

HOUSE INSURGENTS STAND WITH TAFT

They Declare That the Fight They Are Making Is Directed Solely Against Speaker Cannon and His Autocracy.

Without Exception, They Say, They Are Loyal Supporters of Republican Doctrine and the Present Administration, and They Denounce as Malicious the Attempt That Is Being Made to Misrepresent Them and Becloud the Real Issue.

Washington, Jan. 10.—The following statement was issued tonight, after a meeting of the insurgent Republican members of the house: "In an effort to becloud the real issue, an unfair and malicious attempt is being made to represent us as opposed to President Taft's administration and policies. There is not even a semblance of truth in this accusation. Without exception we are firm supporters of the Republican doctrine and Mr. Taft's administration."

Washington, Jan. 10.—The broad breach between the "organization" in the house and the insurgents widened today. Tonight it was evident that the hostilities of the past few days will continue with increasing bitterness.

Washington, Jan. 10.—The supreme court of the United States today decided the case of the United States vs. the Illinois Central and other railroad companies in the Illinois coal mining district.

Washington, Jan. 10.—The following statement was issued tonight, after a meeting of the insurgent Republican members of the house: "In an effort to becloud the real issue, an unfair and malicious attempt is being made to represent us as opposed to President Taft's administration and policies."

RAILROAD MEN AT WHITE HOUSE

Negotiations Begin, Looking to the Settlement Out of Court of the Suit to Dissolve the So-Called Harriman Merger.

It is at the Request of the Corporate Interests Involved That the Matter Is Taken Up, but It Is Stated the Case Will Be Dropped Only if the Evils Complained of Are Corrected or the Government Is Shown Completely in Error.

Washington, Jan. 10.—Negotiations are in progress, looking to the settlement out of court of the government's suit for the dissolution of the merger of the so-called Harriman lines.

Washington, Jan. 10.—Negotiations are in progress, looking to the settlement out of court of the government's suit for the dissolution of the merger of the so-called Harriman lines.

PLAN GETS ONLY NINE VOTES.

House Refuses to Curtail the National Guard Appropriation.

Washington, Jan. 10.—Terminating the avowed policy of economy of the Taft administration as a "political exigency" which would not prove economy in the long run, Representative Haye, of Virginia, made an earnest plea against curtailing the \$1,550,000 appropriation for National Guard equipments.

JOHN EARLY'S CASE PUZZLES.

Doctors Still Divided on the Question Whether He Is a Leper.

THE WEATHER.

Washington, Jan. 10.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy, Tuesday, warmer in the extreme east; Wednesday, fair.

NOVEL MOVE TO LOWER THE COST OF LIVING.

Trades & Labor Council of La Crosse, Wis., Will Buy Flour and Other Necessities in Carload Lots and Will Retail the Goods to the Union Members at Wholesale Prices.

AUTOMOBILE COLLIDES WITH A STREET CAR.

Three Men Are Killed in a Collision at Atlanta, Ga.—Three Others Are the Victims of a Dynamite Explosion in Wisconsin, and a Wealthy Farmer Is Dead from Burns in Iowa.

TRIPLE FATALITY AT LOGGING CAMP.

Winter, Wis., Jan. 10.—An explosion of dynamite placed on a stove to thaw at the Hammon logging camp today resulted in the death of Sam Anderson, of Colfax, Wis.; J. Salisbury, of St. Paul, and George Cummings, of Rice Lake, Wis.

MAN OF MYSTERY.

Supposed French Nobleman Crushed to Death in Illinois Factory.

MURDERED FOR HIS MONEY.

Marshalltown, Ia., Jan. 10.—With the head crushed by a mason's hammer, the partly consumed body of Welo Tsoff, a Hungarian nobleman, was found in a burning boarding car on the Northwestern railroad this evening.

QUARANTINE AT BESSEMER.

A large number of cases of scarlet fever and diphtheria at Bessemer have caused considerable alarm at that place the past week, and as a result the schools have been closed and public gatherings have been forbidden.

