

PRESIDENT TAFT OUSTS PINCHOT

There Is an Interesting Development at the Capitol, too, and Washington Is Kept in a Political Ferment All Day Long.

Republican Insurgents and the Democrats Override the Speaker and the House Machine.

By a Very Slim Margin, but One That Gives Them Great Joy, They Take from "Uncle Joe" the Power to Appoint the Members of the Ballinger Investigation Committee--It Is on the Ground of Insubordination That the Executive, Indignant at the Chief Forester's Action in Addressing the Senate, Removes Colonel Roosevelt's Bosom Friend from Office.

Washington, Jan. 7.—Gifford Pinchot, chief forester, an intimate friend of President Roosevelt, tonight was dismissed from the government service by President Taft, for insubordination. Associate Forester Overton W. Price and Assistant Law Officer Alexander C. Shaw, of the forestry bureau, also were dismissed.

Officers of the land office, although you are not a subordinate, although you have seen the evidence of Glavis, the accuser, and had never seen or read the evidence of those accused or the records they disclosed, which were submitted to me; second, that under the circumstances, without the exploitation by Shaw and Price in the daily, weekly and monthly press of the charges of Glavis, the administration, including the president and the officers of the interior department and the land office, would have allowed certain fraudulent claims to be patented on coal lands in Alaska.

Indignant over the action of Mr. Pinchot in inducing Senator Dolliver to read his letter in the senate, Mr. Taft listened to no advice that the forester's violation of an executive order be overlooked pending the inquiry to be undertaken by congress. He declared that he would be unfaithful to his trust if he submitted to such an attack.

The president has had the idea for some time that the "insurgents" and other critics had enlisted the services of Mr. Pinchot and were practically defying him to dismiss the forester. That the latter's letter was written with the direct purpose of "putting it squarely up to the president" is the common belief in Washington.

The president sought to avoid the threatened war, but today he picked up the gauntlet thrown by Mr. Pinchot through Senator Dolliver and is ready for the fray certain to ensue. What the outcome of the tense situation will be, nobody is willing to prophesy.

Mr. Pinchot, who, combining with the Democrats, caused the adoption of an amendment to the Ballinger-Pinchot inquiry resolution to take from the speaker the power to appoint the house members of the joint investigation committee. The margin of victory was only three votes, but "insurgents" and Democrats alike are jubilant. Three representatives not classed as "insurgents," but professing friendship for Pinchot, voted with the "insurgents" and Democrats.

The incidents at the Capitol and the White House kept Washington in a political ferment today. The cabinet was in special session practically the entire afternoon, following the regular session this morning. Mr. Ballinger was absent from the afternoon sitting.

The secretary of agriculture informs me that on the 25th of December your associate forester, Price, proposed to him to resign, on the grounds that he had been engaged with Shaw, assistant law officer, in instigating publications in various newspapers and magazines attacking the good name of Secretary Ballinger and charging the interior department and the land office with corruption.

The secretary wrote you on Dec. 29, asking your recommendation in the premises. You did not answer, but on Jan. 4 you said to him that you wished to make a statement which would be read in the senate at the time my message transmitting the record in the Glavis case reached there, and that you thought you could induce Senator Dolliver to introduce the statement for you.

Secretary Wilson swiftly carried out the decision of the president. He addressed to Mr. Pinchot, forester; Mr. Price, associate forester, and Mr. Shaw, assistant law officer of the forestry bureau, letters substantially identical. That to Mr. Pinchot read: "Sir: By direction of the president, you are hereby removed from your office as forester. You will deliver the possession of your office affairs and belongings of the government to Albert F. Potter, assistant forester."

In order to understand the full purpose of your letter, in which you admit the complicity of Price and Shaw in publications of the press, it should be said that the gravest of the Glavis charges was that Mr. Ballinger and the others were all affected by corrupt wish to patent the thirty-three so-called Cunningham claims upon coal lands in Alaska; that the question whether these claims were fraudulent remained to be decided upon evidence after both federal officials and the claimants had been heard, and that every patent, as an executive act, is completely within the jurisdiction of the president to direct the withholding of it in order that he may examine the evidence as to validity of the claim.

These facts understood, the plain intentions of your letter were: First, that I reached a wrong conclusion as to the good faith of Mr. Ballinger and the

voted for the Norris amendment were: Ames, of Massachusetts, and Fish and Parsons, of New York. The insurgent ranks had one deserter, Mr. Steienson, of Minnesota. Mr. Fitzgerald, Democrat, of New York, voted with the regulars.

Wool Growers Jubilant. Ogden, Utah, Jan. 7.—Cheering greet the announcement of Forester Pinchot's dismissal in the conventional of the National Wool Growers' association tonight. President Taft's action may result in changing the association's proposed legislation, as many resolutions bear upon the forestry service and its relations to sheep grazing. A resolution was adopted urging that a man familiar with Western conditions be named to succeed the chief forester.

California Stand by Him. Los Angeles, Jan. 7.—The Forestry society of California has sent the following to Gifford Pinchot: "The society by unanimous vote assures you of its absolute confidence in your judgment and sincerity. Stay with the fight; the people of California are with you."

EXCITING DAY IN THE HOUSE. With Democrats Assisting, the "Insurgents" Gain a Notable Victory.

Washington, Jan. 7.—The house today adopted the joint resolution providing for a congressional investigation of the interior department and forest bureau. Mr. Fitzgerald, opening the debate, said that the investigation should be narrowed to eliminate from the inquiry Chief Forester Pinchot, "whose only offense," he asserted, "has been that he has been too active against land thieves and land grabbers, and so as to deal only with the grave charges made against the official integrity and personal honor of a member of the president's cabinet (Ballinger)."

THE WEATHER.

Washington, Jan. 7.—The following is the weather bureau's forecast for Upper Michigan: Local snows, Saturday, Sunday, partly cloudy.

WASHINGTON "TYRANTS" GET SEVERE GRILLING

Congressman Norris, Republican, Gets After Speaker Cannon, and Senator Gore, Democrat, Takes a Fall Out of Both "Uncle Joe" and Aldrich.

Washington, Jan. 7.—In the advance sheets of Senator La Follette's publication Representative Norris, of Nebraska, appears as the author of an article entitled, "The Secret of His Power," which bitterly arraigns Speaker Cannon as a "despotic iron duke," ruling the house ruthlessly.

"Today, as far as the enactment of legislation is concerned," says Mr. Norris, "the house bears about the same relation to the national government as the appendix does to the human body—it has no well-recognized function. For all practical purposes, our national government, like that of old, is divided into three parts—the senate, the president and the speaker.

"This perversion of the real intent of the Constitution has been brought about so gradually and quietly that until recently the people have not realized the method of its accomplishment. That the speaker possesses power second only to that of the president has been well understood for several years. That, mysteriously, he controls the house as with a rod of iron, and moves its members like pawns about the political checker-board of national legislation, is known to all.

"Members of the house who searched for the source of this power soon discovered that the Constitution and the statutes gave the speaker no authority whatever, that he possessed the power obtained exclusively from the house rules. Even in these it was impossible to find a specific enactment giving him the wonderful authority over men and measures that he seems to possess. His power, Mr. Norris says, is limited, yet the authorization of his power is more or less a mystery and a secret.

Mr. Norris recounts the effort of the insurgents to change the rules, and its fruitless result. In the opinion of the Nebraska speaker, the power lies in his authority to name the committees.

Gore Attacks "Standpat Tyranny" in Speaker Cannon's Home Town. Danville, Wis., Jan. 7.—Secretary Gore, of Oklahoma, speaking in Congressman Cannon's home town tonight at the Jackson Day celebration of the territorial day, attacked the "standpat tyranny" of the speaker and Senator Aldrich, declaring that they are obstructing progress. He asserted that Theodore Roosevelt had conducted affairs without their aid, but Taft had surrendered at the first summons.

"The speaker's 'standpat' give aid and comfort to the Republican progressives in Republican districts who voted against Speaker Cannon, against his rules, against the tariff and against the ship subsidy," was the opinion expressed by Senator Gore. "Their heads," he said, "are bowed because of charges merely because by refusing to favor they failed to thrive."

Mr. Gore said that he realized he was in the position of Daniel in the lion's den, but apprehended that his escape would be less miraculous than that of the Bible hero. "With regard to the properties in this place and on this occasion," continued Senator Gore, "I have come neither to bury Cannon nor to praise him. I wage no war against Cannon nor against Aldrich, as individuals, but against Cannonism and Aldrichism as a system of government. Personally, I wish them well and an increase of days. Politically, I wish their overthrow and their death."

Rock in Path of Progress. "If the reign of standpat tyranny is to be continued, I have little choice among the tyrants. Destroy the despot, if you would destroy the despot, Cannon and Aldrich are indeed the rock in the path of progress—the chosen genius of privilege, the guiding genius of the new administration, friends and favorites of the king, perched upon the very arms of the throne.

"Roosevelt was able to run his administration without their domination. It seems that Taft surrendered at the first summons. Roosevelt, in his way, was the friend of progress, the foe of privilege, and the people may yet prefer the strenuousness of Roosevelt to the sinuosity of Taft. They may yet conclude that the hands are the hands of Esau, but the voice is the voice of Jacob.

"The tariff," Mr. Gore said, "enables one man to get wealth without giving another man a cent without getting.

Saturational of High Prices. "The president," continued the senator, "says that the object of the revision was not to reduce prices, but to prevent advances. Yet even this object failed. There has been a saturation of high prices since the new law has been approved; but you need no other reminder than experience. The president also assured that the new law is the best ever enacted by a Republican congress. What a splendid compliment! If increasing duties be best, it is par excellence the best."

Senator Gore condemned the ship subsidy, the policy of centralization and the central bank project. Continuing he said "the country is on its knees, praying that we escape a scandal in Alaska. Investigation has become imperative. Let us hope that there will be no wanton use either of lamp black or whitewash. Let the white light be turned on the facts. This demonstrates the necessity for a change of administration. Let another party take a look at the books. The long use of power leads inevitably to abuse of power."

Chicago, Jan. 7.—The price of hops today reached the record mark of \$10 per hundred pounds.

SENDS MESSAGE TO THE CONGRESS

President Taft Asks Much Important Legislation Dealing With the Railroad Problem and the Regulation of Corporations.

He Proposes to Make the Interstate Commerce Act a Complete and Effective Measure, and He Urges the Enactment of a Federal Incorporation Law Giving the Government a Tighter Rein on Big Business Combinations.

Washington, Jan. 7.—President Taft sent to the congress today a special message on the interstate commerce and anti-trust laws. In part, he says: "I resolutely oppose the establishment of a court of the United States composed of five judges designated for such purpose from among the circuit judges of the United States, court of commerce, which court shall be clothed with exclusive original jurisdiction over the following classes of cases:

"(1) All cases for the enforcement, otherwise than by adjudication and collection of a forfeiture or penalty, or by infliction of criminal punishment, of any order of the interstate commerce commission other than that for the payment of money.

"(2) All cases brought to enjoin, set aside, annul or suspend any order or requirement of the interstate commerce commission.

"(3) All such cases as under section 3 of the act of Feb. 19, 1903, known as the Elkins act, are authorized to be maintained in a circuit court of the United States.

