It's possible to find a pretty good auto show in Chicago, but if it is desired to locate the auto industry you must journey to Detroit.

If the stock market demonstration is designed to impress President Taft, it is failing of its purpose. He, apparently, hasn't noticed it.

There's a lull, for the time, in the gubernatorial campaign below the straits. The trouble is that there have been no banquets the past week or so.

These council meetings where the city dads assemble for the purpose of adjournment cost just as much as those at which a good grist of business is done.

The new British parliament will meet on the 21st inst. The members of the commons get down to business with the mandates of the voters much fresher in their minds than do our members of congress.

Congress was doubtless much relieved to learn that President Taft's federal incorporation bill will not be pressed for passage at this session. It is patent, too, that the longer time elapses before this bill is pressed for passage the better congress will be pleased. Congress has no great hankering for these delicate subjects.

It is reported that the paper milk bottle won't do, after all. The paraffine with which the paper is treated in order to make it impervious to its liquid contents is said to be a carrier of germs, and the claim is made that the paper bottle is less sanitary than the glass article. It is understood that the manufacturers of the paper bottle indignantly deny this claim, and that they are taking steps to prove that it has no basis in fact.

When Senator Hepburn got through waving the "bloody shirt" Monday there was but one single vote in support of his objection to the loan of government tents for use at the Confederate Veterans encampment at Mobile, Ala., next April.

There is doubtless some sympathy in the country at large with the sentiments expressed by the Idaho man, but it is a minority sentiment that exists in about the same proportion that the vote of Senator Hepburn bore to the votes of his colleagues who showed that they repudiated his intemperate utterances by supporting the proposal that he opposed.

Nowhere will there be any general endorsement of Hepburn's remarks, and it will be the country's view that they were uncalculated, ill-timed and in wretchedly poor taste.

Judge Flannigan made his first appearance on the bench of the Twenty-fifth judicial circuit at Menominee this week. Monday night he was the guest of the Menominee county bar at a brilliant banquet tendered in his honor, and where many visiting attorneys united with the Menominee county men in extending to him their compliments and best wishes.

There have been innumerable expressions of esteem for Judge Flannigan in all parts of his circuit the past few weeks, and of confidence that he will prove a highminded and absolutely impartial jurist. It will be no small task for him to live up to them all, but he will, and when he leaves the bench for higher honors, or when he lays down the work for some other reason, he will have no occasion for regret for sins of omission or acts of commission, and the people he has served will praise a worthy judge. The Twenty-fifth judicial circuit is one of the stepping stones to the

How often do you eat this food?

A short time ago there appeared in the columns of one of the prominent magazines an article on building brains and muscle by the proper selection of the foods you eat.

A good many people were surprised to find oatmeal placed at the top of the list of foods recommended; but if the article had appeared in an English or Scotch paper every reader would have expected to see first place given to oatmeal.

As a matter of fact Great Britain and Europe come to us for tremendous quantities of Quaker Oats because it represents to them perfect food, being the richest in flavor and best in cleanliness and purity, of all oatmeals.

Americans should eat more Quaker Oats; the results would soon show themselves in improved conditions of health and strength.

It offers a rich reward for any man who is able to devise a way for cutting down even a small percentage of the loss.

The importance that President Taft attaches to the Ohio campaign this year could not be more clearly indicated than by the resignation of Wade H. Ellis as assistant attorney general to assume the Ohio state chairmanship and essay the task of getting the Republicans in the best possible battle array.

Secretary of the Interior Ballinger's bills relating to the general conservation program fall far short of meeting with the approval of Gifford Pinchot, president of the National Conservation commission, and one time chief forester.

It is reported that the paper milk bottle won't do, after all. The paraffine with which the paper is treated in order to make it impervious to its liquid contents is said to be a carrier of germs, and the claim is made that the paper bottle is less sanitary than the glass article.

Stop Women and Consider

This Fact—that in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers twenty-five years.

The present Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, was for years under her direction, and has ever since her decease continued to advise women.

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance, but a natural modesty causes them to shrink from exposing themselves to the questions and probable examinations of even their family physician.

MRS. PINKHAM'S STANDING INVITATION: Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass.

LAUGH OR TWO.

The Suspect's Declaration. Parson White's precautionary measure of protecting his chicken coop with chilled steel bars was futile, for that very night four more of his choice leghorns disappeared, leaving the severed and twisted bars the only visible evidence of the theft.

THE SITING OF INGRATITUDE. A young physician in the east side, New York city, spends much time in charitable practice. In fact, he sometimes gives to a poor patient enough money to pay for prescriptions.

THE ANSWER. Bliss Carman, the brilliant editor and author, told, at a dinner in New York, a story about James Russell Lowell and a bad boy.

TUBERCULOSIS SANATORIUM. Houghton County Board Passes Petition to County Attorney.

It looks as though Houghton county will build a sanatorium for the treatment of tuberculosis patients, provided it can be found that such a course is legal. This is the net result of an appeal made by a committee of the Houghton County Anti-Tuberculosis society to the board yesterday morning.

The appeal came in the form of a petition signed by Dr. L. L. Hubbard, president of the society, Mrs. L. L. Hubbard, Miss F. J. Hubbard, Dr. Scallon, Dodge and Fischer. The petition asked that the board submit to the people at the coming spring election the question of appropriating sufficient money for the erection of a sanatorium.

Dr. Scallon first addressed the board. He understood that the law makes it possible for the board to appropriate \$1,000 for the purpose but that for an amount exceeding that sum the question must be submitted to the people. He would have it understood that the sanatorium would be for the accommodation of both paid and indigent patients.

Judge Streeter, who was present at the meeting, said he had been very much interested in the war on the great white plague and he declared the need of such an institution could hardly be described. He considered the sanatorium a matter of course.

Supervisor Smith asked for information regarding the probable number of tuberculous patients who would make use of the proposed institution and Dr. Fischer said that there are two hundred in the county, a result of a census which sought open cases. Dr. Dodge said there are nineteen in Quincy township alone.

DOUBLE-CROSSED, THEY SAY. Hancock People Wanted to See the Lehto-Zyisko Wrestling Match.

