MR. TAFT'S BILLS HAVE OPPOSITION

So Much Debate Is Assured That None of the Leaders Will Predict When Congress Will Conclude Its Session.

Replying to the Magazine Publishers, the Postmaster General Makes Exceedingly Interesting Assertions—Pinchot Begins His Testimony—The Army's New Gun a Remarkable Weapon—News Notes from Washington.

Washington, Feb. 27.—Although congress has been in session nearly three months, none of the leaders of either party has come forward with a prediction when final adjournment may be expected. The uncertainty is due chiefly to the opposition that has developed against some of the administration measures and the fact that the debate in connection with nearly every one of the president's bills is likely to be prolonged. Regardless of the fact that the discussion probably will be extended over a long period on most of the bills on which the president has his heart set, it is believed that they ultimately will be enacted into law. This is true as to the interstate commerce bill, two of the conservation measures, the court injunction legislation and postal savings banks.

Postoffice Replies to Publishers.

Washington, Feb. 27.—"Erroneous or misleading" is the characterization by the postoffice department of the statement recently published by the Periodical Publishers' association, entitled "An argument on second-class postal rates from a business standpoint." The answer of the department to the argument of the magazine publishers was given to the public today. It declares that the very material on which the argument is based proved to be faulty, consequently every important conclusion reached is fallacious. The interesting—almost startling—assertion is made by Postmaster General Hitchcock that "if the rate on second-class mail was made high enough to cover the entire cost of transporting and handling it, which has not been suggested, it would be possible, without creating a deficit, to reduce the postage on letters from two cents to one cent." It is pointed out that the government is losing over eight cents a pound on second-class matter sent through the mails, and that the annual loss to the national revenues from this cause is approximately \$64,000,000.

Pinchot Assails Ballinger.

Washington, Feb. 27.—Gifford Pinchot took the stand before the Ballinger-Pinchot investigating committee yesterday and styled Mr. Ballinger "a dangerous enemy to conservation." He reiterated all the statements Mr. Glavis, which he contended showed the secretary unfaithful to his trust as the guardian of public property of enormous value. The witness said the conservation movement begun under Roosevelt was progressing splendidly until Taft and Ballinger assumed office, but inside of a month thereafter Ballinger practically broke the backbone of the conservation idea by restoring previously withdrawn water power sites to the public domain and laying them open to private appropriation and monopolistic control. These restorations were made without any investigation of the subject, said the witness, who charged the secretary with deliberately ordering officers of the reclamation service, against their will, to recommend some of these restorations. He declared that Director Newell of the reclamation service would be called to prove these charges, as would former Secretary of the Interior Garfield.

Younger Blood for the Navy.

Washington, Feb. 27.—Young blood in naval commands was the keynote of a special message which President Taft sent to congress yesterday, urging legislation for improving the personnel of the fighting force and to remedy what the president termed "an abnormal condition, the result of past legislation." The president endorses a bill prepared by Secretary Meyer, promoting officers to the grade of rear admiral at an average age of fifty-four to fifty-five years and to captain at an average age of forty-six to forty-seven. These changes, the president says, do not provide new youths enough for the best success should war come, but he feels that they are a decided improvement and intimates that some other time it might be advisable to make even a further reduction in the ages.

European Statistics Wanted.

Washington, Feb. 27.—All the American consuls in Europe have received instructions from the state department to prepare and forward forthwith comparative statistics showing the difference in

TAWNEY ATTACKS THE NAVAL PROGRAM.

Chairman of the House Committee on Appropriations Foresees Bankruptcy if Secretary Meyer's Plan Is Adopted.

Washington, Feb. 27.—In a caustic statement tonight, Representative Tawney, of Minnesota, chairman of the house committee on appropriations, announces his complete opposition to the government's naval program, as outlined yesterday to the committee by Secretary Meyer. Mr. Tawney foresees the bankruptcy of the government if such a program is adopted, and he charges its agitation to a conspiracy of the shipbuilding interests of the United States. "These interests," he says, "are even now getting ready to start another war scare, Japanese or otherwise, with a view to stimulating popular favor for an extravagant outlay for the navy. "We are at peace with all the world. There is not even a prospect of our becoming involved in a war with a foreign nation so incredible that one would suggest the adoption of a naval program which will involve the expenditure of more money than we have under the existing revenue laws, and a policy, too, which will virtually put out of commission at least half of our war vessels by making them inefficient and inefficient by comparison with these giant battleships now proposed.

Meyer Proposes 32,000-Tonnars.

The building of a world's record-breaking battleship of 32,000 tons displacement at a cost of approximately \$18,000,000 and making the United States the leading naval power of the world was the plan disclosed by Secretary Meyer to the members of the house naval committee. The secretary's official plan for next year were favorably received. The committee has already endorsed the secretary's plan for the enlargement of many drydocks throughout the country, and the naval appropriation bill is expected to carry several million dollars more. The secretary's official plan tentatively agreed on the naval increase for this year as follows: Two 28,000-ton battleships, one repair ship, two colliers and five submarines. The submarines are for the Pacific coast. A member of the committee said that the government has unofficial information that Japan is laying the keel of two great battleships approaching the 32,000-ton limit.

SHORT GIRLS NOT WANTED.

Phone Companies Employ None That Are Not Five Feet Tall. Washington, Feb. 27.—The condition of the telephone exchanges in the country is interestingly set forth in a report just sent to the senate dealing with an investigation made by the bureau of labor. The bulk of the report deals with women employees. According to the report, there is no chance for girls under five feet in height, as the companies employ only girls who can reach the top of the switchboards. The agents found the employees, generally speaking, well housed. More than two-thirds of the complaints heard were because of lack of elevators. In some cities an imposing medical physical examination is required of the applicants. The wages vary from the highest monthly average of \$96.96 in New York city to \$22.40 in Nashville. Efficient service is possible up to 235 calls an hour for each girl. Commissioner Neill urges the practical elimination of overtime for operators. A widespread effort of the companies to look after the comfort of the women employees was found.

MEAN THIEVERY IN STAMPS.

Want Advertisements Used—Fraud Is Hard to Prevent. "There is one fraud upon the public that we would like to root out," said a postoffice inspector, "but it is almost impossible to reach the culprits and to make out cases against them. It is even more difficult to obtain evidence on which to base a fraud order against their mail. This fraud is simply the larceny of two-cent stamps by means of fake advertisements placed in the 'help wanted' columns of newspapers which have no means of knowing the fraudulent nature of the advertisements. "It costs only a trifle to advertise for some kind of help and some of these advertisements will bring from 1,000 to 1,500 replies from persons who are looking for work or seeking to better themselves. Four-fifths of these applicants for the bogus 'job' will enclose stamps for reply. You can figure it out. Eight hundred stamps are worth \$16. These stamps, done up in packages of twenty-five or fifty, are sold at a small discount."

