

ONCE IS ENOUGH FOR EXPLORER COOK

He Assures His Auditors at Copenhagen That He Does Not Want to Go to the Pole Again, Either North or South.

Talking to Newspapermen, and Answering All Questions, He Tells of His Trip and His Discoveries and Says He Is Prepared to Lay His Data Before Geographical Societies Everywhere, Confident He Will Obtain Authoritative Recognition.

Copenhagen, Sept. 5.—The most detailed account of his experiences in the Polar zone yet given by Dr. Cook was related to a large body of newspaper correspondents whom he met at his hotel last evening. Dr. Cook consented to answer all questions.

Tells of His Observations. Dr. Cook said that on previous expeditions he did very little observational work, "but this time," he continued, "we had started to reach the pole and everything else was a secondary consideration. As it was not possible to carry certain apparatuses, it was impossible to take soundings. We carried only the necessary simple instruments for astronomical observations and were lucky to obtain observations virtually every day. The positions noted must have been nearly correct. We had three chronometers, one watch, compasses and sextants. All were carefully controlled by each other. The watch, however, got out of order.

Views of Captain Nansen. Christiania, Sept. 5.—Captain Fridtjof Nansen returned here last evening from Bergen. Telegrams requesting an opinion on Dr. Cook's achievement awaited him. To correspondents he said today that reports in the newspaper reports were apparent, and that certain points of the published statement required elucidation and scientific examination. Personally, Captain Nansen declared that he had confidence in Dr. Cook's statements. He himself considered it possible to reach the North pole by the aid of dogs, but he pointed out that the placing of a sealed report and the planting of the Stars and Stripes in ice were useless, as the drift would take them far away from the spot.

WARSHIPS START LONG VOYAGE. Bound for the Philippines, Eight Cruisers Sail from San Francisco. San Francisco, Sept. 5.—In full war paint, dull gray, the first squadron of the Pacific fleet, comprising eight of the fastest armored cruisers in the American navy, sailed through the golden gate this afternoon on the first leg of a six months' cruise to the Far East. The object of the voyage is to test the efficiency of the vessels. Rear Admiral Sigsbee is in command.

BRITISH SQUADRON COMING. Four Cruisers to Participate in the Hudson-Fulton Celebration. London, Sept. 5.—Not since Great Britain adopted the policy of keeping a main fleet in home waters has such a modern squadron as that which sails for New York at the end of the week to participate in the Hudson-Fulton celebration visited a foreign country. It is made of the inflexible and the Drake, Duke of Edinburgh and Argyle, which are the advent of vessels of the flexible class were considered the strongest cruisers in the service. The squadron will make a notable array in New York harbor. In command of the squadron is Admiral Sir Edward Hobart Seymour, of whom Admiral Bevoey spoke highly after the incident in Manila bay and who became better known to Americans in the Peking expedition.

RUSSIAN FUGITIVES DEPORTED. One Hundred and Twenty Refugees Go Back to Siberia from Alaska. Chicago, Sept. 5.—One hundred and twenty Russian fugitives were deported Saturday from Nome, Alaska, to Siberia, according to a statement issued by D. J. Keefe, commissioner of the department of commerce and labor. The government is said to have proceeded on the ground that the fugitives, whether political or criminal refugees, violated the immigration act by entering United States territory without examination.

THEIR HOME FOR TWO MONTHS. Japanese Commercial Commissioners to Travel by Special Train. Seattle, Wash., Sept. 5.—The Japanese commercial commissioners who will begin their tour of the United States tomorrow, slept on their special train to-night. The train will be their home for more than two months, but in the cities where they will make a stay of more than twenty-four hours they will stay at hotels.

FINDER OF THE POLE DINES WITH MONARCH

Dr. Frederick Cook the Guest of the King and the Royal Family of Denmark at the Summer Palace at Charlottenlund.

Not Until Official Investigation Has Been Made, and Noted Explorers Have Unanimously Declared Their Belief in the Report of the Polar Discovery, Does the Sovereign Receive the American, and It Is Plain That He Has Implicit Faith in Him.

Copenhagen, Sept. 5.—Dr. Frederick A. Cook dined this evening with King Frederick at the summer palace. The king summoned Dr. Cook in audience yesterday as a formal courtesy. They engaged in an hour's talk, and Dr. Cook made such an impression on the king that his majesty immediately instructed the court chamberlain to summon the explorer to dine with him tonight.

Danish Explorers Are Convinced. One of the most exciting periods of his life was Dr. Cook's interview with the professor Stromberg, a leading Scandinavian astronomer, who says that when he is permitted to examine Dr. Cook's observations he can decide within half a day whether the explorer has been at the pole. Several other Arctic explorers were closeted with Dr. Cook. When they came out, they appeared convinced of his absolute faith. A luncheon at the American legation afforded further opportunity to non-expert persons to strengthen their belief in the explorer's narrative.

Man Who Backed the Expedition. New York, Sept. 5.—Dr. Cook's fame has brought from the background his financial backer, John R. Bradley. It was Bradley's money, quietly advanced, that enabled Cook to make the trip, but with the characteristic tactfulness of sporting men, Bradley said little. To his intimate friends at the Beach club, an exclusive resort at Palm Beach, Fla.—a venture wherein he is associated with his brother, D. R. Bradley, well known on the Eastern turf.

Dr. Cook to Lecture at Brussels. Brussels, Sept. 5.—It has been definitely decided, according to announcements here, that Dr. Frederick A. Cook will deliver a lecture at Brussels Sept. 20. Elaborate preparations will be made to greet the explorer. He will be received by Prince Albert of Belgium and perhaps King Leopold. Professor Leconte, director of Brussels observatory, continuing his defense of Dr. Cook, insists that the explorer can easily prove the facts to the satisfaction of scientists.

MRS. PEARY DENIES REPORTS. She Has Said Nothing Reflecting on Dr. Cook's Achievement. Portland, Me., Sept. 5.—Mrs. Robert E. Peary, wife of the Arctic explorer, tonight requested the Associated Press to say that she has not said anything reflecting on Dr. Cook's reputation as an explorer. Mrs. Peary said that for the past two days her mail has consisted largely of anonymous letters, denouncing her for making accusations and statements against Dr. Cook.

MAYOR IS ARRESTED. Failure to Enforce Liquor Law Is Charged at Atlantic City. Atlantic City, N. J., Sept. 5.—Mayor Franklin P. Stoy was arrested here last evening, charged with ignoring the order of State's Attorney General Wilson notifying the mayor to enforce the law against Sunday liquor selling. The mayor gave a bond for his appearance.

THE WEATHER.

Washington, Sept. 5.—The following is the weather bureau's forecast for Upper Michigan: Fair, Monday; Tuesday, fair, moderate south winds, becoming variable.

BASEBALL.

Table with columns: National League, American League, W, L, P.C. Lists game results for various teams like Pittsburgh, Chicago, New York, Cincinnati, Philadelphia, St. Louis, Brooklyn, Boston.

SCHEDULE FOR TODAY.

National League. St. Louis at Detroit. Washington at Philadelphia. New York at Boston. Chicago at Cleveland.

YESTERDAY'S GAMES.

National League. Cincinnati, Sept. 5.—Cincinnati was blocked by Beebe today. Scores: Cincinnati 2, St. Louis 3.

American League. Chicago, Sept. 5.—Pittsburgh defeated Chicago today, in eleven innings. Scores: Pittsburgh 10, Chicago 6.

American League. St. Louis, Sept. 5.—Detroit defeated the Browns today, 5 to 1. Scores: Detroit 5, St. Louis 1.

American Association. Columbus, 4; Louisville, 3. Second game: Columbus, 4; Louisville, 5.

WESTERN LEAGUE. Omaha, 4; Pueblo, 1. Second game: Omaha, 7; Pueblo, 5.

SATURDAY'S GAMES. Games played Saturday resulted as follows: National League. Pittsburgh, 4; St. Louis, 0.

WINS THE CHAMPIONSHIP. Vida Llewellyn of LaGrange the West's Best Woman Golfer. Flossmoor, Ills., Sept. 5.—Miss Vida Llewellyn, of LaGrange, playing a brilliant game with her wooden clubs, defeated Miss Caroline Painter, of the Midlothian club, Chicago, for the women's Western golf championship yesterday, 6 up and 5 to play.

MAN HUNT IS ON IN PENNSYLVANIA

Desperados Who Wrecked the Baltimore & Ohio Flyer Near Newcastle Are Being Sought by Hundreds of Criminal Catchers.

A Score of Casualties Occur When the Train Goes Into a Ditch, the Result of the Removal of the Spikes from a Rail, and That the Hunt for the Perpetrators of the Outrage May Be Stimulated the Offer of a Reward of \$25,000 Is Made.

Newcastle, Pa., Sept. 5.—Hundreds of criminal catchers are following a maze of bewildering clues, endeavoring to discover who, early yesterday, pulled the spikes from a rail on the Baltimore & Ohio railroad, resulting in the ditching of the New York-Chicago flyer. A reward of \$25,000 has been offered for the capture of the wreckers, dead or alive.

President Taft Stopped for Speeding. Newburyport, Mass., Sept. 5.—It has become known here that constables in the adjoining town of Newbury held up the presidential automobile Friday night for alleged speeding and detained the president for a few minutes.

SOLDIERS AND CIVILIANS CLASH AT LOUISVILLE, KY. Brawl in a Saloon Leads to the Fiercest Riot the City Has Ever Known—Two Men Are Shot to Death and Three Fatally Wounded.

Frankfort, Ky., Sept. 5.—In the fiercest riot ever known in this city, a fight between militiamen and civilians, last night, Sergeant Ingram Tate of Somerset, a member of the state militia, and Jeff Cook, a civilian, were killed and William Nichols, Joe Conway and Alex McNally were fatally wounded.

Running Fifty Miles an Hour. The wrecked train was making at least fifty miles an hour when ditched. It was made up of baggage car, express car, two coaches and two Pullmans. The engine was partially overturned but not seriously damaged.

LEWISTON BANDIT EVADES CAPTURE. Lewiston, Pa., Sept. 5.—The chase of the bandit who robbed the Pennsylvania train last Tuesday has been temporarily abandoned. The bloodhounds have been unable to proceed further through the mountains for want of water.

CLYDE FITCH IS DEAD. Noted American Playwright Succumbs to Appendicitis in France. Chalons Sur Marne, France, Sept. 5.—Clyde Fitch, the American playwright, died here last night. He had been unconscious since early in the afternoon.

AVIATION CONTESTS ABROAD. Sky Pilots to Try Conclusions Both in Belgium and Italy. Tournai, Belgium, Sept. 5.—The aviation meeting here opened today. The program includes special, high altitude, prize competitions. A special prize is offered to the aviator who makes a ton of the city, a distance of eight kilometers. The wind was unfavorable today, but Paulhan made several flights this evening, in one of which he took up his wife.

