

Copper Country

KENTON CASE IN COURT.

Joseph Deere Sues the Sparrow-Kroll Company—Court Notes.

After being on the calendar of the Houghton county circuit court for three years and five years after the facts, the case of Joseph Deere vs. the Sparrow-Kroll Lumber company of Kenton and Charles R. Kroll opened yesterday in the circuit court.

Deere is suing for \$15,000 damages for personal injuries. The story of the case as told by the defense is that Deere came into the company's store at Kenton five years ago in an intoxicated condition and so committed himself in the presence of ladies that it was necessary to eject him. In the resulting struggle one of the clerks hit the man on the head with a hammer. The company contends that the injury was justifiable.

Another interesting case which will be heard in the court this week is that of Peter E. Finnegan vs. George T. Baldwin, a case for libel. Mr. Finnegan, a well-known local agent for mining companies in Calumet brings suit against Mr. Baldwin who is a Chicago mining promoter. Mr. Finnegan declares that Mr. Baldwin libeled him in a statement as a circular which was distributed in the copper country.

The case against the Houghton County Traction company was terminated at 5 o'clock Tuesday afternoon when the jury reported to Judge Streeter a disagreement and was discharged. The jury had been out for twenty-four hours, since the previous afternoon. Patana was suing for damages for injuries received in an accident on Quincey street last winter. He was driving a sleigh load of wood along the street and his load capsize in the car track just in time to come in contact with a moving street car.

In the suit of William Nordstrom vs. Abraham Bros. opened and ended Wednesday. Judge Streeter directed a verdict for the defendants. Nordstrom sued for \$2,700 to satisfy a claim for rent on the unexpired portion of a five-year lease for a store building at Algonz. After the brothers had paid a portion of the rent, the building burned down and Nordstrom held that he was entitled to the rent for the lease period.

SEVERE STORM CONTINUES.

South End of County Visited by Heavy Snow—Boats in Shelter.

The storm which struck the copper country Monday night continued all day yesterday, increasing in cold and in snowfall. The temperature was perilously near freezing yesterday morning and the snow was in sufficient abundance to remain in sheltered places, causing slush in others. Observer Wiesner said yesterday noon that he believed the storm was good to continue until today.

All of the boats which have passed through Portage Lake yesterday morning were in shelter at Lily pond. The gale has been as high as fifty and sixty miles per hour on Lake Superior and no master would venture his boat in such a wind. Incoming boats report terrific seas on Lake Superior, especially between Whitefish and Hiron Island. The seas are said by old sailors to have been as bad as they had ever seen.

The telephone lines to the canal and life saving station have been down since Monday night and communication with Houghton is cut off.

TOWNSEND COMING HERE.

Charles F. Townsend of Jackson, representative in congress and co-sponsor of the Townsend-Esch railroad bill, is coming to Houghton. He will arrive Oct. 19 and remain until Oct. 21, when he leaves for Ironwood. He writes that he is coming for the purpose of meeting the leading citizens of the copper country. Mr. Townsend is an avowed and very active candidate for the office of United States senator, seeking the toga worn for so many years by Hon. Julius Caesar Burrows of Kalamazoo, present senior senator, whose term is about to expire. He is one of Michigan's most effective men in congress and as such Houghton people will be glad to meet him and know him.

OFFICERS TO HAVE HEARING.

Sam O'Connell and Robert Harrington Suspended in Houghton.

The cases of Police Officers Sam O'Connell and Robert Harrington, who have been under suspension for the past two weeks by order of President Miller, will probably come up for final adjustment in the Houghton village council tonight. The matter came before the council a week ago, but owing to pressure of regular business it was laid over. O'Connell and Harrington were suspended by the village president because he believed that they had been derelict in their duty in not making arrests after a fight at E. Croze's saloon in Frenchtown one night during the Copper Country fair. Certain persons whose names have not been made public are said by the president to have declared that the officers were witnesses of the fight, in which William Luens is said to have given Croze a beating.

At the last meeting of the council several members of the board asked the president to produce his witnesses, and the policemen were also asked to come forward with any witnesses who could help their cases. The meeting tonight will therefore take on the aspect of a trial and should be interesting.

Charges Against Poundmasters.

The two village poundmasters will probably be on the council carpet tonight. The last meeting of the council was attended by a man who declared he had been unduly assessed by the West Houghton poundmaster when his cows were in the corral. This gave rise to a discussion of the pound question and one or two of the councilmen made vague charges against the officials whose duty it is to see that the gentle milk cow shall not attempt to live in the public streets. The assertion only thinly veiled, was made that the poundmasters are wont to lie in wait until the cows begin to wander homeward from the safe pastures beyond the village limits and to capture them and hold them for ransom. One councilman had heard boys in East Houghton aver that they would get five cents for each cow driven within the village limits and at the mercy of the poundmaster.

Concerning Public Health.

The health committee should have interesting matter to report to the council. At the last meeting of the matter of the residents of West Houghton who have not connected with the sewers was passed up to this committee with instructions to get immediate action.

COPPER COUNTRY SPORTS.

Boxing and Wrestling Games to the Fore—Tournaments Planned.

Tony Ross of Newcastle, Pa., who is to box ten rounds with Mike Shreck of Cincinnati at the Amphidrome next Monday night, will arrive in Houghton today with his manager, Jimmie Dines, who is match-maker at Duquesne Gardens, Pittsburg. Ross is a challenger of Walter Johnson for the heavyweight championship of the world and is a promising boxer. Mike Shreck, who is already on the ground, has met Ross before, without a decision.

Tom Harrington of Butte, Mont., was recently lost to John Rowett in a hard fought wrestling match at Calumet, announced that he will conduct a big tournament for the benefit of William Martin of Calumet, who is ill and needs money. This is a well known Calumet wrestler, being probably the best claimant to the lightweight title of the world. He has met and defeated such men as the Chapman boys, Gray, Brown and many others. Now that he is ill it is believed that the fans will turn out in large numbers to witness a tournament that is to be conducted solely for his benefit. Harrington will meet all comers in one evening, barring no one. Such men as Olson, Ford, Gray, Nelson, Lehto, Germany, S. Holtz, Hill of Ogdontown, the three Chapman brothers and all others are welcome to a trial with the Butte giant in this tourney. As the cause is a good one, it is expected that he will willingly come forward to meet Harrington.

The Kerroge theater at Hancock has been engaged for Friday and Saturday, Nov. 5 and 6, for a catch-as-catch-can wrestling tournament which will be open to the world. One of the strongest entries is Karl Lehto, the South Boston Finnish giant. Rowett, the big Cornish catch-as-catch-can, and Graco-Roman wrestler, is expected to enter. Many others will take part.

WORK FOR BIBLE CLASSES.

The men's Bible class of the Laurium M. E. Sunday school has mapped out a program of work to be followed until the end of the year. The lessons deal with the beginning of Christ's ministry on earth. The program follows: Oct. 17—Teachings and discussion, Marriage in Cana—John 2:1-11.

Oct. 24—History, geography and analysis.

Oct. 31—Teachings and discussion. The First Passover of Christ's Ministry—John 8:12, John 4:21.

Nov. 7—History, geography and analysis.

Nov. 14—Teachings and discussion of the cleansing of the temple.

Nov. 21—Teachings and discussion of the conversation with Nicodemus. The Woman at the Well—John 4:1-42.

Nov. 28—History, geography and analysis.

Dec. 5—Teachings and discussion. Imprisonment and death of John—Luke 7:19-27, Mat. 14:1-12.

Dec. 12—History, geography and analysis.

Dec. 19—Teachings and discussion of John's imprisonment.

Dec. 26—Teachings and discussion of John's death.

CHASSELL PIONEER IS DEAD.

The funeral of Frank Drapeau, who died early in the week at his home in Chassel, will be held this morning from St. Agnes' Catholic church in that village. The deceased was born in Quebec eight-one years ago and came to the copper country in his early youth. In his early manhood he was a lumberman and later turned his attention to farming. He is survived by a widow and three sons.

And many a girl has been able to support herself and a large collection of relations by marrying the right man.

DR. D. JAYNE'S EXPECTORANT

This is the Time for Colds—and it is the time to cure them—before they get a firm hold upon the system.

Dr. D. Jayne's Expectorant is the quickest, surest and best known remedy for Coughs, Colds, Pleurisy, Bronchitis, Inflammation of the Lungs or Chest and all ailments of a like nature. It has been successfully employed for four generations.

Dr. D. Jayne's Sanative Pills is a thoroughly reliable and effective laxative, purgative, cathartic and stomach tonic.

Dr. D. Jayne's Expectorant is Sold by All Druggists, in \$1.00, 50c. and 25c. Bottles.

ROSS CASE IS ADJOURNED.

Examination of Quincey Watchman Will Be Concluded Next Week.

The examination of George Ross, the watchman employed by the Quincey Mining company, was started before Justice Clavier Tuesday. Ross is charged with an attempt to kill, complaint against him having been made by the parents of Walter Hagen of Pewabic. The examination was adjourned until next Wednesday morning. Ross has retained Attorney S. L. Lawton to defend him.

It is alleged that Ross shot Walter Hagen, a boy seven years of age, through the arm the night of Saturday, Sept. 25. The little fellow and his companions were in court and told their stories. According to these, Walter Hagen, with his brother Clarence and two other boys, were in the garden of Superintendent Lawton, stealing apples. The boys say that Ross started firing while near the residence and that they started to run. Three shots were fired before any one was struck. Walter Hagen was the last one to get over the fence. The boys say the watchman took hold of the boy's arm while the youth was on top of the fence and then let him go. The lad, it is said, fell to the ground and while in a semi-sitting position according to the lad, Ross fired at him, the bullet going through his arm. The boys all tell the same story and state that Ross was leaning over the fence when the last shot was fired. The arm of the injured lad was exhibited in court and it was shown where the bullet entered the flesh and came out on the opposite side. The wound has not yet entirely healed and the boy is unable to use the arm. The bullet went through the biceps.

FAILURE TO REGISTER DEEDS.

Many Land Transfers in Houghton County Have Not Been Recorded.

Register of Deeds MacKenzie remarked yesterday that there are a large number of deeds for real estate which have not been recorded. The law does not make it imperative for a purchaser of land to register the deed, but to fail in this respect is a dangerous thing for a landowner. There is always the danger of mislaying a deed or its destruction by fire, and in that event the owner might have a difficulty in proving his title. Many owners are careless in this matter and do not think to register their deeds until the time comes when they want a sale. Then they find that unless the deed is recorded an uninterrupted abstract cannot be made of the title.

HUNTING LICENSES ISSUED.

Isaac Rauhala of Calumet First Man to Secure Deer Permit.

Isaac Rauhala of Calumet is the first man to secure a license to hunt deer in Houghton county the coming season. His application and affidavit came to County Clerk Richardson yesterday morning from Sakris Sivola, deputy li-

AMALGAMATED PUZZLES BUTTE.

The action of the Amalgamated Copper company in relation to the recent labor troubles in Butte, taken in connection with the enormous copper surplus and unsatisfactory condition of the metal market, is one of a number of things the public can not understand.

The miners gave no notice to the Boston Commercial. It was generally believed and feared that the Amalgamated would welcome some excuse for another suspension of operations and copper production. If such an excuse had been sought it was abundantly furnished by the miners when they violated their contract with the company and walked out because they had a grievance against the company, but with another union, the holding engineers.

Mr. MacKenzie recalled yesterday that he has only recently received for record a deed which was conveyed in 1878. It had laid in a family tin box for thirty years. Many of the villages of Houghton county contain property for which deeds from sales from the original plat have never been recorded. This is particularly true of Laurium.

