

SOME OF THE MEN ARE FOUND ALIVE

Snatched from the Very Jaws of Death, Twenty of the Miners Entombed at Cherry, Illinois, Are Restored to Their Families.

What Promised to Be a Real Day of Thanksgiving, However, Ends in Despair, for No Living Person Is Added to the Score Saved Saturday and at Nightfall the Toll Shows Ninety-Two Known Dead and 198 Others Missing.

Cherry, Ills., Nov. 21.—What had promised to be Cherry's real day of thanksgiving ended in a night of despair. At the end of the day no living man was to be seen. At nightfall the toll stood twenty saved, ninety-two known dead and 198 missing.

Desperate Fight Waged Underground. The story of a desperate fight waged between factions of the entombed miners came to light today. No names were given out, but one of the survivors told how one brave miner thought the scant water supply should go to strong, thereby leaving three sick men to die.

Names of the Saved. The names of the twenty men rescued alive were announced today. Weeks as follows: Thomas Richards, John Lorimer, Thomas White, George Eddy, mine inspector; Walter Waite, pit boss; John Brown, Frank Waite, Rogerio Benficio, Lezi Federico, Giacomo, Pignati, Salvatore, Pignati, W. H. McClelland, Q. G. Salmeo, Joe Baranowski, E. Enosko, Francisco Janarino, George Sabuash and two named Brotsche and Vohesak.

Priest Describes the Rescue. Father Heany of St. Mary's church, Mendota, who went down with the rescuers, said: "When we were 300 feet into the gallery from the hoisting shaft, our party slumped up on account of the debris. Suddenly David Powell said, 'Listen, boys; I heard something.' We all became silent. A faint pattering on the wall was heard. 'My God,' said Powell, 'I believe somebody is alive in there.' Some of us replied: 'No, that is impossible. Nobody believes that men could live down here seven days.'

Memorial Service Arranged. New York, Nov. 21.—A memorial service in honor of the late Governor John A. Johnson of Minnesota will be held Nov. 28 in the Broadway tabernacle in this city. Invitations have been extended by the American and Scandinavian societies of New York, of which President Nicholas Murray Butler, of Columbia University, is president.

JOHN JACOB ASTOR IS BELIEVED SAFE

Following Startling Reports of the Discovery of Wreckage at Sea, Reassuring Advices Are Received at Washington.

A Wireless Message Comes, Stating That the Missing Yacht Is Safe at San Juan, and So Satisfied Are the Officials With the Genuineness of the News That the Revenue Cutter Engaged in Searching the West Indies Is Ordered Home.

Washington, Nov. 21.—A wireless message reached the United States revenue cutter service late today, stating that John Jacob Astor's yacht, the Nourmahal, had been discovered in safety inside the harbor of San Juan, Porto Rico. Captain Worth G. Ross, in command of the service, was so satisfied with the genuineness of the news, that he sent a wireless dispatch to the revenue cutter Yamacraw, which was engaged in searching the West Indian waters for the missing yacht, to return at once. The Yamacraw, accordingly, is now on her way back to Charleston, South Carolina.

Rescued in Famine Condition. Los Angeles, Nov. 21.—Famished, nearly exhausted and many wearing borrowed clothes, 165 men, women and children, passengers on the steamer St. Louis, which arrived here today, were rescued from a famine condition. With them came seventy-eight officers and members of the crew. All were brought from Santa Monica after a meal that broke a fast that for some of them had stretched through thirty-six hours.

World's Title the Prize. A billiard tournament at New York will open this evening.

Woman Run Down by an Automobile Containing Prominent Sporting Men. Akron, O., Nov. 21.—An automobile containing James J. Jeffries, the pugilist, Fred Work, a local automobile racer; Frank Gotch, the wrestler, and other sporting men struck Mrs. Luthia Rotzel late tonight, breaking her wrists and ankles. The physicians said that the woman would be permanently crippled.

Football Scores. Chicago, Nov. 21.—Football games played Saturday resulted as follows: Minnesota, 6; Michigan, 15. Indiana, 16; Wisconsin, 6. Notre Dame, 38; Wabash, 0. Kansas, 20; Iowa, 7. Cornell college, 6; Grinnell, 0. Nebraska, 6; Denver, 5. Monmouth, 14; Belmont, 5. DePaul, 11; Earlham, 14. Indiana, 36; Purdue, 3. Vanderbilt, 12; Washington, 0. Oberlin, 26; Ohio State, 6. Navy, 45; Davidson, 6. Trinity, 17; Haverford, 0. Carlisle, 8; Brown, 21. Illinois, 17; Syracuse, 8. Yale, 8; Harvard, 0. New York, 47; Union, 0.

THE WEATHER.

Washington, Nov. 21.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy, Monday and Tuesday; moderate north winds.

Taft Starts Round-Up. He Would Corral Support for Proposed Legislation. Will Try to Rope a Few of the Leading "Insurgents"—Will First Take the Trail After Cummins—Many Others Invited to Conferences in Washington.

Washington, Nov. 21.—President Taft has begun a series of conferences with influential Republican members of congress with respect to the tentative legislative programme he has prepared. He is exceedingly anxious to bring harmony out of a somewhat chaotic situation which now exists. Senator Cummins of Iowa will be one of the first men with whom the president will go over the proposed recommendations to congress. The president is particularly anxious to get the support of the Iowa senator on postal savings banks and changes in the interstate commerce law.

Accounts Are Short. St. Louis, Nov. 21.—Louis T. LaBeaume, national secretary and treasurer of the Travelers' Protective Association of America, has resigned, and the board of directors today accepted his resignation. A shortage of \$27,000, it was announced, exists in the books of the order. The directors, in accepting LaBeaume's resignation, gave him a vote of confidence, and he will continue with the organization. LaBeaume said that the records of William Henchen, head bookkeeper, who committed suicide on July 7, show a shortage, but the auditors have not been able to show the exact amount.

Imperial Obsequies Ended. Peking, Nov. 21.—The ceremonies in connection with the interment of the late dowager empress of China were terminated this afternoon, when the sacrificial tablet was returned from the tombs and placed in the dynastic temple of the Forbidden City. The victory of Chi-Li and two high officers have been punished on account of carelessness in connection with the funeral. All those who took part in the ceremonies, numbering thousands, have been rewarded.

Michigan Woman Murdered. Grand Rapids, Mich., Nov. 21.—Mrs. Samuel Taylor, aged sixty, who lived on a farm in Ottawa county, is dead as a result of a gunshot wound alleged to have been inflicted last night by George Seelman, aged twenty-five, who boarded at her house. A posse started in pursuit of Seelman, who fled after the shooting. He was found in the house where Mrs. Taylor was killed and was arrested. He admitted the shooting. He was discovered weak from loss of blood, having shot himself. He says the shooting followed a quarrel.

Wages of Puddlers Advanced. Pittsburg, Pa., Nov. 21.—Wages of puddlers of the Republic Iron & Steel company will be advanced for December and the remainder of November. The scale will be based on a \$1.40-rod. It will not puddlers \$5.50 a ton, in comparison with the last previous rate of \$5.37 1/2. Finishers will receive an advance in the next ten months.

SEÑOR ZELAYA IN HOT WATER

His Summary Execution of Two American Citizens Is Likely to Prove Exceedingly Expensive Business for Nicaragua.

Washington, Nov. 21.—Following a conference with the president at the White House tonight, on the Nicaraguan situation, Secretary Knox authorized the following: "It certain representations of facts which have been made to the state department concerning the Groce and Cannon case are verified by the inquiry that has been made, this government will at once prepare to make demands on the Nicaraguan government for reparation for the death of these two men."

Removal of Tariff Favors Now a Strong Probability. Congress Urged to Change the "Dutch" Standard—A General Investigation Also Is Coming. Washington, Nov. 21.—Senators and representatives who made an effort to have the Dutch standard, under which the sugar trust thrives at the expense of the American people, removed at the last session of congress have large hope that public sentiment will back them in another attempt to have this so-called "joker" taken from the tariff law at the coming session of congress. They have an impression that now is the time to push the fight. Within the last few days repeated announcements have been made that the administration proposed to go after the sugar trust at every turn in the road. It is pointed out that if there really is a serious inclination to conduct a campaign of this sort the administration could not do a wiser thing than suggest to congress that the Dutch standard be removed.

Michigan Woman Murdered. JURY AT CHICAGO FINDS DR. CLEMENSON GUILTY

Only Three Hours, It Returns a Verdict Convicting the Physician of the Murder of His Wife, and the Man Is at Once Sentenced to the Joliet Prison for Life.

