

FIAT DISREGARDED, COURT WILL PUNISH

In a Case Regarded of Exceptional Interest, the Supreme Tribunal of the Union Undertakes to Assert Its Dignity.

A Negro Lynched in Tennessee After an Order Had Been Issued Staying the Legal Execution of the Man, the Sheriff and Five Other Citizens of the County Are Adjudged Guilty of Contempt and Will Now Be Haled Before the Bench for Sentence.

Washington, May 24.—For the first time in so serious a case the supreme court of the United States will, on next Tuesday week, undertake to mete out punishment for the crime of contempt of the court itself, and the importance of the occasion will be enhanced by the number of the defendants.

The proceedings will take place in connection with the cases of Sheriff Shipp and Deputy Sheriff Gibson of Hamilton county, Tenn., and four other residents of that county named, respectively, Williams, Nolan, Padgett and May. These men were today declared by the court to be guilty of a crime of contempt, in combining, in 1905, in a conspiracy to lynch a negro named Johnson, who had been sentenced to death by the local courts on the charge of rape and in whose case the supreme court had interfered to the extent of granting an appeal which had the effect of a supersedeas.

On the night following the announcement of the court's action, Johnson was taken out of jail in Chattanooga by a mob and was lynched. There was no resistance on the part of the jail authorities, and Sheriff Shipp and a number of his deputies, as well as about twenty citizens, were proceeded against on the charge of contempt of the federal court.

Six Are Adjudged Guilty. The case has been pending ever since the number of defendants was from three to five reduced to nine. These nine, three men, today found guilty, while the other six were ordered to be brought into court next Tuesday week for sentence. They will be taken into custody immediately and will appear in court in the morning at 10 o'clock. The sentence may be either a fine or imprisonment, or both.

The case is regarded of exceptional interest, because it is practically the first time the highest court in the United States has ever undertaken to assert its dignity or to resent acts or words reflecting upon it. In one previous case, some years ago, a defendant was fined for some expression of contempt, but the case was so comparatively insignificant as to practically leave the present proceeding standing alone.

In the cases of Sheriff Shipp and Deputy Gibson, the court in effect declares that there may be contempt in a failure of the officers of the law to prevent a crime, in contempt of the court, and in taking cognizance of an offense at so great a distance from the first time asserts by action its right to compel proper respect for and treatment of its verdicts in all parts of the Union.

In the case under consideration the defendant's explanation of the absence of sufficient protection at the jail was that mob violence was not expected that day. The court meets this assertion by quoting from the statements of Sheriff Shipp to the effect that he expected a mob the next day—the day following that upon which the lynching actually occurred.

The court insists that the sheriff should have been prepared all the time to defend the prisoner, and that if he had an intimation a mob might be on hand on the 29th of the month, he should have been prepared even before the 19th, the day the lynching took place. The court also says that after the lynching Sheriff Shipp made no effort to apprehend the lynchers, and quotes from alleged statements of the sheriff criticising the supreme court for interfering in the case and that that interference was responsible for the lynching.

Three of the Justices Dissent. In a dissenting opinion by Justice Peckman, which was acquiesced in by Justices White and McKenna, the conclusion arrived at was quite contrary to that of the majority of the court. It was held by the dissenters that there was no evidence whatever connecting Sheriff Shipp or his deputy with any part in the lynching conspiracy.

After detailing all the circumstances leading up to the lynching and telling of Sheriff Shipp going to the jail, Justice Peckman said that the sheriff was sixty-three years of age at that time, and, on account of his physical condition, was unable in any event to have offered any great resistance. There were at least ten or fifteen of the men among him who were armed, and the sequel proved that many more in the crowd were also armed.

It is held that if the sheriff had attempted to shoot any one in the mob he probably would have been overpowered by many armed men and killed. Justice Peckman considers it extraordinary that "even an official under these circumstances can be found guilty of contempt because in fact he did not resist to the death."

FREE LUMBER MEN GO DOWN TO DEFEAT

With Even More Than a Two-Thirds Vote Against It, Mr. McCumber's Amendment Is Killed in the U. S. Senate.

All Day Long the Schedule Is Under Discussion, and There Is a Big Surprise When Mr. Dolliver, of Iowa, After Having Stood With the "Progressives" Throughout the Tariff Debate, Takes a Positive Stand for Protection for Sawmill Industry.

Washington, May 24.—No single piece of lumber was ever used more effectively as a sledge by children than was the great lumber industry today by the senate. The lumber schedule of the tariff bill was under consideration practically the entire day, with Senators Root, Heyburn, Borah and Dolliver contending on the one hand for protection, for the industry, and Senators Clapp, Burkett and McCumber arguing as strenuously against that policy.

The day closed with more than a two-thirds vote against Mr. McCumber's free lumber amendment, the latter showing twenty-five for and fifty-six against. The surprise of the day was the attitude of Senator Dolliver, who heretofore has stood with the "progressives" throughout the present tariff fight. He today took a positive position against the radical demand for free lumber, but expressed the opinion that the industry would not suffer from a reduction of the Dingley rates.

Debate Opened by Mr. Root. Senator Root opened the day's proceedings with an argument in favor of a differential on dressed lumber. Senators Borah and Heyburn of Idaho contended for the highest duty on lumber, the former entering upon an argument to show that the policy of protection is "a system" and cannot be maintained if there are to be constant exceptions to it as is desired in the interest of free lumber. On the other hand, Senators Clapp and Burkett argued that lumber can be produced as cheaply in Canada as in the United States and contended that the lumber industry of this country would not be endangered by the free admission of the Canadian product.

Incidentally Senator Clapp paid a glowing tribute to the Canadian government, saying that it was equal to the best. During the day Senator Heyburn spoke of the Republican platform of the last campaign as ever undertaken to assert its dignity or to resent acts or words reflecting upon it. In one previous case, some years ago, a defendant was fined for some expression of contempt, but the case was so comparatively insignificant as to practically leave the present proceeding standing alone.

Tariff on Sugar Attacked by Owen. Early in the day Senator Owen, Democrat of Oklahoma, made a sharp attack upon the tariff on sugar, saying that it led to frauds by a "trust," and still earlier Senator Aldrich introduced a resolution providing for an investigation of the expenditures of the various legislative departments.

CHURCH TAKES RADICAL STAND. Cumberland Presbyterians Will Oppose All but Prohibition Candidates. Bentonville, Ark., May 24.—Not only did the general assembly of the Cumberland Presbyterian church declare its adherence to the principles of prohibition today, but it went a step further, adopting resolutions declaring that "no person or set of men who favor the license or sale of liquor have the right to expect or receive the votes of Christian men; and any candidate for office who declines to speak openly against the traffic deserves not and should not receive our support."

Adventists Plan a Vigorous Campaign. Washington, May 24.—Plans for a more vigorous campaign for spreading the doctrines of the Seventh Day Adventists throughout the world were discussed at today's session of that organization. Greater activity was urged by the speakers to spread the doctrines of the Seventh Day Adventists among the Bohemians, Roumanians and Hungarians.

TRAINMEN ELECT OFFICERS. Columbus, O., May 24.—The Brotherhood of Railway Trainmen today unanimously re-elected Grand Master (or president), as he will be known, W. G. Lee of Cleveland. A. R. King of Cleveland was re-elected general secretary and treasurer; D. L. Coase of Cleveland, editor and manager; T. R. Lodge, assistant to the president, and Val Fitzpatrick of Columbus, A. F. Whitney of Iowa and James Murdoch of Toronto, Ont., vice presidents.

EMPIRE DAY IN BRITAIN. London, May 24.—Empire Day, which comes on the anniversary of the birth of the late Queen Victoria, was more generally observed today than since its inauguration. The day is selected as a special occasion upon which the children of the empire shall honor the flag, and it was celebrated in every part of Great Britain.

HOUSE REPUBLICANS SHOW THEIR STRENGTH

Taking Matters in Own Hands Again, They Pass the Philippine Tariff Bill and Advance the Porto Rican Legislation.

Washington, May 24.—The Republicans of the house today again took matters in their own hands, and with a sudden show of strength passed the Philippine tariff bill, the consideration of which had been concluded two weeks ago; referred the message of the president regarding Porto Rican affairs to the committee on ways and means, and devoted some time to the discussion of the bill amending the laws of Porto Rico so as to amend the legislature of certain authority.

When the body met Mr. Macon, of Arkansas, made the initial point of no quorum, but the majority leader, Mr. Payne, instead of moving adjournment, as he had done heretofore, forced a call of the house and a quorum appeared within a short time. The feature of the day was a speech of considerable length by Senator Larrison, the Porto Rican commissioner, vigorously opposing the bill affecting the island represented by him, and denouncing the executive council or upper branch of the legislature of Porto Rico. The bill was pending when the house adjourned until Thursday.

WAR ESTIMATES TOO HIGH. President Taft Directs a Cut of Approximately \$36,000,000.

Washington, May 24.—President Taft today sent back to the war department the estimates submitted to him for the support of the military establishment for the fiscal year 1911, and indicated his desire that they should be cut approximately \$36,000,000. The estimates were prepared during Secretary Dickinson's visit to Panama, and were carefully scrutinized by acting Secretary Oliver, who cut them \$18,000,000 less than the estimates for 1910, but \$16,000,000 more than the appropriations for 1910. When Mr. Taft saw the figures, he expressed the wish that they be \$20,000,000 less than the appropriations for 1910.

IS INTERSTATE COMMERCE. High Court Rules the Shipment of Liquor Cannot Be Stopped.

Washington, May 24.—The supreme court of the United States today decided the case of the Adams Express company versus Kentucky, involving the right of the express company to ship liquor into local option country contrary to the law of the state, in favor of the company. The opinion of the court reversed the Hart county court, which had found the express company, on the ground that the transaction was interstate commerce and therefore not subject to interference by the state authorities.

DENONCES GIVING OF REBATES. President Brown of the New York Central Is Speaker at Lincoln.

Lincoln, Neb., May 24.—At the annual banquet tonight of the Lincoln Commercial club, W. C. Brown, president of the New York Central lines, made the principal speech. He upheld many of the recent enactments of the national congress and various rulings of the interstate commerce commission favorable to the shippers as against the carriers. He denounced the former custom of the railroads in giving rebates and passes and the practice of discrimination in favor of large shippers.

VOLE OF JUDGES A TIE. Missouri Railroad Case Is Certified to the U. S. Supreme Court.

St. Louis, May 24.—Disagreeing, two against two, on the government's suit to dissolve the Terminal Railroad Association of St. Louis, the judges of the United States circuit court today certified the "case direct" to the supreme court of the United States.

IS NOT GOING TO PEKIN. John Hayes Hammond Declines Offer of Ministership to China.

Washington, May 24.—After an hour's interview with the president today, John Hayes Hammond definitely declined the tender of the ministership to China.

ARMY OFFICER STEPS UP. Washington, May 24.—The president today sent to the senate the nomination of Colonel Richard T. Yeatman, of the Eleventh infantry, to be brigadier general.

MRS. TAFT MUCH IMPROVED. Washington, May 24.—Mrs. Taft, whose condition has been a cause of some concern to the president during the past week, was much improved today, being able to leave her room and walk about the White House.

MADDER TRIAL NEAR ITS CLOSE. Chicago, May 24.—The defense in the "Skippy" Madden case practically closed its case today with the testimony of the three defendants. At the adjournment of court, Attorney James T. Brady announced that the defense would conclude tomorrow morning. The case is expected to go to the jury Wednesday evening. The trend of the testimony of the defendants today was a denial that money had been received to settle strikes.

WORLD'S FINEST MASONIC TEMPLE. Indianapolis, May 24.—The Masons of Indiana united here today in dedicating the new \$750,000 Masonic temple, which they declare is the finest building devoted to Masonry in the world. The ceremonies will continue tomorrow.

CANADIAN STRIKE IS SETTLED. Winnipeg, Man., May 24.—It was announced this morning that the strike of the coal miners of southern Alberta and eastern British Columbia had been settled by the board of conciliation.

THE WEATHER.

Washington, May 24.—The following is the weather bureau's forecast for Upper Michigan: Increasing cloudiness, showers in the west, Tuesday; Wednesday, showers; brisk east winds.

RIVER CHANGED ITS COURSE. State of Iowa Claims the Very Heart of Omaha's Business District.

Des Moines, Ia., May 24.—Attorney General Myers tomorrow will argue before the United States circuit court of appeals at St. Paul a case in which the state of Iowa claims the very heart of the business section of Omaha. It is contended that this land formerly belonged to Iowa and was lost to the state when the Missouri river changed its course in 1878 and created a new boundary.

BASEBALL.

