

DRIFT IS AWAY FROM TAMMANY

While the Odds Still Are Largely in Favor of the Democrats, Their Candidate Is Hurting Their Cause Severely.

Unable to Find Material Which to Vant His Prowess as a Reformer Without Attacking the Retiring Administration, Judge Gaynor Indulges in Blundering Discussions Which Are Costing Many Votes and Help Hearst Immensely.

New York, Oct. 24.—If any drift is perceptible in the city campaign at this stage it is away from Gaynor and toward Hearst. This is said with a clear understanding that the odds are still largely in Gaynor's favor, as they have been from the beginning of the canvass.

Gaynor has been in a difficult position when it came to finding any material which he could use to vant his prowess as a reformer, without attacking the retiring Tammany administration.

He has been in a difficult position when it came to finding any material which he could use to vant his prowess as a reformer, without attacking the retiring Tammany administration.

Even what the judge has said upon traction, however, does not compare in un wisdom and inaccuracy with his most recent remarks about the newspapers and the sugar trust case.

These disclosures resulted in indictments, which were fully reported in the newspapers at the time, without perversion or suppression of facts.

As an incident of the day, a warm report has been received from Mrs. Edna Parkhurst, leader of the militant suffragettes of England.

Lapeer, Mich., Oct. 24.—Sheriff Conale stated tonight that a warrant charging forgery has been issued for the arrest of M. Lee Hagle, whose private bank at Frankford was closed for a week.

JURIST PASSES TO HIS ETERNAL SLEEP

Rufus W. Peckham, a Member of the United States Supreme Court, Is Dead at His Summer Home Near Albany.

Ill for Some Time With a Heart Affection and Bright's Disease, He Expires at the Age of 71—A Democrat, He Was the Last of President Cleveland's Appointees to the Nation's Highest Tribunal and Took His Seat in January, 1896.

Albany, N. Y., Oct. 24.—Justice W. Peckham, aged seventy-one, a jurist of the United States supreme court, died at his summer home at Altmont tonight. His demise was due to heart trouble and Bright's disease.

Demise of Episcopal Bishop Here. Atlantic City, N. J., Oct. 24.—Bishop William Hobart Here, of the Episcopal diocese of South Dakota, died here last night after a long illness, aged seventy-two.

Pastors at New York Discuss the Issues With as Much Vehemence as the Campaign Orators Have Shown Lately—Tammany Hall and Boss Murphy Roundly Denounced.

New York, Oct. 24.—With the exception of a reception at the Hotel Astor to William Randolph Hearst, the independent or Civic Alliance candidates for mayor, the political activity in Greater New York died almost wholly in the pulpits.

White Slave Charges Rankle. Judge Gaynor granted an interview tonight to several New York reporters in which he attacked the writer of an article in the current issue of McClure's magazine which charges that traffic in girls is fostered under Tammany rule.

English Suffragist Visits City. As an incident of the day, a warm report has been received from Mrs. Edna Parkhurst, leader of the militant suffragettes of England.

Sheriff Seeks Hagle. Lapeer, Mich., Oct. 24.—Sheriff Conale stated tonight that a warrant charging forgery has been issued for the arrest of M. Lee Hagle, whose private bank at Frankford was closed for a week.

Southern Michigan Banker Wanted on a Charge of Forgery. Lapeer, Mich., Oct. 24.—Sheriff Conale stated tonight that a warrant charging forgery has been issued for the arrest of M. Lee Hagle, whose private bank at Frankford was closed for a week.

Helps Hearst's Campaign. What Judge Gaynor does not make any reference to is that about the same time the trust's confession of conspiracy in the settlement of the \$30,000,000 Pennsylvania Sugar Refining company suit; the subsequent indictment of the trust and eight of its officers and directors for this conspiracy, and the

THE WEATHER.

Washington, Oct. 24.—The following is the weather bureau's forecast for Upper Michigan: Showers, Monday and Tuesday; warmer Monday, colder Tuesday.

Nicaraguan War. A Bloody Affray. It Gets Out of the Comic Opera Category When President Zelaya's Troops and the Revolutionists Meet in a Desperate Battle—Losing Heavily, the Federal Forces Are Routed.

Bluefields, Nicaragua, Oct. 24.—The tug Blanca brings news of the first important battle of the revolution. General Chamorro's forces, in an engagement last Friday with one thousand of President Zelaya's troops below Boca San Carlos, won a victory, one hundred government troops being killed and three hundred wounded.

Spanish Agitation Continues. Bilboa, Spain, Oct. 24.—Ten thousand persons took part here today in an anti-clerical demonstration. Extra troops were drafted into view. The religious establishments were heavily guarded.

Fiery Meeting at Cleveland, O. Cleveland, O., Oct. 24.—Italians, Germans, Jews and some Americans met here today at the Goodrich House, a social settlement, and chanted addresses denouncing the Spanish government for the execution of Francisco Ferrer.

Monarchs Shoot Pheasants. King Victor and Czar Go Hunting and Have Excellent Sport. Raconigi, Italy, Oct. 24.—King Victor Emmanuel and his guest, Emperor Nicholas of Russia, spent most of today together.

Troops Line the Railway. Emperor Nicholas arrived at Raconigi yesterday afternoon and was met by the king and a notable assemblage of officials.

Waterways Convention. The entertainment of the delegates to the Lakes-to-the-Gulf Deep Waterways convention will not end with the trip.

DR. C. K. LEITH IS SAFE. Madison, Wis., Oct. 24.—Mrs. C. K. Leith has received a letter from her husband, Professor C. K. Leith, from the Hudson Bay country, saying he had been detained by adverse winds while sailing on Hudson bay with a number of natives.

Drunken Man Had \$13.75. Tacoma, Oct. 24.—Herman Tufty, a miner from Dawson, picked up at an early hour in the morning by the police from the alley back of a hotel, was found to have \$13.75 in a bank note.

Famous Horse Is Dead. Lexington, Ky., Oct. 24.—Salvator, the fastest running race horse the world has ever known, died at James B. Higgins' Elmerford farm yesterday.

Explosion Kills Two Men. Hamilton, O., Oct. 24.—Flown fifty feet in the air, two engineers were instantly killed this afternoon when the firebox in a Big Four freight engine at Sharon blew out.

Accident at Detroit. Detroit, Oct. 24.—Twenty passengers were injured tonight when a Jefferson avenue car jumped a switch and tipped over. None were hurt fatally.

MR. TAFT'S VOICE YIELDS TO THE STRAIN.

He Becomes So Hoarse That He Can Hardly Speak—He Loses, Also, a Nice Fat Texas Possum That Mysteriously Disappears from the Presidential Train, Crate and All.

Little Rock, Ark., Oct. 24.—President Taft is speeding tonight toward St. Louis, where he will arrive at 7:30 a. m. tomorrow. When he reaches St. Louis he will have covered 5,706 of the 13,800 miles in his itinerary.

At Terrill, Tex., this morning the president addressed a throng of Sunday school children, impressing on them the lessons of loyalty to the flags of the state and the nation, and told them that he hoped all would not, as they grow older, rush to the cities.

Would Meet Aldrich in a Joint Debate. Opposed to the Idea of a Central Bank, the Establishment of Which Is Favored by the Senator, Congressman Fowler Challenges Him to a Public Discussion of the Proposition.

Elizabeth N. J., Oct. 24.—Charles N. Fowler, congressman from the Fifth New Jersey district and former chairman of the house committee on banking and currency, today addressed an open letter to Senator Aldrich, chairman of the monetary committee created by congress and also chairman of the finance committee of the senate, challenging him to a joint debate in one or more cities on the subject of the proposed establishment of a central bank.

Permits, But No Saloons. Former Dry Town Goes Wet, but Prohibitionists Buy Up the Licenses. Austin, Tex., Oct. 24.—A novel way to enforce prohibition has been found at Fairfield, in Freestone county.

Automobile Races Tragic. Three Fatalities Take Place on the 21-Mile Alameda Course. Oakland, Cal., Oct. 24.—Three fatalities and scores of bad bruises escaped in the Portola automobile races over the twenty-one-mile Alameda course yesterday.

Police Arrest Alleged Murderer. New York, Oct. 24.—A mechanic who the police say admits he is Otto Mueller and that he married Anna Latta, whose skeleton was found near Islip, L. I., recently, was arrested at Astoria, L. I., tonight. He has a wife and two children in Astoria, where he was known as Frederick Gerhardt.

Double Tragedy in Nebraska. Clay Center, Neb., Oct. 24.—The bodies of Leroy Foster and Miss Inez Cox were found today in a buggy near here. Both had been shot and began a new start in life. She declined to return to him, and he followed her here, where the "Motor Girl" company played last week.

Double Tragedy in Nebraska. Clay Center, Neb., Oct. 24.—The bodies of Leroy Foster and Miss Inez Cox were found today in a buggy near here. Both had been shot and began a new start in life. She declined to return to him, and he followed her here, where the "Motor Girl" company played last week.

Double Tragedy in Nebraska. Clay Center, Neb., Oct. 24.—The bodies of Leroy Foster and Miss Inez Cox were found today in a buggy near here. Both had been shot and began a new start in life. She declined to return to him, and he followed her here, where the "Motor Girl" company played last week.

Double Tragedy in Nebraska. Clay Center, Neb., Oct. 24.—The bodies of Leroy Foster and Miss Inez Cox were found today in a buggy near here. Both had been shot and began a new start in life. She declined to return to him, and he followed her here, where the "Motor Girl" company played last week.

WM. SHORT SHOOTS WIFE AND HIMSELF

He Is Dead, Succumbing to a Bullet in the Head an Hour After the Crime, and She Is Perhaps Fatally Wounded.

Enraged Because the Woman, a Chorus Girl, Refused to Quit the Stage, He Follows Her from New York to Washington and There Enacts the Tragedy—Formerly a Bookkeeper, He Had Just Served a Prison Term for Misappropriating Funds.

