

DAY OF DISORDER AT PHILADELPHIA

Following a Strike of the Street Railway Men, Who Quit Unexpectedly, Rioting Takes Place Throughout the City.

Notwithstanding That Stern Measures Are Adopted by the Police Department, Scores of Cars Are Wrecked When the Traction Company Attempts to Operate—Passengers and Crews Are Mobbed and Many Persons Suffer Injury.

Philadelphia, Feb. 20.—As the outcome of the strike of the street car men, which began last evening, rioting in every quarter of the city followed an attempt by the Philadelphia Rapid Transit company to operate its lines today.

Passengers and crews were driven from cars by infuriated bodies of strike sympathizers, and in a score of instances the abandoned cars were burned or otherwise destroyed. At nightfall every car was withdrawn from service.

Will Swear in 3,000 More Police. Stern measures were adopted by the police to quell the disorders. Five persons were arrested on the charge of inciting riot. Two women were shot by stray bullets, and many persons were removed to hospitals.

Five additional Americans, under General Zolotov, were placed in command of forty Nicaraguans, with whom they turned the enemy's flank in the movement which terminated in the enemy's retirement. These Americans were Don M. Turner, of El Paso; H. Herman, Mascoutah, Ill.; E. E. Thomas, South Africa; Lewis Ross, Milwaukee, and T. D. Moore, Dover, Fla.

During the morning, cars were run on every line with little difficulty, except in the mill quarter of Kensington, where cars were stoned by mobs. About noon riots were reported from scores of widely separated places. The disorders increased in the afternoon, and at dusk it was decided by the traction authorities to suspend operations for the day.

Strike Comes Unexpectedly. Coming when it was least expected, a strike was declared by the street railway employees' union yesterday afternoon. Since the threat of a strike a month ago, a committee from the union and President Kreuger of the company had been endeavoring to reach an agreement to take the place of the one made after the strike last summer and which expires the first of June.

The men asked an increase in wages and wanted to bind the company not to recognize any union except the Amalgamated union. It was charged that a rival organization, the United Car Men's association, had been endeavoring to defeat the Amalgamated association's efforts for better working conditions. The company stated that its men were free to belong to any union they preferred.

The break in negotiations came Friday night and yesterday 200 men were dismissed for the "good of the service." This aroused the men's indignation and they began turning in their cars yesterday afternoon. Subsequently a strike order was issued at the union headquarters.

Stray Bullet Hits Little Girl. The most seriously injured person is thirteen-year-old Helen, who was shot in the abdomen by a stray bullet from a policeman's revolver as she stepped from her home to the street while a mob was attacking five cars in Thirteenth street.

In the southern part of the city, a mob of boys drove the conductor and the motorman from a car and after four women passengers had left the car set it on fire. In this same quarter, Mary Devlin, sixteen years old, was shot in the leg when the police fired revolvers to check a mob. In the quiet residential quarter of West Philadelphia the mobs for a time baffled the police. Iron bars and stones were piled on the tracks, and several cars were wrecked. Mounted police were powerless to disperse the mobs, and five hose cars were used.

The leaders of the strike say that 8,200 of the 7,000 employees are on strike. The company says that 3,500 employees are loyal and that regular service will be resumed tomorrow. The importation of 175 strike breakers from New York led to an attack on the bars and main offices of the company at Eighth and Dauphin streets this afternoon. Windows were broken by stones, but the mob was finally dispersed after thirty-five arrests were made.

The transit officers report 297 cars wrecked today. A score of these were destroyed. Two thousand, six hundred and eight car windows were smashed. Men with union buttons were found in the mobs everywhere, and they are charged with being the ring-leaders in many of the disturbances.

Accident at Newcastle, Pa., Results in One Death and Many Injuries. Newcastle, Pa., Feb. 20.—One man was killed and the conductor was the only one of the twenty other persons aboard who was not severely injured in the wreck of a street car here today. The car was descending a hill when it struck the rails and dashed down a 150-foot embankment, overturning when it struck two cars of limestone on another railroad at the foot of the embankment. J. R. Barnhart was killed, and Ida Murphy probably fatally injured. Eighteen others suffered broken bones and bruises.

AMERICANS FIGHT WITH GEN. ESTRADA

Soldiers from This Country Are Enlisted in the Insurrectionary Army in Nicaragua, and They Give a Good Account of Themselves—On the Firing Line in Last Week's Battle.

Bluefields, Nicaragua, Feb. 20.—Americans took an active part in the battle between the insurgents and the Madrid forces at St. Vicente last week, and William Wilkins, who joined the provisionals from Panama, was severely wounded. A steel bullet struck a cartridge clip swung across the shoulder, near the heart, and deflected, penetrating the arm and leg. C. T. Bushby was bruised when a stone from behind which he was firing was shattered by a cannon ball. Bushby was thrown twenty feet, but came back to the fight.

Captain Victor Gordon, in charge of the Americans, wired today that the battle began the 15th. They reached Chinom on the 18th, after ten hours of desperate attacks and counter attacks, the enemy under General Vasquez retired to a secondary position, whence this (Sunday) morning they opened a desultory artillery fire, which ceased at 10 o'clock. According to Captain Gordon, Vasquez was beaten, although his six hundred men outnumbered the provisionals forces two to one. General Menz was killed and the enemy was driven to force Vasquez towards the lake.

Early on the 18th the enemy's guns demolished Menz's left trenches, drawing out his force, including the Americans. Menz reformed and recaptured the place. When the enemy withdrew, Frank Reynolds, with five other Americans, hotly pursued them. At times the bullets, shells and shrapnel came so thick that it was difficult to see because of the dust kicked up. Once the Americans ran out of ammunition and were compelled to defend themselves in a hand-to-hand fight.

Five additional Americans, under General Zolotov, were placed in command of forty Nicaraguans, with whom they turned the enemy's flank in the movement which terminated in the enemy's retirement. These Americans were Don M. Turner, of El Paso; H. Herman, Mascoutah, Ill.; E. E. Thomas, South Africa; Lewis Ross, Milwaukee, and T. D. Moore, Dover, Fla.

EGYPTIAN PREMIER SHOT

Would-Be Assassin Seriously Wounds Him, but He Will Recover. Cairo, Feb. 20.—Bontrous Pasha Ghali, Egyptian premier, was shot and seriously wounded today by a student, who later was arrested. The student fired five shots, three bullets lodging in the premier's body. The other two inflicted superficial wounds. The bullets were extracted and probably the premier will recover.

The crime was entirely of political nature, the assassin being a nationalist. He desired to avenge various acts of the government which the nationalist attribute personally to Bontrous Pasha.

FAIRBANKS GIVES SERMON

Speaks from Pulpit of the American Church at Berlin. Berlin, Feb. 20.—Charles W. Fairbanks, former vice president of the United States, today occupied the pulpit of the American church. Mrs. Hill, wife of the American ambassador, gave a reception in honor of Mrs. Fairbanks in the afternoon.

W. J. Bryan in Santiago, Chile. Santiago, Chile, Feb. 20.—Wm. Jennings Bryan, wife and daughter arrived today, to remain four days.

PRESIDENT A SPECTATOR

Bull Fight Is Held in Mexico City's Million-Dollar Steel Ring. Mexico City, Feb. 20.—For the first time in a number of months, President Porfirio Diaz attended a bull fight at the million-dollar steel bull ring here today. The prizes of the fight this afternoon will go into the 1910 celebration fund. The chief executive, who is in his eightieth year, is enjoying excellent health.

DIES FROM TUBERCULOSIS

Daughter of U. S. Minister Swenson Passes Away on the Ocean. Plymouth, Eng., Feb. 20.—Miss Mabel Swenson, daughter of L. S. Swenson, American minister of Switzerland, died of tuberculosis aboard the steamer American on the voyage from New York. Minister Swenson and his entire family were enroute to Bern.

FRENCH COAST STORMBOUND

Gale of Unusual Severity Is Raging in the English Channel. Paris, Feb. 20.—A howling gale in the English channel, and which is sweeping the French coast as far as Finisterre, has driven all shipping to seek shelter. Wire communication between England and France has been cut off. All steamers are delayed.

RAISULI IS NOT DEAD

Tamgier, Feb. 20.—Raisuli, the famous bandit and tribal leader, is himself responsible for the report, spread broadcast a week ago, that he died as the result of a poisoning plot. Local authorities say that Raisuli had some political motive, not yet disclosed, in wishing it believed that he was dead.

SWIMMING RECORD BROKEN

Sydney, N. S. W., Feb. 20.—Alec Wickham, of Sydney, today swam forty yards in twenty-three and three-fifths seconds. Wickham held the former world's record of twenty-four and three-fifths seconds.

COUNTESS GRANARD IS A MOTHER

London, Feb. 20.—A daughter has been born to the Earl and Countess Granard. The mother before her marriage was Miss Beatrice Mills of New York, daughter of Mr. and Mrs. Ogden Mills.

STILL MORE TROOPS ORDERED TO CAIRO

Guardsmen in Illinois City Will Be Increased to Five Companies on the Arrival of Reinforcements This Morning.

Neither the Adjutant General nor the Sheriff Will Say That Any Particular Trouble Is Expected, Nevertheless the Feeling Against the Negroes Is Running High and Renewed Outbreaks Are Not Improbable—White Women Arm Themselves.

Cairo, Ill., Feb. 20.—National Guard Company H, of Shelbyville, was tonight ordered to report here by Adjutant General Dickson. This will make five companies on duty. Neither the adjutant general nor Sheriff Nellis would say that any particular trouble is expected. However, if the verdict of the coroner's jury names a negro deputy sheriff as responsible for the death of Alexander Halliday, it is believed that an effort will be made to lynch the deputy.

Bitter Feeling Against the Blacks. Police officers are searching the city tonight for a negro suspected of purchasing a revolver, and another clash between authorities and citizens is feared if the man is caught. The feeling is still running high against these negroes, and intensity was added to the sentiment by afternoon when negroes, it is charged, made insulting gestures at persons in the funeral procession of Alexander Halliday, killed Thursday night in the attack on the jail.

Nearly six hundred persons attended Halliday's funeral and accompanied the body to Mounds, Ill., in a special train. As the train was passing through the negro quarter of Cairo, negroes collected in the streets and members of the funeral party charge that an insulting demonstration was made. An effort was made to organize a party on the train during the return trip to wreak revenge on the negroes, but no disturbance resulted. An unidentified man created a disturbance at the cemetery by demanding permission to make a speech over the grave, but he was hurried away. He said he was a friend of Halliday and that he had been run out of town by the police.

The negro whom the police are after tonight is believed to have associated with John Pratt, the negro who escaped lynching when Sheriff Nellis defended the jail at the cost of one life and the injury of several persons in the attacking party.

