

ARCTIC DISPUTE WILL DRAG ALONG

Cook's Refusal to Submit His Data at Once to a Competent Scientific Body Stands in the Way of an Early Adjustment.

While Peary Is Willing and Anxious to Comply With This Condition, His Rival Persists in His Determination to First Lay His Records Before the University of Copenhagen When He Has Worked Them Out a Number of Months Hence.

New York, Oct. 1.—Dr. Frederick A. Cook's refusal to submit his observations, notes and other data at once to a competent scientific commission is all that stands in the way of compliance with the suggestion of the National Geographical Society that each step on the part of Cook and Peary should precede any official recognition of the claims of the two explorers.

According to the announcement made tonight, President Roosevelt of Johns Hopkins University was asked by Henry F. Osborn, president of the American Museum of Natural History, and by Huntington to appoint, through his authority as president of the National Academy of Sciences, a committee of geographers, astronomers, geologists and zoologists to whom the records of Peary and Cook would be submitted.

Dr. Cook at first fell in with the suggestion, but later sent the following to the committee: "I am not prepared to submit my records to a committee of geographers, astronomers, geologists and zoologists."

Supposedly Poaching, an American Fishing Schooner Comes to Grief.

Pensacola, Fla., Oct. 1.—The fishing schooner Caldwell H. Colt, of this port, has been seized by a Mexican gunboat of Progress. Her crew of eight men are imprisoned.

GENERAL GRANT CONGRATULATED.

Rockford, Ills., Oct. 1.—The following resolution was adopted today by the Ministerial and Laymen's associations of the Rock River conference of the Methodist Episcopal church: "Resolved, That we note with great pleasure the action of General Frederick Grant in participating actively in the law and order and temperance demonstration held in Chicago, and congratulate the army on having an officer who by his actions so well demonstrates the uprightness and love of order that are expected of every American soldier."

New Philadelphia, O., Oct. 1.—Louis Parsons, a painter, shot and killed his wife after a quarrel here today, and then shot and fatally wounded himself.

AVIATION IMPOSSIBLE AGAIN.

Wind Conditions Are Such That Wright and Curtiss Refuse to Fly.

New York, Oct. 1.—A fitful wind, averaging more than fifteen miles an hour, prevented Wilbur Wright and Glen Curtiss from making flight attempts today. Curtiss came to the city from Governor's Island during the day and met the representatives of Chicago interests who claim to have obtained the use of the Hawthorne race track for a three day series of flights following Curtiss' engagement at St. Louis next week.

Captain Baldwin today abandoned the attempt to sail his dirigible to Albany for the \$10,000 prize. He announced that he would leave for St. Louis to compete in the aeronautic races there Oct. 8 and 9.

Indianapolis' Carnival Is Called Off.

Indianapolis, Oct. 1.—The aviation carnival scheduled for the motor speedway has been cancelled. Failure to reach suitable terms with the aviators is given as the principal reason.

Madisonville, Ky., Oct. 1.—The balloon Indiana, which left Indianapolis last evening, descended at White Plains this morning. The gas was exhausted.

Berlin Witnesses Two Good Flights.

Johannisthal, Oct. 1.—Today brought the best results yet attained during aviation week. Rougier covered 130 meters of the course, finally descending on account of darkness. The distance traveled was 80 1/2 miles, and the time 2 hours, 41 minutes and 30 seconds.

Caraval Half Moon and Steamer Clermont Sail from Manhattan to Newburgh, Escorted by a Fifteen-Mile String of Ships Crowded With Passengers.

New York, Oct. 1.—Henry Hudson's sailing vessel again and the waters of the Manhattan harbor harbor no more the cruise of the half moon and the steamer Clermont.

The Robert Fulton led the way, carrying the governors of New York and Vermont, the officers of the foreign fleets, the Hudson-Fulton celebration committee and Henry Hudson, mayor of New York.

AMBULANCES OVERCROWDED.

Forced March too Much for Many Soldiers of the Second Infantry.

PECULIAR RAILROAD MISHAP.

Youngstown, O., Oct. 1.—A westbound Pennsylvania passenger train was struck by cars which, backing out of a street plant here tonight, separated the engine from the tender.

FORMER SHAH SAILS FOR RUSSIA.

GREAT OVATION IS GIVEN PEARY

New York City and the Surrounding Country Accord the Explorer a Welcome Such as Few Returning Heroes Receive.

Standing on the Bridge of the Arctic Ship Roosevelt, the Naval Man Is the Most Prominent Feature in the Sixty-Mile Hudson-Fulton Marine Parade, and All the Way Up the River He Is Accorded a Notably Magnificent Reception.

New York, Oct. 1.—New York today gave Commander Robert E. Peary a welcome such as few returning heroes receive.

Standing on the bridge of the Arctic ship Roosevelt, the naval man is the most prominent feature in the sixty-mile Hudson-Fulton parade from New York to Newburgh.

Commander Peary said tonight: "I am deeply appreciative of the reception given the officers and crew of the Roosevelt and myself. It was magnificent."

Such Ovations Rarely Seen.

Commander Peary had scarcely headed his three-masted auxiliary schooner up the river when the marine demonstration began.

Washington, Oct. 1.—The locals made three straight from Cleveland.

SIR THOS. LIPTON WOULD TRY AGAIN

Still Having Designs on the America Cup, It Is Learned That He Proposes to Challenge the New York Yacht Club.

However, the Prospects for a Series of Races Appear Decidedly Dubious—Titled Tea Merchant Objects to Providing a Craft That Must Cross the Ocean Under Her Own Sail, and the Defenders Are Not Disposed to Waive the Requirement.

New York, Oct. 1.—Joseph Garretson, managing editor of the Cincinnati Times-Star, on arriving here from Europe today brought word from Sir Thomas Lipton that he will sail for New York this month and will challenge the New York Yacht club.

It will race for the cup if permitted to do so on even terms. But it is not so easy to sail a marine freak across the ocean to compete against a skimming fish. When the Shalrock crossed the ocean she came within an ace of sinking.

It is evident here that if the New York club accepts a challenge from Sir Thomas under the conditions named, it would be a direct violation of the deed of gift, the terms of which provide that the challenging yacht must cross the ocean under her own sail.

SPANISH GENERAL IS KILLED.

Alfonso's Troops Suffer a Serious Reverse in Battle With Moors.

Melilla, Oct. 1.—A Spanish force from Zeluaga, reconnoitering yesterday in the direction of Sokel Jenis, encountered the Moors and met with a serious reverse.

REPLIES TO MR. BRYAN.

Senator Bailey Discusses the Tariff in an Address at Fort Worth.

Fort Worth, Tex., Oct. 1.—Senator Bailey in an address here tonight in reply to the recent tariff resolutions of W. J. Bryan, criticized Mr. Bryan's assertion that the only real reform attempted in the tariff was while the Democrats quarreled among themselves for the protection of the industries of their respective districts.

MEXICO FACES A CORN FAMINE.

Mexico City, Oct. 1.—Mexico faces a corn famine which will require lifting the import duty on corn, according to the secretary of the Sociedad Agrícola Mexicana.

YERKES ESTATE SETTLED.

New York, Saturday Oct. 2.—According to the World, Mrs. Charles T. Yerkes has arranged a settlement of her husband's estate under which she will obtain a one-third interest, or substantially the same as she would have obtained if the court had awarded her dower rights under the laws of Illinois.

MORE RACE TRACK INDICTMENTS.

New York, Oct. 1.—Four more indictments in connection with the investigation of the horse races at Sheepshead Bay and Gravesend were returned today.

U. S. STEEL CONTINUES ITS PHENOMENAL RISE

Atchison, too, Sells at a New High Record—Money Rates Stiffen, However, and Speculation Is Held in Restraint, With the General Tone Irregular.

New York, Oct. 1.—The call money market today showed the effects of the requirements upon it, and the higher interest rate or the limitation of the funds offering, which caused it, held the speculation in stocks in restraint.

A sharp advance in the private discount rate in London today gave point to the prediction of the Bank of England would raise its discount rate before the end of October.

Money on call opened at 4 per cent today and fell to 3 per cent, with reassuring effect on the speculative tone. There was some small response, however, to the strength of United States Steel.

TREASURY OFFICIALS GRATIFIED.

Condition of Uncle Sam's Finances Shows a Notable Improvement.