Washington, Oct. 24.—Enraged because his chorus girl wife preferred life on the stage to his companionship, Wm. H. Short of New York city today shot and perhaps fatally wounded her and then shot himself in the head, dying an hour later at a hospital.

Double Tragedy in Nebraska. Clay Center, Neb., Oct. 24.—The bodies of Leroy Foster and Miss Inez Cox were found today in a buggy near here.

Police Arrest Alleged Murderer. New York, Oct. 24.—A mechanic who the police say admits he is Otto Mueller and that he married Anna Latta, whose skeleton was found near Islip, L. I., recently, was arrested at Astoria, L. I., tonight.

DAILY MINING JOURNAL

MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Entered as second class matter of the second class in the postoffice at Marquette, Mich.

The scores continue to show that "Old Man" Stagg of Chicago is one of the ablest football coaches in the country.

Chairman Parsons says that Representative Bennett was overtly modest in estimating the majority at 20,000 votes, and predicts that it will be at least 40,000, and maybe more.

The Escanaba council has emphatically set down on a proposal to rescind the action recently taken for the appointment of a city chemist to be charged with the duty of seeing that both the water and milk supply are up to par.

The city of Milwaukee has decided to purchase the old Plankinton homestead and adjoining property on Grand avenue, for park purposes, and will pay therefor the sum of \$250,000.

The report that George E. Luther, the federal bank examiner who failed to discover the bad condition of the former First National at its wrecking of the Mineral Point, Wis., First National, that there, too, Luther made the last examination prior to the failure, and there again he was unable to discover anything wrong.

Senator Cummins and Senator Aldrich will be rival attractions in Chicago Nov. 6. The former, as has been announced, will address the Marquette club, and the feature of his speech is expected to be his reply to remarks that Speaker Cannon aimed in his direction in his recent Elgin address.

Speaker Cannon will, it is said, abandon his policy of disregarding attacks made on him and in the future will make vigorous reply to his detractors. His Elgin, Ill., speech, in which he paraded Senator Cummins, is said to mark this departure.

The Illinois Broom company, which has had a broom making contact at the Jackson prison for a number of years past, has closed its operations at that institution, and a large number of convicts have been thrown in idleness.

5% DEBENTURE. Superior Trust Company. HANCOCK, MICH. Capital and Surplus \$200,000.00. DIRECTORS: Jas. Chynoweth, Norman W. Blair, G. R. Campbell, L. H. Richardson, Geo. D. Cuddihy, H. L. Bauer, Leasing Rarzer, Joseph Bosc, Chas. L. Lawton, Chas. Briggs, S. L. Lawton, James Mercer, C. A. Wright, Allen F. Rice, Jacob Raer, Geo. Ruppe, Ferd. Wieber, Thos. Whittle.

making brooms. The alternative of keeping the men in their cells is one which it is desired to avoid, if possible, for experience has shown that idle confinement is detrimental to the health of the convicts so confined and makes harder the work of administering the prison by keeping them in ugly condition of mind.

A Baraga saloon man, in great perturbation of spirit, has applied to Auditor General Fuller for counsel. He notes that the stringent state law makes it illegal for him to enter his place of business even to fix his fires, and he fears that over Sunday his stock of soft drinks, wines with low alcoholic content, and water pipes will freeze up during the frigid winter months.

The railroad interests have already begun a fight to prevent the Chicago council from passing the ordinance requiring the electrification of the city terminals. Mayor Busse is on record as favoring the ordinance, which also has the support of practically all the newspapers and all the good government leagues and associations.

The report that George E. Luther, the federal bank examiner who failed to discover the bad condition of the former First National at its wrecking of the Mineral Point, Wis., First National, that there, too, Luther made the last examination prior to the failure, and there again he was unable to discover anything wrong.

Quick climatic changes try strong constitutions and cause, among other things, nasal catarrh, a troublesome and offensive disease, sneezing and sniffling, coughing and difficult breathing, and the drip, drip of the foul discharge into the throat—all are ended by Ely's Cream Balm.

QUESTION OF REAPPORTIONMENT.

The Soo News remarks that there is no district in the state that is likely to be as seriously disturbed in the next congressional reapportionment as the Twelfth. This district at present includes the entire upper peninsula. "It is expected" says the News, "that next year's census will show a population in the upper peninsula of 310,000 to 325,000. The ratio of apportionment after the last census was 193,281. This was an increase of 20,000 over 1893. Assuming that the population from 1903 to 1913 has grown at the same rate as during the previous ten years, the ratio for 1913 will be in the neighborhood of 215,000. This would give the upper peninsula an excess of population of about 100,000 over the average population for all districts.

An equitable and satisfactory division of the upper peninsula, it would appear, would be the inclusion of the thirty-first and thirty-second senatorial districts into one congressional district, which would then comprise the iron and copper mining countries, and the addition of a sufficient number of lower Michigan counties to the thirtieth senatorial district to make up the requisite population for a new congressional district. While the interest of the thirty-first and thirty-second senatorial districts are almost exclusively devoted to mining, those of the thirtieth senatorial district are as exclusively devoted to agriculture and manufactures.

The operations of the Michigan Prospecting and Reclaiming company of Menominee are rapidly drawing to a close. Within a few weeks the great plant, which since early summer has been turning out thousands of cans of all kinds of fruits and vegetables daily, will be silent, just now it is working overtime for the men.

The operations of the Michigan Prospecting and Reclaiming company of Menominee are rapidly drawing to a close. Within a few weeks the great plant, which since early summer has been turning out thousands of cans of all kinds of fruits and vegetables daily, will be silent, just now it is working overtime for the men.

Admits Embezzlement. Admitting his guilt, but giving no reason for committing his crime, Fred Bastie, the former agent of the Hoyle Bakery company, waived preliminary examination on a charge of embezzlement in Justice Linden's court at Escanaba. Bastie was indicted on a term of one year in the county jail.

Whitefish Becoming Scarce. W. H. Tomlin, secretary of the Duluth fishers' association, says that the catch has been steadily declining since the system of planting fish fry in the waters of Lake Superior, for despite the liberal planting some varieties seem to be going more rapidly and others are not multiplying.

Quick climatic changes try strong constitutions and cause, among other things, nasal catarrh, a troublesome and offensive disease, sneezing and sniffling, coughing and difficult breathing, and the drip, drip of the foul discharge into the throat—all are ended by Ely's Cream Balm.

Upper Peninsula

About to Be Married. Miss Margaret Hill, who has been connected with the postoffice at Iron Mountain in various capacities for a long term of years, has resigned. It is intimated that the young lady will soon assume more responsible and pleasant duties. She is succeeded at the postoffice by Leo Mortensen.

Miner Killed Instantly. Donato Agrella, twenty years of age, was accidentally killed at the Mill Mine at Iron Mountain while trimming down the side of a slope. He attempted to pry off a large piece of rock with a bar when it suddenly gave way and fell on him, crushing his head and killing him instantly. The young man had been in this country only three months.

Successful Young Business Man. Paul Jacobson, an Iron Mountain boy who located at Norway, Dickinson county, a few years ago and engaged in the drug business, has won material success. By attention to details, he has built up a flourishing trade. He is now having an architect prepare plans for a fine business block on the lot south of the First National bank building to be used exclusively as a drug store. The building will be constructed of brick and stone, thirty by sixty-two feet on the foundation walls and two stories in height.

Manistique Man to Wed. John Forslar of Manistique has left for Waterford, Conn., to join his bride-to-be, Miss Winifred Linderman. They will be married at New York, N. Y., at the home of Miss Linderman's uncle, Oct. 28. Miss Linderman is not known to the people of Manistique, having been engaged as a teacher in the public schools there for three years.

Struck by Steam of Water. C. E. Lamb, chief engineer of the Menominee River Sugar company, narrowly escaped the loss of his eyesight when he was struck in the face with a stream of steam water from a forty-pound pressure. Mr. Lamb was testing a pipe line to see that it was in working order. He opened a stop-cock and in some way got his face over the pipe through which a high pressure of steam fairly between the eyes, knocking him to the ground and filling his eyes with rusty water.

Novel Suit for Damages. One of the most interesting cases on record in Menominee county was filed last week when John Satareah of Wilcox, Wis., through his attorney brought suit against Magnus Nelson of Menominee for \$10,000. Satareah claims that during May, 1907, he purchased from Nelson a cow which was infected with the last named party guaranteed the cattle to be in good condition. He states that he took them to his home and placed them with his own herd and after some time had found that all of the cows purchased were afflicted with tuberculosis. He also found that his own cattle had become infected. During the latter portion of the year, 1908, his daughter contracted cholera infantum and died from the disease. He states that the illness was due entirely to the milk from the cattle which he had given to his daughter. He states also that his herd was so badly infected that he was forced to have them all put out of the way and that he lost a large sum of money as a result. For all of the above damages he has brought suit for the amount stated.

Use Dr. Taylor's Antiseptic Skin Soap. CHALLENGE. We challenge anyone to produce a case of Eczema (Itchy Skin Disease) that Dr. Taylor's Eczema Remedy will not cure.

CURED AFTER SUFFERING 20 YEARS. Gentlemen:—For nearly twenty years I suffered from Eczema, which assumed the appearance of dry white scales which covered my whole body. At times the itching and burning was unbearable. In the morning I could gather up the scales in handfuls from the bed. I have tried every remedy I ever heard about. Doctors could not help me. Two months ago I commenced using Dr. Taylor's Eczema Remedy and today I am entirely cured. Yours truly, Geo. Miller, 502 1/2 Lancaster Ave., Phila. An employe of the P. R. R. Sold by The Stafford Drug Co. Send for free illustrated booklet.

By the Shaking of Milk on a Camel's Back. Silver Creek Creamery. PASTEURIZED BUTTER. There is a big difference between Silver Creek Creamery Pasteurized Butter and Ordinary Butter. Silver Creek Creamery butter is pasteurized by the Old Danish method, a process which insures the best possible results. If your grocer doesn't keep it send us his name. RIPPON PRODUCE CO. RIPPON, WIS.