MERGE AT ELY?

It was said at Boston yesterday that a merger of the Nevada Consolidated and Cumberland-Ely companies would likely be announced before the end of the present week. It was said that the leading interests already have informally agreed upon the terms of the consolidation. It was believed that the basis of exchange for the shares of the holding company would give the Nevada Consolidated shares a valuation of three and one-half times that of Cumberland-Ely.

NOTES OF COPPER NEWS.

Within the not-distant future the Copper Range railroad, 110 miles in length, will declare its first dividend. The company has \$2,925,000 bonds and \$4,003,700 stock. All of the latter is owned by the Copper Range company, which is in turn owned by the Copper Range Consolidated. For the past year the company has been diverting substantial sums from earnings for the improvement of property. Steel bridges have replaced wooden ones, until now the road is in first class physical condition. The necessity for making these improvements has been diverting no longer exists, and a dividend on the 40,000 shares of stock is being earned. Dividends from the company's railroad investment will be of assistance on a law metal market in meeting the \$4 per share dividends now being paid on the 284,000 shares of outstanding Copper Range Consolidated.

The Fountain Head of Life Is The Stomach

A man who has a weak and impaired stomach and who does not properly eat his food will find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It maintains strong in body, active in mind and cool in judgement.

This "Discovery" is a pure, glyceric extract of American medical roots, absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrappers. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy of known composition. Ask your neighbors. They must know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

There is evidence that the house of forever is becoming interested in copper, and if there is ever a big consolidation of copper properties such consolidation will be engineered by P. Morgan & Co. It is stated that leading copper interests are in frequent consultation with the Morgan firm and that the firm enjoys very close relations not only with the Amalgamated and Guggenheim interests, but with Phelps, Dodge & Co. The house of Morgan has been closely affiliated with the Guggenheims. It has an investment with them running high into the millions, in Alaska, and was of considerable assistance to the American Smelter & Refining company during the 1907 panic, so that it is believed that the association between these two interests is sufficiently close to bring the Guggenheims into a copper consolidation formed on right lines.

A Morgan demand under these circumstances should hardly be resisted. The Guggenheims have been the disturbing element in the copper world during the last few years, controlling 20 per cent of the copper production on the American continent, all of which is low-cost copper. They have acted independently of all other interests and have made the low price for the metal in most instances. It has been the Guggenheims policy to sell copper every day upon advice from the smelters daily as to the amount of copper shipped to the Eastern refiners, and in selling it they have not let 1/2 or 3/4 cent per pound stand in the way of effecting sales. This has naturally been a disturbing factor, as such policy of copper selling has not been along the lines of the other large selling agencies.

SPY SCARE RIFE IN FRANCE.

Newspapers Arouse a Frenzy of Fear of the Kaiser's Secret Agents.

Paris, Oct. 13.—France is suffering from an acute attack of "pyromania." During the past fortnight French officials have seen a German spy in every shadow. The newspapers have worked the people up to what would be a frenzy of fear if the people were not already destitute of all faith in the army and the government.

Today's weather: Unsettled with snow flurries; continued cold. Yesterday's temperature: Seven a. m., 33 degrees; noon, 36; 7 p. m., 34. Maximum, 38 degrees; minimum, 33.

Miss Ida Schrandt of Gwinn returned last evening for a short visit with her parents.

Mr. and Mrs. J. B. Mason left for Durand, Wis. last evening, where they expect to live in the future.

Urgel Belanger, aged fifty-nine, of Chocoma, died Monday of pneumonia. The funeral will be held from St. John's church this morning.

Earl Gonzolus of Cheboygan, Mich., has accepted a position at the Grand theater for the winter. Mr. Gonzolus will have charge of the effects and also assist in the operation of the picture machine.

The Guild Hall football team will practice this afternoon from 5 to 6, and this evening from 7:30 to 8:30. The gymnasium and swimming pool at the Guild Hall will be open this morning for the children. There being no school, a lesson will be given in swimming.

The Marquette Millinery company is celebrating the tenth anniversary of its business career in Marquette. The proprietors are arranging to present each caller on the opening days, tomorrow and Saturday, with a neat aluminum heart, which serves as a pin receptacle.

Mr. and Mrs. Thomas Follis will leave for L'Anse this morning, where they will make their future home. Mrs. Follis is to run the Thomas Hotel in that village while Mr. Follis will continue his present business, that of traveling salesman for the Pritzloff Hardware company.

Mr. and Mrs. I. Suetzer, 347 Blom-luber avenue, left for Chicago and Milwaukee, where Mr. Suetzer will give treatments for deafness, with which he has been troubled for several years. They will be absent three or four weeks, and while in Chicago will visit at the home of T. Schwennin.

Coldest Day of Fall—Yesterday was the coldest day of the fall and those who had not already done so were hustling to get their heating plants or stoves in running order. Those who had not gotten in a supply of coal made haste to place an order with their coal dealer.

Band Matinee—The matinee to be given by D'Urbano's Italian band at the opera house today, tomorrow and Saturday will begin promptly at 2:30 o'clock. It is expected that all will be very largely attended, especially since the public schools will not be in session.

Mr. Townsend's Coming—As far as could be learned yesterday, no plans have yet been made for the reception of Representative Chas. Townsend, of Jackson, who will arrive in Marquette at 5:35 Monday evening. Mr. Townsend is a candidate for the United States senate to succeed Senator Burrows and is anxious to meet as many people as possible while here. It has been suggested that an informal reception be held for him at one of the hotels Monday evening.

Cups Kept Clean—According to Superintendent Gehrand, the public drinking cup problem has been solved in the Marquette public schools. For the last year the practice has been to change all the cups used by the school children twice a day, at noon and at night, and before the next morning all the cups used during the day are immersed in boiling water and thoroughly disinfected. This method is even more sanitary than the drinking fountain, used in many schools, in the opinion of the superintendent, and should be entirely satisfactory to the state board of health.

T. H. Nebel to Entertain—T. H. Nebel will entertain at the Marquette golf club house this evening by giving a formal dancing party to about 150 invited guests. The club house is to be prettily decorated with flowers, ferns, flags and pennants, and excellent music has been engaged. Refreshments will be served by Mr. and Mrs. Fred King, who are in charge of the club house. The new steam heating plant was tried out yesterday with satisfactory results and the club house will be warm and comfortable this evening. Those who are to attend Mr. Nebel's party are anticipating a thoroughly enjoyable evening.

The Telephone Girl—A friend submits the following anecdote of the very necessary and often abused telephone girl: "The telephone girl sits still in her chair and listens to voices from everywhere. She hears all the gossip, she hears all the news, she knows who is happy and who has the blues, she knows of our troubles, she knows of our strife, she knows every man who is mean to his wife, she knows every time we are cut with the boys, she hears the excuses each fellow employs; in fact there's a secret month each says out of that quiet, demure looking telephone girl. If the telephone girl told all that she knows it would turn our friends into bitterest foes; she could get all our churches mixed up in a fight and turn all our days into sorrowing nights; in fact she could keep the whole town in a stew if she's let a tenth part of the things that she knew."

INSURE WITH PETER WHITE & CO. GUILD HALL BOWLING.

Two Guild Hall bowling teams tried conclusions on the Guild Hall alleys last evening, with the resultant scores as follows:
Splits—
S. Frasier 144 136 142
A. Menhennet 143 104 142
L. Linstrom 149 136 175
Totals 436 376 463
Slow Freights—
S. Schuch 157 186 148
J. Block 105 148 143
K. Wheeler 107 125 154
Totals 429 469 444

The match was the second of a series of three. The Splits won the first by a margin of 11 pins. Last night the Slow Freights cut the lead down to forty-one pins, and in the third match they expect to emerge victorious.

We can furnish repairs for over 10,000 different stoves and ranges. Those or call KELLY HARDWARE CO. (9-18-14)

MRS. MAE D. McCORMICK WEDS.

Became the Wife of Arthur A. Smith Yesterday Afternoon.

Marquette people were greatly surprised last evening to hear of the marriage of Mrs. Mae D. McCormick to Arthur A. Smith, which took place at the McCormick home, 909 North Third street, yesterday afternoon, in the presence of a very few immediate friends. Rev. Ames Maywood, pastor of the Methodist church, was the officiating clergyman.

Mr. McCormick has a wide acquaintance in this city, being an active worker in the several lodges to which he belongs. Tuesday evening she gave an account of the proceedings of the national convention of the National Protective Legion, held at Wilkesbarre, Pa., last month, and to which she was a delegate, members of Red Cross and Marquette lodges being present.

Mr. Smith is quite well known in the city and has boarded at the McCormick home for over a year. The couple left on last night's train for LaVelle, Wis., where they will spend two weeks with Mrs. Smith's relatives. On their return they will be at home to their friends at 909 North Third street.

MAY BE REORGANIZED.

Upper Peninsula Presbytery May Be Divided in Two Districts.

Among the important matters which is to come before the Presbyterians of the state at the meeting of the synod at Cadillac, yesterday, today and tomorrow, is a re-districting of the state. There are now nine districts in the state and it is possible that two more will be made, if the re-districting plans go through.

The entire upper peninsula which is at present one Presbytery will probably be made two divisions, a western division and an eastern division. The district has grown so large that it is believed that better results will be accomplished through bringing the churches into smaller organizations so that they may be visited more frequently by the moderator.

The meeting at Cadillac is on the seventy-fifth anniversary of the founding of the Michigan synod and special services have been arranged in celebration of this event.

TURKISH BATHS AND CHIROPODY
Frank Keough, 123 W. Ridge St., Marquette.
WOULD OPEN NEW FIELD.

Rumor Has It That South Shore Is to Enter Gogebic Range Cities.

The fact that the Soo Line is doing some track construction work at or near Bessemer has revived the rumor that eventually the South Shore and Soo Line (Wisconsin Central) roads will establish connection at Bessemer and that South Shore trains will be run into Bessemer, Ironwood, Hurley and Mellin, again making connection with the South Shore over a new line to be built from Mellin to Marquette.

This rumor could not be confirmed at the South Shore office, but new that the South Shore and Wisconsin Central roads are controlled by the same interests, the idea strikes the layman as entirely practical. By running its trains over the Soo line from Bessemer to Mellin the South Shore would get into direct connection with the entire Gogebic range without adding more than twenty-five miles to its mileage. At present, traffic to and from the Gogebic range on the South Shore goes over the Northwestern from Saxon.

THEATRICAL.

"The Girl from U. S. A."

Those who witnessed the production of "The Girl from U. S. A." at the opera house last evening saw an unusual combination of drama and comedy, which cannot be said to have been altogether pleasing, as to a considerable extent the comedy made burlesque of the dramatic parts and the drama made the comedy seem out-of-place and but little more than horse play.

Irene Duckett, as the Girl, was true to the typical American girl, as she is known in romance, being vivacious, daring, fearless and unconventional. Otto Theobald, the American newspaper correspondent, who played opposite Miss Duckett, handled his part in a fairly satisfactory manner, though at times he appeared to be self-conscious. Allie Ellmore, as the Spanish wife and slayer of her first husband, was good. The best acting in the piece was done by Jay Ray, who took the part of the Chinese mandarin.

The musical numbers were indifferently well rendered, but the dancing was good, and the stage settings and costumes were worthy of praise.

SOO CANAL PASSAGES.

Boats Locked Through, Bound for Ports on Lake Superior.

