

MIGHTY MONARCHS TO HAVE CONFERENCE

Meeting Between Emperors William and Nicholas Is Arranged and Will Take Place in Waters of the Finnish Gulf This Month.

Developments of the Utmost Importance Are Looked For; and if the Kaiser Also Meets the Reported from Berlin That He Will Do, the European Situation May Be Expected to Enter on a Decidedly Peaceful Phase.

St. Petersburg, June 2.—A meeting between Emperor William and Emperor Nicholas has been arranged and will take place in the waters of the Finnish gulf. The exact date will be decided upon later, but it probably will be June 17. The German emperor will arrive on the imperial yacht, Hohenzollern, while Emperor Nicholas will be aboard the Standart, commanded by M. Isvolsky, foreign minister, and Admiral Vokoborsky, minister for the marine.

It was supposed in some quarters that the German mediation, which had ended the Balkan crisis, had left a heritage of bitterness which would estrange the two monarchs and lead Russia to identify herself more closely with Great Britain's continental policy.

After meeting the German emperor the Russian ruler will go to Stockholm, probably June 26. He will return to Petrohoff and early in July will receive King Frederick of Denmark there. His majesty afterwards will proceed to Pottava to be present, July 7 and 8, at the celebration of the 200th anniversary of the battle of Pottava.

German Ambassador Bernstorff. Pooch-Pooch the Talk of War. New York, June 2.—German Ambassador Bernstorff, who came to New York today to receive the honorary degree of doctor of laws at the Columbia University commencement, took occasion in the course of an interview this afternoon to pool-pool the talk of impending or probable war between England and Germany.

England has no need to worry about the likelihood of war with my country," he said. "The disposition of the English people is not hostile or belligerent, but healthy and temperate good natured rivalry."

Germany is very proud of the progress that Count Zeppelin and our other aeronauts have made. But the English yellow journals are, of course, wrong in their efforts to make war talk out of our efforts to conquer the air.

RECEIVED BY MR. TAFT. Seventh Day Adventists Pay Visit to the White House. Washington, June 2.—President Taft today received and addressed the North American division of the Seventh Day Adventists, who have been in session in this city.

FREE HIDES DEMANDED. Tariff Benefits Only the Packers, Say Harness and Saddle Dealers. Des Moines, Ia., June 2.—The wholesale harness and saddle dealers of Iowa, Illinois, Minnesota and Nebraska, in convention here, this afternoon passed resolutions denouncing the present tariff on hides and demanding free hides.

BATTLESHIP'S VISIT ENDED. Pareagoula, Miss., June 2.—The visit of the battleship Mississippi for the purpose of receiving the state's silver service gift ended today, and the vessel sailed for Philadelphia.

GETS JUDGESHIP AT MANILA. Washington, June 2.—Charles B. Elliott of Minnesota was confirmed by the senate today, to be associate justice of the supreme court of the Philippines.

PROPOSES A TOAST TO THE MIKADO

President Taft Testifies to the Very Warm Personal Friendship He Feels for the Emperor and People of Japan.

Such Feeling, He Says, Conforms in Every Way to His Official Duty and Attitude—Ambassador Takahira Reciprocates the Sentiments of America's Executive, and Speaker Cannon Gives the "Benediction"—A Banquet to Admiral Uriu the Occasion.

Washington, June 2.—Surrounded by the highest officials of the government, by prominent officers of the navy and with more than thirty of the ninety-two of his classmates of the class of '81, United States Naval academy, who graduated at the same time, facing him, Vice Admiral Uriu of Japan was the guest of honor at a dinner here tonight. President Taft responded to the toast, "The President."

SENATE DECIDES TO HURRY THINGS A LITTLE Beginning With Today, It Will Hold Both Day and Night Sessions for the Further Consideration of the Tariff Bill.

Washington, June 2.—With the adoption of a resolution providing for day and night sessions, aggregating ten hours daily, beginning tomorrow, the senate today heard the suggestion of a policy for limiting dilatory motions which caused the adjournment of the senate.

Long Speech Started by LaFollette. A long speech dealing with the pledge of the party leaders with respect to revision of the tariff was begun by Senator LaFollette of Wisconsin today, and will be continued tomorrow.

Senator Nelson of Minnesota also discussed the dividends and surplus earnings of New England cotton and woolen manufacturing companies to sustain his contention that the corporations make large profits, and Mr. Frye, in reply, declared that, taking into consideration both the successful and unsuccessful cotton and woolen mills, a profit of not more than 6 per cent had been realized by the New England manufacturers upon their investments in those industries.

ASSAULTS POSTAL BANK SCHEME. President of the Association Says It Would Hurt Retail Grocers. Portland, Ore., June 2.—The National Retail Grocers' association met here today in annual convention, with nearly 250 delegates, representing thirty-one states, present.

BLACK HILLS LOSS HEAVY. Deadwood, S. D., June 2.—For the first time since Sunday, Deadwood has telegraphic communication with the outside world. A conservative estimate of the flood loss in the Black Hills is half a million dollars.

GOVERNMENT SCORES IN CANAL LABEL CASE

To Permit of the Introduction of Evidence the Graft Story Was a Blackmailing Device, Hearing Is Postponed Until October.

Indianapolis, June 2.—After a sharp controversy, in which the court took a prominent part, over the merits of the so-called "Panama scandal," the government won a point today in its prosecution of Charles R. Williams and Delavan Smith, owners of the Indianapolis News, indicted by the grand jury of the District of Columbia on the charge of criminal libel in publishing intimations that there was enormous "graft" in the purchase of the Panama canal by the United States. This was the second day of the hearing before Judge Anderson in the United States court of this district on the government's application for an order removing the defendants to the District of Columbia for trial.

At the request of the United States attorneys, Judge Anderson continued the case until Oct. 11, next, to permit the prosecution to introduce as witnesses Frank M. Hitchcock, former chairman of the Republican national committee; Norman E. Mack, chairman of the Democratic national committee; George E. Cortelyou, certain members of the office staff of J. Pierpont Morgan & Co. and certain officials of various departments of the government in Washington.

THE WEATHER. Washington, June 2.—The following is the weather bureau's forecast for Michigan: Partly cloudy, Thursday and Friday; light to moderate south to southeasterly winds.

BASEBALL. STANDINGS OF THE TEAMS.

Table with columns for National League, American League, and American Association, listing teams and their records (W, L, P.C.).

SCHEDULE FOR TODAY.

Table listing baseball games for today, including Brooklyn at Cincinnati, Boston at Pittsburgh, Philadelphia at Chicago, etc.

YESTERDAY'S GAMES.

Table listing results of yesterday's baseball games, including Brooklyn New York and Cincinnati Chicago games.

JULY WHEAT SOARS TO NEW HIGH LEVEL

Bells on the Chicago Board at \$1.20 3/4—U. S. Steel, too, Continues Its Upward Flight, Going to 67 1/4 in the Final Hour.

Chicago, June 2.—A new high mark for the July wheat was established on the board of trade today, when the price reached 120 3/4. Extreme bullishness prevailed the early part of the day.

Some Stocks Up, Others Down. New York, June 2.—A check came to the advancing tendency of the prices of stocks today, although the market was still mixed. Here and there the prices continued to rise, but in other quarters there was a sharp setback.

BOND ISSUE AUTHORIZED. Santa Fe Road to Spend \$25,000,000 on Extensions and Improvements. New York, June 2.—An issue of approximately \$25,000,000 of 4 per cent gold bonds was authorized today by the directors of the Atchison, Topeka & Santa Fe railway for use in making important extensions and betterments.

THE WEATHER.

Washington, June 2.—The following is the weather bureau's forecast for Michigan: Partly cloudy, Thursday and Friday; light to moderate south to southeasterly winds.

BASEBALL.

STANDINGS OF THE TEAMS.

Table with columns for National League, American League, and American Association, listing teams and their records (W, L, P.C.).

SCHEDULE FOR TODAY.

Table listing baseball games for today, including Brooklyn at Cincinnati, Boston at Pittsburgh, Philadelphia at Chicago, etc.

YESTERDAY'S GAMES.

Table listing results of yesterday's baseball games, including Brooklyn New York and Cincinnati Chicago games.

WINS BILLIARD TITLE.

George Sutton Defeats Slosson in a Tedious Game at New York. New York, June 2.—George Sutton won the world's championship title at 181 ball billiard from George Slosson here tonight. It was a tedious game, going to thirty-nine innings, and at every stage from the third inning Slosson was out-played.

NEITHER MAN GETS A FALL.

Sutter and Billeter Wrestle for Three Hours and Fifteen Minutes. Cleveland, June 2.—After wrestling for three hours and fifteen minutes, during which time neither man obtained a fall, Otto Suter of Cleveland, champion welterweight wrestler of the world, was given the decision over John E. Billeter of Toledo here tonight.

KETCHEL KNOCKS HIM OUT.

Tony Caponi Makes a Poor Showing in Bout at Schenectady. Schenectady, N. Y., June 2.—Tony Caponi of Chicago was knocked out by Stanley Ketchel by a blow to the jaw in the fourth round of a scheduled ten-round bout here tonight.

WORLD'S PREMIER BOWLERS.

Brunsvicks of New York Defeat Chicagans in Championship Match. New York, June 2.—The series of nine games for the bowling championship of the world between the Brunsvick Bowlers of New York, the title holders, and Thompson's Colts of Chicago, the former title holders, was completed tonight and left the Brunsvicks the undisputed leaders. The scores were: Brunsvicks, 8,295; Colts, 7,888.

STRIKING LUMBERMEN TERRORIZE THE TOWN

Citizens and Property Menaced, Four Companies of the State Militia Are Sent to McCloud, California, by Special Train.

Sacramento, June 2.—In response to a telegram from McCloud, announcing that six hundred lumber workers on strike there had broken into the light and power plant and forced the firemen and engineers to quit work, Governor Gillette ordered four companies of militia to proceed to the scene at once. The troops left Sacramento by special train at 6:30 o'clock tonight to make the 330-mile journey to the heart of the Shasta lumber region.

Colonel Bradbury's telegram said that the town was without light or fire protection and property worth \$2,000,000 and the citizens and their homes were at the mercy of the strikers, who were apparently beyond the control of their leaders.

Strikers Have a Ton of Dynamite. Sisson, Cal., June 2.—The power house and lighting plant at McCloud was employed by the striking lumber mill employees today, and the town is in darkness tonight. Between three hundred and five hundred armed strikers marched on the plant, drove off the twenty-five deputy sheriffs on guard and took possession, compelling the men at work to quit.

The strikers tonight are still in possession of a ton of dynamite stored at the powder house of the McCloud River Lumber company, which was captured two nights ago, but no attempt has been made to use it. Sheriff Howard admitted that he needed help to handle the situation. Replying to the sharp criticism of Governor Gillette, who declared that the ring-leaders should have been arrested, the sheriff said that to have done so would have precipitated a riot that would have resulted in loss of human life.

SUSPECTS IDENTIFIED BY MANY WITNESSES

Charged With Holding Up the Overland Limited, Three Prisoners at Omaha Are Held to the Grand Jury Under Heavy Bond.

Omaha, June 2.—G. W. Woods, Fred Torgensen and James Gordon were today bound over to the grand jury under \$25,000 bond each to answer to the charge of holding up and robbing the Overland Limited mail car on the Union Pacific the night of May 22. Twenty-two witnesses were called to identify the prisoners and all were more or less sure that the men were identical with those who committed the robbery.

Six small boys, ranging from eight to eleven years, were interesting witnesses, and each told of seeing one or more of the men in the vicinity of Brown Park before and after the robbery occurred. They found the revolver and other paraphernalia which led to the arrest of the three men charged with the robbery.

Members of the train crew and a number of the postal clerks were among the witnesses, and all were able to identify two or more of the men under arrest. Chief Clerk Whitmore of the prison said a graphic description of the robbery and of being provided in the ribs with a revolver by one of the robbers because he did not move fast enough.

