

HUNDREDS DROWN IN MEXICAN FLOOD

With River Out of Its Banks, the Result of Terrific Rains, Monterey City Is a Scene of Death, Desolation and Sorrow.

Rising Rapidly Fifty to Sixty Feet, the Ragging Waters Sweep Everything Before Them, Wiping Out 5,000 Abode Huts and More Pretentious Structures, Damaging Industrial Plants and Public Works and Causing a Financial Loss of \$20,000,000.

Laredo, Tex., Aug. 29.—Direct communication with Monterey was re-established by the Associated Press late tonight. It is now stated that the number of dead will reach twelve hundred and perhaps more.

Fifteen thousand people are homeless. The property loss is now estimated at twenty millions. Today over 500 bodies were recovered. The greatest loss occurred Saturday morning, when large buildings on the south side of the river crumbled and fell.

A Scene of Awful Desolation.—As a result of a disastrous flood, Monterey, Mexico, is a scene of death, desolation and sorrow. Rising rapidly yesterday, the waters of the Santa Catarina river mounted to even higher levels during last night, while falling rain added to the horrors and increased the suffering of the thousands of homeless people congregated in the plazas.

Whole Colonies Swept to Death.—When the flood reached a point near its crest early yesterday, many families were swept to death with hardly a chance of resistance. Many of the poor victims had sought shelter on the tops of their houses.

Monetary Loss in the Millions.—The financial loss will exceed the first estimates. The Monterey market suffered a loss of a million to two million. The steel plant is reported damaged to the extent of two million to three million.

BANKS GUARDED BY SOLDIERS.—Like the Bank of England, the Bank of France is now guarded every night by soldiers, who go sentry duty outside the building, a watch being likewise kept inside its precincts.

EARLY TEST OF RATE LAW.

Hepburn Act to Go Before the Supreme Court.

Until a Decision Is Given There Will Be Uncertainty About Future Legislation by Congress for the Regulation of Railroads.

Washington, Aug. 29.—Not many months will in all probability elapse until the country will know definitely whether the Hepburn railroad rate law, whether especially that part of it which gives the interstate commerce commission the power to regulate rates, will be upheld.

Several suits have been begun in the lower courts which involve the right of the commission to fix rates and pass on the question whether a rate is reasonable. But the one that seems likely will be the first to be decided.

The Southern Pacific at once enjoined the enforcement of the order of the commission. It brought a suit in the federal circuit court involving the power of the commission to say what a reasonable rate was and directly assailing the constitutionality of the law.

It is believed here that this case will result in a square decision on the proposition of the constitutionality of the act of congress in conferring on the interstate commerce commission the power to fix rates.

At the same time the commission decided the Willamette case. It decided several other lumber cases of large moment to the Pacific coast and also to a wide territory covering much of the Mississippi valley.

Many of the shelled into earlier their effects to higher ground. Some American residents of the hotels removed to remote sections. Not a train has entered Monterey for seventy-two hours.

At the Museum of Natural History in New York, recently a number of girls were sent in the interests of commercial houses to study the decorative effects of the fantastic fabrics of the Inca maidens of ancient Peru.

Rheims, France, Aug. 29.—A twilight vision of Paullian's monoplane soaring like a great white bird above the plain so high that it seemed to ascend above the rising moon, and the fleet "golden flier" as Curtiss' machine has been dubbed, smashing another world's record were the closing glories of "aviation week."

Today's Prix La Vitesse of 20,000 francs, divided into four races, was distributed to the four machines making three rounds of the course, a total distance of thirty kilometers at the greatest speed, first prize being won by Curtiss' machine, with a time of 47.4 seconds.

DAILY MINING JOURNAL A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

It appears to be a rule of the Newberry asylum that no one is to lift a finger against an inmate.

The Bessemer Herald suggests the reorganization of the old Lake Superior Ironmen's association, to include Bessemer, Ironwood, Hurley, Eben, Ontonagon and a number of other towns within a radius of 100 miles of one another.

Governor Hughes has begun a series of addresses in New York in support of the direct nominations system, which is one of the vital questions now at issue in that state.

The owners of the Indianapolis automobile track, where five persons were killed in the course of the recent races, have been held responsible for the fatalities by a coroner's jury which made an exhaustive investigation.

Escanaba's celebration last week was marred by a distressing fatality, which is doubly regrettable for the fact that it was so unnecessary.

The public is pretty well persuaded that there is something badly amiss in the Pressed Steel Car company's plant, from which 3,500 men walked out recently.