A LAUGH OR TWO. A Hero. Tommy's mother had made him a present of a toy shovel and sent him out in the sand lot to play with his baby brother. "Take care of baby now, Tommy, and don't let anything hurt him. There was mamma's parting injunction. Presently screams of anguish from baby sent the distracted parent flying to the sand lot. "For goodness' sake, Tommy, what has happened to the baby," said she, trying to soothe the wailing infant. "There was a naughty fly biting him on the top of his head, and I tried it with the shovel," was the proud reply. —Exchange.

The Polite Passenger. "Billwisp street" cried the conductor. "The modest little man touched his eyelids." "Excuse me," he apologized, "but I'm a little hard of hearing, and I confess that I wasn't giving you my undivided attention as I should. Would it be too much to ask you to repeat the name of the street?" "Billwisp street" growled the conductor, with a savage glare. "Oh, thank you so much," said the modest passenger, gratefully. "I wasn't quite sure whether you said Jilkwisp street or Kewspisp street. I got off at Wilson—will you ring the bell?" —Cleveland Leader.

Too Easily Deceived. Mrs. Herlihy looked with marked favor on the mongrel dog which her husband brought home one day, saying he had met an old friend who gave him the animal "in a present." "What kind of a dog is he?" demanded Mrs. Herlihy. "My friend didn't say," responded Mr. Herlihy, vaguely. "Tis well you know, Celia, you can't be axin' all sorts of questions when I'm present, you're gettin' bad. But he said the dog was a grand watchdog and a great fighter."

A Dakota Story. I was talking with a Dakotan the other day. "Speaking of farms," he said, "we have some sizable farms out in Dakota. Yes, sir, I've seen a man on one of our big farms start out in the spring and plough a straight furrow till fall. Then he turned around and harvested back." "Wonderful!" said I. "On our Dakota farms," he went on, "it's the usual thing to send young married couples out to milk the cows. Their children bring back the milk."

Miracle! Once, while Bishop Talbot, the giant "cowboy bishop," was attending a meeting of church dignitaries in St. Paul, a tramp accosted a group of churchmen in the hotel porch and asked for aid. "No," one of them told him. "I'm afraid we can't help you. But you see that big man over there?" pointing to Bishop Talbot. "Well, he's the youngest bishop of us all, and he's a very generous man. You might try him."

Copper Country

NEW CHASSELL RAILROAD.

Worcester Lumber Company Project a Boon to Farmers.

The Houghton, Chassell & Southwest-ern railroad, now in progress of construction from Chassell in a southwesterly direction through Chassell, Portage and Laird townships, will be in operation Nov. 15, according to present plans. That this will not be subject to delay is shown by the fact that the road has received a forty-two ton general locomotive. There are a few log cars on hand and with others now in transit the company has a total of thirty cars in its equipment.

This new railroad is the Worcester Lumber company project and is being built primarily for the purpose of opening up a heavily timbered district in the township named. Owing to the agricultural possibilities of the district its character is more substantial than the usual logging road, and its tracks will probably never come up but will be used in the future in bringing farm products to market. The company intends to bid for this freight business from the start, or as soon as its organization can be arranged to handle it.

The H. C. & S. road is to be twenty miles in length eventually, with twenty miles of branches. This winter it will operate only four and a half miles of road, and of this three and three-quarters miles are now completed. The construction work has been done with a steam log hauler, but this has proved inequally of working over the distance to which the road now extends, and the new engine was the result. At the end of the first four and a half miles the company will build a new village, to be known as Worham. This will be in Section 21, 53-34.

The new railroad will tap the farming district west of Otter Lake. The farmers and homesteaders there have been having a hard struggle for years, owing to lack of transportation facilities. The railroad will give these farmers opportunity to market their produce. The placing of the engine on the track was made the occasion of something of a ceremony. Several of the company officials made the three and a half mile trip on the locomotive, the first trip ever made over the new line.

CALUMET TALKS TO DULUTH.

Two "Farthest North" Wireless Stations in Communication.

The stations of the United Wireless Telegraph company at Calumet and Duluth were in communication Friday evening, the first time since the stations were erected. Because of inadequate power at Calumet until the past week it had been found impossible to talk to Duluth, but the power has been raised from two to five kilowatts and communication can now easily be carried on. Friday evening the Calumet station was in communication for some time with the stations Hope, Wulgin and Sierra, all upland to Duluth. The Hope was off Two Harbors at the time. Recently the Duluth station communicated with a station on the Gulf of Mexico. On clear days it is believed that Calumet, too, will be able to communicate with boats in the Gulf or in the Atlantic ocean, as well as in the lower lakes.

WOMAN TAKES DEER LICENSE.

Mrs. Bertha Stambuhl of Kenton Township Will Hunt This Fall.

Mrs. Bertha Stambuhl is the first woman to take out a deer license this fall. She secured the permit at the county clerk's office Saturday. Mrs. Stambuhl takes out a license every year, but no returns have been made as to her success.

The sale of deer licenses has not been particularly rushing this fall so far, but this is usual until Nov. 1, from which time until the 10th, when the season opens, there will be a lively demand. Deer are reported more plentiful this year than in many previous years.

The Keweenaw county clerk has appointed the following deputies for the purpose of receiving applications for deer licenses: Thomas H. Portman, Mohawk; John Henderson, Alouez; John J. Smith, Eagle Harbor; John B. Jackson, Gray; Charles Brown, Delaware Mine; and Nicholas Weyerker, Alouez.

ART LEAGUE ORGANIZED.

The Copper Country Art League is an organization which came into existence at a meeting held at Houghton Saturday night.

The following is the program of the Sunday school work: "Graded Primary Work," Mrs. M. J. Gerstle; "Supernatural," Mrs. A. F. Macdonald; "Adults in the Sunday School," W. B. Andrews; discussion.

Church news: "What is the Best Sort of Memorial Service to a Deceased?" Rev. Fred Deighton; "What is the Best Sort of Evening Service?" Rev. J. S. Gould; discussion.

Woman's missionary hour—Mrs. L. K. Long, chairman.

Evangelists of the Y. P. S. C. E.—Rev. Wm. Stevens, chairman; "Our State Work," Rev. J. W. Sutherland, D. D., superintendent of the Michigan Congregational conference.

Union service—Rev. L. K. Long, and J. O. Fisher.

In the evening there will be a song service, conducted by Richard Lidford. Dr. Sutherland will talk of "Sustaining the Spiritual Life," and Rev. Jesse Pavey will give the moderator's address.

SUNDAY SCHOOL RALLY.

The organization of the Keweenaw Peninsula School association will be perfected this evening at a meeting at the Laurium M. E. church.

All the Sunday school teachers, superintendents and officers in the new counties have been invited. There will be an excellent musical and literary program. Topics regarding the work and the best way in which to reach the young people will be given by well-known church and Sunday school people. W. A. Kinsman of Calumet will speak briefly on the subject. "Graded Lessons for the Sunday Schools." Another address will be, "The Duties of Sunday School Superintendents."

ITALIANS HOLD CONVENTION.

Thirty Calumet Italians left Saturday for Iron Mountain where a convention was held yesterday for the purpose of organizing an Italian American association.

The Calumet men left in a special car. They were joined at Hancock by delegates from the lodges at Portage Lake and range towns. Each of the Italian societies named two delegates to the convention. Besides the delegates, the officers and some of the other members of the Houghton County league went to Iron Mountain.

S.S.S. NATURE'S CURE FOR BLOOD POISON

Not only its proven ability to cure, but its absolute safety as a remedy has made S.S.S. the most desirable of all medicines for the treatment of Contagious Blood Poison.

S.S.S. is made entirely of roots, herbs and barks of the forests and fields. It does not contain a particle of mercury, potash or any other harmful mineral to injure the delicate parts of the system, impair the digestion, corrode and irritate the lining of the stomach, or in any other way injure the health. It is Nature's blood purifier, harmless in its action and certain in its good results. S.S.S. removes the poison from the circulation, enriches the blood, and safely and surely cures Contagious Blood Poison. It builds up and strengthens the system by its tonic effects and leaves the patient not only cured of the disease, but stronger and in better health in every way. If you are suffering with Contagious Blood Poison S.S.S. is your most certain reliance; an honest medicine, and because of its vegetable purity, a safe treatment for any one. We have a special book on home treatment which explains fully the different stages of the disease, also suggestions that will be helpful to you in the treatment of your case. We will be glad to send this book together with any medical advice desired, free to all who write.

KEWEEAW TAXES.

County Is Now Assessed at More Than Seven Millions.

The assessed valuation of Keweenaw county is \$7,455,027. That of Alouez township, alone, is more than \$5,200,000. In Alouez township are located the Alouez, Alouez, Alouez and other properties.

The supervisors have voted to raise \$25,000 for county purposes. This will be the largest amount ever raised in the county, and tends to accentuate the fact that Keweenaw is growing. The board, reappointed H. S. Winter county school examiner for two years, its term having expired. Clarence Chrysler of Copper Falls was appointed examiner to fill the unexpired term of Rose M. McCall, who has removed from the county. William Long was reappointed superintendent of the poor. The board recommended the appointment of Thomas Uren as county game warden, and he undoubtedly will be re-appointed.

INDOOR BASEBALL LEAGUE.

Hancock Fraternal Teams Are Ready to Open Their Season.

The indoor baseball season in Hancock will open at Germania Hall Tuesday evening, Nov. 2. From that time until March 30 two games a week, one on Tuesday and one on Friday, will be played. The teams are as follows: Ancient Order of Hibernians, Elks, Knights of Columbus, Eagles, Catholic Foresters, Naval Reserve and Houghton Light Infantry. The last named team is something of an unknown quantity. The lineup has not been given out. The Hibernians grabbed off the championship last season.

CONGREGATIONAL ASSOCIATION.

The semi-annual meeting of the Lake Superior Association of Congregational churches will be held at Calumet Friday.

The following is the program of the Sunday school work: "Graded Primary Work," Mrs. M. J. Gerstle; "Supernatural," Mrs. A. F. Macdonald; "Adults in the Sunday School," W. B. Andrews; discussion.