"(4) All such mandamus proceedings as under the provisions of section 20 or section 23 of the interstate commerce law are authorized to be maintained in a circuit court of the United States.

Would Sanction Rate Agreements. "In view of the complete control over rate-making and other practices of interstate carriers established by the acts of congress and as recommended in this communication, I see no reason why agreements between carriers subject to the act, specifying the classifications of freight and the rates, fares, and charges for transportation of passengers and freight which they may agree to establish, should not be permitted, provided copies of such agreements be promptly filed with the commission, but subject to all the provisions of the interstate commerce act.

"Much complaint is made by shippers over the state of the law under which they are held bound to know the legal rate applicable to any proposed shipment, without, as a matter of fact, having any certain means of actually ascertaining such rate. I think that the law should provide that a carrier, upon written request by an intending shipper, should quote in writing the rate or charge applicable to the proposed shipment under any schedules or tariffs to which carrier is a party, and that if the party making such request suffer damage in consequence of a mis-statement of the rate, the carrier shall be liable to a penalty in some reasonable amount.

"I see no reason why the commission should not be authorized to act on its own initiative as well as upon the complaint of an individual in investigating the fairness of any existing rate or practice. I recommend the amendment of the law to so provide, and also that the commission shall be fully empowered, beyond any question, to pass upon the classification of commodities for purposes of fixing rates, in like manner as it may now do with respect to the maximum rate applicable to any transportation.

"I also recommend that the interstate commerce commission be empowered whenever any proposed increase of rates is filed, at once, either on complaint or of its own motion, to enter upon an investigation into the reasonableness of such change, and that it be further empowered, in its discretion, to postpone the effective date of any proposed increase for a period not exceeding sixty days beyond the date when such rate would take effect.

"I know of no reason why a shipper should not have the right to elect between two or more established through routes to which the initial carrier may be a party, and to require his shipment to be transported to destination over such of such routes as he may designate for that purpose, subject, however, in the exercise of this right to such reasonable regulations as the interstate commerce commission may prescribe.

Requirement of Competing Roads. "It is also recommended that the law shall be amended so as to provide that no railroad company subject to the interstate commerce act shall, directly or indirectly, acquire any interests of any kind in capital stock, or purchase or lease any railroad of any other corporation which competes with it respecting business to which the interstate commerce act applies. But especially for the protection of the minority stockholders in securing to them the best market for their stock, I recommend that such prohibition be coupled with a proviso that it shall not operate to prevent any corporation which, at the date of the passage of such act, shall own not less than one-half of the entire issued and outstanding capital stock of any other railroad company, from acquiring all or the remainder of such stock; nor to prohibit any railroad company which at the date of the enactment of the law is operating a railroad

DOOMS GERMAN TO DEATH. Santiago, Chile, Jan. 7.—The court of appeals today affirmed the sentence of death upon Becker, former chancellor of the German legation, who was convicted of killing a legation employe.

FEDERAL GRAND JURY INDICTS ALLEGED TRUST.

Comprising 140 Manufacturers, Who Also Will Be Prosecuted Individually, the Paper Board Association Is Charged With Being an Illegal Combination.

New York, Jan. 7.—Another paper association formed by John Parks, who pleaded guilty and paid a fine of \$4,000 for his connection with the so-called fibre and manila pool, was indicted by the federal grand jury here today, charged with being an illegal combination in restraint of trade. This federation is the Paper Board association, comprising 140 prominent paper manufacturers, who also are indicted individually. A fine or imprisonment is the penalty. A third proceeding, directed against the news print manufacturers, is now before the grand jury. Ninety of those indicted today were represented in court. All pleaded not guilty, with permission to withdraw the plea within three weeks. The defendants include manufacturers in New York, New Jersey, Indiana, Illinois, Connecticut, Delaware, West Virginia, Pennsylvania and Ohio. The Illinois defendants are E. T. Newton, president of the Chemical Paper company, and Fairbanks, vice president, and Fred D. Wilson, secretary and treasurer of the Chicago Coated Board company.

FINDS THE AMERICANS EXECUTED ILLLEGALLY.

Resentment of the United States on Account of the Killing of Groce and Cannon Is Justified by the New Head of the Nicaraguan Republic.

Washington, Jan. 7.—President Madrid, in a message received through Admiral Kimball, declares that the resentment of the United States on account of the execution of Groce and Cannon, was justified. He informed the admiral that, after studying the circumstances, he profoundly lamented the violent act costing the two Americans their lives. He declared the deed illegal. This expression is taken here to mean a possible demand upon Mexico for Zelaya's extradition. The Nicaraguan constitution provides that the president may be prosecuted criminally for an unlawful act.

British Commander Forbids Fighting. Washington, Jan. 7.—"The majority of the houses at Greytown being owned by British subjects, there must be no fighting within that town. If any takes place, I will land a strong armed party, and guns to stop it." This is, in substance, a note sent by the commander of the British ship "Scylla" at Greytown to Generals Estrada and Hurlado, commanding the revolutionary and government forces, respectively, in that vicinity.

Peace Envoy Is Drowned. Bluefields, Jan. 7.—General Fornos Diaz, the revolutionist leader who started yesterday for Managua to treat for peace with President Madrid, was drowned last night at Greytown. The canoe wherein he was attempting to land was caught by a gigantic wave and broke amidships. General Diaz disappeared in the sea. Being a friend of Madrid, Diaz believed he could persuade him to consent to Estrada becoming president. Before he left Bluefields, however, the sincerity of his purpose was suspected, and he was stripped of official power, not permitted to go to Managua unofficially.

CHICAGO COURT'S BUSY DAY. Italian Murder Suspects to the Number of 197 Are Arraigned and Fined.

Chicago, Jan. 7.—The 197 Italians arrested last night in the police dragnet in the search for suspects in the killing of Bendete Cinese, the Italian merchant who was murdered yesterday, were arraigned today. The first group of eighteen prisoners were fined \$2 and costs each on charges of disorderly conduct. The remainder, with one exception, were fined \$1 and costs. The exception was fined \$25 for carrying a knife.

IS GOING AFTER "EVIDENCE." Dr. Cook in Germany Planning Another Expedition, Says His Brother.

Port Jarvis, N. Y., Jan. 7.—The missing Dr. Cook, who is undergoing life-improving plans for an expedition to the Arctic regions next year for the purpose of getting conclusive evidence that the explorer reached the pole. This, at least, is the statement of Theodore Cook, who is visiting friends here.

WILL BEGIN TRAINING AT ONCE. Battling Nelson, Matched With Wolgast, Cancels Theatrical Engagements.

Minneapolis, Jan. 7.—Battling Nelson, who tonight refereed a wrestling match, announced that he has cancelled his theatrical engagements and will leave for the coast Monday to begin training for his fight with Ad Wolgast of Milwaukee Feb. 22. Nelson is confident of winning.

DOG FRUSTRATES ESCAPE. Stuttgart, Jan. 7.—Karl Hau, former professor of George Washington University at Washington, who is undergoing life imprisonment for the murder of his mother-in-law, Frau Melitor, vainly attempted to escape from jail at Bruchsal, Baden, last night. The warden's dog barked the alarm as Hau and another convict were about to scale a twenty-foot wall with a wire ladder.

DOOMS GERMAN TO DEATH. Santiago, Chile, Jan. 7.—The court of appeals today affirmed the sentence of death upon Becker, former chancellor of the German legation, who was convicted of killing a legation employe.

BLOODY BATTLE AT YPSILANTI

Michigan Central Station the Scene of a Desperate Combat Between Two Railroad Employes and Two Suspected Burglars.

Corralled on Charge of Robbing a Jewelry Store, the Alleged Outlaws Draw Guns and Fight for Liberty—Baggage-man Is Killed and Ticket Clerk Is Probably Fatally Wounded, as Is One of the Desperadoes, Both of Whom Are Captured.

Ypsilanti, Mich., Jan. 7.—Suspected of a jewelry store burglary which occurred here late last night, two men who had been taken into custody by the baggage-man and ticket clerk at the Michigan Central depot today drew revolvers and fought for liberty. Baggage-man Henry C. Minor was killed and Ticket Clerk Morgan Emmett was probably fatally injured. Three men are under arrest, their names being given as Robert McCormick, shot in the mouth; Winkie Harrington, shot in the leg, and Carl Billings, all graduates of the state reformatory.

Emmett's injury disabled his right arm at one of the first shots, but though unarmed he clung to his antagonist with his left arm and was dragged out on the station platform, where he was clubbed into insensibility. Meanwhile Minor, who had a revolver, engaged in a pistol duel with the other suspect. Receiving a mortal wound in the throat, he staggered out of the station and fell dead in the road.

The prisoners were arrested in the outskirts of the city. McCormick, one of the robbers, is badly wounded and may die. In an ante-mortem statement tonight he said that it was "Winkie" Harrington who shot Minor. Harrington, in turn, accused McCormick of firing the fatal shot.

PROBABLY SAVES MANY LIVES. Telephone Girl's Warning Prevents Threatened Railroad Disaster.

Erie, Pa., Jan. 7.—The efforts of a girl telephone operator probably saved many lives today when the news was flashed from the exchange at Northeast, Pa., that Lake Shore passenger train No. 23 and work train No. 86 had collided head-on, killing two men and probably fatally injuring another. Telegraphic communication with Northeast was cut off, and other trains would soon have reached the place of the accident. The officials attribute the wreck to grounded electric wires connecting with the block signals, which failed to indicate clearance. Fred J. Hort, a fireman, and George Koerner, an engineer, were killed, and William Burke, a passenger brakeman, is probably fatally injured.

BANKER ADMITS BLAME. Tells How the Depositors' Money Has Been Frittered Away.

Cleveland, Jan. 7.—More than half a million dollars of depositors' money in the South Cleveland bank were lent by President Walker to the Werner company of Akron after Walker had learned the publishing house was on the verge of failure, according to Walker himself. Walker said tonight: "I should have allowed the Werner company to fail. I was in it, though, and could not pull out."

ILLINOIS BANKER A SUICIDE. Because Son Married Against His Will, He Ends Life With Razor.

Springfield, Ill., Jan. 7.—Leonard S. Matthews vice president of the Pawnee National bank, cut his throat with a razor today. The only known cause was the marriage of his son against the father's will.

PAY HEAVY FINES. Admitting Smuggling, Chicago Dress-makers Are Assessed \$7,500 Each.

New York, Jan. 7.—Mary Weber and Katherine Schwartz, of Chicago, dress-makers, indicted in connection with the smuggling conspiracy, paid fines of \$7,500 each, after pleading guilty, today.

MAKES MARVELOUS FLIGHT. Hubert Latham, French Aviator, Attains a Height of 3,280 Feet.

Mourmelon, France, Jan. 7.—During a forty-five minute flight here today, Hubert Latham, the French aviator, attained an altitude of 3,280 feet.

STILL HOPES TO SETTLE STRIKE. Washington, Jan. 7.—Falling to effect a settlement of the strike of the switchmen of the Northwestern Railroad, Chairman Perham left this evening for Chicago. He is still hopeful of a settlement through mediation. He believes the strike will spread to the machinists.

TRAINMEN SEEK LEGISLATION. Springfield, Ill., Jan. 7.—The representatives of ten thousand members of the Brotherhood of Trainmen today decided to endeavor before the next legislature to procure the passage of an employers' liability and a full train crew law.

