

DR. COOK SUBMITS TO A GRILLING

Forty Newspaper Men Put Him Through a Severe Cross-Examination, and He Emerges from the Ordeal With Colors Flying.

He Is Pressed Closely Regarding the Details of His Polar Trip, Yet Nothing Develops to Indicate That His Memory Is at Fault, Even in Minute Particulars—He Answers Without Hesitation and He Shows His Diary, This a Book of 175 Pages

New York, Sept. 22.—Dr. Frederick A. Cook denied himself to interviewers today and remained with his family in his suite at the Waldorf Astoria until evening, when he submitted to a severe cross-examination by forty newspapermen. The material points of Dr. Cook's answers did not differ greatly from the original report, and he unhesitatingly answered all the questions put to him.

Asked to show his diary, the explorer immediately consented. This book contains 175 pages, each filled with upwards of fifty lines of penciled writing of the most minute character. The book, Dr. Cook said, contained more than one hundred thousand words. He has other books embracing observations and data.

Won't Talk About Peary. The interviewers were severe regarding the details of the polar trip, but nothing indicated that the traveler's memory was at fault, even in minute particulars. The only time he refused to reply was when Peary was mentioned. Then he said that he had always and did now consider Peary his friend, but that the controversy in connection with his rival could wait.

When requested to say what had occurred when he met Harry Whitney, Dr. Cook said that he preferred to let Whitney tell his own story. His reasons for imposing secrecy on Whitney, Pritchard and the Eskimos were prompted by his desire to himself first tell the world of his discovery. Having done the work, he said, he was entitled to relate how it was carried out.

Asked whether he was willing to meet Peary in a debate, Dr. Cook replied: "As far as I am concerned, the Peary incident is closed. Peary is not the dictator of my affairs, and I don't care to say anything further about him."

"Did you know when you met Whitney on your return to Etah that Peary was going to start at that time?"

"What caused you to entrust your instruments to him?"

"I knew him by name, and circumstances arising while with him justified my confidence. I thought the instruments less liable to injury on his vessel than carrying them across the glaciers."

"The Eskimos were bound down by me not to tell anyone where they had been. Hanson's testimony is founded entirely on hearsay."

He Gets Propositions Galore. A deluge of telegrams and cables were received today by Dr. Cook and were handed to his secretary. The explorer did not read the newspapers, and when the hour for the interview came he was playing with his little girl on the floor.

An army of visitors called during the day, but got only as far as Dr. Cook's secretary. Among their proposals were offers of free recommendations at other hotels. Then there were promoters with schemes to make Cook rich, and scores of offers of entertainment, private and public; but all the persuasions were unheeded.

The board of aldermen this afternoon formally recognized Dr. Cook as the discoverer of the pole, by adopting a resolution providing for a public reception in his honor.

STEARNS UP THE HUDSON.

American Armada of Warships Anchors Near the Tomb of Grant.

New York, Sept. 22.—The Armada of warships which will represent the United States at the Hudson-Fulton celebration steamed this afternoon to the anchorage in the Hudson above Grant's tomb. The Georgia led the fleet, followed by the battleships New Jersey, Nebraska, Rhode Island, Virginia, Wisconsin, Missouri and North Carolina, and the armored cruisers Alabama, Admiral Sigsbee's flagship, and the scout cruisers Birmingham, Salem and Chester. The flagship Connecticut led the second division, composed of the Kansas, Minnesota, New Hampshire, Mississippi, Idaho and Vermont. Astern were the auxiliary cruisers Prairie and Iroquois. The torpedo boats and minesweepers will arrive later.

In all, fifty-two vessels of the United States navy will be on the Hudson. Powerful as are some of the American craft, none equals the British cruiser-battleship Inflexible, which will enter port tomorrow. Although armed with eight 10-inch guns, the Inflexible has a speed record equal to that of the Lusitania. Her battery is twice as powerful as any two American battleships.

WALL STREET TRADERS BECOME DISTRUSTFUL

They See Evidence That the Capitalists Who Have Pushed Up the Prices Are Now Unloading, Consequently Weakness Prevails and Some Values Suffer Acutely

New York, Sept. 22.—Various reasons were advanced for the weak tone of today's stock market. The real reason was the suspicion that the capitalists who have played the leading part in the protracted advance of prices were, with their followers, selling or had sold a great part of their holdings. The efforts to sustain the prices were made plainly enough, but their ineffectiveness suggested the recent passing of the stocks from strong to weaker hands. The belief that this process had been going on is fostered by the number of stories recently influential in stimulating speculative buying which have failed of confirmation.

It was surmised that the persons responsible for the circulation of these rumors were unable to save a great part of their holdings. The efforts to sustain the prices were made plainly enough, but their ineffectiveness suggested the recent passing of the stocks from strong to weaker hands. The belief that this process had been going on is fostered by the number of stories recently influential in stimulating speculative buying which have failed of confirmation.

The sensational demonstration of strength in United States Steel had little effect on the general market, except as it was taken advantage of to push various stocks for sale. For half an hour two-thirds of the total dealings were in Steel. It then lost its initial rise of 1 1/2, which had extended its record price to 80 1/2. In Reading, United Pacific and St. Paul, the other recent speculative favorites, realizing sales were pushed persistently, with wide roads on the prices.

The money market showed evidence that the supply will continue to be progressively narrowed. New York, on Pacific and St. Paul, the other recent speculative favorites, realizing sales were pushed persistently, with wide roads on the prices.

President Taft's utterances regarding corporation control and the regulation of great individual wealth are given a share of influence in the downward trend of stock prices.

DISAGREE WITH MR. TAFT.

Tax Conference Delegates Would Repeal the Corporation Tax Law.

Louisville, Ky., Sept. 22.—The International Tax association today discussed the suggestion that a joint conference of governors be held to consider uniform tax legislation. At a conference today between several leading delegates to the tax conference, it was decided to offer a resolution calling for the repeal of the corporation tax law of the United States and expressing the disapproval of the conference with the views of President Taft in connection with this law.

Following the assertion of delegates to the international tax conference that President Taft had delayed his corporation tax speech until his arrival at Des Moines Tuesday, for the benefit of the international association, Lawson Purdy, president of the department of taxes and assessments of New York city, delivered today a paper on the proposed changes in the federal taxation. The corporation tax, Mr. Purdy said, though called an excise tax in the apparent hope that the phrase would disguise it when presented to the supreme court, is in reality a partial income tax. How it could be used to aid in the regulation of corporation activity, the speaker declared, he could not see, nor could he understand the necessity for such function, since the government already has the power to regulate through the interstate commerce commission and the Sherman act. He declared the corporation tax law unworkable and unjust and an encroachment upon the state's power.

At the conclusion of the statement of W. S. Glass, state tax commissioner of Kansas, that no corporation would in the end itself bear the burden of the federal tax, but would shift the burden to the consumers, a discussion was started in favor of the income tax. The latter, Mr. Glass asserted, was about the only regulation under which the rich could not escape their obligations.

Cupid would have a snap if things were so arranged that all the moonlight came in summer.

GUARD PRESIDENT AT EVERY STOP

Thirty-Two Colorado Sheriffs, All Clad in the Costume of the Plains, Accompany Mr. Taft on His Tour of the State.

Secretary Ballinger Also Joins Him, and With His Chief Will Participate Today at the Opening of the Gunnison Tunnel—The Executive Is in Splendid Health, Despite the Unending Series of Banquets, and His Voice Is in Prime Condition.

Pueblo, Colo., Sept. 22.—President Taft tonight is crossing the continental divide, after traveling all day over rocky peaks and running one point through fields of snow. The eleven-mile ride through the Grand canon of the Arkansas was made in moonlight. The president is unaffected by the altitude, and is in splendid health, despite the unending series of breakfasts, luncheons and dinners. His voice is in prime condition.

At Colorado Springs today, the president briefly addressed in the public park one of the largest crowds of the trip, and then made an automobile tour to points of scenic interest. Arriving at Pueblo, the president was driven to the state fair grounds, where he faced a great throng and made a brief speech in appreciation of Colorado's reception.

Will Open Big Tunnel Today. Secretary Ballinger joined the president at Denver and will assist Mr. Taft tomorrow at the opening of the Gunnison tunnel at Montrose, Colo., the greatest irrigation project the government has ever undertaken. The president announced today that he would defer his speech on the conservation of the natural resources until he reaches Spokane Sept. 28. It was at Spokane that the Ballinger-Pinchot controversy arose. Beyond saying today that he had had frequent correspondence with Mr. Pinchot, and that they always had in the warmest terms, Mr. Taft declined to comment upon the matter.

Thirty-two sheriffs of Colorado counties, in the costume of the plains, joined the party today and surrounded the president at every stop. The sheriffs found brochures waiting for them at each city visited.

Says Roosevelt's Work Must Go On. In his Colorado Springs speech, the president said: "This administration is pledged, with the aid of the people, to enact such additional legislation as shall clinch the advance in business methods and in the management of railroads and industrial corporations which was set up by my predecessor."

"I think we have made a great advance under his influence, but we must not stop. He took up the question of the conservation of our resources, and pledged all his efforts in the direction of a scientific solution of these questions. Such policy can not be brought to culmination in one administration, or in two or three. All that each can say while he is responsible is that his best efforts will be devoted to carrying out of these policies, not only in the direction of the government's attention but also in encouraging the use of private capital in the effort in the same direction."

Discovery of a Bomb Excites Mexicans. El Paso, Tex., Sept. 22.—The discovery tonight of a bomb in a residence being erected at Juarez, Mex., caused a sensation there. Two workmen were arrested. A report that the bomb was found in a place where Presidents Diaz and Taft are to meet was denied by the authorities. The Mexican army commander at Juarez said that the object found was a small piece of dynamite, probably thrown there by a revolutionist when the arrests were being made.

