Rah for Cook!

Rah for Peary!

Rah for the North Pole!

Write out a list of the insurgents. Lay it aside for reference. Then wait and see if every last one of 'em isn't returned to the next congress.

There may be other Mr. Harrimans, but if President Taft gets what he wants from congress they will never be permitted to operate as the late Mr. Harriman did.

The visit of the Tigers to Philadelphia was marked by the breaking of all baseball attendance records.

The local option campaign is running along peacefully enough, but the big trouble will occur next spring, providing the campaigners for signatures are able to "show" the board of supervisors.

Fear of the central bank and doubts of the wisdom of the postal savings system apparently haven't deterred the men behind the new Negaunee National from carrying out their plans on the lines originally laid down.

Milwaukee's new auditorium is being formerly opened this week. Milwaukee is now ready for anything that comes its way.

Considering the summary manner in which he was decapitated, Mr. Glavis maintains a commendable dignity, both of conduct and utterance.

An attorney at Tacoma, Wash., has been retained to investigate Dr. Cook's feat of climbing Mt. McKinley.

The Grand Rapids Press prints an article, under an insipid date line, dealing with the things that may happen in the upper peninsula if Mr. Osborn doesn't become a candidate for governor.

The theory advanced by many complacent officials at Chicago that State Attorney Wayman has gone off half-cooked in his proposed prosecution of the members of the jury commission received a serious jolt when Judge Scanlon ordered a non-suit of the Altman cases and when the entire venire called for that trial was dismissed.

Regarding President Taft's tariff speech, the Minneapolis Tribune asks, now that Minnesota's guest has gone his way, "Where does this leave all parties?" And it answers: "Apparently just where they were before."

Summer Rash Became a Dreadful Itching Humour—Big Blisters Formed and Skin Grew as Hard and Rough as Bark—Scratched and Tore Flesh till Blood Ran.

ALMOST MAGIC CURE BY CUTICURA REMEDIES

"Our son, two years old, was very much afflicted with a breaking out or what looked to be a summer rash. I applied the usual remedies, such as washing with soda water and powdering with boracic acid."

Millions of women throughout the world use Cuticura Soap and ointment for eczema, rashes, itching, irritations, inflammations, chafings, pimples, blackheads, dandruff, dry, thin and falling hair, sensitive, antiseptic cleansing and for all the purposes of the toilet, bath and nursery.

The country will be pleased to learn, via wireless, that Gifford Pinchot has no intention of resigning his office of chief forester.

A STRONG MAN. Governor Johnson of Minnesota, who died untimely yesterday, was a strong man, one of the strongest the past decade of public life brought out, and the grief in Minnesota at his passing will be shared not alone by the middle west, but by the entire country.

Miss Louise Kennedy, who recently opened military parlors in the Dundon block, is conducting her fall opening. She has an attractive display of hats and a large number of ladies visited her parlors yesterday.

It is unfortunate that so splendid a showing for the actual management of the property should be more or less obscured because of the contention of over-capitalization for which the present management, of course, is in no wise responsible.

ISHPEMING CATCHY MUSIC.

Principle Numbers in "The Royal Chef" Are Now Familiar.

"The Royal Chef" company, which will appear at the Ishpeming theater tomorrow evening, passed through the city yesterday enroute to the copper country.

The music of "The Royal Chef" is catchy. The scenic effects are attractive and the company, with Walter A. Bohme in the leading role, is capable. The locale of "The Royal Chef" is the mythical "Isle of Bohlog."

W. O. Gordon of Duluth was in the city yesterday on a business mission.

Cleo Meilner, who is promoting the new National bank, soon to be established in Negaunee, was in the city yesterday.

N. W. May, manager of the Diorite store, was called to Milwaukee Sunday on account of the critical illness of his sister.

J. M. Edmonds, representing the N. K. Fairbanks company, manufacturers of the "Gold Dust Twins" washing powder, is in the city.

Keller Bros. of Slinaw, have purchased some cedar stamper near Perch and will get out poles and ties there the coming winter.

The Ishpeming league baseball team will play the Marquette prison nine this afternoon on the prison diamond.

Nine of the twelve dwellings being erected at Diorite have been completed and are now occupied.

Births recorded in the city yesterday are a daughter to Mr. and Mrs. Gust Myllimaki, 499 Jasper street, and twin boys to Mr. and Mrs. Mickel Kultala, 317 Pearl street.

Henry Harwood, who has been confined to his home for several weeks, is able to drive out. It will be some time before he will be able to be at his place of business regularly.

Grover Gordon, who spent the summer here, visiting his father, Dr. A. E. Gordon, has left for Paris, Texas, where he has charge of the manual training department of the public schools.

S. J. Maurice, business manager of Henry Miller's "The Great Divide" company, which is to fill an engagement at Ishpeming theater in the near future, was in the city yesterday, accompanied by Mrs. Maurice.

Miss Elizabeth Cox, who is assistant supervisor of music in the public schools at Calumet, is to take the part of the queen in "Queen Esther," which is to be presented at the Calumet theater tomorrow night and Friday evening under direction of Mr. and Mrs. George L. Howes.

