

FREIGHT BLOCKADE LIFTED SOMEWHAT

1,500 Men Are Imported Into the Twin Cities, and There Are Reports from the West of Switchmen Returning to Work.

That the Conditions Will Be Normal Within a Few Days, Is the Claim of the Railroad Officials—A Movement to Settle the Strike Is Announced by Governor Everhart, but Apparently It Meets With Little Favor on Either Side.

Chicago, Dec. 3.—The traffic managers of the railroads running through the Northwest issued orders tonight that all freight be received without restriction. The "subject to delay" notices posted when the strike began were withdrawn.

Seattle, Wash., Dec. 3.—The switchmen who are members of the Brotherhood of Trainmen have been ordered to return to work. The decision was reached at a meeting of the local union. It was advised by Vice President McIntyre of the Brotherhood, who came from Denver.

Strike Leaders Not Alarmed. St. Paul, Dec. 3.—The officials of the switchmen's union say they are not alarmed at the reports from the West of members of the Brotherhood of Trainmen returning to work.

President Hill, of the Great Northern, said there could be no truth in any talk of settlement, even with individual railroads, as the general managers had decided to all stand together. Mr. Hill said that the railroad could get so many men from the East to take the strikers' places that they could fill all the places, but they did not want to bring them all now, preferring to give the old men a chance to return.

President Hawley said that nothing definite had been accomplished at the Minneapolis conference, and as far as he knew the prospects for a settlement were no better tonight than before. Mr. Hawley said he had received a message from Duluth, stating that only three members of the Brotherhood of Trainmen had returned to work and it was believed they would go out again tonight.

Freight was moved here with difficulty today, and the congestion in the local yards continues. However it is estimated that 1,500 men were imported into the Twin Cities today, and the railroad officials said the conditions would be normal within a few days.

Freight Houses Are Reopened. General Manager Gruber, of the Great Northern, said: "Three old men returned today. We worked fourteen engines in the Twin Cities terminals, compared to six yesterday, and we will have twenty tomorrow. This is over 50 per cent of the normal. We have opened the freight houses in both cities, and also the Superior and Duluth. We are now taking freight from connecting lines for the west. All local trains are moving out of the Twin Cities and the head of the lake terminals, also some extras. We expect a considerable number of new men tomorrow."

Chicago, Dec. 3.—The question of lifting the restriction against receiving freight for shipment to points within the strike zone is being considered by the railroad officials. The Burlington this afternoon announced that it would accept freight consigned to St. Paul, Minneapolis or Duluth, or to any points in the Northwest. The St. Paul is accepting only goods of non-perishable character for Northwestern points.

Butte's Mining Industry Paralyzed. Butte, Dec. 3.—The mining industry in Butte is completely paralyzed, on account of the switchmen's strike. The five Boston & Montana mines are closed, as is the smelter in Great Falls; at least four other Amalgamated properties have suspended operations; the East Butte is closed down tight, and North Butte and Butte Coalitions are preparing to cease production tonight. The Clark properties are not affected as yet. Thousands of men are idle.

Chicago Yardmen Ask More Pay. Chicago, Dec. 3.—A committee representing the Brotherhood of Trainmen, which has a majority of the men in the yard service at Chicago, met today to hear the answers from the railroad managers to the demands for an advance of five cents an hour in wages. The man-

PUGILISTS SIGN FINAL ARTICLES

Whether Jeffries and Johnson Will Fight in the Vicinity of San Francisco or at Salt Lake Is Still to Be Decided, However.

A Forty-Five Round Battle With Five-Ounce Gloves and at Straight Marquis of Queensberry Rules Is Provided For, and It Is Stipulated That Neither of the Men Shall Engage in Any Boxing Contest Prior to the Championship Bout.

New York, Dec. 3.—The Jeffries-Johnson battle will be fought July 4, next, either in Salt Lake or in the vicinity of San Francisco. The final articles for a forty-five round contest were signed by the principals today at Hoboken, N. J.

Neither of the contestants, according to the articles, is to engage in any boxing contest before the big fight. This eliminates the possibility of Johnson meeting Langford, or Jeffries fighting Kaufman. Both, it is stipulated, must enter active training at least ninety days before the fight. Five-ounce gloves will be used, and straight Marquis of Queensberry rules will govern.

Reference Not Yet Selected. The referee will be selected at least sixty days before the contest. If Jeffries, Johnson, Rickard and Gleason can not agree on the referee, Jeffries and Johnson will each choose two men, and from these four Rickard and Gleason will make the selection.

The promoters of the fight, which will be held at the Waldorf-Astoria, New York, are: Robert W. Murphy, of New York, is the temporary stakeholder.

The stakeholder question was debated several hours. Johnson suggested a safe deposit box with three locks, each of the contestants to hold one key and the third to be held by a disinterested party. The promoters objected, and the plan outlined above was finally adopted.

Salt Lake Wants the Battle. Rickard had said that the laws of Utah would not permit the fight in that state. But today, after reading a message from prominent Salt Lake men, he said: "I believe the fight can and will be held in Salt Lake. The law there is not stringent, and I am assured it can be altered satisfactorily. I have talked with the governor of Utah, but am not at liberty to make the interview public."

Jeffries is anxious to have the fight in San Francisco, and it is believed here the fight will go to California. The moving pictures will be controlled by a company, in which Jeffries and Johnson will each hold a third interest. Rickard and Gleason the other third.

Johnson is willing to accept "Eddie" Graney, one of the unsuccessful bidders for the fight, as referee. Rickard and Gleason are also favorable to Graney. It is understood.

Star Bantams Rematched. San Francisco, Dec. 2.—Monte Attell and Danny Webster have been matched for the third time. Eddie Webster, acting for his brother, has signed up with Monte Attell for a twenty-round bout to be held in this city at either Dreamland or the Auditorium the night of Dec. 7. Eddie Nolan will manage the fight, which will be held for the benefit of Johnny Murphy, who is sick at present in Honolulu.

The articles call for 116 pounds at 3 o'clock. The men are to fight for 50 per cent of the house, which will be split 60 per cent to the winner and 40 per cent to the loser. Harry Foley, manager of Monte Attell, will, it is said, make a side bet with Webster. If Jack Welsh consents he will be the third man in the ring.

Fight Is Lost on a Foul. Savannah, Ga., Dec. 3.—Jack Britton, of Chicago, lost to "Kid" Farmer, of Florida, tonight in the third round of a scheduled fifteen-round fight, when he dropped Farmer with a blow much too low. It seemed easily Britton's fight until then.

IS BILLIARD CHAMPION. Calvin Demarest the Winner of the 132-Balk Line Tournament.

New York, Dec. 3.—Calvin Demarest, of Chicago, won the final game and the championship tonight, defeating George Sutton, of Chicago, in the world's professional series at 182 balk line billiards, 300 to 78, in the fourth inning.

Sutton was nervous and could not get down to his game. Twenty-one was his highest run. Demarest made a run of 117, notwithstanding he played with apparent reckless rapidity. Demarest went out with an unfinished run of eighty-two.

WILL SEND TEAM TO ATHENS. American Trap Shooters to Take Part in the Olympic Games.

New York, Dec. 3.—The following officers were elected today at the annual

THE WEATHER.

Washington, Dec. 3.—The following is the weather bureau's forecast for Upper Michigan in main trap shooters at the meeting of the Interstate Trap Shooting association: A. P. Beard, New York, president; F. W. Olin, East Alton, Ill., vice president; A. H. Durston, Syracuse, N. Y., treasurer; Elmer E. Shaner, Pittsburgh, secretary and manager.

America will have a representative team of amateur trap shooters at the Olympic games in Athens next year, according to a resolution adopted today. Tom Marshall, mayor of Keittsburg, Ill., was authorized to pick the team.

The Grand American handicap will be held at Chicago in June; the Eastern handicap in Philadelphia in July; the Southern in Columbus Ga. in May; the Western in Des Moines, Ia., in August, and the Pacific coast in Seattle in September.

FRENCHMAN WRESTLES UNFAIRLY. Zhyisco the Victor in a Rough Contest With De Rouen at Kansas City.

Kansas City, Dec. 3.—Zhyisco defeated De Rouen, the Frenchman, in a rough contest in Convention Hall tonight. Referee Portous gave Zhyisco the first fall on a foul, after twenty minutes and eleven seconds. Zhyisco won the second fall with a cross-body and see-saw hold, after thirty minutes and thirty-five seconds. Zhyisco had the advantage throughout the match. De Rouen resorted to almost every unfair tactic known to the game until he was fouled. He gouged the Poleander in the eyes, twisted his nose, pinched his body, and slugged him. Zhyisco was showered with flowers by the four thousand spectators.

WALL STREET EXPECTS ANOTHER BIG MOVE. Now That J. Pierpont Morgan Has Acquired the Equitable and Its Two Trust Companies, It Looks for the Mutualization of the Life Assurance Society.

New York, Dec. 3.—The purchase of the majority stock of the Equitable Life Assurance society by J. Pierpont Morgan, announced last evening, is a move of vast import to the financial world, because of the virtual passing of the control of nearly half a billion dollars of assets and the domination of two large trust companies—is believed in Wall Street today to foreshadow a still more important move—the mutualization of the Equitable.

STOCK MARKET IS STRONGER. Prices Move Upward, Although Without Any Well-Defined Explanation.

New York, Dec. 3.—The prices of stocks rose today, without any well-defined explanation. The influences mostly were denial of the assertions current yesterday that the Federal reserve or renewed assertions of changes in the course of events which depressed the market yesterday. The feeling that the switchmen's strike in the Northwest will soon end relieved the market from considerable pressure. The necessity for a comprehensive wage adjustment has been admitted for some time. Since the switchmen of the Northwest struck, the fear had grown that the trouble would spread and overturn the reported arrangements for the advancement of the wages of the Eastern railroad employees.

Colonel Deserts to the Rebels. Bluefields, Nicaragua, Dec. 3.—Colonel Guadamuz, an officer of the Nicaraguan government army, has deserted Zelaya and with a hundred men has joined the rebel force at Rama. Guadamuz states that Zelaya's troops in the vicinity of Rama number 1,000, of whom two hundred are sick from lack of food.