COTTON EXCHANGE HIT BY BEAR RAID

Under the Pressure of Liquidation Involving the Disposal of 1,500,000 Bales, the Prices at New York Slump Violently.

PATTEN AND HIS FRIENDS SELL HEAVILY, AND THEY ARE NOT RESTRICTED—BULLS TAKE PROFITS ON A VERY LARGE SCALE WHEN THEY OBSERVE THE DRIFT OF THINGS, AND AMID SCENES OF EXCITEMENT SELDOM WITNESSED THE MARKET BREAKS 81 TO 82 POINTS.

New York, Jan. 10.—Under the pressure of enormous liquidation involving the sale of approximately 1,500,000 bales, the cotton exchange was hard hit by a bear raid today, with losses as high as \$4,800 a bale.

STOCKS DULL AND WEAKER.

New York, Jan. 10.—After an hour of activity the speculation in stocks ran down today to nominal proportions.

OHIO RIVER CRAFT SUFFER.

Louisville, Ky., Jan. 10.—The United States dredge boat Walker, moored at Brandenburg, was crushed to pieces today when the ice gave at Wolfsville went out.

LABOR LEADERS CONFER.

Question of a Sympathetic Strike Discussed at St. Paul.

GERMANY'S REPLY FAVORABLE.

It Agrees to the Neutralization of the Manchurian Railroads.

RAILROAD ATTORNEY PROMOTED.

Attorney Chas. H. Watson of Crystal Falls has been promoted to Chicago by the Chicago Milwaukee & St. Paul Railroad company.

MISSING PAIR ARE FOUND IN CHICAGO.

Roberta De Janon, the 17-Year-Old Philadelphia Heiress, and Frederic Cohen, the 46-Year-Old Waiter With Whom She Eloped, Are Discovered in a North Side Rooming House.

