

PRESIDENT TAFT OUTLINES POLICY

Speaking at Spokane, Where the Ballinger-Pinchot Controversy Started, He Discusses Conservation of the Natural Resources.

Praising Both the Secretary of the Interior and the Chief Forester, He Takes the Stand That While the Administration Is Pledged to Follow the Course of Roosevelt, It Must Not Be Without Congressional Authorization; and for This He Will Ask.

Spokane, Wash., Sept. 28.—Addressing a great crowd here today, President Taft delivered his anticipated speech on the conservation of the natural resources and outlined the administration's policy on the subject.

It was here in Spokane that the Ballinger-Pinchot controversy arose. Today Mr. Taft gave credit to both Pinchot and Ballinger, and said that while Pinchot's work was denounced at first it was now being recognized as the one which should have been begun ten years ago.

Praises Both Ballinger and Pinchot. It was here in Spokane that the Ballinger-Pinchot controversy arose. Today Mr. Taft gave credit to both Pinchot and Ballinger, and said that while Pinchot's work was denounced at first it was now being recognized as the one which should have been begun ten years ago.

President Taft arrived in Spokane this morning and was given the most enthusiastic welcome. In his speech on the conservation of the natural resources, he declared that the pledge made by his administration to follow out the Roosevelt conservation policies required that the president take every step and exert every influence upon congress to meet legislative needs for development.

Mr. Taft asserted that Secretary Ballinger is in accord with him as to the necessity of conserving the resources, and he also praised Chief Forester Pinchot, referring to his "constructive work for the conservation of the forests, supported by President Roosevelt."

As to water power sites, the president declared that congress must authorize the government to allow these to private enterprise for development.

Concerning irrigation, the president said: "No one can visit this Western country without being overwhelmingly convinced of the urgent necessity of the irrigation of the arid lands. The fact that the reclamation service has gone ahead too far ought not to prevent either congress leading aid to overcome the difficulties. Irrigation work under private auspices, and which is being projected for reclaiming millions of acres, is most encouraging. The examples of government engineering ingenuity are of immense utility as models for private enterprises."

Urges a New Public Land Policy. "The chief object of congress formerly seemed to be to secure development by inducing people to acquire public lands. Seemingly no thought of conserving the resources occurred to congress. I am not criticizing congress for this policy. I refer to it to explain the character of the statutes now upon the statute books with reference to the sale and disposition of the public lands. The needs of the country have developed so and the demand has increased so that to secure a business-like disposition of the public lands remaining there must be an authorized classification.

"As to water power sites, there has been such a change in conditions that I shall urge congress to enact a special provision in the public interest for their transfer to private control, imposing restrictions equitable as between the public and the investor. The secretary of the interior now has no power to improve the conditions suggested. Under the last administration, four million acres were temporarily withdrawn from settlement in order to prevent the acquisition of water power sites under the general land laws. This amount has been reduced under the present administration to 450,000 acres. These withdrawals were temporarily made to permit congress to legislate on the subject. "It seems wise in the disposition of coal and mineral lands having agricultural value to separate the surface from the mineral contents, and then either lease the right to take the coal at a specified compensation or sell the deposits outright. The oil lands in California, the phosphate lands and practically all the coal lands have been with-

drawn from settlement to await the action of congress, which I will recommend shall be on the lines indicated."

Newly Weds to Be His Guests. Chicago, Sept. 28.—Congressman Knowland, of Alameda, California, who was married here tonight to Miss Emily West, of Craddock, Va., will, with his bride, be the guest of President Taft during the latter's tour of California. The Knowlands will join the presidential party Oct. 5.

SAVED MAN FROM DROWNING. Secretary of War Dickinson Is Presented With a Gold Medal.

Washington, Sept. 28.—For jumping into the river at Detroit, Mich., and rescuing James E. Joy, a Detroit lawyer, in August, 1895, Secretary of War Dickinson was today presented with a gold medal.

CHICAGO'S POSTMASTER UPHELD. Mail Cannot Be Delivered to Persons Giving Fictitious Addresses.

Washington, Sept. 28.—The postmaster of Chicago, who yesterday required three thousand women applicants for mail at the "general delivery" windows to establish their identity by giving their true names, and addresses and by signing cards of identification, had a lawsuit right to insist on identification. The regulations of the postoffice department provide that a postmaster must not deliver mail to persons who give fictitious addresses.

MEXICO AND THE U. S. REACH UNDERSTANDING

Disputed Area on the Rio Grande Will Be Regarded as Neutral Territory on the Occasion of the Meeting of the Presidents, and the Flags of Neither Nation Will Be Displayed. Washington, Sept. 28.—When the meetings of President Taft and President Diaz at El Paso and Juarez take place, the intervening territory between the two cities, which is in dispute, will be for this occasion regarded as neutral territory. The flags of neither nation will be displayed. This understanding has been reached as a result of considerable correspondence. The region, which is known as "El Chamizal," contains 554 acres. The ownership is in question on account of the shifting of the Rio Grande River.

On the morning of the 16th, Secretary Dickinson, accompanied by General Meyer and staff and two squadrons of cavalry and three batteries of artillery, will proceed to the point where President Diaz, accompanied by an escort of twenty men, will enter the United States and will welcome the Mexican president. By agreement, the escort is limited to twenty while the executive is crossing "El Chamizal." After his visit with Mr. Taft, President Diaz will return to Mexico, accompanied to the boundary by the same escort. At noon President Taft will go to Juarez and, in crossing "El Chamizal," will be accompanied by an escort of twenty men. At the Mexican border the president will be welcomed by a representative of the president and will proceed, surrounded by a Mexican escort, to the building where he will be received by President Diaz.

WILL KEEP HANDS OFF. Washington Decides to Take No Action on the Protest Made by Morocco.

Washington, Sept. 28.—The United States has decided to take no action on the protest made by Morocco against the presence of Spanish troops in the Rif country.

Dons Have Sharp Brush With Foes. Mellila, Sept. 28.—A detachment numbering in the Beni-Siar region had a sharp brush with the Moors today. A Spanish major and several soldiers were killed, and eleven soldiers were wounded. The troops are following up their recent victories at Nador and Zelouan.

Bomb Explosion at Barcelona. Madrid, Sept. 28.—Several persons were wounded at Barcelona yesterday by the explosion of an infernal machine. The censor forbade the transmission of this news.

ARRAIGNS MILITARY COURTS. Punishment Imposed Often Inadequate, Declares General Grant.

Washington, Sept. 28.—The failure of courts-martial in the Department of the Lakes to impose, in his judgment, adequate punishment in many instances has led General Grant, in his annual report to the war department, to scathingly arraign the members, judge advocates and counsel of these courts, who in many instances, he says, "fail to exhibit the sound discretion to be expected of them." At one station General Grant says, this condition has resulted from an "apathetic exercise of intelligence."

FOR DEPARTMENT OF MINES. Goldfield, Nev., Sept. 28.—A resolution calling for the organization of a federal department of mines was adopted today by the American Mining Congress. It will be presented to President Taft on his arrival at San Francisco. A message also was sent to Secretary Ballinger, who is with Mr. Taft.

MAY SUTTON WINS MATCH. Cleveland, Sept. 28.—May Sutton defeated Mrs. C. N. Bard, former Western champion, in an exhibition tennis match today, 6-0, 6-0. Miss Sutton will play Mrs. Edith Hannam, the champion woman tennis player of Canada, tomorrow.

BELIEVES BOTH MEN REACHED THE POLE

Returning from the Arctic Region, Harry Whitney Says He Knows of No Reason to Doubt Cook More Than His Accuser.

Doctor's Story Seems Truthful and Probable to Him, and He Adds That Nothing Else Would Explain the Twelve Months' Absence—Peary's Statement Is Completed Now and as Soon as Passed Upon by the Club It Will Be Given Publicity.

St. Johns, N. E., Sept. 28.—The Arctic vessel Jenic, with Harry Whitney, of New Haven, Conn., on board, arrived here today from the coast of Greenland, via Indian Harbor, Labrador. Mr. Whitney said that Dr. Cook arrived at Annotok last April and told him that he had been to the pole the year before, but pledged him to tell Peary nothing except that he had passed Peary's farthest north.

Expressing his belief that Dr. Cook had found the pole and that Peary had done the same, Mr. Whitney said he knew of no reason to doubt Cook more than Peary. "Dr. Cook's story," he added, "seems truthful and probable. Nothing else would explain his twelve months' absence."

Mr. Whitney said that Dr. Cook had left him at Annotok several cases containing instruments and other belongings, but, as far as Whitney knew, no records, although the records may have been packed with Cook's effects.

The New Haven sportsman declared that he knew nothing of the present controversy, beyond the vaguest details. He denied that Peary had renewed Cook's stores from Annotok to Etah. What Peary really did was to transfer a few things and rebuild the house at Annotok. Peary's steward, Murphy, had charge of both Cook's and Peary's stores, and had instructions from Peary to use Cook's stores first, but that if Cook arrived to give him every help.

Dr. Cook came into Annotok without a sled. Mr. Whitney said, but the next day the Eskimos brought it in. It contained Cook's instruments, clothes and food. Mr. Whitney said he told Peary that Cook had entrusted to him certain belongings to bring home. Peary declined, however, to permit Cook's belongings to be brought aboard the Roosevelt. Mr. Whitney thereupon went ashore with the assistance of Captain Bartlett, commander of the Roosevelt, separated Cook's property from his own baggage, repacked it in boxes and left it ashore.

Mr. Whitney started tonight for Sydney, whence he will proceed to Boston. He received a message from Peary today, complaining that he had not fully informed the commander about the nature of Cook's belongings left with Whitney at Etah. Mr. Whitney says that Peary is in error, as he informed him fully and Captain Bartlett, of the Roosevelt, saw all the things as they helped Whitney bury them at Etah after Peary refused to take them aboard.

Peary's Statement Completed. Par Harbor, Me., Sept. 28.—Commander Peary was informed tonight of Harry Whitney's version of Peary's instructions to Bartlett to Etah, and that these instructions had directed Murphy to use Cook's supplies first, and then Peary's. The explorer said: "I left explicit instructions with Murphy about these supplies, but under the main question is settled. I will not make those instructions public. There is nothing ambiguous about the instructions in regard to providing for Cook in case he needed assistance."

Peary's written statement supporting his contention that Dr. Cook did not reach the pole is now completed. As soon as passed upon by the Peary Arctic club, it will be made public. It is intimated that Peary has other proofs which he considers unnecessary to publish now. General Hubbard said tonight: "I don't care to go on record as saying that Cook did not reach the pole. That is for the public to judge. I can say that what Peary says is true."

COOK CONFIRMS WHITNEY'S STATEMENT. New York, Sept. 28.—Dr. Cook said tonight that everything that Harry Whitney said about various incidents when they were together at Annotok was substantially correct and "confirmed all my declarations." He added: "Mr. Whitney was probably unaware of my proofs being left with him. They were not of much consequence, as I have duplicates. The whole story of my not going far north is based on the reply I gave to Murphy when he asked me, 'Have you been farther than 82° north?' I answered: 'Yes; much farther north; but I gave Murphy no other information, and Whitney would not let me say he knew. The Eskimos did the same.'"

ECONOMY THE KEYNOTE. Postoffice Department Hopeful of Cutting Expenses Several Millions.

Kansas City, Sept. 28.—Joseph Stewart, second assistant postmaster general, in a talk today before the "school for postmasters" being conducted in connection with the convention of postal workers, declared that the keynote of the postoffice economy for the coming year will be economy. He believed that with proper co-operation the running expenses can be reduced several millions. The convention adopted a resolution declaring for a parcels post system between the local postoffices and the rural free delivery routes of which they are the center.

THE WEATHER.

Washington, Sept. 28.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy, Wednesday, with showers in the east; Thursday, fair, moderate to brisk northwest winds, becoming variable.

BASEBALL.

STANDINGS OF THE TEAMS.