TROOPS QUIT CAIRO.

Cairo, Ills., Feb. 27.—The five militia companies on duty here since Feb. 17 because of the race riots were withdrawn today.

THE WEATHER

Washington, Feb. 27.—The following is the weather bureau's forecast for Upper Michigan: Fair weather and increasing temperature, Monday and Tuesday; light variable winds, becoming south.

PASTOR MAKES REPLY TO CATHOLIC CRITICS.

Rev. Mr. Tipple Explains to a Large Congregation at Rome, Italy, Why Methodism Exists in the Eternal City.

Rome, Feb. 27.—The American Methodist church was crowded this morning, the congregation including many American visitors who were attracted by the subject of Pastor Tipple's sermon, "Why Methodism is in Rome." Mr. Tipple said that the Methodist church was meeting with great success throughout Italy. Such inference could be drawn from the extraordinary action of the Vatican with regard to the proposed visit of ex-pope President Aimone to the pope, and also from the bitter resentment of the Catholic clergy. "With reference to the assertion that the Methodists have no right to be in Italy," said the preacher, "the answer is that we are here by the Italian laws, granting religious freedom. Another assertion by the Catholics is that Methodism is not needed in Italy. But the Methodists believe the need is urgent, as the Catholic church always is more efficient for good when compelled to compete with aggressive Protestantism, as conspicuously evidenced in America.

PROPOSES NEW RAIL PROJECT.

Russia's Proposition Not Well Received by the Foreign Diplomats. St. Petersburg, Feb. 27.—M. Iswolsky, foreign minister, has formally submitted to the United States and other interested powers the Russian government's alternative proposition to that proposed by Secretary Knox relative to the construction of the Aigun-Chin-Chow railroad. Instead of the road, Russia suggests that there shall be constructed another trans-Mongolian line, further westward, striking the trans-Siberian railway near the Paikal line. The proposition does not meet with special favor in diplomatic circles here. It is considered an impracticable and unprofitable venture in nowise meeting the conditions which call for the construction of the Aigun-Chin-Chow road. While foreign diplomats are unable to understand the four of Chinese military aggression, which is the basis of Russia's objection to the latter project, nor do they take the Chinese army seriously. But anxiety certainly exists.

PRUSSIAN RADICALS WROTH.

Government's Suffrage Bill Denounced at Largely Attended Meetings. Berlin, Feb. 27.—Fourteen thousand "intellectuals" held a mass meeting of protestation in Berlin today against the government's suffrage bill. The meeting was largely given to the unrelenting care and vigilance of Mr. Cunningham, who has watched over the porters, varying their loads almost daily.

CRISIS IN THE BALANCE.

Premier Asquith's Statement in Commons Anxiously Awaited. London, Feb. 27.—The forthcoming session of the house of commons is likely to prove fateful for the Liberal government. Premier Asquith's ministry may be defeated by an adverse vote of the Radicals and Nationalists. It may survive, only to be plunged into the throes of a ministerial crisis, possibly disrupting, owing to the divergent views of the ministers on the question of the reform of the house of lords. Or, it may be saved from extinction by the votes of the Unionists. Everything depends upon the nature of the statement of the government's policy which Mr. Asquith will present to the house.

CHAMORRO HEARD FROM.

He and His Army Now Threatening Managua, Says Gen. Estrada. New Orleans, Feb. 29.—A cablegram received tonight from General Estrada, head of the insurgent movement in Nicaragua, by the consul general of the provisional government of that country, says: "General Chamorro is threatening Managua. The conditions are excellent. Consul Sussman has received another cablegram confirming the defeat of the house of lords. Or, it may be saved from extinction by the votes of the Unionists. Everything depends upon the nature of the statement of the government's policy which Mr. Asquith will present to the house.

TRAVELS VIA ENGLAND.

W. J. Bryan Leaves Argentina for the United States. Buenos Ayres, Feb. 27.—William J. Bryan left here today for the United States by way of England. His wife and daughter accompany him.

BLOODY DUEL IN AUSTRIA.

Vienna, Feb. 27.—A duel with pistols was fought here yesterday by two Austrian government officials, Dr. Oscar Mayer and Baron Hermann Widenhofer. Dr. Mayer shot Widenhofer dead.

LABOR HEADS ORDER A GENERAL STRIKE

Conference at Philadelphia, in Which 140 Unions Participate, Takes Action Fraught With Possible Momentous Consequences.

In Sympathy With the Car Men, a Walkout Involving 125,000 Workers Is Decried—The Time Is Put Forward to Saturday, However, and Meanwhile Arbitration May Be Brought About—Rioting Is Renewed and Many Casualties Result.

Philadelphia, Feb. 27.—Action fraught with possible momentous consequences to Philadelphia was taken by the Central Labor union tonight when that body, representing 140 unions, with a claimed membership of 125,000, voted to begin a sympathetic strike next Saturday to aid the striking street railway employes. This action came at the end of a secret session of seven hundred delegates which lasted for six hours. There apparently was no question that the delegates would vote for a strike, the split being on the question whether it would be started immediately. The more conservative element prevailed, however, and the walkout was put off until next Saturday. Meanwhile there is hope that the street railway strike will be arbitrated.

RIOTING IS RENEWED.

Cars were stoned, motorcars and conductors were beaten and many passengers were struck by flying missiles in Philadelphia tonight, after several days of comparative quietness. Nearly a dozen riot calls were received at the police headquarters, but in most instances the mobs were dispersed with the use of riot sticks alone. Seventy-five arrests were made. Crowds of men and boys who usually fill the streets on Sunday in many sections of the city were responsible for most of the attacks. The orders of the director of public safety that wagons and buses must not be used to convey passengers also resulted in many disturbances.

POPULATION OF THE EARTH.

The population of the known earth at the death of the Roman emperor Augustus, about the time of the commencement of the Christian era, was estimated by Beulin, an Italian statistician, at 57,000,000. The Romans knew nothing of Asia beyond the Indus river and nothing of Africa save the Mediterranean states. But the human race in early times was engaged in constant warfare, and it is recorded that the temple of Janus, which could only be closed when Rome was at peace, was shut at the time of the birth of Christ. But not only was the population of the earth decimated by incessant wars, it was devastated by terrible epidemics of disease which swept over every country, so that in 1492, at the time of the discovery of America by Columbus, the population of Europe was placed at 40,000,000. Today Europe has ten times that number, or 400,000,000 people, with about 100 to each square mile.