WIZARDS OF THE AIR THRILL BIG CROWD

 Today's weather: Fair; stationary temperature.  
 Yesterday's temperatures: Seven a. m., 12 degrees; noon, 18; 7 p. m., 21; maximum, 21; minimum, 10.  
 S. R. Kaufman left for Chicago on business last night.  
 L. W. Atkins has gone to Chicago on a business trip.  
 C. A. Wheeler returned yesterday from a two weeks' trip to Detroit.  
 The Knights of Columbus will hold a regular meeting in their club rooms tonight.  
 Mrs. George Shiras III and daughter, Ellen, left last evening for Washington, D. C.  
 Instead of meeting at Brook's Hall, the D. A. R. will have a social afternoon at Mrs. Geo. N. Conklin's home this afternoon.  
 Four new students were enrolled at the Ferguson Business college last evening. With their entry, the night class is the largest in the history of the institution.  
 Wm. Beitner of Sidnaw was in the city yesterday. Mr. Beitner is considering moving his butter dish factory from Sidnaw to Marquette and is negotiating with the Commercial club to that end.  
 The Ladies' auxiliary to the A. O. H. will hold their regular meeting tonight. The meeting night has been changed from the first and third Wednesdays of the month to the second and fourth Tuesdays of the month.  
 In a bowling match with "Doc" Van derstine, played a few days ago, H. O. Bell made a score of 92, with one spare, no splits and nine fall downs in the ten frames. This is said to be a record on the down town alleys.  
 The Knights and Ladies of the Magicians of the World will hold a joint installation at Fraternity Hall at 8 o'clock tonight. All members are requested to be present and visiting Knights and Ladies are invited to attend.  
 The K. of C. basketball team will go to Ishpeming Friday night to play a return game with the Ishpeming Y. M. C. A. team in the association gymnasium. Following the game, the K. C.'s will be given a dance in Braastad's Hall. A special train will run from Marquette to Ishpeming that night.  
 A Dangerous Pastime—Attention has been called to the dangerous pastime of boys and girls in cutting on sleds, no riding to all parts of the city. It is said that this practice is more common this winter than ever before. This is a sport which is bound to result in serious accidents if allowed to continue, and should be severely discontinued by the parents of the children who indulge in it.  
 Injured at Flint—Mrs. Henry Lizotte and Clark Hitchcock of North Third street have received word that their father, Frank M. Hitchcock, was struck by a street car at Flint and seriously injured. He suffered severe scalp wounds, and at last reports was still unconscious. The accident occurred a week ago. Mr. Hitchcock has visited his children here and is known to a number of Marquette people.  
 Two Basketball Games—Two basketball games have been scheduled for this week. Wednesday evening the City team will meet the Ferguson Business college at Armory Hall and Thursday night the City team and Guild Hall five will fight it out at Legion Hall. The L'Anse basketball team, which defeated the City team at L'Anse a short time ago, wants a return game here, which may be played Washington's birthday.  
 Two Casts Were Made—Two casts of iron were made at the Chocoley furnace yesterday, one in the forenoon and another in the afternoon, about twenty-five tons in all being run off. The breaking of a rope at the top of the stack caused a few hours' shut down last evening, but everything is expected to move along smoothly from now on. The coroner's jury have not yet returned a verdict on the fatal accident of last Wednesday evening. Yesterday, the jury drove to the furnace and examined the scene of the gas explosion. John Dasey, the sole survivor of the explosion, is not yet able to tell what he knows about it.  
 Must Be Shipped With Care—The shipment of cabbage, potatoes or onions at this time of year is a serious business, said a local dealer yesterday. The solid must be guarded against all hazards, and this involves considerable labor and expense. In the first place the interior of the car must be lined with heavy paper, made for the purpose. Then a false floor must be laid, about four or five inches above the floor of the car, and this must be covered with paper. This all costs considerable, but the cheapest hemlock lumber is used for the false floor, and this can be disposed of after the car is unloaded and part of the cost regained.  
 INSURE WITH PETER WHITE & CO.  
**STOCKHOLDERS' MEETING.**  
 Officers and Directors of County Agricultural Society Elected.  
 The annual meeting of stockholders of the Marquette County Agricultural society, held at the city hall yesterday afternoon, was more largely attended than for several years past. John D. Mangum was re-elected president of the society; Harry Price, secretary, and B. W. Wright, treasurer. Three directors were made in the board of directors, caused by the retirement of Robert Blenhuber, Dan Sullivan and Joseph Fay. The directors, as elected yesterday, are: W. S. Ewing, Wm. Fassbender, John Siegel, A. H. Palmer and A. T. Roberts. It was voted to retain membership in the American Trotting association.  
 A meeting of the officers and directors will be held at E. J. Sink's store Wednesday evening at 8 o'clock, at which plans for the next fair will be discussed. At the meeting yesterday, Charles Gell, one of the stockholders, moved that Secretary Price be instructed to correspond with some amusement company, relative to the possibility of having an airship at the next fair. The suggestion was favorably received, and whether or not an airship is secured, the directors promise that their next fair will offer more stupendous and unique attractions than ever before.