Bodies of the Americans Burned. New Orleans, Dec. 3.—The bodies of Cannon and Groce were burned, according to passengers from Nicaragua today. It is reported they were incinerated to conceal the means of identification. Afterwards Zelaya found it impossible to conceal the matter.

PARLIAMENT IS PROROGUED. Election Campaign in the British Isles Already in Full Swing.

London, Dec. 3.—Parliament was officially prorogued today, the king's prostration speech being formally presented. Notice was issued that the taxes on tea, tobacco, spirits, etc., will continue to be collected, pending the assembling of the new parliament.

The election campaign is already in full swing. Many speeches were made tonight in all parts of the country.

BIG BALLOON IS TARGET. Fort Hancock Gunners Shoot for Hours and Never Touch It.

New York, Dec. 3.—A big balloon, sent up from the army proving grounds today near Fort Hancock withstood for several hours a shower of bursting shrapnel fired from the fort, without being damaged.

KING EDWARD ACCEPTS. He will Arbitrate the Disputed American-Chilean Claim.

London, Dec. 3.—King Edward, through the foreign office, today formally accepted the invitation to act as arbitrator of the Alsop claim dispute between the United States and Chile.

UNCLE SAM MEANS 'TO PUNISH ZELAYA

Any Attempt by Him to Escape from Nicaragua Will Receive the Vigorous Attention of the American Naval Forces.

Not Only Does the Little Dictator Refuse to Take Official Cognizance of Secretary Knox's Note, but Through Secret Agents at Washington He Is Endeavoring to Have Congress Set Aside the State Department's Ultimatum.

Washington, Dec. 3.—President Zelaya of Nicaragua has not only refused to take official cognizance of Secretary Knox's note, but is declared to have dispatched special agents to Washington to endeavor to have the state department's ultimatum set aside, first by appealing to that department and, secondly, by direct appeals to members of congress.

The state department is aware of the presence and identity of these emissaries. While they are being watched, nothing like espionage is being maintained.

It was reported today that any attempt of Zelaya to escape from Nicaragua would receive the vigorous attention of the American warships, this government regarding Zelaya as the man responsible for the torture and death of "Irene and Cannon."

Has Herchemen in Washington. President Zelaya's plan seems to light this afternoon, Fernandez Sanchez and Dr. M. Roman, former accompanied by his family, arrived here and registered at a leading hotel. Neither would talk. They gave their address as New York. Members of the Central American diplomatic corps, however, were in a flutter when they discovered the new arrivals. Sanchez, they declared, is a partner of Zelaya in many of the latter's business ventures in Nicaragua, and has managed to amass a fortune of four to five million dollars. Dr. Roman, the report continued, has long been Sanchez's business adviser. He also is a close friend and confidant of Zelaya.

During the afternoon and early in the evening more than a score of telegrams were dispatched from Sanchez's rooms. Almost an equal number were received. This telegraphic activity, the Central American insist, is aimed at the members of congress, with a view of winning enough of them to render the administration's present program inoperative in the event that it is presented to congress.

Mr. Knox Is Bored. Senator Castillo, the diplomatic agent of the provisional government of Nicaragua and representative of the revolutionists here, today formally requested that he be received by Secretary Knox on equal terms with the agents of the Zelaya government. This naturally will be refused, as neither the Nicaraguan representatives nor Castillo have official standing.

There were no developments at the state department today. Secretary Knox appeared bored when the subject of Nicaragua was mentioned. It was said that the Nicaraguan consuls in this country probably would not be disturbed, nor was it thought that the American consuls in Nicaragua would be required to leave.

Much Money in Circulation. It Amounts to \$34.98 for Each Person in the United States.

Washington, Dec. 3.—Every person in the United States would have \$34.98, if the money in circulation Dec. 1 were evenly divided. This is based on the treasury's estimate of a population of 89,524,990. The monthly circulation statement shows the general stock of money in the United States to amount to \$8,429,922,948, an increase of \$877,635 since a month ago. Of the total amount, there is in circulation \$3,131,510,934, an increase of \$6,631,877 over a month ago and \$13,749,991 over a year ago.

USE BLUE PENCIL AGAIN. Members of the Cabinet Give the Message Its Final Revision.

Washington, Dec. 3.—The members of the cabinet again operated on the president's message today and made several inserts, besides adding some other matter. The document tonight stands completed.

LAURIER RAPS LAKE NAVY. Ottawa, Dec. 3.—Sir Alfred Laurier, advising that the ten vessels manned by United States naval militia placed on the Canadian shore line at the mercy of the United States, comes out strongly for the Rush-Bagot convention of 1817. This treaty permitted but three vessels of each country on the lakes.

ACCUSED WOMAN GOES TO ST. LOUIS

At the Advice of Her Attorney, Mrs. L. B. Doxey, Arrested in Nebraska, Decides to Return to Missouri Without Requisition.

Bigamy and Murder Are the Crimes Charged Against Her, and It Is as a Result of the Detective Work of the Sister of Her Deceased Husband That She Has Been Taken Into Custody—That She Poisoned the Man Is the Suspicion.

Omaha, Dec. 3.—Mrs. L. B. Doxey, who was arrested in Columbus, Neb., on a charge of murder in connection with the death of Wm. J. Eder, of St. Louis, passed through the city this afternoon in the custody of a St. Louis officer. Accompanying the officer and his prisoner were Mrs. Doxey's husband, father, attorney and nurse. The party was detained an hour at the Union station, awaiting a Washburn connection. Meanwhile Mrs. Doxey was taken in an invalid's chair to the matron's waiting room, where she rested on a couch and ate a lunch.

"I advised Mrs. Doxey to return to St. Louis without requisition," said her attorney, "because I felt it best to have the trouble over with. Dr. and Mrs. Doxey have not acted wisely in taking steps that might have prevented this trouble. However, the matter will be easily adjusted, and no great amount of explanation will be necessary."

"As to the poisoning, French scientific writers have declared that every stomach contains a certain amount of arsenic. I presume that such condition will be found to exist in the case of Eder."

"Mrs. Doxey's physical condition is critical. It has been necessary to administer stimulants continually in the last few days."

Eder's Body to Be Examined. St. Louis, Dec. 3.—The coroner has completed arrangements for an inquest over the body of Wm. J. Eder. The state alleges that Mrs. Doxey put arsenic in Eder's food when she lived with him as his wife. The woman will arrive tomorrow in custody. If her condition is serious she will be placed in a hospital under guard, otherwise in jail. The judge may allow her to give bail, even though charged with murder.

Mrs. Doxey's three arrests on statutory, murder and bigamy charges are the result of the detective work of Miss Eder, the deceased's sister. Mrs. Doxey, now Fuller, was born at Alledo, Ill., in the twenty-nine years. Her husband was Robert Downing of Joy, Ills. He sued Dr. Doxey, compromised the suit and then divorced his wife, who married Doxey at Bloomington, Ia., Aug. 30, 1906. Before that, she became acquainted with Eder, and told him that she was going to marry Dr. Dodge of Bloomington, Ills. Returning later to St. Louis, she told Eder that she had married Dodge, but he had died. Eder then married her. The bigamy charge is based on the affidavit that Mrs. Doxey made as Eder's widow to get his \$3,200 life insurance.

PROSECUTION IS DROPPED. Louise Arbogast Not to Be Tried for the Murder of Her Father.

St. Paul, Dec. 3.—Louise Arbogast, indicted with her mother, Mrs. Mina Arbogast, for the murder of her father, Louise Arbogast, a wealthy butcher, May 13, last, will not be tried. The mother was recently acquitted.

Little Rock, Ark., Dec. 3.—The defense in the Ellis murder case was successful today in gaining the court's consent to instruct according to its request on the question of insanity. The argument of the defense was based on the declaration that Ellis was insane, and also on the insanity law.

SIX SAILORS ARE DROWNED. British Bark Is Lost Off Umatilla Reef, in the Pacific.

Portland, Ore., Dec. 3.—Advice from Tatoosh island, Washington, state that the British bark Matheron, founded Nov. 27, seventy miles off Umatilla reef. The mate, steward and four sailors were drowned. Twenty-seven of the crew were saved.

In leaving the vessel the mate's boat was dashed to pieces. The captain and twenty-six others steered their boats for Cape Flattery and arrived today at the Umatilla lightship.

HOW CHERRY FIRE STARTED. Testimony Is Given Substantiating the Charge of the Miners.

Cherry, Ills., Dec. 3.—The testimony at today's hearing before the coroner's jury and Illinois mining commission tended to substantiate the charge of the miners that the St. Paul mine fire was started from drawing a car of hay beneath an unprotected torch from which oil was dripping. It was shown that the electric cable was out of condition and in the meantime torches were used. A dozen witnesses testified.

RAILROAD MAN IS KILLED. Madison, Wis., Dec. 3.—Robert P. Goude of Baraboo, conductor on a North-western freight train, was struck by a passenger train in the Monona yards and instantly killed. He leaves a wife and two children.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

The world is still full of shams, but they don't take as well with the crowd as they did in days ago.

And still the Osborn boom continues to be the only one that is being aggressively pushed.

Evidently Uncle Joe isn't following the scriptural injunction 'love your enemies'.

There isn't so much being said about the imperative need of a tonnage tax on the output of iron and copper mines in the lower peninsula papers these days.

A Detroit man who is not on good terms with the mother of his infant child brought suit for a writ of habeas corpus to recover possession of the little one.

Detroit's cigar manufacturers turned out over 24,000,000 cigars, on which the government revenue was \$470,183.

If the county board should decide to have the proposal to make this a prohibition county go to the people in the spring election we shall have a lively contest in April just the same.

Those signers of the local option petitions who were subsequently induced to withdraw their names from the papers will no doubt be profoundly grateful when the moral questions involved by their action have been sufficiently discussed in the pulpits and press of the city.

Superintendent Morrow of the anti-saloon league explains the prohibition knockout in Alabama by saying that it was caused by the "natural hesitancy" of the voters to express their convictions through the ballot.

His name having been mentioned in connection with the nomination for lieutenant governor on the Republican state ticket to be set up next year, Russell A. Alger indignantly denies that he is seeking the honor, or would accept it should it be offered him.

By turning down the budget by a vote of 350 to 75, the British house of lords has put the issue up to the people.

Now the world will have another of those admirable demonstrations of close and quick touch between the government and the people.