Chicago, Nov. 21.—Dr. Halilane C. Clemenson, on trial on the charge of murdering his wife, was found guilty by the jury last night. The defendant was immediately sentenced to life imprisonment in the penitentiary at Joliet. The jury was out only three hours.

First Canal Estimates Found Much Too Low. Cost of the Panama Waterway, Including the Purchase Price and the Expense of Sanitation, Will Approximate \$375,000,000, According to the Figures of the Isthmian Commission.

Accounts Are Short. St. Louis, Nov. 21.—Louis T. LaBeaume, national secretary and treasurer of the Travelers' Protective Association of America, has resigned, and the board of directors today accepted his resignation. HOUSE OF LORDS VOTES THURSDAY

This Week to See the Culmination of the Fierce Warfare Being Carried on in the British Isles Over the Budget.

London, Nov. 21.—The coming week will see the culmination of the fierce warfare being carried on over the budget. The house of lords is expected to vote on Thursday on Lord Lansdowne's resolution calling for the rejection of the budget. Probably the largest number of lords will be mustered for the vote since the rejection of home rule. About 450, many of whom practically are strangers in parliament, likely will be assembled, and will be quartered in the house of lords. Most politicians predict that until the question goes before the people in the general elections in January, it will be impossible to wipe out the Liberal majority, and that in any event the Liberal government will be returned. The Liberal leaders declare that the issue is whether the hereditary chamber shall rule. The conservatives argue that the house of commons has no mandate from the people to introduce new forms of taxation, and that in any event the Liberal government will be returned. The Liberal leaders declare that the issue is whether the hereditary chamber shall rule. The conservatives argue that the house of commons has no mandate from the people to introduce new forms of taxation, and that in any event the Liberal government will be returned.

BOMB FOR MAYOR BUSSE

Chicago Executive Receives Two Letters Threatening His Life.

Chicago, Nov. 21.—Mayor Busse has recently received two letters threatening to kill him with a bomb at Orleans and Erie streets. While the mayor regards these letters as jokes, his friends believe that some unusual precautions should be taken. Several extra policemen have therefore been ordered for his protection. Each letter informed the mayor that he would be blown up with a dynamite bomb in his buggy, probably at Erie and Orleans streets. They said that if the bomb throwers were unable to get him at that corner they would throw a bomb at his home.

Michigan Woman Murdered. Grand Rapids, Mich., Nov. 21.—Mrs. Samuel Taylor, aged sixty, who lived on a farm in Ottawa county, is dead as a result of a gunshot wound alleged to have been inflicted last night by George Seelman, aged twenty-five, who boarded at her house. Copper Country

NEW HOUGHTON INDUSTRY.
Northern Garage and Supply Company
Is Now Ready for Business.

The Northern Garage & Supply company which occupies the warehouse building on the Bowler & Dale dock at Houghton, is about ready for business, having completely set up the machinery and having received a number of automobiles to be inspected and overhauled through the winter. The company has already received the following cars: Miss Holton's Ford, N. D. Calverley's Simplex, Dr. Hope's Hupp-Mobile, A. J. Ruhl's Rambler, H. S. Goodell's Oldsmobile, L. H. Bice's Pierce-Arrow, Ward Smith's Buick and Mrs. Mary E. Sheldon's Welch.

The copper country, with its poor roads and steep hills, is an automobile about as severe a test as any part of the country. While the automobiles named have stood the season well they require careful attention and an overhauling of the motors, and it is to provide such service that the new company has been organized. Ernest Hansen is in charge of this branch of the work.

John Funkey is to have charge of the machine shop and repair department. This department is equipped with electrical power, a large radial drill, a small high speed drill, a grinder, two large lathes and a shaper machine. A return steam heating plant is being installed, and on the second floor a complete automobile paint shop is being equipped.

The company has the agency for the American Traveller, Corbin and Sterling cars. N. P. Mowatt, the third member of the firm, will have charge of the selling. In all departments expert workmen will be employed.

BRUCE STUART AT COBALT.

Will Gather About Him Former International Hockey League Players.

Bruce Stuart, former captain of the Portage Lake hockey team in the International League, is now at Cobalt, where he will captain what will probably be the strongest and fastest aggregation of professional hockey players ever put on ice. Bruce writes that he expects to take the world's championship with his team. As he will play games at the two St. Joseph's professional teams representing these towns, he may come to the copper country for matches, if sufficient inducements are offered.

Bruce expects to gather about him on the Cobalt team many fast players of the International League. He will have either Bill Nicholson or Riley Horn in goal and probably will get Barney Holden for the cover point position. Freddie Lake is anxious to play point for Bruce and will probably be signed.

This would make a defense the equal of which has never been seen in either Canada or this country. Lake plays a magnificent game at point the past two seasons Bruce wanted Fred Taylor for the defense line, too, but Taylor has decided to stick with the Ottawa champions.

Bruce will play center himself and will likely get Patrick for right wing, his two wing men by has not yet chosen.

BASEBALL SCHEDULE.

Games Arranged for This Week in the Hancock Indoor League.

At Hancock Tuesday evening the Knights of Columbus will play the Eagles at indoor ball at Germania Hall, and the Houghton Light Infantry team will play the Catholic Foresters. Friday evening the Hibernians and Elks will cross bats. These teams are the leaders of the league. Neither nine has yet lost a game, and when they clash Friday there will be something good.

The batteries will be sent to Carney and Stack for the Hibernians and Ross and Montgomery for the Elks. The second game for Friday evening will be between the naval reserves and the Eagles. Most of the teams in the league seem to be improving and the games are better.

INTERNATIONAL ARRIVES.

The steamer International, which W. H. Lala, general manager of White City, purchased at the Soo, arrived in Houghton Saturday, after a week's stormy trip. The boat left the Soo last Sunday morning and made Grand Marais Sunday night, remaining there until Thursday noon. Marquette was reached Thursday night and the boat did not leave that city until Saturday morning, reaching Houghton at 5 o'clock in the afternoon. The delays at Grand Marais and Marquette were due to the rough weather.

EDITOR MARINELLI LOSES FINGERS.

Editor August C. Marinelli of the Italian Miner, a Calumet publication, was unfortunate enough during the past week to lose two fingers as the result of getting them caught in the mechanism of a Mergenthaler Linotype. The batteries will be sent to Carney and Stack for the Hibernians and Ross and Montgomery for the Elks. The second game for Friday evening will be between the naval reserves and the Eagles. Most of the teams in the league seem to be improving and the games are better.

JUNCTION IS NAMED M'KEEVER.

F. R. Bolles, general freight and passenger agent of the Copper Range, has distributed circulars to all concerned, announcing that the name of Range Junction, the point of transfer of freight and passenger business over the St. Paul and Copper Range roads, has been changed to McKeever, in honor of R. T. McKeever, vice president and general manager of the Copper Range.

CALUMET ELKS TO HANCOCK.

A large delegation of Calumet Elks will be the guests of the Hancock lodge Wednesday evening. The trip will be made either by special electric cars or special train. The Hancock lodge has accepted the invitation to attend the memorial day services which are to be held at the new temple at Calumet Sunday, Dec. 5.

REV. W. E. MARVIN HONORED.

At the annual convention of the Michigan State Sunday School association, held at Saginaw last week, Rev. W. E. Marvin, pastor of the Hancock M. E. church, was honored by being elected fourth vice president. He was the only copper country man elected to any of the offices.

DEATH OF WILLIAM SHEPARD.

Word has been received of the death of William Shepard, who lived in Hancock twenty-five years. Henry Shepard of Hancock is a brother and Mrs. Charles Wern a sister of the deceased. Mr. Shepard died at Portland, Ore.

Drop by drop the offensive discharge caused by Nasal Catarrh falls from the back of the nose into the throat, setting up an inflammation that is likely to mean Chronic Bronchitis. The most satisfactory remedy for Catarrh is Ely's Cream Balm, and the relief that follows even the first application cannot be cold in words. Don't suffer a day longer from the discomfort of Nasal Catarrh. Cream Balm is sold by all druggists for 40 cents, or mailed by Ely Bros., 56 Warren street, New York.

TIM HARRINGTON'S FINISH.
Former Great Cornish Wrestler Quits a Match at Calumet.