The military continued to patrol the streets tonight. Several small crowds were dispersed during the day, but no demonstration took place.

Women Are Carrying Revolvers. White women are carrying revolvers and are urged by their husbands and relatives to shoot to kill if attacked. Mrs. Rose Maloney, whose pocketbook was snatched by John Pratt, the negro the mob sought Thursday night, had a second encounter with a negro yesterday. She had lost a diamond brooch. When she heard that a negro had found it, she went to his home and recovered the jewel, but the man insisted that he did not intend to steal it. Drawing a revolver from her muff, she placed it against his stomach and said: "You knew it was mine when you found it, didn't you? Say you did quick or I will shoot." The negro then said he did recognize it.

The special grand jury which was instructed to investigate the riot probably will be dissolved tomorrow. There are four negroes on the jury. Sheriff's Home Is Guarded. The home of Sheriff Nellis is guarded by militia, and he has a military escort when he leaves the court house. Popular feeling is against him for using negro deputies and allowing Halliday's body to lie in front of the jail for three hours. Adjutant General Dickson declared today that Sheriff Nellis was not ordered by the governor to permit Halliday's body to lie on the ground until the militia arrived.

Mrs. Nellis, wife of the sheriff, collapsed this afternoon under the strain. She is one of the women carrying revolvers. The preachers for the most part today united in urging the citizens to support the law.

Colored Deputies Marked Men. The coroner's inquest yesterday revealed itself to more of a grand jury trial than the usual formal proceedings. The jury, composed of business men, showed questions on the negro witnesses with such rapidity that the negroes became confused and alarmed. The jurymen tried to learn which one of them fired the steel-jacketed bullet that killed Halliday. They got admissions that the negro deputies fired indiscriminately into the crowd with shotguns and revolvers, but none would admit having used the Swiss rifle, with which it is supposed Halliday was killed.

The investigation adjourned until Monday, after sixteen witnesses were examined. The four negroes who participated in the firing on the mob are said to be marked men since their names became public. The killing of a white man and the wounding of several others by negroes have brought protests from even the conservative element.

ICE FORMS IN GULF OF MEXICO

Galveston, Tex., Feb. 20.—For the first time in many years ice has formed in the Gulf of Mexico. A drop in the temperature to four degrees above zero is responsible.

THE WEATHER

Washington, Feb. 20.—The following is the weather bureau's forecast for Upper Michigan: Clearing and colder, with cold wave, Monday; Tuesday, fair.

ROWETT DEFENDS TITLE

Defeats Joe Ziehr of Calumet in Wrestling Match at Ironwood. Ironwood, Mich., Feb. 20.—John Rowett of Bessemer last night successfully defended his title to the Cornish wrestling championship by winning two straight falls from Joe Ziehr of Calumet. Ziehr was injured in the match. It is thought that two of his ribs are fractured.

SKI JUMPING AT COLERAINE

Haugen Wins Professional and Barney Rieley the Amateur Honors. Coleraine, Minn., Feb. 20.—Anders Haugen of Chippewa Falls, Wis., won the first professional honors at the National Ski tournament here today with a score of 271 points. Oscar Gunderson of Chippewa Falls was second; Ole Feiring of Duluth, third; O. Magnusson of Coleraine, fourth; and Tolle Hamnesvold of Eau Claire, fifth. Barney Rieley of Coleraine, formerly of Ishpeming, Mich., captured first honors in the amateur events. His longest standing jump was 119 feet. The cross-country run for professionals was won by T. N. Glesne of Superior.

SHOOTS AND KILLS HIS CHILDREN

Alabama Man Takes the Lives of Four Besides His Own. Birmingham, Ala., Feb. 20.—George Stephens, son of a prominent mine operator, shot and killed three of his little children yesterday, and fatally wounded their colored nurse and then turned the pistol on himself, ending his own life.

Stephens entered the room where the old negro nurse sat with the youngest child, Jamie, eighteen months old, on her lap. He shot the child to death. The bullet went through the baby's head and struck the nurse in the head, inflicting a dangerous wound. He next killed his two little daughters, Mary and Elizabeth, aged seven and five, respectively, and then shot himself. A one-year-old son escaped from the house.

A note was left by the father saying: "I'm to blame for it all." About fifteen months ago Stephens's wife died. He was thirty-eight years old and an engineer.

KING'S SPEECH IMPORTANT

Parliament's Life Held to Depend on the Policies Set Forth. London, Feb. 20.—The speech with which King Edward will open parliament tomorrow received his majesty's final approval and signature at a meeting of the privy council in Buckingham palace yesterday. The new ministers who were sworn in and received the seals of office. Seldom has an address from the throne and its interpretation by the prime minister been awaited with such intense interest. On the tenor of these words the life of the government.

Prominent Asquith has filled the vacancies in the ministry, which is indication that he expects the government to pass safely through the crisis. The new ministers are: Wm. Wedgwood Benn and Ernest Joseph Soames, junior secretary of state for India, Montague, under secretary for India, and Cecil William Norton, assistant postmaster general. Mr. Norton succeeds Sir Henry Norman, who failed of election. This completes the ministry.

GERMAN CHANCELLOR DEFIED

Stormy Session of Reichstag Grows Out of Criticism of Universal Suffrage. Berlin, Feb. 20.—A stormy scene characterized yesterday's session of the reichstag. It grew out of an interpellation by the Socialists, asking Chancellor Bethmann-Von Hollweg what had induced him in his Prussian suffrage speech in the diet to attack universal suffrage as guaranteed by the imperial constitution.

Dr. Frank, Socialist, referring to the chancellor's remark that a democratic franchise exercised an evil and degenerating influence upon political morals, asked whether the reichstag was willing to hear such a criticism of universal suffrage from the chancellor. Continuing, the speaker asked what would happen to a chancellor who asserted that in many speeches the emperor had exercised an "evil and degenerating influence."

Dr. Frank's comment caused an uproar on the right of the chamber, whence came many calls demanding that the speaker be brought to order. Vice President Spain finally called Frank to order, which action aroused a counter demonstration of protest on the part of the Socialists.

Chancellor Bethmann-Von Hollweg replied to the interpellation, assuring the house that the universal suffrage of the empire was secure from any attacks by the imperial government or the bundsrath.

PREDICTS A REVOLUTION

Ernest Bassermann, leader of the National Liberal party, said he was convinced that any attempt to overthrow universal suffrage would usher in the widest possible political struggle and would mean the beginning of grave troubles—probably of revolutionary movements.

DR. COOK WANTS ONLY PEACE

He Refuses to Make a Statement Regarding His Polar Claim. Santiago, Chile, Feb. 20.—Dr. Cook, on being afforded the opportunity today to make a public statement regarding his claim of having discovered the North pole, and which claim was discredited by the University of Copenhagen, flatly refused to grant an interview. His sole expression was that he wished to be left in peace.

Madrid, Feb. 20.—Former President Zelaya, of Nicaragua, arrived here today.

MUCH LEGISLATION TO BE LAID ASIDE

Mr. Taft's Announcement That He Has Cut Down the Administration Program Is Hailed With Joy at the Capitol.

So Formidable Was the List of Measures That the Republican Leaders Hardly Knew Where to Begin—Only Four Bills Not Yet Taken Up Are Now Demanded by the President, and These Will Receive Attention at Once.

Washington, Feb. 20.—The announcement from the White House that President Taft had by his own motion cut down to four, the number of administration measures he would demand at the present session of congress is received by the Republican leaders with feelings of relief. The administration program was so formidable that the members who are warmly supporting the Taft policies hardly knew where to begin.

The schedule, including only the bills to amend the interstate commerce law, provide for the regulation of the issuance of injunctions, start Arizona and New Mexico on the road to statehood and validate the withdrawal of public lands for conservation purposes, is regarded as possible of attainment. Most of these measures, it is believed, can be put through the senate while the house is wrestling with appropriation bills.

When it was reported at the Capitol yesterday that the president would be satisfied with the enactment of the four measures named, together with the postal savings bank bill, steps were taken to bring all of these matters out of the committees at the earliest possible date. The postal savings bank bill is already before the senate and agreement between the supporters of the various conflicting amendments is assured. It is regarded as certain that the bill can be passed during the coming week.

The hearings have been closed by the senate committee on interstate commerce on the bill to create a commerce court and strengthen the existing laws for the regulation of common carriers. The committee will meet tomorrow and an effort will be made to report the bill at once.

The conservation bill that the president is determined shall be passed, that which gives the president unrestricted power to withdraw public lands from settlement and place them in reserves that will continue in force until restored by him or by congress. The ship subsidy proposition is unpopular in so many sections that some members are relieved at the prospect that the Humphrey bill, reported from the house committee on merchant marine and fisheries, may not be taken up at this session. The river and harbor bill probably will be one of the last measures to be adjusted.

IS HURRYING TO MENOMINEE

Senator Burrows Will Keep His Engagement There Tomorrow. Grand Rapids, Mich., Feb. 20.—Senator Burrows will be in Menominee for a night Tuesday, Feb. 22, as at first planned, though he left this city hurriedly for Washington Friday when he learned of Senator Smith's illness, cutting out his engagement before the Michigan Republican Editorial association at Lansing in order to get back to Washington. However, the physicians say that Senator Smith is out of danger and having been able to postpone action on the rivers and harbors bill and the postal savings bank bill, in both of which Senator Burrows is greatly interested, he has decided not to disappoint the Menominee people, and is hastening to reach Menominee at 10:45 Monday night and will be there all of Tuesday.

SICK SENATORS IMPROVING

Washington, Feb. 20.—Favorable indications showed themselves today in the condition of Senator Tillman of South Carolina. The initial symptoms, which caused partial paralysis and loss of speech, have abated and improvement has commenced, according to a bulletin issued by the physicians. Until today the senator had spoken but two words since he was stricken last Thursday. The doctors consider the return of speech favorable and they entertain no doubt as to the patient's recovery.

Senator Wm. Alden Smith, of Michigan, continued to improve today and his friends are confident that he will recover from the operation for appendicitis.

TAFT KEEPS PROMISE

Washington, Feb. 20.—For the first time since Mr. Taft was elected president, he and Mrs. Taft today attended a meeting at the Friends' church. Some time ago he promised to join the members of the Friends' society at weekly worship, and when it was learned that Henry W. Wilbur, of Swarthmore, Pa., would speak today, the president went from the White House with his military aide.

ILLINOIS LAW IGNORED

Springfield, Ill., Feb. 20.—Although the Illinois law requires a report from all corporations to the secretary of state during February, ten thousand corporations in the state have failed to make a report up to date. If the reports are not made before March 1, the corporations are subject to a penalty of \$20.

