BINGHAM LOSES HIS OFFICIAL HEAD

Following a Split With the Mayor New York City's Commissioner of Police Is Summarily Relegated to Private Citizenship

Insubordination Is the Ostensible Cause of This Drastic and Sensational Action, but in Reality, It is Declared, It Is the Superintendent's Independence of Politicians That Has Resulted in His Removal Only a Few Months in Advance of the Fall Elections

New York, July 1 .- One of the most drastic upheavels in New York city's grand exhibition of rowing by a crew police history occurred today when May remarkable for its physical power and or McClellan summarily removed Commissioner Theodore A. Bingham for in- ed Yale in their annual 'varsity boat subordination, after the latter's refusal race on the Thames, The crimson's crew to comply with the orders of the may- led from start to finish and won by or for certain changes,

Duffy, who, it was averred, twenty-eight years. The greatest crowd was repeatedly arrested without just cause and whose phtograph was retained in the rogues' gallery despite the failure of the police to obtain a conviction that at least forty-thousand people wit against him. The mayor held that at least two of Commissioner Bingham's lieutenants were guilty of misconduct in this affair, and accordingly he demand

ed their removal. With General Bingham's retirement today went several of his closest advisers and leading supporters of his regime. As the head of the new regime the mayor appointed Wm, F. Baker hitherto a deputy commissioner.

General Bingham and his friends were outspoken tonight in their declaration that the principal reasons for the maymunicipal elections of the autumn.

take up cudgels in behalf of General Pingham, and today the head of the Citizens' Union gave out a statement it which he said that the members of the union are with Bingham, "because we know he has not handled the police force in the interest of any politics or party,' and it was hoped, in view of the vital importance of "a fair election and an onest count this fall," that he would continue in office

General Bingham, who is a graduate of West Point, came to the New York police department shortly after he had retired from the United States army with the rank of brigadier general, He had occupied the post of superintendent of public grounds and buildings at Washington, but when President Roose velt succeeded McKinley the frequent differences of opinion between the two resulted in General Bingham's removal to an army post in Buffalo, where the loss of a leg in the performance of his duties resulted in his retirement. TWENTY-FIVE TEAMS COMPETE. Chicago and Los Angeles Woman Golfers Tie for the Higgins Trophy.

Chicago, July 1.-The Midlothian Country club of this city and the Los Angeles (Cal.) Country club are tied for first honors, with a score of six down, in the Woman's Western Galf association's competition for the Higgins team trophy, according to unofficial reports. Twenty-five teams of four women each competed in the annual event at eighteen holes, and in the majority of cases finished far below par.

The contest was conducted along the same lines as the struggle for the Tom Morris trophy this year. In former years the contest was held on one course, with the result that the Chicago clubs practically monopolized the event. The new plan threw the lists open to clubs in all parts of the West, with the result that the Pacific coast is now tied with Chicago for the lead. The tie will be played off in the same manner as to-

day's play. The Homewood club of this bity third, with nineteen down, and the Euclid club, of Cleveland, O., is fourth, with twenty down. The brilliant work of Miss Myra Helmer, who finished seven up, was the main factor in the low score of Midlothian. "It was a day of evening up in the

Concessions Granted for Lines on the Northern International Boundary,

City of Mexico, Mexico, July 1 .- Tha olan of the Mexican government to beit the northern international boundary of this country with a railroad is being cartied out by degrees. A concession has just been granted to the Cananea Concollidated Copper company, controlled by the Cole-Ryan interests, for the building of an important link in this frontier line. It will be about 250 miles long and will run from Immis, a station on the Sonors manch of the Southern Pacific, a short distance south of Nogales, to a connection with the Mexican Central at Candelaria, about fifty miles south of El Paso. This border railroad will pass through the Cananca mining district and Senator Scott, Senator Dick-to mention will touch at the frontier town of Agua only a few-are always on hand when Prieta, which has in times past been the scene of a number of incipient revolutionary uprisings against the Mexican government. The survey for the proposed railway is already in progress and lids for the construction work are now being received. The road will be firstclass in every respect and of standard gaage. The proposed road will afford a fireet connection between the more northern central portion of Mexico and the Pacific coast territory. That part of the Rio Grande border