The Froquois club, recently organized, will give the first of a series of dancing parties at the Anderson Hall Friday evening. The committee of arrangements is composed of Harvey Tommeson, Thomas Bargh and Clifford Jadeske.

Can be depended upon is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy it means that it never fails to cure diarrhea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold at The People's Drug Store.

GALUMET Baking Powder

Avoid the mishaps—the disappointments—the "bad luck" in baking, by avoiding Poor Baking Powder—the cheap, or big can kinds and the high-price "Trust" brands.

Put your faith in Calumet—the only strictly high-grade baking powder sold at a moderate cost.

FROM MORGAN'S CURB LETTER.

The New York market opened higher, and nearly every issue made gradual advances during the first hour, attributed to an optimistic interview with Judge Gary.

Among the curls, the Heinz stocks were again noticeably active, though little net change for the day was effected.

Yesterday's prevailing prices were:

COPPER COUNTRY FAIR OPENS. Big Exhibition Went on in Full Blast Yesterday Afternoon.

The Copper Country fair, the seventh annual exposition of the Houghton County Agricultural Society, opened yesterday at the Amphitheatre grounds with a first day attendance which was most gratifying.

Air Ship Comes First. Chief interest in the fair, at least for the first appearance of the visitors, centers in the Bayersdorfer-Yager airship, which is the spectacular feature.

The airship consists of a large gas envelope and a car of spruce wood and piano wire carrying a gasoline engine. The car is fifty-five feet long and is made up of 800 yards of Japanese silk.

The officers refuse to express any theory as to how Birk was wounded, but they are exerting every effort to ascertain when and how he spent Friday and Saturday night. So far their efforts have availed them but little.

Forest and Stream Exhibit. The first exhibit to be completely installed was the forest and stream department. The fish exhibit is the principal one of this department, but special mention may be made of a collection shown by Frank McEl, of Houghton.

The fish department is in charge of Commissioner Powers of the state fish commission. The Copper Country fair, he it known, is the only fair which receives this exhibit from the state, and it should also be known that the fair does not secure the exhibit entirely gratis.

Anti-Tuberculosis Display. The exhibit of the Houghton County Anti-Tuberculosis society is one of the most interesting in the fair. The booth is one of the largest and occupies a prominent position. It attracts attention by its banners and by the electric clock which lights every three seconds to show the extent of tuberculosis.

FOR economy in the table expenses increase the amount of Quaker Oats; eat it at least twice a day. It does more than other foods and costs only a fraction as much.

J.A. Minnear & Co. BROKERS. Offices at Calumet and Laurium. Direct private wire service to all markets. If you want the best service on your curb orders and cannot favorably direct, instruct your Broker to have us execute the order.

model of a Michigan tuberculosis patient's shack a window tent and a revolving stand containing colored charts. Adjoining it is a set of steps which in turn to show in an object lesson the steps which should be taken in the treatment of consumption.

ANOTHER MURDER MYSTERY. Police Seeking for Cause of Andrew Birk's Death in Calumet.

The second baffling murder case within a few weeks seems to confront the Red Jacket village and Houghton county authorities. As already stated in these columns, Andrew Birk, who was found on Pine street badly wounded Friday night of last week and was afterwards removed to the Calumet public hospital, is dead and the authorities are looking for some clue as to how he received his wounds.

The officers refuse to express any theory as to how Birk was wounded, but they are exerting every effort to ascertain when and how he spent Friday and Saturday night. So far their efforts have availed them but little.

ADmits KILLING MATSON. Ellis Karvaka Pleads Guilty to the Charge of Manslaughter.

The trial of Ellis Karvaka, charged with murder in having killed August Matson in a fight Aug. 22, opened in circuit court, Houghton, yesterday morning. Matson died two days after being found in a boat, Calumet, with his head injured.

At the opening of court in the afternoon, Karvaka's attorney, M. H. Crocker, of Calumet, moved for permission to change the plea. This was granted, and Karvaka pleaded guilty to the charge of manslaughter. Karvaka was remanded to jail to await sentence. The court then took up the case of Emil Pelkinen and John Pelkka, charged with assault with intent to murder. The men are alleged to have severely strangled John Dunn of Kearsarge two months ago.

There were forty-five citizens admitted Monday. Three applications were dismissed for being incomplete. The main contest, principally because of lack of knowledge of the applicant regarding the government of the United States, the man whose home is at Atlantic could not talk English very well and the majority of the government officials could not understand him.

ODD FELLOWS WANT TEMPLE. Houghton Lodge Seeks Option on Voetsch Estate Property. Pilgrim lodge, independent Order of Odd Fellows, of Houghton has secured a forty day option on the Voetsch estate property adjoining the corner of Sheldon and Dakota streets, on the south side of Sheldon street, with a view to purchasing it for the site of a temple.

REV. MR. KNOWLES CALLED. Presbyterian Church Asks Iron Mountain Man to Come to Houghton. The congregation of the Houghton Presbyterian church has extended a call to Rev. Frank R. Knowles of Iron Mountain. Mr. Knowles will probably accept. He preached in Houghton a week ago, and made a good impression. At that time the church board consisted of him and the congregation has definitely asked him to come. Mr. Knowles has had great success at Iron Mountain during the eight years he has been there, but believes a change will be for the better and he says frankly that he knows Houghton is a community in which there is a splendid field for an earnest and energetic clergyman.