Sault Ste. Marie, Mich., Oct. 13.—The boats whose names are here appended have passed the canals the past twenty-four hours, bound for ports on Lake Superior: Kensington, 10 p. m.; Dunham, 12:30 a. m.; Mueller, 8:30; Bradley (steel), 9:30; Henry Hawgood, 10:30; Keefe, 11; Wilbert Smith, 2:30 p. m.; Crescent City, Mars, 3; Kinnawood, Juniata, 4; Keewatin, 4:30; Dunn, 5:30; George Stephenson, 6; Gary, 7:30.

ITS A TOP NOTCH DOER.

Great deeds compel regard. The world crowns its doers. That's why the American people have crowned Dr. King's New Discovery the King of Throat and Lung remedies. Every atom is a health force. It kills germs, and cures and la grippe vanishes. It heals cough-racked membranes and coughing stops. Sore, inflamed bronchial tubes and lungs are cured and hemorrhages cease. Dr. Geo. More, Black Jack, N. C., writes "It cured me of lung trouble, pronounced hopeless by all doctors." 50c, \$1.00 Trial bottle free. Guaranteed by The Stafford Drug Co.

C. R. Kluger, the Jeweler, 1090 Virginia ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." Sold by all druggists.

Winter Precaution

Fall and winter is the season for colds and coughs. It is the time when serious throat and lung troubles get their start. Every cough is a threat against life and should be rightly cured. Coughs must not be dried up or drugged into silence; they must be soundly cured by removing the cause.

White Pine Cough Syrup

is, we believe, the remedy you should insist upon using. It goes to the source of trouble and removes it. It soothes, seals and strengthens. It is equally good for children or adults.

Price, 25 and 50 Cents.

Desjardins' Pharmacy,
147 North 3rd Street.

Tenth

ANNIVERSARY

...AND...

OPENING

TOMORROW AND SATURDAY

Oct. 15 and 16

This being our tenth anniversary in the millinery business, we have taken a little more time and have gone to more expense in the selection of our Hats this season. It's our desire to make this the banner opening of our business career. Style, quality and workmanship. We will show the newest things in

Beaver and Pony Hats, Chin-chilla Turbans, Willow Plumes and Aigrette Trimmings

all of which are in high favor this season. We anticipate and will welcome an opportunity to interest you. A neat souvenir will be given each caller on this, the occasion of our tenth anniversary.

THE MARQUETTE MILLINERY CO.

Nester Block.

This Should Interest You

It is told that a merchant in New York city advertised for a young man to fill a certain position. The next morning he found six applicants in waiting. The merchant asked:

"How many of you young men have savings bank accounts?" Only one replied that he had. "I'll take you," said the merchant.

His bank account was a recommendation. It suggested at once to the merchant, the possession of qualifications he desired in his service.

You can start an account with this bank with \$1.00, \$5.00 or any other amount. We allow 3 per cent interest on deposits in our savings department.

PLANS SOUTH POLAR DASH.

British Explorer Scott Will Establish New Base in Antarctic Region.

TO USE MOTOR SLEDGES. Fifteen Hundred Miles Must Be Covered by the Expedition to Reach the Goal.

London, Oct. 13.—Captain Scott has issued his itinerary for his proposed dash for the South Pole next year. The following is the chief program:

The main object of this expedition is to reach the South pole, and to secure for the British empire the honor of that achievement.

The base hitherto used is in McMurdo sound, and it is proposed to establish a fresh base in this region. But the cause of science and the tradition of British exploration make it desirable that every fresh effort should be directed to breaking new ground.

The new base may be difficult to establish, and it will certainly be exposed to the full rigors of the Antarctic climate, but, on the other hand, its distance from the pole will be no greater than that of the McMurdo sound base, and the region about it is entirely unknown.

The problem of reaching the South pole from a wintering station is a problem of transport. The distance to be covered there and back is about 1,500 miles; the time at disposal in a single season is about 150 traveling days.

An average of ten miles a day can be easily maintained by men, provided that adequate transport arrangements are made.

There are three means by which the traction for heavy sledge loads can be provided, viz., ponies, dogs and motors; and each must be considered not only with regard to capacity of work, but also with respect to the changes in the nature of the track to which reference has been made.

Mr. Shackleton has shown the brilliant results which may be achieved by pony traction on the barrier surface, but he has also shown their unsuitability for work on glaciers.

To Use Dogs for Glacier Work. Dogs, if not overladen, could be used for glacier work, and might travel the whole distance to the pole if properly lashed by being lightly laden and well fed on the lower plateau.

The motor sledge is a new development, and bids fair to become the most promising means of polar transport. As a result of two years' experiment a motor sledge has been evolved which has undergone satisfactory trial on the snows of Norway.

The motor sledge's advantages may be briefly stated as follows: 1. It is capable of accomplishing more work for the fuel expended than either the pony or the dog.

2. It expends no fuel when not actually in use.

3. It is sufficiently long to bring dangerous crevasses.

The plan of the journey to the South pole from King Edward VII. land includes the use of the three means of sledge traction described—ponies will be taken in sufficient numbers to transport thoroughly adequate amount of food for the further journey. If they fail to reach the glacier, they will, at least, as far as they can be taken, relieve the ponies and dogs of weight, and increase the safety of the return journey.

The scientific objects of the expedition may be briefly stated as follows: Geographical—To explore King Edward VII. land, to throw further light on the nature and extent of the great barrier ice formation, and to continue the survey of the high mountainous region of Victoria land.

Geological—To examine the entirely unknown region of King Edward VII. land and to continue the survey of the rocks of Victoria land.

Meteorological—To obtain synchronous observations at two fixed stations, as well as the weather records of sledging parties.

WHY HE WEARS GOLD MEDAL. Story of Private Albert Nolan's Adventure in the Philippines.

Niles, Mich., Oct. 13.—One of the bravest deeds of the Philippine warfare yet recorded was the act of a well-known boy of this city, Albert Nolan, who was artificer of Company B, Forty-fifth United States Infantry.

Nolan saved a besieged detachment near Labo, Luzon, P. I., May 20, 1909, by voluntarily leaving shelter and at great personal risk, using chains to cut the enemy's lines and bringing relief to his besieged comrades.

The army board, of which General McArthur was president, recommended him for the award of a medal of honor. Congress approved the recommendation, and Nolan prizes the medal very highly. The story is told in a letter written by Asher P. Ansbacher, quartermaster sergeant of Company B, and addressed to Mr. Nolan's mother, is as follows:

A small detachment of men under command of Captain Albert Steinhauer, Company B, Forty-fifth Infantry, were carrying mail and posting notices between Daet and Labo. Labo was an insurgent stronghold. When a short distance from the place on their return march they were attacked by a band of insurgents who fired upon them, killing three men and wounding a number of others. Being greatly outnumbered, the detachment was forced to retreat and took shelter in a dike, where they were besieged by the enemy.

At the end of two days their provisions gave out and it became necessary to seek relief. Nolan volunteered to attempt the trip through the enemy's lines, and with a brave guide named Phillip started in the night for the journey back to Daet. He succeeded.

General Bates, assistant to General Bell, and Captain Murphy of the Thirtieth Infantry, commenting on Nolan's act, said it was the bravest piece of work ever performed in the army of the Philippines.

MARKETS

NEW YORK STOCKS.

Paine, Webber & Co.'s correspondent at New York yesterday telegraphed as follows:

"A substantial short interest is now outstanding, as evidenced by the borrowing demand, and although we do not feel that the market is yet in a position to enjoy a sustained advance, still the position of the list has been greatly strengthened by recent liquidation and we would therefore be inclined to make moderate purchases on the recessions."

The final quotations follow:

Amalgamated	78 1/2	Northern Pac.	161

Boston Stock Quotations.

Writing from Boston yesterday, Paine, Webber & Co. had the following to say of the stock market:

"The whole list showed continued liquidation this morning, but the undertone and buying seemed to be better. The reactions were smaller, and the bears were unable to bring out much long stock. Shortly after noon a buying movement set in and caused a rally of one or two points all around. The local coppers were very dull and inclined to sag. Bear traders attempted to break Copper Range and North Butte, but as they were unwilling to sell in such stock they had little success. It is rumored that Morgan may take a hand in the copper situation with the idea of bringing the conflicting interests into a close alliance. On the surface the metal situation looks dull, but the stock market looks as if the price of metal had been discontinued."

The closing prices at Boston were:

CHICAGO GRAIN MARKETS.

Chicago, Oct. 13.—Built up by heavy buying by Northwest millers, the wheat market was strong today. The rough weather yesterday started fears for spring wheat, and in some quarters was credited with causing the increased buying, that was forcing cash wheat up.

The continental markets were strong. Continued reports of a lessened Argentine output, due to decreased acreage and reported insect devastation, strengthened the foreign quotations and had a reflex effect locally. With a falling off of 1/2 from the high point, the market closed steady, with gains of 1/2 to 1/4 over Monday's final figures.

The December opened at 104 1/4; closing, 104 1/4; lowest, 104 1/4; highest, 104 1/4.

Corn—The market was heavy throughout the day, cash weather having started off looking and cribbing in different parts of the corn belt, placing the crop beyond the expectation of injury. Some new corn, notably from northern Illinois, made its appearance on the market. The anticipation of a large movement was a drag on the market.

The December opened at 57 1/2; closing, 57 1/2; lowest, 57 1/2; highest, 57 1/2.

Oats—The market was firm early, supported by continued buying. Cash oats advanced a trifle and the primary receipts were below those of last year. During the day the prices moved in a narrow range and closed unchanged to 1/4 lower.

The December opened at 39 1/2; closing, 39 1/2; lowest, 39 1/2; highest, 39 1/2.

Paine, Webber & Co.'s Wheat Summary. Paine, Webber & Co.'s Chicago correspondent said yesterday concerning the wheat market:

"After quite an eventful day in the pit and decidedly good action in prices, both early and late, wheat closed about one cent over last Monday's final figures. The bullish feeling here was greatly increased by a renewal of the strength in both cash wheat and futures at Minneapolis. The dispatches report excellent buying of cash wheat there at 2 1/2 to 2 3/4 over the December. All the foreign markets showed great

INSTITUTE OPENS TODAY.

TO OPEN MINES ON MESABA RANGE

Five Different Sections Will Hold Meetings in High School Building.

The fourteenth annual meeting of the Upper Peninsula Educational association will open this morning at 9 o'clock at the Ishpeming High school, where the county commissioners will assemble. Four sections—art, high school, primary and science—will hold their meetings this afternoon.

S. O. Clinton, superintendent of the schools at Baraga, is chairman of the committee's section. Miss Adelaide T. Becket of Houghton, of the art section; J. F. Reed of Iron Mountain, of the high school section; Miss Winifred Levey, of this city, of the primary section, and Dr. E. K. Downing, of the Marquette Normal, of the science section.

The visitors will be given a reception this evening at Braastad's Hall. The function will be managed by the senior class of the high school and following the concert will be dancing, until midnight. The hall will be appropriately decorated and lunch will be served. An invitation is extended to all Ishpeming people to attend.

Between 5:30 and 7 o'clock the North-croix Normal alumni will hold their annual reception and banquet in the Guild Hall of Grace church. It is expected that 100 or more persons will be present. Among the guests will be the members of the Ishpeming school board, superintendent of schools, mayor of the city, Rev. C. G. Ziegler, and educators from out town.

The Palmer garment is simply unbeatable. You'll find this garment at Braastad's. (10-12-11)

COMEDY DRAMA WITH MUSIC.