The defense did not introduce any witnesses, the attorney representing the prisoners satisfying himself with a rigid cross-examination of the government's witnesses.

CONFERENCE IS FUTILE.

Shopmen's Strike on the B. & O. Is Believed to Be Inevitable. Baltimore, June 2.—No agreement was reached at the conference today between Vice President Potter, of the Burlington & Ohio railroad, and the delegation of international officers representing the machinists, blacksmiths and boiler makers. It is believed a general strike is inevitable. The chief issue in controversy is the extension of the piece work system in the shops of the company.

STOCKHOLDERS MAKE IT GOOD.

Heavy Shortage Found in the Funds of the Lewiston (Idaho) Bank. Lewiston, Idaho, June 2.—National Bank Examiner Gatch is authority for the statement that a shortage has been discovered in the funds of the Lewiston National bank. Beyond the fact that the stockholders made the alleged shortage good, Mr. Gatch declines to discuss the situation. It is said that the alleged defalcation amounts to \$137,000.

TOWNSMEN GIVE THEM OVATION.

Chattanooga, Tenn., June 2.—Captain J. P. Shipp and his defendants, with the exception of Luther Williams, returned from Washington tonight. They were greeted by a large crowd of citizens and a warm welcome was extended. Shipp and the other defendants appear more optimistic concerning the final disposition of the case than they have for weeks. The men have been held in contempt by the supreme court of the United States, the case arising from the lynching of a negro here some years ago.

ACCUSED WOMAN CLEARED.

Norwalk, O., June 2.—Mrs. Martha J. Campbell, a society woman and leader of the W. C. T. U. at Steubens, this county, convicted last year of aiding and abetting in the burning of Miss Lea Mather's house and sentenced to nine months in the penitentiary, was cleared today by the circuit court reversing the decision, on the ground the evidence was insufficient. Miss Mather is still under indictment for arson.

MANY NEW DAUGHTERS.

Washington, June 2.—At a meeting today of the national board on organization of the Daughters of the American Revolution, announcement was made that 1,651 new members have been admitted since the recent election of Mrs. Matthew T. Scott as president general of the order.

SERIOUS RIOTING IN QUAKER CITY

Much Turbulence Follows Attempt of Philadelphia Traction Company to Operate Its Surface Lines With Strike-Breakers.

Every Effort to Move a Car Means a Clash With an Angry Mob of Men, Women and Children, and After One Policeman Is Shot, Nearly One Hundred Heads Are Broken and Seven Cars Are Wrecked, the Attempt to Operate Is Given Up.

Philadelphia, June 2.—An attempt of the Philadelphia Rapid Transit company to operate its cars tonight with strike-breakers resulted in serious rioting. Mobs of men, women and children pulled motormen and conductors from the cars and beat them severely. In some instances cars were set on fire and in other cases they were thrown across the tracks.

The police were powerless to control the rioters. When they charged a mob, it separated, only to form again in the vicinity of another car. When the riot started after nightfall, every car that could be gotten into the bars of the company was taken off the street. One policeman shot and probably fatally injured, nearly one hundred persons bruised and battered either by police or strike sympathizers, and five cars wrecked and then burned, is the result of the rioting.

The principal outbreak followed the attempt of a policeman to capture a boy who had cried "scab" as a car named by strike-breakers passed. As the officer started for the youth, the crowd closed in upon him so quickly that he was unable to draw his revolver. This weapon was taken from him and is believed to have been the same revolver with which Policeman Levy was shot a few minutes later.

HOSTILITY BURSTS INTO FLAME OF FURY.

The fire which had been smoldering now burst into a flame of fury. The objective point was Allegheny avenue, and in less than an hour seven cars were wrecked, five being completely destroyed. The police were powerless at the moment to combat with the mob, but a riot call brought reinforcements and the crowd was driven back.

Rioting in West Philadelphia was also caused by an attempt to take out cars. Some strike sympathizers pulled the trolleys from the wire and cut the ropes. Several arrests were made, but in many instances the policemen were unable to get their prisoners to the station houses, on account of the boisterous, fighting crowds. To attempt to move a car meant a riot, and it was decided early in the evening to close all barns for the night.

CONFERENCE IS FUTILE.

Shopmen's Strike on the B. & O. Is Believed to Be Inevitable. Baltimore, June 2.—No agreement was reached at the conference today between Vice President Potter, of the Burlington & Ohio railroad, and the delegation of international officers representing the machinists, blacksmiths and boiler makers. It is believed a general strike is inevitable. The chief issue in controversy is the extension of the piece work system in the shops of the company.

STOCKHOLDERS MAKE IT GOOD.

Heavy Shortage Found in the Funds of the Lewiston (Idaho) Bank. Lewiston, Idaho, June 2.—National Bank Examiner Gatch is authority for the statement that a shortage has been discovered in the funds of the Lewiston National bank. Beyond the fact that the stockholders made the alleged shortage good, Mr. Gatch declines to discuss the situation. It is said that the alleged defalcation amounts to \$137,000.

TOWNSMEN GIVE THEM OVATION.

Chattanooga, Tenn., June 2.—Captain J. P. Shipp and his defendants, with the exception of Luther Williams, returned from Washington tonight. They were greeted by a large crowd of citizens and a warm welcome was extended. Shipp and the other defendants appear more optimistic concerning the final disposition of the case than they have for weeks. The men have been held in contempt by the supreme court of the United States, the case arising from the lynching of a negro here some years ago.

ACCUSED WOMAN CLEARED.

Norwalk, O., June 2.—Mrs. Martha J. Campbell, a society woman and leader of the W. C. T. U. at Steubens, this county, convicted last year of aiding and abetting in the burning of Miss Lea Mather's house and sentenced to nine months in the penitentiary, was cleared today by the circuit court reversing the decision, on the ground the evidence was insufficient. Miss Mather is still under indictment for arson.

MANY NEW DAUGHTERS.

Washington, June 2.—At a meeting today of the national board on organization of the Daughters of the American Revolution, announcement was made that 1,651 new members have been admitted since the recent election of Mrs. Matthew T. Scott as president general of the order.

THINKS THE DOCTOR HAD ACCOMPLICES

Others Besides the Prisoner Implicated in the Mysterious Death of Mrs. Haldane Cleminson, Says Police Captain Kane.

According to What the Accused Husband Has Told Him, Declares the Official, "the Crime Which Has Brought the Woman to Her Grave Is One of the Worst in the History of Chicago"—Hearing Is Set for June 9 and Bail Is Refused.

Chicago, June 2.—Late today Dr. Haldane Cleminson, under arrest in connection with the mysterious death of his wife, was taken before Municipal Judge Bruggeneyer for a preliminary hearing. The case was continued until June 9. The attorney for the defense wished an immediate trial, but on the request of the prosecuting attorneys for more time in which to obtain evidence, a continuance was granted. Bail for Cleminson was refused.

Before the hearing Police Captain Kane said he had had a prolonged interview with the physician. "Cleminson told me that he and his wife were of different temperaments," said the police official. "He said he had associated with other women and that a long time ago he and his wife had agreed to go in opposite directions, but for their children's sake they were to keep up appearances before strangers." He said that on the night of his wife's death he had given her strychnine to relieve her from suffering. Previously he had told me that he never gave her medicine. He said that she had summoned a special doctor whenever she was ill. He also told of a poisonous mixture he had made up for a friend, which contained chloroform. This he declared his wife knew of. The mixture he said contained twenty grains of chloroform."

Captain Kane declared that Dr. Cleminson had made other sensational disclosures to him. "It what the doctor told me proves true, several others besides the prisoner are implicated in the death of Mrs. Cleminson," said Captain Kane. "According to Cleminson's story the crime which has brought the woman to her grave is one of the worst in the history of Chicago."

FOUND THAT MORPHINE CAUSED DEATH.

Chicago, June 2.—Morphine caused the death of Mrs. Cleminson, according to the preliminary report made tonight by Dr. Lewontin, who with Professor Walter Haines made a chemical analysis of the stomach and intestines of the dead woman. The formal report on the subject will not be made for a week or more, but Dr. Lewontin admitted to Coroner Hoffman in conference tonight that morphine had caused the death. The fact that it was not chloroform that caused the death of Mrs. Cleminson forms another link in the chain being forged about Dr. Cleminson by the police. The husband of the dead woman has said that his wife was killed by chloroform, and that he also suffered ill effects from the administration of chloroform by robbers.

STRYCHNINE IN THE STOMACH.

Los Angeles, Cal., June 2.—Strychnine was found in the stomach of Mrs. Virginia Thompson Bennett today by the experts who have made a chemical examination of the organ since the body was exhumed three weeks ago. Harper E. Bennett, a real estate man, husband of the dead woman, is being held for preliminary examination. Bennett had brought suit for \$50,000 damages against a local grocery firm, alleging that his wife had been killed by ptomaine poisoning due to eating certain canned goods.

HER HUSBAND'S DEATH SUSPICIOUS.

Rich Hill, Mo., June 2.—Following the death of her husband from supposed strychnine poisoning, Mrs. Frank Burgess was placed in jail here today, to await the result of the coroner's investigation.

A TRAGEDY AT ST. LOUIS.

St. Louis, June 2.—John Buffin shot and slightly wounded Mrs. Hattie Bailley here tonight, and then committed suicide. Unrequited love was the cause.

NEW COUNTERFEIT FOUND.

It Is a Five-Dollar Bill of the Indian Head Series of 1899. Washington, June 2.—A new counterfeit five-dollar silver certificate has come to the attention of the secret service bureau. It is of the series of 1899, carries the Indian head and is a photo-mechanical production printed on bond paper of good quality. The poor character of the workmanship on the Indian head should be the means of detecting the counterfeit.

MAKER OF BOGUS COIN GOES TO PRISON.

Toledo, June 2.—Archibald Chapman today pleaded guilty in the federal court to counterfeiting quarters and half-dollars and was sentenced to two years in the reformatory at Elmira, N. Y.

MANY NEW DAUGHTERS.

Washington, June 2.—At a meeting today of the national board on organization of the Daughters of the American Revolution, announcement was made that 1,651 new members have been admitted since the recent election of Mrs. Matthew T. Scott as president general of the order.

DAILY MINING JOURNAL
A MORNING PAPER PUBLISHED BY THE
MINING JOURNAL CO. (LIMITED.)

Issued daily except on Sundays. Contains
Associated Press dispatches and is especially
devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES:
Per month, by carrier..... \$1.00
Per year, by mail..... \$10.00

MARQUETTE, MICH., JUNE 3.

Entered as second class matter of the second class
in the postoffice at Marquette, Mich.

Already the Seattle exposition has
one title to distinction; it was complete
on the opening day.

An erroneous statement that more
Democratic than Republican senators
voted for the twenty-five cent per ton
duty on iron ore was made in these
columns the other day. The vote for the
proposed tariff was sixty-one, forty-
three Republicans and eighteen Demo-
crats.

The Detroit Free Press suggests that
the Detroit Chamber of Commerce should
plan to visit the upper peninsula ports
in 1910, with side trips by rail to the
interior towns. This is a suggestion
that may well be heeded. The visitors
would receive a royal welcome, and we
have no doubt that the results of their
trip would be beneficial alike to the en-
tertained and their entertainers.

The man who "knocks" when a little
"boasting" is needed is invariably the
identical man who "boasts" like a lunatic
when he isn't needed he is on deck with
both feet and a megaphone voice; when
his support and encouragement might
count for something he is skulking some-
where in the tall timbers. He is found
in every community, and comes most
prominently to the front in connection
with the great national game.

Upon recommendation of the senate
investigating committee four sweeping
bills providing for ballot and voting
reforms have been introduced in the Wis-
consin senate. They apply the lessons
learned from the inquiry into the man-
ner in which the candidates for U. S.
senator conducted their campaigns in
Wisconsin last fall. This inquiry left
no doubt that there is need for sweeping
reforms in the Badger state. There is
much of merit in the proposed bills, and
it would be a good thing for the state
if the greater part of their contents
could be enacted into law.