STANDINGS OF THE TEAMS. National League. W. L. P.C. Pittsburgh 19 11 633 Chicago 20 13 606 Philadelphia 14 13 519 Cincinnati 16 17 485 Brooklyn 13 15 464 St. Louis 18 18 435 New York 12 15 444 Boston 11 18 370

SCHEDULE FOR TODAY. National League. Pittsburgh at Boston. Chicago at Philadelphia. Cincinnati at New York. American League. Washington at Detroit. New York at Chicago. Philadelphia at Cleveland. Boston at St. Louis.

YESTERDAY'S GAMES. National League. Brooklyn, May 24.—Hoffman's home run in the eleventh won for Chicago. Score: R. H. E. Brooklyn 00010000200—3 6 3 Chicago 00110000101—4 9 0 Batteries—Rucker and Bergen; Brown and Moran.

Boston, May 24.—Ferguson's wildness was the cause of Boston's defeat. Score: R. H. E. Boston 100100000—2 9 0 Pittsburgh 301020000—6 9 1 Batteries—Ferguson, White and Smith; Leifield, Willis and Gibson.

Philadelphia, May 24.—Cincinnati scored four runs on three hits and two errors in the ninth. Score: R. H. E. Philadelphia 010000000—1 7 2 Cincinnati 000000104—5 6 1 Batteries—Ovechek, McQuillan and Dooin; Fromme and Roth.

New York, May 24.—The Giants were unable to hit Lush when men were on bases. Score: R. H. E. New York 001000000—1 7 3 St. Louis 000001200—3 6 3 Batteries—Mathewson and Myers; Lush and Bresnahan.

Chicago, May 24.—Chicago made it two straight from New York. Score: R. H. E. Chicago 001000100—2 4 1 New York 001100000—1 5 1 Batteries—Scott, Smith and Sullivan; Brockett and Blair.

Cleveland, May 24.—Cleveland bunched three doubles and two singles in the fifth. Score: R. H. E. Cleveland 000040020—6 14 0 Philadelphia 010100000—2 6 1 Batteries—Young and Easterly; Dygert, Vickers and Livingston.

Detroit, May 24.—Altrock was knocked out of the box in the third. Score: R. H. E. Detroit 01110022—10 16 1 Washington 010000000—1 7 3 Batteries—Summers, Stange and Schmidt; Altrock, Smith, Street and Blankenship.

St. Louis-Boston; rain. American Association. Toledo, 2; Columbus, 5. Milwaukee, 4; St. Paul, 2. Indianapolis, 2; Louisville, 4.

Western League. Omaha, 0; Pueblo, 2. Des Moines, 3; Denver, 0.

JEROME TRAVERS OUTPLAYED. Britisher the Winner of Golf Championship Match at Edinburgh.

Edinburgh, May 24.—In the first round of the British amateur golf championship today, W. A. Henderson, of the Royal and Ancient Golf club, defeated Jerome D. Travers, the American champion, two up, one to play.

Australia covers 26 times as much area as the British Isles, but its population is less than that of London.

LAMBS' CLUB SHOW IS A BIG SUCCESS

Stage Celebrities to the Number of 150 Take Part in a Theatrical Entertainment at New York, and \$40,000 Is Realized.

New York, May 24.—Forty thousand dollars was the amount realized by the Lambs club at its entertainment here tonight. In the cast were DeWolf Hopper, Raymond Hitchcock, Eddie Foy, Wilton Lackaye, Dunston Farnham and other noted actors. There also was the unusual sight of Belasco, Augustus Thomas, Charles Klein, A. L. Erlanger, George Broadhurst and other equally prominent authors and managers in the role of stage personages and supers. In all, 150 stage celebrities took part in the entertainment.

With DeWolf Hopper as interlocutor and such favorites as Raymond Hitchcock, Eddie Foy, Nat M. Willis, Maelynn Arbuckle, Charles Evans, Ignacio Martinetti and Andrew Mack as end men, with Victor Herbert conducting and his orchestra of fifty pieces in the van, the singing, this proved one of the best of the evening's features.

Before the gambol the Lambs, four hundred strong, paraded to the theater in a body, with Victor Herbert and his orchestra of fifty pieces in the van, receiving applause all along the route.

MOB RUNS HIM DOWN. Ohio Negro, Accused of Murder, Falls in Effort to Kill Himself.

Lima, O., May 24.—Hunted all night by a mob and finally driven at bay today, John W. Beam, a negro attorney and real estate dealer, accused of murdering a man, attempted to end his life. He was arrested on the charge of murdering Mrs. Estella M. Diltz, a young widow who was shot last night at her home as she opened the front door in response to a knocking upon the door. A letter addressed to his wife was found in which Beam told of his love for Mrs. Diltz, which had extended over two years. In concluding the letter directs Mrs. Beam to "have Estella and myself buried side by side, that we arise before Almighty God together."

WANTED AT ONTONAGON. Alleged Murderer of Joe Guzik Is Captured at Detroit.

Detroit, May 24.—Albert Forguski was arrested here today and will be taken to Ontonagon, Mich., where he will be asked to clear up the mystery surrounding the death of Joseph Guzik, whose dead body was found a week ago with two bullet holes in the skull. The two men disappeared Dec. 28, last. When arrested today Forguski had a watch that is said to have belonged to the dead man.

SOME TALK OF LYNCHING. Trial of the Negro John Junken Attracts an Excited Audience.

Des Moines, Ia., May 24.—The town of Centerville is tonight filled with excited people gathered here to attend the trial of the negro, John Junken, the self-confessed slayer of Clara Rosen, an Ottumwa choir singer, the night of Feb. 5, last. Junken, it is alleged, crushed the girl's face with a stone and then assaulted her, after having trailed her from her sister's home to a lonely spot. There is some talk of lynching, but the sheriff has sworn in special officers to guard the prisoner.

MRS. BINGHAM PLEADS GUILTY. Sentenced to Two Years for the Murder of Her Common Law Husband.

Cleveland, May 24.—Mrs. Harriet Beecher Bingham, of Springfield, Mass., was sentenced to two years in the penitentiary today, after pleading guilty to the charge of having killed her common law husband, Lemuel Bingham, a few weeks ago. The woman presented a long statement to the court, in which she said that her husband had habitually abused her.

MAYOR SHOT AND WOUNDED. The Climax to a Series of Sensational Burglaries at Council Bluffs.

Council Bluffs, Ia., May 24.—A series of sensational burglaries came to a climax today when an unknown thief shot Mayor John T. Carmody. The wound is not serious. Previous to entering Mayor Carmody's house, the burglar robbed Father J. J. Toomey's home, covering the priest with a revolver.

ENDS LIFE BY SHOOTING. About to Be Tried for Murder, Ohio Man Commits Suicide.

Huntsville, O., May 24.—On the eve of his trial for murder, Irving Carter, twenty-three years old, committed suicide by shooting today. A year ago he shot and killed Thomas R. Bagby because Bagby had wronged his sister.

WHITE FARMER HIS VICTIM. Georgia Negro Is Taken from Jail by a Mob and Is Hanged.

Lincoln, Ga., May 24.—Albert Aiken, a negro, who desperately wounded John Spire, a white farmer, near here last Thursday, was taken from jail and hanged by a posse of about one hundred men early today.

COUPLE HAD QUARRELED. In Presence of Many Persons, Illinois Man Slays Wife and Himself.

Marion, Ills., May 24.—Festus Roberts shot and perhaps fatally wounded his wife here today, in the presence of a crowd gathering to attend a circus, and then killed himself. The couple had quarreled.

Never criticize anything at a charity bazaar; you can't tell who made it.

WHEAT PRICES GO TO NEW HIGH POINTS

Urgent Buying Based on Alarming Reports Regarding the Crop Outlook in the Southwest Sends All the Deliveries a-Soaring.

Top for the May Is \$1.34 1/4 and for the July \$1.19 1/8, at Chicago, While at St. Louis the Cash Article Sells at \$1.58, a Quotation Never Before Touched There—Due to the Scare, Wall Street Trading Is Curtailed, but Values Are Little Affected.

Chicago, May 24.—All deliveries soared to new high points in the wheat market today, the result of urgent buying based on alarming reports regarding the crop outlook in the Southwest. The May scored a gain of nearly two cents, the top being reached at 134 1/4. The top for the July was 119 1/8, the September 112 and the December 109 1/2. The July was relatively weaker than the other months, owing to heavy selling by an influential house, which concern, it was said, was turning the profits secured that way into the September and December deliveries. The foreign advices were quite mixed. The drought in southern Russia was reported still menacing the new crop, but the shipments of wheat from Russia last week were extremely liberal and the total world's shipments were more than had been estimated. During the final fifteen minutes there was considerable realizing in the December and September. The market, however, closed strong, with net gains of 3/4 to 2 1/2. The July opened at 117 1/4 to 117 1/2, went up to 119 1/8 and closed at 118 1/4 to 118 1/2. Corn and oats also were strong and higher.

Crop Scare Felt in Wall Street. New York, May 24.—The speculative movement in stocks was hampered today by the appearance of an incipient crop scare of moderate proportions. The character of some of the assertions made by professional crop experts regarding the crop conditions in Oklahoma was disliked by the bulls in stocks, although highly relished by the bull party in wheat, as witnessed by the soaring of the prices of wheat to new high levels. Due allowance is made for the highly speculative condition in the wheat market and for the fluctuations of some of the quoted experts with brokerage houses interested in the affect of the news on the market quotations. There was, however, enough color of corroboration for an unfavorable view of the conditions in the region indicated from the reports received by the railroad officials from their agencies along the line to make the reports of influence on the sentiment. It was a reminder of the possibility of working up a crop scare of much portentous showing which might serve to upset an extended speculation in stocks if it were entered upon during the crucial period of the growth of the crops. This was the only cause discernible for the check to speculation, which started fairly enough in continuation of the movement in progress on Saturday.

The call money market was appreciably easier. London helped the early strength in the copper industry, the metal advancing in price in that market, and a lively speculation in copper mining shares was an accompaniment. The early efforts to get the prices up were furthered by some rumors favorable to individual securities or to groups. The conspicuous strength in Northern Pacific and Great Northern preferred was traceable to rumors of an intention to raise the Burlington dividend to a 10 per cent rate. The bulk of such distribution would go to the Hill companies through the Burlington stock in their treasuries, against which 4 per cent collateral bonds are outstanding. United States Steel was strong, touching a new high record. From the railroad traffic officials came some information of the continued checking affect on business activity of the delay in the tariff legislation. The smart rise in the Erie at the end of the day was taken to indicate an early announcement of the financing. This helped to pull up the prices also where and to leave the net prices little changed.

Wheat at St. Louis Sells at \$1.58. St. Louis, May 24.—The highest price for cash wheat in the history of the St. Louis grain market was reached today, when No. 2 red was quoted at \$1.58 a bushel.

WILL PAY DOLLAR FOR DOLLAR. President of Defunct Iowa Bank Gives Up the Bulk of His Property.

Fort Madison, Ia., May 24.—Assignee Schroeder of the defunct West Point (Ia.) bank, which failed Feb. 18, 1908, today announced that all creditors would be paid in full May 28. The institution's liabilities were \$124,791. Riley Smith of Hancock county, Ill., a wealthy farmer and president of the bank, gave up all of his personal property but eighty acres of land to liquidate the indebtedness.

RAILROAD IS LEASED. Elgin, Joliet & Eastern Takes Over the Lake Shore & Eastern.

Chicago, May 24.—Announcement was made tonight of the lease for fifty years of the Lake Shore & Eastern railroad by the Elgin, Joliet & Eastern. The road is 250 miles long, with Chicago, Gary and Joliet as the principal terminals.

CHARGED WITH EMBEZZLEMENT. Seattle, Wash., May 24.—Joseph H. Storres, alias McCarthy, the Lincoln (Neb.) attorney charged with the embezzlement of \$7,000 from the estate of Mrs. Helen Horn, was taken back to Lincoln today. Ethel Raymond, the girl who accompanied Storres about the country and through whom he was traced here, is being taken back as a witness.

AMERICAN NEGRO WINS IN LONDON

One More Title Much Coveted in Heavyweight Pugilistic Circles Is Taken by a Representative of the Colored Race.

Meeting Ian Hague of Yorkshire for a Purse of \$9,000 and the Championship of England, Sam Langford of Boston, Massachusetts, Knocks Out His Opponent in the Fourth Round—Jimmy Walsh and Digger Stanley, Bantams, Fight to a Draw.

