULLETS HE FIRED AT HIS WIFE PASSED THROUGH THE COIL OF HAIR ON TOP OF HER HEAD, IT IS STATED.

Ed. Honkala, the former police officer, who attempted murder and suicide Sunday evening at the restaurant conducted by his wife, is the Kettanen building, corner of Division and First streets, is held under the charge of intent to murder. The complaint was signed yesterday by Mrs. Honkala.

There will be several witnesses besides the members of the police force and Mrs. Honkala and her two sisters who will be subpoenaed to appear against Honkala when his trial comes up in court. Several men who were near the restaurant arrived about the time the officers entered and they saw Honkala with the revolver in one hand and clinging to his wife's hair with the other. Honkala will have his preliminary hearing in Judge Andrews' court today, provided that Prosecuting Attorney Bell, who was absent from the city yesterday, arrives home.

Mrs. Honkala's Close Call.

Mrs. Honkala is still in a nervous state. When she was in court yesterday, signing the charge against her husband, she exhibited a large chunk of hair that he had pulled from her head. She stated that two of the bullets had passed through the coil of hair on top of her head. So close was the revolver held to her that the hair was singed. Two battered bullets were found on the cement floor in the restaurant. It is thought that the third bullet went into one of the walls.

Honkala was put to jail last Thursday night, after threatening his wife. Mrs. Honkala refused to sign a charge that would result in binding him over to keep the peace, as she said she was afraid that when he got out of jail and started to drink again he would kill her. Yesterday, however, she did not hesitate to sign the charge of intent to murder.

The Finnish people in general have much sympathy with Mrs. Honkala, and it appears to their hope that Honkala will be put in some safe place where he will no longer be a menace to the woman's life.

### SEIBENTHAL WILL NOT PLAY WITH ISHPEMING

PITCHER, WHO DID FINE WORK FOR THE TEAM LAST YEAR, WILL PROBABLY WEAR A NEGAUNEE UNIFORM THIS SEASON.

From present indications Tate Seibenthal, who twirled for the Ishpeming baseball team a part of last season, will not wear an Ishpeming uniform this year. Some five or six weeks ago, when the club was reorganized for the season, an understanding was reached between the management and players that no player should be paid a stipulated sum for his services. This, according to the management, was agreed to by Seibenthal; but the latter recently made a demand for a stipulated sum for each game that he pitched. The proposition has been turned down and Seibenthal has been asked to go to Negaunee, as it is possible that Seibenthal will play with the Negaunee team, but according to the rules agreed upon by the representatives of the four teams in the league at the meeting held a few weeks ago in Marquette, there are to be no paid men on any of the nine. This will prohibit the Negaunee management from paying Seibenthal the amount he demands, though it is not likely that the other teams will object if it enters into an agreement with the players whereby he will get a percentage of the receipts of the home games for his services. The management is willing to do this, as all of the other players are to work on that basis, and it is expected that an agreement will be reached within a day or two.

The Negaunee team can use Seibenthal very nicely, as the management has no pitcher in sight with the exception of Everett Sporely, who will not be home from school until some time after the league series is started. With Seibenthal in the box, the nine would be able to hold its own with the other teams in the league. There is one new player in Negaunee who will be given a try-out. Practically all of the men who played last season will be in the line-up again this year and it is expected that Messier will remain there.

The Negaunee fans would be pleased also to have Jim Dunlavey remain in the city, but it is said that he will return to Marquette as soon as railroad work starts.

The management of the Ishpeming team will be entirely satisfied to have Seibenthal go to Negaunee, as it will have three pitchers without him. The twirlers will be Goulette, Toman and Andrews, although it is not likely that the latter will be used in many of the games. Toman has advised T. J. Heard, secretary of the team, that he and other members of his family will be here from the copper country before the first of next month. A position has already been secured for him and he will begin work upon his arrival. Goulette has already begun training. His weakest point last year was in failing to watch the base runners closely, but it is thought that with Tom Cooney back of him in the infield he will receive proper coaching.