IS GIVEN ANOTHER CHANCE. Mrs. John Granuth of Huronton showed her affection for her husband Monday on a charge of being drunk, and although on Monday she told Justice Brand that he had often beaten her, she intervened for the man and asked that he be given another chance.

The shorter a girl is the better she seems to get along with her friends.

Ask Her This Question

"Do you know of any woman who ever received any benefit from taking Lydia E. Pinkham's Vegetable Compound?"

If any woman who is suffering with any ailment peculiar to her sex will ask her neighbors this question, she will be surprised at the result. There is hardly a community in this country where women cannot be found who have been restored to health by this famous old remedy, made exclusively from a simple formula of roots and herbs.

During the past 30 years we have published thousands of letters from these grateful women who have been cured by Lydia E. Pinkham's Vegetable Compound, and never in all that time have we published a testimonial without the writer's special permission. Never have we knowingly published a testimonial that was not truthful and genuine.

"Houston, Texas.—'When I first began taking Lydia E. Pinkham's Vegetable Compound I was a total wreck. I had been sick for three years with female troubles, chronic dyspepsia, and a liver trouble. I had tried several doctor's medicines, but nothing did me any good."

"For three years I lived on medicines and thought I would never get well, when I read an advertisement of Lydia E. Pinkham's Vegetable Compound, and was advised to try it."

"My husband got me one bottle of the Compound, and it did me so much good I continued its use. I am now a well woman and enjoy the best of health."

"I advise all women suffering from such troubles to give Lydia E. Pinkham's Vegetable Compound a trial. They won't regret it, for it will surely cure you."—Mrs. Bessie L. Hicks, 819 Cleveland St., Houston.

Any woman who is sick and suffering is foolish surely not to give such a medicine as this a trial. Why should it not do her as much good as it did Mrs. Hicks.

STEAMER SAMOA IS BURNED. Fire Destroys Boat at Orceola Mills—Craft a Total Loss.

The steamer Samoa, owned by H. W. Baker of Detroit and loading stamp sand at the Orceola mills, Torch lake, was burned to a total loss at a dock at Orceola yesterday morning. The cause of the fire has not been determined.

WILL MAKE THE GRAND TOUR. Houghton People Arranging to Take Clark Trip Around the World.

A party of Houghton people, including Mrs. Mary Sheldon, Mrs. C. D. Sheldon, Mrs. D. H. Sheldon, R. S. Sheldon and James R. Doe, is planning to make the tour around the world early in the coming year, leaving New York probably in February.

IS A BIG CONVENTION. National Croatian Society Has 160 Delegates in Attendance.

The convention of the National Croatian society, now in session at the Red Jacket hotel hall, is the largest convention of the year in Calumet. It has present 160 delegates and eighteen members of the supreme council, all from points outside the copper country. The copper country brings up the number somewhat, and there must be at least 300 visitors in Calumet.

ORATORY CONTEST MEDALS. Houghton Man of Wealth Makes Possible Local Trophies.

In the preliminary contests in the Houghton schools to determine what orator and declaimer will represent the schools in the upper peninsula oratorical and declamatory contests, the silver and bronze medals will be offered, the silver as first prize and the bronze as second. These trophies have been made possible by the generosity of a Houghton man of wealth who desires to preserve a strict incognito.

MAKES S.S.S. A LASTING CURE. Not only its proven ability to cure, but its absolute safety as a remedy, has made S.S.S. the most extensively used of all medicines in the treatment of Contagious Blood Poison.

Not only its proven ability to cure, but its absolute safety as a remedy, has made S.S.S. the most extensively used of all medicines in the treatment of Contagious Blood Poison. Unlike the strong mineral mixtures, which temporarily remove the outward symptoms and shut the disease up in the system, there to carry on its destructive work on the delicate vital organs, S.S.S. strikes directly at the root, and by purifying the blood of every trace of the virus, completely and permanently cures the trouble.

MARKETS. NEW YORK STOCKS.

The stock market, after displaying considerable strength in the first three hours of today's session, reacted sharply, with the heaviest decline in Reading. The cause of the attack on the latter was attributed to the declaration of a dividend on the company's stock, which was expected to be paid in the next session.

The copper metal prices. The market for standard copper was easy today, with spot, September and October closing at 12.40, 12.50 and the November at 12.65. No sales were reported on the local exchange. The London market was higher, with spot closing at 139.5s and futures at 140.1s, 141.0s and 141.5s.

Chicago, Sept. 21.—Bullish enthusiasm was rampant in the wheat pit today, and the prices advanced 1/2 to 1 3/4. The close was strong, at almost the top. The September especially was buoyant, and at one time was up 5 1/2 over the December. This increased premium for the September was due to the urgent demand by shorts, who are becoming convinced that it may be a difficult matter for them to secure actual grain to deliver on this month's contracts.

Chicago, Sept. 21.—Bullish enthusiasm was rampant in the wheat pit today, and the prices advanced 1/2 to 1 3/4. The close was strong, at almost the top. The September especially was buoyant, and at one time was up 5 1/2 over the December.

