

FORGERY DONE ON GIGANTIC SCALE

After Months Spent in Auditing the Books, the Story of the Operations of Peter Van Vlissingen Is Revealed in Figures.

At the Time of the Expose in November Last, It is Stated, the Outstanding Indebtedness Amounted to \$1,633,000, Mostly on Bogus Paper—That Rosenberg and Rosenberg Knew of His Crimes Is Charge That the Man Persists in Making.

Chicago, April 29.—The story of Peter Van Vlissingen's gigantic forgeries was revealed in figures here today in the report of the auditing firm that has spent months in going over the real estate man's books. These are some of the statistics: That at the time of Van Vlissingen's exposure, Nov. 16, 1908, his outstanding indebtedness, mostly on forged notes and mortgages, amounted to \$1,633,000. That he had applied in the last eight years \$852,452 on maturing forgeries in his efforts to liquidate.

"TEDDY" SETS OUT TO BAG REAL GAME

Settlers in the Mau Hills Report Seeing a Black-Maned Lion the Past Few Days, and He Goes There at Once.

Not Until the Uganda Reserve Is Reached, However, Will the Best Sport Be Had—Party Will Camp There Four or Five Months—Son of the ex-President Distinguishes Himself by Shooting a Gazelle at a Distance of 570 Yards.

Nairobi, British East Africa, April 29.—Theodore Roosevelt left the ranch of Sir Alfred Pease, on Athi river, today for a point in the Mau hills, near Machakos, where he hopes to bag a lion. He is due to reach the hills tomorrow. Settlers in the hills have reported seeing black-maned lions every day for several days past. F. C. Selous, the English sportsman, has been in the Mau hills for nearly a week. Kermit Roosevelt did some good shooting near the Pease ranch two days ago. He brought down a Thompson gazelle at the first shot, at a distance of 570 yards.

EXECUTIONS OCCUR BY THE WHOLESALE

New Government at Constantinople Is Losing No Time in Bringing to Book the Conspirators in the Recent Uprising.

Constantinople, April 29.—The constitutionalists have lost no time in bringing the conspirators in the recent rising to trial. A military court, sitting in the war office, today condemned about 250 prisoners to death. They were executed. Nadir Pasha, second emir of the palace, whose sentence was pronounced yesterday, was hanged at dawn on the Galata bridge. His great body was viewed by thousands.

CONDEMNED BY COURT-MARTIAL

250 Prisoners Are Shot to Death in One Day While Abdul's Favorite Eunuch Is Hanged on Galata Bridge—Instigators of the Massacres, too, Are to Suffer, the Disorders Now Being Quelled With Utmost Severity.

Constantinople, April 29.—The constitutionalists have lost no time in bringing the conspirators in the recent rising to trial. A military court, sitting in the war office, today condemned about 250 prisoners to death. They were executed. Nadir Pasha, second emir of the palace, whose sentence was pronounced yesterday, was hanged at dawn on the Galata bridge. His great body was viewed by thousands.

MAKES STRONG PLEA FOR FREE LUMBER

Senator Nelson, Republican, of Minnesota, Advocates Removal of the Duty Levied on the Product of Foreign Sawmills.

Washington, April 29.—The entire time of the senate was today again given to a general discussion of the tariff bill. Senator Nelson, Democrat, of Maryland, led off with a general denunciation of the protective system of the Republican party. He was followed by Senator Nelson, Republican, of Minnesota, who made an earnest plea for the admission of lumber free of duty. His assertions aroused quite a general discussion, which was participated in by Senators Hale, Warren, Carter, Clapp, McLaughlin, McCumber, Elkins, Aldrich and Gallinger.

TAXES GO HIGHER IN BRITISH ISLES

New Ways of Raising Revenue Also Are Proposed by the Government in the Largest Budget Ever Introduced in Commons.

London, April 29.—Accumulated wealth and "the trade" which the liquor business is popularly called in the Liberal government's budget, which David Lloyd George, chancellor of the exchequer, presented in the house of commons today, are made to bear the burden of the £15,762,000 (\$78,810,000) deficit of the fiscal year incurred by the old-age pensions and the race with Germany for Dreadnoughts.

NEW GRAND JURY CALLED IN OKLAHOMA

Governor Haskell's Part in the Alleged Town Lot Frauds at Muskogee Will Be Probed Again, as Will the Charges Involving Other Prominent Men.

Tulsa, Okla., April 29.—A federal grand jury was called this afternoon to meet in Tulsa on Monday, May 10, to reinvestigate the Muskogee town lot fraud cases, in which the names of Governor Charles N. Haskell and a half dozen other prominent Oklahomans were recently involved. Judge Ralph Campbell, of the United States circuit court here, granted the order for the new jury, which will consist of sixteen men.

HELD IN CONTEMPT OF COURT

Evelyn Nesbit Thaw Must Pay \$250 or Suffer Jail Imprisonment.

New York, April 29.—Failure to appear in court to submit to examination in supplementary proceedings caused Mrs. Evelyn Nesbit Thaw to be adjudged in contempt of court today. She was ordered to pay \$250 within five days or suffer imprisonment. The court also granted an order for the appointment of a receiver for the property of Mrs. Thaw. Today's action is the outcome of a judgment for \$256 obtained against Mrs. Thaw by a milliner.

CASTRO PREDICTS REVOLUTION

Says There Will Be an Uprising in Venezuela Within Six Months.

Paris, April 29.—Cipriano Castro is rapidly recovering his health. He predicts a revolution in Venezuela within six months, but declares that he has no intention of profiting thereby. He probably will leave France for Spain in a fortnight, as soon as his wife arrives from the West Indies, and there is reason to believe that he proposes to make his way to Colombia.

BASEBALL

MARQUETTE, MICH., APRIL 30.

The baseball season has gone far enough to warrant a modest prediction that those Tigers have the Indian sign on LaJoie's braves from Cleveland.

As a summary of the varied comment that has been heard on the April weather we know of no word that will more thoroughly fill the bill than "rotten."

It was one time possible to tell with considerable certainty what the Democratic party believed in, but that time is long since passed. Many of the so-called leading Democrats now active in public affairs appear to have more in common with the Republicans than with their own party.

There's a quarrel on between the "antis" in Jackson county as to who deserves the credit for the county going "dry." The liquor interests, however, are not interested. They are too intimately affected by the fact that it has gone dry to have much concern in the debate going on as to who hit 'em.

The Wisconsin assembly has killed the women's suffrage bill, passed by the senate a few weeks ago. The vote against the bill was not as one-sided as might have been expected, being 53 to 34, with thirteen members absent.

The school children in the neighboring towns of Negaunee and Ishpeming are having high jinks this week. A small pox scare at the former place has resulted in the closing of all the school buildings, pending their fumigation and a determination whether the disease will spread further.

