**MANY TEACHERS TO BE HERE NEXT WEEK**

Accommodation Committee Urges Citizens to Open Their Homes for the Visitors—Notify C. L. Phelps, Chairman.

The Upper Peninsula Educational association, which is to hold its annual meeting in Ishpeming the last three days of next week, under direction of the Michigan State Teachers' institute, has had a big growth since its last meeting in Ishpeming seven years ago. The membership is now more than double what it was then, and for this reason the capacity of the hotels and private homes, where teachers are to be entertained, will be taxed to take proper care of them. The meetings will open Thursday afternoon at 2 o'clock, and the final session will be held Saturday morning.

C. L. Phelps, principal of the Ishpeming High school, who is chairman of the local committee, desires that all those who can accommodate one or more teachers to notify him as soon as possible. Mr. Phelps states that the committee may have some difficulty securing rooming places for all of the teachers. Inasmuch as the hospitality of the city is at stake, the members of the committee, as well as Superintendent Serbiner, feel that it is the duty of every family to crowd itself, if necessary, in order to entertain some of the strangers who will attend this convention. Talking on this point, Mr. Serbiner said: "All of our citizens should telephone or otherwise communicate with Mr. Phelps, stating the number of teachers they can accommodate. The teachers are willing to pay \$1.25 per day, which is the amount announced in the program of the association as the remuneration in a home for entertaining. They are willing to lodge two in a room, and we should do our duty even though we inconvenience ourselves in so doing."

Outline of Meetings.

The time of the various sessions, also a few of the principal features of the entertainments, are as follows:

The sectional meetings commenced Thursday afternoon at 2 o'clock, in the High school building.

The program Thursday evening opens with music by the high school orchestra and singing by the Boys' Glee club. Address: "The Call of the Nation to Our Public School," by Hon. Samuel P. Orth, of Cleveland, O. Mr. Orth is a finished speaker and has something to say all of the time he is talking. All citizens are invited to attend this entertainment. Admission will be by the badge of the association or tickets will be sold at the door for thirty-five cents.

After the address a reception will be held in Braastad's Hall, from 9:30 to 12. Refreshments will be served by the senior class of the high school. Citizens of the city are asked to attend and help entertain the visiting teachers.

Friday morning, Oct. 15, the association will be in general session, commencing at 9 o'clock. This opens with music by the boys of the High street school. Address: "What Forest Shall the Teacher Give the Children," Hon. Fred L. Keeler, deputy state superintendent of public instruction. President Chas. McKenney will speak upon "Educational Movements."

Friday evening program: Music, high school orchestra; reading, Mrs. Edie Rushmore, Marquette, Northern Normal; music, Girls' Glee club; lecture, "George Elliot," Professor J. C. Carter Troop.

Saturday morning: General session music, girls of Ridge street school; election of officers; address, "A Chapter of American History," President D. B. Waldo; "Use of Libraries in Public Schools," Hon. H. R. Pattengill; report of resolutions committee.

Friday afternoon: Sectional meetings. The school officers' section will be addressed by Hon. A. S. Lindemann, of

Professor Phelps' Lecture Course.

The committee in charge of Professor J. Carter Troop's University Extension course desires to announce that chairs will be placed in the front part of the high school auditorium and in the aisles for the use of those who find the school seats uncomfortable. Professor Troop gave a lecture on "Sir Walter Scott and His Works" last Monday night. It was both entertaining and instructive. His lecture next Monday night will be on the great English novelist, Charles Dickens. The lecture will commence at 7:45 and close at 9 o'clock. It has been suggested that the remaining three lectures of the course be given in the lecture room of the Carnegie library, because that room is much smaller. The question will be put to vote next Monday evening, after the lecture on Dickens. The price for single lectures is but twenty-five cents. These lectures are worthy of large audiences.