Tim Harrington, one of the greatest Cornish wrestlers who ever donned a canvas jacket, is through. He may continue to wrestle, but it is believed in the copper country now that his best days are gone. He quit in a match at Calumet Saturday night. Harrington and Sydney Chapman of Triniton were scheduled to wrestle for the light heavyweight championship, but the match only went eight lites, when Harrington quit, claiming that he had broken or sprained his left wrist. The member had been injured in previous matches and was weak. Physicians who were present said there were no bones broken. Harrington claims he weighed 137 pounds, although he looked 170. Chapman weighed 153. The first three lites Chapman slipped from his jacket, but had the better of the last three. Referee William Martin gave the match to Chapman.

AN EXPERT'S TESTIMONY.

U. of M. Coach Is Appealed to Be Memorable in Houghton Case.

The effort of the Menominee High school and the Menominee press to start a football war because Houghton High school defeated Menominee a few weeks ago is getting to be very funny. Menominee started out by saying that Houghton had won a technical victory only, but not won the game strictly on its merits. But Menominee has since become so worked up over the matter that it is said there the game should be played over again. And to make the situation still more amusing, Coach Yost of the University of Michigan was appealed to, and it seems that he has given a decision favorable to Menominee. And this is where Houghton laughs, because Houghton won the game and the upper peninsula championship and holds the letter in spite of Menominee's nuttiness.

A SMALL FORTUNE IN COPPER.

Over 500 Tons of Metal Taken from Quincy Smelts by the Junias.

The steamer Junias of the Anchor line was docked at the Quincy smelt- Friday evening and took on a cargo of 500 tons of copper. Figuring on a 135-cent copper basis, this cargo is worth \$135,000, enough to satisfy the wants of any ordinary person.

Shipments of copper for the year will soon cease. Only two or three more weeks and navigation will come to a close, and then it will be necessary to ship all copper by rail. Large amounts of the red metal have been turned out by the smelts in Ripley this year, and nearly every boat of the Anchor line has taken on consignments of copper.

DIED OF APOPLEXY.

Jacob Juntenen of Arcadian mine location died Saturday morning in great agony, and his family believed he had taken poison intentionally. Dr. Jackson, the county physician, performed an autopsy and decided the man had died of apoplexy.

SGNS OF ST. GEORGE ELECTION.

One and All Lodge, Sons of St. George, of Calumet has elected the following officers for the ensuing year: Past president, T. C. Cox; president, William Paynter; vice president, Warley Barnes; recording secretary, W. H. Trathen; financial secretary, James Berryman; treasurer, Richard H. Williams; messengers, James Barnes and assistant messenger, Fred Pedlar; trustee, W. H. Kusnau; chaplain, W. S. Oren; inside guard, J. W. Jaffe; outside guard, J. Mychok. The officers will be installed at the next meeting, to be held early in December. T. C. Cox, the retiring president, and Warley Barnes will be in the membership contest. The lodge is to pay the expenses of a trip to Cornwall and return of the man who secures the most members for the lodge within a specified time. Many new names are being brought in.

SUNFLOWER SEEDS FOR FOOD.

Sunflower seeds are used for food by the poorer type of Russian peasants. Oil made from these seeds is also used for cooking by those who are better off.

By the Shaking of Milk on a Camel's Back

SAND CLOGGED PUMP.
Stephenson Mine, Swaney Range, Has Been Idle Since Thursday.

Said that got into the shaft of the pump in the Cleveland-Cliffs Iron company's Stephenson mine, on the Swaney range, Thursday night, necessitated a shut down, as the water soon raised above the point where the pump was located. Once the equipment was under water it became necessary to send to Ishpeming for another pump, as there was none available on the range with sufficient capacity to get the water out of the workings in a hurry, the flow here being about 400 gallons a minute. The pump was received at the mine Saturday and it has been in constant operation ever since. It is expected that it will be possible to resume mining operations today.

The flooding of the workings will not injure the mine in the least and the only damage will be the loss of time by the workmen. The Stephenson is one of the Cleveland-Cliffs company's most important producers on the range and more than 300 men have been employed there for some time past.

Hundreds of cloaks and suits to select from. The reason's latest styles. Prices right. Ishpeming Cloak, Suit & Fur Co., Mortley block. (11-22-3d)

ATTRACTIVE WINDOWS.

F. Braustad & Co. will have some of the most attractive windows ever seen in the upper peninsula when the holidays now being arranged are completed. The several windows in the big block, with the exception of those in the fruit and meat departments, have a massive frame background resting on pillars, finished in gold with rich plush draperies. In the dry goods window large French plate mirrors add to the scene. None of the windows will have large displays of goods, as a crowded foreground would spoil the effect to a great extent. The displays when completed will represent a large outlay, but it is very doubtful if there will be another window showing in the entire upper peninsula during the coming holiday season that will equal it. The firm's windows on Cleveland avenue are about 150 feet in length.

There is only one Great Kove show and it's at the Ishpeming theater to-night. Ten cents to children; 50c. to adults. (11-22-3d)

Just received, ladies' and misses' cloaks, suits and furs. Great assortment. Ishpeming Cloak, Suit & Fur Co., Mortley block. (11-22-3d)

IN A CHICAGO HOSPITAL.

Peter Gingsass, formerly of this city, who was injured in a wreck on the Chicago & Northwestern line at Niles Center, near Chicago, early Thursday morning, is a patient at St. Luke's hospital, Chicago. His brother, Joseph, and brother-in-law, Edward Cops, were in Milwaukee, where Peter lives, when the wreck occurred, they having gone down to attend a meeting of the board of directors of the Michigan Quartz Silica company. Reports received by relatives here as to Mr. Gingsass' chances of recovering are very encouraging. The year Peter was graduated from the Ishpeming High school, and for several years after, he had no equal in this county as a sprinter, having won many trophies in races here.

One lot ladies' and children's coats at one-half price. Sale continues all this week. (11-22-24) JOSEPH SELLWOOD & CO.

The season's most fashionable cloaks and suits, also excellent line of furs, Ishpeming Cloak, Suit & Fur Co., Mortley block. (11-22-3d)

TO MEET HERE.

There will be a big gathering of the members of the Knights of Kaleva in this city next Saturday, the 27th. The several lodges in the copper country are to send delegates and it is expected that quite a number of others will also come down from there to attend the sessions. As this is to be the annual meeting of the head organization, officers for the ensuing year will be elected and the report of the officers will be presented and acted upon. The South Shore has granted a special fare to copper country members.

Baby Dorothy, three years old, at the Ishpeming Hotel, Hear singing and see her dance. (11-22-1d)

Long felt bodice chainettes of the fashionable jewelry novelties of the season. They make perfect practical gifts. Price range 50c to \$1.50. (11-22-24) JOSEPH SELLWOOD & CO.

Mr. E. J. Eler of Grinnell Bros., expert piano tuner and repairer, will be in the city this week. All work guaranteed. Leave orders a Grinnell Bros., Ishpeming. County phone 63. (11-20-3d)

FROM MORGAN'S CURB LETTER.

Further conferences between the Amalgamated Copper, Cole-Ryan and Guggenheim interests were held yesterday for the purpose of discussing plans looking toward a consolidation of the copper properties of the above named interests. The statement was made on authority that negotiations had progressed to a point warranting the assertion that the merger would be brought about at close of the year. The copper interests are now considering the price basis upon which the various companies will go into the consolidated company. There will be no deadwood accepted, and each company will undergo a thorough examination, financially and physically, before an equitable price for merger purposes is established.

Saturday's prevailing prices were:

	Bid.	Asked.
American Saginaw	\$210.00	\$230.00
Arizona & Mich.	.55	.65
Black Mountain	.30	.75
Butte & Superior	2.43	2.50
Butte-Alex. Seatt.	3.30	3.30
Butte & London	.25	.25
Chenung	9.75	10.25
Cumberland Ely	9.12 1/2	9.25
Cordova (82 paid)	1.12 1/2	1.37 1/2
Calumet & Corbin	.82	.70
Calumet & Sonora	12.12 1/2	12.25
Cactus	3.96	3.18

Mining News

TAMARACK.

The method adopted by the Calumet management for financing the Tamarack Mining company has created much favorable comment on the street, says the Boston Financial News. The plan of forming a new company for the purpose of developing the old Cliff mine not only lifts the floating debt of the Tamarack, but also furnishes the new company with sufficient capital to develop the rich lodes which are known to exist. By the Tamarack taking 80,000 shares of the new company's stock, and offering it to stockholders at \$13 per share, the old company will realize \$780,000, of which \$100,000 will be set aside for the development of the Cliff lodes. As the Tamarack had a floating debt of approximately \$272,000 at the close of last year there will be left a working capital of about \$400,000 for the development of the Tamarack. Thus if any stockholder of the Tamarack does not care to subscribe for the stock of the new company he will receive direct benefit from the flotation of the new company by the proceeds of the sale of the new stock going directly into the treasury of the Tamarack Mining company.