AGENT OF POOL GIVES ASTOUNDING FIGURES

How for the Sum of \$250,000 the Morgan and Guggenheim Syndicate Hoped to Clean Up Two Hundred Millions in Alaska Is Told by a Witness at Washington.

Washington, Feb. 20.—Two hundred million dollars of profit in gold cash is only one feature of the colossal game of exploitation of Alaska played by the Guggenheim-Morgan syndicate, according to testimony yesterday before the committee on territories of the senate. General Manager Birch of this syndicate revealed the figures of values at stake in this famous controversy. Here are some of the cash values which Mr. Birch gave:

Cunningham coal fields, 5,000 acres. Mineable coal in their neighborhood, 500,000,000 tons. Value of the tonnage, \$900,000,000. Cost of getting it out of the ground, \$700,000,000. Net profit to the exploiters, \$200,000,000.

For the sum of \$250,000 Messrs. Morgan and Guggenheim were apparently putting themselves in line with the assistance of Cunningham for an ultimate clean up of \$200,000,000.

This the Alleged Scheme. The plan pursued by the Morgan-Guggenheim syndicate was, according to the testimony, simply to get A, B, C, D and all the other little members of the alphabet to buy and patent parcels of the immense whole and when they had done so to turn it all over to the Y, M, C, A. Out of a maze of testimony submitted to the senate committee on territories by Mr. Birch these facts stood out:

The syndicate had purchased a competing railroad owned by Post Bros. of London, and that through its own line from Cordova Bay to the coal and copper fields it absolutely dominated the situation and could control those two great products as it wished.

In addition to holding an option on the Cunningham group of coal lands the syndicate had acquired in what the syndicate had obtained a half interest for \$250,000, lands containing coal that would yield a profit of \$25,000,000, that the entire Bereng river coal field contained 500,000,000 tons of coal worth gross \$800,000,000, which would net its exploiters, after paying all expenses of mining and carrying to the market, \$200,000,000.

That the syndicate had paid \$3,000,000 on the copper properties it now had, while only a very slight development of the fields had brought to view copper ore estimated to be worth \$0,000,000.

That, notwithstanding its vital interest in this enormous coal product estimated to be contained in the Cunningham group, the syndicate, according to Birch, had taken no steps toward securing a patent from the government and denial was made of the charge that the syndicate maintained a lobby in Washington to further the interests.

Says Law Was Complicated With. The syndicate's copper mining company it was brought out obtained copper lands through private individuals locating the claims, making their entries and then turning their interest over to the company as soon as the patents were issued.

"Your entrymen then," asked Senator Frazier, "were mere diggers." Mr. Birch entered a vigorous denial. He said there was no understanding with them and that the law had been fully complied with.

Mr. Birch contended that he was one of the locators on the tract now belonging to the syndicate, but when asked how much land he had located Mr. Birch could not say. He contended that he acted as the agent of the company and after perfecting title to their claims had turned them over to the company and through the company to the syndicate.

Mr. Birch asserted that coal and copper lands were of little value unless accompanied by railroad transportation facilities and digressing a little along this line, the committee brought out the fact that the syndicate had a monopoly of this transportation.

CONTROL OF TRANSPORTATION

When asked by Mr. Beveridge if this control of the transportation situation did not give the syndicate a tremendous advantage in the purchase of mines it did not already own, Mr. Birch replied that the government would prevent that. "How?" asked Senator Beveridge. "By governing and controlling rates," blandly responded the managing director of the syndicate.

The title to the Cunningham group is now being contested before the interior department. There are thirty-three claims in this group and the testimony yesterday developed the fact that if the government granted a patent to the coal land claims, the syndicate immediately would exercise its option and take possession of the coal land.

TAKE MANY PRISONERS

Police in Chicago Raid Prize Fight Held in an Attic. Chicago, Feb. 20.—Twenty spectators at a prize fight held in an attic when surprised by the police tonight pulled up the ropes around the ring and, contriving them into ladders, escaped to the street. Several men, including the principals in the fight, were injured by falling. The police surrounded the place and took forty-two prisoners. The fight was between Charles Plummer and Frank Kripps and had gone fifteen rounds when the police entered.

MINE FIRE UNDER CONTROL

Burning Area at Cherry Now Safely Walled in With Cement. Peoria, Ill., Feb. 20.—President Richard Newsum, of the state mine board, returned today from Cherry, Ills., where he supervised the removal of the St. Paul mine, in which nearly 300 miners were killed last November. Mr. Newsum says the mine fire is safely confined in a small space by three cement fire stoppings.

"TYPHOID MARY" AT LARGE AGAIN

With the Understanding That She Will Cook No More, the New York City Authorities Allow Her to Go Her Way.

On the Theory That She Is a Walking Reservoir for Disease Germs, Harmless to Herself but Dangerous to Others, the Woman Has Been in Custody the Past Three Years—Families for Whom She Worked Have Been Her Victims.

New York, Feb. 20.—"Typhoid Mary," whose real name is withheld by the health authorities, is a free woman again, after having been confined in the city's hospitals off and on for three years because the physicians said that she was a living reservoir for typhoid germs and a menace to the public health. She is a cook and is therefore particularly liable to transmit the disease. With the understanding that she will cook no more, Health Commissioner Lodwick announced today that the department had decided to release her.

The case is unique in medical records. After repeated cases of typhoid were discovered in families for whom the woman had cooked, the authorities made an investigation which resulted in her detention on the theory that she was a walking reservoir for typhoid germs, harmless to herself but easily communicated to others.

WEATHER BUREAU WARNS

Frigid Blasts Will Chill the Entire Country This Week. Washington, Feb. 20.—Heavy overcasts and furs will be in demand all over the country during the week, according to a forecast made tonight by the weather bureau. Unusually stormy and cold weather is in indication in all districts from the Rockies to the Atlantic coast.

The storm area tomorrow and Tuesday will cross the central valleys, Great Lakes and Atlantic seaboard, attended by heavy snow in the northern, rain or snow in the middle and rain in the southern part of the country. Clear and cold weather will follow the storm, overspreading the Mississippi valley and the upper lakes Monday.

A second storm, also to be followed by a cold wave, will appear in the extreme West about Tuesday, will cross the plains and central valley states Wednesday and Thursday and reach the Atlantic coast Friday.

URGE THAT MAINE BE RAISED

New Yorkers Condemn the Grotesque Spectacle in Havana Harbor. New York, Feb. 20.—The Maine memorial service of the United Spanish War Veterans today in Carnegie Hall turned into a demonstration to influence congress to raise the battleship Maine. The assemblage adopted resolutions condemning "the spectacle of the rusted hulk of the ship and the rotting bones of its victims, abandoned without sepulchre in alien waters," and urging that congress enact legislation for the immediate removal of the wreck to our own shores and the recovery of the remains of the unclaimed victims for interment in the national cemetery at Arlington. Representative Sulzberg of New York has been trying to get a bill to raise the Maine through the house for several years, was the chief speaker.

FIRE IN PITTSBURG TODAY

Theater Is Damaged and Hotel Guests Are Routed from Bed. Pittsburg, Monday, Feb. 21.—Two hundred guests at two downtown hotels—Newell's and the Antler—were routed from their beds early today by a fire sweeping from the basement to the roof of the ten-story building of the Family theater, situated between two hostleries in Fifth avenue. The blaze was spectacular, but the fire was confined to the theater, which was damaged to the extent of \$150,000, and no guests escaped injury in their panicky flight.

FAST TRAIN JUMPS THE TRACK

Passengers on the Pennsylvania Rudeley Shaken to Their Berths. Pittsburg, Feb. 20.—While the Pennsylvania twenty-four-hour train from St. Louis was seeking to regain thirty minutes' lost time by a fast run over the Panhandle division, five of its six cars jumped the track at Seo, Ohio, today. Twenty-nine passengers, enjoying a late Sunday morning sleep, were rudely shaken from their berths, but none were injured seriously. They were transferred to another train for New York.

MINERS' REQUEST REFUSED

Illinois Operators Taboo the Interstate Conference Proposition. Peoria, Ill., Feb. 20.—The Illinois Coal Operators' association, represented by six of its leaders, made a point-blank refusal to the proposition for an interstate conference on the demands of the miners, at a private meeting here today. They demanded a joint conference with only Illinois miners.

REICHSTAG'S PRESIDENT DIES

Berlin, Feb. 20.—Count Udo Von Stolberg-Wernigerode, president of the reichstag, died this evening, of pneumonia.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Glavis has finished his testimony. Now for Gifford Pinchot.

Mr. Osborn is making one thing tolerably clear, namely, that nobody but himself is running his campaign.

Frisco will have the big fight, that is if Jack Johnson manages to be out of jail on the date for which it is set.

Senator Davis' achievement in making the senate laugh is somewhat detracted from by the fact that the senate laughed at Davis.

The Merriam commission in Chicago furnishes one of the most notable examples of a city government housecleaning from within that has ever been offered in this country.

The Iron Ore remarks that George J. Meas is discovering so many mines that his friends will presently be running him for congress. How many mines does it take to qualify?

If we were Pat Kelley we would journey to the upper peninsula before July. The part of it that isn't nailed down by that time will probably not be worth bothering about.

The current issue of La Follette's Weekly takes another fall out of President Taft, but the president is accustomed to this sort of treatment from the Weekly by this time.

One of our candidates for postmaster might emulate Mr. Musselman and declare his broad sympathy with the "temperance" movement. But at the same time none of them will.

The receipts of a few weeks of the Jeffries-Gotch show were in excess of \$200,000, and by common report it was about the poorest show to which a gullible public has ever fallen.

How many votes will the successful candidate for governor have to have on primary day? Well, with four aggressive aspirants in the field 100,000 should come pretty near to filling the bill.

The principal trouble with L. R. Glavis as a witness before the congressional investigating committee has been the fact that he has tried to argue his case at the same time he has been testifying in regard to it.

Speaker Cannon has assurances from the home Republican newspapers that they are all with him but two, and only one of these is aggressively against him. Here's a cheering word for the Uncle in a time of stress.

Under the state law as interpreted by the supreme court it's strange that all, instead of only eight, of our upper peninsula counties are not voting on prohibition this year. It's no trick under the statute to get sufficient petitions.

Now, Senator Morrow, don't be offish. The senate chamber wouldn't know what to do without you and the Thirty-first district would hardly know what to do without you in your place, it has gotten so accustomed to electing you.

The Detroit newspaper end of Senator Burrows' campaign displays much bitterness against Representative Townsend. Must be that the papers are more apprehensive about the figure Townsend will put in the campaign than they will admit they are.