NEW AMBASSADOR FOR ITALY. Berne, Jan. 7.—The Marquis Casati Confalonieri, Italian minister to Switzerland, was notified today of his appointment as ambassador to the United States.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED). Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

Subscription Rates: Per month, by carrier, \$1.00; Per year, by mail, \$10.00. MARQUETTE, MICH., JANUARY 8.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Yesterday's mails still manage to get in today, but if they were much later it would be tomorrow.

There are three strong candidates for the Ishpeming postoffice. We have no doubt that Representative Young considers this number two too many.

A man who was elected alderman at Windsor, Canada, just across the river from Detroit, dropped dead Monday, when informed of his success.

Under the graded salary law six clerks in the auditor general's office have had their salaries reduced, and six others have been given raises.

It's to be regretted that the multimillionaire who died a few days ago at Pittsburg and didn't bequeath a cent for any charitable or benevolent purpose can't know what the papers have been saying about him since he shuffled off.

President Taft should have one rule for all senators and representatives who put their backs up against the administration policies.

The Detroit News notes that applications for positions as United States census takers are coming in slowly in that district.

Oklahoma will vote on female suffrage next fall. A petition with 38,000 signers, a sufficient number to require the submission of a constitutional amendment giving women the ballot.

It is hard to please the American people. When Roosevelt was president fault was found because he was constantly bombarding congress with recommendations.

The loss to the country through failure to utilize our water power is startlingly set forth by Frederic J. Haskin in a paper on the subject of uneconomic power conditions.

Brings danger, suffering—often death—to thousands, who take colds, coughs and grippe—that terror of Winter and spring. Its danger signals are "stuffed up," "nostrils lower part of nose sore, chills and fever, pain in back of head, and a throat-grating cough.

The police commissioner at Detroit refused to allow Emma Goldman, the talking anarchist, the privilege of speaking in that city, and thereby aroused the ire of Bishop C. D. Williams and other prominent citizens.

Free Scholarships Are Offered. Uncle Sam holds spring examinations for railway mail clerks in this vicinity.

Thousands of appointments are to be made. Common school education is all you need; city and country people have equal chance.

anywhere in this country. "The first thing I know the police will be stopping me in some of my expressions against the existing order of things," he remarked, in discussing the ban put on the woman in the case.

It is an interesting fact that just at the time when Chief Forester Pinchot's letter to Senator Dooliver has projected him into the limelight as a defender of L. R. Glavis, Attorney General Wickersham's report on an investigation into Glavis' charges against Secretary of the Interior Ballinger, on which the president's open letter to Ballinger was based, should be made public.

The Lake Linden Native Copper Times has this comment on the way money drawn from the Adventure's shareholders has been dissipated by the management, without any results of value being obtained.

The Adventure has expended well over \$2,000,000, and without any results as yet; without getting a mine, or even knowing whether there is a mine or no in the property.

Another assessment of \$1 a share has been called by the management of this company, payable February first.

The Detroit News notes that applications for positions as United States census takers are coming in slowly in that district.

Oklahoma will vote on female suffrage next fall. A petition with 38,000 signers, a sufficient number to require the submission of a constitutional amendment giving women the ballot.

Hardly a day passes without the contribution of some new interesting or startling development relating to the Pinchot-Ballinger controversy. The most significant of all is the one reported yesterday, bearing, as it does, plain evidence that Pinchot and President Taft have come to the parting of the ways.

President Taft is reported as warm under the collar. He could not help being so at flat contradiction of the conclusions he reached in the Glavis-Ballinger controversy as is contained in Pinchot's letter to Senator Dooliver.

Whatever harmony has existed between President Taft and Pinchot must be destroyed by the publication of the latter's letter to Senator Dooliver.

It is interesting to recall that on his western tour President Taft gave Pinchot an unqualified and glowing endorsement for the admirable work he had done in shaping the government's forest and conservation policies.

A LAUGH OR TWO. Notable Utterances. "Do not take any one except me too seriously." Peary.

"I am not a candidate—but if duty calls." Bryan.

"Our damned insurgent!" Cannon.

"For me a foot of Arsenic under the tongue." President Eliot.

"My country, 'tis for me." Adolph.

"Mr. Hearst is one of nature's noble men." Hearst.

"I do not remember." Rockefeller.

"I saw, I saw, I buried me a brass cylinder." Dr. Cook.

"At this thrilling moment the bearded hippopotamus charged full at me and I saw further installment in next month's Scribner's." Roosevelt.

"Like the porcupine, he has talked too much." Minister Crane—Life.

A Grammar Lesson. E. H. Hartman, discussing prosperity with the reporters, said of himself: "Panic, as a rule, are caused by ignorance. I, the bull, am ignorant about you. You, the bear, are ignorant about me. In our benighted, ignorant terror of one another, we cause a panic."

"This mutual ignorance, but for its results, would be funny—like the ignorance of grammar in the chicken-stealing case out west. In that case the judge and the witness talked like this: "Have you ever saw this man before?" "Yes."

"Had he come before you had went?" "No."

Did Not Require an Expect. A well-known business man in a town not far from London discovered one morning recently on entering his office that his safe was out of order. He immediately telegraphed to the metropolis for an expert.

When the latter arrived he found that the safe—an old-fashioned affair, locked with a key—could not be opened. After a hasty examination the expert, taking a piece of wire, dug out from the key a mass of dust and lint. He then opened the safe in the twinkling of an eye. The business man wore a sickly smile as he asked, meekly: "How much?" "Three pounds."

"Do any of your firm's patrons here know of your visit?" "Not a soul but yourself!" "Then," added the business man, "here's five pounds. I'll take it as a great favor if you'll go back by the first train. If any one in this town knew that I had paid a man three pounds to dig dirt out of a key for me, I'd never do another thing's worth of business in the whole town." Tit-Bits.

SEA SWALLOWING MESSINA. Tradition Being Fulfilled Since the Great Earthquake and Tidal Wave. Messina, Jan. 6.—The popular tradition that Messina is doomed to be swallowed by the sea and disappear like the land which united the north coast of Sicily to Italy and its south coast to Africa receives confirmation by a strange phenomena observed recently.

Since the great earthquake and tidal wave of a year ago a gradual slow depression of the land has been noticed in several parts of the coast. Within the last year the land along the seacoast sank about eighteen inches.

The promenade on the sea front, which was greatly damaged by the earthquake and partially washed away by the tidal waves, has now in a way been repaired, as its level has been raised by heaping rubbish and loose earth upon it; still several steps of the different landing stages on this promenade originally built above the water and which remained dry after the earthquake, are now completely under water.

Likewise the tongue of land or peninsula in the shape of a sickle, which forms a natural breakwater in the harbor of Messina, is under water in those portions where no fortifications and lighthouses exist, and in rough weather the waves wash over it from the strait into the harbor. The citadel has its moats all flooded, a proof that the land on which it is built has subsided.

A similar proof is afforded along the railroad between Messina and Catania, where the sea now laps the embankment originally built at least a couple of yards inland. Some attempts are being made to remedy the evil, especially in the harbor, where the rubbish cleared from the streets of the ruined city is dumped, but the subsidence of the soil continues, and the sea in rough weather washes away, all the loose earth heaped on the natural breakwater.

This phenomenon is causing alarm among the surviving inhabitants of Messina, who are in a continual state of panic owing to the daily shocks of earthquake felt since last December, but evidently their alarm is not shared by those in authority, since it is settled to rebuild the city on the same spot.

SAVED AT DEATH'S DOOR. The door of death seemed ready to open for Murray W. Ayers, of Transit Bridge, N. Y., when his life was wonderfully saved. "I was in a dreadful condition," he writes, "my skin was almost yellow; eyes sunken; tongue coated; emaciated from losing forty pounds, growing weaker and weaker. Virus fever from bile was pulling down to death in spite of doctors. Then that matchless medicine—Electric Bitters—cured me. I regained the forty pounds lost and now am well and strong." For all stomach, liver and kidney troubles they're supreme. 50c. at The Stafford Drug Co.

A TRAVELING SALESMAN. H. F. Roers, 617-7th Ave., Peoria, Ill., writes: "I have been troubled for some time with kidney trouble, so severely that I could scarcely carry my kidneys. After using one bottle of Foley's Kidney Pills I have been entirely relieved, and cheerfully recommend them to all." Foley's Kidney Pills are healing and antiseptic and will restore health and strength. Sold by all druggists.

Advertisement for Live Heat Perfection Oil Heater. Features an illustration of the heater and text describing its benefits: 'From the moment you strike a match and touch it to the wick, a powerful live heat radiates from the PERFECTION Oil Heater (Equipped with Smokeless Device) which burns for 9 hours with one filling of its brass font, which holds 4 quarts.'

CURTIS JOINS ENGINEERS.

Crack First Basemen Will Bolster Strength of Militiamen.

Fred Curtis, well-known as a crack outdoor and indoor baseball player, who recently returned from Winona, Minn., where he played with the Winona team of the Minnesota-Wisconsin league the past year, has joined the Engineers' team of the Calumet indoor league and will bolster the strength of that nine considerably. The Engineers have been unfortunate this season and have lost all five of the games played to date. Curtis will cover the first sack.

ARTHUR WALSH TAKES A BRIDE.

Manager of Grocery Department of Roach & Seiber Company Weds.

Arthur Walsh, of Houghton, manager of the grocery department of the Roach & Seiber company, and member of that firm, was married in Menominee Wednesday to Miss Edna Wells of that city. The happy pair are now on a wedding journey through the South, but will shortly come to Houghton to reside.

Mr. Walsh is one of Houghton's latest and youngest businessmen. He was for some years a traveling salesman for a Chicago grocery house in which his father is interested and about a year ago he became interested in the Roach & Seiber company organizing a grocery department to be added to that firm's other wholesale lines. He is in active charge of the company's grocery business and has made a success of it. The following from Menominee tells the story of Wednesday's wedding:

A charming arrangement of southern smiles, stately palms and pink Killarney roses made an artistic setting for the wedding of Miss Edna Wells of Menominee and Arthur Walsh of Chicago, which was solemnized at half after eleven o'clock a. m. at the home of the bride's parents, Mr. and Mrs. John W. Wells, 1207 Main street. The service was read by the Rev. Daniel E. Long, of the Menominee Presbyterian church, in the presence of relatives only.

Following the exchange of vows a reception was held at high noon, the guests numbering one hundred twin city society people. The color note in the decorations of the receiving rooms was pink and green. Ropes of southern smiles were festooned about the rooms and entwined about the chandeliers, and pink Killarney roses nodded from tall vases, enhancing the coloring.

Mr. and Mrs. Walsh left for a wedding trip south, their destination not being given out to their friends. On their return they will reside at Houghton, where the groom is engaged in business. Among the guests from outside who attended the wedding were Mr. and Mrs. Richard Walsh, parents of the groom, and Miss Marie Walsh and Mrs. Daniel Callaghan, of Chicago; Ralph Wells, of Blind River, Ont.; Mr. and Mrs. J. L. Wells, of Evanston, Ill.; Miss Frances Winchester, of Whitewater, Wis.; and Mrs. Robert English, of Oconto, Wis.

MRS. MARGARET McLEAN DEAD.