One thing that operates against the local option movement in this and other states is the money cost of abolishing the saloon.

The surprise in regard to the affair is that the Newberry News, which must within a measure be amenable to the influence of the trustees residing at Newberry, should print a viciously misleading statement of the occurrence.

THE MONEY COST. One thing that operates against the local option movement in this and other states is the money cost of abolishing the saloon.

The Rheims airship trials proved to be a succession of record breaking performances that closed with an Englishman, Henry Farman, in a bi-plane of his own design, breaking all previous records by remaining three hours and five minutes in the air, in the course of which he covered 118 miles.

Mr. Bryan is going to write a letter to the Saratoga conference that is to essay the task of reorganizing the Democratic party in New York. It is fitting that the conference should hear from Mr. Bryan, for he is the cause of the party's present plight in the Empire state.

AN UNJUST ATTACK. C. J. Byrns, a member of the board of trustees for the Newberry asylum, is the latest state official to be signaled out for an unjust attack.

Last week, when the board visited the institution, Kozl Kazimir, a patient in the violent ward, who on a previous occasion had hurled a potato at another member of the board, and who has usually made violent demonstrations on occasions of visits by the board, struck out viciously at Mr. Byrns and landed on the point of his jaw. Mr. Byrns pushed Kazimir from him and he was taken in charge by two attendants and restrained.

It has been stated that the matter will be brought to the attention of the governor, and that a special meeting of the board of trustees will be called to consider it. The Newberry News goes so far as to make the assertion that Mr. Byrns will be called upon to resign. The News, it appears, is able to look far into the future.

THE MONEY COST. One thing that operates against the local option movement in this and other states is the money cost of abolishing the saloon.

OSCEOLA COUNTY FURNISHES AN EXAMPLE OF THE WAY TAXES MOUNT when the income from licensing the liquor business is cut off. Osceola county was "wet" in 1908, and its tax levy was \$20,000. It is "dry" this year, and the tax levy for 1909 is \$3,000, an increase of 65 per cent. For the March and June terms of 1908, when the county was "wet", the expense of circuit court was \$1,346.16. For the same terms this year, when the county is "dry", the expense was \$1,791.27. Also the county poor farm expenses increased \$2,000 this year.

MINE ACCIDENTS AND THEIR CAUSES

JOHN T. QUINE, MINE INSPECTOR FOR MARQUETTE COUNTY, READ INTERESTING PAPER AT MEETING OF L. S. MINING INSTITUTE.

At the business session of the Lake Superior Mining Institute, held Thursday evening at the Alger county court house at Munising, John T. Quine, of this city, mine inspector for Marquette county, read the following paper on mine accidents:

Being asked to prepare a paper to be read before the members of the Lake Superior Mining Institute, on the condition of our mines relative to the prevention of accidents, the sanitary condition and the general welfare of the miner, I find it has entailed a considerable amount of work, but in so doing it may be the means of preventing an accident, or in any way making it more pleasant for my fellow men, I shall feel amply repaid for my efforts in this direction.

Explosive Manufacturers Experimenting. The manufacturers of explosives are also experimenting along the line of lessening the danger incident to handling the same. They are placing upon the market a non-freezing powder, thus lessening the danger incident to thawing the same.

Skilled Labor Scarce. The labor question is the most serious one we have to contend with at the present time. Skilled labor is getting scarcer every year in our mines, due in part to the greater demand from new properties which are being opened, and also some of our best men have gone to other fields and the time has come now when every man is a miner, especially so in years when labor is scarce.

Improved Sanitary Conditions. The sanitary condition of our mines relative to good air, bad odors, lessening of the dust from drilling, is generally pretty fair, but I think might be improved upon, making the conditions surrounding the man while at their work more comfortable.

Death Rate Compared. The death rates of Gogebie and Marquette counties are considerably higher than those of the district of Columbia, due to the fact that in the latter there are no mines.

Today's weather: Fair. Yesterday's temperatures: Seven a. m., 52 degrees; noon, 52; 7 p. m., 52. Maximum, 54 degrees; minimum, 51.

The indoor baseball nine will practice at the Guild Hall this evening.

Miss Nellie R. Dixon, of Detroit, is visiting her sister, Mrs. George Denny.

Mrs. Frank H. Farnum, of Detroit, is visiting Mrs. Lawrence W. Atkins, on Arch street.

Miss Anna Harrington has returned home after spending two weeks in the copper country.

The members of the second baseball team enjoyed a banquet at the Colonial Inn Saturday evening.