**ELECTED MORGAN JOPLING.**  
 Commercial Club Named President and Other Officers Last Evening.  
 A well attended session of the Queen City Commercial club was held at the city hall last evening for the election of officers and other business. The officers for the ensuing year are: President, Morgan W. Jopling; vice president, A. H. Meyer; secretary and treasurer, Frank J. Russell.  
 The changes in the official roster of the club came only after Mr. Saladin, the outgoing president, notified the members that he considered that he had done his share of work in the executive office and would be pleased to have some other member take up its duties. A number of those present expressed the belief that rotation in office would be beneficial to the club by interesting new blood. The suggestion that Mr. Jopling be elected for the ensuing year was received with much approval, and he was chosen unanimously, by a rising vote. G. A. Carlson, the outgoing secretary-treasurer, was another official the club would like to have kept in service, but he made it known that other duties made it impossible for him to accept the office. Expressions of the highest appreciation of the indefatigable work done by Mr. Saladin for the club were voiced by several members, and a committee of one was appointed to draft an appropriate appreciation, to be spread on the minutes and given to the press.  
 In the course of the discussion following the election the point was brought out that there is to be no political significance to the visit of Chase S. Osborn of the Soo here as the club's guest at its annual banquet next month. His address, it is said, will be on a non-political theme.  
**WILL TEACH VOCAL MUSIC.**  
 Mrs. Louis Vierling Ready to Accept Primary and Advanced Pupils.  
 Mrs. Louis Vierling will open a home vocal studio at 114 West Hewitt avenue and will be glad to talk with prospective pupils any day between the hours of 9 and 11, and 2 and 4. Mrs. Vierling is an accomplished mezzo soprano with a finished musical education, and is an experienced teacher. She has studied under Professor Vet. Professor F. W. Harrington, the Detroit Conservatory of Music, Mme. Ida Fletcher-Norton, the Michigan Conservatory of Music, Wm. Lavin (the leading tenor with Mme. Patti for two seasons), and finished under Samuel L. Slade of Detroit.  
 Mrs. Vierling is ready to begin the instruction of pupils at any time, and will be pleased to give primary or advanced lessons to young or old.

**MEETING OF CITY BAND.**  
 Officers Elected and Arrangements Made for Dance on Feb. 4.  
 The Marquette City band, recently organized, held its first regular meeting Sunday, Jan. 9, and the following officers were elected to serve during the ensuing year:  
 President—Henry Ragasette.  
 Vice President—Frank Mollatt.  
 Secretary—C. A. Wood.  
 Treasurer—George Perrin.  
 Director and Manager—A. G. Cheney.  
 It was decided at this meeting that a concert and dance shall be given in Fraternity Hall on Feb. 4, the proceeds of which will be used in further equipping the band, and incidentally, to benefit the city of Marquette by raising the city's band to a higher state of excellence. The band will make its first public appearance on the streets of the city within the next two weeks. A regular rehearsal will be held tonight.  
**VOCAL CULTURE.**  
 Mrs. Louis Vierling, studio 114 West Hewitt avenue, Primary and advanced pupils accepted. Hours, 9 to 11 and 2 to 4 every afternoon. (1-11-10)

**SCORES OF THE BOWLERS.**  
 Two matches of the handicap league schedule were rolled at the bowling alleys in the Bacon block last evening. The Vikings and the Bismarcks were the victors. The scores follow:  
 Vikings  
 Rydholm 186 130 163 409

 Nester Block, Washington St.  
**NEW TRIAL REFUSED.**  
 Among the last official acts of Judge Stone prior to his retirement from the bench of the Twenty-fifth judicial circuit was the filing of reasons for his denial of a new trial in the case of the People against Joe Dascola. Counsel for the respondent, Bernard Barasa of Chicago and A. F. Dixon of Stambaugh, filed a motion for a new trial on the ground of newly discovered evidence. The motion was opposed by Chas. H. Watson, for the people. Dascola was convicted at the October term of the circuit court for Iron county of the crime of manslaughter, the trial growing out of a shooting at the Smuggler mine in the township of Stambaugh in May of last year. The case attracted considerable interest and the jury was out about eighteen hours before arriving at a verdict.  
**FACIAL TREATMENT.**  
 Miss Hollie Oster, Werner Block, removes superfluous hair, moles and warts by electric needle. Ladies' and gentlemen's manicuring. Bell phone 61. (9-6-11)

### FROM MORGAN'S CURB LETTER.

The New York market was dull and uninteresting today, with the trading light and no changes of importance either way. Market news is scarce. A dull market with prices holding well is rarely followed by a decline, and the next movement should be upward.

Lake was decidedly the feature in Boston, opening at 73% and rapidly advancing to 78 on very heavy buying. It held around this level for some time and near the close sold up to 79%. Even higher prices are predicted for it. The buying of Giroux continues unabated, and North Butte was well bought today and was stronger. Greene Cananea was quiet, but firm. Butte Coalition was weak and dull, as was Superior & Pittsburg. Arcadian sold up to 9%, and higher prices are talked for it. The others were quiet, with no special feature of interest.