London, May 24.—Sam Langford, the colored heavyweight of Boston, Mass., knocked out Ian Hague, heavyweight champion of England, in the fourth round tonight. The fight, which was for a purse of \$9,000 and the championship, was scheduled to go twenty rounds. In the first round Hague was slow to start. Langford had a shade the better start, but the one of the round when Hague reached him with a hook to the jaw. This seemed to encourage the Britisher, and although no damage was done he showed more cleverness in the second round than the colored man. Langford opened the third with a hard left on the face, and he used this blow effectively several times before the gong sounded. Hague, however, partially closed the American's eye with a hard right swing. The men came together in a fast mix-up at the opening of the fourth, and Langford put a terrific right on the Yorkshire man's chin, which ended the contest.

Bantamweight Bout a Draw. The bout between Jimmy Walsh, American, and Digger Stanley, of London, for the bantamweight championship of England, was declared a draw at the end of fifteen rounds.

O'Brien and Ketchel Sign Articles. Philadelphia, May 24.—Jack O'Brien and Stanley Ketchel were matched tonight to fight six rounds in this city on June 3.

Frank Gotch Out-Westlies Olsen. Omaha, May 24.—Frank Gotch tonight defeated Charles Olsen, of St. Louis, in twenty-two and fifteen minutes, respectively.

RIOT OCCURS IN STRICKEN TOWN. Italian Earthquake Sufferers Attacking Troops, Much Bloodshed Ensues.

Reggio, Italy, May 24.—At Sinopoli today the temples became greatly excited over the manner in which they have been neglected in the distribution of the relief to the earthquake sufferers. They made a hostile demonstration against the authorities and attacked the barracks. Several soldiers were wounded. A volley was fired into the rioters, killing six men and wounding several others.

Severe Shock Rocks Messina. Messina, May 24.—One of the severest shocks since the great earthquake occurred here this afternoon. The movement was both vertical and horizontal and lasted ten seconds. The shock was preceded by a rumbling noise, a heavy flood, pane-stricken, and the walls of ruins in various places collapsed.

UNION LEADERS ARE SUED. Deprived of Work, Indiana Miners Seek to Recover Damages.

Brazil, Ind., May 24.—T. L. Lewis, president of the United Mine Workers; George Hargrave, a former member of the national board, and W. D. Vanhorn, former president of District No. 1, were made the defendants in suits filed today by Abraham Park, Albert Poselisk, William Sanderson and Frank Kentzora, miners, who ask \$2,000 each as damages, alleging that the defendants have wrongfully deprived them of their union cards. Because of this, they say, they have been unable to obtain employment since their expulsion from the union Feb. 22, 1907. The miners were expelled from the union because they had sued and recovered from the VanDalla Coal company fines held out of their pay because they refused to enter the mine after an explosion in 1906. The fines were levied under an agreement between the union and the company.

STREAMS RAGING TORRENTS. Floods in Oklahoma Take Lives and Cause Much Property Loss.

Oklahoma City, Okla., May 24.—Five persons dead and at least ten seriously injured, several thousands acres of crops inundated and every stream in the northern and eastern parts of the state a raging torrent—this is the result of almost unprecedented rains during the past twenty-four hours in Oklahoma. A number of houses have been washed away. The dead were Mrs. W. W. Brown and three children, of Foraker, and Mrs. Mattie Jones, colored. A tornado struck Morris, doing much damage. Ernest Scott, wife and child were seriously injured.

CHARGED WITH EMBEZZLEMENT. Seattle, Wash., May 24.—Joseph H. Storres, alias McCarthy, the Lincoln (Neb.) attorney charged with the embezzlement of \$7,000 from the estate of Mrs. Helen Horn, was taken back to Lincoln today. Ethel Raymond, the girl who accompanied Storres about the country and through whom he was traced here, is being taken back as a witness.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Entered as mail matter of the second class at the postoffice at Marquette, Mich.

Mrs. Herman Oelrichs has sold her Newport estate, and makes the comment that the place is getting "too nasty."

The statistics of the legislature's activities show that 884 bills were introduced and 261 passed.

The baseball season is open, with Ne-gaunce and Ishpeming at the top of the heap, for the moment at least.

The Detroit Journal says that men in touch with the liquor business assert that the Warner-Cramton law will close in the neighborhood of 400 saloons in the state next year.

The law prohibiting the giving of free lunches in saloons is drawn to take immediate effect. Many lawyers question its constitutionality.

Little time was lost in disposing of James Dugan, who made a murderous assault on Representative Schantz at Lansing a little over two weeks ago.

5% DEBENTURES Running one to five years secured by first mortgages on improved real estate worth more than double outstanding debentures.

week presented with a loving cup, filled with roses, by a delegation of 100 of his friends, the occasion being his return from the south, where he had spent the winter.

The significance of the presentation lies in the fact that it is not many months since Attorney General Bird had Mr. Wade under fire, charging him with irregularities in the conduct of his office.

One of the most interesting developments in the theatrical situation in the state metropolis in recent years has been the lease of the Whitney theater—hitherto the Detroit home of the "melodrammer"—to the Schuberts.

An Owosso dispatch says that Representative Whelan has returned to the home folks disgusted with the way things go at Lansing.

When all of the investigations relative to the conduct of the branch prison at Marquette have been ended, the Times predicts that Warden Russell will come out with flying colors.

Senator Otto Fowle has returned to the Soo from Lansing, well pleased with what the state legislature accomplished during the session just closed.

It was not easy for us to believe that Diabetes is curable, but the first case we came in personal touch with was astonishingly convincing.

James H. Wade, formerly secretary of the University of Michigan, was last week presented with a loving cup, filled with roses, by a delegation of 100 of his friends.

impartial solution of its problems as a business question. It was assumed that congressmen, once they ceased playing politics, would devote themselves singly to considering public interests.

The aggressive and vigorous stand taken by the editors of the newspapers of the upper peninsula in defense of Warden James Russell of Marquette prison, is, we believe, unique in newspaper annals in this state.

The assault made upon Russell was not only unwarranted and lacking in any foundation, but was in absolute variance with the methods which the committee itself took while in Marquette.

One illustration that will serve to show how regardless the committee was of the truth in making the report, the latter alleges in effect that the warden defrauded an ex-convict named Van Gorder of a sum of \$3,000.

The outcome of the incident will be increased prestige and public confidence for Warden Russell and well deserved reprobation for the members of the committee, who prostituted their office to aid despicable political chicanery.

Senator Otto Fowle has returned to the Soo from Lansing, well pleased with what the state legislature accomplished during the session just closed.

MAY TERM OF COURT OPENS.

Number of Liquor Cases the Feature of the Criminal Calendar.

The May term of the Houghton county circuit court opened yesterday at the county building. The morning was spent in hearing pleas and arranging the calendar. The jury will report for duty this morning, when the case of William Blight, charged with a statutory offense, will be placed on trial.

The feature of the term is the number of cases of violations of the liquor laws, there being twenty-two of this class of cases. Some interest attached to the cases of Matti Lahti, Maurice Dower, Charles Matson, Joseph T. Shelley and Otto Gross, all of Kenton, who were charged with keeping their saloons open on election day. The cases are said to have grown out of the election for supervisor at Kenton last spring. The five men pleaded guilty.

The cases of John Maki, Victor Hendrickson, John Hill, Ralph Clabatter, Henry Driitler and John Schabach, all charged with keeping saloons open on Sunday, were added to the calendar yesterday morning. The defendants all pleaded not guilty and will stand trial.

The recognizances of Nicholas Marquis, Jr., charged with burglary, and Blanche Miller, accused of a statutory offense, were declared forfeited, the defendants not being produced in court by their bondsmen.

John Giacolotto, sixteen years of age, was charged with burglary, but his plea was not taken and he will probably be tried in a juvenile court under the direction of the county agent.

No plea was taken in the case of D. B. Saut, a Hancock Chinaman, who is charged with a statutory offense, as his attorneys are awaiting the arrival of an attorney from Chicago.

Hjalmer Lahti is probably the youngest person ever brought into court at Houghton on the charge of being a disorderly person, third offense, which means in effect that he is charged with being a confirmed drunkard. He is only twenty-three years of age. He pleaded guilty.

There were fifty-five criminal cases on the calendar, but only twenty-four of them are noted for trial, pleas of guilty and continuances having reduced the number.

Rev. C. H. Rutledge, head of the anti-saloon league movement in the upper peninsula, who was interested in the charges brought against some of the liquor dealers, was present at the opening of court.

COPPER COUNTRY FORESTERS.

Big Attendance from Here to the State Meeting at Lansing.

There will be a large attendance from the copper country lodges of the Foresters of America at the state convention of the order, which will be held at Lansing the first week in June. The copper country delegates will leave next Sunday, going on a party ticket. It is expected that about eighteen from Calumet and vicinity will attend the convention. Any who wish to make the trip may make arrangements to go on the party ticket and thus secure the advantage of the reduced rates offered. Grand Sub-Chief Ranger Edwin Edwards of Calumet, who aspires to the office of grand chief ranger, and Grand Trustee P. J. Verville of Hancock will accompany the copper country delegates.

The courts of the copper country will send delegates as follows: Lattayette court, Calumet, Charles Chaput and A. Blanchette; Stanton court, Mohawk, Elias Nicholas; Court Ridge, Hancock, M. Trebilcock, W. D. Barkell and Frankman; North Star court, Calumet, John Francis, Roy Terrill, A. Sineock and Edwin Edwards; Golden Eagle court, Lake Linden, Arthur Harris; John A. Bobb court, Wolverine, Oliver Richards and Simon Sleep; Rene Mesnard court, Hancock, Supia Touant, Archie Racine and P. J. Verville.

AUTOMOBILE 'BUS SERVICE.

Twin City Motor Company to Begin Operations This Week.

The omnibus service planned by the Twin City Motor company of Hancock and Houghton will be instituted this week. The cars have arrived. They came from Detroit, all put together, ready for use. The automobiles can carry eight passengers comfortably. The engines are of thirty-five horsepower. The seats are well upholstered, and there are sufficient springs to prevent and unnecessary jarring. The schedule has not yet been completed. However it is the intention of the management to give as good and rapid service between Hancock and Houghton and their suburbs as can be provided.

The cars are made by the Grabowsky company of Detroit. They will be housed in the garage which is being erected by the Twin City Motor company. The garage will be equipped with machinery and other paraphernalia for the repair of private cars also. It will be completed in a week or so.

Horseness, bronchitis and other throat troubles are quickly cured by Foley's Honey and Tar. It soothes and heals the inflamed throat and bronchial tubes and the most obstinate cough disappears. Insist upon having the genuine Foley's Honey and Tar. Sold by all druggists.

EAGLES' OFFICIAL PROGRAM.

Calumet Aerie Will Entertain State Convention Delegates Elaborately.

Calumet's aerie of Eagles will entertain its guests during the second week of June, when the state convention of the order will be held at the copper country metropolis, on an elaborate scale. The official program for the convention has been announced as follows: Tuesday, June 8— Reception of visitors.

10 a. m.—Open meeting at Eagles' Hall and Gately Wigwags Hall. Addresses of welcome by President John T. Dunn of the Calumet aerie, and by President Frank H. Schumaker of the village of Red Jacket. Response by Vernon J. Bowers, grand worthy president of the state assembly.

2 p. m.—Opening business session, including addresses by prominent members of the state and national aeries. Theater parties for the ladies, who will be the guests of the ladies of the Calumet aerie.

Evening—Free tickets to all theaters. Wednesday, June 9— 10 a. m.—Business session at Gately Wigwags Hall.

10 a. m.—Automobile rides for the ladies, from the Red Jacket village hall to all points of interest about Calumet.

2 p. m.—Business session at Gately Wigwags Hall. Free ride for the ladies to Lake Linden and other points of interest near Calumet.

8:30 p. m.—Grand ball at Red Jacket town hall.

Thursday, June 10— 10 a. m.—Business session at Gately Wigwags Hall.

10:30 a. m.—Drive to the scenic shores of Lake Superior for the ladies.

2 p. m.—Grand street parade through Calumet and Laurium. The parade will be headed by the Calumet & Hecia band.

7:30 p. m.—Dancing on the pavements, music furnished by the bands.

8:30 p. m.—Grand illuminated procession through the streets, followed by general merry-making. The parade will be concluded at the Red Jacket field, where a big fireworks display will bring the three days' convention to a close.

PRIMARY SCHOOL MONEY.

Treasurer Rashleigh Receives and Distributes \$128,795.