Mrs. Margaret McLean, mother of John McLean of Laurium, died at the home of her son Thursday morning, following a stroke of paralysis. The deceased was seventy years of age and had lived in this district eleven years. She is survived by three sons and two daughters. The sons are John, Joseph and William of Owen Sound, Ont., and William of Collingwood, Ont. The daughters are Mrs. George Dinkers and Mrs. William Campbell, both of South River, Muskoka district, Ont.

CHINESE ADMITTED TO BAIL.

Eight of the detained Chinese were admitted to bail yesterday by United States Commissioner O'Leary. They were returned to jail, however, to await Judge Knappen's approval of the bonds. The sureties are Grand Rapids white men.

Woman's Power Over Man

Woman's most glorious endowment is the power to awaken and lead the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N. Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for women's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No honest dealer will advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

SENDS MESSAGE TO THE CONGRESS

Boats for White City.

W. H. Lobb Returns from a Purchasing Trip to Various Points.

W. H. Lobb, general manager of White City, has returned from a purchasing trip to various points in the West. He has been making purchases of equipment for the resort. Among his purchases is a large motor boat, a motor launch and a half feet beam, splendidly appointed, which will be used in connection with the steamer International and the motor boat Dorothea in carrying passengers between White City and Portage Lake points. Mr. Lobb also purchased thirty small boats which will be used for rental. The roller coaster which was purchased some time ago will be delivered at the grounds in February. A new \$2,500 organ to provide music for the coaster is included among the purchases.

TAMARACK LAYS OFF WORKERS.

Because of the stamping of conglomerate rock from the Tamarack mine at the Hecla mill of the Calumet & Hecla company, work was started on Monday of this week, the working force at the Tamarack shafts No. 1 and 2 are being readjusted and a number of men have been laid off. It was said that 200 men had been discharged but this was denied by superintendent W. J. Cron, who said the number was not nearly so large as reported. It is understood, however, that more men may be laid off.

LOST YOUTH RETURNS HOME.

The ten-year old son of Andrew Goodrich of Old Colony, who was reported lost early in the week and who, it was feared, had been frozen to death in the heavy storm of Monday and Tuesday, has returned home. The boy left for Red Jacket on an errand Monday morning but lost his way in the blinding blizzard. After wandering several hours he stumbled upon an abandoned hunting camp and sought shelter there until the storm had abated. The boy was without food of any kind almost two whole days.

THIS MAN HAS A WALLP.

Turnkey George Carroll at the county jail was called upon to employ first aid methods to a prisoner Thursday afternoon. Marshal Maher of Hurontown brought two men in for fighting and one of them had a cut over his left eye as clean cut as though done with a knife. It was over an inch long and right through to the bone. Both men were so drunk that their names could not be learned. Marshal Maher said that the cut came from the fist of the other member of the pair, and if this is true he has a wallp which Jeffries might envy.

HAYS HEADS THE GRAND TRUNK.

St. Albans, Vt., Jan. 7.—Charles M. Hays, who was elected in London today president of the Grand Trunk railroad, is president of the Central Vermont, which is controlled by the Grand Trunk. Mr. Hays was born in Rock Island in 1836. He resigned the presidency of the Southern Pacific in 1901 to become general manager of the Grand Trunk.

NEGRO MURDERER CONVICTED.

Alexandria, Va., Jan. 7.—Henry Smith, the negro indicted for the murder of Walter F. Schultz, a Chicago artist, was convicted today by a jury. Smith had convicted Calvin Johnson, Richard Pines and Eugene Dorsey, negro, who will be electrocuted the 14th.

SECURES HER HUSBAND.

Cleveland, Jan. 7.—Mrs. Chas. E. Idings, of North Platte, Neb., secured her husband, Charles E. Idings, from his brother and sisters today by a habeas corpus writ, and started west with him.

CONFESSIONS TO EMBEZZLEMENT.

Fargo, N. D., Jan. 7.—D. C. Tafts, former receiver of the land office here, pleaded guilty in the federal court tonight to the embezzlement of government funds and was sentenced to six months in jail and a fine of \$300.

S.S.S. NATURE'S CURE FOR RHEUMATISM

In a disease so painful as Rheumatism, medicines containing opiates and nerve-quieting drugs are often used. Such treatment is dangerous not only because it frequently causes the sufferer to become addicted to the drug habit, but because such remedies are always injurious to the system. Rheumatism is a disease of the blood, and its cure depends entirely upon a thorough purification of the circulation. As long as the blood remains saturated with uric acid, an inflammatory condition of the nerves, muscles and tendons of the body will exist, and the pains, aches, soreness, and hot, feverish flesh of Rheumatism will continue. The one safe and sure cure for Rheumatism is S. S. S. It is nature's remedy for this disease, made entirely of the health-giving juices and extracts of roots, herbs and barks from the natural forests. S. S. S. does not contain anything that is in the slightest way injurious to the system. It is absolutely and purely vegetable, and free from opiates or sedatives of any kind. S. S. S. cures Rheumatism by removing the uric acid from the circulation, it makes the blood pure, rich and healthy so that instead of depositing sharp, uratic impurities into the muscles, nerves, joints and bones, it nourishes every portion of the body with natural, healthful properties. Book on Rheumatism and any medical advice free to all who write and request it.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

should be said that the measure contemplated does not repeal the Sherman anti-trust law and is not to be framed so as to permit the doing of the wrongs which it is the purpose of that law to prevent, but only to foster a continuance and advance of the highest industrial efficiency without permitting industrial abuses.

STOCK MARKET RALLIES.

President's Message Not Regarded as Disturbing to Values.

New York, Jan. 7.—The contents of President Taft's message were not considered as news on the stock market. Its preparation had involved such widespread consultation and free preliminary discussion by the author in public addresses that scarcely any of it was regarded as a novelty. Ever since the railroad presidents offered at the White House last Monday, their objection to Mr. Taft's recommendations, the stock market has devoted most of its attention to measures prompted by the views of the message. The result was seen in the ill-temper which the market felt after the message was published. This condition was attributed to the attitude of leading speculators in the line of an effort to anticipate and take advantage of what the general public may do.

The opinion of financial circles is clear that grave weight must attach to the comprehensive and reasoned plan set before congress for dealing with the corporation problem. The means of compelling the proposed plan for federal charters received more attention than any other phase. The view of the ultimate effect of such system was not wholly unfavorable from a capitalistic viewpoint.

TIRED OF PROHIBITION.

People of St. Joseph County Will Vote on Local Option Again.

Centerville, Mich., Jan. 7.—The board of supervisors of St. Joseph county has ordered a local option election for April. St. Joseph county has tried out local option prohibition for practically two years. The increasing taxation and the failure of the many attempts to prevent drunkenness, bootlegging and blind pigs in the county have so thoroughly disgusted the people that many more than the necessary number of voters signed the petitions to the supervisors. The board was quick to see the light.

Model License League's Plans.

Louisville, Jan. 7.—President Gilmore of the Model License league announces that the league is corresponding with leading men throughout the country with the purpose of placing the organization entirely under the control of men unconnected with the liquor trade. Mr. Gilmore said today: "We are anxious to get rid of the disreputable school. As long as this movement is controlled by the liquor trade the public hesitates about affiliating with it, but if we place the organization under the direction of prominent men in various states there will be no difficulty in organizing model license leagues in every community. The convention meets in St. Louis in February."

TRAPPED IN HIS TUNNEL.

New Yorker Man Who "Pulled Hole in After Him" Is Found Dead.

New York, Jan. 7.—Isaac Finkelstein was found trapped in his tunnel tonight. The body, with the hands stretching toward the unattainable millions in the vaults of the adjacent jewelry shop, lay in a crushed and mangled semblance of a man.

Finkelstein is the man who crawled into a hole and pulled the hole in after him. From a tenement house cellar, the hole stretched into a tunnel pointing toward the vaults of the East Side branch of the Fourteenth Street bank, with deposits of \$10,000,000, and toward a jewelry shop next door, whose safe had \$80,000 worth of diamonds and jewelry. Isadore Garbus told the police that his brother-in-law, Finkelstein, had disappeared. He was last seen, he said, in the cellar of the tenement house where he lived. Isaac had gone to gather firewood; he did not return, and under the wallpile Isadore found a mound of earth. The police uncovered an aperture in the cellar wall three feet across and pitching downward under the street. The exploration of the tunnel beyond was started by workers who used a collapse of earth and bowlders. Fearful of a further collapse the inspectors dug down from the street level. Beyond the first obstruction, a fork in the tunnel was found, one branch heading for the bank vaults, the other for the jewelry shop.

STATE ASKS INJUNCTION.

Wants Railroads Prohibited from Serving Liquor in Nebraska.

Lincoln, Neb., Jan. 6.—Attorney General Thompson today filed in the supreme court an application for an injunction to restrain the Burlington and Union Pacific railroads from serving liquor on through trains. Evidence of violation is so hard to secure that the injunction method has been adopted.

MICHIGAN'S NEW CAPTAIN.

Ann Arbor, Jan. 7.—Albert Benbrook, of Chicago, an engineer student and a brilliant football player, tonight was elected captain of the University of Michigan eleven to replace Jay Miller, who was elected captain over Benbrook but was barred because ineligible.

WOMAN'S SUFFRAGE PIONEER.

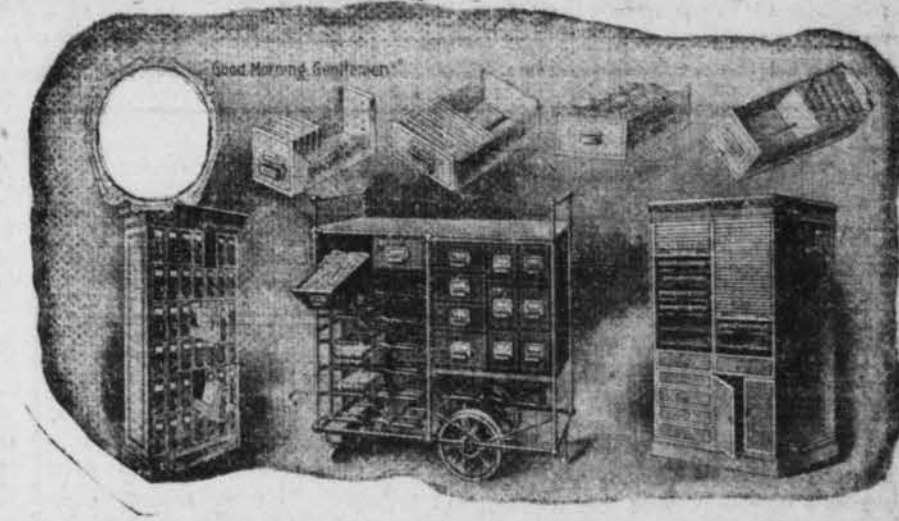

Troy, N. Y., Jan. 7.—Mrs. Sarah Frances Norton, one of the first exponents of woman suffrage in America, died tonight.

At the beginning of the present year there were 163,208 telephones in use in London. A 2,000,000-ton hill in Cincinnati is being moved three miles to make a railroad fill.

THE CITIZENS NATIONAL BANK. For New Year's there's no better present you can give your children than a bank account with the Citizens National Bank. It will encourage thrift and saving. Three per cent interest paid on savings accounts. Accounts of \$1.00 and up accepted.