There is a lot of narrow bickering about the credit due Commandant Peary. His feat was a great one, and worthy of generous recognition. Even the onetime extreme partisans of Dr. Cook, of Santiago, South America, ought to be willing to admit as much ungrudgingly.

The bill to take the postoffice department out of politics and put it on a business basis has about as much chance in congress as the proverbial snowball in Satan's domain. Congress always fights to the last ditch against proposals to take anything out of politics, and the postoffice department is the richest political prize in the whole lot.

Both parties to the approaching prohibition campaign appear to favor sane and conservative methods, and an appeal to the reason of the voters rather than to their prejudices. If the campaign is conducted along these lines Marquette county will escape much of the bitterness that has been engendered by these fights in many other counties.

Emblagaard Dairy. Marquette, Mich. Holstein Milk for Health and Vitality. Send for our booklet, "The Story of Holstein Milk."

It is much to be doubted whether the state of New York will return Depew to the senate when it has an opportunity to supply Senator Root with a colleague of calibre and standing approximating his own.

One excellent precaution against the insidious typhoid germ is to boil the city water. It is a suspicious product. The physicians have been urging this precaution on the public for many weeks, but most families are not taking it.

Ishpeming's annual ski tournament tomorrow will attract the usual large field of contestants and a generous crowd to witness their feats. Ishpeming gave the ski its introduction to the sporting columns of American newspapers and since its original tournament has seen the expansion of the sport until some forty or fifty towns in the Northwest have active ski clubs and ski tournaments are popular midwinter sporting events in Michigan, Wisconsin and Minnesota.

If Mr. Pierce is figuring that his force of game wardens will be of any use to him politically, he had better forget it. The game warden has just one vote, says the Ishpeming Iron Ore. He isn't of any use politically, and if he is appointed with that object in view he will probably disappoint the state warden and be of little use in his position.

Senator Smith has undergone a successful operation for appendicitis at Washington. As it was proceeded with the surgeons found that much further delay in using the knife must have been serious for their patient, as the disintegration of the troublesome organ was pronounced and peritonitis would have shortly set in.

President Scott of the National Protective league is finding the membership badly disgruntled with the information that the payoff is now to be but approximately \$50 on each \$250 investment over a five year period, and somewhat apprehensive that the payoff in the N. P. L. may early become an extinct feature of its activities.

UNPLEASANT FOR MORROW. It appears from facsimiles of a letter written by Superintendent Morrow to a detective formerly in the employ of the Anti-Saloon league that Morrow was in some manner mixed up in a plan to colonize voters in Jackson county, which the prohibitionists carried by a narrow margin last spring.

THE TREATMENT ACCORDED THE CAIRO. The mob that was bent on lynching two alleged negro purse snatchers was richly merited, and will perhaps serve as a salutary lesson. The killing of Alexander Halliday, one of the rioters, has aroused much feeling, but Halliday's blood is on his own hands.

It is this sort of thing we hope to see our prohibition contests north of the straits kept entirely free of. In our opinion there are hundreds of votes on the fence between the "wets" and the "drys" that will certainly be cast against the side that shows an inclination to resort to unfair and dishonorable methods.

Calumet Baking Powder. The only high-class Baking Powder sold at a moderate price.

showing the rioting elements in Cairo that the neighborhood of the Cairo jail is an excellent one to keep away from, and public sentiment will assuredly uphold their vigorous course.

Senator Cummins' jibe at Senator Aldrich, when the latter announced himself a supporter of the administration railroad bill, was hardly called for.

LANSING—Governor Warner has issued a statement relative to the action of Executive Clerk Quigley in taking Judge West to task before the board of pardons and paroles a statement relative to the sentence of ex-State Treasurer Glazier which did not meet with Quigley's views.

ANN ARBOR—The Rhodes scholarship, a prize which provides the recipient with four years' course at Oxford university, England, and is only won by years of hard study and preparation, was awarded to Milton J. Hoffman, a Hope college student, by the scholarship committee in session in this city.

BATTLE CREEK—As a result of two cases of scarlet fever breaking out among the nurses of Nichols hospital, the institution may be placed under quarantine. The report given out is that two of the nurses contracted the disease but were not serious.

THE WOMAN AND THE DOG. A crowd gathered at Tenth and Barton streets to watch a handsome fox terrier that was running about, nose in air.

NO FOOTING. He had been courting the girl for a long time. It happened one night after church they were sitting on the sofa and she looked with ineffable tenderness into his blue eyes.

THE LAST RITES. Some few winters ago a gang of carriage washers were engaged washing carriages on one of our Northern railways, when one of them remarked to his mate, an old soldier who was famous as a long-towist.

NEARING THE END. Joe Lincoln, whose Cape Cod folks are well-known characters, recently attended a lecture. When asked how he liked it, he related this little story.

PILES CURED IN 6 TO 14 DAYS. PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

LOWER STATE NOTES.

LANSING—Fred Robinson, who conducts a pool room here, purchased a "diamond" of a stranger a few days ago, paying \$65 for it.

FLINT—The township of Burton was annexed to the city of Flint when the board of aldermen met and ordered that the votes of last Monday's election, in which three other townships were brought in by a large majority, be counted collectively.

KALAMAZOO—The Kalamazoo Interior Finish company plant has been sold to H. S. Dykhouse of Grand Rapids, for \$30,000. Mr. Dykhouse was the vice president of the former company.

FLINT—George Stonehouse, thirty-four years old, a motorman on a D. U. R. freight car, was killed at Goodrich by an electric shock. He has a family at Rochester, Stonehouse had been called for the moment to get orders by telephone and as he took down the receiver in the phone booth a charge of 15,000 volts passed through his body.

LANSING—Governor Warner has issued a statement relative to the action of Executive Clerk Quigley in taking Judge West to task before the board of pardons and paroles a statement relative to the sentence of ex-State Treasurer Glazier which did not meet with Quigley's views.

HANCOCK COUNCIL TONIGHT.

A regular meeting of the Hancock city council will be held this evening. The most important matter will be the consideration of a petition to pave the streets of the Quincy addition.

LOCATES IN HOUGHTON.

Harold Fridinog, who for the past two years has been employed in the First National bank at Rockland, has resigned his position and has gone to Houghton, where he has accepted a position as head bookkeeper for the Portage Lake Hardware company.

NEW WATER WHEEL INVENTED.

One to Run in Any Depth of Water Perfected by Toppensh, (Wash.) Men.

Spokane, Wash., Feb. 20.—A new water wheel, which will run in any depth of water, and which can be manufactured at about the same rate per horsepower as a gasoline engine, has been invented by W. B. Campbell, J. C. Hunter and W. N. Simons of Toppensh, Wash. Each wheel is made up of five folding paddles. These paddles open and close as the force of the current is applied and taken away, and as a result the wheel may be used either as an overshot, an undershot, or a turbine.

OHIO COPPER.

With the first two units of its mill in operation the Ohio Copper company is now producing copper at the rate of between 8,000,000 and 9,000,000 pounds a year.

THE DOCTOR'S QUESTION

Some Advice Against the Use of Harsh Purgatives and Physics.

A doctor's first question when consulted by a patient is: "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver. This condition poisons the system with waste matter and causes accumulation of gases which must be removed through the bowels before health can be restored.

Mining News

TAMARACK.

There is a rumor about that some of the large stockholders of Tamarack stock have been approached by prominent interests to name a price for their holdings of this issue, says the Boston Financial News.

NOTES OF COPPER NEWS.

The Williams shaft of the National Mining Exploration company is now down 550 feet and within another 100 feet of depth should be in the Black Hawk vein.

EAST BUTTE.

The output of the East Butte Copper company for January was 329,775 pounds of copper. While this amount is somewhat more than for December, it is considerably less than for either November or October, but the money value received was the largest in the history of the company.

OHIO COPPER.

With the first two units of its mill in operation the Ohio Copper company is now producing copper at the rate of between 8,000,000 and 9,000,000 pounds a year.

HOPE OF CURING CANCER.

Report of Experiments at the New York State Laboratory.

Albany, Feb. 20.—A strong hope of curing cancer or greatly ameliorating the condition of cancer patients by means of inoculation is held out in the report of Harry R. Gaylord, director of the cancer laboratory of the state department of health at Buffalo, submitted to the legislatures. This hope is based on extended experimentation during the past year in the inoculation of various animals, mainly rats, with the cancer virus.

OLD RUNE STONE NOT GENUINE.

Further Investigation of the Alleged Great Discovery in Minnesota. St. Paul, Feb. 20.—The question of the authenticity of the Kensington rune, which recently has aroused so much discussion among antiquarian scholars and historians, seems to have entered upon a new phase by the announcement that the Minnesota Historical society has, after a long investigation, given its verdict in favor of the genuineness of the stone, which is dated 1362. This official announcement is in the opinion of Professor Starr V. Cutting of Chicago University, and Dr. C. N. Gould, also of Chicago University, subscribe unreservedly to Professor Flom's views of the language of the stone.

THE DOCTOR'S QUESTION

Some Advice Against the Use of Harsh Purgatives and Physics.

A doctor's first question when consulted by a patient is: "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver. This condition poisons the system with waste matter and causes accumulation of gases which must be removed through the bowels before health can be restored.

Mrs. C. P. Fairbanks is visiting friends in Republic.  
Guy Fresse's barber shop will be closed tomorrow afternoon.  
P. B. Spear left last night on a business trip to Chicago.  
F. E. McKindles of South Range visited friends in the city yesterday.  
Marquette merchants have agreed to close their stores tomorrow, Washington's birthday.  
N. D. DeForest of Duluth, chief clerk of the United States railway mail service in this district, was in Marquette Saturday night.

The funeral of Mrs. W. J. Francis, who died here Thursday, was held from the home of her parents at Wilson, Menominee county, yesterday at noon.  
T. R. Catlin, Jr., has resigned his position at the Marquette prison, and shortly will remove his family to Minneapolis, where he has accepted a position.

The funeral of Ignatius Yessick, who died from typhoid fever Friday, will be held from St. Peter's cathedral at 3 o'clock this morning, with interment in Holy Cross cemetery.

High School Team Won—The second high school team defeated the K. O. K. A. five at Legion Hall Saturday afternoon in a well played basketball game. The score was 22 to 18. The high school line-up was as follows: Forwards, Reinhardt and Lindstrom; center, Malmstrom; guards, Bell, Brown and Widner.

Trains to Ski Tournament—Marquette people who desire to go to the ski tournament at Ishpeming Tuesday can travel by either the Lake Superior or Ishpeming or South Shore railroads. The L. S. & T. train leaves at 9:30 a. m., and returning leaves Ishpeming at 4:40 p. m., stopping opposite the hill. On the South Shore, a special train will leave at 1:10 p. m., and return after the event is over.