WOODMEN JOIN NOW.

Associated Fraternities Makes an Important Change in Its Constitution.

Omaha, Sept. 22.—By unanimous vote, the Associated Fraternities of America today decided to change the constitution so that the representation shall be apportioned according to the number of members. The action is important because the joining of the Associated Fraternities by the Royal Neighbors and the Modern Woodmen was contingent thereon.

The following officers were elected: President, E. J. Donovan, Detroit; vice president, W. E. Davy, Des Moines; secretary-treasurer, C. H. Robinson, Chicago. Three new organizations were admitted tonight—the Modern Woodmen, Royal Neighbors and Ladies of the Maccabees.

ODD FELLOWS CHOOSE ATLANTA. They Will Meet in Georgia in 1910, and After That in Europe.

Seattle, Wash., Sept. 22.—Atlanta was chosen as the next convention city by the sovereign grand lodge of Odd Fellows today. It was stated that the sovereign lodge intends to meet abroad within a few years, probably at Copenhagen in 1911. Today's feature was a parade wherein ten thousand men participated. A military ball was held in the Washington state building at the exposition tonight.

STORM KILLS FAMILY OF SEVEN. East Fork, Miss., Sept. 22.—Mark Hamilton, wife and five children were killed when their home was destroyed by Monday's hurricane.

REMAINS LIE IN STATE.

More Than 50,000 People View the Body of Governor John A. Johnson.

St. Paul, Sept. 22.—It is estimated that over fifty thousand people viewed the remains of Governor Johnson in the rotunda of the capitol today and this evening. It was a continuous stream, two abreast, across the building except for the hour between 6 and 7 o'clock this afternoon, when the capitol was closed to every one but Mrs. Johnson and a few friends. The widow remained the full hour, taking her last farewell. Then the doors were re-opened and the long files resumed their movement. When the doors were closed at 9:30, hundreds were still waiting.

REYNOLDS ACCEPTS PLACE.

He Wires President Taft That He Will Act on Tariff Board.

Washington, Sept. 22.—The tariff board created by the Payne-Aldrich act, and whose personnel was recently announced by President Taft, will meet in Washington at an early date to perfect organization. James B. Reynolds of Massachusetts, at present assistant secretary of the treasury in charge of customs, who was designated a member of the board, has wired the president his acceptance of the place. It has not yet been determined when Mr. Reynolds will leave the treasury, nor is it known here who is to be his successor. The board will meet in headquarters in Washington, and will be assigned rooms in the treasury building.

IOWA HONORS FIRST GOVERNOR.

Andrew Ia., Sept. 22.—The memory of Ansel Briggs, first governor of Iowa, was honored today in the unveiling of a monument in the Andrew cemetery, where the remains were brought after their removal from Omaha. The shaft was unveiled by Mrs. Alexander Robertson, Governor Briggs' granddaughter.

THREE MEN GUILLOTINED.

Valencia, France, Sept. 22.—Three men—Bernira, David and Lottard—were guillotined here at daybreak for it is alleged, having committed twelve murders and 200 robberies.

SOO IN THE BANANA BELT.

C. P. Haerle claims that the Foo is in the banana belt. He has a crabapple tree that is in blossom for the second time this year and says that if the weather stays good for a few more weeks, he will have some second growth raspberries, as some bushes have blossomed for the second time and berries are already forming.

OMAHA STREETS A BATTLEGROUND

With the Employees of the Traction Company Out on Strike, an Attempt to Operate Cars at Night Proves Disastrous.

Fighting Occurs at a Number of Points, There Is Some Shooting and Much Hurling of Missiles, and Before the Police Succeeded in Restoring Order Ten Men Have Been Wounded, One Perhaps Fatally, and Considerable Property Has Been Ruined.

Omaha, Sept. 22.—Eight strike breakers were injured, one perhaps fatally, John Petrick, a by-stander, was shot through the hip, and eight eyes were partially demolished as a result of street railway riots here tonight. The names of the injured strike breakers are unknown. James Fitzpatrick, another strike breaker, was struck by missiles while attempting to shield a woman and a child who were riding on his car.

A car being switched to the lanes at Twenty-fourth and Vinton streets was derailed at 8 o'clock by a party opened street. A crowd gathered, jeering the crew. Two other cars arriving, a blockade followed. A building in course of construction furnished ammunition, and every window and door in the cars were quickly broken with bricks and stones. Strike breakers who had rushed from the barn armed with switch irons were about charging the crowd when officers arrived and checked the conflict.

Lively Rioting at Other Points. Meanwhile a motor had burned out on a car at Thirtieth and Vinton streets, and a crowd there had charged the car and handled the conductor and motorman roughly before they were rescued by the officers. A crowd also had gathered at Sixteenth and Vinton streets, and as the officers came up with two strike breakers several shots were fired, one of which struck Petrick.

Five cars were blocked two blocks west of where the shooting occurred. The crowd hurled missiles through the windows, and two of the men in charge of the cars were seriously injured. One was struck in the abdomen by a brick, and another on the head. Both were rescued by the police. One man was unconscious.

Two cars in the northwestern part of the city were attacked and smashed. The crews being forced to abandon them. The riots caused the abandonment of the first attempt to run cars at night.

CURTISS AND WRIGHT TO STRIVE FOR HONORS

An Aeroplane Flight Across the Lower Bay and Around the Statue of Liberty a Proposed Thrilling Feature of New York's Big Hudson-Fulton Celebration.

New York, Sept. 22.—A flight from Governor's island across the lower bay and around the Statue of Liberty probably will be the first aviation event during the Hudson-Fulton celebration. Glen Curtiss, winner of the first international contest, announces that he will attempt this flight. Wilbur Wright, in the same flight, will use a machine which includes part of the aeroplane which, sailed by his brother Orville, dashed to the earth last year, killing Lieutenant Salsbridge. It is not as fast as a modern machine which the Wrights have sold to the government, but it is capable of forty miles an hour.

Wilbur Wright's contract requires an hour's flight. Curtiss has the choice of any flight he desires. Curtiss was the guest at a luncheon at the Lawyers club today and he received there the gold medal awarded by the Aero club of America as a token of appreciation of his winning the Bennett cup at Rheims.

TWO FIRST CHOICES LOSE.

Columbus Meeting Also Sees the Season's Facing Record Equalled.

Columbus, Sept. 22.—Copa De Oro's paces to the season's record and the overthrow of two pronounced first choices made the third afternoon of the Grand Circuit an interesting occasion. However, Copo De Oro lost to Alleen Wilson, after pacing the opening heat of the free-for-all in 2:02 flat. In this heat, Alleen Wilson and Hedgewood Boy led to the half, in :59 1/2. The three-quarters was reached in 1:30. Hedgewood boy faded in the stretch, and Copo De Oro closed up and out-bred Alleen Wilson, who won the next two heats in slower time. The Eel was the favorite for this race.

Cazevna was the first choice for the trotting division of the three-year-old Kentucky stock farm futurity, the winner of which turned up in Barreness Virginia, the world's champion for fillies of her age on a half-mile track. Maggie Winder, the world's pacing champion three-year-old filly, did not have to go near her record of 2:06 1/2 to win her race. Sonnetta Girl took the free-for-all trot easy. Summaries:

CLEVELAND DRIVING CLUB TRIUMPHANT.

Pittsburg, Sept. 22.—The Cleveland Gentlemen's Driving club took the honors in the Pittsburg and Allegheny races today. Cleveland had won the "gold cup" trophy for 2-15 trotters twice previously, and it secured the prize permanently today when Telling Chimes won the event in straight heats. The local horses broke badly. Baron Alcyone, winner of the American derby, will trot tomorrow. All clubs that are members of the American League of Amateur driving clubs are allowed to participate in these races, and many of the fastest trotters and pacers in the country are entered in the various events.

A summary of today's results follows: 2:25 trot; City of Pittsburg cup; seven starters—Annette (check mare) won two straight heats; Dawson, second; Annette (chestnut filly), third. Best time, 2:18 1/2.

2:17 trot; Brokers' cup; nine starters—Kiekie Rawson won two straight heats; Colin, second; Noma Wilkes, third. Best time, 2:16.

2:12 pace; Pittsburg Dispatch cup; Helen Tell won two straight heats; Fred Orphan, second; Pointon, distanced. Best time, 2:14. Only three starters.

2:15 trot; gold cup and J. D. Gallery cup; nine starters—Telling Chimes won two straight heats; Sable Maid, second; Paul Steel, third. Best time, 2:12.

FORT RILEY TEAM IS FIRST.

Des Moines, Sept. 22.—Fort Riley, first in 2:34 4-5; Company A, Field Hospital corps, second; Fort Des Moines, third, is the way the teams in the hospital corps race finished today. Company K, Third Battalion, Engineers, dynamited a bridge constructed for the purpose and escaped over the structure without having a man captured.

FEARFUL CRIME AT HURLEY, VA.

Six Persons, All of One Family, Are Dead, the Result of a Foul Deed, the Evident Motive of Which Was Robbery.

Mrs. Betty Justis, Her Son-in-law, George Meadows, and the Latter's Wife and Three Children Are the Victims, and That All Were Slain by Men in Search of Money, and Who Subsequently Fired the House, There Is Every Indication.

Hurley, Va., Sept. 22.—A family of six persons was murdered and all the bodies except one were burned with their home here today. The motive evidently was robbery. Mrs. Betty Justis, her son-in-law, George Meadows, and the latter's wife and three children were the victims. Meadows' body, mutilated with bullet holes, was found in the yard. The half-burned bodies of the two women and three children were found beneath the debris of the dwelling, each bearing evidence of murder before the house was fired. The police found \$500 in gold and silver buried under the house. The murderer, it is supposed, secured \$600 which "Ann Betty" carried on her person. The footprints of three men were found about the place.