The G. I. A. to the B. of L. E. will hold a picnic at Presque Isle Tuesday afternoon at 2:30 o'clock.

S. E. Thompson, manager of the Iron-wood branch of the Ferguson Business college, was in the city Saturday.

Mrs. James Jamison, of North Front street, left for Chicago Saturday, to spend two weeks with old-time friends and associates.

A special meeting of Albert Jackson post, G. A. R., will be held in the post room this evening at 8 o'clock. Business of importance is to be considered.

Edgar Friday and Beecher Sterne, United States internal revenue inspectors, of Washington, D. C., are in the city. They are in the upper peninsula on a business mission.

The Timoneta, east bound, was in port Saturday evening, and the Juniata west bound, Sunday morning. Both boats had a large passenger list. The passenger boats report an unusually good business during July and August, and that more people than ever before are making a round trip tour of the great lakes.

W. A. LeDuc, of Manistique, has accepted a position with the Cannon grocery company, as salesman for the city of Marquette. Munising and Newberry are also included in his territory. He commenced work last week. It is his intention to move his family here in the near future. Mr. LeDuc has had much experience on the road as a cigar salesman.

With the Ore Boats—At the L. S. & I. dock, the Minch cleared for Buffalo Saturday, and the Grammer and Andaste for Ashabula yesterday. The Boland, Langan and Peter White are at the dock this morning. At the South Shore dock the Hart has cleared for Buffalo and the C. M. Warner and Fronteneau for Cleveland. The Shuck is at the dock.

Ishpeming Next Sunday—Ishpeming and Marquette will be the opposing teams at the fair grounds next Sunday and it is altogether probable that another double-header will be played, as there is a postponed game to be played off. Marquette is now stronger than at any time this season and two games with the leaders of the league should draw a record crowd. The members of the home team declare that they intend to take both of the games.

Will Tucker Making Good—Will Tucker of Leelanau of this city, presented Albert's "Like as the Heat" at the Baptist church yesterday morning. Many exceedingly favorable comments were heard it having come as a surprise that the young Mr. Tucker had developed an exceedingly good harp. He has a voice of great quality and range. He has studied under Professor Holt of Chicago and the intelligent interpretation and artistic finish he gave Albert's best composition reflected painstaking study under competent direction. Mr. Tucker is a graduate of our city schools and is now holding a responsible position with Fairbanks & Mose Manufacturing company in Beloit. He is another of our Marquette boys who is making good.

No Ball Games Yet—Though the county fair is little more than a week away, no arrangements have yet been completed for ball games on that occasion. It has been generally supposed that the Marquette-Alger county league teams would play a series of special games at the fair, but there is a hitch as to the size of the purse to be put up that has not yet been adjusted. The Ishpeming and Negaunee teams of our city schools are now holding a responsible position with Fairbanks & Mose Manufacturing company in Beloit. He is another of our Marquette boys who is making good.

**"In Wyoming"**

One of the strongest dramas of western life produced in several seasons is "In Wyoming," which has enjoyed remarkable popularity. It comes to the opera house on Friday night, with the original cast and production. Cecil Kirke, one of the finest actors of dramatic roles on the stage today, appears in the stellar role of "Bob Rickards," cowboy and scout, a role in which he has won the great success of his career. The play is a highly effective picture of life on a great cattle ranch in the state of Wyoming.

The hero, Bob Rickards, is the embodiment of what most people love to see, for he has both the good and bad qualities that enter into the charm of frontier life. He has killed his man; he has gambled; he has not lived a life of spotless purity; he helps to lynch some cattle thieves, but he is strong, brave, generous, sound at heart, full of resource, and a man to trust with anything. Into the role, elemental life of the man, who never bullies or lies, enters a pretty, little Vermont school teacher, and full of the race traditions of her Puritan inheritance. It is the most natural thing in the world for Bob to fall in love with this, the first woman of the better class he has ever known. But it is different with Jennie Summers. She resists the attractiveness exerted over her by her handsome, picturesque lover, with his gentle voice and virile power, because of her superior breeding and gentle ways. It is a battle royal between her heart and her prejudices; but at last she comes to see that after the manner of other American women, she cannot help loving a man "who is a man" and the cowboy proves her master.