J. Ogden Armour may give \$1,000,000 for the purpose of establishing grand opera in Chicago as a permanent institution. It is only just to say, however, that there is little tangible assurance that Mr. Armour contemplates such a step.

The first session of the board of supervisors after the election introduced to that body again Captain Treblecock, of the National, who was defeated a year ago for re-election, but who this spring nosed out the opposing candidate by a narrow margin.

The board of regents of the state university is expected soon to elect a successor to President Angell. There was a suggestion that the action would be taken at the meeting held this week, but the absence of two of the regents made it necessary to allow this order of business to go over, if there was any intention of taking it up.

5% DEBENTURES Running one to five years secured by first mortgages on improved real estate worth more than double outstanding debentures. Superior Trust Company

country have been talked of. The regents, however, are keeping a studied reticence, if they have any idea of the action they are going to take, and the announcement of their choice promises to come as a good deal of a surprise.

The department of agriculture has officially determined that automobiles running at a high rate of speed cause great damage to macadam highways. It has been unofficially known for a number of years past that this was the case.

A bill has been introduced in the house providing for the appointment of a commission to report to the next legislature on improved methods of handling the primary school money. It is to consist of six members, a senator, a representative, a school superintendent, a county school commissioner, a member of a board of education and someone connected with a parochial school, and \$500 is to be appropriated to defray the expenses of the investigation.

The latest word from Lansing bears out the assertion that there is little or no chance that the tonnage tax bill will be considered seriously by the legislature.

Indications are strong that there will be fewer saloons in Escanaba the coming year than there were in 1908. The subject is one that has been much discussed about the city, both before and since the election.

State Game and Fire Warden Pierce is quoted as taking vigorous exception to the report of the federal foresters that the fire loss in Michigan last fall was \$44,000,000, and characterizes said foresters as "cigar smoking dudes."

It would, in fact, seem that \$44,000,000 is a way outside figure on the amount of damage caused in Michigan by the forest fires last fall. It is said to be arrived at by figuring \$29,000,000 loss on standing timber, timber cut and piled, etc., and a loss of \$15,000,000 to investors on timber burned over and which had to be cut prematurely.

But the federal agents who inspected the burned over regions following the fires were not "cigar smoking dudes." Athol Wynne, one of the two men who were entrusted with the task, visited Marquette county. During his stay in this neighborhood he made careful inquiry into the damage done by the fires, and his comment showed him to be well informed both as regards forestry and lumbering.

GENUINE "BULL" DURHAM SMOKING TOBACCO. Standard of the World. Its purity is beyond question—its quality beyond comparison—its supremacy beyond dispute.

terous, it is still apparent that the state law and the state machinery for protecting the timber lands fell down almost absolutely during the widespread forest fires last fall. State Warden Pierce doubtless did as well as he could under the existing circumstances, but there was little effective fire fighting.

The comments of the forestry experts from the agricultural department on the shortcomings of the Michigan law should not be dismissed cavalierly because their estimate on the losses in the forest fires last year appear to be far too high.

Upper Peninsula. May Be Fewer Saloons—Indications are strong that there will be fewer saloons in Escanaba the coming year than there were in 1908.

Men Stung Get Warrant—A warrant has been issued at Escanaba, charging Abraham Maynard, a Wells township young man, with securing money under false pretenses.

Cleaning-Up Day at Menominee—A delegation of members of the Menominee Woman's club visited the various public and parochial schools of the city this week and, in short talks to the pupils, told them of the general cleaning-up day which is to be celebrated in Menominee today.

Should you not take advantage of this offer within the time above specified, your other disposition will be made of the property, without further notice.

LETS RAILROAD CONTRACT.

Copper Range Will Build Into Powder Works Site at Point Mills.

The Copper Range Railroad company has let a contract to James J. Ryan & Co. for the construction of a branch line of railroad into Grosse Pointe, the site of the proposed Dupont-De Nemours powder plant. The road will be five and one-half miles in length. The branch line will connect with the Mineral Range and will give the plant the best of shipping facilities. Work on the contract will be started at once, as also will work on the construction of the powder plant, which is to be one of the largest in the country. A party of engineers and a purchasing agent arrived in Houghton yesterday to lay out the grounds for the buildings.

CALUMET Y. M. C. A. NOTES.

New Membership Campaign Expires—An Aquatic Tournament.

The aquatic meeting, planned for the plunge of the Calumet Y. M. C. A. for Saturday afternoon, has been postponed until next Saturday evening, May 8, in order that the springboard might be put into place and properly tested. There are many entries for the various events and the meet promises to be a very interesting one.

MAY HAVE CHINESE LAWYER.

In Serious Trouble D. B. Sam of Hancock Wants Celestial Attorney.

D. B. Sam, the Chinese laundryman who was arrested at Hancock Tuesday, was given an examination before Justice Oliver Wednesday afternoon and was bound over to the next term of circuit court. His bonds were fixed at \$5,000, and he was remanded to the county jail. Sam had Attorney E. F. LeGendre of Calumet as his counsel. It is said, however, that he will import a Chinese criminal lawyer from Chicago or San Francisco to defend him when his case comes up in the higher court. Sam maintains that he is innocent and will make a hard fight for his freedom.

PREPARATIONS FOR FLAG DAY.

Hancock Elks Making Elaborate Plans for Patriotic Celebration.

Plans for the observance of flag day, June 14, by the Hancock lodge of Elks are progressing very favorably. The exercises will be held in the Amphidrome hall, preceded by a monster parade from Hancock to Houghton. The march will be led by the Quiny band, which will also furnish music at the hall. An important and pretty feature will be the school children's division. Each child will carry a flag. The Houghton Light Infantry, the Hancock Naval Reserve, the Spanish War Veterans and the G. A. R. will be in the line of march. It will be one of the prettiest and longest parades ever seen at Portage Lake.

CLAIMS STATE CHAMPIONSHIP.

The defeat of the association basketball team Tuesday night by the high school team, 21 to 20, was virtually no defeat, because of the closeness of the score. The play was not nearly so good as that exhibited in the other games between the teams. It is likely that another contest will be arranged. The association team will meet the Michigan College of Mines five at Houghton this evening.

CLAIMS STATE CHAMPIONSHIP.

L'Anse Basketball Team Believes Itself Entitled to the Honor.

Nervous and Generally Run Down

Mr. A. A. Graham of 181 N. Elizabeth Street, Chicago, Ill., is so pleased with the results derived from taking Duffy's Pure Malt Whiskey, when nervous and run down, he wishes to tell the public, so that men and women who need a good tonic stimulant may know what the world's best tonic and nerve builder has done for him.

Mr. Graham writes: "I have just finished using four bottles of Duffy's Pure Malt Whiskey for a generally run-down and nervous condition, and I am so gratified at the results that I feel in duty bound to send you a few words of praise of it. I can truthfully say that it worked wonders with me, and I will cheerfully recommend it to anyone, young or old, who is suffering as I had suffered before using your tonic stimulant. Hope this statement will be the means of helping some unfortunate sufferer."