In spite of the fact that Seibenthal will not be in the team, the line-up is considered fairly strong. It is understood that Will Laxstrom, who remained for Seibenthal last year, will remain with Ishpeming.

### VESTIBULES FOR CHURCHES.

This Improvement Will Be Recommended by Inspector Fitzpatrick.

Peter Fitzpatrick, deputy state building and factory inspector, will recommend to a number of the church societies of the upper peninsula that complete changes be made in the main entrance to their houses of worship. Most of the churches have but two entrances—a small door in the rear and double doors in the front. Mr. Fitzpatrick has observed that there are times when the churches are crowded more than are public buildings, and as a rule the people are obliged to crowd in the long line as there is standing room. He has also noticed that several steps lead to the entrances of many of the churches, making them particularly dangerous in case of a stampede. He will recommend vestibules with doors leading to the street, opposite the several aisles, wherever they can be put in to advantage.

Mr. Fitzpatrick said that C. A. Crinman, proprietor of the Bijou theater in this city, should not be censured for the fire that occurred at the house last Saturday afternoon. Before Mr. Crinman opened the theater a few months ago, he called on Mr. Fitzpatrick and had him look the place over. At the suggestion of Mr. Fitzpatrick he changed the rear doors entirely, making them open outward and on his own account put in an extra passage on the opposite side of the stage, leading to a door going into the Wanek billiard hall. Mr. Crinman told Mr. Fitzpatrick at the time that he wanted to observe the law relative to moving picture houses in every respect and said he was willing to make any improvement suggested by the inspector.

### DEATH OF OLD RESIDENT.

The many friends of W. H. Hart were shocked yesterday morning to learn of his death. Mr. Hart had been ill for several weeks, but it was not generally known that his condition was serious. Sudden rheumatism was the direct cause of his demise. The deceased had been a resident of Ishpeming for over twenty-five years and was very well and favorably known. He was about fifty years of age and is survived by his wife, one son and one daughter. The latter, who is attending school in Iowa, arrived home last evening. The time of the funeral will not be decided until Captain R. J. Williams, brother-in-law of the deceased, is heard from. If Mr. Williams is unable to get here the funeral will probably be held tomorrow afternoon under auspices of Ahmeek Lodge of the Independent Order of Old Fellows.

During the spring every one would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. Sold by all druggists.

**OFFICERS:**  
 A. Maitland, President. Geo. J. Maas, Vice Pres.  
 T. C. Yates, Cashier. A. B. Miner, Asst. Cashier.  
 T. Pascoe, Asst. Cashier.

**DIRECTORS:**  
 Geo. J. Maas, J. H. Winter, T. C. Yates.

## ISHPEMING

IS A BIG SUCCESS.

"Red Mill," Here Tomorrow Night, Is Playing to Big Business.

The comic opera success, the "Red Mill," which will be offering at IshpeMING theater tomorrow evening, is doing a big business this season again. The company has been carefully organized and embraces a clever lot of principals, while the chorus is said to be unusually comely and talented, including the six little "Dutch Kiddies," who carried New York by storm. Refinement is the keynote of the production, and to this feature are added an interesting story, popular and catchy music, together with picturesque scenery and quaint costumes.

**FAMOUS BAND COMING.**

The Royal Swedish Regiment Artillery band of Sweden, which will visit IshpeMING theater next Friday evening, was given a hearty welcome by the Swedish people of Chicago. The band arrived there Friday and remained until last evening, giving several concerts. The Chicago Record-Herald said of the band and the origin of the regiment to which it belongs:

"Most of the prominent members of Chicago's Swedish colony gathered at Orchestra Hall last night to greet the Royal Swedish Regiment band, an organization famed throughout Sweden. In their brilliant regimental costumes and with a barrack-room smartness of address they made an attractive picture on the stage of Orchestra Hall. Their reception was most cordial.