Members of parliament, when in doubt as to the minds of the majority of their constituents, resign and let the people decide again whether they shall be continued in office or replaced by representatives of the opposing element.

Elections will be quickly called and promptly effected while parliament takes a short recess.

Running one to five years secured by first mortgages on improved real estate worth more than double outstanding debentures.

Superior Trust Company HANCOCK, MICH.

ordered a prosecution to be instituted against the club for an infraction of the law of the state by maintaining a locker system of handling liquors.

The State Republican of Lansing mentions that R. C. Flannigan of Norway was at the capital city Thursday of this week, and quotes him as saying that the upper peninsula stands solidly back of Chase S. Osborn's gubernatorial candidacy.

It is a question what will be the line of activity of the friends of the tonnage tax proposition.

Very well stated. All the mining interests up here want is a fair deal, and it is safe to take it for granted that the people of the lower part of the state are not going to insist on giving them a dirty one.

A Norway miner and his son, the latter aged fifteen years, were fined \$50 and costs, with the alternative of sixty days in jail, by a stupid justice on the Wisconsin side of the state line a few days ago.

Not having the money to pay the fine, the pair were taken to Marinette, Wis., for incarceration in the county hospital there.

On account of his age, could not be legally placed in jail under the sentence imposed by the justice, so he was turned adrift without a cent to pay his way home or for subsistence.

HOW IT WORKS. Many Americans have difficulty about understanding why the British people stick to a monarchical form of government instead of adopting a republican system similar to ours.

By turning down the budget by a vote of 350 to 75, the British house of lords has put the issue up to the people.

Now the world will have another of those admirable demonstrations of close and quick touch between the government and the people.

Members of parliament, when in doubt as to the minds of the majority of their constituents, resign and let the people decide again whether they shall be continued in office or replaced by representatives of the opposing element.

Elections will be quickly called and promptly effected while parliament takes a short recess.

Running one to five years secured by first mortgages on improved real estate worth more than double outstanding debentures.

cratic than ours. The government in that country is more immediately in touch with popular sentiment, and more dependent on it, as will be shown by the course of things there following the dissolution of the present parliament.

This explains why the British people are content to put up with a form of government ostensibly monarchical.

DEW TELL! Says the Jackson Patriot: The present condition of Michigan finances may furnish an effective argument next year why no Republican politician should be elected governor.

There are some Republican papers in Michigan which in their eagerness to get in a swipe at Governor Warner don't stop to think of the damaging blows they are administering to their party.

NOT A CASE OF "COLD FEET." From time to time there have appeared in Michigan papers unfriendly to the senatorial aspirations of Representative Charles E. Townsend intimations that he had deserted the so-called "insurgents" of the house, who sought to modify the rules of that body which the speaker had been charged with making despotic use of to control legislation.

The "insurgent movement" was an effort to reform the rules of the house at the first meeting of insurgents was investigated by myself and held in my office at Washington.

Copper Country

GATHERING OF FORESTERS.

Hancock Will Be Scene Tomorrow of Catholic Order's Reunion.

Thomas H. Cannon, of Chicago, high chief ranger of the Catholic Order of Foresters and president of the National Fraternal Congress, will be in Hancock tomorrow to attend the high meeting of the Catholic Order of Foresters of the copper country, under the auspices of the members of St. Bernard's court. Mr. Cannon is one of the best posted men on fraternal insurance in the country and he will be the leading speaker for the day. This is to be a meeting of the central conference of Catholic Foresters of the copper country. Hundreds of Foresters are expected.

At the afternoon meeting at the Kauth hall at 2:30 o'clock a large class of candidates will be initiated and a class of thirty-nine will be given the second degree. At 4 o'clock in the evening a banquet will be held in Germania Hall at which addresses will be made by several of the visiting Foresters, including Mr. Cannon and others high in the order. High Trustee M. H. Kern of Menominee, State Trustee William Leininger and other prominent officers will be present. The ladies of St. Joseph's church will serve. At 8 o'clock a mass meeting will be held at Germania Hall. At this meeting the prominent officers will speak again. The committee has extended an invitation to all Catholic men, whether Foresters or not, to attend this meeting.

LOGS THE YEAR AROUND.

Ontonagon Lumber & Cedar Company Will Run Mills All Winter.

The Ontonagon Lumber & Cedar company's mill at Ontonagon will resume operations next week, after a month's shutdown made necessary by the rebuilding of the burner. The plant is now in fine condition and is claimed to be one of the finest in the upper peninsula. The company expects to cut between 12,000,000 and 14,000,000 feet of logs this winter.

This company runs its mill eleven months in the year, because it conducts logging operations the year around. It maintains its own railroad, with about twelve miles of track, including main line and spurs. This road runs between Ontonagon and two camps, one three miles east of the town and the other three miles west.

Trying Steam Skidders.

A recent innovation in Ontonagon lumbering is the steam skidder. This machine is being used both by the North and Greenwood companies, and the Ontonagon Lumber & Cedar company expects to install one. The steam skidder does away with some of the picturesque features of old-time lumbering. In the old days the logs were hauled out of the woods by teams and an ordinary camp could have in use twelve teams of horses in this work. The teamster in those days was one of the expert men of the camp and received next to the highest wages. It required skill to maneuver a team of horses through the trees, hook them onto a log and haul it out with speed and without mishap.

The steam skidder is set up on the railroad track near where the trees are being felled. It is equipped with long lines attached to logging hooks or tongs and a box on horseback hauls this line and hooks into the woods and attaches them to the log. The steam skidder then hauls the log out of the woods with the speed of a blacksnake. The books are so attached to the end of the log that they act as guides and deflect the log if it strikes a tree.

ANNUAL BALL OF TRAINMEN.

Nineteenth Annual Party Will Be Held at Armory New Year's Eve.

Arrangements are being made by the Calumet branch of the Brotherhood of Railroad Trainmen to hold its nineteenth annual ball at the Light Guard armory the evening before New Year's on the night of Dec. 31. The old year will be danced out and the new year in. There will be many new and novel features that will make the event one of the most pleasurable of the season. Committees have been named as follows:

Arrangements—James Tobin, Joseph Elster, Ed. Othote, Dan Ross and Charles Ferris.
Floor—Adam McCormack, Con Sullivan, Herbert Rich, Jerry O'Brien, Wilfred Mozley and James Shea.
The Calumet & Hecla orchestra has been engaged to furnish music.

CLOSE OF JUBILEE WEEK.

Program of Religious Services at Grace Church Tomorrow.

The golden jubilee of Grace M. E. church of Houghton will close tomorrow. The following is the program:
10:30 a. m.—Organ voluntary; hymn No. 1; Apostles' Creed, prayer; anthem, by choir, "Prepare Ye the Way of the Lord"; Scripture lesson and Gloria; notices and special offering; bass solo, "The Way of Peace," Edgar H. Gould; sermon, Rev. Calvin M. Thompson; hymn No. 218; benediction.
12:15 p. m.—Sunday school and Bible classes.
6:30 p. m.—Epworth League devotional meeting.
7 p. m.—Organ voluntary; doxology; psalm, 23; hymn No. 232; prayer; anthem by choir, "Wake Up My Glory"; Scriptures; announcements and offering; soprano solo, Mrs. C. H. Priminger; sermon, Rev. Calvin M. Thompson; "Closing Our Anniversary," pastor; hymn No. 332; benediction.

The incident of the celebration last night was a big platform meeting, presided over by Rev. James Deese of Hancock, district superintendent. At this meeting Rev. William Steensma of Chassel was to have sung a baritone solo, but he was called away to Chicago, and the only musical offerings were a soprano by Mrs. G. L. Christensen and an alto solo by Mrs. Ira Wright. The speakers were Rev. E. E. Merritt, pastor of the Hancock M. E. church; Rev. E. Solwek, pastor of the Calumet M. E. church; Rev. Frank W. Knowles, pastor of the Houghton Presbyterian church; Rev. M. H. Eldred, pastor of the Peavick M. E. church; Rev. J. Sidney Gould, pastor of the Hancock Congregational church; and Rev. H. C. Shaw, pastor of the Lake Linden M. E. church.

TO HONOR THOS. TREVATHEN.

Grace M. E. Church Committee Will Probably Send a Memorial.

It is probably a very rare circumstance to find participating in the golden jubilee of any organization a man who was one of its charter members. The Rev. Thos. Trevathen of this district in Grace M. E. church of Houghton, which is now celebrating its fiftieth anniversary. At the banquet of Wednesday night acting on the suggestion of District Superintendent Pascoe, it was decided that the committee in charge of the celebration should extend in some way to Mr. Trevathen an expression of the veneration in which he is held by the church.

WEDDED AT ROUGHTON.

Louis A. Dravel and Miss Lottie Loranger Are Quietly Married.

Louis A. Dravel, ticket agent at the Houghton station of the Mineral Range road, and Miss Lottie Loranger, quietly married at Trinity church Thursday evening by Rev. Mr. Lund, the assistant rector. Only a very few of their friends were aware of the ceremony, and it was not generally known until yesterday morning, when they left on their wedding journey.

KEMP FAMILY HOLDS REUNION.

There was a reunion of the family of George Kemp, Sr., Sixth street, Red Jacket, Wednesday evening in celebration of the eighty-first anniversary of Mr. Kemp's birth, all of the family being present with the exception of one son, John, who resides in Arizona. Henry Kemp of Detroit was one of those present and the evening was pleasantly spent and the family board presented a scene of festivity. Mr. Kemp came to the Lake Superior country in 1868, after he had been six years in America, coming originally from Germany. Since 1868 and up until four years ago he had been in the constant employ of the Calumet & Hecla Mining company. Mr. Kemp is hale and hardy for a man of his advanced years. He has five sons and two daughters, who are: Dominick Kemp, Seventh street; Henry of Detroit; John of Arizona; George, Joseph and Miss Elizabeth at home and Mrs. John Knivvel of Elm street. Mr. Kemp is a very well known and popular man, especially among the earlier pioneers.

VILLAGE COUNCIL MEETINGS.

The Houghton village council met Thursday evening, a meeting which produced much talk but little action. A conflict between the Electric Light company and Electrical Inspector Croze resulted in nothing definite. The Houghton County Traction company was ordered not to use salt on its car tracks this winter. The council decided to share with the township board the payment of a \$60 salary to the janitor who will look after the village hall and the Carnegie library.