The Wall Street Journal says: "The transactions in Giroux the last few days have given to a well founded report that in some way this company is to be included in the Guggenheim merger. Through a consolidation of Giroux with Nevada Consolidated, it is thought that the problem of merging the Nevada company with Utah may be solved. It is generally known that Nevada Consolidated interests have been of the opinion that a combination of Nevada Consolidated, Cumberland Ely and Giroux was

### MET DEATH IN WESTERN MINE

### GUST FREDIN GETS WITCH LAKE CONTRACT

#### FORMER WELLKNOWN DIAMOND DRILL MAN OF REPUBLIC AND HIS PARTNER ASPHYXIATED IN BRITISH COLUMBIA.

Herman Suneson, a former wellknown resident of Republic, was asphyxiated last week in a mine in British Columbia, where he was employed as a diamond drill operator. He and his partner, while working in a drift, bored into an old chamber filled with gas, and they were asphyxiated. As soon as the gas began to escape they realized their danger and started out of the drift. Suneson had gone but a short distance when he fell unconscious, but his partner got within a few feet of the shaft before he fell.

The remains of the deceased were received in Republic yesterday and the funeral will be held there this afternoon with services at the house. The deceased was a brother of Mrs. Peterson, wife of Carl Peterson, the hardware merchant of Republic. A brother, Martin Suneson, who is also engaged in diamond drill work, is located in Nevada. A sister, Mrs. Johnson, lives in Chicago, and another sister, Mrs. Ruth, lives in Washington. The youngest sister, Miss Bertha Suneson, is a teacher in the public schools at Republic. The remains were accompanied from British Columbia by the widow and two children. The deceased was married in the copper country of British Columbia, six years ago. He was twenty-nine years of age.

#### Miner Killed at Republic.

Charles Carlson, a pioneer resident of Republic, was instantly killed by a fall of ground at the Republic mine Thursday night. The deceased was fifty-six years of age and he had worked at the Republic for over a quarter of a century. He is survived by his widow, one son and one daughter. The funeral was held Saturday afternoon, with interment in the Republic cemetery.

#### Death of Mrs. Frank Barquist.

Mrs. Frank Barquist, who lived in Republic for a number of years, having moved from Ishpeming more than thirty years ago, died last week in Calumet, and her remains were taken to Republic for interment, the funeral having been held Sunday afternoon. The remains were accompanied by the sons of the deceased, Victor and Charles Barquist, both of whom are engaged in business at Calumet. The Barquist family were among the first Scandinavian residents of Ishpeming, they having lived on West Ridge street before moving to Republic.

#### VICTIM OF PNEUMONIA.

The Crystal Falls Diamond Drill of Saturday contained the following announcement of the death of Thomas O'Brien, a former wellknown resident of Republic, and whose parents were pioneers there:

"Thomas O'Brien, a character well-known about here and on the Marquette range, died last Saturday night of pneumonia at the hospital of Dr. Larson. 'Tommy,' as he was familiarly known, was working at Channing and contracted a bad cold. His system was not strong enough to resist the attack and he passed away quickly. He was a member of the local Aerie of Eagles and was well looked after in his closing hours. He had no relatives known to anyone about here. The remains were taken to Marquette on Monday, a delegation of Eagles accompanying them, where they were interred in the Catholic cemetery at that place."

A few more organs at astoundingly low prices. Terms, 20 cents weekly.

#### AVOID THE KNIFE.

Cutting Won't Cure Piles—Internal Treatment Needed.