**"Lena Rivers"**

Friday night on our local stage by Nixon "Lena Rivers," as presented by Sattler & Co., comes with the best endorsement and our theater-going people are assured of seeing a good play, put on by good actors. "Lena Rivers" has been dramatized by Miss Beulah Poynter from Mary J. Holmes' famous novel. Miss Poynter, wishing to fit herself best to dramatize "Lena Rivers," made a careful study of the book and then decided to visit the scenes, as the story is a true one in a great many respects. Believing she could get so much better conception by actually knowing the "local" and seeing the class of people which the story is written around, she spent one-half her summer at the little village of Shelburne, Mass., and the balance near Frankfort, Ky., where Lena grew up and spent the balance of her life after leaving Shelburne. Although conditions had changed somewhat in the years since the book was written, there was a great many of the characteristics of each place that were still unchanged. A number of the people whom Mrs. Holmes took as models were to be found in each place and were very much flattered by the interest they aroused.

BY GLIMPSES ONLY.

We get our knowledge of perfect love, by glimpses and in fragment chiefly—the rarest only among us knowing what it is to worship and adore, reverence and cherish the one we love, and to give our thoughts to one and the same thing, under inspiration of the same object. Finest aromas will so often leave the fruits to which they are native and cling elsewhere, leaving the fruit empty of all but its coarse structure.—George Eliot.

**SEALED BIDS FOR CONSTRUCTING HIGHWAYS.**

Sealed bids will be received by the board of Rock River township and the commissioner of highways thereof for the construction of a highway in the village known as the Chatham-Marquette county road, the said six miles being divided into fifteen stations, and a separate bid to be tendered for each station, together with a certified check in the sum of \$10 for each station; the said check or checks to be forfeited in case the successful bidder shall fail to execute a contract within ten days from the time of the acceptance of the bids.

Drawings and specifications are on exhibit at the town hall at Chatham, and copies of the specifications will be on exhibit at the following places: The postoffice at Chatham, Eben Junction and Rumely, and the store of J. H. Gattiss at Chatham. Bids to be made upon blanks which may be secured at the foregoing places or from the undersigned.

The said sealed bids will be received until Tuesday, Sept. 7, 1909, at noon.

Mr. Jerome's position as a candidate for the nomination of the Tammany party for the office of district attorney is growing weaker.

It explains—or is explained by growing intimacy with such Tammany leaders as Sheriff Tom Foley.

It gives reason for Jerome's withdrawal from the party.

A disposition to accept any nomination cannot be taken but as Jerome's position is not within the range of political possibility that the Republican should make Jerome's candidacy.

## ELKS PLAY CLOSE AND AMUSING GAME

NEGAUNEE DEFEATED ISHPeming IN A CONTEST THAT REQUIRED AN EXTRA INNING TO FINISH.

A good sized crowd witnessed the baseball game at Union Park Saturday afternoon between the Negaunee and Ishpeming Elks, in which the latter were defeated by the score of 13 to 12.

Ludington, Collins and Roberts were in the points for the Ishpeming bunch and "Lud" had the Negaunee batter guessing for the first three innings.

The Ishpeming herd took their Negaunee brethren off their feet in the first inning when five hits were made and seven runs were brought in.

Mayor Keese of Ishpeming was by far the biggest feature of the day, his hitting and base running being sensational and his one-hand catch of a wild throw was by far the best seen on the park during the season.

The summary follows: Ishpeming—A. B. R. H. P. O. A. E. Roberts, c. 4 2 2 18 0 0; Ludington, p. 30 4 1 1 2 1 0; Keese, 1b. 3 3 4 2 2 0 0; Wanek, 2b. 3 3 2 4 0 0 0; Collins, 3b. 5 5 2 4 0 2 1; Fitzpatrick, ss. 4 1 1 2 2 1 1; Ramsdell, rf. 3 0 1 0 0 1 0; Kinsman, cf. 5 0 0 0 0 0 0; O'Keefe, lf. 4 1 0 0 0 0 0; Ruoz, r.f. 3 0 1 0 0 0 0.

## MEN HARD TO GET.

Many Companies Operating Mines Short of Hands.

It is reported from practically all of the iron mining districts of the Lake Superior country that additional men could be used to advantage.

The Breitung estate is rushing out of the ore from the Mary Charlotte property at a more rapid rate than at any previous time this season.

The Richmond mine, on the Cascade range, will perhaps be obliged to abandon its night shift on account of a shortage of men.