DR. HUMPHREYS' SPECIFICS. English, German, Spanish, Portuguese and French. Upper Peninsula National Bank for DeTour. The enterprising village of DeTour is to have a national bank in the very near future. About a year ago S. H. Kneisel established what has since been known as the Chippewa County bank and which was a success from its inception. This institution is now to be reorganized and J. E. Thom of Saginaw, representing Saginaw and Flint capitalists, has made application to the comptroller of the currency at Washington for a charter. The new institution will be known as the First National Bank of DeTour. It will have a capital of \$25,000.

COPPER The New Edition of the COPPER HANDBOOK Vol VIII, issued May, 1909, contains 1500 pages, with nearly 50 per cent more matter than the preceding edition. The chapters with mine descriptions and statistics have been carefully revised and the bulk of the matter therein is ENTIRELY NEW. There are 25 chapters, covering Copper History, Geology, Geography, Chemistry, Mineralogy, Mining, Milling, Leaching, Smelting, Refining, Brands, Grades, Impurities, Alloys, Uses, Substitutes, Terms, Deposits by Districts, States, Countries and Continents; Mines in Detail, Statistics of Production, Consumption, Imports, Exports, Finances, Dividends, etc. The Copper Handbook is decidedly the WORLD'S STANDARD REFERENCE BOOK ON COPPER. The Copper Handbook contains, in this new and greatly enlarged edition, about 50 per cent more matter than the Bible—though not necessarily a better book because of its greater bulk. It is filled with FACTS of vital importance to THE INVESTOR THE SPECULATOR THE METALLURGIST THE CONSUMER THE MINER. PRICE is \$5 in buckram with gilt top, or \$7.50 in genuine full library Morocco. TERMS are the most liberal. Send no money, but order the book sent you, all carriage charges prepaid on one week's approval, to be returned if unsatisfactory, or paid if it suits. Can you afford not to see the book and judge for yourself of its value to you? Write now to the editor and publisher.

Dr. Shelley's Grip Tablets

Naturally we have a great demand for cold and gripe tablets. Many many different remedies are on our shelves, and are sold by us to our customers, but by carefully comparing results, we have found that no tablet in our stock gives such absolute and complete satisfaction as Dr. Shelley's Grip Tablets. These tablets compose one of the most effective and reliable cures for colds that is sold in any part of America today. Wherever it is used by our customers, we always hear words of praise for it, until now we never hesitate to recommend Dr. Shelley's Grip Tablets whenever a grip tablet is called for. It will break up the most severe cold in a day and a night. It is chocolate coated, easy to take, and we guarantee to refund your money to you if you are not entirely satisfied with the tablets and the results obtained from them. Put up in small boxes. ONLY 25c.

City Brevities

Today's weather: Snow flurries; stationary temperature. Yesterday's temperatures: Seven a. m., 5 degrees; noon 16; 7 p. m., 13. Maximum, 18 degrees; minimum, 3.

J. W. Nangle of Menominee was in Marquette yesterday.

General Robert J. Bates of the 800 was in the city yesterday.

John J. Flanagan of Sagola was a business visitor in Marquette yesterday.

Antoine Bastien, who has been confined to his home for a week, is able to be out again.

Presbyterian—Morning theme, "The Prayer of a King." Evening topic, "A Matter of Focus."

A handball tournament will take place at the Guild Hall this afternoon, beginning at 4 o'clock, which is open to all members.

Miss Adla Eldredge has left for Washington, Conn., where she will resume her work in the Wyckham Rise school for girls, as a teacher of French, German and mathematics.

Both the Northwestern and St. Paul passenger trains from Chicago arrived shortly after noon yesterday, having made slight better time than for the two days preceding.

While the basketball game was in progress at Legion Hall Thursday night, someone went through the clothing of the players in the dressing rooms, and several of the boys have reported money or jewelry missing.

Marquette Sunday school workers will be interested to know that at a meeting of the central committee held in Grand Rapids Jan. 5, Professor F. S. Goodrich of Albion, was elected general secretary of the Michigan State Sunday School association.

Dasey Slowly Gaining—John Dasey, the only victim of the gas explosion at the Chesley farm Thursday night to escape death, is slowly recovering and there is every reason to believe that he will get well, says his physician. Last evening, he was still unconscious though at times during the day he seemed to show signs of regaining his senses.

High School Victors—The high school basketball team defeated the Normal five at Legion Hall last evening by a score of 21 to 13. The line-up of the high school was: Catlin, center; Madigan and Byrne, forwards; Sweet and Drake, guards. The Normals: Pendill, center; Von Zellan and Brown, forwards; Mulally and McKereghan, forwards. Next Friday night, the high school will play the Negaunee High school at Negaunee.

Committee at Work—The convention and entertainment committee of the Commercial club, of which E. W. Bice is chairman, assisted by the special committee, consisting of E. O. Stafford, A. H. Meyer, A. E. Archambeau and Fred Case, met yesterday to make preliminary arrangements for the annual banquet of the club, to be held on the night of Feb. 2. Sub-committees were selected and a definite program was mapped out, but the banquet arrangements have not yet assumed definite form.

Armour Opening Monday—Invitations have been issued for the opening of Armour & Co.'s new branch house in Marquette, at the corner of Main and Lake streets, which will take place Monday. Invitations have been sent to all the meat and provision dealers in this part of the upper peninsula and to a large number of Marquette people. Refreshments will be served throughout the day and souvenirs are to be given away. The management hopes for a large attendance, and invites the public to inspect the plant and learn what Armour & Co. intend to do in this locality.

Married in Oklahoma—Marquette friends of W. J. Chilton and Miss Mabel Diebold have received news of their marriage in Oklahoma a few days ago, where Mr. Chilton is now located. Until a few weeks ago, Mr. Chilton was Morse supervisor for the Michigan State Telephone company at the Marquette office. Miss Diebold is a well known dressmaker of the city. She went to West Branch, Mich., to spend the holidays with her parents, and from there joined Mr. Chilton in Oklahoma, where they were married.

Will Soon Have Cash—The coming of next week is being fondly anticipated at the county treasurer's office, as the township treasurers will then turn in what taxes they have been able to collect during the last few months. For some time the county treasury has been in a depleted condition, and has only been able to meet its obligations through the courtesy of the banks. The same condition prevailed the latter part of last year, and is due to the appropriation for the general fund not being large enough to reach from one tax-paying time until another. Last spring, the supervisors increased the appropriation for the general fund by \$1,000, and it is hoped that this year there will be cash enough to pay all the year end bills. The shortage was caused by using a balance that had accumulated in the general fund to pay off some of the court house bonds.

The regular Saturday night hop will be held at Fraternity Hall tonight. Music by the Peerless orchestra.

ANNUAL MEETING.

Notice is hereby given that the annual stockholders' meeting of the Marquette City & Presque Isle Railway company, for the election of directors and the transaction of other business, will be held at the office of the president, Albert F. Koepcke, 134 Washington street, in the city of Marquette, Michigan, on Tuesday, the 18th day of January, 1910, at ten o'clock a. m.

Dated, December 20th, 1909.
CHARLES RETZ, LLC,
(12-21-1-18) Secretary.

ANNUAL MEETING.

Munising, Michigan, Dec. 10, 1909. The regular annual meeting of the stockholders of the First National Bank of Alger county will be held at its banking room in the village of Munising, Michigan, on Tuesday, the 11th day of January, 1910, between the hours of 10 a. m. and 4 p. m. for the purpose of election of directors and the transaction of such other business as may properly come before the meeting.
G. SHERMAN COLLINS,
(12-11-1-11) Cashier.

DEPUTY CATLIN RETURNS.

Home With Escaped Convict Captured at Everett, Wash., Two Weeks Ago.

Deputy Warden Catlin of the prison returned last evening from Everett, Wash., with Wm. Reilly, a prisoner who jumped his parole. Reilly was sent up from Charlevoix county, to serve not less than five nor more than ten years, for the crime of assault with intent to do great bodily harm less than murder. He was released on parole last April and went to southern Michigan. In November the prison officials were surprised to learn that he, with two other men, had been arrested at Everett, Wash., for a burglary. Reilly was acquitted of this charge but was then held for violation of his parole from the Marquette prison. He was a trusty before parole and had an excellent prison record. Deputy Catlin left for Everett a few days before Christmas, on what is said to be the longest trip ever made by an officer of the Marquette prison to get a parole breaking convict.

THEATRICAL.

"A Knight for a Day."

For the third time in the history of the Marquette Opera House, "A Knight for a Day" was presented last night, before a rather small house. Though "A Knight for a Day" is one of the most familiar musical comedies on the road, it seemed to take just as well as on previous appearances, and several of the most enthusiastic and repeated choruses, gingers and snags were the most noticeable characteristics of the performance last evening. The cast and chorus are well-drilled and trained to the minute, and the action was not allowed to drag for an instant. The piece has been somewhat revised since the last production here a year ago, and has been made even more nonsensical than before. Its sole purpose is to amuse and in that it seems to succeed.

The leading comedy parts were taken by Edward Hume, as Jonathan Joy, the knight for a day, and Miss Grace De Mar, as Tillie Day, the servant lady. Both got off some clever jokes and were at their best in burlesque. Virginia Stuart, as Muriel, appeared to advantage and scored a hit in two songs, "Lie Is a See-Saw" and "My Little Girl in Blue." Leona Nelson, as Elaine, was equal to the demands of the part. Isabelle Winlocke took the part of Anne Woodbury capably. F. W. Cleveland as Emile Sheldon, Frank Cameron as Merceline, W. H. Brown as St. Anthony, Edward D. Lynch as Marco, and Louis Kluge as Adam, all helped to make the performance a success, considered as a stupendous and excruciatingly funny farce, which is its sole object.

MORE HARSH MOTOR BOAT LAWS OPPOSED

LOCAL LAUNCH OWNERS DENOUNCE BILL RECENTLY INTRODUCED BY CONGRESSMAN HUMPHREY AS UNREASONABLE.

Local owners of motor boats are much opposed to a bill recently introduced by Congressman Humphrey of Washington, which would throw further restrictions about the operation of such craft, and will do everything in their power to prevent its passage. It is claimed that the present regulations are in some respects exactions and unreasonable, and that the passage of the Humphrey bill will mean death to the operation of motor boats as pleasure craft.

The present requirement that all power-driven boats shall carry a power whistle which may be heard at a distance of two miles is illustrative of the foolish character of some of the present regulations. It requires of a small motor boat owner an impossibility, since a whistle to comply with such a regulation has never been produced. The use of a tin horn which can be heard much further than the poor excuses of power whistles now required, is refused because this noise producer is also used by sailing vessels.

But vexatious and unreasonable as are the present regulations, it is proposed by Congressman Humphrey of Washington to make them still more absurd and non-enforceable. He has introduced a bill which requires that every power boat over thirty-five feet long must carry the following equipment:
A licensed pilot.
A licensed operator.
A wireless operator (if it goes more than 40 miles from shore, and it is used for carrying passengers.)
Line carrying projectiles.
Drugs.
Wireless telegraph apparatus if boat is used for carrying passengers.

And such additional local crew as the local board of inspectors may think necessary.