There is very little doubt that the Tamarack shareholders will readily exercise their right to subscribe for the stock of the Cliff; but should there be any objection the management announces that the stock can be placed with other interests who are familiar with the value of the Cliff state lodes and who would willingly subscribe for the stock at even higher prices if they had the opportunity. The old Cliff vein runs transversely to the amygdaloid and conglomerate and was previously worked out on the fissure veins to a depth of less than 300 feet, and the extensive beds of flint were left untouched. The work which was carried on in the Cliff in recent years was to open the mine to a greater depth on the transverse lodes. In 1908 a crosscut was extended on the old Cliff fissure to the old works under the greenstone bluff, through which a shaft had been sunk, and about twenty cupiferous amygdaloid beds were cut, several of which have given stamp tests, and seen worthy of further investigation, and although the copper was lumpy and irregular in value, it was fair stamp rock. Within the past few years the Tamarack management made a complete cross section of its lands to the south of the Cliff by means of a diamond drill. It is on the data of such explorations that the new work on the Keewauke lode which runs through the Cliff lands for a distance of two and one-half miles, will be conducted.

When the old Cliff was previously worked the cost per ton was between 13 and 14 cents per ton; but this cost was because of the most primitive mining method. With modern methods there is little doubt that the beds which have never been worked would show a very high percentage of copper.

There is very little doubt that the Tamarack shareholders will readily exercise their right to subscribe for the stock of the Cliff; but should there be any objection the management announces that the stock can be placed with other interests who are familiar with the value of the Cliff state lodes and who would willingly subscribe for the stock at even higher prices if they had the opportunity. ISHPEMING

SAND CLOGGED PUMP.
Stephenson Mine, Swaney Range, Has Been Idle Since Thursday.

Said that got into the shaft of the pump in the Cleveland-Cliffs Iron company's Stephenson mine, on the Swaney range, Thursday night, necessitated a shut down, as the water soon raised above the point where the pump was located. Once the equipment was under water it became necessary to send to Ishpeming for another pump, as there was none available on the range with sufficient capacity to get the water out of the workings in a hurry, the flow here being about 400 gallons a minute. The pump was received at the mine Saturday and it has been in constant operation ever since. It is expected that it will be possible to resume mining operations today.

City Brevities
Yesterday's temperatures: Seven a. m., 25 degrees; noon, 25; 7 p. m., 26. Maximum, 26 degrees; minimum, 24.
U. S. Hayes of Kenton was a visitor in the city yesterday.
E. C. Underwood of Newberry was a visitor in Marquette Saturday.
Mrs. Julia Hanscom and daughter, Miss Beatrice, left for Chicago last night.
Albert Herron, of the firm of Newman & Herron, Escanaba, is visiting in the city.
Mrs. M. H. Egan and daughter Alice left last evening for Milwaukee and Chicago for a ten day's visit.
Mrs. Harry Broad and son Robert of Escanaba spent Sunday in the city, the guests of Mr. and Mrs. W. C. Foard.
Findlay Clark of Birch died at St. Mary's hospital yesterday, where he had been for several months, ill with lung trouble.
Dr. A. W. Deadman and Malcolm Bell have returned from the Big Bay region, after a three days' hunt. Each brought home a deer.
Oak Leaf camp, Royal Neighbors of America, will hold a card party in Fraternity Hall Tuesday afternoon at 3 o'clock.
Officer Dennis Hogan was on duty again Saturday, after a week's absence in the woods. He brought home two fine deer that he had shot.
The D. & C boats made their last trip from St. Ignace to Detroit Saturday, being about the last of passenger companies to close navigation in the upper lakes.
It is hoped that there will be a large attendance at the "Scottish Evening" at the Baptist church tonight. Features of the excellent program will be a lecture on Robert Burns by Dr. Tupper, a reading by Mrs. Rushmore and solos by Misses Oltman and Bergh.
Injured by Train—A foreigner who can speak no English and whose identity has not been established was brought into Marquette Saturday night on the Marquette & Southeastern train and taken to St. Luke's hospital severely injured in the back. It is thought that he was struck by a locomotive while walking along the track. The attending physician states that his injuries are serious but will probably not prove fatal.
U. of M. Victory Pleasing—The victory of the University of Michigan football warriors over the Gophers at Minneapolis Saturday was generally pleasing to the people of this city, a large majority of whom are ardent supporters of Yost's men. In the light of Michigan's early season record, the victory came as quite a surprise, as they were few so optimistic as to be at all confident of victory for the Minnesota team. Yost is evidently a master of the new football as well as the old.
New Home Being Prepared—Carpenters are busy in the first floor of the opera house block, refitting the west side for the use of the First Church of Christ, Scientist, by whom it will be occupied as a church and reading room. The part of the room facing the street will be used as a reading room, which will be open to the public certain hours each day. Back of the reading room will be the meeting room where the services of the church will be held. The Patriarchal—The charge for the supper will be twenty-five cents. The fair will continue until Saturday night. Preparations for it have been in progress for a number of months and there has been assembled a very large array of useful and ornamental goods which will be offered at reasonable prices. The public in general is cordially invited both to the fair and to the supper that will be served in connection with it.
Compass Pointed Wrong—H. O. Bell, manager of the bowling alleys, tells a good story on a lover peninsula hunter, whom he met in the woods near Nestoria a few days ago. While Mr. Bell was hunting a logging team, the stranger hailed him, and, pale of countenance and evidently thoroughly frightened, asked where he might be, stating that his compass was out of order, pointing in every direction except north. Mr. Bell compared the stranger's compass with his own and found them to exactly correspond. He then asked the stranger what he thought was north, and the latter promptly pointed southwest. It was with some difficulty that Mr. Bell finally convinced him of his error, and the stranger at last declared he would be all right, if he could find a logging road that must be nearby. The two were then within ten feet of the logging road, and the stranger was started toward his camp, though he at first headed down the road in the wrong direction.

WEEK'S BOWLING NEWS.
Square Deals Now Lead in Two-Men Handicap Contest.
The five-men handicap contest at the down town alleys is moving along smoothly and successfully. All the matches scheduled to date have been bowled and many of the games have been close and exciting. The Square Deals are in the lead, having won seven out of nine games played; and the Vikings, Finnias and Canucks are tied for second place, each having won six out of nine. The Guild Hall B's, though in fifth place, have the highest team average.
Parkkila of the Finnias has the highest individual average, 193. The handicaps seem to have had a depressing effect on the "scratch" men, none of whom has so far struck his usual gait.
No. 4 team has been named the Canucks and No. 5 will hereafter be known as the Pilgrims.
The standing of the teams is as follows:
Square Deals 7 2 777 845
Vikings 6 3 666 830
Finnias 6 3 666 822
Canucks 6 3 666 844
Guild Hall B's 4 5 555 861
Bismarcks 4 5 444 812
Guild Hall A's 3 6 333 810
Pilgrims 3 6 333 797
Lafayettes 3 6 333 793
Bankers 2 7 222 777
Individual averages over 100, handicaps included, are as follows: Parkkila 193, Pendill and Wheeler 189, Robertson and Tallbacka 184, Lowe 183, O. Anderson and Fox 182, Savola 178, A. E. Anderson, L. Drake and L. Shauer 175, King and Carr 174, Brotherton, Marcoste and Davis 172, Spear 170, Pennosky, Russell and Williams 169, Webb, J. Godwin and Zerbel 168, Jansson and Kepler 167, Jarvi, Maki, P. Rose, Waterbury 166, J. Miller, A. Anderson and Barber 164, Reau 163, E. Shauer 162, Frei and Menhennet 161.
The schedule for this week is as follows: Monday, Guild Hall A vs. Canucks; Tuesday, Square Deals vs. Finnias; Wednesday, Guild Hall B vs. Lafayettes; Thursday, Bankers vs. Pilgrims; Friday, Vikings vs. Bismarcks.

THE NEW "ALASKAN."

New Comedy and Several New Songs in Friday Night's Attraction.