"The Girl from U.S.A." presented by the Harry Shore company, which will be offering at Ishpeming theater tomorrow evening, takes a representative American girl and places her in strange lands among strange people in situations that call for the cleverest, daintiest and shrewdest of her own nationality and gaily save herself and her friends from impending ruin. The scenes, vivid in color and atmosphere, are drawn from real life and are of absorbing human interest.

Ladies! We can surely save you from \$5 to \$15 a garment. Let us prove it. (10-12-11) F. BRAASTAD & CO.

PLAYED TO CAPACITY HOUSE.

D'Urban's Italian band, which last night concluded a successful three days' engagement at Ishpeming theater, was greeted by a capacity audience. The house was almost completely sold out Tuesday night, and there was not a seat left last evening. It is generally conceded that the band is absolutely the best that has ever been heard here. It will leave this morning for Marquette, where it will give afternoon and evening concerts the remaining three days of the week.

We expect to do a tremendous business Saturday. Our stock will be in great shape. So will our service. (10-12-11) F. BRAASTAD & CO.

NOTHING HEARD FROM SPRINKLER.

The city officials are at a loss to know why the Rapid Motor Vehicle company of Pontiac, Mich., did not supply the sprinkler contracted for nearly three months ago. The management did not even reply to a letter written some four or five weeks ago by City Recorder J. D. West, inquiring why the provisions of the contract were violated. The city entered into the agreement in good faith and the officials are satisfied that the motor sprinkler will effect a big saving annually in the highway department. Inasmuch as the Pontiac people are not disposed to furnish the sprinkler it is likely that the officials will purchase one from some other concern between now and spring.

Whether you buy or not, do not fail to see the big display Saturday, Oct. 16th, at Braastad's. (10-12-11)

Braastad's Fur sale—Saturday, Oct. 16. (10-12-11)

REMOVED TO HIS HOME.

Attorney A. J. Moilanen, of Calumet, formerly of this city, who was injured three weeks ago by falling from a carriage in which he was driving, was removed to his home yesterday, after being confined to the Calumet public hospital for three weeks. It will be remembered that the attorney was passing a Calumet & Hecla track, when a train backed into the buggy, smashing it to pieces. Mr. Moilanen sustained two badly sprained ankles, a fractured arm and several other bruises.

The big Suit and Cloak sale of the season will commence Saturday, at Braastad's. (10-12-11)

The biggest piece for 10 cents at Braastad's Variety Store. (10-12-11)

The President

IN ISHPEMING

DR. HAWLEY

President of the New York Staff of Physicians and Surgeons, composed of German, English and American doctors, have located their offices at the Anderson House, 112 W. Canada street, AND WILL RENDER SERVICE TO THE SICK

FREE

You need not bring money, a consultation and advice is free. All who call upon the doctor will receive consultation, examination and advice free. All that is asked is that every person treated will state to their friends the result obtained by the new system.

The object in pursuing this course is to become rapidly and personally acquainted with the sick and afflicted.

ALL DISEASES OF MEN, WOMEN AND CHILDREN TREATED

These doctors are said to be the greatest Stomach, Liver and Kidney Specialists in America.

PILES POSITIVELY CURED

In three treatments, many cured with one. No knife, no pain, no risk, no attention from business.

These doctors are skilled specialists and will be found ready and willing to extend the hand of help, bringing back health and happiness where now exist sickness and sorrow. A special invitation to any one suffering from diseases pronounced incurable. It matters not what your disease may be, go and be examined. If curable, they will treat you. If incurable, advise you. These doctors treat every variety of disease and deformity. They have had a vast experience in London, Paris, Heidelberg and Stockholm.

We Announce Our

Formal Fall Opening

—BEGINNING—

SATURDAY, OCT. 16

and Continuing One Week

Featuring Ladies' Suits, Cloaks, Furs and Millinery

Mr. Fred Day, representing P. B. Palmer & Co., Chicago, will be with us Saturday with an exceptionally strong line of the famous Palmer Suits, Cloaks, etc. Ladies desiring made-to-order Suits will have the opportunity of being fitted by the best expert in the business. Our opening display will, without any question, be the most elaborate ever attempted in Upper Michigan.

We will show hundreds of the late model garments at prices that will save you at least \$5.00 to \$15.00 each.

Our Fur display will be interesting and will consist of all grades, ranging in price from \$3.00 to \$100.

The Millinery display will consist of late models, especially purchased and priced for this occasion.

F. Braastad & Company

Immense Showing Sample Coats and Suits

Semi-annual exhibit by Mr. and Mrs. Grimes, representing F. Siegels, leading manufacturers of the West.

One Day Only, Friday, Oct. 15

This exhibit will be conducted by Mr. and Mrs. Grimes Oct. 15th, at N. E. Skud's. Mr. Grimes advises us that he is showing a larger and more exclusive exhibit than ever before. He sells from his line, but only one style to a customer, which makes any purchase an exclusive garment. We extend a cordial invitation to you to attend this exhibit which enables you to a large selection of the most new and exclusive models.

N. E. SKUD

Upper Peninsula

Road Installing Gasoline Cars—

The Chicago Milwaukee & St. Paul road is engaged in equipping the section crews of the peninsula division with the new-fangled gasoline cars. One was received the other day for the crew on the line between the quince and the oak. The cars are about the same size as the old hand-killing pump-cars, and the motive power is furnished by an engine of twenty-horse power.

Will Be a Missionary—

Miss Ruth Wentzel will leave Monday for Chicago next Thursday to enter the Baptist Mission Training school with the intention of preparing herself for missionary work. The course is three years, she will be missed by a wide circle of friends and especially in the Baptist church, where she has been the organist and a Sunday school worker for the last two years.

Calls Chicago Pastor—

The Swedish Baptist congregation has called Rev. John A. Swanson, of Chicago, as pastor to succeed Rev. Antonson, who recently resigned to accept the position as state evangelist of the denomination in Minnesota. Rev. Mr. Swanson is one of the strongest ministers of the denomination, and is at the present time pastor of the Fourth Baptist church of Chicago. He has not said as yet that he will accept, but it is believed he will do so.

Gasoline Explosion Responsible—

As the result of an explosion of gasoline, Claude Jorgensen, a tailor at Iron River, has sustained serious loss. Mr. Jorgensen was in a gasolene stove, without extinguishing the flame, when the explosion occurred and in an instant the room was a sheet of flames, making it impossible to save anything. The tailor was badly burned about the hands in attempting to save some of the clothing. The damage amounts to several hundred dollars. No insurance was carried.

Lost His Left Hand—

L. E. Shussar, for many years publisher of the Mancelona (Mich.) Herald, started recently for the opening of the Indian reservation lands in Dakota and Montana. In changing from the Soo Line train at Trout Lake he attempted to get on the latter as it was in motion and in some way fell his left arm going across the rail. The member was caught by the wheel and was amputated between the wrist and elbow. Mr. Shussar returned home instead of proceeding on his journey.

Treed by a Bear—

While Charles Crowley was out near Holmes' lake last Saturday hunting partridge, he had a little experience with a bear, says a correspondent at Sagola, Dickinson county. He was walking along an old road when he saw a bear coming towards him on a run. At first Crowley was tempted to shoot the animal, but did not wish to violate the game laws by killing her during the closed season, so he dropped his gun and climbed a tree. The bear ran away as quickly as it came, when it heard Crowley's cries for help.

Dense Smoke Baffled Firemen—

The home of James R. Merrifield, Chandler Heights, Sault Ste. Marie, was damaged to the extent of about \$2,000 by a fire that broke out in one of the second story rooms, which was being renovated. Although the fire department reached the scene soon after the blaze was discovered, the dense smoke prevented the source of the fire from being located. Had it not been for the newly purchased chemical apparatus the damage would have been much greater, as it would have been necessary to soak the building with water. Chief Campbell says that the smoke was the worst he had ever experienced at a fire.

Queer Ways of Dan Cupid—

A week ago Commodore Jackson of Escanaba was arrested and arraigned before Justice Glaser on a charge of as-

saulting and fearfully beating Matiel Spencer, a well-known Escanaba woman. Now they are married by Judge Linden, and they appear to be the happiest couple in the world. The marriage license was secured at the county clerk's office late at night and the wedding occurred without delay. Mrs. Jackson still bore marks of the recent assault, but was willing to let bygones be bygones and promised to love, honor and obey. Jackson was fined \$35 and costs by Judge Glaser, and the amount was paid by a relative.

Dog Valued at \$1,000—

Memories is the name of one of the most valuable and intelligent dogs in the country. Clipper Okava, a handsome English setter, the property of Fred Stephenson, who is now hunting in Africa. Mr. Stephenson thinks more of Clipper Okava than any other dog he owns, and his kennels in Texas are said to be among the finest in the country. Clipper Okava is one of the canine aristocrats of America. In 1907 he won first in the field trial of Texas over fifteen other blue blooded contestants. The same year he won second in the field trials of Oklahoma. He is valued at \$1,000 by dog fanciers, but money could not buy him from Mr. Stephenson.

Boys' Clever Scheme—

Small boys without the price of admission worked a clever scheme on the gatekeeper at the ball park at Escanaba the other day, when fully fifteen youngsters secured admission. One of the unwritten rules of baseball is that a ball batted over the fence and returned by a boy on the outside entitles him to admission. During a recent exciting contest the gatekeeper noticed that a par-

WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Granville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—Mrs. CHAS. BARCLAY, R.F.D., Granville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound. For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

pecially large number of balls were apparently going outside the grounds. Finally when the stream of boys bearing a ball became almost uninterrupted he decided to investigate. A quiet search revealed the fact that each boy as he went through the gate passed under the grandstand and dropped the ball through a hole in the fence and it was not until the ball was finally taken in charge by the gatekeeper that the dead-end attendance was cut off.

Child Scalded to Death—

Advices from Ironwood report that Antonette Carlo, a little girl three years of age, was scalded to death at Jessaville, a suburb. The mother had placed a tub on the floor and was filling it with hot water, which she carried from an adjoining room. Before beginning to fill the tub she had looked for the little one and had seen her playing in the yard outside, and consequently thought she was out of danger. The girl, however, came into the house and while the mother was in the adjoining room after more water, the babe stumbled against the tub and fell backwards into it. Her mother was attracted by her screams of anguish and rescued her as soon as possible, but she was so severely scalded that she lived only about a day after the accident.

Is Bride of Army Man—

Wednesday evening of last week Miss Polly, youngest daughter of Mr. and Mrs. E. D. Nelson, of Ironwood, became the bride of Lieutenant Chester S. Shephard, the nuptials being solemnized at the home of the bride's parents on Gage street. The bride was attired in a white satin gown, en Princesse, trimmed in silver, and she carried white roses and lilies of the valley. She was attended by her sister, Miss Amy, as maid of honor, who wore a Princess gown of yellow satin and carried yellow roses. The groom and his best man, Lieutenant James Clifford Williams, of Fort Wayne, Mich., wore the full dress uniform of the United States regular infantry. Miss Olive Howard played the wedding march and Messrs. Deane Nelson and Dudley Honk acted as ushers. The ceremony was performed at half past seven o'clock, Rev. Howard B. Ziegler of the Church of the Transfiguration being the officiating clergyman.

A large gathering of friends and relatives witnessed the ceremony, which was followed by a reception, after which the newly wedded couple departed on their wedding trip, going first to Chicago, from which place they leave later for a visit to New York and West Point. Mrs. Shephard of Minneapolis, mother of the groom, was present, with her daughters, Amy and Lucie. Mrs. Delebar, an aunt, also of Minneapolis, and Misses Fanny and Carol Camp of Milwaukee. The groom is at present stationed at Fort Snelling, Minn., as second lieutenant of the Twenty-eighth United States infantry. He formerly lived with his parents at Ironwood, later entering West Point, where he was graduated a few years ago. The bride is the daughter of one of Ironwood's first families, a young woman gifted with rare qualities of mind and heart which have endeared her to a wide circle of admiring friends.