Death of Chocolate Pioneer—Carl Heidemann, one of the old residents of Chocomaury township, passed away at his home in Green Garden Saturday night, following a stroke of paralysis, at the age of seventy-four years. He was a wellknown and highly respected farmer in the Chocomaury valley. He leaves a wife, one son and one daughter to mourn his death. The funeral will be held from the church at Green Garden at 2 o'clock Tuesday afternoon.

Marquette People Safe—Much concern was felt locally Saturday forenoon, when it was learned that the Northwestern train that left here Friday night at 5:55 had been wrecked near Green Bay. At first it was reported that it was the north-bound train that had been wrecked, but this proved a false report. Among those on the ill-fated train was H. R. Harris, general manager of the Cleveland-Cliffs roads, but he escaped injury and resumed his journey to Chicago. Local people who witnessed the accident say that it was most miraculous that no one was killed, as the whole train, with the exception of the engine and mail car, left the rails.

Albert Fobert's Experience—A trip across the state shackled to a demented criminal was the experience of Keeper Albert Fobert, of the Marquette prison, Friday, says a Grand Rapids dispatch. Fobert was taking Frank Kiroth, under sentence for shooting a man at Escanaba, from the penitentiary to the asylum at Ionia. When but a short distance south of Mackinaw City, Kiroth, who was occupying the car seat with Fobert, suddenly made a vicious lunge at his keeper and the officer, snatching the keys with the assistance of the conductor of the train. Prooping foot and arm shackles, the man was securely fastened and the trip to Grand Rapids made. Kiroth is serving a sentence of from seven to fourteen years.

Board Not Appointed Yet—The special committee appointed at the baseball meeting last week to select a board of directors to manage the affairs of the Marquette team next season, has not yet made the selection, though they have been doing some active work. Quite a number of men of influence have been interviewed as to what they would be willing to do to support a team, and the response is understood to have been quite encouraging. Each of the members of the committee is making out a list of those whom he thinks ought to be members of the board and discussing the names with his friends among the fans. The sentiment seems to be almost unanimous in favor of strictly amateur baseball, and the decision of the Negaunee fans on this point will be awaited with interest. It is not likely that the board of directors will be appointed until the last of the week.

INSURE WITH PETER WHITE & CO.  
The F. Bending Co., distributors of that particularly good cigar, "Crema De Cuba," have received some new shapes in this well-liked brand. (2-9-10)

POLARIS MINERAL WATER delivered to any part of the city in sterilized one-gallon bottles. Telephone, Bell, No. 118-L. Polaris Water Co., Marquette.

SKI TOURNAMENT, ISHPERING FEBRUARY 22ND.  
The Marquette & Southeastern Railway will have in effect special round-trip excursion rates for above event as follows: From all Munising Ry. points 81.25; M. & S. Ry. points, Selma to Mangum, inclusive, \$1; Harvey, 75 cents; Marquette, 50 cents.  
Train leaves Marquette 9:50 a. m. Returning, train will be held at Ishpeming until 4:40 p. m., and will also stop at Union Park.  
Tickets on sale Feb. 22, good returning Feb. 22 and 23. (2-19-34)

SKI TOURNAMENT AT SKANDIA, FEB. 24TH.  
The annual Ski club will hold their second annual tournament at Skandia on above date. The Marquette & Southeastern Ry. has made a special round-trip rate from Marquette and other points as follows:  
Marquette, 75 cents; Ishpeming and Negaunee, \$1; Munising Ry. points, \$1. Passengers from Marquette can depart on train leaving here at 7 a. m., Feb. 24, and return on train leaving Skandia 6:35 p. m., arriving at Marquette at 7:15 p. m., same day.  
Passengers from Ishpeming and Negaunee may leave on train of afternoon of 2:30, returning on train leaving Skandia 8:35 a. m. of 25th. (2-19-34)

**LECTURE WEDNESDAY NIGHT.**

Rev. Andrew Gillies to Speak on "Jean Valjean."

Rev. Andrew Gillies of Minneapolis, who is to lecture at the Guild Hall Wednesday evening on "Jean Valjean," comes with a splendid reputation as an orator and lecturer. An Albany, N. Y., paper thus describes his style: "Short, crisp sentences are favored by Andrew Gillies, and he begins each with a bluntness and a straight-from-the-shoulder sort of way that makes him a man of originality."  
The Minneapolis Journal says: "Mr. Gillies follows no man's style and is not limited by any other man's thinking. He is original in his ideas, fearless in expressing them and convincing in his conclusions."  
A recent press notice of his "Jean Valjean" lecture is as follows: "Dr. Gillies stands the peer of the pulpit orators of the Twin Cities and easily maintained his reputation in that respect. He is in great demand as a platform speaker and the lecture he gave here is probably the best. Dr. Gillies held his audience for an hour and a half with his eloquence, and when he had finished there was not a person in the house who would not gladly have listened for another hour. The speaker held that 'Les Miserables,' the novel of which the subject of the lecture is the hero, is Victor Hugo's masterpiece and that it stands among the best fiction that was ever written. Dr. Gillies analyzed the book and the character of Jean Valjean, paying high tribute to the man who could conceive such a character and weave such a romance from his brain. The hero he characterized as follows: 'Jean Valjean is the embodiment of that divine spirit that is born in every man.' He carried his audience along with him in his review of the book and thrilled them with his vivid paintings. An analysis of the lecture is a difficult task; it must be heard to be appreciated."  
The reserved seat sale will open at Bigelow's store this morning.

Madame Schumann-Heink, the world's contralto, will appear in concert at the Kerledge theater, Hancock, Mich., May 30 (Decoration Day). The box for reservation of seats opens at Cox's Book & Music Shop, Houghton, Tuesday afternoon at 2 o'clock, March 1st. Prices are as follows: Box seats, \$5; entire lower floor and first two rows in balcony, \$3; second two rows in balcony, \$2.50; third two rows in balcony, \$1.50; balance of balcony, \$1; upper gallery, 50 cents. (2-21-10)

WELLS' BOWLING NOTES.  
At the down-town alleys, the standings of the teams in the five-men handicaps contest at the close of last week's play are:

Team	W.	L.	P.C.	Ave.
Square Deals	30	18	925	838
Guild Hall "B"	24	18	571	800
Guild Hall "A"	22	20	523	831
Canucks	23	22	511	829
Vikings	23	25	479	827
Bismarcks	21	24	466	826
Lafayettes	19	23	452	828
Pilgrims	15	27	357	786

Individual averages of 100 or over: Robertson 179, Davis 177, Olson and Wheeler 176, Spear and Carr 173, Ferguson 172, Menonnet and Stafford 171, Love and Webb 170, Waterbury, Coleman and Russell 169, Marcotte and E. Shauer 168, Reau, Burt and Frei 167, Goldwin and L. Shauer 166, Zerbel 165, A. Shauer and Hamel 163, Jeanson, Roberts and Rydhom 162, Drumme, Poole and A. E. Anderson 161, Stewart 160.

The schedule for this week is: Monday, Guild Hall B vs. Pilgrims and Guild Hall A vs. Vikings; Tuesday, Guild Hall A vs. Bismarcks and Guild Hall A vs. Canucks; Wednesday, Pilgrims vs. Canucks; Thursday, Lafayettes vs. Guild Hall A and Lafayettes vs. Square Deals.

This schedule shows one team bowling two different teams the same evening. The idea is that one team can bowl two different teams simultaneously on 3 and 4 alleys and 5 and 6 alleys. This schedule will wrap up the second round, including all postponed games, and it is very important that all teams bowl their games as scheduled.

Allen and Miller, rolling against Manes and Bell, have played ten of the fifteen games in their Ford-Van Idespring cup series, and the former lead by twenty-seven pins. The match will be concluded tonight. The scores for the ten games are: Allen, 1,737; Miller, 1,696; total, 3,433; Manes, 1,576; Bell, 1,830; total, 3,406.

**Guill Hall Schedule.**  
Monday—Ford and DeHaas vs. Spear and Scholtus at 5 p. m.; Begole and Byrnes vs. Zerbel and McKereghan at 7 p. m.; Wheeler and Stewart vs. Zerbel and McKereghan at 8 p. m.; Robertson and Brotherton at 9 p. m.  
Tuesday—Frei and Quarters vs. Spear and Scholtus at 5 p. m.  
Wednesday—Wills and Tucker vs. Bell and Houghton at 4:15; Wheeler and Stewart vs. Spear and Scholtus at 7 p. m.; Carr and Miller vs. Robertson and Brotherton at 8 p. m.; Carr and Miller vs. Zerbel and McKereghan at 9 p. m.  
Thursday—Begole and Byrnes vs. Robertson and Brotherton at 5:15; Drake and Kepler vs. Pendill and Frei at 7 p. m.; Drake and Kepler vs. Wheeler and Stewart at 8 p. m.; Drake and Kepler vs. Ford and DeHaas at 9 p. m.  
Friday—Pendill and Frei vs. Zerbel and McKereghan at 7 p. m.  
Saturday—Begole and Byrnes vs. Catlin and Christenson at 7 p. m.; Ford and DeHaas vs. Catlin and Christenson at 8 p. m.; Frei and Quarters vs. Drake and Kepler at 9 p. m.

While it is often impossible to prevent an accident, it is never impossible to be prepared—it is not beyond any one's purse. Invest 25 cents in a bottle of Chamberlain's Liniment and you are prepared for sprains, bruises and like injuries. Sold by The People's Drug Store.

No false pretense has marked the career of Ely's Cream Balm. Being entirely harmless, it is not responsible like catarrh snuffs and powders, for minds shattered by cocaine. The great virtue of Ely's Cream Balm is that it speedily and completely overcomes nasal catarrh and hay fever. Back of this statement is the testimony of thousands and a reputation of many years' success. All druggists, 50c, or mailed by Ely Bros., 56 Warren Street, New York.

An attack of the grip is often followed by a persistent cough, which to many proves a great annoyance. Chamberlain's Cough Remedy has been extensively used and with good success for the relief and cure of this cough. Many cases have been cured after all other remedies had failed. Sold by The People's Drug Store.

**Upper Peninsula**

May Buy Gogebic Range Plants—

H. P. Harmon, of Portland, Me., and A. E. Appleyard, of Boston, have been at Ironwood and Hurley lately, looking over the plants of the street railway, electric lighting and water companies. They are quoted as saying that they desire to purchase them. Messrs. Harmon and Appleyard are interested in similar plants at Ashland, and are the owners of water powers on Bad and White rivers. They say that if they purchase the Ironwood plants they will build transmission lines to these water powers.