## BAXTER MINE OWNERS FAVORED IN DECISION.

U. S. JUDGE SANBORN OF WISCONSIN DECIDES AGAINST PLAIN-TIFFS IN SUIT IN WHICH MARQUETTE COUNTY PEOPLE ARE CONCERNED.

A dispatch from Janesville, Wis., states: "In the suit of Joseph H. Winter of Negaunee and Randall P. Bronson of Ishpeming, Mich., promoters of the so-called 'Baxter pool,' to recover \$35,000 from W. F. Palmer, George S. Parker, S. B. Leach, J. M. Bostwick, estate, and R. M. and J. L. Bostwick, local owners of the Baxter lead and zinc mine in the Plattville district, United States Judge Sanborn today rendered a decision at Madison in favor of the defendants on all points involved and allowed their cross-bill for surplus earnings in full.

It has been adopted for over one hundred public monuments, and by thousands of delighted customers in all parts of the country. It has been on the market over 25 years and is an established success. Many granite dealers have bought White Bronze for their own burial plots. I have hundreds of beautiful designs of all grades of work, and want to have you see them if you are interested in a monument, headstone, marker or grave cover. The members of the second baseball team enjoyed a banquet at the Colonial Inn Saturday evening.  
The G. I. A. to the B. of L. E. will hold a picnic at Presque Isle Tuesday afternoon at 2:30 o'clock.  
S. E. Thompson, manager of the Iron-wood branch of the Ferguson Business college, was in the city Saturday.  
Mrs. James Jamieson, of North Front street, left for Chicago Saturday, to spend two weeks with old-time friends and associates.  
A special meeting of Albert Jackson post, G. A. R., will be held in the post room this evening at 8 o'clock. Business of importance is to be considered.  
Edgar Friday and Beecher Sterne, United States Internal revenue inspectors, of Washington, D. C., are in the city. They are in the upper peninsula on a business mission.  
The Tionesta, east bound, was in port Saturday evening, and the Juniata west bound, Sunday morning. Both boats had a large passenger list. The passenger boats report an unusually good business during July and August, and that more people than ever before are making a round trip tour of the great lakes.  
W. A. LeDuc, of Manistique, has accepted a position with the tannin grocery company, as salesman for the city of Marquette. Manning and Newberry are also included in his territory. He commenced work last week. It is his intention to move his family here in the near future. Mr. LeDuc has had much experience on the road as a cigar salesman.  
With the Ore Boats—At the L. S. & T. dock, the Minch cleared for Buffalo Saturday, and the Grammer and Andaste for Ashland yesterday. The Boland, Langan and Peter White are at the dock this morning. At the South Shore dock, the Hart has cleared for Buffalo and the C. M. Warner and Frontenac for Cleveland. The Shuck is at the dock.  
Ishpeming Next Sunday—Ishpeming and Marquette will be the opposing teams at the fair grounds next Sunday and it is altogether probable that an other double-header will be played, as there is a postponed game to be played off. Marquette is now stronger than at any time this season and two games with the leaders of the league should draw a record crowd. The members of the home team declare that they intend to take both of the games.  
Will Tucker Making Good—Will Tucker of Beloit, late of this city, presented Alliston's "Like as the Heart" at the Baptist church yesterday morning. Many exceedingly favorable comments were heard it having come as a surprise to the young Mr. Tucker, and developed an exceedingly unusual harmonic voice, of good quality and range. He has studied under Professor Holt of Chicago and the intelligent interpretation and artistic finish he gave Alliston's best composition reflected, (mistakingly) upon the arrangement directed by Mr. Tucker, is a graduate of our city schools and is now holding a responsible position with Fairbanks & Mace Manufacturing company in Beloit. He is another of our Marquette boys who is making good.

**NO BALL GAMES YET**—Though the county fair is little more than a week away, yet the arrangement to have the fair for ball games on that occasion. It has been generally supposed that the Marquette-Alger county league teams would play a series of special games at the fair, but there is a hitch as to the size of the park to be set up that has not yet been adjusted. The Ishpeming and Negaunee teams want the fair management to put up a purse of at least \$500 and declare they will not play for any less. It is stated that the offer made by the fair people does not exceed that of last year, when \$300 was divided among the contesting teams. This is a matter that should receive immediate attention, as the fair will be decidedly lacking without baseball in the minds of many Marquette people.