The South Range council appointed Andrew Clark night watchman and ordered a watchman's clock for his use.

Don't waste valuable time explaining why you failed. Get busy and make good.

FATALITIES AT CALUMET.

William T. Roberts and Paul Smalick Victims of Mine Accidents.

William T. Roberts, a miner, forty-four years of age, was killed yesterday morning by a fall of rock in No. 2 shaft of the Hecla branch of the Calumet & Hecla. He was a married man.

CONCERT AT FRIMOUNTAIN.

St. James Church Will Have a Musical Entertainment Tonight.

The following is the program of a concert to be given at St. James M. E. church at Frimountain tonight:
Solo—Miss E. Fueselmann.
Recitation—Arlene Caldwell.
Solo—James Johns.
Reading—Fred Hout.
Solo—Fred Bennett.
Recitation—Miss Maud Davis.
Solo—Peter Strien.
Duet—Mrs. R. Tromans and Mr. Johns.
Solo—Miss Gladys Cole.
Chorus—Choir of the church.
Solo—Miss Fueselmann.
Quartet—St. James male quartet.
Solo—H. W. Raymond.
Recitation—Mr. Caldwell.
Solo—Mr. Bennett.

FOSTER ENCAMPMENT ELECTION.

Hancock High Rank Odd Fellows Choose Officers for Year.

The following are the new officers of Foster encampment, Odd Fellows, of Hancock:
Chief Patriarch—Albert Brunette.
High Priest—Frank Kendall.
Senior Warden—John C. Kendall.
Junior Warden—Alex. Macdonnell.
Scribe—John Brewer.
Financial Scribe—Henry F. Key.
Treasurer—William Jeffery.
These officers will be installed at a meeting to be held on the first Wednesday of the new year. The first Wednesday will be the district deputy grand patriarch.

CATHOLIC YOUNG MEN.

Organization at St. Joseph's Church, Hancock, Is Perfected.

A Young Men's Catholic club, similar to the Y. M. C. A. of the Sacred Heart parish of Calumet, has been organized at St. Joseph's church, Hancock, with the following officers:
Spiritual Director—Rev. Fr. Glaser.
President—Napoleon Broderick.
Vice President—Joseph Francis.
Secretary—Archie Mayotte.
Treasurer—Joseph Wills.
Chairman of Athletics—Joseph Beaudin.
Librarian—Ernak Sinn.
Trustees: John Sinn, Jr., Joseph Doule and Lawrence Koop.
Weekly meetings of the club will be held in the parish hall. Gymnasium apparatus is to be installed.

HANCOCK CRIMINAL MATTERS.

Leander Kukula, John S. Green and Eli Strom Have Hearings.

The hearing of Leander Kukula, charged with the murder of Matt Kukula, whose body was found with a broken neck in Quincy ravine last week, opened in Justice Oliver's court yesterday.

WORK SHOES

Mayer WORK SHOES

It is not necessary for a work shoe to look clumsy to give good wear. Have your dealer show you the good looking, comfortable, well-fitting, Mayer Work Shoes.

Made of tough stock, heavy soles, solid counters, double leather toes, double seams. Made solid and will last longer than any other shoes you can buy.

MAYER WORK SHOES

are made for working men of all classes and are "built on honor." You can save money by wearing them. Will outwear any other shoe.

To be sure you are getting Mayer Shoes, look for the Mayer Trade Mark on the sole. Your dealer will supply you; if not, write to us.

FREE—if you will send us the name of a dealer who does not handle Mayer Work Shoes, we will send you free, post paid, a beautiful picture of George Washington, size 15x20. We also make Honorible Shoes for men, Leading Lady Shoes, Martha Washington Comfort Shoes, Yerna Cushion Shoes and Special Men's School Shoes.

MILWAUKEE, WIS.

SALVATION ARMY DINNERS.

Calumet Corps Taking Contributions for Benefit of the Poor.

The Calumet corps of the Salvation Army has issued an appeal to the people of Calumet, asking contributions to the annual Christmas dinner to the poor. The following is the appeal:

"Dear Friend: The Army lassie will not stop at your door with a basket because you are sure of a good Christmas meal, but your help is needed to make it possible for her to leave a basket at the needy homes in this city, also to carry on the winter relief work. The cases are investigated, so that we know the people receiving the dinners are worthy. Will you not join in making bright some home? The army's ability and willingness to do the work thoroughly and systematically are so well known that I do not need to take up your time to go into detail. Thanking you in anticipation of an early reply, I am, very truly yours, Adjutant."

ELKS MEMORIAL SERVICES.

The annual memorial service for "our absent brothers" will be conducted tomorrow by all the Elks lodges.

The memorial service for "our absent brothers" will be conducted tomorrow by all the Elks lodges. The Hancock lodge will hold a joint service at Calumet, with the following program:
Voluntary—Elks' orchestra.
Ritual.
Opening ode.
Blessing—Rev. J. E. Curzon.
Instrumental Selection—Elks' orchestra.
Eulogy—Rev. J. E. Curzon.
Instrumental Duet—"Calvary," E. B. King (tritone), and Fred Cowley (cornet).
Eulogy—Attorney Angus W. Kerr.
Solo—Mrs. Frank J. Kohlman.
Ritual.
Closing ode.
Benediction.

WEEKLY COPPER REVIEW

Gossip of Interest Concerning the Market Situation and Various Mining Properties.

[Paine, Webber & Co.]

The copper share market has been featured in two ways during the week. There was, early in the week, very pronounced and decidedly heavy selling on the part of the public, of those issues which Calumet already has been submitting. The public selling of these issues, amalgamated most particularly, was induced by the expectation that the circuit court decision in the Standard Oil case, would decidedly put a stop to the plans for the consolidation of Calumet with a most reliable source that such is not the case. That the terms and conditions upon which the merger is planned are such that they do not interfere either with the legal or moral effect of any laws now in force and that the plans for a copper corporation have already been submitted to prominent Washington officials in close touch with the administration and the plans and purposes of the corporation have been made known to the president himself, with the result that he appreciates the advantages to be gained by such a legal combination of capital as well as fully understanding the disadvantages under which the copper producing interests are now working by reason of their diversified and segregated efforts to furnish copper to the con-

City Brevities

Yesterday's temperatures: Seven a. m., 34 degrees; noon, 44; 7 p. m., 41; Maximum, 44 degrees; minimum, 34.

Lucrezia Bree of Hancock was a visitor in the city yesterday.

A dance will be given in Borden's Hall, Cherey tonight.

Dr. W. B. Linn and Dr. E. H. Flynn went to Milwaukee last night.

John M. Milroy of Escanaba was in the city on business yesterday.

B. C. Privau has returned from Cass county, Minn., where he has been with a government surveying party since last spring.

The last of the daily weather bulletins, issued during the summer months from the local station, were sent out yesterday morning.

Win. Clendinning left last evening for Chicago, and from there will go to Cincinnati to attend a Painters' and Decorators' convention.

Between 4 and 5 o'clock Monday the J. H. Foster company will give a bubble for making bubbles to every boy or girl that calls at the store.

The Swedish Crown society will hold their election of officers next Tuesday night. Other business of importance is to come up and a full membership is desired present.

Tom McKenna, roadmaster of the Marquette & Southeastern railway, suffered an injury to his leg while handling rails a few days ago, that will confine him to the hospital for several weeks.

Justice Byrne came down town yesterday afternoon with a dandelion in bloom, which he had just picked on his lawn. Not much use going to Florida for the winter under such conditions.

Nelson Blom, aged forty-seven years, died at St. Luke's hospital Thursday night and will be buried from his late residence, on East Ohio street, tomorrow afternoon at 2:30. He leaves a wife.

Bowling Match This Afternoon—The Guild Hall "10" team will bowl at the Guild Hall this afternoon at 4:30. It will be the first match of the five-men handicap series to be bowled at the up-town alleys. The lady members of the Guild Hall association are invited to be present as spectators.

Rev. Father Albert Dierkes, S. J., of Chicago will preach at high mass at 10:30 Sunday morning at St. Peter's church. In the evening he will begin a three days' retreat for the young ladies of the parish. Father Dierkes was one of the missionaries here last spring and at that time he organized the Young Ladies' sodality.

Four Deaths This Year—Nearly all of the Marquette Elks are planning to go to Nequamee tomorrow afternoon to attend the annual memorial exercises. Ladies are invited to attend. The special train arranged for will leave the South Shore depot at 1:30 p. m. Four members of the Marquette lodge have passed to the great beyond since the last memorial, held in this city a year ago. They are: Ed Prince, died Dec. 12, 1908; A. M. Bigelow, died April 2, 1909; Gad Smith, died Oct. 3, 1909; George W. Hager, died Nov. 15, 1909.

Much Interest in Project—Much interest is being manifested in the Hotel Superior project among the Marquette societies having lady members, and delegates are being chosen to attend the public meeting to be held at the city hall at 2 o'clock Monday afternoon. This meeting will be addressed by Miss Maggie Walz of Calumet and several Marquette women. The meeting is called for the purpose of formulating a plan for the purchase of the Hotel Superior and turning it into a charitable home for the friendless and aged women, with a sanitarium in connection.

Farewell Address—While Dr. Tupper's sermons at the Baptist church tomorrow will be his last pulpit utterances before leaving on Dec. 8 for his home in the East, still he has consented, in compliance with a general demand, that he address our citizens on the last evening of his Marquette stay, to deliver, without any admission fee, at a place to be announced on Monday next, Tuesday evening, Dec. 7, his popular lecture "Optimism vs. Pessimism; or How the World Grows Better." At the suggestion of Dr. Tupper a silver offering will be taken during the evening to aid the Visiting Nurses' association in their noble work. Let there be a large house to greet Dr. Tupper.

Plowing Yesterday—At the county house farm yesterday, a man and team were plowing all day. There is no frost in the ground to speak of and the weather is unusually good for plowing, in spite of the lateness of the season, when the ground is usually frozen hard and covered with snow. Though it is generally admitted that such mild weather early in December is very unusual, Deputy County Treasurer Wright stated yesterday that he could remember several winters during the last twenty years when about the same conditions prevailed, and that every time some one had come out with a statement that no similar weather had been experienced since the 'seventies or some other time only remembered by the oldest residents.