COULD NOT CRY "HELP."

Stuttering Boy's Chum Drowns While He Vainly Tries to Get Aid.

Portland, Me., Sept. 22.—That Paul Murray of 52 Turner street stutters badly when excited so that he cannot readily make himself understood is the indirect cause of the drowning of William E. Randall, Jr., son of William E. Randall of 52 Anderson street, in Back bay, near the Grand Trunk bridge.

With the Murray boy, young Randall had played hooky from school, and went fishing on the railroad bridge. He was seized with a fit of some kind, or a dizzy spell, and fell off the bridge into the water. The boy could swim and reached the piling of the bridge while his companion was struggling. The boy called for assistance. The Murray boy found a group of men fishing near by, but his excitement embarrassed his stuttering tongue and he could not make them understand what had happened. When they finally comprehended the Randall boy had lost his hold on the piling and gone down.

MUST CUT CIGARETTES.

Boy Gets \$25,000 if He Smokes No "Paper" Ones Before He is 25.

New York, Sept. 22.—By the will of W. H. G. Grevel of this city, filed for probate, his grandson, Grevel W. E. Acker, three-years of age, of Atlantic Highlands, N. J., is to receive an estate valued at \$25,000, provided he does not smoke a cigarette from now until he is twenty-five years old.

JAPANESE IN MILWAUKEE.

They Visit Industrial Plants and Are Guests at a Banquet.

Milwaukee, Sept. 22.—The Japanese commercial commissioners were tendered a banquet at the Hotel Pioneer by the Chamber of Commerce tonight, following a visit to the industrial plants of Milwaukee and an automobile tour of the city. An address by General McArthur, who represented the army during the war between Russia and Japan, was the feature. Governor Davidson characterized the Japanese as brothers of the "forward principle." Mayor Ross greeted the visitors in behalf of Milwaukee. Baron Shibusawa, responding, favored the expansion of trade between the United States and Japan.

ROILED BY MISSIONARIES.

Company Operating in Congo Brings Suit for Damages.

Leopoldville, Belgian Congo, Sept. 22.—The charges brought by American Missionary Morrison by one of the Congo companies, this one that which has a monopoly on the rubber gathering in the Kasai region, has been withdrawn, but the plaintiffs reserve the right to sue for damages. Sheppard, another American missionary, has been sued for \$8,000 by the same company for "calumnious denunciation," the suit being based on a newspaper article.

ONE REDSKIN KILLED.

Game Warden Rowett and Aides Have Battle With Indians.

Lansing, Mich., Sept. 22.—News has been received here of a battle near the Wisconsin state line between Deputy Game Warden Rowett and assistants and poaching Indians. During the fight, one Indian was killed.

\$175,000 FIRE IN INDIANAPOLIS.

Indianapolis, Sept. 22.—McDonough & Son's kitchen cabinet factory, a grocery store and eleven residences were burned here tonight. The damage to the McDonough plant is \$150,000, and to the other property \$25,000.

Those Tigers are now putting up a last ditch fight, or something mighty like it.

Will Mr. Whitney, who is apparently one of the keys to the situation, please hurry home?

A press dispatch in the Detroit News predicts that Mr. Osborn's declaration that he will be a candidate for governor will not be delayed.

The Chicago & Northwestern Railway company is able to point with pride to the record it made in handling its passengers during the year ending June 30, 1909.

President Taft ought to have gone far enough to refute the theory that he is too amiable to fight, but it is still cherished by some of his critics.

Another thing about the operations of the D., S. S. & A. railroad for the last fiscal year that is worthy of attention is the fact that it handled its passenger traffic without causing the death or serious injury of any traveler.

Commander Peary's decision to go to retirement until the polar mess is cleared up argues a discretion that he has shown no evidence of in the weeks that he has been busy questioning Dr. Cook's reported achievement.

District Court Judge Shattuck, at Denver, denied the petition of the attorneys for one Margarite Enz for an order compelling the board of education to admit her to the high school, in spite of her refusal to surrender membership in a high school sorority to which she belonged.

The Mining Journal is inclined to coincide with the views of those aldermen who hold that the best milk ordinance

THE IOWA PLAN.

It is reported to be the plan of the Iowa insurgents to make their insurgency a state issue next year.

While the visit of President Taft to Des Moines and his trip through Iowa passed off without untoward incident, there was lacking that warm cordiality in his reception that characterized his visit to Chicago and Milwaukee.

Considering the president's Winona speech the Minneapolis Tribune expressed the opinion that it left the situation in Minnesota just where it was before. "We do not believe that it has changed Minnesota opinion in regard to tariff reform or altered in anyway the future prospects of any member of the Minnesota delegation in congress."

The president's Winona speech is proving a bitter pill for a number of western states. With the taste of it in their mouths some of them are evidently having a hard time to present a countenance of smiling welcome.

The New York market opened higher, but weakness developed shortly after the opening, and the entire list sold off.

There was no special feature in the curbs today, though the trading was in greater volume than for some time and as well distributed.

NOTES OF CROATION CONVENTION.

Society Flourishes—Greetings to the President and Governor.

The convention of the National Croation society is transacting lot of business in Calumet, and is grinding steadily away. Among the things done Tuesday was the sending of messages to the president of the United States and the governor of Michigan.

According to the annual report of the secretary, the National Croation society is in most flourishing condition. It shows that the society was organized in 1895, less than fifteen years ago, and that the total membership at present is 26,517. There are 332 lodges, all located in the United States, Mexico and Canada, there being many Croations in the Mexican mining fields and in British Columbia, wherever, in fact, life prospering and industrious people can find a good field for their labors.

The total receipts since the last convention, held at New York city in 1906, have been \$874,367.58, while the total disbursements have been \$718,193.47, leaving a difference of \$156,174.11 to the credit of the society for the three years' work. The net resources at present are \$162,171.49. The past three years a total of \$642,036.13 has been paid out in death and disability benefits. Since the organization of the society the amount so disbursed has been \$1,294,473.03.

During the past three years 492 members have come to their deaths, and of this total 179 met with violent deaths, the most of them being killed while at work in mines, mills or other industries. Six hundred and two death claims, 134 disability and sick claims and 200 beneficiary death claims have been paid the past three years. The 200 beneficiary death claims cost the society about \$80,000. The death benefit paid on the death of a member is \$500; on the death of a beneficiary, \$200; for total disablement, \$400; for partial disablement, \$200; for slight disablement and operations, \$100.

The plans for Saturday, which will be the big reunion and social day of the convention, are rapidly being completed. Following the parade, which will bring out more than 1,000 men, including members of all the Croation, Austrian and Slovenian lodges in the copper country, with eight bands and an automobile section, there will be held at the town hall the banquet, for which 400 covers will be laid. President Frank H. Schumaker will deliver the address of welcome and will be answered by Supreme President Paul Hajdo. Attorney Anthony Lucas will give an outline history of the Croations as a nation and of the National Croation society, and Attorney Angus W. Kent will deliver the principal oration in English. Other prominent Calumet people will speak and there will be speaking in Austrian by prominent Austrians and Croations present.

The delegates, because of the fact that the convention has not as yet started on its heaviest work, are having an excellent opportunity to look over the district and are making the best of it.

CRICKET MEETING SATURDAY.

Representatives of the League Clubs Will Meet in Hancock.

A meeting of representatives of the ten clubs comprising the Copper Country cricket league will be held at Hancock Saturday evening. Each of the teams will be represented by one delegate. The meeting is for the purpose of settling up the affairs of the season and of the disputed games. The Norman V. Haire trophy, which has been won this year by the Calumet & Hecla team, will not be presented at this time.

Arrangements are being made for a game to be played on the Calumet & Hecla pitch Saturday Oct. 2, when the Calumet & Hecla team will meet an all star aggregation composed of players from all the other teams of the league. The game will be in two innings. It will start at 11 o'clock in the morning. This will be the best cricket game of the whole season, and it will be witnessed by a large crowd.

William Reid, of Hancock, secretary of the league, stated yesterday that the past season had been a most successful one. The league's income has been a great success. Each year finds a great improvement in the cricket played in the district. Better men are being secured and greater interest is aroused. The several teams which now comprise the league have secured the best cricket talent in the Northwest.

NEW BROKERAGE CONCERN.

Smith & Pryor is the name of a new firm which will open for a general stock brokerage business in the postoffice building at Houghton Oct. 1. The office is now being furnished. William Duffy, known for previous Houghton connections, will be manager, and an assistant office force has been engaged. The firm consists of A. T. Pryor and Ward Smith. Mr. Pryor has been a Houghton man all his life, is largely interested in Western properties and is familiar with every detail of the brokerage business, at least from the trader's side. Mr. Smith is a Michigan College of Mines graduate and an experienced mining engineer. He has lived in Houghton so long as to be considered an old timer. The new firm will have Towle & Fitzgerald as Boston correspondents and Miller & Co. in New York. There will be no grain connection. It is probable also that a bond department will be a branch of the business.

REV. FRUIT GOES TO DETROIT.

Pastor of Houghton M. E. Church Will Move to That City.