"The members of this band are proud of the traditions which are a part of their heritage. The regiment to which the band is attached was organized in 1794, when the Swedish Royal Artillery was divided into four regiments, the Svea, Gothia, Vends and Finland. Under

HUMPHREYS' HOME, MEDICINE CO., CORNER WILLIAM and JOHN STREETS, NEW YORK.

## ISHPEMING IN BRIEF.

The public and parochial schools of the city reopened yesterday, after a ten days' vacation.

Mrs. T. C. Dawson of Houghton is in the city, visiting her son, C. H. Dawson, and family.

The employees of the Oliver Iron Mining company will be paid today for last month's work.

Miss Helga Fredine entertained a number of her girl friends at a luncheon Friday afternoon at 4 o'clock.

Will Newett, who spent his Easter vacation at home, has returned to Ann Arbor to resume his studies at the university.

Mrs. William Funkey of Hancock, who spent the past ten days in the city, visiting Miss Nellie Kane, returned home yesterday.

Mr. and Mrs. S. L. Barney have returned from Helena, Mont., where they spent the past several weeks, visiting relatives and friends.

Contractor Shaver is repairing the watchhouse at the rear of the Pascoe block, corner Main and Pearl streets, which was damaged by fire Friday night.

There will be a rehearsal of the opera "Mikado" this evening, commencing at 7 o'clock, in the basement of the Presbyterian church. Mrs. F. H. Raiskey desires that all who have books in their possession shall bring them with them.

## Negaunee Department

### MANY NEW DWELLINGS ARE TO BE ERECTED

#### EIGHT OF THE MOST DESIRABLE LOTS IN THE CYR ADDITION HAVE BEEN SOLD AND WORK ON THE FIRST HOUSES HAS ALREADY BEEN STARTED.

According to a Negaunee contractor, Negaunee is to have a building boom the coming summer. Several dwellings will be erected in the Cyr addition, recently platted, and it is also expected that there will be a number built in the Colburn tract, the plat for which was accepted by the town council last month.

The seven lots in the Cyr addition facing on Cyr street, and lying between the Cyr homestead and the Griffey property, have been sold. The large lot facing Health street has also been disposed of and the erection of a house has been started on it. There are sixteen lots in the plat. Miss Lulu Cyr, owner of the property, yesterday said that she has had a number of inquiries for the other lots, and it is expected that all will soon be disposed of. The price of the lots varies, according to location and size, from \$400 to \$1,000. Some filling will be necessary on most of the unsold lots, as they are located in the low land.

The dwelling now being erected will be owned jointly by Thomas Johns and John Leventon, carpenters, who are doing the work themselves. It will be a two-story structure. The frame has been raised and judging from the way the men are pushing the work it will not be long before the building will be completed.

Plans are now being prepared for some of the other dwellings to be erected in the plat, and it is expected that all of the lots facing Cyr street will be occupied with buildings before the close of the summer. Captain John Deacon has purchased one of the largest of the lots, facing Cyr street, and his residence will probably be one of the most attractive in the addition.

Charles Erickson, who has been contracting here for the past three years, has secured a contract to erect a dwelling from Al Chapman, on Rock street. It will be a story and a half house, with six rooms. Work is to be started within a few days. Mr. Erickson yesterday said that he knew of a number who are planning on building and he expects that the carpenters, masons and plasterers of Negaunee will have one of the busiest summers they have had in some time.

With the lots in the Cyr addition occupied by buildings, that portion of the city will be greatly improved in appearance. Most of the building the past fifteen years or more has been confined to the eastern part of the city, but since the days of the boom that era has been found underneath much of the surface, and a number have been obliged to move, the demand for lots in the other end of the city has increased. Practically all of the available lots on the Jackson hill in the past few years have been taken up, and that portion of the city has been greatly improved in appearance in the past three or four years. There are now several nice dwellings in that locality.