A Hancock correspondent writes: "It looks as if some of the sports and promoters of wrestling in Calumet had slipped Hancock the net in the process of arranging for the Lehto-Zyisko wrestling match. When the matter of bringing the big Pole to the copper country to meet Lehto was first broached, it was thought the match would be held in Hancock. Lehto is a Hancock man and the proposition was started by Hancock promoters, in some way the Calumet people have led Zyisko and his manager to believe that it was Hancock people who were responsible for the disagreeable features attending the recent visit of Person to Hancock, and that the Pole could not get a square deal here. As far as Hancock people are concerned, all their relations were square and above board. The disgruntled parties and those responsible for the interruptions were Calumet people who are now in no position to talk about Lehto sports."

"Hancock is the town which started interest in big wrestling matches this winter and it would have been no more than right to bring the match here. The Kerredge theater makes a much better place for the match than the Calumet Light Guard Armory. With the D'Urban band at the Calumet theater March 1, the date of the match, the theater cannot be used, while the Kerredge is open. Hancock wrestling fans are much disappointed at the arrangements."

LENTEN SEASON BEGINS TODAY. Services in Catholic and Episcopal Churches—Ash Wednesday. The penitential and devotional season of Lent opens today, at Houghton, by the observance of services in the St. Ignatius and Trinity churches. In the former church there will be a high mass at 8 o'clock this morning and an evening service at 7:15. At both services the ceremony of applying ashes to the heads of the faithful will be performed.

At St. Ignatius church there will be a regular Lenten service every Friday night during the period which extends to March 27, Easter Sunday. Every Sunday night there will be a Lenten service with sermon. The feature of the Lenten period at St. Ignatius church will be a mission beginning March 6 and continuing for ten days. It will be preached by Rev. D. M. Johnson, S. J., of Chicago, who will deliver an anniversary sermon at this church last August.

Trinity church observes the Lenten period with special services, but they will not be announced until next Sunday when Rev. J. E. Curzon, the rector, will have returned from his health seeking tour. At Trinity church tomorrow there will be a special service for Ash Wednesday, with litany and sermon by Rev. F. M. Lumde.

Only the Catholic and Episcopal churches have announced any services for Lent in any of the towns in the county, and the Lenten arrangements are similar to those in the other churches of the same creed.

KEARSARGE MINE FATALITY. Two Miners Killed and Four Injured by Breaking of a Skip. Joseph Teddy was instantly killed and James Ratz died as a result of injuries at the South Kearsarge mine Monday evening. The accident was due to the breaking of a portion of the skip, which dropped to the bottom of the shaft, crushing the men working there.

REV. PASCOE CORRESPONDING. District Superintendent Writing for Chautauqua Speakers. Rev. James Pascoe of Hancock, district superintendent for the Methodist Episcopal church, is following out the instructions given him last week by the committee in charge of the Chautauqua summer entertainment.

ARRESTED AT REPUBLIC. Sheriff O'Rourke of Ontonagon County Corral Albert Smith. Sheriff O'Rourke of Ontonagon county arrived in Houghton yesterday morning, having in charge Albert Smith, arrested at Republic on a charge of larceny. Smith is charged with stealing a suit of clothes from a man at Ontonagon. The clothing was not recovered. The sheriff took his prisoner to Ontonagon over the Copper Range a short time after his arrival in Houghton.

SCHOOL CHILDREN CONTRIBUTE. Pupils of Upper Peninsula Give Generously to Good Will Fair. Mrs. Walker, superintendent of Good Will Fair is sending out to the schools of the upper peninsula a circular letter asking for contributions of the work. She accompanies her appeal with a circular letter showing how much the schools contributed last year. These contributions were as follows: Hancock, \$13.44; Harbor, \$15.41; Hixthwaite, \$8.27; Allouez, \$12.13; Amasa, \$9.59; Bagley, \$1.35; Bark River, \$3.75; Bergland, \$3.50; Brampton, \$1.30; Calumet, \$1.66; Carney, \$1.74; Chassell, \$5.55; Chatham, \$1.75; Covington, \$1.83; Daggett, \$5; Delaware Mine, \$9 cents; Deming, \$8; DeTour, \$2; Dollar Bay, \$13.30; Dollarville, \$1; Eagle Harbor, \$1.85; Eagle River, \$1.32; Elm River, \$1.50; Engadine, \$2.30; Escanaba, \$36.90; Feleh, \$2.65; Foster City, \$5.50; Franklin, \$5.91; Freda, \$6.37; Garden, \$2.45; Gay, \$7.25; Grand Marais, \$16.43; Hancock, \$13.44; Harbortown, \$15.41; Hixthwaite, \$8.27; Hermansville, \$3.89; Hubbell, \$16.44; Iggals, \$3; Iron River, \$1.6; Kenton, \$5.27; L'Anse, \$6.10; Lathrop, \$1.60; Loreto, \$7.25; Mandan, \$2.11; Manistique, \$32.49; Maple Ridge, \$1.50; Menominee, \$12.40; Michigamme, \$8.25; Mohawk, \$8.01; Munising, \$17.78; Neota, \$1.24; Nalm, \$1.35; Newberry, \$19.98; Ontonagon, \$12.64; Oceola, \$14.18; Palatka, \$7.75; Pentaga, \$1.62; Perrinville, \$1.40; Pewabic, \$1.75; Pickford, \$2.55; Princeton, \$1.3; Quinnesec, \$6; Rapid River, \$12.45; Roanoke, \$1.21; Ripley, \$7; Rockland, \$10.90; Rumley, \$1.31; Sault Ste. SOCIAL ACTIVITIES CEASE. Advent of Lenten Period Drives Society Into Retirement. The advent of the Lenten period has driven copper country society into retirement, though in some towns there has been so little social activity in recent months that the change will not be noticeable. There have been no large private entertainments in Houghton this winter and the gatherings have been principally bridge affairs for the ladies. While the Lenten period is supposed to allow even little card gatherings it is believed that afternoon bridge sessions will not be discontinued here.

REVIVALS AT WORHAM CAMP. Rev. Mr. Moore of Chicago Ministering to the Lumber Jacks. Rev. Moore, a Chicago evangelist, arrived at Chassell Monday and that night began holding a series of revival services at Worham, the palatial lumber camp of the Worcester Lumber company. The evangelist was brought to Worham through the good offices of Mrs. Clarke, wife of the camp foreman.

NEGAUNEE

Former Negaunee Man a Candidate for Alderman at Large at Virginia, Minn. E. D. McNeil, son of James McNeil of this city, who is superintendent of the Commodore mine, at Virginia, Minn., and who has been prominent in politics there, is a candidate for alderman at large. Last week's issue of the Virginian referred to him as follows:

Among the older and better known residents of the city who are seeking reelection is E. D. McNeil, superintendent of the Commodore mine, and as his friends express it "one of the best fellows in the wide world." Superintendent McNeil has resided in Virginia since 1895 and during all those years has always been an active wide awake citizen.