Table with columns for American League and National League, listing teams and their records.

SCHEDULE FOR TODAY.

National League. New York at Pittsburgh. Philadelphia at Chicago. Boston at St. Louis. Brooklyn at Cincinnati. American League. Detroit at Boston; two games. Chicago at Philadelphia; two games. Cleveland at Washington. St. Louis at New York.

YESTERDAY'S GAMES.

Pittsburg Clinches the Pennant. Pittsburg, Sept. 28.—The Pittsburg club today clinched the 1909 pennant of the National League. Although the local team was defeated by New York, Philadelphia was victorious over Chicago, assuring the pennant for Pittsburg. Should Chicago win every game from now until the close of the season, and should Pittsburg lose every game it plays, the Pirates would be still in the lead at the close of the season by half a game. A wild demonstration was enacted on Forbes field at the close of today's game with New York, when the Philadelphia fans sang the national anthem on the bulletin board. Manager Clark, of Pittsburg, was presented with a purse of gold, the gift of local enthusiasts. Mayor Magee made the presentation speech, lauding the work of Clark and the members of his team. Today's game was a swiftest, purest and simplest, with the visitors having the better of the argument.

HE CANNOT STOMACH HIM. District Attorney Jerome Attacks Judge Gaynor, Candidate for Mayor. New York, Sept. 28.—District Attorney Jerome, who is making an independent fight for reelection, tonight attacked Justice Gaynor, candidate for mayor, who has been endorsed by the independent Democratic organizations and is expected to be the Tammany nominee. Mr. Jerome declared Judge Gaynor as "the most abhorrent product a political judge, whose so-called personal liberty decisions have served as a protection to law-breakers. I cannot stomach Gaynor and cannot see selfish and desperate men force him upon the party."

American League. New York, Sept. 28.—Detroit had an easy time today in winning the last game of the season with New York. Donovan, though hit harder than Wilson, was invincible with men on bases.

Chicago, Sept. 28.—Chicago was defeated by Philadelphia today, in a close and interesting game. Batteries—Reulbach, Schwenk and Archer; Moore and Dooin.

Cincinnati, Sept. 28.—Brooklyn won in the eleventh, by scoring three runs on three hits and an error.

St. Louis, Sept. 28.—Riehe out-pitched Raleigh in the second game. St. Louis got to Brown and Mattern for five runs in the fifth.

Philadelphia, Sept. 28.—Philadelphia defeated Cleveland this afternoon, it being the third shut-out victory for the home team in the series of four games.

Washington, Sept. 28.—The visitors hit Gray hard, and won handily. Olmstead puzzled the locals.

The Boston-St. Louis game was postponed, on account of rain.

Waterloo Club Fights Expulsion. Burlington, Ia., Sept. 28.—The Waterloo baseball team today filed notice of injunction proceedings against the Central Baseball association to prevent the expulsion of the club. The association today voted to drop Waterloo and Jacksonville, Ills. Galesburg was chosen to fill one vacancy.

Rochester Takes the Eastern Flag. New York, Sept. 28.—The Eastern league season ended today, Rochester winning the pennant, with Newark second.

Indianapolis to Play in Cuba. Indianapolis, Sept. 28.—The Indianapolis team of the American association departed today for Cuba, to begin a series of games at Havana next Saturday.

THINK THE BANDIT IS UNDER ARREST

Police at Philadelphia Believe They Have Solved the Mystery of a Hold-Up Which Has Resulted in the Loss of Two Lives.

On the Charge That He Is the Robber Who, Entering the Saloon of Patrick Quinn, Shot Three Men in Cold Blood, Two of Whom Have Since Died from Their Wounds, Reuben Conn, Accused by One of His Victims, Is Taken Into Custody.

Philadelphia, Sept. 28.—In the arrest tonight of Reuben Conn, the detectives believe they have solved the hold-up and double murder of last night in the saloon of Patrick Quinn, in the northern part of the city. Three men were shot by a masked robber, and two have since died. Those two were Henry S. Sawyer, a book-keeper, and James Quinn, an elevator constructor, who was acting as bartender in the absence of his father. The third wounded man is John Cassidy. After emptying the cash register, the robber fled, according to Cassidy, Conn left the saloon and half an hour later a masked man entered and commanded Quinn to hand over the valuables. Quinn started to comply, when the robber shot him in the abdomen and then shot Sawyer below the heart. Cassidy started to run, whereupon the bandit shot him in the leg.

Crazed Father Kills His Son. Paducah, Ky., Sept. 28.—While in a fit of dementia, the result of brooding over the death of his wife, John Champion, a pearl hunter, set fire to his shantyboat in the Ohio river near here this morning, and apparently made away with his eldest son, Champion attacked his three children, but the two younger were rescued. John Champion, Jr., aged twenty-six, is believed to have died. A pearl hunter, set fire to his shantyboat in the Ohio river near here this morning, and apparently made away with his eldest son, Champion attacked his three children, but the two younger were rescued.

HE CANNOT STOMACH HIM. District Attorney Jerome Attacks Judge Gaynor, Candidate for Mayor. New York, Sept. 28.—District Attorney Jerome, who is making an independent fight for reelection, tonight attacked Justice Gaynor, candidate for mayor, who has been endorsed by the independent Democratic organizations and is expected to be the Tammany nominee.

FAVORITES LOSE RICH STAKES. Eighteen Heats Are Required to Decide Five Turf Events at Columbus. Columbus, O., Sept. 28.—The deciding of two stakes and three chase events at the Grand Circuit races here this afternoon required eighteen heats, making it one of the largest and most interesting programs raced anywhere this year.

In both stakes, the favorites—George Gano and Margin—were beaten handily. The first choices took the class event, George Gano, the strong favorite, and who has been winning a race weekly since the Grand Circuit opened, was forced to go against a lot of seasonalacers in competing for the King stakes.

George Gano, the strong favorite, and who has been winning a race weekly since the Grand Circuit opened, was forced to go against a lot of seasonalacers in competing for the King stakes.

WANTS INHERITANCE TAX. State to Levy on E. H. Harriman's Property in Illinois.

Chicago, Sept. 28.—E. H. Harriman's property in Illinois is said to be subject to an inheritance tax of 2 per cent. A representative of Attorney General Standeley today secured from County Judge Rinaker an order for the appraisement of the Harriman property for the purpose of levying the tax. It was set forth that the holdings of the Harriman estate in the Illinois Central and Alton companies are subject to this tax.

AUTOMOBILE IS DITCHED. Miss Blanche Lord of Minneapolis Is Victim of Fatal Accident.

St. Paul, Sept. 28.—Miss Blanche Lord, of Minneapolis, was killed in the White Bear road this afternoon when her automobile was ditched in trying to avoid a wagon.

HIGH WIND PREVENTS FLIGHTS. New York, Sept. 28.—A high wind prevented Wright and Curtiss making flights here today.

MR. CRANE STARTS FOR CHINA. Chicago, Sept. 28.—Charles E. Crane, minister to China, started tonight for Peking.

CHICAGO MAN RAISES TEMPEST IN A TEAPOT

Because General Grant Appeared in His Army Uniform in the So-Called "Temperance" Parade, a Protest Is Made to the Secretary of War.

Chicago, Sept. 28.—A protest against the appearance of General Grant in his army uniform in the so-called temperance parade last Saturday was made today in a letter sent to the secretary of war by W. R. Michael, a member of the executive board of the United Societies for Local Self-Government. The letter says: "Public officers are servants of the people and should not be allowed to use the advantages of their office to accomplish partisan ends. I don't dispute the general's right to take part in this movement as a private citizen, but I believe that he had no right to head the parade in full uniform, or to participate in it as a federal officer. Will you kindly advise me whether the department has ruled on such conduct, and whether the same can be said to require official sanction?"

Several letters have been sent to the secretary of war from gentlemen who defend General Grant's appearance in the parade. They say that it was not a "prohibition parade," but a "movement for civic righteousness and the enforcement of law and order in Chicago."

STEEL STOCK STILL GOING UP. Gets Very Close to 90—Acheson, too, Sears to a New High Record.

New York, Sept. 28.—Yesterday's recoveries were substantially extended in today's stock market. United States Steel and Acheson sold at new record prices, and the average advance was substantial, although very unevenly divided.

The explanation of the marked revival of speculative confidence is not clear. One supposition is that a short interest of unsuspected proportions has been discovered, and that the adroit conductors of the price rise were in control of the prices to the discomfiture of the shorts. The money market seems proof against adverse circumstances, and the operations on the long side today were conducted with every appearance of freedom.

The tone of call loans was slightly easier, although the rates were unchanged. New York exchange at Chicago rose to par. The total cash withdrawn by the bank treasury from the banks for the banking week rose today to \$2,898,000, compared only \$591,000 in the corresponding time last week.

The rise in United States Steel to 89½ was stimulated by reports of the piling up of heavy orders for steel rails by the great railroads. The rise of Acheson, Union Pacific, Southern Pacific, Pennsylvania, New Haven and Erie, together with the convertible bonds of those companies, with an enhancement of the value of the privileges of exchange into stock.

FAVORITES LOSE RICH STAKES. Eighteen Heats Are Required to Decide Five Turf Events at Columbus.

Columbus, O., Sept. 28.—The deciding of two stakes and three chase events at the Grand Circuit races here this afternoon required eighteen heats, making it one of the largest and most interesting programs raced anywhere this year.

AUTOMOBILE IS DITCHED. Miss Blanche Lord of Minneapolis Is Victim of Fatal Accident.

St. Paul, Sept. 28.—Miss Blanche Lord, of Minneapolis, was killed in the White Bear road this afternoon when her automobile was ditched in trying to avoid a wagon.

HIGH WIND PREVENTS FLIGHTS. New York, Sept. 28.—A high wind prevented Wright and Curtiss making flights here today.

MR. CRANE STARTS FOR CHINA. Chicago, Sept. 28.—Charles E. Crane, minister to China, started tonight for Peking.

TRAINMEN ADMIT THEFTS. Laporte, Ind., Sept. 28.—Conductor H. Ella Ambulator, of Lathrop, pleaded guilty today to conspiring to loot treasure boxes in railroad trains between Keesauington, Ills., and Michigan City. Some \$300 was stolen before the thefts were discovered.

DAILY MINING JOURNAL

MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

Subscription Rates: Per month by carrier \$1.00; Per year by mail \$10.00.

MARQUETTE, MICH., SEPTEMBER 29.

Apparently the Millman case is to be filed away with Detroit's other "unsolved" murder mysteries.

The Detroit Free Press referendum has elected Dr. Cook the discoverer of the North pole. Maybe that will stop Peary.

When Gotham finishes up its job of doing full honor to Hudson and Fulton it will doubtless take up its fall election in serious earnest.

One Jack Cushway, a Jackson prison convict, has just been returned to the institution after his fourth escape.

A bird in the hand may be worth two in the bush, but Representative Townsend believes a man might as well get after the birds in the bush when he is sure of the bird in the hand.

The president having been underground, it is now in order to make him an honorary member of the Butte Miners' union.

A Soo woman, the first ever elected a school trustee in that city, has been honored with the office of president of the board.

It may, perhaps, be desirable from the standpoint of those who wish to know where the candidates stand on all public questions that the men ambitious to serve the people of Michigan as governor make announcement of their attitude on the liquor question, but we venture the modest prediction that they will be a unit in sidestepping this troublesome issue.

Knowledge of the fine courtesy displayed by Commandant Peary toward Mr. Whitney will give rise to conjecture as to the sort of welcome Cook himself might have received on the Roosevelt if he had been found by the Peary party in dire need in some bleak ice stretch of the frozen north.

The report of State Banking Commissioner Zimmerman shows that the aggregate business of the Michigan state banks on Sept. 1 reached the highest mark ever reported in Michigan.

If Governor Warner can write the last chapter in the row between the Libbey and Shaw factions in West Branch township he will accomplish more than has lain in the power of the circuit court, or those voters of the township who are not embroiled.