\$850 piano, red tag sale, \$278. Easy terms. Grinnell Bros., Anderson Block. (10-9-2t)

The older people as well as the children will find much to interest them in our new five and ten-cent department. (10-8-4d) F. BRAASTAD & CO.

Ladies' and men's new neckwear in abundance. JOS. SELLWOOD & CO. (10-8-2d)

**RALLY SUNDAY.**

Tomorrow will be rally Sunday at the Presbyterian church. The members of the congregation will meet for worship at 10:30 o'clock. Rev. M. M. Allen, the pastor, will preach. Sunday school will meet at noon, and the Christian Endeavor society will meet at 7 o'clock. The endeavor meeting will be directed by R. J. Wise, secretary of the Young Men's Christian association. At 7:20 the members of the Men's club will meet and listen to an address by J. A. Van Dine, in charge of the boys' department of the Michigan Y. M. C. A.

**EXTRA—SPECIAL—BLUET THEATER**

For this afternoon and evening we will present two of the best reels of pictures from the Vitagraph Studio this season. "The Way of the Cross" is a stirring love story of Bible times. This picture abounds in superb acting and scenic beauty and is sure to hold your attention. "The Magic Fountain Pen" is a picture of much interest as it shows the making of a fountain pen from the crude rubber to the finished article. Then we are showing some wonderful tricks of magic, which are performed by the fountain pen. The photography is excellent and altogether the subject is a highly educational one. Don't fail to see this great program today. (10-9-1t)

\$850 piano, red tag sale, \$278. Easy terms. Grinnell Bros., Anderson Block. (10-9-2t)

Nearly a carload of new five and ten-cent goods many of them great bargains, have been placed in our new department. (10-8-4d) F. BRAASTAD & CO.

See the Printzess coats—we are sole agents for same. JOS. SELLWOOD & CO. (10-8-2d)

If your piano needs tuning, William Leininger will take your order, and M. J. Olson will do the work. (6-28-1t)

**DIRECTORS:**  
D. T. MORGAN, F. BRAASTAD, A. B. MINER, W. H. JOHNSTON, A. MAITLAND, H. O. YOUNG, JAMES CLANCEY, DR. T. A. FELCH, M. M. DUNCAN.

**OFFICERS:**  
F. BRAASTAD, Pres., A. B. MINER, Cashier, H. O. YOUNG, Vice Pres. O. G. AAS, Asst. Cashier, GEO. BATHAWAY, 2nd Asst. Cashier.

**BALL GAME TOMORROW.**

As soon as the Escanaba management declared off the ball games scheduled for Sunday and Monday in that city, the Ishpeming and Negaunee teams decided to play here tomorrow afternoon. All of the old Ishpeming players will be in the line-up and it is possible that Mack of the Marquette team will hold down third. Goulette will likely be the pitcher and Lison will be behind the bat. Inasmuch as Goulette is now in fine condition it is expected that he will give a good account of himself. Either Siebenthal or Atwood will pitch for Negaunee. Atwood is a new man who came to Negaunee with McKee when he returned from Battle Creek.

New Billy Possum coat for children. (10-8-2d) JOS. SELLWOOD & CO.

Our five and ten-cent department, just opened, is a revelation. Bargains galore. (10-8-4d) F. BRAASTAD & CO.

ISHPEMING

BOYS' RALLY TOMORROW.

State Officer of the Y. M. C. A. Will Talk at Theater.

J. A. Van Dis, who is at the head of the boys' department of the Young Men's Christian association in this state, will lecture tomorrow afternoon...

Many articles that formerly sold for fifteen to thirty cents, now for five and ten cents in our new bargain department...

Ladies' and children's gun metal shoes, both high and low tops.

ORGANIZATION IS GROWING. All Members of Finnish Band Provided With New Instruments.

The Finnish band, organized here over a year ago, has improved greatly during the past few months and it now has a membership of twenty-nine.

Great bargains in five and ten-cent goods can be found in our new department, first floor, grocery side.