LOCAL LACONICS. The Misses Catherine and Rena Maitland will leave Saturday on their European tour. This will be Miss Catherine's second visit to foreign countries.

Yesterday's temperature: Seven a. m. 34 degrees; noon, 32; 7 p. m. 24; maximum, 33; minimum, 24.

Miss Pearl Powell has gone to Milwaukee for a few days.

Born to Mr. and Mrs. Charles Sink, 516 East Hewitt avenue, a daughter.

Justice Cray last evening married Mandel Shoer and Miss Sarah M. Birck. R. Reiners, father of Mrs. J. L. Deagon, left this morning for Conneaut, O.

Miss Jessie Lord of Park River, N. D., is visiting her aunt, Mrs. V. D. Simar.

The regular meeting of the Marquette lodge of Elks will be held Thursday evening.

Rev. and O. J. Arthur of Hibbing, Minn., are visiting with Rev. Oscar Sandahl.

The Masonic party will be held Thursday evening, instead of Friday, this week.

Dr. Downing's lecture on "Naples" will be given at the Methodist church this evening.

Wm. Leighton of Grand Marais, deputy oil inspector for this district, was in the city yesterday.

The W. C. T. U. will meet with Mrs. Barry, at the Normal dormitory this afternoon at 3 o'clock. Tea will be served.

Bruno Primeau will leave for Ann Arbor tomorrow afternoon, to resume his studies in the engineering department of the university.

Mr. and Mrs. J. Brickman were pleasantly surprised by a number of their friends last evening. Refreshments were served and cards furnished the amusement. A very enjoyable time was had by all.

Miss Nellie O'Meara pleasantly entertained about twenty-five of her friends at progressive "500" Monday evening. Luncheon was served, in which Miss O'Meara was assisted by Mrs. H. D. Grose, Mrs. W. E. Hurley and Miss Hansen.

As Wednesday Services—There will be two services of holy communion at St. Paul's church this morning, at 8 and 9:30 o'clock. Evening prayer will be held this afternoon at 4:30. At the German Lutheran church, there will be Lenten services at 7:30 p. m.

Victory for K. C.'s—The Knights of Columbus basketball team defeated the Ishpeming Y. M. C. A. at Legion Hall last night in a hard fought and hotly contested game by the score of 29 to 17. The game was witnessed by a crowd that taxed the capacity of the hall, many of whom remained for the dance that followed. The K. C.'s will play a return game in Ishpeming Friday night.

Bound Over to Court—Edward Bitters, otherwise known as Edward LaMere, has been bound over to circuit court by Justice Byrne under the habitual drunkard act. Bitters is said to have been a persistent offender and has been in justice court on disorderly charges on several occasions. If convicted of the charge now against him, he may be sent to state's prison for from six months to two years.

Semi-Annual Inspection—The county poor board met yesterday and made the semi-annual inspection of the county jail, as is required by law. A report on the conditions of the jail and the jailor will be made to the board of supervisors, and another to the state board of corrections and charities. The poor commissioners also inspected the county house and took lunch there.

D'Urban's Band Coming—D'Urban's, Italian band, which made a decided hit on its first appearance here last fall, will open a second engagement at the opera house tomorrow evening. Concerts will also be given Friday evening, Saturday afternoon and Saturday night. Every member of this musical organization is an artist and the personality of the director is a subject of general favorable comment. He has been compared to Sousa and Creators. He has evidently consecrated his entire career to the propagation of music in his own individual way. He never uses a score to lead and imparts his spirit to the members of the band with gestures and pantomime impersonations. Those who heard this band last fall will doubtless want to hear it again.

Zelipsky Gets Judgment—The case of Morris Zelipsky vs. Wm. Lewinstein, the trial of which was started in Justice Cray's court yesterday, came to an abrupt ending, and the court gave Zelipsky a judgment of \$47.80. At the opening of the trial, Attorney Button, representing Lewinstein, objected to the pleadings that had been filed by the plaintiff on the ground that they were not sufficiently explicit. The justice held that the papers filed were adequate, on which Attorney Button and Mr. Lewinstein left the court room. Zelipsky used for fifty-two days' labor at \$2 per day, and Justice Cray arrived at the amount of the judgment by deducting Zelipsky's board at the rate of \$18 per month during the time he was working for Lewinstein and \$25 which Zelipsky admitted he owed Lewinstein on account.

Mary Garden Says Voice and Speculations Yield Big Profits.

New York, Feb. 7.—Mary Garden is to learn German notes. She makes nearly \$1,000,000 a year, and a fortune teller has told her that she will soon be married to a title. Such was the substance of her remarks in an interview today.

"Speaking of money," she said, "I am doing pretty well. My income this year will be nearly \$1,000,000."

A million francs is about \$200,000. "Do you make all that with your voice?" the reporter asked.

"No, indeed," replied Miss Garden, "I make some of it in my speculations in the Bourse. But it's quite a jump in nine years, isn't it? When I first sang at the Opera Comique I received \$250 (\$50) a month, which I lived on too. That was nine years ago. When I have sung as long as some other singers have you can figure out how rich I'll be."

Grist Mill Burns—Gabriel Bessen's grist mill at Trout Creek, Ontonagon county, has been destroyed by fire. The loss is \$2,200, and there is no insurance. The fire caught from the gasoline engine and the flames spread so rapidly that there was no chance to save anything.

Epidemic of Measles—There is an epidemic of measles at Crystal Falls. All over the city signs are tacked up warning people away from houses wherein the disease is prevalent. Only about half of the usual number of pupils are in the school. However, no very severe cases of the disease have been reported to date.

More Logging Operations—F. G. Hood & Co. have commenced logging the timber on the Fisher and McRae lands north of Pentaga, Iron county. Pat Gallagher, woods foreman, will have charge of operations and will employ about twenty-five men the balance of the winter. With the logging operation conducted by Gibbs & Son and the Iron Range Cedar & Lumber company in that vicinity the business life of Pentaga takes on its old-time appearance.