TRAGEDY AT GRAND RAPIDS. Mario Pavoni and His Small Son Are Shot and Killed. Grand Rapids, Mich., Sept. 3.—Mario Pavoni was shot to death and his twelve-year-old son was slain in the Plaster Creek settlement, south of the city, today. Bartholomew Sartori, who formerly worked with the dead man, was arrested. Mrs. Pavoni says that Sartori, after trouble with her husband, was ordered to keep away from the house. He appeared there today with a shotgun, and when the husband and son went to order him away they were killed.

FAST TRAIN PLUNGES INTO AN AUTOMOBILE

Mr. and Mrs. A. A. Robinson, of Detroit, and Mrs. H. E. Tremaine, of Bay City, Are Killed and the Daughter of the Latter Is Probably Fatally Injured.

Detroit, Sept. 5.—A. A. Robinson, owner of the Commercial company of this city, and his wife and Mrs. H. E. Tremaine, the latter of Bay City, were instantly killed at Bay City this afternoon, when the automobile in which they were riding was struck by a fast train on the Michigan Central railroad. The daughter of Mrs. Tremaine, who also was a member of the party, is thought to be fatally injured.

Milwaukee Man a Victim. Milwaukee, Sept. 5.—Knocked down by an automobile in front of his place of employment Saturday afternoon, Henry F. Gutmann, salesman for the Henry Louis company, 270 Broadway, sustained injuries from which he died a few hours later in Emergency hospital. The deceased was one of the best known men along commission row, and was forty-five years old. He leaves a wife and two children at 1273 1/2 Twelfth street. Gutmann was struck by an auto driven by Frank Roeder, an auto operator for the Banker garage. He was dragged a short distance, falling between the wheels, the auto passing over him. He sustained a fracture of the skull and brain.

Bloodhounds Lose the Trail. Valuable time was consumed by the various posses in running down many vague rumors. Bloodhounds were worn out and automobile broke speed records in the rush to be on the spot when the train wreckers were caught. Only one fact has been established, namely, that the wreckers fled across the marshy fields in the direction of Yampanu, a foreign settlement three miles from the railroad. The bloodhounds, after bringing up at a slaughtering pen at Yampanu, lost the scent. The officers believe the wreckers are in this vicinity.

Running Fifty Miles an Hour. The wrecked train was making at least fifty miles an hour when ditched. It was made up of baggage car, express car, two coaches and two Pullmans. The engine was partially overturned but not seriously damaged.

LEWISTON BANDIT EVADES CAPTURE. Lewiston, Pa., Sept. 5.—The chase of the bandit who robbed the Pennsylvania train last Tuesday has been temporarily abandoned. The bloodhounds have been unable to proceed further through the mountains for want of water.

CLYDE FITCH IS DEAD. Noted American Playwright Succumbs to Appendicitis in France. Chalons Sur Marne, France, Sept. 5.—Clyde Fitch, the American playwright, died here last night. He had been unconscious since early in the afternoon.

AVIATION CONTESTS ABROAD. Sky Pilots to Try Conclusions Both in Belgium and Italy. Tournai, Belgium, Sept. 5.—The aviation meeting here opened today. The program includes special, high altitude, prize competitions. A special prize is offered to the aviator who makes a ton of the city, a distance of eight kilometers. The wind was unfavorable today, but Paulhan made several flights this evening, in one of which he took up his wife.

TRAGEDY AT GRAND RAPIDS. Mario Pavoni and His Small Son Are Shot and Killed. Grand Rapids, Mich., Sept. 3.—Mario Pavoni was shot to death and his twelve-year-old son was slain in the Plaster Creek settlement, south of the city, today. Bartholomew Sartori, who formerly worked with the dead man, was arrested. Mrs. Pavoni says that Sartori, after trouble with her husband, was ordered to keep away from the house. He appeared there today with a shotgun, and when the husband and son went to order him away they were killed.

IRONWOOD BANKER COMMITS SUICIDE

Herman F. Jain, Former President of the Defunct First National, Shoots Himself Through the Head With a Revolver.

About to Be Taken to Marquette to Answer to Grave Charges, the Man Who Until the Failure of His Financial Institution Was a Highly Respected Citizen Goes to His Barn and There Puts a Tragic End to His Existence.

Ironwood, Mich., Sept. 5.—[Special.] Herman F. Jain, ex-president of the defunct First National bank of this city, and who was under bond to appear in federal court at Marquette Tuesday in answer to the charge of embezzling funds and falsifying the books of that institution, committed suicide Saturday afternoon by shooting himself through the heart with a thirty eight caliber revolver. His body with the revolver at its side, was found lying on the barn floor by the housemaid about 4:30 o'clock in the afternoon, while the young woman was hunting for eggs. It is thought that the tragedy occurred about 2 o'clock.

Ever since his unhappy connection with the affairs of the First National became public some months ago, Jain had been melancholy and had frequently expressed the wish that he were dead. On Saturday, however, he seemed even less moody than usual, and he ate a hearty breakfast at a late hour, as was his custom. As he was in the habit of spending the day away from home, visiting his neighbors or with friends down town, his absence during the afternoon occasioned no surprise or alarm, and the first intimation that he had taken his own life was when he was found by the housemaid. He had had the revolver brought to the house for some time, and no effort had been made to keep it or any other dangerous weapon from him.

In the opinion of Ironwood people, the death of Jain will in no way affect the trial of former Cashier E. T. Larson and former Assistant Cashier J. H. Bodlow, who are also under bond in connection with the failure of the bank. Larson and Bodlow will be taken to Marquette tomorrow or Tuesday, and it is expected here that they will be indicted by the federal grand jury. It is expected that they will be brought to trial at the September term.

Before the bank's troubles became generally known, Jain was a highly respected citizen of this community, and took an active part in the business, social and religious life of the city.

IS DUE AT BEVERLY TODAY. Secretary Ballinger to Lay His Troubles Before Mr. Taft. Beverly, Mass., Sept. 5.—Secretary Ballinger is expected in Beverly tomorrow, and President Taft will take up with him the reports made respecting the course of certain of the interior department officials in administering the conservation laws.

The president's last week of his vacation will be his busiest. Tuesday he will go to Brookline to be the guest of the Yale alumni of Boston. Wednesday the president will be visited by the director of the census Mr. Durant who will bring the commissions of the various census supervisors, yet to be appointed. Thursday the president will entertain at luncheon on board the yacht Mayflower, the German entrants who participated in the Sonderklasse races, and will present the Luff cup to the winning crew.

Friday the president has an engagement to receive Prince Kishiohiki Kuni, grandson of the emperor of Japan, accompanied by the princess and Colonel Kurita, military aide. Prince Kuni is to represent the Japanese government at the Hudson-Fulton celebration later in the month, at New York. Saturday the president will review in Beverly, a parade of the Grand Army.

"UNCLE JOE" A POOR MAN. Stories He's a Millionaire Are All Bosh, He Says at New York. New York, Sept. 5.—"Uncle Joe" Cannon, speaker of the national house of representatives, arrived tonight, "purely on private business, my son," he said, and will return to Danville tomorrow.

"You see," said Mr. Cannon, "I've been in congress so long that it becomes hard to look after my finances a bit, so I may not starve. I am a poor man, although somebody has said somewhere or other that I am a millionaire. It's all bosh, you know."

What do you think of the tariff revision by the last congress? "I think it is ancient history," laughed the speaker. "But," he continued, "it's the best thing done by congress in fifty years."

TRAGEDY AT GRAND RAPIDS. Mario Pavoni and His Small Son Are Shot and Killed. Grand Rapids, Mich., Sept. 3.—Mario Pavoni was shot to death and his twelve-year-old son was slain in the Plaster Creek settlement, south of the city, today. Bartholomew Sartori, who formerly worked with the dead man, was arrested. Mrs. Pavoni says that Sartori, after trouble with her husband, was ordered to keep away from the house. He appeared there today with a shotgun, and when the husband and son went to order him away they were killed.

MARQUETTE, MICH., SEPT. 6.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.  
Fair week.  
Now, Mr. Weather Man, be good.  
It appears that Admiral Melville might be a happier man were he possessed of a tardier tongue.

Take it altogether, the binder twice plant at the Jackson prison appears to have made a pretty good showing.  
Secretary Ballinger, of the interior department, says he intends to kill some snakes. Certainly there appear to be snakes somewhere in his department.

The entire railroad commission, James Scully of Ionia, George W. Dickson of Pontiac and C. L. Glasgow of Nashville, has been reappointed by Governor Warner.

It's comparatively easy to turn things upside down in any municipal government, but it's a task of no small difficulty to get any degree of improvement out of a shakeup.

The city of Sioux City, Ia., had no less than nine municipal elections, on one proposition or another, in 1908. Sometimes we have felt that we had even more than that number in Marquette.

The Chicago Tribune sums up its opinion of the new tariff law with the conclusion that there is about 15 per cent too much protection in it. Isn't the Tribune afraid that Senator Aldrich will read it out of the Republican party?

When he becomes an "ex" Ambassador Reid will get a mighty welcome home, not so much as pleasure with seeing him back again as in realization of the fact that he will no longer occupy the American embassy offices in London.

When a lot of learned scientists tumble over themselves to express doubt of a reported scientific achievement without waiting to receive the data that may be submitted for their inspection, it looks like a case of pure jealousy, doesn't it?

Anyway, what would be the use of President Taft's urging on congress the submission of an amendment providing for the direct election of senators. The senate has a number of times refused to concur in such a proposal; it would certainly do so again.

Journalistic circles at Escanaba are unusually active. The Mirror is pulling off a baby contest and has an industrial edition under way. The Press teems with announcements of what it has done and intends to do, and Mr. Baldwin of the Journal has lately closed his labors as one of the principal promoters of the Delta county fair. With five newspapers on guard, it is an elusive news item that can escape capture at Escanaba.

Marl T. Murray, who has for several years been secretary of the state board of pardons, has been appointed to the position of secretary of the state board of corrections and charities, to succeed John P. Sanderson resigned. The appointment is an excellent one. Mr. Murray has an intimate knowledge of all the state institutions with which both the board of pardons and the board of corrections and charities has to deal, and is a painstaking and conscientious public official who commands the respect of the men associated with him in an unusual degree.

Under the existing law the Michigan railroad commission is entitled to a voice in determining whether the railroads shall be allowed to issue additional bonds. The Michigan Central road has just been authorized to make an issue of \$3,000,000. That the commission's authority is more than nominal is shown by the fact that the railroad wanted to issue \$4,500,000, but the commission did not think that this amount was necessary. The \$3,000,000 of bonds to be put out represents a compromise. Half the amount to be issued will be used for refunding purposes and half for the improvement of the lines and the addition of equipment.

