

## SENATORS ASSAIL RETAIL DEALERS

**Arguing That the Tariff Has Small Affect on the Price to the American Consumer, They Make Charges of Extortion.**

**Razors for Which the Manufacturer Gets \$4 a Dozen Sell at \$2 Each, They Say; Gloves Made at \$7.40 a Dozen Pass to the Wearer at \$2 a Pair, While for the Glass Pitcher Which Costs the Housewife 40 Cents, the Merchant Pays 7 1/2.**

Washington, May 11.—Substantial progress was made in the consideration of the tariff bill in the senate today. The amendments to the committee on finance were upheld by substantial majorities.

The feature of the day's session was a general discussion concerning the great disparity between the wholesale and retail prices of commodities. The Republican senators declared that this difference was so great as to demonstrate that the duty levied by the protective tariff had small effect on the price paid by the consumer. This feature of the discussion was precipitated by Senator Scott, himself a glass manufacturer. On his desk were several pieces of glassware, which he used to emphasize his position on the tariff.

**Manufacturers Get But Little.**

"Here," said Mr. Scott, "is a half gallon pitcher we sell for nine cents a dozen. It sells at retail for about forty cents a piece."

Tumblers which sold for \$2.50 a dozen when he first went into the glass business now sell at eleven cents a dozen, he said. Goblets that once commanded \$3 a dozen now sell for ten cents a dozen. "If we keep on, we will soon be paying the people to carry this glassware away," he added.

Senator Hale took advantage of Mr. Scott's exhibition to make a point in support of the protective policy as a whole. He said that the present debate would do much to convince the people that the policy of protection has no relation to the high retail prices prevailing in this country.

Senator Flint cited an instance of a set of Haviland china which cost, after all the import duties and other expenses were paid, \$10.89, yet the retailer in this country got \$36 for it. Another article that cost forty-one cents to import sold at retail for \$3.50.

Senator Smoot cited the case of a razor. The manufacturer's wholesale price on which was \$2.05 a dozen, which sold for \$2 each to consumers. Gloves, he said, manufactured for \$7.40 a dozen sold at retail for \$2 a pair or \$24 a dozen. These high prices, he said, had nothing to do with the protective tariff, because compared with the retail prices the tariff charge was small.

Senator McLaughlin defended the retail dealers against the charge of extortion, saying that the retailers would lose their trade if they undertook to charge too much. He said that the high prices resulted from the tariff.

**Wm. Alden Clashes With Cummins.**

The discussion continued on these lines at some length until the window glass schedule was reached. Senator Cummins offered several amendments to this schedule, saying that they were intended to prevent any future combination among the manufacturers or others in that industry for the purpose of putting up prices. He said that at this time the domestic price of such glass is less than the duty added to the cost of manufacturing the product, so that competition was fixing the price to the consumer.

An animated colloquy occurred between the Iowa senator and Senator William Alden Smith of Michigan, the latter declaring that the senator from Iowa was in a position to make good a campaign promise to reduce the customs duties, which he did not feel under obligations to do.

"I voted for the Dingley bill," said Mr. Smith, "and I have no apology to make for that vote. The senator from Iowa, forcing some possible combination among the glass manufacturers in the future, wishes to bring the foreign manufacturer a little nearer his American competitor, and I do not."

Action on the window glass schedule was not completed today. The schedule covering the products of lead was passed over upon the suggestion of Mr. Aldrich because, he said, the finance committee desired to make some changes in the duties as previously recommended. The senate adjourned until tomorrow.

**AS THE PRESIDENT SUGGESTED.**

**Legislation Affecting Porto Rico Will Likely Pass at Present Session.**

Washington, May 11.—Senator Dewey today introduced a bill for the relief of the civil government of Porto Rico in the manner suggested by President Taft in his special message to congress yesterday. It is expected that a meeting of the committee on Pacific islands and Porto Rico will be held at an early date in order to procure the endorsement of the proposed legislation, and that action will be taken by congress at the present session.

**Joplin Delegation Sees Mr. Taft.**

Washington, May 11.—A delegation of citizens of Joplin, Mo., interested in the zinc industry, was received by President Taft today. The delegation told the president that it was essential to the industry that there should be at least a cent a pound duty on zinc.

## TONNAGE TAX BOBS UP AGAIN

**Moving to Take His Bill Away from the Committee, Representative Farmer Gives the Upper Peninsula Men a Bad Scare.**

**Agriculturists' Club Stands With Him and It Is Only an Alliance of the North Country Soldiers With the Kent and Wayne Delegations That Saves the Measure from Coming Out on the Floor, Where It Is Possible That It Would Have Passed.**

Lansing, Mich., May 11.—[Special.]—Representative Farmer, one of the only two Democratic members of Michigan's legislature, parent of the tonnage tax proposition, gave the upper peninsula men a bad scare today when he moved to take his bill away from the committee. The farmers' club stood pretty strongly with him, and it was only an alliance of the upper peninsula men with the Wayne and Kent delegations that saved the bill from coming out on the floor of the house, where it is possible that it would have passed. Speaker Campbell was accused of being friendly to the upper peninsula, and by his rulings he seemed to be so.

Mr. Farmer, who is not much of a parliamentarian, did not demand the yeas and nays loud enough for Speaker Campbell to hear, and the vote was viva voce. Representative Cramton denounced the speaker as unfair and succeeded in forcing a roll call on the bill, which resulted in thirty-six votes in favor of relieving the committee of the bill, and forty-six against. Fifty-one votes are necessary to take a bill from a committee.

**How the Representatives Voted.**

The roll call was as follows:  
Yeas—Baker, Baldwin, Ball, Biel, Bonsum, Bryant, Clarke, Cramton, Cummins, Currier, Davis, Decker, Dusenbury, Engel, Farmer, Folks, Gray, Green, Hale, Hatch, Heckert, Hoelt, Jensen, Lahnus, Milikin, Morrison, Nowkirk, Perry, Reynolds, Sanders, Schantz, Straight, Tubbs, Wheeler, Whelan and Wood—36.

Nays—Austin, Beaman, Brown, Burdick, Burnham, Burns, Chandler, DeYoung, Downing, Edwards, Flowers, Gellinas, Harvis, Haviland, Henry, Hunt, Jones, Kemmerling, McAfee, McKay, E. C. Miller, G. A. Miller, Monroe, Morgan, Morris, Oates, Odell, Ormsbee, Pearson, Rice, Sanborn, Sterling, Stevenson, Sunzel, Vanderveen, VanRaalte, Verdier, Vail, Walker, Warner, Waters, Willoughby, Woodruff, Woodworth, Yapp, Young and Speaker Campbell—46.

Representative Maxey of L'Anse in Milwaukee, with his wife, Mr. Fields of Chippewa was absent, and Mr. Jensen of Escanaba voted to take the bill away because of a personal pledge made to Farmer, though, he explained, to the house, he would not have voted for the passage of the bill. All the others of the upper peninsula delegation who were present voted against the proposition, and there is much soreness in the ranks against Jensen.

**Speaker Stands by the U. of P.**

When Mr. Cramton came to Farmer's support, he charged Speaker Campbell with unfairness, saying that Farmer was trying to demand the yeas and nays when Campbell shut him off. Mr. Cramton moved for the reconsideration of the vote by which Farmer's motion was lost, and the motion prevailed. Representative Burns then moved to table Farmer's motion, and lost thirty-one to fifty.

Representative Monroe of Ironwood tried to talk against reporting the bill out, but was interrupted several times by Cramton, who raised the point of order that Monroe was discussing the merits of the bill, which is forbidden by the rules in a motion to take a measure from the committee. "The chair will call the gentleman from Gogebic down if he wanders from the point," said Speaker Campbell, allowing Monroe to proceed.

Representative Oates of Calumet followed Monroe, and was also interrupted by Cramton, the two "roaring" together as loud as possible. Speaker Campbell shut Cramton up this time with the remark that his motion was dilatory and he would not be recognized.

Representative VanRaalte, of the mines and mineral committee, defended the committee, and Mr. Lahnus, another member, attacked it, saying that the committee was purposely trying to smother the bill. Finally the vote was taken, as above.

**Marquette Prison Report.**

The report of the special committee on the Marquette prison came out today. All through the report runs a tone that indicates the committee expected to find more than it did and was slightly disappointed. Shaurer Bros.' bid is said to have been let without the advice of the attorney general, and the board of correction and the warden are criticized because it is alleged there were higher bids. The alleged extravagance also is criticized, and it is hinted that this alleged extravagance was because the monthly sessions of the board were "more like banquets than business meetings."

The warden is alleged to have bought \$800 worth of household furniture from his wife and two horses at \$500 from a brother, and the report says he should reimburse the state for this.

The case of Van Gordon of Iron Mountain is referred to. It is claimed that Van Gordon was given extraordinary liberties. It is said that he had a pedigree stallion, and two Marquette men testified they paid for the services of this animal, though Van Gordon said he

did not get the money and the prison books failed to show it.

### CURTISS FIGURES IN A SCANDAL.

A veiled legislative scandal of several weeks was brought to a climax today by the publication in the Detroit News of the alleged facts in the case of Representative D. Z. Curtiss and Mrs. Sidney Hill, wife of the house journal clerk. Curtiss, who formerly was a newspaperman at Marquette, where he published the new long defunct Times, represents one of the Detroit districts in the house.

It is alleged that several weeks ago Hill found Curtiss and Mrs. Hill together in Hill's house one night. He and Mrs. Hill separated, and she has been at her home in Green Bay, Wis. The newspapers have suppressed the story, but a veiled item in the Detroit News last Sunday brought it out and today the News published an interview with Curtiss in which he said that the woman asked him to the house, but that nothing was wrong.

Curtiss was given an indefinite leave a week ago, but last night, after the publication of the story, he returned to the house. Speaker Campbell told him that he had better leave or there might be a "brain storm" on Hill's part. Curtiss left. Today the whole alleged story came out in the News, and tonight Speaker Campbell announced that tomorrow he would declare the seat of John Fitzgibbon, the Detroit News correspondent in the house vacant and would put an embargo on the News itself. Friends are urging him that this course would be unwise, but he is stubborn.

### MICHIGAN LAW-MAKER IS VICTIM OF ASSAULT

**Attacked in a Street at Lansing by an Alleged "Dope Fiend" Who Uses a Razor, Representative Wm. H. Schantz of Hastings Is Grievously Wounded.**

Lansing, Mich., May 11.—Representative Wm. H. Schantz of Hastings, was attacked on the street tonight by an assailant who cut the legislator's throat with a razor. At the hospital it was reported that Mr. Schantz would probably recover. It is thought that the assault was due to the vagaries of a "dope fiend." James Duggan has been arrested.

### POLICE PREVENT A CLASH.

**Fierce Race Riot Narrowly Averted at Council Bluffs, Iowa.**

Council Bluffs, May 11.—Crowds of several hundred persons, white and black, tonight gathered at Tenth and Broadway near Market street, where a riot was shot last night, and for a time a riot was imminent. The whites declared that they would clean out the negro settlement in that neighborhood, and only the arrival of a strong force of police prevented a clash.

### BLOODY RIOT OCCURS IN THE CANAL ZONE

**Panaman Police and Employees of Uncle Sam Engage in a Desperate Battle in Which Two Americans, One of Them Electrician C. M. Abbott, Are Killed.**

Colon, May 11.—In a conflict which occurred last night between Panaman police and employees of the canal zone, near the dividing line, C. M. Abbott, an electrician in the power house at Cristobal, and a colored man, also an American, were killed.

The police yesterday afternoon crossed the zone at Cristobal in an effort to arrest an escaped prisoner. They were mobbed and pelted by the West Indians and finally were arrested by the zone police for creating a disturbance. Last night a number of Panaman policemen with rifles, proceeded towards the zone in an attempt, it is alleged, to find those who had maltreated their comrades earlier in the day.

The police came into collision with canal workers, and many revolver and rifle shots were fired. Stones and other missiles were freely used. Electrician Abbott was killed by a blow on the head and the colored American was killed by a rifle bullet which penetrated his brain. The riot became so threatening that all places of business were quickly closed, but eventually the invaders were driven off.