A gardener doesn't kill weeds by cutting their tops. He attacks the root. Just so with piles—the cause is within, entirely out of reach of surgical instruments, ointments or suppositories. The only cure for piles is internal, and the only guaranteed internal remedy is Dr. Leonhardt's Hem-Roid. It has cured 98 per cent of cases, and 24 days' treatment is sold for \$1 at The People's Drug Store, Marquette, Mich., City Drug Store, Ishpeming, under positive guarantee. Or mailed by Dr. Leonhardt Co., Station B, Buffalo, N. Y. Write for booklet.

#### IRON ORE LANDS FOR LEASE.

We wish to call attention of iron mining companies to the southeast quarter of Section 26, Township 47, Range, 26, an exceptionally well located tract of mineral land on the Cascade iron range, in Richmond township, Marquette county, one and one-half miles east of Moore mine, and directly in the great iron ore belt that traverses that range. The owners are desirous of entering into arrangements with responsible people to develop this tract. For particulars address:

# MOSQUITO POND IS TO BE TRANSFORMED

### J. W. SPEAR ASKS FOR LEASE OF PRESQUE ISLE NECK AND PLANS FISH PRESERVE.

## DETAILS OF UNIQUE PLAN

### Proposes to Give City Swimming and Skating Place and to Stock Artificial Lakes With Brook Trout.

At the meeting of the common council last evening, John W. Spear submitted the following proposition for the utilization of the neck of Presque Isle, or the "mosquito pond," as it is commonly known, which was referred to the park, cemetery and street commission, with the recommendation that it be accepted:

"To the Honorable Mayor and Common Council of the City of Marquette.

"Gentlemen:—I would respectfully ask your honorable body to grant me a thirty-year lease of the land owned by the city on the neck of Presque Isle, particularly the portion that is now wet. I want to dredge it out and form artificial ponds for both bathing and skating purposes and for propagation of fish.

"I propose to put at work within nine months from the time the lease is granted to me a dredge that will cost about \$7,500 and to dredge out a series of ponds about sixty feet wide by whatever length is practicable within the space. In consideration of the lease the city may have the use of one of the ponds for bathing and skating purposes, but aside from this bathing and skating I want exclusive possession and use of all the ponds. The city may select the first pond dredged but shall have but one selection.

"I will want the city to furnish electric power for the operation of the dredge and deliver the power to the dredge. I will undertake to thoroughly dredge the present wet portion of the neck and convert the same into slightly well-kept ponds full of fresh and pure water, and convert the neck from the present mosquito-breeding, unsightly swamp to a place of beauty and public attraction.

"I would be pleased to have as early action on this as possible, as it will require about four months to get the dredge built and I desire to commence operation as early in the spring as possible."

Mr. Spear was interviewed regarding this project yesterday and stated that it was his intention to transform the unsightly and mosquito-breeding lowland between the L. S. & I. dock and Presque Isle into a sort of park, with artistically arranged artificial lakes, which will be stocked with brook trout. As stated in the communication to the council, one of these lakes, to be located near the restaurant on the island at the end of the street car line, will be given to the city as a public swimming and skating place, under the control of the park, cemetery and street commission.

The plans drawn up call for the construction of six lakes or ponds, two in the center of the strip of land extending the whole length nearly north and south and two smaller ponds to the east and two to the west. When these ponds are dredged out and filled with water, they will be filled with trout spawn. About three years later, the fish will have grown large enough to permit of catching them, and fishing privileges will be sold by the owner. The plans also call for a keeper's lodge, to be erected on the fill of ore on the west side of the tract of land.

Mr. Spear expects that the fishing ponds when completed will represent an investment of \$60,000 or more, but when he is once in shape to sell fishing privileges, he hopes to at least make a good interest on his money. He has not decided whether he will make the whole investment on his own account or solicit some of the necessary capital among his friends.

This unique plan of Mr. Spear's, when consummated, will be a great benefit to the city, as it will afford a good fishing ground near at hand, and at the same time transform an unsightly piece into an artistic and attractive place. Mr. Spear has always taken great interest in Presque Isle and was one of Peter White's most active assistants in building the first road around the island. In carrying out his present plan, Mr. Spear states that he will have the general good of the city at heart fully as much as the opportunity of making some money for himself.