County Treasurer Rashleigh last week received and distributed \$128,795 from the state, the amount being the first semi-annual payment for 1909 of the primary school interest fund. Mr. Rashleigh received his last receipt from the treasury yesterday, when he gave out publication of the following statement of the distribution, based on 85 per cent on the number of children of school age:

Townships. No. Children. Amount. Adams 2,066 \$ 16,249

Calumet 9,839 49,157 Cassell 485 2,425

Duncan 836 1,180 Elm River 201 1,065

Franklin 1,584 7,920 Hancock 102 515

Hancock City 2,242 11,210 Laird 186 930

Leola 2,662 13,310 Portage 2,225 11,175

Portage 428 2,140 Schofield 2,242 11,210

Stanton 804 4,220 Torch Lake 336 1,780

Totals 25,759 \$128,795

GUN CLUB SEASON ENDS.

Number of Sunday Shooters Reduced to Two—Paul Swift Wins.

The season of the Houghton Gun club has recently ended, though nothing of special interest has occurred. Leigh Swift and J. J. Zeland were the only shooters to show up at the grounds Sunday morning. J. J. Zeland, the most active member during the winter, has taken to golf and has laid his pump gun aside until next winter. A number of other shooters were taken to the club or are going fishing Saturdays so that it is believed the club will take a recess until next winter.

It is considered that Paul D. Swift is the winner of the club trophy, a silver cup, though the averages have not been computed. In any event Mr. Swift has possession of the cup. The conditions of the season's shoot were that each man must fire 750 shots, 250 of which should be snap shooting. But these conditions were not adhered to during the season, and it is difficult to arrive at the exact record of each shooter, though Mr. Swift won out in a greater number of shots than any other member.

A STATE BANK FOR BARAGA.

New Enterprise Capitalized at \$20,000 Will Be Started Soon.

Attorney J. I. Labreque of Baraga is the promoter of a banking institution for that village, to be organized under the banking laws of Michigan. The bank will be capitalized at \$20,000, which is already subscribed. The institution will be located in the McCarthy building, owned by Fred Schwalm, which will be considerably improved and remodelled for the purpose. This will be the only bank in Baraga county, all banking being done with copper and iron country banks. Mr. Labreque says that the increase in farm wealth in Baraga county and the resulting increase in business in L'Anse and Baraga makes the new institution a necessity and will insure for it a large volume of business.

SUNDAY BASEBALL GAMES.

Houghton was represented in two baseball games Sunday morning. The Rouch & Seeber Roscoe team played the barbers and the Quincy sands and the Michigan College of Mines freshmen played the Old Timers at Ripley Park. The Old Timers, with Turk O'Leary, the veteran Green Bay and Hancock pitcher, in the box, defeated the C. C. M. with a score of 7 to 2. The Roscoe team defeated the barbers 13 to 2. Corbelle and Hemen were the Roscoe battery.

If you want to feel well, look well and be well, take Foley's Kidney Remedy. It cures the kidneys and bladder, purifies the blood and restores health and strength. Pleasant to take and contains no harmful drugs. Why not commence today? Sold by all druggists.

ROYAL Baking Powder. Absolutely PURE. The only Baking Powder made from Royal Grape Cream of Tartar. Makes the finest, most delicious biscuit, cake and pastry; conveys to food the most healthful of fruit properties.

REV. J. S. GOULD HONORED. Hancock Clergyman Named as Moderator by Congregationalists.

The aid of the Congregational ministers of the state in the anti-saloon crusade, and especially in driving the saloons out of Ann Arbor, was asked by George W. Morrow, of Detroit, superintendent of the Anti-Saloon league, in an address at the sixty-eighth annual Michigan Congregational conference, in session at Muskegon last week.

Mr. Morrow recently spoke at the Kerredge theater in Hancock.

The following conference officers were elected: Moderator, Rev. Sidney Gould, Hancock; scribe, Rev. William Wiedenhoft, Stanton; assistant scribe, Rev. Theodore C. Williams, Inlay City; trustees, Frank E. Hammond, Muskegon; Rev. I. W. Stuart, Alpena; John Nichols, Charlotte; Rev. A. J. Beach, Ypsilanti; Rev. C. E. Taggart, Litchfield; Adrian Otto, Grand Rapids; Rev. A. H. Stone, St. Joseph; S. B. Poole, Sault Ste. Marie; J. W. Bradshaw, Ann Arbor.

LABOR IN DEMAND.

The labor situation in the copper country is changing. A few weeks ago the demand for help was slack. Now there are many inquiries for laborers. The average wage is \$2 a day. A number of contractors are in the market for common labor. They have about enough skilled artisans, but they are finding difficulty in recruiting men for common work. Servants girls are scarce. There is a brisk demand for domestics, and the orders are not easy to fill. A considerable number of young women are looking for positions as stenographers, but this field is already well filled. Girls are fast supplanting men in these positions.

RED JACKET'S BEAUTY SPOT.

One of the prettiest little spots in the Calumet district will be the lawn and garden of the municipality of Red Jacket, now being prepared on the double lot south of the village hall and theater building on Sixth street. A landscape gardener has been engaged, and this piece of ground is to be turned into a pretty little park, a place good for tired eyes to rest upon. The area has been covered with good soil, to which will be added about fifty loads of rich, black loam. A row of decorative shade trees will be planted in the rear of the lot, and decorative flowering shrubs will be set about the enclosure. There will also be several beds of beautiful, though hardy, flowering plants.

HOMECOMERS ARE ARRIVING.

The "homecomers" are already arriving at Calumet. Half a dozen Butte (Mont.) people, formerly residents of Calumet, have come to spend a portion of the month of June in the copper country, and several more are on the way. Assurances have been received, too, that about three hundred more are coming, including large parties from both Butte and Great Falls and a few from Missoula. The Northern Pacific railroad will take a large party from Butte about June 10. Other visitors are coming from several of the iron country towns and a good half dozen or more are expected from points in Arizona and California.

LAURIUM TO CELEBRATE?

Will Laurium village observe the Fourth of July on its own account, or will its citizens assist the citizens of Red Jacket with their celebration? This question has been asked many times the past two weeks, and even the village council is wondering. It will be answered this evening, when a mass meeting of the businessmen and others will be held to decide the matter. Many believe that Laurium should have an independent celebration. Others think that the businessmen will have their hands full in caring for the firemen's tournament in August.

TOWN CLOCK WORK DELAYED.

Because of an accident at the Seth Thomas works, J. J. Ellis, who was awarded the contract to install a clock in the tower of the Red Jacket village hall, will be unable to put in the instrument by the first of June, as stipulated in the contract.

ANACONDA.

Anaconda's annual report for the year 1908, or to be exact for less than nine months of actual operation at the mines, was featured by a reduction in the cost of copper per pound from nearly 14 cents in 1907, to 11.23 cents for the period closed last December, says the Boston Financial News. The figures for the last two years make a good comparison of the increase in costs during a period of curtailment of production and a decrease in costs during one of expansion in production and it is very evident that although the 1908 average cost was somewhat higher than when the mine worked at full capacity, at the close of the year and at the present time there is little doubt that the figure is in the neighborhood of that of 1907, or under 11 cents. Deducting the cost of the copper in hand and the market value of the gold and silver together with the receipts from the sale of the precious metals from the total expenses we arrive at the cost of copper per pound for the last two years as follows:

1908. Total expenses \$14,658,519 \$15,995,591

Less value of metals 6,002,645 5,202,003

on hand 6,002,645 5,202,003

Net expenses \$8,655,874 \$10,793,588

Less gold and silver 1,371,908 1,526,718

Balance 7,283,966 \$ 8,266,870

Pounds copper 64,869,176 63,055,661

Cost per pound 11.23 13.91

If the receipts from subsidiary companies are deducted from the expenses, the cost per pound in 1908, was about 10.5 cents and in 1907, a little over 13 cents.

The surplus shown for the last equated ninety cents per share, which compares with \$2.81 in the previous year; there was paid in dividends \$5.25 in 1907 and \$2 in 1908. The two years the total surplus has been reduced \$4,328,809, 31 last at approximately \$5,000,000. For the year 1906, the surplus was increased over \$3,000,000. The company received 8.30 cents per pound for its copper and including the smelting and transportation costs the receipts per pound were 13.65 cents. The balance sheet shows that the current quick assets as of Dec. 31, 1908, amounted to \$10,364,721 which is only a few hundred thousand less than

Friendship, positively refused to take any money from Mr. Ryan or Mr. Heinz's old enemy, the Amalgamated Copper company.

North Butte.

The reports from the North Butte mine are to the effect that the conditions on the new levels at the 2,000 and 2,200 are gradually improving and that the drifts are being put in good order. Gradually the facts about the new levels are coming out. It appears that two distinct faults were found in the Edith May vein on the new levels west of the crosscut. One fault threw the vein north and another threw it back again, and the ore in the fault was of a very low grade. The drifts have now passed through the fault and Manager Carson is authority for the statement that they are getting into good ore.

The North Butte will probably always be a big mine at least for many years to come. The ore bodies on the 1,900 and 1,800 levels are nothing short of marvelous, and the company has still 500 feet of unopened veins to the west on those levels and 200 feet to the east while the drifts are being put in good order as any that has been taken out. The same is true of the Jessie vein farther north on the same levels. The North Butte has a vast lot of ground yet to explore and the possibilities for opening good veins in the Berlin group of claims are good. The company is also engaged in developing new levels on the old Spearator vein south of the shaft, where some good ore was found while connections were being made from the Edith May to the workings of the High Osmine of the Anaconda company.

A crosscut has just been started north to the Jessie vein on the 2,200 level but that vein will not be reached for some months. The lower level is being extended in order to provide drainage for the ground above. The Butte & Superior Copper company, which is developing the Blackrock mine a little way north of the Berlin, has found some good copper and rich zinc ore in the 1,400-foot level, which ought to be an encouraging sign for the North Butte northern group of claims.

Butte & Superior.

The Butte & Superior shaft has been sunk through the Blackrock vein and in drifting west on the 1,400-foot level, the vein character changed and a wide streak of ore carrying a high percentage of copper and about 25 per cent of zinc was encountered. The drift is being extended to determine the size of the vein and extent of the copper-bearing ore. The shaft, which is 1,040 feet deep, will be sunk to the 1,600, and work on it will be resumed in a few days. The discovery of good copper ore in the Butte & Superior has been very encouraging to other companies in that section of the district. The Blackrock vein extends through the property of the North Butte Extension Development company. It is expected that when the new zinc crosscut at the Butte Reduction works gets into capacity operations and the Butte & Superior can dispose of about 150 tons of its zinc ore per day, it will be able to more than pay its running expenses and add rapidly to the treasury for the payment of the company's indebtedness.

International Smelting.

A story in circulation in Montana and elsewhere has been to the effect that the International Smelting & Refining company was about to give up in moving to build a new smelter in Utah, the story being that there was no intention to complete the smelter. John D. Ryan, before leaving for New York, took occasion to contradict the story. He said the smelter would be built as rapidly as possible and would have an initial capacity of 2,000 tons per day. It is to be so constructed that it can easily be enlarged or changed to meet future needs. He said it was the aim of the company to make it the most modern and efficient smelting plant in the country, and millions of dollars would be spent on it.

Amalgamated.

The Amalgamated Copper company has won an important decision in the federal court of Wyoming in a suit brought by the government to cancel patents to several thousand acres of coal lands, to which the Diamond Coal and Iron company has title. The government claims that entry was made by several men in collusion with the present owner and under what is known as additional "fieri" scrip. It was claimed that the Diamond Coal and Iron company was and was therefore not open to entry. The court holds differently and finds that there has been no fraud.

ANACONDA.

Anaconda's annual report for the year 1908, or to be exact for less than nine months of actual operation at the mines, was featured by a reduction in the cost of copper per pound from nearly 14 cents in 1907, to 11.23 cents for the period closed last December, says the Boston Financial News. The figures for the last two years make a good comparison of the increase in costs during a period of curtailment of production and a decrease in costs during one of expansion in production and it is very evident that although the 1908 average cost was somewhat higher than when the mine worked at full capacity, at the close of the year and at the present time there is little doubt that the figure is in the neighborhood of that of 1907, or under 11 cents. Deducting the cost of the copper in hand and the market value of the gold and silver together with the receipts from the sale of the precious metals from the total expenses we arrive at the cost of copper per pound for the last two years as follows:

1908. Total expenses \$14,658,519 \$15,995,591

Less value of metals 6,002,645 5,202,003

on hand 6,002,645 5,202,003

Net expenses \$8,655,874 \$10,793,588

Less gold and silver 1,371,908 1,526,718

Balance 7,283,966 \$ 8,266,870

Pounds copper 64,869,176 63,055,661

Cost per pound 11.23 13.91

If the receipts from subsidiary companies are deducted from the expenses, the cost per pound in 1908, was about 10.5 cents and in 1907, a little over 13 cents.