H. W. FISHER WOUNDED. Mining Man, Wellknown to Many Here, Accidentally Shot Himself.

H. W. Fisher, president of the Zenith Lead & Zinc company, also at the head of the Walnut Mining company...

Mr. Fisher was with T. W. Bailey, L. W. Leithland and Captain Harry Roberts. They were hunting along the Mouse river when the accident occurred.

Mrs. Fisher, who was at her home in Duluth, was sent for and has since remained here. It is not known whether the accident will be fatal...

We have opened a big five and ten-cent department on our first floor, formerly crockery department.

ESCANABA GAME OFF. Management of Sandy City Ball Team Has Cancelled Series.

The members of the Ishpeming baseball team who had picked up a nine of players from the Ishpeming, Marquette and Negaunee teams to play Escanaba tomorrow and Monday at the latter's grounds...

The Girls' Literary society met yesterday afternoon and the following program was rendered: Piano solo, Laura Moody; essay, "Shakespeare"; Gertrude Harvey; "Britus' Speech on Death of Caesar (Shakespeare); Margaret Benedict; reading, "The Old Clock on the Stairs" (Longfellow); Flossie Hawes; piano duet, Tyne Kettunen and Cora Harris; reading, "A Husband's Experience in Cooking"; Viola Pozzo; reading, "Magdalena"; Florence Loree; piano solo, Olive Gill.

The reception which will be held next Thursday for the members of the Upper Peninsula Education association will be entirely in charge of the senior class. The following committees have been chosen: Amusement—Clarence Bystrom, chairman; Roy Youngbluth and Harold Shaddick; refreshment—Margaret Benedict, chairman; Marguerite Scribner, Viola Jones and Maud Tislow; decorating—Clarence Bystrom, chairman, Leo Gunnville, Harold Shaddick and Louis Umth.

Many articles that are needed in the kitchen can be found in our new five and ten-cent department.

ISHPEMING IN BRIEF. C. J. Byrnes has returned from a business trip to Minnesota and North Dakota.

Mrs. Garner and Miss Wells will serve coffee this afternoon at the Goli club.

F. D. Mead, a wellknown attorney of Escanaba, transacted business in the city yesterday.

Officers of the Oliver Mining company were here yesterday from Duluth in the private car, "Soudan."

The Finnish band will conduct a hop tonight at Braanstad's Hall.

Dr. H. S. Smith, of the Ishpeming hospital staff, has been confined to his home the past few days with quinsy.

Congressman H. O. Young and wife have arrived home from their visit to Houghton, after an absence of six weeks.

Mrs. Samuel Byrne returned to her home at Houghton Wednesday after a visit with her mother, Mrs. Daniel Sullivan.

Thermometers in the city yesterday noon registered from seventy-seven to eighty in the shade. It was sixty-two degrees at 6 o'clock in the morning.

Miss Ida Hill, who is a nurse at the Harper hospital, Detroit, left for there yesterday, after spending several weeks with her sister, Mrs. C. J. Stocking.

The Ishpeming and Marquette High school football teams will meet this afternoon at 2:30 o'clock on the Union Park gridiron. The admission will be fifteen cents.

T. W. Durham, wife and son, George, left Wednesday for Chicago, where they will spend a week or more. J. Gilbert of Marquette is filling Mr. Durham's place as the Lake Superior & Ishpeming Railway company's local agent.

A large number of local baseball fans congregated yesterday afternoon at Wanek's billiard hall. Percilly's tailor shop, and at Ruez's and Morgan's brokerage offices, to hear the returns of the Pittsburgh-Detroit world's champion game.

Grinnell Bros. Music House

Headquarters: DETROIT. ISHPEMING BRANCH, ANDERSON BLOCK. OPEN EVENINGS.