MAKING MILLIONS FROM WORTHLESS DESERT WEED.

Romantic Development of the Guayule Rubber Industry in Mexico—Thirty Millions Invested in an Enterprise Unknown Five Years Ago.

Torreon, Mexico, Oct. 24.—The manufacture of rubber from the guayule shrub in Mexico has developed into an enormous industry during the last three or four years. The production of rubber from this source now aggregates about 7,000 tons a year, which is about 12 per cent of the world's entire rubber production. The price of crude guayule rubber is now fifty cents a pound, and the price of sheet guayule is \$1100 per ton. The product therefore brings to Mexico and annual revenue of approximately \$7,500,000 gold per annum.

Some idea of the wonderful growth and size of the new industry may be had when it is stated that approximately \$200,000,000 worth of guayule lands and factories in this country. One American concern alone has a factory at Torreon which represents an investment of \$5,000,000, it is said. This same concern, the Continental Rubber company, of which John D. Rockefeller, Jr., is at the head, owns one tract of guayule land embracing 2,000,000 acres in the state of Zacatecas, for which it paid \$4,000,000. It also has other extensive holdings, including a factory at Guadalupe.

KEWEEAW TAXES.

County Is Now Assessed at More Than Seven Millions.

The assessed valuation of Keweenaw county is \$7,455,027. That of Alouez township, alone, is more than \$5,200,000. In Alouez township are located the Alouez, Alouez, Alouez and other properties.

The supervisors have voted to raise \$25,000 for county purposes. This will be the largest amount ever raised in the county, and tends to accentuate the fact that Keweenaw is growing. The board, reappointed H. S. Winter county school examiner for two years, its term having expired. Clarence Chrysler of Copper Falls was appointed examiner to fill the unexpired term of Rose M. McCall, who has removed from the county. William Long was reappointed superintendent of the poor. The board recommended the appointment of Thomas Uren as county game warden, and he undoubtedly will be re-appointed.

INDOOR BASEBALL LEAGUE.

Hancock Fraternal Teams Are Ready to Open Their Season.

The indoor baseball season in Hancock will open at Germania Hall Tuesday evening, Nov. 2. From that time until March 30 two games a week, one on Tuesday and one on Friday, will be played. The teams are as follows: Ancient Order of Hibernians, Elks, Knights of Columbus, Eagles, Catholic Foresters, Naval Reserve and Houghton Light Infantry. The last named team is something of an unknown quantity. The lineup has not been given out. The Hibernians grabbed off the championship last season.

CONGREGATIONAL ASSOCIATION.

The semi-annual meeting of the Lake Superior Association of Congregational churches will be held at Calumet Friday.

The following is the program of the Sunday school work: "Graded Primary Work," Mrs. M. J. Gerstle; "Supernatural," Mrs. A. F. Macdonald; "Adults in the Sunday School," W. B. Andrews; discussion.

Church news: "What is the Best Sort of Memorial Service to a Deceased?" Rev. Fred Deighton; "What is the Best Sort of Evening Service?" Rev. J. S. Gould; discussion.

Woman's missionary hour—Mrs. L. K. Long, chairman.

Evangelists of the Y. P. S. C. E.—Rev. Wm. Stevens, chairman; "Our State Work," Rev. J. W. Sutherland, D. D., superintendent of the Michigan Congregational conference.

Union service—Rev. L. K. Long, and J. O. Fisher.

In the evening there will be a song service, conducted by Richard Lidford. Dr. Sutherland will talk of "Sustaining the Spiritual Life," and Rev. Jesse Pavey will give the moderator's address.

ART LEAGUE ORGANIZED.

The Copper Country Art League is an organization which came into existence at a meeting held at Houghton Saturday night.

The following is the program of the Sunday school work: "Graded Primary Work," Mrs. M. J. Gerstle; "Supernatural," Mrs. A. F. Macdonald; "Adults in the Sunday School," W. B. Andrews; discussion.

Church news: "What is the Best Sort of Memorial Service to a Deceased?" Rev. Fred Deighton; "What is the Best Sort of Evening Service?" Rev. J. S. Gould; discussion.

Woman's missionary hour—Mrs. L. K. Long, chairman.

Evangelists of the Y. P. S. C. E.—Rev. Wm. Stevens, chairman; "Our State Work," Rev. J. W. Sutherland, D. D., superintendent of the Michigan Congregational conference.

Union service—Rev. L. K. Long, and J. O. Fisher.

In the evening there will be a song service, conducted by Richard Lidford. Dr. Sutherland will talk of "Sustaining the Spiritual Life," and Rev. Jesse Pavey will give the moderator's address.

SUNDAY SCHOOL RALLY.

The organization of the Keweenaw Peninsula School association will be perfected this evening at a meeting at the Laurium M. E. church.

All the Sunday school teachers, superintendents and officers in the new counties have been invited. There will be an excellent musical and

Dr. E. J. Hudson left for Chicago on business last evening.

Alfred McCarthy arrived home Saturday from a two weeks' trip to New York.

Sam Houck, chief train dispatcher for the D. S. S. & A. railway, is ill with typhoid fever.

Dr. A. W. Hornbogen has gone to Port Washington, Wis., on professional business.

Mrs. H. R. Fox has returned after a visit of several weeks with her parents in Chicago.

The North End football team played the Negaunee Cubs at Negaunee yesterday, the game resulting in a tie score, 5 to 5.

The Normal football team has scheduled a game with the Escanaba High school team, to be played here next Saturday.

Having defeated the Ishpeming Y. M. C. A. Saturday, the Guild Hall football team challenges any eleven in the iron or copper country.

The dance to have been given by the Legion of Honor tomorrow evening has been postponed because of the death of a member of the order.

An enjoyable dancing party was given at the Guild Hall Saturday evening in honor of the visiting Ishpeming football players, about fifty couples being in attendance.

Mr. Meyers took the entire force of store employees of the J. H. Foster Co. to camp at Lakeview Sunday, where they spent the day and had a right jolly good time.

Ernest Rankin is in the city from New York, having come here to attend the marriage of his daughter to S. J. Miller, which is to take place at St. Paul's church, Wednesday evening.

Baseball Dance Tonight—The Marquette baseball club will entertain with a social dance at Legion Hall this evening. A large number of tickets have already been sold and there is assurance the party will be a notable success. The Peerless orchestra will furnish the music.

Death at the Prison—Henry Wiseman, a convict at the branch prison, died last evening after a long illness, probably due to tubercular trouble. Wiseman was sent to the prison from Oskanen county, Dec. 5, 1901, for life, having been convicted of murder in the first degree. He was forty-seven years of age.

Gees to Ishpeming—Mrs. Joe Prince has gone to Ishpeming, where she plans to engage in the restaurant business. She leaves Marquette after a several years' residence here, during most of which she was engaged in the restaurant business with her late husband. She is thoroughly informed in regard to it and is capable of making a success of a restaurant enterprise.

Concert Largely Attended—The concert given by our boys' band at the Grand theater last evening was attended by a large crowd that filled the building to its utmost capacity. The program put on was an entertaining one and in addition to the band numbers, Manager Woodworth offered a pleasing moving picture and an illustrated song. The collection taken will be used to buy a tuba for the band.

Death of Mrs. Gill—Mrs. Thomas P. Gill died early Sunday morning at the family home, 215 West Hewitt avenue, after an illness of three weeks, caused by heart trouble. Mrs. Gill was fifty-eight years old and had lived in Marquette twenty-eight years, having been born in Weston, Ont. She leaves a husband and four children: Mrs. Geo. T. Stewart, of Sault Ste. Marie, Ont.; Ben Gill, of Goldfield, Nev.; and Miss Laura Gill, of Marquette. Mrs. Gill was a charter member of the Degree of Honor. Funeral arrangements have not yet been made.

Is Rapidly Recovering—Dudley Thompson, the little boy who was terribly burned with firecrackers about July 1, is rapidly regaining health and strength, after having recently undergone an operation in which 120 square inches of skin were grafted on his chest and under his arms. The operation was performed by Dr. A. W. Hornbogen and the skin was obtained for a cash consideration from a woodsman, who happened to be at St. Mary's hospital. Before the operation, the sores left by the burns obstinately refused to heal, but the boy now appears to be well on the way to ultimate recovery.

Halloween Sunday—Next Sunday is Halloween, and was so the small boy and some who are not so small. However, it is not likely that the youngsters will be cheated out of their annual night out, but will celebrate Saturday night, instead of Sunday. Of late years, the police have put a quietus on the supposed license to destroy property on Halloween and the celebrants usually confine themselves to more harmless pranks. There will probably be the usual number of parties and other social gatherings, while the Knights of the Macabees of the World will celebrate the occasion Friday night with a dancing at Fraternity Hall, to which the public is invited.

Rev. J. V. Hartness Dead—Rev. J. V. Hartness, who lived here for some time prior to a few years ago, has passed away, according to a dispatch from Milwaukee. Death followed a long illness due to a cerebral growth. Rev. Hartness was in charge of the Sunday school missionary work of the Presbyterian church in the upper peninsula for six years, and was one of the best known Presbyterian clergymen of this section. For the past year, he has been in California, but his family has resided in Milwaukee. He leaves a widow, one son and four daughters.

SKULL WAS FRACTURED.

While Loading Pig Iron, Timothy Griffin Fell Into Hold of Boat.

Timothy, better known as "Ted" Griffin, suffered a very serious and perhaps fatal accident at the L. S. & I. dock Saturday afternoon, while assisting in loading a vessel with pig iron from the Pioneer furnace. To protect their hands, the men wear heavy gloves while handling the pigs, and while throwing them down into one of the batches of the vessel, Griffin's glove caught on one of them and its weight threw him off his balance, with the result that he fell head first into the hold, a distance of fifteen feet.

He was at once taken to St. Mary's hospital and Dr. Harkin was called, who found that the injured man had suffered a compound fracture of the skull, necessitating the removal of a part of the bone and a small portion of the brain substance. Though he had only partially regained consciousness last evening, Dr. Harkin is of the opinion that he has a fighting chance for life. Mr. Griffin has a wife and family, who reside in South Marquette.