Car Shortage Hampers Loggers—  
The shippers along the line of the Superior division of the Chicago, Milwaukee & St. Paul road complain bitterly of great detriment and inconvenience to their logging operations on account of a shortage of cars and insufficient train service, most of the shippers being under the necessity of decking their logs at an extra expense of seventy-five cents per thousand instead of loading them on cars, says the Iron Mountain Press. It is learned from good authority that 805 cars are needed daily to handle the log and lumber traffic on this division and only an average of 335 cars daily is being furnished and this number cannot be moved promptly.

Old Document Concerns McKinley—  
An old document relating to the earlier life of President McKinley has been unearthed at the court house at Eagle River, Keweenaw county. The paper was found among the effects of Eri V. Brooks, an attorney who settled in Keweenaw county in the early sixties and who died there. The document is a copy of a justice's docket containing a transcript of a case wherein Wm. McKinley was plaintiff and the canal boat "White Cloud" was seized for a debt due McKinley when he was about fourteen years of age. According to the transcript the owners of the craft owed him \$40, for which he was forced to sue. The case was instituted in 1857.

Wells a Big Mill Town—  
Wells, a suburb of Escanaba, is the principal mill town of Delta county. It is situated just north of the county seat and south of the Escanaba river. Here the I. Stephenson company operates the largest and most up-to-date maple flooring factory in the United States. Carload after carload of this product is shipped to all parts of the country. The annual output of the mills at Wells is 75,000,000 feet of lumber, 60,000,000 cedar shingles, 10,000,000 batts, 75,000 ties, 150,000 posts, 50,000 poles and 20,000,000 feet of maple flooring. This list of manufactured lumber includes white and Norway pine, white cedar, spruce, tamarack, balsam, maple, birch, elm and beech.

Wife Sues for Divorce—  
Averring that her husband was sentenced by Judge Stone in 1908 to the state prison at Marquette for an indeterminate period of from one to five years, Ida Humphrey of Menominee has filed a suit for divorce against her husband, William Humphrey. Evidently the life of the couple, preceding the imprisonment of the husband, was not conducive to marital happiness. In her bill Mrs. Humphrey alleges that they were married at Iron Mountain in 1902 and that they lived together until 1907, during which time, except for occasional intervals, she was obliged to earn her living by cooking in camps and other manual labor. She claims that her husband indulged in a long course of abuse and ill treatment of her during the entire period of their married life.

Bishop Vincent to Visit Menominee—  
Bishop J. H. Vincent, one of the most prominent men in the Methodist church, and the founder of the Chautauque movement, will be in Menominee in connection with the first anniversary of the dedication of the new church building of the M. E. congregation there, from Thursday, Feb. 24, until Sunday, Feb. 27. He will speak every afternoon and evening of the coming of Bishop Vincent is considered one of the most notable events in religious affairs in Menominee for some time. The anniversary celebration will begin with a banquet in the church parlors Thursday night, at which time John E. Tracy will act as toastmaster. Those who will respond to toasts are: Prosecuting Attorney Michael J. Doyle, Dr. H. A. Vonuma and W. F. Traves. An address will then be made by Bishop Vincent.

Iceboat Regatta for Senator Burrows—  
If the present plans of the Menominee iceboat club mature, Senator Julius C. Burrows tomorrow will be given the most unique entertainment which he has received in all his journeyings. The plan is to hold the biggest regatta of the year the afternoon of Washington's birthday, with the starting point in the vicinity of the Hotel Menominee, where the distinguished visitor will be able to view the contest. Menominee and Marinette have in their fleets the fastest boats in the peninsula and their skippers are among the most experienced. The race will start at about 2 o'clock in order to allow the senator to view the contest, and at the same time have plenty of time in which to greet the citizens who desire to meet him at the reception from 3 to 5 o'clock. The cups to be raced for will be the Walters trophy for the class A boats, won by the Fusser of the Menominee iceboat club last year, and the Christopherson cup, won by Ray Hubley's Greyhound of the Marinette fleet.

Affects Schoolcraft County Case—  
A. R. Ryall, of Escanaba, attorney for the local optimists in Schoolcraft county, says that the decision of the supreme court in the Marquette county case has cleared the decks for action in Schoolcraft, as the same points of law are involved there as in the Marquette case. Attorney Ryall petitioned Judge Stone, in the circuit court, for an order compelling the board of supervisors in Schoolcraft to reconvene and order a local option election. By mutual agreement until the supreme court rendered its decision in the Marquette county case. This decision, as reported at the time, is a sweeping victory for the prohibitionists, who won on every point of law involved. It is expected that Judge Stone will issue an order within a day or two directing the Schoolcraft board of supervisors to reconvene and call a special election. Attorney Ryall has been acting with Attorney Bellon, of Ishpeming, who represented the Marquette county local optimists, and they have fully agreed in their arguments.

### L. W. ATKINS & CO.

**TO MANUFACTURE FERTILIZER.**

Warden Andrae Suggests New Industry for Missouri Prison.

Jefferson City, Mo., Feb. 20.—A plant for the manufacture of lime dust for fertilizing purposes and for the reduction of limestone to be used for macadam work on the public roads of the state will probably be established in the Missouri penitentiary if a favorable report is had from the state board of agriculture, to which the matter has been referred.

The value of limes as a fertilizer is well known and the Chester penitentiary in Illinois has a large plant for the production of lime dust. Warden Henry Andrae, in a letter to Governor Hadley, says there is an abundance of limestone to be had at the prison quarry for reduction if the establishment of a plant seems justified. Governor Hadley turned his letter over to the state board of agriculture for an opinion with reference to the value of lime dust as a fertilizing principle.

The twine plant at the penitentiary will not be operated this year, owing to the fact that there is a supply on hand large enough to meet all sales for two seasons. An effort will be made to dispose of this surplus next spring by the establishment of agencies in various sections of the state for handling this twine. One effect of this and the Kansas plant has been to hold down the price of twine manufactured by the International Harvester company, which controls the output.

M. J. Olson, the piano tuner, can now be reached by County telephone No. 520, or by mail, at 400 East Ridge street, Ishpeming. First-class work guaranteed. (1-12-tf)

## Ishpeming Department

**ISHPEMING PEOPLE ON WRECKED TRAIN**

TO MANAGE TWO COLLEGES.

P. H. Ross Has Secured Control of the Ferguson Business College.

The Practical Business College company of which P. H. Ross of the Ishpeming Business college, is president and manager, has secured control of the Ferguson Business college at Marquette, and Mr. Ross will manage both institutions. Mr. Ferguson plans to move to Ironwood to manage his college there.

Mr. Ross will spend half of his time at the Ishpeming college and the other half at Marquette. Mr. Ferguson's present assistants will be retained at the Marquette institution and Miss Nellie Kellgren has been engaged to assist Harry J. Lee, Mr. Ross' assistant here. Miss Kellgren was graduated from the college three years ago and she has had experience as an instructor. The Ishpeming and Marquette colleges have about the same number of students, but the evening classes are larger in Marquette than they are here. A majority of the students at the Ishpeming college attend the day classes. Mr. Ross expects a big success of his work here.

The reports received here Saturday relative to the wrecking of the Northwestern passenger train that left here Friday evening were the means of creating much excitement, as several Ishpeming people were passengers, en route to Chicago and other points. The Ishpeming officials of the road were unable to get an authentic report as to how the wreck occurred or how many were seriously injured, but were advised late in the day that two of the trainmen were the only ones from Ishpeming among those hurt.

The train left the track about a mile and a half north of Little Saunimic, at a point where the surface on either side of the track is perfectly level. Had the coaches overturned on an embankment, many of the passengers would doubtless have been killed. The train was two hours behind time and the wreck occurred at 1:05 o'clock, when most of the passengers were asleep. Fourteen of the passengers were injured. Not one of the injured suffered fractured bones and none of the injuries were considered of a serious nature.

The cause of the wreck is believed to have been a broken rail. The tracks were torn up for several train lengths. Two of the sleepers were telescoped and the smoking car was hurled from the right-of-way. Two of the coaches were smashed. The train was made up of four sleepers, one baggage and express car, a mail car and two day coaches. Most of the passengers who were injured were in the sleepers and some of them were unable to find their clothing in the darkness and were forced to escape in their night clothes. The thermometer registered ten degrees below zero at the time.

Members of the passenger crew arriving here Saturday evening say that the passengers had a miraculous escape and they expressed surprise that a greater number were not more seriously injured, as the wreck was a bad one.

Among the Ishpeming people on the train were Mrs. Clara Hawes and six children, who were en route to Nampa, Idaho, to join her husband, Fenwick Hawes, who left here about a year ago. Mrs. Hawes is a sister-in-law of C. W. Hawes, of the Ishpeming Co-operative society. Herbert Brewer, son of James Brewer of this city, was also a passenger. He was en route to Boisford, Ill., to attend a marriage. The Misses Anna and Flora Charbonneau, daughters of John Charbonneau, of North Third street, were in one of the sleepers that overturned, but neither of them were injured. C. V. R. Townsend, the Cleveland Cliffs iron company's land agent at Negaunee, and H. R. Harris, manager of the Lake Superior & Ishpeming and Marquette & Southeastern Railway system, were also passengers in one of the sleepers. F. D. Pixley, a commercial man, who spent Friday here, leaving the city that night for his home in Chicago, was among those hurt, having sustained injuries to his back and hip.

Zep Nejedlo, the baggage man on the train, who has been in the service here for fifteen years, was the most seriously hurt of the injured. His left arm was badly sprained and he sustained several bruises. James O'Connell, the express messenger, was also painfully hurt.

The injured passengers were as follows:

Tony Wasunas, Chicago, hip and knee injured.

W. J. Dalton, Escanaba, back and hip injured.

James King Depere, head cut.

J. A. Hiler, Chicago, shoulder injured.

C. M. McDermott, Iron River, back hurt.

F. C. Deitrich, Green Bay, arm and shoulder injured.

Mrs. T. P. Culman, ankle sprained.

F. D. Pixley, Chicago, back and hip injured.

E. E. Raymer, Kokomo, Ind., leg bruised.

John Eppinger, Oshkosh, and Orison Schlitz, Shawano, slightly bruised.

The train was in charge of Conductor Steve Connors, of Green Bay, brother of Postmaster Thomas Connors of Negaunee. Several of the crew were on the train that killed the members of the Erickson family in the automobile accident near Menominee one day last summer.

A few minutes delay in treating some cases of croup, even the length of time it takes to go for a doctor often proves dangerous. The safest way is to keep Chamberlain's Remedy in the house, and at the first indication of croup give the child a dose. Pleasant to take and always cures. Sold by he People's Drug Store.