FROM MORGAN'S CURB LETTER. Trading in the New York market was of the lowest volume for weeks, with more or less losses in all issues. Steel common monopolized what interest there was, with the result of 1 1/2 points loss on heavy trading. The government report on corn issues was decidedly bullish on stocks. Greene-Canaan and Nipissing were active in Boston. The former sold up to 11, all offerings under that figure being taken the instant offered. The East advises it is going higher, and its market action points that way. Nipissing was weak on a rumor of a fire at the property. This was later denied, and talk of the bankruptcy of a large Toronto firm substituted. This also was denied later. The stock sold down to 9 1/2 and later recovered to 10 1/2. The balance of the list was quite even. No news of a definite nature to account for the present condition of the market, except continued weakness of metal. On the curb, Ely Central was the feature, selling up to 1 1/2. Cumberland-Ely was weaker. There is some talk of the Cole-Ryan people having already secured control of this property. National Exploration was also weak, selling down to 55 cents. Chief, First National, Davis-Daly and Ohio Copper were rather active, but with little change. Others were neglected. We still believe the good coppers should be sought at this level.

Yesterday's closing prices were as follows:

Table with columns: Bid, Asked, and various stock names like Almoek, American Saginaw, Arizona & Michigan, Butte & Superior, etc.

While Eczema, Acne, Tetter, Salt Rheum, etc., are troubles which affect the skin, their source is far deeper than the outside circle. These affections are caused by irritating humors, or uratic acid in the blood. Such impurities inflame and irritate the delicate network of fibrous tissue which lies just beneath the surface of the outer skin, and the inflammatory discharge thus produced is forced out through the pores and glands, and is continually kept up while the blood remains infected. This exudation causes the formation of scales and crusts so often seen in Eczema, and when they are scratched off the flesh is left raw and more susceptible to other infection. It can very readily be so treated that to produce a cure the circulation must be purified and cleansed. This S. S. S. will do. It goes down to the very bottom, removes all humors and impurities, neutralizes the excessive acid of the system and in this way removes the cause of disease. Local applications can only soothe the irritation and assist in keeping the skin clean; they never produce a cure because such treatment does not reach the blood. S. S. S. restores to the thin, acid blood all its lost properties, makes it pure and rich and enables it to nourish the skin and keep it soft, smooth and healthy. Book on Skin Diseases and any medical advice free to all who write.

## TAXABLE PROPERTY PUT AT \$6,229,560

### COUNCIL DESIGNATED AMOUNTS TO BE CREDITED TO THE DIFFERENT CITY FUNDS AT THURSDAY NIGHT'S MEETING.

Although the valuation of all the taxable property in Negaunee is practically the same as last year, \$6,229,560, it is not now possible to tell just what the tax rate will be, as it is not known what the state and county taxes will amount to. It is expected, however, that both will be larger than last year, but it is not likely that the rate of taxation will be much higher than in 1908.

At the meeting of the council Thursday evening a resolution was adopted designating the amounts to be credited to the several funds. In order to take care of the outstanding debts and interest on bonds falling due this year, a half mill was taken from the special fund and added to the fire fund, making the latter 1.5 mills, or a tax of \$0.544,34. The credits to the different funds are as follows:

City tax fund for general purposes (1 1/2 mills)	\$ 9,244.34
Street and highway (2 1/2 mills)	15,737.99
Fire (1 1/2 mills)	9,244.34
One mill tax	6,229.56
School	50,000.00
Library	1,000.00
Total	\$81,482.14
Over \$1,600 for Street Work.	

The committee on streets and highways presented its report for September, which showed an expenditure of \$1,617.09, for repairing and cleaning streets and highways. The costs of the several jobs are as follows:

Completing Pabst road	\$367.00
Building Lincoln and Winter streets	129.15
Handing sidewalk and curb filling	173.50
Rolling gravel pit at Mary Charlotte	162.50
Cleaning alleys	107.25
Hauling for city hall lawn filling	127.25
Operating roller	45.50
Grading Beath street	499.50
Baking roads	19.80
Cutting down and grading Park streets	34.00
General street cleaning	44.10
Total	\$1,617.09

City Attorney T. A. Thoren recommended that the city build a rock wall on Cyr street for the support of a corner work to be put in by William Neely who a short time ago purchased the Cyr homestead. The recommendation was approved.