New Postal Cards—New styles of postal cards which have been ordered issued by the government will be received in Marquette in a few weeks according to reports from Washington. Designs for the cards have been approved by the postmaster general and are now in the government printing office. On the ordinary card the head of President McKinley will appear but the likeness will be much better than any heretofore used. On the new small cards the likeness of President Lincoln will appear. The two-cent international stamp will bear the portrait of President Grant. A novel and pleasing innovation has been made in the double or reply postal card. On the first or sending half will appear the portrait of George Washington and on the second or reply half will appear the picture of Martha Washington. The paper to be used for the new cards will be the best stock that can be obtained. It will be more attractive than the paper which has been used and will take ink much better.

INSURE WITH PETER WHITE & CO.
Favorite Base Burners are fuel savers. Ask us why.
(10-23 tf) KELLY HARDWARE CO.

Northern Normal Notes.

Oris Literary society held its regular meeting Monday evening.

Miss Maud Wilson, class '09, was a visitor at the Normal on Thursday.

President Kaye left Thursday evening for Lansing to attend the monthly meeting of the state board of education.

The girls have organized for basketball. Much interest is being shown and some excellent games are expected.

Miss Linton is especially pleased with the work of the Glee club. So many of the students have become interested and enthusiastic workers that some good things are promised us.

Miss Melbich returned yesterday from a trip to Chicago, where she has visited schools. She spent some time visiting the training department of the Chicago Normal, the School of Education of the University of Chicago and several of the city schools, and is much pleased with what she heard and saw.

Dr. Fought spent the Thanksgiving holidays in Chicago, attending the meetings of the Central Association of Science and Mathematics Teachers. Dr. Fought is a member of the committee on state Normal schools, appointed under the direction of the international commission appointed at Rome last year, for the purpose of investigating and making a report on the teaching of mathematics.

The art exhibit held at the school Wednesday, Thursday and Friday of this week was very successful. A number of the townspeople as well as the students took advantage of the opportunity of seeing the excellent collection exhibited. The favorites seemed to be "The Dutch Interior," by Valkenburg; "The Last Supper," by Da Vinci; "The Avenue," by Hobbema, and Rembrandt's "The Nightwatch." A master color which attracted special attention was Irvine's "Winter Quiet."

G. I. A. ELECTS OFFICERS.

At its annual meeting, held yesterday, the Ladies' auxiliary to the Brotherhood of Locomotive Engineers elected officers for the ensuing year as follows:

President—Mrs. Fred Flecker.
Vice President—Mrs. Henry Jackson.
Insurance Secretary—Mrs. A. Anderson.
Secretary—Mrs. Jas. A. Pearce.
Treasurer—Mrs. David Watt.
Chaplain—Mrs. Ellison.
Guard—Mrs. John McCarthy.
Sentinel—Mrs. Archie Rose.
Delegate—Mrs. Jas. A. Pearce.
Alternate—Mrs. John Brown.

IRRIGATION YET IN ITS INFANCY

RETURNING FROM CHICAGO SHOW, A. MATHEWS IS ENTHUSIASTIC OVER WESTERN LANDS.

WISCONSIN MINIS LOOK GOOD

Also Visited the Lead and Zinc District of the Badger State and Found Prosperous Conditions.

A. Mathews returned this week from a ten days' trip to Chicago and the Wisconsin lead and zinc district. During his eight days' stay in Chicago, he was a regular visitor at the National Irrigation congress and western farm products' show at the Coliseum and made a thorough study of the irrigation problem and its effect on the reclamation of arid lands in the Rocky Mountain country. He returned wonderfully impressed with the importance of irrigation, which is now merely in its infancy. He looks for a tremendous increase in the acreage of irrigated lands within the next few years and considers them a much better investment than irrigated lands. On an irrigated farm, one can raise as much on five or ten acres as on 100 acres of average unirrigated land, he says. Eddy Mathews, Mr. Mathews' son, who is now in Chicago, has just returned from a trip west, where he visited the property of the Bitter Root Valley irrigation company, located in Idaho, near Missoula, Mont. He has come back very favorably impressed with the agricultural possibilities of the irrigated farm lands in that locality and is now selling Bitter Root Valley farms in the Windy City.

Apples the Big Crop.

The Bitter Root Valley country, says Mr. Mathews, is best adapted to the raising of apples and the finest apples in the world are raised there. During the past twelve years the total apple crop of the United States has decreased from 10,000 to less than 24,000 barrels, and the Pacific Northwest is the only new country now being successfully planted to apple trees. Mr. Mathews states that the quality of the apples from the Bitter Root country, shown at the Coliseum exhibit, surpassed anything that he had ever dreamed of. A wormy apple in the Bitter Root valley is said to be unknown and the irrigation company offers \$250 to any person that will find a worm in an apple grown there. Government experts believe the reason for the absence of wormy apples is the cool nights, the temperature being so low the year around that the eggs of the coldling moth are killed in their incipency. After carefully investigating the many irrigation companies represented at the Chicago gathering, Mr. Mathews selected the Bitter Root Valley company as the one having the best lands, the best location and the strongest and safest management. Accordingly, he secured the agency for the state of Michigan for this company's lands and is preparing to actively push their sale among the people of this part of the state.

Lead and Zinc Mines.

In the Wisconsin lead and zinc district, Mr. Mathews found considerable activity, although some of the new mines have been closed down for the winter. In spite of this fact, the region is suffering from a scarcity of labor. Some of the mines are paying 5, 10, and even as high as 25 per cent dividends, monthly.

A. Mathews & Sons have control of 1,200 acres, near Shellsburg, in what they believe to be the best part of the lead and zinc country. All of this land has been leased by the Wisconsin Zinc company, a subsidiary corporation of the American Smelting company, and Mr. Mathews found the lessee to be operating three drills on the property. As a mine adjoining the property has been closed down on account of the Mineral Point bank failure, it is possible that that company's mill may be purchased to take care of the ores found on the Mathews property.

Mr. Mathews states that the region seems to be very rich in ores and that the formations are very interesting. Most of the veins are known as 10' block or 2' block veins, so designated because they run in line with the position of the sun at those hours, the two veins, of course, being at nearly right angles to each other. The richest ores are found at the intersections of the veins. The usual formation is a layer of "dry-gum," which is used in the manufacture of paint and often lies right on the surface; below that the lead formation, in which the lead deposits are usually in the form of cubes, and below the lead stratum, is found the zinc.

ALONE IN SAW MILL AT MIDNIGHT

Unmindful of dampness, drafts, storms or cold, W. J. Atkins worked as night watchman, at Banner Springs, Tenn. Such exposure gave him a severe cold that settled on his lungs. At last he had to give up work. He tried many remedies but all failed till he used Dr. King's New Discovery. After using one bottle he writes, "I went back to work as well as ever." Severe Colds, stubborn coughs, influenza, sore throats, sore lungs, hemorrhages, Croup and Whooping Cough get quick relief and prompt cure from this glorious medicine. 50c and \$1.00. Trial bottle free, guaranteed by The Stafford Drug Co.

Marquette has dairies old and dairies new, dairies large and dairies small; but the Marquette City Dairy leads them all. Everything modern, sanitary and up-to-date. "Equal to any practical dairy in the state," says Dairy Inspector Hall. Bell phone 223.

CONGESTION OF CARS.

South Shore Moving No Western Freight on Account of Strike.

The large number of cars standing in the South Shore yards is prima facie evidence that the switchmen's strike is not without its effect in this city. An official of the South Shore stated yesterday that no cars destined for points beyond Duluth were being sent forward but were being sidetracked wherever there was room along the line. The lower yards in this city are already well filled with this class of cars and similar conditions prevail all along the line. The South Shore has enough switchmen working in Duluth and Superior to move local freight but no through cars being moved at present on account of the strike several train crews on the west end of the road have been laid off. The only places along the line of the South Shore where the switchmen have quit work are Duluth and Superior, and everything except western traffic is being handled as usual, but the greater part of the coal consumed in Marquette comes from Chicago, there is little danger of a shortage here, even if the strike should continue for some time, unless the Chicago packers should become sold out. Work was received yesterday from the C. M. St. P. & O. road that freight would be accepted subject to delay. This followed a previous notice that no freight would be accepted and indicates that strike conditions are improving. Local railroad men generally believe that the strike will be of short duration and that the demands of the switchmen are beyond all reason.

LAKE CAPTAIN MADE GOOD.

Showed Salt Water Sailors That He Was Not So Slow, After All.

"Some of those ocean mariners think that we lake sailors are not to be compared with them at all," said a lake captain recently, "and look at our company's small boat to sail a toy ship in a wash tub."

"I remember some years ago when a vessel was stranded on the Pacific coast and was turned over to the underwriters. They tried their hardest to induce a wrecking company to pull off the vessel, but their captains gravely shook their heads over the wreck and pronounced her good for nothing more than kindling wood. Finally, as a last resort, Captain James Reid was summoned to try his hand."

"Reid made a trip to the place where the vessel lay, glanced around for a few minutes and said, 'easiest thing in the world.'"

"Next day with a handful of men, a few cables and pack-sacks and a yoke of oxen he waded out to the vessel, to float the monster. Old sea salts winked at each other and said a few things about the ignorance of those 'pond' seamen. "But Reid didn't pay any attention to them. With his team of oxen he plodded along, jacking up the vessel, a great canal in the beach and one day when all was in readiness just naturally launched the ship."

"When the captain with his yoke of oxen came back on the vessel, in tow of a tug, in less than two weeks, the remark made the round that some of those lake sailors were not such dog-dogged lubbers after all."

BIG TREE IN MEXICO.

A cypress tree near Chastaca, Mexico, is believed to be the largest in circumference of any in the world. It measures 104 feet around the trunk at a height of 130 feet, and twenty-seven people holding hands can just reach around it.

The tree has stood for many centuries, and part of its trunk has commenced to decay from sheer old age. One person of a statistical turn of mind has estimated that the tree and its branches must weigh something like 1,300 tons.—Wide World Magazine.

NOTICE TO TAXPAYERS.