MONEY COMES IN BUNCHES.

To A. A. Chisholm, of Treadwell, N.Y., now. His reason is well worth reading: "For a long time I suffered from indigestion, torpid liver, constipation, nervousness and general debility," he writes. "I couldn't sleep, had no appetite, nor ambition, grew weaker every day in spite of all medical treatment. Then used Electric Bitters. Twelve bottles restored all my old-time health and vigor. Now I can attend to business every day. It's a wonderful medicine." Infalible for Stomach, Liver, Kidneys, Blood and Nerves. 50c. at The Stafford Drug Co.

Mr. F. G. Fritz, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is mild, pleasant and effective, and cures habitual constipation. Sold by all druggists.

ISHPEMING

NEW GAS PLANT.

Farwell Interests Will Make Improvements at Sherman, Texas.

While in Sherman, Texas, recently, W. J. McCorkindale, manager of the Marquette County Gas & Electric company, who has charge of the Farwell interests' plant there, let contracts for a complete new gas plant, including concrete buildings, oil tank, machinery, etc. The old plant, which has been in use for twenty-five years, is worn out, and it was decided to discontinue its use as soon as a new one can be provided. The capacity of the plant will be 250,000 cubic feet a day. Water gas, instead of coal gas, will be manufactured. An oil tank, with a capacity for 25,000 gallons, is to be erected in connection with the gas plant.

The Farwell interests purchased the property in 1904 and it has since been under the management of Mr. McCorkindale. The former operators did not make a success of it, but the present owners are well satisfied with their investment. Sherman has a population of 2,000 and a greater quantity of gas is being produced than is consumed in both Ishpeming and Negaunee.

Watch Braanstad's display windows.

You'll see a big factory line of furs at Braanstad's. (10-12-11)

TO KEEP FLOWERS FRESH.

The pleasure of receiving a gift of flowers is often eclipsed by the pain of seeing them wither, and those who remain in town during the warm weather are sometimes greatly exercised as to the best way of preserving the flowers sent them by their more fortunate friends in the country. There are some who content themselves with faithfully clipping the stalks every day and giving them fresh water, while others add to the sustenance of their treasures a pinch of salt, a dash of ammonia or a piece of charcoal. One inveterate lover of flowers, however, says that if you are going to put anything into the water in which they are kept the most effective thing is a lump of sugar.

THE BEDROCK OF SUCCESS.

lies in a keen, clear brain, backed by indomitable will and resistless energy. Such power comes from the splendid health that Dr. King's New Life Pills impart. They vitalize very organ and build up brain and body. J. A. Harmon, Lizabeth, N. Y., writes: "They are the best pills I ever used." 25c at The Stafford Drug Co.

SHE WAS PLEASANTLY SURPRISED.

Miss H. E. Bell, Wausau, Wis., writes: "Before I commenced to take Foley's Kidney Pills I had severe pains in my back, could not sleep, and was greatly troubled with headache. The first ten doses of Foley's Kidney Pills gave me relief, and two bottles cured me. The quick results surprised me, and I can honestly recommend them." Sold by all druggists.

ISHPEMING IN BRIEF.

Rev. Father Bennett, pastor of the Catholic church of Republic, was in the city yesterday.

Mrs. H. G. O'Keefe entertained a number of lady friends with cards yesterday afternoon at her home on Maple street.

W. E. Emery, representative of the American Book company, arrived in the city yesterday and will remain here during the teachers' institute.

Sib Larson, first baseman of the Ishpeming league baseball team, has gone to Ironwood, where he may spend the winter. He played on the team there early in the season.

A musical and literary entertainment will be given Saturday evening at the Salvation Army barracks. The admission will be ten cents and five cents extra for refreshments.

State Librarian Bailey arrived in the city yesterday to attend the meeting of the Upper Peninsula Teachers' association. He will have an exhibit of library books and pictures in the biological laboratory at the high school.

Overcoats and other winter garments were in demand yesterday, when the thermometer remained at ten from twenty-five to thirty degrees above zero. An inch or more of snow fell Tuesday night and there was quite a heavy frost.

Dr. G. W. Hawley, president of the New York staff of physicians and surgeons, composed of German, English and American doctors, has opened an office at the Anderson house, 112 Canada street, and will remain here for an indefinite time.

Mr. and Mrs. Grimes, representing the F. Siegel company, manufacturers of ladies' coats, suits, etc., will be at N. E. Skud's store tomorrow with a display of garments. Mr. Skud extends an invitation to the ladies of the county to call and see the goods.

H. J. Cohen, a representative of Swift & Co., from South St. Paul, Minn., yesterday arranged an exceptionally attractive display of Pride's soap in F. Braanstad & Co.'s window. Mr. Cohen will ar-

range a number of displays in stores in Negaunee and Ishpeming during the several days he will remain here.

Many members of Ahmeek lodge of the Independent Order of Odd Fellows will go to Negaunee this evening to attend a meeting of Iron Mountain lodge. M. R. Kennedy, grand lecturer of the Michigan grand lodge, will conduct a school of instruction and the Ishpeming degree team will exemplify work in the first degree. The members will leave here on street cars at 7:30 o'clock.

Births recorded in the city yesterday: A son to Mr. and Mrs. Victor Kaupphen, 510 West Division street; a daughter to Mr. and Mrs. Frank N. Kerschner, 406 East North street; a daughter to Mr. and Mrs. N. Mustamaa, 724 East Bank street; a son to John Schaffer and wife, 421 South Third street, and a daughter to Mr. and Mrs. James W. Walton, 787 South Pine street.

It's Saturday—Fall Opening—Braanstad's (10-12-11)

Furs, furs, furs. It's Saturday, Oct. 16, at Braanstad's. (10-12-11)

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. Sold by all druggists.

We recommend the straight 10-size, owing to its fine smoking quality. Manufactured only by... JOHN E. KENNING & CO. Grand Rapids, Mich.

Free If It Fails

Your Money Back if You are Not satisfied with the Medicine We Recommend

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

The discovery of the active principle of our remedy involved the labor of the world's greatest research chemists. As an active agent it possesses the valuable qualities of the best known intestinal tonics as well as being particularly pleasant and prompt in its results. We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. They come in two sizes of packages, 12 tablets, 10 cents; 36 tablets, 25 cents. Sold in Marquette only at our store.—The Rexall Store. The Stafford Drug Co.

FILLING STATUARY HALL.

Several New Figures Are Soon to Be Unveiled There.

Among Them Are Lew Wallace, Calhoun and Shoup—Virginians Will Have a Robert E. Lee Day During the Winter—A Bronze Statue of Washington to Take the Place of a Plaster Cast.

Washington, Oct. 13.—The statue of General Lee will be one of five to be unveiled in Statuary Hall during the coming winter. Virginia has just placed in the hall statues of Robert E. Lee and George Washington. South Carolina will next month send up a statue of John C. Calhoun, and Idaho has placed in the hall a statue of George L. Shoup, who represented that state in the United States senate from 1890 until 1901. So far Indiana is the only state to fix a date for the unveiling. As has already been announced, Wallace statue will be exposed to public view for the first time Jan. 11, and there will be ceremonies attending the unveiling appropriate to the occasion. The state of Virginia has given no intimation to Superintendent Woods of the Capitol as to when it expects to conduct unveiling ceremonies for the Lee and Washington statue. It is not necessary that there should be any formal unveiling, but it has been the custom of the states placing statues in the hall to have a ceremony of some sort. So it is taken for granted that at some time during the winter the Virginians, who hold the memory of Robert E. Lee very dear, will have their day in the hall.

The New Bronze Washington.

Whatever Virginia does in the way of ceremonies will be in connection with the unveiling of the Lee statue for the reason that the Washington statue just brought in by that state takes the place of a plaster cast of Washington which has been in the hall for many years. This old plaster cast is a replica of a white marble statue of general Washington which stands in the capitol at Richmond. The Old Dominion felt that this plaster statue did not properly represent the state and so at the time a bronze statue of general Lee was authorized the general assembly of the state ordered that a replica of the white marble statue in the capitol at Richmond be made in bronze to accompany the Lee statue to Statuary Hall. The new statue is a faithful reproduction of the Richmond marble statue which Virginia prizes so highly, because it is the work of that eminent French sculptor, Rodon, who was commissioned by Thomas Jefferson to chisel the statue. Rodon came to America in 1785 in the company of Benjamin Franklin and visited about Vermont, where he prepared a model from which the statue was made. It is of life size and the dress is the military costume of the Revolution.

The statue of general Lee is also of life-size and is in the costume of a major general of the Confederate army. Friends of the Lee family pronounce it an excellent likeness of the general. The statue of John C. Calhoun will represent the South Carolinian as a statesman. Senator George Shoup has come into the hall in civilian dress.

When these five new statues are placed in the hall, there will have to be a shifting of the statues already there to make places for the newcomers. General Wallace will, of course, take his

Take Off the Fat Where It Shows

Most women suffer much humiliation because of great quantities of fat, so located that, no matter how they dress, everybody sees that they are abnormal. This is the day of the slender figure, and fat women are simply not tolerated either in business or social affairs. Women may not know it, but men when they see a fat woman pass them on the street or in public places make all manner of sympathetic remarks about her. They do not mean to be unkind or to seem unmanly, but it is natural for a man to dislike fat on a woman. Where fat shows the most there is where it must be removed, and as quickly as possible. This season's dresses seem to be made for the fat woman's misery and the slender woman's delight. They expose all the charms of woman and her ugliness as well. Exercise and diet will not remove fat. This has been proved. The famous "Fat" prescriber which has met with such phenomenal success and has so many of our society women as its sponsors, is now being sold in tablet form to meet the demand of the public for this style of treatment. These little tablets go into your system just like food. They stop the stomach and digestive apparatus from producing fat and reduce the fat upon the body at the rate of from 12 to 15 ounces a day. They are harmless and can be carried in your purse and taken even after you have indulged in a hearty meal away from home. They are sold at all drug stores at 75 cents a case, or if you prefer you may write the Marmon Company, Dept. 479, Detroit, Mich.

REDUCING POSTAL DEFICIT.

Good Progress Is Being Made by Secretary Hitchcock.

Some Delicate as Well as Difficult Problems to Be Solved—Congressional Franks May Be Investigated, but This Must Be Done Carefully.

Washington, Oct. 13.—Frank H. Hitchcock's associates in the cabinet are keenly interested in the effort he is making to reduce the annual deficit in the post-office department. The excess of expenditures over receipts for the last fiscal year is about \$20,000,000. This is the largest deficit in the history of the department. It cannot be justly charged to Mr. Hitchcock, because three-fourths of the fiscal year was gone when he became postmaster general. His is the busiest department in the government. He is ambitious to put it on a business basis. Other postmasters general have had the same ambition and some of them have made successful attempts to do what Mr. Hitchcock hopes he will be able to do. He wants congressional assistance in carrying out his program, but he believes a good deal can be accomplished without the aid of congress, and he has set about to see what he can do.

Hitchcock's Official Ambitions.