### APPOINTMENTS MADE AND ARE CONFIRMED

M. MADIGAN, JR., FOR CITY ATTORNEY WAS THE GREATEST SURPRISE ON THE SLATE.

### WILL NOT QUALIFY, HOWEVER

Aldermen Failed to Agree on Many Points and Lively Discussions Were the Result.

M. Madigan, Jr., will not qualify for the office of city attorney, to which position he was nominated last evening and which nomination was confirmed by the common council. In a signed statement handed to Mayor Vaughan last night, Mr. Madigan formally resigned the appointment. He stated that his selection to the position had come unexpectedly, and he was not prepared to accept it, much as he appreciated the honor accorded him. Mr. Madigan is a young attorney of much promise in his chosen profession, and his appointment last night was a matter of elation among his friends. Mr. Madigan appreciates the kindly sentiments expressed, and he is duly grateful therefor, but having not sought public office at this time he has decided not to take the post to which he was formally elected.

**The Appointments—**  
 Controller—Peter Primeau.  
 City Attorney—M. Madigan, Jr.  
 Harbor Master—Anton O. Kruger.  
 Market Keeper—T. T. Hurley.  
 President of Council—John A. Ekstrom.  
 Trustee of Peter White Library—V. D. Sinar.  
 Member of Light and Power Commission—James Russell.  
 Member of the Police Commission—Rev. J. M. Rogers.  
 Members of Park, Cemetery and Street Commission—Wm. O'Meara, Peter Kremer.

As Mayor Vaughan entered the council room last night to call the aldermen to order, he found his desk literally banked with flowers and an immense crowd in the galleries and ante rooms, the interest evidently being in the personnel of the mayor's appointments and action that the council would take on

them. At least twenty ladies were present, who were given seats of honor on chairs in the rear of the council room. The meeting was one of the most sensational held for some months, it being evident from the first that the members are not all in harmony with each other or with the mayor. Most of the matters of business considered provoked discussion and difference of opinion, and as some of the issues were trivial in themselves, it appeared to be a battle of parliamentary rules rather than anything else.

**Fight on Asire Ordinance.**  
 With the exception of the appointments, the Asire ordinance was the most important matter of business that was taken up. Alderman Hennessy offered an ordinance repealing the Asire ordinance, which eventually will restrict the number of saloons in the city to twenty-five. This was supported by Alderman Downey. A motion to suspend the rules and put the ordinance on its immediate passage failed to get the necessary three-fourths majority, Asire, Ekstrom, Peters and Schauer voting for it. A motion was then made to refer the repealing ordinance to the finance and taxation committee. After several amendments and substitutes the maker of the original motion agreed to have it referred to the committee on ordinances and rules instead of that on finance. The vote on this proposition was a tie, and it fell upon the mayor to cast the deciding vote, which was in favor of referring the ordinance to the committee. Aldermen Butler, Downey, Donovan and Reichel voted for the motion; Aldermen Asire, Ekstrom, Peters, Schauer and Ward against it.

Another matter that stirred up a lively discussion was the motion of Alderman Downey to approve at once the twenty-one liquor bonds that had been filed with the recorder. This was strenuously opposed by Aldermen Peters and Asire, who wanted them referred to the committee on licenses and trade regulations to report at the next regular meeting. The bonds were finally referred to the committee by a unanimous vote, although it later developed that Alderman Donovan, at least, did not understand what he was voting for. The next meeting will be held April 30.

**One Appointment a Surprise.**  
 The appointment of M. Madigan, Jr., for city attorney occasioned no little surprise, as it had generally been understood that C. F. Button was slated for the place. Mayor Vaughan stated after the meeting that Mr. Button was his first choice for the position but that he found at the secret council meeting held Sunday night that no other appointment, except Mr. Madigan's, would be confirmed, and that some of the aldermen threatened to fight the remainder of the slate if Mr. Madigan's name were not sent in.

