

MR. TAFT DEFENDS NEW TARIFF LAW

Payne Bill the Best Measure of Its Kind Ever Put on the Statute Books, He Declares in Speech at Winona, Minnesota.

Not Only Does He Laud the Legislation, but in the Course of His Address—the Most Important He Has Made Since His Election—He Boldly Asserts That the "Insurgents" Who Voted Against It Have Abandoned the Republican Party.

Winona, Minn., Sept. 17.—In his most important utterance since his occupancy of the White House, President Taft tonight, in a state which is hotbed of the "insurgent" Republican movement, defended the Payne law as the best tariff measure ever passed by a Republican congress, and hence the best tariff bill ever known.

He said that the insurgents who voted against the bill had abandoned the Republican party. "Was it the duty of the congressmen who believed that the bill did not accomplish everything it ought to accomplish, to vote against it?" he asked.

He said that the duty of the congressmen was to vote for the bill, but to support it. "I am not here to defend those who voted for the Payne bill, but to support them."

Crowd Responds With a Cheer. To this statement the crowd in the Winona opera house responded with a cheer heard far down the street.

He said that the duty of the congressmen was to vote for the bill, but to support it. "I am not here to defend those who voted for the Payne bill, but to support them."

BANKERS DISAGREE WITH THE PRESIDENT

Sentiment Among Them Is Practically Unanimous in Opposition to an Important Proposition Which Has His Firm Advocacy.

While Mr. Taft, Speaking at Milwaukee, Is Declaring in Favor of the Establishment of Postal Savings Banks, the Financiers, in Convention at Chicago, Are Denouncing the Project—They Also Condemn the Scheme of Guaranteeing Deposits.

Milwaukee, Sept. 17.—President Taft and party arrived in Milwaukee at 6 a. m. today and started at 8 o'clock on an invasion of Milwaukee and the state fair grounds. At the fair grounds, the president devoted most of his entire time to postal savings banks. He declared that he stood firm for the redemption of the promise of the Republican platform for the establishment of such a system of banks.

Chicago, Sept. 17.—After a five days' discussion of financial problems, the American Bankers' association today selected Los Angeles for next year's meeting, and adjourned. Among those attending the conference, these being nearly 5,000 bankers representing every state in the Union, there was practically unanimous condemnation of postal savings banks and legislation guaranteeing bank deposits.

Financiers Take Issue With Him. Chicago, Sept. 17.—After a five days' discussion of financial problems, the American Bankers' association today selected Los Angeles for next year's meeting, and adjourned.

Revision Substantially Downward. "There is a substantial downward revision on articles of necessities," said the president.

As to the woolen schedule, Mr. Taft declared the rates of the Payne bill too high. It was found early in the fight, he asserted, that the woolen manufacturing interests in the Republican party were so strong that any attempt to change the Dingley rates would result in the defeat of the bill.

THE WEATHER.

Washington, Sept. 17.—The following is the weather bureau's forecast for Upper Michigan: Increasing cloudiness, and warmer, Saturday; Sunday, probably showers; increasing east to southeast winds.

EMPRESS WITNESSES THE FEAT

Orville Wright Soars to a Height of 765 Feet in Flight at Berlin.

Berlin, Sept. 17.—Orville Wright, flying in his aeroplane here, today broke the record for high flying, attaining a height of 235 metres (765 feet). The flight was witnessed by a large number of spectators, and the flight, and congratulated the American. A strong wind was blowing part of the time.

BASEBALL.

American League. Detroit at Philadelphia. Chicago at Boston. Cleveland at New York. Indianapolis at Washington.

No American league games are scheduled for Sunday. National league games scheduled for tomorrow are: New York at Chicago, Boston at Cincinnati and Philadelphia at St. Louis.

GOVERNOR JOHNSON REPORTED VERY LOW

Advices from the Hospital at Rochester, Minn., This Morning Indicate That He Is Swaying Between Life and Death.

After Apparently Having Successfully Passed the First Crisis, a Turn for the Worse Occurs, and the Best That the Doctors Will Say in the Latest Bulletin Given Out Is That if the Patient Survives Today, He Will Have an Even Chance.

Rochester, Minn., Saturday, Sept. 18.—Governor Johnson is swaying between life and death this morning. In the last official statement given out by Dr. Charles Mayo, at midnight, the surgeon said: "I don't think Mr. Johnson will die tonight. If he survives tomorrow, he will have an even chance for life."

Rochester, Minn., Sept. 17.—Dr. Wm. J. Mayo came out of the governor's room at 8:14 o'clock tonight and said that Mr. Johnson was in very grave condition. His temperature was 99.5 and his pulse very weak and irregular.

Turf Followers Shocked. Sixteen Arrests for Betting Are Made at the Gravesend Track.

New York, Sept. 17.—Race track followers here received a shock today when sixteen men, many of them well-known members of the Metropolitan Turf association, were arrested at the Gravesend track and arraigned in court, charged with "aiding and abetting in the employment of bookmakers." Each pleaded not guilty and was held in \$1,000 bail.

The Eel Wriggles to Victory. Syracuse, N. Y., Sept. 17.—The free-for-all race at the Gravesend track today's Grand Circuit races, the Eel wriggling out victorious after losing the second heat to Copa De Oro in 2:03 1/4.

Wisconsin State Fair Races. Milwaukee, Sept. 17.—The 2:13 trot and 2:12 pace proved hotly contested events at the closing day of the state fair races.

New Record for Yearling Trotters. Lexington, Ky., Sept. 17.—The world's trotting record for yearlings was broken at the fair races today by Miss Stokes, who made the mile in 2:19 1/4. The former record was 2:23.

World's Championship Series. Chicago, Sept. 17.—The national baseball championship announced after a meeting here tonight that the world's championship series would open Oct. 8. The two winners will toss for the place of playing the first game.

STOCK SPECULATION MODERATES ITS PACE

Presumably in Compliance With Tips from Those Who Hold the Purse Strings, Wall Street Gives Heed to the Narrowing Resources of the Money Market, and Trading Is Restricted.

New York, Sept. 17.—The stock speculation moderated its pace today, presumably in compliance with suggestions from those who hold the purse strings. The narrowing resources of the money market have been obvious all week, but apparently were unheeded until today.

Trade Continues to Expand. New York, Sept. 17.—R. G. Dun & Co.'s Trade Review will tomorrow say: Despite the high prices which in some lines cause a curtailment of operations, the volume of trade continues largely in excess of last year and even approximates the records of 1907.

Three Earn \$2,500 in Hour. Crew of Fishing Schooner Make Big Haul of Mackerel Near Shore.

Portland, Sept. 17.—For an hour's work, Captain George Davis and two men of his crew in the fishing schooner Florence and Mildred today divided \$2,500.

Inspector McCann Tells of His Early Life and Police Work. Chicago, Sept. 17.—Inspector McCann was on the stand for forty minutes late today, answering questions concerning his early life and police work.

WOMEN HURL BRICKS. Suffragettes Cause Trouble at Birmingham When Asquith Speaks.

Birmingham, Sept. 17.—Premier Asquith tonight was the target of a demonstration here. He declared the house of lords impotent in finance, and the Liberals eager for the fight if the lords reject the budget.

WORLD'S BEST PERFORMANCE. Automobile at Grand Rapids Is Driven 25 Miles in 23 Minutes.

Grand Rapids, Sept. 17.—At the West Michigan fair today, Ralph DePalma broke the world's automobile record for twenty-five miles. His time was 23:35.3. The previous record was 25:35, held by DePalma.

EXPLORER COOK NOT WORRYING ANY

He Has Entire Confidence in His Ability to Prove His Contentment That He Was the First Man to Reach the Pole.

New Nearing Home, a Passenger Aboard the Danish Steamship Oscar II, He Tells the American People to Have the Fullest Belief in His Conquest of the Extreme Arctic Region, That His Claim Is Backed by Records and Observations.

Steamship Oscar II (via Marconi wireless), Sept. 17.—"Tell the people of America to have the fullest confidence in my conquest of the pole. I have records and observations which prove my claim."

FATALITY ON THE GOGEBIC. Dynamite Explosion Kills Two Miners and Injures Other Men.

Bessemer, Mich., Sept. 17.—Two miners were killed in the Eureka mine today by an explosion of dynamite which had come in contact with a miner's candle.

SHARKS DEVOUR BODIES. Twenty-Nine Persons Perish When Cuban Steamer Is Wrecked.

Mobile, Ala., Sept. 17.—Advices from the Isle of Pines, off the southern coast of Cuba, reports the loss of the steamer Nicholas Castina, with twenty-seven members of the crew and two passengers, firing the rescue lanterns. Eighteen decomposed bodies were recovered.

IS WITNESS IN OWN BEHALF. Inspector McCann Tells of His Early Life and Police Work.

UNCLE JOE A SPEAKER. James A. Patton Also Addresses the Grain Men's Conference.

HALLEY'S COMET PHOTOGRAPHED. Chicago, Sept. 17.—For the first time in seventy-four years, Halley's comet has been observed with the naked eye, assisted by telescope observation made by Professor Burnham of Yerkes observatory, Lake Geneva, Wednesday and Thursday night. Two photographic negatives were secured.

DEATH OF BISHOP McCLOSKEY.

Louisville, Ky., Sept. 17.—The Rt. Rev. George M. McCloskey, bishop of the Catholic diocese of Kentucky and the oldest Catholic bishop in the United States, both in years and in point of continuous service, died here today, aged eighty-six.

 Entered as mail matter of the second class  
 in the postoffice at Marquette, Mich.

The Pressed Steel Car company's strike apparently refused to remain settled.

The next best thing to withdrawing all the protests of league ball games is to avoid the occasion for any more of them.

President Taft is the first distinguished visitor that Chicago has had in many a moon who wasn't shown the stockyards.

After reading President Taft's letter one cannot help being impressed with the view that there isn't anything for Mr. Glavis to say.

The bankers are united in opposition to the postal savings bank plan, which is endorsed in the Republican national platform, and which President Taft is inclined to favor. An interesting time is promised when this plan is put before congress in a definite form.

Our senatorial candidates are beginning to be somewhat in evidence. While Representative Townsend has been receiving much newspaper space in Grand Rapids this week, Senator Burrows has been in Saginaw, meeting old friends and some new ones, and incidentally talking things over with the politicians. The campaign may be said to be in its gum shoe stage.