At the end of every month State Treasurer Sleeper mails to the press of the

state and to persons directly concerned a statement sheet of the condition of the state treasury. The state had a little over \$35,000 in the general fund at the end of last month. It is now making no attempt to take care of its institutions, which are being conducted on money arranged for with the banks by the boards of control and local officers, against the time when the tax money will begin to come in, after the first of the year. While the monthly statements by the treasurer do not just now furnish any food for comforting reflection, the innovation of publishing them is an excellent one, and gives the public information of the current condition of the state treasury that it is entitled to have.

The board of education in New York has lately decided to take the next logical step after manual training and to establish a trade school. Of this innovation the New York Tribune says:  
The establishment of what is undeniably a public trade school marks the opening of a new era in our educational system, the possibilities of which are not easily forecast. The trade school, giving instruction in various branches of artistry, is not new, though it is not so familiar here as in some other countries, and it is a highly commendable thing. The novelty is the opening of such a school as a part of the free public school system of the city and state, and however strongly it may be commended and however great may be its benefits, there are those who will see in it a precedent susceptible of serious abuse. The criticism which will be made of it, and which its friends must be prepared to answer, is that at the expense of the whole public it will provide special training for a limited class.

The Republican organization in New York has disappointed Tammany, which has been assuming that there was little or no chance of effective fusion for the majority campaign this fall. Tammany has believed that, after flirting with the independents, the Republican organization would decide to go it alone. But it has announced itself ready to fuse with all elements that desire to join in an anti-Tammany fight, taking the position that it is the first duty of all citizens who have the interests of the city at heart to join in a united fight against the Tammany machine. The convention, which is to be held September 23, has been called without any reference to the Tammany plans, and this is another sign that it is intended to make an aggressive fight. If all the anti-Tammany elements will get fairly behind a strong fusion ticket Tammany will have a much harder fight on its hands than it looked forward to when it cherished the hope that there would be two tickets in the field, one independent and the other Republican. Indeed, if the fusionists can set up just the right combination of candidates there will be no reason why their chances will not be quite as good as those of Tammany.

The Stoddard-Dayton Automobile company has announced that it is out of the racing game. The entries for the Lowell, Mass., races next week have been withdrawn, and the entrance money forfeited. General Manager Stoddard declares that he places a higher value on his racing employes than on the victories that may be won on dangerous tracks, and says no more Stoddard-Dayton cars will be raced until conditions surrounding these events are materially improved. Automobile racing by manufacturers is one of the phases of their advertising campaigns, and the most expensive one. It had its counterpart in the bicycle industry several years ago, when all the leading manufacturers maintained large and expensive establishments of racers. The manufacturers expect to be reimbursed for their expense, if not to profit, through the publicity that their cars receive. It is probable that they vastly overestimate the value of this sort of advertising. That a racing chauffeur managed to win an event over a dangerous track in a specially tuned up car, which, like as not, had been largely rebuilt before the race was concluded, furnishes a matter of fact, little real reason why a customer should buy a stock car of the same make for ordinary use on the road. There is little doubt that the manufacturer could take the enormous outlay demanded for the race, put it in legitimate advertising and profit greatly by the change. The experiment will doubtless convince the Stoddard-Dayton company that this is the case, if it is given a fair trial.

It appears that the reported prying by the Italian cruiser Aetna into the results of the target practice of the Atlantic battleship fleet, off the Virginia capes, has been badly exaggerated, and that too much sensational publicity has been given an incident that might better have been passed unnoticed. The Aetna, which has traveled to American waters to be present at the Fulton-Hudson celebration, came upon the Atlantic fleet when the gunners were trying out their skill, and published reports have intimated that her officers displayed an unethical curiosity about the records that had been made. It is agreed, however, that there was nothing surreptitious about the Aetna's approach. She steamed boldly up and saluted the American flag, hovered about for a time and sailed away. That there should be any talk of a representation to the Italian government on the subject appears to be absurd. Even if the Italian ship was guilty of bad manners, it would be better if they were overlooked. Rear Admiral Cowles is inclined to scoff at the story that the Aetna's officers did anything out of the way: "I have heard

**WHEN DINNER IS OVER**  
**LA VERDAD**  
Cigars compose the smoker's next course. They are a fitting climax to an elaborate banquet or a simple home meal.  
Gladstone, the famous English statesman, always smoked a clear Havana cigar after meals to aid digestion.  
LA VERDAD cigars are the best aid to digestion. They soothe the tired nerves and assist energy.  
Made in Tampa.  
Sold everywhere.  
Your dealer sells LA VERDAD cigars; ask him.  
**RON FERNANDEZ CIGAR CO. DULUTH, MINN.**

M. C. SCULLY, Agent, Marquette, Mich.  
nothing officially about the matter and I have not talked with any officer coming from the fleet about it. The story to me is absurd. The Italian stumbled along; saw what was going on, as was perfectly proper he should, and then went on his way. There was nothing improper in what he did that I can see. This is a sensible view to take of the matter, and it is altogether regrettable that an attempt has been made to make anything more out of the incident.

**COOK HAS PROOF.**  
Dr. Cook asserts that he has ample proof that he reached the pole in the observations he took, which will afford certain means of checking up the truth of his story. Dr. Cook knows whereof he speaks. He is a scientist and the later accounts of his polar journey show that he took continual observations. Other scientists have asserted that if his data was copious enough it would be possible to ascertain beyond any question the authenticity of his reported discovery.

The statements from Dr. Cook the past few days serve to confirm the belief that he is sticking to the exact letter of the truth, and warrant the conclusion that when his detailed recital is ready for perusal it will be one which will leave no possible doubt in the minds of all fair and reasonable men.  
It reflects credit on the great body of scientists that the majority of their number received the first reports of Dr. Cook's discovery in a generous spirit. The most of them credited the truth of the story, and assumed that Dr. Cook would scorn to falsify in regard to his trip in even the slightest manner. The scoffers and doubters have been in the minority and now it appears certain that they are to be discomfited.

It is regrettable that there have been so many scientists apparently eager to question Dr. Cook's honesty and integrity. It would seem that the part of wisdom would have been for the doubters to preserve a non-committal tone until they had more information in regard to Dr. Cook's trip. But they have seemed impelled to rush in with their sneers and doubts, lest, if it should prove that the performance was not all it was reported, they should be on record as not having denounced the reports as a fake.  
Dr. Cook will put these small souled scientists out of countenance, and a disinterested public will be mightily pleased when he does it.

**HIGH AND LOW PRICES.**

**Upper Peninsula**  
**Will Make a Strong Team—**  
W. E. Campbell, who has been editor of the Marquette Courier-Record for the past year, and has made a newspaper of that journal, has resigned his position. He will go to Iron River, where he will associate himself with Patrick O'Brien in the publication of the Reporter. They will make a strong team.  
**Her Injuries Serious—**  
Rev. and Mrs. A. K. Scott have returned to Iron Mountain from their unfortunate visit with relatives in Pennington, Ont. Mrs. Scott is still a great sufferer from the injuries received in her runaway accident and her recovery will require months of careful nursing. Her injuries were more serious than first noted. In addition to concussion of the brain, the right collarbone was broken and the cuts and bruises were many. She was unconscious for three days. Mr. Scott was also rendered unconscious, but his injuries were trifling in comparison with Mrs. Scott's.  
**Iron Ore Situation—**  
The Cleveland Iron Trade Review says: As the buying of Lake Superior ore for the season ending next May has about ended, it is interesting to note that purchases by Eastern furnaces are considerably smaller than the average of recent years. This is due partly to the large use of Cuban ore by the two steel companies which control the Cuban deposits, and also due in part to the fact that Spanish, Russian and other foreign ores can be purchased at lower prices than are asked for the Lake Superior ores. In some cases in which the manganese content was high, price concessions have been made by lake interests to meet foreign competition. The extent to which the Eastern furnaces will continue to buy foreign ores is problematical, owing to the uncertainty of ocean freight rates and other conditions.

**Prosperity Wave in the U. P.—**  
Much new construction work is projected or under way in upper Michigan. The government is building postoffices at Sault Ste. Marie and Escanaba. In the latter city, also, the National Grocer company is erecting what is probably the largest mercantile structure in the peninsula. A large building of similar kind is nearing completion at Houghton. At Sault Ste. Marie the Loretto academy is being enlarged at a cost of \$40,000. At Ironwood a house of worship which will cost \$16,000 is being erected by the Slavonian Roman Catholic parish, and one that will cost approximately \$20,000 has been contracted for by the Swedish Lutheran congregation. One of the finest hospitals in the state is to be built at Munising by the Cleveland-Cliffs Iron company for \$50,000. At Baraga a high school building costing \$25,000 is to be erected. Ten thousand dollars is to be expended by the Elks of Marquette in providing themselves with a lodge hall and club rooms. At Stambaugh, Iron county, a club house costing \$10,000 is to be erected by the Verona Mining company. An interesting work recently started is the rejuvenation of the old town of Fayette, in Delta county. The town is particularly well situated for a summer resort, and it is surprising that it is now to be used for that purpose. The Cleveland-Cliffs Iron company owns the location. Improvements costing \$50,000 are to be made at the plant of the Munising Paper company at Munising. At Marquette the capacity of the plant of the Northwestern Leather company is being increased from 800 sides to 1,200 sides daily.

**FREE BOOK.**  
A compact little volume that fits the vest pocket, giving precise and simple directions for the treatment and care of the sick, with a separate specific for each and every disease will be mailed free, postage paid, on request. Address Humphrey's Homeopathic Medicine Company, 156 William street, New York.

**SCHOOL ELECTION.**  
Notice is hereby given that the annual election of the trustees of the public schools of the city of Marquette will be held on Monday, Sept. 6th, 1909, at the city hall, of said city, at which election two school trustees will be elected for the term of three years. The polls of said election will be open from 8 o'clock a. m. until 8 o'clock p. m. of said day.  
The annual meeting of said public schools will be held at the city hall on the said day at 8 a. m. for the transaction of such business as may lawfully come before said meeting.  
Dated, Aug. 23, 1909.  
By order board of education, public schools, city of Marquette.  
H. J. HORNBOGEN, Secretary.