Writing from Boston yesterday, Paine, Webber & Co. had the following to say of the stock market: "Support continued active again today with slightly lower prices. The selling, however, was unimportant and toward the close small buying orders brought the price back to where they were at the opening. The extra dividend declared on Nipissing made that stock up a point, and the strength was maintained all day. Allene and Arizona Commercial both sagged off on profit-taking."

Three Settle Out of Court for Killing Domestic Ducks. The trio of hunters came along and, recollecting that the duck season is open, they shot the sixteen domestic ducks, taking them for the wild variety. Mr. Jones was the wild one, however, and he made the careless hunters pay \$3 each for the ducks in lieu of going to court.

BASKETBALL RULES CHANGED. Interscholastic Committee Forbids "Dribbling" and Cuts Out Tricky Throws.

New York, Sept. 21.—Deciding that several changes were necessary in the code of basketball rules to make the interesting game, the committee has made about a dozen changes. Harvard was not represented in the committee that revised the rules, as the crimson authorities have given up the sport.

CLARK'S CRUISE OF THE "CLEVELAND" 18,000 tons, brand new, superbly fitted out.

CLARK'S 12th Annual CRUISE Feb. 5 to April 19 To THE ORIENT By S. S. 'Peacock Brand' Leaf Lard and Special Cured Hams and Bacon

Philadelphia, Sept. 19.—A man's sock full of counterfeit quarters and dimes which have a face value of \$13.30 was found in a culvert at Point St. Charles, where the counterfeiters were making their street cleaner, who lives at 905 League street. The coins were in the rough, with small projections from irregularities of the mold still adhering to the edges. They required plating and trimming to make them negotiable.

OPENING OF THE STANDING ROCK AND CHEYENNE RIVER INDIAN RESERVATIONS

The opening of the Standing Rock and Cheyenne River Indian Reservations in South Dakota and North Dakota in October will give about ten thousand people 100 acres of fertile farming lands for a small sum per acre. The government has appraised these lands at 50 cents to \$2 per acre, depending on farming or are now farthing and wish to change your location, why not register for one of these farms? You may be successful in the drawing for these lands.

Abertson, South Dakota, on the Chicago, Milwaukee & St. Paul railway, and Moberly and Lemmon, South Dakota, on the Chicago, Milwaukee & Puget Sound railway, are points of registration. You can register any day from October 4 to 23. The drawing will take place at Aberdeen on October 26.

Marble is entirely out of date. Granite soon gets moss-grown, discolored, requires constant expense and care and eventually crumbles back to Mother Earth. Besides, it is very expensive. **WHITE BRONZE** is strictly everlasting. It cannot crumble with the action of frost. Moss growth is an impossibility. It is more artistic than any stone. The why not investigate it? It has been adopted for a or one hundred public monuments, and by thousands of delighted customers in all parts of the country. It has been on the market over 25 years and is an established success. Many granite dealers have bought White Bronze for their own burial plots. I have hundreds of beautiful designs of all grades of work, and want to have you see them if you are interested in a monument, headstone, marker or grave cover. L. G. Kaufman is in the city for a few days. He was in attendance at the sessions of the American Bankers' association in Chicago last week.  
Mrs. F. W. Read left last evening for Kenton, O., to visit her daughter, Mrs. Roser, and will later visit in Lay City. She will be away from the city for about a month.  
Our Boys' band will practice this evening at the city hall. New music has been secured and the boys will get down to hard work as soon as cool weather sets in. Several new members have been added.  
C. R. McCabe has returned from New York to pack his household goods, and with his wife and family expects to return to the metropolis Saturday, where he is in the employ of the Lyan copper interests.  
The Marquette branch of the W. G. T. U. will meet this afternoon at 3 o'clock at the home of Mrs. James A. Pearce, 341 West Bluff street. The delegates to the recent district conference at the Soo will report.  
A special meeting of Marquette lodge, No. 101, F. & A. M., will be held this evening for work in the third degree. Grand Lecturer Frank O. Gilbert will be present and conduct a lodge of instruction. Refreshments will be served.  
Barge Nef Burned—The barge Nef, which has brought several cargoes of lumber to Marquette this summer for the prison factory, was burned to the water's edge Monday morning at the new steel plant bridge opposite New Duluth. She had just discharged a cargo of lumber for the bridge. The origin of the fire is unknown.  
Wireless on High Rock—W. E. Chilton, Morse operator for the Bell Telephone company, is installing a wireless telegraph apparatus on Middle Island point and hopes to establish communication with the Great Lakes vessels that have recently been equipped with wireless instruments. Mr. Chilton's wireless instruments are of his own construction and he is making the installation solely for his own amusement.  
Monteagle Beached—The steamer Monteagle, which has made regular trips to Marquette this summer, struck a submerged crib at the entrance to Mud Lake Sunday afternoon and was beached by her captain near Pilot Island lights. The accident is said to have been due to the steamer passing on the wrong side of a buoy. It is expected that the vessel will again be in commission before the end of the week.  
Mr. Maywood Stays Here—The Mining Journal received a message from Harvey B. Hatch, at Detroit, last night stating "Rev. Amos Maywood returns to Marquette for another year." This will be pleasing news to the members of the Methodist church, of which Mr. Maywood is pastor, and to the people of the city in general. There has been fear that the popular clergyman would be assigned to another charge, despite the energetic endeavors of the Marquette congregation to retain him. The annual appointments were made at the Detroit conference yesterday, and as Mr. Hatch has telegraphed, Mr. Maywood will serve in his present charge for still another year.  
Has Ripe Corn—E. H. Vandenberg reports that he has about 100 bushels of practically ripe corn, some of which is now picking for seed. This corn was planted from the first to the twenty-fifth of June and seems to be as far advanced as fields in lower Michigan and Wisconsin. The entire forty acres on the Vandenberg farm has been declared to be the best field of corn in the state. The silo is now being filled from the field from which more than 500 tons of silage will be harvested. The stalks run and ripening corn in the upper peninsula, and that the crop is bound to be one of the great agricultural products of this part of the country in the future.  
Miss Hattie Monroe, of Ironwood, and Mrs. R. T. Hicks, of Negaunee, spent yesterday with Marquette friends.  
Dr. G. G. Youngquist, who recently underwent an operation at a hospital in Chicago, is reported to be recovering rapidly, and expects to return to Marquette within two weeks.