District Attorney Jerome had the last word in regard to the proposed Ketchell-Langford fight in New York. He ruled that the arrangements for it showed that it would be in violation of the law, and the police prepared to govern themselves accordingly. The promoters judged discretion better than obstinacy, and called the mill off at the last minute. Thus 11,898 columns of newspaper space that was given over to a discussion of the proposed engagement was used to no good purpose.

The police have put the lid on the Millman case at Detroit, and will give out no more information as to their activities. They believe that they may get hold of important evidence if persons who have it in their possession feel that they can give it up without getting unwelcome notoriety. It will be interesting to see whether this theory is borne out by the results. As a general thing detection of crime is expedited, rather than retarded, by a liberal measure of publicity.

If the farmers can be corralled there is no reason why the farmers' institute, to be held here in November, should not be an unqualified success. The thing that has operated against similar institutes in the past has been inability to make farmers understand that they might possibly benefit from giving some thought to the scientific aspect of their business. We note, however, that they are now asking for a rural delivery route. By this sign we are made hopeful that the agricultural population of the country is finally beginning to wake up.

Inquiry among the bankers in attendance at the sessions of the American association disclosed the fact that, generally speaking, the bankers of the large cities favored the central bank plan outlined by George M. Reynolds this week, and the bankers of the smaller towns and the country were opposed to it, taking this attitude because of a somewhat indefinite fear that the existence of the smaller banks would in some way be threatened by the proposed institution. Many words of caution that the subject is a big one, in regard to which the country may well move slowly, were heard following Mr. Reynolds' address. Uncle Joe Cannon, who was among those present, and whose attitude is of the greatest importance, declined to gratify his interviewers by the expression of a positive opinion.

The Michigan State Medical society may not be much of an authority on polar affairs, but it shows its faith and loyalty to the profession by resolving that its confidence in Dr. Cook's declaration that he reached the pole "is unimpaired by anything yet printed or expressed," and by extending to him "its heartiest congratulations on his dignified bearing in a trying situation," says the Grand Rapids Herald. There is no question that the quiet dignity with which Dr. Cook has met and denied the charges brought against him, refraining absolutely from countercharges or harsh criticism of the authors thereof, has been a large factor in the increasing confidence that he seems to have inspired not only among polar experts but the general public, which latter bases its judgment on the character of the man himself and on the improbability of his stooping to such a foolish falsehood as that charged against him.

The last Marquette saloon cases for the present term of court have been disposed of, and it is generally expected that in the future few similar cases will originate in this city. In the case of the People vs. Winkka Judge Stone fixed the minimum fine, despite the fact that it was agreed by both parties that Winkka's bartender was in his saloon after hours for no other purpose than to write a letter. The supreme court has ruled that under the Michigan statutes it is illegal to have a saloon opened during the hours when the law says it shall be closed for any purpose whatsoever, and that the law is broken even should a premises used for saloon purposes be entered for such an apparently necessary task as fixing a fire. It is the law, the intent being to make it impossible to resort to plausible excuses to cover illegal traffic in liquor. The cases against the North Marquette saloon men charged with not having their screens removed in accordance with the law fell down because of insufficient evidence.

**AN AUSPICIOUS START.**  
 The real start of President Taft's record-breaking 13,000-mile journey took place in Chicago, and it could not well have been more auspicious. The arrangements were perfect to the last detail, and the extensive program was carried out, from the moment of his arrival until he was ushered, a tired but well pleased man, into his sleeper, without a hitch. In the intervening hours he saw and was greeted by more than a half million of his fellow citizens, reviewed 150,000 school children, saw the Giants defeat the Cubs, delivered a serious address to a great audience, dropped in on the gayeties of the American Bankers' association, and did innumerable other things. Throughout he wore his expansive, friend-making smile, and received the continuous acclaim of friends and admirers.

The most significant thing in President Taft's Chicago visit was his Orchestra Hall address, and until the president discusses for the first time all the various great public questions to which he is to give attention, and begins to reiterate previous utterances, his words will continue to be the most important feature of every reception arranged in his honor, for they are, after all, the most vital part of his trip.

At Orchestra Hall President Taft confined his remarks to two points, labor unionism and the necessity for improving the present court procedure, to the end that justice may be cheaper, more speedy and more certain. His remarks regarding unionism were frank and manly. He stands for such modification of the law governing injunctions as shall finally obviate even the isolated cases of abuse that have been complained of. He recorded his belief in the value, even necessity, of labor organizing to protect its interests, but at the same time insisted on the right of the man choosing to remain outside the ranks of the organizations to sell his labor as he will. He deprecated all attempts to plunge labor into politics, as an organized force, and congratulated the influential organizations on the firm front they have turned against the socialistic propaganda.

In his discussion of the faults in the existing legal procedure President Taft said many things pregnant with sound sense. The delays in meting out punishment for crime, he said, were a disgrace to our civilization, and he noted that the corresponding delays in the administration of civil law have come to weigh on the poor litigant in a most serious manner. "The delay on the civil side of our courts," he said, "always benefits the man with the longest purse," and again, "I admire my profession, but we have too many lawyers legislating on legal procedure. They have been prone to think litigants made for the purpose of furnishing them business, and congress and the federal courts do not set a good example." The president recommends a congressional commission to take up the consideration of how to improve the conditions of which he complains.

President Taft's address was characterized throughout by a forcible and cogent presentation of common sense views on the two matters which he discussed. It argues that the country will have some interesting instruction on the great questions of the day as the president takes them up, one by one.

**COPPER RANGE CONSOLIDATED COMPANY.**  
 DIVIDEND NO. 23.  
 At a meeting of the board of directors held this day a quarterly dividend of \$1.00 per share, being Dividend No. 23, was declared, payable on Friday, October 1st, 1909, to stockholders of record at the close of business on September 4th, 1909. The transfer books of the company will be closed at the close of business on Saturday, September 4th, and reopened on Monday, September 13th, 1909.

**ISHPEMING**

**ISHPEMING IN BRIEF.**

John Connors is in the city, visiting his folks.

W. J. Hubbard came down from Calumet yesterday.

F. A. Morrison of Iron River, Mich., was an Ishpeiming visitor yesterday.

Mesdames D. T. Morgan and Maryville Jenks will serve coffee at the Golf club today.

Victor Engstrom, a well-known commercial traveler of Calumet, was in the city yesterday.

The Ishpeiming band will give an open air concert on the streets this evening, commencing at 7:30 o'clock.

Miss Bertha Goulette, who visited Nathaniel Rowe's family the past three weeks, returned to her home at Sidway yesterday.

Just Youngberg and family, who have been here the past week on a visiting tour, will leave Monday for their home at Coleraine, Minn.

Lawrence Barnett left last night for Chattanooga, Tenn., where he will take a course in the law department of the Chattanooga university.

The last hop of the season at the golf clubhouse will take place this evening. There will be extra music and a large attendance is expected.

E. A. Johnson is grading the lot at his new residence on High street. The house has been the past week in the hands of the contractor and is to be started.

Captain Peter Pascoe, Wade Sieben and Al Hocking of Republic took the chapter degree in the local lodge of the Masonic fraternity last evening.

Births recorded in the city yesterday are a daughter to Mr. and Mrs. Peter Forenstagles, 408 Jasper street, and a son to Mr. and Mrs. C. E. Kronquist, 207 E. Pearl street.

The Gately company's fall opening of suits, cloaks and hats was largely attended yesterday. The display is by far the largest the company has ever shown here. The opening will continue today, Monday and Tuesday.

Rev. C. G. Nelson, D. D. of Evanston, Ill., will occupy the pulpit of the First Methodist Episcopal church tomorrow morning. At the evening service Rev. C. H. Sundstrom of Minneapolis will preach. Both ministers are attending the Northern Swedish conference being held this week at the Swedish Methodist church.

Nels Luostari and Miss Minnie Hyytasinen were married Wednesday evening at their future home on Davis street. Rev. A. Savola, pastor of the Finnish Lutheran church, performed the ceremony in the presence of a large number of invited friends of the bride and groom. Mr. Luostari is meat cutter in Peter Koski & Co.'s store.

Rev. J. Meade, pastor of Calvary Baptist church, left Thursday for a three weeks' vacation. The usual services will be held tomorrow. In the morning the service will be of a devotional character and in the evening R. J. Wise, general secretary of the local branch of the Young Men's Christian association, will speak. His subject will be "The Business of the Christian."

The funeral of the late J. N. Williams, who died Wednesday morning, was held yesterday. Services were conducted at the home of his son-in-law, J. M. Hayden, on North Third street, by Rev. J. M. Rogers, pastor of the Presbyterian church, Marquette, assisted by Rev. M. M. Allen, pastor of the local church. The remains were taken to Marquette on the South Shore train, leaving here at 1:30 and interment was in the cemetery there.

Ostermoor mattresses for sale at Braastad's. (9-16-34)

**FROM MORGAN'S CURB LETTER.**

"The opening in New York was generally lower, but after the first hour a stronger tone developed, and the entire list advanced. Amalgamated, Steel preferred, St. Paul and Reading were especially strong and made the largest gains. The East predicts a higher market in New York. The Boston market did not reflect the strength in Amalgamated, the general list being very quiet, though any trading resulted in fractional gains. The market displays a waiting attitude, with no disposition to trade either way. Gironx was the feature, selling up to ten. The strength in this issue is credited to recent favorable developments in Boston & Ely, which has just been taken over by Gironx. The entire list closed very strong. There was very little life in the curbs, with few changes worthy of note. A number of these stocks are decidedly cheap, and the properties more valuable than when from two to five years present prices were readily paid for them."

Yesterday's prevailing prices were:

**Northwestern Collection Agency**  
 Marquette, Mich.

Gentlemen:—  
 We have yours of the 9th. inst., asking us for an expression of opinion in reference to the merits of your collection agency. Will state that up to the present time, we are very much pleased with the results you gave us, as your agency was the means of getting some accounts to us that were almost outlawed, and beyond any hope of us getting them through different collection agencies, who had them in charge. We can cheerfully recommend your system to anyone who has accounts that are non-collectable.  
 Very truly yours,  
 B. M. MORRIS.