Apparently it hasn't taken Oakland county long to become tired of its drouth. Petitions for a re-submission of the prohibition question have been signed by some 5,400 voters.

The state of Nebraska has lately won a notable victory over the express companies operating within its limits.

When 63 Years Old Eye-Balls and Lids Became Terribly Inflamed—Was Unable to Go About—Home Remedies and Professional Treatment were Equally Unsuccessful.

TOOK FRIEND'S ADVICE: HAS NO MORE TROUBLE

"About two years ago my eyes got in such a condition that I was unable to go about. They were terribly inflamed, both the balls and lids. I tried home remedies without relief.

Apparently it hasn't taken Oakland county long to become tired of its drouth. Petitions for a re-submission of the prohibition question have been signed by some 5,400 voters.

5% DEBENTURES Running one to five years secured by first mortgages on improved real estate worth more than double outstanding debentures.

Superior Trust Company HANCOCK, MICH. Capital and Surplus \$200,000.00

DIRECTORS: Jas. Chynoweth, Norman W. Haire, G. R. Campbell, L. H. Richardson, J. N. D. Cullidy, H. L. Beer, Lessing Karzer, Joseph Boeh, Chas. L. Lawton, Chas. Briggs, S. L. Lawton, James Moore, C. A. Wright, Allen F. Reese, Jacob Beer, Geo. Ruppe, Ferd. Wieber, Thos. Whittle

legal fault with the petitions. Oakland went dry by the narrow majority of seventy-three votes two years ago, but the "wets" point to the great number of signers they have secured for their petitions as carrying positive assurance that it will go "wet" again in the April election next spring.

President Taft knows Otto T. Barnard, the Republican nominee for mayor of New York, and speaks for him. In a message to Herbert Parsons, chairman of the New York county committee, he says: "I know he (Barnard) will give to the people of the city of New York such an administration as they have not seen for many a year.

One of the most important "no license" fights ever projected in this country is being planned for Chicago next spring. The prohibitionists have announced that they are going out after petitions to secure the submission of the question. They need 60,000 signatures, and point to the fact that last year they secured 80,000 names in three weeks as an assurance that they will be successful.

The interests at stake amount to millions of dollars, and the existence of 7,000 saloons will be in the balance. Chicago will see a battle royal over the question, unless something occurs to upset the present plans. It is said to be possible that the courts will declare the local option law of 1907 unconstitutional, and it is also possible, but not probable, that the legislature will repeal the statute.

President Taft's trip is proceeding in a manner that must be highly gratifying to him and his party. Each day is marked by a succession of enthusiastic welcomes at all places where the schedule calls for a stop.

One of the most significant events in connection with the Hudson-Fulton celebration was the opening on Monday of the Palisades Interstate Park.

When 63 Years Old Eye-Balls and Lids Became Terribly Inflamed—Was Unable to Go About—Home Remedies and Professional Treatment were Equally Unsuccessful.

TOOK FRIEND'S ADVICE: HAS NO MORE TROUBLE

made their principal object. Their lives are too valuable to be lightly risked merely for the sake of amusing the unthinking populace.

An aviator who perishes in some hair-brained exploit will be quickly forgotten. One who safeguards his life for the advancement of the science and adds appreciably to the knowledge that is gained in regard to it will live long and honored, and his name will be handed down to posterity.

Charles Horning a farmer at Garden, Delta county, reports that in common with his neighbors he has had excellent crops this year. His oats have yielded better than seventy-five bushels to the acre. The harvest of apples also is very good this fall.

John Schoeneman of Chicago, who has been shipping Christmas trees from Manitowish for many years, is there now, making contracts for a cargo for late fall shipments.

It is reported that the Carter Lumber company of Ludington has purchased 12,000 acres of timber land in Luce and Mackinac counties.

At an early hour in the morning robbers broke into the general store of the People's Store company at Wakefield, Col. The entrance to the building was effected through the front door with an axe and a pickaxe.

"I am not going to allow the popular clamor for spectacular flights to alter any of my plans or change my methods," he said. "It is the American craze for speed, for sensational things—yes, even for accidents. People want to see something startling and they don't care much what happens to the man who gives them the thrill.

Two valuable cows, one owned by an Escanaba man and the other by John Providence of Portage Creek, were shot under mysterious circumstances on the Portage Creek bridge the other morning.

Returning from a trip to Emerson, Chippewa county, T. R. Easterday, county commissioner of schools, said: "The people of Chippewa county, as a rule, do not fully appreciate the amount of lumbering that is still going on in the county tributary to the Soo.

When 63 Years Old Eye-Balls and Lids Became Terribly Inflamed—Was Unable to Go About—Home Remedies and Professional Treatment were Equally Unsuccessful.

TOOK FRIEND'S ADVICE: HAS NO MORE TROUBLE

"About two years ago my eyes got in such a condition that I was unable to go about. They were terribly inflamed, both the balls and lids. I tried home remedies without relief.

Apparently it hasn't taken Oakland county long to become tired of its drouth. Petitions for a re-submission of the prohibition question have been signed by some 5,400 voters.

5% DEBENTURES Running one to five years secured by first mortgages on improved real estate worth more than double outstanding debentures.

Superior Trust Company HANCOCK, MICH. Capital and Surplus \$200,000.00

Furnish your table with best food and finest china by buying Quaker Oats Family Size Packages. They contain the finest assortment of china

not be held to have been a judicial one, but the fact that it has resulted in the saving to the people of the state 25 per cent of their express bills will likely cause other states to cast about for ways and means of reducing the generally held extortionate charges for this service. The express companies have been fortunate in escaping regulation through a period of years when many public service corporations have been brought to an accounting, and the view that it is now the express companies' turn is getting to be most popular.

WIFE MR. WRIGHT. Wilbur Wright is a gentleman of sound common sense as well as a scientist of distinction. He refuses to take long chances at being killed or battered merely to make somebody's holiday. He has been waiting for favorable weather for his proposed New York flights, and incidentally has discussed the spectacular side of aviation.

"I am not going to allow the popular clamor for spectacular flights to alter any of my plans or change my methods," he said. "It is the American craze for speed, for sensational things—yes, even for accidents. People want to see something startling and they don't care much what happens to the man who gives them the thrill. I've only one life and I will never take a chance with it. The crowd which came out the day after my brother was injured last year was ten times larger than ever before. \* \* \*

The Roman people didn't care much about the gladiators, you know; they wanted the fight, and if they didn't get enough fight they turned down their thumbs."

Why is it that when a cress country automobile race is being run the worst congestion of spectators is found at the double turns and other places where it is agreed that accidents will most likely occur? What is the attraction of the "loop the loop" and other death-daring thrills? It's nothing more than a morbid apprehension that some fatal accident will occur. The spectators do not hope for such accident, but if it is going to take place they want to be in on the excitement.

Wilbur Wright and his brother quite properly mark out a course of conduct that will differentiate them from circus and street fair artists. The development of the flying machine to the highest point which their knowledge of the principles of aviation will permit may well be

A Fortune Every Year—Returning from a trip to Emerson, Chippewa county, T. R. Easterday, county commissioner of schools, said: "The people of Chippewa county, as a rule, do not fully appreciate the amount of lumbering that is still going on in the county tributary to the Soo. For instance, during my visit to Emerson, I found the big mill of Chesbrough Bros. had so far this season shipped out 16,000,000 feet left on the docks. The gang saw has been shut down for the season, but the two hand saws will be kept in operation for six weeks yet, giving employment to about fifty men. There is plenty enough left tributary to Emerson to keep the mill in operation for the next ten years. The Chesbroughs brought the timber lands at a time when the prices were cheap and as a consequence are cleaning up a fortune every year. Efforts are being made to organize a bank in the village, with prospects very bright that the financial institution will materialize.

"At Gould City there is a general air of prosperity. The farmers have had good crops, with the exception of hay, which was light. The business men are well satisfied with the outlook for the future, for with the farmers in comfortable circumstances they have little to worry about. Naubinway, over on the shore of the lake, is in a state of almost unprecedented prosperity. The mill is being run steadily and the company is making great plans for the future. Already a railroad has been constructed twelve miles northward into the timber and it is being extended as rapidly as a force of men can build it. The company has extensive timber holdings that will require several years to exhaust."

Marquette People Have Found That This Is True. A cold, a strain, a sudden wrench. A little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A certain remedy for such attacks. A medicine that answers every call, is Doan's Kidney Pills, a true specific. Thousands of people rely upon it. Here is one case: Wm. Pilley, 812 River Ave., Iron Mountain, Mich., says: "I was troubled by acute pains in the small of my back and did not know what caused them. When a friend advised me to try Doan's Kidney Pills, I got a box and they soon relieved me. I gladly give Doan's Kidney Pills my endorsement in return for what they have done for me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

CUTICURA CURED HIS SORE EYES

When 63 Years Old Eye-Balls and Lids Became Terribly Inflamed—Was Unable to Go About—Home Remedies and Professional Treatment were Equally Unsuccessful.

TOOK FRIEND'S ADVICE: HAS NO MORE TROUBLE

"About two years ago my eyes got in such a condition that I was unable to go about. They were terribly inflamed, both the balls and lids. I tried home remedies without relief. Then I decided to go to our family physician, but he didn't help them. I tried two more

### Copper Country

#### CASHED A REMARKABLE CHECK.

John Sunich of Calumet the Victim in the Makkinen-Wuolle Case.

In the Houghton county circuit court yesterday morning there was exhibited the most remarkable check that was ever cashed by a business man. It is the check which John Makkinen and Matt Wuolle are charged with cashing in the suit of John Sunich of Calumet and for which alleged as they are on trial. The check reads as follows: "No. 120, Yonkers, N. Y., Feb. 10-1. 'The Union National Bank' 'Pay to order of Melton & Dane \$51.54 Fifty-one 51-100' " Bennett Bros., Cashiers.

Everything on the face of the check is printed from type, not written. It is a check form used in commercial schools to familiarize the pupils with the form and appearance of checks.

John Makkinen, one of the witnesses on the stand yesterday said that he found the check in a damp pile in Laurium, where it was probably thrown out with the sweepings from the school. He also said that there were a lot more like it there. His testimony was that he gave the check to Makkinen and Wuolle, and that they cashed it.

The circuit court was engaged Monday in hearing naturalization petitions. There were sixteen applications, and of these nine were granted, six were continued and one was dismissed. The dismissal was based on the fact that the witnesses offered could not prove a continuous residence of five years in the United States. The continuance were based on a lack of knowledge of the principles of United States government on the part of the applicants. Judge Streeter and Examiner Little are putting the applicants through a pretty stiff out on government, and if they do not show a working knowledge of the laws of this country they are told to go and study.

It is noticeable that no interpreter is being used in these hearings. All men applying for citizenship since June 23, 1906, must be able to answer all questions in English. Those who filed their declarations before that time may not use an interpreter, but the practice is frowned on by the courts.

While these hearings are in progress in the court room Deputy Clerk Mitchell is receiving new petitions in the clerk's office. There are already thirty-four filed for the January hearing.

#### A REAL WHITE CITY.

W. H. Labb, Promoter, of Chicago, Comes Here to Build One.

The copper country is going to have a White City, which will differ only in magnitude from similar amusement projects in Chicago, Denver and New Orleans. It is to be constructed and operated by a company which will have as its head W. H. Labb of Chicago, who built the White City enterprises named and is one of the foremost promoters of similar enterprises in the United States.

Mr. Labb came to Houghton on representations by C. C. Douglass, who controls the site of George Hoeking's present White City. Mr. Douglass has long been convinced that the copper country needed a big amusement park and has transferred that conviction to Mr. Labb, who is now on the ground and is taking hold of the idea with such confidence that he has taken an option on land water front and on the incorporation of a White City amusement company virtually completed.