**NORTHERN STATE NORMAL SCHOOL**  
MARQUETTE  
**School Begins Monday, Sept. 27, '09.**  
The Northern State Normal School admits graduates of approved high schools to the two years' course leading to a life certificate and diploma. It offers courses leading to a three-year certificate, which is renewable for three years and valid in graded schools, and also a rural school certificate. Has excellent facilities for training teachers for special work in Kindergarten, Music, Drawing and Nature Study. It has an exceptionally fine corps of teachers who are specialists in their departments, and its training school gives a splendid opportunity for the training of teachers. There is a splendid dormitory in connection with the school, which is an ideal home for the student. The building is lighted with electricity and heated with steam; the living rooms are large and pleasant; the dining room has a seating capacity of one hundred and fifty persons. The expenses are moderate. Students of the Northern Normal School who finish the life certificate course are given fifty-six hours' credit at the University of Michigan. For information and catalogue write to

**OPERATION**  
**HER ONLY**  
**CHANCE**  
Was Cured by Lydia E. Pinkham's Vegetable Compound  
Adrian, Ga.—"I suffered untold misery from a female weakness and disease, and I could not stand more than a minute at a time. My doctor said an operation was the only chance I had, and I dreaded it almost as much as death. One day I was reading how other women had been cured by Lydia E. Pinkham's Vegetable Compound, and decided to try it. Before I had taken one bottle I was better, and now I am completely cured."—LENA V. HENRY, Route No. 3, Adrian, Ga.  
Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?  
For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion, and nervous prostration.  
If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Mrs. Pinkham at Lynn, Mass., for advice. Your letter will be absolutely confidential, and the advice free.

**WOOD AND BUILDING MATERIAL**

I ALSO HANDLE  
**Artistic Monuments**  
COST NO MORE THAN  
PLAIN ONES IN  
**WHITE BRONZE**

Marble is entirely out of date. Granite soon gets moss-grown, discolored, requires constant expense and care and eventually crumbles back to Mother Earth. Resists, it is very expensive. **WHITE BRONZE** is strictly everlasting. It cannot crumble with the action of frost. Moss growth is an impossibility. It is more artistic than any stone. They who do not investigate it! It has been adopted for over one hundred public monuments, and by thousands of delighted customers in all parts of the country. It has been on the market over 25 years and is an established success. Many granite dealers have bought White Bronze for their own burial plots. I have hundreds of beautiful designs of all grades of work, and want to have you see them if you are interested in a monument, headstone, marker or grave cover. On receipt of a postal card will be pleased to call with designs and samples of White Bronze.

**City Brevities**

Yesterday's temperatures: Seven a. m., 51 degrees; noon, 60; 7 p. m., 58. Maximum, 62 degrees; minimum, 31. Today's forecast: Fair weather.

Mrs. E. M. E. Delf is visiting with relatives in Calumet.

Mr. and Mrs. John A. Steele spent Sunday in Republic.

N. M. Kaufman is home after a few days' absence from the city.

Miss Florence Young, of Newberry, will be held from the residence, 143 West Ridge street, Tuesday afternoon at 2:30 o'clock, conducted by the Rev. Bates G. Burt.

Mrs. Leah Smith left Saturday morning for her home in Jackson, after a five weeks' visit.

Mrs. L. M. Geismar and two children, of Chatham, spent Sunday at the home of Mr. and Mrs. W. H. Elliott.

Prosecuting Attorney Foster, of Ingham county, was in the city yesterday, on business at the Marquette prison.

Miss Edith Russell leaves this morning for Negaunee, where she will teach in one of the kindergartens the ensuing year.

Roy Young is down from Lake Linden for a two days' visit, over Labor Day, with his parents, Mr. and Mrs. J. W. Young.

Miss Edna Jones, of Centralia, Ill., is visiting with her sister, Mrs. Edward Church, and will remain until after Christmas.

Will Tucker, wife and baby left for their home at Beloit, Wis., last evening. They had been visiting here, the guests of Mr. Tucker's parents.

George Call, who now represents a Chicago bond house, is spending a few days in Marquette. He has spent the past week or so visiting upper peninsula cities.

The funeral of the late John Stanaway, who passed away Friday night, will be held from the residence, 143 West Ridge street, Tuesday afternoon at 2:30 o'clock, conducted by the Rev. Bates G. Burt.

The Marquette North Ends defeated the Gateley's of Ishpeming at the fair grounds yesterday forenoon by the score of 9 to 4. Brandin and Ekstrom were the battery for the North Ends and Sullivan and Quinlan for the Gateley's.

The Marquette second team was defeated at Baraga yesterday by the score of 12 to 10. Smith and Rossiter were the battery for the second team. As the members of the second team were dissatisfied with their treatment at the hands of the Baraga management and fans, they returned to Marquette last evening and will not play in the village today, as had been arranged.

Miss Corbett on the List—In the list of public school teachers published in Saturday's Mining Journal, the name of Miss Helen Corbett, teacher of a seventh grade in the Froebel school, was inadvertently omitted.

Local Option Sermon—Dr. Tupper delivered a strong sermon in support of local option at the Baptist church last evening. He discussed the question from the standpoint of humanity, morality, Christianity and public good, arguing that it was the duty of all good citizens to use their best efforts to eradicate the saloons.

Back from the East—L. Grabower returned home Saturday from the East, where he spent the past three weeks making fall purchases. He has selected a large stock of dry goods and millinery for the fall and winter trade. Mr. Grabower reports a brisk demand and firm prices for goods this year. His stock is arriving now and his trimmer will be here today. The opening at this large store will take place some time between Sept. 15 and 20.

Murray Gets Appointment—James Russell arrived home Saturday from Detroit, where he attended a meeting of the joint prison boards of the state. Mr. T. Murray was elected secretary of the boards of corrections and charities. Mr. Murray, who is known to many here, has been Governor Warner's executive secretary and in that capacity has been secretary of the board of pardons. His new office has an indefinite tenure and is regarded as a highly desirable post.

Wm. Owen in Shakespeare—Wm. Owen, who has been declared to be the greatest living exponent of Shakespearean roles on the English speaking stage, will present "As You Like It" at the opera house tonight, supported by a good cast. Mr. Owen is one of the few actors of today who refuses to take part in anything but classical plays, and he is a thorough student of the great master playwright. Mr. Owen and company are under contract to play at the Chicago Art Institute every Wednesday night during the season.

Has Been Promoted—E. R. Aller, who has been operator at the Patne, Welber & Co. offices in this city for some time, has been promoted to chief operator in the company's relay office in Chicago and will leave to take up his new duties this evening. Mrs. Aller will remain in Marquette until Oct. 1. Mr. Aller has made many friends during his residence in this city, and he wishes him success in his new and extended field of labor. His position here will be filled by Frank C. Summers, who has done relief work at the local office from time to time.

Public School Janitors—The following are the janitors appointed for the various public school buildings for the coming year: Froebel school, Nathan Quarters; manual training, Joe Stengren; high school, Randall Black; Froebel annex and high school, Ed C. Quarters; head janitor, Ely school, Solomon Biocklen; Third and Fourth street schools, J. D. Wilson; North Marquette school, Mrs. James Haley; Nester school, Mrs. Victor Munson; Ghett school, James Gregory; Fisher street school, Patrick Mullaly; Hampton street school, Mrs. Peter Deasy.

Accused of Theft—About a week ago a young girl called at the residence of Miss Nellie O'Meara, on Arch street, and asked for employment, stating that she was without funds or a home and was from Sault Ste. Marie. Miss O'Meara was not in need of a domestic but consented to keep the girl until she could find a position. A few nights later, she

asked to go down town, which permission was granted, but she did not return. Miss O'Meara soon discovered that \$11 in money, a braided gold chain, a watch fob, an opal ring and other articles were missing, and notified the police. The girl was located when she tried to pawn one of the articles of jewelry to a Marquette merchant, and was brought before Justice Hyrnie Upon the assurance of a relative that she would appear in court whenever wanted, she was released pending further investigation of the case by the officials. The girl is said to be but fifteen years of age.

INSURE WITH PETER WHITE & CO.

**SCHOOL ELECTION TO TAKE PLACE TODAY**

LARGER VOTE THAN AT FIRST EXPECTED IS ANTICIPATED, OWING TO ENTRANCE OF DR. FAUGHT INTO THE FIELD.

The annual school election and school meeting will be held today at which two members of the board of education are to be elected. As there are three candidates for the two vacancies, all of whom have been lining up their supporters for several days past, a large percentage of the qualified voters of the city are likely to be represented at the polls.

The members of the board whose terms expire are Edward S. Rice and James O'Reilly, both of whom are candidates for re-election. For a time it was thought these gentlemen would have no opposition, but the middle of last week, Dr. J. B. Faught, of the Normal school faculty, entered the field and since that time school politics has been lively. Supporters of Dr. Faught declare that they are out to elect him without regard to which of the two outgoing members of the board may be defeated. It should be successful.

The polls for the school election will open at 8 o'clock in the morning and close at 8 o'clock in the evening, and at the close of the election the annual meeting will be held. The requirements for voters are, first, registration, then either ownership of property that pays local taxes or ownership or guardianship of children of school age (children who have passed their fifth birthday and have not passed their twentieth). Women who are taxpayers in their own name or are parents or guardians of children of school age may vote, but no person whose name is on the city rolls is not registered, unless a valid excuse for failing to register is given.

Voters are urged to get to the polls as early as possible. As it was not expected until a few days ago that there would be a third candidate, it was arranged for everyone to vote at the city hall, and if many voters turn out as expected there is apt to be congestion late in the day. If this is the case, and there is a big rush during the evening hours, some persons who are qualified to take part in the election may lose their votes. This is especially apt to be the case if the eligibility of any considerable number of those desiring to vote is questioned.

**NOTICE.**

All supporters of E. S. Rice for school trustee desiring conveyances to the polls, are requested to call Bell phone No. 840.

**City Brevities**

asked to go down town, which permission was granted, but she did not return. Miss O'Meara soon discovered that \$11 in money, a braided gold chain, a watch fob, an opal ring and other articles were missing, and notified the police. The girl was located when she tried to pawn one of the articles of jewelry to a Marquette merchant, and was brought before Justice Hyrnie Upon the assurance of a relative that she would appear in court whenever wanted, she was released pending further investigation of the case by the officials. The girl is said to be but fifteen years of age.

INSURE WITH PETER WHITE & CO.

**SCHOOL ELECTION TO TAKE PLACE TODAY**

LARGER VOTE THAN AT FIRST EXPECTED IS ANTICIPATED, OWING TO ENTRANCE OF DR. FAUGHT INTO THE FIELD.

The annual school election and school meeting will be held today at which two members of the board of education are to be elected. As there are three candidates for the two vacancies, all of whom have been lining up their supporters for several days past, a large percentage of the qualified voters of the city are likely to be represented at the polls.

The members of the board whose terms expire are Edward S. Rice and James O'Reilly, both of whom are candidates for re-election. For a time it was thought these gentlemen would have no opposition, but the middle of last week, Dr. J. B. Faught, of the Normal school faculty, entered the field and since that time school politics has been lively. Supporters of Dr. Faught declare that they are out to elect him without regard to which of the two outgoing members of the board may be defeated. It should be successful.

The polls for the school election will open at 8 o'clock in the morning and close at 8 o'clock in the evening, and at the close of the election the annual meeting will be held. The requirements for voters are, first, registration, then either ownership of property that pays local taxes or ownership or guardianship of children of school age (children who have passed their fifth birthday and have not passed their twentieth). Women who are taxpayers in their own name or are parents or guardians of children of school age may vote, but no person whose name is on the city rolls is not registered, unless a valid excuse for failing to register is given.

