## NATION'S CAPITAL IS ON ITS TIP-TOES

### Decisions of the Supreme Court in the Tobacco Trust and Standard Oil Cases Are Eagerly and Anxiously Awaited.

### Frught With Possible Momentous Consequences, Financial, Industrial and Political, the Situation Is Given Discussion Wherever Men Are Gathered and It Forms the Topic of Earnest Conversances at the White House—The Crisis the Gravest in Years.

Washington, Feb. 10.—A conference held at the White House last night between President Taft and Senator Aldrich was a forerunner of others, the outcome of which probably will be the early issue of a statement dealing with a situation which is discussed wherever two or more men are gathered. That situation relates to the possible consequences, financial, industrial and political, hanging upon the decisions of the supreme court of the United States in the pending cases of the American Tobacco company and Standard Oil company. The former is now under the consideration of the court and the latter is set for argument March 14.

President Taft will speak in New York Saturday evening on the subject, it is said, of party pledges and how they should be kept. He is attempting no concealment of his intention to make the decision of the supreme court the basis of the government's further action in regard to corporations charged with violation of the Sherman anti-trust law. He has not changed his view of what he hitherto has described as the present situation. He will investigate the conduct of all trusts, and he will not be swayed therefrom by rumors, hurries or other manifestations of "Wall Street."

The general impression is that the federal incorporation law will not be passed in the present session. But if it were enacted, it is not held to offer any shelter or immunity for corporations which offend the prohibitions of the Sherman law.

### Even Aldrich Is Stumped.

No legislation is contemplated which might be expected to relieve corporations directly or indirectly threatened under a possible adverse decision of the supreme court.

Senator Aldrich said today: "I can conceive of no legislation which can meet this situation, either in anticipation to the supreme court's decision, or subsequent to it."

"Unless perhaps, the repeal of the Sherman law," the questioner suggested.

The senator smiled grimly. It was evident that he regarded that outside the domain of possibility.

As for the range of the anti-trust cases before the supreme court, Attorney General Wickham said in connection with his motion to advance the Standard Oil case to an immediate hearing: "The tobacco case just argued and submitted and the Standard Oil case are present primarily in the range of the modern industrial organization of this country and substantially every feature of the so-called 'trust problem' as far as it is affected by the Sherman act. The government selected a few extreme instances of combinations controlling the greater part of the production in particular lines of industry, to make them tests of the full meaning and application of the statute. The Standard Oil case is the most important of all, and it is of momentous importance that this court define and apply the act in reference to this character of organization."

### Wall Street Eager for News.

Almost pathetic is the eagerness with which those here who are in communication with "the market" clutch at every crumb of gossip on this subject. Practically the whole scope of modern corporate organization in one form or another involved in these cases.

Political leaders express the more or less vague hope that the court, if its judgment is hostile to the defendant corporations, will point out some measure of relief, which now appears outside the possible range of legislative action. Politically, the consequences of the decision are momentous. "If the trusts win and congress is helpless to assist in the situation either way, where are we?" plaintively asked a Republican leader today.

This is the topic most discussed in Washington, softly thus far, but unlikely long to be confined to private conversations.

### TOWNSEND AT WHITE HOUSE.

President Discusses With Him the Interstate Commerce Bill's Status.

Washington, Feb. 9.—President Taft today had a talk with Representative Townsend, of Michigan, regarding the progress of the bill amending the interstate commerce law. Mr. Townsend said that the house committee felt that the passage of the bill would be facilitated by making it as nearly perfect in committee as possible, and that it was probable it would not be reported inside of three weeks. There is not a question as to including electric railroads in the regulations proposed by the bill. Mr. Townsend said that as these railroads eventually will have to be regulated, he thought that congress might as well begin regulating them now.

### Railroads Assail Proposed Measure.

The interstate commerce commission itself could not run a single railroad in

## TAKES ISSUE WITH GOVERNOR HUGHES

### In a Speech in the Senate Mr. Borah of Idaho Controverses the New Yorker's Contentions Concerning the Income Tax.

### He Denounces the Effort to Defeat the Proposed Amendment as a Scheme to Shear the Government of Power to Make Wealth Bear Its Proper Burden, and He Gives Warning the People's Patience Is Near the Breaking Point.

Washington, Feb. 10.—Senator Borah, of Idaho, took occasion in the senate today to attack the position of those who oppose the acceptance by the several states of the proposed amendment to the Constitution of the United States which would permit the levying of a tax on income without apportionment between the states.

### Spencer Criticizes Mr. Taft's Bill.

New York, Feb. 10.—Ex-Senator Spencer, formerly of Wisconsin, criticized the federal incorporation bill tonight before the members of the American Paper & Pulp association. He said: "President Taft is one of the noblest men ever placed in high office, but he has a defaulting legacy. Soberly, as if I were speaking under oath, I say that under our Constitution congress cannot establish corporations except for the district of Columbia or some corporation that can enter a state and do business whether the state wants them or not."

### SOLOMON CONE MAKES A POOR WITNESS.

Appearing in Defense of the Cotton Exchanges, He Dodges the Question When Asked Who Paid for Jim Patten's Profits When He Recently Picked \$5,000,000 Out of the Market.

Washington, Feb. 10.—Defending the cotton exchanges as gatherers of true information, disseminated to brokers and to the general public, Solomon Napoleon Cone, of Greensboro, N. C., a member of all the cotton exchanges of the world, attacked the anti-option bill before the house committee today.

"It was common report recently," suggested Chairman Scott, "that Patten, of Chicago, went to New York and picked \$5,000,000 out of the New York cotton market. If that is true, who paid for that profit?"

"Much of that money was lost in both a legitimate and illegitimate way, as common runs," answered Cone, evasively.

"Why is it that such a boon to the cotton trade as a future market," inquired Mr. Scott, "has not evolved in iron, hay and other lines of industry?"

"The did not furnish much information on this point, but said that if future transactions were inhibited all the exchanges would be dead letters. "There is more honor in Wall street," he volunteered, "and Beaver street than there is in the heart of the country."

### HIGHER PRICES EXPECTED.

Wall Street Believes Big Interests Are Again Accumulating Stocks.

New York, Feb. 10.—The uncertainty of today's stock market was a natural consequence of the rapidity of Wednesday's recovery. The bears themselves had covered an important part of their requirements in Wednesday's hasty buying, and thus reduced a potential supporting force in the market. With that demand partly satisfied, the fact developed that speculation lacked aggressive leadership in behalf of a fresh upward movement. The conviction, however, remained that great progress had been made in clearing up the situation and strengthening the technical position. It was still held that an investment demand had reappeared and that a process of accumulation of speculative holdings by the larger class of operators had been started. The halt in recovery was read as an indication of the desire of important interests to continue their accumulation without a too rapid rise of prices.

The copper producers' statistics for January were much more favorable than anticipated. The small reduction in output was accompanied by larger deliveries than in any month last year. The surplus stocks being reduced in consequence upwards of \$3,000,000 pounds. The business for February, however, is believed not to be holding fully at the January rate. Some depression was made on the speculative sentiment by published opinions of business recession in other branches of trade. An interview with President Earling, of the St. Paul railroad, in that sense caused discussion. The resumption of the interest payments on the Peoria & Eastern income bonds a subsidiary company of the Big Four, was regarded as significant of the dividend policy on the part of influential financial authorities. The cross currents of the final price movement fairly illustrated the day's market as a whole.

### EXPORTS SHOW A DECREASE.

Washington, Feb. 10.—The exports of breadstuffs, meat, dairy products, cattle, hogs, sheep, cotton and mineral oil were less by \$22,123,601 during January this year than the same month last year. There was a decrease in the exports of these products the first seven months of the present fiscal year of \$18,254,533 as compared with the same period the last fiscal year. Wheat of the value of \$1,490,865 was exported last month, a decrease of \$2,001,362 compared with the exports in January, 1909. In corn there was a slight increase in quantity, but a decrease of value.

## THE WEATHER

### SUCH MEAT NOT UNWHOLESOME.

Cattle Afflicted With Tuberculosis Sold and Butchered as Beef.

### LOWDEN BILL IS REPORTED.

It Appropriates \$500,000 Annually for Embassy Buildings Abroad.

### JUDGE GAYNOR FOR PRESIDENT.

Missouri Democrats Prepare to Launch His Boom Next April.

### CONTAIN DEPOSITS OF COAL.

Government Seeks the Return of Lands on the Ground of Fraud.

### AGREEMENTS WITH INDIANS.

Washington, Feb. 10.—Agreements concluded with certain tribes of Indians for the commutation of their perpetual annuities under treaty stipulations today were transmitted to congress by the president, along with a bill for the ratification of these agreements. The agreements transmitted include one tribe of Wisconsin, the Sac, and the Fox, of Kansas and Wisconsin, and the Pawnees, of Oklahoma.

### IMMIGRATION COMMISSION'S CASE.

Washington, Feb. 10.—The immigration commission will complete its work by May 1, if an annex made by the house today is acceptable to the senate. Mr. Fitzgerald, of New York, after considerable debate proposed a compromise by which the commission is allowed \$65,000 with instructions to complete its work by May 1, and providing that no salaries shall be paid to the commissioners after March 1. This was agreed to.

### ENGAGEMENT ANNOUNCED.

Theodore Roosevelt, Jr., to Wed Eleanor Alexander of New York.

### PENSION AGENCIES ABOLISHED.

Washington, Feb. 10.—Seventeen of the eighteen pension agencies of the country are abolished under the terms of the pension appropriation bill, reported to the house today. The one remaining office is located at Washington. For several years efforts have been made to accomplish the abolition of the branch agencies. The pension bill carries \$155,674,000, a decrease of five millions dollars from last year.

### BEEF PROBE IN MISSOURI.

Jefferson City, Mo., Feb. 10.—Attorney General Major announces that the taking of testimony to ascertain if there is an illegal agreement to control prices between the packing companies in Missouri will begin Feb. 17. The officials of nine companies have been requested to appear.

### LONG DROUGHT IS ENDED.

Charleston, W. Va., Feb. 10.—After the city had been "dry" for eight months, due to the refusal of the council to renew the liquor licenses, the council tonight passed an ordinance providing licenses for thirty retail liquor houses and ten saloons.

## IMPORTANT ISSUE RAISED IN CONGRESS

### Whether a Judge Has Power to Hale National Legislators In-to Court Is a Question That Arouses Sharp Discussion.

### Proceedings Grow Out of a Suit Instituted by a Paper Company—The Senate Quickly Disposes of the Matter by Directing Its Committee to Ignore the Jurist's Summons, While the House, Sitting for Hours, Gives Contrary Instructions.

### HOUSE TAKES CONTRARY ACTION.

In the house there was greater division of opinion. The judiciary committee brought in its reports. The majority recommended compliance with the action of the court, on the ground that the committee was not summoned as members of congress, but while acting under the authority of a statute enacted by congress. The majority therefore recommended that Messrs. Cooper, Sturgess and Finley be instructed to appear in court.