The people of the copper country have taken to the open fairs, have crowded excursion boats and excursion trains in an effort to get close to nature and to get away from work on holidays. The amusement offered this public hitherto have been purely natural, and while thousands of people have thronged the parks now afforded them they have found something lacking in amusement, according to the promoters of this prospective enterprise. These promoters find that copper country people are willing to pay for more than just the ride. They want to be amused after they arrive at their destination. To furnish this amusement will be the object of the White City company. It will provide a park which will always be an ideal place to spend a holiday, an evening of recreation or an entire vacation.

T. Lachovich of Chicago is a candidate for treasurer, as are John Gasparovich of Calumet, P. Badvine of Denver and F. Borich of Pittsburgh. The town gaining the treasury captures the most important office, for all the funds of the society will be deposited in the hands of the city where the treasurer lives, and these are not inconsiderable. Mr. Gasparovich seems to be the choice of both factions.

The work of the convention, it is now expected, will be finished by tomorrow evening. The election of officers and the selection of the next convention place will take place either today or tomorrow. Financial Secretary Marochi, who seeks reelection and was at first thought to have a clear field, will be strongly opposed. It is now said, by a candidate coming up by the younger element. The younger faction have been holding separate meetings, it is said, to prepare their slate and to adopt a working course to be maintained throughout the convention. Whether or not the faction will secure control of the society's offices is in doubt.

A. Marinovich of New York city is seeking reelection as president of the executive committee and little opposition has developed as yet. He is at present assistant chairman of the convention.

### The real test is in the baking.

Other Baking Powders may make broad claims, but when it comes to the production of real delicious biscuits, cakes and pastry

## CALUMET BAKING POWDER

proves its real worth. This is because of its much greater leavening power and the strict purity of its ingredients.

It costs only a trifle more than the cheap and big can brands and much less than the Trust Baking Powders.

Received Highest Award World's Pure Food Exposition Chicago, 1907.

#### IS A STRONG CANDIDATE.

Croatians Likely to Choose John Gasparovich of Calumet for Treasurer.

It seems now that Chicago will be chosen as the place of holding the next triennial convention of the National Croatian society, but there is a contest on for some of the offices. Supreme President Paul Hajdo of Chicago will likely be reelected, as he is without very strong opposition. Peter Pavlinec of Allegheny is the strongest candidate for office, but he denies that he is seeking it. However, his friends are quietly working for his election. The convention seems to be split into two factions, the young and the old, and the younger section is preparing a slate for nomination.

T. Lachovich of Chicago is a candidate for treasurer, as are John Gasparovich of Calumet, P. Badvine of Denver and F. Borich of Pittsburgh. The town gaining the treasury captures the most important office, for all the funds of the society will be deposited in the hands of the city where the treasurer lives, and these are not inconsiderable. Mr. Gasparovich seems to be the choice of both factions.

The work of the convention, it is now expected, will be finished by tomorrow evening. The election of officers and the selection of the next convention place will take place either today or tomorrow. Financial Secretary Marochi, who seeks reelection and was at first thought to have a clear field, will be strongly opposed. It is now said, by a candidate coming up by the younger element. The younger faction have been holding separate meetings, it is said, to prepare their slate and to adopt a working course to be maintained throughout the convention. Whether or not the faction will secure control of the society's offices is in doubt.

#### ON LAKE SUPERIOR 61 YEARS.

James Bone Is Dead After Long and Active Life in Copper Country.

James Bone, aged seventy-seven years, is dead at his home at Calumet, after a long life of hard work and activity. Most of his golden wedding. The deceased is survived by six children, in addition to his wife and there are two sisters and a brother. The sisters and brother reside in upper Canada. The children are Mrs. Josiah Warshaw, Calumet; Mrs. Frank Rule, Laurium; Mrs. Alfred and Will of Calumet. The funeral will take place from the residence this afternoon at 2:30 o'clock.

#### CLOSE OF PASSENGER SEASON.

Tionesta Come Tomorrow on Last Trip—Passing of the Japan.

The steamer Tionesta of the Anchor line will be in Houghton tomorrow on her last scheduled passenger trip of the season. The Tionesta has already made her last scheduled trip, as has the Japan. Agent Berglund of the Anchor line, said yesterday that it has been a good season, a satisfactory one to all concerned. He could not state, as he has not the figures at hand, the three boats named do not now go into ordinary. They will be kept in commission to handle freight business, but they will not solicit passenger traffic, owing to the uncertainty of the fall weather on the great lakes.

It is probable that this is the last season that the Japan will run on these waters. The old steamer is an old friend to copper country people. She has been carrying passengers for nearly a quarter of a century, and there are hundreds of people here who remember her as a veritable floating palace in her early days. The old boat is now 216 feet long and 34 feet beam, in contrast with the magnificent proportions of the Tionesta and Tionesta, 346 by 45. She is owing the very old of all things, and her friends here can only hope that she will have a snug harbor for the remainder of her floating life. The reason for believing that the Japan will follow the China, India, Peerless, Nyack and other old passenger boats into oblivion is because the Anchor line is to bring out another big steamer next summer, and it is thought she will replace the Japan.

#### WILL START MILLING.

At the annual meeting of the Finnish Farmers Milling company, held at Houghton last evening, it was generally expected to succeed themselves and money was raised to help pay of the debts of the concern, some \$2,000 being necessary. The members of the company expect to resume milling operations at their mill at Sault in the near future. Grain is already being received and there will be enough to keep the mill busy for some months. The farmers say that they have raised much more wheat this year than last. The mill will continue to be operated by the proprietor, Jacob Ojala, miller and manager.

#### MINISTER GIVEN FAREWELL.

A farewell reception was tendered Saturday evening in Calumet to Rev. and Mrs. Charles J. Johnson of the Norwegian M. E. church, who leave this week for Munsing. Friends and members of the church gathered at the parsonage to bid the pastor farewell. Brief speeches were made by officials of the church.

#### CALUMET HANDBALL TOURNAMENT.

The handball experts will get busy tonight after the first of October, when the indoor sports season will open in Calumet. Indoor baseball and basketball, as well as handball and other such games, will be taken up at the Y. M. C. A. Oct. 4 and by the latter part of next month the handball artists will be preparing for their annual tournament. Because of the rapid growth of the Y. M. C. A. and the large number of expert handball players now affiliated with the institution, the tournament this year will be more interesting and hotly contested than ever before. Legends, the present champion in the singles, will certainly not have the snip he did last year in winning the highest honors, and Spaulding and Legendre, champions in the doubles, will have to go some to win once more. A handball tournament is to

who regretted that Mr. and Mrs. Johnson are to leave them and wished them success in their new field. Mr. Johnson responded. The evening was very pleasantly spent. Mr. Johnson preached his farewell sermon Sunday evening and will give his initial sermon at Munsing next Sunday, speaking on the subject, "Christ Sunday" a "Christ on the individual." Mr. Johnson, who has left the Norwegian M. E. conference and entered the Detroit conference, has been assured by the former that if he wishes to return to it he will be heartily welcomed.

### Mining News

#### GREATER ECONOMY AT TAMARACK.

Change to Methods of Calumet Mill Will Effect a Substantial Saving.

In connection with the decision of the Calumet & Hecla management to have the Tamarack conglomerate rock handled hereafter in the Calumet mill there is an additional and important item. Tamarack shareholders that may not be appreciated, writes Homer A. Guck of Houghton. It is figured that the change in milling methods will mean a very substantial saving for the Tamarack conglomerate tailings, be handled in the new mill. The most important deductions in stamping and grinding methods that are noted from the various tests that have been conducted over a period of the past three months, show that Chilean mills are big savers in copper and additional savings likewise play an important factor in saving copper in the wash. This refers to the handling of both the conglomerate and the Kearsarge andyudolite rock. On this account the plans for the new Alumet rock have been altered to provide for the Chilean mills and for more tables than was at first contemplated.

It is likewise expected that some alterations in other mills, now controlled by the Calumet & Hecla, will be made to conform with these results. In recent years many advances have been made in this district in the methods of mining copper rock. Many improvements have been introduced and many innovations put into actual practice, all calculated to bring about lower costs in handling rock and mining the copper, and while the opportunities for savings in the costs of copper production are known at present, at the junction of the 1,400 level toward the Briggs outcrop a large cave in the limestone last week. Considerable ore around the walls and the drift itself has shown good sulphide in places for some hundred feet.

The Calumet & Arizona smelter is operating two 500-ton and two 300-ton furnaces this month, the same reduction facilities as were in operation during August, and the output for the month of September will vary little from the average of the past three months. There are now in the plant two 300-ton, three 200-ton, and one furnace in course of extension from 300 to 500-ton capacity. This latter furnace is being lengthened out the same as was one of the other 300-ton furnaces and when completed will be of the most modern type of smelting furnace. With its completion it is expected that one of the other 300-ton furnaces will be shut down and the extended furnace blown in. This will give an increased ore handling capacity of 200 tons for October and warrants the assumption that the October output from the Calumet & Arizona smelter will show an increase of some 10 to 15 per cent. It is not known whether the company will at once proceed to lengthen out a fourth furnace when the third is blown in, but such an assumption is along the lines of the development of the plant in past times.

#### BUTTE & ELY.

As has already been stated in these columns, the Butte & Ely copper mining company has passed to the control of Thomas F. Cole and John D. Ryan, presumably for the Groux Consolidated company. The option on a controlling interest included 229,175 shares of treasury stock and 10,000 shares of individual stock, out of a total of 300,000 shares. The option was in the par value of \$1 per share. In order to obtain control it was first required that the individual shareholders contribute 10 per cent of their holdings to the option, but the Cole-Ryan interests afterward reduced that to a lump amount of 10,000 shares, which was quickly made up. The holders of the option made large purchases of the stock in the open market under \$2 per

#### ISLE ROYALE.

Now it turns out that the situation with regard to Isle Royale may not be such a bad thing for the property after all. Notwithstanding the fact that the company has laid off one-third of the underground working force, the rock shipments have been increased by 400 tons daily to 1,800 tons of better grade mineral, which is now running 16 pounds to the ton, instead of 14 as formerly. This means an increase of at least 100 tons monthly in the Isle Royale production at a lower cost. While these hopes with the higher grade of rock may not continue to show this kind of stuff and while the Calumet & Hecla management does not intend to operate a losing venture for any length of time, there is a feeling that the management may make it a paying property, instead of a failure, by just such changes as have been made.

#### OJIBWAY.

The Ojibway drift from the 800-foot level at No. 2 shaft toward No. 1 is in close to 400 feet, and continues showing high-class stamp and barrel copper. At No. 1 the drift toward No. 2 has just started. Both shafts are also rapidly approaching the 1,250 level. No. 1 is down a little over 1,100 feet and No. 2 a little over 1,200 feet. This company has ample funds to continue its present scale of operations until at least February, 1910. The talk of an assessment is premature.

#### BONANZA CIRCLE MINES.

The development work at both the Calumet & Arizona and Superior & Pittsburgh properties is being pushed ahead with very satisfactory results. At the Powell shaft the drift on the 500-foot level, north of the shaft, broke into leached and broken ground last week and a notable strike was also made on the 1,250-foot level in the Oliver shaft, a new body of oxide ore being encountered in the No. 41 crosscut. This crosscut is being run west of the shaft and the body discovered during the week is the deepest oxide ore found in that part of the camp. Its extent is at present unknown. At the Houghton shaft of the Superior & Pittsburgh, the big 1,200

### LOOKING FORWARD

Some men may say "where is the good of looking into the future, for that is only problematical."

But it is prudent to look forward and plan for future requirements. It encourages economy and thrift. An account with the Citizens National Bank makes the depositor more prosperous.

3 per cent interest paid on savings accounts. Accounts of \$1 and up accepted.

### UNIVERSITY SCHOOL OF MUSIC

Ann Arbor, Michigan

ALBERT A. STANLEY, A. M., Director, Fall term begins Oct. 4.  
The Conservatory whose graduates are successful.