An appropriate offering is the Totem Pole Musical comedy, "The Alaskan," which comes to the Ishpeming theater next Friday evening. The piece has been entirely revised and "musicalized" by Richard Carroll and Gus Weibling, who have taken care, in the general revision, to equip themselves with strong parts, so much so that now the laughter is incessant from rise to fall of the curtain. Several new interpolations have been made, and the novel "Snowballing" song, in which the audience is allowed to pelt the Eskimo girls with fluffy white missiles, creates no end of excitement. "Laughing Powder," "For I Dream of You," "Hi Hi Hi" and "The Face of the Girl I Love," are among the songs hits.

Several new terpsichorean diversions have been added, and an entire general going over of everything makes "The Alaskan" a welcome visitor. The piece in its present form, it will be remembered, has had a five months' run in Chicago, and was voted the best musical comedy exploited in many years. Detmar Poppen, John R. Phillips, Jack Rose, Jessie Stone, Alice Kean, Etta Lockhart, and a large and exceptionally well trained chorus go to form the present "Alaskan" company.

OLIVER TO MOVE ITS MESABA HEADQUARTERS

MINING CORPORATION PLANS EXTENSIVE WORK AT VIRGINIA AND WILL MOVE ITS RANGE OFFICES TO THAT CITY.

The Oliver Iron Mining company, which has during the past two or three years, greatly increased its holdings of mineral lands on the Mesaba range, and is rapidly expanding its operations in that field, is to move its Mesaba headquarters from Mountain Iron to Virginia. For a year or more past the Oliver people have been conducting work on a large scale in the Virginia district and from present indications its mines there will in a short time be among the most important producers on the range. The change in the location of the big concern's headquarters will be a big lift to the commercial importance of Virginia, which has had a very rapid growth the past few years. Virginia has a live lot of business men who are working hard to improve its industrial and commercial conditions. A modern theater, to cost about \$50,000, is now being erected and other important improvements that will result in the city's good are contemplated. Virginia has long been regarded as the prettiest and most progressive city on the range and it is quite evident that the enterprising citizens mean to keep it in the front rank.

The Oliver company is at present preparing grounds for an enormous machine shop and for a residence district in the southwest corner of Section 5, adjoining the North side addition on the east. This location will be a busy place throughout the winter as building operations are not to be curtailed during the cold period. It is reported from the range that the company plan to erecting some forty or fifty of its dwellings and other buildings, including a handsome club house, from Mountain Iron to Virginia. It is thought that most of the structures can be settled in their new locations by spring, when operations at the mining properties will be pushed with a large force of workmen.

OLD AGE BENEFIT.

Mrs. Mary A. Wasley the First Member of Local Hive to Receive Fund.

Some years ago the supreme tent of the Ladies of the Maccabees revised the by-laws to provide a part payment on the amount represented in the certificates held by members when they reached seventy years of age. Mrs. Mary A. Wasley, a charter member of the Ishpeming hive, is the first to come under this head. At a meeting held last week she was advised by Mrs. Keough, the district commander of Marquette, that she can soon expect payment of the sum that is due her. During the more than fifteen years since the local hive was organized Mrs. Wasley has been one of its most efficient workers and her sister members are pleased that she is to be the first to be benefited. She served as commander of the hive for five years and as record keeper for a similar period. In addition to paying a certain percentage of the face value of a member's certificate when she reaches seventy years there is a total disability clause, which has proved beneficial to many.

Real Egyptian spangled scarfs, in white, blue and pink at 90c. (11-22-24) JOSEPH SELLWOOD & CO.

Harry Cox, that Irish impersonator, will arrive at the Ishpeming theater tonight. (11-22-24)

DENNISON-COONEY.

Former Ishpeming Man Was Recently Married to Butte (Mont.) Girl.

A Butte, Mont., paper contained the following announcement of the marriage of Will Dennison, son of Matthew Dennison, formerly of this city, to Miss Anna Cooney of that city:

"A very pretty wedding took place Wednesday morning at St. Patrick's church, when the Rev. Father Follet, joined in marriage Miss Anna Cooney and Will Dennison, both of this city. The bride, who is one of Butte's prettiest girls, wore a becoming gown of champagne broadcloth, with a blue hat trimmed in plumes to correspond. She was attended by Miss Lizzie O'Brien, who was attired in a becoming gown of pink. The bridegroom was attended by Edward Cooney, brother of the bride.

"After the ceremony the wedding party wended its way to the newly-wedded couple's home, where a bridal breakfast was awaiting them. Many beautiful and costly presents of china, cut glass and furniture were received.

"Mr. and Mrs. Dennison left on the noon train to be absent a few days, after which they will be at home to their friends at 312 West Porphyry street. Many friends joined in wishing them all success and happiness in their new life."

Mr. E. J. Erler of Grinnell Bros., expert piano tuner and repairer, will be in the city this week. All work guaranteed. Leave orders at Grinnell Bros., Ishpeming. County phone 63. (11-20-24)

GAVE INTERESTING ADDRESS.

James Russell, warden of the Marquette prison, gave an address at the Presbyterian church last night, under auspices of the Sunday Evening club. There was a large attendance. Mr. Russell spoke for over an hour. He told of the duties of the boards of control and of the wardens, described the parole system and its advantages, and told of the administration and practices at the Marquette institution, relating in the connection many interesting facts concerning the discipline of the men and how it was achieved. He told of the expense of maintaining the prisons and reformatories, and he outlined various conditions which lead up to crime, showing in that particular how practical and effective reform work accrues to the benefit of the taxpayer and to society in general. Mr. Russell's address was educational and instructive, as well as interesting, and it was much enjoyed. A great many of the things spoken of were new to those present. At the close of his address, Mr. Russell was tendered an informal reception.

HIGH SCHOOL NOTES.

The Girls' Athletic club, known formerly as the Girls' Rooting club, has a large membership and their "ping pong" and "blinch" contests ought to become popular.

A French club has been organized, with the following officers: President, Albert Bashaw; vice president, Helen Brown; secretary, Florence Lioret.

The Junior class has elected Donald Hayden, president; Minnie Hawes, secretary, and Linar Sivola, treasurer.

Big vaudeville show at the Ishpeming theater tonight. (11-22-24)

SILVERWARE

Has been used for centuries to beautify the home and make bright and cheerful the social and festive occasion. The best is none too good. Cheap Silverware has a cheap look that is compromising.

We handle the line that needs no apology. Distinctive in style, artistic in design, unexcelled in finish, workmanship and quality. We have a full line of the famous Reed & Barton Silverware that has been on the market since 1824, and is still the leader.

ISHPEMING IN BRIEF.

Mrs. J. P. Outhwaite will entertain Tuesday evening.
V. Takala and wife, 358 Marquette street, are the parents of a daughter.
Len Johnson and wife left Saturday night for Chicago, where they will spend a week.
The Ironquois club will give a dancing party next Friday night at the Anderson hall. Dancing will start at 9 o'clock and Trombly's orchestra will furnish the music.
A. H. Fordyce and wife, former residents, who were in Marquette all summer, will spend the winter at Fort Lodge, La., where they resided last winter.
A. C. Russell will spend today at W. W. Graft's new dwelling, in the North Lake district, installing the electric light fixtures. Mr. Russell also did the wiring in the house.
The funeral of the late John Guido, who died Thursday at St. Mary's hospital, Marquette, was held yesterday afternoon at 2 o'clock from St. John's church. Interment was in the Catholic cemetery.
Rev. T. August Lilieheli, pastor of the Norwegian Lutheran church, arrived home Friday from Dodgeville, Wis., where he attended the semi-annual meeting of the Green Bay district, held Tuesday, Wednesday and Thursday.
Maurice Laughlin, manager of D. T. Morgan & Co.'s brokerage business, was called to Chicago the latter part of the week to appear as a witness in the Hopkins case. It is expected that the trial will be brought to a close early this week.
Mrs. P. Paulus, a former resident, who is here from Albany, Oregon, will return home in a couple of weeks. She is just recovering from the effects of a surgical operation performed a couple of weeks ago at Augustana hospital, Chicago.
The Gately company will give away a turkey to the purchaser of each lady's suit or coat and each man's overcoat or suit, between now and Thanksgiving, provided the purchase price is not less than \$15. The free offering will apply on either cash or credit sales.
J. G. Welsh, cashier of the Peninsula bank, and his sister, Miss Margaret, left last night for Two Harbors, Minn., to attend the marriage of their brother, Patrick Welsh, to Miss Agatha Connors, of Two Harbors, which is to take place Wednesday. They will be absent a week.
In the Sunday School league baseball contests of the Young Men's Christian association's gymnasium Saturday afternoon the First Methodist church team defeated the Presbyterian nine in a score of 14 to 11, and the Norwegian

INDIAN TRIBE TO MIGRATE.