The board of education asked the

### PREPARING TO FIGHT AIRSHIPS.

England Already Has Guns Which Can Be Fired at High Elevation.

Washington, Oct. 8.—Sir William H. White, K. C. B., former chief constructor of the British navy, watched Wilbur Wright fly over the Hudson. Today he had this to say as to the feat and its significance: "It has been suggested that inasmuch as Mr. Wright carried a camera strapped to the bottom of his aeroplane it would be quite possible for him to fill it with bombs and other high explosives and drop a few of these on the deck of a hostile battleship and thus destroy it. But it would require about five hundred pounds of high explosive to destroy a modern battleship, and if Mr. Wright could not carry more than one additional man in his aeroplane it is inconceivable that he could carry five hundred pounds of high explosives.

"But if ever they get going with their dirigibles it is safe to say that guns will be mounted on all men-of-war so as to have a very high elevation. They would not necessarily have to be of extraordinary power. As a matter of fact the contingency of dirigibles has been seriously taken into consideration by the British admiralty, and we have guns mounted now that can be fired at a considerable elevation."

Informed of the great interest taken by American naval men and the public at large in his majesty's ship, indefatigable, and asked what is to be the limit in the construction ships of the Dreadnought class, Sir William said: "Their construction is limited only by the taxable capacity of the country concerned. As to the wisdom of building these great warships at enormous cost, that is another matter, and so long as one great power pursues this policy the others must follow. The number of the Dreadnought class is limited solely to the taxable capacity of the country engaged in turning them out."

"In warfare, especially naval warfare, you want concentration in the first place, and, secondly, the power of distribution. If you have a very small number of warships, individually powerful, they could not be in many places at once. In modern naval warfare, with long-range guns, you can make the fire from a considerable number of ships effective on one target, and vessels of the Dreadnought class would be likely to be the target.

are exposed now, as demonstrated during the Russo-Japanese war, consists of submarine mines. The Japanese lost two out of six battleships through submarine mines, or under-water attack, and lost none through gun fire. You don't safeguard yourself from this danger by building very large ships of the Dreadnought class.

"No one can go up the Hudson river, as I did, and gaze upon the United States fleet there assembled without unbounded admiration. It is a magnificent fleet. The United States fleet will bear comparison with any of the fleets of the world where the ships are of the same class and date of construction. I am distinctly of the opinion that at the present time the United States navy is the second in the world in an effective sense. But of course, if Germany goes on building four battleships a year, while the United States only two, it is only a question of arithmetic to figure out the ultimate result."

### MIDNIGHT DOCTORS

are the most unwelcome visitors—even the Doctor himself causes the luck that compelled him to leave his comfortable bed. Suppose you try our method, and keep a big 50c bottle of Perry Davis Painkiller in the house, and let the Doctor stay in bed and enjoy himself.

### SHE WAS PLEASANTLY SURPRISED.

Miss H. E. Bell, Wausau, Wis., writes: "Before I commenced to take Foley's Kidney Pills I had severe pains in my back, could not sleep, and was greatly troubled with headache. The first ten doses of Foley's Kidney Pills gave me relief, and two bottles cured me. The quick results surprised me, and I can honestly recommend them." Sold by all druggists.

### SPECIAL NOTICE

The Darantella Havana Cigar is made under sanitary supervision and the consumer can rely that no pains will be spared to make it the cleanest and most wholesome cigar on the market. Each maker has a jar of sterilized water on his table and no saliva paste permitted to be used, thus insuring the consumer absolutely no contagion possible, and a clean fine Havana smoke. We recommend the straight 10-size, owing to its fine smoking quality. Manufactured only by... JOHN E. KENNING & CO. Grand Rapids, Mich.