Washington, Oct. 1.—The public debt of the United States is \$2,648,692,846, which includes \$1,453,659, 869 in certificates and notes offset by an equal amount of cash in the treasury.

PRESIDENT TAFT GOES TO TACOMA

From an Assemblage Thronging the Big Armory There, He Receives One of the Most Cordial Greetings of His Journey.

His Opposition to Home Rule for Alaska Creates a Sensation, Coming as It Does on the Heels of a Petition Asking His Support, but He Stands Steadfast and Will Make No Recommendations to Congress Until After He Has Visited the Territory.

Tacoma, Wash., Oct. 1.—President Taft came to Tacoma tonight and received from an audience thronging the big Armory one of the most cordial greetings of his trip.

The president's speeches during the remainder of the trip will be extemporaneous, and will consist largely of an amplification of those he has already made.

The president will arrive in Portland tomorrow morning, and after two days there will continue southward and turn eastward and will be at Los Angeles Oct. 12.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

One time Mayor Sherbie Becker has closed arrangements for a lecture by Dr. Cook before the Milwaukee Citizens' Business League.

Commandant Peary, also, has plenty of admirers. The Roosevelt was one of the biggest ships on the Hudson yesterday.

President Taft urges ship subsidies. His distinguished predecessor did likewise, but failed to get results.

The National commission thinks it has taken all necessary precautions to avoid scalping scandals in connection with the nation's baseball championship games.

Mr. Bryan's objection to the proposed debate on the tariff between him and Senator Bailey is that it would have a tendency to fix attention on the debaters rather than on the subject debated.

There is apparently a weak spot in the Milwaukee pension system. An able-bodied fire captain has retired on a considerable allowance and has gone to Fond du Lac, Wis., to accept the position of chief at a good salary.

The water board and the special committee of the Commercial club had a harmonious session Thursday evening, to discuss the situation relating to water supply.

The support given to Chief Forester Pinchot by the president is one of the most pleasing features of the tour through the west.

Secretary of War Dickinson has declined to take any cognizance of the complaints about General Grant leading a so-called prohibition parade at Chicago in uniform.

Tammany has nominated Justice Gaynor for mayor of New York. The Tammany organization was in full control of the convention.

AN ORDINANCE. An ordinance amending sections seven, eight, nine, ten, eleven, fourteen, sixteen, twenty and twenty-four of an ordinance entitled, "An ordinance relative to grading, paving and improvement of streets, alleys and public places, and the use and protection thereof."

Section 1. That sections seven, eight, nine, ten, eleven, fourteen, sixteen, twenty and twenty-four of an ordinance entitled, "An ordinance relative to grading, paving and improvement of streets, alleys and public places, and the use and protection thereof," be and the same are hereby amended to read as follows:

Section 7. It is hereby specified and required that all curbing hereafter placed in any street, avenue or public way, shall be of cut stone or crushed rock concrete; and, unless otherwise ordered by the common council, shall be at least four inches in horizontal thickness and at least sixteen inches in vertical depth.

Section 8. When any street, avenue or public way where the grade exceeds three per cent, shall hereafter be macadamized, or the macadam shall be relaid, or the curbing be renewed therein, cut stone or crushed stone concrete curbing and gutter combined shall be laid upon each side of the roadway; and, unless otherwise ordered by the common council, the same shall be four inches in thickness and the gutters shall be two feet in width, exclusive of curbing.

Section 9. All curbing, or combined curb and gutter, hereafter laid to renew or replace old curb, shall be at the expense of the city; and when any new street, or roadway is hereafter ordered to be constructed, such improvement shall, when so ordered by the common council, include cut stone or crushed rock concrete curb, or combined curb and gutter; and one-half the cost of such curb and two-thirds the cost of such combined curb and gutter shall be borne by the city; and the remainder of such cost shall be borne by the properties specially benefited and be included in any estimate and assessment for such improvement.

Section 10. When any public sewer shall be laid in any street, avenue or public way, and unless the common council shall otherwise order, Ys and lateral sewers or drains, of at least four inches internal diameter, shall be constructed and laid as part of such improvement, in and from such public sewer to the curb line upon each side of such street, avenue or public way, one such Y and lateral sewer for each lot or parcel of land of one hundred feet or less in frontage on such

A CREDITABLE PERFORMANCE.

A feeling of state pride has caused Michigan to take much interest in the progress of the Detroit Tigers' fight for their third America pennant, and there is much gratification that it has been brought to a successful conclusion, and that Detroit is again to be a contender in a world's championship series.

Detroit's third victory is a most creditable performance, and one that sheds luster both on the ability of the players in their profession and on the management. The Tigers have been hard fought at every turn.

In baseball the game is a constant effort to down the leaders, and when the leader has a record of two pennants copped off in succession the zest with which the effort to humble it is entered into is a formidable thing to counteract.

All the other teams have played themselves out against Detroit the past season, and everything honorable has been done to place a new pennant winner at the head of the percentage column.

The closeness of the race is well indicated by the fact that it required the final week of the season to settle which team would win.

It is not too much to say that the eyes of the entire country will now be directed on the world's championship series, to be played between the Tigers and the Pittsburg champions of the National league.

The reign of baseball is complete between the borders of the nation, and even the tiniest community has its sandlot team. The world's championship series is the event on which all attention is fixed.

It's the climax of all other climaxes. Detroit's lack of success on the two previous occasions when it has had a chance to win this highest distinction in the realm of baseball does not remove all hope that this year it will be favored by fortune.

There is no reason why it will not enter the series with the Pittsburg team with at least an equal chance to win, and the fact that the Pittsburgers are apparently favorites is more ascribable to Detroit's lack of success in the two previous world championship series, rather than to any weakness of the team that will again contest for this highest baseball honor.

As a matter of fact, the Detroit team is in the best of order for the approaching trial of strength. Its pitchers have been performing admirably of late weeks, and all of the men who have won the American league pennant are fit for the approaching trial.

The Detroit-Pittsburg games should not lack for spectacular features. Three of the greatest hitters in professional baseball, Cobb, Crawford and Wagner will figure in them; that alone ought to lend to them an extraordinary interest.

It would not be a strange development to see the outcome decided by these great batters. They have in the past several months decided many games in favor of their respective teams.

street, avenue or public way, and one such Y and lateral sewer for each one hundred feet or fraction thereof of frontage of each lot or parcel of land of more than one hundred feet frontage on such street, avenue or public way.

Section 11. Whenever any macadam or pavement is to be laid or rebuilt in any street, avenue or public way or public place in which any sewer or water or gas main is already laid, and at least twenty days before such work shall be commenced, the secretary of the park, cemetery and street commission shall cause notice of such improvement to be published in a public newspaper of the city; and also cause notice of such improvement to be served upon each person or corporation maintaining any water or gas main in such street; and with-in twenty days after such publication, or notice, persons interested may cause lateral sewers or drains to be laid to such sewer, and service pipes to such water or gas main, and to or beyond the curb lines of such street, avenue or public way or place, without the extra charge therefor hereafter provided for.

Section 12. No person shall, unless authorized by the common council or the laws of the state, disturb or tear up any macadam, pavement, roadway, green-sward, sidewalk or crosswalk, except to repair or renew the same; or shall dig any hole, trench, ditch, cellar, area or other excavation; or shall plant or erect any pole, post or other structure, except shade trees and hitching posts; or shall lay any pipe, conduit, ditch, drain, sewer, cable or wire; or shall hang train or string upon poles, posts or other structure any banner, sign, rope, cable, wire, pipe or similar thing, in, under or upon any portion of any street, avenue, alley or other public place in the city, or cause the same to be done; and no person authorized to do by the common council or the laws of the state, shall do any of the acts above mentioned, or cause the same to be done, requiring any opening, digging or excavation in or under any street, avenue or other public place, without having obtained a permit therefor in writing from the secretary of the park, cemetery and street commission; and it is hereby made the duty of such secretary, upon application being made to him in writing for such permit, and upon compliance with all other requirements of the ordinances, regulations and specifications of the city applicable thereto, and in accordance with such special directions therefor as may be approved or required by the city engineer or superintendent of street work; and such secretary shall keep memoranda of all such permits issued by him.

Section 13. No person shall be construed to authorize the maintenance of anything done or condition created in pursuance thereof beyond such time as the common council shall otherwise order.