### HOUSE TAKES CONTRARY ACTION.

The Nelson amendment was rejected, four to forty-five, the original committee resolution was adopted without division, and the secretary was directed to communicate the views of the senate to the court.

## REDMOND ADOPTS A VIGOROUS POLICY.

### Reelected President of the United Irish League, He Announces His Intention of Turning Out the Liberals if the Parliamentary Program Is Unsatisfactory to the Irish Party.

Dublin, Feb. 10.—John Redmond was today reelected president of the national directory of the United Irish League. Declaring his policy at a banquet in his honor this evening, Mr. Redmond said that he intended to put out the Liberal government unless it deals with the question of the house of lords' veto, but he was ready to vote for the budget provided Premier Asquith sticks to his pledge to resign unless he gets power to deal with the lords.

Mr. Redmond characterized tonight's occasion as the celebration of a successful campaign for home rule in Ireland and Great Britain. Ireland had now a party of seventy-two members, more united and powerful than ever before, and never again would nominally pledged members of the party be permitted to discredit their colleagues and thwart the party's policy. He asked the Irish to remember that the Irish party fought the election with money supplied by America and the colonies. Mr. Redmond, in conclusion, said that if home rule was to be put aside, he would accept the budget; if it was a question of securing home rule, he would accept the budget.

### O'Brienten Threaten Trouble.

Cork, Feb. 10.—At a meeting today to establish a daily O'Brienten newspaper, subscriptions of more than \$25,000 were received. Mr. O'Brien said that before the harvest was ripe they would have their own organization, and would pay their own members, without petitioning for assistance from the ill-gotten dollars of the poor ghosts of the once great party who met at Dublin to make their last will and testament.

### DRAWING CLOSE TO MANAGUA.

Nicaraguan Revolutionists Capture a City Only Eighty Miles Away.

Managua, Feb. 10.—Revolutionists 1,200 strong, under Generals Chamorro and Masís, captured Matagalpa this morning. The authorities here declare that Matagalpa was undefended. It is rumored, however, that the insurgents defeated General Carrero's command of eight hundred men in the vicinity of Muzumuy, and continued on to Matagalpa without opposition. There they requisitioned all the government's money and supplies, as when Bonas was taken. The government is apprehensive.

The steamer Managua was captured at her wharf here this afternoon by thirty young conservatives, after an exchange of fifty shots. The conspirators, some of whom were in women's garb, boarded the steamer and overpowered the crew. It is reported that three were killed. Fifty cavalrymen clattered to the wharf, but the steamer had already disappeared. Fifty persons were arrested, including the telegraph and telephone operators, who failed to give the alarm.

Matagalpa, which has been captured by the revolutionists, is the capital of the Matagalpa department and has a population of nine thousand. It is eighty miles from Managua.

### WOULD SETTLE OUT OF COURT.

St. Paul Coal Company's Proposal Not Well Received at Cherry.

Cherry, Ill., Feb. 10.—Relatives of the miners killed in November tonight are discussing the effort of the St. Paul Coal company to settle out of court all damage suits, resulting from the fire. This proposal was brought to Cherry today by State's Attorney Eckert, of Bureau county. It is proposed to pay a minimum of \$800 to the relatives of the single men and a maximum amount of \$1,200 to widows with six or more children.

Mr. Eckert said he presented the scheme as a representative of the people. Word was passed from him to several persons through Rev. T. R. Egerton, a charity worker, that the money proffered would be paid according to the proposed schedule immediately the interested persons signed quit claim receipts. It was announced to those sounded on the subject that the company was not guilty of any criminal negligence, that as its capital was only \$350,000 it could not be held for more than that, and that the present offer was made to avoid delay and futile litigation. The company, it was announced, planned to mortgage the mine for \$300,000 to pay the damages.

The news spread soon after Mr. Eckert took up quarters in the company's office, and scores of protests were voiced. A mass meeting will probably be called. In addition to his official duties, Mr. Eckert is the attorney of most of the Scotch widows at Cherry.

### CUBAN EDITOR SENTENCED.

Havana, Feb. 10.—General Esteve, editor of the negro organ Prevision, for whom a bench warrant was issued on the charge of libeling President Gomez, declared this afternoon that he would make no defense and was thereupon sentenced to six months' imprisonment. This is the third editor convicted of libeling the administration.

### BLOODY BATTLE IN THE CONGO.

Brussels, Feb. 10.—Congo advises say that Colonel Broke's column recently surrounded and captured a rebel band at Ifruitful coast. The troops lost thirty men killed, while forty have since succumbed to wounds and sickness and sixty-five others are seriously wounded. The rebel loss was sixty-five killed.

### CHICAGO LABOR LEADERS FINED.

Chicago, Feb. 9.—Martin B. Madden, M. J. Boyle and Fred Pouchet, union leaders active in promoting strikes, today were fined \$500 each on their conviction last May of conspiracy. A new trial was denied.

## DR. HYDE ARRESTED ACCUSED OF MURDER

### Following the Investigation of the Death of Colonel Swope, the Husband of the Millionaire's Niece Is Taken Into Custody.

### Alleged to Have Feloniously Ended the Life of the Aged Philanthropist by the Use of Strychnine, the Physician Is Haled Into Court, Pleads Not Guilty and Is Released Under Bond of \$50,000—Executor Paxon the Complaining Witness.

Kansas City, Feb. 10.—As the climax of the investigation of the cause of the death of Colonel Swope Oct. 3, Dr. B. C. Hyde, the husband of the millionaire's niece, was arrested today, charged with murdering the aged philanthropist. The warrant was issued at the request of Attorney Paxon, executor of the Swope estate. The complaint alleges that Dr. Hyde, with felonious intent, administered strychnine to Colonel Swope the day of his death.

Dr. Hyde learned that a warrant was being sought, and with his attorneys he went to the prosecutor's office and awaited the return of Prosecutor Conkling. He submitted to arrest without demanding to hear the warrant read. The party went to Independence, where Dr. Hyde was arraigned in court, pleaded not guilty and was released under bond of \$50,000. The preliminary hearing was set for next Thursday.

While the few spectators in the justice's office whirled loudly and stared at the accused physician, he set near County Marshal Mayes, who made the arrest, and read a newspaper. "By the way, Mayes," he said, "I wish you would call on my house and have my wife informed that I will be home for dinner. She will be worrying about me." As soon as his bond was accepted, Dr. Hyde hurried home in an automobile.

The arrest followed quickly after Judge Latshaw called a grand jury today to investigate Colonel Swope's death. By dismissing his libel suit for \$600,000 against Attorney Paxon and others today, Dr. Hyde removed himself from the range of the attorneys who have been seeking to get his depositions in the case.

### Boxer Held for Manslaughter.

Chicago, Feb. 10.—That Alois Wilkowski was killed by a blow on the head in a prize fight held in Harry Gilmore, boxing academy Tuesday night was the verdict today of the coroner's jury. The jury recommended holding the defendant, Harry Gilmore, opponent, to the grand jury on the charge of manslaughter. Gilmore and the promoters and seconds were recommended for prosecution.

### BUILDING DYNAMITED.

Thirty-Sixth Bomb Within Two Years Is Exploded in Chicago.

Chicago, Feb. 10.—The thirty-sixth bomb exploded in Chicago within two years was exploded tonight in an empty building on North Halsted street owned by Louis and Julius Frank. The bomb, which was filled with dynamite, was placed inside through a hole made in the floor and was exploded by a fuse extending outdoors. The windows were shattered, but nobody was hurt. Whether the act was the result of labor trouble or had some connection with the alleged "gamblers' war," the police are unable to decide.

### BOILER EXPLOSION DISASTROUS.

Six Men Are Killed and a Score Are Injured in a Michigan Sawmill.

Bay City, Mich., Feb. 9.—Six men were killed and nearly a score were injured today by the explosion of a boiler in a sawmill at Crump. The mill was wrecked. The dead were: Ward Amidon, William Coppensmith, George Dewitt, Chris Johnson, John Flood and Oscar Shoup.

### JAIL UNDER HEAVY GUARD.

Negro Charged With Revolting Crime a Prisoner at Tampa, Fla.

Tampa, Fla., Feb. 10.—Rowland Flower, a negro convict, escaped today, went to the home of Mrs. Mary Ellerbe and assaulted her, and then fled. Officers pursued and captured the fugitive, who was shot down. The negro was brought to Tampa under heavy guard this evening and was lodged in jail. A strong guard has been thrown around the jail. The structure is unusually strong, with a high brick wall encircling it. The sheriff believes he can frustrate any attempt to get the negro.

### INHUMAN MOTHER CONVICTED.

Milwaukee, Feb. 10.—Mrs. Anna Brockhaus, charged with tearing off part of the ear of her twelve-year-old step-daughter, prodding her with a hot poker and subjecting her to other cruelties, was convicted tonight.

### CEDAR RIVER BOY ACQUITTED.

Marquette, Wis., Feb. 10.—August Schwartz, who on New Year's Day killed his stepfather at Cedar River, Mich., after the latter had threatened to kill the entire family, was acquitted today.

### HOPPE WINS TWO MORE GAMES.

Cleveland, Feb. 10.—Hoppe defeated Morningstar twice today at 182 ball line billiards.

Mining News

CALUMET & ARIZONA. Director of the Company Says There Is No Ground for Apprehension.

A director of the Calumet & Arizona company, the owner of between 4,000 and 5,000 shares of stock, says: "There is much unwarranted apprehension regarding the Calumet & Arizona property."

While there have been no spectacular developments in connection with the opening up of the La Salle property on the Keweenaw ledge, it is the expectation of the management that within a year from this date the company will be shipping to the mill between 500 and 1,000 tons of rock per day that will average close to twenty pounds of refined copper per ton.

The Quincy Mining company directors within a fortnight will meet for the purpose of acting on the quarterly dividend due at this time.

The Gironx Consolidated Mines company is now employing something over 300 men in all departments.

There has been no new developments at the Adventure property which warrant more than passing notice.

The Franklin diamond drill, searching for the Hancock ledge, has penetrated the rock without any difficulty and should have taken out of it in 74 profits all the funds which we have there invested.

There are making small shipments from the Cortland properties today upon which we are making a net profit, though this profit is admittedly small.

The indebtedness of the Superior & Pittsburg to the Calumet & Arizona has now been reduced to about \$500,000 and in the not very distant future it will be paid off in full.

Bright and Steady The Rayo Lamp

A bright and steady light depends upon the construction of the lamp. The best skill has put forth its best effort in perfecting the Rayo Lamp.

As the air is fed to the flame—so does the light burn. The easy-flowing current of air through the air-tube of the Rayo Lamp secures a uniform light, with never a flicker or flare.