## ISHPEMING MEN ORGANIZE CLUB

**SHARPSHOOTERS OF THE CITY PERFECTED ORGANIZATION AT A MEETING HELD FRIDAY EVENING IN NO. 1 HOUSE HOUSE**

At a meeting of the Ishpeming sportsmen, held Friday evening in No. 1 house of the Ishpeming fire department, the Ishpeming Sharpshooters' club was organized, with the following officers:

President—Charles T. Kruse.  
Vice President—Louis Tomoff.  
Secretary and Treasurer—C. H. Dawson.  
First Shooting Master—A. C. Ludington.  
Lieutenant—George Voelker.  
Official Score Keeper—J. G. Johnson.  
Trustees—F. H. Basky, John Lacey and Harry Cox.

A committee composed of A. C. Ludington, C. T. Kruse and F. E. Keese was appointed to secure a rifle range, and John Mohr, F. E. Keese and George Voelker were appointed a building committee. The committee on rules and regulations is composed of John Mohr, E. G. Carney and George Voelker.

The organization starts out with thirty-seven members, but it is expected that the membership roll can soon be increased to at least sixty. The officers of the club plan to arrange for regular practice in the range is secured. The range will be located somewhere along the street car line, possibly near the bluff north of Cleveland park.

The principal object of the club is to promote interest in rifle shooting. Most of the members are among the best marksmen in the country, and it is thought that a strong rifle team can be developed. Contests will be arranged with teams representing other clubs of the upper peninsula, perhaps before the close of the present year.

**Trap Shooting Tomorrow.**

The Marquette County Gun club will entertain the members of the Houghton Gun club tomorrow. A trapshooting contest will take place at 10 o'clock in the forenoon at the club's range in the Union park. Each club will be represented by ten men. It has not yet been decided who will represent the Ishpeming club, but the officers will secure the best marksmen, as it is understood that the copper country club is to be represented by a strong team.

**DEATH OF THOMAS DOWN.**

Thomas Down, one of the oldest and best known residents of the National, died yesterday morning about 11:30 o'clock. He had been in poor health for the greater part of two years and about a year ago submitted to a surgical operation in a Chicago hospital. The deceased held the position of foreman at the Oliver Iron Mining company's Section 21 mine for a number of years until he was obliged to give up work on account of his failing health. He was a native of England and was born Feb. 15, 1835. He located at the National nearly thirty years ago and had resided there ever since. He is survived by his widow and one daughter, Mrs. Thomas Tremewan, residing at the National. The funeral will be held Thursday afternoon at 2 o'clock from the National Methodist church. Services will be conducted by Rev. Strehl, the pastor.

Miss Hollie Oster has obtained the services of a professional hair dresser from Chicago to take charge of her Ishpeming office, located in the Robbins block. Shampooing, hair dressing, facial and scalp treatment. Body massaging with Swedish movement a specialty. Office open daily from 8:30 a. m. to 6:30 p. m. Electric needlework by appointment. (2-16-1w)

Ishpeming won by 192 pins.				

**ISHPEMING IN BRIEF.**

W. T. Potter has been ill and confined to his home the past few days.

William Landin and wife, 417 East Vine street, are the parents of a daughter.

C. J. Byrns arrived home Saturday from Rock Island, Ills. He will leave today for Menominee, on Woodmen business.

Ed. Sandberg, who has been employed at the Treblelock green houses for the past five years, has accepted a position in the Negaunee green houses.

The ladies of Grace church extend an invitation to Ishpeming people, as well as to visitors in the city tomorrow, to take lunch with them at the Guild Hall. Hot coffee, sandwiches and doughnuts will be served between 11 a. m. and 6 p. m.

The C. B. C. basketball team will play the K. O. K. A. team of Marquette tomorrow morning at the Y. M. C. A. gymnasium. The contest will start at 9:15 and the admission will be ten cents. The C. B. C.'s have not lost a game.

A room to be used exclusively for Latin instruction is being fitted up in the Ishpeming High school. It will be on the plan of one in the Oak Park, Ills. High school. The equipment to be used in illustrating the texts, etc., is being specially made.

The newly elected officers of Ambrose tent of the Knights of the Modern Marches will be installed at the meeting to be held this evening in the Odd Fellows hall. Following the meeting there will be a banquet. A large attendance is expected.

A patriotic concert will be given tomorrow evening at 8 o'clock at Calvary Baptist church. The program will consist of the cantata, "Columbia," a flag drill and a pantomime. The admission will be twenty cents for adults and ten for children.

Mrs. Dora Doranecau of Escanaba is in the city visiting her husband, who is the conductor on the Northwestern passenger train running between here and Marquette and between this city and the western end of the county, during the absence of Patrick Gately, the regular conductor.

D'Urban's Italian band concluded a successful engagement last evening at the Ishpeming theater. The house record for a week's business was shattered. The band will leave this morning for Hancock, where it will appear at the Kerkage theater, concluding its engagement next Sunday evening.

The Young Men's Christian association's basketball team defeated the Marquette City team by a score of twenty-seven to eight at the gymnasium here Saturday evening. The first half finished with a score of eight to four in favor of the Y. M. C. A.'s. The game was fast and at times quite rough.

City Recorder J. D. West has received a large number of entries for the dog races, which are to take place tomorrow morning at 9 o'clock on Division street. Many of the boys had their dogs out Saturday training them on the course. All of the superfluous snow has been removed from Main and Division streets.

### GEORGE WASHINGTON ITS FIRST MASTER.

Alexandria Lodge to Hold Reunion on His Birthday.

Masonic Dignitaries All Over the Land Have Been Invited, and Many Have Accepted—The Effort to Preserve a Rare Collection of Relics of the Days of the Father of the Country Stimulates the Interest

Washington, Feb. 20.—Members of the Masonic order throughout the country are interested in a ceremony which will take place in Alexandria, Va., Washington's birthday, under the auspices of Alexandria-Washington Lodge, A. F. & M., when the Washington Memorial temple project will be launched. This is the lodge of which George Washington was the first master, and which today preserves not only the paraphernalia used by Washington in his station in the East, even to his chair and the working tools of a master Mason, but the Masonic traditions which attach to the memory of the Washington regime. Its wonderful historical collection makes the chamber of the Alexandria lodge and its anteroom the

mecca of Masons from all over the world. The Masonic temple in which the Virginia lodge meets is not the building where Washington was wont to call the craft to labor. The original building was destroyed in 1871 and the present structure, which is a part of Alexandria's city hall and is given to the use of the old Washington lodge for ninety-nine years, was erected on its site. Fortunately, almost all the priceless curios which the old lodge had accumulated were saved. The chief losses were from the glassware used in the time of Washington, which were taken by vandals; and these often mysterious returns to the show cases, as a belated conscience stirs or an owner dies.

The master's chair used by Washington, of leather and inlaid mahogany, is now kept under a glass case and used only at the installation of officers, but several of the bent wood chairs used by the brothers in Washington's day are still in the possession of the lodge and in use like other of the lodge furniture. The only portrait extant of Lord Fairfax, by Sir Joshua Reynolds, hangs on the wall of the ante-room and another supposed Reynolds is suspended beside it. Two of the Washington aprons, the trowel with which Washington laid the corner stone of the United States Capitol, a piece of Plymouth rock, the handkerchief from John Brown at Harper's Ferry, a piece of the cap-stone of the Washington monument, the square with which the stones

of the Washington monument were tried above the 144th layer, original paintings of Washington and Lafayette—a thousand and one mementoes which no loyal Masons of Virginia are displayed in and about the lodge room. They are in grave danger from fire and it is for this reason that the brothers of Alexandria-Washington lodge, under the inspiration of an energetic worshipful master, Charles H. Callahan, are now about to appeal to the country for their preservation.

Masons Everywhere Are Interested. The meeting of Feb. 22, 1910, will be attended by prominent Masons from all over the United States. So far acceptance have been received from twenty out of thirty grand masters, and more are expected. The brothers are aiming to obtain a fund of \$1,000,000, more or less, with which to erect a particularly brilliant exhibition, but it is exciting. In the last half of the ninth inning, with the score four and four, Dunlavey crossed the plate, but the umpire would not allow the run, as it was made contrary to the ground rules. Many of the spectators and some of the players had departed, thinking Negaunee had won, but the players were called back and the game was resumed. One of the local men yesterday said that the decision was perfectly fair.

Had the umpire been a decision in the sixteenth inning, it is possible that the game would not have ended at that time. Manistique's first man up was put out at first, but the umpire called him safe, and the runner finally got around the diamond before the side was retired.

### BOWLING CONTEST.

In spite of the fact that the Bismarcks won two out of the three games rolled in the fourth contest, it is possible that the game would not have ended at that time. Manistique's first man up was put out at first, but the umpire called him safe, and the runner finally got around the diamond before the side was retired.

### IRON ORE IN WASHINGTON.

Spokane, Wash., Feb. 20.—Steel-making iron deposits, tributary to Spokane, believed to be equal in value to the celebrated Masala ore of Minnesota, are to be opened and developed by Spokane men. It is estimated that there are 200,000 tons of iron ore at the property ready for shipments as soon as the rails are laid. All of this ore is in such state that it can be loaded on to the cars with a steam shovel.

## Negaunee Department

### NEGAUNEE LOST IN SIXTEENTH INNING

MANISTIQUE AND NEGAUNEE IN-DOOR BALL TEAMS GAVE FINE EXHIBITIONS THURSDAY AND FRIDAY EVENINGS.

Although the Union baseball team of this city lost both of its games at Manistique Thursday and Friday evenings, the nine gave a fine account of itself. As stated Saturday, the first game resulted in a score of two to nothing. Friday night's contest ran sixteen innings, the score being six to four. The members of the team arrived home Saturday afternoon and expressed themselves as well pleased with the treatment they had received at Manistique.

Kirkpatrick pitched both games for Negaunee and Klagstad pitched the first game and the last seven and one-third innings for Manistique. McLaurin was in the box during the first eight and two-third innings. The latter threw an effective ball until he began to weaken, when the Negaunee men touched him freely, scoring three of their four runs in the eighth inning, just before he was relieved by Klagstad. McLaurin had twenty-one strikeouts to his credit, and Klagstad ten. Kirkpatrick fanned twenty-four men and he allowed but eight hits in the sixteen innings. Only one hit was secured off Klagstad in the second game, but he pitched for six Thursday night. Jim Dunlavey, Negaunee's catcher, was the star performer. Out of eleven times at bat he had eight hits, three of them in the first game and five in the second, four of the latter being off McLaurin and one off Klagstad. Friday night's game was not a particularly brilliant exhibition, but it was exciting. In the last half of the ninth inning, with the score four and four, Dunlavey crossed the plate, but the umpire would not allow the run, as it was made contrary to the ground rules. Many of the spectators and some of the players had departed, thinking Negaunee had won, but the players were called back and the game was resumed. One of the local men yesterday said that the decision was perfectly fair.