Mayor Greenhool's slate of appointees
was submitted to the Escanaba council
again this week, and once more failed
of confirmation, the "antis" casting
seven votes against it. This action was
followed by the mayor charging Alder-
man Folio, one of the "antis," with bad
faith, he asserting that Folio had agreed
to vote for the slate. Folio rejoined
with a general denial of the mayor's
statement, and the atmosphere was elec-
tric until someone finally remembered
that a motion to adjourn was in order.
It is apparent that Mayor Greenhool
will have to make more concessions to
the "antis" before he can get them in
line for the men he wants.

The New York Life Insurance com-
pany dropped 1,200 agents the first of
the month. This action was a direct re-
sult of the decision of Justice O'Gorman
of the supreme court of the state of
New York in affirming the constitution-
ality of the law limiting the amount of
new business the company can write to
\$150,000 annually. It is necessary
to weed out 1,000 agents in order
that the remainder may have enough to
do to keep busy. The feature of the
present insurance law limiting business
is a great thorn in the side of the New
York companies, but so far it seems to
have the support of public opinion. It
was a direct result of the extravagance
of the campaigns for new business un-
der the old regimes, and the present
managements are paying a penalty for
the excesses of the former ones. The
theory of the law is that it is possible
to make old policy holders pay too dear
a price for the conquest of new business,
and the agency accounts formerly run
up show that there is a firm foundation
for the theory.

The Visiting Nurse association is ask-
ing the council for \$400 for the equip-
ment of a public playground in the
Washington street park, and the council
is expected to dispose of the request at
the session Monday evening. Such ob-
jection as has arisen to the plan is not
based so much on the first cost of equip-
ping the playground as on the apprehen-
sion of the aldermen that it would
be a source of constant expense
for caretakers, to see that order was
kept and that the apparatus was not
misused. The ladies interested in the
movement say that the maintenance of
the playground need not cost an extra
dollar. A caretaker, they assert, would

not be necessary; all that would be
needed would be to have the policeman
on the beat visit the playground occa-
sionally during the day, and dismiss the
children at dusk in the evening. The
point of liability for accidents that
might occur in the playground has been
looked up, and it is stated that the city
would not be liable except for accidents
resulting from faulty equipment. The
officers of the Visiting Nurse associa-
tion are greatly interested in the plan
and hope to see it carried out. They
are confident that it would be a source
of much enjoyment and benefit for
hundreds of the boys and girls of the city.

The Lake Carriers' association has ap-
parently nailed its "open shop" flag to
the mast, and will only surrender, if at
all, when the Seamen's union wins a
complete victory. The Lake Carriers'
latest refusal to go into a conference
with the strike leaders, with the aim
of bringing about a settlement of the
trouble on the lakes, is a final one, as
no more impressive demand could be
made for arbitration than the one formu-
lated and put forward by the National
Civil Federation. There is, therefore,
every reason to expect that the "open
shop" issue will be fought out to a con-
clusion. The Lake Carriers' association
has, perchance, been emboldened to take
a firm stand by the fact that so far,
despite the strike, no particular trouble
has been experienced in keeping the
ships on the lakes moving. All the traf-
fic has been cared for without difficulty,
the ships are fully manned and the
cargoes are being handled expeditiously
at both the forwarding and receiving
ports. Unless the Seamen's union suc-
ceeds in bringing about widespread sym-
pathetic strikes that will tie up naviga-
tion it would appear that their strike
will peter out, and that the Lake Car-
riers' will have an early victory. It
would be too much, however, to confi-
dently predict such an outcome, as the
Seamen's union, now that it is seen that
there is no chance of an agreement, will
doubtless take more aggressive measures
than any yet resorted to in an endeavor
to make the strike effective. It is prob-
able that the contest will now speedily
enter on the acute, if not critical, stage.

An echo of the conviction at Chicago
of "Skinney" Madden and his associate
labor union grafters is the indictment
for perjury of Francis E. Thoman, busi-
ness agent for the Structural Iron Work-
ers' union, and it is said that other mil-
lions of indictments will follow. Perjured
testimony has always played a big part
in getting men of the Madden type free
of the law. It was the most important
element in the final freeing of Cornelius
Shea, the thug who led the Teamsters'
strike in Chicago, now jailed in New
York charged with murdering his com-
mon law wife. Men like Madden and
Shea have a train of followers who will
swear to anything, and who are still
cute enough to cover their tracks so
that they cannot be called to account
for their false testimony. In the Mad-
den trial, however, it appears that some
of these false witnesses left the way
open for prosecution, and they have now
to deal with a resourceful and aggres-
sive prosecutor who intends to push any
advantage he may have to the limit. He
would confer a great boon on the people
of Chicago by putting perjured testi-
mony in the labor grafting cases out
of fashion. In connection with the Mad-
den case it is worthy of notice that the
leaders of all the reputable labor organiza-
tions in the city have renounced Mad-
den, and most of them have expressed the
opinion that it was an unfortunate mis-
carriage of justice that he and his as-
sociates were not given prison sentences,
instead of merely fines. All the signs
point that the time is not far distant
when the Maddens and Sheas will no
longer have any chance of bulldozing
their way into the leadership of even
the humblest union. The union men are
coming to see clearly how such leader-
ship discredits them and their cause,
and will in time draft into official ser-
vice only their best talent.

CROWDING THE NEGROES.
The settlement of the Georgia railway
strike, in which the negro firemen em-
ployed on the road were the casual belli,
was effected by a compromise which will
in time crowd the negro out of one line
of work on at least one railway, and
which, it is to be feared, is indicative of
a growing purpose to monopolize all the
best industrial openings in the south for
the whites.

By the terms of the agreement by
which the strike is ended the railroad
management is to be allowed to retain
in its employ the negro firemen who
have been working for it, but all fire-
men put on in the future must be white,
and the white firemen must be given the
preference when it comes to promotions.
Under this agreement it can easily be
seen that the time when the last negro
fireman will disappear from the Georgia
railroad is not far distant.

Heretofore the negro in the south has
had much better chances of making a
livelihood in the trades and industries
than he has had in the north, where la-
bor unions have, as a rule, closed these
employments to him, and where he has,
for the most part, been compelled to
work in menial capacities. In the south
his labor has been needed, and he has
worked along with white men in skilled
and lucrative trades.

The new south, however, has been
having a steady inflow of white labor,
no small part of it immigrants, and the
pressure for the privilege of doing the
more desirable work is becoming more
severe than it has been in the past, with
the white laborers present in increasing
numbers and with an insistent demand
that they be recognized before colored
workers. The Georgia railway strike is
an ominous sign that there is to be a
general movement to usurp all the best

employment for whites and to push even
the deserving negro to the lower rungs
of the labor ladder.

The possibility that the already com-
plex race problem in the south is to be
further complicated by such a develop-
ment is one that cannot well help but
cause concern to all people who have
been anxiously waiting to see some fair
promise that the races populating the
southern states would be able to arrive
at some reasonable basis of living. The
negro cannot well regard the settle-
ment of the Georgia strike as unfair
and unkind to him; his apprehensions
for the future cannot well help being
aroused. When the discrimination
against him already effective at the polls
and in all the social relations is extended
to the field of industry his will be a
serious lot indeed.

AMERICANS IN CANADA.
A Toronto Railroad Man Talks In-
terestingly of the Place the Emi-
grants from the United States
Will Take in the Affairs
of the Canadian West.

Boston, Mass., June 1.—In a visit to
this city today Arthur Hawkes of Tor-
onto, who is associated with two of the
great empire builders of the Dominion
of Canada, McKenzies and Mann, de-
clared that the American had become ubiq-
uitous in newer Canada, and added that
his presence and his prosperity testified of
three things—of the wisdom of Provi-
dence, of the impotence of politics, and
of the growing sense of human brother-
hood. He is a thoroughgoing democrat,
Dominion government's land and im-
migration agent for New England, says
that last year 158,000 Americans crossed
the border into the Canadian Northwest,
taking with them in cash, stock and
materials over \$50,000,000, while Cana-
dian immigrants to the United States
declared the other day at Ottawa that
70,000 American immigrants would come
to Canada this year and settle on 21,000
homesteads.

"The American in Canada," said Mr.
Hawkes, "is much like the Scot in Lon-
don—has a knack of finding the best
things that are going and keeps them
to hold on them. He is a missionary in
ginger and 10 per cent, and at the same
time a convert to many admirable Cana-
dian ideas. "Even the American," con-
tinued Mr. Hawkes, somewhat faceti-
ously, "has come to recognize that God
moves in a mysterious way in providing
for so long the delusion that every-
thing below parallel forty-nine was
front garden, and everything above was

only back yard. The American who
travels and the American who reads
have regarded Canada as their poor rela-
tive, to whom cold water and a few kind
words were the true meat and drink of
international consanguinity. He has
ceased to regard the sound of "reciprocity"
with a disdainful smile. The sound has
changed so much that it is more
like an echo from his own soul than the
supplication of a man in conskins,
hardup for friends.

"The American finds that Canada of-
fers him abundance of other things than
cold snaps. Twenty years ago Canada
scarcely appreciated her own potentialities.
While it is hardly true that the
American taught Canadians how good
the Lord had been, his genius for catch-
ing on had a good deal to do with the
transformations of the last decade. The
lapse of the treaty of the early fifties,
which American and Canadian politicians
alike thought would be permanently
ruthless to Canadian prosperity, has
worked out an astounding advance for
Canada. It may have sent thousands
of Canadians into the United States,
but it had cleared the way for a national
policy in Canada, of which the smoke of
many factory chimneys is the effective
incense, and it presaged, as a secondary
result, the great immigration from the
United States to Western Canada that
is as extraordinary to stay-at-home
Americans as the Ananias club is to un-
sophisticated Canadians.

"As far as I can make out, the sons
and daughters of the Maritime Provinces
have taken most of the things they
wanted to reach out for in New Eng-
land—probably because most of them
are of Scotch descent. In the North-
western States, whenever you scratch a
particularly shrewd, unassuming, suc-
cessful business man, the chances are
you will find a native-born Canadian
wife. Barely half a million of the far-
seeing agricultural population of the
United States has, so far, crossed into
Manitoba, Saskatchewan and Alberta.
The procession will continue until a
prophesy of the first United States con-
sul at Winnipeg—Saskatchewan Taylor,
is fulfilled, and the valley of the Sas-
katchewan becomes the vastest bread-
producing territory on the globe.

An Effective Remedy for Cramps, Dysentery, Diarrhea, Cholera Morbus, Cholera Infantum and Colic, should be always kept handy, for when such a medicine is needed, it is needed in a hurry.

Dr. D. Jayne's Carminative Balsam

has been successfully employed for seventy-eight years in relieving and curing all complaints of this nature. Stops pain immediately. It is a household necessity in homes where there are children. Your druggist will supply you. Per bottle, 25c.

Dr. D. Jayne's Tonic Vermifuge is a reliable building-up tonic for both adults and children. Splendid to take after a weakening attack of dysentery. Also a safe worm medicine.

employment for whites and to push even the deserving negro to the lower rungs of the labor ladder.

The possibility that the already complex race problem in the south is to be further complicated by such a development is one that cannot well help but cause concern to all people who have been anxiously waiting to see some fair promise that the races populating the southern states would be able to arrive at some reasonable basis of living.

AMERICANS IN CANADA.
A Toronto Railroad Man Talks Interestingly of the Place the Emigrants from the United States Will Take in the Affairs of the Canadian West.

Boston, Mass., June 1.—In a visit to this city today Arthur Hawkes of Toronto, who is associated with two of the great empire builders of the Dominion of Canada, McKenzies and Mann, declared that the American had become ubiquitous in newer Canada, and added that his presence and his prosperity testified of three things—of the wisdom of Providence, of the impotence of politics, and of the growing sense of human brotherhood.

CROWDING THE NEGROES.
The settlement of the Georgia railway strike, in which the negro firemen employed on the road were the casual belli, was effected by a compromise which will in time crowd the negro out of one line of work on at least one railway, and which, it is to be feared, is indicative of a growing purpose to monopolize all the best industrial openings in the south for the whites.