**City Brevities**  
Today's weather: Snow flurries; stationary temperature.  
Yesterday's temperatures: Seven a. m., 12 degrees; noon, 18; 7 p. m., 14. Maximum, 20 degrees; minimum, 11.  
Miss Viola LeVeque has gone to Ann Arbor to take in the junior prom.  
J. P. Kenneally of Escanaba was in the city on business yesterday.  
Edmond McComber of Montreal is visiting at the home of his uncle, Jos. H. Primeau.  
St. Mary's guild will meet this afternoon with Mrs. Chas. F. Willesen, 118 North Front street.  
The Young Women's guild of St. Paul's church will meet at the Guild Hall this afternoon at 2 o'clock.  
R. H. Jenny, fuel superintendent for the Lake Superior Iron & Chemical company, went to Detroit yesterday.  
The Woman's society of the Presbyterian church will meet with Mrs. E. L. Drake, East Hewitt avenue, at 3 o'clock this afternoon.  
The Ladies Aid society of the Methodist church will meet this afternoon at 2 o'clock with Mrs. T. G. Howie, 910 North Third street.  
For the Normal-High school basketball game at the Normal gymnasium Saturday night, the admission will be twenty-five cents for gentlemen and fifteen cents for ladies.  
C. A. Shoulters, of the high school faculty, was called to his home near Detroit yesterday by a telegram, announcing the serious illness of his mother.  
Miss Ethel Cooper, one of the high school teachers, has returned from a few days' absence in Illinois, where she attended the funeral of her brother.  
Dr. H. T. Carriel underwent an operation for appendicitis at St. Mary's hospital yesterday. He was reported to be as comfortable as possible last evening.  
Accused of Taking Timber—Mrs. Ellen O'Donnell has made complaint before Justice Crary against Z. and T. Toussignant of Chocomaug township, in which she accuses the two men of having cut a pine tree from property owned by her, said tree being worth \$15. The semi-secret young men's order that is organized throughout the country and is founded on the story of King Arthur and his Knights of the Round Table.  
Indoor Baseball Game—There will be an indoor baseball game Saturday night at Armory Hall, between the Ishpeming Y. M. C. A. team and the Rivals of Marquette. The Rivals have not lost a game so far this season, and as the Y. M. C. A. is the fastest team in Ishpeming, a fast game is looked for. The Armory has recently been remodeled and the floor is now in good shape for dancing.  
Chicagoans to Snowshoe—President Delano, of the Wabash railroad, Dr. Dud. and H. K. Tenney of Chicago, were members of a party that arrived in Marquette yesterday in the private car "Chicago," and from here will go to the Huron Mountain club for a winter outing. The party was well equipped with snowshoes and it is expected that snowshoeing will be one of the principal diversions during the outing.  
Three Water Samples—Three samples of water have been sent to the state board of health for analysis to enable the council to have accurate information regarding the proposed ice ordinance, which is to come up for consideration next Monday evening. One was taken from Dead River, one from the cinder pond and the third from the harbor. The object in getting the analyses is to learn whether ice cut from any or all of these bodies of water is pure and fit for domestic use. A sample of water taken from the Huron avenue spring has also been sent to Lansing for analysis.  
Called by Death of Mother—Mrs. C. Charland has been called to Lake Linden by the death of her mother, Mrs. Onessine Michel, who passed away very suddenly from an attack of heart failure. The decedent was an old resident of the Torch Lake town and was well known in the copper country. She was seventy-two years of age and was born at St. Pierre, Canada. A brother, H. Gagnon of Hancock, two sisters, one brother in Canada, four daughters and three sons survive her. They are: Mrs. Felix Lemay of Duluth; Mrs. C. Charland of Marquette; Mrs. C. LeClair of Calumet; Mrs. N. LaBelle of Lake Linden; Frank, Arthur and Joseph, all of whom reside in the copper country.  
Gave Reading in Chicago—Mrs. Estie Gay Rushmore of this city gave a dramatic reading of Stephen Phillips' "Herod" at a recital held at Ziegfeld Hall, Chicago Musical college, 246 Michigan avenue, under the auspices of Mrs. Keough's class in expression. With exceptional skill, Mrs. Rushmore interpreted the parts of the twenty characters in the play, imitating each in gestures, accent and varying shade of emotion with dramatic effect. The reading, which took over two hours, was listened to by a large audience. It was the most ambitious thing that has been attempted. Mrs. Rushmore is in Chicago to fill a few engagements, and will leave shortly for a tour of the South, where she is booked for readings in the resort cities.

**FIFTY-NINE APPLICANTS.**  
List of Those Who Seek Final Citizenship Papers at February Term.  
The applications of fifty-nine residents of this county, who seek final citizenship papers, will be considered at the February term of circuit court, opening Monday, Feb. 28. It is expected that Judge Feiberg will be assisted in the examination of the candidates by Merton Sturges, United States naturalization examiner. The following is the list of applicants:  
Princeton—Adolph Pepin, John E. Maki, Henry Leivishavem Heikkala, Neganuue—Joseph Salo, Lauri F. Nauder, Victor Heikkala, Kustaa Paavala, Viktor Ranta, Eiel Rapaniemi, Augusta Tavajarvi, Jacob Loggren, Samuel J. McCall, Ivar Normi, John Harju, Antonio Di Bernardo, August Reeklad, Napoleon Vizina, Joseph D. Bergeron, Alex Abdo, Antti Luttinen, Nekolai Westeri.  
Marquette—Julius Yaworski, Frank Morris, Jacob Wittala, Herman Ojala, Charles Beaudry, Joseph Simola, W. J. Small.  
Ishpeming—Thomas Chinn, Richard Cottran, Robert Stevens, Erick Bjork, Carl Bjork, Gust Peterson, Charles Johnson, Arvid Jarvi, Kustaa Pikkumaki, Jaakob Erkkila, Kustaa Annala, Nestor Harju, Nestor Erkkila, Edmond Snell, Emanuel Hyytiainen, Jalmar Wilen, John Stephen.  
Palmer—Jaako Holappa, Matt Lamminen, John Johnson, Henry Makela.  
Diorite—Adam Wepola.  
Witbeck—Frederick West Gothem.  
Powell township—Henry Havery, Richmond township—Jacob Harjala.  
Skandia—John Peter Larson, William Gwin—Matti Katsikomaki, William Hill.

**THEATRICAL.**  
**D'Urbano's Band.**  
D'Urbano's Italian band opened a three nights' engagement at the opera house last evening before a large audience. This popular organization of skilled musicians made fully as good an impression as on their former engagement in this city last fall, and all of the numbers were enthusiastically endorsed. D'Urbano is entitled to a place in the first rank of band masters and holds a distinct and unique position in that he directs without a score. Nevertheless, he knows every note of the long repertoire of classical selections as well as if it were before him, and he appears to exclude music from his finger tips and lead his men under an almost magnetic spell. The numbers on last night's program were well selected and presented a wide variety in the field of musical composition. Miss Lillian Berry held the vocal solo while on the band, and her numbers were received with marked appreciation.

**Upper Peninsula**  
**Fur Buyer is Fined—**  
M. L. Smith of Dayton, Ohio, representing a Dayton fur house, was arrested at Trout Lake, Chippewa county, this week by State Deputy Game Warden J. B. Eddy. Smith was charged with buying beaver skins and is said to have had one green hide and a number of tanned ones in his possession when placed under arrest. He was taken to the Soo, tried in the justice court and paid a fine and costs aggregating \$32.50.  
Sanford Proctor, who was arrested by Deputy Eddy at Strong's, Chippewa county, charged with having beaver skins in his possession, stood mute in court and his case was laid over for three weeks. His wife is sick and he was allowed to go on his own recognizance. It was in his talk with Proctor that Deputy Eddy got the clue that led to the arrest of Smith. He learned that the fur man had been at Strong's and had gone west on the train. Mr. Eddy got busy and caught his man at Trout Lake.  
**Victim of a Cruel Joke—**  
It has developed that William Hunt, who was taken to Escanaba with his feet badly frozen, was cruelly deserted by a woodsman while on his way to a camp nine miles from the station. At Hardwood he met a woodsman who said he was going to the same camp and would show him the way. Hunt denies that they had a single drink before leaving the village, and it was growing dark when they started. When five miles from town Hunt's companion told him to sit down on a log while he made a reconnoiter to look for a trail. Hunt did as he was told while his companion followed the back trail to a camp two miles away and where he went to bed, leaving the Milwaukee man at his solitary vigil in the woods. Hunt was not warmly dressed and throughout the night he suffered terribly from the cold. He believed that his new found friend would finally return and remained sitting on the log until nearly frozen and unable to arise to his feet. He was found at the place by men going from camp the next morning and was cared for by them until he could be sent to the hospital in Escanaba.

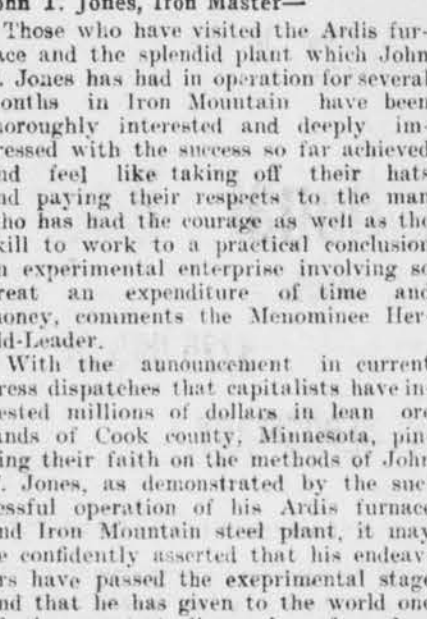

**School Trustee's Plan Fails—**  
Considerable discussion was aroused at a meeting of the Escanaba board of education this week by a resolution introduced by Trustee John L. McKee, which would designate those who would be the pupils of the public schools. The resolution was as follows: "Resolved, That no invitations shall be extended to lecturers, speakers or others to address the pupils of the public schools unless approved by a special committee of the board of education appointed by the president, and unless university or normal school officials or superintendents of public schools are concerned." The resolution was seconded by Trustee John O'Meara, it being intended that if passed the resolution should become a part of the regular rules and regulations of the board which are being compiled. President Bartley and Trustee S. M. Matthews opposed the resolution on the ground that it was too broad in its scope. An effort was made to induce Mr. McKee to withdraw his resolution for submission first to the committee on rules and regulations.