Mr. Graham writes: "I have just finished using four bottles of Duffy's Pure Malt Whiskey for a generally run-down and nervous condition, and I am so gratified at the results that I feel in duty bound to send you a few words of praise of it. I can truthfully say that it worked wonders with me, and I will cheerfully recommend it to anyone, young or old, who is suffering as I had suffered before using your tonic stimulant. Hope this statement will be the means of helping some unfortunate sufferer."

Duffy's Pure Malt Whiskey

If you wish to keep young, strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions. It tones and strengthens the heart action and purifies the entire system. It is recognized as a family medicine everywhere.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey, be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold in sealed bottles only; never in bulk. Price \$1.00. Look for the trade-mark, "The Old Chemist," on the label, and make sure the seal over the cork is unbroken. Write Consulting Physician, Duffy Malt Whisky Co., Rochester, N. Y., for free illustrated medical booklet and free advice.

MINING NEWS

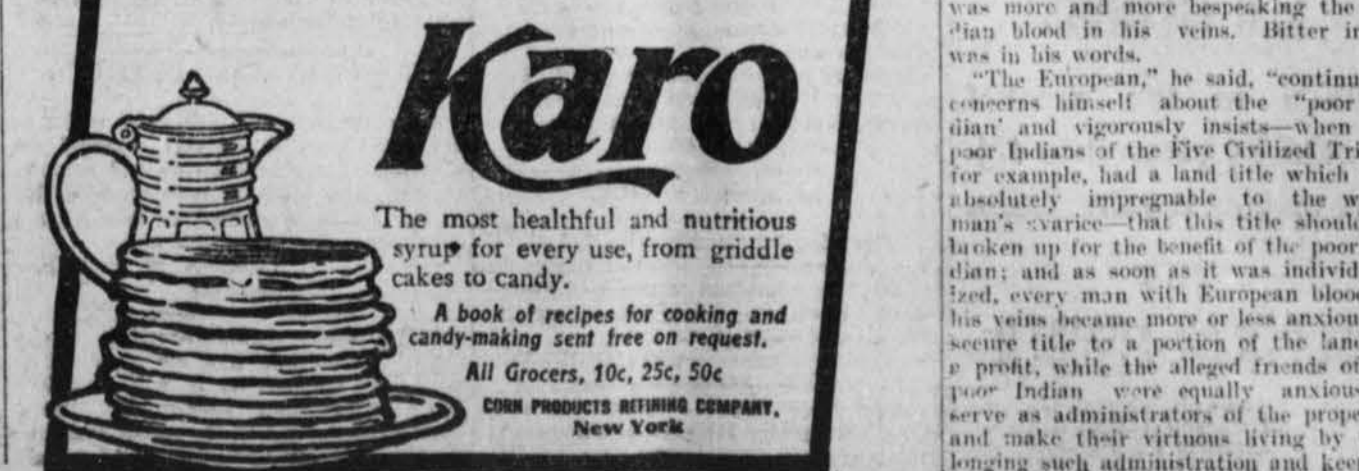

NOTES OF COPPER NEWS

It is likely that the figures for the April production will show a drop to about 25,000,000 pounds for the entire district against 28,000,000 pounds in March. This is because several of the smaller mines have been closed, and work suspended at the original mine, one of the Clark properties, which had been spending about 450 tons of ore per day. The amalgamated and North Butte mines have for some time been mining only high grade ore and a number of men have been laid off at the smelter and mines.

Another Hereditary Society? It is a rare distinction to invent a new kind of society in these days when everybody, save the victims of the tariff and the friends of the Pink Cravat, has an clubhouse. But the honor must be awarded to those who have founded an organization for the descendants of citizens who aided the government during the Civil war elsewhere than on battle-field and bloody deck. The idea is no less progressive than convenient. There is no reason why warriors should monopolize the glory of a war; and a society that denies them the privilege stands in its own humble way, as champion of a new and better idea about bloodshed.

NYAL'S HOT SPRINGS BLOOD REMEDY PURIFIES THE BLOOD.

Do you feel worn out? Feel as though you could hardly go? These are symptoms of sluggish blood; blood that is not circulating right. Are you pale and anemic? This is caused by the blood not properly nourishing the cells of the body. Have you pimples or boils? They are the result of the blood failing to do its duty of carrying away waste material from the cells. If you have any of the above complaints do not suffer. COME TO US. We will recommend to you a bottle of Nyal's Hot Springs Blood Remedy.

City Brevities

Today's weather: Rain or snow; stationary temperature.

Yesterday's temperatures: Seven a. m. 33 degrees; noon, 33; 7 p. m., 36. Maximum, 36 degrees; minimum, 32.

R. Eddy Mathews returned yesterday from a two weeks' eastern trip.

Dr. M. W. Anderson is detained at home for a few days on account of grip.

Born, Thursday, to Mr. and Mrs. Andrew Heiser, 406 West Bluff street, a son.

Misses Edith and Nina Stone have returned from a visit in Chicago and Grand Rapids.

Mrs. S. S. Ormsbee returned yesterday after an absence of several months in Mexico and San Antonio, Tex.

J. H. Primean left yesterday afternoon for Detroit and St. Clemens, to be absent from the city about a week.

The applications of forty-eight aliens for naturalization papers have been filed for hearing at the May term of circuit court.

Miss Jennie Turcotte returned from Duluth a few days ago, having been spending two months visiting friends and relatives.

Captain William Hume, who left for Duluth a few days ago, has been assigned to the command of the tug "America" in the harbor at Ashland.

Mrs. Wilkinson returned yesterday from California, where she has spent the winter, accompanied by her daughter, Mrs. A. E. Miller, who met her in Chicago.

Normal Girls Won—The Normal girls won their basketball game with a girls' five from the high school at Legion Hall last night. The score was 11 to 5.

Concert May 11—The Little Folks concert will be given by the children of the Methodist church Tuesday night, May 11. Admission to the entertainment will be fifteen cents, and tickets will be placed in the hands of the children on Saturday.

Piano Moved by Crane—Flanigan Bros. moved a piano from the Marquette Piano company's store yesterday into the second story of the building occupied by Wm. Fennessy's saloon. The piano was taken into the building through the second story window, being raised from the derrick by a crane and block and tackle especially devised for that purpose. After May 1 John Rastenhoven will conduct the saloon now run by Mr. Fennessy and Mr. Fennessy will move into a place on Front street, near the Summit House.

Accused of Larceny—Peter Schantiny was arrested yesterday on complaint of Edward Cline, and was taken before Justice Gray, where the hearing was continued until Saturday. Cline charges that Schantiny is guilty of larceny, in that he has taken about \$40 belonging to the local Longshoremen's union. The matter appears to be a quarrel among the officials of the now practically defunct organization. Cline says that he is secretary of the organization and should have its funds, while Schantiny declares that he is president of the union and so has as much right to the possession of the money as anyone else.