CIRCULAR SAW CUTS STEEL RAILS IN TWO

BY ITS USE, SOUTH SHORE RAILROAD IS ABLE TO USE WORN DOWN TRACK, FORMERLY SOLD FOR OLD IRON.

South Shore railway employees and others of mechanical bent have been greatly interested in the operation of a rail saw which was installed at the D. S. S. & A. shops a short time ago. The saw has been used for cutting off the battered ends of discarded rails, leaving the part that is left practically as good as new, as most of the wear comes at the ends, where two rails are joined together. The ends of the last of the old rails now on hand were sawed off Saturday, and the saw will not be again used for that purpose for some time.

The most remarkable thing about the machine is that the rail is sawed off without being heated and about as quickly as a piece of hard wood of the same size. The machine is comparatively simple and consists of a small circular saw of soft steel with very fine teeth, which is operated by a 100-horse power motor. The cutting power of the soft steel saw on the hard steel rail is due to the light speed at which it is operated, the cutting edge of the saw moving at the rate of 50,000 feet, or nearly six miles, per minute. It is said that, revolving at that speed, the saw would cut the rail, even if it had no teeth at all. The saws have shown no perceptible wear from use, though they are changed every five hours to sharpen the teeth. While the cut is being made, a stream of water runs over the cutting edge of the saw, and sparks fly in such abundance that one is reminded of an old-fashioned Fourth of July celebration. The end of the rail, after the cut has been made, is as square and smooth as the end of a sawlog.

The practice has been to cut a foot off each end, leaving the rail twenty-eight feet in length. Of course, the holes for inserting the fish plate bolts are in the part cut off and new holes have to be drilled in the shortened rail. Now, the same method being used as in a sawmill, the rail is passed over rollers from the saw to the drill, which is operated by the same motor as the saw. The rails then pass on out of the building, where they are loaded on flat cars to be taken where they are needed.

Sawing off the ends of battered rails in this manner means a great saving to the railroad company. Formerly, battered rails were sold for old iron, but by saving off the worn parts, they can be used for switches, sidings and even for the main track, in some instances. About 3,000 rails have been sawed off at the shops within the last two weeks.

TALKING TORNAZE TAX.

"Next year will witness one of the greatest political campaigns in the history of the state," said Robert H. Shields to the Houghton Mining Gazette upon his return from attending a meeting of the state board of assessors at Lansing, "and the upper peninsula will be interested as never before. This is largely because of the announcement of Chase S. Osborn for governor and the apparent strength of his candidacy.

"In all probability there will be four candidates for governor from the lower peninsula and as the nomination will be made at the primaries, and before the state convention frames up a party platform, each of the candidates will have his own platform, or at least he will try and represent something the others do not. For instance, and I get it from one of the cleverest politicians in the state, one of the candidates for governor is planning to make his campaign on the single issue of a tonnage tax for the upper peninsula mines.

"Now, what of the upper peninsula may say that this would be outrageously unfair and all that, but the fact remains that among the rank and file of the voters of the lower peninsula it would be a popular issue and we must meet it. In other words it will be up to us to convince them that this method of taxation is unsound. Otherwise we are going to be up against it. While they have not settled upon any particular basis they are talking of a tax of ten cents per ton on iron ore and one cent per pound on copper.

"Of course, to go back to the specific method of taxation would be a reversal of the general policy of the state in regard to taxation, for ever since the days of Governor Pingree we have been advocating the specific for the ad valorem plan. The railroads, the express companies, the car loading companies, the telegraph and telephone companies, the mines and other property are now assessed on the ad valorem plan. And an honest assessment of all property by this method will produce equitable results.

"There are very many people in the lower peninsula who do not approve of a tonnage tax, but just at present they are in the minority, in my judgment, and the others will have to be shown. It behooves all of us, therefore, to give this matter our serious attention; for it certainly is going to be an important issue in the next campaign."

BRAZIL'S ORE DEPOSITS ARE VERY EXTENSIVE

BOY LOSES LEG.

Thirteen-Year-Old Lad Accidentally Shot by a Companion Saturday.

Walter Olson, aged thirteen years, son of August Olson, yard foreman for the Consolidated Fuel & Lumber company, had his left leg amputated about two inches above the knee yesterday morning at the Ishpeming hospital, as a result of being accidentally shot by a companion about 10:30 Saturday morning.

Young Olson, Joe Walters, Ed. Anderson and a few other boys, all about the same age, congregated at the old mine pit at the eastern end of Vine street to see Anderson shoot a cat. Young Olson was sitting on the bank of the pit, looking on, when Anderson fired and hit the cat, but did not kill it. Young Walters asked Anderson to allow him to fire the next shot, and the latter agreed. In the excitement of reloading the gun Walters forgot to see that the trigger was down. As he was about to raise the gun it went off, the charge striking young Olson's knee, while he was standing about fifteen feet distant. The knee cap, also the bones for an inch or more above and below the knee, were shattered.

The boy stated the operation well and was reported last evening that he was getting along nicely and that the chances for his speedy recovery are excellent.

MINERS REMAINED AT WORK SATURDAY

MASS MEETINGS HELD YESTERDAY AFTERNOON AND EVENING—HALF HOLIDAY MATTER DISCUSSED BY THE SPEAKERS.

The evident determination on the part of the mining officials to discharge all workmen who laid off Saturday afternoon in hopes that by so doing they might compel the companies to grant a half holiday on all future Saturdays, was doubtless the means of ensuring the men to remain at their posts. The companies were prepared to offer a temporary shut-down of their properties, if necessary, but many of their workmen refused to accept the offer, and the officials in advance that the work would remain at work.

Not a man quit at any of the mines in either Ishpeming or Negaunee, and it was assumed that there will be no more strikes in the district. The half holiday, however, was distributed about the two cities and at the mines Saturday, among mass meetings of workmen, which were addressed by socialists, also a representative of the Western Federation of Miners. The meeting in Negaunee was held yesterday afternoon at M. Bonaldi's Opera House, and the Ishpeming meeting was held last evening at Grand Hotel. James Kirwan, a member of the executive board of the Western Federation of Miners, is said to carry 20,000 tons of rubble ore easy for striking, bearing 30 per cent iron. What is generally known of the rubble ore deposits places the volume equal to that of the quartz ore. Aside from this district, hematite ore is known to exist, but not only in Minas Geraes, but in other states of the republic, and it is far to presume that before many years Brazil will take rank with the iron-producing countries of the world.

MINSTRELS WEDNESDAY NIGHT.

Wellknown Company to Pay Its First Visit to Upper Peninsula Theaters.

Minstrel organizations from away back to the original Christy Serenaders have come and gone, some have left an impress of kindly appreciation, while others have scarcely been thought of. Among the few that come and are a fixture none seem to have fastened themselves upon the affections of the public with such tenacity as the Primrose Minstrels, who will present another one of their invigorating and entertaining programs at the Ishpeming theatre on Wednesday evening, in accordance with a firmly fixed principle. Mr. Primrose has this season scanned the earth in search of novel features to divide interest with a band of singers and a small army of comedians that have for many years past held the enviable reputation enjoyed by this admirable troupe. Several startling innovations are likewise announced, as is a scenic "first part" investive of real magnificence.

ADVERTISEMENTS FOR BRIDGE.

Sealed bids for furnishing all labor and materials for constructing a bridge and its abutments will be received by V. S. Hillier at Ishpeming, Mich., until Nov. 10th, 1909, and considered by the board of county road commissioners at its next meeting.

Each bidder must furnish complete detailed drawings and specifications covering the design of proposed bridge and material to be used which must conform to "Copper's Specifications" for highway bridges and to the general specifications on file at the office of the county clerk at Iron Mountain and the county clerk at Marquette, Michigan.

Bridge to be built over the Michigan river and two miles north of Floodwood. The bridge will be paid for jointly by the county road commissions of Dickinson and Marquette counties and the successful bidder will be required to enter into a joint contract with the commissions for construction of the bridge and to give satisfactory bonds aggregating the sum of \$3,500.00 for faithful performance of contract and for payment of material and labor claims.

Bridge to be completed and opened to traffic not later than July 1st, 1910.

The right is expressly reserved to reject any or all bids and to accept any bid that the said boards may deem for the best interest of the two counties.

Bids are wanted for the bridge erected and complete in place according to the plans and specifications; also a price per cubic yard for extra concrete in place, should any be necessary; also a price for each pile should it be necessary.

W. H. JOHNSON, Chairman.

If your piano needs tuning, William Leininger will take your order, and M. J. Olson will do the work. (10-28-11)

BRIDGE NEAR FLOODWOOD.

Road Commissioners of Marquette and Dickinson Counties to Construct It.

W. H. Johnston, chairman of the Marquette county road commission, is calling for bids for the construction of a bridge over the Michigan river, about two miles from Floodwood. The structure to be of iron, and the materials to be used. The latter must conform to "Copper's Specifications" for highway bridges and to the general specifications on file at the offices of the county clerks in Marquette and Iron Mountain.

The successful bidder will be required to enter into a joint contract with the commissioners of the two counties and to give satisfactory bonds, aggregating \$3,500, for the faithful performance of the contract and for the payment of all material and labor claims. The bridge is to be completed not later than July 1st, next year. The board's reserve the right to reject any or all bids and to accept any bid they may deem to be to the interest of the two counties.

TOMMY BURNS APPEARS AS A TURF PATRON

Former Champion Heavyweight Pugilist, Who is Making Good in Australia, Buys a Two-Year-Old Filly as Nucleus of a Stable.

Sydney, N. S. W., Sept. 30.—(Correspondence.)—Tommy Burns, erstwhile heavy-weight champion, and quite as much in the limelight here since being knocked out by Jack Johnson last year, has blossomed out as a turf patron. Although his start in that direction is a rather modest one, he asserts that before long he will have a more pretentious stable, and that his own colors will be seen upon several of the more prominent tracks.