**INSURE WITH PETER WHITE & CO.**  
The F. Bending Co., distributors of a particularly good cigar, "Crown of Cuba," have received some new shapes in this well-liked brand. (2-9-10)  
Advice from the Michigan Medical association is don't feed your children on questionable milk from questionable cows that are kept in questionable stables to save a cent or two. (1-14-10)  
**ELI COUVION, TRUCKER.**  
Removes ashes and garbage. Order by phone, Bell 382-J. (6-7-10)  
While it is often impossible to prevent an accident, it is never impossible to be prepared—it is not beyond any one's purse. Invest 25 cents in a bottle of Chamberlain's Liniment and you are prepared for sprains, bruises and like injuries. Sold by The People's Drug Store.

tions. Mr. McKee, however, expressed the desire that it be given immediate action, holding that if passed it would give to the members of the board of education definite knowledge of all of those invited to speak in the public schools and criticism would in this way be avoided. When the vote was called for Trustees McKee and O'Meara voted in favor and President Bartley and Secretary Matthews voted against it. The resolution thus failed of passage.  
A report submitted at the meeting showed that annually in Escanaba there is spent approximately \$5,000 for school books and supplies. Under the system adopted by the board all books and materials are now furnished to pupils at as near as possible to cost. Up to the present time the system has been carried out with a net gain of approximately \$118, but with no sum being provided to pay Professor Feibert for assuming charge of the department. It was voted to pay Mr. Feibert \$20 a month in addition to his regular salary. Mr. Feibert is required to spend from two to three hours each day in the department before and after regular hours and the salary agreed upon was thought to be a reasonable amount to compensate him for his extra work.  
**John T. Jones, Iron Master—**  
Those who have visited the Ardis furnace and the splendid plant which John T. Jones has had in operation for several months in Iron Mountain have been thoroughly interested and deeply impressed with the success so far achieved and feel like taking off their hats and paying their respects to the man who has had the courage as well as the skill to work to a practical conclusion an experimental enterprise involving so great an expenditure of time and money; comments the Menominee Herald-Leader.  
With the announcement in current press dispatches that capitalists have invested millions of dollars in lean ore lands of Cook county, Minnesota, pinning their faith on the methods of John T. Jones, as demonstrated by the successful operation of his Ardis furnace and Iron Mountain steel plant, it may be confidently asserted that his endeavors have passed the experimental stage and that he has given to the world one of the greatest discoveries of modern times, and has achieved a victory, the echo of which, like the first gun fired at Fort Sumpter, will be heard around the world. The men who can take the waste and wasted things of this country, and utilize them, no matter how long as they are turned into something valuable and useful, are really the men who mightily move things and surely Mr. Jones is one of them.  
The name of John T. Jones, in connection with the Ardis furnace, has riveted the attention of iron workers on his endeavors from almost the inception of his plans. The iron world knows that John T. Jones is no dreamer. He is known to be as entirely practical as he is thoroughly learned in every branch of the iron and steel industry. He comes of a family of iron workers. His grand father came to Pittsburg with the secrets of the art of the iron workers as it is practiced in Wales. His son followed in his footsteps and as a master mechanic was recognized as a genius. Then came John T. Jones with an inherited talent for mechanical pursuits, which soon placed him in charge of the machinery and furnaces of the Keel Ridge company at Sharon, Pa. In 1881 Mr. Jones came to the Menominee range where he has won fame and fortune as an operator of mines. The iron master of the Menominee range has many books as well as ores and mines. He is a man of broad culture and lofty aspirations and in the Ardis furnace he has created an economic factor which will place the stamp of his genius on all time.

**FLOUR SIGN IS BIGGEST OF KIND.**  
Washburn-Crosby Company Tops High Elevator with "Gold Medal" Beacon.  
In a more superstitious age when a legend flashed forth against the sky as it did last night in incandescent letters over the West Side milling district, the people would have bowed down in awe and accepted it as a command.  
In erecting an electric sign over its concrete grain elevator on the river front the Washburn-Crosby company has created a suggestive picture that is likely to burn itself on the memory of those who see the words "Gold Medal Flour" in eight-foot letters outlined in the dark with tungsten incandescent electric light globes.  
Highest in the World.  
After first erecting the highest concrete elevator in the world an advertisement which is effective in the daytime because of the towering proportion of the building, the Washburn-Crosby company has supplemented it with a sign to be read at night when the building is invisible. This sign is probably the loftiest of its kind in the world.  
It required the services of a steel erection company six weeks to erect the sign, which is in reality a double sign, one-half at either end of the top of the elevator, easily read from both up and down river. From trains approaching from either direction the glowing words will stand out with startling distinctiveness, and they are high enough to be distinguished from practically all points of the compass.  
**Made of Steel.**  
The frames of the two signs are made of structural steel. The letters of the three words, each of which has a line to itself, are constructed of galvanized iron. Little troughs were built to hold the lamps which outline the letters after dark. It took just 1,500 of the tungsten globes to complete the three words, and the effect of the light from these powerful lamps is unique. The signs stand so high in the air that their lights are not dimmed by the reflection of the illumination in the city below. Current for the lamps comes from the lighting plant of the Washburn-Crosby company, which is used to illuminate its group of mills. As the new device is designed particularly for its night effects, the electricity is turned into it at dusk and it is not turned off until midnight.  
**HOW'S THIS?**  
We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

Take Hall's Family Pills for constipation.

**WOMEN OF MIDDLE AGE**  
Need Lydia E. Pinkham's Vegetable Compound  
Brookfield, Mo.—"Two years ago I was unable to do any kind of work and only weighed 118 pounds. My troubles dated back to the times that women may expect nature to bring on them the Change of Life. I got a bottle of Lydia E. Pinkham's Vegetable Compound and it made me feel much better, and I have continued its use. I am very grateful to you for the good health I am now enjoying."—Mrs. SARAH LOUISGONT, 414 S. Livingston Street, Brookfield, Mo.  
The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease and pain.  
Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.  
For 30 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.  
If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

**STATE OF MICHIGAN, 25th Judicial Circuit, in Chancery.** Suit pending in circuit court for county of Marquette, in chancery, at the city of Marquette on the 27th day of December, 1909. James H. Knowles and Thomas Dwyer, complainants, vs. Harry R. Edwards, Joseph W. Roof, Andrew W. Smith, Charles N. Kirkpatrick and George A. Jones, defendants. In this case it appearing that all the defendants are non residents of this state and reside in the state of Ohio, therefore on motion of J. L. Heffernan, solicitor for said complainants, it is ordered that said defendants enter their appearance in said cause on or before four months from the date of this order, and that within twenty days the complainant cause this order to be published in The Daily Mining Journal, Marquette, said county, said publication to be continued once in each week for six weeks in succession.  
J. W. STONE, Circuit Judge.  
J. L. HEFFERNAN, Solicitor for Complainants.

Two Things Are Essential in Making Investments

Security and Interest. The former is the most essential and should not be lost sight of simply because some "scheme" is offered which promises interest far beyond the rate which legitimate investments afford.

A wise man always keeps a little in the bank.

Marquette National Bank Marquette, Mich. Capital and Surplus - \$125,000.00 UNITED STATES DEPOSITORY.

MARKETS

WALL STREET STOCKS.

New York, Feb. 10.—Paine, Webber & Co. say of today's stock market: "The stock market withstood considerable reeling today, and the recovery from the temporary depression indicated that the position of the list has been greatly improved by the recent heavy liquidation."

CLOSING PRICES WERE AS FOLLOWS:

Table listing various stocks and their closing prices, including Amal, Anaconda, Am. Smelter, Am. Loco, Atchafalaya, B. & O., B. & N., C. & N., C. & P., C. & W., C. & M., C. & S., C. & T., C. & U., C. & V., C. & W., C. & X., C. & Y., C. & Z.

CHICAGO GRAIN MARKETS.

Chicago, Feb. 9.—From the top of the opening bid the prices of wheat advanced steadily today with only momentary pauses until the final sales were recorded at nearly the high point of the session, with advances of 3/4 to 1 1/4.

COPPER PRODUCERS' STATEMENT.

New York, Feb. 10.—A decrease of 43,202.77 pounds in the copper stocks on hand Feb. 1 compared with Jan. 1 is shown by the monthly report of the Copper Producers' association, made public here today.

NEW YORK COTTON MARKET.

New York, Feb. 10.—The market started off indifferently, overnight selling having accumulated in a small way, and this counterbalanced the little buying that developed on arbitrage from Liverpool.

BOSTON QUOTATIONS.

Boston, Feb. 10.—Today's stock market at Boston is summarized by Paine, Webber & Co. as follows: "The whole list continued to act well today. Several times during the session the bears tried to break prices, but the liquidation seems to have been complete, and steady ac-

PRESIDENT TAFT WORRIED.

Many Attacks Being Made on His Legislative Program. Corporate Interests Threaten a Panic Worse Than That of 1907 If He Does Not Let Up on His Trust Prosecution and Permit Modifying Amendments to the Railroad Bill; but He Firmly Refuses to Surrender.

Washington, Feb. 10.—The financial and railroad interests of the country are so unalterably opposed to a portion of President Taft's legislative program and are so fearful of what may happen to them if it is put through, that they have resorted to threats in a last attempt to have the president modify his views.

This information comes from several members of congress with whom the president has been in conference recently. It can be said on the best of authority that for the first time during his administration the president is really worried.

RAILROAD MEN PROTEST.

When the president's views on railroad legislation first became known a delegation of railroad presidents called upon Mr. Taft to protest against the enactment of a law which would carry out the president's ideas.

ALL COMPETITION QUIETED.

Bell Telephone Company Declared Supreme in Ohio and Indiana. New York, Feb. 10.—Counsel for the minority stockholders of the Ohio and Indiana independent telephone companies, the names of which are recently being said tonight that they are satisfied they already have proved that control has passed to the Bell company.

In the senate the administration bill will meet with violent opposition on the part of most of the insurgents. The opposition however, will not be along the lines indicated by the railroad interests. It will be headed by Senator Cummins of Iowa, who is a railroad man of his own, and who considers the administration measure too weak.

TRUST SUITS DISTURBING.

The railroad bill is not the only one which gives the financial interests grave concern, however. Not only the lawyers in the President's cabinet but the corporation lawyers who have come to Washington recently are preparing for decisions favorable to the government in the suits pending in the United States supreme court against the American Tobacco company and the Standard Oil company.

POLICE STOP WRESTLING BOUT.

Omaha, Feb. 10.—The police tonight separated DeLorenz and Jess Westergaard, after they had wrestled thirty-two minutes. Referee "Sandy" Griswold gave the fall to Westergaard, on a foul. The big Frenchman was behind Westergaard and, grasping him by the hair, slammed his opponent's head to the floor several times.

PRIZE FIGHTERS MATCHED.

Portland, Ore., Feb. 10.—Monte Attell of San Francisco and Frankie Conley of Kenosha, Wis., were matched today to fight forty-five rounds at Los Angeles Feb. 22. They will meet at 116 pounds, ringside. The boys were to have fought a ten-round bout here this month.

PROSPECT IS FOR ARBITRATION.

Chicago, Feb. 9.—The railroads having refused to increase the wages of the switchmen, and the latter voting in favor of a strike, the indications now are that the matter will be referred to arbitration.

Standard Oil and Tobacco cases. Incidentally if a panic does follow the institution is taken against the several combinations which are organized on the lines which obtain in the Standard Oil and American Tobacco the president will start a most searching investigation to determine the causes which brought it about.

The president has been informed that favorable decisions in the two cases mentioned and prosecutions of other combinations would result in a number of corporations being thrown into the hands of receivers. Just how the president is taking the situation is not known, but a prominent member of the senate who has conferred with him on that subject is of the opinion that the receivership proceedings would not necessarily result disastrously.

COMET IS AS LARGE AS MILLION EARTHS.

Chicago, Feb. 10.—"Halley's comet, on which all eyes in the astronomical world are now centered, is about 1,000,000 miles in length, says the director of the Yerkes observatory at Williams Bay, Wis. "In view of possible large perturbations arising from the close approach of the comet to Venus on May 1 and to the earth on May 15," he added "meridian observations are especially desired during the period in which the comet is sufficiently bright for that purpose."