Rev. Walter R. Fruit, pastor of Grace M. E. church, Houghton, for the past five years, has been named by the Detroit conference as pastor of the Preston M. E. church, Detroit, and his work in Houghton is at an end. This information came yesterday morning. It is seldom that such a change in pastorate has occasioned so much regret in Houghton. Mr. Fruit came to Houghton from one of the South Range churches to succeed Rev. Ames Maywood, who had just been appointed pastor at Marquette. He came as a young minister with virtually entire career in the future and from the moment of his assumption of his Houghton duties he became an influence in the community. Mr. Fruit has broadened since he came to Houghton, his influence has steadily widened its circle and his church has increased in material wealth as well as in membership. As a preacher and as a personality, Mr. Fruit is attractive and his going from Houghton will be an occasion for sincere regret.

Mr. Sutcliffe, who is to be pastor of Grace church, is a stranger to all of his future flock, but his appointment to the Houghton church, one of the most desired churches in the state, speaks well for his abilities and his standing in the conference. Mr. and Mrs. Fruit will be in Houghton on Friday a day to make preparations for their departure. Rev. Mr. Hewson had been assigned to the Painesdale charge for another year. The appointment is pleasing.

FOSTERING FOOTBALL INTEREST.

B. T. Barry and Portage Lake Company Make Gifts to Schools.

Superintendent Doelle of the Houghton schools announces the gift to the Jay Habbell school of four footballs and to the high school of one football by B. T. Barry and also the gift of two footballs to the Douglass Houghton school by the Portage Lake Hardware company. Mr. Doelle is pleased with these gifts, as he wants all the boys of the schools to take an interest in the football game. He expects to arrange games between the Houghton and Habbell schools this fall. The high school team is practicing daily, under Coach Taggart and is making a good showing. The Houghton Light Infantry has challenged the Hancock Naval Reserve football game, in the hope of establishing an annual contest between the army and navy. Lieutenant Harpness of the navy and Major Hecker of the army will be the officials of the game, which will be played at a date to be announced later. The Calumet High will meet a team representative of the alumni association in the near future, probably next Saturday. The organization of a soccer football team is more than possible in Calumet. As soon as Physical Director F. D. Sherwood of the M. C. A. arrives home from his vacation, an organization meeting will be held.

IN THE CIRCUIT COURT.

Assault Case With Peculiar Features on Trial Yesterday.

The assault case, that of Emil Pulkkinen, charged with assault with intent to murder John Dunn of Kearsarge, continued in the circuit court yesterday. John Pekola was originally a joint defendant with Pulkkinen, but he asked for a separate trial. The people charge that Pulkkinen stabbed Dunn in a vicious manner about the face and head. Pulkkinen, on the stand yesterday said that Dunn choked him, hit him with his fist, hit him with two beer bottles, threw his head, held him up and robbed him, that when Pekola interfered Dunn was thrown into the bushes nearby and that Dunn fell among a lot of broken beer bottles and received the alleged knife wounds. Pulkkinen also says that when Dunn was doing all this, he (Pulkkinen) did not fight back.

Elsie DeWolf, charged with keeping a house of ill fame, the one in which occurred the fight which resulted in the killing of Gustafson, was yesterday fined \$200 and costs by Judge Streeter.

PROPERTY OWNERS WARY.

Some Hancock People Will Not Give Easements for Poles.

The matter of the disposal of telephone and electric light poles in Hancock has not been entirely settled. In order to get the poles off the streets the plan of placing them in private lots has been adopted and the companies are securing easements from the owners so that the poles may not be disturbed for a long term of years. Some of the West Hancock people refuse to give such easements and the council is in a quandary.

NISULA POSTOFFICE BURNED.

News of the burning of the postoffice and residence of the postmaster, August Nisula, at Nisula, in Laird township, was received in Houghton yesterday. The fire took place Sunday night. The cause is unknown. The building is a total loss. Mr. Nisula has suffered by fire on several previous occasions, and the last time his home was destroyed so that he was occupying a smaller building pending the erection of a new home. It was this smaller building which burned Sunday night. There was no insurance. There is no fire protection in the small farming locations of Laird and other townships and when once a fire is started it must be permitted to burn itself out.

THAT CALUMET PUBLIC PARK.

It is announced in Calumet that the Calumet & Hecla Mining company has agreed to lease for public park purposes the property adjoining the village of Red Jacket and comprising a part of the C. & H. location, including the retail park. The details of the project are yet to be made known.

BOTH BOYS SAVED.

Louis Doon, a leading merchant of Norway, Mich., writes: "Three bottles of Foley's Honey and Tar absolutely cured my boy of a severe cough, and a neighbor's doctor, who was so ill with a cold that the doctors gave him up, was cured by taking Foley's Honey and Tar. Nothing else is as safe and certain in results. Sold by all Druggists."

A Splendid Cough Medicine For Men

Business men suffering from Coughs and Colds can bring a bottle of Dr. D. Jayne's Expecto-rant to the office and take this standard cough medicine at regular intervals throughout the day. In this way they can get rid of their ailment without in any way interfering with their business.

has been relieving and curing Coughs and Colds, Bronchitis and Pleurisy, Croup and Whooping Cough for nearly four score years. Sold by all druggists, in three size bottles, \$1.00, 50c and 25c. Dr. D. Jayne's Tonic Vermifuge is a splendid, natural tonic, for attaining a permanently healthy constitution.

SORROW AT JOHNSON'S DEATH.

News of the death of Governor John A. Johnson of Minnesota was received in Houghton with genuine regret. Governor Johnson was known personally to a number of copper country people and he had appeared at Hancock two years ago to lecture at the Kerredge theater. All who met him fell under the spell of his personal charm. Governor Johnson was in the copper country at the time he was a presidential possibility and the whole country was watching him. He would not at that time discuss his chances, but the newspapermen who interviewed him were ready to vote for him, no matter what ticket he would run on, so greatly were they impressed.

MARKETS

NEW YORK STOCKS.

Paine, Webber & Co.'s correspondent at New York yesterday telegraphed as follows: "Evidence of general liquidation encouraged bearish attacks during the day's session. The pressure was mostly on leading stocks and the Hariman interest, which unsettled the list and caused general decline. There was nothing in the news to account for the action of the market, but the heavy short covering of the past few days has resulted in a greatly reduced short interest, which has tended to weaken the position of the market. President Taft's recent speeches have caused some uncertainty, and the failure of something special to transpire at the Jersey Central and Pennsylvania meetings has caused selling by disappointed bulls. The orderly declines are indicative of support, and we do not think the recession will extend much farther."

Table of final quotations for various stocks including Anaconda, Am. Smelter, Am. Lead, etc.

Boston Stock Quotations.

Writing from Boston yesterday, Paine, Webber & Co. had the following to say of the stock market: "North Butte was the feature in the local market today, rallying three points on heavy transactions. The buying is considered good and probably comes from people well acquainted with recent developments at the property. We understand the ground in the 2,000 and 2,200-foot levels show great improvement, the vein in places being thirty feet wide and running 5 per cent copper. LaSalle was another stock showing remarkable strength, being quietly accumulated under the 16. Greene was weak, on selling from New York, but toward the close was in good demand just above 9. We think

tion of the deposits with institutions free from any business relations with Mr. Heinze. T. M. T. Raborg, represented on the board by his brother, H. M. Raborg, has a suit pending against the company for \$100,000, in which F. Augustus Heinze is introduced. The latter, without conferring with the board, appointed his personal counsel to defend that action. Stein is on the company's payroll at \$100,000 but who are serving Mr. Heinze or his enterprises in other capacities. Mr. Heinze says that a call on stock of the company is unlikely but naively admits that 70,000 shares of stock are in the treasury and that a bond issue may hereafter be made. There is no question of control involved other than whether the property, business and finances of the company shall be submitted to the unrestricted control of Messrs. Heinze and Raborg, or whether a representative board consisting of seven or nine members, upon whom the stockholders may have the fullest confidence, shall have charge of its affairs."

CHICAGO GRAIN MARKETS.

Chicago, Sept. 22.—Wheat broke violently today, under heavy liquidation, following a fresh advance at the start, at which time the September advanced to 1.07 and the December to 1.00 1/2. The close was weak, at almost the bottom, with the prices 1/4 to 1/2% below yesterday's final figures. During the first part of the day the September displayed considerable congestion, and as a result the price was forced up nearly two cents. The deferred months advanced nearly a cent. Shorts were again active bidders for the current month. The December advanced 1/2% to 1.00 1/2, and the strength of cash grain at the leading grain centers of the country were chiefly responsible for the urgent demand. The last half of the day extreme weakness developed, on active selling, and the prices declined 1 1/2 to 2 1/2% from the high points. A correction on Bradstreet's statement of the world's visible supply, as published yesterday, and which augmented the increase by nearly 4,000,000 bushels and made the total increase more than 11,000,000 bushels, accentuated the weakness. The December opened at 99 1/2% to 100%; highest, 100 1/2%; lowest, 99 1/2%; closing, 99 1/2%.

Corn—Liberal sales of the September by cash interests caused weakness. The deferred months displayed fair steadiness early, owing to light receipts and to the official forecasts of a shortage for portions of the corn belt. On slack shipping demand and the break in wheat, the market closed weak, 1/2% to 1 1/4% lower. The December opened at 60 1/2% to 60%; highest, 60%; lowest, 60% to 60%; closing, 60%.

Paine, Webber & Co.'s Wheat Summary.

Paine, Webber & Co.'s Chicago correspondent yesterday telegraphed concerning the wheat market: "The bull forces went at this wheat trade in a conservative way during the morning, because the Liverpool market was rather flat and unresponsive to our advance of yesterday. They did not hold the trade in check very long and as the September contracts showed congestion, with uneasiness on the part of shorts, the market started up strong. Leading LaSalle street houses sold September and bought December. The Southwest market had a light movement and both St. Louis and Kansas City reported an urgent cash wheat demand at advancing cash premiums and decreasing stocks where wheat accumulated fast a year ago. The cash premium at Minneapolis was 2 1/2 to 3 cents over the December, and the shipments were 70,000 bushels. About the time the market was ready for a little setback, Bradstreet's revised figures on the world's visible supply gave the increase the past week at 11,150,000 bushels. This caused fresh selling pressure. Shorts are well in and if the short receipts this morning are made up by a large run tomorrow in the Northwest a further reaction may be due before the market will look good to the buyers again."