THE FIGHTING BJORNSSONS.

Bjornstjerne Bjornson, who lies gravely ill, was "a fighter ever" and is also the son of a fighter. His father, the Rev. Pastor Bjornson, went to take charge of a parish in the rural district of Osterdalen and found that the laxity of his predecessors had taught his parishioners to treat pastors with contempt. At the first display of rudeness on the part of a parishioner, he punched the heads of the ringleaders, with the result that his pastoral authority was established on a sound basis and he and his flock lived happily together ever afterward. The poet himself, at the time when he was leading the separatist movement, went so far as to challenge King Oscar to mortal combat. For this offense he was sentenced to a year's imprisonment, but he got away and spent the year in Paris.

CHICAGO'S THIRTY-SIXTH BOMB.

Chicago, Feb. 27.—A bomb, loaded with gun powder, tacks, and gravel was thrown into G. Fumefreddo's grocery store on the North side last night. It is said that the owner failed to reply to threatening letters demanding money. There was a crowd in the store but nobody was injured. Although this recorded as bomb number thirty-six thrown in Chicago in two years, the police think it is not connected with the so-called gamblers' war.

"LIFER" ESCAPING IS SHOT.

Columbus, O., Feb. 27.—While making his third attempt to escape from the penitentiary, Harvey Johnson, a Franklin county burglar, was shot Saturday morning. He died three hours later in the prison hospital. He had served less than a year of a life sentence.

WIDOW IS ACCUSED.

Mrs. Vaughn Arrested on the Charge of Murdering Her Husband.

More Poison in the Swope Case.

Kansas City, Mo., Feb. 27.—Drs. Hekton, Haines and Vaughan report that another poison combined with strychnine was found in the viscera of Colonel and Chrisman Swope. In the language of the scientists it is classed as a "mask" or "shield," having the power to change the symptoms of strychnine poisoning so that the evidences of the nature of the illness would be confusing.

MISS ROBSON WEDS BELMONT.

New York, Feb. 27.—Without notification to anybody except closest family relations, Eleanor Robson, actress, was married here yesterday afternoon to August Belmont, probably the richest widower in New York. The ceremony was performed by Mr. Lavelle of St. Patrick's cathedral, the Rev. Father Byrnes assisting. There were no bridesmaids, no ushers. Outside the families nobody knew when the wedding was to take place. Miss Robson had spent her career in the light of publicity and wished her last appearance to be as private as possible. None of her friends of some twenty years on the stage were invited to the strictly family ceremony. Nevertheless messenger boys came bearing gifts and well wishes during the afternoon. Directly after the ceremony the couple started for the South. Mr. Belmont is fifty-seven, and his bride is thirty-one. Mr. Belmont has had three sons and is a grandfather, a son having been born to August, Jr., in 1907.

COMET CAN BE SEEN THIS WEEK.

Lake Geneva, Wis., Feb. 27.—Halley's comet is expected to become visible to the general public with the aid of opera glasses this week, according to Professor S. Y. Burnham of the Yerkes observatory, and from that time on every one may observe the wanderer of the skies until it fades into the sun. "It is approaching fast and shows very bright in the large instrument," said Professor Burnham, "in spite of the fact that the moon is full and obscures its light to a large extent. By the end of the week the moon will rise so late that it may be possible to see the comet with an ordinary opera glass. In that event it will be visible in the southwest several hours after sundown. By another month it should be visible to the naked eye."

WILL GET \$1,000 A WEEK.

Ad Wolgast, New Fistic Champion, to Appear in Vaudeville. Kansas City, Feb. 27.—Ad Wolgast has accepted an offer of \$1,000 a week for a ten weeks' vaudeville engagement made him by an agent in this city. The tour will begin at Kansas City March 13 and will extend eastward.

JOHNNY HAYES WINS RACE.

San Francisco, Feb. 27.—Johnny Hayes of New York, won a marathon race here today from seven opponents. The time was 2:44:55. "Cos" Connolly, of San Francisco, was second. St. Yves, who was the favorite, dropped out at the seventh mile, declaring he was ill. Dorando did not start because of bronchitis.

BOWLING CONGRESS AT DETROIT.

Detroit, Feb. 27.—The eleven-state teams which met tonight at the American bowling congress failed to dislodge the Knights of Columbus No. 2 of this city, which went into temporary lead last night with a score of 2,415. The high team tonight was the Tivolis, with 2,341.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED)

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Subscription Rates: Per month, by carrier, \$1.00; Per year, by mail, \$10.00

MARQUETTE, MICH., FEB. 28.

It remains to be seen whether the indicted packers have been caught with the goods.

In short Charley Murphy has "Fingy" Conners so thoroughly tamed that he will eat out of his hand.

The leading question for the remaining stalwarts in Wisconsin in the pending campaign is "How best to tie Senator La Follette in a double bow knot."

There doesn't appear, says Editor Newett, to be very much chance for the "drys" in Marquette city with the creosote in the water and the Lord only knows what all in the ice.

Marquette sent us about a thousand people to attend the ski tournament Tuesday. A right neighborly action, says the Iron Ore, that Ishpeming should reciprocate whenever the opportunity offers.

The proposed dual league plan has many points in its favor. It would assure good baseball and well patronized games. Also Munising is showing no particular desire to get into a four team league again this year.

On the basis of the supreme court's decision in the case of the Marquette county local option petitions, elections have been ordered in several "wet" counties. And other elections have been ordered in "dry" counties. The decision cut both ways.

The defense in the case of Senator Conger vs. Senator Aids, being heard in the New York senate, has been dealing so roughly with the principal witness for the prosecution the past few days that perhaps if he had the past few months to live over again he would not start anything.

Senator Burrows, on his return to Washington, expressed himself as entirely satisfied as a result of the observations he took during his few weeks' sojourn in Michigan. He was particularly pleased with his Menominee reception. He will return to the state immediately on the conclusion of the session of congress and enter on a vigorous campaign.

A press dispatch says that Stanley Ketchel and Tony Caponi, the latter of Chicago, have signed articles for a fight at Kalamazoo March 16. Another press dispatch says that Governor Warner has instructed Sheriff Campbell to take whatever steps are necessary to prevent the proposed mill. Sheriff Campbell will prote equal to the task. His job is a fat one, and he won't risk it by running counter to the governor in the matter. Governor Warner is firmly set against fights for money, and is not to be gulled by terming them "boxing matches" or "scientific exhibitions of sparring." It's an excellent attitude for a governor of Michigan to take and maintain. Public sentiment in Michigan is against making the state a runway for bruisers. The lid should be kept firmly on boxing from Houghton county to Wayne.