**NORTHERN STATE NORMAL SCHOOL**  
 —MARQUETTE—  
**School Begins Monday, Sept. 27, '09.**  
 The Northern State Normal School admits graduates of approved high schools to the two years' course leading to a life certificate and diploma. It offers courses leading to a three-year certificate, which is renewable for three years and valid in graded schools, and also a rural school certificate. Has excellent facilities for training teachers for special work in Kindergarten, Music, Drawing and Nature Study. It has an exceptionally fine corps of teachers who are specialists in their departments, and its training school gives a splendid opportunity for the training of teachers. There is a splendid dormitory in connection with the school, which is an ideal home for the student. The building is lighted with electricity and heated with steam; the living rooms are large and pleasant; the dining room has a seating capacity of one hundred and fifty persons. The expenses are moderate. Students of the Northern Normal School who finish the life certificate course are given fifty-six hours' credit at the University of Michigan. For information and catalogue write to

**Who Is Responsible?**

When sickness comes and remedies are prescribed, who is responsible if the remedies fail to do what was expected of them? If the remedies do not cure because they are lacking in purity or strength, or are not properly compounded, it is the druggist's fault—or it may be in a measure your fault because you did not take the prescription to a druggist who looks after these things. We use assayed and tested drugs. We know they are both pure and sure. We can fill any prescription, no matter where or by whom written.

 Located in the Lake Superior district. Mines and Mills accessible for College work. For Year Book and Record of Graduates apply to  
 PRESIDENT or SECRETARY,  
 Houghton, Mich.

TORE HIS SKIN OFF IN SHREDS

Itching was intense—Humor Spread from Hands to Body—Work Interrupted and Sleep Often Impossible—Disease Resisted Treatment

BUT CUTICURA CURED HIM IN THREE WEEKS

"My trouble commenced about two years ago and consisted at first of an eruption of small pustules on a few parts of my body. These spread later to other parts of my body, and the itching at times was intense, so much so that I literally tore the skin off in shreds in seeking relief. The awful itching interfered with my work and kept me awake nights. I tried several doctors and used a number of different ointments and lotions but received practically no benefit. Finally I settled down to the use of Cuticura Soap, Cuticura Ointment and Cuticura Hair Lotion, with the result that in a few days all itching had ceased and in about three weeks' time all traces of my eruption had disappeared. I have had no trouble since. Kind send me, H. A. Krutakoff, 5714 Washburn Ave., Chicago, Ill., November 18 and 28, 1907."

SKIN HEALTH

Effected by Cuticura Soap, Ointment and Resolvent.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in dandruff; the facial disfigurement, as in acne and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in scabies, or salt rheum; all demand a remedy of extraordinary virtues to successfully cope with them. Cuticura Soap, Ointment and Resolvent (liquid or pills) are such standards proven by unquestioned testimonials.

FIRST MESSAGE TO DULUTH

United Wireless Station at Calumet in Operation Today.

The Calumet station of the United Wireless Telegraph company will be in operation today. It was expected that everything could be adjusted and the station could be put into operation last Wednesday, but weather conditions prevented. Today the first message will be sent. It will go to Duluth. While adjusting the delicate instruments to be used messages have been picked up from the Soo station and from boats on Lake Michigan, in the Straits of Mackinac and elsewhere.

FATALITY AT THE MOHAWK

James Osborne is Crushed in No. 2 Shaft of That Mine.

James Osborne, a miner employed on the third level of No. 2 Mohawk shaft, was instantly killed Thursday by being struck by an ascending skip. His skull was crushed and his body mangled. Osborne was a single man and as far as is known has no relatives in this country. He had been in the United States for several years.

WOMAN'S MISSIONARY SOCIETY

The following officers have been elected for the ensuing year by the Woman's Home Missionary Society of Grace M. E. church, Houghton: President, Mrs. A. K. Cox; vice president, Mrs. George A. Conrad; recording secretary, Miss Jennie Fenwick; corresponding secretary, Mrs. Joseph Basheley; secretary for male sexes, Mrs. Grant; secretary for female sexes, Mrs. Sidney Pearce; chairman of program committee, Mrs. Walter R. Fruit. The association will hold its first business meeting of the year during the second week in October and at that time will decide on its work for the year. The organization is not intended for local missionary work, but to assist the work of the church at large in the United States by contributing to various charitable, missionary and educational work in various places. Last year it maintained a colored girl in school. This year some other plan may be followed.

THE HEALTH OF YOUR HORSE

will be best promoted—best preserved—if you are ready to give the proper remedy at the proper time. The proper remedy for all strains, sprains, or colic is Perry Davis' Painkiller. The proper time to use it is when the trouble first shows itself. Be prompt and you'll not only save the horse suffering, but you'll spare yourself trouble and expense—maybe save a long time waiting. You ought to have a bottle ready. The new size bottle costs 25 cents one, 50 cents. Be sure your druggist gives you Perry Davis'.

J.A. Minnear & Co. BROKERS

Copper Country

ANTI-TUBERCULOSIS NOTES.

Fine Exhibit at the Fair—Dr. Warthin to Lecture—Calumet Data.

The Houghton County Anti-Tuberculosis society has provided a striking feature for the Copper Country fair, to be shown in the society's booths on the main floor of the Amphidrome. It is the complete exhibit used by the Michigan State Anti-Tuberculosis society and it arrived here yesterday in charge of Thomas S. Ainge, sanitary engineer for the Michigan department of health, who will be personally in its charge during the fair.

The exhibit consists of a display of photographs showing conditions in cities, in stables, in alleys, which tend to breed conditions as well as photographs of patients taking treatment under various conditions. It will distribute a large amount of educational literature and will show a window tent, and a state tuberculosis shack, used in the treatment of consumption. A clock which displays a light of a stated number of seconds, showing that each time that light shows some one in the United States has died of consumption, is a strong feature. There will be decorations of blue stars and red crosses on the walls, and a display of devices to attract public attention to the dangers of consumption and the fact that it is curable.

The society has a large booth and it will be made as attractive as possible by having a display of the latest devices to combat the dangers of tuberculosis.

Dr. Warthin's Lectures.

In order to attract as much attention as possible to the exhibit and to keep alive the present great interest in the anti-tuberculosis movement, the society has secured Dr. Alfred Scott Warthin of Ann Arbor for two lectures to be given in the county tonight and tomorrow afternoon. The first lecture will be given tonight in the Kerkelge theater, Hancock; the second tomorrow afternoon in the Calumet theater, Calumet. The lectures are free but children will be excluded unless accompanied by parents or guardians. It is necessary to confine the space for adults. The Calumet and Hecla band will provide music and the lectures will be thus made the more attractive.

The Houghton County Anti-Tuberculosis society wishes upon all thinking men and women their duty to attend these lectures and to learn of the great danger in tuberculosis and of the comparative ease with which it may be cured.

Dr. Warthin is one of the most eminent investigators of tuberculosis in the United States. He is professor of pathology at the University of Michigan and secretary of the Michigan State Anti-Tuberculosis society. He is the editor of the white plague campaign in Michigan and any statement he makes regarding the presence of tuberculosis in any community or regarding its cure may be taken as from one speaking with authority. His talk will be illustrated with microscopic views.

Dr. Warthin is one of the founders of the Michigan State Anti-Tuberculosis society and is the author of a number of instructive pamphlets on the subject of anti-tuberculosis work. It will be possible to secure copies of his pamphlets, free of cost, at the society's booth at the Copper Country fair.

Red Jacket Mortality.

Just about 12 1/2 per cent of the deaths in the village of Red Jacket are due to tuberculosis. The figures are the more astounding when it is considered that most of the lives lost could have been saved and the victims could have regained their health had the proper treatment and care been taken. These are the claims made by those interested in Houghton county's anti-tuberculosis work.

According to the records, there were thirty-four deaths in Red Jacket the first eight months of this year, or up until the first day of September. This compares with thirty-four deaths during the same period of last year. Twenty-nine of these deaths were of children under the age of five years and it is said that a large percent of the children known of the precautions they should have taken in the care of the health of their little ones, the majority of these deaths could have been averted. Therefore it is suggested that a campaign be carried on during the year, to prevent the spread of the tubercular germ.

Of this total of forty-nine deaths in the village for the first eight months of the year, six were due to tuberculosis. How many of the others who were visited by death during the same period were afflicted with tuberculosis in some form, it is impossible to state, although probably one-third of them were. But their deaths were caused directly by other afflictions.

HARRINGTON IS WANTED.

Butte Wrestler Did Not Visit Copper Country as Promised.

Interest in Cornish wrestling was greatly increased in the copper country during the past week by the recent tournament at the Amphidrome, won by John Rowett of Ironwood. But the tournament did not settle anything, and Rowett, Joe Ziehr of Calumet and Tim Harrington of Butte are still claimants of the heavyweight championship.

Ziehr did not appear in the Houghton tournament, owing to illness. The promoters of the tournament and Harrington's friends in Calumet promised all along that the Butte man would appear, but by the day of the tournament, when it was announced he would arrive within two days and would challenge the winner. He has not appeared yet. It is said in Calumet that businessmen there are willing to wager \$300 that Ziehr is Harrington's superior, and Harrington's friends are said to be willing to cover it, but thus far no money has been put up.

TESTIFIES AFTER FOUR YEARS.

Carlisle Center, N. Y., G. B. Burkhams, writes: "About four years ago I wrote you that I had been entirely cured of kidney trouble by taking two bottles of Foley's Kidney Remedy, and after four years I am again pleased to state that I have never had any return of those symptoms, and I am evidently cured to stay cured." Foley's Kidney Remedy will do the same for you. Sold by all Druggists.

WASHBURN-CROSBY CO. Gold Medal Flour. Why Not Now? Includes an image of a flour sack and a circular logo with 'WASHBURN-CROSBY CO. GOLD MEDAL FLOUR'.

WILL SEND TEAM TO DETROIT.

Houghton Light Infantry Will Select Rifemen Sunday.

Captain Foley, commanding the Houghton Light Infantry, has ordered the company to appear Sunday morning for rifle practice at the Houghton range. The purpose is to select a team to represent the company in the state shoot next week. The team selected will leave Houghton Monday for Detroit, at which time the Calumet Engineers and the Hancock Naval Reserve will also send teams.

PROGRESS OF GILLIS' TRIAL.

Prosecution Closes and the Defense Takes Up the Case.

Prosecuting Attorney MacDonald announced in circuit court yesterday noon that the people rested in the Gillis murder case, and the defense opened yesterday afternoon. Elsie DeWolf, proprietress of the house in which Charles Gillis was employed as piano player last June, when August Gustafson was shot, was the principal witness yesterday morning. Her testimony offered nothing sensational and every little that was new. In fact, the whole case thus far has been very tame from the viewpoint of the crowd which has attended every session. The evidence offered has been commonplace and follows closely the previously published reports of the trial.