Before he started on his trip to the West, which is to occupy a month or six weeks, he issued a few specific orders, with reference to reducing expenses, some of which have already been put into effect. One of these increases the cost of registering a letter, from eight to ten cents. Mr. Hitchcock believes that a great deal of deliberation about the deficit of \$23,000,000 which existed in that branch of the service last year. Some of the postoffice officials predicted that the public would not take kindly to this increase in the registry fee, but so far few critics have been heard. Since the first of June the department, acting on a suggestion made by Mr. Hitchcock, has saved approximately \$250,000 by requiring city carriers to perform the labor during the vacation season that was formerly done by substitutes, who were paid at the rate of \$10 a month. This reform, if it may be called a reform, was accomplished by the doubling up of carriers' delivery routes during the vacation season in nearly all the large cities.

Will Adopt New Typing Device.

Another saving of \$100,000 a year is proposed by the substitution of some sort of a typing device for the use of up packages of mail. Ever since the postoffice department was established, the package of letters have been tied by hand with twine. For some years the department officials have believed that an automatic device could be invented which would perform this labor. Recently twelve or fifteen devices, each of which appeared to have merit, have been tested and the department is confident that the antiquated method of tying mail can be abandoned. The investigations conducted last year by the congressional postal commission, under the direction of Representative Overstreet, brought out the fact that there was a large waste of money through the shipping of bulky postoffice supplies by mail. Mr. Hitchcock has taken advantage of this revelation and has ordered that all bulky packages shall go by freight, wherever possible in carload lots.

The policy of purchasing postoffice supplies in larger quantities has also been adopted and the postmaster general is confident that he will effect a large saving as a result of this change in the method of doing business. Only recently the contract was let for a four-year supply of postal cards. Just before he left on his vacation Mr. Hitchcock took up the contract with the Japanese lines for carrying the mail on the Pacific, and as a result of his inquiry the cost of carrying these mails has been reduced 20 per cent. He discovered that the rate that was being paid was 20 per cent in excess of the rate fixed by the universal postal convention at its last meeting in Rome.

Abuse of the Franking Privilege.

There is one problem which the postmaster general is approaching by easy stages. It relates to the franking privilege accorded to members of congress and to the several departments of the government. The suggestion has been made that while he is honestly endeavoring to reduce the deficit in his department, Mr. Hitchcock should set his experts at work to discover just how much the franking privilege is costing the government. Postoffice officials point out that this information could be easily obtained. Almost everybody understands pretty well that the franking privilege is greatly abused, but there never has been an effort made to show just what it is costing the government. It has been asserted that some members of congress use as much as \$5,000 in postage annually—this postage, of course, being represented by frank.

During next month, the department will, under the direction of Mr. Hitchcock, obtain from the railroad companies of the country carrying mail, data which will show the precise cost of that service for the month. His object in gathering this data is to lay the groundwork for a recommendation in favor of a reduction in the cost of carrying the mails. If the information obtained shall warrant such a recommendation, the subject has been up in congress frequently for several years, and those representatives who have given it careful consideration, assert that there could be an enormous saving on the mail contracts if practicable business methods were observed. Evidently Mr. Hitchcock is anxious to get at the truth. The information he is having gathered ought to be of valuable assistance to congress in solving this long-standing problem as to what the railroads ought justly to receive for hauling the mails.

Overstreet Reforms.

So far the postmaster general has made no public announcement as to what his attitude toward the legislation proposed by the postal commission will be. This commission, it will be remembered, under the guidance of Representative Overstreet, put in more than a year studying the whole postal establishment; it employed expert accountants to go through all the divisions, and it consulted freely with many of the best business men of the country. As a result of this investigation, it recommended a complete reorganization of the establishment. It proposed the appointment of a director of posts, whose tenure of office should be permanent, and who would, in fact, be a general business manager for the postal establish-

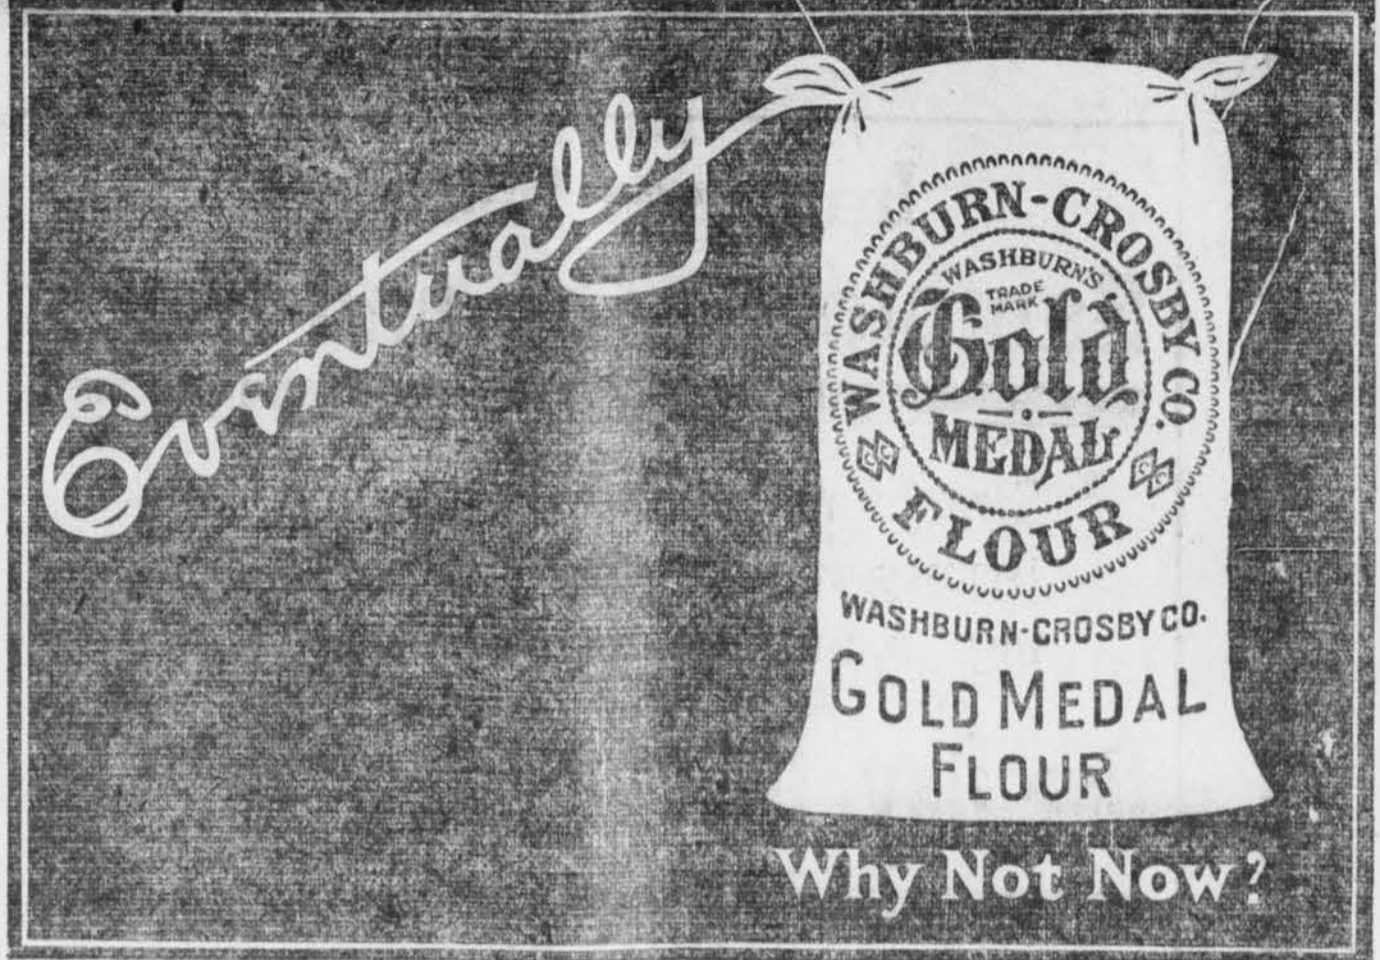

ment which now spends about \$225,000,000 a year. The reorganization plan also provided for assistant directors of posts, who should take the place of the assistant postmaster general, who now take the office through which the postmaster general does business. Many other reforms of a sweeping character are recommended.

WAR TEST OF WIRELESS.

Great Power Station to Be Established on the Battleship Connecticut.

Washington, Oct. 13.—Wireless telegraphy will play an important part in the elaborate program of battle tactics that is being planned at the navy department and by Admiral Schreyer for the vessels of the Atlantic fleet off the Virginia Capes in December. By means of the newly installed high power wireless station on the battleship Connecticut, assisted by the three scout cruisers as relays, every movement of the two squadrons approaching each other from unknown points will be made known to the commanders by means of the wireless. This program is the most elaborate test that has ever been given wireless telegraphy under actual military conditions at sea. Admiral Schreyer will be in command of the first squadron, composed of the big battleships and Admiral Wainwright will have the second squadron. The armored cruisers will probably be assigned to Admiral Wainwright's squadron, while the scouts will be directed by Admiral Schreyer. The two fleets will then separate, it being the object of each to find the other and theoretically destroy it. Each fleet will have the advantage of the wireless in keeping posted on the movements of the other.

The Connecticut, which is now believed to have aboard the highest power station afloat, is equipped with twenty-five kilowatts power. The scout cruisers will be equipped with ten kilowatt stations. The authorities who are developing this novel scheme of maneuvering regret that the high-power wireless tower station which is to be located in or near Washington is not available. By next year, it is proposed, the tower shall be in operation, and the entire maneuvering be conducted

Copyright 1909—Washburn-Crosby Co., Minneapolis, Minn.

ed from Washington, with the secretary of the navy and general board in charge of the "wire" to direct all movements and impire the maneuvering. Every movement of each command would be reported to the umpires, so that by following a prepared chart the exact location of every vessel will be known at every moment of the day and night. Each command would be given a scout for counteracting and despatching purposes, such to have its own code with the umpires in Washington, so that the messages could not be intercepted by the "enemy." This, while the position of each would be constantly reported in Washington, neither could know of the movements of the "enemy" except by the successful work of its own scout and the wireless system. In that program the entire Atlantic ocean from a line as far north as the Bermuda and as far south as the South American coast would be used for the maneuvering and fighting between the two commands. The work next December will be only preliminary

to this, the real war game of the navy, something that is far in advance of anything that has hitherto been attempted in any navy. For the purpose of conducting such maneuvers annually the Washington station is looked upon as a great benefit.

The boilers of a dreadnought cost about one and a half million dollars. France recently launched the largest submarine.

The first week of our EXTRAORDINARY CLEARANCE OF SUMMER RESORT PIANOS resulted in

The Greatest Piano Selling Michigan Has Ever Known

Such crowds, such enthusiasm and such spirited buying were never before known. The news that our great SUMMER RESORT SALE was in progress brought buyers to our store in large numbers. They came expecting to find MATCHLESS BARGAINS and that they were not disappointed is shown by the many Pianos already sold. The instruments were snapped up by eager buyers as fast as they reached our warehouses, after being tuned, polished and put in perfect condition by our Experts. Were it not for the fact that additional returned renters are reaching our store almost daily, this sale would never be over, but as it is, buyers who have not been able to come until now will find a splendid assortment of beautiful Pianos awaiting them—every Piano the biggest kind of a Bargain.

Pianos of Best Makes, Practically New & in Perfect Condition, Are Going in This Sale at Reductions of \$50, \$75, \$100 and even more

SUPERIOR QUALITY is the distinguishing feature of these Summer Resort Pianos. They are the very finest makes and most of them were new when they left our store. (People who have Summer Homes usually require and can afford the best.) These Pianos received the best of care; the packing, shipping, etc., were done by our own experts—and now that the instruments are back in our warehouses you could not tell them from brand new, were it not for the RED TAGS marked in plain figures. Every Piano is FULLY GUARANTEED and may be exchanged at full price if not entirely satisfactory.