National Superintendent Purday A. Baker, of the Anti-Saloon league, who said, "Assuming the fact simile of Superintendent Morrow's letter to be authentic, I have advised by letter that his resignation be accepted at once," has explained that, of course, if Mr. Morrow's letter does not mean what it says, but something else, a different face is put on the matter. The resignation is still held in abeyance. We repeat the prediction that it will not be accepted. The organization of which Mr. Morrow is the head shows every disposition to stand behind him. Acceptance of the resignation would be a practical confession of guilt. And the Anti-Saloon league by no means confesses that it contemplated any illegal act in Jackson county. The opinion generally held by the press is that "for the good of the cause" Morrow ought to go, but there is little likelihood that the committee to which Mr. Morrow is responsible will agree with it.

Marquette county is going to bear more oratory over the fight to oust the licensed saloon than has been delivered within its boundaries over any other issue that has arisen in recent years. Both "wets" and "drys" are going to put their best men forward in an attempt to carry the county. Mayor Rose, of Milwaukee, and Clarence Darrow, of Chi-

ago, are among the most vigorous and effective defenders of the well-regulated licensed saloon as the best means of dealing with the liquor problem. Representative Cramton and Senator Dickinson are prominent members of the legislature who are taking a leading part in the field work of the Anti-Saloon league this year. All these men will visit Marquette county in the course of the next few weeks, and there will doubtless be other speakers, too, for good measure. The probabilities are that the county will be aroused over this issue as it has not been aroused before in years. The vote polled on it will probably closely approximate the full vote. It is the expressed hope of both factions that the result attained will be conclusive enough to stand for a few years at least, without further reopening of the question.

The testimony of Horace J. Jones, a special agent of the land office who still holds his job, before the Ballinger-Pinchot investigating committee, would indicate that whoever was responsible for the delegation of James T. Sheridan to take charge of the Cunningham cases when Glavis was supplanted made a mess of things. Sheridan was comparatively fresh from a law school, and Mr. Jones relates that many opportunities to score telling points for the government were lost through his inability to take advantage of them himself and his unwillingness to listen to the advice of other government agents well acquainted with the complexities of the matter. On the face of things, it appears strange that any but the most competent counsel should have been delegated for this important inquiry. But perhaps the defense will show that Mr. Sheridan was not so poorly qualified for the job, after all. Both sides are entitled to a hearing before judgment is passed. The record of the Cunningham inquiry has been put in evidence, and in due time those who want to find out for themselves what kind of a lawyer Sheridan is can wade through it with that purpose in mind.

Inasmuch as the Republican candidates for governor have gotten through practically all of the banquet season without any one of their number adopting for his own the tonnage tax issue, there is promise that no Republican aspirant for the nomination will inject it into his campaign. If any of their number seriously considered such a move, it is possible that mature deliberation convinced him that the ad valorem system is working so well with classes of property recently taken out from under the specific system that it would be a step backward if it were laid to one side in favor of a tonnage tax on iron and copper output. It is also noticeable that outside the grangers no particular interest was created among the rank and file of voters by the discussion that the tonnage tax received a few weeks ago. It now appears that if it is to be galvanized into a real issue the Democrats will have to take it up. It is not improbable that they will do so. As the grangers are taken with the idea, it is possible that the Democrats will see in it a means of appeal to this granger vote. The Democrats have a way of embodying in the party platform every "ism" that may possibly catch a few votes. They will show rare restraint if, under the circumstances, pass by the tonnage tax.

The Escanaba Journal believes that all the candidates for governor can properly go as far as they like in advocating personal platforms, and says "While our editorial brethren are undoubtedly sincere in interposing objection, yet the Journal is convinced that it is entirely lacking in force, for it is predicated upon the assumption that the party convention is greater than the voice of the people as expressed in the primary vote." The Journal's position is, in turn, "predicated on the assumption" that the voice of the people will be expressed in the primary vote, whereas the probabilities are entirely against such a thing. Whoever he will be, the candidate for governor will this year be, as he was in 1908, a minority candidate. In 1908 the vote polled for Bradley and Earle exceeded the vote polled for Governor Warner. This year we have four aggressive candidates, each with well-defined strength, and all, apparently, in the race to stay until the finish. It is a practical certainty that the vote cast for the three unsuccessful candidates will be largely in excess of that cast for the successful one. It is possible that the successful candidate will have from 50,000 to 100,000 fewer votes than the other three. This will be the case if they run well bunched. If such a condition develops how can it be fairly ascertained that the vote in any manner shows the attitude of the party toward the personal platform of the successful candidate. Obviously it cannot. The position that the candidates should be careful not to commit the party on issues that the whole party should properly decide is soundly taken. The state convention is the only body under the existing laws that has a moral right to pass on them.

A few minutes delay in treating some cases of croup, even the length of time it takes to go for a doctor often proves dangerous. The safest way is to keep Chamberlain's Remedy in the house, and at the first indication of croup give the child a dose. Pleasant to take and always cures. Sold by the People's Drug Store.

Our idea of a stingy woman is one who declines to waste thread sewing on her husband's clothes.

WHEN DINNER IS OVER LA VERDAD CIGARS... Cigars compose the smoker's next course. They are a fitting climax to an elaborate banquet or a simple home meal. Gladstone, the famous English statesman, always smoked a clear Havana cigar after meals to aid digestion. LA VERDAD cigars are the best aid to digestion. They soothe the tired nerves and build energy. Made in Tampa. Sold everywhere. Your dealer sells LA VERDAD cigars; ask him for them.

M. C. SCULLY, Agent, Marquette, Mich.

PINCHOT A WITNESS.

Gifford Pinchot, deposed chief forester, is making fully as sensational a witness on the stand in the Ballinger-Pinchot congressional inquiry as Secretary Ballinger's enemies have hoped he would make. If he proves even half of what he hopes to prove Ballinger cannot well be continued in office.

Pinchot opened his testimony much as attorneys open a case before a jury. He prefaced his examination by a formal statement of what he expects to show. It is his idea, and he thinks he can make it plain that this is the case, that Secretary Ballinger entered office set on overturning the work toward conservation that had advanced so rapidly and effectively in the closing periods of Roosevelt's administration. He expects to prove that in the Cunningham cases Secretary Ballinger showed a predisposition in favor of the claimants and a purpose to betray the people's interests. Finally, he hopes to demonstrate the inadequacy of the existing laws to protect the public interest in the remaining public domain, and to indicate clearly the necessity for reconstructing them.