# Wooltex

COATS - SUITS - SKIRTS FOR WELL DRESSED WOMEN.

# Rosen Bros & Klein

Negaunee Mich.

# TODAY -- SATURDAY

Special exhibit of "Wooltex" styles in two and three-piece Suits, Wool Dresses, "Dagobert" and Moyen Age Coats. "Wooltex" style and the integrity of workmanship and materials to say nothing of a definite guarantee of two full season's satisfactory service. The Wooltex colors include navy and peacock blues, smoke greys, mushroom browns, forest greens, rose-wood and black; two-toned effects are fashionable.

Will you not come in TODAY and see the actual "Wooltex" models for the coming season?

### WILL LOOK OVER WATER SITUATION

**RUDOLPH HARING OF NEW YORK, AN ENGINEER WITH NATIONAL REPUTATION, COMING.**

### HOW TO GET PURE SUPPLY

**It Is Hoped That After Making an Investigation Monday, He Will Be Able to Offer a Solution.**

Rudolph Haring, of the firm of Haring & Fuller of New York, one of the best known municipal water supply engineers in the United States, will be in Marquette Monday to look over the water situation generally, and before his return will make a recommendation as to the best plan for its improvement. Mr. Haring is now engaged in the construction of a garbage disposal plant in Milwaukee and is coming here at the request of the water board and the special Commercial club committee, now working with the water board.

#### Extension of Intake.

For several months the majority of the water board have been inclined to favor extending the intake pipe, as a means of getting a pure water supply. However, there is at least one member of the board who favors removing the plant to Presque Isle. It seems to be the consensus of opinion that the latter would be the safer plan, but that the cost would be so great as to be prohibitive. Those who favor the intake extension argue that it would insure pure water for the next twenty years, or more, and that when the city grows so large that its sewage will contaminate the water 3,000 feet out in the lake there will be money enough to move the plant or build a filtration plant. The cost of extending the intake is estimated at from \$90,000 to \$100,000, while it is believed that the removal of the plant would cost three or four times that amount.

Within the last two months profiles of the harbor east and northeast of the present intake have been made, and a course has been plotted along which the lake bottom is very level and 3,000 feet from the shore there would be from sixty to seventy feet of water. While under present conditions it is probable that water taken at that distance would be free from sewage at all times, it is not known whether it would be entirely free from creosote.

#### North Marquette Sewer.

Another matter that enters into the problem is the probable necessity of constructing a sewer for North Marquette within the next few years, which would empty into the lake near Platte Rocks. Some maintain that the sewage from this sewer would drift southward over the mouth of the proposed extended intake, and make the city water as impure as it is now. Others claim that a North Marquette sewer would not affect the purity of the water at

the mouth of the proposed intake, as the two would be at least a mile apart and that sewage would not sink into the water as deep as the mouth of the intake would be, even if it did pass over it. Because of these and other considerations which make the water problem a complex one, it has been decided advisable to get some expert testimony, and Mr. Haring is coming here for that purpose. Engineer Branzburg made a similar investigation several years ago, as the result of which he recommended that the intake be extended but in the light of more recent developments bearing on the situation, Mr. Haring has been sent for. While Mr. Haring will not be able to make in a single day anything like the thorough investigation made by Mr. Branzburg, it is thought that by putting before him all the data now at hand, he will be able to throw much important light on the problem. It is possible that other expert water plant engineers may be asked to investigate the Marquette situation within the near future.

#### BAND RE-ORGANIZED.

**A. G. Cherny, Leader of Peerless Orchestra, the Moving Spirit.**

The old Marquette City band, which petered out about a year ago, has been re-organized by A. G. Cherny and held its first meeting Thursday evening. Another meeting will be held Monday evening. The band has rented a room in the Adams block, on South Front street, which will be exclusively for the use of the organization and to which the members will have access at all times. Mr. Cherny believes that lack of a place to practice has been the reason for the failure of former attempts to keep up a band and so has provided a place where any or all of the members may practice whenever they desire.