Both the American and Panaman authorities are holding an investigation to place the responsibility. Precautions also have been taken that there may be no recurrence of the disorders.

### BITTER STRUGGLE IS PRECIPITATED IN FRANCE

**Following a Stormy Session of the Chamber of Deputies, Which Dodges the Issue, a Strike of the Postal Employees Is Ordered by the Union Leaders.**

Paris, May 11.—The chamber of deputies, after a stormy session of four hours, today adjourned the debate on the interpellations on the postal situation until May 13. The response of the postal employees was quick and decisive. Within half an hour the federal committee had issued orders for a general strike and the railway mail clerks walked out in a body. An hour later a meeting of 6,000 postal employees unanimously voted to strike. Determination and resolution, to force the hand of the government were apparent.

Marseilles, May 11.—The military and civil authorities, with the aid of the Chamber of Commerce, have completed arrangements for wireless telegraphy and automobile services to insure the continuation of the transmission of telegrams and letters in the case of a strike.

### NEW ORLEANS CELEBRATES.

New Orleans, May 11.—The citizens of New Orleans entertained at an elaborate banquet tonight in honor of the first passage of a modern warship up the big river. The battleship Mississippi starts for Natchez, Miss., tomorrow.

## THE WEATHER.

Washington, May 11.—The following is the weather bureau's forecast for Upper Michigan: Showers, Wednesday and Thursday; moderate to brisk easterly winds.

## BASEBALL.

**STANDINGS OF THE TEAMS.**

National League.			
Team	W.	L.	P.C.

### SCHEDULE FOR TODAY.

**National League.**  
Pittsburg at Philadelphia.  
Cincinnati at Boston.  
Chicago at New York.  
St. Louis at Brooklyn.

**American League.**  
New York at Detroit.  
Washington at Chicago.  
Philadelphia at St. Louis.  
Boston at Cleveland.

### YESTERDAY'S GAMES.

**National League.**  
New York, May 11.—Errors by Doyle and Bridewell helped Chicago defeat New York.  
Score: R. H. E.  
New York ... 000102000—3 6 4  
Chicago ... 11000001—4 9 2  
Batteries—Wiltse and Myers; Brown and Moran.

Brooklyn, May 11.—The game was a pitchers' battle in which the high wind played merry pranks with the batters.  
Score: R. H. E.  
Brooklyn ... 100000001—2 7 1  
St. Louis ... 000100000—1 3 2  
Batteries—McIntyre and Bergen; Sallee and Bresnahan.

**American League.**  
Philadelphia, May 11.—The visitors knocked Foxen off the rubber in four innings.  
Score: R. H. E.  
Philadelphia ... 010000000—1 3 3  
Pittsburg ... 200400010—7 14 0  
Batteries—Foxen, Van Dyke and Dooin; Camnitz and Gibson.

**American Association.**  
St. Louis, May 11.—Powell's pitching was the feature.  
Score: R. H. E.  
St. Louis ... 00002010—2 8 0  
Philadelphia ... 000000000—0 2 2  
Batteries—Powell and Stephens; Coombs, Dygett and Thomas.

**College Games.**  
Amherst—University of Vermont, 4; Massachusetts Agricultural college, 1; Princeton—Princeton, 6; Dartmouth, 5; Bloomington, Ind.—Indiana University, 20; State Normal school, 2.

**Western League.**  
Topeka, 8; Omaha, 7.

### SEVEN HUNDRED DELEGATES.

**Hosiery and Underwear Manufacturers in Session at Philadelphia.**

Philadelphia, May 11.—The Hosiery Manufacturers' Association of America and the National Association of Underwear Manufacturers opened a joint convention here today, with nearly seven hundred delegates present. Today's session was devoted to the reports of the president and the tariff committee.

## SAYS IT HAS FOUND "THE LOST JOHN ORTH"

**Austrian Archduke Who Disappeared Nineteen Years Ago Is Employed as a Machinist at Painesville, O., at \$15 a Week, Asserts the Chicago Journal.**

Chicago, May 11.—The Journal today devotes its entire front page to an elaboration of the unrequited statement that it has discovered "the lost John Orth," otherwise Archduke Johann Salvator of Austria, prince of the house of Hapsburg, who disappeared nineteen years ago after marrying Ludmilla Stibel, an opera singer, briefly sketched, the Journal's story says.

John Orth was discovered at Painesville, Ohio, working as a machinist at \$15 a week. Previously he had followed this occupation at Grand Rapids, Mich., and Cleveland, O. His reason for making his identity known at this time, the Journal states, was due to his advancing years and the desire that he might be buried in Austria.

### DISAPPEARS FROM HIS BOARDING PLACE.

Painesville, O., May 11.—As suddenly as he came into public notice, when he proclaimed himself the missing Archduke Johann Salvator, of Austria, John Orth, a machinist who has been working here in a foundry for the last five weeks, disappeared tonight. Finding upon his return to his boarding house a published story of his alleged noble birth, his renunciation of his imperial title for the love of Ludmilla Stibel, an opera singer, and his subsequent fall into poverty and obscurity, Orth, supperless and dressed in his working clothes, hurried away.

"I shall be back in a few minutes," he shouted to his boarding mistress, as he hastened out of the door. Scores of people, Austrian, noble and common birth, interpreters, residents of Painesville and surrounding cities and hordes of newspapermen gathered at the little rooming house to await his return. They waited for many hours, but Orth did not come back.

### CROP DAMAGE NEWS MAKES WHEAT STRONG

**Sentiment on the Chicago Exchange Is Bullish All Day and on Active Trading the Prices Go Up More Than a Cent—Stock Market Is Dull.**

Chicago, May 11.—Damage reports from the South-west, particularly Kansas, and Nebraska were responsible for an advance of more than a cent in wheat today. The sentiment on the Board of Trade was bullish all day, and the volume of the business was fairly large. The failure of the foreign grain markets to follow the slump here yesterday imparted a strong tone at the opening. A dispatch from a cargo concern at St. Louis, claiming that many orders for twine had been cancelled owing to the poor outlook for the new crop in Kansas, Oklahoma and Texas was one of the reports that startled the trade. The enormous decrease in the world's visible supply as outlined by Bradstreet's also helped to inspire the bullish sentiment. According to this authority the total available stocks decreased \$700,000 bushels last week and \$3,741,000 bushels during April, leaving the supply now at 136,844,000 bushels, which is almost the smallest on record. The July opened at 112 1/2 to 113, sold at 114 1/2 and closed at 114 1/2. The lowest point touched was 112 1/2.

### STOCK MARKET LETHARGIC BUT FIRM.

New York, May 11.—The lethargic condition into which the speculation in stocks fell today was difficult to account for from any incident in the news. Reports that were regarded as important gave some relief from the apprehension that industrial interests were liquidating their holdings of stocks.

The market was freed from the selling pressure in evidence yesterday and the sentiment was improved for that reason; but there was little disposition to enter into active measures to accumulate stocks to advance prices. The prices moved actively upwards only in the final half hour. The dealings fell to a lower rate of activity during the midday period that has been witnessed in New York for over two months. Effective support was afforded by the sympathetic influence of the strength in a few stocks, notably Reading. That stock met some very heavy selling orders in the course of the advance, but offered good resistance. The Erie was strong, and estimates of the increase in that road's earning power were put in circulation. The question of a successful financing to meet the approaching requirements had its reflection in the heavy tone of the Great Western issues and Toledo Railways.

Part of the decrease in the activity of the market was due to the renewed rise in the prices of wheat and to some reports received of unfavorable weather conditions in parts of the west belt. Stock market sentiment is not disposed to ignore the significance of the hardening of the money market, in view of the free use which has been made of banking credits in carrying the prices of securities up to the present price levels.

Reading's rise to 136 1/2 placed it nearly two points above the price touched at that road's earning power were put in circulation. The question of a successful financing to meet the approaching requirements had its reflection in the heavy tone of the Great Western issues and Toledo Railways.

### PRAYER IS OFFERED IN COURT.

**A Mistrial Is at Once Moved, and the Judge Promptly Grants It.**

Mt. Vernon, Ga., May 11.—Following a prayer at the opening of the court's session today, offered by Rev. Joe McDaniel, a relative of W. C. Beasley, for whose alleged murder Jordan Swain is on trial here, the defense at once moved a mistrial, and it was granted. Rev. McDaniel in his prayer asked compassion for Swain, referring to him as a "man whose hands are stained by the blood of his fellow man."

### FINGER PRINTS ONLY CLUE.

**Marks Left on Lamp Chimney May Send Negro to the Gallows.**

Rockford, Ill., May 11.—Sherrif Collier returned today from Iowa, bringing with him the finger prints of a negro alleged to have been seen in the vicinity of Margaret Grippen's home at Winnebago about the time she was murdered. The negro is under surveillance while his finger prints are being compared with those left on a lamp chimney by his fellow man.

### SNOW STORM IN MONTANA.

Butte, May 11.—Reports from various portions of Montana of a heavy snow storm today. A foot of snow fell in Gallatin county. In the mountains the fall was heavier still.

### FAIRBANKS SAILS FOR JAPAN.

Honolulu, May 11.—Charles W. Fairbanks, former vice president, who has been visiting points of interest in the Hawaiian islands during the past two weeks, sailed today for Japan.

## CAPT. PETER HAINS IS FOUND GUILTY

**Tried for the Murder of W. E. Annis Last August, the Army Officer Is Convicted of Manslaughter in the First Degree.**

**Penalty to Which He Is Liable Is Imprisonment from One to Twenty Years—That the Jury Would Acquit or Disagree, Was the General Expectation, and None Is More Surprised at the Verdict Than Prosecuting Attorney De Witt.**

### NEW TRIAL WILL BE ASKED.

Quickly following the army officer's conviction, his counsel announced that they would produce affidavits to show that the jury had not been properly guarded during the trial, and upon this allegation they will urge that a new trial be granted. These affidavits will be submitted next Monday, the one set for passing the sentence, and for any motions the defendant's counsel desire to make. There will, of course, be the usual motions to set aside the verdict as against the weight of the evidence and contrary to the law, but the unguarded jury feature is the one set for passing the sentence, and for any motions the defendant's counsel desire to make.

There will, of course, be the usual motions to set aside the verdict as against the weight of the evidence and contrary to the law, but the unguarded jury feature is the one set for passing the sentence, and for any motions the defendant's counsel desire to make.

### CONVICTION SURPRISES EVERYONE.

The conviction of Captain Hains after the jury had been open less than three hours came as a general surprise. It had been expected that the jurors would deliberate much longer, and that a verdict of acquittal on the ground of insanity, or a disagreement, would result. No one was much surprised that District Attorney De Witt, who had said that such a verdict could be a miscarriage of justice, as he heard the decision of the jurors. Captain Hains' face was as white as chalk. He stood motionless for a few moments, staring at the jury. Then one of his lawyers touched him and quietly sat down. Apparently little affected by the verdict, he was taken back to the Queen county jail.

### UNWRITTEN LAW IGNORED.

After the jury was discharged, Judge William Taft said that little consideration was given to the expert testimony. He believed, he continued, that Mrs. Claudia Hains, the defendant's wife, had made a confession to her husband of improper relations with Annis and that Annis deserved his fate, but none of them would consider the unwritten law and therefore a manslaughter verdict resulted.

### MOMENTOUS EVENT FOR IAPT.

**Today He Plays the Most Notable Game of His Golf Career.**

Washington, May 11.—President Taft tomorrow will play the most notable game of his golf career up to this time when, paired with Walter J. Travis, former national champion, he will engage in a foursome against General Clarence Edwards, chief of the insular bureau of the war department, and F. Oden Horseman, one of the cracks of the Chevy Chase club of this city.

### DR. EGAN TO RETAIN HIS POST.

**Mr. Taft Will Keep Him at Copenhagen as Minister to Denmark.**

### JAPAN HONORS DR. ELIOT.

Copenhagen, May 11.—The rumors which have been appearing regularly in the Danish newspapers that Dr. Maurice F. Egan, American minister to Denmark, is to be recalled, were silenced today by the minister's announcement that President Taft has officially informed him that he shall retain his post. King Frederick recently expressed the hope that Dr. Egan would remain here.