Mining News

DAVIS-DAILY.

The belief is growing among the Davis-Daily stockholders in Butte that an other assessment on the stock is inevitable, reports the Butte correspondent of the Boston Commercial. The stock is subject to another call of \$3 per share, a fact not generally understood by stockholders until very recently. Even some of the insiders and close associates of Heinze in Butte were not aware of it until a short time ago and they immediately disposed of their stock when they learned the fact. The treasurer's recent statement shows a working capital remaining of a sum under \$200,000. The last previous report had a treasury of nearly \$600,000. The Colorado mine is the only property of the company that has immediate prospects of making a mine and that is yet very far from being in an expense paying state. About 100 tons of ore are hoisted in the course of mining and development work, but the net returns on the ore from the Washoe smelter are not large and do not go far toward paying the company's heavy expenses. Work has been resumed in the Colorado, the company having obtained from the North Butte company such portions of the hoisting engine that were wrecked at the recent accident. A new hoisting cable for the north compartment of the shaft has also been procured and it was started up a few days ago. The Colorado claim contains a very little more than an acre of ground, the title record showing 1.16 acres. It is a narrow, triangular strip of ground east and west. The veins and ore bodies opened across the ground northeast and southwest, thus limiting the Colorado ownership of the vein to the side-lines of that property.

Today's weather: Fair; stationary temperature. Yesterday's temperatures: Seven a. m., 60 degrees; noon, 65; 7 p. m., 58; maximum, 66; minimum, 58.

Born, to Mr. and Mrs. Alton T. Roberts, yesterday, a son.

William Schweizer left for Green Bay on business last evening.

Born, to Mr. and Mrs. F. K. Hatch, 107 East Arch street, Sept. 21, a ten-pound boy.

A marriage license was issued yesterday to Julian Payson and Miss Helen Church, both of Marquette.

Dr. S. M. James left for Chicago last evening, to visit Dr. O. G. Youngquist, who is recovering from the operation recently performed.

The Marquette county poor commissioners last year ended Sept. 30 and all bills against the poor fund should be presented not later than Sept. 27.

Marquette Legion, No. 792, will hold a meeting at Siegel's Hall at 8 o'clock this evening. Important business is to be transacted and a large attendance is desired.

Miss Hazel Deadman left for Madison yesterday, to resume her studies at the University of Wisconsin. Her father, Dr. Deadman, accompanied her as far as Negaunee.

The Mining Journal was in receipt of a basket of the plums last evening from Henry Blumhuber. Mr. Blumhuber is one of those who have helped to demonstrate the wonderful fruit growing possibilities of upper peninsula soil.

A regular meeting of the Degree of Honor will be held this afternoon at which the Grand Chief of Exalted Order, M. B. Baxter, of Detroit, will be present. All members are expected to attend the meeting, after which a card party will be held, to which everyone is invited.

After today, the Pioneer Motor company will discontinue the runs to Harvey and Presque Isle, but will continue to make regular trips to the prison. The regular schedule between Marquette and Ishpeming will be maintained, and the cars will be subject to calls for private parties.

Died at County House—Edward Sparrow, an inmate of the county house, died at that institution yesterday after a long illness, at the age of fifty-two. The deceased has a mother residing at Manitowaning, Ont., and the body will probably be sent there for interment.

Early Morning Wedding—Miss Rose Cooney and Emil Vinck, both of Marquette, were united in marriage at St. Peter's cathedral at 6 o'clock yesterday morning by Rev. Father Moriarty. The bride was attended by her sister, Miss Theresa, and the groom by Henry Rock. They will reside at the furnace location.

Dies of Gunshot Wound—Patrick Macrooney, of Shingleton, died at St. Mary's hospital yesterday morning, as the result of a gunshot wound accidentally received about ten days ago. Macrooney was shot while at work on the section near Shingleton by a gun on the hand car, which was accidentally discharged. He was forty-two years of age.

Match Game at Guild Hall—A match game of unusual interest will be bowled at the Guild Hall Monday evening. A short time ago Earl Hanson, Will Robertson and Nelson Stewart challenged any other three men in the association. The challenge was accepted by Allen Wheeler, Forest Keppler and Llewellyn Drake, and the game will be played Monday night.

Automobile Sold—An automobile, supposed to be owned by J. W. Barber, the traction promoter, was sold by Marshal Manning on an execution yesterday. The machine was bought in by the creditor's attorney, W. H. Hill, for \$110. The manufacturer of the machine, however, claims it was sold to Barber on contract and that the title to it still remains with them, as it has not been paid for.

Kimberly Looking Better—An informal meeting of some of the directors and stockholders of the Kimberly Mining company was held in J. S. Courtney's office last night. Among those present were Geo. B. Griener, of the Michigan Mining Co., J. Whiting, mechanical engineer at Young's mine and Dr. Gregory. Messrs. Whiting and Griener have visited the mine recently and are well pleased with its prospects.

George W. Hibbard Injured—Charles Kelsey, agent for the Preferred Accident Insurance company, received a telegram last evening stating that George W. Hibbard, general passenger agent of the Chicago, Milwaukee & Puget Sound railway, had suffered a bad accident at Seattle, Sept. 16. No news of his injury has been received at the South Shore office and no further particulars are available.

Murphy-Miller Wedding—Miss Nora Murphy was married to Edward Miller by Rev. Father Moriarty at St. Peter's rectory yesterday morning. The couple were attended by the bride's brother, Daniel, and sister, Nellie. Both the contracting parties are well-known Marquette young people. The bride having been a teacher in the public schools, and the groom is employed at George Conklin's jewelry store. After a short wedding trip, they will be at home to their many friends in this city.

Lecture on Travel—Colonel C. H. French, a noted traveler and lecturer who spoke at the Normal school a year ago, will deliver two lectures at the Methodist church, one tonight and the other tomorrow night. The lecture tonight will be upon Alaska and the Klondike and will be illustrated with several hundred photographic stereoscopic views. On Friday evening Colonel French will lecture upon India and this entertainment also will be illustrated with stereoscopic views. The admission to each lecture will be fifteen cents, and the proceeds will go to the church.

Played Tie Game—The Ishpeming league team played a tie game with the Marquette team at the prison yesterday afternoon. The score being three and three at the end of the ninth inning, when darkness made further play impossible. The game was close and exciting and the prison was in the lead most of the way. Ishpeming tying the score in the ninth. Barker pitched for Ishpeming and Dixon for the prison. The prison team has made a splendid record during the latter part of the season, having defeated Marquette and Negaunee, both games going ten innings, and yesterday playing Ishpeming to a tie score. Several of the regular players

in the Marquette nine did not play in the prison game.

Dwyer-Sullivan Nuptials—Miss Annie M. Dwyer, daughter of Mr. and Mrs. John Dwyer, 159 Champion street, became the bride of Patrick H. Sullivan, of Calumet, at St. Peter's cathedral yesterday morning. The bride was attended by her sister, Miss Margaret, and Michael McMahon, of Hancock, acted as best man. After the ceremony, a wedding breakfast was served at the home of the bride's parents, and the couple received the congratulations of their many friends. The happy couple left for Laurium on the afternoon train, where they will make their home.

Herman Wagner to Leave—Herman Wagner, assistant cashier of the Marquette County Savings bank, has accepted a position as cashier of the new bank at Negaunee and will sever his present connection at the end of this month. Mr. Wagner has been with the Marquette County Savings bank for fifteen years and has proven a most trustworthy and valuable man, whom the directors lose with much regret. He should be just the man for the responsible position of cashier in the new banking institution at Negaunee. The vacancy in the Marquette bank caused by Mr. Wagner's resignation will be filled by G. A. Carlson, a trustworthy employee of the institution who is in line for the promotion.

INSURE WITH PETER WHITE & CO.

FARMERS INTERESTED IN WORK OF GRANGE

FOUR SOCIETIES ALREADY ORGANIZED IN THIS COUNTY AND A FIFTH IS BEING FORMED.

That the population of the agricultural districts of Marquette county is rapidly coming to realize its possibilities and opportunities is indicated by the support which has been accorded Deputy Wilde, of the state grange, who has recently organized four granges in this county. Several weeks ago granges were organized in Turin and Forsyth townships, and last week organizations were perfected at Skandia and Carlshend. The organization of a grange at Green Garden is under way.

The Grange is a large and powerful organization of farmers, whose membership may be found in all the agricultural states of the Union. Its chief objects are to promote the economic and social welfare of its members and agricultural interests in general. The meetings are secret, except on certain occasions when public meetings are held. In the lower peninsula of this state the Grange is a power to be reckoned with, as some politicians have found to their sorrow, and it is claimed that the society has done much toward the betterment of agricultural conditions. In the last legislature, the Farmers' club, backed by the Grange, was probably the most powerful single influence in shaping legislation. It is only recently that an attempt has been made to organize granges in the upper peninsula, and the state officers declare that the north country farmers are taking great interest in the work of the society.

The next meeting of the Carlshend Grange will be held Monday evening, Sept. 27, and the officers of the society are as follows:

Master—J. A. Sherman. Overseer—N. A. Winters. Lecturer—John Rydholm. Steward—Arvid Erickson. Assistant Steward—G. Fagerberg. Lady Assistant Steward—Mrs. G. Fagerberg.