**THEATRICAL.**  
"Faust"  
Arrangements have been completed for the appearance at the opera house Thursday evening of that well beloved and ever popular presentation of Porter J. White's "Faust," with all the old time realistic and startling electrical effects and numerous new and novel devices in stage craft. In fact, the production this year is claimed by managers to far surpass all previous stagings of Goethe's great immortal play. Fred J. Wilson, better known among his college chums as "Nick, himself," has been particularly selected, and he ably sustains Mephisto. Many critics approve of Mr. Wilson's light and airy interpretation of the character and his peculiar manner in holding an audience and making them feel that they are really on "good terms with the devil." Miss Olga Verne portrays the role of "Marguerite" and is strikingly beautiful and winning in the part and contributes to the performance one of its chief charms. Faust by John Graham is strong and impressive and his emotion is genuine. Another enjoyable innovation is the song of the Intermezzo from "Cavalleria Rusticana." A choir of seven trained voices is a noteworthy feature in the Cathedral scene. The garden scene in the second act is a beautiful picture. The electrical effects afford a continual succession of startling surprises, notably in the "Broken scene" in the fourth act, when the curtain falls to two arrangements of a heavy shower of electrical sparks behind which are seen the witches and imps reveling in their fiendish merriment.

K C Baking Powder a Real Saving and Pleasure to Women.  
"Mother, what makes everything so good these days?"  
"Why, it's the K C Baking Powder. Cake, biscuit or griddle cakes, it's all the same. Since I've used K C every-thing comes out just right—light, crisp and fit for a king. I knew I was safe in trying it—they were so sure I'd like it. They refund your money if you don't like it better than any other—better, mind you. Then it's guaranteed under every pure food law you ever heard of, and you won't believe it, but it costs less than what I've used—a real nice saving. I understand it's because they put it in a satisfaction to get good value for your money these days when every-thing is so high. Every woman in Marquette should, without fail, visit the free baking school, which is in session between 2 and 5 o'clock each afternoon in the vacant store in the opera house block, and hear Miss Goggin lecture on easy and successful baking. My! the suggestions one receives from her are such a help. The ladies are finding out how really clever she is and are attending her classes in large numbers. Have you seen the Janet McKenzie Hill "Cook's Book"? If not, visit the baking school and ask to see a copy. It will interest you. Ladies representing K C Baking Powder will call at your home and tell you of the merits of K C. Insist on their showing you this fine collection of choice receipts. K C workers will not take up your time or bother you with tests on baking powder. Miss Goggin tests K C in the oven, which is the only way to find out how real good K C is."

**DR. JAMES HOME FROM EUROPE.**  
Discusses Surgery, Politics and Social Conditions Abroad.  
"Any disgruntled American can be cured by taking a trip abroad," says Dr. S. M. James, who returned from a three-months' trip to Europe yesterday. "I have come back a better American and with greater reverence for the flag and our institutions," he declares.  
Dr. James went abroad especially to study surgery, but he took the opportunity to see more generally the political conditions in the countries he visited. While away, he made the acquaintance of many of the famous surgeons of Europe and visited most of the larger hospitals of Great Britain, Germany, Austria and France. He witnessed a large number of difficult operations performed by surgeons of world-wide reputation. As the result of the trip he is convinced that the continental surgeons are more scientific but not so practical as those of America, and on the whole is of the opinion that surgeons on this side of the water can hold their own with those abroad. Hospitals abroad are more numerous than in this country, presumably because they are more generally supported by the government, and as a rule they are well equipped.  
The doctor was greatly impressed with social and political conditions in Great Britain. He states that there is a great political strife between the Conservative and Liberal parties, over the election to be held this fall. The Liberals want to maintain the free trade policy and tax the unskilled labor, while the Conservatives would put a tax on products. As might be expected, the nobility and wealthy class are largely members of the Conservative party. Social conditions in Great Britain are not good, the doctor declares due in some degree to the power of the labor unions, who have the manufacturers at their mercy, and curtail production.  
He considers that Germany is the most prosperous of European countries at the present time.