It is charged by the former chief forester that Secretary Ballinger's course throughout has been characterized by bad faith, betrayal of trust and deceit of the president. On the other hand, he endorses Glavis as a fearless and public spirited servant of the people, and holds that the entire course of his conduct was warranted by the conditions that existed. He does not imply lack of good faith on the part of President Taft, but indicates his belief that he had been fooled and tricked by his advisers, principally by Ballinger.

It would appear that Pinchot has cut out a big piece of work for himself, in many quarters that he will fail to make good. But it should be recollected that Pinchot is no fool. He is a man of acknowledged ability, and is no tyro in public life. He was one of the closest friends of President Roosevelt and up to shortly before his resignation was close to President Taft. He has been in touch with big politics and big business. He knows full well the seriousness of the step he has taken. He knows that when a man of his standing makes the sweeping accusations contained in the introductory to his evidence, he must either "make good" or stand discredited, if not disgraced. He must either show himself everlastingly right, or be classed as one of the most respectable of muck-rakers.

Knowing these things, it seems inconceivable that Pinchot should have gone as far as he already has unless he is ready to present a case that will carry to the unprejudiced mind, a clear conviction that he is right. If he can do this Ballinger must go, and the best way the administration can regain the lost ground will be to replace him with Pinchot himself, if Pinchot is willing. If he can't do this, it will be a sorry day for him and his friends. The honors that have been showered on him, the wealth of good opinion he has enjoyed will be lost to him forever. To win the day conclusively Pinchot must put in a case so convincing as to permit of practically no doubt. Can he do it, or has he, in a misguided enthusiasm, vastly overestimated the weight and significance of the testimony and proofs he has to offer? The developments of the week will tell. It will be a momentous week for the administration.

PILES CURED IN 6 TO 14 DAYS PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

The "pure food law" is designed by the government to protect the public from injurious ingredients in both foods and drugs. It is beneficial both to the public and to the conscientious manufacturer. Ely's Cream Balm, a successful remedy for cold in the head, nasal catarrh, hay fever, etc., containing no injurious drugs, meets fully the requirements of the new law, and that fact is prominently stated on every package. It contains none of the injurious drugs which are required by the law to be mentioned on the label. Hence you can use it safely.

While it is often impossible to prevent an accident, it is never impossible to be prepared—it is not beyond any one's purse. Invest 25 cents in a bottle of Chamberlain's Liniment and you are prepared for sprains, bruises and like injuries. Sold by The People's Drug Store.

STATE POLITICS.

In the contest of 1902 when H. Olin Young was fighting to oust Carl Sheldon from his seat in congress as representative for the upper peninsula, Billy Webster, now dead, was postmaster at the Soo. He owed his appointment to Sheldon so not unreasonably he supported the latter as against Young. H. Olin won. Billy had two years more to serve. In the closing months of Sheldon's term he had Billy resign as postmaster of "Sault Ste. Marie," as the town was known on the postoffice records up to that time, and then promptly had him reappointed for a full term of four years as postmaster of "Sault Ste. Marie," omitting the two letters "de" made it officially another town. Billy could not have been reappointed for a full term at "Sault Ste. Marie" until the term he was serving had expired and he was morally certain that unless Sheldon turned the trick as he did there would have been a new postmaster of the town at the end of two years. As it was when the new congressman went on the job he found Billy securely anchored for a four year term in the postmaster's chair of "Sault Ste. Marie" as officially designated, while the postoffice department had no records that such a town as "Sault Ste. Marie" was any longer in existence. Now comes Charles Ostrom saying he is going to try and induce the department to restore "de" to the town's name.

Senator William Aiden Smith, according to reports the Soo News hears, is insisting as strenuously as ever upon the appointment of his useful friend, Charles J. Byrnes, as collector of customs at Marquette, and to have made Burrows' agreement to any further friendly relations between them. The Marquette collectorship has been vacant since Gad Smith's death, several months ago. The terms of four other presidential appointive federal officials, in Michigan have expired since New Year's and nothing has been done about any of them. They are Pension Agent James, at Detroit, term expired Jan. 16; Customs Collector Wheaton, at Detroit, term expired Jan. 30; Customs Collector Lillo, at Grand Haven, term expired Feb. 1; District Attorney Corvill, at Grand Rapids, term expired Feb. 14. Failure to reappoint or make new appointments to these offices adds interest to the story told in December that the plan of Secretary Burrows' managers to hold up all federal appointments until after the primary election next September, so as to make all of the candidates vie with each other as to which can deliver the most votes to Uncle Julius.

A LAUGH OR TWO.

There is more than one joke concealed among the dry statistics of the United States Postal Guide. For instance, there is the name of a postoffice in a little hamlet in Lincoln county, West Virginia. The inhabitants of the neighborhood made the usual petition for the establishment of an office, and the department, after determining to grant the request, made inquiry as to the name which the petitioners wished the office to bear. "We don't care what you call it," came the reply, "only we want a postoffice." And Wewanta it remains to this day—Youth's Companion.

Too Easy to Grow.

The disinfecting office boy had worked hard on a "salary" of \$2 a week. He was a subdued little chap, faithful and quiet. Finally, however, he pinched up courage enough to ask for an increase. "How much more would you like?" inquired his employer. "Well," answered the lad, "I don't think that fifty cents more a week would be too much." "You are rather a small boy to be earning \$2.50 a week." "I know I am small," he replied, "but to tell the truth, since I haven't had time to grow!" He got the raise.

A Gallery Echo.

At an interminably long performance of "Monte Cristo," with Charles Fechter in the character of the hero, the curtain rose for the last act at a quarter to one in the morning. Fechter was discovered sitting in a contemplative attitude. He neither moved nor spoke. Just then a clear, sad voice in the gallery exclaimed: "I hope we are not keeping you up, sir!"—Truth.

The Milky Way.

"The legislators who oppose laws compelling the pasteurization of milk," said Nathan Strauss, "bring forward arguments about as weak as that of the Maine milkman. "A lady summing in Maine said to her milkman severely: "See here, this milk of yours is half water and half chalk. What do you mean by advertising it as pure?" "Madam," said the milk manufacturer with withering dignity, "to the pure all things are pure."—Everybody's.

Personal Interest.