Star Boarder Back Again—Matt Jacobson, better known as the star boarder at the county jail, was brought down from Ishpeming Wednesday night, under a fifteen days sentence for drunkenness. Jacobson was released from jail only a week ago, and is a remarkable character. It is estimated that for several years past he has spent more than half of his time in the county bastille, and frequently, as soon as released has requested to be taken back again. When an inmate of the jail, he is an indefatigable worker and is a valuable man to have about the court house and grounds. For some unexplained reason he prefers the jail to any other place of residence, and although he was once sent to a relative in Pennsylvania, was back in Marquette serving time within a few months.

Several Boats Expected—Several boats are expected at the South Shore docks before the end of the week. Dock Agent H. B. Bell has received word from E. N. Breitung & Co., of Cleveland, that two 6,000-ton boats and one 8,000-ton boat would be here to load ore within a few days; the "German," a steel truss vessel of 3,000 tons capacity, is due here Saturday to take a cargo of ore from the Blue mine; the "Warrior," owned by M. A. Hanna & Co., is on the way to load Republic ore from the Marquette docks. The "Panay," which was to have come here several days ago, has gone to Cleveland to load coal for this port. The Anchor line package freighter "Susquehanna" is hourly expected at the Spear docks, and has nine tons of freight for Marquette on board.

Charles Peterson and family left last night for Seattle, Wash., where they expect to make their home in the future.

New Warrants Issued—Owing to a technicality that might involve the legality of the warrants issued against the six Marquette saloon keepers some time ago, new warrants were issued yesterday by Justice Andrews, of Ishpeming, the persons who allege that they saw the saloons in question open on Sunday.

The first warrants were filed by Rev. Mr. Rutledge "on information and belief." The Marquette men were represented at Ishpeming yesterday by Attorneys Button and Potter. At the hearing yesterday, the liquor dealers agreed to waive further preliminary examination and their bonds for appearance in circuit court are now being prepared.

INSURE WITH PETER WHITE & CO. I. O. O. F.

All Odd Fellows in this city, local members and outside members, are requested to meet at Fraternity Hall, Sunday, May 2nd, at 10:00 a. m., to attend divine service at the Baptist church. (4-30-24)

REMOVAL NOTICE.

After May 1st, I will be located at 147 Washington street, L'Hullier block, opposite The Mining Journal building, where I will be pleased to meet my friends and patrons.

OFF FOR PHILIPPINES.

Train Load of Soldiers Passed Through Here Last Night.

A battalion of soldiers from Fort Brady, Sault Ste. Marie, passed through Marquette in a special train on the South Shore road at 5:40 o'clock last night, bound for the Philippines. The train consisted of a Pullman for the officers, six Pullman tourists for the troops, four baggage cars and a kitchen car. From Duluth the special continues over the Great Northern to Spokane, where the Spokane, Portland and Seattle railway is run over. To San Francisco the troops go over the Southern Pacific, arriving there about noon of the next Tuesday, May 4. A week from today about noon the Seventh regiment, to which the battalion belongs joined by two battalions from Detroit, will embark on the United States army transport Sheridan. Two stops will be made enroute, one at Honolulu and the second at Guam a naval station where naval supplies will be dropped off. According to schedule, Manila will be reached on June 2.

The four companies consist of 265 men, including officers. There are ten battalion officers, a surgeon and Lieutenant Colonel Arthur C. Ducat, who accompanies the troops as adjutant general in San Francisco. The accompanying officers are: Captain Carr, Lieutenants W. B. E. Fort, C. C. Jones, G. L. McEntee, C. A. Hunt, D. W. Strong, W. R. Scott, C. H. Rice, R. A. Hill and O. A. Clarke.

LAST SAD RITES OBSERVED.

Funeral of the Late Wm. Hambly Held at St. Paul's Yesterday.

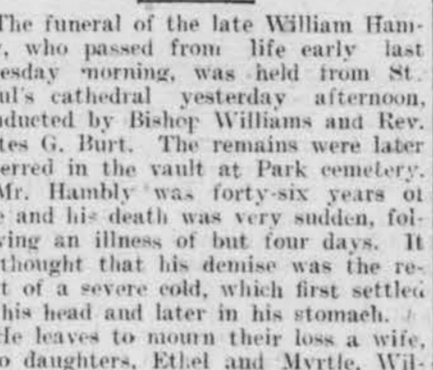

The funeral of the late William Hambly, who passed from life early last Tuesday morning, was held from St. Paul's cathedral yesterday afternoon, conducted by Bishop Williams and Rev. James G. Burt. The remains were later interred in the vault at Park cemetery.

Mr. Hambly was forty-six years of age and his death was very sudden, following an illness of but four days. It is thought that his demise was the result of a severe cold, which first settled in his head and later in his stomach.

He leaves to mourn their loss a wife, two daughters, Ethel and Myrtle, William Jr., and a baby three weeks old; a father and mother and eight brothers and sister in Corvallis, Eng., and two brothers in California.

The deceased was born in England and came to Marquette about twenty years ago. He was a carpenter by trade and was one of the best known residents of the First ward. He had announced himself as a candidate for alderman, preceding the last election, but withdrew from the contest before election day. He was a member of Queen City tent, K. O. T. M. M., and of the carpenters and joiners union. The wealth of flowers and the large concourse of sorrowing friends who attended the last sad rites are the best evidence of the high esteem in which he was held by all who knew him.

JACOB ROSE

An Oxford or Slipper made over a shoe last is worth 50c to \$1 less in the making, an apparent saving, but not enough to bridge that gap in the shank and around the ankle which is so disagreeable.

Jobbing house Oxfords or Slippers are all made over shoe lasts and cost less money. Our lines of Oxfords or Slippers are made over Oxford or Slipper lasts. They cost a little more, but are worth a good deal more.

Hot Stove—Cool Kitchen

How do you expect to endure the broiling days of summer if you prepare all the food over a glowing coal fire?

You need a "New Perfection" Oil Stove that will do the cooking without cooking the cook. It concentrates plenty of heat under the pot and diffuses little or none through the room.

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

besides being the perfect stove for summer use is just as efficient for year 'round use. Does anything any other stove will do. It is built just like the modern steel coal range, with a CABINET TOP that makes it possible to keep food warm after it is cooked. Made in three sizes. Sold either with or without Cabinet Top. If not at your dealer's write our nearest agency.

The Rayo Lamp

a substantial, strongly made and handsome lamp. Burns for hours with a strong, mellow light. Just what you need for evening reading or to light the dining-room. If not with your dealer, write our nearest agency.

Ishpeming Department

COMIC OPERA TONIGHT.

Ishpeming Talent Will Be Seen in Production of "The Mikado."