### HARVARD EDUCATOR DECORATED WITH ORDER OF THE RISING SUN.

Boston, Mass., May 11.—President Charles W. Eliot, of Harvard University, was tonight invested with the insignia of the Order of the Rising Sun, bestowed upon him by order of the emperor of Japan in recognition of his services as an educator, especially in the education of Japanese students at Harvard. Japanese Ambassador Takahira presented the decoration.

### LOCKOUT AT DENVER.

**Action Taken by Builders Puts Two Thousand Men Out of Work.**

Denver, May 11.—The master builders and general contractors' associations today declared a lockout affecting two thousand men affiliated with the building trades council.

### EXCURSION RATE GRANTED.

Seattle, Wash., May 11.—The railroads today announced a rate of one and one-third fare for the round trip to the national irrigation congress at Spokane next August.

## OVERLOADED BOAT SINKS IN MIDSTREAM

**Score of Lives Are Lost When a Gasoline Launch Capsizes in the Ohio River Near Schoenville, Four Miles Below Pittsburg.**

**All Anxious to Cross to the Opposite Shore on the First Trip, Thirty Men Crowd Into a Craft Intended for Only Twenty Persons, and When in Deep Water the Boat Suddenly Founders, All Its Occupants Being Drowned Except Nine or Ten.**

Pittsburg, May 11.—Twenty persons are missing and all are believed to have been drowned when a gasoline launch sank in the middle of the Ohio river near Schoenville, four miles below Pittsburg, tonight. Of the thirty occupants of the boat, only ten are known to have escaped.

The missing are: Albert Graham; pilot, George Thompson, "Boots" O'Neill, James Connor, Walter Low, Thomas Kennedy, William Guthrie, Henry Vigelei, Dennis Murphy, Tony Boyle,

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

Subscription Rates: Per month, by carrier, \$1.00; Per year, by mail, \$10.00.

MARQUETTE, MICH., MAY 12.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

We have only fairly gotten Cuba on our hands when Porto Rico arises on the horizon as a cause of serious concern.

For people who are very certain they don't like a "dry" town it may be recommended that they defer judgment a short time and see how the thing works out.

"Mining Journal Roasts Greenhoot" is the way the Escanaba Mirror introduces a reprinted article from this paper, in which the attack on voting machines at Escanaba is commented on.

The city of Escanaba, as the report on its municipal lighting plant shows, owns a gas plant. Its gross business for the thirteen months ending March 31 last was, however, only \$5,037.28.

From all the towns in the Marquette-Alger county baseball league come reports of unusual interest in the game this year, and it is expected that the several teams will be given excellent support.

Patrick H. Kelly, lieutenant governor, will, notwithstanding stories to the contrary, be a candidate for governor next year, and plans to make an energetic campaign.

In the vote on the lead schedule Senator Aldrich and the senate finance committee scored over the coalition of Republicans and Democrats.

5% DEBENTURES. Running one to five years secured by first mortgages on improved real estate worth more than double outstanding debentures. Superior Trust Company, HANNOCK, MICH.

eration. The vote on the lead schedule would, however, indicate that Senator Aldrich has the situation pretty well in hand and indicates that there will be occasion for surprise if the finance committee is overridden by the senate on any of its important recommendations.

The German immigration to this country in 1908 was only 19,883, whereas in 1881 220,901 German people came to our shores, most of them to establish homes here and bring up families of loyal citizens.

The health committee of the new council deserves a liberal measure of credit for taking up seriously the task of seeing what it can do to improve the conditions surrounding the dairy business in this city.

The New York legislature, during its recently closed session, passed a bill carrying an appropriation for a farm for the propagation of game birds, with the end in view of restoring bird hunting in the state, as far as the conditions now existing permit.

The last days of the legislative session finds Governor Warner's program of things the legislature was to do not completed, with no prospect that it will be completed.

There is, however, no general fault found with the legislature's failure to act on these two items in the governor's program. The explanation for this doubtless lies in the fact that the people do not regard them of paramount importance.

A Modern Miracle.

The Scientific World is Amazed at the Wonderful Efficacy and Success of Abbey Syrup, the Famous European Remedy for Asthma and Lung Troubles.

It is astonishing to note how greatly indebted we are from a material point of view to the monasteries. The finest perfume and most agreeable liquor in the world are prepared from the formulae, the secret of which is jealously guarded by the monks in the calm seclusion of the cloister where they are manufactured.

By a bottle of Abbey Syrup today, use it faithfully; you will very soon notice a marked improvement in your health. The thousands who date their restoration to the blessings of glorious health from the purchase of Abbey Syrup, are a living kind of evidence of its efficacy.

This is the original remedy and is sold and personally recommended in Marquette by all druggists.

Upper Peninsula

His Auto Went Through Glass—There is one on Capt. J. H. Cundy today, and his first act upon taking the amount of fun at his expense, says the Iron Mountain Tribune-Gazette.

Two young men of the town engaged in a wood-stealing escapade at Iron Mountain the other night, but were caught in the act and sent to the county jail, leaving behind them a team of horses and a load of wood.

Two young men of the town engaged in a wood-stealing escapade at Iron Mountain the other night, but were caught in the act and sent to the county jail, leaving behind them a team of horses and a load of wood.

The sale of delinquent lands for Iron county resulted in the biggest clean-up of the last ever witnessed. But a very few descriptions were passed and what were passed were let for reasons that practically precluded their being purchased.

Geologic Range Baseball Gossip.

With the warm weather of the past week, and the opening of the season near at hand, the geologic range baseball fans are beginning to sit up and take notice. It is considered a safe bet that Rhineland, the new member of the circuit, will be a factor to be reckoned with.

MARQUETTE COMMON COUNCIL PROCEEDINGS.

Marquette, Mich., May 3rd, 1909. (Official.) A regular session of the common council was called to order at 8 o'clock p. m. by the mayor, Hon. Dan Vaughan.

On motion of Alderman Downey, supported by Alderman Schauer, and carried, the following bills and claims, having been audited by the controller, and the committee on finance and taxation, on motion of Alderman Asire, were allowed and ordered paid:

**ANOTHER BIG GATHERING.**  
**HOUGHTON COUNTY BOARD.**  
**Monthly Meeting Yesterday Was a Very Brief Session.**

The meeting of the Houghton county board of supervisors yesterday morning, being the regular monthly session of that body, was devoid of features and was characterized by brevity.  
 In the absence of Chairman Edwards, Supervisor F. G. Coggin of Stanton township, was named to act as chairman pro tem. He presided with dignity and grace. The pro tem chairmanship is an informal matter, but Supervisor Coggin will probably be considered now to permanently hold the honor, as was the case with Supervisor Calverley.  
 Aside from the passing of the monthly bills the board did little business. The Michigan Association of Sheriffs, Chiefs of Police and Prosecuting Attorneys addressed the board in a communication, asking that representatives be sent from this county to the annual convention at Manistee this summer. The petition was turned down by being placed on file.  
 It was resolved to pay the board of Marine Township a Houghton county pupil at the Michigan School for the Deaf at Flint. The child is a county charge and must be maintained during vacation. The board decided to leave her at the school and pay her expenses instead of having her returned to the county.  
 There was no other business and an adjournment was taken fifteen minutes after the board convened.  
**FIREMEN'S TOURNAMENT.**  
**Executive Committee Plans the Racing Events for the Big Meet.**

The following is the official program for the forthcoming upper peninsula firemen's tournament at Laurium as arranged by the executive committee of the association:  
 Wednesday, Aug. 18, 3 p. m., grand street parade; 8 p. m., meeting of the Upper Peninsula Firemen's association in the Laurium fire hall.  
 Thursday, Aug. 19, 10 a. m., regulation hose race; 2 p. m., regulation hook and ladder couplets' contest; 3 p. m., consolation hub and hub race.  
 Friday morning, flag race, novelty hook and ladder race; Friday afternoon, firemen's foot race, regulation hub and hub race, ladder climbing contest, hub and hub race between teams which did not win a prize, regulation hose race, No. 2.  
 Saturday, horse and horse truck race, baseball game, trotting matinee.  
**METHODIST CONVENTION.**  
**Annual Gathering of Pastors and Laymen of Houghton District.**

The annual convention of the Methodist Episcopal churches of the Houghton district, which includes a large portion of the upper peninsula, opened yesterday at Lake Linden. The program for yesterday and today follows:  
**Tuesday Afternoon.**  
 2:00 p. m.—Convention called to order, James Pascoe, district superintendent.  
 Devotional exercises, Simon Hocking, A brief business session.  
 2:40 p. m.—Woman's Home Missionary society address, "Woman's Relation to the Missionary Work of the Church," John Watson.  
 Paper: "What Methodist Women Can Do for the Home Missionary Society," Mrs. A. K. Cox.  
 Paper: "The Results of the Efforts of the Woman's Home Missionary Society," Mrs. W. M. Ward.

**Tuesday Evening.**  
 6:00 p. m.—Banquet, church parlors, served by the ladies of the church. Toastmaster, James Pascoe.  
 General theme of the toasts, "Life's Seasons."  
 A "Childhood," Miss Laura Gill.  
 B "Youth," Mrs. C. L. Adams.  
 C "Manhood," H. N. Aldrich.  
 D "Old Age," A. A. Maywood.  
 8:00 p. m.—Plebe meeting, auditorium, Missionary hour.  
 "The Latest Information from the Foreign Fields," W. E. Marvin.  
 "What's Doing in the Home Field and in Our Insular Possessions," J. Willcox.  
**Wednesday Morning.**  
 9:00 a. m.—Devotional exercises, C. L. Finch.  
 Convention sermon, R. L. Hewson.  
 9:45 a. m.—General theme, "The Mission in his district, and he believes it always will be. He left yesterday for the Soo.  
**WHITE PINE COMPANY.**  
 Articles of incorporation of the White Pine Mining company of Calumet were filed yesterday at the office of the county clerk. The company is capitalized at \$5,000,000 with the provision that \$1,250,000 of the stock may be issued as preferred stock. Of the capital, only \$250 has actually been paid in. The incorporators are: James MacNaughton, Fred S. Eaton and E. D. Johnson, each two shares; A. F. Rees, D. L. Robinson, E. S. Grierson and Harry Northey, each one share. There remain 199,900 shares to be disposed of by the company.  
**TWO FATAL ACCIDENTS.**  
 Oscar Maki, aged twenty-eight years, is dead at the county infirmary, where he was taken as the result of an accident in the Tamarek mine. His back was broken. The funeral was held yesterday. Maki, so far as is known, had no relatives in this country. Fred Warkick is dead from injuries received while at work in the main engine house of Tamarek No. 5. He was working as an oiler and became caught in the machinery. He was twenty years of age and made his home at the Red Jacket shaft location.  
**COPPERDOM BREVITIES.**  
 R. M. Edwards of Houghton has gone West, to visit the Corbin Copper company's property.  
 Mrs. Henry Champion, aged eighty years, died Sunday at her home in Ripley. She had lived in this country since 1850.  
 Mrs. A. F. Rees returned yesterday from the East. She was accompanied home by Mr. Rees, who joined her in Chicago.  
 Mr. and Mrs. James Hocking and Captain P. Richards of Calumet will leave this week to visit at their old home in Cornwall, Eng.  
 William J. Bajari, a Calumet boy, has just graduated from the Chicago School of Architecture and will open an office in Calumet.  
 The Misses Elizabeth and Anna Haug of Houghton have returned from Rochester, Minn. Their father, Matt Haug, is visiting in Duluth.  
 Horatio S. Earle, former state highway commissioner, was in the copper country Sunday, making arrangements for an experimental shipment of trap

**J. A. Minnear & Co. BROKERS**  
**Offices at Calumet and Laurium.**  
 Direct private wire service to all markets. If you want the best service on your curb orders and cannot favor us direct, instruct your banker to have us execute the order. Buy and Sell Boston Coppers, Railroads and Curbs for cash on margin.  
**Both offices open evenings.**  
**Phones, Calumet, 64 and 75. Laurium, 450, 520 and 605. 4-10-12m.**

## Right It— Get at the bottom of the Baking Powder Question.

Buy a can of Calumet today. Put it through the rigid baking test that you know. If it does not fully come up to your standard; if the baking is not just as good or better—lighter, more evenly raised, more delicious and wholesome, take it back to the grocer and get your money. Calumet is the only baking powder of high grade baking powder selling at a moderate cost. Don't accept a substitute. Insist upon Calumet—and get it.  
**Received Highest Award World's Pure Food Exposition, Chicago, 1907.**

**THE CONSOLIDATED COMPANY.**  
 This improvement in the Timomountain together with an upward movement in the price of copper, the metal, will place the Copper Range Consolidated in the strongest position since the company was formed.