As was expected by those who had kept close track of what was going on, Peter Primeau was the mayor's choice for controller, to supersede Shields McCarthy. The appointment was unanimously confirmed.  
 The appointment of Rev. J. M. Rogers was also generally expected, rumors to that effect having been circulated about town for several days. This appointment was confirmed by a vote of seven to three, Aldermen Butler, Donovan and Hennessy voting against confirmation. Rev. Mr. Rogers will take the place of Henry Hallam on the police board, whose term has expired. The aldermen made no opposition to

the reappointment of Dr. Z. Vadnais for health officer, of A. O. Kruger for harbor master, and of T. T. Hurley for market keeper.  
 John A. Ekstrom was appointed president of the council. V. D. Sinar was the mayor's choice for trustee of the Peter White public library, and will take the place of E. W. MacPherran. The vacancy on the light and power commission will be filled by James Russell, Walter T. Ward alone dissenting from the motion to confirm the appointment. William O'Meara and Peter Kremer were appointed members of the park, cemetery and street commission, there being no objection to Mr. O'Meara's appointment but Aldermen Asire and Schauer voted against the confirmation of Mr. Kremer.

**Council Committees.**  
 The following list of the council committees was announced by the mayor:  
 Finance and Taxation—Asire, Hennessy and Reichel.  
 Parks, Cemeteries, Streets and Sewers—Downey, Reichel and Donovan.  
 Claims and Litigation—Ekstrom, Schauer and Butler.  
 Police and Public Order—Peters, Hennessy and Ekstrom.  
 Ordinances and Rules—Schauer, Asire and Butler.  
 Public Buildings and Property—Asire, Reichel and Hennessy.  
 Purchases, Salaries and Wages—Hennessy, Downey and Donovan.  
 Licenses and Trade Regulations—Downey, Ward and Ekstrom.  
 Railways and Public Conveyances—Donovan, Butler and Ward.  
 Public Health—Butler, Downey and Peters.

 Ponds—Donovan, Reichel and Asire.

**Mayor Will Enforce Laws.**  
 In two separate utterances last evening, Mayor Vaughan announced his intention to clamp down the lid and enforce the liquor and other laws. As he took his seat at the beginning of the session, he made a neat little speech in which he thanked the donors of the beautiful flowers and expressed the wish that his entire administration might be as flowery as it had begun. He then stated in unequivocal language that while it was not his duty to make the laws, it was his duty to see that they were enforced and that he intended to do his duty. Following the appointment of the council committees, the mayor instructed the police commission to see that the liquor laws were more rigidly enforced, and the health committee to see to it that the ordinances relating to sanitation and public health were observed.

**Minor Business Transacted.**  
 Other minor business transacted was to grant permission to Lipsett & Sinclair to use one-fourth of the width of the street in front of the Hager and Donkers blocks, while they were under construction; a request from T. A. Murphy to use some of the rock on Michigan street was referred to the street committee, and several reports were ordered placed on file. The controller's report brought out that the city was paying \$1.50 each for hauling dead cats to the dumping ground and only \$1 for a dead dog. Alderman Ward arose to ask a reason for the difference in price and was told that it was a matter entirely in the hands of the health officer.

Rev. Mr. Rogers moved that no smoking be allowed in the council room during a meeting, which was informally carried. It was then facetiously suggested that chewing also be put under the ban.  
 After some difficulty, because of a motion for adjournment having been made, Alderman Downey succeeded in getting through a motion to instruct the public health committee to at once investigate the question of a sanitary milk supply and tubercular cattle in the dairies supplying this city.  
**Beautiful Floral Tribute.**  
 The wealth of flowers piled up before the mayor's desk was a beautiful sight. The center piece was a flag and horse shoe of carnations, roses and sweet allysum on an easel, the gift of the Order of Railway Conductors. Four large bouquets of red and white roses were prominent in the display, two of which bore cards "from the ladies" and two "from the men." A dainty spray of pink roses and ferns was the gift of Charles T. Geill.  
 In spite of the large crowd present, the meeting was comparatively quiet and orderly, and the appointments, with the exception of one or two, met with no applause.

### BOYS' BASEBALL SUITS