City Treasurer's Office, Marquette, Mich., Dec. 1, 1909. Notice is hereby given, that the general tax roll of the city of Marquette, with all regular taxes, state, county and municipal, for the year 1909, spread thereon has been deposited with me and is now in my office in the city hall, and that the amount of taxes therein assessed and specified are due, and may be paid to me at any time up to and including the 28th day of February, 1910. On all state and county taxes paid to me on or before January 8th, 1910, a collection fee of one per centum will be charged, and on all such taxes paid to me on and after January 10th, 1910, a collection fee of four per centum will be charged. On all municipal taxes paid on or after this date, a collection fee of three per centum will be charged. R. P. BYRNE, City Treasurer. (12-3-1-8)

Upper Peninsula

Met Death on Railroad Tracks

While attempting to cross the Chicago & Northwestern railroad crossing on Michigan avenue at Menominee while the gates were down, Albert Reha, a night fireman for the Marinette & Menominee Light & Traction company, was run down and instantly killed by a switch engine. The locomotive, which was in charge of Engineer A. T. Garland of Green Bay, was going at a low rate of speed and was stopped before it ran over the man. Reha's skull was fractured and a leg was broken. Death was instantaneous. Reha was fifty years of age and leaves a wife and seven children, some of whom have reached adult age.

Alleged Deserter Captured

Patrolman "Charley" Rieger of the Sea got a good many free rifles across the river on the ferry the other afternoon before he finally saw the man he was looking for. He had a tip that a deserter was coming across, and he now stands good chances of getting the customary \$50 reward. It was not until valley after valley or questions had been fired at him in Chief Swart's private office by the chief and Judge Rumiels that the prisoner finally made his identity known. He said he was A. B. Merchant, and that he had enlisted three years ago in the Twentieth infantry at Uniontown, Pa. He said he deserted from Fort Wayne, Detroit, about a year ago. Merchant had been working in the woods. He has been handed over

to the officers at Fort Brady and an inquiry is now in progress to ascertain positively whether and where he is wanted.

Many a man fails to arrive because he started with cold feet.

State of Ohio, City of Toledo, Lucas County, Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, county and state aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1909. (Seal.) A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free. F. J. CHENEY & CO., Toledo, O. Sold by all druggists, etc. Take Hall's Family Pills for constipation.

KILLED AT BUTTE.

Former Wellknown Ishpeming Man Met Death in Montana City.

Mrs. Samuel Lind of North First street, received a telegram Thursday evening, advising her that her son, George, who lived at Butte, Mont., had been killed. No particulars as to how he met death were given in the message, nor did his relatives here know whether he was engaged in railroad work or mining. His brother, William J. Lind, of the draying firm of Lind Bros., left yesterday for Butte. He will not know until he arrives there whether the remains will be brought to Ishpeming for burial, as that is a matter that will be settled by the widow of the deceased.

The deceased left here for Butte about three years ago. For some time before his departure he was in the employ of the Chicago & Northwestern Railway company as fireman. His widow is a daughter of Captain William Wivell, formerly of the Cleveland Hard Ore mine, now located at Crosby, Minn. He was about thirty-seven years of age and was reared in Ishpeming. Besides the widow there are three children surviving.

ODD FELLOWS TO DEDICATE NEW HALL

HANDSOME QUARTERS IN THE SOCIETY'S OWN BLOCK WILL BE DEDICATED AT THE FIRST MEETING IN JANUARY.

The improvements in the building purchased a year ago by Alhnek lodge of the Independent Order of Odd Fellows, which have been in progress ever since last spring, will soon be completed. The lodge is leaving nothing undone and when the work is finished the members of this progressive organization will have reason to feel proud of their efforts. The rooms on the second floor, where the lodge has one of the nearest meeting places to be found in the upper peninsula, are most attractive. The corner suite of rooms, formerly used as a tailoring establishment, have been rented to Dr. S. G. Main, who will move his dental parlors there as soon as the decorating is completed. New plate glass windows were recently put in and an arch separates the two main rooms. These same quarters were also used as parlors more than twenty years ago, but they were never in the condition that they will be when Dr. Main moves in.

The society recently purchased of N. E. Skud a rug for the main hall that contains over 200 yards. This is by far the largest rug in the city. It is what is known as an Axminster all-wool rug and the design is very pretty, while the colors also harmonize well. Several men worked yesterday putting down the rug and it adds greatly to the general appearance of the hall.

At the first meeting in January the new hall is to be dedicated. A committee was appointed at the regular meeting held last evening to make arrangements for the dedication, which will be one of the most important meetings that the society has ever held. The hall was opened a few weeks ago and nearly 300 members of the several lodges in the county were present. It is expected that there will be fully this many in attendance at the dedicatory services. At that meeting the hall will be much more convenient and attractive than it was when it was first opened, as all of the furniture and fixtures will be complete. The hall has been sub-rented to a number of societies and is being used several evenings a week.

At last night's meeting the following officers were elected for the ensuing year:

Noble Grand—Richard Carlyon.
Vice Noble Grand—John Strongman.
Recording Secretary—John T. Quine.
Financial Secretary—W. T. Cole.
Treasurer—N. E. Skud.

The appointive officers will be announced at the first meeting in January, when all the officers will be installed prior to the dedicatory services.

ATHLETIC LEAGUE.

Sunday School Members of the Senior Y. M. C. A. to Play Ball.

Several of the members of the Sunday school classes of the senior division of the Young Men's Christian association have entered teams for an indoor baseball season, to be conducted this month and next. The classes entered represent the Presbyterian, Methodist, Episcopal, Swedish Lutheran, Norwegian Lutheran, Calvary Baptist and Grace Episcopal Sunday schools. The teams have been divided into two sections in order to play off the games before the basketball season begins. Each team will play each other team in its division and there will be two semi-final games and a final. A shield will be presented to the winning team.

The first game will be played next Tuesday evening, starting at 8:30 o'clock, in the gymnasium. The opposing teams will be the Episcopal and Norwegian Lutheran. On the following Tuesday evening, Dec. 14th, the Presbyterian and Swedish Methodist teams will play; on Dec. 21 the Baptist and Grace Episcopal teams will oppose each other; on Dec. 28 the Swedish Methodist and the First Methodist Episcopal teams will meet. On the evening of Jan. 4, the Baptist and Norwegian Lutheran teams are scheduled to meet and on Jan. 11th, the Presbyterian and Methodist Episcopal teams will play.

The first social of a series to be conducted under direction of the Senior class will be given this evening in the gymnasium. Each member has been furnished with a blank invitation so he may invite a friend. Members as well as those receiving the invitations are expected to bring the ladies. The program for the evening will consist of Cornish wrestling exhibitions by Harry Matthews, S. H. Drake, Jack Ivey and William Viant. This will be followed by basketball and other sports in the gymnasium. There will also be bowling and other games. The Y. M. C. A. orchestra and male quartet will render musical numbers.

DIED UNEXPECTEDLY.

Mrs. Julia King, an old and well known resident of Republic, who had been in this city for some time, visiting her daughters, Mrs. Michael Siva and Mrs. J. J. Sullivan of North Third street, died suddenly yesterday morning about 8 o'clock at the home of the former. The deceased was eighty-eight years of age, but in spite of her advanced years she had enjoyed unusually good health. Besides the two daughters, two other children survive, her husband having died a few years ago. The remains will be taken to Republic this morning and the funeral will be held there either tomorrow afternoon or Monday morning from the Catholic church.

RICH MEN'S GIFTS ARE POOR

Beside this: "I want to go on record as saying that I regard Electric Bitters as one of the greatest gifts that God has made to woman. Mrs. G. H. Binn-vault, of Vestal Center, N. Y. 'I can never forget what it has done for me.' This glorious medicine gives a woman buoyant spirits, vigor of body and jubilant health. It quickly cures Nervousness, Sleeplessness, Melancholy, Head-ache, Backache, Fainting and Dizziness; sores, builds up the weak, ailing and sickly. Try them, 50c, at The Stafford Drug Co.

HAD CLOSE CALL.

Harold Hosking, a miner employed at the Barron mine at Hunkohli, had a very narrow escape from death one day this week. He was pushing a tram car down an incline on the fourteenth level, when the car went over the slope, taking him with it. The incline was about eight-five degrees, and several times during the descent Hosking was struck by the car, as well as by chunks of dirt thrown from it. His injuries consisted of a dislocated shoulder and a few bad cuts and bruises. Hosking had been working at the mine about two weeks, having gone there from the Quincy mine, at Hancock, where he had been employed for nearly two years. He fought in the Boer war during the conflict in South Africa, taking part in thirty-seven engagements. He was shot in the leg in one of them and spent some time in a hospital, where one of his ankle bones was amputated.

HAS BEEN HERE BEFORE.

Miss Gertrude Perry, leading lady in "Granstark" company which will hold the boards at the Ishpeming theater next Friday evening, was the leading lady in Al H. Wilson's company when it played here two seasons ago. She was also the leading lady in "The New Minister," when it was produced at the Ishpeming theater three seasons ago. Miss Perry is an exceptionally clever actress, and according to the newspaper critics of the cities where "Granstark" has been playing this season, the cast is adequate. The play, which is dramatized from the novel of the same name, embraces the main features of the book, and it is elaborately staged. It was originally produced in Pittsburgh and was proclaimed a success from the very start. From that city it went to New York, where it ran for three months, thence going to Chicago for a run of ten weeks.

S.S.S. FOR SORES AND ULCERS

There is but one way to cure an old sore or chronic ulcer, and that is to remove the cause that produces it. No matter where the sore is located, any sore that remains until it becomes chronic does so because of impure blood; the circulation constantly discharges its polluted matter into the place and it is impossible for nature to heal the sore. S.S.S. heals sores and ulcers by purifying the blood. It removes every trace of taint or impurity from the circulation, and thus completely does away with the cause. No local application reaches below the infected flesh at the spot, and for this reason has no curative effect on a sore or ulcer; while such treatment is being used alone, the germs and impurities are constantly increasing in the blood and the sore is bound to grow worse. When S.S.S. has cleansed the blood and enriched and purified the circulation the place begins to take on a more healthy appearance, the different symptoms show improvement, the flesh around the sore gets firm, new skin and tissues are formed, and aided by pure, rich blood, nature provides a perfect and lasting cure. Under the tonic and blood-purifying effects of S.S.S., the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be greatly benefited by its use. Book on Sores and Ulcers and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

MARKETS

NEW YORK STOCKS.