H. G. Wells, the novelist, tells a story of a gentleman next to whom he once sat at a public dinner. The conversation had turned upon one of his own books, and Mr. Wells had said something to the effect that "were there no self-seekers the world would be a very Utopia." This neighbor promptly observed, "I maintain that all water used for drinking and culinary purposes should be boiled at least an hour." "You are a physician, I presume?" suggested the novelist. "No, sir," was the unexpected reply. "I am in the coal line."—Buffalo Commercial.

Not Exactly Taxable.

Here is a story that is being enjoyed around the Wyandotte county court house, says the Kansas City Star. A county assessor was making a canvass for personal tax assessments. He called at the home of a widow in the Second ward, and in a paltry way said: "Madam, I am the personal tax assessor. What have you got?" "I've got two children and the rheumatism," said the widow, and she slammed the door in his face.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly reliable in all business transactions and financially able to carry out any obligations made by him. Wm. Walding, Kinman & Marvin, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. City Brevities

Yesterday's temperatures: Seven a. m., 14 degrees; noon, 22; 7 p. m., 19. Maximum, 24 degrees; minimum, 13.

E. L. Crull of Kenton was in the city on business Saturday.

L. Anderson of Brimley was a Marquette visitor Saturday.

The police commission will hold its regular meeting this evening.

H. G. Smith of L'Anse spent Saturday and Sunday in Marquette.

A. E. Archambeau left for Chicago last night on a business mission.

N. M. Kaufman has left for Ormond, Fla., after a few days' visit in the city.

J. H. LaRochele advertises a mnslin underwear sale today. See his advertisement.

E. A. Mortensen, of the Lake Shore Engine works, left for Butte, Mont., last night, on company business.

The Marquette Fluff Rug company announces that its solicitor, J. D. Thomas, will begin taking orders here this week.

E. T. Crane of Chicago, an experienced shoe salesman, has taken charge of the shoe department at Jacob Rose's store.

Judge R. C. Flannigan arrived in Marquette yesterday morning in connection with the term of circuit court which opens this morning.

A meeting of the committee recently appointed to select a board of directors for the Marquette baseball team will be held Tuesday evening.

Our Boys' band went to the prison yesterday and gave a concert for the enjoyment of the prisoners, who, not to be outdone, presented each of the boys with a souvenir of the occasion.

William Davis, ladies' tailor, will open a new department in his rooms at the opera house block tomorrow. He will supply tailor-made millinery of the latest fashion from the best imported models.

G. W. Gehrand, superintendent of schools, and Mrs. Frances M. Kelsey, of the Normal faculty, left last night to attend the national convention of school superintendents at Indianapolis, this week.

Fira Gun for "Drys"—The first gun in the local option campaign will be fired by the "drys" Tuesday evening, when Hon. Louis C. Cramton of LaPeere will speak against the saloons at the Marquette opera house. Mr. Cramton is one of the authors of the Warner-Cramton liquor law and one of the prominent members of the state legislature.

Court Begins Today—Circuit court opens this morning. As usual, it is expected that the court will go over the calendar this forenoon, accept pleas from those charged with criminal offenses and assign cases for trial and make such other entries as may be possible. Tuesday will be given up to the hearing of petitions for citizenship, of which there are fifty-seven.

Schumann-Heink Engagement—At the meeting of the Saturday Musical club the plans for the Schumann-Heink engagement were discussed. The date on which this great artist will appear in Marquette has been set as May 28, and she will appear under the auspices of the Musical club. Mrs. A. T. Roberts was Saturday elected treasurer of the committee that will have general charge of the engagement.

Masonic Committee Met—A meeting of the committees of the various Masonic lodges, appointed some time ago, to consider the erection of a Masonic temple in this city, held a meeting yesterday. The project, of which little has been heard for nearly a year, was taken up with considerable enthusiasm and it is a good guess that the temple will be a reality in the not distant future.

Baby Wants a Home—Rev. P. C. Boeltz, representing the Orphans' Home Finding association, was in our city last week on his annual visit. He said that he would be glad to find some good homes where a baby would be welcomed. So, if there are any good families in this community who would like to adopt a baby, son or daughter, they should write to the head office, which is located at Green Bay, Wis., Sta. A, 819 Cass street.

"Wets" Organize—A meeting of the supporters of the licensed saloons was held yesterday to complete an organization for the pending campaign on the liquor question. Committees were appointed and plans discussed for carrying on the campaign work. Mayor Rose, of Milwaukee, who will speak on the issue in this county in the latter part of the week, will be in Marquette Friday evening and will be heard in the opera house.

Big Crowds Saw Pictures—Howe's moving pictures at the opera house Saturday afternoon and evening attracted the usual large crowd at both performances. Owing to late trains, the show did not arrive until about 4 p. m., but the opera house was filled at least an hour before that time. The program proved no less interesting than those of former engagements, and the United States army and navy scenes were spoken of with especial favor.

Vaudeville at the Bijou—Oma Crosby's Kinkies will be the headline attraction at the Bijou this week, commencing this afternoon at 3 o'clock. The Kinkies are a trio of very clever colored performers, two sisters and a brother, the last possessing a wonderful baritone voice. Their act is one out of the ordinary and has received very favorable comment wherever they have appeared in this locality. One of the numbers worthy of particular mention is a Zulu love song. The moving picture program will change as usual today, Wednesday and Friday.

In Arms of Divorced Wife—Clay Clement, the actor, playwright and author, well known in the upper peninsula, whose demise occurred at Kansas City a few days ago, is said to have passed away in the arms of his divorced wife. His present wife, who is with a traveling theatrical company, had not been informed that he was seriously ill. When his illness became serious, the actor hurriedly sent for his divorced wife, who was Miss Kathleen Kerrigan. She went to him from Chicago and nursed him through his last illness. The body was taken to Paris, Texas, for burial, in accordance with Mr. Clement's dying request.

Not Anti-Saloon League—According to the leaders in the Marquette county prohibition movement, the generally ac-

cepted impression that the Anti-saloon league is leading the fight against the saloons is erroneous. It is positively stated that the "dry" campaign will be waged under the direction of the executive committee chosen at Negaunee last week, of which Rev. E. C. Planette is chairman. Rev. Mr. Rutledge has no place on this committee and the Anti-Saloon league intends to take no active part in the campaign, other than in an advisory capacity. The "dry" campaign will be financed by local subscriptions, it is said.