**THEATRICAL.**  
"In Wyoming."  
One of the strongest dramas of western life produced in several seasons is "In Wyoming," which has enjoyed remarkable popularity. It comes to the opera house on Friday night, with the original cast and production. Cecil Kirke, one of the finest actors of dramatic roles on the stage today, appears in the stellar role of "Bob Rickards," cowboy and scout, a role in which he has won the great success of his career. The play is a highly effective picture of life on a great cattle ranch in the state of Wyoming.  
The hero, Bob Rickards, is the embodiment of what most people love to see, for he has both the good and bad qualities that enter into the charm of frontier life. He has killed his man; he has gambled; he has not lived a life of spotless purity; he helps to lynch some cattle thieves, but he is strong, brave, generous, sound at heart, full of resource, and a man to trust with anything. Into the rude, elemental life of this man, who never bullies or bull, enters a pretty, little Vermont school teacher, and full of the race traditions of her Puritan inheritance. It is the most natural thing in the world for Bob to fall in love with this, the first woman of the better class he has ever known. But it is different with Jennie Summers. She resists the attractiveness exerted over her by her handsome, picturesque lover, with his gentle voice and virile power, because of her superior breeding and gentle ways. It is a battle royal between her heart and her prejudices. But at last she comes to see that after the manner of other American women, she cannot help loving a man "who is a man" and the cowboy proves her master.  
"Lena Rivers."  
Lena Rivers, our local stage by Nixon & Co., comes with the best endorsement and our theater-going people are assured of seeing a good play, put on by good actors. "Lena Rivers" has been dramatized by Miss Beulah Poynter from Mary J. Holmes' famous novel. Miss Poynter, wishing to fit herself best to dramatize "Lena Rivers," made a careful study of the book and then decided to visit the scenes, as the story is a true one in a great many respects. Believing she could get so much better conception by actually knowing the "local" and seeing the class of people which the story is written around, she spent one-half her summer at the little village of Sleemerville, Mass., and the balance near Norfolk, Ky., where Lena grew up and spent the balance of her life after leaving Sleemerville. Although the conditions had changed somewhat in the years since the book was written, there was a great many of the characteristics of each place that were still unchanged. A number of the people whom Mrs. Holmes took as models were to be found in each place, leaving the fruit entirely of all but its coarse structure—George Elliot.  
BY GLIMPSES ONLY.  
We get our knowledge of perfect love, by glimpses and in fragment chiefly—the rarest only among us knowing what it is to worship the gods, recover what is cherished, divide our bread and mingle our thoughts at one and the same time, under inspiration of the same object. First and foremost will so often leave the fruits to which they are native and cling elsewhere, leaving the fruit empty of all but its coarse structure—George Elliot.

TAMMANY SHIES AT JEROME

Wm. Travers' Indorsement by the Whigs Not Likely.

Too Stingy With the Spoils of Office, the District Attorney Has Breakers Ahead—Strategically, His Position Grows Weaker.

New York, Aug. 29.—Mr. Jerome's announcement that he will be a candidate to succeed himself and will accept any indorsement of his candidacy confirms previous estimates of his position regarding a renomination for district attorney.

Jerome running on a Tammany Hall ticket would be indeed a strange spectacle to those regularly to the reformer and anti-Tammanyite of the days of the red light crusade.

In the opinion of a good many experienced observers, Jerome does not stand as strong today as he did two months ago when the preliminaries of his campaign were arranged.

There is reason to believe that Mr. Jerome has appreciated the trend of things in this direction during the last few weeks, for he has been a part of the Tammany machine almost from boyhood and in the mayor's office could be counted upon to be "regular" in all particulars.

Thousands Have Kidney Trouble and Never Suspect It. How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours.

warm friendship with that gentleman, would gladly support him. Aside from this there is every reason to believe that substantial harmony would exist between Justice Dowling and Jerome in office together, for it has happened, either by design or coincidence, that nearly every time that Mr. Jerome has had an uncomfortable situation to handle like that raised by the traction investigation, or some of the insurance cases, it has been Justice Dowling to whom the grand jury has reported.

But, if Dowling is nominated, it will be because Dowling is believed to be such a tractable candidate as the wig-wag desires, and not because Dowling's personality has any dominant place in the situation. Therefore Dowling's wishes are not very likely to be consulted in the matter of Tammany's choice for district attorney and the answer to Jerome's invitation will be governed by other considerations.

On another score also, it is considered unlikely that Leader Murphy will finally indorse Jerome. With no very definite prospect for an effective fusion of the reform elements, and little or no chance that the fusion party when or if developed will take up Jerome provided Tammany leaves him alone, Mr. Murphy in naming his own man for district attorney will have exactly the situation that is now before him.

On the other hand, should Tammany indorse Jerome, such action would simply add one more vulnerable candidate to its ticket, and one more issue for the reform elements. It has got to stand the charge now of having McClellan surrender the police department to the domination of political forces, and this charge will be made and effectively dealt upon whether or not McClellan and his friend McCarran finally turn up an article of leader Murphy when the actual struggle begins.