Chaplain—Edwin Jacobson. Treasurer—E. W. Peterson. Secretary—Wm. Bell. Gatekeeper—L. A. Winters.

The following are the officers of the Skandia Grange, which will hold its next meeting Tuesday evening, Sept. 28: Master—Robert Shaw. Overseer—Wm. Kidder. Lecturer—John A. Johnson. Steward—Chas. Swanson. Assistant Steward—Geo. D. Roberts. Lady Assistant Steward—Edith Roberts.

Chaplain—Huldah Kidder. Treasurer—Alfred Peterson. Secretary—Geo. W. Roberts. Gatekeeper—Otto Larson. Ceres—Mary Wikstrom. Roma—Elsie Roberts. Flora—Ellen Shaw. Deputy Wilde held a Grange meeting at Green Garden Tuesday evening, Sept. 21, but enough signers were not secured to organize permanently. A temporary organization was effected, with the following officers: Master—Wm. E. Koopp. Overseer—Thomas McCarthy. Lecturer—Frieda M. Koopp. Secretary—Robert Zerbel. Treasurer—Carl Kunde. Another meeting will be held Wednesday evening, Sept. 29.

OSBORN SOON TO ANNOUNCE HIMSELF

SOO MAN SAID TO HAVE DEFINITE-
LY DECIDED TO BECOME CANDI-
DATE FOR GOVERNOR—OS-
BORN-BURROWS COMBINE?

The following Lansing dispatch to the
Detroit News relating to Mr. Osborn's
status as the upper peninsula's candidate
for governor, was written by the News'
well-known correspondent, John Fitzgib-
bon:

"Chase S. Osborn has finally made up
his mind to be a candidate for governor
to succeed Fred Warner, and will form-
ally announce the fact before many
weeks pass," said a well-known up-state
man, who has a personal acquaintance
with politicians in every county in the
state.

"I am positive it is true, unless Os-
born changes his mind," he continued.

At a different time and place another
experienced politician whose personal
acquaintance with the party rulers is
state wide, told the correspondent of the
same report and with equal positiveness.

"Osborn," said the politician, first re-
ferred to, "has been disinclined to get
into the race and only consented after
much urging. The motive of those who
have pressed him to the point where he
consented is of more than ordinary
interest. It has to do with the four-
cornered senatorial contest at Lansing
in January, 1907, between William Alden
Smith, William C. McMillan, Charles E.
Townsend and Arthur Hill. Had Mr.
McMillan instead of Smith been elected
the political faction which is sponsoring
Osborn's candidacy might be supporting
another candidate and be indifferent as
to whether the Soo man entered the race
or not. Certain subalterns of the Osborn
boomers were enthusiastic for Supreme
Justice Montgomery when a few months
ago the judge formally declared that he
would seek the Republican nomination
for governor. They talked and wrote
enthusiastically about him. Then orders
were issued to the subalterns to come off.
The subalterns were reminded by the
higher up ones that in the '07 sena-
torial campaign, as between the Grand
Rapids and the Detroit candidate, Jus-
tice Montgomery openly expressed his
preference for the Grand Rapids candidate,
Smith, thirty years or so back, had been
a student in Justice Montgomery's of-
fice when Montgomery was a practicing
attorney at Grand Rapids so quite nat-
urally as his law mentor he felt a kind-
ly interest in Smith's candidacy.

"It is true that Osborn is also close
personally and politically to William
Alden Smith, but Osborn was out of
the country during the exciting con-
test in which Smith won, so his record
for strict neutrality in that contest is
clear.

"The official notice that Osborn is
a candidate is to appear in a Detroit
paper that is warmly supporting Sen-
ator Burrows for reelection. This they
claim does not mean that there is nec-
essarily an understanding between Bur-
rows' managers and the busy promoters
of Osborn's candidacy, although nobody
can say for certain what may happen
later. However, I cannot figure out any
other result but that when it is taken
into consideration that the leaders of
the faction which want Osborn for gov-
ernor also want Burrows reelected there
will inevitably be a Burrows-Osborn
combine. Then, should a vacancy occur
in the senate between sessions of the
state legislature, Osborn as governor
would be expected to appoint to the
vacancy some one in the faction that
promoted his candidacy."

One of the claims reported for Osborn
is that the factional leaders behind him
have a list of eighty-eight Republican
newspapers in the state that are pre-
pared to support him for governor.

UNLAWFUL TO KILL BEAR.

Other Provisions of State Hunting Laws
That Are Timely.

A feature of the game law passed by
the last legislature that does not seem
to be understood is that prohibiting the
killing of bear from April 1 to Nov. 1,
except when necessary to avoid injury
if attacked by one of the species. Since
the law went into effect Sept. 2 at least
two parties in Marquette county have
innocently slain a bear and proudly ex-
hibited their kill, until they learned
that the law had been violated. Otter,
fisher, martin, fox, mink, raccoon and
skunk are also protected from April 1
until Nov. 1, under the new law.

Marquette county hunters are laying
their plans for the partridge and deer
seasons. It is now legal to shoot ducks,
but as they are not numerous, compar-
atively few hunters go out after them.
Last year wild rice was planted in a
number of former duck haunts, which it
is hoped will in time cause ducks to
become more numerous.

The partridge season in the upper
peninsula will open Oct. 1 and extend
until Nov. 30. In the lower peninsula
the season opens fifteen days later.
Partridge are said to be scarce by per-
sons who have been out in the woods
during the last few weeks, and it is
claimed that they are being killed every
day by pot hunters.

The last legislature made no change
in the deer laws, though there was much
talk of revision. The season opens Nov.
10 and extends until Nov. 30. Follow-
ing are the restrictions on the hunting
of deer during the season:

- Unlawful to kill without having pro-
cured license. Resident hunter's license,
\$1.50; non-resident hunter's license, \$25.
- Unlawful for any person to kill more
than two.
- Unlawful to kill in red coat, or fawn
in spotted coat.
- Unlawful to pursue, kill or capture
any deer while it is in the water.
- Unlawful to use dogs in hunting.
- Unlawful to use artificial lights in
hunting.
- Unlawful to knowingly trap, injure
or kill any deer or offspring thereof
which are kept in or have escaped from
any private enclosure.

County Clerk Jenks received yester-
day 1,700 resident deer license blanks
and fifty non-resident license blanks.
Last year about 1,500 licenses were is-
sued in this county.

Buys Air Lift Machine—

The Iron Mountain Water Works com-
pany has placed an order for an air lift
machine. The machine will be used only
in an emergency—in dry seasons when an
artificial pressure is needed to increase
the flow from the wells. The lift has a
capacity of five hundred gallons per mi-
nute.

Loses \$3,000 in Bank Crash—

Robert A. Douglas, deputy oil inspec-
tor for the western portion of the penin-
sula and editor of the Ironwood News
Record, says that the failure of the
First National bank of Ironwood touched
him for about \$3,000. Bob has still a
good job left, however, as well as a rat-
tling good newspaper property, so he
isn't worrying.

Killed Big Black Bear—

Wells, Delta county, reports that the
largest black bear ever killed in that
district has been bagged by George
Dawes of Wells and John Campbell of
Appleton. The bear had been prowling
about the camp for several nights in
search of food. The two men lay in wait
and when Mr. Bruin showed up, about
midnight, he was welcomed with a
volley of steel. The first shots
were mortal but a second volley was
fired for safety's sake. The bear meas-
ured nearly nine feet from nose to tail
and weighed 600 pounds.

Accident Is Almost Fatal—

Thrown from a wagon when the team
attached became frightened, Charles
Stegath, a veteran lumberman of Es-
canaba, narrowly escaped death. With
his son Guy driving the team, Mr. Ste-
gath was riding on a wagon near the
plant of the Escanaba Manufacturing
company. One of the horses became
frightened and the young man, fearing
for the safety of his father, called to
him to jump. Before Stegath could get
the rear wheel of the wagon struck a
telegraph post and Mr. Stegath was
killed. He fell, striking the back of
his head on a cement walk, and was
rendered unconscious. He is suffering
from concussion of the brain.

Ironwood Students Choose Officers—

The senior class of the Ironwood High
school has elected the following officers:
President, Almer Holmberg; vice presi-
dent, Clara Fieldsch; secretary, Wilfred
Upton; treasurer, Clifford Larson. An
athletic association has been formed
with the following officers: President,
Sam Brody; vice president, Selma Skud;
secretary, Lucile Norris; treasurer, Al-
mer Holmberg; sergeant-at-arms, J. J.
Wattson. John Drazkowski was elected
student manager for the football team.
Hjalmer Flink heads the boys' basket-
ball squad, Miss Carter the girls' basket-
ball team, and Wilfred Upton the track
team. President Brody was chosen yel-
low-master.

To Fight New Liquor Law—

A dispatch from Hesperus says: "The
saloon keepers of this city, Ironwood and
Wakolefield, are planning an organiza-
tion to test the new Warner-Cramton
liquor law. The fact that Hurley, across
the Montreal river, is drawing all the
trade, the trains in the evenings and all
day Sunday being loaded with those
who go there for a good time and to
spend their money, is seriously affect-
ing business on this side of the stream
and the new law is denounced. Should
the law not be set aside by the courts,
it will become the leading issue in local
politics here, and lead to some action
that only men tacitly understood to
wink at its non-enforcement can be
elected to anything." The Hurley (Wis.)
Miner says: "Since the new liquor law
went into effect in Michigan the munici-
pal court of Iron county (Wisconsin) has
been busy grinding out justice every
Monday morning to quite a number of
Ironwood and Jessville residents. On
the 6th and 7th inst., ten cases were on
the docket for drunken and disorderly
conduct, all from Ironwood. On the 11th
and 12th ten more, all from Ironwood,
were held before the judge for disorder-
ly conduct. All received a slight fine,
with the costs attached. An investiga-
tion of the records in the local court
shows that at least 90 per cent of the
men arrested here for disorderly conduct
are from Ironwood and Jessville."