Many of the ladies of the Presbyterian church worked yesterday preparing the stage at Ishpeming theater for tonight's production of the comic opera, "The Mikado," which is to be given under auspices of Mrs. Raiskey's division. The stage settings, which will be embellished by evergreens, pea blossoms, etc., will be especially attractive, and the boxes are also to be decorated. The lower floor boxes have been sold and the sale of seats in other parts of the house is good.

The opera promises to be most enjoyable. The costumes, which were received yesterday morning from New York, are attractive. Those to be worn by the principals are out of the ordinary and were made especially for the opera. There is much beautiful music in the play and it will be well handled by the principals, the chorus and the orchestra. The full Trembley orchestra will be present and Miss Olga Girzi, who is assisting Mrs. Raiskey with the directing, will preside at the piano. A large delegation is expected from Negaunee. The matinee tomorrow afternoon at 2:30 o'clock also promises to be well attended.

PRICE OF STEEL UP.

Recent Reductions Have Resulted in Many New Orders.

It is reported from Pittsburgh that the iron makers are crowded with work and prices have risen as a result. It is said that the Carnegie Steel company has announced an increase in the price of all of its products, and the general outlook in the industry has greatly improved during the past few days. The price reductions resulted in so many orders being received that many of the manufacturers are now crowded with work. The Jones & Laughlins company, the largest independent steel maker in the country, has followed the Carnegie Steel company in increasing prices an average of about 81 per cent. Some of the manufacturers claim to have been selling below the actual cost of production and are glad to see the increase. The Carnegie Steel company's increase on steel bars is from \$11.10 to \$11.50 per ton and on steel plates and shapes from \$12.00 to \$12.25.

NOT LOOKING FOR TROUBLE.

Vessel Agent Says Labor Difficulty Will Not Delay Shipping.

J. L. Weeks, of Cleveland, one of the officials of the Pittsburgh Steamship company, expresses the opinion that the labor situation on the Great Lakes will not seriously delay the opening of navigation. He says that the Pittsburgh Steamship company has all the men it needs. He also says that some of the other lines are not worrying as to whether they can get men, as they will let that matter rest until they have work for their boats. Mr. Weeks points to the fact that there are over 100 boats at Sault Ste. Marie as a proof that the vessel owners have not experienced much trouble in securing marine engineers and other vessel men.

JOSEPH SELLWOOD HONORED.

Joseph Sellwood, the well known mining man of Duluth, formerly of this city, has been named by Governor Johnson as one of the delegates from Minnesota to the second national peace conference to be held in Chicago May 3, 4, and 5. The first congress was held in New York in 1907. J. M. Dickinson, now secretary of war, is president, and representatives are expected to attend from Japan, Germany, England, France, Sweden, China and Turkey. Among the speakers will be Governor Deneen of Illinois, Dr. David Starr Jordan, William J. Bryan, Samuel Gompers, Governor Gillett of California, Archbishop John Ireland, James A. Tawney, and Elihu Root. It is likely that the situation in Turkey will be given special attention.

FROM MORGAN'S CURB LETTER.

"Coppers today were somewhat weaker than the close yesterday indicated. Except North Butte, which still continued active with heavy trading, all shares were quieter than for some time past, and the tendency was toward slightly lower prices. The violent fluctuations in North Butte seem to have left the market with a somewhat position to take for the time being. All our Eastern advices urge the purchase of good coppers now, and state that the present dullness will be succeeded by unusual activity and higher prices. On the curb there was considerable trading in Cactus and Chib. Consolidated, with some attention given Groux, Davis Daly, Arizona & Michigan and Superior & Globe. The rumor of yesterday regarding the acquisition of North Butte, East Butte and Chib. Consolidated, by amalgamated was denied this morning."

NEEDFUL KNOWLEDGE.

Marquette People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's Disease, or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

German women are taking up boxing and there are a number of schools where the art of self-defense is taught.

MARRIED IN MILWAUKEE.

Young Mining Engineer of Princeton Takes a Bride.

John Brooks Pratt, a young mining engineer, who is looking after the interests of the I. Stephenson company on the Swaney range, was married Wednesday morning to Miss Jane Sieg of Milwaukee. The I. Stephenson company owns the fee of the Stephenson mine, being operated by the Cleveland-Cliffs Iron company.

Mr. Pratt is one of the most popular young men on the range, and his friends there are planning to give him and his bride a hearty welcome upon their arrival at Gwinn. They are to occupy the house at the Austin location formerly occupied by Dr. C. M. Leonard and family, who are now living in Dr. McIntyre's residence. The Evening Wisconsin of yesterday had the following announcement of the marriage:

"The wedding of Miss Jane Sieg, daughter of Mr. and Mrs. Wilmer Sieg, and John Brooks Pratt, son of Mr. and Mrs. J. M. V. Pratt and grandson of Mrs. G. D. Norris, took place this morning, G. D. Norris, took place this morning, 10:30 o'clock at All Saints' cathedral, Very Rev. Selton P. Delaney, dean of the cathedral, reading the marriage service. The bride, who was given away by her father, wore her trousseau in a tailored suit of brown cloth with a brown hat, and carried white sweet peas. Miss Dorothy Conway, who acted as maid of honor, wore a tailored suit of gray, with a gray hat, and carried white sweet peas and jonquils. Dudley Montgomery of Madison was best man, and the ushers were Messrs. Neil Norris and Warren Montgomery of Madison. Mr. and Mrs. Pratt left immediately after the ceremony on their wedding journey, and will reside in Princeton, Mich."

VICTIM OF CONFIDENCE GAME.

Ishpeming Young Man Claims He Was Taken in by His Partner.

The item in yesterday's issue of The Mining Journal concerning the trouble in which Donald McViechie of this city is involved created much comment among his friends and acquaintances here. Judging from the accounts of the affair published in the Chicago papers, it is certain that young McViechie was the victim of a confidence game, originated and planned by Coey, his former business partner. McViechie claims that he was misled upon his purchasing one of their cars for \$4,375, and that later, when he attempted to borrow \$5,000 on some securities his mother held, Coey obtained possession of the collateral. In his bill of complaint McViechie alleges that the statements and representations of Coey with reference to the said automobile business and the payment of the capital stock of said company and the prospective profits were false and fraudulent and that I have become the victim of a confidence game originated and planned by Coey, and resigned from the corporation and rescinded my contract to purchase 200 shares of stock."

McViechie is credited with saying that the corporation has few assets and that its leaseholds are a source of expense rather than revenue. Since learning that his former partner had planned to defraud him, he can easily see why he was paid \$50 per week for his services with the company as salesman. The outcome of the case will be awaited with much interest by the friends of both parties.

St. Petersburg is to have modern systems of drainage and water supply by compulsory construction under government supervision.