This Extraordinary Sale undoubtedly presents the greatest number and most varied assortment of high-class Pianos ever offered at reduced prices by any House in America. Among the many, many Bargains on our floors will be found such well-known makes as STEINWAY, SOHMER, GRINNELL BROS., KNABE, STERLING, CHICKERING, VOSE & SONS, HALLET & DAVIS, BRADBURY, WEGMAN, DECKER BROS., KRAKAUER, KIMBALL, WEBER, STEGER, HARDMAN, STORY & CLARK, HUNTINGTON, MENDELSSOHN, SMITH & BARNES, etc. No matter what make you may prefer; no matter what price you want to pay; you can be perfectly suited in this sale and you will be sure of value that has never been duplicated by this or any other House.

Extra Feature---Used Uprights, Repaired and in Fine Order, \$115, \$137, \$163 and Upwards.

These comprise Pianos we have recently taken in part exchange for our magnificent new Steinway Pianos, Weber Pianola Pianos, etc. They originally sold for \$275 to \$600. Having been thoroughly repaired and re-finished by our Factory Experts, these Pianos are in the best of condition and are AMAZING BARGAINS at our sensationally low prices. FREE WITH EACH PIANO DURING THIS SALE—a fine revolving stool and a hand-some Silk or Velour Drape of latest pattern. Delivery free in the City; freight paid to out-of-town buyers.

TERMS EASY ENOUGH FOR ANYBODY

This sale is putting Pianos in the most modest of homes. Our object is to clear the instruments out of our warehouses and terms are made accordingly. \$5 to \$10 first payment sends the Piano home. On some Pianos the balance may be paid at \$3 monthly; on others \$5, \$6, or \$7 will be accepted. WHERE is the home that need be without a Piano while we make possession so very easy? BE SURE TO ATTEND THIS GREAT SALE! Comparison will convince you—your eyes and ears will make you believe—that HERE and NOW is your great and glorious opportunity to purchase the long-desired Piano. This is your chance to make your home complete and the family happy. It is your chance to give the children the educational advantages and the relaxing influences of music. Don't hesitate; don't delay; but follow the crowd to GRINNELL BROS. and share in the greatest money-saving event that has ever been presented in Michigan Piano Buyers. MAIL ORDERS CAREFULLY FILED AND SATISFACTION GUARANTEED! Out-of-town people should write us at once for further particulars of this great sale. These low prices and easy terms are open to any family in the State. We sell thousands of instruments every year by correspondence and never fail to give satisfaction. WRITE TODAY—DON'T MISS A SINGLE MAIL if you want to take advantage of this matchless opportunity.

TIRE THEMSELVES GETTING READ

Washington Irving told a story of a man who tried to jump over a hill. He went back so far to get his start for the great leap, and ran so hard, that he was completely exhausted when he came to the hill, and had to lie down and rest. Then he got up and walked over the hill.

A great many people exhaust themselves getting ready to do their work. They spend their lives getting ready to do something which they never do.

It is an excellent thing to keep improving oneself, to keep growing; but there must be a time to begin the great work of life. I know a man who is about forty years old, who has not yet begun to specialize. This man fully believes he is going to do great things yet. I hope he may.

MADE IT A LIFE STUDY.

Dr. J. S. Leonard Found the Cause and Cure of Piles.

Dr. J. S. Leonard, the celebrated specialist of Lincoln, Neb., proved, after years of study, that the cause of piles is internal—had circulation. Then he perfected Hem-Roid, an internal remedy, and in 1,000 different cases it cured 98 per cent. By Dr. Leonard's order, Hem-Roid is sold under an iron-clad guarantee. If it fails, the money is paid back. At The People's Drug Store, Marquette, Mich., City Drug Store, Ishpeming, Mich., or mailed by Dr. Leonard Co., Station B, Buffalo, N. Y. Write for booklet.

LOCAL LACONICS.

J. R. McDonald, the revenue collector of Hubbell, was here yesterday.

Work on the new fire hall has been retarded this week on account of the unfavorable weather.

Thermometers in the city yesterday morning registered from twenty-five to thirty degrees above zero.

J. A. Dresser, the expert accountant of Detroit, is in the city. He is to audit the books in one of the townships.

Nels Johnson of Givim, a former resident, came up from there Tuesday to attend the funeral of the late Hans Rasmussen.

E. C. Anthony of this city, who is a member of the Marquette prison board, is in Lansing attending a joint meeting of the prison boards of the state.

The eight-year-old son of Victor Barkner, residing on Maas street, died Tuesday night from brain trouble. The funeral will be held this morning at 10 o'clock.

H. Christian of New Denmark, Wis., attended the funeral of his brother-in-law, the late Hans Rasmussen, in Negaunee Tuesday. He will return to his home today.

Max Croff and his two children left Tuesday for Michigan, where they will make their home with his mother, Mrs. Croff. The latter attended the funeral of her daughter-in-law, returning with her son.

Jackson & Lindquist, whose concrete crew has been the greater part of this week on account of the wet weather, expect to finish up their season's

work within a few days. They have several contracts that cannot be completed this year.

"Have you seen my grip?" was a question a stranger in the city asked nearly every business man on Iron street yesterday. When questioned as to why he was looking for the grip he would reply, "I came to town yesterday with a terrible load, and I don't know where I left it."

Manager W. J. McCorkindale of the Marquette County Gas & Electric company, entertained the street car employees and their wives last evening at D'Urban's band concert at the Ishpeming theater. Extra men were put in charge of the cars, and the regular hands also received full time for the evening.

J. B. Fish, representative of McKibbin Driscoll & Dorsey of St. Paul, will be at Rosen Bros. & Klein's store tomorrow and Saturday, with lines of ladies' furs and men's fur coats. Ernest Kline yesterday said that the display, in connection with the firm's new line, will be the largest and most complete that the firm has ever shown.

"THE GIRL FROM U. S. A."

The Indianapolis News of Aug. 17th said in part of "The Girl from U. S. A." the attraction at McDonald's Opera House tonight:

"Many good things may be said of 'The Girl from U. S. A.' who is visiting at the Park the first three days of this week. She is making her first visit away from home and does unusually well. Her play has considerable swing and dash to it, even more than the average melodrama. Her partners in the venture are well cast and the whole thing moves smoothly. No one in the audience last night, for instance, would have supposed that it was only the second performance had not the leading man told it in a certain speech."

FRIGHTFUL FATE AVERTED.

"I would have been a cripple for life, from a terrible cut on my knee cap," writes Frank Disher, Kallher, Minn., "without Bucklen's Arnica Salve, which soon cured me." Infallible for wounds, cuts and bruises, it soon cures Burns, Scalds, Old Sores, Boils, Skin Eruptions, World's Best for Piles. 25c. at The Stafford Drug Co.

BOTH BOYS SAVED.

Louis Boon, a leading merchant of Norway, Mich., writes: "Three bottles of Foley's Honey and Tar absolutely cured my boy of a severe cough, and a neighbor's boy, who was so ill with a cold that the doctors gave him up, was cured by taking Foley's Honey and Tar." Nothing else is as safe and certain in results. Sold by all druggists.

Negaunee Department

COLUMBUS DAY SHOULD BE WIDELY OBSERVED

NEGAUNEE CITIZEN COMMENTS ON THE CELEBRATION HERE TUESDAY, UNDER AUSPICES OF THE ITALIAN SOCIETIES.

To the Mining Journal: It occurred to me yesterday while listening to the interesting remarks made by the speakers addressing the members of the Italian societies, that it was to be regretted the celebration of Columbus Day was not more general. That the day is to become generally observed is patent; that this general observance may be hastened by those of us not of Italian blood doing our patriotic duty seems not so clearly understood.

America has too few general holidays and this fairly recognition of the intrepidity of character, high-mindedness, singleness of purpose, devotion to duty and stick-to-it-iveness of Columbus—characteristic American virtues—should awaken an enthusiasm in the breasts of noble souls who appreciate such qualities. Addresses such as those made Tuesday work for harmony and unity. When Mayor Winter said that for twenty years he had been doing business with the Italian people and had ever found their honorable and upright he not only spoke the sentiments of all business-men having such relation with them, but he awakened in the breasts of these people a feeling of gratitude that one fine quality in their make-up was given public recognition by a man in charge of the city. The other English speakers spoke in the same strain—words of commendation and encouragement to those as yet strangers in our midst.

Dr. Verrellini and Mr. Chialotti, we may be sure, exhorted their brethren to become good American citizens, assuring them that by so doing they would be more greatly honored than their fair Italy and Columbus.

Just such a combination of addresses—a just recognition of their fine qualities necessary to the best American citizenship—and words of encouragement from representative Americans; their leaders will make all the easier and the more rapid the assimilation of these sons of Italy—a desirable element in our public life.

Let us all join in honoring Columbus. His day should be a World Day, but essentially an American Day. Let us hope that next year and in succeeding years the school authorities may see their way to close the schools and thus do their part in seizing another opportunity to instill into the minds of the pupils just such lessons as will make for a better American manhood and womanhood.

A CITIZEN.

Negaunee, Mich., Oct. 13, 1909.

GREAT INTEREST IN GAMES.

Negaunee people are showing much interest in the world's championship ball games. Ruez's brokerage office in the First National bank building has been crowded every afternoon since the series started. An account of every play made is received by wire direct from the grounds. Tuesday when Wagner was struck out by Mullin with men on second and third bases, the Negaunee fans broke into cheers. The enthusiastic patron here has but two suits of clothes to one suit on the series.

Many a girl who is fond of jewelry has no use for a rolling pin.

WATER EXCEPTIONALLY LOW.

Level of Teal Lake Eighteen Inches Lower Than Last Year.

Recent measurements of the level of Teal lake show it to be eighteen inches lower than it was a year ago. The lake is usually lower in the fall than at any other time of the year, and the members of the council and board of public works do not expect a shortage of water. Superintendent Willman yesterday said that the lake is now lower than at any previous time in the past four years. The low level is due entirely to the drought during the summer, which caused a lowering of the levels of all of the lakes in this vicinity. Goose lake, south of here, is said to be lower than it has been in several years, and all of the lakes on the Chippewa drive are also exceptionally low.

Mr. Willman expects that the level of the lake will be raised several inches before winter sets in, and he expects that it will reach its usual level by spring. The lake level is now slightly over two feet lower than it was following the break-up in April. No water has passed through the outlet for some weeks past.

A fine line of bread, cakes and pies, fresh every day, at Geo. Haupt's. (10-11-tf)

THE LATE MRS. COOMBE.

Mother of Former Pastor of Mitchell Church Had Been Ill Four Years.

Mrs. John Coombe, mother of W. B. Coombe, late pastor of the Mitchell Methodist church, whose death at Ontonagon was briefly mentioned in this department, suffered four years from paralysis. She was born in Cornwall, Eng., in 1836, going to Greenwood in 1882, where she resided nine years, then moving to Ontonagon in 1891.

Mrs. Coombe, who was sadly afflicted for years, bore up with Christian fortitude and to the end she was always cheerful and lovable.

Besides her husband, she leaves one son, Rev. Wm. B. Coombe of Negaunee, and one daughter, Ada L.

During her illness of four years she was dutifully and lovingly cared for by her daughter at her home in Ontonagon. The remains were followed to the Mt. E. church by a long concourse of friends. The services were conducted by A. C. Adair of Rockland, owing to the non-arrival of the minister.