Paine, Webber & Co's correspondent at New York yesterday telegraphed as follows: "After early irregularity, the stock market became strong and active, with gains recorded throughout the list. The tenor of the news from Washington, together with the reports in regard to the strike in the Northwest, were of a more favorable character, and caused an active demand from the short interest. The higher prices reported on the movement induced realising, but the demand continued good up to the close. Forecasts indicate that tomorrow's bank statement will show a material loss of cash, and fears are expressed in some quarters of a slight hardening in money rates next week."

Little Girl's Pathetic Case—

After a puzzling and prolonged illness which has changed her entire nature, little Janet Dalg, the five-year-old daughter of William McLaren Doig of Sault Ste. Marie, is showing steady improvement and gives promise of eventually recovering all of her faculties. The little girl up to last May was a well developed, healthy child, intelligent and full of life. On the 10th day of that month she attended Sunday school between 12 and 1 o'clock at the Presbyterian church, and returning home was joyfully informing her mother that she had been honored by her teacher by being allowed to take up the collection for her class. She had not gotten through with her story when she fell into her mother's arms in convulsions, one following the other for several hours. Her recital of her Sunday school episode was the last intelligent conversation that she has indulged in.

Physicians who were summoned diagnosed her case as ptomaine poisoning from some canned beans served by the family the day before, and this later developed into spinal meningitis. The little girl remained in an unconscious condition for nine weeks, during which time her life was despaired of. Nothing that could be done seemed to arouse the patient, but after regaining consciousness she began to show improvement in her physical condition and has been gaining strength in health and strength. As soon as she was able she was taken to Detroit, where she was examined by specialists, who said that only rest and time would result in a cure. She was then taken to the 3d family sanatorium at Kippen, Ont., where she remained until Oct. 4, when she accompanied her parents back to the Soo.

Since that fatal Sunday when she was stricken, Janet's mind is a complete blank as to her former life. She recognizes none of those whom she knew before and her former playmates from whom she was almost inseparable are as total strangers; indeed she shows an aversion to their company. She did not recognize her parents and her mind was that of an infant. She has to begin all over again and is learning the first rudiments taught in babyhood. She has a good appetite, sleeps well and is as strong and healthy as any well developed child of her age. Her nature, however, appears to have undergone a complete change and she is not at all the same child she was before her illness. Specialists say that in a year or two she will regain her faculties, but they doubt if she will ever remember anything in her life previous to the time she was stricken with convulsions on that beautiful Sunday afternoon in May.

That boy of Escanaba Made a Move— That boy of Escanaba may have a place to spend their evenings, Rev. Father Langan, pastor of St. Patrick's

LEGAL LAONICS.

J. M. Perkins, who has been in Chicago this week, is expected home this morning. Mrs. Perkins will probably remain in the city a few days longer.

The Republic Iron & Steel company, which is preparing to sink a new shaft between the Cambria and Lilly shafts, has decided not to put in a temporary hoist, as had been at first planned. The hoisting will be done from the main engine house at the Cambria.

An important meeting of the Negaunee German Aid society will be held tomorrow afternoon. Among the business to be transacted will be the appointment of committees to make arrangements for the society's annual masquerade ball, to be held the latter part of January.

The two boilers at the Davis mine engine house, where the Breiting interests are preparing to resume operations, are to be moved to W. T. Cole's boiler works at Ishpeming for an overhauling, as they can be repaired quicker and to better advantage there than at the mine. The boilers will be loaded on cars and sent to the shops within the next few days.

The members of the three lodges of the Fraternal Order of Elks in the county are showing much interest in the memorial exercises, to be held tomorrow afternoon at McDonald's Opera House under the auspices of the Negaunee Lodge.

The visiting members will assemble at the local society's hall in the Shea block and will march from there to the opera house. In the list of names of the deceased members of the Marquette Lodge published yesterday, four were overlooked. They were Joseph Prince, who died Dec. 12, 1908; A. M. Bigelow, whose death occurred May 2, 1909; Gad Smith, who passed away Oct. 3, 1909; and George W. Hager, whose demise occurred the 15th of last month.

FROM MORGAN'S CURB LETTER.

The New York market opened lower, but developed strength, slowly and steadily during the session. Advances were general throughout the list, and gains of a point were common. The bulk of the trading was in Amalgamated, the Steels, Union Pacific and Reading. Eastern advices are bullish and higher prices are generally predicted.

In Boston, Lake, the Cole-Ryan stocks and Boston Consolidated were again most conspicuous in the trading. The latter list was strong, and advances were the rule. Lake advanced 4 points from the opening, Greene 3, and Groux 2. The market looks higher. After noon New York reported heavy buying of Greene Cananea, Groux and Boston Consolidated there. There was no news to account for the advance.

The curbs were unusually quiet. Early in the session there was heavy trading in Cactus and Chief, and both advanced. Later they became dull and lost a small fraction each. Live Oak advanced to 23. The other curbs, while quiet, were firm, and in most instances slightly higher. Most money will be made by buying the good curbs now, as these have had no material advance as yet.

Yesterday's prevailing prices were:

LOOKING ONE'S BEST.

It's a woman's delight to look her best, but pimples, skin eruptions, and boils rob life of joy. Listen! Buckle's Arnica Salve cures them; makes the skin soft and velvety. It glorifies the face. Cures Pimples, Sore Eyes, Cold Sores, Cracked Lips, Chapped Hands. Try It. Infallible for Piles. 25c. At The Stafford Drug Co.

Negaunee Department

ANN STREETS SWER IS NOT PRACTICABLE

FALL IN 4,200 FEET WOULD BE BUT THREE THIRTY-SECONDS TO THE FOOT, WHILE IT SHOULD BE AT LEAST A QUARTER OF AN INCH IN EACH FOOT.

At the regular monthly meeting of the council Thursday evening, R. A. Protherton, one of the Cleveland-Cliffs iron company's engineers, submitted, on request of the council, an estimate of the probable cost of a sewer on Ann street in the eastern part of the city. He figures the total cost at \$7,892.82. There would be 93,333 cubic feet of excavating at an average cost of fifty cents per yard, making a total of \$4,666.50. It would require 4,200 feet of twelve-inch tile pipe at a cost of fifty cents per foot, or \$2,100. Eight manholes placed about 500 feet apart, would cost \$500, or \$70 each. The average depth of the cut would be fifteen feet.

Mr. Protherton found that the sewer would hardly be practicable on account of the fall in the 4,200 feet being only thirty-seconds of an inch in each foot. He expressed the opinion that the fall should not be less than a quarter of an inch in each foot to ensure that the sewer clear itself readily.

Superintendent Wilbuan of the board of public works stated that the greater part of the 4,200 feet would be through sand, though some large boulders would probably be encountered. It would be necessary to use piling the greater part of the distance. The cost of the timber necessary for the piling and the expense of putting it in is figured in the engineer's estimate.

About twenty-five families would be directly benefited by the service, though it is expected that in time the list will be considerably increased, provided the Cleveland-Cliffs iron company, which owns the lots, is willing to donate the less than for building purposes. The profiles and estimate of cost submitted by Mr. Protherton were referred to the board of public works with further time in which to submit recommendations.

The committee on streets and highways submitted its report showing that \$25,000 was expended in November on the streets and roads. The various items of expense were as follows: Building team road on Rock street, \$97.50; macadamizing Park street, \$114; operating roller, \$15; cleaning crossings, \$12.00; grading, \$10; Queen and Sterling streets, \$18.50; cutting down and filling the Mary Charlotte road, \$72; plowing walks and shoveling snow, \$49.90; surveying, \$2.

On recommendation of the committee on streets and highways, the matter of providing an alley on the east of Campbell street, between the residence properties, was deferred until such time as the parties directly interested petition the council in the proper way. The recommendation was concurred in.

Try some of Heinze's smerkrant if you like something good; in cans and bulk. GEO. J. HAUPPT'S Grocery. (12-1-1f)

RECEIPTS OVER \$2,100.

Lighting Plant's Revenue Cut Off Last Month by Injury to Turbine.

The burning out of one of the coils in the electric generator of the turbine at the municipal lighting plant last month was the means of reducing the receipts considerably in November. If the plant had not met with the accident it is thought that the November receipts would have been the largest in its history. The heaviest loss will be the amount that had been received for several months previous from the Cleveland-Cliffs iron company for the power furnished for the operation of its electric motors. The amount received for the service was about \$350 per month.

The total receipts of the plant for October, as reported to the council by W. H. Mitchell, clerk of the board, were \$2,128.40, compared with \$1,298.15 in the corresponding month last year. In November, 114 new incandescent lights were added, bringing the total number on the circuit to 7,900. On the air circuit there are sixty-four street and eleven commercial lights.

Superintendent Wilbuan of the board of public works reported that 141 tons of coal, fifteen gallons of cylinder oil and eight gallons of machine oil, representing an outlay of \$7,526.28, in November last year ninety and one-half tons of coal were consumed at the water works plant and 133 tons and ninety pounds at the electric lighting plant. The number of strokes registered by the pumps last month were 41,172, compared with 33,929 in November last year. The total number of kilowatts generated for the operation of the meatless service last month were 41,500 and for the street lighting circuit, 7,427.

STUNG FOR 15 YEARS.

By Indigestion's pangs—trying many doctors and \$200.00 worth of medicine in vain. P. F. Ayer, of Ingleside, N. C., at last used Dr. King's New Life Pills, and writes they wholly cure him. They cure Constipation, Biliousness, Sick-Headache, Stomach, Liver, Kidney and Bowel troubles. 25c. At The Stafford Drug Co.

NEW POLICE OFFICER.

Council Elects Simon Maki to Succeed Victor Maki, Resigned.

Victor Maki, who had been a member of the police force for some time, gave up his job the first of the month to accept a position with Lammi & Rytönen, the Case street grocers. Maki's resignation was not expected by Marshal Rough, and he immediately appointed Simon Maki, a well-known Finnish resident, to fill the vacancy. At the meeting of the council Thursday evening Mr. Maki was elected, having received seven out of eight votes, the other vote going to Isaac Hill. Others who made application for the position were Jacob Leppilampi and Charles Larsen. Formerly a member of the force for some time prior to last spring, when Victor Maki was chosen in his place. The new officer has lived here for twenty-one years and he has been employed at the Queen mine for a number of years past.