## SAN MIGUEL CO. IN JURY SCANDAL

FIGURES IN DEVELOPMENTS IN CRUSADE UNDERTAKEN AT CHICAGO BY WAYMAN.

### STATE'S ATTORNEY ACCUSED

Bondholders' Association Says He Refused to Move on Evidence That Later Brought Indictments in Federal Courts.

The San Miguel Plantation company, in whose worthless bonds the people of the upper portion of this county, invested \$75,000, is figuring in the jury commission scandal that State's Attorney Wayman turned loose on Chicago a few days ago. The officers of the San Miguel bondholders' association have come forward with a statement charging that Mr. Wayman himself improperly refused to submit to a Cook county grand jury the same evidence on which the association subsequently obtained indictments of the plantation company officials from a federal grand jury sitting in Chicago.

Attorney White, counsel for the bondholders' association, who recently visited Marquette and Ishpeming, consulting Marquette county members, gave The Mining Journal a detailed story of his experience in endeavoring to obtain restitution of the bond purchasers' money from the officers of the fraudulent corporation. Mr. White at that time, complained that the association's efforts had been thwarted by some hostile influence in the state courts, and though they had been successful in obtaining indictments by a federal grand jury he asserted that some influence, which they had not been able to ferret out, was working to prevent a successful prosecution of the case. Mr. White said that the bondholders' association suspected former Senator Hopkins of interfering to prevent bringing the beneficiaries of the San Miguel swindle to justice. The association sent a broadside against Hopkins to Springfield immediately prior to his defeat by Senator Lorimer, and Mr. White asserted that the formal statement of the association had no small part in bringing about that result. The statement of A. A. Barber, the chairman, and Dr. Louis Lillstrom, the secretary, of the bondholders' association, is as follows:

"Reference to the records of the county court of Cook county, Ills., case 23, 770, open to the public, discloses the fact that these fraudulent promoters of the San Miguel Plantation company therein testified under oath to having sold nearly \$500,000 of worthless paper upon the strength of false and fictitious dividends paid to the victims out of the money wrongfully obtained from them; that the alleged San Miguel Plantation company was merely a device and its alleged operation merely a matter of bookkeeping.

"By the records of State's Attorney Wayman's office will be shown that Assistant State's Attorney Clifford G. How did make a report to State's Attorney Wayman that he had fully investigated the facts of the San Miguel Plantation company swindle and recommended that the grand jury of Cook county be permitted to return indictments against the promoters, and that said records will also show that said State's Attorney Wayman has twice personally refused to permit said evidence to be received in his office.

Indictments Are Returned. "That by the records of the federal district court of Chicago will be shown that the self same evidence above referred to as having been presented to the state's attorney of Cook county was presented to the June, 1909, federal grand jury, and upon its indictments were returned against said alleged fraudulent promoters for having used the United States mails in the promotion of the said swindle.

"Further reference to the records of the said state's attorney's office will disclose the fact that a transcript of the records of the federal grand jury in the said indictments was duly made a matter of record in the governor's office at Springfield, Ills., and in the state's attorney's office at Chicago, and by the said transcript it appears that a certain law firm (Eddy, Haley & Wetton) were the attorneys retained by the said indicted promoters to defend them against said criminal proceedings.

"That by the records in the grand jury commissioners' office and in the office of the state's attorney of Cook county appears that upon the November, 1905, grand jury (the first grand jury convened after Mr. Wayman was elected to his office as state's attorney) Albert H. Wetton there had been elected by the jury commissioner's office upon that body (said Albert H. Wetton), being a brother of the said attorney defending the said accused promoters. That upon the December, 1905, grand jury list as by the above cited records, appears the name of William H. Bunge, one of the directors of the said San Miguel Plantation company, and one of the accused persons in said matters before the said state's attorney; that upon the January, 1909, grand jury list as first selected and reported to the state's attorney's office appeared the name of Herman Bunge, nephew of said William H. Bunge, as so published in the newspapers of Chicago; that immediately thereafter the San Miguel bondholders' association called the attention again of the state's attorney's office to the repetition of packing the grand jury with friends of the accused swindlers, whereupon the name of one Herman Bunge was immediately substituted in place of said Herman Bunge as first shown, thus illustrating the adaptability of the machine of emergencies.

Complaint of "Irregularity." "That in November, 1908, the San Miguel bondholders' association called the attention of the chief clerk of the jury commissioner's office to the irregularity of its placing Albert H. Wetton upon the November grand jury, likewise in December pointed out to the said chief clerk the connection of the said William H. Bunge with the said San Miguel swindle; that in January, 1909, the San Miguel bondholders' association specifically called the attention of the state's attorney's office, through his assistant, Benjamin Short, to the improper method of selecting said jurors for

said grand juries, as above stated; that in February, 1909, the San Miguel bondholders' association, through its representative, held a conversation with Chief Clerk Mason of the jury commissioner's office, wherein said chief clerk expressed a desire to be kept informed as to the progress of the game.