Whom Tammany might nominate against Jerome is entirely in doubt. There are plenty of available candidates with all varying degrees of respectability, and as has been remarked in this correspondence before, Tammany Hall has never had any trouble in getting a candidate to fit the degree of respectability that it desired to assume at any given time.

doubtless be heard that Mr. Murphy is going to indorse Jerome. It would be good policy to let this be said right down to the very end of the convention, for the longer Jerome was allowed to stand in the attitude of a suppliant for Tammany consideration, the more incongruous would be his position before the people when, disappointed in his suit, he turned upon his friends and Tammany from the stump.

CUT IT OUT AND LIVE FOREVER. As a result of investigations which he has been pursuing at St. Mary's hospital, London, during the past year, Dr. Distaso of Paris is convinced that Metchnikoff's plan for warding off old age by removing the large intestine is soundly based.

In the patients experimented upon who had every intestinal lumen greatly improved health during the year or more which has elapsed since their operation, a number of new germs have been discovered. They are thought to be harmless germs, whose action, if there is any, is beneficial to the system.

Dr. Distaso said today: "My experiments have proved we could all live better off without the lower intestine, which is nothing more or less than a great breeding place for disease germs. Almost every chronic disease may be traced back to the action of these germs—chronic heart disease, artreic sclerosis, and most kinds of headache—being examples."

ELKS PLAY CLOSE AND AMUSING GAME

NEGAUNEE DEFEATED ISHPPEMING IN A CONTEST THAT REQUIRED AN EXTRA INNING TO FINISH.

A good sized crowd witnessed the baseball game at Union Park Saturday afternoon between the Negaunee and Ishpeming Elks, in which the latter were defeated by the score of 13 to 12.

Ludington, Collins and Roberts were in the points for the Ishpeming bunch and "Lud" had the Negaunee batters guessing for the first three innings, having six strike-outs to his credit.

The Ishpeming bunt took their Negaunee brethren off their feet in the first inning when five hits were made and seven runs were brought in. In the fifth Negaunee got back by scoring three runs, one of them a home run by Mitchell, and scoring six runs.

The summary follows: Ishpeming—A. B. R. H. P. O. A. E. Roberts, c. 4 2 2 18 0 0 0. Ludington, p. 3 4 1 1 2 0 0.

Negaunee—A. B. R. H. P. O. A. E. Murphy, l. 3 2 2 0 1 3 2. Burris, l. 1 0 0 0 0 0 0.

Score by innings: Negaunee 0 4 1 1 6 0 2-13. Ishpeming 7 1 0 1 4 2 0 1-12.

It is reported from practically all of the iron mining districts of the Lake Superior country that additional men could be used to advantage. The forces are being increased at many properties. A number of mines that have been idle for years have been started up during the past few months.

ISHPEMING

ISHPEMING IN BRIEF.

Gray Robar left Saturday night for Iron Mountain, where he intends to locate.

Miss Jessie Cocking, who has been visiting in this city on a vacation, returned to her home in Calumet yesterday.

Alex. Swanson is putting in a basement and concrete block foundation at the Dierke store building, on the range west of here.

Miss Nellie Kane, bookkeeper of J. J. Leifer, is off duty on a vacation, which she will spend with friends in Chicago, for which place she left last evening.

Miss M. Huebner and her sister, Mrs. Sylvester, arrived home Saturday from New York and Chicago, where they spent the past three weeks looking into the new styles in millinery.

The Gatelys triumphed the Indians yesterday morning on the Oliver grounds to the tune of 10 to 8. SHIELDS and Maki won the battery for the Gatelys and Johnson and Argel for the Indians.

The Ishpeming league baseball team expects to meet the creek mine at the Marquette picnic some day this week. The picnic team has defeated nine composed largely of the players in the league teams at Marquette and Negaunee.

The remains of the late Mrs. Michael Conroy, who died last Thursday night at Wausash, were received in Ishpeming Saturday afternoon. Services were conducted at St. John's church by Rev. J. A. Keel, the pastor, and interment was in Ishpeming cemetery.

Adam Kangas and wife, who recently returned to the city from Marquette, where they resided for twelve years, were given a social surprise by a number of their friends at their home on North Third street Friday evening.

Charles Wagner, who pitched yesterday's game against Negaunee, signed with the team Saturday for the remainder of the season. When he was here the other part of last week he expressed doubt that he would be able to have the right course, but after going home he decided to return.