Section 14. No person shall injure or destroy any fence, railing, tree or shrub in or upon any street, avenue or public place in the city, or fasten any animal thereto; and no person shall leave any horse, mule or other draught animal in any street, avenue, alley or public place without being securely tied; and no person shall halt any wagon, sleigh or other vehicle on any crosswalk or foot-way so as to obstruct the use thereof by foot travelers.

Section 15. Each and every owner and person in charge of custody of any horse, cattle, sheep, swine or other like animal, shall at all times prevent the same from doing any of the following things at any place in the city other than where such animal may lawfully be at large, viz: Standing or loitering while untied in or upon any part of any street, avenue or public way or place; straying from the roadway of any street, avenue or public way upon which such animal

may be, or departing therefrom except upon a roadway or to enter premises by permission of the owner or occupant thereof; going or being upon any sidewalk or crosswalk in any street, avenue or public way, except in crossing the same opposite abutting premises, in going to or from the same by permission of the owner or occupant thereof; grazing or browsing upon anything growing in any street, avenue or public way or place, except grass opposite abutting premises by permission of the owner or occupant of such premises; or trespassing upon any premises, and each failure of any such owner or person to prevent any such animal from doing any of the things above mentioned shall be deemed a violation of this ordinance, and each such animal while doing any of the things above mentioned, shall be deemed to be at large and may then or thereafter be taken up and impounded therefor, as in other cases.

Adopted, September 21, 1909. DANIEL S. DONOVAN, Recorder.

Approved, September 22, 1909. DANIEL VAUGHAN, Mayor.

Section 16. No person shall, unless authorized by the common council or the laws of the state, disturb or tear up any macadam, pavement, roadway, green-sward, sidewalk or crosswalk, except to repair or renew the same; or shall dig any hole, trench, ditch, cellar, area or other excavation; or shall plant or erect any pole, post or other structure, except shade trees and hitching posts; or shall lay any pipe, conduit, ditch, drain, sewer, cable or wire; or shall hang train or string upon poles, posts or other structure any banner, sign, rope, cable, wire, pipe or similar thing, in, under or upon any portion of any street, avenue, alley or other public place in the city, or cause the same to be done; and no person authorized to do by the common council or the laws of the state, shall do any of the acts above mentioned, or cause the same to be done, requiring any opening, digging or excavation in or under any street, avenue or other public place, without having obtained a permit therefor in writing from the secretary of the park, cemetery and street commission; and it is hereby made the duty of such secretary, upon application being made to him in writing for such permit, and upon compliance with all other requirements of the ordinances, regulations and specifications of the city applicable thereto, and in accordance with such special directions therefor as may be approved or required by the city engineer or superintendent of street work; and such secretary shall keep memoranda of all such permits issued by him.

Section 17. Each and every owner and person in charge of custody of any horse, cattle, sheep, swine or other like animal, shall at all times prevent the same from doing any of the following things at any place in the city other than where such animal may lawfully be at large, viz: Standing or loitering while untied in or upon any part of any street, avenue or public way or place; straying from the roadway of any street, avenue or public way upon which such animal

may be, or departing therefrom except upon a roadway or to enter premises by permission of the owner or occupant thereof; going or being upon any sidewalk or crosswalk in any street, avenue or public way, except in crossing the same opposite abutting premises, in going to or from the same by permission of the owner or occupant thereof; grazing or browsing upon anything growing in any street, avenue or public way or place, except grass opposite abutting premises by permission of the owner or occupant of such premises; or trespassing upon any premises, and each failure of any such owner or person to prevent any such animal from doing any of the things above mentioned shall be deemed a violation of this ordinance, and each such animal while doing any of the things above mentioned, shall be deemed to be at large and may then or thereafter be taken up and impounded therefor, as in other cases.

Adopted, September 21, 1909. DANIEL S. DONOVAN, Recorder.

Approved, September 22, 1909. DANIEL VAUGHAN, Mayor.

Section 18. No person shall, unless authorized by the common council or the laws of the state, disturb or tear up any macadam, pavement, roadway, green-sward, sidewalk or crosswalk, except to repair or renew the same; or shall dig any hole, trench, ditch, cellar, area or other excavation; or shall plant or erect any pole, post or other structure, except shade trees and hitching posts; or shall lay any pipe, conduit, ditch, drain, sewer, cable or wire; or shall hang train or string upon poles, posts or other structure any banner, sign, rope, cable, wire, pipe or similar thing, in, under or upon any portion of any street, avenue, alley or other public place in the city, or cause the same to be done; and no person authorized to do by the common council or the laws of the state, shall do any of the acts above mentioned, or cause the same to be done, requiring any opening, digging or excavation in or under any street, avenue or other public place, without having obtained a permit therefor in writing from the secretary of the park, cemetery and street commission; and it is hereby made the duty of such secretary, upon application being made to him in writing for such permit, and upon compliance with all other requirements of the ordinances, regulations and specifications of the city applicable thereto, and in accordance with such special directions therefor as may be approved or required by the city engineer or superintendent of street work; and such secretary shall keep memoranda of all such permits issued by him.

Section 19. ## ATTENDED TAX CONFERENCE.

R. H. Shields Home from Important Meeting at Louisville.

Robert H. Shields, of Houghton, accompanied by Mrs. Shields, returned Thursday from New York where they visited after the close of the International Tax conference at Louisville, to which Mr. Shields was one of the two Michigan delegates. The tax conference was attended by delegates from forty states and several provinces of the Dominion of Canada and Mr. Shields says it was a great success.

The purpose of the conference was to discuss various taxation questions both by practical and theoretical experts. Mr. Shields as a member of the state tax commission was Michigan's practical delegate while Professor Friday, of the University of Michigan, was the theoretical expert. Allen R. Foot of Ohio presided over the deliberations and the president and vice president of the conference were Governor Wilson of Kentucky and Governor Noy of Mississippi. Mr. Shields said that the principal question discussed was the matter of the recent federal law imposing tax of 1 per cent on the value of real estate operations. Papers for and against this law were read and the matter was finally referred to the committee on resolutions of which Mr. Shields was a member. This committee and the conference as a whole decided the matter was a political one and a resolution referring to the proposed association of governors of the states was passed. This association will be formed at a meeting to be held in Washington, D. C., in February.

Among the notable men present at the conference were Professor Bullock, of the chair of political science at Harvard; Professor Seligman, of Columbia, and Professor Fawcett, chairman of the tax association of New York. These men and others from all parts of the country discussed taxation and seemed to strive for uniformity of taxation in the states. As the conference is an international affair it follows that it could not make a formal expression of opinion regarding changes in taxation laws, but only suggest such changes and leave it to the delegates to work the matter out on their return home.

Mr. Shields recalled one pleasant incident. At the conference Lunquet Governor Noel of Mississippi said that all of the office holders in his state were Democrats, including himself, and he was a supporter of Taft on the corporation tax, while Mr. Foster, an anti Republican and Civil War veteran, was against the president on this question. This was an indication of the lack of sectional differences in the United States and of divisions only in local questions.

Hudson-Fulton Feud.

Mr. and Mrs. Shields witnessed a portion of the Hudson Fulton races in New York and Mr. Shields says that the scenes there are indescribable. He was

impressed by the spectators both by night and day, but was most impressed with the crowds.

## HEARD DR. COOK LECTURE.

While in New York Mr. Shields heard Dr. Cook, the Arctic explorer, lecture at Carnegie Hall. He says that the doctor's lecture was most interesting and vague as to the pole and his experiences there.

## PRIZES FOR HOUGHTON PUPILS.

Exhibit at the State Fair Awarded \$60 in Cash Premiums.

The pupils of the Houghton schools, including all departments, excepting the high school, are advised by the Michigan State Fair educational department that they have won a total of \$60 in cash prizes on their work shown at the fair held at Detroit early in September. Almost all of the manual training specimens received first prizes in competition with schools of the entire state. Awards were made as follows:

Elementary School—Landscape, water color, first; design for stained glass window, first.

Intermediate—Charcoal and pencil sketch, first; landscape, water colors, first; flowers, water colors, second; birds, water colors, first; fruits, water colors, first; marine views, first; sample of book binding and overcasting, second; sample of overhand stitching, first; sample of hemstitching, second.

High School—Landscape, colors, second; lantern colored, first; sample of book binding—Card showing sewing second.