After all the provisions of this absurd law are fulfilled, the passengers or guests of the owner would probably have to take to a small boat and be towed astern.

The idea is carried to a still further extreme by the requirement that boats under thirty-five feet must carry at least one "dually qualified" person, who may, if he passes the examination imposed by the proper official, be permitted to act as pilot and engineer.

Such a proposal, it is claimed, would make impossible, if it could be enforced, which is improbable, that enjoyment of the motor boat and launch, which has recently come to thousands of people who had almost forgotten the joys of life out of doors.

The demand for Vandenoomb's fresh aerated bottled milk from anti-tubercular cattle is so rapidly increasing that it is almost impossible to fill the orders.

FROM MORGAN'S CURR' LETTER.

The New York market was fairly active today and though selling was heavy until noon, declines were but trifling. In the last hour a better tone prevailed, and the close was strong and higher.

The heavy selling of North Butte and consequent rapid decline to 47 1/2, with but faint occasional rallies, was the decided feature in Boston. Near the close the stock recovered to 43. All manner of rumors regarding this property were in circulation, among them the statement that the next dividend would be cut to fifty cents. In general, the Boston market was a trifle weaker, with Arizona Commercial, Giroux, Greene Cananea, Miami and Lake Copper showing most activity. Fundamental conditions are good, and we shall see coppers advance before this bull movement culminates.

The curls features were again the stocks of the low-grade or Arizona properties, together with New Baltic, Oneco, and Chief. All these were active, and despite considerable realizing, induced by fear of a break in the listed stocks, held well.

Yesterday's prevailing prices were:

	Bid.	Asked.
Almeek	\$220.00	\$225.00
American Saginaw	2.50	2.75

Ladies' trimmed hats, regular \$2 to \$3 values, choice \$1 at Braastad's. (1-3-1f)

Ishpeming Department

TWO MORE CANDIDATES FOR POSTMASTERSHIP

FRED J. EGGAN AND JULIUS BRAASTAD HAVE SENT APPLICATIONS FOR POSITION TO CONGRESSMAN H. O. YOUNG.

OLIVER COMPANY'S POLICE FORCE

MARQUETTE RANGE MINES WILL BE GUARDED BY A DOZEN OR MORE MEN, WITH WILLIAM HARRINGTON AS CHIEF.

The contest for the postmastership of Ishpeming will, from present indications, become as complicated and interesting as the fight for the same position in Marquette. There are now five candidates. Besides the three referred to in yesterday's issue of The Mining Journal, Fred J. Eggan and Julius Braastad have entered the lists. It will not be surprising if one or two others are heard from within two or three days.

Should Mr. Braastad receive the appointment, he would give the post office personal attention. He is a graduate of Harvard university, and is well qualified to handle the position. Mr. Eggan bases his claim for recognition on his many years' loyalty to and service in the Republican ranks, and several of his friends are now working in his interest. Seven friends started circulating as many petitions in his behalf yesterday and by evening a large number of signatures had been secured. Mr. Eggan yesterday said that he expects to have at least between 300 and 400 names on his lists by this evening. He has already sent his application to Congressman Young and he expects to forward the lists containing the signatures of his endorsers within a day or two.

The position pays in excess of \$2,600 a year.

The Oliver Iron-Mining company, which several months ago organized a police force for the Mesaba range for the protection of its mining property, will soon have a force on the Marquette range, as well. David F. Foley, formerly of Negaunee, will have general supervision of the officers, and William Harrington, who recently resigned as state game and forestry warden, will have charge of the Marquette range force.

The officers on this range will be hand-picked along similar lines to those on the Mesaba. At the start about a dozen men will be employed, and there will be from two to four at each of the company's mines. The men will be on duty night and day shifts. They will be uniformed and will have the same power as those who take possession of the property. Mr. Harrington has already entered upon his duties, and has selected men for the police jobs. The Oliver company is fitting up the Kennedy store building, at the corner of Division and Lake streets, for the use of the police force, for Mr. Harrington's family, and they expect to take possession within a few weeks. The building has been completely remodeled and will be provided with modern conveniences.

Just received a new stock of pianos direct from factory. Come in and get our low prices and terms—they're interesting. (12-7-1f) GRINNELL BROS.

Ladies', Children's and Men's Sweater Coats at cut prices. F. BRAASTAD & CO. (1-3-1f)

Y. M. C. A. NOTES.

Evening Classes, Discontinued During Holiday Season, Resumed Work.

The officers of the Ishpeming branch of the Young Men's Christian association are much pleased with the interest being shown in the day and evening classes which were resumed this week, after the holiday vacation. All of the classes are to be continued during the same hours as formerly, and will meet as follows: English for coming Americans, Wednesday and Friday; common school course and bookkeeping, Monday and Thursday; chemistry, Tuesday and Thursday; drill for first aid teams, Monday mornings, 9 o'clock; junior Bible classes, Saturday morning, 11 o'clock; intermediate Bible classes, Sunday, 4:30; working boys' Bible classes, Friday, 7:30; senior Bible class, Sunday, 4:30; training table Bible class, Tuesday, noon; Glee club, Thursday, 8 o'clock.

Rummage sale at Braastad's. (1-3-1f)

SWEDISH ATTRACTION.

Fred G. Renard, a well-known Swedish amusement manager, of New York, was in Ishpeming yesterday arranging for the opening of a Swedish theatre on the evening of Jan. 20th of Herr Robert Nordstrom, a noted magician, from Stockholm, Sweden, and Glada Kalle, a peasant comedian, also from Sweden. These performers are to make a short tour of the United States, and will appear in one of the principal cities. They will be in Chicago for a week, commencing next Sunday, and will then play a few one night stands between there and Minneapolis, going from the latter place through the Dakotas, and on to the West.

Mr. Renard brought to this country the Swedish Lady singers, the Skansen dancers, Royal Vendas band, and other attractions. Messrs. Nordstrom and Kalle are said to be the best artists in their lines in Sweden, and they give a fine entertainment. Mr. Nordstrom has several times appeared before the King of Sweden. Mr. Kalle is a versatile comedian and does some very amusing sketches. The admission prices will be twenty-five, thirty-five and fifty cents.

An inner-player to be had at a rare bargain. Come in and hear it. Terms to suit. (12-7-1f) GRINNELL BROS.

Furs, Coats, Suits, Hats, Dress Goods, Sweater Coats, etc., all going at ridiculously low prices during this rummage sale. (1-3-1f) F. BRAASTAD & CO.

HAS CHANGED HOUSES.

W. P. Pearson, who has traveled in the upper peninsula for the past ten years in the interest of Carson Pierce Scott company of Chicago, was in the city yesterday on his first trip for Knower & Tybberg, a well-known dry goods house of New York. Mr. Pearson severed his connection with the Chicago concern the first of the year. C. R. Marsh, who was formerly with the Carpenter-Cook company, succeeds Mr. Pearson with the Carson Pierce Scott company.

See Braastad's display windows. (1-3-1f)

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.

As mercury will surely destroy the sense of smell and completely derange the whole system, there is a constitutional cause for this trouble. Mrs. M. Summers, Box 100, writes us that she has been cured by her successful home treatment, with full instructions. Send no money, but write her of it if you are troubled with this trouble. Don't blame the child, the chances are it can't help it. This treatment also cures diphtheria and people troubled with urticaria difficulties by day or night. Double rows of lines could be set out.

BETTER THAN SPANKING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box 100, writes us that she has been cured by her successful home treatment, with full instructions. Send no money, but write her of it if you are troubled with this trouble. Don't blame the child, the chances are it can't help it. This treatment also cures diphtheria and people troubled with urticaria difficulties by day or night. Double rows of lines could be set out.

FOR SKIN HUMORS

Torturing, disfiguring patches of humor on the skin, scalp or hands are instantly relieved and speedily cured, in the majority of cases, by warm baths with Cuticura Soap and gentle ointments of Cuticura Ointment. ISHPEMING IN BRIEF.

Otto Nelson, a former resident, is here from Coleraine, Minn., on a visit to relatives.

The newly elected officers of the Akmeek lodge of the Odd Fellows were installed last evening.

E. B. McDonald, of the diamond drill contracting firm of Cole & McDonald, is here from the Mesaba range.

The D. F. B. C. will give one of its series of hops this afternoon at the Anderson hall. Dancing will start at 2 o'clock.

F. Julian, assistant superintendent of the Pluto Powder company, arrived from the East Thursday and will remain here for some days.

Lem A. Snyder, manager of the Gateway company's Ishpeming store, arrived home last evening from Chicago, where he spent the greater part of the week.

Miss Frank Olson entertained the members of the Ladies' Birthday club yesterday afternoon at the Anderson house. About twenty were in the party.

Dr. S. G. Main has completed moving his dental parlor from the Peninsula bank building to the Odd Fellows' block, where he is to occupy the corner rooms on the second floor.

The basket ball team, which was defeated Thursday evening by the Knights of Columbus team of Marquette, has arranged for a return contest next Friday evening in the local gymnasium.

Thomas F. Gill, who suffered a stroke of paralysis while at his work at the Mary Carlisle-mine blacksmith shop early in the week, is not improving as rapidly as his friends hoped he would.

Max Ryan, who spent a few weeks in the city visiting his parents, Mr. and Mrs. Matt Ryan, of Cedar street, has returned to Crystal Falls, where he holds a responsible position with Longyear & Howe, the diamond drill company.

The silver trophy for the team winning in the training men's bowling contest, soon to be started, has arrived. There will also be a prize bowling ball given to the individual member having the highest score.

The dancing party, announced to be given at Braastad's hall, on Monday, Feb. 21, under the management of a committee composed of Carl Bremer, W. R. Gallagher, A. T. Devine and E. C. Weinsheimer, has been postponed until after Easter.

The ladies of the Calvary Baptist church will give a "social evening" in the basement of the church on Friday of next week. A literary and musical program will be rendered and refreshments will be served.

QUICK RELIEF OF ITCHING ECZEMA

Was Surprising—Inflammation Reduced in a Few Hours and Cure Soon Followed—Boy's Torture Had Been Intense for Years—Friend's Child had Eczema, Too.

MOTHER TELLS HOW CUTICURA CURED BOTH

"When my boy was six years old, he suffered terribly with eczema. He could neither sit still nor lie quietly in bed, for the itching was dreadful. He would scratch himself by scratching with his nails and that only made them worse. A doctor treated him and we tried almost everything, but the eczema seemed to spread. It started in a small place on the lower extremities and spread for two years until it very nearly covered the back part of his leg to the knee.

"Finally I got Cuticura Soap, Cuticura Ointment and Cuticura Pills and gave them according to directions. I used them in the morning and that evening, before I put my boy to bed, I used them again and the improvement even in those few hours was surprising, the inflammation seemed to be so much less. I used two boxes of Cuticura Ointment, the same of the Pills and the Soap and my boy was cured. My son is now in his seventeenth year and he has never had a return of the eczema.

"I took care of a friend's child that had eczema on his face and limbs and I used the Cuticura Soap and Ointment. They acted on the child just as they did on my son and it has never returned. I would recommend the Cuticura Remedies to anyone. Mrs. A. J. Cochran, 1253 Columbia Ave., Philadelphia, Pa., Oct. 20, 1909."