**IS A STRANGE SITUATION.**  
**Uncle Sam Gives Licenses to Sell Liquor in Dry Territory.**  
 W. J. Bryan in the Commoner Has Stirred Up a Hornet's Nest at Washington.  
 Washington, May 11.—The suggestion of William J. Bryan through the Commoner that the government discontinue its questionable policy of issuing liquor tax receipts to persons desiring to engage in the liquor business in "dry" territory is receiving considerable attention in Washington.  
 Not that the members of congress are considering the advisability of adopting the Nebraska suggestion. Mr. Bryan's recommendation is attracting the attention of the lawmakers because his proposition is of great moment to them. They do not want public opinion focused at the evil, owing to the fact they are hostile to any legislation that will correct it, and do not desire to have their attitude become a matter of public discussion.  
 The condition brought into the light by Bryan is one that the average person would not believe existed. Although the matter has been before congress on several occasions, the public has heard but little of the debate. The real point at issue, however, really has nothing to do with prohibition. The principle involved is whether the government should aid enterprises in states where they are made unlawful by state laws.  
 For instance, the state of Maine has been made prohibition by a vote of the people. It is the fact that it is unlawful for persons to engage in the sale of liquor within that state, the government has issued 358 liquor tax receipts to persons within that state, which gives them the right to engage in illegal traffic so far as the federal government is concerned. From liquor tax receipts, receipts spring up countless "speak-easies" and "blind pigs." In Baltimore, a city with license, there are 2,340 saloons, in addition to which there are 718 persons holding liquor tax receipts. Kansas has 2,587 liquor tax receipts to be used in violation of its laws; Connecticut, 1,047; Philadelphia, 1,500.  
 In 1907 the federal government issued 236,418 liquor tax receipts, which authorized that number of persons to engage in the retail sale of spirituous liquors, and 18,286 were authorized to engage in the retail sale of malt liquors. Matthew E. O'Brien, representing the National Prohibition committee in Washington, estimates that 84,671 persons are holding federal liquor tax receipts and conducting "speak-easies" by the authority of the government in "dry" territory, or in territory where the people have declared in favor of prohibition by the ballot.  
 The government issues the receipts to anyone making application, upon payment of \$25, without making it a point to ascertain whether the applicant desires to sell liquor in "dry" territory or not. Bills have been introduced in congress—one was under discussion last winter—providing for the issuance of federal liquor tax receipts only to persons holding the necessary state or city licenses.  
 Both revenue acts prior to the one under which the government now issues liquor tax receipts provided against the raising of taxes in violation of the police powers of the state. The language of the acts of 1794 and August 2, 1813, was as follows:  
 "Provided always, That no license shall be granted to any person to sell wines or foreign distilled spirits who is prohibited to sell the same by the laws of the state."  
 Had the bill been able to reach the floor for a vote, there is little doubt but that it would be passed and become a law.  
**MINISTER SUES COLLEGE.**  
**Professor Workman of Montreal Calls His Dismissal Illegal.**  
 Montreal, May 11.—In entering an action for \$5,000 by the Rev. Dr. Workman against the Wesleyan Theological College of Montreal, a topic is again to the fore which at one time threatened to create serious division among the ranks of Canadian Methodists. In May, 1904, Dr. Workman was appointed professor of Hebrew and Old Testament exegesis at a salary of \$1,000 per annum. In 1907, he was dismissed on the ground that his doctrinal views were not in accord with the doctrines of the Methodist church. It was alleged Dr. Workman had described the account of the birth of Christ as "a myth" and that his views with respect to the Trinity were not orthodox.  
 Dr. Workman in a pamphlet declared his teaching was in every part in harmony with all evangelical standards. He took his case before the court of appeal of the Methodist church, but was defeated. He claims that his dismissal was illegal and that the charges were the work of a cabal. His claim is for damages "both pecuniary and in his reputation and feelings and character, as a minister of a recognized Christian church."  
**ASKS NO RATE LEGISLATION.**  
**President Stops Reports That He Will Make Request This Session.**  
 Washington, May 11.—President Taft sets at rest reports about contemplated legislation at this session to strengthen the commodities clause of the Hepburn rate law. He does not intend to ask Congress for such an enactment at this session, which was called solely for the consideration of tariff matters. The wish of senators of the judiciary committee to President Taft, which started the report, is stated to have been regarded some judicial appointments.  
 Chairman Knapp and Commissioner Prouty of the interstate commerce commission, Attorney General Workman and other officials have been directed by the President to make a study of the recent decision of the supreme court and of divers other questions touching the regulation and control of corporations. A program will be formulated during the summer and autumn for recommendations to Congress next December. That is as far as the President is going at present.

## Mining News

**NOTES OF COPPER NEWS.**  
 The advance in Corbin Copper has been one of the features of the curb during the past week. Assays of sample from the Kathleen tunnel yielded high values. The property is thought to carry the same vein of the Corbin camp, and the report of experts has been that with depth the ore bodies would be found to resemble those of the Butte camp.  
 The developments at the Arizona Commercial are progressing favorably and it is reported that the low level is not only increasing in width but is richer. Good progress is being made with the smelter and it is expected that it will be finished by August and in operation by September, when the general manager predicts an output of 1,000,000 pounds of copper. This should be steadily increased thereafter.  
 The New Aradrian Copper company will take over the property of the Arcadian within a few days and the work of looking for the new Baltic lode will commence. The new stock will have a par value of \$25 per share, of which \$10 will be paid in. The future finances of the company are provided for, and for the first time in the history of the company a thorough and intelligent search for a commercial copper bearing lode will be made.  
 Along with Allouez, Centennial is nearing the stage where it will be in a position to give a better account of itself. The output of copper per ton in the April production was 23.96 as compared with 19.39 in the same month of 1908. The improvement in the contents of copper in the rock has been steady ever since the drifts in the lower levels of No. 2 shaft have been worked in the north-easterly direction. The increase in the pounds of copper per ton of rock in 1907 was one pound over that of 1907 and during the first four months of 1909 the gain has been over two months.  
 The development of a good paying lode in the Mass Consolidated and the better work for many of the older lake properties may be followed by something important at the Michigan. The new lode on the Bee property has been opened for a length of 150 feet and the drifts have been in good copper ground all the way. The location of the property is such that if the values continue the company will soon have a large tonnage of ore available for the mill. The management has been greatly encouraged by the recent developments and is inclined to believe that the turn has come for the property.

## MAKES S.S.S. A LASTING CURE

Not only its proven ability to cure, but its absolute safety as a remedy, has made S. S. S. the most extensively used of all medicines in the treatment of Contagious Blood Poison. Unlike the strong mineral mixtures, which temporarily remove the outward symptoms and shut the disease up in the system, there to carry on its destructive work on the delicate and vital organs, S. S. S. strikes directly at the root, and by purifying the blood of every trace of the virus, completely and permanently cures the trouble. S. S. S. is Nature's blood purifier, harmless in its action and certain in its good results. It is made from a combination of roots and herbs, each of which has a definite and specific action in purifying the blood. Years were spent in selecting and proportioning the different ingredients, but when S. S. S. was perfected it soon demonstrated its superiority over all other blood medicines, and now, after 40 years, it is still the one and only certain cure for Contagious Blood Poison. While driving out the poison from the circulation S. S. S. builds up and strengthens the system by its fine vegetable tonic effects. If you are suffering with Contagious Blood Poison S. S. S. is your most certain reliance, and because of its freedom from mercury, potash or any other mineral, it is absolutely safe for every one. Home treatment book with valuable suggestions and any medical advice sent free to all who write.

## Danderine

**Grows Hair and we can PROVE IT!**  
**The Great DANDERINE Never Fails to Produce the Desired Results.**  
 It enlivens and invigorates the hair glands and tissues of the scalp, resulting in a continuous and increasing growth of the hair.

Letters of praise are continually coming in from nearly all parts of the country stating that Danderine has removed the growth of hair in cases that were considered absolutely hopeless.  
 A lady from Brooklyn writes: "After about eight months of hair falling, and I now have a lovely head of hair, very heavy and over one and a quarter inches long."  
 Danderine stimulates the scalp, makes it healthy and keeps it so. It is the greatest scalp invigorator known. It is a wholesome medicine for both the hair and scalp. Even a small bottle of it will put more genuine life in your hair than a gallon of any other hair tonic ever made. It shows results from the very start.

Now on sale at every drug and toilet store in the land; 3 sizes 25c, 50c and \$1.00.  
 Free Danderine sample will return mail to anyone who sends this free coupon to the Danderine Co., Chicago, with their name and address and in the return or stamps to pay postage.

## Best Spring Tonic

Doctors of All Schools Agree That the Best Tonic-Stimulant to Build Up the System, Run Down and Weakened by the Long Strain of Winter, and to drive Out Spring Fever and Malaria is Duffy's Pure Malt Whiskey.

As a tonic and stimulant it is the greatest strength-giver known to science. It destroys disease germs and by its building and healing properties restores tissues in a gradual healthy natural manner. It is a wonderful specific in the treatment and cure of consumption, pneumonia, grippe, bronchitis, coughs, colds, malaria, low fevers, stomach troubles, and all wasting, weakened diseased conditions, if taken in time.  
 We take the liberty of publishing a few of the thousands of letters received from leading doctors extolling the merits of this great Spring tonic and invigorator.

**Effective Stimulant**  
 In a recent letter A. J. Park, A. M., M. D., of 520 E. 50th St., Chicago, Ill., writes: "I am too busy to write my opinion, but I am too busy to write my opinion, but the experience and results of the ministrations of Duffy's Pure Malt Whiskey to weak, feeble and debilitated patients, but I will repeat emphatically and pointedly, my confidence in the purity and remedial excellence of your Malt Whiskey. It is a first-class and most effective stimulant, and meets every indication where a stimulant is needed."  
**Has No Equal**  
 Recently O. L. Woomsey, M. D., of 29 Austin St., Worcester, Mass., writes: "A stimulant is frequently required in the treatment of every physician, in the treatment of patients with weakened constitutions, nervous troubles, during convalescence, etc. In Duffy's Pure Malt Whiskey, I am of the opinion that you have an absolutely pure article that, for uniformity and effectiveness has no equal. I believe it is used more generally by physicians than any other similar preparation."  
**Prescribes It**  
 K. M. Teigan, Ph. D., M. D., of 1120 26th Ave. N., Minneapolis, Minn., writes in a recent letter: "During the last nine or ten years I have frequently, when alcoholic stimulants have been indicated, prescribed Duffy's Pure Malt Whiskey for my patients. I have prescribed it for my patients because it agreed with them better than any other. Without solicitation from you, or any of your representatives, permit me to say that I consider Duffy's Pure Malt Whiskey the purest and very best synthetic product on the market."  
**Only Pure Whiskey**  
 "I have received the sample of Malt Whiskey, I consider Duffy's in a class by its Whiskey I have sampled for many years. I know thousands of brother physicians, who, like I have been a victim of indigestion for 23 years, myself, feel that no harm is done the profession and find that I have received more benefit from Duffy's Pure Malt Whiskey than all other medicines I have ever taken. I have maintained such a high standard have taken a teaspoonful after each meal, for Duffy's Pure Malt Whiskey, for so many for eighteen days, and I can scarcely find words for making it possible to obtain an language to express the relief I have found absolutely pure medicinal whiskey as such a while I have been taking it." D. Bodfield, comparatively small expense." L. O. Mor-M. D., 297 Archwood Ave., Cleveland, O., M. D., Woonsocket, R. I.