Liberal Subscriptions—Miss Maggie Walz, founder of the project to purchase the Hotel Superior and convert it into a home for school girls and women, reports that about \$11,600 has already been subscribed to the cause, and mostly from residents of this city. One man has given \$5,000, two others \$2,500 each, and three have subscribed \$500 each. The remainder has been subscribed by fifteen or twenty other persons, ranging from \$5 down to \$1. Mrs. Walters of Marcellus, president of the Michigan Audubon society, will be in Marquette Thursday and will speak in the interests of the hotel project at the city hall Thursday afternoon.

City Hall Refused—A meeting of the council committee on public buildings was held at the city hall Saturday afternoon, at which it was decided to refuse the use of the city hall assembly room for discussions relating to the liquor traffic in the local option campaign. The committee was of the opinion that the city hall is for public city purposes only, and that local option discussions cannot be classed as such. Both "drys" and "wets" are to be treated alike, and all temperance and licensed saloon orators who may be brought to Marquette the next few weeks will have to speak elsewhere than in the city hall. The "wets" have secured the opera house for the address to be given by Mayor Rose of Milwaukee.

Brothers Received at Prison—Richard and George Hicks were enrolled at the branch prison yesterday, having been sent up from Pontiac for burglary, under sentence of from seven and one-half to fifteen years. The two were brothers of Monroe Hicks, the Pontiac hotel keeper who was recently sentenced to Jackson, and were implicated with him in wholesale robberies. When the hotel was raided some time ago, the Hicks place was found filled with stolen valuables, much of which was stored away in secret and out-of-the-way places. On the first search, the officers overlooked a large amount of the booty, which was later recovered when one of the brothers accompanied the officers to the hotel and disclosed its whereabouts.

INSURE WITH PETER WHITE & CO.

Upper Peninsula

Gospel Meetings at Factories—

An example of progressive religion is being given by Rev. Mr. Kamm, of the Menominee Baptist church. He has recently introduced the innovation of weekly prayer meetings at industrial institutions. Every Thursday noon, accompanied by a quartet of singers, he gives a reading of the scriptures and a short talk to the men employed at the Prescott Iron Works. Every Tuesday noon he invades the mills and plants of the Sawyer-Goodman company in Marinette. The venture has proved a great success and Mr. Kamm is considering extending it to other industrial institutions. The men listen attentively to the sermon and singing, and at no time has there been a tendency to treat the matter lightly. In pursuing this policy Mr. Kamm is acting upon a precedent established in larger cities, where these religious hours are becoming a fixed thing.

Ore Dock Work Hampered—

In spite of serious delays occasioned by the failure of timber to be received when needed, the officials of the Chicago, Milwaukee & St. Paul company expect to complete all of the extensive repair work at the ore dock at Wells before the opening of navigation. Timber has just arrived after having been in transit from the Pacific coast for over four months, and as some of it was needed for work that was reached several weeks ago, progress has been seriously hampered. Practically all of the timber required is now at the site, however, and it is not believed that any further serious delays will occur. A great deal of repair-work is being carried out this winter and when it is completed the dock will be as good as new. Similar hindrances have been experienced throughout the winter by the builders of the Northwestern pier No. 5 dock at Escanaba. Timber that was shipped from the coast two and three months ago is only now beginning to appear.

Fast Player for Escanaba—

The Chicago News says: "Johnny Enders, a local semi-professional baseball player, accepted an offer today to play with Escanaba, Mich., this summer and refused an offer from President Elliott of the Wisconsin-Minnesota league to play on one of the clubs of that organization. President Elliott sent him a contract with a fixed salary, while Escanaba has given him a contract and also a position with a business house there which will bring him more than the salary offered him by the Wisconsin-Minnesota league executive. Enders is to play right field for Escanaba. He hit well last summer the Chicago Warrens. His average was far above .300 and in gaining that mark he did not strike out more than four times all season. He played only one game a week then, but expects to engage in at least three a week this year and expects to have a much higher average. Escanaba is not in any league, but may join the Marquette-Alger organization which is composed of such teams as Minnigishippenaw and Negaunee. The league is eager for Escanaba to join. Directors of the Escanaba club secured most of their players from minor leagues. Enders will go there this week to take up his position with a firm as bookkeeper."

NATIONAL BANK RESERVES.

The law requires every national bank located in the three central reserve cities, New York, Chicago and St. Louis to maintain a reserve in bank of 25 per cent; the same rate is required for other reserve city banks, but one-half of the amount may be deposited to their credit with correspondents in central reserve cities. Country banks are required to maintain a 15 per cent reserve, two-fifths of which must be in bank and three-fifths may be with correspondents.—Chicago Examiner.

WORKMAN KILLED AT SECTION 16 MINE

LIFE OF MINER CRUSHED OUT WHILE HE WAS ATTEMPTING TO CRAWL BETWEEN SHATTERED TIMBERS AND CAR

John Couch, a miner employed at the Oliver Iron Mining company's Section 16 property, was killed Saturday afternoon, and his partner was injured, but not seriously. The body was not recovered until an early hour yesterday morning.

Couch and his partner were working at the breast of the 300-foot level, when they heard the timbers above the tram car, directly back of them, cracking. Before they had time to get out of the ground came in, the greater part of the broken timber falling on top of the car. There was an opening between the roof and the top of the car large enough for a man to crawl through, so the men decided to get out, if possible, as they feared that should the ground continue to fall they would be killed.

Couch mounted the car after his partner, and he had just reached its top, when a second fall of dirt occurred, crushing out his life instantly and filling the opening between the car and the breast. His partner had just jumped a piece of the falling timber, but he got away from the moving mass. Working from another part, in an effort to rescue Couch's body and they continued uninterruptedly until it was taken out.

The deceased was twenty-three years of age and he had been in the country but four months, having come to Ishpeming direct from his native place in England, where he leaves a widow and three small children. His parents are also living. John, Thomas and William Sleeman, all well-known residents of Ishpeming, are brothers-in-law of the deceased. The remains will be taken from Undertaker Mudge's morgue this morning to the home of the former, at the Salisbury. The time of the funeral has not yet been decided on, but it will likely be held tomorrow afternoon from the Salisbury Methodist church, under auspices of the Trustees, Sons of St. George, which the deceased joined three months ago.

Coroner William Prin will empanel a jury this morning and an inquest will be held later in the week.

WELLKNOWN ITALIAN RESIDENT EXPIRED WHILE ATTENDING SOCIETY MEETING.

Dominick Papa, one of Ishpeming's best known Italian residents, died suddenly yesterday morning while attending a meeting of the Ishpeming Italian society in the Convent hall. He was apparently in his usual good health when he entered the hall, but the meeting had been in progress but a short time when he fell from his chair dead.