REMARKABLE EXHIBITION

Miss Goggin a Great Teacher of the
Art of Baking.

EASY AND SUCCESSFUL.

Don't Neglect Visiting the Vacant Store
Opera House Block Where the Free
Baking School Is in Session from
2 to 5 Each Afternoon.

The most remarkable exhibition of
baking continues at the free baking
school. Hundreds of women have ex-
perienced the greatest delight at wit-
nessing the illustrations by Miss Gog-
gin in her instruction on easy and suc-
cessful baking. There will be no fail-
ures on bake day if you apply the
methods taught by this truly clever
woman.

The Janet McKenzie Hill "Cook's
Book" contains many suggestions that
you will find of help to you in securing
results in baking so superior that you
will value it more than you now think
possible. Miss Goggin shows in her work
its great practical value and if you have
it with you when you attend the bak-
ing school and follow in it the work
as it is illustrated by this expert, you
will appreciate its worth to you. Bring
the certificate from the 25c. can of K
C Baking Powder and get the "Cook's
Book" and find from it how the most
delicious and appetizing dainties are
made.

At Thursday's class there will be
made and served the following goodies:
They will delight you: Lady Baltimore
cake, Tea Biscuits, Baking Powder
White Bread, Corn Muffins.

K C Baking Powder will convince you
of its superiority if you try it. It is
guaranteed under all Pure Food Laws,
both state and national, and if you don't
like it better than any you have ever
tried, your money will be refunded.

The cattle at Vandenberg's dairy are
now being fed on green corn in addi-
tion to other nutritious foods. All milk
is aerated, cooled, bottled and delivered
packed in ice. This accounts for the
excellent quality and delicious flavor of
the goods. (8-27-1mo)

"THE ROYAL CHEF" TONIGHT.

Charles Vaughn who plays the part of Lieutenant Parke in "The Royal Chef," which comes to the Ishpeming theater tonight, is a fair example of a hard working young man on the stage and who is ambitious to succeed. Only a few years ago Mr. Vaughn was a member of the chorus of "The Burgomaster." His excellent voice won him recognition from the management, and he was given a small part. Later he became a member of Miss Anna Bell's company, and sang the now famous "Violets." Last season, Manager Wade engaged him for the honor part in "The Royal Chef" and he has been identified with that role the past two seasons. Mr. Vaughn as

pires to grand opera and after a few years' more work in this country he intends going to Europe to study voice-culture.

WELLKNOWN CITIZEN HAS PASSED AWAY

NELS THOMPSON, FOR THIRTY-EIGHT YEARS A RESIDENT OF ISHPERING, DIED YESTERDAY.

After lingering between life and death for several days, Nels Thompson, one of Ishpeming's oldest, best known and most popular Norwegian citizens, died yesterday morning at 1:30 o'clock. He had been confined to his bed for three weeks and several times during the past week his demise was momentarily expected.

The deceased was an ideal citizen, and a man who was highly respected. He came to this country from Trondhjem, Norway, in 1870, locating in Kansas. He remained there but one year, when he came to Ishpeming, and he had resided here ever since. The past twenty-nine years he held the position of head timekeeper with the Oliver Iron Mining company at its properties in this city. He was regarded as one of the company's most competent and most faithful servants.

In 1890 and 1891, the deceased held the office of alderman in the Fourth ward. He was a painstaking official and was held in high regard by his associates in the city government. He was one of the organizers of the Norwegian Lutheran church and at the time of his death was president of the board of trustees and treasurer of the church. He also was superintendent of the Sunday school, and had been since it was organized nine years ago. He was a director and former president of the Ishpeming Store company.

Mr. Thompson was sixty-three years of age and is survived by his wife, three sons and three daughters. His only brother resides in Norway, Mich. One of his daughters, Miss Marie Thompson, is matron at St. Thomas' hospital, Minneapolis. She was called home from there about a week ago.

The funeral will be held tomorrow afternoon, the cortege leaving the house on North First street at 1:30 o'clock. Services will be conducted at the Norwegian Lutheran church at 2 o'clock. Rev. J. A. Lillehe, the pastor, officiating. The casket will not be opened at the church, and friends wishing to view the remains are requested to call at the house.

"THE GREAT DIVIDE."

Henry Miller's Fine Company Will Present Great Play Here.

Discriminating playgoers of Ishpeming and Negaunee will welcome the announcement that Henry Miller's play, "The Great Divide," will be presented at Ishpeming theater a week from next Saturday evening, Oct. 2nd, by Mr. Miller's own company. Mr. Miller, who is America's foremost actor-manager, has presented this play for two seasons in New York, where it won instant recognition as the greatest American play ever written.

Aside from the unanimously extravagant praise of the critical reviewers of the metropolis, the box office stamp of emphatic approval is undeniable, as this masterpiece of American playwrighting has broken all records in point of financial returns, having played over 500 nights to capacity business. Two hundred and fifty-eight presentations were given at Henry Miller's Princess theater to standing room only last season. Last season Mr. Miller secured Daly's theater, a considerably larger house, and opened the second year of "The Great Divide" on Broadway with the result that the receipts of this historic playhouse, which is one of the largest theaters in New York. The entire production, with the superb scenic effects and accessories, will

TO CLOSE OUT BUSINESS.

Cable Piano Company Decides to Discontinue Its Store Here.

F. R. Lawrence, special representative of the Cable piano company, arrived in the city yesterday and for ten days or more will aid Manager W. J. Locher in closing out the concern's Ishpeming business. The store in the Mortley block is to be dispensed with, in order to reduce the expense of continuing the agency here. It is not expected, however, that the management will decide to leave this field entirely.

The sale will be in progress for ten

days, during which time all of the pianos and the sheet music will be offered at attractive prices. It is proposed to place the stock with responsible parties, on the easy payment plan.

POWERS-WALL.

Ishpeming Girl United in Marriage Yesterday to Marquette Man.

There was a very pretty nuptial event yesterday morning at St. John's church when Miss Elizabeth Wall of this city was united in marriage to Patrick Powers of Marquette. The vows were spoken by Rev. William Powers, brother of the groom, who is stationed at Virginia, Minn. The bride wore a pretty gown of white net over white silk, also a picture hat. She was attended by her cousin, Mrs. H. Levi, of Ironwood, Christ Wall, the bride's brother, was groomsmen. The ceremony was witnessed by a large company.

The bride was born and reared here. She is an estimable young lady and very popular. Her husband is a well-known engineer on the South Shore line. He was reared in Marquette, and for some time past has been employed in this city.

Following the ceremony the bridal party partook of breakfast at the Wall home on East Johnston street. Mr. and Mrs. Powers departed on the evening train for Milwaukee, Chicago and other points to be absent a week or ten days. They will reside at Marquette and will be at home to friends after Nov. 1.

The out-of-town relatives in attendance were Mr. and Mrs. John Wall, of Crystal Falls; Mr. and Mrs. John Wain and daughter, Florence, of Houghton; Mrs. H. Levi, of Ironwood; Miss Whalen, of Marquette, and Rev. William Powers, of Virginia, Minn.

GOLD MEDAL FLOUR

LOSES \$2,800 IN SPAIN.
Prosperous Maryland Farmer is Swindled by the Old Game.

Baltimore, Sept. 22.—Journeying to Spain with a small fortune in his pocket, William A. Moffatt, a prosperous farmer of Hanover, paid \$2,800 in cash over to the men who have been running the Spanish hidden treasure swindle for many years. All told he invested nearly \$5,000 in the scheme, it was said today.

Mr. Moffatt about seven weeks ago received a letter bearing the postmark Madrid. The writer claimed to be a Russian nobleman, who had robbed the bank of which he was president and fled to Spain. The money was hidden in a satchel.

In Spain the Russian was arrested, suspecting that he was in danger of being arrested, he had hidden the satchel. The letter proposed that if Mr. Moffatt would come to Spain and recover the money, one-half would be given to him.

JONES MAY ERECT BIG STEEL PLANT

ESCANABA AND MEMONIEE ARE ENDEAVORING TO SECURE INDUSTRY CONTEMPLATED BY IRON MOUNTAIN MINING MAN.

John T. Jones, the well known mining man of Iron Mountain, who brought about the resumption of operations at the Empire mine, on the Cascade range, a few years ago, has in view the establishment of steel plant to use his process first introduced at the Jones plant at Iron Mountain. It is reported that the proposed plant will cost \$1,000,000, and that it will probably be located at either Escanaba or Menominee.

Mr. Jones' system of smelting low grade ores has made possible the use of ores that have been thrown aside by mine operators. Since proving his process, Mr. Jones and the men financially interested with him have secured options on extensive tracts of low grade ores on the Menominee range.

It is said that Mr. Jones now has over \$1,000,000 behind him, and that men with unlimited capital are aiding him in securing options.

The plant Mr. Jones has under contemplation would permit the manufacture of steel without the cost of freighting the ore to the lake ports.

The establishment of the proposed plant at Escanaba might prove a good thing for this county, and especially the Cascade range, where low grade ores are found in large tonnages. The transportation charges from the Cascade to Escanaba would be much greater than from the Menominee range, and mining men who are familiar with both districts believe that the Cascade ores can be mined as cheaply as those on the Menominee. Negaunee mining men acquainted with the deposits in the Palmer district estimate that there are millions of tons that could be removed by surface operations. The expense of removing the overburden, which is very shallow in places, would be light, and at many points the ore can be loaded by steam shovels.