Voters are urged to get to the polls as early as possible. As it was not expected until a few days ago that there would be a third candidate, it was arranged for everyone to vote at the city hall, and if many voters turn out as expected there is apt to be congestion late in the day. If this is the case, and there is a big rush during the evening hours, some persons who are qualified to take part in the election may lose their votes. This is especially apt to be the case if the eligibility of any considerable number of those desiring to vote is questioned.

**FAIR OPENS TODAY.**

Baseball, Wrestling, Racing and Children's Sports Promised.

Fair program for today:  
Baseball, Marquette vs. Ishpeming, at 10 a. m.  
Children's sports at 1 p. m.  
Horse racing at 2 p. m.  
Cornish wrestling all day.

The Marquette County fair will open today and continue until Thursday night. At 10 o'clock this morning, Marquette and Ishpeming will light it out on the baseball diamond, and another cracking good game may be expected. At 1 o'clock the annual program of children's sports will be run off under the efficient direction of the inimitable Joe Smith. At 2 o'clock the first race will be pulled off, the 2-16 race or trot, in which there are already four entries: Arto Letta, Lucile Bailey, Sam Treger and Lady Arkwood. Following this race there will be a special running race and a special pacing race, both one mile heats. There are now twelve trotting horses at the fair grounds and several more from the copper country are expected this morning. There will be Cornish wrestling, both morning and afternoon.

Owing to the bad weather of Saturday, but few entries in the stock and agricultural departments have yet been made, but indications are that many exhibits will have been placed by tonight. The prize herd of Holsteins will be down from Embalgard farm this afternoon, but Walter Prickett, of Sidnaw, will not make an exhibit as expected. Many entries are promised in the poultry department and a good show of grains and vegetables is anticipated.

# For Folks Who Save

There will be a pleasing distribution of dividends on September 1st. These dividends take the form of accrued interest on savings deposits and are paid by all savings banks—on the basis of three per cent per annum. This bank will itself pay out to its savings depositors a number of thousand dollars in interest and we hope that you, reader, will enjoy your share in the distribution. If you don't, will the fault be yours or ours? On every dollar which you deposit in our Savings Department we will allow you compound interest at 3 per cent—payable September and March 1st. You ought to save at least 10 per cent of your earnings.

If you make a deposit now, or before September 5th, and leave it in the bank until March 1st, it will be entitled to six months' interest at that time. Deposit by mail, if more convenient.

## WOMEN MAY WORK BUT NINE HOURS PER DAY

### NEW LABOR LAW AFFECTING EMPLOYERS OF FEMALES AND CHILDREN WILL BE ENFORCED.

Fifty-four hours a week or nine hours in a single day is now a legal day's work for all females and all males under eighteen years of age in Michigan. The new labor law, which is mandatory in its provisions fixing the hours of employment, went into effect Sept. 1, and Deputy Factory Inspector Fitzpatrick, an Ishpeming, has already begun to lay his plans for enforcing the law, though he has not yet received a copy of it from Lansing. He has visited eight of the fifteen counties of the upper peninsula and notified the employers of female and child labor to arrange to meet its requirements.

In this city but little has been done toward complying with the law as yet, and there are not a great many employers who will be affected by it. About the only firms employing women and child labor as long as nine hours per day are some of the larger stores.

The long day on Saturdays caused by the evening shopping, has been the difficult feature of the mercantile business to reconcile with the new law in other cities of the state, but by opening later in the morning, extending the luncheon hour or working the female clerks in shifts many of the merchants have worked out an arrangement which will conform with the law and still keep the stores open as usual on Saturday.

Canning factories are exempt from the law, as the statute contains a clause making special exemption in places of employment where perishable goods are preserved. The same exemption is made in the cases of messenger boys for telegraph and telephone companies and in the postal service.

The law prohibits the employment of any child under the age of sixteen years in any manufacturing establishment or workshop, mine or messenger service, between the hours of 6 p. m. and 6 a. m., except for telegraph or telephone companies and in the postal service.

No child under the age of twenty-one years may be employed or permitted to work in any place where intoxicating liquors are sold, and no child under the age of fourteen years shall be employed or permitted to work at any mine.

Employers may not engage or hire any child under the age of sixteen years without first obtaining and filing in the business office of the firm or place of employment a certificate or permit issued by the superintendent of schools in which the child to be hired resides.

#### LABOR DAY PROGRAM.

Union Men to Celebrate With Parade, Speech Making and Picnic.

The members of the Central Labor union, into which are affiliated all the unions of the city, expect to pull off the biggest Labor Day celebration in the history of Marquette today. All lovers of the day are requested to meet at their hall at 9 o'clock this morning to get ready for the parade, which will form on Baraga avenue at 9:30. It is stated that there will be some very beautiful floats in this parade. After making the usual line of march, Mayor Daniel Vaughan, Rev. J. M. Rogers and George Tucker will address the working men from the steps of the city hall. In the afternoon, there will be a grand picnic at Presque Isle, at which a program of sports will be one of the features. Two special trains will run from the L. S. & L. station to the island. The day's celebration will close with a grand ball at Fraternity hall in the evening.

#### GOLF CLUB ENTERTAINS.

Formal Opening of Nester House Saturday Afternoon and Evening.

The members of the Marquette Golf and Country club played the host at their new club house, formerly the Nester residence, on West Washington street, Saturday afternoon, and entertained a goodly representation from the Ishpeming Golf club as well as many from this city. The club house has been furnished in a comfortable and attractive manner, and the guests enjoyed a delightful day. Refreshments were served during the afternoon and evening.

During the afternoon a number of the Ishpeming golfers tried out the new course, which they found to be one giving ample opportunity for developing skillful play, and stated that when the new greens are made another year, the course will be a very fascinating one.

George Newett, of Ishpeming, made two rounds in thirty-nine, which is a better score than has been made by any members of the club.

In the evening, a smaller crowd, made up mostly of young people, whiled away a few pleasant hours dancing in the club house. Most of the visitors from up-the-road returned home before midnight.

#### TIGERS WON AT ISHPERING.

In a one-sided game the Marquette Tigers defeated the Ishpeming Setters at Union Park yesterday morning by a score of 13 to 3.

## MICHIGAN BREWERY BURNS.

Fire at Manistique Causes a Loss of Twenty-Five Thousand Dollars.

Manistique, Mich., Sept. 5.—The Manistique brewery was destroyed by fire yesterday. The loss is \$25,000, partially covered by an insurance of \$10,000. The plant was owned by Huttemann & Kreamer of Detroit, Mich.

#### \$500,000 Blaze in Missouri.

Popular Bluff, Mo., Sept. 5.—Fire today destroyed Reynolds' Hotel and thirty other business houses in the central part of town. The total loss is estimated at half a million, with an insurance of two thirds that amount.

#### MANY TOWNS DEVASTATED.

Floods in Mexico Bring Disaster to More Fertile Valleys.

Mexico City, Sept. 5.—Miles of fertile valleys are under water and many small towns of the Zamora district devastated as a result of a terrific cloudburst in the Lelunda and Lelica mountains which has caused rivers and streams to overflow.

The authorities are facing a situation in the Zamora district more grave than that in Matamoros. With all the railroads out of commission, it is utterly impossible to forward relief to the sufferers. There is no large city in the region from which relief expeditions could base their operations, and scores who have managed to escape the first deluge will, it is feared, die of hunger. It is impossible to get adequate details of conditions. Telegraph and telephone wires are down. The death list, it is feared, will be large. Nearly all the inhabitants of the district are small farmers and live in adobe houses, which the sweep of water destroyed.

The federal government is making preparations for the establishment of a military post in the district, but the means of transporting the men is a serious problem, and they may have to wait until the water subsides.

#### TO LONDON IN FIVE DAYS.

Use of the Fishguard Route Makes This Fast Time Possible.

London, Sept. 3.—The fastest transit from New York to London—coming from the pier on the Hudson river to the station platform here—has been reduced to five days nine hours and twenty-two minutes by the latest achievement of the big Cunarder Mauretania on her voyage by the Fishguard route. If the gain through a change of moment is allowed, the elapsed time from New York to London is five days, four hours and thirty minutes. The Mauretania dropped anchor at the little port on the coast of South Wales at 1.15 P. M. Her four tenders took off passengers and mails, and a special train to the Great Western Railway, which made the run of 202 miles in four hours and thirty minutes, deposited the passengers in London at 7.28 in the evening. The mails arrived forty-eight minutes before.

Over all other ports of call, it is held that Fishguard saves to the traveller at least six hours between Queenstown and London. The best record of the North German Lloyd to Plymouth is five days eight hours and seven minutes, made by the Kronprinzessin Cecilie, which means, approximately, five days twelve hours and six-sevenths minutes from New York to London, or three hours and a quarter longer than the transit by Mauretania to Fishguard and thence by train to London. Fishguard presents the advantage of requiring fifty miles less ocean transit and a considerable distance less of land transit than Holyhead with London as the objective point.

The London papers make a big feature of the successful inauguration of the Fishguard route. Fishguard, they say, now takes rank with Liverpool, Southampton and other great ocean ports, and rapid development is anticipated. The railway companies intend as soon as sufficient passengers justify the step, to run a special train to Dover for Continental traffic, so as to avoid the delay of transference at London. Thus the journey from Fishguard to Dover will be reduced to seven hours, which will place the Cunard company on an equality with the German lines for Paris and Continental traffic. It is believed here that as soon as the superiority of the new route is realized the government will be compelled to abandon the regulation requiring mail boats to call at Queenstown.

#### SQUIRRELS CARRY PLAGUE.

Government Surgeons Report 178 Infected Animals in California County.

Washington, Sept. 3.—That ground squirrels disseminate the plague is proved in a report made to the public health and marine hospital service by W. C. Rucker, the assistant surgeon. Dr. Rucker reported that 178 infected squirrels had been found in Contra Costa county, California, up to Aug. 13, last. The investigations were conducted by Dr. Rucker, who was assisted by Dr. Rupert Blue, the Marine Hospital surgeon who had charge of the sanitary work in San Francisco during the plague epidemic three years ago.

The report proceeds to cite a number of cases of the plague in human beings that were traced to the ground squirrels. The report further says that a campaign against the ground squirrel was inaugurated several months ago. The campaign is also on the indication of what would otherwise be a permanent focus for bubonic plague.

## Marquette County Savings Bank

SAVINGS BANK BUILDING, MARQUETTE.

Special attention to BANKING BY MAIL. Send a postal for booklet

Modern education takes care of the mental and physical development of the young people but neglects the financial, leaving that to the higher schools or to the parents. As parents, you should encourage the necessary habit of saving by seeing that your children each have a bank account. No matter how large such account may be, we will appreciate it and be glad to have you or them call a any time.