Chief Starts South to Clinch Negotiations With Nicaragua.

Boston, Mass., Nov. 21.—Chief Little Bison, a full-blooded Sioux Indian, is a passenger on the fruit steamer Esparta for Port Limon. The object of his journey south is to clinch the deal with the government of Nicaragua whereby a tract of 10,000 acres in Janitaga will be ceded to the Sioux tribe, for the establishment of an American Indian colony. The Indian chief said before the steamer sailed that he and other leaders of the tribe had great hopes that the climate of Nicaragua will agree with the Indians much more than that of South Dakota, where the race is fast thinning out through the inroads of consumption and other diseases and now numbers only 8,000 members. The project of moving the Sioux tribe to the Central American country has the backing of F. S. Dellenbaugh, head of the American Geographical society, and a number of wealthy New York men and women.
When asked if he thought the present trouble in Nicaragua would affect the deal, the chief said that he did not. He said that both President Zelaya and General Chamorro are in favor of the proposition, so that he does not anticipate the least trouble. He expects that the necessary formalities will have been gone through with and that everything will be in readiness for moving the tribe to its new home in January.
Chief Little Bison is a young man, bright and intelligent looking, who has been educated in one of the Indian schools.
The Esparta will call at Kingston on her way to Port Limon. She carried out the largest cargo ever taken from this port to Jamaica. It consists of building material for a new hotel in process of construction near Kingston, and general merchandise. She also carried a large amount of freight for Costa Rica.
Three million dollars will be spent in building a subway for electric cars under the harbor at Sidney, New South Wales.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.
If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.
This mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best. Swamp-Root is sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

SALT DAMAGES CONCRETE.

Sweet and boiled cider at Haupt's grocery. (11-11-11)

Several Negaunee men have found out their sorrow that salt spread upon their walks to soften the ice damages the concrete, and that the use of salt for that purpose is prohibited. The salt, if left standing on the bare concrete, will eat its way into the surface. Property owners would do well to eliminate salt in cleaning their walks. The walks here Friday were unusually slippery account of the rain early in the afternoon and it was necessary to spread sand over many of them.

THANKSGIVING RATES.

via the South Shore, between all local points, fare and one-third. Dates of sale Nov. 23rd, 24th and 25th; final limit Nov. 27th. (11-13-64)

ATTENDED DEDICATION.

Rev. D. C. Planette, pastor of the Mitchell Methodist church, and wife spent the greater part of last week at Deadwood, S. D., where they were located for six years. During that period Rev. Planette was presiding elder of the district. He took part in the dedicatory service at the new church just completed. They are expected home early in the week.

KEEP THE KIDNEYS WELL.

Health Is Worth Saving, and Some Marquette People Know How to Save It.

Many Marquette people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill-health, but there is no need to suffer or to remain in longer when all diseases and aches can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is a Marquette citizen's recommendation.
David Carr, Marquette, Mich., says: "Doan's Kidney Pills did me more good than any other remedy I ever used. For some time I had a constant, dull pain across the small of my back and was so weak that I could hardly get about. If I sat in a chair for any length of time, my back became lame and I could not arise without catching hold of something for support. On several occasions I was so bad that I had to lay off from work. Seeing Doan's Kidney Pills highly advertised, I decided to give them a trial and procured a box at the Stafford Drug Co. They helped me from the first and in a short time after starting their use I grew strong and the pains left my back. My health has been good since then and I give Doan's Kidney Pills the credit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Negaunee Department

ITALIANS TO HAVE STRONG ORGANIZATION

FEDERATION RECENTLY ORGANIZED AT IRON MOUNTAIN WILL START PAYING DEATH CLAIMS SOON AFTER FIRST OF YEAR.

The Italian-American Upper Peninsula federation, which was organized a few weeks ago at Iron Mountain, will, from present indications, be a strong organization within a few years, as practically every independent Italian society in the upper peninsula is now affiliated with it. There are some thirty odd organizations enrolled, with a total membership of over 10,000.
Felix Chiabotti of this city, one of the officers, on Saturday stated that the members here, as well as in other parts of the upper peninsula, are well pleased with the plan of organization adopted at the Iron Mountain meeting. The first assessment of \$1 is now being paid into the treasury and there is to be another assessment of a similar amount at the end of the year. The officers plan to create a substantial treasury fund before beginning the payment of death claims. Mr. Chiabotti stated that it is expected the lodge will be prepared to pay death claims before the new year is very far advanced. Certificates are to be issued in the sum of \$1,000 each and all of the members of the present societies are to be assessed on an equal basis, but new members coming in will pay according to their age. It is optional with the present members of the societies to take the life insurance, but according to Mr. Chiabotti a large majority are taking advantage of this feature.
It has been decided that the first general reunion of the grand lodge will be held at Hancock next August. Many of the society members desired to hold the first meeting in Negaunee but the delegates from here expressed themselves in favor of Hancock for the initial celebration, as they are satisfied that the Hancock lodges could conduct it to better advantage. The local members have agreed, however, that they will celebrate in 1911.
A committee that is already doing excellent work in the interest of the Italian people of the upper peninsula is the one appointed at Iron Mountain to aid the members in securing citizenship papers, and Chief Little Bison, who is secretary of the grand body, has already appointed a committee and it is thought that within the course of a year the list of American citizens among the Italians of this section will be considerably increased. It has been found that quite a number of the society members have taken out their citizenship papers some time ago but neglected to do so. The different committees will now urge them to secure their papers as soon as possible.
Mr. Chiabotti, who is a member of the Italian chamber of commerce in this country, plans on spending a few months in Italy during the summer of 1911, when the international exposition is to be held there. He stated Saturday that he thought many Italians in the upper peninsula will take in the exposition, and he is satisfied that many thousands will go from this country, as the Italians generally are apparently much interested in exposition affairs.

MANY FUNCTIONS IN SIGHT.

Coming Social Season Promises to Be One of the Liveliest in City's History.

The members of several of the church societies and lodges of the city, as well as other organizations, are preparing to conduct some of their social functions during the Thanksgiving and Christmas holiday seasons. Among the proposed functions spoken of are several dancing parties, some of them by lodges.
The members of the Danish Sunday School society hold a social Saturday evening in the school room adjoining the Swedish Lutheran church, corner Cyr and Snow streets. A very pleasing program was given and coffee, cake and sandwiches were served.
The ladies of the Swedish Lutheran church congregation are making extensive preparations for their Thanksgiving supper and social in the Scandinavian society's new hall. An oyster supper will be served in the evening, commencing at 5 o'clock, and continuing until 7:30. The tickets for supper and entertainment will be fifty-five cents each. The entertainment program will consist of musical and literary numbers, also recitations. This will be the first practical use made of the new hall, which is well adapted for holding socials. The kitchen will be provided with everything that ladies will need for the preparation of meals and the main auditorium will have a fairly large seating capacity.
The members of the Negaunee Light Infantry band are meeting with excellent success in the sale of tickets for their annual concert and dance to be conducted Thanksgiving night at McDonald's Opera House. Some of the very best talent in the city will take part in the program and dancing will start at the conclusion of the entertainment, continuing until 12 and, perhaps later. The tickets, including the concert and hop, are fifty cents.
Strictly fresh Blue Point Oysters, fresh from the coast. GEO. HAUPT. (10-22-11)
LOCAL LACONICS.

LOCAL LACONICS.

John Linton and wife are the parents of a daughter.

C. Basola is here from Duluth on a visit to friends.

C. V. R. Townsend left Friday evening for Chicago on business for the Cleveland Cliffs-Iron company.

Mrs. H. W. Sheldon entertained a number of Negaunee and Ishpeming lady friends Saturday afternoon at her home on Main street. Cards were played.

Peter Tenhunen, who died suddenly Friday afternoon while working in the Consolidated Fuel & Lumber company's coal shed here, has a brother in the Black Hills.

H. C. Wagner, cashier of the Negaunee National bank, and wife have taken up their residence in Negaunee. They are living at the Breiting house for the present.

C. H. Jennings went down the line of the Chicago & Northwestern road Saturday evening and conducted services yesterday at Turbin and Lathrop for the Methodist church societies.

Contractor Spaulding resumed the work on the new house with a good sized crew Saturday. This feature of the work had been suspended for nearly a week on account of the rough weather.

The local court of the Catholic Order of Foresters held a meeting yesterday afternoon. Officers will be elected for the ensuing year at the regular meeting to be held a week from next Thursday, Dec. 2.