Sewing Exhibit—Work bag, first; sewing apron, first; cooking apron, first.

Manual Training—Piece of furniture by sixth or seventh grade, first; piece of cabinet work, first; give box, first; towel holder, first; oval heddler, first; picture frame, first; piece of wood work, first; top pot stand, first; place rack, first; book rack, first; stool, first; letter file, first; spoon tray, first; paper cutter, first; book rack, first; camp chair, first; match scraper, first; tickle rack, first; match safe, first.

The individual prizes go to the children.

## WILL UMPIRE BIG MATCH.

League Officials to Officiate at Post-Season Cricket Game.

The two head officials of the Copper Country Cricket League, President Edwards and Vice President Stoenius, will umpire the cricket game at Calumet and Houghton tomorrow. The champion Calumet & Houghton team and the picked team of "all stars" from the other nine teams of the league. These gentlemen are thoroughly acquainted with the game and the fans can be assured that they will be absolutely impartial.

There are many fans who believe the game will be drawn because of its going two innings and starting so late. The game is scheduled to start at 11 o'clock in the morning, although it is unlikely that the teams will be ready and that it will get under way by that time. Then there will be a stop for dinner and play will be continued in the afternoon, which, if it rains, will go hardly time for the completion of the two innings before it becomes too dark to play.

The Calumet & Houghton team will be able to put a very strong lineup in the field, while the "all stars" team will have the best bowlers, but to England and will not be in the contest and Drove, one of the best batters, is in the hospital. Kaiser will be wicket keeper.

## RACES AT CALUMET TODAY.

Card at Laurium Driving Park—Hamm and Drill Contests.

The following is the program of races at the Laurium park this afternoon: Special Half-Mile—Hambletonian Boy, owned by Jones; Queen of the Valley, owned by Wickstrom; Brownie, owned by McClure.

2:30 Pace, One Mile—Reuben G, owned by McClure; My Lady Dainty, owned by Kohlhaas; Lady Blackstone, owned by Anderson.

2:20 Special Pace, One Mile (five horses entered, \$250 on the side between two animals and \$500 up on another that he beats the field)—Bible Wilkes, owned by Sionmark; Lady Arkwood, owned by Hognason; Artoletta, owned by Sam; Gender Mack, owned by Reding; Sam Triger, owned by Paine.

## OPENING FOOTBALL GAMES.

The copper country section of the upper peninsula interscholastic football schedule will open this afternoon when Hancock meets Calumet at Calumet and Houghton meets Laurium at Houghton. The Houghton team makes the strongest claim this season and is confident of winning the copper country championship and a chance for the upper peninsula honor against the iron country. Leo Haas, halfback, is touted as the most aggressive and fastest high school player in the peninsula.

## NOTES OF VARIOUS CHURCHES.

Two New Pastors at Houghton—Rev. Mr. Marvin's Lectures.

Rev. J. M. Linn, retiring pastor of the Houghton Presbyterian church, left yesterday to visit in southern Michigan. Mr. Linn has not as yet been appointed to a charge by the Presbytery, but will probably be given a pastorate in southern Michigan, that being his desire. Mr. Linn will return to Houghton in about two weeks, his family remaining there, at which time it will be known where he will next be stationed.

Rev. Frank P. Knowles, pastor of the Iron Mountain Presbyterian church for eight years, came to Houghton tomorrow as the new pastor. Rev. A. B. Sutcliffe of Blissfield, this state, will arrive in Houghton today and will preach his first sermon as pastor of Grace M. E. church.

Rev. W. E. Marvin, pastor of the First M. E. church of Hancock, has announced a series of sermons. The first will be delivered tomorrow. The various topics to be discussed are the following: Oct. 3, "The World's Spirit"; Oct. 10, "The World's Demination"; Oct. 17, "The World's Subjugation"; Oct. 24, "The World's Subjugation"; Oct. 31, "The Method of Victory"; Oct. 7, "Consecration for Conquest."

The members of the congregation of Grace M. E. church and other friends of Rev. and Mrs. Walter K. Fruit tendered them a reception at the residence of F. W. McNair, East Houghton, Thursday night. The gathering was in the nature of a farewell demonstration of the regard in which Rev. and Mrs. Fruit are held. A very great many people paid their respects during the evening. Mr. Fruit was presented with a handsome library electric lamp. There was no formal presentation speech and the entire affair was informal in its nature.

Mr. Fruit was presented with a handsome library electric lamp. There was no formal presentation speech and the entire affair was informal in its nature.

## ELKS' DISTRICT DEPUTY.

Alex. Stevenson of Hancock Succeeds J. F. McInerney of the Sea.

Alex. Stevenson, formerly exalted ruler of Hancock lodge, B. P. O. E., has been appointed district deputy for the northern district of Michigan. Mr. Stevenson has been a prominent Elk for years and his fellow members are pleased to learn that he has been thus honored by the grand exalted ruler. The position is an important one and Mr. Stevenson is well qualified for it. He succeeds J. F. McInerney of Sault Ste. Marie.

The first of the regular fall and winter meetings of the Hancock lodge of Elks was held Thursday evening. Several candidates were initiated. Secretary McKillop leaves Sunday for Indian camps, where he will make his future home. His departure is regretted by every member of the lodge. It is not known who will succeed him as secretary. This matter will likely hold over until the annual election.

## SHRECK AND ROSS MATCHED.

Gene Ferguson has arranged a match between Mike Shreck and Tony Ross. The men will box two rounds in the Amphitheatre the night of Oct. 18. They fought a draw recently, and it is said that Ross had a shade the better of the argument. But Shreck's popularity here will not be affected by that, and he should draw a big crowd. It will be the first important battle of heavyweights ever fought in the copper country.

For Sore Throat, Sudden Cold and Coughs no remedy has been discovered so powerful to cure as Perry Davis' Kidneyer. As a Liniment it has no equal in curing Rheumatism or Neuralgia, burns and bruises, and wounds of every description. It is the cheapest and best remedy offered to the public. Only 35c for a big bottle. There are other sizes also, 25c and 50c.

## Do You Feel This Way?

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your lazy liver to work. It will set things right in your stomach, and your appetite will come back. It will purify your blood. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, or bleeding at the lungs, it will bring about a cure in 98 per cent of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice. Don't be hoodwinked by a penny-grubbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good." Dr. Pierce's medicines are of known composition. Their every ingredient printed on their wrappers. Made from roots without alcohol. Contains no habit-forming drugs.—World's Dispensary Medical Association, Buffalo, N. Y.

## RAILROAD OFFICIALS HERE.

President W. F. Litch and General Manager C. E. Lytle of Marquette and Division Freight Agent James R. Peterson of Hancock, all officials of the South Shore railroad were in Calumet Thursday and went over to the child of each tender machine from the plaintiff averred that it was alright. Judge Van Don Berg studied the question a long time and finally came to the conclusion that it was a little harsh on the part of young American to force him to dust such costly machinery at his delicate age. A verdict of \$21 was allowed the plaintiff.

## HIGH SCHOOL IS CLOSED.

The Calumet High school was closed Thursday because of the absence of the principal, a resident of Laurium. The building will be thoroughly disinfected and will be reopened Monday morning. In one family in Tannarack, it is said, the child of each tender machine from the plaintiff averred that it was alright. Judge Van Don Berg studied the question a long time and finally came to the conclusion that it was a little harsh on the part of young American to force him to dust such costly machinery at his delicate age. A verdict of \$21 was allowed the plaintiff.

## COLLEGE MAY ENTER LEAGUE.

A representative of the Michigan C. J. League of Mines is expected to attend the indoor ball league meeting at Geranium Hall, Hancock, next Tuesday evening for the purpose of asking permission to enter a team as a member of the proposed league. The college has the traditional five teams. Last year only Hancock lodges were represented.

## Upper Peninsula

Gegebic Miner Killed.—As the result of an accident at the Newport mine, Frank Davick is dead at Hancock. He was working in a shaft when a skip came down, striking him and killing him instantly. Davick was a single man twenty-two years of age.

## Sword and Cannon are Married.

Without the slightest noise and without a word from her spouse, a cannon of warlike Sherman, sword and Mrs. Anna Cannon, both of Gladstone, were granted a marriage license by County Clerk Senter this week. The groom-to-be commended suitably on the nuptials at Hancock. The marriage has since been celebrated at Gladstone.