Low tuition, reasonable living expenses, affiliated with University of Michigan. Free Courses in History and Analysis of Music, Choral Union (300 voices), Symphony Orchestra (50 pieces), Free Admission to Faculty, Lecturers and Orchestra Concerts. May Festival and Artist Concerts, and many other special opportunities.

For special catalogue giving detailed information, address,  
Charles A. Sink, Secretary, Ann Arbor, Michigan.

ore body has been cut on the 1,400 level, where a face of high-grade oxide ore showed up in the cross-grade a few days ago. The extent in any direction is unknown at present. At the junction of the 1,400 level toward the Briggs outcrop a large cave in the limestone last week. Considerable ore around the walls and the drift itself has shown good sulphide in places for some hundred feet.

The Calumet & Arizona smelter is operating two 500-ton and two 300-ton furnaces this month, the same reduction facilities as were in operation during August, and the output for the month of September will vary little from the average of the past three months. There are now in the plant two 300-ton, three 200-ton, and one furnace in course of extension from 300 to 500-ton capacity. This latter furnace is being lengthened out the same as was one of the other 300-ton furnaces and when completed will be of the most modern type of smelting furnace. With its completion it is expected that one of the other 300-ton furnaces will be shut down and the extended furnace blown in. This will give an increased ore handling capacity of 200 tons for October and warrants the assumption that the October output from the Calumet & Arizona smelter will show an increase of some 10 to 15 per cent. It is not known whether the company will at once proceed to lengthen out a fourth furnace when the third is blown in, but such an assumption is along the lines of the development of the plant in past times.

#### BUTTE-BALLAKLAVA.

The steel ore bins of the Butte-Ballaklava copper company having been completed, the company began regular shipments of ore the present week. The body of boric copper ore on the 1,300-foot level still continues in the drift and has now been blocked out for 120 feet, enlarging in thickness and showing indications of continuing to great length and depth. About the first of October the company will begin raising the third compartment of the shaft from the 300-foot level to the surface. Until that compartment is completed the production of ore will necessarily be limited, as raising will interfere somewhat with mining; but there will be no cessation from it and about one hundred tons per day will be hoisted. When the material is raised, the output will be materially increased, the mine being in condition to yield at least 300 tons per day.

#### ARIZONA COMMERCIAL.

About 300 men are now employed at the Arizona Commercial mine. The work on the new smelting plant is being rushed, and about Oct. 1 the smelter will be blown in. Underground at the Arizona Commercial mine, the preparation of the drift on the sixth level for the breaking down of ore is progressing steadily. The new Prescott pump recently installed on the sixth level in the Eureka shaft was put into commission a week ago, and has done good service from the beginning. This pump has a capacity of 1,000 gallons. In the near future the extension of the drift on the seventh level will be undertaken.

#### NOTES OF COPPER NEWS.

The Boston & Corbin Mining company will soon be able to inaugurate a more active policy of underground development, as the power line has been completed, and the management expects to complete the installation of its electric equipment within a fortnight. At several points in the mine on the 300, 500 and 700-foot levels high grade ore is in the face of the drifts and General Manager Emerson is forwarding very favorable reports as to the underground conditions.

German proverb: At evening the sluggard is busy.

Don't waste your money buying plasters when you can get a bottle of Chamberlain's Liniment for twenty-five cents. A piece of flannel damped with this liniment is superior to any plaster for lame back, pains in the side and chest, and much cheaper. Sold at The People's Drug Store.

#### ROWETT AGREES TO REFEREE.

Bessemer Man to Officiate at the Ziehr-Harrington Match Oct. 9.

Jack Rowett of Bessemer, Mich., the well-known Cornish wrestler, has agreed to referee the Ziehr-Harrington match at the Calumet Wrestling Club. Considerable money is being wagered on the outcome of the bout. Both Ziehr and Harrington are training hard. Ziehr doing his work with Brown and Slippery Johns, and Harrington working with Bobby Gray and others. It is expected that Jack King will be present at the night of the match to challenge the winner. King already has a match on his hands, however, for Rowett has accepted the widespread challenge that King flaunted from Duluth recently for the championship of the world. Then there is breaking into the game a man from Ontonagon by the name of Hill, who challenges Rowett. He wants to bet \$500 that he can throw Rowett, too. Hill is willing to wrestle mixed styles, straight Cornish or straight catch-as-catch-can. He doesn't expect to get a catch-as-catch-can champion as anyone else. There is likely to be something pretty interesting in the wrestling line in this part of the country during the winter, from the present outlook.

#### TRAINMEN ESCAPE INJURY.

A serious collision, and one which came near resulting fatally, occurred Monday afternoon in the South Shore yards in Hancock. Two freight cars loaded with cement had been hauled to the top of the grade near the station and were left there. The brakes slipped, and the cars started down the grade. Engine No. 51, with Engineer Ferris in charge, was passing from Houghton with a train of portable freight. Brakeman Barry was riding on the pilot of the locomotive. He saw the runaway cars coming down the incline toward him and stopped just in time to save his life. The cars, led by No. 51, broke off the pilot, demolished the headlight and backed the tender back into the forward freight car. The men on the train escaped injury.

#### When a Grocer

gives you Burnett's Vanilla voluntarily, rest assured he is a high-class grocer who is looking out for your interest.

Burnett's Vanilla is as superior to ordinary vanilla as rich cream is superior to skimmed milk.

Remember to ask for it and see for yourself.

#### OPENING OF THE STANDING ROCK AND CHEYENNE RIVER INDIAN RESERVATIONS.

Registration at Mobridge, Lemmon or Aberdeen, S. D., October 4 to 23.

The opening of the Standing Rock and Cheyenne River Indian Reservations in South Dakota and North Dakota in October will give about ten thousand people 100 acres of fertile farming lands for each family. The government has appraised these lands at 50 cents to \$6 per acre.

If you intend to engage in farming or are now farming and wish to change your location, why not register for one of these tracts? You may be successful in the drawing for these lands. The government will take place at Aberdeen on October 26.

The land in the counties to the east of these reservations now sells at \$25 to \$30 per acre.

This land opening will also give you a splendid opportunity to see the wonderful country opened through the construction of the new line to the Pacific Coast, at small additional cost over your railroad fare to points of registration.

Folders regarding this land opening and the country along the new line in South Dakota, North Dakota and Montana, free, of A. Miller, General Passenger Agent, Chicago, Milwaukee & St. Paul Ry., Chicago. (9-15-22-29)

Your complexion as well as your temper is rendered miserable by a disordered liver. By taking Chamberlain's Stomach and Liver Tablets you can improve both. Sold at The People's Drug Store.

## S.S.S. CURES OLD SORES

If an old sore existed simply because the flesh was diseased at that particular spot, it would be an easy matter to apply some remedy directly to the place that would kill the germs; or the diseased flesh might be removed by a surgical operation and a cure effected. But the very fact that old sores resist every form of local or external treatment, and even return after being cut away, shows that back of them is a morbid cause which must be removed before a cure can result. Just as long as the pollution continues in the blood, the ulcer remains an open cesspool for the deposit of impurities which the circulation throws off. S. S. S. cures Old Sores by purifying the blood. It removes every trace of impurity and taint from the circulation, and thus completely does away with the cause. When S. S. S. has cleansed the blood, the sore begins to heal, and it is not a surface cure, but the healing process begins at the bottom; soon the discharge ceases, the inflammation leaves, and the place fills with firm, healthy flesh. Under the purifying and tonic effects of S. S. S. the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be doubly benefited by its use. Book on Sores and Ulcers and any medical advice free to all who write.

Marble is entirely out of date. Granite soon gets moss-grown, discolored, requires constant expense and care, and eventually crumbles back to Mother Earth. Besides, it is very expensive. **WHITE BRONZE** is strictly everlasting. It cannot crumble with the action of frost. Moss growth is an impossibility. It is more artistic than any stone. Then why not investigate it? It has been adopted for over one hundred public monuments, and by thousands of delighted customers in all parts of the country. It has been on the market over 25 years and is an established success. Many granite dealers have bought White Bronze for their own burial plots. I have hundreds of beautiful designs of all grades of work, and want to have you see them if you are interested in a monument, headstone, marker or grave cover. On receipt of a postage card will be pleased to call with designs and samples of White Bronze.

Today's weather: Partly cloudy with probably showers; cooler.  
Yesterday's temperatures: Seven a. m., 52 degrees; noon, 57; 7 p. m., 52; maximum, 59; minimum, 51.  
Dr. R. W. Boyer has returned after an absence of ten days in Chicago.  
The Ladies' auxiliary to the A. O. U. will meet this afternoon in Baraga Hall to sew for the fair.  
Mrs. Joseph Seifert has returned to her home in Duluth after visiting with her parents Mr. and Mrs. Peter Frimman.  
Miss Irene Cornell left for Ann Arbor last evening, where she will complete the literary course at the university this year.  
Mr. and Mrs. John Dooley left last evening for Milwaukee, where Mr. Dooley will receive treatment at the Hanover hospital.

J. B. Furst and daughter, of Lock Haven, Pa., are guests at the home of N. G. Dellaas, and will leave this evening to visit in Denver, Col.  
J. H. Primeau, Jr. will leave Friday for Ann Arbor, to continue his studies at the university. "Joe" says that he has not decided not to play football this fall.  
All Marquette Odd Fellows are requested to meet at Fraternity Hall tonight to make arrangements to attend the dedication of the new lodge rooms of the order at Islepening Friday night.  
Miss Louise Rushmore, who last year taught school at Iron Mountain, has entered a dramatic school at Chicago, to study for the stage. She is also doing some work at the Chicago Conservatory of Music.

Miss Anna Demaris, of West Fisher street, was given a surprise party last evening by a company of thirty-five of her friends. The evening was spent very pleasantly, with cards and music. A toothsome lunch was served.  
The Marquette baseball team will play the prison team at the prison Thursday afternoon. As the prison team has recently defeated Negaunee and played to a tie with Marquette, they will likely win without the hardest kind of a struggle.

Died at St. Mary's—Stanley West, aged seven, died at St. Mary's hospital yesterday, where he had been brought eleven days ago, ill with bowel trouble. The remains will be taken to Au Train for funeral and burial.  
Island Still Popular—Quite a large number of people may be seen at Fraspise every pleasant day, even though the autumn winds make it too cool for comfortable picnicking or sitting on the benches. Realizing that winter and snow is not far distant, many are paying visits to Nature's beauty spot while it is still beautiful with the dying verdure of summer.

Address by Judge Stone—The Queen City Commercial club has secured the consent of Judge Stone to address the club on the evening of Oct. 20. At a recent meeting it was decided to have special programs at future meetings of the organization, in order that more interest might be aroused. The meeting to be addressed by Judge Stone will be the first of that class.  
Guild Hall Football—A football meeting will be held at the Guild hall at 5:15 this afternoon. All candidates for the Guild Hall team and any others interested are requested to be present. The new football field on the Longyear property is now in condition for practice and football is to be taken up in earnest. A game will be played between the Guild Hall and the Normal eleven Saturday, Oct. 9.

District Officers Elected—The eleventh district convention of the Woman's Relief Corps, which was held in Keough's Hall Monday and Tuesday, closed yesterday, after the following district officers had been elected: President, Emma Ferris, Marquette; senior vice president, Alice Walters, Escanaba; junior vice president, Aranda Burbank Iron Mountain; chaplain, Mary McNameara, Marquette; treasurer, Ida Meisler, Crystal Falls; secretary, Mary Fastwood, Escanaba.  
Belmore Bay Meeting—A meeting of the directors of the Belmore Bay Mining company was held at O. A. Laurier's office yesterday afternoon, which was attended by Joseph Barabe of Negaunee, B. G. Elliott of Munising, C. A. Barabe of Ishpeming and Dr. Z. Vadnais of Marquette. Five directors were absent. Plans were discussed for wiping out the debt which stands against the company, but final action was delayed until a meeting to be held Oct. 12, at which it is expected the full board will be represented.