CARL MEESKE.

A Former Student of the Ferguson Business College.

It gives us pleasure to refer to Carl Meeske as one of our former students who has made good. He is one of the most worthy young men we have ever had in our school. The following letter was received unsolicited:

Marquette, Mich., May 5, 1909. Mr. J. A. Ferguson, Marquette, Mich.:

Dear Sir:—As it is now over a month since my son Carl has been in our office, I want to tell you that his work has proved to be satisfactory in every way. The book-keeper expressed himself as being well pleased with his new assistant.

Mrs. Meeske joins me in expressing our appreciation of the advancement our son has received at your excellent Business School, and we want to thank you kindly for the interest you have shown in his education.

Yours truly, CHARLES MEESKE.

The Fall Term at the Ferguson Business College will begin Tuesday, September 7. It is important that those who intend to enter should be at the Business College on that date.

Ferguson Business College, NESTER BLOCK, MARQUETTE 6-19-11

## Your Shirt Waists Will Be Nicely Laundered

if sent to us. We wash these dainty garments very carefully—starch them to just the degree of stiffness you like best—and iron them carefully by hand.

Our shirt waist ironers are girls who are expert at this work. Day after day they iron only ladies' dainty shirt waists.

Constant practice makes them perfect—and your waist—when they finish it—really looks as it did when new.

We deliver shirt waists in stiff pasteboard boxes, to prevent muzzing.

Try our work next week.

Located in the Lake Superior district. Mines and Mills accessible for College work. For Year Book and Record of Graduates apply to PRESIDENT or SECRETARY, Houghton, Mich.

## Ishpeming Department

(Additional Ishpeming on Page Seven.) THIS WEEK'S ATTRACTIONS.

**ALL BUSINESS WILL BE SUSPENDED TODAY**

Plays to Be Seen Today and Tuesday, Thursday and Saturday.

There will be four offerings at Ishpeming theater this week. "Lena Rivers," dramatized from Mary J. Holmes' novel, will be presented this afternoon and evening. This play has proved a big winner for the owner, and it is destined to run for many years. It is now considered one of the best popular priced attractions on the road. For the matinee this afternoon special prices of ten cents for children and twenty-five for adults will prevail. The company carries its own scenery.

"In Wyoming" Tomorrow Night. "In Wyoming," which comes here tomorrow evening, was seen at the Ishpeming theater last season, and was most favorably received. "In Wyoming" tells a pretty story and some strong characters are introduced. The production is adequately mounted.

"Three Weeks" Thursday. Elinor Glyn's much discussed book, "Three Weeks," which has been dramatized by Miss Glyn herself, will be the offering Thursday evening. The play shows, as has the book, the importance in a woman's life of the demonstration of love and affection for those from whom she has a right to expect it. An exceptionally pretty stage picture is to be seen in the second act. It shows the "Loggia of the Palace at Venice" during the "feast of the roses." In the foreground of the room is an old Venetian palace, gorgeously decorated with roses of every hue and variety and through three stately arches may be seen the Grand Canal with the moon shining on it and dancing during the afternoon and evening. The Finnish band will furnish the music.

The Ishpeming baseball team will go to Marquette this morning to meet the league team there at the fair grounds, and it will play the Negauance team at the Union park this afternoon. It is likely that Burke will pitch this morning, and (oulette) will probably be in the box this afternoon. The proceeds of the afternoon game, with the exception of \$75, will go to the park management to pay for improvements made early in the season. The Ishpeming nine will receive \$75 for its services as it gave the proceeds of a game to the park management last fall. Ladies will be admitted free. There will be a charge of ten cents for seats in the grandstand. Guy Freese and Tom Dyer will be the umpires.

The Marquette County Telephone company will this week complete installing its switch boards and other equipment at its new central office in the Quavle block at Gwin, Swanzey range. For the past year or more, ever since the line was extended to the range, the central has been in one of the residences at the Austin location. The company will henceforth be prepared to furnish Swanzey range people with all the 'phones they want. Up to this time the number that could be operated has been fixed. Some fifteen additional patrons were recently added at the new town of Swanzey. It is expected that within a short time there will be over 100 'phones in use on the range.

Within a week or ten days a new selecting ring and automatic lock-out system will be provided for the Chosday district. There are about fifteen 'phones in that territory, all on one line. With the lock-out system only one 'phone can be called at a time, and another subscriber can overhear the conversation. This system was installed in the Ishpeming office a short time ago for the lines running to the Winthrop and the western end of the county, and one has also been put in at the Negauance office for the Palmer service.

The rebuilding of the line between Humboldt and Republic will be completed within a few days. Nearly all the poles had to be moved and a large number of new ones were put in.

**WILL BE MARRIED TODAY.**  
John S. Olson of the A. W. Myers Mercantile company and Miss Alice Swanson, formerly of this city, will be united in marriage this afternoon in Milwaukee, where Miss Swanson has made her home with her sister, Mrs. John L. Berlin, ever since she came here. Among the relatives of the bride and groom to be present from this city are Mr. and Mrs. Frank Olson and James Bryden and wife, Mrs. Olson and Mrs. Bryden went to the city about ten days ago and Messrs. Frank Olson and Bryden accompany Mr. Olson, the latter part of the week. The newly married couple will go to the Seattle exposition and other Western cities on their wedding tour and will return to Ishpeming in from three to four weeks.

Professor H. Posner, leader of the Locher orchestra, has opened a school of music in the Voelker block, room 10. He will give instructions on the cornet and violin. (9-2-19)

Only a little cold in the head may be the beginning of an obstinate case of Nasal Catarrh. Drive out the invader with Ely's Cream Balm applied straight to the inflamed stuffed up air-passages. Price 30c. If you prefer to use an atomizer, ask for Liquid Cream Balm. It has all the good qualities of the solid form of this remedy and will rid you of catarrh or hay fever. No cocaine to breed a dreadful habit. No mercury to dry out the secretion. Price 75c, with spraying tube. All druggists, or mailed by Ely Bros., 56 Warren street, New York.

**WILL SMASH POWDER TRUST.**  
Officials of the Department of Justice Are Much Encouraged.  
Washington, Sept. 3.—Taking of testimony for the defense in the case the government has brought to break up the powder trust under the Sherman-law will be begun in New York in a few days. Department of justice officials are greatly pleased over the developments in this suit, and say they will certainly smash the powder combine. R. S. Waddell of Peoria, the powder manufacturer, who began the war on the powder trust, is here conferring with department of justice officials.

## The Miners' National Bank

Capital \$100,000. -- Ishpeming, Mich.  
SURPLUS . . . . . \$80,000

**UNITED STATES DEPOSITARY.**

To send me their inquiries for all kinds of Lumber, Shiplap, Siding, Flooring, Sheeting, Piece Stuff, Timbers and all other kinds of building material. Save money by buying direct from the producer.

Both 'Phones, Ishpeming. **B. J. GOODMAN.** Office, Robbins Bldg.

**KLARA FARM HAS TALENT.**  
Her Concert to Be Musical Event of the Season at Sault Ste. Marie.

Miss Klara Farm, who will give a concert in the Soo Opera House the evening of Friday, Sept. 10, has demonstrated that talent and ambition are a winning combination, says the Soo News. It was but a few years ago that Miss Farm determined to win her share of fame and fortune with her voice. Her training, natural ability and pleasing personality soon yielded results. She was engaged for one season with the famous Schumann-Heink and for another with the Dolly Van den company. She sang one summer with the Opera company in Pittsburgh and another with the same attraction in Providence, Rhode Island. Her light opera repertoire includes "Bole of New York," "Floradora," "The Girl from Paris," "The Mikado," "Fortune Teller," "Serenade," "Holan Hood" and others.

About a little more than a year ago Miss Farm went abroad to secure advanced vocal training. She studied in Paris for eight months with Louis Varney and Mile. Sams. Upon her return to America she joined the Olympic Musical Comedy company and in a prima donna role entertained audiences in Memphis and New Orleans for sixteen weeks. Miss Farm is visiting her parents, Mr. and Mrs. Charles Farm, who reside on Carrie street. Her singing at the concert Sept. 10 will be her first public appearance in her home city since her return from Paris.

Miss Farm's reputation as a vocalist, supplemented by the knowledge of her training abroad and her winsome and vivacious personality, combine to make her one of the strongest vocal attractions ever announced for the local concert stage.

Your complexion as well as your temper is rendered miserable by a disordered liver. By taking Chamberlain's Stomach and Liver Tablets you can improve both. Sold at The People's Drug Store.

**ECZEMA**  
BANISHED OR NO PAY.  
Escaped a Slow and Horrible Death.

No one could have suffered more than Thos. F. Breck, 55 Willard Street, Hartford, Conn. While in Philadelphia he had Eczema so badly that he was pronounced incurable and resigned himself to a slow and horrible death. A neighbor asked him to try Dr. Taylor's Remedy. He did so and was entirely cured in a short time. Sold by The Stafford Drug Co., Marquette, Mich. Send for free illustrated booklet.

**THE TERRIBLE ITCHING, BURNING, DISFIGUREMENT, HUMILIATION OF ECZEMA**

Have unannounced low excursion rates to Marquette for the County Fair, Sept. 6th to 9th. Apply to station agents for particulars. (9-2-19)

Woman makes excellent comedy and tragedy to order.

"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold at The People's Drug Store.

**THE SOUTH SHORE ROAD**  
Have unannounced low excursion rates to Marquette for the County Fair, Sept. 6th to 9th. Apply to station agents for particulars. (9-2-19)

# ISHPEMING

## ISHPEMING IN BRIEF.

Mrs. Miles Butler and children are visiting relatives in Ironwood.  
Will Reilly of Coleraine, Minn., is in the city on a visit with relatives.  
Leo Bertrand spent the latter part of last week visiting his folks in Calumet.  
George Gill, Charles and George Johnson have gone for a ten days' trip on the lakes.  
Leo Steier returned from the copper country Saturday, after a visit of two months.  
Fred Jacob, the barber, was ill the latter part of last week, and his shop was closed.  
Al Hermonson and Howard Vance spent the latter part of last week in the copper country.  
Mrs. John Smeltz of Munising is in the city, visiting her parents, Mr. and Mrs. John Cassen of Maple street.  
Mrs. Michael Cassen, a former resident, is here from Coleraine on a visit to her parents, Mr. and Mrs. Thomas Welsh of Excelsior street.  
Seldon White arrived in the city Saturday and will remain until this evening, visiting Mrs. White and her parents, Mr. and Mrs. W. H. Johnston.  
Dr. Hieselman of Detroit is in the city for a short visit. His father, who died a few years ago, was the Republic mine's physician over twenty-five years ago.  
Arthur Sandberg, who left here a few weeks ago to take a position with the Heinze Piekle company in Chicago, is here for a visit with his parents, Mr. and Mrs. Charles Sundberg.  
The Ishpeeming band will conduct its annual Labor Day hop tonight at Braasland's Hall. Tickets will be fifty cents per couple. The entire band will be present to furnish music.  
Miss Martha D. Trash, who conducted the Durke's demonstration at Sellwood's grocery store last week, will leave today for Duluth, where she expects to remain three or four weeks.  
A large delegation of Ishpeeming baseball fans went to Marquette on the South Shore train yesterday afternoon to take in the ball game between the Marquette and Ishpeeming nines.  
Miss Gertrude Planagan, representing the Joseph Burnett company of Boston, manufacturers of the well-known Burnett vanilla, will conduct a demonstration at Sellwood's grocery store all this week.  
Miss Rose O'Brien and her friend, Miss Margaret McDonald, of Duluth, went to the copper country yesterday to visit the former's brother, M. J. O'Brien, and family for a few days. Miss O'Brien will teach at Duluth again this year.  
Harry Gordon is in the city in advance of "Molly Bawn," which will be the offering at Ishpeeming theater next Saturday afternoon and evening. Mr. Gordon was formerly part owner of "The Holy City" and "A Royal Slave" companies.  
T. J. Maloney, of the Swift company, is relieving H. J. Becker, the company's Escanaba representative, who is visiting the Seattle exposition. Joseph Robear is looking after the trade in Mr. Maloney's territory.  
Mrs. Carl Tellefsen and her two youngest sons, who left here several weeks ago for her former home in Norway, were there but a few days when

her father-in-law died. The old gentleman was over ninety years of age.