By the terms of the agreement by which the strike is ended the railroad management is to be allowed to retain in its employ the negro firemen who have been working for it, but all firemen put on in the future must be white, and the white firemen must be given the preference when it comes to promotions.

It may have sent thousands of Canadians into the United States, but it had cleared the way for a national policy in Canada, of which the smoke of many factory chimneys is the effective incense, and it presaged, as a secondary result, the great immigration from the United States to Western Canada that is as extraordinary to stay-at-home Americans as the Ananias club is to unsophisticated Canadians.

"As far as I can make out, the sons and daughters of the Maritime Provinces have taken most of the things they wanted to reach out for in New England—probably because most of them are of Scotch descent. In the Northwestern States, whenever you scratch a particularly shrewd, unassuming, successful business man, the chances are you will find a native-born Canadian wife. Barely half a million of the far-seeing agricultural population of the United States has, so far, crossed into Manitoba, Saskatchewan and Alberta. The procession will continue until a prophesy of the first United States consul at Winnipeg—Saskatchewan Taylor, is fulfilled, and the valley of the Saskatchewan becomes the vastest bread-producing territory on the globe.

"There is this general likeness in the manufacturing and ploughing Americans who have come to Canada—they represent the best of their respective classes. The great manufacturers who have come to Canada, and in politics, measured half up to their opportunity. In the attainment of that end, the case of the American in Canada is enviable indeed. Its only danger is suggested by the venerable warning to whose of whom all men speak well."

ROY TO SUE FOR DIVORCE.
French Detectives Gather Evidence Against Glacia Calla, the Singer.

Boston, Mass., June 2.—Through the activity of a trio of French detectives who have been making inquiries in the vicinity of her home town, it has been brought to light that a new move in the Glacia Calla case is contemplated. It is declared that a suit is soon to be brought in the courts of France, which, for sensational features, will totally eclipse the shadowy Glacia Calla since she long ago declared that she had divorced her husband, Paul E. Roy of Paris, with the murder of her brother, George Carkin. Headed by Primaux, one of the sleuths from the French capital, these detectives have been collecting evidence and have been shadowing Glacia Calla since she left her home in Newington last summer shortly after the indictment of her husband by a Portsmouth jury. Primaux declares that he has been called back to France to lay his evidence before the courts, and asserts that Roy will immediately file suit for a divorce.

A THRILLING RESCUE.
How Bert R. Loan, of Cheney, Wash., was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to \$15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever."

Danderine
Grows Hair
and we can
PROVE IT!
The Great DANDERINE Never Fails to Produce the Desired Results.

It enlivens and invigorates the hair glands and tissues of the scalp, resulting in a continuous and increasing growth of the hair.

Letters of praise are continually coming in from nearly all parts of the country stating that Danderine has renewed the growth of hair in cases that were considered absolutely hopeless.

A lady from Brooklyn writes: "After a short trial my hair stopped falling, and I now have a lovely head of hair very heavy and over one and a quarter yards long."

Danderine stimulates the scalp, makes it healthy and keeps it so. It is the greatest scalp invigorator known. It is a wholesome medicine for both the hair and scalp. Even a small bottle of it will put more genuine life in your hair than a gallon of any other hair tonic ever made. It shows results from the very start.

Now on sale at every drug and toilet store in the land; 3 sizes 25c, 50c and \$1.00

Free to show how quickly this Danderine acts, we will send a free sample free of charge to anyone who sends this coupon to the Outfit Knowles Danderine Co., Chicago, with their name and address and 10c in silver or stamps to pay postage.

HUMPHREYS' HONORABLE MEDICINE CO., Corner William and Ann Streets, N. Y. C.

answer was obvious. "The peoples of the republic and the Dominion have a common origin, a common literature, a common tongue. The English-speaking races are folded in the republic and in the empire, and the least penetrating mind can see that, in spite of the irritating differences between themselves, the empire and the republic are bound to exert similar and beneficial influence in world politics. The Dominion is singularly happy in its relation to both. It could be singularly powerful if its leaders in action, in which the famous New Hampshire beauty charged her husband, Paul E. Roy of Paris, with the murder of her brother, George Carkin. Headed by Primaux, one of the sleuths from the French capital, these detectives have been collecting evidence and have been shadowing Glacia Calla since she left her home in Newington last summer shortly after the indictment of her husband by a Portsmouth jury. Primaux declares that he has been called back to France to lay his evidence before the courts, and asserts that Roy will immediately file suit for a divorce.

City Brevities

Today's weather: Unsettled weather with showers and not much change in temperature.

Yesterday's temperatures: Seven a. m., 55 degrees; noon, 53; 7 p. m., 52. Maximum, 63 degrees; minimum, 48.

Nels Flodin, of the Lake Shore Engine Works, went to Duluth last evening.

Mrs. J. G. Reynolds left for Cleveland last evening, to be absent from the city two or three weeks.

The McGee, of the Hutchinson fleet, was due at the South Shore docks last night to load Cambria ore.

All the ladies are invited to attend J. H. LaRochelle's summer military opening today and tomorrow.

Marquette live, No. 52, Ladies of the Maccabees of the World, will meet at Siegel's Hall this evening at 8 o'clock.

The Marquette league baseball team will practice at the fair grounds tonight, and will leave from downtown on the 6 o'clock car.

Marriage licenses were issued yesterday to John Peterson and Miss Mary Peterson, both of Marquette, and to Oscar P. Johnson of Skandia, and Miss Alma C. Baharman, of Marquette.

Busy Queen live, L. O. T. M. M., will hold its regular meeting in Keough's Hall at 2 o'clock this afternoon, following a meeting of the Women's society, and to which the public is invited.

Dr. Tupper has rented the furnished house of Mrs. Mary Brown, 331 Arch street, where he will reside during the few remaining months of his stay in Marquette. Mrs. Tupper arrives from the East today.

At the union services at the First Baptist church tonight, conducted by Dr. Tupper, a special feature of the evening will be an address by one of Marquette's teachers on "Some Principles of Teaching as Applied to Sunday School Work." The public is cordially invited.

The congregation of the Presbyterian church will hold a basket picnic in the church parlors Friday at 6 o'clock, to which the members of the church and congregation are invited. There will be a meeting of the Woman's society in the afternoon, the picnic supper taking its place.

With hearts filled with gratitude, we, the veterans of the Civil war, and members of Albert Jackson Post, Grand Army of the Republic, desire through the public press, to tender our sincere and heartfelt thanks to all those, who by money contributions or otherwise, aided in making the exercises on Memorial Day a happy success.

Taylor Funeral Today—The funeral of the late John B. Taylor will be held from the family home, on Hewitt avenue, this afternoon at 2:30 o'clock. The services will be conducted by Rev. Amos Maywood, with interment at Park cemetery.

Reduced to \$7,000—At a meeting of the police commission held Tuesday evening, it was voted to ask the council for \$7,000 to cover the expenses of the department for the coming year. The appropriation for the department last year was \$8,000.

Stores Closed Last Night—The stores were quite generally closed last night, as the result of a movement instituted by the Clerks' union, who have been going among the business men for several days, asking that Wednesday evening closing again be put in effect.

Married by Rev. Maywood—Miss Alma Constance Baharman and Oscar Paul Johnson were married yesterday afternoon at the M. E. parsonage by Rev. Amos Maywood. They will reside at Skandia. Rev. Maywood also recently married William Dopraw and Mrs. Emma Kiel.

Has Bought Restaurant—William Sears, who has been employed at Charles Christian's restaurant for the past seven months, has just returned from Munising, where he purchased Mrs. A. S. Christian's restaurant, which has twelve furnished rooms and a saloon in connection. Mr. Sears will leave for Munising today to take charge of his new business.

Dances at the Island—The summer dances at the island, given by the street car company, will be inaugurated next Wednesday night, and will be given every Wednesday and Saturday night throughout the season. Trombly's orchestra has been engaged for these occasions, and next week, "Our Boys" band will parade the streets and accompany the orchestra to the island.

First Auto Sold—The first automobile owned in this city was sold yesterday by Martin Sweder to John T. Williams, of Ishpeming. The car is a 1895 model Cadillac and was brought here by John H. Feener. It was later owned by Wm. Shabel, who put it up in a raffle, where it was won by Mr. Sweder. Although of an old pattern, the car is said to be still good for many a fast mile.

Increase in Real Estate—Controller Primeau has practically completed the real estate assessment roll, which will be presented to the board of review next Monday. The roll will show real estate to the amount of about \$5,095,268, as compared with \$4,960,270 a year ago. The personal property roll has not yet been completed, but it is thought that it may show a slight decrease from last year.

Bound Over to Court—Martin Rusten, hoven, John Becke and Kust Matson, the North Marquette saloon keepers who were arrested some time ago on complaint of James Pendill and Robert Peters, for having violated the law regarding the removal of screens on June 17, waived examination before Justice Cray yesterday and were placed under \$200 bonds to appear at the next term of circuit court.

Another Motor Truck—The second motor truck to arrive in this city was brought in on the steamer Mahoning yesterday for the Consolidated Fuel & Lumber company. The truck is painted bright yellow and came from the Rapid Motor Vehicle company, of Pontiac. It is said to have a capacity of three and a half tons and will be used by the Consolidated company in its general hauling and delivery work.

Special Milk for Babies—F. H. Vandenberg has arranged to give his patrons specially prepared milk for babies, which will be sold at ten cents per quart. The baby milk, as soon as aerated, is placed in feed water and kept at a temperature of thirty-three degrees until it is to be delivered. It is then packed in ice boxes and so delivered

to the customer at practically the same temperature. This method results in milk keeping sweet longer than with the ordinary manner of handling.

Injunction Dissolved—The injunction issued last year by Judge Stone against Gustav Kuhn, treasurer, John A. Johnson, commissioner of highways, P. M. Donaloo, clerk, and Martin Johnson, justice of the peace, all officers of West French township, has been dissolved. These officials were restrained from making and paying orders, the complainant being present Supervisor Libby. The trouble was the outgrowth of the Libby-Shaw election fight, following the election a year ago this spring.

Local Pictures at Bijou—A novel feature of the Bijou this week is an illustrated song, written by Messrs. Ryan and Cruster, the pictures for which were taken in Marquette. The song is entitled "Late Hours" and illustrates the experience of a man who partook too freely of the flowing bowl and was unable to find his way back to the Hotel Marquette. He is shown in conversation with a number of Marquette people on different streets, and in one view he is standing alone on the point of rocks at Presque Isle.

Bank Not a Party—An erroneous impression has been created to some extent that the Marquette National bank was in some manner a party to the said let deal that has been receiving so much publicity of late weeks. This is not the case. The note given to the Northern Land company for \$2,000, in payment for the lots, came into the Marquette National's hands in the regular course of business, and was discounted. It was presented on maturity, and as it was not accepted the bank turns to the company to which the note was given for a settlement. The bank's part in the transaction was a matter of every day business.

Sands Road in Bad Shape—A petition is being circulated in the sands township, which will be presented to the common council, asking for the improvement of what is known as the Sands road, which runs to and beyond the county house. The city limits extend a short distance beyond the steel bridge beyond the county house on this road, and for a part of this distance the highway is said to be almost impassable. Supervisor Farrell stated yesterday that it was getting out, that trees had fallen across it and that in places the sand was very deep. The road in Sands township was said to be in good condition, and the farmers of that township seek to have the city put its part of the road in shape for comfortable traveling and hauling heavy loads.

Would Delay Eastern Mail—The reported change of time soon to take place on the St. Paul road would be detrimental to the business of the upper peninsula, said Postmaster John D. Mangum yesterday. It is said that the St. Paul train which now leaves Chicago at 10:30 p. m. and arrives in Marquette at 10:55 a. m., is to leave Chicago at 8 p. m. in the near future. This train now brings the bulk of the mail from the eastern states to the north country, making connection with the Lake Shore through mail train, that arrives in Chicago at 8:25 p. m. The contemplated change of time would delay the arrival of this mail until 2:35 in the afternoon. By leaving Chicago two and a half hours earlier the train would also miss two mail trains on the Michigan Central and one on the Grand Trunk.