## Looking for Missing Husband.

In an effort to find some trace of her long-absent husband, Mrs. Maggie Vismay of Nardinway, Mackinac county, has called upon Postmaster Colburn of Escanaba for assistance. For five years, the anxious wife and mother has not heard a word from her spouse. If he has deserted her there is no doubt, Mrs. Vismay for the benefit of her self and children is now making a determined effort to learn whether he is living or dead. Some time ago a rumor of his death, coming in the vicinity of Escanaba, came to her, but this far no light has been thrown upon the mystery.

## Found Set Gun.

William Maynard, a well-known Delta county woodman, came within an ace of being his own head man off by a set gun in Buhlton township, the other day. He discovered a loader of his friend, Corbin, has arrested David Hardywick, Maynard was pushing through the brush near a lumber camp when he detected a glimpse of white feet about. He investigated and found a set gun. He was very lucky. Only the slightest twitch of the string would have discharged the weapon. The gun is said to be the property of Hardywick and from the evidence of several witnesses Maynard made the complaint. The defendant denies the charge of setting the gun.

## Baby's Dent in Dispute.

Justice Van Don Berg of Menominee was called upon this week to decide a delicate question which has never, so far as is known, been embodied in the statute books. It came about through the suit of Anton Neureback to recover a found all-day from Felix Hebel wife and child. The amount sued for was \$22 for the men and wife and \$6 for the child. The defendants admitted \$16 of the \$24 but stated that the child, which is only fourteen months old, was not

## to be charged for.

The plaintiff said that the agreement was that the child was to be charged for if it ate of what was provided for the grownups. A little questioning by Justice Davick, attorney for the defendant, elicited the information that the child was not charged for, cabbage and other fruit and other heavy loads of this sort. He concluded that this was a little too strong for a child of such tender months, and the plaintiff averred that it was alright. Judge Van Don Berg studied the question a long time and finally came to the conclusion that it was a little harsh on the part of young American to force him to dust such costly machinery at his delicate age. A verdict of \$21 was allowed the plaintiff.

## ISHPEMING

### ISHPEMING IN BRIEF.

Mrs. C. T. Kruse and Mrs. E. J. Baker will serve at the G. H. club house this afternoon.

Harry Rosell, who came here three weeks ago with his grandfather, Thomas Rosell, left yesterday for his home in Oakland, Cal.

E. T. Todd left yesterday for Houghton to resume his studies at the Michigan College of Mines, after spending a month with his parents, Mr. and Mrs. B. M. Smith.

The funeral of the late Ludwig Erickson, son of Louis Erickson, the contractor, was held yesterday afternoon from the Swedish Lutheran church, and was largely attended.

Best P. McKinnis and wife of Loop City, Neb., and Mrs. E. J. St. Claire of Iron Mountain were the guests of Ishpeming friends at a dinner last evening at the G. H. club house.

Mrs. Louise Goggin, who had charge of the K. C. baking powder demonstrations here for the Jacques Manufacturing company, has sent word that her father died shortly after she arrived in Chicago Wednesday.

Mrs. E. G. Rushmore, who took part in the Farm Machine concert at Ishpeming theater Thursday evening, under the auspices of the Presbyterian church ladies, was entertained while in the city by Mrs. T. A. Felch.

The Foresters, Macabees, and Sir Humphrey Davy lodges will hold their first meeting in the G. H. club house at 10 o'clock next week. The ladies will meet Monday evening, the Foresters Wednesday, and the Sons Thursday.

Orders for reserved seats for Monday night's performance of the Dougherty Stock company at the Ishpeming theater will be received today. Ladies' tickets will be placed in the usual conditions until 6 o'clock Monday evening.

Henry Hosking, who holds a responsible position at the Argonne mine, Norway, returned to his home yesterday after spending a few days visiting his mother, Jean Hosking and family. Henry left this city for the Menominee range twenty-five years ago.

Charles Anderson of Houghton county is in the city visiting relatives. After spending a few days here he will go to Los Angeles, Cal., where he may decide to locate permanently. It is believed that he will be in the city for some time, probably before the holidays.

The City football team will be on a practice game tomorrow morning, starting at 10 o'clock at the Union Park by a picked eleven composed of former city and school teams. The management of the City team has not yet arranged games with outside teams.

## FROM MORGAN'S CURE LETTER.

The New York market was slightly higher, though quiet at the opening. Shortly afterward a report that the United States Steel corporation would show net earnings of \$45,000,000 for the December quarter stimulated the market, and rapid gains were made all through. Steel common selling up to 92 1/2. The leading rails, steels, Amalgamated and Suedes shared in the activity, though the rank and file, though higher, were comparatively neglected in the trading. Railroad earnings are increasing steadily and higher prices are expected in the steel and equipment stocks.

The Boston coppers were firm and strong at the opening, and as the day progressed the prices improved somewhat in a number of the standard issues. Albion, Butte Coalition, Central, Globe, Green-Cannara, Isle Royale, Lake, North Butte and Oseola all advanced from a fraction for Butte Coalition and Green-Cannara to four points for Oseola.

Free circulation of blood in the lower level will cure any case of piles. Piles may be due to constipation or any of a dozen other causes. la Nipping was a trifle weaker. It is reported there will be a consolidation of La Rose and Nipping.

Of the curbs, Cumberland-Ely, Davis-Daly, First National, Nevada-Utah and National Exploration were fairly active. Of these, National Exploration was lower, the others showing little change. The recovery in Cumberland-Ely is due to an official statement that the company has \$300,000 cash in the treasury and \$600,000 cash due from the Stripper smelter for proceeds from ore. The statement that the big Veteran shaft was in danger of crumbling was denied.

Today's weather: Fair and warmer. Yesterday's temperatures: Seven a. m., 45 degrees; noon, 52; p. m., 44. Maximum, 52; minimum, 44.

Will Hamill is here from Detroit.

Jack Boyle went to Escanaba on business last evening.

Mr. and Mrs. S. R. Kaufman left for Chicago last evening.

Miss Lulu Van Dine is the guest of friends in Chicago.

Mrs. Charles Dion and daughter are visiting friends in Muskegon this week.

Misses Dell and Rose Sabourin returned from a trip to the copper country Thursday.

J. H. Primeau, Jr. left for Ann Arbor last evening to resume his studies at the university.

John Bush, superintendent of the Ashland mine at Ironwood, was in Marquette last evening.

C. F. Burton left for Bessemer last evening, where he will be engaged in court work for several days.

Mrs. J. C. Shields of Phoenix, Mich., is the guest of Mrs. H. Gregory, North Fourth street, for the week end.

Russell Trukey has returned from a week's visit with friends and relatives at Fostoria, O., and Detroit.

A full attendance is desired at the meeting of the Modern Woodmen to be held in Fraternity Hall this evening.

Mrs. J. E. Kraft has been called to Detroit on account of the illness of her son, Karl, who is suffering with typhoid fever.

Miss Jeanette Grienering has returned from Lorain, O., where she has been visiting her sister, Mrs. Weiss, for five weeks.

Miss Edith Williams, who has spent the summer in Detroit, has returned to the city to take up her studies at the Normal.

John Jones, receiver of the United States land office, has been called to Bay City to testify in a case on trial in federal court.

Mrs. Mary Peterson, of Baraga, aged seventy five, died at St. Luke's hospital yesterday. The remains will be shipped to Baraga today.

The Musical club will hold the first meeting of the fall and winter season at the home of Mrs. Bates 65, Burr, this afternoon at 3:30 o'clock.

Hon. Fred W. Corbett, talked of as the prohibition candidate for governor, will discuss the temperance question at the city hall Sunday evening. On account of the lecture, no evening services will be held at the Methodist and Presbyterian churches.

Died at St. Mary's—Kate Maria Kemp, of L'Anse, passed away at St. Mary's hospital Thursday night, after a brief illness. She was thirty-eight years of age. A brother accompanied the remains to L'Anse yesterday afternoon, where funeral and interment will take place.

Scholius to Pitch at Iron Mountain—"Hap" Scholius, of the Marquette baseball team, will pitch for the Iron Mountain club tomorrow, when it crosses bats with the speedy Niagara (Wis.) nine at the Menominee iron range metropolis. Clinton will twirl for Marquette in Sunday's game at Negaunee.