ANDREW CARNEGIE'S GIFT.

Contractor Michels Sees End of His Work on Library Contract.

Contractor Michels hopes within a very few weeks to be able to turn over to the school board of Portage township the public library which is the gift of Andrew Carnegie to Houghton and the county. The building is complete with the exception of the plastering and interior woodwork. A gang of men were set to work yesterday morning, building the concrete stairway at the main entrance. This will complete the exterior work.

THE ROAD TO SUCCESS.

Has many obstructions, but none so desperate as poor health. Success to-day demands health, but Electric Bitters is the greatest health builder the world has ever known. It cures all ailments of stomach, liver, kidneys, nerves, purifies and enriches the blood, and tones and invigorates the whole system. Vigorous body and keen brain follow their use. You can't afford to neglect your health. If weak, run-down or sickly, only 20c. Guaranteed by The Stafford Drug Co.

A GREAT RECORD.

Dr. Leonhardt's Internal Pill Remedy Makes 98 Per Cent of Cures.

Dr. Leonhardt's Hem-Roid has been tested in several thousand cases, and was successful in all but 2 per cent. Hem-Roid's wonderful record is due to the fact that it is an internal remedy. The cause of piles is internal, and it is too much to expect to cure piles with ointments, suppositories or operations. Hem-Roid cures the internal cause.

COUNTY ROAD SYSTEM.

Some Details from the New Law on a Matter of Present Interest.

County Clerk Richardson has received the county's allotment of the compiled laws of the legislative session of 1909. He is distributing them to county and township officials and others who are favored by the state with this literary production, one of the most interesting of the year.

S.S.S. CURES ECZEMA, S.S.S. ACNE, TETTER ETC. Includes an image of a person and text describing the benefits of S.S.S. for skin conditions.

CHICAGO GRAIN MARKETS.

Chicago, Sept. 17.—The presence on the floor of the board of trade of a visiting delegation from various exchanges throughout the country, who are here to attend the grain men's convention, detracted materially from the interest in the trading today and shortened the session by half an hour. Liquidation of the September by leading long was the feature of the trading in wheat and was largely re-

MARKETS

NEW YORK STOCKS.

Paine, Webber & Co.'s correspondent at New York yesterday telegraphed as follows: The stock market today displayed considerable activity but the reaction remained firm, and in the last hour an aggressive demand for financing appeared, which stimulated the whole list. The speculative sentiment was rather mixed and it was thought that week-end selling would cause larger reactions, but the offerings were easily absorbed and the action of the market is indicative of a desire to move higher levels on the part of large investors.

The final quotations follow: Am. Bond... 100% N. & W... 100% Am. Smelt... 100% N. Y. C... 100% B. & O... 100% N. Boston Stock Quotations.

Writing from Boston yesterday, Paine, Webber & Co. had the following to say of the stock market: The air has been full today of rumors concerning the copper trade, some rumors have told that a large sale of copper, amounting to 150,000,000 pounds, has been made. Other rumors state that copper production is to be curtailed and the price advanced immediately to fifty cents. We have no authentic information as yet, but the tap certainly predicts a betterment in the copper supply and higher prices for the stocks. A block of Arizona Commercial signs has been purchased at private sale, and we expect to see the stock rise fifty. The other American stocks will certainly sympathize, and we advise the purchase of Shannon and Corbin, Keep long of Copper Range, Alton, Centennial and (local) and the closing prices at Boston were:

Paine, Webber & Co.'s Wheat Summary.

Paine, Webber & Co.'s Chicago correspondent said yesterday concerning the wheat market: Prices fell half a cent from the close yesterday. The reaction was perhaps a natural one, considering the fact that the market was bulled considerably all week. The failure of an elevator in winter wheat stocks of importance, and the cash wheat remains everywhere, are the chief supporting features for the trade. The movement of spring wheat has not yet overtaken that of last year, but the carrying of the grain is not so heavy as last year and the fine weather of a period of bad weather should curtail receipts in that quarter. It might be the cause of a renewal of the bull operations. For the present, the market appears to be in a state of equilibrium, and a purchase on the oversold spots.

MEN AND WOMEN WANTED.

The United States Government Gives Railway Mail Clerks \$800 a Year to Start, and Increases to \$1,200.

Uncle Sam will hold an examination for Postal Clerks and Letter Carriers in Marquette in November; for other positions on different dates. It is estimated that 50,000 appointments will be made this year. The government wants people over 18 years of age, who are intelligent, will pay them well and give them an annual vacation with full pay. The Bureau of Instruction, Rochester, N. Y., with its thorough knowledge of all the requirements, can fit anyone in a few weeks to pass. A government position means employment for life. Prepare now for the examination. Any reader of The Mining Journal can get full information by writing the Bureau of Instructions, 627 Hamilton Building, Rochester, N. Y. (8-14-32w)

Yesterday's temperatures: Seven a. m., 52 degrees; noon, 55; 7 p. m., 50. Maximum, 56 degrees; minimum, 50. Today's weather: Increasing cloudiness and warmer, with probably showers.

Mrs. Frank W. Hathway is visiting relatives in Flint.

Mr. and Mrs. J. E. Krafft left for Detroit this morning.

Al. Cherny, the popular leader of the Fearless orchestra, is expected home today with his bride, when he married in Menominee, his old home.

Postmaster Mangum placed an order yesterday for a supply of the special Hudson-Fulton stamps, which are expected to be ready for delivery about Sept. 25.

The condition of James Connolly, who was injured on a trestle near Nestoria Thursday, and is now at L'Anse, showed no particular change yesterday, from all that could be learned by his Marquette friends.

John Ogle, a convict at the branch prison, who is charged in circuit court with having committed a murderous assault on a fellow-convict at the prison, was arraigned yesterday and entered a plea of not guilty.

The Marquette Second team will for the third time this season go to Birch Sunday, leaving here at 8:45 a. m. Owing to Rossiter having been injured at the prison last Sunday, La Porte will probably do the back stopping.

The hearing of Walter Mullen, charged with selling liquor without a license, which was to have been held yesterday before Justice Byrne, has been postponed for one week, owing to Prosecuting Attorney Bell being busy in circuit court.

The remains of the late J. N. Williams, who died at Ishpening a few days ago, were met at the Marquette railway station yesterday afternoon by the members of the Marquette lodge of Masons, who conducted the burial rites in Park cemetery.

Beginning Monday, Sept. 20, from 7 p. m. to 10 p. m., cars will leave Front street and Baraga avenue for Presque Isle every thirty minutes, with the last car at 10 p. m. On Saturday nights the fifteen minute schedule will be maintained until 10:30 p. m.

Lumber Stolen—F. W. Sambrook & Son report that they have noticed losses of lumber in small quantities from their yards in South Marquette for some time past, and that in the aggregate the loss amounts to considerable. The company believes that it is being taken a few pieces at a time by persons living in that locality, largely for fuel, and in one instance quite an amount was found curried up in a cellar.

Assumpsit Trial On—A jury was drawn in the case of John Purcell vs. Samsky Box and Lumber company, just here the adjournment of federal court yesterday. The plaintiff, Purcell, is suing the defendant company for payment for several hundred cords of boxwood, which he cut near Sault Ste. Marie on contract. The defendants contest payment, on the ground that they never wrote contract, that there was no money changed hands and that the boxwood was never accepted.

Protest Not Withdrawn—Captain Scholtus, of the Marquette baseball team, stated yesterday that he was surprised to read yesterday's Negative department of The Mining Journal that the protest of Marquette against last Sunday's game with Negunee had been withdrawn, and was inclined to doubt the truth of the report. In a telephone conversation with Manager Miller, of Negunee, the latter stated that he knew nothing of the withdrawal of the protest until he read about it in the paper.

Unable to Agree—The jury in the case of John Carlquist against the Negunee mine reported at noon yesterday that they were hopelessly deadlocked and unable to agree, upon which they were discharged. This is an action for \$20,000 damages, brought by Carlquist because of injuries received while he was in the employ of the mine. The suit was tried in federal court as the plaintiff is now a resident of Minnecota. It was set for trial at that time, the case will be tried again at the May term of court.

Niemi Acquitted—Peter Niemi was acquitted after a trial by jury in circuit court yesterday on the charge of assault with intent to do great bodily harm. It was alleged that Niemi attacked the husband and wife with whom he boarded, broke in the door, threw kettles, stones, etc., through the window and created other disturbance. The defendant claimed that most of the allegations were untrue and that he was attacked by the complaining witnesses, on account of which he had to defend himself. The row occurred in Ishpening.

Munising Here Tomorrow—Munising vs. Marquette will be the attraction at the fair grounds tomorrow afternoon. The Munising team has been greatly strengthened with players from the Rapid River team within the last few weeks and the game is likely to be a much tighter one than the last played by Munising in Marquette. Frost and Co. will be the battery for Munising, which makes it likely that Marquette will not experience with this bit-headed box artist. Scholtus will be in the box for Marquette and it is expected that Clinton will be played at second base.

Has Wireless Instrument—W. Chilton, Morse operator for the Michigan State Telephone company, has rigged up a wireless telegraph instrument, with which he hopes to get into communication with the big freighters, recently equipped with wireless, that are now on their way up the lakes. Some time ago Mr. Chilton was refused permission to place his sending instrument on top of the Savings Bank building, owing to the high electric voltage necessary to operate it, but he hopes to be allowed to place a receiving instrument there, which would require no high voltage, and with it catch the wireless waves that may come from the instruments on the big freighters.

Another Story of Accident—The Manitique Pioneer-Tribune contains the following story of the accident that befell Patrick Marooney, of Shingleton, who is now at St. Mary's hospital in a serious condition: "Patrick Marooney of Shingleton was accidentally shot in the back by a companion while out hunting

Wednesday evening. The injured man was taken to Marquette to receive hospital care. It is believed he cannot live. The accident occurred about one and a half miles from Shingleton while Marooney and John Kirkbride, section foreman of the Manitique & Lake Superior railroads, were hunting. The gun carried by the latter was accidentally discharged, the bullet entering the back of Marooney. The injured man was brought to Shingleton and was taken to Marquette on a freight train. Marooney at a time was employed on the section by Kirkbride and is quite well known at and about Shingleton."