Two of the second-hand street cars recently purchased by the Marquette City Gas & Electric company will be ready for use within two or three days. One of them has been equipped with double motors and another with a single motor. The other two will be used as trailers to the heavy cars. The second-hand cars have side seats with unusually wide aisles and they will carry as many passengers as the new cars. The motors will today or tomorrow be transferred from the snow plow to the big carry-all. The old No. 5 car will hereafter be used as a waiting room on the switch leading to the golf grounds and Cleveland Park.

ISHPEMING IN BRIEF.

Miss Kate Comors, who has been engaged in dressmaking work in Marquette for the past four or five years, has returned to her home in this city.

Major Frank Watt, division officer of the Salvation Army, whose headquarters are in Duluth, will lecture this evening at the Ishpeming barracks. The Ishpeming officers extend an invitation to the public to attend.

Miss Helen Thompson and Richard Traise, both of this city, were united in marriage Tuesday morning at St. John's parsonage, Rev. J. A. Keul, the pastor, performing the ceremony. The witnesses were Miss N. E. Kating of Negaunee and Charles Thompson of this city.

The announcement of the marriage in Chicago, of Charles H. Moss, formerly of this city, to Miss Ellen Vivian of Houghton, was a great surprise to his many friends in Ishpeming. Mr. Moss and his bride are expected to spend a day or two in Ishpeming enroute to their home in the copper country.

J. Wahlman & Son have a contract to put a plate glass front in the Pengelase block on Main street. The firm is also doing a similar job in Charles Simons' block on South Main street. Work on the latter will be started next week if the weather is favorable and the Pengelase job will probably be finished the following week.

The weather has been so unfavorable this week that Manager McCormick of the Marquette City Gas & Electric company has deferred work on the Union Park baseball grounds until next Monday morning. A large force will be employed building a new fence and enlarging the grand stand and bleachers. The fence is to be 600 feet square. There will be ample space on the east side of the enclosure for circuses.

C. J. Byrns has returned from Grand Rapids, where he presented a prize state banner to Kent camp, No. 1980, of the Modern Woodmen of America, won last year for adopting the greatest number of members of any camp in the state. That same evening Mr. Byrns gave a talk to the Woodmen of Grand Rapids on the society's sanitarium at Colorado Springs and at the conclusion of his address the members voted to provide two cottages, to cost \$250 each.

Students of the junior and sophomore classes are preparing a program of talks and music for the afternoon of May 15 in the assembly room. The subject of discussion will be on the peace conference at The Hague.

A game of baseball is scheduled for Saturday, when the juniors and seniors will begin a series of games for the championship of the school. The winners of this series will have to play the winners of the freshmen-sophomore series. The sophomores won the first game of their series Saturday last at the Union Park. The score was 12 to 11.

The junior baseball team has submitted its line-up to the senior team in order to secure them, but it doesn't seem to have had any effect. The line-up is as follows: Markert, catcher; Quayle, pitcher; Kellow, first base; Hudson, second base; Finch, third base; Sivola, short stop; Ryan, left field; Corneil, center field; Gordon, right field; Youngbluth, substitute.

The Boys' Debating society did not meet this week, but the following program will be given next week: Declarations, Gordon Thoney and George Dunsten. The subject for debate will be: "Resolved, That the railways in the United States should be owned by the government." Affirmative, Arvid Hendrickson and Roy Youngbluth; negative, Leo Gunville and Clifford Finch.

HIGH SCHOOL NOTES.

Miss Millicent Parks visited the school Thursday afternoon.

The junior class held a meeting Thursday at 1:30 o'clock.

James Childs was absent from school this week, on account of illness.

Mr. Eckelberry's class will conduct a mock trial some afternoon in the near future.

The juniors are sending out invitations for their reception which will be given May 14.

Miss Emma Haslam visited school Wednesday, the guest of Miss Jeanette Warner.

Clifford Finch returned to school Monday, after an absence of a week, due to a broken nose.

The freshmen cooking classes entertained the faculty with a luncheon Monday and Thursday noon.

Miss Kason's sophomore class in English is reading "The Home of an Ancient Mariner" this week. The class will read Julius Caesar next week.

The girls' literary club gave a very interesting program yesterday afternoon. The life and works of Longfellow were the topics for discussion. A large number of visitors attended.

Students of the junior and sophomore classes are preparing a program of talks and music for the afternoon of May 15 in the assembly room. The subject of discussion will be on the peace conference at The Hague.

Accepts Savings Deposits in any amount from \$1 up and allows interest thereon at the rate of 3 per cent per year.

OFFICERS:

E. Maitland, President. Geo. J. Maas, Vice Pres.
T. C. Yates, Cashier.

DIRECTORS:

A. Maitland, Geo. J. Maas, J. H. Winter,
A. B. Miner, T. C. Yates.

LOCAL LACONICS.

John Jones has arrived from Cornwall, England, and will locate here permanently.

Miss Anna Ryan of Case street entertained Thursday afternoon in honor of Mrs. Norbert Sullivan of Houghton.

The eleven-year-old daughter of Erick Corvillia of Palmer died Wednesday night of diphtheria. The funeral will be held this afternoon.

Negaunee will be well represented at the production of "Mikado," by Ishpeming talent, tonight at Ishpeming theater. The ladies of the church sold a number of tickets to their friends in this city.

Mrs. John Nichols and daughter Cora of Milwaukee visited relatives in Negaunee Wednesday. They left yesterday for their home, accompanied by Russell Shea, who will meet his father and mother in Milwaukee today or tomorrow.

Mrs. Ernest Johnson, wife of the foreman at the new high school building, was called to Escanaba yesterday on account of the death of her brother-in-law's wife, Mrs. Burt Johnson, whose demise was caused by typhoid fever.

Mr. and Mrs. Burt Johnson were married last Labor Day. She had been ill for nearly a month. Mr. Johnson will go down tomorrow to attend the funeral, which will be held Sunday.

Thomas Williamson, who recently purchased the R. W. Olson dwelling on East Main street, and will occupy it with his family, advises for sale the dwelling on the corner of the building. It is an eight room house and is in good condition.

Considerable snow fell at intervals yesterday. The temperature in the early hours of the morning was twenty above zero, but it became slightly colder late in the day. If there is not a decided change in the weather before Saturday the baseball players will meet with another disappointment in not being able to go out for their first practice Sunday.

The diamond at the Union Park grounds is in fairly good condition, but there is still considerable snow in places inside the enclosure.

Albert Sleep, the young man who was assaulted and robbed Sunday night while walking home from Ishpeming, where he attended church services, is still in a

serious condition. He is rational only at times and even when he seems to be in his right senses he is unable to give any account of what happened to him. Many here are of the opinion that his wounds are self-inflicted, as it is said that he appeared to be acting strangely on Sunday, before going to Ishpeming. In his ravings he talks a great deal about his father and brother being on their way from England to Negaunee. His father died some years ago.