Last Game Sunday—The closing games of the league season in Marquette will be played Sunday between Munising and Ishpeming. Two games will be played, the first beginning at 1:30. Several former Rapid River and Ishpeming players will be in the Munising lineup, and the game should be interesting.

Who Will Get the Suit?—Either Cy Young or Abner Rippele will get the suit of clothes offered by the Crawford company for the Marquette ball player having the highest batting average at the close of the season. Young is now eight points in the lead of Rippele with a season's average of .286, but if Rippele is able to get one more hit than Young in Sunday's game he will win out by one or two points.

Freeman vs. Whittier—A suit brought by Freeman's livery against Ernest Whittier was on trial before Justice Byrne yesterday, but was not completed. Whittier is being sued for damages alleged to have been done one of Freeman's livery rigs, while in his possession. Whittier claims that he was run into by another rig and that the driver of that rig is responsible for any damage done. The case will be completed some time.

September Was Cold—The mean temperature for the month of September was 56 degrees, which is eight degrees lower than the mean temperature for September last year and one and a half degrees lower than the average for September for thirty-one years. The highest temperature recorded during the month was 83 degrees on the 13th, and the lowest 35 degrees on the 27th. The first month was the driest September since 1902, the total rainfall being but 1.63 inches, across the rainfall for the month is 3.6 inches. There was comparatively little wind during the month, the greatest velocity recorded being thirty-five miles per hour on the 7th. There were but nine days during the month in which rain fell, while eight were clear, seven partly cloudy and eleven cloudy. Frosts occurred on the 7th, 26th and 27th of the month.

A Sad Case—A sad case of what appears to be mental depravity or insanity has come to light near Birch. During the heavy season, Mrs. Lambert, accompanied by her seven-year-old son and other Marquette people established a camp near that village. When the rest of the party returned to this city, Mrs. Lambert and son were not to be found. Since then it has been learned that the two are wandering about among different lumber camps and leading a miserable life. The boy, especially, is said to be sadly in need of clothing and other necessities. For several days, the authorities have been trying to apprehend the mother, against whom a charge of vagrancy has been made, in order that she and her son may be placed where they can live decently. The two were reported to have been Birch Tuesday night, but they had escaped before an officer from Marquette arrived there yesterday.

Ogle Charged His Plea—John Ogle, the negro convict at the branch prison, who was charged with having committed an assault with intent to murder, to which he pleaded not guilty a few days ago, appeared before Judge Stone yesterday and asked to change his plea to guilty of a assault with intent to do great bodily harm less than murder, which plea was

accepted on the recommendation of the prosecuting attorney. Accordingly, the court pronounced a sentence of not less than two nor more than ten years' imprisonment, with five years recommended to begin at the expiration of the sentence he is now serving. Ogle was sent to the prison last November from Detroit under sentence of from seven and a half to fifteen years for manslaughter. One day during the summer Ogle attacked a fellow convict with a broken pair of shears, which he had fashioned into a dagger, and it was for that crime he was sentenced yesterday.

**SEPTEMBER ORE SHIPMENTS.**

L. S. & I. Dock Made Good Record for Month Just Passed.

Though the total ore shipments during September at the L. S. & I. dock did not equal the August record, more ore was shipped than during either of the two preceding Septembers, the total for the month being 315,445 tons. In September, 1903, but 112,909 tons were shipped and in September, 1902, the shipments totalled 238,314 tons. The largest monthly shipment this year was made in August, when 338,451 tons left the dock.

The September shipments were curtailed for two reasons. Near the first of the month, Labor Day following a Sunday made what was virtually two holidays, and this threw the boats off their schedule, resulting in their getting lunched at the docks, both loading and unloading, for several weeks afterward. Secondly, the last three days of the month Lake Superior was very rough, which held up the number of the boats, and but little ore was shipped after the 27th. Figures for the shipments from the South Shore docks were not obtainable yesterday.

There is still a big demand for ore at the lower lake ports and shipping promises to continue at a lively rate throughout October and November.

**THEATRICAL.**

**"A Doll's House."**

Miss Hortense Nielsen, who comes to the opera house Monday night, presenting Ibsen's "A Doll's House," is the most successful actress in the world today interpreting Ibsen's heroines. Other famous actresses have attempted the role of Nora Helmer, but have been obliged to give it up. Miss Nielsen has devoted a lifetime to the study of Ibsen and her remarkable performance of Nora once seen is never forgotten. Miss Nielsen's support includes Norval MacGregor, an actor of classic fame and national reputation. The remainder of her cast is excellent, being the same that appeared with her in the Studebaker theater in Chicago and Davidson's theater in Milwaukee last season. Reports indicate that a dramatic treat is in store.

Mrs. A. M. Adams is receiving her fall and winter millinery. It's on display now. All are invited. 219 Baker St.

GET A COOK'S BOOK.

It Contains the Greatest Helps and Useful Information on Baking Ever Published—It is Most Beautifully Illustrated.

The Power Behind the Dough, is delivering the best things to eat you ever tasted at the free baking school where Miss Goggin, the baking expert, is expounding the principles of good baking, accomplished in an easy and economical manner. You should not fail to receive the message of help she is sending forth to all, and see the illustrations by her that will make more successful results possible of a accomplishment to everyone who will apply the principles she advocates.

The suggestion may be pleasing to the large number interested in this most interesting clinic ever held in Ishpeming that you secure a 25c. can of K. C. from your grocery and return the coupon found therein to Miss Goggin and receive your "Cook's Book" for convenience and use in class. Most all receipts used are in the book. Ladies representing K. C. Baking Powder will call on you at your home to tell you of this most successful baking powder of modern times. It's up to date. Insist in their showing you the Janette McKenzie Hill "Cook's Book"—the finest collection of receipts and illustrations ever published. You will like it.

Miss Goggin at the baking school tests K. C. Baking Powder in the many ways by baking with it. The oven is the only legitimate test of any baking powder. You can tell by the result you secure, how good it is.

It is of decided advantage that you secure a certificate from the 25c. can at once so that you will not be delayed in receiving your "Cook's Book," as they are going very fast. Class each afternoon, 2 to 4 p. m.

At Saturday's class the following good things to eat will be made and served: College cake, bacon muffins, and prune kuchen. All made with K. C. Baking Powder, the best at any price.

**S.S.S. CURES BLOOD POISON**

When the blood becomes infected with the virus of Contagious Blood Poison, the symptoms are soon manifested. The mouth and throat ulcerate, copper-colored spots appear, a red rash breaks out, the hair begins to come out, and usually sores and ulcers show themselves on different parts of the body. At the first sign of the disease S.S.S. should be taken, for the trouble is too powerful and dangerous to trifle with. If allowed to run on the tendency is to work down and attack the bones and nerves, and sometimes it makes a complete physical wreck of the sufferer. The disease can make no such headway if S.S.S. is commenced and used according to directions; its progress can be stopped, the poison removed, and health preserved. S.S.S. goes into the blood and removes the insidious virus, cleanses the circulation and makes a complete and permanent cure by driving out the cause. S.S.S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and blemishes, and when S.S.S. has thoroughly purified the circulation no trace of the disease is left. S.S.S., a purely vegetable remedy, cures Contagious Blood Poison because it is the greatest of all blood purifiers, tested and proven for more than forty years. Home treatment book and any medical advice free to all who write.

**FINAL BALL GAMES TODAY AND TOMORROW**

TOMAN, OLSON AND SIMPSON MAY WEAR MUNISING UNIFORMS IN THE CONTESTS AGAINST THEIR FORMER TEAM MATES.

The last games of the Marquette-Alger County league series will be played today and tomorrow. If Ishpeming is to be the site of first place in the pennant race, it will have to defeat the Munising nine in three games, one this afternoon at Union Park, and two tomorrow afternoon at the Marquette fair grounds.

Manager Truman, of the flourishing team, yesterday asked Manager Linz if he would object if Munising secured the services of Steve Toman, Len Olson and Gust Simpson, former members of the Ishpeming team for the series. Truman was advised that he might play all of them, if he wished. It is expected that Toman will pitch at least one, and perhaps two, of the games, that Olson will hold down first base, and that Simpson will be in center field. These men will add considerable strength to the Munising nine, as they are capable players. It is also expected that Cole and Host of the Rapid River team will play with Munising.