Mrs. Sarah Winter has returned from Chicago, where she spent the past three or four weeks visiting her daughter, Mrs. Ed. Cummings. Miss Frances Winter will remain in the city a week or two longer.

John Merten, who is receiving treatment for rheumatism at Mt. Clemens, has advised his son, Fred J. Merten, that he has been greatly benefited by the baths and expects to return home within a week or so.

Miss Effie Bishop and Will Stanaway, well known young people of Negaunee, were united in marriage Saturday evening at 8 o'clock at the home of the bride's father, Simon Bishop, at the Jackson location. The wedding was witnessed by a number of the young people's relatives and friends.

Rev. W. B. Coombe and wife, who came down from Ironwood last week to see their son Jesse, who is suffering from appendicitis, left Friday night for Ironwood. They were accompanied by Jesse, who will spend some time at his home. In the event an operation becomes necessary he will be taken to the Ironwood hospital.

The turbine at the municipal power station, which was out of commission for a time last week on account of the burning out of one of the electric coils in the generator, is carrying the loads of the incumbent and are circuits very nicely without the aid of the disabled part. A new coil is now being made and will be ready for use within a few days.

T. L. Collins' delivery team collided with Captain Roberts' driving horse, being driven by John McDougall, Friday afternoon, near the corner of Iron street and Pioneer avenue. Mrs. Samuel Collins, Sr., was in the cutter. Mr. Collins had got out a moment before, leaving a boy to hold the team. One of the reins fell over the dash board and the horses started. Mrs. Collins, who was thrown from the cutter received slight injuries.

Deferred punishments are only getting ripe.

\$100 REWARD. \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical profession. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

WHAT "KING'S ENGLISH" MEANS.

"Queen's English" and "king's English" are both terms that have been in common use for years to designate grammatical English. In Shakespeare's "Merry Wives of Windsor" we read: "Here will be an old abusing of that's patience and the king's English." Such phrases as "murdering the queen's English" and "slipping the queen's English" arose from a book by Dean Alford on the subject of accurate speech.

LAST WEEK'S STORM DID GREAT DAMAGE

VESSEL INTERESTS SUFFERED HEAVILY FROM WRECKS, STRANDINGS AND DELAYS.

BAD YEAR FOR ACCIDENTS

Season Has Been Characterized by Numerous Collisions and Other Disasters, Nearly 100 Lives Having Been Lost.

Last week was one of the worst for wrecks and strandings ever experienced on the Great Lakes, the delay at the Soo has cost thousands of dollars and some have lost their lives. The snow storm and gale that held sway the fore part of the week took its toll in human life and destruction of property, and the necessitated delay in navigation in the aggregate means an immense sum to the vessel interests.

The crew of the stranded steamer Hoyt, which has been abandoned to the underwriters on the rocks near Bayfield, was expected to arrive in Duluth yesterday.

The Canadian steamer Ottawa was wrecked near Passage Island early in the week and her crew suffered great hardship in getting to land. A shifting of the cargo of wheat is given as the cause of the wreck. On the same day a report was current that the Ionic had foundered. This was later found to be untrue as the boat turned up safe at her destination.

The crew of the schooner Paisley escaped after a thrilling battle with the waves but not until that boat was swept clean of her cargo and cabins.

The steamer Matek was driven on the bank near Muskegon, Mich., during the fierce storm of Tuesday. She suffered but little damage and she was taken off Thursday.

One life was lost and ten were saved when the steamer Louis Pulhov was wrecked on Lake Michigan. She was a lumber boat and was on her way to Chicago.

The steamer Rome burned to the water's edge at the Soo Wednesday. She was a wooden vessel. The origin of the fire has not been determined. The crew escaped safely.

The crew of the steamer Dunham had a thrilling battle with the waves near Ashland, and they were saved by means of a note in a bottle, a fleet-footed Indian, who carried the news to Ashland, and a tug from that place.

The steamer Okanah bumped the pier Monday morning while trying to leave the Duluth harbor and sustained about \$10,000 worth of damage and several thousands more in the delay the accident caused.

The steamer is still stranded at Isle Royale. She is in no immediate danger and unless a severe storm arises she will be taken off with very little damage.

The latest hardship reported was that which the crew of the gasoline boat, 'The City of Two Harbors,' experienced while being tossed at the mercy of the waves for some sixty-two hours.

Previous Disasters.

Previous to the disasters of last week, 100 enumerated, there had been eighteen total losses of vessels, eighty-three strandings, twenty-four strandings and ninety-five lives lost on the great lakes this season, truly an appalling record. Of the deaths, there were sixty-one drowned in wrecks, twelve accidental deaths, five suicides and six murders. Up to Nov. 1, the monetary loss on the great lakes in 1909 was estimated at two million dollars.

One fact stands out very prominently in going back over the season of 1909. Almost without exception the losses, both of life and monetary, have been confined to the freight steamers. The passenger steamers have been singularly free from disaster. The greatest loss of life occurred July 12, when the Cowie was rammed by the Scott in Whitefish bay and fourteen of the crew of the Cowie were drowned. April 30 is a date that will long be remembered in marine circles, when three steamers and a barge, representing an investment of \$125,000, went down in a Lake Superior gale, twenty lives being lost.

Vessels Lost.

Boats that were total losses and the amount of money represented are: April 20—Steamer Eber Ward, sunk in Straits of Mackinac by the ice; \$30,000. April 30—Steamer Russia, sunk in gale on Lake Superior; \$200,000. April 30—Barge Nestor, sunk in gale on Lake Superior; \$5,000. April 30—Steamer Aurania, sunk in gale on Lake Superior; \$200,000. April 30—Steamer Adella Shores, sunk in gale on Lake Superior; \$200,000. June 4—Steamer Iron Age, burned on Lake Erie; \$32,000. June 22—Steamer W. P. Thew, sunk in collision; \$10,000. June 28—Steamer Tennessee No. 2, burned at Perry Sound, Ont.; \$100,000. July 2—Schooner Schuette, sunk in collision on Detroit river, \$4,000. July 12—Steamer John B. Cowie, sunk in collision in Superior, \$275,000. Aug. 1—Steamer Gilpie, wrecked and burned in Georgian bay, \$8,000. Aug. 5—Steamer Glenelagh, hit Port Colborne breakwater; \$23,000. Sept. 1—Schooner E. B. Maxwell, hit Cleveland breakwater; \$5,000. Sept. 18—Steamer John Priddon, sunk in gale on Erie; \$30,000. Sept. 21—Steamer Samoa, wrecked at Calumet, Mich.; \$40,000. Sept. 21—Steamer Montezuma, burned and burned off Detroit; \$30,000. Sept. 27—Schooner Sir Vance Struhensteiner, sunk in collision on Erie; \$5,000. Oct. 13—Steamer George Stone, wrecked in Lake Erie; \$100,000.

Serious Collisions.

There have been a great many collisions this season, several of them serious. The list includes: April 22—Canadian Pacific railway ferry Michigan and steamer J. P. Wales, Detroit river. Damage \$5,000. April 23—Steamers Sailor Boy and Fanny C. Hart at Menominee, Mich. Damage \$5,000. May 12—Steamers Thomas Barium

and George H. Russell. Damage (to Russell) \$40,000.

June 22—Steamers William Livingstone and W. P. Thew in Lake St. Clair. They total loss.

July 2—Steamer John Mitchell and schooner Schuette in lower Detroit river. Schooner total loss.

July 12—Steamers Isaac M. Scott and John B. Cowie in Superior. Cowie total loss. Damage to Scott \$25,000.

Aug. 1—Steamers George L. Craig and Cadillac in St. Clair river, \$25,000.

Aug. 13—Steamers Phapps and Merrill in Whitefish bay. Damage \$20,000.

Aug. 22—Steamers Norman B. Ross and Senator of Detroit. Senator sunk with loss of \$100,000. Ross damaged \$10,000.

Aug. 24—Steamers George L. Craig and Collingwood in Detroit river. Latter sunk. Damage \$100,000.

Sept. 15—Steamer Lackawanna and barge Chastain. Latter sunk.

Sept. 23—Steamers R. L. Ireland and Mary C. Elphicke, in Lake Erie. Damage \$10,000.

Sept. 24—Steamer City of Erie and schooner Sir Vance Struhensteiner in Lake Erie. Latter total loss.

MISTAKEN FOR DEER; OHIO HUNTER KILLED

WHILE WEARING GRAYISH-BROWN HUNTING SUIT, CHARLES KNICK IS SHOT BY DICKINSON COUNTY NIMROD.