The purchasing committee was instructed to order a new uniform for the new officer. Hereafter the uniforms will be the property of the city and the officers will be held responsible for them.

On motion of Alderman Miller, Mayor Winter was instructed to request the board of public works to hold monthly meetings in the future and to submit a report at each regular monthly meeting of the council.

Mayor Winter advised the council that he had placed \$5,000 insurance on the new hose houses. The matter of placing any additional insurance needed has been placed in the hands of the committee on insurance, together with the fire department committee.

Residents of Cornishtown petitioned the council for are lamps in the grove, near the Jackson mine office, and at the Lake Superior & Ishpeming Railway company's crossing, near Cornishtown.

Mrs. Fred Zimmerman and Mrs. James Jewell asked the council to exempt them from paying taxes. The requests were granted but both will be obliged to pay their taxes and then receive a refund from the city treasurer.

The finance committee reported a balance of \$13,549.06 in the city treasury Nov. 15.

We have the exclusive agency for Chase & Sanborn's famous Seal Brand Coffee. A trial, that's all. (12-1-1f) GEO. J. HAUPPT.

SONS ELECT OFFICERS.

At the regular meeting of the local lodge of the Sons of St. George, held this week, the following officers were elected for the ensuing term: Past President—William Hatch. President—John Toms. Vice President—W. J. Thomas. Financial Secretary—Joseph Curtis. Recording Secretary—Sidney Northey. Treasurer—Elias Daves. Messenger—Thomas Stanaway. Assistant Messenger—James Toms. Outside Sentinel—John Snowden. Inside Sentinel—Garfield Blos. Trustee, eighteen months—William Bath.

Odd Fellows' Election.

Iron Mountain Lodge, No. 122, of the Independent Order of Odd Fellows, elected the following officers for the ensuing term at its regular meeting Thursday evening: Past Noble Grand—E. Polkinghorn. Noble Grand—Charles Hains. Vice Grand—Fred Ware. Recording Secretary—J. Hansen. Financial Secretary—Fred Staples. Treasurer—R. G. Jackson. The appointive officers will be announced at the first regular meeting in January, when the installation will take place.

Catholic Foresters' Election.

The election of officers of St. Paul's court of the Catholic Foresters, held Thursday evening and resulted as follows: Past Chief Ranger—T. E. Gaffney. Chief Ranger—T. J. Flynn. Vice Chief Ranger—Frank Meisch. Treasurer—O. Jandron. Financial Secretary—J. P. Miller. Recording Secretary—Michael Curley. Trustees—A. Mesnard, J. F. Winter and C. Nadeau. Conductors—Guy Katus and Charles Belanger. Sentinels—Joseph Mercier and Thomas Cervanayk. Spiritual Director—Rev. C. Langner. Speaker—J. P. Green.

The latter is a new office created by the High court at its last annual session. The duties of the speaker will be to preside over the meetings under the head of the "good of the order." The speaker will also be a member ex-officio of all committees. The installation will take place on the evening of Jan. 6.

CHRISTMAS PRESENTS.

There is nothing more appreciated by your wife, mother, sister, or intended bride than a Singer sewing machine for a present. It is not only a household necessity, but also a handsome piece of furniture. We are now showing the new styles, most modern in mechanical construction and woodwork. We have them in the full parlor cabinet, mahogany, birch, maple, mission, oak and walnut, in all styles from the five drawer to the full cabinet. Such a present will be highly appreciated and will last for a life time. We invite you to call at our stores and look over our stock before selecting a present for your beloved ones. Make us call for cash or easy payments and deliver the goods, guaranteed for five years, and will store same for you and deliver on Christmas eve at your option. We will give free of charge with each cash sale from now until Christmas, only one Singer stocking darning, Singer stars, located in the Coples block, Iron street, Negaunee. (12-4-10-14-17-21-24)

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman. I know woman's sufferings. I have found the cure. I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—you, your mother, your daughter, your sister, or your friend. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand woman's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhoea or White discharges, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths, also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles where caused by weak kidneys peculiar to our sex. I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the treatment a complete trial; and if you should wish to continue, it will cost you only about 12 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVICE"—with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to know their doctor. You must have an operation, if you can't decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all, old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Discharges, and Painful or Irregular Menstruation in Young Ladies. Pimples and health ailments result from its use. Whichever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also the book. Write today, as you may not see this offer again. Address MRS. M. W. SUMMERS, Box H. Notre Dame, Ind., U. S. A.

WATER BOARD ASKS AID FROM COUNCIL

ALDERMEN REQUESTED TO SUBMIT AMENDMENT OF CHARTER TO VOTE OF PEOPLE.

TWO CHANGES ARE WANTED

Would Make Majority of Those Voting Sufficient to Carry Bonding Proposition and Slightly Raise Bonding Limit.

At a special meeting of the water board held last evening a resolution was passed, which will be presented to the council at their meeting Monday evening, requesting that body to submit an amendment to the city charter to the people, providing that a majority of those voting at a bonding election shall be sufficient, instead of a majority of all the electors in the city, as the present charter reads.

The board also decided to accept the proposition of the Duluth Engineering company for several sets of plans, specifications and cost estimates for improving the present water works system. This was practically agreed upon when Mr. McSilvay was here two weeks ago, but the matter was finally closed last night. Mr. McSilvay will furnish estimates on extending the intake pipe, removing the plant to Presque Isle and installing a reserve system, which contemplates the substitution of electric for steam power.

Text of Proposed Ordinance. The ordinance on which the board desires the council to take favorable action Monday evening is as follows:

"An ordinance proposing the amendment of Section 7 of Act 243 of the local acts of the legislature of the year 1893, entitled 'An act to create a board of water commissioners in the village of Marquette, and to define its powers and duties.'

"The City of Marquette ordains: 'Sec. 1. The common council of the city of Marquette hereby proposes that section seven of act 243 of the local acts of the legislature of the year 1893, entitled 'An act to create a board of water commissioners in the village of Marquette, and to define its powers and duties,' be amended to read as follows:

"Sec. 7. For fire department or water works purposes, or to refund or renew bonds issued for such purposes, or for the renewal of such refunding or renewal bonds, the said commissioners shall have power to borrow upon the

credit of the city of Marquette, from time to time, upon the best terms they can make for said time as they shall deem expedient and at a rate of interest not exceeding six per cent per annum, a sum of money which shall not cause the aggregate bonded indebtedness of the city for fire department and water works purposes, including bonds then outstanding issued for fire department or water works purposes and for refunding or renewal of bonds issued for such purposes, to exceed three and one-half (3½) per cent of the assessed value of the property of said city, as shown by the last preceding assessment roll; and they shall have authority to issue bonds pledging the faith and credit of said city for the payment of the principal and interest of said bonds, which bonds shall issue under the seal of said board of commissioners and shall be signed by them or a majority of them. And said commissioners shall have power to refund or renew any bonds issued for fire department or water works purposes and outstanding at any time, by the issue of new bonds in their stead. And it shall be the duty of said commissioners to cause to be kept an accurate register of all the bonds issued by them, showing the number, date and amount of each bond, and to whom issued, and when payable; and it shall also be their duty to present said bonds to the controller of said city for countersigning and to the recorder of said city for entry upon the records of said city, who shall certify on each bond that said record has been made; provided, that no such bond other than refunding or renewal bonds, shall be issued, nor new bonds, unless the same shall be approved by the amount proposed to be raised shall have been submitted to the legal voters of said city and been approved by a majority vote by ballot of all the electors voting thereon at an annual election therein, notice of which submission shall be published two weeks prior to such election in a public newspaper published in said city, copies of which notice shall also be posted in each ward of said city at least ten days prior to such election; or at a special election therein, called by said commissioners to be held at such time and place in said city and in such manner that they shall determine, like notice of which shall be given.

"Section 2. That, upon the approval by the mayor of this ordinance, or upon its becoming effective without such approval, the recorder shall prepare an endorsed copy of said proposed amendment and forthwith transmit the same to the governor of this state for his approval, together with a certified copy of this ordinance.

"Sec. 3. That, upon the approval by the governor of said amendment, the same shall be submitted for approval to the qualified voters of the city in the manner required by law, at the next general or special election thereafter to be held in the city; provided, there be sufficient time, after such approval by the governor, in which to give and publish the notice of such election upon such amendment required by law; otherwise such amendment shall be submitted for such approval at the next general or special election subsequent thereto.

MUCH INTEREST MANIFEST.

Unique Method of Settling Postmaster Election Arouses Citizens.

Scidom has anything of a political nature been sprung that has created such a general interest as the proposition to allow the voters of Marquette to express their choice for postmaster at the polls next spring. Everywhere one goes, he finds the matter a subject of comment and there is every reason to believe that the unique campaign which is one of the hottest ever waged in the city and that a remarkably large vote will be cast. Speculation is rife as to as to which of the three candidates will make the best run, and the lack of unanimity on this point indicates that the race will be very close and that, at the present time, anyone of the three is about as good a bet as any other.

SKANDIA AID OFFICERS.

At a meeting of Skandia Aid society held last evening the following officers were elected: President—Victor Swanson. Vice President—Olaf Olson. Recorder—M. Jeanson. Financial Secretary—A. Beckman. Treasurer—Edwin Larson. Chaplain—Jacob Erickson. Marshal—Oscar Swanson. Conductor—Sam Bjorklund. Inside Door Guard—John Johnson. Outside Guard—Andrew Anderson. Sick Committee—Jacob Johnson, Andrew Johnson, John Delf. Trustees—William Nelson. Finance Committee—John M. Lindstrom, Walter Johnson, Axel Mortenson.

SUNDAY AT THE CHURCHES.

First Baptist church—Dr. Tupper's last two sermons in Marquette will be delivered tomorrow. In the morning his subject will be "The Promise of Peace," and in the evening, "The Might of Right." The public is cordially invited.

Methodist church—Mr. Maywood will preach tomorrow morning upon "Substance and Show in Religion." In the evening he will deliver the third of the series on comparative religion and founders of religions, "Mahomet, the Proslayer."

Presbyterian church—Services at the Presbyterian church will be conducted by Dr. G. C. Fracker, professor of psychology at the Normal school. Professor Fracker will preach both morning and evening at the usual hours. Sunday school at 12 o'clock; junior Christian Endeavor meeting at 4 p. m.; senior Christian Endeavor at 6:30 p. m.