Beef Company to Build—The Cornwell Beef company has bought a central site and will construct a large building at the Soo. W. G. Tapert, manager of the business stated that the building would be a modern proposition, would be equipped with refrigerating machinery, a cooler, salesroom, shipping room, office quarters and produce department for butter and eggs. A prospective innovation is an oyster room, and Mr. Tapert says the company will make a specialty of the oyster business during the oyster season.

Methodists to Celebrate—The first anniversary of the dedication of Memorial's new Methodist church will be observed by a four days celebration, Feb. 24, 25, 26 and 27. Bishop Vincent, one of the bright lights of Methodism, has been engaged for the occasion. The bishop is credited with being the originator of the present Chautauque idea and also the modern Sunday school idea. The celebration will open with a banquet, and the following two days lectures will be given. On Sunday, the last day, special services will be held in the church.

Trouble in Luce County—The board of road commissioners came in for some rather sharp criticism at the recent meeting of the Luce county supervisors. It appears that the road commissioners, without having the proper funds voted by the supervisors, and without having held a legal meeting to authorize the purchase, entered into a contract with the Austin Western company for the purchase of a new stone crusher. The supervisors adopted a very definite resolution repudiating the action of the road commissioners, and declaring that under no circumstances would the board vote funds for the payment of this indebtedness if the road commissioners persisted in their action. The clerk was also instructed to serve a copy of this resolution upon the Austin Western company.

Boyer's Revival—M. J. Fox, a prominent citizen of Boyne City, Mich., and who is interested with the Von Platens in a large acreage of timber lands in Wisconsin, was a visitor at Pentaga, Iron county, the other day. Mr. Fox is very enthusiastic over the wonderful progress made by Boyne City in the past five years. From an apparently dead town of 2,500 inhabitants it has grown to 6,000 and is recognized as one of the most wide-awake and bustling towns in the northern part of the lower peninsula. And it has all been brought about by the business men and citizens getting together and boosting for the uplifting of their town. They have landed manufacturing establishments one after another, and are still boosting. A businessmen's organization such as exists at Boyne City is a live wire and a wonderful asset for any town.

Young Doing All He Can—George P. McCallum of the Soo, who returned from Washington a few days ago, has written Manistique parties that while at the capital he had a lengthy interview with Congressman Young. The latter assured him that he would do all in his power to secure the appropriation recommended by the engineers for the improvement of the Manistique harbor, and he desired Mr. McCallum to reassure his Manistique friends of that fact. That it will be impossible for Mr. Young to secure this appropriation in entirety, it is only necessary to state that the engineers had recommended appropriations totalling \$500,000,000 and President Taft has issued a statement that he would not sign a rivers and harbor bill that carried more than \$35,000,000. With this state of affairs, Mr. Young will practically perform a miracle should he secure the total amount recommended by the engineers for Manistique, but he will leave no stone unturned to secure as much as possible under the circumstances.

Bondsmen Left in the Lurch—Barney Barnetto, the Italian accused of shooting at the Palatka marshal one Sunday recently, has skipped out along with his wife and his brother-in-law, says the Crystal Falls Drill. It is thought that he made tracks for the old country, but on that point there is no definite information. Barnetto was bound over to the next term of the circuit court under bonds of \$1,500. A set of bonds were furnished to Clerk Wall, but he refused to accept them. They were signed by Fred Hanhold and an Italian saloon keeper of Stambaugh, and they have cause to rejoice at the action of Mr. Wall, as it saved them being caught for a good-sized sum. The county clerk's reason for not accepting the bonds were that they were not regular, according to his view of the matter. One of the sureties had signed with a lead pencil and the dates did not correspond. After Mr. Wall refused the bonds, Barnetto went to Norway and secured bonds there among his Italian friends. It is said that in addition to the money for which he leaves his bondsmen in the lurch, he borrowed about \$1,700 from friends at Palatka on some property that he owned in that vicinity.

The back aches because the kidneys are blocked. Help the kidneys with their work. The back will ache no more. Lots of proof that Doan's Kidney Pills do this.

It's the best proof, for it comes from this vicinity.

Mrs. E. Steinke, 615 Wells Ave., Escanaba, Mich., says: "Some years ago I caught a heavy cold which settled in my kidneys and caused me to suffer from backache. I was in such a bad way that I could hardly dress and though I tried all kinds of remedies, I steadily grew worse. Someone finally told me to try Doan's Kidney Pills and I did so. In a week I was able to work and my back was free from pain."

The above statement was given on February 8, 1905 and was confirmed by Mrs. Steinke on November 2, 1908, in the following words: "I still use Doan's Kidney Pills and would not be without them in the house. I am only too glad to confirm my former statement given for publication in their favor and to advise other kidney sufferers to try this remedy."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

BARNEY RILEY HAS RIVAL

Former Winthrop Boy May Not Have Easy Sailing for Ski Honors.

It is reported that Barney Riley, the former Winthrop boy, who carried off the honors in the amateur contests at the national ski tournament in this city last year and the year before, has a strong rival in Sigurd Karlson, of the Iassas Ski club of Coleraine. These two lads are said to be the greatest of rivals and the present season they are both out for the amateur national championship, which Riley has had very little difficulty in capturing the past two years. Some of the Coleraine enthusiasts are of the opinion that Karlson will beat Riley at both the national and Duluth tournaments.

It is said that the Duluth Ski club will produce some unusually fine amateurs at its annual tournament next Saturday, and it is thought that both Riley and Karlson will have their hands full in carrying off the honors there. Arnold Olson, who has shown better form than any other amateur connected with the Duluth club, will give Karlson and Riley a close run.

Sunday last, John Mangseth, while practicing on the Chester Park hill at Duluth, jumped 138 feet and stood. Conditions on the slide were perfect that day, and it is thought that if it is in good condition next Saturday, a new American record will be made.

Feiring Won at Red Wing.

Ole Feiring, of Duluth, won the first prize in the annual tournament at Red Wing last Sunday. The meet was the most interesting that has been held in that city in some years. Fifty experts, representing many clubs, participated. The weather conditions were ideal. The slide was treacherous. Feiring had a jump of 121 feet without falling and one of 125 feet with a fall. Francis Kemp of Red Wing had the longest standing jump, 124 feet. Barney Riley got the second prize in the amateur class, being defeated by Elmer Beilin of Red Wing. The latter's jumps were 108 and 118 feet, while Riley cleared 109 and 111 feet.