The surplus shown for the last equated ninety cents per share, which compares with \$2.81 in the previous year; there was paid in dividends \$5.25 in 1907 and \$2 in 1908. The two years the total surplus has been reduced \$4,328,809, 31 last at approximately \$5,000,000. For the year 1906, the surplus was increased over \$3,000,000. The company received 8.30 cents per pound for its copper and including the smelting and transportation costs the receipts per pound were 13.65 cents. The balance sheet shows that the current quick assets as of Dec. 31, 1908, amounted to \$10,364,721 which is only a few hundred thousand less than

SUCCESS. It is not the result of chance. It requires effort, determination and persistence. Each week, after receiving your salary, it's an excellent plan to deposit a portion of it in the Citizens National Bank. We cordially invite you to open an account. 3 per cent interest paid on savings accounts. Accounts of \$1 and up accepted.

ESTABLISHED 1880. PAINE, WEBBER & CO. BANKERS AND BROKERS, BOSTON, MASS. BRANCH OFFICES: Marquette, Houghton, Milwaukee, Duluth, Butte, Great Falls. Direct Private Wires to All Markets. Curb Stocks Given Special Attention. Marquette Office, W. H. Schweitzer, Resident Manager. We solicit your stock business. Our daily quotation sheet and market letter sent for the asking. Office open from 7:30 a. m. to 8 p. m.

On the corresponding date of 1907. The quick assets equal \$8.65 per share. In the remarks of President Ryan, it is worthy of note that the operations were confined to taking out the ore as it came although in the early part of the year it was thought that it would be necessary to select some of the best ore in order to keep the costs down; the yield per ton of ore was maintained at the previous year's level. It is evident, therefore, that the management desired the costs could have been reduced even lower than the figures actually shown. It would appear safe to say that during the current twelve months Anaconda will produce copper well under 11 cents per pound.

ISLE ROYALE.

A Lake Superior copper man, discussing Isle Royale, says: "Calumet & Hecla officials have come to the conclusion that the Isle Royale property can be made a paying investment with any fair sort of a metal situation and they are planning quite a few changes in the way of operation and innovations made possible by the new connections. It will, however, be some little time before these changes can be worked out successfully. In the Baltic lead exploration on this property there are as yet no satisfactory results, but this is not surprising. The shaft is bottomed at a depth of 400 feet and a station is being cut and a tunnel installed, as the water is now seriously interfering with shaft sinking. It is figured that when a depth of 200 feet is reached a horizontal exploration of the lode will be made. So far the character of the physical contents of the rock is very similar to that of the Superior shaft at the same depth. The rock has changed to a druse ore, which seems so barren of copper. Fine specks of the metal are seen, but to all appearance there is nothing of value in the rock. I believe that ultimately this shaft will become quite an important producer for the Isle Royale property and believe that the Baltic lode will undoubtedly prove to be the real savior of the company. Rock shipments from the newer shafts on the Isle Royale lode property have increased until now 1,200 tons daily are going to the smelters from this newer end of the mine and in No. 4 shaft the showing is particularly good, with the copper contents indicating a slight improvement that may be of some importance later on."

WOLVERINE & ARIZONA.

Not much has been heard of Wolverine & Arizona recently, but it is said that at the meeting everything is going along smoothly and good results are being obtained. The company has started shipping ore to the Copper Queen smelter of Douglas. There are about 500 tons of good ore on the dump taken out in the course of development and this is being freighted from the mines. This is the first shipment and it is probable that by the time the copper metal market has become normal the company will be a regular shipper. The Wolverine & Arizona is developing a body of oxides at the old diamond drill hole and it is estimated at present are reported to be 100 by 100 feet. The company also has a body of silver lead ore, which is being further explored. The tunnel has reached a distance of 3,025 feet at which point driving has been suspended temporarily.

### City Brevities

Today's weather: Fair, with not much change in temperature. Yesterday's temperature: Seven a. m., 49 degrees; noon, 53; 7 p. m., 56; maximum, 58; minimum, 47.

Mr. and Mrs. Ness, of Houghton, are spending a few days in the city.

Miss Catherine Monroe and Miss Anna Watt spent Sunday at Newberry.

H. A. St. John is attending a meeting of Cleveland-Ohio officers at Cleveland this week.

Captain Chas. M. York and C. M. Gooding inspected the Nester tug B. F. Bruce at Baraga, yesterday.

Mr. and Mrs. F. H. Withey will leave tomorrow for a two weeks' visit with Mrs. Withey's parents at Alma.

The Marquette baseball team will practice at the new fair grounds tonight. They will take the 6 o'clock car.

B. O. Pearl left yesterday afternoon for St. Ignace and Detroit on Friday. He will return the last of the week.

There will be a social dancing party at Legion Hall Wednesday night to which all are invited. The Peerless orchestra will furnish music.

O. Broadwell, of the Pioneer Iron company, who went to Cleveland about a week ago, returned yesterday with a bride, and the happy couple will shortly go to housekeeping on East Prospect street.

While Mrs. J. H. Gdwin was calling at Mrs. C. A. Wheeler's yesterday afternoon, twelve of her friends took possession of her home and prepared supper, which she found waiting upon her return, all of which happened because it was her birthday. The evening was spent playing bridge.

Mexican Lunch Served—Following the close of their study of Mexico, Professor Mills' geography classes served a Mexican lunch in the Normal yesterday afternoon. The menu included hot tomatoes, chili con carne, pineapple and cocoa. The commercial classes will pay their second visit to the Pioneer furnace at 7:30 Friday evening.

Matinee for Children—In response to a general demand, the Roney Boys will give a matinee performance at the Guild Hall this afternoon at 3:45 p. m., especially for children. The program will be entirely different from that to be rendered in the evening, and the admission will be twenty-five cents for children and fifty cents for adults.

Wellknown Singer at Bijou—J. J. Ryan and Aud Custer, well and favorably known in Marquette, have been their first appearance at the Bijou last evening. They sang several duets and solos, which pleased three well filled houses. They will be heard every afternoon and evening for an indefinite period at the Bijou.

Will Build New House—Martin Vierling is preparing to build a new home at the corner of Arch and Front streets and the house on the south side of the lot, facing on Front, is to be moved or taken down, in order to make room for the new edifice. In case it is decided to tear down the old house, Mr. Vierling will build two new residences on the structure, one for himself and the other for his daughter.

First Story Up—Work on the Hager block is progressing rapidly. The brick work for the first story was completed Saturday and it is planned to finish the bricklaying, three stories high, within two weeks. A large force of masons employed on the structure by Lipson & Sinclair, the contractors, and it now looks as if they would make good their promise to have the block ready for occupancy by July 15.

Memorial Day—Memorial Day exercises will be held at the opera house Monday forenoon at 10 o'clock. The observance of the day will be in charge of the Albert Jackson post, G. A. R., and an interesting program has been arranged. The memorial address will be delivered by Dr. Kerr B. Tupper, and a number of the local musicians will assist in the exercises. At 9 o'clock the post will march to the high school building, where they will be joined by the pupils of the public schools and all will march to the opera house. The box seats at the opera house will be reserved for the city officials. All old soldiers, both Union and Confederate, and those of the Spanish American war are invited to participate in the exercises and the public generally is asked to attend the services at the opera house.

Sentences Imposed—Judge Stone imposed several sentences yesterday, as follows: Oscar Orr, charged with having broken into the Stewart camp, near Birch, was sentenced to spend not less than six months nor more than five years in state's prison, with a recommendation of one year; Elias Maki, whose case was continued from the former term, is to spend sixty days in jail, and Holger Anderson, one of the boys who broke into the Negaunee postoffice, was sent to the industrial school at Lansing. The other boy mixed up in this trouble, Foster Roberts, has not been sentenced, as there is some doubt as to whether he is fifteen or sixteen years old. If he is sixteen or over, he cannot be sent to the industrial school, but must be sent to prison. The boy says that he will not be sixteen until next August, while his parents have said that he was sixteen last August. Captain Blanchard, went to Negaunee yesterday to ascertain, if possible, the boy's exact age.

INSURE WITH PETER WHITE & CO. SPECIAL SALE  
Of Ladies' and Misses' Suits and Cloaks at The Bee Hive.

We are making a special reduction of 15 per cent on all of our Ladies' and Misses' Suits and Coats. This sale includes all of this season's styles and makes. THE BEE HIVE.

### Upper Peninsula

Warrant Charges Embezzlement—Following the disappearance of James S. Tozer, treasurer of the Modern Brotherhood of America, who left the city and went to Sudbury, a warrant charging him with embezzlement was issued, says the Sault Ste. Marie News. It is alleged that about \$175 is missing and the lodge has been suspended for non-payment of the April dues. It is said Tozer was located at Sudbury and when notified of the action taken here he waived extradition. He is expected to return to the Soo at once. During the seven years Tozer has been a resident of the Soo and vicinity he has made many friends who are confident he will be able to explain everything when he returns. He has borne a good reputation and his sudden disappearance occasioned much surprise.

Death Due to Alcoholism—Coroner R. C. Winslow of the Soo went over to Eckerman late last week to inquire into the death of William Brennan at the camp of the Peninsular Bark and Lumber company. He decided that death was due to alcoholism and that no inquest was necessary. Brennan had worked recently in the Soo. A few days ago he boarded a train and went to Eckerman. It is said he had been drinking a little prior to this. At Eckerman he had breakfast and, it is said, nibbled a little more. He then left in a wagon with several other employees. Brennan drove half way to the camp. He finally toppled over into the wagon where he lay presumably asleep. Another man took up the reins and drove the team into camp. He unharnessed the horses and put them into the barn. Upon his return he was told that Brennan was dead. He couldn't believe it was true. Brennan had been picked up out of the wagon and carried into a house before it was discovered that he was dead.

Accused of Killing Her Child—Mrs. Mary Bloch, aged forty-five years, who resides in the country about six miles from Rudyard, is in the Chippewa county jail at the Soo. It is alleged that she killed her two-months-old daughter by striking her in the head with her fist. It is believed the woman is insane. The news of the tragedy was received at Rudyard and Dr. Ferguson was summoned. He examined the body and found evidences of a fatal blow on the right temple. The child had been thrown into a pool of water in the woods, but there was no evidence of strangulation. It is said Mrs. Bloch has been in ill-health since the child was born and at times has acted strangely. Sunday her brother-in-law, Michael Knaut, and family, with whom the Blochs live, went to church. Mr. Bloch accompanied them. When they returned Mrs. Bloch and the child were missing. The neighborhood was searched but without avail until the mother was seen near the barn. It is alleged that when questioned she told them she had killed her child and led the way to a pool of water in the woods where the body was found. The Bloch family came from Calumet last October. Bloch was formerly a miner. It is said they have never had any trouble that would lead to the mother's alleged act.

Washerwoman Buys a Home—Mrs. Louis Goldstone, who lives at 78 Almyra alley, Menominee, and who has been engaged as a washerwoman for the past fifteen years, has purchased a house on Kirby street, in that city, the dwelling being the one until recently occupied by Fred Houle, Democratic candidate for county clerk at the last election. The consideration was \$1,100, which Mrs. Goldstone paid in bills, gold and silver, the savings of many years received for her work in scrubbing business offices and doing laundry work for prominent families. When Mrs. Goldstone appeared at the court house to pay for her property and received a deed for the same, she took her small fortune from a pocket in her dress, a fact which rather startled the persons present in the treasurer's office, as it is something out of the ordinary for a washerwoman to be carrying \$1,100 about in her skirts. The Goldstone family were formerly cared for by the city, the father being a cripple and unable to do any work, but through hard work and muck sacrifice on the part of Mrs. Goldstone she has been able to purchase a home to which the family will soon move. Mrs. Goldstone says that she intends to continue working as in the past.

MILINERY ANNOUNCEMENT.  
I have moved my millinery stock to my house on Blaker street, where I am showing all the new spring and summer styles. New stock of hats received this week. I will be pleased to have all my customers call at my new place.

NOTICE OF C. P. A. EXAMINATION.  
An examination for Certified Public Accountant certificate will be held by the State Board of Accountancy at Detroit, Michigan, on the 25th and 26th of June, 1909, in the Detroit Business University. For application blanks and other information address N. A. Hawkins, C. P. A. Secretary, 318 Majestic Building, Detroit.  
(5-22-11)

BIDS WANTED.  
Sealed bids will be received by the Board of Public Works, of the City of Norway, Michigan, up to 2 o'clock p. m. Tuesday, June 8th, 1909, at the City Hall, in said city, for furnishing certain materials and constructing certain additions to the water works, necessary to use the Lake Fumee supply.