The floral offerings were numerous and beautiful.

Those attending from outside were Rev. Wm. B. Coombe, of Negaunee; Mrs. Marion Coombe, a niece from Painesdale; Wm. Coombs, grandson, of Calumet; Captain Thomas Whittle, of Hancock; and Wm. V. Bennett, John Riddle and Mr. and Mrs. A. C. Adair of Rockland.

Interment was made in the west side cemetery. Honorary pall bearers were Chas. Callahan, Sr., H. M. Powers, Robert Mooney, Wm. Heard, John Sellers, J. J. Vincent. Active pall bearers were A. LeMoine, Wm. LaBrie, Louis Geist, J. Fyfe, Joseph Sellers and John Schick.

WILL STAY IN NEGAUNEE.

The offer made recently by the Laurium band to Albert Hawke leader of the Negaunee City band, has been accepted by the iron country musician, and as in the case of Director Shoenberg of Ishpeming he has been appointed to a more lucrative position and has been retained by the officers of the band, says the Hancock Journal. The Laurium organization has been giving 100 cents a time to procure a leader, but so far in vain. Substantial offers are made, but the only result is a benefit to the man who receives them. Hawke is recognized as one of the leading musicians in the upper part of the state, having been a former member of a royal band in England. Until a leader is secured Edward Johnson, formerly of the Tamarack band, will direct the Laurium organization.

A complete line of Fred Utzinger's Milwaukee fancy smoked sausage and meat at Geo. Haupt's. (10-11-tf)

MEETING TONIGHT.

Iron Mountain lodge of the Independent Order of Odd Fellows, of this city, will entertain the members of the Marquette and Ishpeming lodges tonight, when Past Grand Master M. R. Kennedy will conduct a school of instruction. Mr. Kennedy, whose home is at Mount Pleasant, is the official instructor for the grand lodge. Word has been received that a large delegation of Ishpeming members will attend, and it is expected that fifty or more will be up from Marquette to work the first degree. The team is one of the best in the upper country. The officers of the Negaunee lodge expect an attendance of 200 or more. Refreshments will be served at the conclusion of the meeting and there will be impromptu talks, also a short address by Mr. Kennedy.

CARD OF THANKS.

We wish to express our appreciation for the many favors and the sympathy extended to us during the illness and after the death of our beloved husband and father. We feel under lasting obligations to neighbors and friends for their kindly assistance, also to those who sent floral offerings.

MRS. H. RASMUSSEN.

2221 Family.

PROVEN ECZEMA CURE.

A Trial Bottle of Oil of Wintergreen Compound Is Offered at 25 Cents.

By a special arrangement with the D. D. D. Laboratories of Chicago, we can at present offer the D. D. D. Prescription for eczema in a special trial bottle at one-quarter of its usual price. This oil of wintergreen compound will surely convince the most skeptical. With the first application you will get instant relief from the itch and soon you will see signs of cure.

No matter how many salves and other so-called skin remedies have failed, this oil of wintergreen liquid (unlike salves) will penetrate to the inner skin, killing the eczema germs. Will you not—on our special recommendation—call at our store—and get a 25 cent trial bottle of D. D. D. Prescription. The Stafford Drug Co., Marquette, City Drug Store, Ishpeming.

Grand Fur Display

Mr. J. B. Frisch, representing McKibben, Driscoll & Darsey of St. Paul, will be with us above two days displaying a complete line of Ladies' Fur Scarfs and Muffs, single or in sets as well as Ladies' and Gentlemen's Fur Coats. **Mink, Sable, Lynx, Chincilla, Sealskin**, as well as the more popular priced Furs. Full line of Misses' and Children's Fur Sets. Fur Garments delivered outright as made to special measure. We cordially invite all ladies to attend this Fur display.

TWENTY-TWO CENTS MORE FOR EACH \$100

THAT IS WHAT THE INCREASED TAX LEVY MEANS TO MARQUETTE CITY TAXPAYERS.

TOTAL RATE WILL BE \$2.75

State and County Rate Will Be \$1.04 per \$100 Valuation and City Rate Is \$1.71.

General interest has been manifest among local taxpayers as to the extent that individual taxes would be raised by the increased levy made by the board of supervisors at the annual meeting Monday. The total levy for state and county taxes made on the taxpayers of Marquette city last year was \$56,710.88; this year it will be \$70,029.71, which is an increase of \$13,318.83. The equalized valuation of the taxable property in the city both this year and last was \$6,700,000. On this basis the rate of taxation for state and county purposes last year was eighty-three cents per \$100 property valuation; under the new and increased levy the rate will be \$1.04 per \$100 property valuation, which is an increase of 21 cents. By far the greater part of this increase comes in the state tax, as is shown by the table below, giving the state and county taxes levied this year and a year ago:

State tax	1908-9	1909-10
County tax	\$23,946.27	\$18,486.86
County road tax	33,993.78	30,704.59
County road tax	9,989.56	7,519.49
Totals	\$70,029.71	\$56,710.88

The city tax rate this year is \$1.71 per \$100 property valuation, compared with a rate of \$1.70 last year. This means that the total state, county and city tax rate this year will be \$2.75 per hundred compared with \$2.53 last year, an increase of twenty-two cents per hundred property valuation. Concretely, this means that the man who pays taxes on \$5,000 will have to pay \$137.50 instead of \$126.50.

Increase in County Tax.

The total increase made in the county levy by the board of supervisors was something over \$23,000, of which \$10,000 goes into the general fund, \$10,000 to the county road commission, \$500 to the agricultural society, \$500 to the soldiers' relief commission and the rest toward a tuberculosis hospital.

The increased appropriation to the general fund was made necessary by the fact that the county treasury has run short during the current year, and now its obligations exceed the cash on hand by several thousand dollars. The road commission is planning extensive improvements another year, and will need more money than has been expended in the past. The agricultural society has been unable to get along and come out even on the usual appropriation, for which reason the appropriation was in-

creased this year. The increase for soldiers' relief is necessary principally because of the increased cost of necessities of life.

The appropriation toward a county tuberculosis hospital was made on the authority conferred by an act passed at the last session of the legislature, which provides that the board of supervisors may raise by taxation a sum of money to be used for constructing or maintaining or assisting to maintain or construct any hospital or sanitarium within the county, which tax, however, shall not exceed one-tenth of one mill on each dollar of assessed valuation of said county. It is evident from this that if a county tuberculosis hospital is built within the near future, most of the money will have to come from a bond issue, which must first be submitted to a popular vote.

NORMAL VS. GUILD HALL.

The postponed football game between the Guild Hall and Normal teams will be played Saturday afternoon at 2:30 o'clock at the new fair grounds. Both teams are in fine condition and a good game is expected. This will be the first game of the season for both teams and a good deal of rivalry exists between them. An admission of twenty-five cents for gentlemen and fifteen cents for ladies will be charged and car service will be arranged for.

The Guild Hall team will play the Houghton Light Infantry team at the fair grounds Oct. 23 and will play a return game in Houghton, Oct. 30. Saturday's game is a regular match game for the championship of Iron county and the team winning the game will defend the title against any challenger. Both the Guild Hall and the Normal teams expect to win the championship of Northern Michigan, and a great deal depends upon the result of the first game.

Mr. Goth, representing Kauba-Goodman Co., of Cleveland, makers of the "Style Craft" garments, will be in our store all of today with a complete line of ladies', misses' and children's coats and suits. They are the "Style Craft" make. He will take orders for any of the above.

THE BEE HIVE.

L. Getz, Prop., 220 222 South Front St. (10-14-11)

FACIAL TREATMENT.

Miss Hollie Oster, Werner block, removes superfluous hair, moles and warts by electric needle. Ladies' and gentlemen's manicuring. Bell phone 61. 9-6-4f

D'URBANO'S BAND OPENS HERE TODAY

FAMOUS ITALIAN MUSICIANS TO GIVE CONCERTS AT THE OPERA HOUSE THIS AFTERNOON AND EVENING

Writing of the performance of D'Urbano's band, which will open a three days' engagement at the opera house with a matinee performance at 2:30 this afternoon, a well-known critic said: "I was surprised beyond measure at the quality of the work done. Italy is surely the land of song, for D'Urbano's players have the divine gift of melody. The pleasant-faced maestro who conducts seems to have the heart-strings of his men in his hands, for through them he tells easily and freely his impassioned story. I wish that every lover of music, professional and student, would hear D'Urbano and study the music with him as he plays upon his big instrument of some forty pieces. Watch D'Urbano. Every little move, whether quiet or seemingly strange, tells his men something about the interpretation of the music. The leader is giving his men a 'dramatic' reading of the music just as an actor would read the lines of his part. Rivet your attention where his is for the time being and you will hear tones, combinations of tones and melodies that you would have overlooked. D'Urbano is the peer of any director. In my opinion he is above and beyond others that I have heard. The music he plays is of the highest character—Wagner's, Verdi's, Rossini's, Auber's and the other masters. Conducting it all without the store stumps him as a maestro."

Following is given the program to be rendered at today's afternoon and evening concerts:

—Afternoon—

Part I.
March "Post and Peasant" D'Urbano
Overture "Poet and Peasant" Suppe
Vocal solo
Lillian Berry Reid.
Reminiscences of Scotland Godfrey
Part II.

Waltz "Shater" Waldteufel
Vocal solo
Lillian Berry Reid.
Grand selection from "Martha" Floto

—Evening—

Part I.
March "Majestic" D'Urbano
Overture "Masaniello" Auber
Vocal solo
Lillian Berry Reid.
Opera from Traviata Verdi
Part II.

Overture "William Tell" Rossini
The Butterfly Waltz Bendix
Vocal solo
Lillian Berry Reid.
Celebrated Organ Offertoire Battiste

The Grand theater today is installing a new G. E. transformer. This machine has several different switches which give the operator perfect control over the amount of current used. Mr. Woodward, is satisfied that the transformer will improve the light at the Grand to a great extent. (10-14-1d)

The demand for Vandebloom's Dairy products increases every day. It pays to be up-to-date. (10-11-1v)

DISTINCTION IN DESIGN
FALL FASHION SHOW

Featuring Garments That Fit

Every maker of garments claims prettier styles and better qualities than his neighbors', but on all the important subject of fit, there is a general silence.

In selecting PRINTZESS garments as leaders in our Fashion Show, we knew that their superior fit would appeal at once to you.

You have only to try-on one of these splendid styles to prove the point—for at collar, shoulder, hip and front you'll find a perfect finished fit that will surprise you after your experience with most other garments.

As to style, you have only to see this great array to appreciate the real distinction of design, which distinguishes PRINTZESS wearers. And the quality of materials, linings and trimmings are all positively guaranteed by the PRINTZESS label.

We illustrate two leading styles, as advertised in the Ladies Home Journal this month.

Millinery of Style and Quality at Popular Prices

Hats in the season's latest and best styles, attractive and reasonable prices. We show styles that no other millinery store in Marquette county is showing. New Hats just put on sale this morning. Superior quality Beaver Hats, so very popular and scarce, shown in our millinery department. New Flowers, fancy Feather Ostrich Plumes and many other pretty Trimmings just arrived.

Dressy suit of fine worsted warp broad-cloth; long, seven-eighths fitting coat. Side pockets with button-trimmed flaps. Skirt has cluster-pleated front panel with two groups of jet buttons on either side.
Price, \$25 Up.

Woman's long coat in medium wale heavy weight serge. This is a stunning Merovingian model. Panels formed of side pleats start a little below hip line. Comes in all the modish colorings of the day.
Price, \$18 Up.