The Hibbing Ski club, which was to

have conducted a tournament next Sunday, has postponed the event on account of the national tournament at Coleraine the following Sunday. Oscar Melgard, who has been seen on the Ishpeming hill, will represent the Hibbing organization at Coleraine.

The management of the national tournament at Coleraine is already assured that there will be an unusual attendance from outside points. Arrangements have been completed with the Great Northern system to run a special train from Virginia, Hibbing and intermediate points, and negotiations are being made with the Mesaba road for a special from Duluth. The special is to be run on Sunday, when the professional riders will compete. The club has offered prizes aggregating \$500, and in addition there will be competitive jumps for the national association medal, the Nor trophy cup and the Hartley cup. A number of the professionals participating in the national tournament will leave Coleraine the following day for this city, to compete for the prizes on Washington's birthday.

ISHPEMING IN BRIEF.

Mrs. J. J. Leffler entertained lady friends at cards yesterday afternoon.

The nine-month-old son of E. V. Wallsting, 818 Bank street, died Monday of the croup. The funeral will be held this afternoon.

Lenten services at St. John's and St. Joseph's churches, will start this morning with masses. Commencing a week from next Friday evening, and continuing throughout Lent, there will be stations of the cross at St. John's church.

About seventy people attended the annual masquerade and "basket picnic" of the Ishpeming Snowshoe club at the club house Monday evening. All were masked and the party is declared to have been one of the most enjoyable of its kind that the organization has ever given. There were some exceptionally fine character representations and many comic make-ups, including a half dozen or more clowns, who kept up the merriment from the time they entered the room until the masks were removed.

S.S.S. HEALS OLD SORES

Every old sore is an external symptom of a depraved or polluted condition of the blood. These festering places on the flesh are kept open and in a state of irritation because the circulation is continually discharging into them the impurities and morbid matters with which it is filled. This polluted condition of the blood may be the remains of some constitutional trouble; the effect of a long spell of sickness, which has left the blood stream weak and germ-infected, or because the natural refuse of the body, which should pass off through the proper avenues, has not all been eliminated and has been absorbed into the circulation. External treatment may cause the place to scab over temporarily, but the blood is not made any purer by such treatment, and soon the sore will return or break out at another place and be as bad or worse than before. S. S. S. heals old sores by removing every particle of impurity from the circulation. It goes down to the very bottom of the trouble and so completely changes the circulation that there is no longer any impurity to drain through the sore, but the place is once more nourished with rich, healthful blood. S. S. S. heals the sore from the bottom, the skin regains its natural color, and when S. S. S. has thoroughly cleansed and purified the blood the place is permanently healed. Book on Sores and Ulcers and any medical advice free to all who write.

THEATRICAL OFFERINGS TO BE MORE PLENTIFUL

D'URBANO'S BAND NEXT WEEK, THE COOK STOCK COMPANY THE FOLLOWING WEEK AND "MAN OF THE HOUR" MARCH 1.

WAS BIG SUCCESS.
Over 400 Couples Attended Railroad Men's Ninth Annual Ball.

Not since the opening of the Branstad Hall on Thanksgiving eve, in 1904, has there been such a large attendance at a public ball in this city as was the case Monday night, when Hematite lodge, No. 612, Brotherhood of Railroad Trainmen, gave its ninth annual party. Something over eight hundred people were present, the attendance from outside places being larger than was expected. A special train from Marquette brought up over 180 people, while there was a sufficient number from Negaunee to fill two street cars. Some people were present from the Swanzey range, and a sleigh-load came from Tawas in the western end of the county were also represented.

In spite of the crowded condition of the hall, very few of the dancers left for their homes until the last number on the program was completed. There were four regular numbers, and several extra ones were played. The hall was very prettily decorated with red, white and blue hunting and special electric lights. In the northwest corner, extending from the floor to the ceiling, was a picture of a large locomotive, with headlight and side lights in position. The platform occupied by the orchestra was also specially decorated. Among the most conspicuous of the decorations were three large letters, "B. R. T." in colored electric lights, extending across the front of the upper part of the framework which surrounded the platform. Clifford's orchestra of ten pieces furnished music and the ladies of the Catholic Order of Foresters served an unusually fine supper in the Anderson Hall. Three long tables, extending the entire length of the main room, were used in

Howe's Exclusive American Scenes.

The ever welcome Howe's pictures will be here March 4, the night following "The Great Divide." Mr. Howe will present a complete change of program, as usual. Writing to the manager of the theatre of this season's pictures, Mr. Howe states:

"Through unusual permits granted us by the United States government, we are enabled to present on our next date with you a series of exclusive scenes which strongly appeal to the pride and patriotism of every loyal American. After many months of planning we have secured a thoroughly American feature which, for the first time, shows our nation's resources in time of war. It shows the United States army in all its varied branches engaged in the active practice of war. It is not merely a great military tournament, but the pictorial story of our national defenses in the event of war. It depicts the equipment, organization, tactics, etc., of cavalry, infantry, artillery and marines, as if in actual conflict."

The attractions following Howe's pictures will be "The Time, the Place and the Girl," one of the most successful of the big musical comedies credited with extensive runs at the La Salle theater, Chicago. "The Time, the Place and the Girl" made a big hit when it was produced here two seasons ago. Its date is Wednesday, March 9. The following Saturday, the 12th, Bernard Daly, eminent Irish singer and actor, will be seen in "Sweet Innisfallen," an Irish romance. This will be Mr. Daly's first visit to this region. His play is heralded as a most delightful comedy and the company will be equipped for a complete scenic production. During the performance Mr. Daly will be heard in eight songs, including "Sweet Innisfallen," "Irish Eyes of Blue," "Call of the Wind," "Hide and Seek," "My Rose of Killarney," "Song of the Dove," "Honora" and "The Christening."

The evening of St. Patrick's Day, the 17th, "The Wolf" will be the offering. This will be one of the leading dramatic attractions of the season. The Ishpeming land will give its annual Good Friday concert the evening of the 25th. A popular scale of prices will be charged and a program of high class music will be rendered.

During the week following Easter, commencing Monday, March 28, Frank J. Powers and his company of some twenty odd people will hold the boards, playing at popular prices. Mr. Powers is a mind reader and a hypnotist and he carries with him several big vaudeville feature acts. In addition to the stage performances there will be free demonstrations, including a four-horse team drive by the mind reader, blindfolded. Mr. Powers carries a "sleeping woman" and a twelve-hour endurance piano player. The latter, performing under the influence of the hypnotist, will probably conduct an exhibition in one of the store windows of the city. The Powers company is now playing in Wisconsin and it is reported that the theaters are not large enough to hold the crowds that are turning out to see the entertainments.