Burns made his initial purchase during a trip through New Zealand, from which he returned only last Saturday. The first runner to sport the T. Burns colors is a two-year-old filly, and is due to arrive here on the next boat from Auckland in charge of Pat O'Keefe, whom Burns regards as good a horseman as he is a sparring pugilist. The filly has been registered as Julia E. after Mrs. Burns.

Burns told the correspondent that he had enjoyed a profitable and pleasure-advancing trip in the north island. He had with him his customary theatrical troupe, with which he has fairly good money this season. He also only an advance on the fact that was necessary for him, under the laws of New Zealand, to undergo a doctor's examination each night before giving his sparring exhibition.

Bill Lang, the Australian heavy-weight champion, and Burns were before the latter lost his crown, has two fights ahead. He is banking on having a go with Bob Fitzsimmons shortly after the former American champion's home of these shores the latter part of next month, and he is also to meet Bill Squires in Melbourne during Melbourne cup week. It is hard for Americans here to realize that Bob Fitzsimmons really intends re-entering the ring or that, at his age, he would have much of a chance against as clever a man as Lang.

A GENTLEMAN FROM MISSISSIPPI.

Attraction With a Fine Reputation Comes Here Tuesday, Nov. 2.

"A Gentleman from Mississippi" which has been playing in Chicago for many months, making records for box-office receipts, comes to the Ishpeming theatre on Tuesday of next week, Nov. 2, with the entire Chicago cast, headed by Burr Melrose, and including Messrs. Rhoads and Wise as the point which Senator Langdon first strikes on his arrival in Washington when he is taken in charge by "Bud" Haines, a wise young newspaper correspondent.

The first of "A Gentleman from Mississippi" has been held by the actors in the shabby parlors of the old National Hotel in Washington, for years the famous habitat of the statesmen gathered in the capital. It is an historic fact that in one of the rooms of this hotel the conspiracy against Lincoln was first conceived. The old National was the home of the Southern senators and congressmen in particular and its cuisine was celebrated for its excellent Southern delicacies. For this reason the hall was selected by Messrs. Rhoads and Wise as the point which Senator Langdon first strikes on his arrival in Washington when he is taken in charge by "Bud" Haines, a wise young newspaper correspondent.

ISHPEMING IN BRIEF.

George Wanek and family will this week move into their new home on Empire street.

Marshall Trevarrow has a bicycle picked up on the street a few weeks ago, in his possession that the owner can have by calling.

Miss Edith Peterson of Brady street has gone to Chicago to enter the Covenant of study with a view to becoming a trained nurse.

John Mufgriff and wife are spending a few days in Chicago. Upon their return they will prepare to begin house-keeping in their dwelling on North Third street.

H. A. McIntyre, who a few weeks ago closed out his plumbing business here to accept a good position in Houghton, came down from there Friday, remaining until last night.

A series of dancing parties is to be conducted under auspices of the Ishpeming lodge of the Masonic fraternity, the first taking place next Friday evening at Braastad's Hall.

AFTER SUFFERING TEN YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

MARLTON, N. J.—I feel that Lydia E. Pinkham's Vegetable Compound has given me new life. I suffered for ten years with serious female troubles, inflammation, pleurisy, indigestion, nervousness, and could not sleep. Doctors gave me up, as they said my troubles were chronic. I was in despair, and did not care whether I lived or died, when I read about Lydia E. Pinkham's Vegetable Compound; so I began to take it, and am well again and relieved of all my suffering. — Mrs. GEORGE JORDY, Box 40, Marlton, N. J.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaint, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

HARDER TO ENTER THE MILITIA.

More Stringent Physical Tests Contemplated by the Federal Government.

Washington, Oct. 21.—As a result of recent criticism of the hardships of the summer manoeuvres in Massachusetts by the members in the attack on Boston, Colonel T. M. Weaver, chief of the militia division, is preparing special instructions to national guard medical officers, directing that more stringent medical examinations be required of recruits entering the militia. He takes the stand that no millionaire nor physically able to stand the strain of the war game should be allowed to participate in future manoeuvres. "Too often," he has been found, social or political standing has more to do with a recruit getting into a certain militia company than has physical or military fitness. As a result, many members are understood and a large number are in poor condition to go out for a season of hard work in the field. The authorities also have decided that when militia companies are called upon for manoeuvres, particularly with the regular forces, every man going out for this duty must pass another examination. In this way only picked men will be allowed to serve.

General Oliver has strong faith in the present method of training for the national guard. "The war department," he said today, "has not the slightest intention of varying its plans for the general education of the national guard in connection with the army in joint camps and manoeuvres in alternate years. There is no question but that the recent manoeuvres have been most valuable and that many of our militia companies may have been suffered through their own ignorance by some of the men of the militia there is certainly no reason for interfering with or changing in any way the well-settled policy which has been determined upon by the department."

Unless congress should refuse to provide the expense money, joint manoeuvres will be held at Fort Benning, Harrison next summer.

A REAL PHENOMENON.

One of the hobbies of the old-school negro preachers is long words; words that roll out of their mouths melodiously and that ring with some particularity to their congregation and the more uncomprehensible they are the greater is the effect on the average dandy.

Preacher Jones had devoted an extra long session to a study of Webster during the week, hunting for some particularly strong "word movers," and his sermon the following Sunday bore eloquent fruit of his labor; it was simply "loaded to the guards" with sin-striking jawbreakers, says the Philadelphia Ledger. The word seemed to have appealed to him particularly, the word "phenomenon," and he bore down on it hard and often. Bro. Johnson was moved; he wanted light. What did the word "phenomenon" mean. The old preacher had forgotten what it really did mean, so he said he would tell him the following Sunday; and this was his definition:

"Now, Bro. Johnson, of yo' see a bird a-catchin' on a thistle an' a-singin', why that wud' be a phenomenon; 'n' if yo' see a cow eatin' grass that tair ain't no phenomenon, but Bro. Johnson, of yo' should see a cow settin' on a thistle a-singin, like a bird, why that tair wud' be a phenomenon. 'N' now, Bro. Johnson, yo' impudent question has been explained."

RESOLUTIONS OF RESPECT.

Whereas, God in His allwise providence has seen fit to take from our midst one of our members in the S. H. & E. F. brother, Emanuel Grand.

Resolved, That out of respect for our departed brother, we cause our charter to be draped for a period of thirty days; and be it further

Resolved, That in the death of our brother our society has lost an esteemed brother and his family a faithful husband and father.

Resolved, That the members of S. H. & E. F. lodge No. 1, express to the sorrowing wife and children our heartfelt sympathy in the great and irreparable loss they have sustained.

Resolved, That we have these resolutions published in The Daily Mining Journal and that a copy be made and transmitted to the family of our departed brother and be it further

Resolved, That a copy of these resolutions be spread upon the minutes of lodge No. 1, of the S. H. & E. F.

We recommend the straight 10-size, owing to its fine smoking quality. Manufactured only by JOHN E. KENNING & CO. Grand Rapids, Mich.

TAKING THE CENSUS OF MEXICO.

The central committee on census work appointed by the local authorities to draw plans for the taking of the census in the federal district has completed arrangements for making an accurate estimate of the inhabitants of the capital and outlying towns and has decided to appoint prominent persons in every town to take down the names of residents personally, to preclude the possibility of any names being left off the lists. In former years it has been the experience of census takers that a large large majority of the natives refused to give the names of all the members of their household for fear that they might be recruited in the army. The government has decided to appoint prominent persons as census takers in order that the actual number of inhabitants of the republic may be secured within a close margin of accuracy. President Diaz will personally take the census of the block on the north side of Calle de Cadena, where he lives; members of the cabinet will perform a similar duty in their respective neighborhoods; the archbishop of Mexico will take the census of population in his own quarters and an effort will be made to have all prominent citizens accept the appointment for their neighborhoods generally in order that confidence may be inspired among the natives and the figures may be as accurate as possible. But in inferior Mexico an uphill task is in store for the authorities, as the majority is bent upon thwarting the census work, being formed of illiterate peasants and farm laborers who are still afraid of compulsory military service—Mexican Herald.

NEGAUNEE HIGHS DEFEAT MARQUETTE

LOCAL HIGH SCHOOL FOOTBALL TEAM WON SATURDAY'S GAME AT THE UNION PARK GROUNDS BY A SCORE OF 26 TO 0.

The Negaunee High school football team defeated the Marquette school eleven Saturday afternoon at the Union park grounds by a score of 26 to 0. The visitors were outplayed at every point, though during the last five minutes of the last half it looked as though they might score, as they crowded Negaunee from the time they received the ball on the kickoff, on their thirty-yard-line, until they had advanced it to Negaunee's eighteen-yard-line. They then lost it on downs by about a foot. All of the gains were made by line plunges.

It was not a good day for football, as the wind was racy and the ground was frozen. A number of the boys had hard falls and the players were frequently knocked out, especially in the last half. Burge, who was credited with more than a half dozen long runs, received some hard falls in the latter part of the game, and when he weakened the whole Negaunee team let up in its pace. Burge carried the ball for Negaunee in most of the plays and he usually made gains, whether he plunged through the line or went around the ends. He made four of the five touchdowns, all of them by long runs. In his fourth touchdown he found a hole through left guard and tackle and carried the ball for seventy-five yards. Leslie Gaffney carried the ball over in the last touchdown, after making twelve yards around the right end.

The Negaunee boys worked a number of trick plays, their forward passes being successful. In most of these Burge received the ball, usually getting away with it for good gains. Everett Sterling, Gaffney and Field were strong ground gainers for Negaunee, and George Doty, the 100-pounder, playing at right end, made some wonderful tackles for a youngster of his weight. He repeatedly caught and downed some of Marquette's heaviest men. Negaunee scored her first touchdown in the first five minutes of play, and the second a short time before the time expired in the first half.