Mr. Cherny states that twelve musicians have already enrolled with the band, among the number being Clarence Eby, a first class trap drummer, from St. Ignace. Several other musicians, who have been with Gentry Bros. show this summer, are expected to arrive in the city within a few days and will become members of the band.

The organization will be both a band and an orchestra. This winter both will be used at dancing parties, the band for the two-steps and the orchestra for the waltzes. Mr. Cherny is a fine musician with great experience as a conductor and should be able to make a band which will be a credit to the city, if anyone can. He states that the members are taking great interest in the project and that he is confident it will be a success.

It's the "bling" in laundry work which makes the "whiteness." Some "blues" cost \$3, other cost \$6. We use only the \$6 kind. That's why our work is twice as white as some others.

#### THE CRESCENT LAUNDRY.

#### DISSOLUTION NOTICE.

Notice is hereby given that the partnership heretofore existing between A. J. Davis and A. J. Pleyte of Marquette, Mich., under the firm name of The Decorating company is this 9th day of October, 1909, dissolved by mutual consent. The business will be continued at Marquette by A. J. Pleyte, who is authorized to collect all outstanding accounts and settle the affairs of the said firm.

#### GOLF CLUB SMOKER.

**Large Number of Guests Enjoyably Entertained Last Evening.**

The lately organized Golf club entertained over one hundred guests with the most beautiful hospitality at its club house on West Washington street last evening, the occasion being one of the pleasantest and most successful assemblages of representative men of the city and county that has taken place here in years. Those in attendance were not confined to Marquette men, for there was a large representation of Negaunee and Ishpeming men present; also a party of officials of the U. S. Steel corporation, under the escort of W. H. Johnston of Ishpeming.

The dinner, which was served about 7 o'clock to members of the club and a limited number of guests, was enjoyed by a party of fifty-two, which sat down to two long tables set in the dining room and the adjoining room on the east. Mr. King, who has charge of the club house, served a most appetizing menu, which was highly praised. It included vegetable soup, chicken pie, cold meats, a salad and sherbert and cake and coffee, and claret was served. The arrangements were excellent.

Before the dinner was completed the guests invited to the smoker began to arrive, and when the party was complete the spacious lower floor rooms of the club house were well filled. Frank Trombly and Florence Curran furnished a program of overtures for the dinner and were heard in selections during the evening, which were interspersed with choral singing by many of the guests. The club overlooked no detail that would add to the pleasure of the company. They were piled with cigars and other smoking material and a fine punch was served in the dining room. Later in the evening an excellent Dutch lunch was served.

The visitors who had not before inspected the club's quarters were greatly surprised to see how well adapted they are to club purposes, and expressed themselves as much pleased with them, as well as with the cordial manner in which they were welcomed and entertained. Among the outside guests present were President Olcott, of the Oliver Iron company, Portland Mitchell and J. H. McLean of Duluth and other U. S. Steel corporation officials, W. H. Johnston of Ishpeming, F. A. Bell, T. C. Yates, Dr. Haide, Dr. Sheldon, T. M. Wells, J. E. Sines, J. M. Perkins, M. C. Quinn and a number of other Negaunee men.

The regular Saturday night hop will be held at Fraternity Hall tonight. Music by the Peerless orchestra.  
10-8-24

Special matinee at the Grand Saturday afternoon, for ladies and children only. Four splendid prizes for the children—two for the boys and two for the girls. Remember we are showing four (four) reels (a double show). Only one performance, starting at 3 o'clock. Doors open at 2:30. Come early. General admission 5c.  
(10-6-4)

Mrs. A. M. Adams is receiving her fall and winter millinery. It's on display now. All are invited. 219 Blaker St.  
10-1-6w

#### Facial Treatment.

Miss Hollie Oster, Werner block, removes superfluous hair, moles and warts by electric needle. Ladies' and gentle men's manicuring. Bell 'phone 61.