Shoe repairing First-class work at reasonable prices. A trial solicited. E. Johnson, Sjöholm building, Pioneer avenue. (4-27-19)

Many sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful, pain-alleviating Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray is a remedy that relieves at once. All druggists, etc., including spraying tube, or mailed by Ely Bros., 56 Warren street, New York.

Negaunee Department

WILL HAVE TOWN HALL.

Members of Council Favor Good Sized Meeting Place in New Building.

While the members of the council have not yet had an opportunity to ascertain just what the new fire hall is going to be like, they are satisfied that Alderman C. B. Driscoll, chairman of the committee, will present plans at the meeting next Thursday evening that will be satisfactory to all concerned. A member of the council yesterday said that Mr. Driscoll has given the matter serious consideration, and that the building will be thoroughly up-to-date in every respect. He said that one of the great needs of the city is a large hall that can be used for mass meetings, conventions, etc. The city has wanted such a place for many years and it is the understanding that the assembly room in the second floor of the building will meet the city's requirements. The structure will be large enough to accommodate two horse teams and all of the departments' equipment on the first floor, with adequate quarters for the firemen and paid men on the second.

The members of the council would like to get the fire hall under way as soon as possible, as they would like to have the building completed not later than September. There will be no delay in the financing, as the bonds can be issued at any time the money is needed. The council will endeavor to keep the cost of the building within the \$15,000 limit.

BOWLING CONTEST.

The Eagles defeated the Cubs by twelve pins in a league bowling contest, Wednesday evening at Detroit's alleys. The scores were as follows:

Cubs—					
A. Heckela	136	157	100	393	
E. Heckela	112	128	164	404	
W. Koski	152	141	143	436	
Totals	400	426	407	1233	
Eagles—					
Partanen	141	136	159	436	
Forsman	132	132	170	434	
J. Alpin	131	149	112	392	
Totals	404	408	441	1253	

INITIATED CLASS.

Newly Organized Society Will Endeavor to Increase Membership.

A class of five members was initiated into the Negaunee tent of the Macabees of the World Wednesday evening. This is the first initiation since the tent was organized several weeks ago. A. P. Crocker, state deputy, was present. He urged the members to increase their membership as much as possible, and, as an inducement, he offered to pay the tent's hall rent for six months if they secure twenty additional members before the first of July. The applications for the members initiated Wednesday evening were secured by the officers of the tent, and it is thought that twenty more can be obtained within the time specified.

Mr. Crocker reports that the society is making satisfactory headway in the upper peninsula. Since he instituted the tent in Negaunee he has organized tents at Manistique and Sault Ste. Marie, the latter having been instituted last Friday night. Alfred Hebbard of Ishpeming, who assisted Mr. Crocker in the work here, will organize a tent in Calumet next Wednesday evening. There are now over 100 tents, with a total membership in excess of 5,000, in Michigan. The society instituted its first tent in this state five years ago.

The local tent has secured the Sons of St. George society's hall and will meet twice a month hereafter, on the second and fourth Wednesday evenings.

EIGHT LOTS SOLD.

E. C. Cooley, who has the sale of the lots in the Cyr addition, reports that eight of the lots have already been sold and the deeds transferred to the new owners. It is expected that the remaining eight will be disposed of before long.

Those who have already purchased lots are Charles G. Kronberg, Henry Kronberg, Captain John Deacon, Joseph Rickard, Joseph Freshette, Andrew Carlson, John Peterson and Thomas Johns and John Loverton. The latter two buying jointly. Two houses are now under construction and work on the third will be started soon.

STEVE THOMAS TO MOVE.

S. S. Thomas, the meat dealer, yesterday secured a lease on William Nooley's building, recently purchased from Mrs. A. Broad and will move his market from the Tracy building as soon as certain alterations are completed. Mr. Thomas' business has outgrown his present quarters and he has been desirous for some time past of finding a larger and more convenient place. Mr. Nooley, whose family will move to their former home at Teal Lake, will remodel the building to suit Mr. Thomas. A basement will be put in and Mr. Thomas is to have possession of the entire building. The second story will be fitted up as a dwelling and the partitions will be removed from the rooms down stairs, making two separate store-rooms, with an arch between them. The rear room will be used as a warehouse. A new plate glass front will be put in. As soon as he gets into his new quarters Mr. Thomas will increase his stock of groceries and provisions.

MATHER INVITED TO SPEAK.

The board of education has invited W. G. Mather, president of the Cleveland-Cliffs Iron company, to deliver the principal address at the dedication of the new high school. A letter has been received from Mr. Mather in which he states that he is pleased to accept the invitation. It is now expected that the school will be dedicated upon the occasion of the commencement exercises some time in June. Work in the building is progressing satisfactorily, and it will not be long now before it will be possible to install the equipment. All of the tile work, with the exception of the landings on the main stairs, has been finished, and U. R. Dunner's men yesterday began laying the marbleic slabs on the stairs. There is little carpenter work still to be done and the decorators are nearly finished.

The hide of a cow weighs about thirty-five pounds, but that of a horse is about half that amount.

AN HONEST DOCTOR

remarked to his patient who had been cured by Lydia E. Pinkham's Vegetable Compound after his efforts had failed. "Mrs. Weber, I do not believe in patent medicines, but I will say that Lydia E. Pinkham's Vegetable Compound is the best medicine ever discovered for women. Continue to use it." This is another link in the long chain of evidence to prove the reliability of this standard medicine for women.

THE SAME PRINCIPLE.

"First time you've ever milked a cow, isn't it?" said Uncle Josh to his visiting nephew. "Wal, y' do it a darn sight better'n most city fellers do." "It seems to come natural somehow," said the youth, flushing with pleasure. "I've had a good deal of practice with a fountain pen."—Everybody's Magazine.

\$15.00

They are made of excellent quality covert cloth, serge and Panama, semi or tight fitted back.

\$15.00

COATS AT

\$18.75

Are the best money can buy—and the best we have to offer—full length, tight-fitted backs, in covert and serge

\$18.75

Exclusive Millinery Modes

The showing equals, if not surpasses, the most exclusive Millinery Shops in large cities.

These hats were created for Chicago State street stores and we consider ourselves fortunate in being able to offer the exact duplicates to our trade at an immense saving in cost.

Leghorn Hats

Chip and very rough straws in droop and rolled shapes, medium and large sizes, beautifully trimmed in the season's fashion with flowers, fruits and velvet ribbon.

Priced at

\$3.00 \$4.00 \$5.00 \$7.00 \$9.00 \$10.00

NOTED LECTURERS TO SPEAK AT NORMAL

THIS YEAR'S SUMMER SESSION WILL BE UNUSUALLY ATTRACTIVE.

POPULAR AND LEARNED TALKS

Speakers of World-Wide Fame Will Discuss Literature, Earthquakes, Geology and Library Work.

During the summer session, a number of eminent lecturers and educators have been engaged to give a series of lecture courses at the Normal school. These lectures will be both popular and scholarly, and will appeal not only to all classes of teachers and students, but to the general reader as well.