INSURE WITH PETER WHITE & CO. FAIR PLANS DISCUSSED.

Racing, Cornish Wrestling and Poultry Exhibit to be the Features.

A meeting of the Marquette County Agricultural society was held in this city yesterday at which important arrangements for this year's county fair were made. The association voted \$1,500 for purses in the horse races, which will take place on the four days of the fair, Sept. 6, 7, 8 and 9. John D. Mangum, Joseph Fay and John Siegel were appointed a committee on the races, and will make out the program and classes in the near future.

The Cornish wrestling match, which proved such a successful attraction last year, will be a prominent feature of the coming fair, and an effort is to be made to get a number of the most famous wrestlers in the country here at that time. G. A. Newitt and E. C. Anthony were appointed to arrange for this attraction. The society appropriated \$300 for prizes in this event, and will add to that amount, if it is found that a number of the best wrestlers can be secured for the exhibition. Among the men that the committee will try to get are Ziegler, Hewitt, Carkeek, and Harrington, of Butte.

A. H. Palmer was chosen chairman of a committee to plan and build a cement house for the poultry exhibit, to cost from \$500 to \$600. This building is to be of the most modern construction and exhibitors can be assured of sanitary and first-class quarters for their show birds. The society hopes to make the poultry exhibit one of the most important features of the fair, and if sufficient interest is shown, prizes will be offered that will make the attendant labor well worth the while of raisers of fancy stock.

TURKISH BATHS AND CHIROPODY. Frank Keough, 123 W. Ridge St., Marquette.

BATTING AVERAGES.

Inasmuch as the Crawford company has offered a \$35 suit of clothes to the Marquette baseball player having the highest batting average at the end of the season, the batting averages in the three games already played are of special interest. They are as follows:

	A. B.	H.	P. C.
Woodman	16	7	.438
Weiser	14	6	.429
Hamilton	12	4	.333
Riopelle	13	4	.308
Cragg	13	3	.230
Dunlavy	10	1	.100
Young	12	1	.083
Richardson	15	1	.067
Jeanson	4	0	.000
Scholtus	8	0	.000

TO GROW, BABY MUST EAT

We have every infant food that has merit and among them there is one that is best adapted to your baby's needs, one that will agree with his stomach and afford materials for building him up.

If you have not been able to find a food that is entirely satisfactory try some of those we handle. For one thing we take greater care of these infant foods than most stores and consequently you can depend upon getting them always fresh here, a very important point in regard to any kind of food.

Desjardins' Pharmacy,

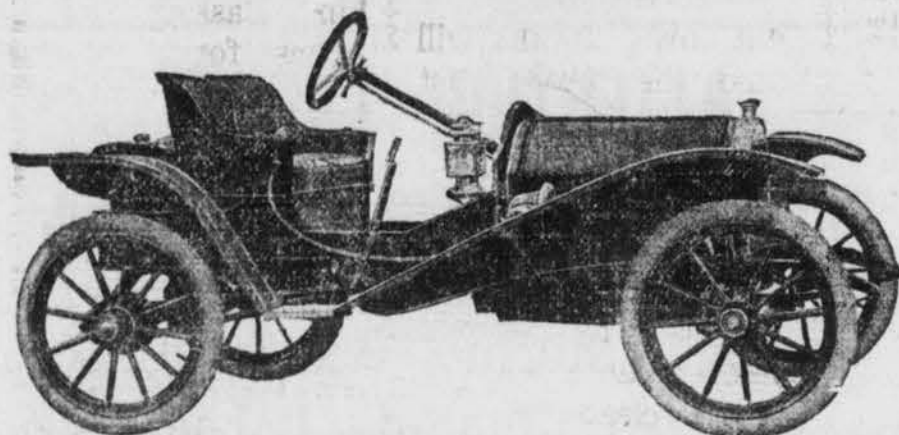

417 North 3rd Street.

Economy is a virtue few cultivate as one of the cardinal blessings of life, the possession of which is almost indispensably necessary to any degree of success.

The spendthrift can never hope to reach the goal of contentment or happiness, for his cravings will remain unsatisfied, his desires unfulfilled. And in time he will come to the end of his resources; constant dropping wears away the hardest stone, and in a like manner the largest fortunes soon can be wasted by reckless expenditures.

I ALSO HANDLE Artistic Monuments COST NO MORE THAN PLAIN ONES IN

WHITE BRONZE

Marble is entirely out of date. Granite soon gets moss-grown, discolored, ruins a constant expense and is a very costly crumble back to Mother Earth. It is very expensive. WHITE BRONZE is strictly everlasting. It cannot crumble with the action of frost. Moss growth is an impossibility. It is more artistic than any stone. Then why not use granite? It has been adopted for over one hundred public monuments, and by thousands of delighted customers in all parts of the country. It has been in the market over 25 years and is an established success. Many granite dealers have bought White Bronze for their own burial plots. I have hundreds of beautiful designs of all grades of work, and want to have you see them if you are interested in a monument, headstone, marker or grave cover. On receipt of a postal card will be pleased to call with designs and samples of White Bronze.

U. S. COURT WILL CONVENE TUESDAY

LONG CALENDAR OF CASES SET FOR HEARING AND GRAND JURY IS EXPECTED TO ADD TO THE LIST.

The United States District court for the Western District of Michigan will sit in special session at Marquette next Tuesday, beginning at 10 o'clock. The docket of cases for the term is an unusually long one, and it is altogether probable that the grand jury, called for the same date, will return several criminal indictments, not now on the list. The docket, as prepared, is as follows: In the matter of the Michigan Smelter and Fibre company, alleged bankrupt; for hearing.

In the matter of Cesare Sueschi, alleged bankrupt; for hearing.

United States vs. Loye E. Fairchild; willful trespass on government land (for sentence).

United States vs. Ludlow Seaman; willful trespass on government lands.

United States vs. John W. Spear; abuse of U. S. mails in scheme to defraud.

United States vs. Fred LaPointe; willful trespass on government land.

United States vs. Robert Rowan; willful trespass on government lands.

United States vs. David Lamere; willful trespass on government land.

United States vs. America vs. Charles Peterson; petition to cancel certificate of citizenship.

United States vs. America vs. Egidio Pavesi; petition to cancel certificate of citizenship.

United States vs. America vs. August Sidbeck; petition to cancel certificate of citizenship.

United States vs. America vs. Charles Bessio; petition to cancel certificate of citizenship.

United States vs. America vs. Peter Sisac; petition to cancel certificate of citizenship.

United States vs. America vs. Frederick Kallbelsch; petition to cancel certificate of citizenship.

United States vs. America vs. John Kero; petition to cancel certificate of citizenship.

In the matter of Eugene H. Wollestein, alleged bankrupt; for hearing.

Admiralty Cases.

Louis A. Clark, libellant, vs. Steam Tug "Nourmah"; libel for wages.

Napoleon Turcotte, libellant, vs. Steam Tug "Nourmah"; libel for wages.

Frank Cliche, libellant, vs. Steam Tug "Nourmah"; libel for wages.

Peninsula Bark & Lumber company, libellant, vs. Steamer "Mathew Wilson"; respondent; libel for breach of contract for freight.

The Soo Hardware company, a corporation, vs. Steam Tug "Frank Perry"; libel for supplies.

Supplementary Budget.

Special Street Improvements to Be Recommended to Council.

The park, cemetery and street commission and the streets and sewers committee of the common council, who a short time ago inspected the streets of the city in order to learn what and where extensive street improvements were needed, have made up a supplementary budget to that submitted to the council at the last meeting, amounting to about \$5,000. This budget will be presented at the next council meeting, either as a supplement to the original budget of \$18,000 submitted by the park, cemetery and street commission, or as a recommendation of the streets and sewers committee. The first budget submitted by the park, cemetery and street commission included only fixed maintenance expenses and made no provision whatever for rebuilding streets. With the supplementary budget added, the appropriation to be asked for by the park, cemetery and street commission is still \$18,000 less than the amount appropriated a year ago, exclusive of the extensive street improvements made at the order of the common council.

Following is given the supplementary budget prepared by the commission and the council committee:

Algonquin street, from the concrete curbing and gutters, \$82,100

Jackson street from Champion east to the railroad tracks, rebuilding, including concrete curbing and gutters, \$592

Seventh street, from the Bridge to Washington, rebuilding, including concrete curbing and gutters, \$1,570

Pine street, from Prospect north to Park, resurfacing, \$777

Total, \$2,821,000. These estimates all include an application of tax.

300 CANAL PASSAGES.

Boats Locked Through, Bound for Ports on Lake Superior.

Sault Ste. Marie, Mich., June 2.—The boats whose names are here appended have passed the canals the past twenty-four hours, bound for ports on Lake Superior: Maitland, Bixby, 10:30 p. m.; Lycoming, Sweetheart, 1:20 a. m.; Uarda, 4:30; Wildner, 5:30; Alva, oil barge, 6; Seguin, Thomas Barlum, 9; Baker, 10; Keowatin, noon; Jean Tampa, 4 p. m.; Turret Cape, 5:30; Jean Barlum 7; Midland Queen, 9.

On and after June 1st the Marquette City Dairy will put out a special milk for infants. This milk will be packed in ice immediately after going through the pasteurizer. After the milk is packed it will be kept packed in ice until placed in the home of the infant. This milk will be furnished to all who desire it at 10 cents per quart. (6-1-1w)

COLLEGE MUST RAISE \$845,000.

Ranker N. W. Harris Will Then Give Northwestern University \$155,000.

Chicago, June 2.—N. W. Harris, the Chicago and New York banker, will give Northwestern University \$155,000 if the college can raise enough to make it a million dollars during the coming year, according to an announcement made at the commencement exercises here today.

MINING PROMOTERS SENTENCED.

Kansas City, June 2.—Frank H. Horn, H. N. Schneider and Raymond P. May were today sentenced to a year and a day in Leavenworth prison and a fine of \$500 each. John E. Horn was fined \$500 for fraud in promoting the "Two Queens" mine in Arizona. The latter named defendant paid his fine and was released.

MARKETS

NEW YORK STOCKS.

Paine, Webber & Co.'s correspondent at New York yesterday telegraphed as follows:

"Trading for the most part today was concentrated in the Steel issues, which were slightly reactionary during the forenoon, but later developed considerable strength and established a new high level. The balance of the list was feverish, and it was reported that several large lines of stock were liquidated; but taken as a whole, the absorbing power on the decline was of an encouraging nature, and the ease with which securities were marketed tended to cause the selling element to desist in their bearish attacks. The excellent earnings of the Harrimans, together with rumors of an early announcement in regard to the financial plans of the various companies, has caused an active investment demand for those issues. The close was at slight recessions, with a bullish feeling."

The closing prices were:

Table of stock prices including Anaconda, American, and other mining stocks.

Boston Stock Quotations.

Writing from Boston yesterday, Paine, Webber & Co. had the following to say of the stock market:

"The great strength of Steel combined with the rest of the list. Local stocks were dull and certain specialties weak. Mass Mining, which was heavily sold yesterday, was under heavy pressure again today, selling down to 1 1/2; with a feeble rally toward the close. Reports from the mill run are very disappointing, and the local pool is trying to get out of their stock. North Bitter acted badly, being offered for sale freely every time the market was strong. The balance of the list was strong but quiet."

The final quotations follow:

Table of Boston stock quotations including various mining and industrial stocks.

The number of shares sold during the day were as follows:

Table showing the number of shares sold for various stocks.

Copper Metal Prices.

New York, June 2.—Copper was lower in the London market today, with spot quoted at £90 and futures at £90, 1/2, 3/4. Locally the market was firm and showed an advancing tendency, with Lake quoted at 13.37 1/2 @ 13.52 1/2, electrolytic at 13.12 1/2 @ 13.37 1/2, and casting at 13 @ 13.25.

