### NEED \$65,000 FOR SCHOOL PURPOSES

At the annual meeting of the school district No. 1, held yesterday morning in the Central building, the taxpayers voted to spread \$65,000 upon the tax roll for school purposes. This is \$15,000 more than was raised last year or the year before, but the taxpayers were satisfied by the complete report submitted by the officers of the board that the extra money is needed, and can be used to good advantage. Among those present were representatives of the three mining corporations operating properties here. A few days ago the agents of the companies were provided with statements by the secretary of the board, giving an estimate of the probable cost of running the schools this year, together with a comparative statement for the past two years. Particular attention was called to the fact that the extra money to be raised by taxation will be needed this year to take care of the interest on the bonds and notes falling due. The bonds outstanding amount to \$45,000, all being against the old high school building, and there is \$30,000 in notes on account of the new building. The latter must be taken care of in three years.

Another thing the board took into consideration in asking for the extra money is the fact that, in all probability, no primary money will be received in November, on account of the depleted condition of the state treasury. This will necessitate the borrowing of a few thousand dollars to tide over until the taxes are paid. The members of the board do not expect the primary money to come in until after the first of the year. The sum expected is \$27,000. The representatives of the mining companies asked many questions concerning the management of the schools and the financial conditions. The vote on the appropriation was not taken until all questions had been answered, and it was unanimous.

### RECEIPTS AND DISBURSEMENTS.

The receipts from all sources last year amounted to \$256,991.59. By far the heaviest items were the loans, totaling \$135,000; the cash on hand July 1, 1908, was \$3,455.18; the library fund brought \$710.07; the deaf school fund, \$654.16; primary fund, \$26,701.70; one mill tax, \$6,657.91; two extra one mill tax, \$13,315.82 and general school tax, \$29,094.18. Teachers' salaries last year amounted to \$55,052.25; the janitors' salaries amounted to \$7,046.07; general repairs, \$2,068.14; supplies, \$3,155.80. The fuel for the several school buildings cost \$5,783.65; incidental expenses, \$3,378.99; manual training, \$1,304.34; lighting, \$404.75; building fund, \$46,814.07. Bonds and coupons represented an expenditure of \$5,888 and the interest paid on outstanding bonds and notes was \$2,652.09, and a total of \$116,000 was paid on the notes. Other items of expense, including disbursements on account of the library, text books, stationery, printing, etc., together with the outstanding orders and cash on hand, \$1,904.95, brought the total to \$256,991.59.

The board estimated that the one mill tax to be received for 1909, 1910 and 1911, will take care of the notes outstanding against the new building.

### Value of Permanent Equipment.

The board places a value of \$350,000 on all school property. Permanent equipment in the high school is estimated to be worth \$1,170.67; that in the Grammar school, \$398.65; high street school, \$97.5; Cleveland school, \$312.75.

The expense of conducting the school for the deaf last year was \$850. As the state paid \$654.16 of this sum, the net cost to the district was only \$195.84.

The number of pupils who attended the schools last year was 3,225. The number of male teachers employed, eleven; number of women teachers, seventy-two; number of volumes added to the library, 300; whole number of volumes in the library, 3,500.

### Comparison for Three Years.

The statement giving the estimate of the probable cost of conducting the schools this year, together with a comparison for the past two years is as follows:

	1907.	1908.	Estimates 1909.
Cash on hand June 30th	\$ 33,127.89	\$ 3,455.18	.....

### "IN WYOMING" TONIGHT.

"In Wyoming" H. E. Pierce & Co.'s play of western ranch life, will be the attraction at the Ishpeming theatre tonight. "In Wyoming" is a genuine American play, replete with virility and strength. Willard Mack, the author, has liberally combined his ingredients of dramatic interest with the proper mixture of comedy. The scenes are laid near Casper, Wyoming. The management has furnished a complete scenic production.