The work to be done includes the laying of about five (5) miles of 12-inch iron water pipe, about 5 per cent of which is to be from 16 to 20 feet out; also a water inlet, screening chamber, valves, valve boxes, air valves, water meter and other appurtenances to the pipe line.

It is also intended to construct a water tank, 35 feet in diameter by 41 feet high; all above ground. Bids will be received upon reinforced concrete for this purpose, and also upon a tank constructed of steel plates. Bids will be received on the whole or any part of said work.

The board reserves unto itself the right to accept or reject any particular bid.

Plans may be examined on or after the 24th day of May, at the City Hall in said City of Norway, Michigan, or at the office of John W. Alford & Chas. B. Burdick, 1212 Hartford Bldg., Chicago, Ill.

JOS. VAN KERCKHOVE,  
City Clerk.

WOOD AND BUILDING MATERIAL  
I ALSO HANDLE Artistic Monuments  
COST NO MORE THAN PLAIN ONES IN  
**WHITE BRONZE**  
Marble is entirely out of date. Granite soon gets moss-grown, discolored, requires constant expense and care and eventually crumbles back to Mother Earth. White Bronze is more expensive. WHITE BRONZE is strictly everlasting. It cannot crumble or weather. It is more artistic than any stone. Then why not invest in it? It has been adopted for over one hundred public monuments, and by thousands of delighted customers in all parts of the country. It has been on the market over 25 years and is an established success. Many granite dealers have bought White Bronze for their own burial plots. I have hundreds of beautiful designs of all grades of work, and want to have you see them if you are interested in a monument, headstone, marker or grave cover. On receipt of a postal card will be pleased to call with designs and samples of White Bronze.

**Geo. E. French,**  
Agent for the Monumental Bronze Co., of Bridgeport, Conn.

## NYAL'S HOT SPRINGS BLOOD REMEDY

PURIFIES THE BLOOD.

Do you feel worn out? Feel as though you could hardly go? These are symptoms of sluggish blood; blood that is not circulating right. Are you pale and anemic? This is caused by the blood not properly nourishing the cells of the body. Have you pimples or boils? They are the result of the blood failing to do its duty of carrying away waste material from the cells. If you have any of the above complaints do not suffer. COME TO US. We will recommend to you a bottle of Nyal's Hot Springs Blood Remedy.

We know what it will do. We have seen the results. If you suffer from eczema, tetter, scrofula or any other skin disease, take a course treatment (not less than six bottles) and we will be greatly surprised if you are not cured. It is not a specific, but it is the nearest specific we know of, for skin and blood diseases. A dollar buys a large bottle.

# The Uses of Money

The way a man uses money—makes it, saves it, spends it—is perhaps one of the best tests of character.

Money should not be regarded as the principal end of life, nor should it be regarded with contempt, for it represents to a great extent the means of mental and physical comfort. The finest qualities of human nature are related to the right uses of money—generosity, honesty, justice and self-sacrifice.

A little self-sacrifice, a savings account with this bank, a determination to use your money right (by saving it) will soon accumulate a nice balance to your credit.

## Marquette National Bank

MARQUETTE, MICH.

### MARKETS

#### NEW YORK STOCKS.

Paine, Webber & Co.'s correspondent at New York yesterday telegraphed as follows: "The undertone of the list during today's session was indicative of good support, and the excellent buying of the Steel and Hill issues caused replacement of lines in other quarters, which had been liquidated last week. Reports of further financing by large corporations are current, and the success of recent new flotations has fostered the belief that prevailing securities levels are likely to be maintained indefinitely, or at least until corporate needs are satisfied. Irregularity was noted in several specialties, and was attributed to the desire of pools to lighten their load, but as yet there does not seem to be any indication of an abandonment on the part of the large interests of their plans to force higher prices. Trade reports showed betterment, and the news is particularly gratifying on the copper metal issues, as it is claimed that large sales of the raw material have been recorded during the past week."

The closing prices were:

Chicago Grain Markets.

Chicago, May 24.—New high record market for the crop was made in all deliveries in the corn market today. The sentiment was extremely bullish the entire session. Several influential shorts were active bidders. The offerings were comparatively light. The market closed strong at net gains of 3/4c to 1 1/2c. The July opened at 69 1/2c to 70 1/2c; highest, 70 1/2c; lowest, 69 1/2c; closing, 70 1/2c.
--

Paine, Webber & Co.'s Wheat Summary. Paine, Webber & Co.'s Chicago correspondent said yesterday concerning the wheat market: "There was a big broad market in wheat for the entire session, with the top prices for the year established in all the months. Although the bull leader of last month supplied may wheat round lot to the shorts who tried to cover, the price kept moving higher all the time and touched 134 1/2. For a time it looked as if the July might not pass 118 1/2, but late in the session the buying force increased to such a degree that new high records were made for every thing in the list, from May to December. The most remarkable operations of the day were in the late months, where the advances were more than 3 cents over the figures of the morning. It has been

the favorite position of the bears to sell these late months and to hold on to the big spring wheat crop to depress the market for them. The recent great strength developing in the Minneapolis market, with the mills the best buyers in an effort to make sure of supplies up to the next spring wheat harvest, gave the shorts in the late months a bad scare, and the buying late last week on a strong advance and the still further advance in September and December today are the results. It will not be strange if sharp reactions occur, but wheat is at a premium everywhere and the certainty of even greater depletion in supplies before the harvest appears to justify the great strength shown by the trade today."

### INSURGENTS MAY GAIN.

#### They Look Ahead to the Next Election of Senators.

Washington, May 24.—Political information drifting into Washington from various sections of the country indicates that the senatorial elections that are to take place a year from next January may result in the progressive wing of the Republican party strengthening its position in the upper branch of congress. Of the thirty senators who will come up for reelection at that time twenty-four are Republicans. The list includes Nelson A. Rockefeller of Massachusetts, Charles E. Townsend of Missouri more likely to go to the Upper Branch, if the Wolverines change their minds. Townsend is an avowed candidate for the senatorship and a constructive legislator. Burrows long has been one of the arch stand-patters of the senate while Michigan's Charles E. Townsend is a member of the Finance Committee and votes even more stiffly than Aldrich, but he rarely is heard on the floor. His most recent effort was to elude Cummings for alleged discourtesy to Smoot—a performance no doubt which failed ludicrously if its purpose.

Washington, May 24.—When a leper is the question that is puzzling the health department is on the mind. The case of John R. Early, who has been isolated in a building provided by the government on the outskirts of Washington ever since last summer. Like all such cases, this one abounds in pathetic features. The man had been suffering from a strange skin disease for a long time and had been kept at arm's length by the authorities in the belief that he had leprosy. An examination was made which satisfied Dr. Woodard, the local health officer, that he had the disease. He was removed to the building in a special building on the eastern branch of the Potomac. It is a double house, of which he occupies one part while his wife and children are on the other side. He is not permitted to touch them, however, and never has implanted his hands in the faces of his children, born five months ago. This infant has shown no signs whatever of the disease, and this true testimony is quoted by Early in proof of the contention he always has made, that he is suffering from a skin disease well known in the Philippines, where he probably contracted it during his military service.

### IS LEPER EARLY A LEPER?

#### That a Question Which Again Disturbs Washington.

Washington, May 24.—When a leper is the question that is puzzling the health department is on the mind. The case of John R. Early, who has been isolated in a building provided by the government on the outskirts of Washington ever since last summer. Like all such cases, this one abounds in pathetic features. The man had been suffering from a strange skin disease for a long time and had been kept at arm's length by the authorities in the belief that he had leprosy. An examination was made which satisfied Dr. Woodard, the local health officer, that he had the disease. He was removed to the building in a special building on the eastern branch of the Potomac. It is a double house, of which he occupies one part while his wife and children are on the other side. He is not permitted to touch them, however, and never has implanted his hands in the faces of his children, born five months ago. This infant has shown no signs whatever of the disease, and this true testimony is quoted by Early in proof of the contention he always has made, that he is suffering from a skin disease well known in the Philippines, where he probably contracted it during his military service.

### HEEDS POPULAR CLAMOR.

#### British Cabinet to Make a Supreme Effort to Remove the German Spectre.

London, May 24.—Premier Asquith, Foreign Secretary Grey and popular opinion, it is again reported, have overcome the scruples of the ultra-economists in the ministry, and the cabinet has decided that the four contingent Dreadnoughts mentioned in the naval estimates shall be laid down before the end of the financial year. This has the British cabinet yielded to the frenzied clamor of a frightened nation. Never before in all her history has England been in the midst of such a naval scare as now; never has the German fleet loomed so large. Great Britain for years has worried about Germany, but seldom in a really serious way. It was not until March 17 that affairs grew critical. On that day Mr. McKenna confronted the country with the official announcement that her naval supremacy was in peril. Mr. McKenna, in submitting the navy estimates, painted a most dismal picture of the situation and asked the nation to provide four battleships absolutely and four more conditional on the activity of Germany. He told parliament that in 1912 Germany would have more Dreadnoughts than England, he estimated that the two-power standard was doomed, and that even the one-power standard, in so far as it applies to first-class ships, was in danger. It was indeed a rule awakening in parliament threw the whole nation into a fever of fear. An enormous slipping building programme seemed the only relief, but the situation was still further complicated by the announcement that the German dockyards could build battleships faster than those of England. The progress of pessimism and fright received a new impetus. The alarmists then urged that the nation should be ready to meet the emergency with a fleet of forty-eight hours of Mr. McKenna's memorable speech in parliament, Australia and Canada offered to build for England four first-class battleships. The admiralty, but Canada has not yet given some help by organizing a naval service of her own. Everything considered, it is remarkable that a nation, long so proudly self-reliant as England, could become so suddenly perturbed over the prospect of national defence. Throughout the whole affair, the admiralty has been given full sway and there have been few persons with enough self-assurance to look at the situation in a purely reasonable manner. Stories of a German airship floating over the eastern coast of England have created wild consternation. Parliament was forced to take official cognizance of a report that a fully equipped German arsenal existed in the very heart of London.

### BOYS MAKE MANY ATTRACTIVE ARTICLES TO IMPROVE STORES.

M. A. Kahn and N. E. Skud Will Make Several Important Changes.

The improvements being made at the Old Fellows block will permit M. A. Kahn and N. E. Skud, the occupants, to make a number of important alterations in the interiors of their stores. It is Mr. Skud's intention to greatly increase his lines as soon as he obtains possession of the basement, also of an addition to be erected in the vacant space at the rear. Improvements will be made in the front of both stores and the interiors are to be redecorated and otherwise improved.

Mr. Kahn will, before the close of this week, let a contract for suit cases, hat cases and new show cases. All will be solid oak. The partition separating the clothing from the shoe department is to be removed and the store will be in one room.

### LAST YEAR OF "WILDFIRE"

Lillian Russell Will Lay Aside Present Comedy Latter Part of June.

Lillian Russell is making the extensive spring and early summer tour of the Pacific coast cities and the northwest in order to present "Wildfire" in that territory before she says that play aside, to take up a more ambitious and newer production. By the time this tour ends in the latter part of June the famous American beauty will have presented her great racing romance from the far western coast of Maine to San Diego, Cal., and from Victoria and Vancouver, B. C., to Pensacola, Fla.

Miss Russell has established all sorts of records which cannot even be briefly outlined here. A few however can be hinted at. In two seasons that have been noted for a slump in theatricals, due to money stringency and the curtailment of business everywhere, she has broken many theater records, and her business this year is from 35 to 40 per cent ahead of last year's returns. In all that time "Wildfire" has never had an unfavorable criticism and the praise bestowed upon the star and her vehicle in New York is still the high water mark for unanimous acclaim in Gotham. Miss Russell has made the longest tour of any star in years without a single mishap or a jarring detail to mar the pleasure of the trip. She has her private car to soften the burdens of travel, particularly in the smaller cities, and has not missed a performance in all that time. There has been a change in the personnel of her organization since the tour began in New York after its run there at the Liberty theater. The cast and production for that production are intact and will remain so for the long trip through the West.

Miss Russell will lay "Wildfire" aside with reluctance, for it has been the most delightful experience of her wonderful career to make that play such a phenomenal go. Next year she is to spend the greater part of the season in New York with the new play. It is a new story of Wall street, the work of Edmund Day, the author of "The Round Up," with a delightful comedy vein that makes it doubly appealing. At the end of her New York run, Miss Russell goes to London with the new piece, where she is to play for the first time since 1894, when she went there as guest of the late Sir Henry Irving to play a special season of several months at his famous Lyceum theater.