A. D. Street, who has been employed as solicitor for the Marquette County Gas & Electric Light company for a few months, has resigned, and has gone to the copper country, where he expects to be engaged for some time in similar work.

The annual meeting of School District No. 1 will be held this morning at 9 o'clock at the Central school building. The officers will present their annual reports and at the conclusion of the business session the polls will open for the election of two trustees, each for a term of three years. Charles Burt and John Skoglund, whose terms expire, are both candidates for re-election. The polls will remain open until 5 o'clock.

The Juniors and Tigers of the Barnum location, which have played several games during the last two weeks, are in a controversy as to which is entitled to the championship. The youngsters are playing some very snappy ball. The Juniors defeated the Tigers Saturday by a score of 5 to 0. The Ryan brothers were the battery for the Juniors and Campbell, Malloney and Kirke did the heavy work for the Tigers. The Juniors had three hits to their credit and the Tigers one.

## Upper Peninsula

### Game Laws Criticized—

The last legislature extended the closed season on beaver until Dec. 31st, 1912 and created a closed season for bear from the first of May until the first of November, comments the Newberry News. Beaver have multiplied so rapidly during the years they have been protected that they are now a nuisance in the woods, damming up streams and flooding timber lands and creating a great deal of damage to standing timber. There should be a bounty paid for the animals rather than give them further protection. And why in the name of goodness is it necessary to protect bear passes understanding.

### Miner Crushed to Death—

At the Traders mine of the Antoine ore company at Iron Mountain, Ban Nosenko, a drill operator, was caught by a fall of ore and instantly killed. His assistant, A. Bettege, received two long cuts on his left leg and was badly bruised about the body. Nosenko was operating his machine under a large slab of ore. He had been warned by Superintendent Carls that the ground was shaky and to work carefully. It is supposed that the vibration of the machine caused the ore to slip away, falling upon him before he could escape. The victim of the fatality was a single man, about forty-two years of age, and had no relatives in this country.

### Logging Road Nearly Finished—

The logging railway which the Sagola Lumber company is building east and south from Witbeck, Marquette county, has reached the Michigan river with the rails. The distance from the St. Paul road at Witbeck to the river is not quite three miles. It is expected that the bridge across the river will be finished in a day or two. The bridge is about one hundred and twenty-five feet in length and constructed for heavy traffic. East of the river the railroad will extend between seven and eight miles. The roadbed of the old narrow gauge railway can be utilized for a considerable portion of the distance, which will facilitate construction work. Trains are now operated between Witbeck and the river and it is expected to extend the service over the entire road before the first of October.

### Picture Men Are Hit—

Moving picture men in the two Soo have for the first time felt the effect of the new tariff law. Instructions covering the bringing into the United States of moving picture films were received last week by the customs department and they went into effect immediately. While the law was passed some time ago it was not known that this traffic was affected. Most of the theaters in the two Soos are connected in some manner; if not by ownership, they are on the same circuits. When one film was finished in the American Soo, it was sent across the river and then on down the line to Blind River, Sandbury and other towns. These films belong to American concerns and had to come back. The only duty which has had to be paid on them has been when they were taken into Canada, which charge is 25 per cent. Now, however, Uncle Sam is going to charge for the bringing of those films back into the United States. He wants a cent and a half for every foot of reel that crosses the line. Under this condition of affairs, it is to be taken for granted that there will immediately spring up like mushrooms, moving picture manufacturers all over Canada.

### Partridge Season Next Month—

The open season on partridge and spruce hen for the lower peninsula is October 15 to November 30, inclusive, and for the upper peninsula, October 1 to November 30, inclusive. The law on water fowl remains the same, the open season being from September 1 to January 1, which includes duck, plover, snipe and woodcock, and the migrating ducks which come here in the spring may be shot from March 2 to April 25, inclusive. The law prohibits the use of

the sink boat, and any boat propelled by machinery, or a gun of greater caliber than ten gauge. According to the law English or Mongolian pheasants may be killed after this year, which will add much to the fall sport in the east end of the peninsula. Chippewa county has been "colonized" with these birds through the efforts of W. B. Mershon, and from time to time favorable reports were heard as to their thriving. At first some hunters, it was thought, shot the hen birds, as their plumage greatly resembled that of a partridge, but the male birds were never mistaken for any other breed, as they have very brilliant plumage.

### Menominee's College Students—

The state university at Ann Arbor will enroll some twelve or thirteen students from Menominee this year, the largest number the upper peninsula city has ever sent to the big college at one time. Those who will enter the university as freshmen this year are: Walter Madden, Walter Heuvelinger, Henry Conant, Herbert Huebel and Leslie Waite. All are graduates of the high school with the exception of Henry Conant, who was graduated last June from Northwestern Military Academy at Highland Park, Ill. Among the seniors at the state university will be Leigh Caswell in the law department, Frank Gutowski in the engineering department, and Walter E. Henes in the literary department. William Tideman returns as a third year man in the engineering department, and Meredith Sawyer as a junior man in the law department. Will Carpenter will be registered in the sophomore engineering class. Walter Edie, who was graduated from Olivet college, expects also to enter the state university this fall.

The far east has called three of Menominee's fair daughters. The Misses Wilda Crawford and Olive Trudell will attend Vassar college at Poughkeepsie, N. Y., and Miss Virginia Daniels returns as a senior to Wellesley college near Boston, Mass. Miss Muriel Venema and Miss Gladys Barclay expect to attend the Stout Domestic Science School at Menomonee, Wis., and the Misses Knechtel and Miss Alice Peterson will pursue a course in domestic science at the Thomas Training School in Detroit. Miss Gretchen Packard and Miss Helen Adams will attend the Detroit Conservatory of Music and Miss Marguerite Crawford returns as a sophomore to the Milwaukee Downer College. Miss Alma Kirkham will enter the Art Institute in Chicago. Miss Verena Kirkham will also return to the Art Institute after the Christmas holidays. Miss Florence Carpenter, who was graduated last June from Girton Hall at Winnetka, Ill., will attend Mrs. Sommer's school at Washington, D. C. Frank Erditz will continue his studies at the Milwaukee Medical college, and his cousin, Miss Isabel Erditz, will return to Chicago to pursue an advanced course in vocal study. Miss Gertrude Servatius returns this fall as a senior at St. Xavier's Academy in Chicago, and Miss Florence Horton will be enrolled in the graduating class at the Oshkosh Normal. Harold Collette, who attended Joliet college last year, has not yet decided if he will continue his studies at the Wisconsin college or attend the Michigan state university. Miss Genevieve Robinson intends to take a normal course. Lester Poyer and Phillip Fortin will attend St. Lawrence college at Montreal, Canada. Gerald Doyle will continue his studies at the Detroit Law school, and Miss Pearl Fraser expects to return to Chicago to continue her vocal study.

### LOEB INSISTS UPON THE TRUTH.

He Punishes Tourists Who Fail to Declare Articles Brought Home.

Washington, Sept. 3.—Collector of the port William Loeb, Jr., of New York has determined to teach people who tell petty lies to the government that honesty is the best policy. The customs law allows a passenger to bring in dutiable goods to the value of \$100 free, provided the articles are set forth in declarations, but many persons have been found guilty of failing to declare these little things. Hitherto they have gone unpunished, but today persons were brought back to the customs house and made to pay duty on property which if they had not attempted to conceal it, would have been admitted free. This procedure will be continued until people learn better ways.

### Do You Want to Know How

# Negaunee Department

## PASCOE-LAGAULT NUPTIALS.

### WORKINGMEN WILL HAVE A HOLIDAY

PRACTICALLY ALL WORK AT THE MINES, WITH THE EXCEPTION OF STEAM SHOVEL OPERATIONS, WILL BE SUSPENDED TODAY.

Today will be generally observed as a holiday by the working people of Negaunee. All work at the mines, with the exception of shipping operations, will be suspended. The superintendents of the railroad yards received orders Saturday for cars for both yesterday and today, and it is expected that the movement of ore today will be larger than on any previous Labor Day for years. A number of the steam shovels will be worked and it is expected that most of the switching crews will be on duty. Several steam shovels have been operated every Sunday for the past two months. The railroad men have had little time off this summer.

The shortage of ore cars is still proving a hindrance to the movement of ore on this range, but the railroads are doing the best they can to keep the cars moving. Many of the cars going from the mines here to Marquette in the morning are returned in the afternoon and occasionally some of them make three or four trips in only twenty-four hours. The railroad men have had no delays on account of the non-arrival of boats or from other causes, except during a few days early in August, when the weather was rough.

Some of the Negaunee business houses will be closed today, but the dry goods merchants will keep their stores open until noon. There will be nothing in the amusement line this morning, except the baseball game between the Ishpeeming and Marquette teams at the county fair, but there will be a labor picnic this afternoon at the Cleveland Park and a ball game between the Negaunee and Ishpeeming nines at the Union Park.

Negaunee is to play its first game at the county fair Wednesday afternoon with the Marquette team, and it will meet the Ishpeeming team Thursday afternoon.

### MUNISING DROPS ANOTHER.

Negaunee Won Game Yesterday, 2 to 0, by Bunching Hits.