VERMONT GIRLS SEEK MATES.

Forty-seven Write a Bachelor Club They Are Willing to Wed. Dayton, Wash., Feb. 10.—It will be the fault of the sturdy young bachelors of this place if they do not find the amiable wives they seek. The news of the bachelors' club here recently has gone abroad, and letters pour in at the rate of a dozen a day telling about young women who are willing to come to Dayton to become the wives of prosperous young men.

The most impressive of them all is a letter from a school teacher in a small town in Vermont, containing a sort of round robin with forty-seven signatures in feminine writing. The letter does not say whether the document was voted upon at a meeting or circulated from house to house, but it says the signers are all interested in the Blue Mountain bachelors. The forty-seven Vermont girls are willing to become Western wives.

CHIEF BISON FINDS FRIEND IN ESTRADA.

Sioux Makes Plan with the Insurgent General to Take Eight Thousand Indians to Nicaragua as Settlers. Boston, Feb. 10.—Chief Little Bison, a full-blooded Sioux, who hopes to perpetuate his race by transferring them to Nicaragua, has returned to Boston aboard the steamship Esparta, from Fort Limon, after a ten weeks' stay in Nicaragua and Costa Rica. With him was his wife, who recently joined him in Costa Rica.

Chief Bison went to Central America last November to arrange for moving the 8,000 Sioux now remaining on the reservation in South Dakota to Janitago, Nicaragua. The Nicaraguan government had ceded a tract of 16,000 acres to the tribe, and the plan of moving them has the backing of E. S. Dellenbaugh, head of the American Geographical society, and a number of wealthy New York men and women.

Through consumption the tribe is fast thinning out, and it is with the hope of propagating the race that the project was taken up. It is believed that the climate of Nicaragua will be more favorable.

Chief Bison reached Costa Rica when the revolution in Nicaragua was at a critical point. The election of Dr. Madriz took place a short time after he arrived. The new president feared that the Indian chief intended to join forces with General Estrada, and he appealed to the Costa Rican government to prevent his entry into Nicaragua.

Bison went to Guaymas, Costa Rica, about thirty miles from the Nicaraguan border, where he managed to elude his watchers and slipped into Bluefields. Jan. 27 he had a conference with General Estrada, who told him to return and arrange to bring his people to Nicaragua. Estrada told him that the war would end in six weeks, and that his army would surely be successful.

Chief Bison said there was no doubt as to the outcome of the trouble. Estrada's forces have all the cattle and hold the key to the situation. His army controls the greater part of the sea coast and the country is with them. The chief said it was merely a case of how long the government forces could hold out.

Chief Bison has left for New York to confer with Mr. Dellenbaugh, and will then go to South Dakota to arrange for moving his people. He plans to sail from this port with about twelve families first. When they are settled he will return for others.

CHIEF BISON FINDS FRIEND IN ESTRADA.

Sioux Makes Plan with the Insurgent General to Take Eight Thousand Indians to Nicaragua as Settlers.

Boston, Feb. 10.—Chief Little Bison, a full-blooded Sioux, who hopes to perpetuate his race by transferring them to Nicaragua, has returned to Boston aboard the steamship Esparta, from Fort Limon, after a ten weeks' stay in Nicaragua and Costa Rica.

Chief Bison went to Central America last November to arrange for moving the 8,000 Sioux now remaining on the reservation in South Dakota to Janitago, Nicaragua. The Nicaraguan government had ceded a tract of 16,000 acres to the tribe, and the plan of moving them has the backing of E. S. Dellenbaugh, head of the American Geographical society, and a number of wealthy New York men and women.

Through consumption the tribe is fast thinning out, and it is with the hope of propagating the race that the project was taken up. It is believed that the climate of Nicaragua will be more favorable.

Chief Bison reached Costa Rica when the revolution in Nicaragua was at a critical point. The election of Dr. Madriz took place a short time after he arrived. The new president feared that the Indian chief intended to join forces with General Estrada, and he appealed to the Costa Rican government to prevent his entry into Nicaragua.

Bison went to Guaymas, Costa Rica, about thirty miles from the Nicaraguan border, where he managed to elude his watchers and slipped into Bluefields. Jan. 27 he had a conference with General Estrada, who told him to return and arrange to bring his people to Nicaragua.

Chief Bison said there was no doubt as to the outcome of the trouble. Estrada's forces have all the cattle and hold the key to the situation. His army controls the greater part of the sea coast and the country is with them. The chief said it was merely a case of how long the government forces could hold out.

Chief Bison has left for New York to confer with Mr. Dellenbaugh, and will then go to South Dakota to arrange for moving his people. He plans to sail from this port with about twelve families first. When they are settled he will return for others.

The Esparta brought in a cargo of 28,000 bunches of bananas and nineteen boxes of oranges.

Chief Bison is as large as a million earths. Chicago, Feb. 10.—"Halley's comet, on which all eyes in the astronomical world are now centered, is about 1,000,000 miles in length, says the director of the Yerkes observatory at Williams Bay, Wis. "In view of possible large perturbations arising from the close approach of the comet to Venus on May 1 and to the earth on May 15," he added "meridian observations are especially desired during the period in which the comet is sufficiently bright for that purpose."

That on these dates, "was the reply, "the comet will be practically in the plane mentioned to be affected by their attraction."

"Will that affect the orbit of the comet?" "It will not affect the orbit of Venus or of the earth, but it is likely to affect the comet's orbit, and it is one reason why we want to get meridian observations, which will show almost exactly these orbital changes."

"There will be an interesting spectacle, by the way, on May 1, when the comet is near to Venus. The planet and the comet will be practically in the same distance from the earth, and every one will be able to see their relative size. The comet's bulk exceeds that of Venus about 1,000,000 times. It is not solid matter, however. It is gaseous and its mass is comparatively small. Those who followed the comet are likely to affect it a good deal. The earth and Venus are about the same size, so that the earth, too, is about one-millionth the size of the comet."

A father seldom whips his small son for fighting if he shows that he has been cultivating the habit of victory.

FORTY-SECOND ANNUAL STATEMENT OF THE Michigan Mutual Life Insurance Company

FOR THE YEAR ENDING DECEMBER 31ST, 1909.

Table showing ASSETS and LIABILITIES. ASSETS: Cash in Banks, Cash Deposited as Security, First Mortgage Liens on Real Estate, Real Estate, Loans to Policyholders, Bonds, Loans on Collateral, Interest and Rents Due and Accrued, Net Outstanding and Deferred Premiums secured by Reserves. LIABILITIES: Reserve Fund, American Table, 4% and 3 1/2% from January, 1903, Premiums, Interest and Rents, paid in advance, Other Policy Claims, Accrued Salaries, Taxes and Expenses, Other Liabilities, Surplus.

Forty-two years of steady, continuous progress, along conservative lines, has made the Michigan Mutual Life Insurance Company one of the strongest and sturdiest financial institutions of the Middle States. Its methods have never been spectacular. Its management has striven for safety and security, rather than ostentation and display.

During the year 1909 the Company paid for death losses the sum of \$577,000.00, and also returned during the year to its living policyholders the still greater sum of \$639,000.00. It has also loaned to its policyholders on their policies the sum of \$1,573,783.00, and during its existence has paid to its policyholders \$17,500,000.00—over one and one-half times its total assets.

The Michigan Mutual Life Insurance Company has some good field positions open for men of ability and integrity. Address the Company, Michigan Mutual Life Building, DETROIT, MICHIGAN.

NEW GOLD FIELDS RICH, SAY PROSPECTORS THERE. Discovery of Precious Metal in Northern Ontario Sends a Stream of Adventurers Into the Snow-Bound Country—Claims Are Staked Off for Work in the Spring.

Montreal, Feb. 10.—The stray reports which have been reaching here during the past few weeks as to the discovery of a new Eldorado in the Porcupine lake country, in northern Ontario, have not been exaggerated, if one may believe the stories told by the first prospectors, who are now straggling back to civilization with a view to getting property outfitted for an early start this spring.

The gold fever seems to have struck this great northland in epidemic form. In Cobalt, Temiskaming, Haileybury, New Liskeard and, in fact, in every recently discovered district, hundreds of men waiting for the snow to melt there appear to be mighty confident that they are, one and all, camped on a Canadian Cripple Creek.

ANOTHER PACKING PLANT. Schwarzschild & Sulzberger to Build One at Oklahoma City to Cost \$3,000,000. Kansas City, Mo., Feb. 10.—The Schwarzschild & Sulzberger Packing company of Chicago and Kansas City has signed a contract with the Oklahoma City Chamber of Commerce for the building of a new packing plant in that city to cost \$3,000,000. The Chamber of Commerce agrees to within thirty days pay over to the company a bonus of \$300,000.

There seems to be a disposition among packers to build new plants nearer to the main sources of range cattle supply rather than to increase the capacity of the larger plants at Kansas City and Chicago. Oklahoma City is negotiating with other companies which have shown a disposition to branch out to locate their plants there. Plans for a large stockyard are being considered, for the purpose of furthering the packing industry there and making that city one of the large centres of the packing industry.

BLOCKADED. Every Household in Marquette Should Know How to Resist It. The back aches because the kidneys are blocked. Help the kidneys with their work. The back will ache no more. Lots of proof that Doan's Kidney Pills do this. It's the best proof, for it comes from this vicinity.

Mrs. E. Steinke, 615 Wells Ave., Escanaba, Mich., says: "Some years ago I caught a heavy cold which settled in my kidneys and caused me to suffer from backache. I was in such a bad way that I could hardly dress and though I tried all kinds of remedies, I steadily grew worse. Someone finally told me to try Doan's Kidney Pills and I did so. In a week I was able to work and my back was free from pain."

The department's annual report, which was presented to the council in printed form.

**DEATH OF MRS. LANE.**  
Wellknown Resident of the City Passed Away Yesterday Morning.

Mrs. Mary Lane, an old and highly esteemed resident of the city, died yesterday morning at the home of her son-in-law, John Benson, on West Division street. Her demise was unexpected, as her condition had not been critical at any time since she was taken ill a short time before Christmas.

The deceased was sixty-one years of age, and prior to locating in Ishpeming, thirteen years ago, had lived a number of years at Escanaba, where her late husband died a short time before the family's removal to this city. Besides Mrs. Benson, there are two other daughters surviving, also two sons. The daughters are Mrs. George Van Tiffin of Rushville, Neb., and Miss Eliza Lane of Escanaba and Thomas, living at home.

The funeral will be held tomorrow morning, with services at St. John's church at 7:45 o'clock. The remains will be taken to Escanaba on the Chicago & Northwestern train, leaving here at 8:45, and interment will take place in the Catholic cemetery there tomorrow afternoon.

An attack of the grip is often followed by a persistent cough, which to many proves a great annoyance. Chamberlain's Cough Remedy has been extensively used and with good success for the relief and cure of this cough. Many cases have been cured after all other remedies had failed. Sold by The People's Drug Store.