**Prescribed It For Years**  
 "I have used Duffy's Pure Malt Whiskey in my practice for years, in cases requiring a gentle and effective tonic-stimulant, and the results, in every instance have been so gratifying and uniform that I have no hesitation in stating that as a medicinal Whiskey I consider Duffy's in a class by its Whiskey I have sampled for many years. I know thousands of brother physicians, who, like I have been a victim of indigestion for 23 years, myself, feel that no harm is done the profession and find that I have received more benefit from Duffy's Pure Malt Whiskey than all other medicines I have ever taken. I have maintained such a high standard have taken a teaspoonful after each meal, for Duffy's Pure Malt Whiskey, for so many for eighteen days, and I can scarcely find words for making it possible to obtain an language to express the relief I have found absolutely pure medicinal whiskey as such a while I have been taking it." D. Bodfield, comparatively small expense." L. O. Mor-M. D., 297 Archwood Ave., Cleveland, O., M. D., Woonsocket, R. I.

If you wish to keep young, strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions. It tones and strengthens the heart action and purifies the entire system. It is recognized as the world's leading medicine everywhere.

**CAUTION**—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold in sealed bottles only—never in bulk. Look for the trade-mark "The Old Chemist" on the label and make sure the seal over the cork is unbroken. Price \$1.00. Write Consulting Physician, Duffy Malt Whiskey Co., Rochester, N. Y., for a free illustrated medical booklet and free advice.

Boats Locked Through, Bound for Ports on Lake Superior.
Sault Ste. Marie, Mich., May 11.—The boats whose names are here appended have passed the canal the past twenty-four hours, bound for ports on Lake Superior: Ellwood, 1 a. m.; North Lake, 7:30; Empress, Midland, Mariska, 9; Mariposa, 9:30; Wexford, 1 a. m.; Geo. Peavey, 2; Rome, 3; Hill, Bell, 5:30; Sonora, 7:30; Fulton, Bryn Mawr, 9.

LaVallee's Bakery
NEWS OF THE ORE BOATS—There were no boats at the South Shore docks yesterday, but three were expected in last night, one loaded with coal and two light for ore. The steamers expected are the Mariska and Pariposa, owned by the Pittsburg Steamship company, and the Warriner, owned by M. A. Hanna & Co. The Donaldson is leaving Lake Angeline at the Presque Isle docks, and will clear some time today for Ashtabula, with a cargo of about 6,000 tons.

ONE HUNDRED DOLLARS

is an easy sum to spend—one dollar or less at a time. You can save one hundred dollars by the same method. The saving habit is just as easy to acquire and is MUCH MORE PROFITABLE.

You will find that an account at this bank, where you can watch it grow and build up to a sufficient sum for a small investment, will act as an encouragement to further effort to get ahead.

Try it—Our Home Savings Account will get you started.

Marquette National Bank

NEW YORK STOCKS.

Paine, Webber & Co.'s correspondent at New York yesterday telegraphed as follows:

"It was evident from the start this morning that the feeling in stock market circles had improved over night. While considerable quantities of stock were sold in a profit-taking way, all offerings were absorbed in such a manner as to encourage the bulls, who late in the day took the market in hand, and rapid advances in some cases were scored. Reading being the feature. Practically the entire list shared in the strength. A great deal of realizing has been in progress the past few days, and this naturally has served to strengthen the situation. The prediction of higher prices is freely made in the street this afternoon, but the pace set today is fast and it is not reasonable to expect it to continue indefinitely, but at the same time there does not seem to be anything in sight to bring about a material setback."

The closing prices were:

Table listing various stocks such as Amal., Am. Can., Am. Exp., etc. with their respective prices and changes.

Boston Stock Quotations.

Writing from Boston yesterday, Paine, Webber & Co. had the following to say of the stock market:

"During the largest part of the session today the market was very dull. Traders and weak holders sold stock expecting the market to sag, but they found that the whole list was being quickly accumulated and near the close when the shorts tried to cover they found the market practically bare of stocks. Two separate lots of 1,000 shares of North Butte today, but the demand just about sixty was good and after the selling pressure was out of the way the stock rallied easily to 63 at the close. The feeling on the copper stocks and the metal market is much more bullish and we think the good stocks can be bought with confidence for a further considerable advance."

The final quotations following:

Table listing Boston stock prices for various companies like Amal., Am. Can., Am. Exp., etc.

The number of shares sold during the day were as follows:

Table listing the number of shares sold for various stocks.

Nevada Consolidated.

Preston, May 11.—James Phillips, Jr., president of the Nevada Consolidated Copper company, who has just returned from Ely, Nevada, where he went through the workings of the Cumberland-Ely mines says: "The recent strike of ore in the lower levels in the Veteran mine of the Cumberland-Ely will unquestionably add a very large tonnage of high grade ore. This ore runs better than 4 per cent copper. The ore of this property has averaged about 3 1/2 per cent since the beginning of its treatment. The mine has added since last October at least fifty per cent to its ore reserve beyond all that has been taken out. The production from the last two months of 1908 amounted to about 2 1/2 million pounds per month places it among the fifteen highest producing companies in this country. The mine will produce for years at this rate. The management is preparing to add to its concentrator capacity as the mine is producing more ore than the capacity of the concentrator will permit. Besides the direct profit from ore, the company owns \$2,250,000 interest in the Steptoe smelter, all of which has been paid for, and a half interest in the Nevada Northern railway, which is 160 miles long and which is splendidly equipped for doing a highly profitable business. In the United States is interested, are generally maintained, and in some cases they are not only higher.

FRANCE'S PROPOSED TARIFF.

Duties which interest Americans are in the Main Put Pretty High. Paris, May 11.—In the senate's new draft of the tariff bill the maximum duty on canned meats has been reduced from thirty francs to twenty-three francs per hundred kilos. The increases in the maximum with respect to apples, hops, meat extracts, preserved vegetables, cotton oil, vaseline, iron, steel, machinery, tools, wire, cutlery, nails, bicycles, leather and shoes, in which the United States is interested, are generally maintained, and in some cases they are not only higher.

REACTIONARIES CLOSE OUT.

Solution of the Russian Cabinet Crisis a Victory for the Premier. St. Petersburg, May 11.—The settlement of the cabinet crisis has been received with great relief in all circles, excepting in the reactionary camp. The struggle of the reactionaries to oust Premier Stolypin has resulted in only a partial victory, while the premier has won final honors in getting his majesty to sign the imperial rescript drafted by himself. The situation, according to men close to the premier, is regarded as satisfactory in every way. M. Stolypin will remain in office and will not leave the city on a vacation.

MONARCHS TO MEET.

King of Italy Leaves Rome for Brindisi to Visit the Kaiser. Rome, May 11.—King Victor Emmanuel, Queen Helena and Signora Trottoni, foreign minister, left here today for Brindisi to meet the emperor and empress of Germany Wednesday. No political importance is attached to the meeting.

INTENDS TO RETURN TO CHINA.

Sir Robert Hart to Resume the Post of Director General of Customs. London, Wednesday, May 12.—The Times learns that Sir Robert Hart, following a request made by the Chinese government, intends to return to China and resume his post as director-general of the Chinese customs, if his health permits.

CUTS THE PRICE OF CRUDE OIL.

New York, May 11.—The Standard Oil company today announced another five-cent reduction in the price of crude oil, bringing it down to \$1.68 per barrel.

CHICAGO GRAIN MARKETS.

Table listing Chicago grain market prices for various commodities like wheat, corn, oats, etc.

WRIGHT BROTHERS RETURN TO AMERICA

Fresh from the Scenes of Their European Triumphs, They Are About the Shiest and Most Retiring Heroes That New York Has Welcomed in Many a Day. New York, May 11.—Wibur and Orville Wright, the famous American aviators, returned from the scenes of their European triumphs today aboard the steamer Kronprinzessin Cecilie. They were about the shiest and most retiring heroes that New York has welcomed in many days, and despite the honors and successes they have achieved they were reluctant to talk of their work.

BOYS AND OLD WOMEN THE ONLY SURVIVORS

Sixteen Villages Devastated by the Moslem Hordes That Invaded the Marasha District—Men Killed and the Girls Abducted. Beirut, Asiatic Turkey, May 11.—The recent rioting in the vicinity of Marasha has laid waste to that entire district. Marasha itself was spared, although a few persons there were killed, but within sixty miles southwest sixteen villages with an aggregate population of 15,000 souls were practically wiped out. The only survivors are boys under ten and old women. The girls were carried away and the men were killed. Telegraphic reports received today declare that the hungry and naked number 14,000. The interior districts are still far from settled, and from all directions the most heart-rending accounts and appeals are being received here.

Sultan Taboos Proposed Executions.

Constantinople, May 11.—The execution of twenty persons concerned in the recent mutiny has been fixed for tomorrow, but it is reported that the military authorities have failed to induce the sultan to sanction the carrying out of the sentence.

Appropriations Cut in Illinois.

Springfield, Ill., May 11.—Senator Hurlburt, chairman of the senate committee on appropriations, announced tonight that the appropriations recommended by his committee for the state debt institution will be in the aggregate about \$700,000 less than those asked for.

RAILROAD MEN IN SESSION.

Conductors Meet at Boston and the Trainmen at Columbus, O. Boston, May 11.—With an attendance of thousands of delegates, the Order of Railway Conductors of America opened its thirty-second annual convention here today. Most important topics are the proposed increase of the insurance of members and minor changes in the constitution.

COMPETITION HAS CEASED.

This Testimony in the Suit to Dissolve the So-Called Harriman Merger. San Francisco, May 11.—A number of witnesses were questioned today by Special Assistant Attorney General Severance before Examiner Williams in the government's suit to dissolve the so-called Harriman merger. The testimony was designed to show that competition between the Union Pacific and Southern Pacific practically ceased after E. H. Harriman secured control of the Southern Pacific, the Oregon Railroad & Navigation company and the Oregon Short Line in connection with the Union Pacific.

THOUSANDS ATTEND FUNERAL.

Panama, May 11.—The burial of the late Jose Augustin Arango, secretary of foreign relations, took place today. Members of the cabinet, foreign ministers and consular officials, American Secretaries of War, Dickinson, Lieutenant Colonel Goodhart and other officials of the zone and members of the Panamanian government attended the funeral, while thousands of friends accompanied the body to its resting place.

DR. ROLLER DEFEATS LUNDIN.

Topeka, Kas., May 11.—Dr. B. F. Roller, of Seattle, defeated Hjalmar Lundin tonight in two straight falls, winning in seven minutes and fifty-five seconds and eight minutes and thirty seconds, respectively.

WIFE ASKS FOR A DIVORCE.

Husband Has a Chronic Habit of Trying to Kill Himself, She Says. Milwaukee, May 11.—Cecelia Hartung of Wauwatosa has begun divorce proceedings against her husband, Oscar, charging that he has ruined her health by trying to kill himself. She claims her husband is worth \$50,000 in real estate, consisting of a farm in Wauwatosa from which he derives an income of \$1,000 a year. They were married in Westport March 28, 1908. From that time on she has suffered from nervous prostration, and she is now unable to work.

STRIKE TO GET LICENSES.

Hotel Men in a Canadian Town Refuse to Do Business. Montreal, May 11.—St. Agathe, a resort for consumptives in the Laurentain mountains, has come into the limelight with a new type of passive resistance. A few weeks ago the municipal council of St. Agathe decided to go "dry." The hotel-keepers began to look around for some method of retaliation. They have gone on a strike. They decline to stable horses or to carry on their ordinary business until their licenses are renewed.

HANDLE FACTORY BURNS.

Pittsburg, May 11.—The Beamer Handle company's factory at Manor burned today. The loss is \$100,000.

OPPOSITION CANDIDATE WINS.

Washington, May 11.—Judge Leon Sanders, of New York city, opposition candidate for grand master of the British Abraham order, was elected today over Sam Schelinsky, the administration candidate. The convention concluded its

Upper Peninsula

Township Buys Big Road Roller—Ironwood township, Gogebic county, has purchased a ten-ton roller from the Austin-Western company. The ponderous machine is propelled by a gasoline engine. Ironwood township now has a complete road-making outfit, including a No. 3 gradatory crusher, and the township officials expect to construct a section of state road macadam road during the ensuing summer.

WASHINGTON CHAT.