About 1,000 fans witnessed the game yesterday between Munising and Negaunee in which Negaunee was the winner by a score of 2 to 0. Such a result was in the box for Negaunee and kept his hits well scattered. Nelson did good work for the visitors and allowed but four hits. Munising was credited with three errors and Negaunee with one, but none of them were costly. Negaunee's runs were made in the third and fifth innings. In the ninth it looked as if Munising with the bases full and one runner would score, but Sienchial killed their chances by striking out the next two batters.

### TOO MANY PEDDLERS.

Business Men Object to Selling of Fruits and Vegetables.

"I hope the ordinance adopted by the council Thursday evening will have the effect of keeping out of the upper peninsula the hawkers and peddlers who come here every fall to dispose of carloads of fruits and vegetables," said a merchant Saturday. "These men have injured the local businessmen for years. Nearly every year a new crop of peddlers come in, expecting to reap a harvest, but when they get here they find that the people are not as ready to buy their truck as they expected. I know of many of these outside men who have lost heavily on their deals, and rather than let their goods hang on their hands they have many times sold out their perishable stuff at ridiculously low prices. I believe that if they were given to understand that they would have to pay a license fee for the privilege of doing business here there would not be so many of them coming this way. There is no reason why the city officials should allow these outsiders to come in and injure the trade of the home merchants, and I am glad that the council has taken this action. We have already had two or three parties inhere with carloads of fruits and vegetables."

### FOUNDATION WORK STARTED.

A. P. Spaulding, who has the contract for the erection of Negaunee's new fire hall, started men to work Saturday building tool sheds and putting in frames for the concrete base. There will be 30 work on the job today, but if the weather is favorable the laying of the concrete will be started tomorrow. A few loads of lumber, also wheelbarrows and other material, were delivered Saturday. Mr. Spaulding expects to work a good-sized crew, with a view to getting the building finished before winter sets in. As stone masons and bricklayers are said to be scarce here it may be necessary for him to bring in some men from Menominee.

### FINE ACTOR COMING.

W. B. Patton, who will be seen at McDonald's Opera House Thursday evening in "The Blockhead," is a clever comedian. His work is similar to that of Sol Smith Russell. Mr. Patton was seen here eight years ago. "The Blockhead" is a comedy of merit. Mr. Patton will be seen as Theodore Blockson Headington, a comedy creation that is both attractive and original. The company carries special scenery, and stage effects. The prices will be twenty-five, fifty and seventy-five cents and \$1.

### MINES RECEIVING COAL.

The mining companies operating properties on this range are now receiving heavy consignments of coal, but the winter supply of fuel will not begin to come in for a few weeks. It is expected that there will be a larger tonnage received this fall than at any previous time in the history of the mines. Last week 1,400 tons were dumped at the Mars Charlotte mine and a similar tonnage was delivered to the Hartford. Other mines received smaller consignments.

### TERKISH BATHS AND CHIROPODY

Frank Keough, 123 W. Ridge St., Marquette.

# THE STATE BANK

of Negaunee, will soon be

## READY FOR BUSINESS

in the First National Bank's former quarters, which are now being made ready.

### LOCAL LAONICS.

Peter Barasa is reshingling his dwelling on Case street.  
T. H. Harris put in a concrete base for a fence at the front of his residence on Lincoln street, Saturday.

The carpenters are making good headway with Patrick Keop's new dwelling on Bluff street, opposite Cyr street.

A number of the members of the golf club of this city and Ishpeeming were the guests of the newly organized club at Marquette Saturday.

William Harris, a former well known resident of Negaunee, who is now an underground forman at the Stephenson mine on the Swanzy range, is spending a few days in the city.

Manager McDonald of the opera house has secured a good attraction in "Lena Rivers," which will be presented here tomorrow evening. The prices will be twenty-five, fifty and seventy-five cents.

The remains of the late Patrick McGrain, who died suddenly at Marble, Minn., were received here Saturday morning. The funeral will be held this morning at 9 o'clock from St. Paul's church.

Michael Holley, a pioneer resident of Little Lake, who for years held a position as section foreman with the Chicago & Northwestern Railroad company in that vicinity, called on Negaunee friends Saturday.

The foundation for the Scandinavian society's new block on Gold street will be completed tomorrow, when work on the superstructure will be started. A. M. Floodstrand of Menominee, who put in the foundation and who is to do the brick work, is at present employing a dozen men, but he intends to increase the force this week.

The movement of blueberries from points on the South Shore system, east of Marquette, continues fairly heavy. Large consignments are received here daily, and are transferred to the Chicago & Northwestern train going south. Most of the berries are consigned to Chicago commission houses. The frost last week did little damage to the berry crops of this region.

Hooste & Person, Menominee range contractors, are doing some stripping at the Empire mine, on the Cascade range. This firm has had a number of men working on a big contract at the Portland mine, near Michigan Lake, the past several months, where they are removing ore with steam shovels. Their contract calls for a considerable tonnage before navigation closes.

Don't waste your money buying plaster when you can get a bottle of Chamberlain's Lintiment for twenty-five cents. A piece of flannel dampened with this lintiment is superior to any plaster for lumbago, pains in the side and chest, and much cheaper. Sold at The People's Drug Store.

"Throw out the Line"—Give the Kidney Help and Many Marquette People Will Be Happier.

"Throw out the Line"—The kidneys need help. They're overworked—can't get the poison filtered out of the blood. They're getting worse every minute. Will you help them?

Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair.

Will cure any form of kidney trouble. H. H. Bradford, retired, 610 River avenue, Iron Mountain, Mich., says: "I gladly endorse Doan's Kidney Pills as I have used and found them to be a reliable kidney remedy. They relieved me of backache, regulated the kidney secretions, and improved my general health. Other members of my family have taken this remedy with the same good results."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### THROW OUT THE LINE.

### LEADERS OF LEAGUE WERE WHITEWASHED

PLAYING SENSATIONAL BALL ALL THE WAY, MARQUETTE SHUT OUT ISHPEMING TEAM.

### HOME RUN BY HAMILTON

Was First Four-Sacker Made on Home Grounds in Two Years—Both Nines in Excellent Form.

Before the largest crowd of the season, with the Marquette team working like a clock, Ishpeiming went down to defeat yesterday afternoon by the score of three to nothing. Though Marquette showed better form in all departments of the game, the Ishpeiming players did some mighty good work, and the contest was as fine an exhibition of ball playing as one would wish to see.

Scholtus was in the box for Marquette and, backed up by gut-edged fielding, his opponents got but two hits, one of which was decidedly of the stretch order, though it went for two bases. He did not issue a pass to first or hit a batsman, and not an Ishpeiming player got beyond second base. Incidentally, it was Scholtus' sixth shut-out game this season.

Toman, who pitched for Ishpeiming, also gave a creditable account of himself and allowed but six hits, but he walked three men, one of who scored the first run of the game. Leston, who caught for the visitors did not play his usual game, and several of Toman's slants got away from him, one of which permitted Marquette to score.

The most sensational feature of the game was Hamilton's home run in the sixth, which was a clean drive into the trees in right field, and the first four-sacker that has been made on the Marquette grounds in the history of the Marquette-Alger county league. Cy Young, the popular short stop, was in exceptionally good form, and seeped up everything in sight and made two hits besides.

How Runs Were Scored.

Marquette tallied in the third, fourth and sixth innings. In the third, Walsh, with one down, was passed to first. Scholtus sacrificed, and by getting a big lead off second before the ball was pitched, Walsh crossed the plate on Young's drive over short. Weiser was out, Main to Olson, and young died at first.

In the fourth, with one out, Mack doubled between first and second base. Hamilton, who followed, singled, advancing Mack to third. He scored when one of Toman's swift outs got away from Leston. The last score made was Hamilton's home run.

With two out in Ishpeiming's half of the third, Toman raised a high fly ball, which fell between Larum and Biopelle, and was good for two bases, though it appeared that either of the fielders might have caught it. Toman was

caught off second a moment later by the ancient hidden ball trick, pulled off by Hamilton. In every other inning except the seventh, the Ishpeiming batters went down in one, two, three order. In the seventh, after Burke had struck out, Thompson made a clean drive over second base, but Olson died to Weiser and Simpson forced Thompson at second, thus retiring the side.

	AB.	R.	H.	P.O.	A.	E.
Ishpeiming	30	3	0	0	1	0
Burke, H.	4	0	0	0	1	0
Thompson, 3b.	3	0	1	1	1	0
Olson, 1b.	3	0	0	0	2	1
Simpson, cf.	3	0	0	2	0	0

### HEAD-ON COLLISION NEAR TROUT CREEK

TWO FREIGHT TRAINS CAME TOGETHER ON SHARP CURVE, DISABLING BOTH ENGINES, NO SERIOUS INJURIES.

The day passenger train running between Duluth and Nesteria was unable to connect with the train from the copper country arriving in Marquette at 7:45 p. m. Saturday night, and train No. 8, running from Duluth to the Soo, was three hours late Sunday morning because of a head-on collision between two South Shore freight trains three miles west of Trout Creek and a mile east of Fallsiding at 3:15 Saturday afternoon.

The colliding trains were the regular westbound freight, No. 35, drawn by engine No. 493, and an extra, drawn by engine No. 108, hauling seven cars of rails and two cars of lumber from a siding that is being taken up, to Ontonagon. The regular was in charge of Conductor Messier and Engineer McCormick, and the extra in charge of Conductor Forman and Engineer Whiteson. According to the chief train despatcher, the blame for the collision lies entirely with the crew of the extra, who forgot that they were running on No. 35's time. The extra was working under orders to keep out of the way of all regular trains as shown by the time table.

The two trains met on a sharp curve and neither engineer could see the other until the two engines were within a short distance from each other. As a collision was then inevitable, both engine crews jumped and Engineer Whiteson of the extra suffered a broken arm in going through the window of the cab. The engineer of the regular and the two firemen escaped without injury. The engines came together head-on and both were disabled.

As soon as the news of the wreck was received in Marquette, the wrecking train was ordered to the scene, and about four hours after its arrival the track was cleared and again in condition for traffic. The day and night eastbound passenger trains were held at Even until the wreckage was cleared away.

# MARQUETTE STEAM LAUNDRY

AND DYE WORKS

NEEDHAM BROS. & WILLIAMS, Props.

LAUNDRY Dry Cleaning

**CLEAN, WHOLESOME AND SANITARY DRY CLEANING and PRESSING**

Can Only be Produced Under Perfect Conditions and by thoroughly Modern Methods

The accompanying cuts thoroughly illustrate the vastly different results secured in our Dry Cleaning Department.

A garment passing through our pressing machines is thoroughly disinfected, as no germs or microbes can exist under a temperature as high as the dry steam produces. At the same time any odor that might be in the garment is removed. The grimy appearance is taken away, the nap is raised, the colors revived, and the garment restored to that fresh new appearance desired by all good dressers.

**112-114 MAIN STREET.**  
 ALL PARCELS CALLED FOR AND DELIVERED BY OUR REGULAR LAUNDRY DRIVERS

**OUR METHOD.**