### RIBBON DAY—500 yards plain and fancy floral and check ribbons, values 50 to 35c per yard, price for today, 25c. (5-25-14) JOS. SELLWOOD & CO.

### THOUGHT THEY WERE LOST.

Failure of Fishing Party to Arrive Home Created Excitement.

J. H. Gorman, manager of the Bijou theater, was a man very busy yesterday morning, as he feared that Mrs. Gorman, C. A. Crimian, Mr. and Mrs. Woodworth and Miss Elsie Routhier, who went to the district south of the city Sunday morning, had been lost. They party was expected home Sunday night, but they met some friends at one of the camps, who induced them to remain over. Mr. Woodworth had hired the rig from Sandy Johnson, one of the Negaunee liverymen, with the understanding that he would return in the evening, so that two searching parties, one in Negaunee and one here, were being organized when the party drove into the city yesterday about noon.

The members of the party had asked a teamster who returned Sunday to notify their relatives by telephone Sunday evening of their change of plan. He either forgot or neglected to do so.

Ladies' Ribbed Vests, low neck, no sleeves, trimmed with lace, worth 15c ordinarily, price today, each 10c. (5-25-14) JOS. SELLWOOD & CO.

### SOME GOOD CATCHES.

Several Ishpeming men who spent Sunday at the trout streams brought in big messes of fish. Those who fished in the Dead river district, north of the city, seemed to have better luck than those who went south. Nearly all of the men who fished in the north streams returned with their baskets filled and several trout weighing between two and three pounds were caught. George Voelker had an exceptionally fine catch and P. J. Denn and party also brought in several good ones. Mr. Denn used for the first time a new boat that he built last week. The boat is made to fit in a wagon and can be carried by two men.

Peter Hamberg, who fished in the north district, also had a good catch.

### BARBERS' EXAMINATIONS.

The state board of barbers' examinations, of which J. H. Hooper of this city is a member, will make its annual up-ber peninsula tour commencing a week from today at Escanaba. On the following day the board will be at Montmorency; Thursday at Iron Mountain and Friday in Ishpeming. The following Tuesday will be spent at Hancock and the tour will be completed the next day at Ironwood. It is expected that there will be a number of applicants at each place.

### \$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have no money, plan, or curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Wake Hall's Family Pills for constipation.

### DIED AT BEACON.

James F. Paul, a pioneer resident of Beacon, died at his home there Saturday afternoon at 4 o'clock. Death was not unexpected, as he had been in poor health for some time. The deceased was well and favorably known in the western end of the county, and he had many friends. He is survived by his widow, one son and one daughter. The son, Ed Paul, is the Chicago & Northwestern Railway company's agent at Beacon. The remains will be taken to Houghton tomorrow for interment.

### FROM MORGAN'S CURB LETTER.

"After a strong and active opening in coppers, continuing throughout the first half of the session, some reaction was noted. This, of course, is only natural, and to be expected, following Saturday's strong closing in what might be termed a semi-professional market. Stocks are undeniably in strong hands; the metal situation is in excellent position, and improving daily; industrial conditions show every evidence of increasing strength, and, above all, the tiller of the soil is prosperous beyond all record. We quote below the closing letter of Messrs. Hayden, Stone & Co. for the week just ended: 'By its resistance to forces which would ordinarily have resulted in at least a temporary reaction, the market has this week again demonstrated either that it has a very firm foundation, or is being handled with exceptional skill, or both; probably both. Indeed, it would not permit of such continued abiding unless it had a strong foundation. In a broad way, the one great force behind this market—the force which, so long as it exists, will make for rising prices—is the tremendous prosperity of the agricultural sections. The farmer is the only man in the country who is making big money. For a year and a half the manufacturer has either been losing money, or working on a very narrow margin of profit. The same holds true of the miner. The wage-earner has, in many cases, had his salary reduced. Of course, conditions in these lines are improved and improving, but what we would bring out is—that the farmer is not only relatively, but positively prosperous; and as the welfare of the agricultural interest is the basis of our whole financial structure, the prices of securities are warranted by underlying conditions, and are not unduly inflated. Copper continues to be taken in large quantities, particularly for export. It seems altogether likely that we are on the eve of a gradual but firm advance in the price of the metal. The price of one or two manufactured articles has already been raised. Large sales of the metal are taking place, and once a free buying movement is started, it is almost axiomatic that the price will advance. Taking the situation as a whole we see no reason to alter our position, that of conservative but deep-seated confidence.' The close was steady. We would buy these coppers now, while the prices are relatively low. This summer will undoubtedly witness an active market and a level of prices naturally higher."

## CEMETERY MATTER TO COME UP AGAIN

COUNCIL COMMITTEE WILL ENDEAVOR TO SECURE A SUITABLE SITE FOR NEW BURIAL GROUNDS AS SOON AS POSSIBLE

A member of the cemetery committee of the council yesterday said that the committee will endeavor to secure a site for the proposed new cemetery as soon as possible, in order that the grounds may be laid out this summer. Three sites were proposed last year, but two of them, according to the committeeman, were not acceptable. It is thought that the third, which includes the strip of land lying between the two bluffs north of the Maas mine, will be satisfactory, provided it is found that the ledge is not too close to surface or if water will not be encountered at a depth above six feet. In testing the ground in the site at most directly north of the present cemetery last fall, 163 holes were put down, most of them to a depth of six feet. In

over 100 of them either hard pan or boulders were found and in a few the ledge was struck. The member of the committee said that while the location was a most desirable one it was satisfied from the tests that the ground is not suitable. He expressed himself as very favorably impressed with the site between the bluffs north of the Maas mine, as the ground is perfectly level and from surface indications there will be no trouble on account of boulders or quicksand. He expressed the opinion that it is quite possible that water will be encountered near surface, as there are a number of springs nearby. The site on the north side of the last bluff, offered by George J. Maas, is considerably higher than the one between the two hills and water was encountered there at a number of places within a few feet from surface. It is feared that water will also be met with at the site suggested, though water was not struck in the Maas mine shaft to the north until it had been put down several feet below the six-foot mark.

The members of the committee will make further ground tests as soon as the weather becomes favorable. In the event the site between the two bluffs is found satisfactory and can be secured, the expense of fitting up the cemetery

would be less than at any other point, on account of the general lay of the ground.

### A GREAT RECORD.

Impurities depress the nerves, causing nervous exhaustion and other ailments. Commence today and you will soon be well. Pleasant to take. Sold by all druggists.

## Negaunee Department

### PROSPECTS BRIGHT FOR WORKING MEN

INDUSTRIAL CONDITIONS IN NEGAUNEE AND OTHER PLACES IN THE UPPER PENINSULA HAVE DISPLAY AT THE CLOSE SINCE THE BOOM OF 1907.

In common with other unmistakable signs of reviving business, labor conditions in Negaunee, as well as elsewhere in the upper peninsula, are much more favorable than they were a year ago. Although contracts for new buildings are not many in this district, it is reported that mechanics in practically all lines are employed, most of them earning the same wages as prevailed during the boom times of 1907. While several buildings are under course of erection here, the number of contracts awarded to date this spring are fewer than the builders expected, but considerable improvement work is under way.

In general there is much activity among the builders, and the year will average much better than last in that particular line. Few strikes of any consequence have occurred this season, and in view of the comparative lull the last two years it is not anticipated that there will be much labor trouble. It is expected that employment conditions generally are improving as the season advances and there will be very few idlers coming summer.

It is reported from many places that the supply of painters is inadequate and that many apprentices are being taken on. This is true of this region, the demand for outside painters being particularly heavy at this time. The weather the past month has delayed outside painting and at present all of the painters are being urged to begin on delayed jobs. The Negaunee painters report that there is still much interior work to be done before the workmen can be put on the outside jobs.

Carpenters are also well employed and it is expected that the mechanics in that line will be kept busy until late in the fall. Practically all of the carpenters in the employ of Negaunee contractors are working under union regulations and it

is many years since the general conditions have been as satisfactory to the workmen.

There has been no particular increase in the working forces at any of the mines on the range, and the total number added at all of the properties since navigation opened would probably not exceed 150. The Richmond mine, on the Cascade range, has resumed work, taking on nearly fifty men, and several have been added to the Empire force. The underground cross have not been materially increased at any of the properties either here or at Ishpeming, but it has been necessary to take on additional men to handle the surface work, which always increases with the movement of the ore.

### PICNIC SEASON AT HAND.

Many Negaunee people are eagerly awaiting warm weather, so that they can spend part of their leisure time in the woods. Several family parties went on Sunday, but the wind was too cold for comfort. Preparations are under way for two big picnics to be held on Midsummer day, and it is expected that others will be held later.

The members of the arrangement committee for the French society's twenty-fifth anniversary celebration, to be held on Midsummer day, will meet Thursday evening. The members of the committee visited all of the groves Sunday, but a decision could not be reached. Some of the members favor the park north of the cemetery, and others the Jackson grove. The grove near the golf grounds was also visited, but inasmuch as two other picnics are to be held there, the French will likely select one of the other places mentioned.

The Seaman's society of this city will have its big picnic in the eastern end of Cleveland park and an Ishpeming society is to have possession of the west pavilion.

### DUNLAVEY TO LEAVE.

Jim Dunlavey has finally decided to return to Marquette and will play with the ball team there the remainder of the season. It is likely, however, that he will wear a Negaunee uniform in the next two games, as the Negaunee team is without a second baseman. Mr. Dunlavey said yesterday that he is well pleased with the treatment he received in Negaunee and will be pleased to play the next two or more games of the league so decides. He is to take charge of the switching at the Pioneer farm, in instead of the position of night watchman in the Lake Superior & Ishpeming yards. The management regrets to lose Dunlavey as he is not only a good ball player, but he also uses good judgment in his work.

### FANS WERE PLEASED.

The Negaunee fans were pleased with the work of the team in the contest against Munising Sunday. The pitching of Sigenthal was an especially strong feature. It is doubtful if he pitched a better game at any time last season. He had perfect control of the ball and his curves were effective. The management was well satisfied with the playing as a whole. In fact it was better than was anticipated. There were some who did not attend Sunday's game, fearing that the team would not make a respectable showing against Munising, on account of the loss of Cole, but it is doubtful if Cole could have caught a better game than LaFave put up, as his work behind the bat and at the stick was one of the strong features of the contest.

### WILL MEET THURSDAY.

The directors of the Belmore Bay Gold Mining company will meet Thursday at Escanaba, and endeavor to work out a plan whereby a sufficient sum can be raised to square the company's obligations. They believe that if the money can be secured and operations are resumed at the mine, it will not be long before the stockholders will begin to receive returns. Operations were suspended after practically all of the equipment necessary had been installed, so that the management did not have a chance to show what could be done. Several of the principal shareholders have confidence in the proposition and believe that under favorable conditions the mine will give a good account of itself.

### SECOND CLEANER ARRIVES.

The new Blauker vacuum cleaner, ordered some days ago by the board of public works, arrived yesterday morning. The machine is larger than the first on received and cost about \$30 more. It is provided with five different cleaning devices and in the test given it yesterday, superintendent Willman it worked perfectly. The board does not rent the machines for less than a half day. The charges are nominal. The machine can be operated only where the houses are provided with electric lights.

### LOCAL LACONICS.

Frank Howard and wife of Houghton were Negaunee visitors yesterday.

T. H. Harris, who travels for the American Candy company, is home for a few days.

The members of the Negaunee league baseball team have been provided with blue coats, which match the uniforms.

The Marquette County Gas & Electric company is repairing the second-hand street cars received a few weeks ago.

A special meeting of the board of education was held last evening and the building committee met yesterday afternoon.

G. Johnson of Escanaba, whose wife died of typhoid fever a few weeks ago, visited with his brother Ernest here Sunday.

A. H. Floodstrand, the contractor who did the brick work at the Negaunee high school building, was here from Menominee yesterday.

The Upper Peninsula Brewing company is repairing the front of the block occupied by Johnson Bros. on the corner of Iron and Gold streets.

Axel Larson, manager of the Gwin Lumber company's business on the Sweeney range, spent Sunday with relatives in this city, returning yesterday.

One of the brothers of the late John Strohlietti, who committed suicide a week ago today, was finally located at Greerport, Ill., to which place the tele-

# MAYER'S MARTHA WASHINGTON

## Comfort Shoes

Ladies, you will never know what real and lasting foot comfort is until you put your feet into a pair of Mayer Martha Washington Comfort Shoes and learn the genuine comfort of this truly remarkable footwear.

If your feet sometimes ache or feel feverish and tired, you will appreciate what quick, lasting relief can come to you by wearing

Mayer's Martha Washington Comfort Shoes

With them you can be on your feet all day, can walk miles without your feet swelling and smarting. You will always have complete foot ease, rest and comfort.