The contest this afternoon will start at 2:30 o'clock. Wagner will pitch to-day's game, and Nelson and Chaput will be used tomorrow. A special train will be run tomorrow, via the South Shore r.r., leaving here at 12:30 o'clock. The train will be run direct to the fair grounds, and the round trip fare will be sixty cents. The train will arrive at the grounds at 1:10, and the first game will start promptly at 1:30. Two 15-inning games will be played.

Nelson, who came here three weeks ago from Fond du Lac, to join the Ishpeming team, has been sold by the Des Moines, Iowa, team to the Philadelphia Nationals, and will play there next season. Nelson was with the Chicago White Sox early this season, and was purchased by the Des Moines nine. He was later loaned to Fond du Lac. Nelson is without doubt one of the most effective pitchers that has ever played in the upper peninsula. In the thirteen inning game with Negaunee two weeks ago tomorrow only five outs were secured off him, and last Sunday he held Marquette down to four hits, three of which should have been fielded. Two of the five hits scored by the Negaunee team should also have been taken care of by the fielders.

Wagner and Chaput are both to return to the copper country, leaving tomorrow night or Monday. If a series of three games is arranged with the Negaunee nine to be played next Friday, Saturday and Sunday, but will return the latter part of the week.

**THE GREAT DIVIDE TONIGHT.**

Copper Country Paper Speaks Favorably of Attraction here Tonight.

The Houghton Mining Gazette said of Henry Miller's production of "The Great Divide," the offering at the Ishpeming theater tonight:

"It has been some time since Calumet theater goers had an opportunity of witnessing such a production as was seen at the Calumet theater last evening. The attraction was William Vaughn Moody's three-act drama of American life, 'The Great Divide.' There is depicted in this play love between a man and a woman who at first seem to be much different in personalities but by the clever work of Mr. Moody and the good company sent here by Henry Miller the fact that love can overcome the great divide between man and woman who are so different in thoughts, beliefs and manners was about perfectly presented. The first two acts are set in Arizona and the third in Massachusetts. The company which visited here is a good one and the scenery quite appropriate. A packed house greeted the company at Calumet."

**DURBANO'S ITALIAN BAND.**

Appleton (Wis.) Paper Praises Big Organization Coming Here.

Ishpeming people are interested in the coming of Durbano's Italian band, which is now filling an engagement in the copper country. The band will be at the Ishpeming theater for three nights, commencing a week from next Monday, Oct. 1, playing at popular prices. The Appleton Post gave at this meeting:

"If Luigi Durbano should come to Appleton in the course of several months with his forty-five men he could fill the largest auditorium in the city. Manager Charles Eskens did a most commendable act by bringing this most delightful Italian band here, and no praise that he and many others have accorded the organization and its gifted band master has been in the slightest degree exaggerated. Mr. Durbano seems to hold his men in the hollow of his hand; he plays upon them as upon great instruments, and they give evidence of understanding what he means by every movement of his baton, every contour of his body, both massive head and powerful frame. He is musical to his finger-tips, conducts entirely without a score, and enters into the spirit of his work with a fervor which belongs peculiarly to his countrymen.

"Every selection was played with its full spirit, sparkle and poetry, and called forth enthusiastic applause that was rewarded each time by an encore piece. The piccolo solo by Sig. Stea was most admirably played. Miss Peck, the vocal soloist, was much applauded and seemed popular with the audience and the band."

### PROGRAM ARRANGED.

Upper Peninsula Sportsmen Will Meet at Munising Next Wednesday.

The first annual tournament of the gun and rod clubs of the upper peninsula will be held next Wednesday at Munising, under auspices of the Grand Island Gun & Rod club. The program is as follows: 9 a. m.—Business session to organize and arrange for tournament.

11 a. m.—Individual shoot for club cup, donated by the Grand Island Rod & Gun club.

1 p. m.—Dinner.  
2:30 p. m.—Club shoot for the Munising cup.

The cup given by the Grand Island Rod & Gun club, which is to become the permanent property of the contestant making the highest score at the tournament, is said to be a handsome trophy. The Munising cup, given by the Munising Business Men's association, will be the principal trophy. It is to become the property of the club winning it three years in succession.

Thomas B. Wymann, formerly of this city, who is president of the Upper Peninsula Sportsmen's association, has received letters from several clubs stating that they had made arrangements to send one or more squads to Munising to participate in the contests.

In the club shoot each man of the squad will shoot fifty targets; in the individual shoot each contestant will shoot 100 targets. Other contests will be arranged, if they are desired. There will be a charge of two cents for each bird.

It is likely that the Negaunee Gun & Rod club will be well represented at the tournament. Several of the best marksmen will represent the organization, and two delegates are to be selected to attend the business session, at which the organization of the Upper Peninsula association is to be perfected.

### WIND UP OF BALL SERIES.

If the weather is favorable tomorrow the last league baseball game of the series between the Negaunee and Marquette teams at the Union park grounds will be largely attended. Steidle will be down from the copper country and will pitch for Negaunee, and it is expected that Clinton will be in the box for Marquette. Fedler will be at short and Cullis will be shifted to third, taking Rains' place. Cullis played a good game at third last Sunday at Munising and Fedler was right at home at short, so that the team has not been materially weakened by Rains' departure. There is considerable talk among the players and fans of Negaunee and Ishpeming about a series of three games between the two nines next week, and it is probable that it will be arranged. The Ishpeming and Munising nines will meet this afternoon at the Union Park grounds, the game starting at 2:30, and tomorrow they will play a double header at Marquette.

### FOOTBALL TODAY.

The Negaunee High school football team will play its second game of the season this afternoon with the Marquette high at the Marquette fair grounds. The members of the Negaunee team have been practicing all week and it is expected that they will put up a better game than they did last Saturday, when they tied Ishpeming by a score of five to five. The Ishpeming team has been considerably weakened since last Saturday on account of some of the strongest players receiving injuries that will prevent them from playing again this season. It is reported that the Marquette team is light.

## Mining News

An interest in close touch with Winona affairs says that while the progress in the construction of the Winona and King Philip mill continues under satisfactory headway, it will be many months before the mill will be in readiness to permit these two companies to enter the ranks of producers. However, it is felt that inside of ten months the mill will be treating 1,400 tons of rock in its two units, which will be capacity enough for these two properties for years to come, although the mill is so built that additional units can be added at any time such improvement may be warranted by the underground openings of the mine.

The Boston Financial News says: Osceola selling around 150 does not reflect the true condition of the mine. It simply reflects the 88 per cent dividend which can be added at any time. The current rate of production is 27,000-30,000 pounds per annum, the profit on which at the above cost and selling price is \$1,485,000, an amount equal close to \$15.50 per share or almost double the present dividend distribution. With the exception of the year 1906, when the company averaged 18.9 cents per pound for copper sold, the current twelve months are the most prosperous in its history.

### MONEY COMES IN BUNCHES.

to A. A. Chisholm, of Treadwell, N.Y., now. His reason is well worth reading: "For a long time I suffered from indigestion, torpid liver, constipation, nervousness, and general debility," he writes. "I couldn't sleep, had no appetite, nor ambition, grew weaker every day in spite of all medical treatment. Then used Foley's Bitters. Twelve bottles restored all my old-time health and vigor. Now I can attend to business every day. It's a wonderful medicine." Infalible for Stomach, Liver, Kidneys, Blood and Nerves. 50c. at The Stafford Drug Co.

### BOTH BOYS SAVED.

Louis Bonn, a leading merchant of Norway, Mich., writes: "Three bottles of Foley's Honey and Tar absolutely cured my boy of a severe cough, and a neighbor's boy, who was so ill with a cold that the doctors gave him up, was cured by taking Foley's Honey and Tar." Nothing else is as safe and certain in results. Sold by all druggists.

### LOCAL LACONICS.

Don Smith has returned from a business trip to Milwaukee.

Captains John Ellis and William Jory of the Swanzy range were in the city yesterday.

J. E. O'Donoghue and family expect to move into their new home on Main street next week.

Jackson & Lindquist will today complete the stretch of concrete walk on the south side of East Iron street.

A large number of Negaunee theatergoers will attend the production of "The Great Divide" at the Ishpeming theater tonight.

G. B. Watts, the piano tuner, will be at O'Donoghue's drug store next week, and parties desiring his services can leave their orders there.