Prohibition Lecture—Bills were posted yesterday evening that Hon. Fred W. Corbett, talked of as the Prohibition candidate for next governor of Michigan, would speak at the city hall next Sunday evening on the liquor question. The bills were captioned "Make Michigan Dry in 1910" which was sufficient to make people sit up and take notice. Mr. Corbett has the reputation of an effective prohibition worker, and his coming at this particular time is probably, at least in part, for the purpose of stirring up interest in the coming county local option campaign.  
Remarkable Scenic Picture—A scenic picture of particular excellence will be offered at the Bijou today. The film portrays in a vivid manner the Twin Falls country in southern Idaho, which is a locality of wonderful scenic beauty, out of the regular tourist's course. The film shows the head waters of the Snake river, the Twin Falls, Shoshone Falls, Perrine Cascade, Thousand Springs, Great Snowbank spring and other points of interest. The camera man, who visited these scenes in the early summer of 1908, has been in obtaining some of the views and from an artistic standpoint, the film cannot be excelled.

Many Attending Normal—The enrollment at the Normal school up to last evening was 235, which is a larger number of students than attended at any time last year. Last year about fifty students enrolled after the second day of the term, and if the same is true this fall, there will be a much larger attendance than ever before at a fall term. The proportion of men students is said to be somewhat larger than usual and President Kaye expresses himself as delighted with the class of students that have matriculated. The Normal has started out with rosate prospects for a most successful year's work.

**WELCOMED BACK TO CITY.**  
Delightful Reception Tendered Rev. and Mrs. Maywood Last Evening.  
Rev. and Mrs. Ames A. Maywood were enthusiastically welcomed back to Marquette at the reception held in the Methodist church parlors last evening. Mrs. Maywood is entering upon his sixth year of service as pastor of the Methodist church and it was only after united and persistent effort that the bishop was prevailed upon to again assign him to this charge, as five years is usually the longest period that a Methodist pastor is allowed to remain with the same church. In view of the fact that several of the Detroit churches wanted Mr. Maywood, his return to Marquette is particularly gratifying.  
The reception last evening was largely attended, not only by members of the church, but by the general public, all of whom expressed their delight that Rev. and Mrs. Maywood were to remain in Marquette another year. The reception was held in the church parlors and in the receiving line were: Mr. and Mrs. D. W. Powell, Mrs. Maywood, Mrs. E. R. Downing, Mr. Maywood and F. M. Moore.  
The formal welcome of the church to their pastor was expressed by Dr. E. R. Downing, who spoke briefly on the universal delight of the members of the church and the people of Marquette in that Mr. Maywood was not to take another pastorate. All of Dr. Downing's remarks pertaining to Mr. Maywood's popularity were enthusiastically applauded.  
Mr. Maywood spoke feelingly and his words rang with sincerity as he expressed the delight of himself and wife in being returned to Marquette another year. After referring in a semi-humorous way to some of the inner workings of the conference, he declared that nothing could have suited him better than to come back to this beautiful city to remain with its fine people, at their so urgent request.  
Instrumental music was rendered before and after the short program, following which refreshments were served.

**INSURE WITH PETER WHITE & CO.**  
**THEATRICAL.**  
"The Great Divide" Tonight.  
"Cancel all engagements to take in 'The Great Divide.' It is the best yet." This was the telegram received Monday by a Marquette society woman from a friend in Duluth. Local playgoers who have seen the play in New York voice the same sentiment and declare it one of the best productions that will be seen in Marquette this season. This great play will be presented at the opera house tonight, having but recently come from a two years' run in New York, where it has received almost unprecedented praise from both the press and the public. The road tour is under the direction of Henry Miller, whose name is inseparably linked with the success of the play. The cast was selected by the famous actor-manager with great care, and the production which will be seen here is an exact duplicate of the New York original. "The Great Divide" has been pronounced by many critics to be the "long awaited 'great American play.'" No other drama has so well reflected the manhood, the freedom, the honesty, and the indomitable spirit characteristic of the people of our great country. With the first two acts laid in Arizona and the third in Massachusetts, there is offered in contrast two of the most vigorous and progressive sections of the land. The story of the play represents a conflict between the free, untrammelled spirit of the West and the traditions and conventionalities of the East. It tells the romance of an Eastern woman and a Western man, whose union was strange and whose life together was dramatic. Written by Wm. Vaughn Moody, the foremost of America's younger poets, "The Great Divide" possesses literary qualities rare in plays of today that are satisfactory from an acting standpoint. The story is told in marvellous, picturesque prose illuminated by a glowing virile imagination. That "The Great Divide" is to be seen here soon after its New York triumph is a matter upon which local patrons of the drama are to be congratulated.

Have you used World's Fair Coffee if not, why not? Hathway has it at the market.

there is no excuse for any one not saving a part of his earnings. You will not always be able to earn as much as you are earning today.

Marquette National Bank

MARKETS

NEW YORK STOCKS.

Paine, Webber & Co.'s correspondent at New York yesterday telegraphed as follows: "Without the usual rumors of pending deals, segregation plans, etc., the stock market today displayed remarkable strength, with advances general."

The final quotations follow: Amalgamated... 83 1/2 Northern Pac... 156 1/2 Anaconda... 49 1/2 N. W. ... 17 1/2

Butte's Output Increasing. The increasing production and accumulation of copper does not appear to worry the Amalgamated and associated companies in the Butte district.

Financial Leaders Are Unable to See the Ultimate Result of His Death on His Great Properties - Transfer to the Morgan Interests Is Doubtful.

New York, Sept. 28.—It is apparent to any one who is brought into close touch with some of those who are called the leaders in the world of finance and of important corporate management, that they are now at sea so far as the ultimate results consequent upon the death of Mr. Harriman are concerned.

EXTRADITION IS REFUSED. Des Moines, Ia., Sept. 28.—Governor Carroll today refused to extradite Isaac Feldman, wanted in Boston on the charge of failing to support his family.

A REMARKABLE RECORD. The announcement is made by the Chicago & North Western Railway that for the year which ended June 30, 1909, 27,000,000 of passengers were carried.

MIAMI. The latest reports from the Miami are to the effect that a force of about 300 men is now at work in the various departments. The blocking out of the ore bodies is being continued and grading for the new concentrating plant is almost finished.

COPPER METAL PRICES. New York, Sept. 28.—The market for standard copper on the New York Metal exchange today was easy and lower on the average, but no sales were reported.

CHICAGO GRAIN MARKETS. Chicago, Sept. 28.—Wheat advanced from 1 1/2 to 2 1/2 today on buying based on the brisk demand for cash grain at all the important centers in this country.

WHEN DINNER IS OVER LA VERDAD CIGARS compose the smoker's next course. They are fitting climax to an elaborate banquet or a simple home meal.

DRY HARDWOOD. Two dollars per cord in two-cord lots. F. R. SPEAR & SONS.

NOTICE. JOSEPH ZALK. You will save dimes and dollars by calling at 222 S. Third St., between railroad tracks and Spring St.

Marquette County Savings Bank SAVINGS BANK BUILDING, MARQUETTE.

COMMERCIAL SAVINGS AND FOREIGN EXCHANGE DEPARTMENTS. OUR SAVINGS DEPARTMENT is not restricted in the scope of its patronage.

1.—The young folks with their small savings. 2.—The breadwinner, striving to accumulate a fund to procure a home, or a competency for old age.

3.—The well-to-do, for the convenience afforded and the income provided. 4.—Those with idle funds awaiting other investment.

Special attention to BANKING BY MAIL. Send a postal for booklet

YORK CENTRAL BOARD WILL NOT BE FILLED UNTIL JUST BEFORE THE ANNUAL ELECTION NEXT WINTER. Mr. Harriman was elected a director of the New York Central some nine months ago, and it was said this morning that he was able to attend but two meetings of the board.

SIX DIE IN TRAIN WRECK. Chicago, Sept. 28.—The following persons were killed in the wreck of a Pan Handle train near Chicago last night: H. Potter, Dion Lake, Don Seilinger, Fayette, Jacob Motz, Kuhn, Fred Koch, Dickinson, John Poole, Wivona, W. Stevenson, Livingston, Mont.

EXTRADITION IS REFUSED. Des Moines, Ia., Sept. 28.—Governor Carroll today refused to extradite Isaac Feldman, wanted in Boston on the charge of failing to support his family.

### DEATH OF LUDVIG ERICKSON.

Popular Young Ishpeming Man Passed Away Yesterday After Short Illness.

Ludvig A. Erickson, son of Louis Erickson, the contractor, died yesterday morning at the family home, 628 East Ridge street. While the deceased had not enjoyed the best of health for more than a year past, he had been confined to his home less than three weeks. About a year ago he suffered an attack of severe illness, from which he never fully recovered.

The deceased was born and reared in this city and was associated in the contracting business with his father and brother, John. He was twenty-five years of age. The funeral will be held Friday afternoon at 2 o'clock from the Swedish Lutheran church.

After Dinner Sale today at 2 o'clock Real Linen Torchon Lace, yard, 6c. (9-29-1d) JOS. SELLWOOD & CO.

### TO OPEN NEW MINE.

Pickands-Mather Co. Has Property Near Eveleth.

The Pickands-Mather company of Cleveland has started stripping work at a new mine to be opened near Eveleth, Minn. Two steam shovels have been put to work at the property, which is to be operated by the Virginia Mining company. The property is less than two miles northwest of Eveleth.

It is reported that the stripping contract is one of the largest that has been let in the Minnesota field in some months, as it will call for the removal of the overburden on the entire forty-acre tract. It is said that the ore extends not only over the forty, but also into adjoining lands, and it is proposed to remove the greater part of the overburden before beginning mining operations with the steam shovels. The shovels will be run night and day, and it is expected that within a few months from 150 to 200 men will be employed. The fee of the tract is owned by Marshall Alworth of Duluth, who is to receive \$1.25 a ton royalty, the highest royalty yet paid for iron ore on the Mesaba range.

New "Superior" Silk and tailored waists, \$1.75 to \$6. See the window. (9-29-1d) JOS. SELLWOOD & CO.

### PLAYS ALL NEXT WEEK.

Wellknown Stock Co. Will Hold the Boards for Six Nights and Matinee.

The Dougherty Stock company, one of the best popular priced attractions that has visited the upper peninsula theaters in recent years, has been secured for all next week at Ishpeming theatre. The company will play at popular prices, ten, twenty and thirty cents, and will offer a strong line of comedy dramas, introducing specialties between the acts. On the opening night one lady will be admitted free with the holder of a paid thirty-cent ticket. The offering Monday night will be a comedy drama, entitled "A Quaker Tragedy." The play is said to have a beautiful love story and a strong plot.

The Eau Claire Press said of the company's opening night's engagement at the Eau Claire Opera House: "The Dougherty Stock company opened a week's engagement last evening at the opera house and long before the evening was far advanced people were standing. The unusually large crowd which attended was more than pleased with the entertainment. The play, 'A Quaker Tragedy,' is a strong emotional drama with an abundance of good comedy. It was well staged and played by a competent company. The specialties were notably good and brought forth much applause. Indications are that the company will draw good houses all the week."

### WEDNESDAY AT 2 P. M.

DON'T FAIL TO ATTEND THE OPENING CLASSES.

CHANGE FOR EACH DAY.

Free Baking School in Vacant Store Dundon Building—Every Lady in Ishpeming and Vicinity Invited.

The K C free baking school promises to be the best ever witnessed in Ishpeming. Miss Goggin will illustrate for talks with practical baking tests. She shows in an easy, simple manner how to have perfect results with least time, material and labor expended.

The receipts used are by Mrs. Janet McKenzie Hill of the Easton cooking school. All receipts are practical and so thoroughly tested that they are known to be absolutely correct.

Classes from 2 to 5 p. m. beginning Wednesday and continuing for a limited time.

Each day there will be a change in the dainties prepared and every class will be of special interest.

The room is large and plenty of chairs will be placed for the comfort of everyone.

Don't fail to attend the opening class at 2 p. m. Wednesday.