"That whereas, it appearing to the San Miguel bondholders' association that no relief could be hoped for from a lesser source as will appear by the files of the chief justice of the circuit court of Cook county, that complaint was duly made to that body of the above referred to irregularities, without so far as is known, action being taken therein:

"That by the records of the correspondence files of the state's attorney's office it will appear that in July, 1909, State's Attorney John E. W. Wayman attempted to excuse that office for its failure to present to the Cook county grand jury the investigation of said swindle, by the false statement that said Assistant Benjamin Short had offered to go before the municipal court of Chicago and assist in the prosecution of the said accused promoters who resided outside the state of Illinois.

Charge "Political Influence." "Informant states that conclusive evidence can be produced to show that certain political bosses of Illinois are politically interested in protecting said accused promoters from criminal prosecution; that John E. W. Wayman is actively preventing the prosecution of these self-confessed criminals by reason of instructions from his political superiors.

"That the state's attorney's office is being used to protect the criminal friends and to punish the enemies of the state's attorney's political superior.

"Informant suggests that the spirit of the law in reference to the objects of the grand jury has become perverted from that of enforcement of the law in the protection of society into an engine of oppression and perversion of orderly government."

### WOULD EXPLORE ANTARCTIC.

7,000 Seek to Go With Scott on Expedition to Find South Pole.

London, Sept. 21.—Captain Scott, the Antarctic explorer, doubts the accuracy of the report that Commander Peary intends to attempt to discover the South Pole, but he is convinced that if the British expedition which he will command does not start next year other countries will take up the enterprise on the line of advance developed by British pioneers.

The prospect of raising the \$200,000 necessary for the expedition is good. Thousands of letters of inquiry, many enclosing checks, have reached the office of the expedition, while interest and rivalry awakened by American enterprise in discovering the North Pole, make more acute the general willingness to subscribe.

No fewer than seven thousand men and boys fired with the desire to obtain polar glory, have written to Captain Scott, begging to be allowed to join the expedition. One writes that although he is a foreigner he will willingly become a naturalized Briton if Captain Scott will engage him.

Many of Captain Scott's former company want to rejoin him in his present undertaking. Dr. Wilson, who was physician to the discovery expedition which Captain Scott commanded, has been appointed doctor of the expedition now preparing.

### Asks \$5,000 for Alleged Slander—

Frank Devet, of Fayette, Delta county, has been arrested on a capias sworn out by Mrs. A. P. Anderson, of the same place, who charges Devet with having criminally slandered her upon different occasions. The complainant asks damages to the amount of \$5,000. Bonds have been given in the sum of \$300. The complainant is the wife of a well-known merchant at Fayette, and in the complaint she charges that because of the manner in which she has been slandered by the defendant she has lost the respect and esteem of her neighbors, and as a result she has had her health impaired and has suffered mentally. She charges that the slanderous statements alleged to have been made by the defendant are false.

It sometimes seems to the rest of us that success comes to a man in spite of himself.

### COMMERCIAL SAVINGS AND FOREIGN EXCHANGE DEPARTMENTS.

OUR SAVINGS DEPARTMENT is not restricted in the scope of its patronage. It is broad enough to accommodate all, and HERE ARE ITS PATRONS:

- 1.—The young folks with their small savings.
- 2.—The breadwinner, striving to accumulate a fund to procure a home, or a competency for old age.
- 3.—The well-to-do, for the convenience afforded and the income provided.
- 4.—Those with idle funds awaiting other investment.

Special attention to BANKING BY MAIL. Send a postal for booklet

# OUR TIME IS YOURS

SEEMS like a small thing to lay much stress on—but it's a cardinal principle here—Willingness to wait upon you.

Our salesmen don't take you in tow with nervous haste as though their lives depended on their making so many sales by six o'clock.

We wait upon you—that means wait until you've found what you want in our stock.

We'll show you every model as willingly, as courteously, as deliberately, as one.

Your satisfaction is the thing we're striving for.

And we'll serve you well—in the new fall and winter styles from

### The House of Kuppenheimer

We are showing an exceptional variety in these brandnew modes for men.

In every thread of every garment they're clothes of service—at your service—here.

You see in the illustration the Chester—a clean-cut style and one of our best sellers. It comes in a variety of attractive fabrics with a range of color and pattern to suit every taste, fashionable grays, the newest Oxfords, beautiful dark mixtures and blue serges.

Manual Training Students Finishing Remodeling Old High School Building.

The work that manual training students of the Ishpeming High school have been doing the past few weeks at the old high school building, corner of First and North streets, will be completed this week. The auditorium has been converted into five class rooms, four of which went into use last Monday. The fifth room will be occupied next week.

Besides building the partitions, putting in windows, hanging doors, putting in wainscoting, blackboards, etc., the students also did a portion of the plastering, as well as all of the calmsiding and painting. The blackboard work is as well done as that done by an expert at the new high school building. The board of education saved a considerable sum by employing the students.

By opening these five rooms all of the other seventh and eighth grade rooms in the city will be considerably relieved from their crowded condition. The students will now be so divided that there will be an average of forty in each room, whereas there were formerly from fifty to sixty, which was too many for one teacher to handle properly. With the five new rooms there are now eighteen class rooms in the building. All of the basement rooms are occupied by first, second and third grade pupils, while the older children are on the upper floor.