Marquette has the material for a strong team, but the boys seem to lack practice. They were usually slow in getting away with the ball, and the man carrying it was several times tackled by the line. Gaffney, Marquette's little fullback, made some fine gains by his line plunges. Reinhart, Harrington, Catlin and Byrne at times did effective work, their tackling being their strong point. The teams lined up as follows: Marquette—Harrington, center, first half; Landstrom, center, second half; Madigan, left guard; Catlin, left tackle; Reinhart, left end; Smith, right guard; Patrick, right tackle; Sweet, left halfback; Reinhart, right half back, first half; Harrington, right halfback, second half; Hanson, fullback, first half; Godwin, fullback, second half.

Negaunee—Doty, right end; Manning, right tackle; Stocking, right guard; Beaulin, center; Lathi, left guard; Flynn, left tackle; E. Sterling, left end; K. Sterling, quarterback; Field, fullback; Gaffney, right halfback; Burge, left halfback.

Harry G. Goodrich of Munising was referee, giving splendid satisfaction; Professor Underwood umpired and Professor Squires was head linesman. Twenty-minute halves were played.

The Ishpeming and Marquette teams will meet next Saturday afternoon at the Union park and the Negaunee eleven will rest, unless either the Normal or Guild halls are taken on at Marquette. The Ishpeming and Negaunee school teams will meet a week from next Saturday.

NON-INFLAMMABLE FILMS. Manufacturers of Moving Pictures Will Make Success of New Invention.

For a few weeks past the Bijou theatre in this city has been using almost exclusively non-inflammable moving picture films. The manufacturers have long been experimenting in the hope of making the films non-combustible. They have thus far met with good success, but the non-inflammable films do not last nearly as long as the others. They are heavy and brittle and cannot be run with the same degree of success as the other kind.

And Custer, manager of the Negaunee Bijou theatre, Saturday said that in all probability the non-inflammable films have come to stay, as the manufacturers are improving on them right along. The rental charges are more than on the other films, as a rule, but Mr. Custer feels that it will be cheaper to use them in the long run, as the patrons of the houses will feel safer.

A certain percentage of gun powder, also celluloid, is used in the old style films. About 90 per cent of the fires that occur in the machine booths of the moving picture theatres are started by over heated films. An inexperienced operator will frequently forget to close the drop slide in front of the film when he has occasion to stop the machine momentarily. The heat from the carbog ignites a film in a moment.

The Bijou theatre at Ishpeming has also started the use of non-inflammable films. Their only fault is that they wear out too soon.

LUMBER RATES LOWER. South Shore Grants Reduction on Traffic Between New York and Duluth.

The Duluth, South Shore & Atlantic Railway company is to reduce its freight rates on lumber from Duluth to New York, but the management does not announce that there will be a reduction in its local rates. W. W. Walker, the company's general freight agent, who is located at Duluth, recently returned from the East with the information that the South Shore had taken the initiative in reducing the freight rates on lumber on the through haul.

The present rate on lumber from Duluth to New York is thirty-three cents per 100 pounds. The proposed reduction will cover the rate to thirty cents. The present rate from New York to Boston is thirty-five cents, and the proposed new rate is thirty-two cents. Notice has already been served upon other eastern lines of the South Shore company's proposed reduction, and it is estimated that they will follow the lead of that road.

The new rate will go into effect Dec. 1. Before making new rates effective, it is necessary to serve a thirty-day notice with the interstate commerce commission. It is thought that it will require over thirty days to get the new schedule in force.

Several other points will be affected by the South Shore's reduction. New York is the basic rate point, but Baltimore, Philadelphia and other eastern cities will receive the benefit of the same proportionate reduction that is accorded to New York.

Mr. Walker reports that an immense amount of business is being handled by the railroads all over the country. There is a shortage of freight cars on nearly every system.

TAKES CAPTAIN BUDDLE'S PLACE.

The Iron River-Stambaugh Reporter says Captain Thomas Willis, who takes the place made vacant at the Beresford mine by the death of the late Captain J. H. Buddle, for some time in charge of underground operations at the Empire mine, Casado range.

"Captain Thomas Willis of Norway has accepted the position of mining captain at the Beresford mine, made vacant by the death of Captain J. H. Buddle, and has already entered upon the discharge of his duties. Captain Willis is a well known mining man on this range, and the Iron River mining company is fortunate in securing him as mining captain at the Beresford. The Beresford is one of the new mines in Spring Valley. It has a good body of ore, and is opened up to a depth of 1,200 feet, and is opened up nearly 300 feet. It has already made a shipment of nearly 17,000 tons of ore."

"A. L. Burridge, who has been superintendent at the Zimmerman mine for over a year, has resigned his position and will be succeeded by O. P. Doty, chemist for some time. Mr. Burridge will go to southern Michigan and in a few months will enter the employ of the Zimmerman mine as a civil engineer, which position he formerly held with the North-western company."

MAY PROVE FATAL
When Will Marquette People Learn the Importance of It?
Backache is only a simple thing at first. But when you know 'tis from the kidneys; That serious kidney troubles follow; That diabetes, Bright's disease, may be the fatal end. You will gladly profit by the following experience.

"The statement of an Iron Mountain citizen, James Simmons, 317 E. Haight St., Iron Mountain, Mich., says: 'I had kidney trouble for ten years and suffered greatly from a lame and aching back. At times I could hardly drag myself around and should have been home instead of working. I had to be careful when stooping, as sharp, shooting twinges darted through my body. The kidney secretions were very irregular, and at night I would be obliged to get up five or six times to pass them. I heard so much about Doan's Kidney Pills that I finally decided to try them and procured a box. In a few days my condition was greatly improved and before long the back-ache was completely removed.' For sale by all dealers. Price 50 cents. Foster-Milman Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other."

"RICHES AND HONOR ALL MEN DESIRE; POVERTY AND DISTRESS ALL DISLIKE; YOU CAN BE FITTED FOR THE ONE OR DESCEND TO THE OTHER."

NEGAUNEE NATIONAL BANK

Savings department pays you 3 per cent.

Make a Start Now

\$1.00 or more will start an account.

Accounts of merchants, corporations and individuals solicited.

SCHOOL WILL SOON BE READY.

Lehman & Erickson, who have the contract for the erection of a new school building at the Mary Charlotte mine, are rushing the work with a view to having the building ready for use within the next ten days or so. It is expected that from thirty-seven to forty children will attend the school at the start. Several grades will be taught. A teacher has not yet been engaged. Superintendent Schurtz expects to secure one within a few days.

LOCAL LACONICS.

Mr. and Mrs. C. B. Driscoll are the parents of a son.

D. D. Smith and wife left last night for Milwaukee, to be absent a few days.

John Porterfield, who visited Henry Lee's family a few days last week, left for his home at Marinette Saturday evening.

Charles Muek, Jr., of Swansey, left last night for Chicago, where he will enter a hospital to be operated on for appendicitis.

Joseph Faust has purchased from Thomas Sheehan of Iron Mountain a building lot on Cherry street. The consideration was \$700.

A. E. Mowar, the optician, who was in business in Ishpeming a few years ago, was in Negaunee Saturday. He is now located in Marquette, Wis.

Harry Jackson and wife left last night for Chicago. Mrs. Jackson has been in poor health, and it is possible that she may be obliged to submit to a surgical operation.

Louis Kellan came down from the copper country Friday, remaining here until last night visiting his mother and other relatives. Mr. Kellan has been located in Hancock for some years past.

Mrs. H. Whitburn of Virginia, Minn., and daughter, Miss Florence, are in the city visiting John Xerthos and family. They visited relatives at Bessemer for several days before coming to Negaunee.

The Negaunee Light Infantry will give the third of its series of parties next Friday evening at its armory, in the Kirkwood block. The members, together with the members of the Light Infantry band, are preparing for a dance on the evening of Thanksgiving eve. The band is making excellent headway.

Felix Chialotti and Emanuel Cavelli left Saturday evening for Iron Mountain to attend the convention of representatives of the Italian societies of the upper peninsula, held for the purpose of organizing a grand lodge, in which all of the independent Italian organizations of this section will be affiliated.

Mrs. E. E. Osborn arrived here Thursday morning in one of the Chicago & Northwestern Railway company's private cars. Mr. Osborn joined her later in the day, having stopped off at Escanaba on business. While here they visited Dr. J. H. Andrus and family. They left last night for their home in the east.

CANADA WANTS FAR NORTH.
Bernier May Be Allowed to Make a Dash for the Pole, Lautner Intimates.

Ottawa, Oct. 21.—Sir Wilfrid Laurier at the close of the Canadian club banquet which Captain Bernier, commander of the Arctic, addressed, made an intimation which practically means that if Bernier is willing he can make a dash for the North pole next on behalf of the Dominion government. Captain Bernier commented on seeing Americans fishing in northern waters, which he contended belonged to Canada. He objected to this and advised the government to "impose a close season." Bernier recalled meeting Harry Whitney and the crew of the Jennie. He protested, he said, at their illegal hunting on dollar checks to pay for the fishing fees from Whitney. The captain said he had claimed for Canada the whole Arctic archipelago. He said he had advanced notwithstanding to claim it to prevent possible future trouble. At this stage he switched off to the Alaska boundary issue and intimated that "he would only have lived to see the Arctic there before that trouble occurred."

"The captain referred to being commissioned by the government to leave some stores at a northern point for Dr. Frederick Cook. 'I on had the 25-

Bijou Theatre

NEGAUNEE.

COMPLETE CHANGE of Moving Pictures EVERY NIGHT. 8-11-14

ernment did that," said the captain. "Many times in the past, Americans have helped British explorers and I am glad we were able to return the favor. I am proud that the American people have recognized what we did for them." Captain Bernier then said he was opposed to letting American whalers with headquarters at San Francisco fish in northern waters, especially unless they paid for so doing. He intimated that if he had been at the pole he would have left some record there and practically said he had forbidden Cook to claim Canadian territory.

"Mr. W. G. Lautner said that Bernier had been commissioned by the government to get to a certain work and had done it well. 'If he will undertake a similar work again,' said the premier, 'we will give him all the latitude and longitude he desires. We hope that he may be able to start again for the North in the spring with no other instructions than to guard what Canada possesses in the northern seas. He shall not be fettered and may go as far as the pole or beyond it.'"