At Wednesday's class Miss Goggin will bake and serve the following dainties: Ribbon cake, late muffins, tea cakes and peanut cookies.

Don't miss asking the representative of K C Baking powder, who call to see you, to show you the "Cook Book." It is not like anything you have ever before seen.

Have your piano tuned now. M. J. Olson, the piano tuner, will remain in this city during the summer months. Orders taken at Wm. Leininger's store. (6-28-1f)

### EXPERTS AIM TO FIND NEW WOOD FOR PULP

FEDERAL FOREST SERVICE HAS DECIDED TO ERECT A WOOD TESTING PLANT AT MADISON, IN CONNECTION WITH THE UNIVERSITY OF WISCONSIN.

Upper peninsula timber owners and jobbers will be interested in the announcement that the federal forest service has decided to merge its several wood testing plants into one station at Madison, to be conducted in connection with the University of Wisconsin. The proposed plant will be the largest of its kind in the world and it is expected that the experiments will bring out many facts of material benefit.

The proposed consolidation will cause the abandonment of the wood-testing station which the federal government is now operating in connection with the universities of Colorado, California and Washington and also at the Indian state agricultural college at Purdue and Yale university and the pulp laboratory at Washington.

The expense of erecting the new wood-testing plant at Madison is being borne jointly by the federal government and the University of Wisconsin. The former will equip the building with its own apparatus at a cost of \$60,000, and the university's building expense will be \$50,000. It will be about four months before the plant is ready for operation. The government employees in the plant will number fifty to sixty men.

The timber for the exhaustive experiments that are to be made at this plant will be gathered from all parts of the world. Particular attention will be paid to native woods. Special efforts will be made to discover practical commercial uses to which wood waste may be put in the way of manufacturing by-products.

One feature of the experiments that promises important developments is that of finding if a serviceable paper pulp cannot be manufactured from other woods than spruce. The federal government made a special appropriation of \$10,000, which is available for this paper pulp experimental work.

The matter of prolonging the usefulness of railroad ties and telegraph and telephone pole will also receive much attention.

The most stupendous Torchon Lace values we have ever offered at this After Dinner sale; yard, 6c. (9-29-1d) JOS. SELLWOOD & CO.

### DIED AT BOULDER, COLO.

Word was received yesterday from Butte, Mont., that Patrick Powers, a former Ishpeming man, died recently at Boulder, Colo. The deceased, who left Ishpeming about ten years ago, is remembered by many here, as the family among the older residents of the Cleveland location. He was thirty years of age. He is survived by five brothers, Daniel, Walter, Thomas, Michael and William, also three sisters, Alice, of Butte; Sister Bernadette of Auckland, New Zealand, and Sister Verina of St. Louis. The funeral was held Saturday morning from St. Patrick's church at Butte.

Wool and cotton blankets, comforters and outings. Assortment second to none. (9-29-1d) JOS. SELLWOOD & CO.

### ACTRESS TO LECTURE TODAY.

Miss Hortense Nielsen will lecture this afternoon at 1:30 o'clock in the auditorium of the high school, taking as her subject, Ibsen's works. She will be seen tonight at Ishpeming theatre in Ibsen's masterpiece, "A Doll's House." She brings to the city the same cast that supported her last season in Chicago, Milwaukee, St. Paul and other large cities.

18 inch corset cover embroidery this afternoon at 2 o'clock; yard, 15c. (9-29-1d) JOS. SELLWOOD & CO.

Chamberlain's Colic, Cholera and Diarrhoea Remedy is today the best known medicine in use for the relief and cure of bowel complaints. It cures griping, diarrhoea, dysentery, and should be taken at the first unnatural looseness of the bowels. It is equally valuable for children and adults. It always cures. Sold at The People's Drug Store.

### ISEPEMING IN BRIEF.

George Platto, son of Captain Frank Platto, is confined to his home with pneumonia.

Parter J. White's company produced "Fame" last evening at Ishpeming theatre to a fair sized audience. The entertainment was favorably received.

Miss Laura McEnroe spent Sunday in the city, visiting her mother, Mrs. J. McEnroe, and other relatives. She was accompanied by her aunt, Mrs. Thomas Martin of Crystal Falls.

Will and George Novett left last evening for Ann Arbor to enter the university. Will has spent the past two or three years there, but George was a student at the Marquette Normal last year.

Columbus Day, Oct. 12, is, under the new law, a legal holiday, but the provision is made that it shall not affect the courts or banks. It is assumed from this that the schools, library and post-office will be closed, but the board of education has not yet taken the matter up.

Charles Lundström, who gave up the position of operator of the linotype machine at the Iron Ore office last spring to accept a position as chauffeur at Gary, Ind., has returned to his former position here.

**Negaunee Department**

**NICHOLAS LAUGHLIN HAS PASSED AWAY**

NEGAUNEE'S OLDEST MERCHANT AND ONE OF THE CITY'S MOST INFUENTIAL CITIZENS DIED YESTERDAY, FOLLOWING AN ATTACK OF APOPLEXY.

Negaunee people were greatly shocked yesterday morning to learn of the unexpected demise of Nicholas Laughlin, the city's oldest business man, and for more than forty years past one of its most influential citizens. Although Mr. Laughlin had not been in good health for a year or more, he had been looking after his business as usual, and he spent Monday at his store. That evening, while amusing his grandchildren, he suffered a stroke of apoplexy, which was the cause of his death.

There was perhaps no man in Negaunee more highly esteemed than the deceased and expressions of regret at his death were heard on every hand yesterday. Many of his old friends and associates paid glowing tributes to his ability, integrity and loyalty to his town and people.

Mr. Laughlin was born in the County Kerry, Ireland, April 2, 1845. At the age of thirteen years he was so far advanced in his studies that he was appointed assistant teacher, and at the time of his death he still held in his possession a certificate given him after he had passed the school examinations in his native town, when he was but thirteen and one-half years of age.

When Mr. Laughlin came to this country he planned to follow the teaching profession and upon his arrival in Negaunee in 1865 he applied for the position of teacher in Negaunee's only school, at the meeting of the board of education in September of that year. William P. Healy, a pioneer lawyer and politician of this region, was then one of the city's influential citizens and he secured the position for his sister. Mr. Laughlin then accepted a place at the Jackson mine, where he remained for six months. He then took a position as clerk in John Hogan's store, which was located at that time there was but one brick building in the city.

In July, 1870, Mr. Laughlin became established in business at the stand now occupied by his general mercantile store. Four years later the building and entire stock was destroyed by fire. A new building was erected and within five months was opened for business. The most notable addition to his store was made in 1882, when, in conjunction with Mr. Pearce, he put up the present large brick block.

Held Many Positions of Trust. Mr. Laughlin was elected township clerk before the city was incorporated and held the position until 1872. In the election of that year he was made city recorder and held that office for ten successive years. He was justice of the peace for six years; was supervisor of the first year the city was incorporated and held the office of city treasurer during 1880, 1880 and 1891. In all of these positions Mr. Laughlin performed his duties with ability.

The deceased was an advocate of good schools and he was proud of the new high school building, completed last spring. He was treasurer of the board of education until the conclusion of his last term, and he and Dr. J. H. Andrus were re-elected without opposition. Mr. Laughlin was first elected to membership on the board thirty-five years ago and this year entered upon his twenty-second year of service. Mr. Laughlin's judgment as to the qualifications of teachers was unexcelled and his associates on the board had the greatest confidence in it.

Besides being a business man of ability, Mr. Laughlin was generous and kind hearted. He befriended many poor people and was esteemed and beloved by all classes. The other business men of the city had always looked up to him on account of his having established and maintained one of the city's most important and substantial mercantile enterprises. While the McDonald business was established a few years before Mr. Laughlin engaged in merchandising on his own account, the deceased was in the business more years than the late Mr. McDonald, whose business is still being carried on by his son.

In politics Mr. Laughlin was an uncompromising Republican and was elected to most of the city offices he held by that party. He was many times honored with appointments as delegate to state and county conventions. He cast his first presidential vote for U. S. Grant in 1868.

Mr. Laughlin was married July 31, 1873, to Miss Bridget Manning, a native of Canada. To this union were born seven children, three of whom, Nicholas Laughlin, Jr., Mrs. Edward Barabak and Miss Emma Laughlin, survive. Mrs. Laughlin died in 1883, after a brief illness.

The funeral will be held tomorrow morning at 9 o'clock from St. Paul's church.

**LAROCHELLE BURNED OUT.**  
 Princeton Business Man Lost Block and Greater Part of Stock.

Joseph Larochelle's business block at Princeton, together with the greater part of its contents, was destroyed by fire at 3 o'clock Sunday morning. Mr. Larochelle was in the city yesterday on business pertaining to the insurance, which is held by the First National bank agency.

Mr. Larochelle has no knowledge of how the fire started, but is of the opinion that a smoldering cigar stub thrown in the stairway leading to the hall on the second floor caused it. The Finnish band of Princeton conducted a dance there Saturday night. There was no sign of fire at 12 o'clock, when the dance broke up. When it was discovered Mr. Larochelle could see that it had started in the stairway. He said that this was about the only place that fire would have gotten a strong hold, as the remainder of the interior, also the exterior, was covered with sheet iron.

Mrs. Larochelle heard the cracking of the flames and saw the blaze from her bedroom window. She called Mr. Larochelle, who ran from his house to the block, forgetting his keys. He kicked in the back door and rumped some of the fixtures, and Mrs. Larochelle telephoned to No. 1 engine house. The fire whistle soon brought the members of the Princeton department to the scene. Before their arrival Mr. Larochelle succeeded in getting out a valuable Regina music box, also his cash register, but practically all of the bar fixtures and most of the stock were destroyed. Two pool tables were taken out by the firemen. The building was almost completely destroyed, but Mr. Larochelle gives the firemen great praise for saving his dwelling and ice house, which for a time he feared would also go down.

Mr. Larochelle estimates his loss at something over \$4,000. He had \$2,000 insurance on the building and \$1,000 on the stock and fixtures. He intends to rebuild as soon as he can complete arrangements to that end. The new structure will be about the size of the old one.

**ITALIANS TO CELEBRATE.**

Members of Negaunee Societies Will Observe Columbus Day.

At the regular meetings of the Italian societies Sunday, it was decided to celebrate Columbus day, Oct. 12. Committees were appointed to arrange a program and complete other arrangements. It has not yet been decided what the nature of the celebration will be, but it is understood that there will be a parade in the morning and a dance in the evening. The mayor and other members of the council will be invited to occupy carriages at the head of the procession, and a band will be engaged to furnish music.

The societies here have decided not to send representatives to Iron Mountain on Columbus day, when a grand lodge is to be organized. In view of the celebrations to be held here and in the copper country it is thought that the meeting at Iron Mountain might better be postponed until a later date.

**TRAVELING MAN SERIOUSLY ILL.**

J. C. Rice, representing Zimmerman Bros., a Milwaukee house which does considerable business in this county, was taken seriously ill Saturday at the Breitung house. He did not call a physician until Monday morning, when it was found that he was suffering from a bad attack of appendicitis. He was sent to his home that night, and it is assumed that he was operated on yesterday afternoon in a Milwaukee hospital. The management of Mr. Rice's firm, also his wife, were notified by wire of his condition. Mr. Rice is well known in this region, as he has traveled here for the past ten or twelve years.

**GRADING SCHOOL GROUNDS.**

The grounds surrounding the high school building will soon be graded. As the building stands up some feet above the street grade, it is necessary to raise the surface of the lawn some five or six feet close to the building on the north and east sides. The sloping effect will be attractive, but there will not be much room for play grounds.

**LOCAL LACONICS.**

Godfrey Trochoud is having the east side of his business block reentered.

L. Ross, representative of H. Ritter & Co., of Detroit, called on his patrons here yesterday.

George Rodell, conductor on the street railway line, is off on his vacation. J. E. Baueroff is filling his place.