#### NORTHERN METHODIST MINISTERS APPOINTED

TO MOVE TO CUYUNA.

Captain Gust Sylo's Family Will Join Him in a Few Days.

Gust Sylo, who had been in the employ of the Cleveland Cliffs Iron company in this city for many years, leaving here about the first of the year for the Cuyuna range, in Minnesota, will be joined by his family, including his wife and three daughters, the Misses Christina, Hannah and Olga, within a few days. Mr. Sylo is the mining captain at the Rogers-Brown Ore company's Kennedy property, formerly known as the Rabbit Lake mine. It is an underground proposition and is being developed at a rapid rate. Another year the property will be one of the company's heaviest ship-pers in that district.

Since locating at Deerwood Captain Sylo has erected a hotel building, which he intends to rent. His family will occupy the hotel until the company completes his dwelling.

#### BASEBALL SATURDAY.

The postponed Ishpeming-Marquette league ball game will be played at the Union Park grounds Saturday afternoon, commencing at 2:30 o'clock. The game is one that was postponed early in the season, and was to have been played at Marquette. The Marquette team will receive the big end of the receipts, and it is thought that the game will be well patronized. Clappert will twirl for Ishpeming. In Sunday's game, also between the Marquette and Ishpeming teams, Nelson will pitch. The admission at Saturday's game will be twenty-five cents, with ladies free to the grandstand.

#### TEARING UP CONCRETE.

William Trebilcock has been given a contract to put in new concrete at the main entrance of the high school building, also to spread over its surface a layer of asbestos. The concrete was so poor that it was necessary to remove it. An insufficient amount of cement was used in the mixture, and as a result the surface cracked and sagged. The concrete entrances and steps at two of the other entrances to the building have been covered with asbestos, and the members of the board of education are thus far well pleased with the material used.

Have your piano tuned now. M. J. Olson, the piano tuner, will remain in this city during the summer months. Orders taken at Wm. Leiminger's store. (6-28-11)

### WOODEN CURBING WAS OUTLAWED

ORDINANCE PASSED LAST NIGHT PERMITS USE OF STONE OR CONCRETE ONLY, HEREAFTER.

### SIMPLER MILK ORDINANCE

Sentiment of Aldermen Was Against Passage of Clause Requiring Milkmen to Test Cattle for Tuberculosis.

The most important business transacted at last night's council meeting was the passage of an ordinance amending the ordinance relative to grading, paving and improvement of streets and the use and protection thereof.

The ordinance referred to provides that all curbing hereafter placed in any street shall be of cut stone or concrete, at least four inches thick and at least sixteen inches in vertical depth; that wherever the grade of the street exceeds three per cent, a combined stone or concrete curb and gutter shall be built, that the city shall pay one-half the cost of such concrete curb and gutter, and the other half to be assessed against the property.

After discussing the milk ordinance proposed some time ago, the provisions of which have been fully outlined in these columns, it appeared to be the sentiment of the aldermen that it was entirely too cumbersome and drastic, and the committee on ordinances was directed to prepare another ordinance along simpler lines.

### NEW CONCRETE PIERS UNDER STEEL FLUME

REPAIRS TO COST ABOUT \$3,000 BEING MADE AT LIGHT AND POWER PLANT—NEW DAM NEXT SUMMER.

Repairs, the aggregate cost of which will be in the neighborhood of \$3,000, are now being made on the steel flume at the city electric light and power plant. New concrete piers are being placed under about 750 feet of the flume and this section will be covered with a roof-shaped house-like covering instead of the close-fitting jacket which now encloses the steel and protects it from the weather.

These repairs were necessary because the wooden piers on which the flume rests have rotted badly, a condition which was discovered but a few weeks ago, as the greater part of the piers were enclosed in the jacket covering the flume. The outer ends of these timbers appear to be perfectly sound, but under the flume where dampness has gathered and there has not been free circulation of air, the timbers covering instead of the close-fitting jacket which now encloses the steel and protects it from the weather.

The assessment rolls for the grading of Fifth avenue between Myrtle and Norwood streets, and of Norwood street between Presque Isle and Longyear avenues, were finally confirmed, and the controller was instructed to prepare the bill for the sewer improvement on Front street, between Michigan and Ohio streets, in accordance with the profile submitted by the city engineer several weeks ago.

The meeting was entirely harmonious and entirely void of any sensational features, though several of the aldermen indulged in a lively discussion of the merits and shortcomings of the latest system of city government in the hall below before the meeting was called to order.

### CARD OF THANKS.

We wish to take this means of expressing our deep and heartfelt thanks to the many friends and neighbors who so kindly, by both word and deed, assisted us in our late bereavement, the death of our daughter and sister, Angeline Wilson. We wish to express our sincere thanks to the members of the Royal Neighbors and B. of L. E. & O. orders and the D. S. S. & A. shop boys for their kindness and are exceedingly grateful for the many beautiful floral tributes. It is our desire that all feel that their kindness shall ever remain fresh in our memory.