Aldrich Studies the Ceiling While Progressive Senators Debate the Tariff. Washington, May 11.—Senator Aldrich stands the floor of the western Republicans without particular perturbation. He nods his head when they say something he regards as incorrect. Much of the time he sits looking into the Senate ceiling, as though it were all a waste of time. But when something is said that especially annoys him, the fingers of his right hand begin to tap nervously on the arm of his chair. Then, all at once out flies his hand in a sweeping gesture and the senator is upon his feet, ready to give and take.

Water for Ballast.

"In the basket will be water tanks. When the water is drawn off, the tanks will be air tight compartments, enabling our car to float, even though the seas break over it and fill it. The bag of the balloon will be very large, with a capacity of about 150,000 cubic feet, to carry about four tons of ballast, besides a large amount of provisions."

MAN AND WIFE GO TO SCHOOL.

Groom a University Student, His Bride a High School Girl. Milwaukee, May 11.—There was really no objection to him, and she is a nice young woman, but to be married so young, and to go on a wedding journey with \$18 in their pocket—but J. Wallace Moore, student of the University of Wisconsin, and Ruth Millington, student in the West Side High school, decided it was too long a time to wait, and a nice old pastor gentleman in St. Joe has made them one.

THE PRICE OF A SPONGE

does not indicate its degree of usefulness for a certain purpose. For some purposes the cheapest, coarsest kind will be just the thing. Our stock of sponges is varied. It includes every size and quality of a sort of sponge for which there is use hereabout. We know sponges, select our stock carefully and are able to give better values than where such goods are carelessly bought. We can surely suit you on sponges no matter for what purpose you may want them.

TO WALK TO COLORADO.

Man Who Has a Mining Claim Will Hike from Washington. Washington, May 11.—Atwell J. Cross, tall and rugged and sixty-nine years old, has started from here to walk to Colorado, where he has a mining claim that he expects to develop and amass enough money to keep him during his remaining years. The aged pedestrian is an old Indian fighter, and was in the middle of the fights with the red men in the 60's and early 70's, when he was in the regular cavalry. Cross came here several weeks ago from Denver to have an operation performed on his eyes, both of which were affected by cataract. He was practically blind, but the operation was a complete success, and his sight has been fully restored. "I'm not going after any record," he said before starting on his long jaunt. "I'm not a Western, although I don't believe I'd fear an endurance trial with that youngster."

### DIRECTORS TO MEET IN NEW BUILDING

**"GIRLS" TONIGHT.**

Clyde Fitch's Comedy Success to Be Seen at Ishpeming Theater.

The attraction at Ishpeming theater tonight will be the Messrs. Shubert's production of Clyde Fitch's comedy, "Girls." The plot has to do with three girls who decide that they can go through life without men and who plan to fight their own battles. One is a stenographer, and the third longs for the fame that flourishes only in the limelight of the stage. Finally, of course, they capitulate, and the final curtain finds each in the arms of a masculine admirer. The production is complete in detail and characteristic in atmosphere, and the cast is beyond reproach.

### MISS FARM SUCCESSFUL.

Former Ishpeming Girl Making a Hit on the Operatic Stage.

Miss Klara Farm, daughter of Charles Farm, formerly of Ishpeming and now of the Soo, who returned to the United States recently after several months' vocal study in Paris, is winning laurels for herself in various roles with the Royal Opera company. The company opened its season last week at Memphis, Tenn. That Miss Farm made good is apparent by the laudatory press notices which appeared the following day. This opening performance was Stuart's "Flordora."

Miss Klara Farm, daughter of Charles Farm, formerly of Ishpeming and now of the Soo, who returned to the United States recently after several months' vocal study in Paris, is winning laurels for herself in various roles with the Royal Opera company. The company opened its season last week at Memphis, Tenn. That Miss Farm made good is apparent by the laudatory press notices which appeared the following day. This opening performance was Stuart's "Flordora."

The directors of the Ishpeming branch of the Young Men's Christian association will hold their first meeting in the new building this afternoon, to decide on a date for the dedicatory exercises, also to consider other matters in the connection. Invitations to make the principal addresses have been extended, and it is possible that the date may not be decided until the expected speakers are heard from. However, it is expected that the dedication will occur the latter part of this month, or early in June.

W. A. Clark, the religious work director for the association, arriving in the city Saturday, and is now acting Secretary R. J. Wise in arranging the interior of the building. H. L. Westerman, the physical director, is expected in the city tomorrow.

Practically all of the furniture, including the equipment for the gymnasium, has been received. Pool and billiard tables are now being put together in the main room on the ground floor. The safe, desk and other equipment are in place in the secretary's office and the furniture will be put in place as rapidly as possible. The tile men will finish the swimming pool today or tomorrow. All of the equipment has been installed in the bath department, and the bowling alleys are also ready for use.

### Membership Cards Available.

Membership application blanks can now be secured from Secretary Wise and they will also be placed in the hands of the membership committee, which will be announced in a few days. The membership fees will be as follows: Juniors—Boys between the ages of twelve and sixteen, \$2.50 first year; \$2 renewal. Intermediates—Boys between sixteen and eighteen, \$4 first year; \$3 renewal. Seniors—All men over eighteen years of age, \$6 first year; \$5 renewal.

Sustaining—Men desiring to aid in sustaining the work of the association by paying the additional fee, \$20 per year.

The schedule of days and the privileges for boys, gymnasium and swimming classes, etc., will be arranged after the opening of the building.

Membership cards will not go into effect until after the building is dedicated.

The management plans to conduct Bible classes and religious services, under association auspices, in and out of the building, and it is announced that the association stands ready to help in advancing the moral and spiritual life of the community and to co-operate with the churches in winning men to the Christian life. The building is to be opened part of each Sunday. The playing of games will not be permitted on Sunday and the baths and gymnasium will be open only during a part of the day.

It is expected that the swimming instructions will be an important feature in connection with the gymnasium classes. The steel lockers for members using the physical department will be rented for \$1 per year. There are ten marble lined showers in the building.

### Fit Men for Present Occupation.

The officers plan to organize classes and educational clubs. It is their intention to wherever possible fit men for promotion in their present occupation, also to prepare men for any line of work in to which they want to enter. Class and club work will be provided on the following subjects: English for foreigners; business courses, literary clubs, mining clubs and elementary studies for those unable to attend day school. A small tuition fee is to be charged students entering classes.

Work has been started on the lawn surrounding the building. The fence between the hospital grounds and the association lots has been removed and both lawns are to be filled to the same grade. A large proportion of the black muck removed when the excavating was done is being spread over the lawns, raising them to a level about with the sidewalk. A tennis court is to be put in, but it is not certain that this will be provided for this summer. The management of the hospital plans to set out flowers, hedges and shrubbery in beautifying their portion of the ground, and it is also expected that the Y. M. C. A. people will do some work along that line.

### SEVERAL SHOVELS WORKING.

The Oliver Iron Mining company has been operating four steam shovels during the past few days. One is working at the Hematti property and another at the Hard Ore in this city. Two others are working in Negunsee, at the Hartford and Regent mines. If there is no suspension in the movement of the boats on account of labor trouble, it is expected that some of the shovels will work continuously from now until the close of navigation. The Oliver company did not put its first shovel to work last season until June 12 and a comparatively small tonnage of ore was shipped prior to July 1. From present indications the ore movement this year from this range will be considerably heavier than in 1908. The Cleveland-Cliffs iron company is shipping from the pockets at several of its properties, but no shovel work to speak of is being done.

### \$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the medical fraternity, Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer the \$100.00 Reward for any case that it fails to cure. Send for list of testimonials.

Wake Hall's Family Pills for constipation.

### WILL NOT OPEN SALOON.

Maurice Dowse, who had planned to engage in the saloon business at Clark's, has settled his differences with the township officials, who refused to accept his bond. The suit entered against him on the charge of violating the liquor law has been withdrawn, and Mr. Dowse has decided to conduct a barber shop, instead of a saloon. He was given to understand that his surety bond, which he had applied for, would not be accepted and in view of the opposition to his engaging in business in the township he decided to withdraw.

### MARVELOUS RECORD.

Head Clerk of Modern Woodmen Compiles Interesting Data.

C. W. Hawes, head clerk of the Modern Woodmen of America, has furnished the members of the executive council with statistics relative to the growth of that and other fraternal societies of the country, which show the Woodmen to be making a marvelous record. During April the society issued 14,510 beneficiary certificates and chartered 153 new camps. This is the best single month's showing in the history of the society. During the first four months of last year 39,449 new members were adopted, comparing with 61,915 in the first four months of this year. This aggregate for the four months period, Mr. Hawes reports, is greater than the total membership of 145 fraternal societies in America, and only twenty-nine societies have a total membership exceeding that number.

"Based on official records in my office," writes Mr. Hawes in a letter to the fraternal beneficiary societies in America made a net increase in membership last year of 169,281 members, and that the Modern Woodmen of America's net increase in membership for the same period was 80,235, or only a few thousand less than one-half the total net increase of all other fraternal societies combined.

The order is now employing 160 people in its printing department, which was established in the new building less than a year ago. Over 1,000,000 copies of each monthly issue of the official paper are distributed. At the present rate of circulation it will require 180 carloads of paper to publish the paper for a period of three years.

### SERIES OF LECTURES.

The second of a series of eight lectures to young people, to be given by prominent Finnish speakers of the city, will take place tonight in the Finnish Co-operative Hall, over Peter Koski & Co.'s store. Jacob Neimi will be the speaker. At the meeting last Wednesday evening the hall was filled, the estimated attendance being 500. The speakers were Miss Almeta Hinkkanen, who was recently appointed to the position of secretary of the National Finnish Brothers' Temperance association, succeeding Jacob Kaminen, resigned, and Dr. John Rahiala. The latter is Dr. I. Lindberg's assistant. He spoke on tuberculosis.

### CARD OF THANKS.

We desire to express our appreciation of the many favors extended by friends during our recent bereavement. We wish particularly to extend thanks to the members of the Finnish Temperance society, also friends for floral offerings, as well as to neighbors and friends for assistance rendered. We assure all that their kindness shall always be remembered.

GUST KAUPPALA  
and Family.

### PLAYED GOOD GAME.

The Excelsior baseball team was defeated Sunday afternoon by the Indians at the grounds in the Badger field. The score was 7 to 6. Both teams played fast ball and the exhibition was exciting. The batteries were Decaire and Fregelle for the Excelsiors and Johnson and Argall for the Indians. Decaire had ten strike-outs to his credit and Johnson sixteen. The Excelsior's will try conclusions with the Gately nine next Sunday.

### CHARGE POLICE BRIBERY.

Witnesses Tell of Money Paid to the Montreal (Quebec) Force.

Montreal, May 11.—As the royal commission now inquiring into the civic affairs of Montreal proceeds with its duties the existence is being revealed daily of some dark blotches on the city administration. So far the main inquiry has been into the doings of the police department, which has suffered most, apparently, from aldermanic and outside influences.

One witness swore that he knew of money having been paid by hotelkeepers to members of the force for police protection, especially in view of infraction of the license law by opening on Sunday. Another witness produced a check for \$25 which he claimed he gave the chairman of the police committee in return for having a case withdrawn on payment of costs.

Complaints are made in German papers of the deceptions of tourists who hunt in Switzerland; one wealthy Berliner killed thirteen bears in four days.

### ALCOHOL IN MEDICINES.

Alcohol is the best known preservative of medical compounds, and the average proprietary medicine contains from 15 per cent to 22 per cent, which is the smallest possible amount to preserve the ingredients, while the average doctor's prescription contains from 25 per cent to 50 per cent.

Their standard preparations as Lydia E. Pinkham's Vegetable Compound contain but 18 per cent, and they even put the Compound up in tablet form, which the over-scrupulous woman, who objects to alcohol in any degree, may use.

You would consider that the facts were pretty well spread before the public.

Now, surely there's a lot you'd like to have known. Well, then---what follows?

## Negaunee Department

### ORDINANCE PROHIBITS SPITTING ON WALKS

OWNERS OR MANAGERS OF THEATERS AND OTHER PUBLIC BUILDINGS WILL BE REQUIRED TO PROVIDE CUSPIDORS FOR THE GENERAL PUBLIC.