The evening of April 5 "Human Hearts," W. E. Nankeville's popular-priced attraction, will be here.

Noted Actress Coming.

What promises to be one of the most important attractions that has ever appeared in the theaters of the circuit comes here Saturday evening, April 9. The star is Miss Grace Von Studdiford, who is appearing in a new comic opera, known as "The Golden Butterfly." At several places in this region Harry C. Middlefield, manager of the attraction, is receiving heavy guarantees. As the company is said to be the most expensive that has been over this circuit in a long time, the prices will range from fifty cents to \$2.

Other important attractions in April will be "Polly of the Circus," the 14th; A. H. Wilson, the 16th, and "The Third Degree," the 20th. The merits of all of these offerings are well known.

Al. W. Martin's big "Uncle Tom's Cabin" company has been booked for Monday, May 9. Mr. Martin's company played this city about twelve years ago. Since then the attraction has remained almost continuously in the larger cities. The management expects to book several popular-priced attractions for the

RAILROAD LEGISLATION AFFECTS BUSINESS

PROMINENT RAILROAD MAN APPEALS TO GENERAL PUBLIC FOR AID IN THE REGULATION OF LAWS GOVERNING THE COUNTRY'S RAILWAY SYSTEMS.

T. A. Griffin, a prominent railroad man of Chicago, whose office is in the Western Union building, has issued an appeal to the people of the country, and particularly the working men, asking them to demand of their national and state representatives that a halt be called on radical railroad legislation. Mr. Griffin contends that the attitude of congress and the state legislatures has caused a great set back for the railway enterprises of this country. He says that many of the men who are making the laws are not familiar with the true inwardness of the relations and interdependence of the manufacturing and business interests and the railroads.

It would be difficult for them to obtain the necessary money.

Railroads Making Time.

In fact, looking at it from any point, the owners of railroad property have nothing to see that would encourage them in spending any money until they have a more definite idea as to what extent they are going to be controlled and directed by the National government, and under such circumstances, all of the vast industrial enterprises that are depending upon the railroads, will find that at the time that their present orders, issued some six months ago when it was not dreamed that the present adverse conditions could possibly arise, will have been completed, that we will again be in practically the same position that we were in during the early part of 1908. Therefore, it is of the greatest importance that some decided action be taken by the government at as early a date as possible, as there will be no improvement until this uncertainty has been overcome, and in my judgment unless congress restrains its interference with the earning capacities of the railroads, there will be a permanent set-back in the general business of the country; that it may take years to overcome.

"Some congressmen think that the railroad interests as the real force that is behind the rapidly growing unrest of the business men regarding legislation. This is absurd; we need no spur to wake us up to our unfortunate situation, which is by no means confined to railroad supply institutions. "I do not think there will be any change for the better until the business man, the manufacturer, and their employees realize that they have got to make a fight for their interests. "The producers of wool, cotton, tobacco, sugar, and many other special articles in this country have so interested themselves in their business that they have forced the general government to put a special protective tax on the things they produce, which we and our employees, who do not produce them, have to pay for, and to many of which we do not object. "On the same principle, and for the same reasons, when business men become as active in the looking after their interests, and with the same rights, we can induce the general government to give us equal protection by allowing the railroad companies, who are the producers of our revenue, to make sufficient profit to enable them to buy a full plenty of the goods they need which we manufacture. This will involve no special tax, will mean better railroad service, and more business for everyone, particularly the working man; and when it is considered that in reality 90 per cent of all the money received by the railroads and ourselves goes directly to the working people, we should have the solid endorsement and individual support of every working man in the country."

DEATH OF MRS. BOUDETTE.

After an illness of only a few days with pneumonia, Mrs. Paul Bouquette of this city passed away at 5:45 o'clock yesterday afternoon. She was an old resident of Negaunee and was very well known. Surviving her are the husband and five children. The latter are: Alfred, living on the Mesaba range; Alice and Emma, at home, and one daughter in Chicago and one in Ann Arbor. No arrangements have yet been made for the funeral.

IRON FOR THE BLOOD.

Doctors agree that iron is an important element for the blood, and that its deficiency is the cause of anaemia, run-down conditions, and a general weakness. The best way to administer iron is in the form of Vinol, which is a combination of two world-famed tonics, the medicinal elements recovered from fresh cod's livers and Tonic Iron. The Stafford Drug Co., Marquette, Mich.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful, pain-alleviating Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray is a remedy that relieves at once. All druggists, 75c, including spraying tube, or mailed by Ely Bros., 56 Warren street, New York.

BOWLING CONTESTS MONDAY.

Giroux Defeated Ray Centrals and Lakes Won from Superiors.

There were two contests in the handicap tournament at the Bank street bowling alleys Monday evening. The Giroux won three straight games from the Ray Centrals, and the Lakes won two of the three games rolled with the Superiors. The Giroux made the highest total for three games since the opening of the tournament. Only one of the bowlers scored less than 500 and the total number of pins put down in the three games was 2,960. The Lakes on Monday evening rolled the highest total in a single game yet recorded in the tournament, their mark being 945. The scores were as follows:

ISHPEMING IN BRIEF.

The following interesting statements are taken from Mr. Griffin's appeal: "Our legislators seem to be unimpaired of the question of the depression of 1907 and 1908, and give every indication of re-entering the field with even more laws to interfere with and discourage the investment of money in railroad enterprises, and absolutely calling a halt on new projected railroad enterprises. And roads have not reached the position that they now occupy through any concerted plan; they all realize and appreciate the necessity of renewing their tracks and equipment that the recent depression would not permit of. This in the face of a general call on threatened demand for large increases in the wages of their employees, and knowing that the only way they can grant these advances will be by a corresponding advance in their revenue, and the only way in which they could increase this revenue would be by raising their rates, and certainly the outlook for this is far from promising. They have no certainty as to the character of legislation to come; they are in positive fear of congress, and are warranted in that fear by special bills already introduced, which are a sufficient cause for them to hesitate. They are not certain that the people generally would favor any increase in rates, and they are equally uncertain as to whether the public would not side with labor in its increased demands upon the railroads. They feel that the owners of property naturally would feel that the earning capacity of their property is now absolutely dependent upon the manner in which they shall be governed. They do not know what that government is going to be; they are almost positive that there will be no legislation which will cause an increased desire on the part of investors to put their money into railroad properties. They have been given to understand that probably their borrowing capacity is limited within narrow lines by the government, so that even if they were willing to make these expenditures,

R. H. Jenny, who is operating in the woods north of Ishpeming, had the first trainload of timber taken over the ice road Monday afternoon. Six sleighs, all heavily loaded, were hauled without difficulty. The roadmaking was in progress for a month. Albert Cons, a Negaunee man, who has been employed at the factory where the locomotive was built, was at the throttle on the first train. He has been engaged to operate the engine on one shift. Three round trips in each twenty-four hours will be made and it is expected that all of the timber cut will be hauled to the siding at the St. Lawrence mine before the spring break-up. There is nearly a foot of ice on the road. The distance between the timber bank and the St. Lawrence is twelve miles.