CHICAGO GRAIN MARKETS.

Chicago, June 2.—Corn scored a sharp advance early in the session today, on buying of the July by shorts, but lost part of the gain later because of liberal realizing sales. The strength at the start was due chiefly to the smallness

If you must dream cultivate the dollars, too. They will add substantially to your satisfaction.

of the stocks in store and the excellent demand for cash grain. The market closed firm, 1/2 to 3/4 higher. The July opened at 71 1/2 to 72; highest, 72 1/2; lowest, 71 1/2; closing, 71 3/4 @ 72.

Paine, Webber & Co.'s Wheat Summary.

Paine, Webber & Co.'s Chicago correspondent said yesterday concerning the wheat market:

"The big cash business done yesterday at fancy prices and the additional cash sales of wheat here before the market opened this morning added force to the buying side. There was another effort on the part of some important shorts to cover. A group of large houses were active buyers from 11 1/2% up to the high point. Over 120,000 bushels was a general move by local holders to take profits. Later the selling became even heavier, as it was led by brokers for the house which has been identified with the bull campaign all season. Such news items as the trade had to consider for the day were mostly bullish. The strength of the continental markets is due to the poor outlook for crops in Germany and Hungary. The cables report continued drought in Argentina. There was a sharp reduction in stock of wheat here for the week. The world's visible supply was reduced over 4,000,000 bushels the past week. A local crop authority claims the promise of but 375,000 bushels of winter wheat. Gradually the trade and the public are coming to the conclusion that this country will not have any great amount of wheat to export this year, and the foreign demand may be even greater than usual. It looks as if the wheat taken on May contracts here will be easily merchandised before the new wheat is moving. The reaction in the close was natural, and we favor the buying side."

PROHIBITION WAVE HAS REACHED ITS HEIGHT

That the Declaration of the Trustees of the United States Brewers' Association--In Fact, They Say, a Reaction Is Already Beginning to Set In.

Atlantic City, N. J., June 2.—The local trustees of the United States Brewers' Association, which opened its forty-ninth annual convention here today, went on record with the declaration that the so-called "prohibition wave" has reached its height, and that "a reaction is already beginning to set in."

Speakers Advocate Law Enforcement.

One of the features of the convention was a public meeting tonight at which the principal speaker was the Rev. John P. Peters, chairman of the committee of fourteen which is investigating the liquor question in New York. All the speakers at the public meeting advocated the wiping out of saloons that are not conducted according to the law and the better enforcement of reasonable and fair liquor laws. President Liebmann presented Dr. Peters in a brief speech.

AMENDMENTS VOTED DOWN.

Travelers Will Still Get Damages for Injuries Resulting from Nightmare.

Asheville, N. C., June 2.—At today's session of the Travelers' Protective association the proposed constitutional amendments to relieve the association

from liability in cases of accidents to insured members "resulting from dizziness, attacks of fainting or unconsciousness, nightmare or somnambulism" was defeated, 242 to 182. A proposed amendment requiring that in all cases of alleged death by drowning, the body of the member be produced, unless there were eye-witnesses to the drowning, was tabled by unanimous vote.

NOTICE TO TAXPAYERS.

City Controller's Office, Marquette, Mich., May 31st, 1909.

Notice is hereby given that the assessment roll of the taxable property of the city of Marquette for the year 1909 will be in the hands of the board of review on Monday, June 7th, 1909.

Said board of review will convene at the common council room of the city of Marquette on Monday, June 7th, 1909, at 9 o'clock a. m., and will be in session each day thereafter up to and including Saturday, June 12th, 1909, for the purpose of reviewing and correcting said assessment roll.

Every person having property in the city of Marquette is requested to call at the common council room during the sessions of said board of review and inspect said assessment roll, in order that all errors which may have been made in said assessment can be corrected.

PETER PRIMEAU, Controller.

In above assortment you will find garments to fit children from 1 to 14 years. Good Muslins. Well made.

F. Braastad & Co.

Ishpeming Department

FOREST FIRES ARE DESTROYING CAMPS

CONSIDERABLE TERRITORY IN THE DISTRICT SOUTH OF ISHPEMING, WHERE A NUMBER OF FINE RESORTS ARE LOCATED, SWEEPED BY THE FLAMES.

Forest fires have done considerable damage in the Flat Rock district, south of Ishpeming, during the past few days. The cooking department of Camp Nine, owned by Captain Thomas Walters and others in this city, and the Greenway-Hulst camp, also Andrew Erickson's place, have been destroyed. Mr. Erickson has been homesteading in the district for a number of years and was employed by several of the camp owners as a watchman. The Greenway-Hulst camp was fairly large and was completely furnished.

The barn at Camp Nine has been burned and a considerable quantity of timber has been scorched. The timber is owned by the I. Stephenson company of Wells, and the burnt-over portion will be cut this summer, in order to save it. Some of the timber is in fairly good condition. The fire, which has been moving north and west, has burned over an area more than two miles square and is now within a half mile of the Flat Rock River.

The camp occupied by the foreman of the Stephenson company on the east end of Lake Charbonneau has been destroyed, but the workmen's camps, about a mile and one-half or two miles south, on the Napoleon road, have not been attacked, though it is feared that the fire will get to them if it does not rain within a few days. The Stephenson company has had a crew employed there all winter and the workmen are now putting in part of their time fighting the flames. About 3,000,000 feet of logs have been dumped into Lake Charbonneau. The Escanaba & Lake Superior railroad, which is under control of the Stephenson interests, extends to the lake and the timber is to be loaded on cars and taken to Wells. The management had not planned to do much work in that vicinity this summer, but it is now likely that all of the scorched timber will be removed.

The fire was started in the slashings in territory cut over by the Stephenson company during the fall and winter months. The slashings were dry and the fire spread very rapidly, especially during the heavy rain in the week. Several other camps owned by Ishpeming people are in danger of destruction. There are some fine camps in the district, and there are also several homesteaders whose places may be wiped out.

JUNE WEDDINGS.

Ishpeming Man Was Married Yesterday to Escanaba Girl.

Ed E. Arvidson of the Northern Lumber company, successors to H. F. Levin, was married yesterday to Miss Ida Teresa Peterson of Escanaba. The marriage took place at the home of the bride's parents, Mr. and Mrs. Adolph Peterson, 220 North May street. The bride and groom left on the evening train for Chicago, and will arrive on their honeymoon trip. They are expected to arrive in the city in about a week. A reception is being planned for them by their friends here.

The announcements of the intended marriage of Captain James H. Strathdee, in charge of the Ishpeming branch of the Salvation Army, to Captain M. Ina Henderson of Fargo, N. D., was received yesterday. The wedding will take place on Wednesday evening, June 30, at 8 o'clock, in the Salvation Army hall at Fargo, and the ceremony will be performed by Brigadier Cousins.

Frank Belting and Miss May Ida Sanders, well-known young people of this city, will be united in marriage next Tuesday evening at the home of the bride's parents, Mr. and Mrs. Fred Sanders, 624 East Division street. They will reside at 922 North Third street.

"WILDFIRE" A TREAT.

Lillian Russell Pleased Unusually Large Audience Last Evening.

Lillian Russell delighted an audience that almost completely filled Ishpeming theater last evening, in her racing comedy, "Wildfire," by George Broadhurst and George V. Hobart. The audience was the largest, with one exception, that has assembled at Ishpeming theater this season.

The play tells a pretty story of love and race horses, a combination that is most agreeable as presented by Miss Russell and her excellent company. "Wildfire" is the name of a handsome mare in which Henrietta Barrington (Miss Russell) has an interest. An unscrupulous chap also has an interest in the horse and his efforts to have the big race thrown to further his own designs are the means of working in a number of good comedy situations and exciting climaxes. Miss Russell is assisted in her course to thwart her dishonest business associate by a tiny stable boy named "Bud," who is admirably portrayed by Will Archie. The conclusion of the play finds happiness for the lady in the arms of John Garrison, a lover of horses as well as women.

The play is presented with a freshness and charm fascinating beyond words. The star looked as young and pretty as she ever did and she has surprised herself with an exceptionally clever company. The play is full of clever lines and Miss Russell wears some stunning gowns.

The company goes from here to the copper country, playing Hancock and Calumet, and to Marquette for Saturday night. The Mining Journal was advised yesterday by Manager Cuddihy of Calumet theater that when the sale of seats opened yesterday morning about 150 people were in line and every seat in the house was sold out. After all were disposed of there was still a large crowd in line. It was the biggest sale any attraction has had at the Calumet theater since the engagement of Madame Modjeska, nearly three years ago. He has asked the management of Miss Russell to play a matinee engagement, in order to accommodate those who were unable to secure seats for the evening.

IS GOD'S PARADISE.

Hancock Mining Camp Contrasts Isle of Pines With Upper Peninsula.

The Isle of Pines News of May 22 contained a letter from Captain Henry Brock of Hancock, formerly of the Isle, together with a clipping from The Mining Journal, issue of May 5, relative to the operations of the snow plow in five feet of snow the previous day on the cemetery road in this city. The plow, which was drawn by three teams of horses, became stalled and it was several times necessary to shovel it out. Captain Brock's contrast of the weather conditions of the two sections is interesting and is as follows:

"Hancock, Mich., May 11, '09.

"Editor The News: Herewith enclose clipping that may be of some interest to your many subscribers and will show them how much they have to be thankful for by living in God's paradise. For my part, it makes me regret I am not now enjoying the beautiful climate of the Isle and am inclined to think that what we are enduring up here will cause an imaginary chill to creep up your spine.

I receive The News with pleasure and hope to continue to do so. This is the winter of the greatest copper producers of the world. On every side you can see ingots of copper piled up like cordwood. It is to this place what the Isle of Pines is destined to be—the world's greatest wealth producer—but is so different from your Isle of sunshine, fruit and unexcelled climate. Business outlook is not flattering but look for improvement in the near future."

You can make richer, more fragrant, more delicious tea, if it is brewed in one teapotful makes two cups. Use absolutely boiling water, steep five minutes.

MISS FARM PRAISED.

Former Ishpeming Girl Meeting With Fave in the South.

The Memphis News of recent date contains the following mention of Miss Klara Farm, formerly of this city, who has the leading soprano part with the Royal Opera company, now playing eastern cities.

Miss Klara Farm, as Beauty Fairfax, is well cast, and, as usual, carries off the vocal honors of the production. Music loving people have been quick to single out Miss Farm as a singer of exceptional proficiency. Her soprano is clear, melodious and unaccompanied true. Her interpolated number this week, for which the audience waited with much pleasurable anticipation, is "Cupid and Psyche" from "The Sorcerer." It was sung last night in the second act, with piccolo obbligato, and the singer received the enthusiastic applause that she so well merited. "Cupid and Psyche" is an operatic selection which would be attempted by but few vocalists in musical comedy companies, for its demands are not easily met. In her coloratura requirements, in themselves would laud all but a finished singer of Miss Farm's ability. And to hear Miss Farm render this number is a treat that all who care for real music will do well to avail themselves of.

REV. NEWMAN LEAVES.

Rev. H. A. Newman, who a short time ago tendered his resignation as pastor of the Swedish Baptist church, to accept a call at Gardner, Mass., left Tuesday for Carlshend, where he will spend a week with friends. He will go direct from there to Gardner and will assume his pastorate as soon as he arrives. The Ishpeming congregation has not yet secured a pastor to succeed Rev. Newman.

WOMEN WHO ARE ENVIED.

Those attractive women who are lovely in face, form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. For all such, Electric Bitters work wonders. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion. Many charming women owe their health and beauty to them. 50c at The Stafford Drug Co.'s store.

COULD NOT BE BETTER.

No one has ever made a salve, ointment, lotion or hair cream to compare with Bucklen's Arnica salve. It's the one perfect healer of Cuts, Corns, Burns, Bruises, Sores, Scalds, Boils, Ulcers, Eczema, Salt Rheum, For Sore Eyes, Cold Sores, Chapped Hands it's supreme. Infalible for Piles. Only 25c. at The Stafford Drug Co.'s store.