Lots of us never put off till tomorrow what we can have done for us today.

As a result of the investigation by the committee on water works and board of public works of the amount of water consumed in the schools and other public buildings of the city, the council decided Wednesday evening to hereafter charge the boards of education and the parochial school management for all water used at the regular rates. It was decided that this was the only way to stop the waste of water.

According to the figures prepared by the committee, the public schools consumed last year, 4,967,500 gallons of water. The consumption of water was heavier at the new high school building than at any of the others, the amount used there in three months ending December 31 being 666,750 gallons. At the former high school on First street, 519,750 gallons were consumed; manual training school, 361,150; the high school, 195,000; Division street grade school, 138,750; boiler house, 152,250; Ridge street school, 130,500; Salisbury, 25,500, and Cleveland, 32,500.

The board also recommended that no more exemptions from water tax be granted by the council, and that all exemptions now in force terminate the first of next July. According to the report submitted by the committee, thirty-four families in the city are receiving free water.

Alderman Barnett, who presented the report in behalf of the committee, called attention to the fact that the water department could not afford the waste that has been going on. He stated that this extra water is needed to maintain a higher pressure on the mains. Alderman Barnett also called attention to the fine quality of water furnished and the reasonable rate charged consumers. He said that the water is furnished at a lower price than is charged by any other city in Michigan. The supply is sufficient for many years if used in a reasonable, conservative and economical manner; but if used by all consumers as by some who have not had to pay for it, the supply would soon be exhausted.

**Bills and Payrolls Over \$5,000.**  
Alderman Olson, chairman of the committee on claims and accounts, presented the bills and read the amounts of the payrolls for January. The bills payable from the several funds were as follows: Street lighting, \$833.42; general, \$148.22; fire, \$513.19; cemetery, \$20; police, \$112.25; library, \$804.25; sewer, \$7.70; highway, \$58.34; water, \$455.42; total, \$2,651.75. The payrolls were: Official, \$1,600.99; highway, \$624.94; water, \$408.13; sewer, \$9.75; total, \$2,643.81. Total bills and payrolls, \$5,295.60.

The report of the municipal court for January showed total collections of \$192.14. Of this sum, \$16 was remitted to the county for fines in December, leaving a balance of \$176.14. About \$30 will be received from the county next month on account of cases disposed of in January.

**ESTATE IS OVERTAXED.**  
Administratrix of Donald McVichie Estate Asks for a Rebate.

Mrs. Louisa P. McVichie, administratrix of the estate of her late husband, Donald McVichie, sent the following communication, calling attention to the fact that a mistake was made in assessing the estate and that an excessive amount has been collected for taxes, to the council Wednesday evening:

"To the Honorable Mayor and Common Council of the City of Ishpeming: 'Gentlemen: The undersigned, administratrix of the estate of Donald McVichie, deceased, respectfully represents to your honorable body the following: That there has been a mistake made in the valuation for taxation purposes for the year 1909 of the personal property belonging to said estate; that the valuation as put on said personal property is largely excessive, and for that reason the taxes assessed against the said estate on said personal property are excessive for the year 1909, such taxes for said year amounting to the enormous sum of \$1,635.50; that the said estate is entitled to a reduction and refund on said amount of taxes paid for the said year of 1909 of say one-half to two-thirds of the taxes paid as aforesaid; your petitioner therefore prays that such refund be made to the said estate in reduction of the said taxes."

The communication was referred to the committee on finance and taxation, in conjunction with the city attorney.

**Widows Ask Exemption.**  
Petitions asking for the exemption of the payment of water taxes were presented by the following, and referred to the committee on water works:

Mrs. A. E. Carvey, No. 462 Jasper street; Mrs. Ole Oien, No. 615 East Vine street; Mrs. Albertina Peterson, No. 646 Wabash street; Mrs. Margaret Giesler, No. 411 Maple street; Anton Augustson, No. 757 Michigan street; Mrs. Mary Remillard, No. 316 East Division street; John O. Johnson, No. 413 Maple street; Mrs. E. A. Johnson, No. 804 East Empire street; Mrs. Emma Crane, No. 778 Maurice street; Mrs. Louisa Thompson, No. 719 Michigan street; Mrs. C. Carlson, No. 820 Empire street; Gust A. Johnson, No. 802 Wabash street.

Mrs. Ole Fosmo, 758 East Michigan street, asked for a refund of \$37.30, which she paid for personal and other taxes, on the ground that she found it necessary to borrow the money used for that purpose, and that its payment was a great hardship to her. The council voted to donate to Mrs. Fosmo the entire sum that she had paid the city.

W. M. Argall, treasurer of the First Methodist Episcopal church, asked the council to allow the congregation the usual rebate on the concrete sidewalks constructed at the church property. The sum paid for the work was \$82. A rebate of 20 per cent was granted and the recorder was instructed to draw an order for \$16.40, payable to the church society.

T. J. Malloney, secretary of the fire department, was voted \$25 for compiling

**ISHPEMING IN BRIEF.**  
A son was born yesterday to Captain and Mrs. H. D. Gough, of the Salvation Army.

Ed Paul, agent of the Chicago & Northwestern Railway company at Beacon, was in the city yesterday.

The Chicago & Northwestern passenger train due here at 7:45 a. m. did not arrive yesterday until 2:30 p. m.

Mrs. J. D. West fell on a sidewalk on North Third street Wednesday afternoon and fractured her left arm between the wrist and elbow. She has since suffered a great deal of pain.

Judging from the many orders for seats being received at the box office of the Ishpeming theater, D'Urban's band, which will play here all next week, commencing with a matinee Sunday afternoon at 3 o'clock, will be greeted by large audiences. On one evening a complete program made up of selections requested by patrons will be given. It is also possible that an exclusive Wagner program will be rendered.

Births recorded in the city yesterday were a daughter to Mr. and Mrs. John Mantila, 512 North Second street; a daughter to Mr. and Mrs. Richard J. Andrews, 646 East Iron street, and a daughter to Robert Olds and wife, 612 East Empire street.

The chart for seating in the grandstand at the ski tournament on Washington's birthday will be at the Miners' National bank from Monday next until the morning of the 22nd. The charge for seats this year will be twenty-five cents. The chart will be in charge of C. H. Dawson.

Patrick Kennedy, who left here two weeks ago for Chicago, is confined to the Mercy hospital, and he is reported to be in a critical condition. Mr. Kennedy had been ill for several weeks before going away. His cousin, Miss Margaret Connors, who accompanied him to the city, returned Monday to resume her school work.

The Young Men's Christian association's basketball team will line up against the Knights of Columbus five of Marquette in the gymnasium here tonight. The last game these teams played in this city was won by the Y. M. C. A. team, but the Knights of Columbus have won all of the contests at Marquette. The game will start at 8 o'clock. The admission will be fifteen cents for men and ten cents for women and children.

PUT IT IN THE BANK

When your MONEY is BURNED up regrets won't bring it back to you. It is very UNSAFE and it WORRIES you a whole lot to have money in your house or in a hole in the ground. Besides "looking" time after time to see if it is safe teaches people where it is and makes it very UNSAFE. Make OUR Bank YOUR Bank. We pay liberal interest consistent with safety.

NEGAUNEE STATE BANK

FROM MORGAN'S CURB LETTER. The New York market was strong, though the transactions were rather light and mostly confined to the leading issues. A higher opening was followed by fractional advances and these were pretty well maintained except in the case of Steel common, which broke a point. Our correspondent is of the opinion that the present strength is but temporary and will be followed by a dull, sagging market and lower prices. The Boston market opened higher and heavy trading in the leading Lake issues and a few others continued all through the session. Gains made near the open-

vanced a point. Cactus sold at 5. Chief was strong at 2 1/2. Oneco opened at 7 1/2, but weakened later, the last sale being at 6 1/2. There was considerable trading in Chino, Inspiration, Ray Central and First National Copper.

Table of prevailing prices for various commodities. Columns include Commodity, Bid, and Asked prices. A few minutes delay in treating some cases of croup, even the length of time it takes to go for a doctor often proves dangerous. The safest way is to keep Chamberlain's Remedy in the house, and at the first indication of croup give the child a dose. Pleasant to take and always cures. Sold by the People's Drug Store.

Negaunee Department

YOUNG MAN DIES FROM INJURIES

CAUGHT BETWEEN TWO SECTIONS OF TRAM CAR BENJAMIN PASCOE, JR., SUSTAINED FATAL INJURIES AT LILLIE MINE.

Benjamin Pascoe, Jr., died yesterday morning at the Negaunee hospital as a result of injuries received the previous day at the Lillie mine. He was employed on the trestle and was caught between the upper and lower portions of a car that he and his partner were in the act of dumping. The upper part of the car, containing the ore, was raised in the usual way and about half of the ore ran out, leaving the remainder in the rear end. The men endeavored to hold up the weight, thinking that the remainder of the ore would run out. Finally, it became too heavy for them and they endeavored to get away, leaving the upper portion of the car to fall back. Pascoe slipped and the full weight caught him in the lower part of the body, injuring him so badly that the physicians called from the Negaunee hospital gave little hope for his recovery.

Although the patient received every possible attention that the physicians and nurses at the hospital could give him, it became evident at an early hour yesterday morning that it was a question of but a short time when he would pass away. His father, brothers and sister were called to the hospital an hour or two before the end came. The deceased was born and reared in Negaunee and was generally known and popular. During the past few years he had had more than one man's share of ill luck. He suffered from a severe case of typhoid fever and also submitted to an operation for appendicitis. He had been employed at the Lillie mine for a number of years and was one of the company's most trustworthy men. He was about twenty-nine years of age and is survived by his father, three brothers and two sisters. Thomas Pascoe, cashier of the Negaunee State bank, is his oldest brother. One of the sisters, Mrs. Hodge, lives at Butte, Mont., and the other one is at home. It is expected that Mrs. Hodge will come from Montana to attend the funeral, so that the time when it will be held has not yet been decided on.

IN HARD GROUND.

New York Foundation Company Has Tough Job On Mesaba Range. It is reported from Hidding that the New York Foundation company, which is putting in a concrete shaft for the Cleveland-Cliffs Iron company at its Northwestern mine, on the Swaney range, has encountered hard ground at the Morton and Scranton mines at the top of the shaft. The shaft has been in place for several months and is in concrete shafts. Although both shafts will be completed within a few weeks, slow progress is being made. The shafts are now going down at the rate of from one to six inches a day.

The road leading to the Cambria and Lillie mines is now in worse condition than at any previous time this winter. When Benjamin Pascoe, Jr., was being brought to the hospital Wednesday, it was with great difficulty that the ambulance was kept from overturning. The physicians, who were called to the mine to take care of the injured man, and others who accompanied the ambulance to the hospital, were several times obliged to support it to keep it right side up. It is said that the men who drive the mine teams are responsible for the road being in poor condition, as they overlook their sleighs.

ROAD IN BAD CONDITION.