### Ice Ordinance Proposed.

Another important resolution was adopted at the council meeting last night, namely, that the city attorney draw up an ordinance prohibiting the use of ice cut inside the city limits for refrigerating food or drink or making ice cream. The resolution adopted reads:

"Resolved, That the city attorney be instructed to prepare and submit at the next session of the council, an ordinance prohibiting the use for refrigerating of articles of human food or drink or the manufacture of ice cream or ice from the harbor inside of the breakwater and north of Hampton street produced."

The ordinance amending the water board act so as to make a majority of those voting sufficient to carry a bonding proposition was carried without opposition, and will at once be sent to the governor for his approval, after which it will be submitted to the people of the city at a general election.

The park, cemetery and street commission reported that but one bid had been submitted for the construction of a wooden bridge across Dead river at the city electric power plant, that by F. W. Sambrook & Son whose price was \$640, but was unaccompanied by any plans or specifications. The council directed the street commissioner to prepare plans and specifications for the bridge before the next council meeting, in order that the work may be re-advertised.

A petition of residents near the corner of Cedar street and Hewitt avenue, asking for an arc light at that corner, was referred to the street committee of the council.

In the absence of Mayor Vaughan, Alderman Ekstrom presided at the meeting. Aldermen Butler, Hennessey and Ward were also absent.

# MANY PEOPLE VISITED ARMOUR & CO.'S PLANT

### FORMAL OPENING OF LAKE STREET BRANCH HOUSE WAS AUSPICIOUS AND HIGHLY SUCCESSFUL.

The formal opening of Armour & Co.'s branch house on Lake street yesterday was successful beyond the most sanguine hopes of the managers. From 10 o'clock in the morning until late in the afternoon the building was filled with men and women who looked over the plant and the complete line of Armour products displayed, and afterwards were served with refreshments and given suitable souvenirs of the occasion. All were served with delicious bouillon, sandwiches, etc., and the ladies were presented with handsome art calendars and cans of "Veribest" baked beans with tomato sauce. Cigars were passed out to the men and the butchers and meat dealers were given fine watch fobs, showing the head of a steer in relief, on the reverse side of which was inscribed, "Marquette, Mich., January 10, 1910—Branch House Opening—Armour & Co., Chicago."

The neat, attractive and convenient interior of the once unsightly building, built by Armour & Co. sixteen years ago but never used, was a revelation to most of those who visited the building yesterday. In the commodious refrigerator was hung up one of the finest shows of prime beef sides and pork ever seen in this part of the country. In other rooms were exhibits of other Armour products, including lard, sausage, hams, bacon, soap, washing powder, butter, eggs and cheese. The last three articles named will be furnished from the company's supply house in Minneapolis and their sale among the dealers of this locality will be pushed vigorously.

The overhead track system has been installed throughout the building, by means of which meats are hooked on the track carriage in the cars, run into the refrigerator and left hanging in that manner until sold. The track runs from the refrigerator to the scales and from there out of doors, so that the meat can be moved in and out of the building without lifting. The company will make its Marquette deliveries with its own rig, a horse now being on the way and a sleigh in process of construction at Escanaba.

Three men will be employed in the Marquette branch house and three salesmen are to be placed on the road, two of whom are now covering their territory. The two salesmen at work are Charles Hald, who works west of Marquette to Champion and Humboldt, and A. J. Frey, whose territory is east as far as Grand Marais, Soo Junction and Trout Lake, and the Swanzy range. The third salesman has not arrived, but will be started out in a short time.

Several of the packing houses have branch establishments at Ishpening, but until the present time none of them have been located in this city. The decision of Armour & Co. to operate a sales house from Marquette will doubtless prove a great convenience to the general public, as well as to the meat and provision dealers.

The Maple Grove dairy will sell milk at eight cents a quart. Let the quality of the milk speak for itself. (1-6-1w) M. A. QUANDT.