ISHPEMING IN BRIEF.

H. F. Nickerson of the I. E. Swift company was here yesterday.

E. Clark of Duluth, a former resident, was here yesterday on business.

Mrs. C. W. Jarvis is spending a few days with relatives in Appleton, Wis.

The county road commission has purchased an automobile, to be used by the engineer in charge and other employees.

J. R. Thompson, manager of the American mine, expects to move his family to Ishpeming some time this month.

H. E. Stewart, commercial agent of the Chicago, Milwaukee & St. Paul Railway company, was here yesterday from Houghton.

The Ishpeming aerie of the Fraternal Order of Eagles will conduct a social hop tomorrow evening at Braastad's Hall. Dancing will start at 8:30 o'clock, continuing until 12, and tickets will be

BIDS WANTED.

Scaled bids will be received by the Board of Public Works, of the City of Norway, Michigan, up to 2 o'clock p. m. Tuesday, June 8th, 1909, at the City Hall, in said city, for furnishing certain materials and constructing certain additions to the water works, necessary to use the Lake Pines supply.

The work to be done includes the laying of about five (5) miles of 12-inch iron water pipe, about 5 per cent of which is from 10 to 20 feet cut; also a water inlet, screening chamber, valves, valve boxes, air valves, water meter and other appurtenances to the pipe line.

It is also intended to construct a water tank, 35 feet in diameter by 41 feet high; all above ground. Bids will be received upon reinforced concrete for this purpose, and also upon a tank constructed of steel plates. Bids will be received on the whole or any part of said work.

The board reserves unto itself the right to accept or reject any particular bid.

Plans may be examined on or after the 24th day of May, at the City Hall in said City of Norway, Michigan, or at the office of John W. Alford & Chas. B. Burdick, 1212 Hartford Bldg., Chicago, Ill.

JOS. VAN KERCKHOVE, City Clerk.

NEW WAVE OF UPLIFT IN NATION'S CAPITAL.

Washington, D. C., Is Planning Great Things for Itself.

President Taft Is Much Interested and Will Do His Share in Beautifying the City—The Abolition of the "Council of Fine Arts" Is Considered By Some to Be a Backward Step.

Washington, June 2.—The city of Washington is undergoing a new spasm of uplift, and planning great things for itself. President Taft has announced his intention to associate himself with the development of the city. He is proud of Washington, he holds real estate here, and he can throw an overwhelming influence into the scale on any important local question. The health, building and other municipal regulations of the city are threatened with an overhaul, the defects of the municipality are being pointed out, while its beauties are being emphasized, and in a word, Washington is beginning to "find itself."

Already the Burnham Commission has reported a plan for the ultimate working out of the original L'Enfant scheme, and the action of Mrs. Taft in dignifying the Potomac Drive with the fashionable summer concert may go a long way towards establishing the Riverside Park as a place of popular resort. Indeed, it may turn the scale in popular sentiment with reference to the final selection of the Abraham Lincoln Memorial. The park commission has a recommendation that it be placed on the bank of the Potomac, but a strong element in congress has pushed this site as "cut of the way" and tried to fix the location near the capitol.

President Taft has taken what some men regard as a backward step in abolishing the "Council of Fine Arts" instituted by Roosevelt, but as this body had no legal standing and no money could be set aside for its use, probably the President has taken the only course left open to him, without asking the commissioners to serve on a charitable basis. Senator Wetmore has reintroduced the bill authorizing the government to clear the space between the capitol and the Union Station, and no doubt in time the bill will become law. Public sentiment undoubtedly is changing with respect to the Lincoln Memorial, and the Wetmore plan will hardly go through unless an understanding is reached that the memorial shall

be placed on the Riverside Drive, and the beautiful space secured near the capitol shall be adorned with something else—possibly a triumphal arch.

New Clubs Coming In.
 The Southern Commercial Congress has bought the venerable church on the corner of Fifteenth and H. streets, and will erect there a suitable building for its own use. This move offers another indication of the tendency of great national or sectional projects to make Washington the center of their operations. As wealthy individuals are resorting more and more to Washington as a place of winter residence, so the great commercial organizations of the country are making this city their headquarters. The American Red Cross, the American Federation of Labor and the National Council of Commerce furnish examples of this tendency. Within a few weeks the business men of the city have organized a "Commercial club" and taken the old Don Cameron mansion in Madison place, with the intention of refitting it as one of the most elegant obnoxious in the city. Another nearby club which also maintains the foolish exclusion of men engaged in trade is tottering to a fall, and many of its members have announced their intention of withdrawing and joining the new organization.

This rapid increase of organized social and commercial life is bound to have a profound effect on the future of the capital. Intelligent men cannot meet out after day in their clubhouses without discussing local affairs and perhaps mentioning the questions arising upon certain phases of the life around them. President Taft has once been the guest of the business men of the city, and now it is proposed by them and agreed by him that at least once a year he shall sit at table with them and discuss the questions affecting the future of Washington. This is the first time in the recollection of experienced men that a Chief Executive of the United States has announced a definite policy with respect to the municipal life of the capital.

Rapid Growth of Sham Homes.

Single houses in Washington are as rare as white blackbirds. In no city is the home instinct stronger, yet the capital city instead of being a collection of model houses is a glaring example of a city without homes—only brick boxes averaging seventeen feet in width. Strong popular demand has compelled the addition of front porches to many of the newer houses, but they are lacking in almost all houses erected before 1908. One superior soul has begun the development of a detached house community north of Mount Pleasant, and he cannot build fast enough to supply the demand. Almost everywhere else, except at Cleveland Park, the old type of bricks row is going up, blinder than ever, but with a little more attractive architectural touch and occasionally a front porch added. These houses are being built and bought by the hundred. Usually they are sold before they are finished. The builders do not rent them, for many of them would be unfit for sale after a year or two of even careful occupancy. The part-walls in some of these traps are only one brick in width, and the plastering so thin that when the wall dries and the paper starts peeling, the plaster comes off with it. After a few months of use the doors shrink so that they cannot be locked.

IN END-OF-WORLD WAR.

Seventh-Day Adventists Picks England and Russia as Contending Nations.

Oklahoma City, Ok., June 2.—Oklahoma City's Seventh-Day Adventists see in the fall of Constantinople and the downfall of Abdul Hamid the approach of the end of the world. They believe that the shake-up in the Turkish Empire indicates much. They say that practically all the signs and prophecies of Matthew have been fulfilled and that the driving of Hamid from the throne means that this generation will see the entire dissolution of the world. Elder T. F. Chapman declares that the entire prophetic hinges on the time of the removal of the sultan of Turkey to Jerusalem. He says: "Prophecy tells us there will be a great war. The Prophet Joel speaks of this final war as occurring in the valley of Jehosaphat. Daniel tells us that the sultan of Turkey shall plant the tabernacles of his palace between the seas in the glorious holy mountain, which can be no other place than Jerusalem, called even now in Turkish 'the holy.' The king of the North mentioned in Daniel is czar of Russia, while the king of the South is the ruler of Egypt, which refers to England. Prophecy says that the Ottoman Empire shall fall. Daniel II, commencing at the fortieth verse, tells how the king of the North and the king of the South shall contend against him and he shall remove to Jerusalem, and there shall be none to help him. In several places Daniel mentions 'the time of the end' as a stated period. Well, we have reached the beginning of this time. That is the period which commenced at 1798, 'the time of the end.'"

W. R. Henson, state worker for the Seventh-Day Adventists, says: "With the sultan's removal to Jerusalem from Constantinople will come the mighty war which will result in the end of the world. One of the writers of our denomination tells us that the Turks themselves look for this very thing, and will expect the world conflict when their capital is removed to Jerusalem."

It seems strange that trouble should ever be unexpected. There are always so many people to predict it.

In Great Britain there are nearly 2,000,000 trade unionists.
 Lucas County, Mo.
 Frank J. Cheney makes each that he is senior partner of the firm of F. J. Cheney & Co., doing business in Lucas County, Missouri and State of Missouri, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Hal's Catarrh Cure. FRANK J.  Take Hal's Family Pills for Constipation
 Everyone would be benefited by taking Foley's Ointment for constipation, stomach and liver trouble, as it sweetens the stomach and breath, gently stimulates the liver and regulates the bowels and is much superior to pills and ordinary laxatives. Why not try Foley's Ointment today? Sold by all Druggists.

Negaunee Department

DESIRABLE HOUSES IN GOOD DEMAND

OWNERS OF DWELLINGS IN NEGAUNEE AND ISHPEMING HAVE NO DIFFICULTY RENTING OR SELLING THEIR PROPERTIES.

Dwelling houses of all descriptions are in big demand in both Negaunee and Ishpeeming. There are perhaps 100 families in these cities who desire to change their place of residence. Many want larger homes, and other desire a change of location. Desires having properties to rent represent the demand for dwellings, and particularly the more desirable ones, has not been as good in two years as it is at this time. In 1907 a number of men employed at the mines here, whose families lived elsewhere, had to give up their positions, because they were not able to secure desirable living quarters. Conditions are not quite as bad now, but the demand for houses is nearly as great as it was then.

There are many people in both cities who desire to buy homes, and property owners of either city would have no trouble at this time selling their places, provided the price was reasonable. One day last week an Ishpeeming man offered his home for sale through The Mining Journal, a territorial prospective purchaser to The Mining Journal branch office. Since that time in the neighborhood of 100 persons have called, or telephoned, to inquire about the property. This is proof positive that many people in Ishpeeming are desirous of owning their own homes. The rapid sale of the lots in the City addition in this city and the many inquiries for lots in the new Collins tract is evidence that the same thing is true in Negaunee. There is more desire to build in Negaunee than at Ishpeeming.

More new houses have been erected in Negaunee during the past few years than at Ishpeeming and this probably continues to be the case, because of the territory being opened up here for building purposes. There is a noticeable improvement in the class of dwellings being erected.

The mining companies will do little this year in the way of erecting dwellings for their workmen, but the work-lanes are increased to the number employed in the mines two years ago, additional dwellings will be absolutely necessary. The companies and the occupants of their properties have made many of the mining locations attractive.

MANY GOING TO EUROPE.
 More Than Twenty-Five Negaunee People Left Last Month.

The Negaunee representatives of the railway and steamship companies are doing more foreign business now than at any time in months. Some twenty-five Negaunee people left here last month for their former homes, and even a large number of those who have returned from Europe this month. One of the Negaunee agents yesterday said that he has sold ten foreign tickets during the past two weeks and expects to close up several more within the week.

Ernest T. Adams, who arrived here a short time ago from the West, will leave tonight for Plymouth, England, sailing from New York on Saturday. He intends to return to this country in three or four months, but was undecided when he left here whether he would locate in Negaunee or in the West.

August Ryttkanen, the pop man, will leave Sunday night for their old homes in Finland. Mr. Ryttkanen recently received a letter advising him that his father is in poor health and that he is not expected to live very long. He is in hopes that he will arrive home before his father passes away.

Chris Johnson, his daughter, and the Mrs. child, also Mr. and Mrs. Nels Hanson, will leave Sunday night for their European trip. They will spend the greater part of their time in Denmark and they expect to return to Negaunee in three or four months.

LOCAL LAONICS.

A regular meeting of the council will be held this evening at 7:30 o'clock.

One extra admission gate and one or two carriage gates are to be provided at Union Park this week.

John Snowden, who submitted to an operation at the Negaunee hospital a month ago, is able to walk around.

Miss Marion Bedford, a member of the senior class of the Negaunee high school, is ill and confined to her home.

The touring car purchased by E. C. Anthony while in Detroit a few weeks ago, arrived yesterday. It came to Marquette on the Mahoning.

Clifford Dagenas, former proprietor of the Montreal House, who is now conducting a grocery business in Marquette, was here yesterday morning on business.

The services at St. John's church next Sunday will be holy communion at 8 o'clock; 10:30 morning prayer and firmen's memorial; Sunday school at 12 o'clock; evening song at 7:30.