L. E. Chaussee was yesterday advised by the Ford Automobile Manufacturing company that the car he ordered some time ago had been shipped. It is expected to arrive today or Monday.

Walter J. Croze, a former well known mining engineer of this city, who is now with the Oliver Iron Mining company, with headquarters in Duluth, is here for a few days. He will be joined today by Mrs. Croze.

The first consignment of pressed brick for the new fire hall arrived yesterday. The foundation has been completed. Most of the cut stone has been put in position and work on the walls can be started immediately.

The Chicago & Northwestern Railway company's crew will complete work on the iron bridge between the union depot and Pioneer avenue crossing within three or four days. The new structure was put in position Thursday.

The Misses Agnes Schwartz, Olive Gouge and Amelia Amonino, members of last year's graduating class of the Negaunee High school, have gone to Grand Rapids, Mich., where they are to take a course in kindergarten work.

Arthur DeLorimer, who spent the past few weeks in the city, visiting his uncle, George and Will Maas, left last night for Montreal, where he will visit relatives for a short time before departing for his home in California.

Michael Kelly and Patrick Kelly, Jr., left yesterday for Mexico, where they will take positions as diamond drill operators under Thomas Redmond, an Ishpeming man, who has charge of a job there for the Sullivan Machinery company.

The brick work on the Scandinavian society's new block, being erected on Gold street, was completed to the top of the first story yesterday. The second floor joists are in position and the bricklayers will begin work on the second floor walls today.

A. J. Bice, wife and youngest child, will leave a week from today for England, where they will spend two or three months, visiting. During their absence Mr. Bice's business here will be looked after by his nephew, John Bice, who has been granted a leave of absence from his position at Globe, Arizona.

J. M. Perkins yesterday received several enlarged pictures of a pretty scene taken last winter at Grand Island by one of the employees of the Cleveland-Cliffs Iron company. The most attractive features of the picture are huge banks of snow on the top of stumps. The pictures are to be framed and will be on view in some of the company's offices.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by HALL'S CATARRH CURE. Send for circulars, free.

### WINTER SPORTS NOW HOLD THE BOARDS

BASEBALL DUE TO RETIRE IN FAVOR OF FOOTBALL, BOWLING AND BASKETBALL.

### PLANS ALREADY UNDER WAY

Football Season Opens Today, Bowling Next Wednesday, and Basketball League Is to Be Formed.

Exit baseball—enter football, bowling, basketball and other fall and winter sports. Within another week or so, the all absorbing topic of interest this summer to everyone with an ounce of sporting blood in his veins will have been laid away on memory's shelf until next spring. Already plans are under way for fall and winter sports, which promise to be more varied and just as interesting as those of the summer months.

The football season in Marquette will be formally opened today with a game between the Marquette and Negaunee high school teams. This will be the Marquette eleven's first game this season, while Negaunee will have the advantage of last Saturday's game with Ishpeming. However, the Marquette boys have been practicing faithfully for the last week or more, and have had the benefit of experienced coaching from a former U. of M. varsity player. The team will leave for the fair grounds at 1:30 p. m. and the game will start at 2:30. The Marquette line-up will be as follows: Clair Harrington, center; T. O. Smith, right guard; Geo. Starnon, left guard; Earle Patrick, right tackle; John Ludigan, left tackle; Donald Begole, right end; Clas Reinhardt, left end; Will Byrne, quarter back; Anorev Sweet, right half; Austin Catlin, left half; Earl Godwin, fullback.

Three football teams besides that representing the high school have been organized or are in process of organization. They are known as the Normal, Guild Hall and City teams. The first two named have already begun practice, but the City team has not yet perfected its organization, though several meetings have been held. Once these four teams get going, Marquette lovers of football, both players and spectators, should be able to get their fill of the great college game.

### Bowling Starts Next Week.

The Marquette bowling alleys will be opened next Wednesday afternoon, and for the rest of the fall and winter will be open to the public. By Wednesday the alleys will be in first class condition, as such repairs as are necessary are now being made. Owing to the thorough overhauling given the alleys a year ago, they can be put in condition this fall with little labor or expenditure.

H. O. Bell, who so efficiently managed the alleys last year, will again be in charge and will move in from Presque Isle, where he has spent the summer, within the next few days. The prospects

for a successful season are excellent, more than usual interest in the sport having been aroused by the tournament held here last spring, at which an Upper Peninsula Bowling association was organized. Copper country bowlers have already begun work on the alleys in preparation for the next tournament, and it is likely that some of them will roll practice matches with the iron country bowlers at times during the winter. The next tournament will be held at Houghton toward the close of the season.

Though a considerable number of the best Marquette bowlers are members of the Guild Hall, it is probable that a Guild Hall team will be organized to compete with teams using the public alleys.

The officers of the bowling company have practically decided upon a partial reorganization of the company and to make the par value of each share \$3. An attempt will then be made to get all habitual bowlers to take one or more of the shares, which, it is believed, will result in all taking more interest in the alleys and the games played thereon. This matter will be brought up at a meeting of the bowlers to be held in the near future.

For the opening Wednesday, it is probable that a special match game will be arranged between two five-man teams, and a league of three-man teams is to be organized before the season has progressed many days.

**Basketball League.**  
Toward the latter part of last winter a great amount of interest was aroused in basketball, and at least a half dozen teams had been organized. None of the teams, however, had a regular schedule and games were played in a haphazard fashion, as the result of which the interest and attendance at the games was not so great as it might have been.

This year it is planned to form a basketball league and arrange a regular schedule. This plan should result in more general interest being taken in the games. By getting started early in the fall the season can be made much longer than has previously been the case. One drawback to basketball in Marquette is the fact that Legion Hall is the only place where games can be played, and the accommodations for spectators there are not adequate.

It is said that at least six teams could be formed into a basketball league, the high school team, the Guild Hall team, the Normal school team, the City team, the Knights of Columbus team and the Ferguson Business college team. Last winter most of these teams played against each other and were fairly well matched in playing ability. A schedule of games between these six organizations should result in some exciting contests, in which the public would take great interest.

### REASONS FOR THE NOVEL AND ITS DEVELOPMENT

LOVERS OF LITERATURE DELIGHTED WITH PROFESSOR TROOP'S LECTURE LAST EVENING.

Professor J. G. Carter Troop, of Chicago university, delivered the first of a series of six weekly lectures at the high school auditorium last evening, his subject being "The Development of the Novel." In the succeeding lectures he will take up the work of five great novelists. Professor Troop demonstrated thorough knowledge of his subject and his lecture was highly appreciated. The attendance should have been much larger. The program was opened with a patriotic song, given by a male quartet, composed of Claude Penhill, Earl Ross, Grover McCarthy and Carl Patrick, and directed by Miss Norma Ross, the rendition of which won deserved commendation.

Professor Troop showed that the story form of literature, out of which has developed the novel, began with the great Greek and Roman dramas. When the Roman drama became corrupt, coincident with its patrons, all literature lay dormant for several centuries, and the former players and their descendants scattered all over Europe, becoming troubadours in France, mimesingers in Germany and wandering minstrels in England. From these minstrels the inhabitants of the continent came to possess a vast collection of legendary stories and romances, largely centering about Alexander the Great, the fall of Troy, Charlemagne or Arthur of the Round Table. For centuries these legends were not written down but were told and retold, and in the process naturally became more and more imaginative and romantic.

In England, the beginnings of prose fiction came with Malory and Lilly early in the sixteenth century, but the development of that form of writing was delayed a hundred years or more by the phenomenal rise of the drama under Shakespeare and contemporary dramatists of the late sixteenth and early seventeenth centuries. When the Puritans of Cromwell's time drove respectability out of the theater, there grew in the minds of the people a desire for another literary vehicle in which human life might be expressed. At this time Bunyan, wrote "Pilgrim's Progress" and a little later Defoe brought forth "Robinson Crusoe," both splendid delineations of human character, but not novels.

The first novel given to the public was "Pamela," from the pen of Samuel Richardson, in the eighteenth century. Fielding, Smollett and Sterne followed with their novels in quick succession and from that time on the novel has been the most generally read form of English literature.

In closing Professor Troop pointed out that the earlier novels dealt largely with man's actions, while those of the nineteenth century dealt with his thoughts, feelings and emotions, that is to say with psychology. Professor Troop's next lecture will be given a week from last night, and his subject will be "Victor Hugo."