**INSURE WITH PETER WHITE & CO. AT THE CHURCHES.**

German Lutheran Church—Services will be held Sunday at 7:30 p. m., by the pastor, Rev. W. Roepke.

Presbyterian—The pastor will preach at 10:30 a. m. and 4 p. m. Christian Endeavor at 4:45 and 6:30 p. m.

First Baptist Church—Worship and preaching; sermons by Dr. Kerr Boyce, pastor, on "The Magna Charta of Missions," and on "How Religion Pays in this World." Public cordially invited.

**THEATRICAL.**

"The Minister's Daughters." A rather small audience greeted "The Minister's Daughters," which was presented at the opera house last evening. The plot deals with a blind girl and sister, who left their home in a country village to live in Chicago. They are accused of theft by a political boss and are forced into the streets, where they nearly die of cold and starvation. In the end the politician repents of his lusty avarice, which was without foundation in fact, and he finds the girls and takes them into his own home. The cast is well-fitted to the piece and the production was very satisfactory to those who like that sort of play.

**MUNISING Y. M. C. A.**

Has Been Having a Good Growth—Improvements at Building.

The Young Men's Christian association of Munising is an organization of which every citizen of the town ought to be proud. The membership has more than tripled during the last two months, and if present membership plans materialize it is expected it will pass the 200 mark. The fourteen rooms are taken and at present nearly twenty-five young men take their meals at the association dining club. The billiard table is in constant use, and a bridge tournament is now in progress. A stone basement and cement floors were recently completed under the entire building. A well appointed bath room on the third floor is a late improvement. A complete and adequate steam heating plant is now being installed in the building and when the work is done each room will have one or more radiators. Besides the steam boiler the heating plant will have an auxiliary hot water boiler for the shower and toilet baths. Gymnasium classes will be organized during the first week in October for the business men, the seniors, the juniors and the juvenies. It is also the plan of the educational committee to start its classes during the first part of October.

Thursday evening of this week a number of the prominent women of Munising who are interested in the work of the association, met at the home of Mr. and Mrs. H. B. Freeman to organize a ladies' auxiliary. The plan and proposed work of this phase of the association was discussed.

The following officers and directors were elected for the coming term: President—Mrs. L. B. Stewart. Vice President—Mrs. R. B. Freeman. Secretary—Mrs. Orville Labounty. Treasurer—Mrs. F. D. Earl. Directors—Mrs. T. E. Bissell, Mrs. J. G. King, Mrs. Myra Stockwell.

**LADIES FLOCK TO COOKING SCHOOL**

Return Every Day to Vacant Store Opera House Block, to Witness Free Exhibition from 2 to 5 p. m.

Ladies are now returning every day to the baking school and relating their wonderfully successful experience with K. C. Baking Powder and recipe contained in the remarkable "Cook's Book" used by Miss Goggin in her work. They did not think that such an improvement in their baking was possible. Many are sure to have the same experience, and will marvel at the great improvement in their baking when they use K. C., the never-failing baking powder. The hope that you entertain, that your cake biscuit or other dishes will come out of the oven, nice, light and good, will be replaced by a feeling of certainty—that everything baked will be the finest you ever enjoyed. Don't fail to see Miss Goggin at the baking school and let her help you to make your every baking a certain success.

Ask the ladies who visit you at your home to tell you the merits of K. C. Baking Powder, to show you the prize collection of recipes and the illustrations. Don't neglect asking your grocer to send you a 25c. can of K. C. at once; you will be pleased with the results from its use, and when you receive the "Cook's Book," which gives free to you for the return of the certificate you will find in the 25c. can, you are sure to be delighted.

At Saturday's class will be baked and served Devils Food cake, beef roll, tea cakes and the muffins.

K. C. Baking Powder does most perfectly the things for which a baking powder is used, and does it every time. Ladies requested to bring their tins for sampling beef roll.

We can furnish repairs for over 10,000 different stoves and ranges. Phone or call **KELLY HARDWARE CO.** (9-18-11)

# The First Step

Towards financial independence is taken when you make up your mind to have money.

The financially independent man if young has the means for making more money.

If middle aged he looks upon the future without dread.

If old he blesses the wisdom of an early financial independence.

Take the FIRST STEP today—come to Our Savings Department for your Bank Book—get 3 per cent interest on your savings.

## Marquette National Bank

**MacVEAGH TO CUT EXPENSES.**  
Treasury Head Plans a Reduction of \$9,000,000 in His Department.

Washington, Sept. 17.—Secretary of the Treasury MacVeagh believes in practicing what President Taft preaches. The president, when he entered office, decided upon a program of economy in the government service and the heads of the various departments were urged to pare their estimates to be submitted to congress in December. The reduction in expenditure in the treasury department which Secretary MacVeagh hopes to accomplish will amount to approximately \$9,000,000 for the next fiscal year. Of this amount it is understood that about \$5,000,000 will be saved in the expenditures on public buildings. The program does not, however, contemplate any neglect of public building construction.

**HIS SCORE A RECORD-BREAKER.**  
Incidentally Willie Anderson Wins His Eighth Golf Championship.

Chicago, Sept. 17.—Willie C. Anderson, of the St. Louis Country club, today successfully defended his title of Western open golf champion by leading a field of nearly sixty with a score of 288 for the seventy-two holes. Anderson has now won the Western open title four times, and the national open title four

times, making an almost unbeatable record. His 288 is said to be a new tournament record for a standard course. Gardner finished second, with 297. Jack Croke, of Grand Rapids, was third, with 300. Anderson's record has never been equalled in the west.

**Results of Eastern Tournaments.**  
New Rochelle, N. Y., Sept. 17.—Alex Smith won the Metropolitan open golf championship with a score of 266 for the seventy-two holes. Although the conditions were favorable, none of the competitors approached the record score, and even the winner's mark was four too high. Smith won from a field of twenty-five contestants, containing half a dozen well-known performers. Gilbert Nichols was second, two strokes behind the winner.

Rye, N. Y., Sept. 17.—Today's play in the interscholastic individual golf championship left Albert Seckel, of Princeton, and Harry Legg, of Yale, as the survivors who will contest in the finals tomorrow. Legg has twice held the Minnesota state title, and this summer won the trans-Mississippi championship. Seckel has been runner up in two big events this season, and made an exceptionally good showing in the recent national championship. This afternoon Legg beat S. W. Sargent, of Harvard, six up and five to go. Seckel beat H. P. Kirmser, of the University of Pennsylvania, two up and one to go.

The cattle at Vandendoom's dairy are now being fed on green corn in addition to other nutritious foods. All milk is aerated, cooled, bottled and delivered packed in ice. This accounts for the excellent quality and delicious flavor of the goods. (8-27-1mo)

### The Young Men's Store

This ought to mean and does mean a place where Young Men get Young Men's clothes.

Clothes designed for them, built with reference to their figures—snappy, stylish garments, perfect in fit and every detail.

Can you get such clothes at any store?

Not clothes like these, made by Ederheimer, Stein & Co., specialists for Young Men.

Not clothes with the same graceful lines, rich patterns, distinctive style.

Not clothes with that drape and fullness which is secured only by using 334 yards of cloth and more to a suit. No, it's only here such clothes are sold.

## ORMSBEE & ATKINS.

### D., S. S. & A. HOLDS ANNUAL MEETING

ONLY ONE CHANGE ON BOARD OF DIRECTORS, ALLAN CAMERON OF NEW YORK GOING ON.

### PASSENGER BUSINESS LARGE

Exceeded All Previous Years, But Income Ran Behind Because of Lower Rate of Fare—Some Figures.

At the annual meeting of the stockholders of the Duluth, South Shore & Atlantic Ry. company, held here Thursday, Allan Cameron of New York was elected a director to take the place of Thomas W. Pearsall, of Black Rock, Conn., this being the only change in the board, which is now constituted as follows: Sir William Van Horne, Walter E. Baker and Richard B. Angus of Montreal, Quebec, W. A. Bog, John W. Sterling, R. Y. Heblen, George H. Church and James O. Bloss, of New York, and W. F. Fitch and A. B. Eldredge of Marquette.

The directors of the Mineral Range and the Hanson and Calumet Railway companies, which likewise held their annual meetings here Thursday, were changed in but one particular, James MacNaughton of Calumet being elected to succeed Norman W. Haire.

The annual report of the D., S. S. & A. Ry. company and public buildings, tells a very interesting story of early life in northern Michigan. Mr. Fitzpatrick arrived at Escanaba, or rather the place where the city is now located, in 1859. The

—Operating Income—		Year Ending June 30, '08.	Year Ending June 30, '09.

Operating revenues		2,206,214.69	1,979,518.07
Operating expenses			
Net operating revenue		\$ 713,094.53	739,819.79
Outside Operations:			
Revenues		\$ 67,049.16	\$ 66,248.97
Expenses		46,571.99	58,382.76
Net revenue		\$ 20,477.17	\$ 7,866.21
Total net revenue		\$ 734,171.70	\$ 747,686.00
Taxes accrued		186,345.24	203,599.70
Operating income		\$ 547,826.46	\$ 544,086.30
Other income		30,405.22	146,208.67
Gross corporate income		\$ 578,231.68	\$ 690,294.97
—Deductions from Gross Corporate Income—			
Interest on bonds		\$ 859,700.00	\$ 862,805.00
Other interest		978.79	978.79
Other deductions (rents, etc.)		28,545.70	28,936.81
Total deductions from gross corporate income		\$ 889,224.49	\$ 891,741.81
Net corporate loss		\$ 310,992.81	\$ 201,446.84

Passenger and freight revenue for the two years compares as follows:

	1908.	1909.
Freight	\$1,324,022.49	\$1,411,257.59
Iron ore	259,147.34	222,831.78
	\$1,783,169.83	\$1,634,089.37
Passenger	969,124.94	915,123.94
Total revenue from transportation	\$2,693,178.05	\$2,549,213.31

The total revenue from transportation was \$2,693,178.05 the last fiscal year compared with \$2,549,213.31 the previous fiscal year.

Transportation expenses were \$1,027,070.96 the last fiscal year compared with \$1,135,788.34 the previous fiscal year. The item of maintenance of way and structures compares as follows: \$445,281.35, \$553,319.20 and the item of maintenance of equipment \$327,790.49 and \$351,831.32.