Will Cole, who has spent the past three weeks in the city, left last night for Minneapolis, where he will visit relatives for a time before returning to Fort Snelling, where he is in the army service.

ISHPEMING

FROM MORGAN'S CURB LETTER.

The New York market opened about a point under the range of yesterday's closing prices and for the first half hour was quite weak. What appeared like some short covering then began, and prices were advanced. A break in the last few minutes carried the leaders down to about the opening prices. The tone of the Boston market was strong at the opening and this induced buying by traders who anticipated a rally following the severe break. The scarcity of offerings when stocks were wanted was again evident and the rather limited buying resulted in a general advance. Several large copper producers are looking for a record-breaking shrinkage in the copper surplus, figuring on a falling off of between 30,000,000 and 40,000,000 pounds. The Butte copper output is still 15 to 20 per cent below normal. The consensus of opinion is that when the liquidation in the New York market is ended we shall witness a quick rally and a rapid advance in copper prices, as all conditions favor such a movement. The curb stocks were weaker today than at any time during the decline, Indiana alone excepted. The trading was light and confined to a few of the more popular issues. Cactus sold down to 4 near the close. The last sale for the day was at 4 1/2. Oneco dropped to 6 and recovered to 6 1/2. Chief was strong around 2 1/2. There were some buying of Bohemia around 10. Boston Ely, Davis Daly, Corbin Copper, Ray Central, Inspiration and Ohio Copper were all traded in considerably, with fractional declines as the result in nearly every case. Any improvement in the listed markets should result in quickly advance.

ARRESTED FOR GUN PLAY.

Andrew Johnson, a New Comer, Pulled Revolver on Bartender Monday.

Andrew Johnson, who arrived here Monday morning from the old country, where he spent the last two and one-half years, created considerable excitement at Charles Johnson's saloon late that afternoon. The new arrival called early in the morning at Johnson's place and asked if he could leave his grip there. He returned about noon, and soon departed again with the grip. When he called late in the afternoon, pretty well loaded, he made another demand upon Gust Johnson, the bartender, for the grip, declaring that if he did not hand it over in two minutes he would blow his brains out, at the same time producing a revolver from his pocket and aiming it at the head of the bartender. Three or four men in the place at the time made such a hasty exit through the rear that they almost took the door with them. After a heated argument, Johnson put the revolver back in his pocket, and left the saloon. Marshal Rough was called, but the man was nowhere in sight. The officer finally located him in Frank Anderson's saloon. When he accused Johnson of having threatened to kill Gust Johnson, the fellow denied that he had done anything of the kind and also denied that he had a revolver. The marshal made a quick pass at his pocket and got the weapon. He then placed the fellow under arrest and took him to the jail, where he has since been confined. Johnson is a stranger in Negaunee, though probably well known in Baraga county, where he worked in the woods for a number of years. He informed the marshal that the last place he worked before going to the old country was at a camp near Skanee. He has spent some time in the upper peninsula, and has made two visits to the old country in the past ten years. He will probably be given a hearing today.

NO ACTION TAKEN ON SPEAR PROJECT

TERMS OF PROPOSED LEASE OF MOSQUITO POND DISCUSSED AT PARK BOARD MEETING.

CONTRACT FOR SEWER LET

To Be Constructed in Front Street, Between Michigan and Ohio Streets, by Adolph Anderson.

As was generally expected, the principal subject for consideration at the meeting of the park, cemetery and street commission held yesterday, was the request of John W. Spear for a long-term lease on the neck of the mosquito pond, which he proposes to convert into a fish preserve.

Final action on the matter was deferred until the next meeting, though it was given extended and at times heated discussion. In addition, four members of the commission, Messrs. W. S. Hill, and James Pendill, who own property adjacent to the Presque Isle land under consideration.

Since the previous meeting tentative forms of agreement or contract had been drawn up by the city attorney on behalf of the commission, and by Mr. Hill, for Mr. Spear, Mr. Spear's agreement practically called for the lease for twenty years of the whole of the neck of the island, over which he was to exercise most of the rights of the ordinary lessee, except that one of the ponds to be constructed by him was to be given unconditionally to the city for bathing and skating purposes.

That a meeting of fans has not been called before seems to be due to the hesitancy of everyone interested to make the first move. One or two of the active baseball enthusiasts have now, however, come to the conclusion that they are going ahead and start the ball rolling at once, and a meeting may be expected very soon.

BASEBALL TALK.

Likely That Meeting of Fans Will Be Called Soon.

More interest in local baseball has been manifested this week than for some months past. About the middle of December there was considerable talk of calling a meeting of the fans of the city shortly after the new year, but this idea went to sleep temporarily and there has been almost no mention of baseball or the prospects of a team next summer in sporting circles for the last month or more. Now, however, the talk of a meeting has again started up, and it is altogether likely that one will be called very shortly.

It seems to be the almost universal sentiment that a similar organization would be advisable in this city. This board of business men, as it is constituted in Ishpeming, has the power to appoint a manager and make all other arrangements of relating to the league, rules and eligibility of players. This should be a stable organization and one that could get general support from the public.

That a meeting of fans has not been called before seems to be due to the hesitancy of everyone interested to make the first move. One or two of the active baseball enthusiasts have now, however, come to the conclusion that they are going ahead and start the ball rolling at once, and a meeting may be expected very soon.

THEATRICAL.