LOCALS HIT BALL HARD

Home Team Made Ten Hits in First Game and Six in the Second, and Fielded Well—Munising Played Wretchedly.

Table with columns W, L, P.C. and rows for Ishpeming, Negaunee, Marquette, Munising.

Marquette won both games of the double header with Munising yesterday and consequently now have a percentage of 500, having won and lost nine games this season.

The Munising team is badly broken up, which accounts in large degree for their inefficient playing yesterday. Hagadorn who did the receiving, was unable to hold Baker, which partially accounts for the many hits made off him.

Clinton who pitched the second game, made an even better record, though it was in the box but five innings. But one hit was made off him, and that in the fifth inning when Nelson knocked a grounder too hot for Young to handle. He struck out eight of the sixteen men who faced him.

Munising pitchers, on the other hand, were hit almost at will. Crawford started the first game but was replaced in the sixth inning by Nelson, though he was pitching far better than his teammates were supporting him.

For Free Lunches Must Go Sept. 1—Also Liquor Signs.

Sad and lonesome are the days of the free lunch man. Gone are his chances of consuming a luscious sandwich and a hot victrol with a few dozen pretzel-throwers in.

Nearly all of the saloon men are glad that the law has been passed. None of them are particularly fond of the expense which a lunch counter entails as it is considerable. They have had to have them, however, because the main road door had them.

But that is not all that is going to happen to the saloon business. Beginning Sept. 1st, all the signs on the outside of buildings, which denote to the thirsty man the fact that there is a haven of rest within must be taken down.

The Marquette County Telephone company will shortly install a new kind of telephone in the homes of the Chocelay township subscribers, which are known as automatic lock-out telephones.

A large crowd was in attendance, in spite of the chilly weather, which made an overcast decidedly comfortable. The receipts of the games, amounting to about \$200, went to the Munising team, as the game should have been played on their grounds according to the schedule.

ANTI-CIGARETTE LAW IN EFFECT SEPT. 1

STATUTE PROHIBITS THE SALE OF ADULTERATED CIGARETTES AND THE USE OF CIGARETTES BY MINORS—SALE TO MINORS IS ALSO PROHIBITED.

The new law which prohibits the sale of adulterated cigarettes and the use of cigarettes by minors takes effect on Sept. 1. It is as follows: Section 1. Any person within the state who manufactures, sells or gives to any one cigarette containing any ingredient deleterious to health, foreign to tobacco, shall be punished by a fine of not more than fifty dollars or imprisonment in a county jail for not more than thirty days.

Section 2. Any person within this state who sells, gives to, or in any way furnishes any cigarettes in any form to any person under twenty-one years of age shall be punished by a fine not to exceed fifty dollars, or imprisonment in the county jail not to exceed thirty days for each offense.

Section 3. Any person under twenty-one years of age who shall smoke or use cigarettes, in any form on any public highway, street, alley park or other lands used for public purposes in any public place of business, may be arrested by any officer of the law, who may be cognizant of such offense; and further, it shall be the duty of all such officers, upon complaint of any person and upon warrant properly issued to arrest such offenders and take them to the proper court. In case the offender is found guilty, the court may impose a punishment at its discretion, in the sum of not to exceed ten dollars, or imprisonment in the county jail not to exceed five days for each offense.

Section 4. Any person who knowingly harbors any person under twenty-one years of age, or grants or grants the privilege of gathering upon or frequenting any property or lands held by him for the purpose of indulging in the use of cigarettes, in any form, shall be held in the same penalty as provided for in section two of this act.

NORTHERN STATE NORMAL SCHOOL —MARQUETTE— School Begins Monday, Sept. 27, '09. The Northern State Normal School admits graduates of approved high schools to the two years' course leading to a life certificate and diploma. It offers courses leading to a three-year certificate, which is renewable for three years and valid in graded schools, and also a rural school certificate. Has excellent facilities for training teachers for special work in Kindergarten, Music, Drawing and Nature Study. It has an exceptionally fine corps of teachers who are specialists in their departments, and its training school gives a splendid opportunity for the training of teachers. There is a splendid dormitory in connection with the school, which is an ideal home for the student. The building is lighted with electricity and heated with steam; the living rooms are large and pleasant; the dining room has a seating capacity of one hundred and fifty persons. The expenses are moderate. Students of the Northern Normal School who finish the life certificate course are given fifty-six hours' credit at the University of Michigan.