In addition you will have style and fit. You will be trimly, attractively, suitably shod for street and home.

With the Mayer Martha Washington you will have no bother with buttons or laces—just slip them easily off and on at will. The elastic goring at the sides yields with every movement, preventing pressure and allowing unretarded freedom of muscular action, giving perfect comfort and relief. The genuine have the name "Martha Washington" stamped on the soles. Beware of imitations.

Made in three styles, high, low and medium—All Sizes.

**FREE** Send us the name of a dealer who *does not* sell Mayer Martha Washington Comfort Shoes and we will send you free postpaid, a beautiful portrait 15x20, of Martha Washington, suitable for framing.

Sold in every city, town and village by leading shoe merchants. If not obtainable, write to us.

F. MAYER BOOT & SHOE CO., Sole Manufacturers Milwaukee, Wis.

### OLGA GRUND WON CONTEST AT NORMAL

FOUR MASTERLY ORATIONS DELIVERED IN COMPETITION FOR THE KAUFMAN PRIZE.

### ERNEST ROBERTS SECOND

Efforts of Nearly Equal Excellence Characterized by Beautifully Phrased, Original Ideas, Effectively Delivered.

The annual Kaufman oratorical contest was auspiciously inaugurated at the Normal school last evening before a good sized crowd. The four contestants, one and all, did great credit to themselves and the societies and institution that they represented, and their efforts were of so nearly equal excellence that the judges made but eleven points difference in the scoring of the four. Olga Grund, who had "The American Pioneer" for her subject, was given the first prize of \$30, and the second prize of \$20 went to Ernest Roberts, who eulogized the life and work of Wendell Phillips. The contest has been made possible by the gift of Nathan M. Kaufman of \$50 per year to be distributed as prizes, the only requirement being that the contestants shall be from the Osiris or Ygdrasil literary societies. This year each society furnished two contestants and one from each won a prize. Miss Grund being a member of Osiris and Mr. Roberts of Ygdrasil.

The orations were all of unusual literary merit and were splendidly delivered. Many original ideas were advanced in beautifully phrased English, delivered in a concise, forceful and natural manner. The following was the complete program rendered:

- Musie.....
- Orchestrale.....
- Musie, The Shepherd Lady.....
- Glee Club.....
- Oration, The Cry of the Children.....
- Emma Sanders, Ygdrasil.....
- Oration, American Ideals.....
- Elna Nelson, Osiris.....
- Musie, Love, The Pedlar.....
- Agnes Bergh.....
- Oration, The American Pioneer.....
- Olga Grund, Osiris.....
- Oration, Wendell Phillips.....
- Ernest Roberts, Ygdrasil.....
- Decision of the judges.....

#### Summary of Orations.

Miss Sanders' theme was the child labor problem. She said that the invention of machinery, steam and electricity had brought with it the problem of child labor, which was now crying for solution. Statistics were given in support of the statement that hosts of children were now in the slavery of the profit hunter. The result is that their health is impaired, their souls crippled and their moral growth impaired and perverted. When manhood is reached, they are left without education, with no trade and become a class of discontented citizens and, in many cases, paupers. Modern civilization does not need the evil of child labor, but its abolition must come from the nation, not from the states. The problem is an important one, as the future of the nation depends upon the character of generations that are to come.

Miss Nelson had for her subject "American Ideals." She said that the history of the nation illustrated conclusively that right must in the end prevail. The world was prone to characterize American history as a story of practical and material progress, with the higher emotional and imaginative qualifications of greatness wanting. Although our industrial and material progress stands out more prominently, American possesses principles deeper than any other, she said. She spoke of the sacrifices that had been made to liberty and patriotism and of America's contributions to literature and art. The strength of Americanism is in her high ideals of Christianity, and, as it is man's inner spirit that fashions his realities, it must fashion the nation.

#### "The American Pioneer."

Miss Grund in opening her oration on "The American Pioneer" said that today was the fullest day of American history, and that we were apt to take too much credit to ourselves for our present achievements and to think too little of the heroes of the past that had made the present age of progress possible. She spoke of the courage and strength of character of the Puritans, but said that the true, typical pioneers were those who pushed across the Alleghenies, step by step to the Pacific, in the years following the war for independence. This movement westward was the determining factor in our national history, she declared. Here developed a hardy race hardened by a hard life, cutting trails, blazing trails and building homes until the western slopes of the Rockies were conquered. No words can do justice to the strong men and courageous women, who paved the way for us and have handed down their dauntless spirit to those of the present generation, she said in closing.

That it is the mission of some souls to catch and hold the light of truth for those less exalted, and that Wendell Phillips was one of such, was the opening thought advanced by Ernest Roberts. Everywhere eloquence is mightiest in the mightiest, but eloquence to be effective must be inspired from the soul of the orator. It was the love of humanity that set Wendell Phillips afire. Throughout his career, he championed an unpopular cause and spoke to hostile audiences, yet his courage never wavered, and his influence in the ultimate emancipation of the slave is underestimated. There can be no eloquence without the man behind it and when so armed, there is nothing that can accomplish so much. Wendell Phillips was a gifted man, with a wealth of cultured ancestry and personal magnetism, but his crowning glory was eloquence plus character.

DRY HARDWOOD. Two dollars per cord in two-cord lots. (3-13-14) F. B. SPEAR & SONS.

### NO WEDDING BELLS FOR HIS. Crafty Damsel Refuses to Marry When She Sees Bank Account.

About two weeks ago a traveling man came into Justice C. B. Blanchard's office and stated that he would like to be married that evening and that his prospective bride would arrive in the city on the next train. Before the appointed time came, the would-be groom telephoned, stating that his bride-to-be had not come, as expected, but would arrive in the morning.

#### COMING ATTRACTIONS.

Some Opera House Bookings Made for Summer and Fall.

Manager A. F. Koepeke, of the opera house, has already booked a number of attractions for the coming summer and fall, although most of the booking of the larger shows will be done by C. A. Marshall, of Duluth, who will go to New York for that purpose within a short time. Mr. Marshall will book attractions for the entire Northwestern circuit on this trip.

The show that Marquette theatergoers are now looking forward to is the coming appearance of Lillian Russell in "Wildfire" on the night of June 5. Miss Russell is without doubt the most noted actress that has or will visit this city for many months and she will probably be given an enthusiastic reception.

During the month of June two stock companies are booked for this city: the Harvey Stock company for the week of June 7, and the Yankee Doodle Stock company for the week of June 28. Both of these organizations are new to Marquette people. Attractions booked for later dates are as follows:

- Week of July 12—Franklin Stock company.
- Week of July 26—Dougherty Stock company.
- Aug. 23—"A Royal Slave."
- Sept. 2—"In Wyoming."
- Sept. 4—"Lena Rivers."
- Sept. 14—"The Blackhead," a new society comedy, with W. B. Patton in the leading role.
- Oct. 13—"The Girl from U. S. A."
- Nov. 12—Lyman Howe's Moving Pictures.
- Dec. 10—"Grandstark."
- Feb. 9—"Paid in Full."

#### MARINE NOTES.

The steamer Donaldson loaded ore at the L. S. & I. dock yesterday and cleared for Ashtabula. The W. G. Mather was the last night to load ore today.

The Charles Beatty was unloading a cargo of hard coal at the Spear dock yesterday, brought from Buffalo. From here she will go to Ashland to load pig iron.

The steamer Wallace was due at the South Shore docks last night to load Republic ore. The steel trust steamer Gilbert, which has been at the Pickand's coal dock for several days, will load with ore today.

#### Vessel Passages at the Soo.

Sault Ste. Marie, Mich., May 24.—The boats whose names are here appended have passed the canals the past twenty-four hours, bound for ports on Lake Superior: Maricopa, Roeding, 11 p. m.; Westmount, Rocketeer and whaleback, Holmes, midnight; Saronic 1 a. m.; Kopp, 4; Wakeonah, 4:30; Henry Rogers, 6; Livingstone, Morgan, 6:30; Dunham, 7; Canadian, 7:30; Corey, Dumelin, Mullen, 8; E. L. Wallace, 8:30; French, 9:30; Gettysburg, Bacon, 12:30 p. m.; Wasaga, Neilson, Krupp, 1; Arabian, 2; Presque Isle, 3:30; Townsend, 3; Plummer, Turret Court, 6; Black, Holley, Walker, 8.

#### "RONEY'S BOYS" TONIGHT.

The "Roney's Boys," who need no introduction to Marquette people, will give a concert at the Guild hall tonight. The troupe arrived yesterday morning and spent the day seeing the sights of the city.

Since the announcement that the famous "Roney's Boys" are to give a concert in this city tonight there has been unusual interest shown in the personnel of the lads who have astonished critical audiences in the largest cities with their artistic rendering of classical music. The boys seldom have more than a rudimentary knowledge of music when they are placed under Mr. Roney's instruction. They are chosen for their natural gifts of voice, ear, temperament and sympathetic susceptibility to emotions inspired by the words and music. Unremitting and exacting rehearsals do the rest. They are taught to understand the dramatic meaning of their songs, and gain intelligent conception of them by explanation and illustration.

Rehearsals for the next season's program begin upon the company's return in the spring from their long winter tour, and not infrequently eight or ten weeks of daily rehearsals, four to six hours a day, are given to work on the program, with vocal culture, breathing, phrasing, enunciation, physical exercises, etc. Boys require about five times as much training to accomplish the same results as do adult singers.

Sealed bids will be received at the Township Clerk's office in Birch, Powell township, Marquette county, Michigan, up to Saturday, May 29th, A. D. 1909, at 7:30 o'clock p. m., for the erection of a township building at Birch in said township. The dimensions of said township building are as follows, viz: One story high, thirty-six (36) by sixty (60) feet. The township will deliver all necessary material for building on the ground.

The township board reserves the right to reject any and all bids. The plans and specifications can be examined at the clerk's office.

### FAMOUS RIFLE SHOT COMING TO THE CITY

CAPT. A. F. LAUDENSACK WILL EXHIBIT FIREARMS AT HOTEL MARQUETTE WEDNESDAY AND THURSDAY.

Captain A. F. Laudensack, one of the most famous rifle experts in the country, will be at the Hotel Marquette Wednesday and Thursday with a fine collection of Winchester firearms, where he will be pleased to meet all sportsmen.

Captain Laudensack, who lives in New Haven, Conn., was for a long period a member of the Connecticut National Guard and for ten successive years held second high average for his regimental rifle team. His first appearance at a tournament of note was at Sea Girt in 1905, in attendance at the national matches and matches of the New Jersey State Rifle association, where in winning the Kuser Rapid Fire match with a score of 117, he distinguished himself and made a new world's record. In doing this he used a Winchester model 1895 rifle, which is the same kind of rifle that ex-President Roosevelt has taken to Africa to shoot big game with. As this is the most powerful repeating rifle made and has great rapidity of fire, as is shown by the world's record made with it as above, it will readily be recognized how deadly a weapon Mr. Roosevelt has. At the national matches at Sea Girt in 1906, Captain Laudensack again won the Kuser rapid fire match. In 1907, the national matches were held at Camp Perry, where Captain Laudensack made another new world's rapid fire record, scoring fifty-one shots in one minute at 300 yards with a Winchester model 1905 .32 caliber self-loading rifle. Again in 1908 at Camp Perry, he put up with another world's rapid fire record, targeting 91 shots in one minute at 200 yards with a Winchester 22 automatic rifle and Winchester cartridges.

Captain Laudensack seems to excel particularly at rapid-fire shooting, but is also able to do notable work at other forms of shooting as his performance at the tournaments of the Zettler Rifle club in New York city shows. On the difficult bullseye target he was second last year, making a target of six degrees, and on the ring target he tied for first place with three "possibles" of seventy-five. This year he also made "possibles."

On account of Captain Laudensack's expert knowledge of firearms, he was selected to inspect and sight all the arms carried by ex-President Roosevelt to Africa.

#### FALL SUITS AND OVERCOATS.

Do you expect to buy a winter suit or overcoat? Stein Bloch's samples will be here today. Miss 25th. Overcoats up to \$6.5; suits up to \$30.

#### TURKISH BATHS AND CHIROPODY.

Frank Keough, 123 W. Ridge St., Marquette.

#### OFFICIAL NOTICE.

I hereby give warning to people who have not already put their premises in suitable condition that they must do so without delay. Complaints that the ordinances covering this matter are being disregarded will be followed by prosecutions. People are also warned against dumping garbage at any points within the city limits. All garbage must be hauled to the dump grounds, under pain of the law.

DR. Z. VADNAIS, Health Officer.