Charles Knick of Greenville, O., was the victim of the first hunting fatality that has occurred in Marquette county this season. Knick was camped about two miles from Witbeck, in the extreme southwestern part of the county. Friday afternoon he was mistaken for a deer and shot through the chest from left to right by a bullet from a rifle in the hands of Sheriff A. E. Robbins, of Dickinson county, who was hunting in the same locality. Knick died almost instantly and the body was sent to his Ohio home near Witbeck Saturday evening. Knick was forty-four years of age and married.

For quite a number of years it has been the custom of a party of western (Ohio and Eastern Indiana) hunters to come to the upper peninsula during the deer season, Knick having been a member of the party for several seasons. This fall they camped near Witbeck. Knick, however, did not take the precaution to wear a red or green hunting suit, but was dressed in an outfit of grayish brown, closely resembling that of a deer, and it was because of this striking resemblance that the Dickinson county sheriff was led to take a shot at him. Even the members of Knick's party admit that it would be difficult to distinguish him from a deer when in the woods, clad in the brown suit. An inquest was held at Witbeck Saturday, at which a jury returned a verdict of accidental death.

CONCERT WEDNESDAY NIGHT.

First Number of Guild Hall Lecture Course Comes This Week.

The lecture and entertainment course for the benefit of the Guild Hall building fund will commence on Wednesday evening with the Parland-Newhall company, a musical organization that makes its first appearance in Marquette with a fine reputation as bell ringers, male quartet and players of brass instruments. They have been very successful everywhere and are considered one of the best musical organizations now on the platform.

The succeeding numbers in the course will be as follows: L. B. Wickersham, a popular lecturer, Dec. 17, at the Guild Hall, his topic being "The Man With Wings"; Andrew Gillies, the well-known Greenock actor, of Minneapolis, January 12 at the Guild Hall, on "The New America"; and, last but not least, the famous Eight Vaasars Girls on April 9 at the opera house.

The price of season tickets has been placed at \$2. Those who have not yet obtained season tickets may purchase them at Bigelow & Co's store until Wednesday at 6 p. m. None of the attractions in this course have appeared before in Marquette, but they were selected by the committee with great care and all of the numbers are believed to be of first-class quality.

The Parland-Newhall company recently hit upon a plan to secure testimonials that were really valuable. They engaged a third party to write to each point where they appeared, asking for an unbiased criticism as to their work. The results were remarkable in the unanimous praise of the company, even though the writers did not know that the members of the attraction would ever see the letters. Among these letters one from H. M. Holbrook, of Bush Temple, Chicago, stated: "It is one of the finest musical companies it has been my good fortune to hear." A. R. Miller, of Murray, Iowa, wrote: "It is the best musical company on the platform today." The committee at Avondale, Pa., wrote: "I think they are one of the best all-around musical companies on the road." The secretary of the Fall River, Mass., Y. M. C. A. wrote: "They gave their second entertainment here last month. I think them superior to any similar attraction on the road." Eugene C. Dana, of Niles, Mich., says: "They give the perfection of a concert. There is no male quartet that excels them." Mr. G. Y. Fowler, editor of Frankfort, Ind., wrote: "Many here think it is the best all-around musical organization that ever visited our city. The whole performance goes with a dash and a snap that is seldom seen in a show of this kind." Every letter received was highly complimentary to this great company and the splendid work they are doing.

CARD OF THANKS.

We wish to extend our heartfelt thanks to our kind friends and neighbors for their kindness during the illness and death of our beloved husband and father, also to thank the St. Jean Baptiste society, K. of C., O. R. C., and K. O. T. M. M. and all who sent floral tributes. MRS. C. SHARLAND and Family, I. SHARLAND and Family.

Glass Orders filled promptly and accurately by Kelly Hardware Co. (10-23-tf)

POLARIS MINERAL WATER delivered to any part of the city in sterilized one-gallon bottles. Telephone, Bell, No. 118-L. Polaris Water Co., Marquette.

LOCAL OPTION WOULD MEAN MUCH

TO ONE OF MARQUETTE'S IMPORTANT INDUSTRIES, WHICH WOULD BE PUT OUT OF BUSINESS.

In the event of local option in this county, one of Marquette's important industries would be totally abolished. This and many other cases, no doubt, were not taken into consideration by many of the signers of the petitions circulated in the county.

What business this local concern has enjoyed in the adjoining counties would go to outside breweries. About half of the product has been shipped outside Marquette county.

The industrial importance of the Upper Peninsula Brewing company to Marquette and Marquette county is probably not realized by the general public. The president of the company, Charles Meesle, has always made it a point to employ as much home labor and use a large proportion of the product of some industries as possible. He has been in business for more than thirty years, during which time he has built up a valuable plant, on which he is now paying over \$4,000 per year taxes. With in the last two years something like \$50,000 has been spent in additions and improvements to the plant. The stables in the buildings came from the Marquette quarry, the steel used in construction was made by the Lake Shore Engine works and local contractors and artisans were hired to do the work. The concern employs upwards of twenty men the year around, to whom are paid out in wages about \$25,000 every year. Mr. Meesle has always prided himself on putting out a strictly pure and high class product, none of which contains more than 3 1/2 per cent of alcohol, while patent medicines frequently contain from 5 to 42 per cent of alcohol.

The industrial importance of the Upper Peninsula Brewing company to Marquette and Marquette county is probably not realized by the general public. BIDS FOR BIG BRIDGE.

Concrete Structure Likely to Be Built Across Michigamme River.

The bids for the proposed bridge across the Michigamme river have been opened and it is expected that the contract will be awarded at a joint meeting of the Dickinson and Marquette boards of road commissioners to be held shortly. Five tenders were received for the construction of the bridge, viz.: Worden-Allyn company, \$5,068; Joliet Bridge & Iron company, \$4,185; Lake Shore Engine works, \$4,800; Wisconsin Bridge & Iron company, \$4,025; Illinois Bridge Company, \$5,234. The first four bids are for a steel bridge with concrete floors and the last one for an all concrete structure. There is much sentiment in favor of concrete. The concrete bridge would contain two spans of forty-five feet each and the steel bridge one span. The Dickinson county end of the new highway connecting the two ranges will be constructed as soon as possible. The contract for grading, etc. will be let in the course of a few weeks and this will permit the successful bidder to cut out the right-of-way during the winter months. The length of the highway in Dickinson county is about six miles, from Sawyer Lake to the Michigamme river, on the east side of the Chicago, Milwaukee & St. Paul track. In Marquette county the road will continue on the east side of the track to the small stream known as the Witch Lake outlet, where it crosses to the west side and follows the right of way to Witbeck. The Marquette board has decided to ask for bids for building the road from the Michigamme river to Witbeck, a distance of about six miles, and the remaining section to Republic will be done by the regular working force of the county. The amount appropriated by the two counties for the work is \$100,000.

FORMER MARQUETTE MAN DEAD.

J. Lloyd Watt Accidentally Killed by Train in Colorado.

Word has been received of the death of J. Lloyd Watt, who until five years ago, with his sisters, Mrs. George W. Maulough and Mrs. J. J. Robson, lived in this city. A Grand Junction, Colo., paper gives the following account of his death: "On Friday afternoon, Nov. 12, at 7 o'clock occurred the funeral of J. Lloyd Watt, the young man who was accidentally killed in the yards of the Denver & Rio Grande railroad last Sunday morning, Nov. 7, while on duty as an employe of the railroad company. The young man was struck by a train and died a few hours later at St. Mary's hospital.

"The funeral services were held at the Kroon undertaking parlors. Rev. D. Luther Edwards, pastor of the Presbyterian church of this city, had charge of the services. Many friends of the deceased were in attendance. The interment took place at the Crown Point cemetery.

"J. Lloyd was twenty-one years of age. He was born in Marquette, Mich. He was the son of Mrs. Anna Watt, who accompanied by her son-in-law, L. I. Robson, came to this city from Langdon, North Dakota, to perfect the funeral arrangements and to be present at the last services.

"The deceased came to Colorado two years ago from St. Paul, Minn. However he had resided in Grand Junction but a few months. During his residence here he was employed in the local railroad yards and by his genial manners, excellent character, industrious nature, he made many warm friends, and he was highly respected by all who knew him. His untimely death was an extremely sad one."

Don't kick at your Haberdasher—give it to your "Laundryman" because he doesn't protect the breaking points in starched goods. If he won't do it you should change your Laundryman.

THE GRESCENT LAUNDRY.