D. Fred Charlton, the architect, was here yesterday from Marquette looking over the work at the new fire hall.

A daughter was born Wednesday to Mr. and Mrs. A. J. Carr at the home of Mrs. Carr's parents, Mr. and Mrs. S. S. Pearce, in this city.

John Downey, formerly a passenger conductor on the South Shore line, who is now traveling for J. L. Walton, the Marquette tailor, was in the city yesterday.

Clark Kirkpatrick and bride arrived here yesterday from their honeymoon trip to Chicago, Milwaukee and other points. They will leave in a few days for Kellifer, Minn., their future home.

A crew of men began work yesterday on Park street, which is to be macadamized. The rock crusher was given a trial run Saturday and it worked satisfactorily. Men are now at work blasting rock to be crushed for the Park street job.

A soft answer may turn away wrath but it seldom removes hard feelings.

**A Reliable Remedy CATARRH**  
 Ely's Cream Balm is quickly absorbed. Gives Relief at Once. It cleanses, soothes, heals and protects the diseased membrane resulting from Catarrh and drives away a Cold in the Head quickly. Restores the Senses of Taste and Smell. Full size 50 cts., at Drugists or by mail. In liquid form, 75 cts. Ely Brothers, 66 Warren Street, New York.

**ISHPEMING**  
 ISHPEMING IN BRIEF.  
 Mrs. Jeffrey Marchand of Escanaba was in the city yesterday.  
 George Hayden left Sunday evening for Cornell University.  
 Miss Winifred Cooley left last night for the Chicago University.  
 Mrs. Eugene G. St. Clair of Iron Mountain is the guest of Mr. and Mrs. F. P. Tibbott.  
 Miss Ella Davis is here from Oconto, Wis., visiting her sister, Mrs. H. G. O'Keefe.  
 Mrs. John Martin left Sunday for Duluth, where she will spend three or four weeks visiting relatives.  
 Mrs. Max Barber entertained a small company of ladies in honor of Mrs. Brett of Milwaukee, on Monday afternoon.  
 Mr. and Mrs. Harry Hulst entertained a few friends at cards Saturday evening last, in honor of Mrs. Hulst's parents, Mr. and Mrs. Brett, of Milwaukee.  
 B. D. Fathrick of Chicago, for many years with the land department of the Chicago & Northwestern road, was the recent guest of Dr. G. G. Barnett and family.  
 Ishpeming friends of the late Nicholas Laughlin, the veteran Negaunee merchant, were grieved yesterday to learn of his death, which occurred after a few hours' illness.  
 Mrs. Richard Matthews left Monday for Calumet to visit friends. She was accompanied by Mrs. Joyce Goldsworthy of Ely, Minn., who has been a guest at the Matthews home the past week.  
 The officers of Hematite camp of the Modern Woodmen of America plan to have the Woodmen's hall in the Anderson block, also the dining room, rewired and provided with new electric lights. The chandeliers will be removed and the lights will be placed in the ceiling. Ten-stem lamps will be installed. The camp recently took a new lease of the hall for a period of three years.  
 Mrs. L. Rushmore of the Marquette Normal will take part in the Farm-Ste-Kimie concert, to be given tomorrow evening at Ishpeming theater for the benefit of the Presbyterian church. The advance sale of reserved seats will open this morning. Those who have purchased tickets from the ladies of Mrs. Raisky's division may have them exchanged at the box office without extra charge.  
 The Cable Piano company has decided to open a store in Marquette after closing out the Ishpeming store early next month. W. J. Locher, who has managed the company's business in the county for the past two or three years, will be transferred to Marquette. He will be accompanied by Miss Jennie Johnson, who has been employed in the Ishpeming store.

**FROM MORGAN'S CURB LETTER.**  
 The New York list opened higher this morning, and those stocks which displayed any activity advanced steadily during the day. Steel common touched another new high mark going to 89 1/2. At the other steel and equipment stocks, shared in the advance, and higher prices are predicted for stocks of these classes. The leading rails were all active and all advanced. Amalgamated and Anaconda opened higher and while firm, failed to improve much on the opening figures.  
 The Boston copper did not sympathize with the strength in New York, most issues being slightly weaker, while the others just about held their own. There was no special feature a fair volume of trading being pretty well distributed. The carb market was fairly active and trading well distributed, though prices were but slightly affected. Chief Consolidated was in demand at 17-18. There was considerable trading in Cumberland Ely, Davis Daily, First National Copper, Indiana, National Exploration, Ohio Copper and Calumet & Montana. There are many bargains in these curbs at this level.  
 Of all the commodities of importance copper metal has as yet benefited least from the business revival, and as copper is a prime necessity in commercial development and expansion it must certainly share sooner or later in the general rise in prices. There is no safer nor more profitable field for investment than good copper stocks at present prices.  
 Yesterday's prevailing prices were:

|                     |          |           |          |           |          |          |
|---------------------|----------|-----------|----------|-----------|----------|----------|
| Ahmec               | .. . . . | \$225.00  | .. . . . | Asked.    | .. . . . | \$240.00 |

### LAKE VESSELMEN NOT INCOMPETENT

RETIRED CAPTAIN DECLARES THEY ARE NOT DEFICIENT IN KNOWLEDGE OF COMPASS.

### ACCIDENTS DUE TO HASTE

Masters Sometimes Reckless, Owing to Desire of Their Employers for Boats to Make Quick Trips.

"The great lakes vesselmen are the hardest working, most conscientious and poorest paid navigators in the world," declared a retired lake captain yesterday, in reply to the statement that lake pilots are lacking in their knowledge of the compass. "Such a statement is an unjustifiable criticism of the masters and vesselmen on the great lakes," he continued. "While they may not be navigators in the salt water sense of the term, they have all the knowledge of the compass that is necessary and the wonder is that wrecks are not more numerous, considering the difficulties they have to contend with."

"In the first place, sailing on the great lakes is a very different proposition from sailing on salt water. In fog or rough weather, the sea vesselman has plenty of room to keep away from rocks and shoals where the lake vesselman often has but a single, difficult course that he can pursue. In going up and down the lakes the irregular shore line necessitates the pilot continually changing his course, whether the weather is good or bad. The government charts provide cut-in fog courses which are followed as carefully as possible in thick weather. These charts are presented by the government to every vessel, and are extremely accurate, showing not only a reasonably safe course but the compass deviation at every point. All vessel masters and vesselmen know how to use and read the compass, and can follow the fog course for it."

**Ocean Vessels Easier to Steer.**  
"Again, the waves on the ocean are much longer and regular than on the lakes. The sea vessel responds regularly to every swell while the larger lake boats may be in the throes of two or three waves at the same time. This makes the lake vessels much the harder to steer. The keels of lake vessels from how to stem are nearly straight, while those of ocean steamers usually bend downward toward the middle, the latter construction making the ocean vessels of greater draft but better able to ride a heavy sea."

"The principal reason for the large number of accidents is that the masters are continually being prodded by vessel owners to get their boats up and down the lakes quickly. Every quick trip usually means a feather in the cap of the captain. For this reason, the masters often take too great chances, and run too fast in thick weather and when passing other boats. Two or more captains often race to get to the dock first,

which usually means landing safely to speed, and the fellow who wins proved he makes the trip without accident, is a favorite with his employers. It is not fair to accuse the lake sailors of incompetency, for, as a rule they are men thoroughly trained and fully equipped for the difficult work they have to do."

Whatever may be the reason, this has been a most disastrous season for the lake marine underwriters up to date, for, according to a record kept by one of the local lake men, nineteen ships have been sunk, six destroyed by fire and several others badly damaged by grounding and going ashore at various points along the great lakes.

**Nineteen Boats Sunk.**  
The boats that went to the bottom were the steamer Eber Ward in May in the Straits of Mackinaw; in April the Aurania in Whitefish bay; tug Floss in Lake Erie with her master and crew; George Nestor off Baraga, Lake Superior; Russia in Lake Huron; Adelia Shores, Whitefish Point, May 9; W. P. Thew, sunk by the James E. Davidson in Lake Huron; schooner John Schuette, sunk by the Alfred Mitchell in the rivers in July; Senator, sunk by the Newman B. Keown off Detroit; Cadillac, sunk by the George L. Craig, Aug. 1 in the St. Clair river; Collingwood sunk in the Detroit river, Aug. 24; John Pringle, Jr., sunk in Lake Erie, Sept. 18; steamer Lackawanna, sunk in collision with the barge Christain off Point Edward, Aug. 18; Crescent, sunk by the Perry G. Ell Ceuvion, the trucker, is taking up the work of Mr. Orchard to remove garbage. If you will give me a trial, call me up. Bell phone, 438-J. 6-7-11

### LOCAL OPTION WORKERS HAVE GREAT HOPES

ABOUT 500 MORE SIGNERS TO PETITIONS ARE NEEDED, IT IS CLAIMED, AND 1,000 CAN BE OBTAINED.

According to one active in the circulation of the petitions asking for a local option election in Marquette county next spring, about two-thirds of the ground has been gone over and in the neighborhood of 2,000 voters have signed the petitions to date. Of that number between 300 and 400 reside in Marquette, it is said, and the city has not been thoroughly worked as yet. The county committee expects to secure at least 2,000 signers to the petitions before they are posted and filed with the county clerk by him to be presented to the county board of supervisors. It is hoped to have the petitions ready to present at the December meeting of the county board.

The local option law provides that the petitions may be presented at any regular meeting of the board of supervisors, after the preliminary requirements have been fulfilled. These requirements are that the names of the signers in each ward or election precinct shall be posted in three conspicuous places in that ward or precinct for at least ten days before the petitions are filed with the county clerk. It is the duty of the county clerk to present the petitions so filed at the next regular meeting of the county board.

As was generally expected, a larger proportion of the voters in the rural districts have expressed their willingness to sign the petitions than in the cities and larger towns. In one township it is claimed that all but two of the qualified voters have affixed their signatures to the petitions. In Ishpeming and in Negaunee the persons circulating the petitions express themselves as well pleased with the result of their labors, but in Marquette the sentiment in favor of county prohibition does not seem to be strong.

Some of those who signed the petitions are said to have since expressed a desire to have their names taken off, but according to the county clerk the law provides no way by which a signer may later have his name erased from the petitions except by consent of those circulating them. However, this is a matter which the courts may be called upon to settle.

The law provides that before the county board is authorized to call a local option election, the petitions must be signed by at least one-third of those voting in the county at the last regular election. As there were 2,512 votes cast for governor in Marquette county last fall, it appears that those circulating the petitions must obtain at least 2,500 qualified signers if a local option election is to be held. This the leaders of the county prohibition movement declare they will easily be able to do.

The regular Wednesday night bon-givon by the Modern Brotherhood of America will be held at Legion Hall tonight. Music by Peerless orchestra. 2c. (9-29-11)

Three highest awards at three World's Fairs—What? World's Fair Coffee at Hatway's market.

### Think It Over

No power on earth can compass our defeat if we think right. It is safe to say men do not think with their feet, but as a matter of fact—and you will agree with us in this—no man can think right when his feet are in wrong. Step into a Hanan, Copeland & Ryder or Regent Shoe. Then you're in right.

Box Calf, Gun Metal, Velour, Oil Grain Vici, Kangaroo and Pat. Leathers in

Hanan Shoes ..... \$6.00 to \$6.50  
Copeland & Ryder Shoes ..... \$5 to \$6  
Regent Shoes ..... \$3.50, \$4, \$5  
World Known Shoes ..... \$2.50  
Dayton (Brotherhood) Shoes ..... \$3.50 to \$5  
Hard Pan Shoes ..... \$2.75 to \$3.50

### Boys' Shoes

The Holland, Walton, Jefferson and Regent in all qualities and lasts.

Hanan, Copeland & Ryder and Wright's "hand made" Cruisers

\$3.50 to \$7.50

### Full Line Work Shoes

What an amount of foot comfort is represented in above lines. Think it over and you will know when to buy Shoes for yourself or your boys.