If the anti-spitting ordinance, adopted by the council at its regular meeting last Thursday evening, is strictly enforced, there should be an unusual sale of cuspidors here, as under its provisions the managers or owners of every theater, public hall and public building will be required to provide a sufficient number to satisfy the city officials. The ordinance, which the officers will be instructed to enforce to the letter, will prohibit expectorating upon the floor of any public hall or other building, upon the sidewalk or in the street cars. Any person violating any provision of the ordinance shall, on conviction, be punished by imprisonment in the city jail for not less than five days or by a fine not exceeding \$5, or by both fine and imprisonment.

The ordinance, which is to take effect next Friday, the 14th, is as follows: An ordinance prohibiting expectorating or spitting in public places, and making it the duty of agents, managers, or owners of every theater, public hall and public building to equip and provide every said theater, public hall or building with a sufficient number of cuspidors or spittoons.

It is hereby ordained by the common council of the city of Negaunee: Section 1. No person shall spit, expectorate or deposit any sputum, sputtle, saliva, phlegm, mucus, tobacco juice, quid of tobacco, or cigar stub upon the floor or stairway or any other part of any theater, public hall or building in the city of Negaunee, or upon the floor or any part of any street car or any public conveyance operated in said city; and it is hereby made the duty of the owner, manager or agent of every theater, public hall or building in said city to equip and supply such theater, public hall or building with a sufficient number of cuspidors or spittoons.

Sec. 2. Any person violating any of the provisions of this ordinance shall, upon conviction, be punished by imprisonment in the city jail not more than five (5) days, or by a fine not exceeding five dollars (\$5.00), or by both such fine and imprisonment.

Sec. 3. This ordinance shall take effect the 14th day of May, 1909.

J. H. WINTER, Mayor.

W. H. MITCHELL, City Recorder.

### NEW HOISTING PLANT.

Mary Charlotte Mining Co. To Install Machinery at No. 2 Shaft.

The Mary Charlotte Mining company is to install a new hoisting plant for the operation of its No. 2 shaft. The engine will be located in the new engine house and will work independently of the No. 1 plant. It will have a capacity to hoist the skips from a depth of 1,500 feet. The No. 2 shaft is at present down only 400 feet, so the engine will be able to do the work for several years to come. The new shaft house, recently erected under contract by Henry Lehman, was put in position a few days ago and is now being equipped. The management expects to resume hoisting tomorrow. The carpenters built the new structure a short distance from the old shaft, and when it was completed tore down the old one and moved the new one into its place.

The Mary Charlotte company has been sending out ore at a fairly rapid rate ever since the arrival of its first boat. One of the boats, practically all the ore being hoisted is now going forward and some ore has also been moved from the stockpile. There is a good-sized tonnage in stock, but it is expected that all of it will be shipped this season.

### LEAGUE BOWLING MATCHES.

In the first of the series of league bowling matches between eight women Finnish teams at DeTrain's bowling alleys Monday evening six of the teams participated, and two of them, the Hawks and Wolves, bowled two matches. In the first match the Hawks defeated the Tigers by a total of thirteen pins, the scores being as follows:

Hawks—			
Lammil	118	112	134
Makala	133	149	139
Totals	251	261	273

Tigers—			
Asplund	126	130	119
K. Koski	132	142	123
Totals	258	272	242

The Ravens defeated the Lions by twenty-two pins, the scores being:

Ravens—			
Alho	128	130	147
Partonen	132	125	182
Totals	260	255	329

Lions—			
Alpin	114	123	176
Pokari	126	160	123
Totals	240	283	309

The Cubs defeated the Wolves, the scores being:

Cubs—			
B. Heikala	117	141	122
W. Koski	173	154	124
Totals	290	295	246

Wolves—			
Stromer	162	196	184
Suomala	131	153	166
Totals	293	349	350

The Hawks were defeated in the second match by the Wolves by a margin of ninety-two pins:

Hawks—			
Stromer	164	155	159
Suomala	186	176	136
Totals	350	331	295

Wolves—			
Lammil	136	186	127
Makala	157	111	168
Totals	293	307	295

You can never lift up your brother with two fingers.

### STREET WORK RESUMED.

Contractor Fredin Has Purchased a Ten-Ton Roller for Work at Gwinn.

Gust Fredin, who has the contract for the building of the streets in the new town of Gwinn, on the Swaney range, has resumed work on Pine street, the principal thoroughfare. A part of Mr. Fredin's crew has been employed since he started at a point between the Quail and bank blocks, extending toward the hospital. All of the streets are to be substantially built, the surface being composed of several inches or rock from the mines, covered with two coatings of gravel. Mr. Fredin recently purchased a ten-ton street roller for use on the job.

Mr. Fredin will employ a large force of men and several teams throughout the summer. The gravel will be trammed a considerable distance to a point a short distance from Pine street, where it will be loaded on wagons and distributed over the thoroughfares. A part of Mr. Fredin's crew has been employed since he resumed work a few weeks ago on grading for the Marquette & Southeastern Railway company at its new depot site, also for some side tracks.

A. K. Harris, who was assistant to C. H. Pratt last year, has returned from Boston and will have supervision of the engineering work in the townsite this summer. Mr. Pratt, who has been Warren H. Manning's chief assistant for some years, will not return to the range, as he recently accepted the position of street superintendent at Brookline, Mass.

### OFFICE AND WAREHOUSE.

The Breitung estate is erecting a combination office and warehouse at its Baron mine at Humboldt. The structure will be forty-five feet in length by twenty-five in width, and will be arranged so that the warehouse work can be looked after by the office man. It will be a one story frame structure substantially built. The company is also building a foundation for an air compressor, ordered some time ago. It will be an Ingersoll-Rand compressor and will have a capacity to operate thirty power drills. The company is employing 120 men at the property.

### JUNIOR RECEPTION.

Extensive preparations are being made for the reception and hop to be given Friday evening in honor of the Senior class by the Juniors, in the gymnasium of the new high school. It has been decided that the guests shall enter the gymnasium through the entrance leading from the alley on Pioneer avenue and a board sidewalk is to be laid for their accommodation.

### LOCAL LACONICS.

Rev. James Stanaway of this city went to Calumet yesterday.

H. C. Dickson, traveling passenger agent of the Lackawanna Railway company, was in the city yesterday.

Fred Jane, a former resident of Negaunee, now located at Manistee, is in the city for a few days, on business.

Rev. W. B. Coombe, pastor of the Mitchell Methodist church, went to Calumet yesterday, on a few days' visit.

A party of Negaunee theatre goers will attend Shuberts' production of "Girls" at Ishpeming theatre tonight. It is anticipated that the attraction will be one of the best comedy offerings that has been seen in Ishpeming in months.

### WORK WEAKENS THE KIDNEYS.

Doan's Kidney Pills Have Done Great Service for People Who Work in Marquette.

Most Marquette people work every day in some strained, unnatural position—bending constantly over a desk—riding on jolting wagons or cars—doing laborious household work: lifting, reaching or pulling, or trying the back in a hundred and one other ways. All these strains tend to wear, weaken and injure the kidneys until they fall behind in their work of filtering the poisons from the blood. Doan's Kidney Pills cure sick kidneys, put new strength in bad backs. Marquette cures prove it.

David Carr, Marquette, Mich., says: "Doan's Kidney Pills did me more good than any other remedy I ever used. I had a constant, dull pain across the small of my back and was so weak at times that I was helpless. If I sat in a chair for any length of time, my back became so lame that I could not arise without catching hold of something for support. On several occasions I was so bad that I had to lay off from work. Seeing Doan's Kidney Pills highly advertised, I decided to give them a trial and presently at the Stafford Drug Co. They helped me from the first and in a short time I grew stronger and the pains left my back. My health has been good ever since and I give Doan's Kidney Pills the credit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Wm. Parr—England's oldest man—married the third time at 120, worked in the fields until 132 and lived 29 years longer. People should be youthful at 80. James Wright, of Spaulding, Ky., shows how to remain young. "I feel just like a 16-year-old boy," he writes, "after taking six bottles of Electric Bitters. For thirty years Kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth. They're a godsend to weak, sickly run-down or old people. Try them. 50c at the Stafford Drug Co.'s store."

### OUR NAVAL POLICY LAUDE

Michigan Declared as Good as England's Dreadnoughts.

Broadside Fire of the Two Ships Is Almost Equivalent—Highest Praise Is Given the North Dakota Also—A Leading British Authority Analyzes Situation.

Washington, May 11.—The Naval and Military Record, of London, an authority in British naval affairs, has published an article complimenting the United States on its naval policy, and showing that American vessels are more powerful than the latest English Dreadnoughts. The article in part is as follows:

The statement which Mr. McKenna made recently that the newest British Dreadnoughts—those of the 1909-10 programme—will be thirty per cent stronger than their predecessors is, of course, a gratifying one, but not for those reasons which, it is supposed, induced parliament to welcome it so vociferously. A thirty per cent advance on the Dreadnought is to be applauded, not because it increases our lead over foreign powers, but because it will decrease their lead over us. The Dreadnought and all her successors in the British service—the Belierophon, Temeraire, Superb St. Vincent, Collingwood, Vanguard, and Neptune—are the most weakly armed of all modern battleships now under construction in the world. In offensive powers they are outclassed by battleships built in Germany, Brazil, Japan, Italy and the United States.

The last-named power has pursued a very consistent course in the development of her Dreadnought policy. She laid down her first all-big-gun ships in 1906, and they will be completed this summer. They are the South Carolina and Michigan, each of 16,000 tons, and, although they carry only the eight 12-inch guns, they can fire the weight of them on either broadside, and may thus be reckoned—on almost equal ground—as being equal to the Dreadnought, which, with ten 10-inch guns, can obtain no more effective broadside fire. In the following years, while Great Britain stuck to the Dreadnought designs, the United States went one better than her 1906 ships, and produced designs for two vessels—the Delaware and North Dakota—of 20,000 tons, each armed with ten 12-inch guns. The whole of the five turrets, however, are placed on the centre line of the ship, so that here again the full armament of 12-inch guns can be brought to bear on either broadside. The two more than any British Dreadnought.

In 1908, the Utah and Florida, which are similar to the Delaware, were laid down; but this year a further step has been taken. Two ships are to be laid down, their names being Wyoming and Oklahoma. They are not only to be the largest in the world—their displacement being no less than 26,000 tons—but will carry an armament of at least 50 per cent more effective than that of the Dreadnought. Their twelve guns will be arranged in six turrets, all disposed on the centre line, and the full battery will be available on either broadside. The weight of the Wyoming's broadside will be 10,200 pounds, with these guns alone, to the 6,800 pounds of the British Dreadnought and her successors down to date.

In another respect, the American ships are at a great advantage, compared with our own. For defense against torpedo attack, the first British Dreadnought carries twenty-seven 12-pounders, a perfectly useless weapon against modern torpedo craft; although the later ships have twenty-four guns, each firing a shell of twenty-five pounds. The first American all-big-gun ships, the South Carolina and Michigan, carry twenty-two 14-pounders only, but the Delaware, North Dakota, Florida and Utah all carry fourteen 5-inch guns, each firing a shell of seventy pounds, and much more effective for defence against torpedo attack. The Wyoming and Oklahoma are to carry sixteen guns of this type. The main armor belt will be eleven inches thick amidships, and nine and one-half feet wide, and above this will be another stretch fifteen feet wide, varying from eight to ten inches in thickness. Considerable attention will be paid in the construction, to insure the vessels remaining stable and seaworthy after they have been struck by mines or torpedoes below the water-line. The contract speed will be twenty-one knots—the same as our 18,000-ton Dreadnoughts—and the engines will be turbines of either the Curtis or Parsons type, developing 33,000-horse power, or 10,000 more than the Dreadnought.

LIVED 152 YEARS.

Wm. Parr—England's oldest man—married the third time at 120, worked in the fields until 132 and lived 29 years longer. People should be youthful at 80. James Wright, of Spaulding, Ky., shows how to remain young. "I feel just like a 16-year-old boy," he writes, "after taking six bottles of Electric Bitters. For thirty years Kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth. They're a godsend to weak, sickly run-down or old people. Try them. 50c at the Stafford Drug Co.'s store."