The funeral of the late Mrs. W. F. Anderson, whose remains were received yesterday morning, will be held this afternoon at 2 o'clock with services at the house. Interment will be in Ishpeeming cemetery.

Sandy Johnson has purchased from his mother the dwelling occupied by the families of J. Swartzman and Joseph Lacombe. Mr. Johnson will occupy it as soon as the present occupants vacate and repairs can be made.

A meeting of the members of the Negaunee Alumni association has been called for this evening at 7:30 o'clock at the Case street school building, for the purpose of making plans for the reception and hop to be tendered the members of the senior class a week from tomorrow night, the 11th, in the basement of the new high school building.

Several people walking near Teal Lake Sunday evening were ambused by a crowd of boys, sixteen or seventeen years of age, who persisted in stoning them. One lady had a hat almost completely destroyed. As she was passing under the Lake Superior & Ishpeeming railway bridge, the boys, who were on top of the bridge, threw down sand on her.

Ten women and two men are employed this week cleaning the new high school building. All of the floors, windows, etc., are receiving attention. The building will be thoroughly cleaned from top to bottom prior to the exercises next week. The eighth grade exercises will be held in the auditorium Tuesday evening, the class day exercises Wednesday evening and the commencement proper and the dedication Thursday evening.

WASHINGTON CHAT.

Wynne's Resignation Recalls a Remark at Banquet to Him.

Washington, June 1.—Consul General Wynne, who has just "resigned" his post at London, came over to this country just before election. He was on leave of course, and like many other federal officials, residing abroad, intended to show his interest in political affairs by casting his vote for the Republican ticket.

A notice of congenial spirit's from Washington, where Mr. Wynne has lived a New York hotel that evening was one of the features of the welcome home. While all were around the board and each was having his joke this question was asked:

"What will 'Bob' do if Bryan is elected?"

Before the laughing over this had subsided, another good-natured soul ventured the following:

"What will 'Bob' do if Taft is elected?"

The jest did not sit very well upon the chief guest, who spent some time after the election trying to answer it to his own satisfaction. He finally departed for London, feeling that he was likely to remain for another four years. President Roosevelt did more to cheer him up than any one else, for he averred that as "Bob" was at the head of the consular list it was very unlikely that the new administration would make an example of him.

Almost three months of the administration have passed and as for as any one in congress is able to ascertain, President Taft has no particular favor as spokesman on the floor of senate or house. This position as spokesman while it is recognized in no government blue book or other authoritative docu-

TO IMPROVE BUILDING.

Frank Jane, owner of the building immediately west of the Sundberg block, which is owned by W. H. Israel, the photographer, has decided to remodel it. An addition twenty-five feet in length will be built to the rear and a new skylight will be put in. Other improvements will be made, and when the work is completed Mr. Israel will have an attractive studio.

ment, is highly coveted. President Roosevelt not only had spokenmen but also "leaders" in senate and house, who were commissioned for special occasions.

As far as the on-lookers in Washington have been able to observe, one Republican senator is given just about as much recognition at the White House these days as any other Republican senator, and no more. It used to be that some senators could go to the White House and be admitted immediately. There was no cooling of heels in the "little ante-room" just between the President's office and his secretary's office. Quite as much was true of two or three members of the lower house.

Now none in congress is so great or so favored that he towers above his fellows. There are no specially commissioned "leaders," and a contingent, who required considerable fame from these commissions to lead against the leaders that the senate and house had chosen, are relegated to the ranks.

President Taft has tried to carry on the rolls a number of men in whom President Roosevelt was interested. His efforts have not been crowned with tremendous success. He made two judicial appointments that Mr. Roosevelt desired. That was quite a month ago, and the senate has confirmed neither of them.

George W. Woodruff of Pennsylvania and Washington, the former Yale athlete whom President Roosevelt made assistant attorney general in the interior department, was nominated for second circuit judge in Hawaii, where he would be a colleague on the bench with ex-President and ex-Gov. Sanford B. Dole, a native of Skowhegan, Me. A display of protest went up from Hawaii. Judge Dole joining in it privately, and now it is announced that the nomination of Mr. Woodruff will be withdrawn and some resident of Hawaii given the place. A subcommittee on judiciary in the senate refused to report favorably, holding that it was a bequest from Mr. Roosevelt administration and that Mr. Woodruff did not have the requisite experience for so important a judicial position.

President Taft also nominated for judge in the territory of New Mexico Alford W. Cooley, a distant relative of Mr. Roosevelt, who made him assistant attorney general. That nomination has been hanging fire in the senate judiciary committee and it is still doubtful whether he will be confirmed.

LIVELY SESSION OF COUNTY BOARD

WITH CHAIRMAN POWELL ABSENT, USUAL SPIRIT OF HARMONY DID NOT PREVAIL.

HARRINGTON CASE BROACHED

Motion That Supervisors Recommend Discharge of Deputy Game Warden Throttled by Acting Chairman Trebilcock.

With Captain John Trebilcock in the chair in the absence of Chairman D. W. Powell, the members of the county board of supervisors were inclined to kick over the traces at the meeting yesterday, and the result was one of the liveliest sessions held for some time.

The most interesting feature of the meeting took place at its very close, when John T. Williams, of Ishpeming, moved that the board recommend to the state game warden the discharge of Deputy Wm. Harrington, because of his alleged rough handling of John McLean, a Marquette fisherman.

In prefacing his motion, Mr. Williams stated that the McLean episode was not the first instance in which men had been handled roughly without cause by Mr. Harrington. He cited the case of Nels Halliday, of Ishpeming, an aged fish pedler, whom, he declared, Mr. Harrington had grabbed by the neck and injured without cause last fall.

Ruled Out of Order.

Captain Trebilcock, however, must have been studying Speaker Cannon's methods of putting the gag on the base of representatives, for he ruled Mr. Williams' motion out of order, stating that the deputy game warden was a state officer and that the supervisors had no voice in his actions, appointment or removal. Inasmuch as Mr. Williams' motion was simply to recommend Mr. Harrington's discharge, it is difficult to see by what process of reasoning the captain arrived at his decision, for, in the past, the board of supervisors has considered many resolutions of less interest and importance to the residents of the county than this one.

However, the chairman's ruling seemed to find favor with the majority and Mr. Williams' appeal from the decision of judgment, made by Mr. Youghlith, which was declared carried by the chair amid great confusion. One member of the board said after the session that if they had gotten into the Harrington matter, the board would have remained in session until the middle of the afternoon. As it was 12:10 at the time of adjournment, the cravings of healthy appetites may have had something to do with the summary disposition of Mr. Williams' motion.

Dr. Smith County Physician. The committee appointed at the last

meeting to report on the appointment of a county physician was unable to agree and two reports were presented, the majority recommending the appointment of Dr. Smith, of Ishpeming, and the minority recommending the re-appointment of Dr. Flynn, of Marquette, to that office. After some discussion as to the proper parliamentary procedure, on recommendation of Prosecutor Bell, the two reports were placed on file and an informal ballot was cast for the two doctors recommended. The ballot resulted in twenty-three votes being cast for Dr. Smith and eleven for Dr. Flynn, and Dr. Smith was then unanimously declared the choice of the board.

In this connection the same special committee reported that contracts had been made with the Ishpeming hospital, the Andrus hospital at Negaunee, and St. Luke's and St. Mary's hospitals in Marquette, for the treatment of indigent patients, at the same prices as last year. They also recommended that a committee be appointed to investigate the feasibility of erecting tents or cottages on the county house grounds for the housing and treatment of indigent tuberculosis patients.

County Tuberculosis Hospital.

It was stated by a Marquette physician yesterday that the hospitals were averse to taking tubercular cases, and that the patients could not be properly cared for in a general hospital, anyway. The first plan for the erection of a tuberculosis hospital for the whole upper peninsula has been found to be impracticable, as united effort and cooperation cannot be obtained. As the next best thing, a movement is now on foot to provide suitable quarters for the tubercular patients residing in this county, who are not able to pay for treatment in private sanitariums. This plan is in line with that already adopted by Houghton county and in many other parts of the country.

The board instructed the same committee, assisted by A. J. Youghlith and D. W. Powell, to look up the cost of erecting some sort of a tuberculosis hospital on the county house grounds, and to report at the next meeting.

Game Warden Not Appointed.

There were six applications for the office of county game warden, made vacant by the resignation of John Mandley, accepted at the May meeting, but the board voted to place the applications on file until the next meeting, and took no action on any of them. The six applicants were: Michael Tasson, and George Hoeking, of Ishpeming; Jay T. Gillett and T. J. Maney, of Marquette; George Rouan, of Palmer, and M. Wollner, of Negaunee.

Two petitions for county bridges were read, both of which were referred to the committee on highways and bridges. Citizens of Skandia township asked that the county pay half of the cost of replacing the bridge across Nelson creek, and the residents of Ishpeming township requested that the county build a bridge across Dead river.

The next meeting of the board of supervisors will be held July 28.

Vandenboom's special milk for infants, which is now placed on the market at 10 cents per quart, is equal to the certified milk of Chicago, Boston and New York, which is now selling at 16 cents per quart. (6-1-1w)

ARRANGEMENTS BEING MADE. State Convention of Catholic Order of Foresters Here Next Week.

The Michigan state convention of the Catholic Order of Foresters will be held at Baraga auditorium next Tuesday and Wednesday, and about sixty delegates are expected to be in attendance.

The visiting members of the order will be guests of Bishop Verth court, No. 967, during this meeting, and preparations are now being made for giving the visitors a royal welcome. A program of great interest is being prepared, which will be given out to the public within the next few days.

The following committees have been appointed to arrange for the reception and entertainment of the visiting members of the order: Arrangements—John Siegel, Frank DuShane, Carl Tonella, Jos. Trudeau, Fred Douckers and Phil Carpenter. Reception—John Downey, Michael Madigan, Daniel Mullally, Frank Stengel, John Neault, Simon Toupin, Peter Grief, Eugene Henne, Thos. J. Flynn, J. P. Miller, Michael Curley, Wm. Leuninger, Michael Lally and John Keifer.

THEATRICAL.

"Lillian Russell."

Lillian Russell's success in the play "Wildfire" by George Broadhurst and George V. Hobart, in which Joseph Brooks is presenting the famous beauty this season is almost phenomenal. She steps from the old comic opera days to this new work with a lightness and grace that are irresistible. As the widow of this interesting bit of dramatic fiction, Miss Russell is more radiantly beautiful and far more artistic than ever and her newer career is the unfolding of historic possibilities which were never suspected except by the resourceful manager who enticed Miss Russell to take up the new endeavor. As plays go "Wildfire" is unique. It was chosen originally for the purpose of permitting Miss Russell a broader opportunity. It has turned out the one genuine and high class racing drama of the American stage to hold forth in the first class theatre. Miss Russell carried it by way of introduction and now she has a vehicle which it will be difficult to get away from. This is because of its spirited atmosphere and intensely human appeal.

Miss Russell is in the heyday of her career and her present success will be a treat at the opera house Saturday night.

CARD OF THANKS.

We desire to express our thanks to the many friends who contributed flowers, and to the choir of the church for the music rendered at the service, during the funeral of Oscar Eckstrom. MRS. ANNIE JOHNSON, and Relatives.

Use Japalac for decorating and replenishing woodwork and furniture, etc. Any size and color can be obtained from Kelly Hardware Co. Phone 503. (5-17-4f)

Secure your milk, cream, butter and buttermilk of the Marquette City Dairy, modern, sanitary and up-to-date. Bell phone No. 223. (5-17-1m) F. H. VANDENBOOM, Prop.

The Simple, Direct Method,

that is STEIN-BLOCH'S in tailoring: Brains in everything that is done, a serious purpose and resources beyond all hopes of small-shop competition—all these are focused on making for you, an American, clothes that fit you in better style and with better workmanship in them than any other clothes except those that would wrench your purse and your time to call your own.

A try-on makes all plain to you!