The freight traffic compared as follows:

	1908.	1909.
Tons through fgt.	1,311,725	1,298,265
Tons local fgt.	1,632,257	1,257,068
Total	2,943,982	2,555,333

The freight revenue of \$1,634,089.37 last year compared with \$1,411,257.59 for the year ending June 30, 1908.

The passenger traffic of the road was, however, the largest in its history, exceeding that of even 1907, though because of the decreased rate of fare—from four to three cents—the passenger traffic income was smaller than for any other of the past four years.

The passenger traffic for the past two years compares as follows:

	1908.	1909.
No. through passengers	177,882	176,294
No. local passengers	501,371	531,359
Total passengers	679,253	707,653

The average receipts per passenger per mile were 2.464 cents, as against 2.517 cents in 1908, 2.662 cents in 1907 and 2.694 cents in 1906.

The passenger revenue per mile of road for the same years compares as follows: \$1,757.96; \$1,847.93; \$2,092.64; \$1,836.78.

Gross made up the largest single item of the company's freight traffic, of which they constituted 38.03 per cent. The tonnage for the last fiscal year was 971,530, as against 1,253,063 the previous fiscal year. Lumber and forest products ranked next.

During the year the company spent \$6,792.22 on new buildings.

The rolling stock now consists of eighty-two locomotives; sixty-five passenger cars; 2,839 freight cars and 100 miscellaneous cars, a total number of 3,401.

There is always a fool at one end of a flatterer's tongue—and sometimes at both ends.

**GO WITH A RUSH.**  
The demand for that wonderful Stomach, Liver and Kidney cure, Dr. King's New Life Pills—is astounding. The Stafford Drug Co. say they never saw the like. It's because they never fail to cure Sour Stomach, Constipation, Indigestion, Biliousness, Jaundice, Sick Headache, Chills and Malaria. Only 25c.

### 300 CANAL PASSAGES.

Boats Locked Through, Bound for Ports on Lake Superior.

Sault Ste. Marie, Mich., Sept. 17.—The boats whose names are here appended have passed the canals the last twenty-four hours, bound for ports on Lake Superior: Haddington, 9 p. m.; Reed, Colgate, Superior, 10; Yosemite, 10:30; Hoffelinger, midnight; Livingston (Dodge), 12:30 a. m.; Clara Bradley Brightie, Woonsee, 1:30; McDougall, 4; Scottish Hero, Gary, 5; Tomlinson, W. W. Brown, McGean, Mary Elphicke, 6:30; Ireland, 7:30; Linnet, Carrington Roman, Mueller, Jupiter, 10; Howard Hanna, 11:30; Ella, noon; Manitoba, 1 p. m.; Mullen, 1:30; Denmark, 2; Bill Murphy, Henry Hawgood, Marisa, 2:30; Vidlar, 3:30; Midland Queen, 4:30; Ohl, 5; Garretson, 6:30; Lyeonizing, Sweetheart, Elm, Redington, 7:30; Ishpeming, 8:30.

### Upper Peninsula

**Wolves in Menominee County—**  
Edward Murray of Spaulding and Heilmer Peterson of Stephenson received bounties on wolves this week. The animals were killed near their places of residence in Menominee county. Hubert Perras reports that a pack of wolves killed a sheep on his farm near Nadeau the other night and that next morning all he found was the skin and some of the bones. He says that Nadeau Bros. have had a number of sheep killed by the same wolf pack, and that an organized hunt will be started shortly to exterminate the pests.

**Is a Pioneer of the Peninsula—**  
Peter Fitzpatrick of Ishpeming, deputy state inspector, who has been in Escanaba the past week, inspecting factories, mills and public buildings, tells a very interesting story of early life in northern Michigan. Mr. Fitzpatrick arrived at Escanaba, or rather the place where the city is now located, in 1859. The

Net corporate loss		\$ 310,992.81	\$ 201,446.84

trip was made over the ice from Oconto and Mr. Fitzpatrick, with a number of companions, was on the way to Marquette. In 1867 Escanaba was a reality and Mr. Fitzpatrick moved there. One of the first things he did was to purchase a lot on Ludington street. The lot was 50 x 150 and the sum of \$250 was paid by Mr. Fitzpatrick for it. A few months later when he had built a small house he sold the house and lot to L. D. McKenna for \$800. This is the property that is on the east corner of the Escanaba National bank and the owners are asking about \$5,500 for it today.

**Would Prohibit Fishing—**  
"Old Lake Superior needs a rest," declared an old-time commercial fisherman at Hancock this week, in commenting upon the poor fishing which has been experienced at Ite Gris and other lake fishing ports this summer. "I am of the opinion that fishing should be entirely suspended for ten years in order that the lake may restock itself," he said.

As now the old pond is almost completely fished out. I haven't had any luck at all at Ite Gris, and the others haven't fared much better. "About the only place in these parts where fish are to be found," he continued, "is at the Manitou, and there are so many nets there that they cross and recross each other. I've been fishing the lake for thirty years, and this is the worst season I have ever seen. It's been getting worse gradually, the fishing falling off from year to year, and I don't see anything for it but to give the lake a rest."

**CATCHING FISH IN AN UMBRELLA.**  
A novel method of catching mullet was practiced lately by John J. Jandreau of Fort Pierce. While at the inlet last Monday, accompanied by his wife and little girl, he noticed a considerable number of large mullet feeding in a small creek. He built a dam across the mouth of this creek and then little Miss Jandreau, barefooted, splashed about in the water; the fish, becoming panic-stricken, ran for deep water. Coming to the dam they leaped over and fell into open silk umbrellas held by Mr. and Mrs. Jandreau. There seemed to be no limit to the number to be caught in this manner, but only enough for present consumption was taken.

There are moors in the north of Scotland where the gulls are the very worst enemies of the grouse nests, and no one who has seen how gulls of this kind will pounce on the eggs of the elder duck, if she is hunted off her nest, will doubt their appreciation of eggs.—Country Life.

**NIGHT ON BALD MOUNTAIN.**  
On a lonely night Alex. Benton of Fort Edward, N. Y., climbed Bald Mountain to the home of a neighbor, tortured by Asthma, bent on curing him with Dr. King's New Discovery, that had cured himself of asthma. This wonderful medicine soon relieved and quickly cured his neighbor. Later it cured his son's wife of a severe lung trouble. Millions believe it's the greatest Throat and Lung cure on Earth. Coughs, Colds, Croup, Hemorrhages and Sore Lungs are surely cured by it. Best for Hay Fever, Grip and Whooping Cough. 50c and \$1.00. Trial bottle free. Guaranteed by The Stafford Drug Co.

**DRY HARDWOOD.**  
Two dollars per cord in two-cord lots. (2-13-1f) F. B. SPEAR & SONS.

### BISHOP M'INTYRE DELIVERS ADDRESS

THERE IS NO SUCH THING AS "SINGLE BLESSEDNESS," SAID NOTED CLERGYMAN IN HIS LECTURE LAST EVENING.

Before an audience that filled the Swedish Methodist church last evening, Bishop Robert McIntyre, D. D., LL.D., of St. Paul, who is presiding over the sixteenth annual meeting of the Northern Swedish conference being held here this week, delivered his lecture on "Buttressed Up People." The bishop's talk was interspersed with many humorous stories, told for the purpose of making some of the points of his lecture more clear. The speaker referred to the great calamities which have befallen mankind during the past few centuries, and it was here he gave his vivid picture of the burning of Chicago last evening. Bishop McIntyre said he was a bricklayer and that he helped to raise Chicago after the destructive fire. He also said that he laid every brick in the first church that he had under his charge.

Dr. McIntyre contended that the "buttressed up" spirit found in some people was manifested in the home as selfishness; in society, as exclusiveness; in politics, as prejudice, and in religion as bigotry. It is upon these points that he worked out his theme. The "buttressed up" bachelor was the first to come in for a scolding by Dr. McIntyre, who asserted that "there is no such thing in the world as single blessedness. Everything in nature has its mate and the world independence is not known in the universe." To the "buttressed up" spirit in the home Bishop McIntyre attributed much domestic trouble. He also said that eight women out of ten would make good wives if properly treated. He said that most of the monumental excess in cemeteries and lavish displays at funerals is but a shabby attempt to atone to the dead for the wrong done to the living.

"Some people are astonished," said the bishop, "to hear my affirmation that there is enough good in this world; that there is sufficient love on this earth. Many have the opinion that this is the devil's world, but even if there is lots of bad, there is an overpowering influence of good that will manifest itself if we open our heart and let it out. I have traveled over four different continents and have studied mankind and woman-kind, white, black, yellow and red, but it is still my conviction that there is nothing in the universal world but love when we get down to the center thereof."

Dr. McIntyre took up other phases of the "buttressed up" spirit, showing its effect on society, politics and religion. He is a fluent speaker and his lecture was greatly enjoyed.

Yesterday's Conference Session.

The conference being held at the Swedish Methodist church was opened yesterday morning with a devotional meeting, led by Rev. W. Lundeen of Minneapolis. Bishop Robert McIntyre called the conference to order at 9 o'clock. Rev. Gustav Popper and Rev. J. Ellason, recent arrivals from Sweden, were introduced. Reports from the theological seminary of Evanston were read and the committee on traveling expenses submitted a report, as did the committee representing the Mutual Insurance company. The conference treasurer also submitted his annual report.

Paul Schaeffer, Elmer Lund and Axel Pearson, students from the Swedish Methodist seminary at Evanston, Ills., were received on trial in the conference and were elected to deacons orders. Rev. E. A. Boufford was elected to full membership in the conference.

The foreign missionary anniversary meeting yesterday afternoon was very well attended.

Programs for Today and Tomorrow.

The Epworth league anniversary will be held this evening at the church. Rev. W. Lundeen of Minneapolis and Rev. N. P. Glenaker of St. Paul will be the speakers.

Tomorrow morning at 9 o'clock there will be a love feast, led by Rev. C. G. Nelson, D. D., of Evanston, Ills. Rev. Nelson was the first pastor of the Ishpeming church, having been here at the time the building was erected. At 10:30 Bishop McIntyre will preach and at 12 o'clock there will be Sunday school addresses by Revs. O. Grefberg, T. Livingstone and G. Wallstrom. At 3 p. m. Rev. E. A. Wahlquist will deliver a conference sermon and ordination address to the order of deacons and elders.