### Do You Get Up

With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Home of Swamp-Root, Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**FORTY-THREE CASES SET FOR MAY TERM**

**CALENDAR OF THE SESSION OF CIRCUIT COURT, WHICH WILL OPEN MONDAY.**

**FIFTEEN LIQUOR ACTIONS**

**Many Saloon Men Charged With Having Violated the Law—Other Criminal and Civil Business.**

There are twenty-one criminal cases and twenty-two civil cases on the calendar of the May term of circuit court, which will begin Monday. All but six of the criminal cases are for violation of the liquor laws, which accounts for the large number in this category. The number has been swelled by seven indictments against six Marquette saloon keepers, the cases having been brought by Rev. Mr. Rutledge and his lieutenants.

Of the six criminal cases, other than liquor law violations, Foster Roberts and Heizer Anderson, who are mere boys, are charged with breaking into the Negatine postoffice and stealing a small amount from the cash drawer; John Wallenius, of Negaunee, is charged with having abandoned his wife and family; Oscar Orre is charged with having broken into the Stewart camp, near Birch, and having stolen a rifle and other articles; Edward Honkala, of Ishpeming, is charged with having assaulted his wife with intent to kill her; Edward Maki is charged with having shot a revolver at a companion in Marquette not long ago, and Thomas Burgess, now an inmate of the branch prison, is charged with having escaped from that institution. Burgess, alias Ryan, escaped from the prison several years ago, and was brought back to Marquette from New York a few weeks ago, upon the completion of a short term at Blackwell's island.

Most of these prisoners, it is believed, will enter pleas of guilty to the charges against them, and, if so, the criminal docket will soon be disposed of. The civil docket, also, although longer than usual, is characterized by the absence of cases of unusual public interest. The calendar of cases is published herewith.

**Criminal Docket.**

- The People vs. Foster Roberts and Heizer Anderson; burglary.
- The People vs. John Wallenius; abandonment.
- The People vs. Oscar Orre; burglary.
- The People vs. Herman Murto and Edward Honkala; violation of the liquor law.
- The People vs. Gust Olson; violation of the liquor law.
- The People vs. Charles Skoglund; violation of the liquor law.
- The People vs. Herman Murto; violation of the liquor law.
- The People vs. James Gaffney; violation of the liquor law.
- The People vs. Oral J. Lacombe; violation of the liquor law.
- The People vs. W. Fennessee; violation of the liquor law.
- The People vs. Joseph Lacombe; violation of the liquor law.
- The People vs. Ole Johnson; violation of the liquor law.
- The People vs. Fred W. Thoney; violation of the liquor law.
- The People vs. Tim J. Foley; violation of the liquor law.
- The People vs. L. Kozilewski; violation of the liquor law.
- The People vs. Frank Suszik; violation of the liquor law.
- The People vs. Walter Lattrel; violation of the liquor law.
- The People vs. Frank Suszik; violation of the liquor law.
- The People vs. Edward Honkala; assault with intent to kill.
- The People vs. Thomas Burgess, alias Thomas Ryan; escape from prison.
- The People vs. Edward Maki; assault with intent to do great bodily harm less than murder.

**Civil Cases.**

- K. W. Hexter and S. M. Hexter vs. Frank G. Jenks; assumpsit.
- John Maki vs. Jones & Laughlin Ore company; trespass on the case.
- James H. Knowles vs. Nathan M. Kaufman; assumpsit.
- H. B. Claffin & Co. vs. K. S. Markstrum Co., Knut S. Markstrum, Daniel Markstrum, Signa M. Benson, Nu Markstrum and Andrew L. Kruetzger; assumpsit.
- James H. Knowles vs. Samuel R. Kaufman; assumpsit.
- Napoleon Vitzina vs. Henry Hallam; assumpsit.
- Benjamin Petrie, Benjamin N. Peck and Edmund Peck vs. Noah Pelissier; attachment.
- Robert A. Maclan vs. Laura Mantel, Carrie Hallam, Clara Mack, Lizzie Malmbury, Ida Lang, Mamie Kremer and John F. Mack, Jr.; case.
- John O'Hara vs. Mary J. Hollister; assumpsit.
- George M. Mashek vs. Andrew Anderson; attachment.
- Jacob Sachs vs. Virginia Godin; assumpsit.
- Sophia Oksnee vs. Hans Gunderson; assumpsit.
- Gustav Loebman vs. John A. Dexter; assumpsit.

**A SUCCESSFUL CONCERT.**

**Little Folks Pleased Large Audience at Methodist Church Last Night.**

An audience that filled the Methodist church to its capacity was delighted with the Little Folks' concert, given last evening. A most interesting and varied program was rendered by the forty children taking part, all of whom were between the ages of three and twelve years.

**PIONEER MOTOR CO. DIRECTORS ELECTED**

**ARRANGEMENTS FOR OPERATION OF INTERURBAN AUTOMOBILE LINE TO BE DISCUSSED AT MEETING TODAY.**

At a meeting of the incorporators of the Pioneer Motor company, held a few days ago, the following directors were elected: Morgan W. Jopling, Charles Meeske, Alton T. Roberts, H. C. Wagner, J. X. Olson, of Ishpeming, C. L. Sporely, of Negaunee, and Charles B. Ulrich, of Hancock. A meeting of these directors will be held today, at which officers will be elected and other important business will be discussed.

The company will engage in the business of operating automobile touring cars between Marquette, Negaunee and Ishpeming and to points of interest adjacent to all of these cities. The company was first organized as the Marquette County Motor company, but the name had to be changed before articles of incorporation could be issued, as another company of similar name had previously been incorporated.

The company was organized by Charles B. Ulrich, of Hancock, who is the prime mover in the automobile lines operated in the copper country. The stock is owned by residents of the three cities mentioned.

Four sixteen-passenger sight-seeing cars, of the Grabowsky make, have been ordered, which are to be delivered by June 1. Three of these cars are known as the standard type, while one more fancy, known as a palace car, will be used especially for taking out private parties.

The company will establish a garage and automobile repair shop in addition to maintaining a tax line. Negotiations are now in progress with Mr. Meeske, which may result in the erection of the company's garage on his West Washington street lot. Another garage will be established, either at Negaunee or Ishpeming.

**HARD ON DRUGGISTS.**

**Drastic Measure Being Favorably Considered by the Legislature.**

"I don't think that retail druggists in Michigan appreciate the drastic character of the Dickinson bill for the regulation of the liquor traffic, which has passed the state senate and is now before the house," a prominent wholesale druggist of Detroit is quoted as saying.

"The specified penalties are severe, and under the law a magistrate would have no option but to send a violator of the law to jail. The bill provides that druggists and employees shall sell no liquor except on the prescription of a physician, and that the prescription shall be marked cancelled after filing, and filed with the prosecuting attorney. Every Monday the preceding week's sales must be reported to the present attorney, in a sworn statement, in which the name and residence of each purchaser and the kind of liquor sold must be given. Once a month a sworn statement of all consignments of liquor received in the preceding month must be filed.

"The penalty clauses provide that on a first conviction the offender shall be fined not less than \$50 nor more than \$200, and that he shall (not may) be imprisoned in the county jail for from twenty days to six months, and for a second offense shall be fined \$100 to \$500, and shall (not may) be imprisoned from six months to two years. If the bill becomes a law there will be, at first, numerous unintentional violations of the law, but the court would have no discretion but to send the offender, no matter how young or how inexperienced, to the county jail and forced association with the vilest criminals. The retail druggists should wake up and at least see that some discretion is left to the courts."

The Dickinson measure is what is known as the "search and seizures" bill and is designed to enable the authorities of local option counties to effectively enforce the local option law by permitting them to search for and seize liquor unlawfully held to be used as evidence of violations. The clause appertaining to druggists is to give the authorities a correct "tab" on the liquor business done in apothecary shops.

**NOTICE TO HEIRS.**

I have purchased the east half of the northeast quarter of section two in town forty-six north of range twenty-five west. I hereby notify all heirs of the former owners that if they have any claims against this estate they must file them in the probate court before June 5th, 1909. THOMAS PIGGOTT. (5-11-31)

**KELLY AND OSBORN WILL FIGHT IT OUT**

**BOTH CANDIDATES FOR GOVERNOR TO BEGIN WORK THIS SUMMER—RUNNING MATES UNPICKED.**

"Pat" Kelley, lieutenant governor of Michigan, will be a candidate for governor next time.

There is little or no news in the announcement for Mr. Kelley made it himself some time ago, but there is news in the decided way Mr. Kelley reiterates the assertion, says the Grand Rapids Herald.

It is well known that the man who presides over the destinies of the state senate is not well fixed in the goods of this world, and since the sudden flowering of Chase Osborn boom, it has been hinted that Mr. Kelley would decide not to run for governor, but would accept some minor position, one, say, which had the beauties of a good salary without the onus of having to spend most of it in getting the place, a thing not true of the office of governor. True, the salary of the governor under the new constitution is \$5,000 a year, but they do say an automobile campaign direct to the people cannot be made for less than \$10,000, and the people who have been spreading the story that Kelley would not run for governor know well it would be a big job for him to raise \$10,000 in one bunch.

Will Fight Hard to Win. Hence, the Osborn men have been making smooth the way for their candidate by withdrawing Kelley from the field and assigning him to divers and sundry other jobs, state or federal. It appears, however, that well meant as these assignments were, they were made without the consent of the most interested person, P. H. Kelley. Listen to him.

"Going to run for governor?" he repeats. "Most certainly I am. And let me tell you, my boy—" (Here the Kelley smile bloomed forth in its fullest magnificence.) "I'm going to win too."

"Yes, I've heard the story that some other position with a good salary is to be found for me, but you can say for me—and make it as strong as you like—that the only job I hanker after when I get through with this one is the job of governor of Michigan. Nothing to the other story at all, at all."

"Pat" made his denial of the story pretty strong and friends who may be assumed to have the power to speak for him are also making it strong, for the active Osborn men have given the story wide circulation.

"Certainly Kelley isn't well to do," said one of his friends recently at Lansing. "But that's no reason he can't be governor, is it? I tell you, Pat Kelley will have no trouble at all in getting a campaign fund as much as he wants or needs in small sums of \$50 or \$100. He's got plenty of friends who will be glad to help him out."

**Osborn Great Campaigner.**

The lieutenant governor has not been doing much campaigning as yet, but will make an active one when the time comes. So, too, will Mr. Osborn when he really gets into the race, for he is a human dynamo, full of magnetism, full of personality, and an excellent campaigner.

Osborn is now traveling in Europe, but will be home during the summer and is then expected to make a definite announcement of his candidacy, for all that has been said or done for him has been done by his friends. If he gets into the game he will at once get busy mingling with people all over the state. No set will be overlooked by him or, for that matter, by Kelley, and the coming summer will be as full of politics as a watermelon is of seeds, though the primaries are still nearly eighteen months away.

**Running Mates Not Picked.**

Much interest attaches to the Osborn and Kelley choice of running mates. Senator Aitkin is popularly supposed to be the Kelley choice. He is putting himself in training for the job by laminating the school book trust great lams. No better slogan for a campaign than "down with the book trust" could be asked for and Senator Aitkin is certainly putting himself in the front ranks of the lamers by his work at this session.

The Osborn running mate is not yet picked, or if he is then the fact is being kept under cover. An effort was made to get Ben S. Hanchett, the Grand Rapids member of the state central committee, to run with Mr. Osborn, but Mr. Hanchett was free on the written word. Some popular lower peninsula man will be picked for the place.

Many of the men and papers who are pushing Osborn are also working for Senator Burrows, for the member will have a chance to express themselves as to their choice for senator at the next state primaries.

This does not mean, however, that Kelley will be found lined up with Townsend. The Kelley men are very generally talking Burrows for senator, too, and if Townsend finds a man to run for governor in combination with him there'll have to be a change of heart somewhere or he'll have to put another man in the field.

**Jacob Rose**

People are often induced to buy a cheaper shoe because of the cheapness, but very seldom will want another pair. A few more cents spent at the start proves a good investment in the end. A smart fitting oxford or slipper is a source of pleasure and lasting satisfaction. In footwear, from the good to the bad is a matter of only 50c or \$1—small economy in comparison.

Women's Shoes, Oxfords or Slippers, \$2.50 to \$5. Misses' Shoes, Oxfords or Slippers, \$1.50 to \$3.50.