The plan of continuing work following a fatality was first adopted at the Negaunee mine about two years ago, and it is expected that it will sooner or later be adopted at the company's other mines on both this and the Sweeney ranges.

LOCAL LACONICS.
Bert Wilhelm of Houghton transacted business in the city yesterday.

Mrs. M. E. Arland will hold her fall millinery opening today and tomorrow.

Anton Henriksen's men began work yesterday on cross walls on East Iron street.

Sam Eckstein, a well known commercial man of Chicago, called on his patrons here yesterday.

Lloyd Combe has returned home, after a several days' visit with his brother, Will Combe, in Calumet.

A number of Negaunee theatergoers will attend the production of "The Royal Chef" at the Ishpeeming theater this evening.

A number of Negaunee people have attended the fair being conducted this week by the ladies of St. Joseph's church at Escanaba's Hall in Ishpeeming.

Electric lights have been installed in the rooms to be occupied by the new State Savings bank in the old bank building. The city will furnish the lights. The rooms are also equipped for gas.

About 100 members of the Negaunee and Ishpeeming lodges of the Masonic fraternity attended the school of instruction conducted here Tuesday afternoon and evening. Supper was served at 6:30 o'clock.

Mrs. T. C. Yates accompanied her daughter, Miss Mildred, to Lake Forest, near Chicago early in the week. Miss Yates was a graduate of last year's senior class of the Negaunee high school.

A number of Negaunee men have visited the woods the past few days with a view of ascertaining what changes there are in setting partridge after the season opens. Some of them report having seen a number of the birds. The season will open a week from tomorrow, Oct. 1.

D. B. McDonald of the diamond drill contracting firm of Cole & McDonald was in the city yesterday. His firm has a number of drills in operation on this range, but the greater part of its work is on the Mesaba. Cole & McDonald have had for some time past, in the neighborhood of 200 drills working in the United States and Canada.

Many expressions of regret at the death of Governor Johnson of Minnesota were heard here yesterday. The late governor had many admirers in Negaunee. A year ago last June the Scandinavian society held a celebration; here and the committee in charge invited the governor to come to the city to speak. He responded to the letter, extending his best wishes for the success of the organization, and expressed his regret at his inability to attend.

Benjamin Neely, Negaunee's veteran hardware merchant, announces in this issue his desire to retire from the mercantile business. His stock is for sale either in bulk or at retail, and in order to reduce it quickly he is offering goods at extremely low prices for the next ten days. The front portion of Mr. Neely's store is to be occupied by the newly organized Negaunee National bank, and this reason also it is desired to materially reduce the stock as rapidly as possible. Negaunee people will find this a rare opportunity to buy hardware at bargain figures.

FATALITY AT MAAS MINE.

Young Man Working Underground Met Death in Peculiar Manner.

Otto Halttunen, a young miner employed at the Maas mine, was instantly killed about 11 o'clock Tuesday night. One of the motor cars had left the track in the main drift on the third level and Halttunen and others were engaged in putting it back on the rails. Just as they had finished the task a mass of ore came down and struck Halttunen. One piece hit him on the head and fractured his skull, and another piece fractured one of his legs. One of the other men employed on the job also sustained a fracture of a leg.

Coroner William Prin was called from Ishpeeming yesterday morning and empaneled a jury, composed of John Albin, William Veran, Daniel Shea, Frank Larson, T. J. Flynn and Burt Balcom. After viewing the remains at Eli Dawe's morgue an adjournment was taken until tomorrow.

Young Halttunen, who was about twenty-two years of age, came to Negaunee last May from his native place in Finland. He has no relatives in this country, but a twin brother lives in Finland. Both of his parents died before he left the old country. He boarded with Simon Mack on Ann street. The funeral will be held tomorrow afternoon.

Men employed at the Maas worked as usual yesterday. The plan of laying off for two or three days following a fatality at the property has been abandoned and hereafter the company will contribute to the beneficiaries of men losing their lives in the mine an amount equal to that represented by the men's pay for the full day they take off to attend the funeral.

The plan of continuing work following a fatality was first adopted at the Negaunee mine about two years ago, and it is expected that it will sooner or later be adopted at the company's other mines on both this and the Sweeney ranges.

TO USE BREITUNG SAFE.

Preparations were started yesterday for the opening of the new Negaunee National bank in the West Iron street, which is to be the institution's temporary quarters. The safe to be installed is one that the Breitung interests brought to the city some six or seven years ago for the bank that they had planned to establish in the Davis block, now owned and occupied by the First National bank. It will be used until the new building is provided and equipped with the necessary vaults. The officers of the bank expect to have everything ready for the opening on or soon after the first of the month.

CAPTAIN COWLING DEAD.

Word has been received in Negaunee of the death of Captain Nicholas Cowling, who was well known to many of the mining men of this range. Captain Cowling until about a year ago was superintendent of the Zenith, Savoy and Sibby mines at Ely, Minn. He retired on account of ill health and moved to Minneapolis, where he passed away Tuesday.

Captain Cowling was one of the best known mining men in the Minnesota field.

RUSH CULVER SELLS HOLDINGS AT BIRCH

NO LONGER A STOCKHOLDER IN NORTHERN LUMBER CO.—ARTHUR BROOKS MANAGER.

WAS FOUNDER OF THE TOWN

Starting With Unbroken Forest, He Has Developed Prosperous Business and Village in Five Years.

Rush Culver, the promoter of the Northern Lumber company and the founder of the town of Birch, announced yesterday that he had sold out his interest in the company, and that the management of the Birch mill and logging operations would hereafter be in charge of Arthur Brooks, formerly of West Virginia, and a lumberman of wide experience. Mr. Culver has for some time been seeking to dispose of his holdings in the company, in order to take a well-needed rest after five years of arduous and constant labor. The sale was consummated on terms highly satisfactory to Mr. Culver and the company will continue to operate at Birch without interruption.

Mr. Culver went into the then unbroken forest at Birch five years ago and, seeing the timber resources of the region, determined to organize a company to develop them. This was no easy task as there was no railroad or other shipping facilities. However, he succeeded in organizing a company and in securing a guarantee that a railroad would be built from Marquette at any time to develop them. This was no easy task as there was no railroad or other shipping facilities. However, he succeeded in organizing a company and in securing a guarantee that a railroad would be built from Marquette at any time to develop them.

Though Mr. Culver sold his holdings to the other members of the company and to Mr. Brooks, his resignation as president and general manager made a reorganization of the company necessary, as reorganized, the officers are as follows:

President—H. B. Packer, Secretary—E. H. Oviatt, Treasurer—W. W. Miller, Manager—Arthur Brooks. All of these men are said to be experienced lumbermen with plenty of capital and their intention is to push the work at Birch without interruption. The company is now in need of more men and there is every reason to believe that the business of the mill and of the town of Birch will continue to prosper.

is heretofore, when under the efficient management of Mr. Culver.

Mr. Culver has no definite plans for the future, and expects to take it easy for several months. Later, he may decide to undertake lumbering operations in the far west.

DIED VERY SUDDENLY.

Leonard Van Opens Expired at St. Mary's After Brief Illness.

Leonard Van Opens, aged seventy-four, residing at 243 Rock street, died at St. Mary's hospital last evening, after a very brief illness from inflammation of the bowels. He was a native of Belgium but had lived in Marquette for thirty-five years. For thirty years he was sexton at St. Peter's cathedral. There are left to mourn his death, a wife and five children: F. L. Van Opens, of Texas; Mrs. John Engels, of Seattle; P. F. Van Opens, of Escanaba; Mrs. B. Calus and Miss Emma Van Opens, of Marquette. Funeral arrangements will be announced later.

THEATRICAL.

"Faust."

Porter J. White's dramatization of Goethe's masterpiece, "Faust," will be presented by a cast with an excellent reputation at the opera house tonight. The production is said to be superbly mounted and to be equipped with extensive scenic and electrical effects.

"The Royal Chef."

"The Royal Chef," which comes to the opera house Friday night, holds the record for number of performances in the city of Chicago. This musical cocktail, as it is termed, had a run of 375 performances to its credit in that city. "The Royal Chef" is undoubtedly one of the most popular musical comedies ever produced in Chicago. Despite the fact that it ran there 375 performances, it was reproduced again this last summer, and despite the excessive heat and strong opposition, they did capacity business for four weeks again this season. Manager Wade has fitted out "The Royal Chef" in excellent shape with new and beautiful costumes, new scenery, and some new electrical effects have been introduced.

DEATH OF JAMES CONNOLLY.

Aged Man Succumbs to Injuries Received a Week Ago.

James Connolly, who was thrown from a trestle near Nestoria by a South Shore passenger train last Thursday, succumbed to his injuries at St. Mary's hospital at 2 o'clock yesterday afternoon. Mr. Connolly suffered injuries to his head and back in the accident, and his system, weakened by age, was unable to withstand the shock.

The deceased was born in Quebec Oct. 25, 1827, and was nearly eighty-two years of age. He had lived in the Lake Superior country for about twenty-five years and in Marquette for twenty years. During most of that time he has been in the land and timber business and became well-known as the administrator of the Ross estate. For the last sixteen years he has lived with his niece, the Misses Bogue, on Pine street. He never married.

The body will be taken to Quebec for interment Friday morning. Relatives living in this locality are six nephews and nieces: Charles Bogue of Chicago, John Bogue of Hancock, Mrs. Stanley K. Chandler and Misses Margaret, Anastasia and Emma Bogue, of Marquette. He has a number of relatives in Canada, among whom is Sir Charles Fitzpatrick, lord chief justice of the dominion.