FOR SKIN HUMORS

Torturing, disfiguring patches of humor on the skin, scalp or hands are instantly relieved and speedily cured, in the majority of cases, by warm baths with Cuticura Soap and gentle ointments of Cuticura Ointment. For eczema, rashes, itching, irritations, inflammations, dandruff, dry, thin and falling hair, for sanative, antiseptic cleansing and all purposes of the toilet, these pure, sweet, germicidal emollients are unrivaled. The Bingham Mines company, the reorganized Bingham Consolidated Mining & Smelting company, has cleaned up practically all of the litigation affecting the property and is now directing its attention toward placing the mines in shape for increased production. A consolidation of Yosemite, Cluster and Missisquoi properties has recently been effected which clears up several matters of dispute so that development work can

ments will be served. The admission will be ten cents.

Tomorrow afternoon at the men's meeting, commencing at 7:30 o'clock, Secretary Wise will speak on the subject: "Reaching the Goal." The Bible class will meet at 4:30 o'clock, and will be led by George Erickson. The subject will be: "The Commercial Element." All men are invited to both meetings.

Miss Alma Hinkkanen, secretary of National Finnish Brothers' Temperance association, left last night for Minneapolis, where she will spend a month visiting the society's lodges. She will deliver her first address tonight at Ishpeming. Doubtless will be one of the best places at which she will speak. Her date there is Jan. 31.

A telegram was received here yesterday stating that Owen Sullivan, who lived in Ishpeming many years ago, had died at his home in the copper country. The deceased was a brother of the late Patrick Sullivan. Several Ishpeming relatives of the deceased will go to the copper country today to attend the funeral.

About 150 members, and a few prospective members, of the Federal Order of the Eagles attended the installation and entertainment conducted by the Ishpeming area at its hall Tuesday evening. The entertainment following the installation was an exceptionally enjoyable one, consisting of vandyville sketches by the Brooks, team playing at the Bijou theatre this week, and instrumental and vocal solos and short speeches by several of the members. An orchestra furnished music.

The Y. M. C. A. senior indoor baseball team and a nine composed of members of the Ishpeming fire department will meet tonight at the Y. M. C. A. gymnasium, in their second contest of the season. The game will start at 8 o'clock and the admission will be fifteen cents. The Y. M. C. A. team will be composed of Joseph Martin, catcher; Hawthorne or McDougall, pitcher; Will Martin, first base; John Nichols, second base; Walter Johnson, third base; Ted Butler and Harold Schladick, short stops; William Rose and Will Quinlan, fielders.

Mining News

SUPERIOR & GLOBE.

J. A. Minner & Co. of Lamium yesterday issued the following letter on Superior & Globe:

The very marked interest manifested in Superior & Globe the past week or two, and which one day this week put the price of the stock to \$1.93, is attributed entirely to public buying. Developments of an important nature are pending which will advance the stock price higher should they come up to expectations.

Superior & Globe is now crosscutting north and south from the 650-foot level, at which point a snuff had been sunk, making the shaft 675 feet deep. A force of thirty men is employed. A new sixty horsepower hoisting engine has been installed, so that the bucket can be replaced by a skip. Under favorable conditions the crosscuts can be extended about 200 feet per month. In this event important developments can be expected within the next four or five weeks.

The Yuma fault will be cut in the north crosscut and it is believed it will be found less than 200 feet from the shaft. This fault outcrops very prominently. The huge Gossens is plainly traceable on a surface for more than a mile as it leads from the Old mine into the Superior & Globe property. Two other faults can be traced on surface on Superior & Globe territory.

Financially, Superior & Globe is in excellent condition. Last month the company spent about \$5,000, but this included the cost of a new hoist. The monthly expenses will average about \$4,000. On the first of the year the company had a cash balance of \$67,000, of which \$24,000 is in a savings deposit account, drawing interest. The money on hand, it will thus be seen, is sufficient to meet all demand for the current year so that shareholders need fear no further call until 1911. Superior & Globe property is fully paid for.

Superior & Globe is undoubtedly one of the most attractive of the low-priced Southeastern interests. The floating supply of the stock has been largely absorbed, making possible much higher prices on the announcement of any favorable development. Should the Yuma fault be cut showing good copper values, Superior & Globe stock will easily cross \$3 per share.

OHIO COPPER.

That negotiations for the absorption of the Ohio Copper company by the Utah Copper company are under way in earnest has been stated at Boston. The Massachusetts tunnel which is contracted to be built by Heintze and his associates in Ohio Copper, is regarded as an important key to the mining situation at Bingham, and it is believed that acquiring control of that tunnel would be a strong inducement to the Utah Copper people to take over the Heintze properties there, including the Ohio mine. The Ohio Copper company has the second unit of its 3,000-milling plant in operation and the works will soon be grinding away at practically half capacity. No contract has yet been made for the smelting of Ohio's product and the impression is that the Garfield international companies will be competitors for this business.

IF YOU ARE A TRIFLE SENSITIVE

About the size of your shoes, it's some satisfaction to know that many people wear Allen's Foot-Ease, the antiseptic powder, into them. Just the thing for dancing parties, patent leather shoes, and for breaking in new shoes. When rubbers or overalls it stands in a small place on the pinch. Allen's Foot-Ease gives instant relief. Sold everywhere, 25c. Sample FREE. Address, Allen S. Heintze, Le Roy, N. Y. Don't accept any substitute.

A GREAT RECORD.

Dr. Leonard's Internal Pile Remedy Makes 98 Per Cent of Cures.

Dr. Leonard's Hem-Roid has been tested in several thousand cases, and was successful in all but two per cent.

Dr. Leonard's wonderful record is due to the fact that it is an internal remedy. The cause of piles is internal, and it is too much to expect to cure piles with ointments, suppositories or operations. Hem-Roid cures the internal cause.

FAMILY SKELETON KEEPER.

Sir George Lewis, Who Gets British Society People Out of Trouble, Retires—Said to Know More Discreditable Facts about People High in Life Than Any Other Man in England.

London, Jan. 7.—Sir George Henry Lewis, the most famous solicitor of the present generation, who has been engaged in all the greatest legal cases in the past half-century, has retired from practice.

Although Sir George is not a member of the bar, but is what is known in England as a solicitor, it is no exaggeration to say that there has been no sensational case brought into court in London during the last forty years in which he has not figured, usually on the winning side, and as for the cases which this shrewd and discreet knight has kept out of court they are simply legion in number.

This man, who numbers among his clients many a royal personage—for they all come to him when they are in a scrape—is a white haired and white whiskered little man of most kindly and genial manner, who, by his appearance, invites confidence and inspires trust in his discretion.

One curious drawback of the celebrity of this extraordinary little Jew is the fact that his presence in court on behalf of a client is in nine cases out of ten regarded as an admission of the latter's guilt, for Sir George enjoys so much credit for his ability to get his clients out of the most critical situations that he is certain to be applied to for assistance whenever a man of any prominence finds himself in the mire.

said, without any exaggeration, to possess a more or less extensive acquaintance with all these grisly relics, and although he has never been known to make any of them public, yet the more he is aware of them and that he may disclose the secrets in the most cases sufficient to weaken the backbone of even the most stiff-necked enemies of his clients.

WARSHIPS ON GREAT LAKES.

Canada's Anxiety Is Not Taken Seriously at Washington—Uncle Sam's Inland Fleet of Little Fighting Strength.

Washington, Jan. 7.—The concern manifested in Canada regarding the presence of American naval vessels on the Great Lakes is not taken very seriously in Washington. People are inclined to smile at the idea, broached in the Dominion parliament, that Canadian shipping would be at the mercy of the United States in the remote event of difficulties arising between the two countries.

The hardness of Upper Michigan pioneers was exemplified this week when Robert Rowan, a well-known resident of the West Neelish, Chippewa county, walked to the sea and returned the same day, a distance of forty-four miles.

A HARDY PIONEER.

The hardness of Upper Michigan pioneers was exemplified this week when Robert Rowan, a well-known resident of the West Neelish, Chippewa county, walked to the sea and returned the same day, a distance of forty-four miles.

Coughs and Colds

Easily prevented and cured by fortifying and strengthening the system with Duffy's Pure Malt Whiskey

Consumption is but the fatal stage of throat troubles—the little cough neglected. Consumption is more appalling in its destruction of life than any plague or pestilence that has swept over the world. It works on, day and night, year in and year out.

MAINE'S GAME SEASON.

State Report Shows That Wide Variety of Animals Is Killed.

Augusta, Me., Jan. 7.—During the hunting season just closed, 3,266 deer, 175 moose and forty-four bears were shipped through Bangor; 1,365 deer, seven moose, nine bear and one wildcat were received by the Somerset railroad, and over the Sandy River road 519 deer, two moose, six bears and 105 partridges were transported, according to the annual report of the Maine Inland Fish and Game commissioners.

To non-resident hunters, 1,972 licenses to hunt after Oct. 1 were sold. To non-resident hunters to hunt before Oct. 1 the number of licenses sold was 594, and for these \$5 each was received. Of these latter, 141 were exchanged for licenses to hunt after Oct. 1, and for these the holders paid \$10 additional, sixteen licenses at \$15 each were sold to unmatriculated foreigners.

The commissioners registered 2,087 resident and twenty-three non-resident guides. Licenses were granted to 127 camp proprietors, 296 hunters and trappers of fur-bearing animals, eighty-two county dealers in deer and other skins, fourteen to taxidermists and thirty-nine to marketmen to deal in venison.

The legislature of 1909 provided for a bounty of \$2 on each wildcat, wolf and Canada lynx in the state, and of these forty-seven have been paid. Bounties on bears have been paid as follows: In Franklin county, thirteen; in Hancock county, twenty.

Reports received from 1,726 guides show that they guided 3,007 hunters. They report that the parties they have guided killed 2,743 deer, 101 moose and sixty bears.

They report thirty-four moose killed when with other guides, 524 deer killed when with other guides, seven bears killed when with other guides, 138 moose killed by persons employing no guide and 2,272 deer killed by persons employing no guide.

Reports received from 159 of the licensed hunters and trappers show that the following fur-bearing animals were taken: Bear, eighty-five; foxes, 512; raccoons, forty; mink, 658; sable, 127; otter, ninety-seven; fisher, blackcat, or martin, 231; beaver, 205; muskrat, 2,045; weasel, 348; skunks, 107; wildcats, twenty-three.

MARRIED NEGAUNEE GIRL.

Man Who Succeeded John C. Greenway Is Known to Many Here.

Mike Coffey, who succeeded John C. Greenway as the Oliver Iron Mining company's general superintendent of the Western Mesaba range, is well-known to a number of Negaunee people. He married a former resident of this city, Miss Gela Murray, daughter of James Gansney, who was a pioneer here, Mr. Gansney and his family moved to the Mesaba range some twelve or fifteen years ago and he has been successful in the grocery business at Hibbing. Mr. Coffey spent his boyhood on the Hibbing range, and was married at Hibbing after taking a position with the Oliver company there.

He has been in charge of the corporation's mining affairs in the Chisholm district, and has made a fine record. Negaunee men who know him say that he is popular.

ASKED FOR CITY MONEY.

Negaunee National Bank Petitioned Council for Share of Business.