At the evening service, starting at 7 o'clock, Rev. A. Anderson of Clear Lake, Minn., and Rev. Edward Stronsberg of Duluth will preach. It is possible that the appointments will be read at this service.

### ESCANABA HERE TODAY.

The Escanaba baseball team will meet the Ishpeming league nine this afternoon at the Union Park grounds. The game will start at 3 o'clock and the admission will be twenty-five cents. The Escanaba team is considered one of the best in the upper peninsula, and a good game is looked for. Jack Loell, who caught for the Negaunee team at the County Fair series, will be behind the bat. It is expected that Christ Buckley will be in the box. Ishpeming will have two or three new men in the line-up and Wagner will probably be in the box. Ishpeming's line-up tomorrow in the game with Negaunee will practically be the same as today, with the exception that Chaput will probably pitch.

#### "THE ROYAL CHEF"

Wellknown Musical Comedy Production to Be Here Next Thursday.

"The Royal Chef" which had such an extended run at the La Salle theater in Chicago a few years ago, and which was last seen here two seasons ago, will be the offering at Ishpeming theater next Thursday evening. The production comes out with a complete new outfit of scenery and electric effects and Walter H. Bohme, who was the principal comedian in "The Prince of Pilsen" last season is playing the part of the "chef."

One of the musical novelties in this year's production is an electric lighted leather box. This is the invention of Gus Schilke, who directs "The Royal Chef" for Manager Wade. The box is used in the opening number of the second act and on a darkened stage. The box which are worn by the girls, light up in varied colors, giving a kaleidoscopic effect to the setting. Another electric novelty is the umbrella, which is used in the last act. This umbrella is one of the trick mechanisms of the stage. It is sixteen feet in diameter and descends from the flies opening out as it comes down. The audience can see nothing upon which the umbrella is supported, and it sails down like a bird in its flight, the girls holding ribbons which

hang from the spokes of the umbrella, dancing around it maypole fashion. At a signal, the umbrella lights up with 202 tiny incandescent lights of varied colors. It is one of the prettiest electrical effects ever seen on the stage and is one of the brightest features of the play.

### HIGH SCHOOL NOTES.

Robert A. Wise of the Y. M. C. A. visited school Friday.

An indoor baseball team is being organized by a number of high school boys. Among the Alumni visitors Friday afternoon were Miss Gwendolin Adams, Booth Goodman, Heman Allen, Walter Sterne and Edgerton Cooley.

J. O. Kinnaman, a member of the faculty who did not report on the opening of school on account of illness, reported Tuesday and commenced his classes.

Gordon Tregrove of Virginia, Minn., Gertrude Main of Midland, Mich., and Verne Kangas, late of Marquette, are registered as pupils in the high school. Among the members of the class of 1909 who will leave within the next week for the different schools are the following: Clifford Jaedecke, Ann Arbor; Booth Goodman, Madison; Heman Allen,

Walter Sterne, Will and Edgerton Cooley, Lansing; August Skoglund, Madison; Irma Altzawager and Angela Schumacher, Marquette; Dorothy Eger, Menomonie, Wis.

The football team is making good progress under the direction of William Watson. Although a majority of the men are new, he expects to round out a team that will make a strong bid for the championship. Of last year's line-up only three, Markert, Thomey and Butler, have returned to school. Practice is held every day in the Cleveland field and is witnessed by large crowds of enthusiasts.

The new fall coats are in. Come in and try on a few. F. BRAASTAD & CO. (9-16-34)

The South Shore will place in effect a rate of one fare and one-third to Houghton and return for the Copper Country Fair, Sept. 20-25. Return limit, Sept. 27. (9-13-7t)

A lot of men's underwear, regular \$1 value, to close at 60 cents. F. BRAASTAD & CO. (9-16-34)

## Negaunee Department

### BREITUNG HEMATITE TO BE REOPENED

MINING WORK WILL BE STARTED AS SOON AS BUILDINGS CAN BE REPAIRED AND ADDITIONAL MACHINERY INSTALLED.

The Breitung interests have decided to resume mining operations at the Breitung Hematite property, in this city, which has been idle for the past four years. It is not known just when it will be possible to begin mining, as considerable preparatory work will have to be done. Practically all of the buildings at the property will have to be repaired, and new boilers and other equipment must be installed. An air compressor laying idle at the Baron mine, in Humboldt, will be brought down and will be used in the removal of the water, which will be blown from the workings. The pipes previously used for the removal of the water were left in the mine, and this work can be started as soon as the compressor is ready for operation.

There is only one shaft at the property. This is about 300 feet deep and work was being done on three levels when operations were suspended. The sinking of the shaft, with a view to starting a fourth level, had begun, and the shaft will be sunk deeper as soon as operations are resumed.

The Breitung people are working their mines harder than usual this summer, and they have at present need for about 100 men at the Mary Charlotte here, also some men at the Baron mine at Humboldt. The company recently received some large orders for ore, and it is expected that all of that in stock will be shipped. It is not yet known just how many men will be given places at the Breitung Hematite, but it is not expected that the force will be large at the start.

Superintendent Foley, of the Breitung mines, is proud of the yield of oats obtained from the farming lands near the Mary Charlotte mine this season. He said yesterday that they had just finished threshing the oats from seven acres, and that they had obtained 322 bushels, an unusually large yield for this region. There are still thirteen acres upon which oats have been grown and part of it has been cut.

How about furniture and rugs? We can furnish the home complete. F. BRAASTAD & CO. (9-16-34)

### SEASON WILL OPEN SOON.

The proprietors of the Negaunee bowling alleys are preparing for the opening of the season. Their business has increased considerably during the past few weeks. George Defrain intends to organize bowling teams, with a view to pulling off a series of contests extending through several months. His alleys have been put in first-class conditions, and the balls and pins have also received an overhauling.

Brendley Sweater Coats for ladies at Braastad's. (9-16-34)

### JOHN SHEA IN LUCK.

John Shea, who left here a few weeks ago for Los Angeles, Cal., reached there Sunday. Mr. Shea intended to leave Chicago Tuesday night of last week, but remained over until Wednesday. It was a fortunate delay, as the train that he would have taken Tuesday night was badly wrecked. Several of the passengers were killed and a number were injured.

### A HURRY UP CALL.

Quick! Mr. Druggist—Quick!—A box of Bucklen's Arnica Salve—Here's a quarter—For the love of Moses, hurry! Baby's burned himself, terribly—Johnnie cut his foot with the axe—Mamie's scalded—Pa can't walk from piles—Billie has boils—and my corns ache. She got it and soon cured all the family. It's the greatest healer on earth. Sold by The Stafford Drug Co.

### WARNING.

Do not be persuaded into taking anything but Foley's Honey and Tar for chronic coughs, bronchitis, hay fever, asthma, and lung trouble, as it stops the cough and heals the lungs. Sold by all Druggists.

### LOCAL LACONICS.

Miss Fannie Hogan is visiting in Escanaba.

Miss Maron Fellow has gone to Boston to resume her school work.

Miss Sadie Roucier has gone to Virginia, Minn., to visit with her sister.

The last hop of the season will take place this evening at the Golf club house.

Adolph Sjolholm and family have moved from Pioneer avenue to Brown avenue.

Miss Rosina Rosen is here from Muskegon on a visit to her sister, Mrs. Ernest Klein.

Dr. John Latson and his sister, Miss Alder, are spending a few days at Grand Island.

Miss Virginia Mackenzie is visiting her sister, Mrs. William Watson, of Coleraine, Minn.

Fred Treiberg has returned from a three weeks' visit in Chicago, Oskosh and other points.

Arthur and George McLormier of California are here, visiting their uncles, George and Will Meas.

Miss Margaret Adams has returned to Fond du Lac, Wis., to resume her studies at Grignon Hall.

Mrs. William Piper has returned to her home at Birmingham, Ala., after a visit with relatives here.

Will Hanson, who has been in the employ of Hugo Mack, as meat cutter, has given up his position.

The members of the Ladies' guild of St. Paul's Episcopal church met yesterday afternoon with Miss Merrill.

Nelson Rich of Alma, Mich., has been called to the city on account of the serious illness of his sister, Mrs. Jerry Reidy.

Gust Ekola has returned from a visit with friends in Minnesota. While in St. Paul he attended the Minnesota state fair.

Theodore Beuhl, the plumber, has entered the employ of Peter Barasa. Mr. Beuhl was formerly in F. J. Neerens' employ.

Charles Grandberg has arrived home from St. Paul, where he spent the past three weeks visiting his daughter, Mrs. Sundberg.

Louis Townsend, son of C. V. E. Townsend, has returned to Fairbault, Minn., to resume his studies at the Schattuck Military academy.

Fred Dougherty of the Iron Herald is spending a few days in Chicago. He was accompanied by his father, J. C. Dougherty, of Munising.

Mrs. Charles McGregor, who has been absent from the city for some time, has returned from Ironwood, where she visited her daughter, Mrs. Harvey F. Pearce.

Harold E. Mitchell, son of Captain Richard Mitchell, a former wellknown resident of Negaunee, and Miss Mabel May Nichols, daughter of William Nichols of DuRoi, were united in marriage in that city Thursday.

M. L. Abbott and family, who recently visited Mrs. Abbott's parents, Mr. and Mrs. Charles Paynter, of this city, are preparing to move to Ontario, Cal., where he some time ago purchased an orange grove. Ontario is about fifty miles from Los Angeles.

Rev. C. G. Nelson, D. D., of Evanston, Ill., who is attending the Northern Swedish Methodist conference at Ishpeming will preach at the Mitchell Methodist church tomorrow evening.

One of the local preachers will occupy the pulpit at the morning service.

Anton Henriksen, the concrete contractor, has completed putting in cross-walks on Mackenzie's avenue, at the intersection of Main street, and his crew is doing similar work on Brown avenue. Mr. Henriksen is under contract with the city to put in some thirty cross-walks.

Services at St. John's Episcopal church tomorrow will be holy communion at 8 o'clock; morning prayer and sermon at 10:30; Sunday school at 11:15; evening prayer and sermon at 7:30. Rev. R. T. Hicks, the rector, who is just completing his first year in the parish, will review the work for the past twelve months at the morning service.

Dr. Abernethy, the great English physician, said, "Watch your kidneys. When they are affected, life is in danger." Foley's Kidney Remedy makes healthy kidneys, corrects urinary irregularities, and tones up the whole system. Sold by all Druggists.

## Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.