The road leading to the Cambria and Lillie mines is now in worse condition than at any previous time this winter. When Benjamin Pascoe, Jr., was being brought to the hospital Wednesday, it was with great difficulty that the ambulance was kept from overturning. The physicians, who were called to the mine to take care of the injured man, and others who accompanied the ambulance to the hospital, were several times obliged to support it to keep it right side up. It is said that the men who drive the mine teams are responsible for the road being in poor condition, as they overlook their sleighs.

BOWLING CONTEST.

The Eagles and Indians bowled a very close contest Wednesday evening at DeFrain's alleys, the former winning by nine pins. The scores were: Eagles—Tot. Perkins 147 100 173 429; Yates 137 169 100 397; A. Johnson 141 139 153 433. Indians—Totals 425 339 426 1250. Trembath 155 130 114 399; Willman 146 129 128 403; Mitchell 163 136 140 439. Totals 464 395 382 1241.

WANT SERIES OF GAMES.

The members of the Canton baseball team would like to arrange a series of games with the Ishpeming City team. The Ishpeming team is not playing at this time as it did a year ago, and the Negaunee team is now in fine condition. If the Ishpeming city nine disbands, the management will endeavor to arrange a series with the Ishpeming Y. M. C. A. team. The indoor team at Gwinm has asked the Negaunee nine to play there in the near future. Other contests in prospect are two games with Manistique and one with the Ibernians in the copper country.

Circumstances over which we have no control frequently take the form of wives.

MCNEIL DEFEATED.

Former Negaunee Man Lost In Contest at Virginia, Minn.

The municipal election Tuesday at Virginia, Minn., was the most spirited ever held there. It was the first election held under the new charter. Mayor Andrew Hawkinson was re-elected by 129 majority over W. H. Eaton and City Treasurer Pratt and Municipal Judge Carey were also re-elected. E. D. McNeil, formerly of this city, who has been a member of the council for some years past, was defeated for office of alderman-at-large. Three aldermen-at-large were elected in addition to one alderman from each of the six wards. C. A. Johnson received the largest vote, 569, for alderman at large. Osborn polled 446 and H. O. Johnson, 470. Mr. McNeil's vote was 384. Thomas Laughlin, a former Ishpeming man, who is employed in railroad work there, was also a candidate for alderman-at-large. He received 332 votes. Michael Boylan, one of Virginia's best known business men, made a phenomenal run for alderman in the First ward. He was re-elected by the largest majority that any candidate ever received in that ward, defeating two candidates by a majority of 104 votes. Mr. Osborn, one of the aldermen-at-large, was president of the council last year.

LOCAL LAONICIS.

Mrs. M. E. Arland went to the copper country yesterday.

Emil Zimmerman has returned from a visit in Milwaukee.

Charles Vincent and wife visited friends at Humboldt early in the week.

Mrs. Phil Levine visited her sister-in-law, Mrs. Harry Davidson, at Champion yesterday.

Mrs. John Chubb an old resident of the Pioneer location, was reported critically ill yesterday.

D. D. Smith and Robert Jackson, Jr., are attending the automobile show in Chicago this week.

C. G. Griffey left Wednesday for his home at Rochester, Mich., after spending a few days here.

J. M. Wilson, manager of the Adelphi rink, has been ill and confined to his home the past few days.

Dave Foley, chief of the Oliver Iron Mining company's police department in the Lake Superior district, is in the city.

Albert Beaudette is here from the Mesaba range, having been called home on account of the serious illness of his mother.

Mrs. Jerry Reddy, an old and well-known resident of Negaunee, is critically ill. The family resides at the Jackson location.

The Cable Piano company has discontinued its special sale, conducted the past month in the Pearce block, on West Iron street.

E. G. Jackson opened his confectionery store in the Muck building last evening. He intends to carry a large and well assorted stock.

Services will be held next Sunday morning and evening at the Swedish Lutheran church. Rev. N. J. Alexis of Skaneatele will preach at both services.

The Chicago & Northwestern passenger train was about six hours late yesterday. The South Shore's copper country train did not wait to connect with it.

Mrs. Herman Wagner and her daughter went to Calumet yesterday on a short visit to her father, T. W. Smith, superintendent of the Mineral Range railway.

Peter Barasa, the plumber, will leave Sunday night for Augustana hospital, Chicago, where he will submit to an operation for appendicitis, from which he has been suffering for some weeks past.

Miss Edna J. King of Bloomington, Ind., has arrived in the city to take a position in the Negaunee High school. She will be an instructor in mathematics and will assist in the commercial department.

The Negaunee and Ishpeming High school basketball teams will try conclusions this evening at the gymnasium of the High school building here. The game will start at 8 o'clock and the admission will be twenty-five cents for adults and fifteen for children.

Napoleon Vizinea yesterday moved from the Montreal House to the Garfield house on Silver street, which he purchased a few weeks ago from Mrs. Mary Gaffney. Every room in the Garfield has been redecorated. Mr. Vizinea has purchased new furniture for the sleeping rooms.

Ed. Faull left Wednesday evening for Milwaukee, where he will be operated upon by Dr. Tienhaus for appendicitis. He was accompanied by Mrs. Faull and Dr. N. J. Robbins. Mr. Faull has been ailing for about a month. He had his first attack of the disease five years ago.

If troubled with indigestion, constipation, no appetite or feel bilious, give Chamberlain's Stomach and Liver Tablets a trial and you will be pleased with the result. These tablets invigorate the stomach and liver and strengthen the digestion. Sold by The People's Drug Store.

LOST—Between Rasmussen's store and Park street, a pocketbook, containing a small sum of money. Finder please return to Rasmussen's store and receive reward. (2-11-25)

ISHPEMING RAILWAY EXTENSION TO NORTH LAKE MINE

CHIEF ENGINEER YOUNG ASKS COUNCIL FOR PRIVILEGE OF MAKING CERTAIN CHANGES ON WEST DIVISION STREET.

R. C. Young, chief engineer of the Lake Superior & Ishpeming Railway company, submitted a petition to the council Wednesday evening, asking that the company be granted permission to erect a trestle, and to make a fill, extending over and north of West Division street, for the proposed railway line to the Cleveland-Cliffs Iron company's North Lake properties. The changes necessary in the street line to permit of the improvements have been under consideration by the board of public works and street committee for some three weeks past, but no recommendation as to the granting of the railway company's request was made. Mr. Young's petition, outlining the proposed improvement, which was as follows, was referred to the committee on streets and alleys, the board of public works and city attorney. "To the Honorable Mayor and Common Council of the City of Ishpeming, Gentlemen:—The Lake Superior & Ishpeming Railway company are about to extend their railroad to the Cleveland-Cliffs Iron company in the so-called North Lake district, and desire to make a connection with its line as now located at a point in the southwest quarter of the northwest quarter of section 10, town 47 north, range 27 west, and at about the northerly end of Superior street in the city of Ishpeming, and thence to extend in a northwesterly direction across said southwest quarter of northwest quarter as indicated by the red line upon the blue print plat filed with you with this petition. "In connection with this work we had in view the building of an embankment across the extension of West Division street as now in use, and the opening of a new street adjoining and parallel to the main line of the Duluth, South Shore & Atlantic railway, as indicated on the plat above referred to. The work includes the erection of an iron bridge resting upon concrete abutments, one abutment being on the south side of the main line of the Chicago & Northwestern railway and the other abutment to be located on the northerly side of the proposed new street. "The premises crossed by the said extension of West Division street and to be thus cut off by the proposed work, and also the land to be included in the proposed new street, are owned by the Oliver Iron Mining company. We have taken this matter up with the Oliver Iron Mining company and they advise us that they have no objection to the location of the new street as proposed. We would state further that we will, at our own expense, properly re-inforce the brick sewer now located upon West Division street, insofar as it will be affected by the additional weight placed upon it by the proposed embankment crossing it, and also to make the proposed new street in a condition for use similar to the old street thus to be vacated. "We therefore respectfully petition your honorable body to take such steps as are necessary to discontinue the said extension of West Division street, and to provide for the opening of the new street and give your petitioner the right to cross said proposed new street with its railroad."

ANNUAL SKI TOURNAMENT.

What a Menominee Paper Says of Ishpeming's Coming Big Event.

The announcement of the annual Ski Tournament at Ishpeming on Washington's birthday has aroused interest in the sport in every quarter of the upper peninsula, says the Menominee Herald-Leader. Never in the history of this country has a sport of foreign origin been introduced that has taken such hold on the American people as the national sport of Norway—the ski sport—and well it might as there is no winter's sport so grand, so healthful and so enjoyable as that of skiing. A few years ago skis were practically unknown on this side of the Atlantic. It is true, that some twenty-five years

ago several Norwegian emigrants, among whom were the old ski masters of Norway, Mikkel and Torjus Hemmestvedt of Telemarken, started the northwest by making long jumps on skis at Red Wing, Minn., and other points, resulting in the organizing of a few scattered ski clubs, but the enthusiasm soon died out after the departure of the Hemmestvedt brothers from the field, and the sport was forgotten for nearly fifteen years, when some younger blood took hold and effected an organization in Ishpeming. The first tournament was held in 1901, ski jumpers from Red Wing being present and giving the exhibition which started the movement that has resulted in more than fifty ski clubs now being in existence in this country while every village and hamlet where snow falls, has its quota of skiers; and they represent all nationalities. Barney Riley, a seventeen-year-old Irish boy of Coleraine, Minn., won the highest honor in the junior class at the fifth national championship tournament last winter at Eau Claire. Several French boys and a Hebrew at Chippewa Falls took leading parts in tournaments last season, to say nothing about the Americans. At Coleraine, Minn., where the sixth national tournament will be held Feb. 19 and 20, the ski club is composed of Americans, almost exclusively, John C. Greenway, lieutenant under Colonel Roosevelt, of Rough Rider fame during the Spanish-American war, and for several years superintendent and general manager of the steel corporation's mining interests in the Canisteo district, being chairman of the committee of arrangements for the big national affair, which is no small undertaking.

### GARBAGE PROBLEM UNDER DISCUSSION

DOES MARQUETTE NEED AN ORDINANCE TO INSURE PUBLIC CLEANLINESS AND HEALTH?

### SOME BACKYARDS ARE FILTHY

What Has Been Done in Other Cities to Keep All Premises Free from Disease-Breeding Refuse.

"Within a few weeks will be at hand and with the break-up in hundreds of backyards in this city there will be uncovered garbage, ashes and other filth, which has been allowed to accumulate during the winter," said one of our citizens yesterday. "While the majority of the property owners will have sufficient pride in keeping their premises neat and clean to clean up any refuse that may have accumulated during the winter before it thaws out enough to become offensive, there are some who will let it lie until it becomes a putrid, decaying mass of animal and vegetable filth that will be an eyesore to the city and a menace to public health."