Cleo Meilleur, second vice president of the Negaunee National bank, petitioned the council at its regular meeting Tuesday evening for a share of the city's business. His letter was as follows:

"Some of your most respected citizens, as well as some of the largest taxpayers, are associated with this bank; our capital is ample to offer any banking accommodations.

"In our insurance agency are represented some of the oldest and strongest companies in the world, and we solicit a share of the city's business in both lines."

As the city's funds are placed at the disposition of the treasurer, the council received the petition and ordered it placed on file.

The finance committee reported a balance in the city treasury on Dec. 8 of \$21,437.12.

The street and highway committee reported that the expenditures last month were \$142.35. Of this sum \$70 was expended for cleaning streets and alleys; \$6 for opening ditches and \$66.35 for plowing sidewalks.

MARRIED AT MEMONINEE.

Arthur Walsh, who traveled through this region for a number of years for the McNeil-Higgins Grocery company of Chicago, and is now interested in a wholesale grocery business in the copper country, was married on Wednesday at Memoninee to Miss Edna Wells, youngest daughter of J. W. Wells. The service was read by Rev. Daniel E. Long, pastor of the Presbyterian church at Memoninee, in the presence of the members of both families. Miss Ruth Arbuckle of Toledo, O., a maid of honor, and Walter Goodwillie of Chicago was best man.

Negaunee Department

CITY TO IMPROVE LIGHTING PLANT

COUNCIL INSTRUCTS BOARD OF PUBLIC WORKS TO PURCHASE TWO REGULATORS, AND AN AUXILIARY ENGINE WILL BE BOUGHT LATER.

The members of the council showed, upon receipt of the communication from the board of public works at their meeting Thursday evening, that they are heartily in favor of putting the equipment at the municipal lighting station in condition to take care of the expected increased business. The board's recommendation of the purchase of two regulators, each to cost about \$500, was approved, and it was instructed to install the new equipment without delay.

The matter of purchasing a new auxiliary engine was referred to the board and the lighting and purchasing committees, with instructions to report the estimated cost of the same at the next regular meeting. The board recommended that further time be granted before deciding on the Am street sewer improvement, on account of mining operations in that vicinity.

Captain Elijah Toms appeared before the council and asked that an alley be opened at the rear of his lots on Bluff street. He called attention to the fact that it is now impossible to deliver wood or coal to some of the residents without passing through other people's lots. The matter was referred to the board of public works, together with the committee on streets and highways, with instructions to report on the same at the next regular meeting.

W. J. Neely appeared before the council and asked that the water taxes on a house he owns at the Teal lake location be rebated, on the ground that his tenant is unable to pay the rent in full. The occupants are Mrs. Mattson and family. Mrs. Mattson is the wife of Charles Mattson, who some few years ago lost one eye in a mine accident and a year ago last summer lost the sight of the other while fishing on a raft in Carp river. Mr. Mattson has since been unable to do anything toward the support of the family. The matter was referred to the streets and highways committee, together with the board of public works.

Mrs. J. D. Williams was exempted from the payment of taxes and Mrs. Joseph Cornish is to be given free water.

SIMPLE REMEDY FOR LAGRIPPE.

Lagrippe coughs are dangerous as they frequently develop into pneumonia. Foley's Honey and Catnip stops the cough, but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Catnip contains no harmful drugs and is in a yellow package. Sold by all druggists.

INJURY RESULTED IN DEATH.

Miner Hurt at the Mary Charlotte Two Days Before Christmas Is Dead.

John Mattila, the young miner who sustained a fracture of the skull at the Mary Charlotte mine on the Thursday before Christmas, died yesterday morning at 10 o'clock at the Negaunee hospital, where he had been since confined. The injury which caused Mattila's demise was sustained under unusual circumstances. He was walking up over an underground dump, where dirt had been accumulated, instead of following the route which the men in that part of the mine usually took, when a piece of rock came down and struck him on the head. It was necessary to remove a good-sized piece of the skull and Mattila remained unconscious for two days. The day following Christmas it was reported from the hospital that there was a chance of his recovery, and for a time there was some improvement in his condition. There was a change for the worse early in the week, however, and it was evident for some time before he passed away that he would not recover. Mattila, as well as other men working in the mine, have been repeatedly warned not to walk over places similar to the one in which he received the injury. He had been employed at the Mary Charlotte for about a year and he was well known among the Finnish people here. He was a popular young man and his death is regretted. The deceased was about twenty-six years of age and two of his brothers live in Negaunee. The funeral will probably be held tomorrow afternoon.

MAY LOCATE HERE.

S. D. Colan, who conducted the People's store, in the Saladine block, on Iron street, for some time prior to a year or more ago, when the enterprise was closed out, is in the city, accompanied by J. Rosenberg of Sturgeon Bay. Mr. Colan is now located at Peabody, Wis. He is looking for a location with a view to engaging in the mercantile business and he is desirous of securing a place in Negaunee. If he does not find a satisfactory location here he may open a store in Ishpeming.

LOCAL LAONICS.

John Miller and wife of Houghton were Negaunee visitors yesterday.

The thermometer at the Breitung House registered ten below yesterday morning at 6 o'clock.

Mrs. J. E. O'Donoghue entertained at cards yesterday afternoon. Her guests were Ishpeming and Negaunee ladies.

George Lehman, who came down from Coleraine before Christmas on a visit to his parents, left there Thursday night.

J. W. Teichert, traveling representative of the Leisen-Hennes Brewing company of Menominee, was in the city yesterday.

Moses Yell, who came home from the Mesaba range to spend the holidays with his family, left Thursday night for Coleraine, where he is located.

Mrs. J. Flory, who is to serve the supper at the German Aid society's annual masquerade ball on Friday, the 21st, has secured Shea's hall for that purpose.

Matt Kangas, the clever Grosse-Bom and catch-as-catch-can wrestler of this city, expects to close negotiations for his match with Karl Lehto of the copper country, within a few days.

R. C. Quinn, formerly of this city, has sent a number of his friends in the upper peninsula unique New Year's cards, in the shape of a prosperity pass, made up similar to a railway pass.

At a recent meeting of the board of public works Captain J. H. Rough was elected president and C. V. R. Townsend, secretary, for the ensuing year. E. C. Anthony was the former president.

Miss Reardon, one of the teachers at the Peck street school, was taken suddenly ill Thursday with appendicitis and was removed to the Negaunee hospital where she submitted to an operation.

Michael Curley, who has been here since Christmas, visiting his mother and other relatives, will leave today or tomorrow for Coleraine, where he holds a responsible position with the Oliver Iron Mining company.

Workmen are still laboring at the Negaunee mine in an effort to locate the body of Oscar Mattila, one of the four victims of the cave-in that occurred three weeks ago last Monday night. It has been necessary to remove more dirt than was expected at the time the body of Mattila's partner was found. There is no telling when the work will be finished.

NAVY TO TEST THE SHIP BRAKE.

Battleship Indiana Being Fitted With the New Device.

Washington, Jan. 7.—Elaborate tests are about to be made by the federal government to determine the efficiency of emergency brakes on battleships. The United States ship Indiana, which has been selected for the trials, has been in dry dock at the League Island navy yard at Philadelphia for nearly three months in preparation for the tests. She is the first battleship, or indeed vessel of considerable size, to be tested in this way on either side of the Atlantic, and the results are being awaited with the liveliest interest by foreign navies.

The engineers who are installing this novel appliance believe the emergency brake will give the captain of the largest and heaviest battleship an instant control of his craft absolutely impossible under present conditions. The brake, it is promised, will enable a ship to stop even when going at full speed in half its own length. It will also make it possible for a great ship to be swung about from side to side as though on a pivot.

New Definition of "Unsinkable." The air-chambered, "unsinkable" target which cost \$15,000 to build and which was shipped from the Brooklyn navy yard to the Philippine Islands, to be used in the winter target practice of the Pacific fleet, went to the bottom after receiving two broadsides from the Charles- ton, according to letters received at Manila Island navy yard. The target was of armor plate, with protected air chambers to keep it afloat, but the six-inch guns punched it full of holes and it sank.

BROKE DRUG CLERK NOW A MILLIONAIRE

Present Cotton King Pawned His Only Jewelry to Get His Start.

ALWAYS "BULL" ON COTTON

E. G. Scales Struck New York Broke and Has Made Five Million Dollars in a Year.

New York, Jan. 6.—From a pawn ticket to millions in less than two years is the story in brief of E. G. Scales of Texas, one of the most daring and successful operators of the century in the cotton market.

His bank roll to date is close to the \$5,000,000 mark, if not beyond it. The greater portion of it was cleaned up this year. He and his associates, W. P. Brown, James A. Patton, the Chicago operator, who has almost doubled in cotton the millions he made in wheat last spring, and Frank Hayne of New York, the "big four" of the local cotton market and comprising the most powerful bull clique the country has ever seen, have made about \$15,000,000 during the present year. Cotton in the more active months is now selling at 16 cents a pound the highest price since the Sully days and double the price of a year ago.

Leader in Cotton Game. Of these four men Scales is the most picturesque as well as the most daring in his operations. He is the leader in the cotton game. In the frequent conferences of the "big four" his is the last word. Time and again during the last three months when cotton touched new high records and this was followed by heavy liquidations his associates became somewhat alarmed but Scales' advice to "sit fast, hold tight and don't rock the boat" prevailed, with the result that the four have almost been submerged in the golden flood that has swept swiftly upon them.

Scales did not plunge blindly on the contrary, there is no keener student of the market than the big Texan. He was one of the few who realized that the crop would be the scarest in years as the government reports have since proved so convincingly.

Lost All in Cotton Once. Two years ago Scales hit New York penniless. His sole asset was a diamond ring. A comfortable little nest egg accumulated as a drug clerk in Texas had been wiped out in cotton speculation, and Scales was determined to get it back. It was a raw February afternoon when he reached the city, and according to his own story, he had just twenty-eight cents. After depositing his battered suit case in an obscure hotel, he went to a pawnshop and pledged the diamond ring for \$250.

Pawned Ring to Get Start. With this he drifted down to a big brokerage house in William street, near the cotton exchange, and after a day or two devoted to studying the market opened a small account. From that time he has been, with the exception of once or twice, on the winning side of the market. He has been a bull first, last and all the time. That same brokerage house now holds for him in Reading securities \$1,000,000, and he has a cash deposit there of \$2,000,000 in a New Orleans bank he has a balance of \$500,000. His cotton holdings at the present time will easily total up an additional million.

During the dull days in cotton a year ago Scales decided to seek a vent for his excitement in the Chicago wheat pit. Luck was with him. He followed Patten in all his deals and came out a big winner. The two men had never met before but the acquaintance made then has now ripened into a strong friendship.

When Patten closed his wheat operations he came to New York and followed Scales in cotton. Then Brown and Hayne joined issues with them.

Snakeroot First Corner. "You'd never think Scales was once a peripatetic drug clerk," remarked one of a group of Texans in the Waldorf, where Mr. Scales lives, "I remember when he was to take in the state from Point Isabel up to Ochiltree as the representative of a drug house.

"In those days snakeroot was deemed the great specific for all the ills a Texan was heir to. But the root became scarce, and Scales cornered the market and turned these maneuvers into \$10,000. I think this was Scales' first financial coup."

Even a politician would probably be honest if he could make more money that way.