"Paid in Full." Among the many distinctive features of Eugene Walter's "Paid in Full," which will be presented at the opera house tonight, that make it an exceptional play of the time is the character of the hero who is anything but heroic. That is to say, the leading man, who is usually the hero in a play, is really the villain in "Paid in Full." Heroism is not lacking in "Paid in Full." Men and women possess the quality, but there is not a spark of it in the leading man. He is Joe Brooks, an \$18 a week clerk, who, in resentment at not being advanced in business, steals from his employer. When he is found out he tries to shift the blame on his young wife and to sacrifice her to gain immunity from punishment. There have been many plays in which the leading man has shown a bad streak at one time or another, though in the end he has redeemed himself by proving of the right sort. Not so Joe Brooks. He carries viciousness and cowardice to the very finish, unrelieved by one glimpse of heroism, unless it be when, face to face with his employer, Captain Williams, he openly and strongly expresses his opinion of him and of his methods. Certain analysts, though, have seen a vein of generosity in Brooks. No character in contemporary drama has been more widely discussed. He is of a type common to every American city, and it is to Mr. Walter's credit as a playwright that he has pictured this character with fidelity that has caused many essays to be written on conditions that produce Joe Brooks.

CHINESE NEW YEAR.

Feb. 9 is the Birthday of Every Oriental, Old and Young. Today is celebrated as the Chinese New Year by Orientals throughout the world, though Marquette county Chinese are planning to postpone a part of the festivities until Sunday, when there will be high times at Pong Lee's and Sam Lee's in this city. There will be no lack of boiled rice, chop suey, tea, celestial whiskey and discordant strains of Oriental violins. Today is the first year of the leihgatsa Shogatsu, which is to say that it is the beginning of the first month of the year 2465 of the era Contansu.

This system of calendaring, originated by the great Chinese messiah himself, is still adhered to by all natives of the kingdom of the Sun. The Mongolians have had to wait long for their new year time because it was necessary to make last year a thirteen-month affair to take into account a few idiosyncrasies in the ramblings of the great Eye of the Heavens, which weren't understood when the calendar was promulgated.

But the day has another significance. It is the birthday anniversary of every Chinaman. The celestials have hit upon a scheme for disposing of the intricate, useless and costly method of recording births, which is in vogue among the Caucasians, by lumping all birthdays into one. The new year was set apart for this celebration.

No little Bing, who had the good fortune to be born yesterday, will be one year old today. Yet Bing, who won't arrive until two days later, will have to wait a whole year for his first anniversary.

ASH WEDNESDAY THE BEGINNING OF LENT

RULES FOR PROPER OBSERVANCE OF FORTY DAYS' PERIOD OF ABSTINENCE LAID DOWN BY BISHOP FREDERICK EIS.

Today is Ash Wednesday, marking the beginning of a period of forty days of abstinence, which ends with Easter Sunday, March 20, this year. At St. Peter's cathedral, there will be blessing and distribution of ashes at 7:45 a. m., followed by high mass. At the French church, there will be blessing and distribution of ashes at 8 a. m., followed by high mass, and Lenten devotions at 7:30 in the evening. The following Lenten regulations have been promulgated by Bishop Frederick Eis, of the diocese of Saint Ste. Marie and Marquette, which have been sent to all the churches within his jurisdiction:

- 1. All those who have completed their twenty-first year of age are obliged to observe the Lenten fast.
2. All the days of Lent, Sundays excepted, are fast days of obligation.
3. On fast days only one full meal is allowed, which should be taken at noon; for reasons, however, the order may be inverted, the full meal may be taken in the evening and the collation at noon.
4. General usage has made it lawful to take a cup of coffee, tea or thin chocolate and a small piece of bread, in the morning.
5. A collation is allowed in the evening. As to the quantity of food permitted at this collation no fixed rule can be given; the practice obtaining is that it should not exceed the fourth part of the ordinary meal, not over eight ounces.
6. The following persons are exempted from the obligation of fasting: (a) all under twenty-one years of age, and those who are sixty; (b) those who cannot fast without grave injury to their health; (c) women during pregnancy or while nursing infants; (d) all those whose duties are of a laborious and exhausting nature.

7. By an indulgent of the Holy See (granted May 25, 1897), all persons are allowed the use of flesh meat on Mondays, Tuesdays, Thursdays (Holy Thursday included) and Saturdays—except the Saturdays in Ember and Holy weeks.
8. By a special privilege of another indulgent of the Holy See (granted March 15, 1898, for ten years, and on Feb. 25, 1905, was renewed for ten years more), working people and their families are allowed the use of flesh meat on all days of the year, except Fridays, Ash Wednesday, Wednesday and Saturday of Holy week and the Vigil of Christmas.
9. Persons bound to fast may use meat only once on the fast days when its use is permitted them by these indulgences. Persons not bound to fast are not thus limited, and hence may eat flesh meat at all meals on days when its use is permitted, at the principal meal, to those who are obliged to fast.
10. By a dispensation of the Holy See, at the noon meal and at the evening collation, on all days of fast throughout the entire year (including Good Friday), the use of eggs, butter, cheese and milk is permitted.
11. During the entire Lent, even on Sundays, the use of flesh meat and fish at the same meal is not allowed.
12. Lard may be used in preparing food on any day of Lent. This dispensation is extended to the days of abstinence and the fast days throughout the year.
13. In case of doubt the pastor or confessor should be consulted, who by virtue of diocesan faculties, may, in particular cases, dispense from the obligation of abstinence and fasting or commute the same in alms, prayers, or other good works.
14. Catholics who have charge of hotels and boarding houses are not only obliged in conscience to observe these regulations for themselves, but they must also give their Catholic boarders the opportunity to do likewise.
15. Those who are dispensed from the law of fasting should be exhorted to perform some other abstinence; for instance, abstain from intoxicating drinks.
16. If possible, the usual Lenten devotions on Wednesday and Friday evenings during Lent should be held in all the parish churches of the diocese, and the faithful should be exhorted to do penance for their sins, to approach the holy sacraments, and to lead better Christian lives.
17. Fasting days, besides the above, are: 1—All Fridays in Advent. 2—The Ember days, four times a year. 3—The Vigils of Pentecost; of the Assumption, Aug. 14; of All Saints, Oct. 31st; of Christmas, Dec. 24. When one of these feasts falls on Monday, the Vigil is kept on the Saturday preceding.
18. Pastors to read and explain these regulations to their congregations on Quinquagesima Sunday.
19. The collection for the propagation of faith is to be taken up on Quinquagesima Sunday and to be taken up at all masses on the first Sunday of Lent. This year it is for the Holy Father.