"One of the things that Marquette needs, it seems to me, is a garbage ordinance, which will insure that the city will have a thorough cleaning as early in the spring as the weather permits, and that the garbage will be taken care of as often as need be throughout the summer. As it is now, the only agents that cause the residents of the city to keep their back yards as clean as they do is personal and civic pride, and the public nuisance ordinance, which can be invoked in extreme cases of negligence. "The great difficulty with the present system is that the man who does care in a manner has no protection against his neighbor who has no such sense of self-respect. The only way in which matters of this kind can be effectively handled is to lay down simple, plain and specific rules which apply to all alike, and then to enforce them without fear or favor. An ordinance, the substance of which is as follows, is now under consideration by the city council of Hancock, and contains much that is commendable:

#### Proposed at Hancock.

"In general the proposed Hancock ordinance requires each household or occupant of premises to be provided with a suitable metallic tank or can, in which shall be placed all garbage refuse, animal and vegetable remains, dead animals, such as cats, dogs, etc., and the remains of food, and only such material and not paper or ashes shall be deposited in them. They must be kept in a place easy of access to those charged with emptying them and must be cleaned from time to time. When such cans have been provided it shall be illegal to place animal or vegetable refuse in the streets or alleys, and only duly appointed and licensed scavengers shall be permitted to dispose of the garbage accumulated in them. The latter shall receive no remuneration from the city but shall collect from the individual householders, hotels, restaurants, etc., paying a larger amount monthly than ordinary householders. Failure to comply with the provisions of the ordinance involves liability to prosecution, with a penalty of a fine or imprisonment in the county jail for not more than ten days. "An ordinance very similar to this was under consideration by the Marquette council five or six years ago, during the term of Dr. R. C. Markham as health officer, but it was finally pigeon-holed and consigned to oblivion. Since that time, the garbage question has received little attention, though local physicians generally declare that there are conditions in many parts of the city during the spring break-up, and the whole summer for that matter, that are a menace to health.

"Not only is garbage and decaying matter offensive to the nostrils and a harbinger of disease, besides being an eyesore to anyone who has conception of things artistic or beautiful, but it is in such places that the common house fly grows fat and waxes and multiplies by the hundreds of thousands. Last summer a great deal was said in all the papers about the danger of flies as carriers of all sorts of diseases, which is a reason for getting rid of them more important than the infamy heaped for the species that is characteristic of the thrifty housewife. One of the very best ways of getting rid of flies is to do away with their feeding and breeding places, among which garbage piles are perhaps the most common.

#### Collected at Public Expense.

"Many cities have worked out plans for disposing of the garbage that are very satisfactory and are far ahead of Marquette in this respect. At Eveleth, Minn., for instance, the garbage is gathered and hauled away at public expense. Every house is furnished with a closed can in which all refuse must be deposited. These cans are emptied twice a week during the summer, by the man or firm to whom the garbage collecting contract is let every year. In the winter time, people are allowed to pile their ashes and garbage in a place convenient to be hauled away in the spring and in as small a space as possible. As soon as the frost gets out of these piles in the spring the city puts a large force of men to work hauling away the accumulation of the winter, and the whole city is spick and span within a week after the cleaning is begun. "Just how much the operation of this system adds to the tax roll of the city I am unable to say, but it is entirely satisfactory to the taxpayers, who realize that they are getting rid of their garbage cheaper than they could hire it done themselves, and at the same time are assured that their next door neighbor will also be compelled to keep his premises clean, neat and sanitary, whether or not he would do so on his own initiative."

VOICE CULTURE—Mrs. Louis Vierling, 114 West Hewitt. Primary and advanced pupils. (1-11-11)

When doctors and trained nurses insist that infants and patients under their charge must have bottled milk from the Marquette City Dairy there is a reason for it. (1-14-10)

### SALOONS HIT AGAIN.

Will Have to Close Saturday Because of Lincoln's Birthday.

Multiplicity of holidays bids fair to be the ruin of many saloon keepers in Michigan. The law provides that on Sundays, holidays and election days the saloons must be closed, regardless of whether or not any particular holiday is observed in the community. The last legislature made the situation worse by creating two more holidays, Columbus Day, Oct. 12 and Lincoln's birthday, Feb. 12, neither of which had before been legally recognized as holidays in this state. As it is now, the banks and saloons will be closed Saturday, though other business, in Marquette at least, will be transacted as usual. Liquor dealers feel that the law forcing them to keep closed on every holiday is unjust, when every other kind of business is being carried on as usual. Tomorrow being Saturday, the necessity of keeping their places of business closed, will be a particular hardship, as Saturday is usually one of the best days in the week from a financial standpoint. However, whether it be for good or ill, the law of Michigan says that the saloons of this city shall be closed from 11 o'clock Friday night until 7 o'clock Monday morning, and must be obeyed.

### SENATOR BURROWS HOME.

Collectorship at Marquette Not to Be Disposed Before Feb. 22.

Senator Julius C. Burrows left Washington Wednesday for Michigan, where he will spend the next two weeks in looking over his political fences in preparation for the primary election next September. It is announced that he does not contemplate a visit to the upper peninsula during this time. He will return to Washington shortly after Washington's birthday, Feb. 22.

Before leaving Washington, Senator Burrows is reported to have had a conference with President Taft relative to certain federal appointments that are to be made in Michigan in the near future. It is said that Senator Burrows' collectorship was one of the problems brought up at the conference, as the result of which it was agreed that no appointment for this position is to be made until the senator's return to Washington. This means that while the senator is sitting up in the state, that he will devote some study to the fitness and popularity of the various candidates for the Marquette position. Senator Smith is said to be backing G. J. Byrnes of Ishpeming for the place as strongly as ever, while his senior colleague has not indicated his preference for any candidate.

Spear and Schmitheis won two out of three.

### BUTCHER'S SIDE OF MEAT CONTROVERSY

FIGURES AND EXPLANATIONS THAT GO TO SHOW THAT THE RETAIL DEALER IS NOT MAKING EXORBITANT PROFITS.

The following article, written by a Chicago retail meat dealer, was handed to us by a local butcher yesterday, with the statement, that, in his opinion, it forcibly set forth the position of the retailer in the present controversy over the high price of meats, and as such well deserved the careful perusal of the public.

In all this furor about the high prices of provisions the retail butcher seems to be getting his from all sides. Amid all the knocks he has shown meekness and resignation. But it is now about time he said something for himself, or the public will conclude that he has no defense. Some time ago Secretary Wilson sent out a number of young men who gathered statistics showing that the retail butchers of Chicago made an average of 45 per cent profit. A daily newspaper of Chicago prints the gasping example of supposed actual purchases that claimed to show a profit to the butcher of about 35 per cent. The butcher or grins when he sees these things. When he remembers the many weeks of the past two years in which he has not made expenses he may well grin. The butcher knows and can easily prove that if he makes 20 per cent profit he is a lucky man.

The inquirer goes into a meat market and buys a porterhouse steak at 28 cents a pound. "How much did you pay for that?" he asks. "Seventeen cents a pound," replies the butcher. "Eleven cents a pound profit," thinks the man. He also buys a pound of fancy loin of lamb chops at 30 cents a pound. "How much are you paying for lamb now?" he asks. "Fourteen cents a pound," thinks the man as he gasps for breath. He then gets a center cut slice of ham for 28 cents a pound. "How much are lamb wholesaler now?" he asks. "Sixteen cents," says the butcher, and the man feels dizzy as he thinks of such robbery. Before he goes he buys a prime rib roast for Sunday's dinner and a choice veal cutlet for breakfast. On further inquiry he finds the price of these things to be about double the cost price of the steer and calf they were cut from. When he figures up and pays his bill he almost chokes with indignation as he thinks of the enormous profits the butcher has made in these few purchases.

35 Per Cent Sold at Lds. But the butcher doesn't make a profit of 45 per cent, or 25, or often even 20. When he buys a good 600-pound steer for 10 or 10 1/2 cents a pound (he used to pay 7 to 7 1/2 cents) he does not get all prime roasts and choice steaks. He gets four good, heavy shanks that he sells at 4 to 5 cents a pound, two plates that sell at 8 cents, piles of coarse meat for soup or stew that sell at 10 cents, lots of suet that brings 6 cents and a good deal of rough fat that goes to the renderers at 3 1/2 cents. He has to trim much bone from steaks and roasts and stewing beef and get for 25 cents a pound. Thus he sells about 75 per cent of his steer at a loss of from 2 cents to 9 cents a pound. Another 25 per cent he sells at cost and out of the remaining 50 per cent he has to make his "enormous profits."

For the last two years or more he has been paying for good lamb, or young sheep, 12 1/2 cents to 15 cents a pound (he used to pay 6 to 7 cents). Sheep and lambs are more wasteful than beef. He doesn't get all legs and loins and fancy rib chops. He gets a great deal of neck and breast, of which he loses 50 per cent and often cannot sell them at any price. The profit on retailing lamb that cost 14 or 15 cents a pound would often fail to find it. Good calves have been exceedingly scarce for several years and the butcher has been glad to get them at 12 1/2 to 15 cents a pound. He used to pay 6 to 7 cents.

There is little waste on veal, but the calf is a bony critter and carries a good deal of coarse meat that sells at a loss of from 3 to 7 cents a pound, according to location. It is usually a slow seller and hard to keep in good condition. Pork loins and poultry are usually sold on a 3-cents-a-pound margin, but as the butcher has no loss on them he often uses them as a bait to draw trade and advertises them in his windows at cost or less.

All kinds of meat lose much in weight from evaporation and the butcher also loses many pounds weekly by the continual trimming that has to be done to keep his stuff faced up and presentable. The butcher's profits, like many other things, "are not always what they seem." They are more apparent than real. It is this peculiarity of the meat business that fools superficial investigators, like Wilson's men, and it also fools one-half the butchers themselves and puts them out of business.

### SCHOOL BOARD PROCEEDINGS.

Meeting of trustees of the public schools of the city of Marquette, Michigan, held at Superintendent Gehrand's office Jan. 12th, 1910, at eight o'clock p. m. Present—President Neldhart, Trustees James O'Reilly, H. J. Hornbogen and Edw. S. Bice. Absent—Trustee D. H. Ball. Meeting called to order by President Neldhart. Minutes of meeting Dec. 13th, 1909, were read and duly approved. A communication from the auditor general of the state of Michigan, which was accompanied by check in the sum of \$1,010.39, was read. The remittance names covers the whole portion of expense in connection with day school for the year.

Upon motion, which was duly seconded, Superintendent Gehrand was authorized to procure for the city library such books as are deemed advisable for the use of teachers and pupils in the different schools, and to have charge of their care and distribution. Upon motion, which was seconded, the superintendent was instructed to engage a stenographer for a period of thirty days, for the purpose of preparing a course of study.

No further business appearing, the meeting was duly adjourned.

EDWARD S. BICE, Secretary.

CITY HALL, MARQUETTE, MICH. 7-26-10

## GRAND PRIZE NIGHT

### Shakespeare's Most Delightful Comedy

### "A Midsummer Night's Dream"

Students of the great dramatists works will thoroughly enjoy the careful pictorial presentation of the many scenes, while the whole is so clearly portrayed that it will not fail to delight the spectator who is not familiar with the works of Shakespeare.

An all comedy program tomorrow