Had the umpire been a decision in the sixteenth inning, it is possible that the game would not have ended at that time. Manistique's first man up was put out at first, but the umpire called him safe, and the runner finally got around the diamond before the side was retired.

### CAPTAIN CORKHILL INJURED.

Captain William Corkhill, who has charge of mining operations at the Volante Ore company's property on the Cascade range, under Thomas J. Pellow, sustained a painful injury to his left leg Friday afternoon. He was working in the shaft and a drilling machine fell over on his leg, dislocating the knee and badly straining the ligaments. The captain is receiving treatment on the Negaunee hospital. His leg is in bad condition and it may be some time before he will be able to resume work.

### LOCAL LACONICS.

H. C. Miller is here from Colorado on a visit to relatives. Miss Helen Reidy left Friday night for Duluth and Hibbing on a visit to friends. Miss Florence Dousseron has gone to Duluth and Proctor, Minn., on a visit to friends.

### HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and capable of carrying out any obligations made by him.

### NO WORK TOMORROW.

Employees of Mines to Have Full Holiday—Stores Will Close at Noon.

Many Negaunee people are looking forward to the ski tournament tomorrow afternoon. The rush to the ski grounds will start immediately after dinner. Manager McCorkindale of the Marquette County Gas & Electric company has every car on the traction system in first-class condition, and all of them will be in use. The cars on the Negaunee end will run only as far as the railway crossing, and two or more will leave here for the ski hill every fifteen minutes during the afternoon.

A party of Negaunee people will go to Ishpeming tomorrow morning to attend the dog races and wrestling match. The races are to start promptly at 9 o'clock and the wrestling at Ishpeming theatre will begin at 10:30. Matt Kangas, of this city, is to wrestle Charles Randel, the champion of the DeKalb, Ill., district. Randel is five pounds heavier than Kangas, and it is expected that the match will be a fast one. Carl Lehto, the copper country champion, will throw three men in catch-as-catch-can style in one hour, or forfeit \$100. There will be no work here at any of the mines tomorrow and the business houses will close at noon. The employees of the bank will have a full holiday. Both the public and parochial schools will also be closed. Exercises appropriate to Washington's birthday will be held this afternoon in all schools. Visitors will be made welcome.

### INSTALLING MACHINERY.

The Consolidated Fuel & Lumber company, which is to establish a hardwood flooring mill in its yards here, Saturday finished putting three of the big machines into the building, and mechanics will begin work today installing them. The machines are a planer, edger and matcher. The dry kiln building is expected to be completed. The engine has been received and the boiler is expected in a few days. The management will endeavor to put the plant in commission about the first of April.

### CAPTAIN CORKHILL INJURED.

Captain William Corkhill, who has charge of mining operations at the Volante Ore company's property on the Cascade range, under Thomas J. Pellow, sustained a painful injury to his left leg Friday afternoon. He was working in the shaft and a drilling machine fell over on his leg, dislocating the knee and badly straining the ligaments. The captain is receiving treatment on the Negaunee hospital. His leg is in bad condition and it may be some time before he will be able to resume work.

## The Proof of Good Service is Constant Growth.

The NEGAUNEE NATIONAL BANK is a growing institution. Our sworn statements to the government show we have made wonderful gains.

We would appreciate YOUR BUSINESS, if not all a share of it. If you are a treasurer of a lodge, church, society, administrator of an estate or guardian, we can be of assistance to you. We keep your books—your deposits will represent your receipts, your checks will account for your disbursements, and your bank book will always show your balance on hand.

We extend all reasonable banking accommodations.

## NEGAUNEE NATIONAL BANK

Capital and Surplus \$120,000.00.

### FROM MORGAN'S CURB LETTER.

The New York market opened firm and was fairly active and strong until the last half hour, when prices broke. The Boston market continues very dull. A dull narrow market is the best expected for a time, the scarcity of stocks on the one hand and the lack of buying power on the other preventing any wide fluctuations. There was little trading in the curbs, and that was confined to about a dozen stocks. Continued dullness in the larger markets will attract attention to the better curbs, as usual, and as stocks are scarce any activity must result in higher prices.

Saturday's prevailing prices were:

	Bid.	Asked.

### SITE OF HOSPITAL LEFT UNDECIDED

COMMITTEE WILL RECOMMEND SUPERVISORS TO PUT BOND ISSUE TO PEOPLE.

### COUNTY MAY HAVE SANITARIUM

Story of the Fight Against Tuberculosis in America, Which Originated With Dr. E. L. Trudeau.

At the meeting of the board of supervisors Wednesday, a resolution will be offered favoring a vote of the people of the county at the spring election on the issuance of \$15,000 in bonds for the immediate construction of a tuberculosis hospital, to be erected, equipped and maintained at county expense. This matter came up at the last meeting of the county board, but was referred back to a special committee because of a difference of opinion as to the best site for the proposed institution. This special committee held a meeting at the court house Saturday afternoon, and after considerable discussion it was deemed advisable to leave the location open until after the people had expressed themselves in favor of issuing bonds for such an institution. It is expected that the report of the committee will be adopted with little opposition.

It was originally intended that the proposed tuberculosis hospital be erected on the hill back of the county house and conducted in conjunction with that institution, provision being made so that the inmates of the county house would have no chance of infection from patients at the hospital. Those favoring this location believe that the building can be more economically erected and maintained on the county farm property than elsewhere.

#### Objections to Marquette Site.

Several supervisors from the western part of the county at the last meeting of the board, however, expressed themselves against the proposed location and in favor of the hospital being established in another part of the county, where climate and other natural conditions better for the patients might be found. Further, it was claimed that many patients would be averse to entering the institution, were it located near the county house, who would feel that they were in a sense becoming paupers by so doing. With the hospital in some other location, there could be no such reason advanced by prospective patients for refraining from taking treatment. It was argued that expense should be no object in a matter of this kind, but that in building such a hospital the very best available site should be selected.

The site favored by the Marquette County Medical association is on the shores of Lake Michigan, where the air is high altitude, pure air and pure water. The physicians state that Marquette being located on a large body of water is against the city as a location for a tuberculosis hospital. On the other hand, a Michigan citizen has declared that the institution is not wanted there as they fear that the health of the community would be endangered.

All these things being considered, the committee decided the wisest course would be to defer action on the site of the hospital until after the vote on the question of issuing bonds has been held. If the vote is favorable, there will still be plenty of time to decide on a location, which is a matter that deserves careful consideration.

#### Inception of Tuberculosis Movement.

In this connection it is interesting to know something of the history of the tuberculosis hospital movement, which dates back but a few years, though hospitals are now being erected throughout the country to combat the great white plague. Dr. Edward L. Trudeau, founder of the Adirondack Cottage sanitarium, is considered the originator of the American crusade against tuberculosis.

Thirty-seven years ago, Dr. Trudeau contracted tuberculosis. "The Man of the Hour," will be seen at the opera house Friday night. "The Man of the Hour" has a substantial story to tell and it tells it through characters such as one rubs elbows with in public and private life. Nobody discusses a trilling play unless to protest against its dullness and indecency. "The Man of the Hour" is talked about everywhere. It is a play about something, and the acting of that "something" keeps its audience laughing or applauding, and sends them away to remember it, talk about it and differ about it. The special cast which will be seen here is said to be excellent, and includes Arthur Maitland, Felix Haney, John Moore, William Cullington, T. S. Guise, M. J. Macquarrie, Paul Byron, William Lloyd, H. J. Hewitt, George A. Cameron, Edward Dewey, Madeline Winthrop, Anna Reader and Florence Mack.

### THEATRICAL.

"The Man of the Hour." The great Trudean play, "The Man of the Hour," will be seen at the opera house Friday night. "The Man of the Hour" has a substantial story to tell and it tells it through characters such as one rubs elbows with in public and private life. Nobody discusses a trilling play unless to protest against its dullness and indecency. "The Man of the Hour" is talked about everywhere. ### HAS AUTO AGENCIES.

Ward Powell Appointed Salesman in This Territory for Good Cars.

Ward Powell, who has lately returned from the auto shows and lower Michigan points, including Flint, where he spent some time at the Buick factory, has secured Marquette county and adjoining territory from the manufacturers of four high-grade cars and lines of trucks. They include the Rainier, Welch and Buick Automobile companies and the Reliance Motor Truck company. The Welch and Rainier are high-priced cars, of the highest class, and are ranked among the finest machines manufactured. The Buick company is one of the leading out-patters of medium priced cars and the great success of its product the past few years, with the consequent expansion of its plants, has been one of the wonders of the automobile world. Mr. Powell is also agent for a full line of accessories. He expects to have a Buick car here within a few days for display, and is now actively canvassing his field.

When you order milk for your family be sure that you get it from cows that have stood the tuberculin test, says the medical department at Washington, D. C.

### BUSINESS COLLEGE SOLD TO P. H. ROSS

JAMES FERGUSON EXPECTS TO MOVE TO IRONWOOD MARCH 1, AND DEVOTE HIS ENTIRE ATTENTION TO IRONWOOD, IRON MOUNTAIN AND MUNISING.

Announcement has been made of the sale of the Ferguson Business college in this city to P. H. Ross, manager of the Ishpeming Business college, who will take possession March 1. James Ferguson, who has been at the head of the Marquette college since its inception two years ago last July, will probably go to Ironwood to take charge of the Ferguson Business college in that city, and will also continue to manage the Ferguson schools at Iron Mountain and Munising.

During the two and one-half years since the Ferguson Business college was established in this city, it has had a steady growth and this winter there are twenty-five pupils enrolled in the day school and forty in the night school, which is as large an enrollment as the school has had at any time. Students prepared for business life under Mr. Ferguson's direction have proved exceptionally well qualified for the duties of their positions, and the school has come to hold an enviable reputation among the business firms of the upper peninsula. Few of the students have experienced any difficulty in getting positions, and many have found satisfactory employment long before completing their course.

Mr. Ferguson states that the only reason for disposing of the Marquette school is that he finds himself unable to manage so many schools to his satisfaction and that as the Marquette school was the first for which ready sale was found, it had to go. The school at Ironwood has never been the success that Mr. Ferguson thinks it should be, and he will now devote personal attention to that institution and endeavor to build it up, as he believes the field there is just as good as in Marquette.

Mr. Ross, the new proprietor of the Marquette school, has been manager of the Ishpeming school for several years and is a thoroughly capable and experienced man in this line of work. He will continue to operate the Ishpeming school as well as that here, and because of their proximity, he believes that his purchase will be of advantage to both institutions.