### PUNISHMENT METED OUT TO THE GUILTY

JUDGE KNAPPEN PRONOUNCES SENTENCE ON FOUR WHO VIOLATED FEDERAL LAWS.

### LARSON GETS SEVEN YEARS

Bawden Given Short Prison Term, While Gibson Is Deprived of Liberty for Life.

Sentence was pronounced in the cases of the United States against Elvin T. Larson, John W. Spear, Richard J. Bawden and John E. Gibson by Judge Knappen in federal court yesterday.

Larson, the leading cashier of the First National bank at Ironwood, was sentenced to seven years in the Detroit House of Correction shortly after court convened yesterday morning. When arraigned a few days ago he pleaded guilty to six of the eight counts of the indictment returned against him by the grand jury, charging embezzlement, misapplication of funds and falsification of the books of the bank. Before pronouncing sentence, Judge Knappen addressed Larson at some length. The court's talk was in no sense a scathing arraignment of the prisoner at the bar of justice, yet he pictured the seriousness and magnitude of Larson's crimes against society and the government in such a manner that the guilty ex-cashier broke down in tears. The court narrated the story of Larson's wrongdoing in connection with the bank and dwelt upon the fact that he had betrayed the trust of those who had placed their hard-earned savings in his keeping, which, the judge declared, was a more serious crime than that of a burglar, who might have blown the safe and stolen an equal amount of money from the bank. However, the court stated that he had taken cognizance of certain mitigating circumstances, which had been pointed out to him by his attorneys and friends, and that he was disposed to impose the lightest sentence which the seriousness of the crime would in justice permit.

It was learned yesterday afternoon that both Larson's friends and the people of Ironwood generally were well satisfied with the punishment meted out to Larson. Five years was the minimum sentence that could have been imposed and sixty years the maximum. A sentence of seven years was just about what was expected by Larson's attorneys and friends, and it appears that those who have suffered because of his delinquencies are satisfied with the comparatively lenient sentence, among whom there has existed a remarkable degree of sympathy, considering the circumstances.

**Bawden's Sentence.** Richard J. Bawden, who pleaded guilty to embezzling nearly \$2,000 of postoffice funds while postmaster at Bessemer two years ago, was sentenced at the opening of the afternoon session of court to spend nine months in the Detroit House of Correction and to pay a fine of \$1,000.00 (the exact amount of his embezzlement), the fine to stand as a judgment against his property. This last provision means in effect that he will not have to spend any further time in prison in lieu of the payment of the fine.

In pronouncing sentence upon Bawden, the court stated that he was disposed to be as lenient as possible, in view of the fact that Bawden had a good record both before and since the embezzlement and apparently was seeking to do everything in his power to right the wrong he had committed. Bawden's friends had done everything possible in his behalf and it was hoped by the more optimistic that he might get off with a fine.

**Life Sentence for Gibson.** John E. Gibson, the ex-soldier who was found guilty of murdering John McManus, a fellow soldier, by a jury a few days ago, was sentenced to life imprisonment in the United States prison at Leavenworth, Kan. Under the verdict returned by the jury, the court had no alternative other than to pronounce a life sentence, and sent Gibson to Leavenworth rather than to the Detroit House of Correction at the prisoner's request.

While sentence was being pronounced, as during both trials, Gibson exhibited wonderful coolness and nerve, and never wined nor showed a particle of emotion as the words which took away his liberty forever were spoken by the court. Gibson's attorney, M. M. Lammuth, states that Gibson is a man to be pitied, as his present trouble is the result of circumstances of birth rather than any inherent badness. Gibson was born in the mountains of Kentucky and was brought up to believe that the only honorable way to avenge an insult was to "get his man." Acting on the spur of the moment, he followed out this principle inculcated in him from boyhood, when he killed McManus. Though there is no doubt that Gibson was legally guilty of the crime of murder, a jury of Kentuckians, who would see things as he did, and would in all probability have acquitted him.

### SCHOOL BOARD ELECTION.

E. H. Bice Is Chosen to Succeed Dr. H. J. Hornbogen as Secretary.

At a meeting of the school board last evening, the following officers were elected for the ensuing year: President—J. F. Neidhart, Secretary—E. H. Bice, Treasurer—James O'Reilly.

The only change is in the secretaryship, Mr. Bice succeeding Dr. H. J. Hornbogen, who had held the position the past five years.

Miss Alma Bigelow having resigned as a teacher in the grade schools in order to attend Pratt Institute, at Brooklyn, Miss Hazel Payne was chosen her successor. Miss Eldredge will teach in the Froebel school. She was engaged for the position some time ago, but has been unable to take up the work until now. Miss McCallum meanwhile taking her place.

The board decided last evening to open another room in the Reidinger building. It will be occupied by a fifth grade class. The room will not be ready for two or three weeks.

### FREE BAKING SCHOOL.

Marquette Women Greatly Interested in Miss Goggin's Demonstrations.

The ladies of Marquette have become enthusiastically interested in the baking school which is being held every afternoon from 3 o'clock in the opera house block by Miss Louise Goggin, assisted by Miss Mabel Thornton, who is demonstrating the uses and advantages of K C baking powder. Classes have been held every afternoon this week, and about 250 ladies have been present each day, all of whom manifest great interest in the demonstrations. Miss Goggin will continue the school all of next week and perhaps longer.

Miss Goggin is a graduate of Mrs. Janet McKenzie Hill's cooking school, in Boston, and it is Mrs. Hill's methods and recipes that are demonstrated every afternoon. The classes are composed of the same lines as those by cooking school teachers, who charge \$2 or more per lesson, and it is not likely that such an excellent opportunity to learn the fine points of the culinary art without cost will present itself to Marquette housewives for some time to come.

The program each afternoon is entirely different from those that have preceded and several delicacies, in the making of which baking powder is used, are prepared and baked at each session in full view of the class. Miss Goggin explains the process of preparing and baking each article as she goes about its preparation, and she states that there is no reason why those who attend cannot make it equally well, after hearing the talk and witnessing the demonstration. She declares that she never has a failure. Orange cake, nut bread, tonics and peanut cookies were made yesterday afternoon, delicious samples of which were distributed to those present after the demonstration.

In connection with Miss Goggin's work, five young ladies are now canvassing the city and taking orders for K C baking powder, which is furnished through the local grocers. Each person who buys the baking powder is given a valuable cook book, containing a number of Mrs. Hill's best recipes.

Miss Goggin states that the ladies of Marquette are showing exceptionally great interest in her work, both by attending the lectures and by ordering the baking powder which she represents.

Iron starched goods too moist and they become mottled, iron them too dry and they become brittle, and break. Does your Laundryman care?

### SALOON CLOSING LAW STRICTLY INTERPRETED

PROPRIETORS OR EMPLOYEES SHOULD NOT ENTER PLACE OF BUSINESS DURING FORBIDDEN HOURS, SAYS JUDGE STONE.

In connection with the case of Leander Winkka, who was found guilty of violating the liquor law, Judge Stone gave an interesting opinion relative to what constitutes an intrusion of the law, during the hours when the saloons are legally closed. Winkka's case was put before the court upon a stipulation of facts agreed upon by the prosecuting attorney and Winkka's lawyer. They were in substance that Winkka's bartender, without Winkka's knowledge had gone into the saloon at 11:30 one evening to write a letter for one of two companions, who accompanied him into the saloon. The saloon had been previously closed at 11 o'clock and the three went into the saloon because it was the only available place in which the letter could be written. It was stipulated that none of the three drank anything in the saloon.

After looking into the case, as above stated, and the laws and court decisions of the state relating to the saloons, Judge Stone found that Winkka had violated the law. The court cited a number of Michigan decisions, one of which declared that it was not necessary to show that liquor had been sold in order to constitute a violation, and another that a bartender who went into the saloon to scrub the floor after hours had been found guilty. Only under conditions of extreme necessity, such as a fire or a bursted water pipe has the liquor dealer or any of his employees a right to enter his place of business during the hours when the law says it shall be closed, said the court.

It constitutes no defense because the bartender opened the saloon without the proprietor's knowledge or contrary to his instructions, continued Judge Stone, citing a case in support of the point. The proprietor is guilty if the bartender or the porter should enter the saloon to clean the floor or for any other similar purpose, even though no liquor is drunk. Although the conditions in Winkka's case constitute no flagrant violation of the law, it is one of which the courts and the officers should take notice, said the court, otherwise they would be used as a pretext to do business after hours. In the case of the saloon keeper who arranged his fires and plants so that they would not need attention except during the legal hours for doing business, the officers are required under the law to make arrests in all cases of the nature outlined, except in cases of extreme necessity, the meaning of which should be clear to everyone.

### MEANING OF LIQUOR LAW.

Attorney General Gives Opinion of Much Local Interest.

Concerning the questions relative to the meaning of the Warner-Cramton law, Attorney General Bird announces that the use of the words "saloon" or "built" upon the inside or outside of a building where liquor is sold is not in violation of the statute. A sign that is a part of the design of the front window of a building appears upon the outside of the building just as much as though it were worked in as a part of the design of the brick or steel front of the building. It is considered altogether whether the courts would hold that a sign painted upon the inside of the window could be said to "appear upon the outside as prohibited by the statute. It is not believed that any picture or other advertisement of liquor in or near a show window so that it can be seen from the sidewalk in front of the building is prohibited.

A sign on a lamp-post not attached to any building where liquor is sold, advertising any brand of liquor, is not prohibited. All cities and incorporated villages, regardless of population, may extend the opening hours from 4 a. m. to 11 p. m. by ordinance passed in conformity with their charter.

**Artistic Monuments**  
COST NO MORE THAN  
PLAIN ONES IN  
**WHITE BRONZE**

Marble is entirely out of date. Granite soon gets moss-grown, discolored, requires constant expense and care, and eventually crumbles back to Mother Earth. Bronze is very expensive. WHITE BRONZE is strictly everlasting. It cannot erode.

with the action of frost. More growth is an impossibility. It is more artistic than any stone. Then why not investigate it? It has been adopted for a or one hundred public monuments, and by thousands of delighted customers in all parts of the country. It has been on the market over 25 years and is an established success. Many granite dealers have bought White Bronze for their own burial sites. I have hundreds of beautiful designs of all grades of work, and want to have you see them if you are interested in a monument, headstone, marker or grave cover. On receipt of a postal card will be pleased to call with designs and samples of White Bronze.