Professor J. G. Carter Troop, of Chicago, will give a series of lectures during the week beginning July 11. Professor Troop is a scholarly lecturer of recognized ability, and at the same time he possesses the power of making his lectures very entertaining. Those who heard Professor Troop in the summer of 1905 will be glad to welcome his coming again this summer.

Professor Troop will give the following course of lectures on American literature:

1. Ralph Waldo Emerson: The Prophet.
2. John Greenleaf Whittier: The Reformer.
3. Henry Wadsworth Longfellow: The Academic Poet.
4. James Russell Lowell: The Humorist.
5. Oliver Wendell Holmes: The Rationalist.
6. Nathaniel Hawthorne: The Artist.

Dr. E. O. Hovey, of New York city, will give a course of lectures, beginning Monday, July 26.

Dr. Edmund Otis Hovey is a graduate of Yale university, and a special student of geology and allied subjects at the University of Heidelberg, Germany. He has been at the American Museum of Natural History for fourteen years, where he is associate curator of the department of geology. Dr. Hovey is a Fellow of the Geological Society of America, the American Association for the Advancement of Science, the New York Academy of Sciences and other scientific societies. The lectures announced are mostly the result of personal observation and experience on the part of the lecturer upon expeditions undertaken for the museum, and are illustrated almost entirely with lantern slides from photographs taken by him.

Dr. Hovey will deliver the following lectures:

1. Earthquakes: their nature, distribution, and effects of seismic phenomena, with special illustrations drawn

from the quakes of Charleston, 1886; San Francisco, 1906; Kingston, 1907, and Messina, 1908.

2. Mt. Pele and the Destruction of St. Pierre, Martinique—This lecture is based upon what the lecturer saw, heard and did during the three expeditions in 1902, 1903 and 1908, which the American Museum of Natural History sent to Martinique and St. Vincent to study the eruptions of Mt. Pele and the Soufriere, the most remarkable eruptions of modern times. The lectures are illustrated by stereopticon views made from negatives taken for the museum by the lecturer.

3. Northern Mexico: Its Deserts, Plateaux and Canyons—This lecture describes a unique trip on mule-back through the Western Sierra Madre of northwestern Chihuahua, Mexico. Among the things touched upon will be the extensive deserts, high forest-covered plateaux once inhabited by pre-Columbian Indians of considerable civilization, the Grand Canyon of the Aros river eleven miles wide and a mile deep, rivaling the Colorado canyon in beauty, and quaint old mining camps—Jesus Maria and others.

4. Southern Mexico: Its Great Volcanoes and the Isthmus of Tehuantepec—The lecturer will tell of the beautiful old cities and interesting people, the Isthmus of Tehuantepec and the great new transcontinental trade route, the rival of Panama, the volcanoes of Cuicatlan, Toluca and Popocatepetl, and personal observation derived from the special facilities given in connection with the meeting of the Tenth International Geological congress in 1906.

5. Russia: A Journey from Warsaw to the Ural Mountains, The Land and the People.

6. From Odessa to Mt. Ararat: Tiflis and Russian Armenia.

These lectures upon Russia are based upon the travels covering 12,500 miles in European Russia and adjacent parts of Asiatic Russia made in 1897, when the lecturer was the delegate of the museum to the International Geological congress which met in St. Petersburg. The members of the congress were the guests of the czar and of the great mining companies, so that special facilities were afforded for seeing the land and the people, opportunities which were thoroughly improved.

Library Work and Administration.

Frank K. Walter, vice director of the Library school, at Albany, New York, will spend two weeks lecturing, beginning the middle of July. Mr. Walter will give a series of lectures pertaining more especially to library work, but will also give several lectures of a more popular character.

Mr. Walter is one of the recognized authorities in America on library work and administration.

Miss May Masee, children's librarian of the Buffalo Public library, will give a course of lectures on children's reading, children's books, and children's literature.

Miss Masee has had special opportunities to study this important subject, and the members of the summer school will be fortunate in getting this opportunity to listen to her lectures.

Miss Masee will bring with her a children's library of 500 volumes, which will be of interest to teachers, parents and students.

The regular Saturday night hop will be held at Fraternity Hall tomorrow night. Music by the Peerless orchestra. (4-30-24)

ORATORICAL CONTEST TONIGHT.

Six High School Students to Compete for Championship of U. P.

The upper peninsula district contest of the Michigan high school oratorical association will be held at the Normal school auditorium this evening. The public is cordially invited to attend the contest, in order to defray the expenses of which an admission fee of twenty-five cents will be charged.

There are to be six contestants, three in oratory and three in declamation, all of the districts which they represent. The winners of this contest will compete with the winners of the lower peninsula district contest for the championship of the state.

The following are the contestants: Oratory: Willard Rappleye, of Menominee; Jay Hamilton, of Newberry, and Raymond Bart, of Calumet; declamation, Mary Edlitz, of Menominee; Lucille Spaulding, of Calumet, and Louise Williams, of Munising.

The district and sub-district contests have been arranged for by Upper Peninsula Chairman W. R. Goodrich, of Munising, and Sub-District Chairmen John Doelle, of Houghton; F. D. Davis, of Escanaba, and C. L. Phelps, of Ishpeming. The following persons have been selected for judges of the contest: Composition and thought, Professor Thos. Trueblood, of Ann Arbor; Professor E. D. Schonberger, of Olivet, and Rev. Dr. Ezra Tinker, of Munising; delivery, Rev. K. B. Tupper and Hon. J. W. Stone, of Marquette, and Superintendent W. D. Hill, of Crystal Falls.

The following program will be rendered at the Normal tonight:

—Part I—
Oration: "Tidal Waves from Home" by Hjalmar Beckman and Peter Behan.
A. Behan.
Our Martyr Chief: Willard Rappleye, Menominee.
The Child Labor Question: Jay Hamilton, Newberry.
World Peace: Raymond Bart, Calumet.
Piano solo, "Pilgrim's Chorus": Wagner Listz, Miss Vinnie Mathews.

—Part II—
Declamations: "The March of the Flag": Beveridge, Mary Edlitz.
Martyrdom of Joan of Arc: Thomas de Quincey, Louise Williams.
Toussaint L'Ouverture: Wendell Phillips, Lucille Spaulding, Calumet.
Piano solo, "Polonaise": Paderewski (a); Ebb and Flow: Oliver King (b) Bird at Sea: Henry Swart, Normal School Ladies.
Double Quartet.
Decision of judges: Wendiawski, Violin solo, Souvenir: Wendiawski, Peter Behan.

CARD OF THANKS.

We wish to express our heartfelt thanks to the many friends who assisted and sympathized with us in our recent bereavement; also, to all who sent floral tributes, and to the choir of St. Paul's church for their services at the funeral.

MRS. W. M. T. HAMBLY, and Family.