"Captain Bernier was asked after the luncheon if he would make an attempt to get to the North pole next spring. He replied, 'I am at present watching what Amundsen and others are doing and cannot at present say whether I shall make an effort next spring or not.'"

SWORDFISH WEATHER VANE.
"There are more hotels at Block Island now than when I was there some years ago, and more people," said a man just back, "but I found at least one familiar object there that pleased my eye, that being an old weather vane.

"In the road running to the south from the island's center of population to the remarkable eye bluffs that rise to the height of a hundred feet or more along the island's southern shore there is a larn above whose cupola turns a home-made wooden vane fashioned in the form of a sword fish. The hardy fishermen of Block island hunt the swordfish, as well as every other sort of fish that finds a home in or that traverses these waters, and here the swordfish weather vane seems not only striking, but strikingly appropriate.

"This vane is about six feet in length, which to be sure would be small for a swordfish, but which is big for a weather vane; and there it was still, the only swordfish vane I ever saw, and a pleasure it was to see it still there and still turning easily and as ever pointing true to the wind."—New York Sun.

Bread cakes, pies, and also cream puffs, received fresh daily. (10-25-14) JOHN ERICKSON.

Your cough annoys you. Keep on hacking and tearing the delicate membranes of your throat if you want to be annoyed. But if you want relief, want to be cured, take Chamberlain's Cough Remedy. Sold by The People's Drug Co.

'Favorite' Heaters and 'Peninsular' Steel Ranges

We have the Heaters and Cooking Stoves

Let us talk seriously about Heaters before the weather becomes too cold. With one of our Favorite Base Burners the house becomes a pleasure. We can show you the points of economy, service and heat producing qualities of these Stoves. Come and see us if you need either a Heater or Range.

J. W. ELLIOTT.

BOTH GUILD HALL AND NORMAL WON

EACH OF THE OPPOSING ISHPMEM- ING TEAMS DEFEATED BY TWO TOUCHDOWNS SATURDAY.

NEW TRICK PLAYS TRIED

All Teams Relied on Old-Style, Line- Bucking Game to Advance the Ball —Forward Passes Failed.

Both the Normal and Guild Hall foot- ball eleven won their games at the fair grounds, Saturday afternoon, the former defeating the Ishpeming High school by the score of 19 to 0 and the latter taking the Ishpeming Y. M. C. A. team into camp to the tune of 11 to 0. Each of the Marquette teams scored two touchdowns on their Ishpeming rivals, but out of four opportunities but one goal was successfully kicked.

In both games the teams confined themselves almost entirely to the old style, line-bucking offense, and what few forward passes were attempted, resulted disastrously. Some of the teams was able to make consistent gains on end runs but mass bucks through tackle and guard seldom failed to advance the ball toward the opponent's goal.

The most sensational play of the afternoon occurred near the end of the first half of the Guild Hall-Y. M. C. A. game, when, after the Guild Hall had been forced to punt, Jeanson recovered the ball on a fumble and ran sixty-five yards for a touchdown. During the second half of this game, the Ishpeming eleven made a thirty-yard gain on an end-side kick, but with the exception of these two plays, most of the gains were made by hard line plunges, short end runs or on fumbles by the opposing team.

All of the teams were noticeably stronger on the offense than on the defense, thought at critical times, the defensive team was usually able to hold for downs. Costly fumbles were made, especially by the Normal team, who should have been able to run up a much larger score on the much lighter Ishpeming high eleven.

Normal-Ishpeming High Contest.
The first game of the afternoon was between the Normals and the Ishpeming highs. When the two eleven lined up on the field, it was seen that the Normal was much the heavier, and it looked as if the Marquette team would win by a large score. It was soon found, however, that the high school lads made up what they lacked in weight in pluck and fierceness of attack, and they put up a stubborn game. Fellow and Rogers, of the Normal, plunging through the line or tearing around the ends, seldom failed to make five yards or more, but the Normal had a bad habit of fumbling with a touchdown in sight, thus permitting the Ishpemingites to punt the ball toward the middle of the field. Once in the first half and again in the second, the Normals pushed the ball over for a touchdown, but both attempts to kick goal were failures.

On several occasions, when the high school lads got the ball, they moved through the Normals, who were playing too high, but their progress was always stopped before the Normal goal

was in serious danger. In general, the game was slow and uninteresting, though one could not help admiring the gameness of the Ishpeming boys, who at times played their much heavier rivals to a standstill, and never once showed any "laying down" spirit. The two teams lined up as follows:
Ishpeming High—Neimi, center; Hayden, left guard; Harrison, left tackle; Bystrom, left end; Bashaw, right guard; Markert, right tackle; M. Sivola, right end; Nolan, quarter; Steier, left half; J. Savola, right half; Henriksen, fullback.

Normal School—Mullaly, center; McKereghan, left guard; Pendill, left tackle; Cameron, left end; Wheeler, right guard; Windoff, right tackle; Fryer, right end; McCarthy, quarter; Richardson, left half; Rogers, right half; Pellow, fullback.

Second Game Hard Fought.
The second game, between the Guild Hall and Ishpeming Y. M. C. A. eleven was hard fought from the start, both teams playing fast and fiercely. In the first half Ishpeming kept the ball in Guild Hall territory most of the time, but were unable to score as they could not make their downs when near the Marquette goal. Near the end of the half, the Guild Halls punted, and an Ishpeming player fumbled the ball. With the aid of the players of both teams after it, Jeanson picked it out of the scrabble and ran sixty-five yards for a touchdown, with the whole Ishpeming team after him. The goal was easy.

The first part of the second half was all the Guild Hall's. Within the first few minutes of play, by a rapid-fire series of short runs and line bucks, M. Madigan was sent over for the second and last touchdown of the game, with the whole Ishpeming team trying to pull him down. The goal was missed by a foot. After that both teams at times gained their distance successively for forty yards or more, but neither goal was ever in serious danger, the game ending, 11 to 0 in the Marquette team's favor. The teams played as follows:

Ishpeming Y. M. C. A.—Swanson, center; Anderson, left guard; Hawthorne, left tackle; Johns, left end; C. Johnson, right guard; Poulson, right tackle; Watters, right end; J. Johnson, right half; H. Johnson, left half; Butler, quarter; Haglund, fullback.

Guild Hall—McKereghan, center; M. Madigan, left guard; left tackle, G. Madigan; left end, Drake; right guard, Jeanson, right tackle, Primeau; right end, Christie; right half, Houghens; left half, Hanley; E. Connell, quarter; E. Connell, fullback.

SINGLE MEN YOUNG OR OLD.
We mend your linen, darn your socks, put a stitch here, sew on a button there and launder your linen in a satisfactory manner. In fact, we give your linen "mother attention," which means that your linen will always be in good repair and give very much longer service. BLANCHARD-GRAY NUPTIALS SATURDAY

WELLKNOWN AND POPULAR YOUNG LADY UNITED IN MARRIAGE TO LEWISTON, IDAHO, MAN AT ST. PAUL'S CHURCH—RECEPTION AT THE BLANCHARD HOME.

An impressive and beautiful ceremony, witnessed by a large gathering of friends of the contracting parties, took place at St. Paul's church Saturday evening at 8 o'clock, when Miss Olive Blanchard, daughter of Captain C. D. Blanchard, was united in marriage to Harry Starin Gray, of Lewiston, Idaho.

The chancel rail of the church was banked with palms and the altar was decked with cut flowers. When the bridal party arrived at 8 o'clock the edifice was filled with guests. The bridal party advanced to the chancel through the center aisle. The bride was gowned in white satin and carried a shower bouquet of bride's roses. The only jewelry she wore was a pearl bracelet and pendant, the gift of the groom's grandmother. The bride, who was attended by her father, presented a most winsome picture. Miss Frances Russell was the maid of honor. She wore a gown of yellow satin and carried yellow chrysanthemums. Miss Betty Begole and Miss Malissa Delf were the flower girls. They wore dresses of white muslin and carried white chrysanthemums. The ushers were Dr. W. H. Van Iderstine, and Messrs. Fred J. Schultheis, Carl Dunster and Frank J. Russell. While the bridal party moved slowly to the chancel rail through the body of the church, to the strains of the Lohengrin wedding march, played by Mr. C. J. Shaddick, the groom, attended by his groomsmen, Paul Moody of New York, who was a classmate of his at Yale, came from the chancel to meet it.

The contracting parties were met by Rev. Bates G. Burt, who read the impressive Episcopalian marriage ritual, and then advanced to the altar, with their attendants, where the final vows were taken. While the bridal party was leaving the church Mr. Shaddick played the Mendelssohn wedding march.

Following the ceremony many of the guests who had witnessed it attended a reception in honor of Mr. and Mrs. Gray and the bridal party at the Blanchard residence, corner of Spruce and Michigan streets. They were received by Mrs. Blanchard, who was handsomely gowned in white voile, Captain Blanchard, Mr. and Mrs. Gray, Mr. and Mrs. Allen Duffey, of Lewiston, Idaho, Miss Russell and Mr. Moody, with Mrs. F. H. Begole, Mrs. A. E. Delf, Mrs. M. J. Sherwood, Mrs. W. H. Osband, Miss Barnard and Miss Edith Russell assisting. The reception room was decorated with red roses, chrysanthemums, smilax and ground pine.

The decorations of the dining room were white roses and smilax. Madame Sherwood and Mrs. D. W. Powell presided at the tables and the guests were served by Miss Mabel Mason of Gladstone, Miss Elizabeth Prall of Saginaw, Miss Chrissie Sherman, Miss Hazel Payne and Miss Jessie Van Cleave. The reception was a most enjoyable affair. Mr. and Mrs. Gray left yesterday morning for New York where they will spend four or five weeks prior to going to Lewiston, Idaho, where they will make their home. The bride, an attractive and popular young lady who was born in Marquette, leaves many friends here. During the past few years she has been a member of the faculty of the Idaho Normal at Lewiston, where she met Mr. Gray, who represents an eastern trust