The deceased was fleshy, and it is thought that the climbing of the stairs to the hall, which is in the third story, affected his heart. Papa was about sixty years of age and is survived by six adult sons and daughters. He conducted a shoe repairing business on Division street, between the stands occupied by Frank Northey and Timothy Coyne.

The funeral will probably be held Wednesday morning from St. John's church, under auspices of the Italian society.

HOWE'S MOVING PICTURES.

The Milwaukee Daily News of recent date said of the program that will be presented here by the Howe Moving Picture company Friday evening: "The Pathester had a big audience last night to greet Admiral Dewey, Rear Admiral Schley and the soldiers, military and cadets in the 'United States War Game' moving picture reproduction that Lyman H. Howe features in his travel festival. The government gave the exhibition special facilities in photographing in the hope that a greater interest in our army and navy will come of it."

"The Howe organization presents the phases of war in a most vivid manner by the use of sound effects. The spectacle of the biggest guns in the navy hurling giant projectiles against the armor plate in existence is very exciting to the spectators. Last night found little difficulty in imagining they were really but fifty feet from the shell flying around them. Both Dewey and Schley came in for a great welcome when they appeared in front of the audience. These pictures are the only ones in existence of the naval heroes as they are today.

"A ship at sea in a storm, wild birds feeding their young, in natural colors; winter sports at St. Moritz, logging in the woods, the volcanic island and animals, impression of music are other interesting subjects. The humorous incidents of the new program are of the lively character that give the Howe imitators opportunity to get the action of the scenes with clever conversations. This mimicry brings out many very funny situations."

TO REARRANGE HANDICAPS.

First Series in Bowling Tournament Will End This Week.

The Indians are still at the head of the handicap bowling league being conducted at the Bank street alleys, but they are being overtaken by the North Lakes. The first of the three series of games will terminate this week, when the handicaps will be rearranged for the second series, to begin next Monday evening. The teams now stand as follows:

Team	Played	Won	Lost	Pct.
Indiana	24	17	7	.708
North Lake	24	16	8	.667
Miami	18	11	7	.611
Live Oak	21	11	10	.524
Lakes	21	11	10	.544
Grouse	18	9	9	.500
Wolverines	21	10	11	.476
Ray Central	21	8	13	.386
Superiors	24	8	16	.333
Oneco	24	7	17	.292

INDOOR SERIES.

The Ishpeming Young Men's Christian association's indoor baseball team and the Negaunee Unions will play a series of seven games for the Marquette county championship, the first contest taking place at the Adelphi rink, Negaunee, Friday evening. The second game will take place at the gymnasium here some evening the following week. It is planned to play two games a week after the first contest until the series is finished. The teams played two games a few weeks ago, the Unions winning both of them, but the scores were close.

The Y. M. C. A. basketball team is also to have several contests in the next few weeks. The games already scheduled are with the Marquette City team, at Marquette, next Saturday evening and with the Mining Young Men's Christian association's team, at Negaunee, a week from tonight, the 8th. The Calumet Y. M. C. A. team, which is to make a tour of the iron and copper districts, will play the Ishpeming five on the evening of April 2. The copper country men will play their first game on the tour at Crystal Falls on the evening of March 22. The Calumets and College of Mines teams are soon to start playing a series of five games for the championship of Houghton county.

DIED SATURDAY.

William Delany, an old and well-known resident of Ishpeming, died Saturday morning, after a month's illness with stomach trouble. The deceased had been in poor health for some few years past, but was able to work until a month ago. The deceased was about thirty-five years of age and survived by his widow and several children. The funeral will be held tomorrow morning at 9 o'clock from St. John's church.

I hereby give notice that my piano studio in the Quayle block, 217 South Main street, will be open for business on Friday, the 25th inst., where I shall be glad to receive piano pupils, in all grades. Ernest E. Collins, of Guild Hall School of Music.

By arrangement with a qualified instructor, I shall conduct a select dancing class every Monday evening, at the same address, commencing Feb. 28, at 8 o'clock p. m. Those wishing to join please apply at home.

FROM MORGAN'S CURB LETTER.

The optimistic tone of yesterday's market gossip was completely reversed today. Talk of widespread labor troubles for the railroads, and spreading of the strikes now on at Philadelphia and Pittsburgh was freely circulated. New York looks for a sagging market followed by an aggressive bear campaign. The market opened somewhat lower and slowly receded during a dull and uninteresting session. The losses ranged from a small fraction to a point.

Lake was the feature in an otherwise dull Boston market, opening at 78 1/2, it rapidly fell down to 71 1/2 and later recovered to 73 and again declined to 73 1/2. North Butte was also very active, with a resulting loss of 1 1/2 points. The Lake stocks were all weaker. Greene Canaan and Gironoux about held their own. Butte reports a settlement of the strike in sight, as the unions are arranging an amicable settlement. Further large purchases of copper by consumers are expected the coming week. Boston looks for a quiet market until the New York market conditions become more settled.

Saturday's prevailing prices were:

ISHPEMING IN BRIEF.

Mrs. G. C. Barnett entertained the members of the Luncheon club Saturday afternoon.

Miss Louise Kennedy has returned from Chicago, where she spent the past few weeks.

The Cook Stock company closed a successful week's business at the Ishpeming theater Saturday evening.

Patrick Gallery and wife arrived home Saturday from their Pacific coast trip, after an absence of a month.

Thomas Kinsman and his sister, Mrs. George Davis, are here from Butte, Mont., on a visit to their folks.

Miss Bangs returned to her home at Iron Mountain Saturday, after a visit with her sister, Mrs. Max Barber.

John I. Keeton, wife and son returned to Gwin Saturday, after a few days' visit with Bert Ramsdell and family.

Major Morton will conduct meetings at the Ishpeming Salvation Army barracks next Thursday and Friday evenings.

Master Murray Spitzer entertained a number of his young friends at his parents' home in the Lee flats Saturday afternoon.

Captain Thomas Willis of Calumet gave a pleasing entertainment at the Salvation Army barracks Saturday evening. The attendance was large.

The International and Business Boys' baseball teams of the Young Men's Christian association met Saturday afternoon, the former winning by a score of 12 to 9. The C. R. C. basketball team defeated the Wireless boys by a score of twenty-six to thirteen.

For the annual banquet of the Hibernal and Ladies' Auxiliary societies, to be held on the evening of March 17, tickets will be sold to members. In the event others can be accommodated, the members can purchase tickets for members of their families, only.

Mrs. Anna Walters of Marcellus, president of the Michigan Audubon society and one of the foremost club women of the state, will speak in the Methodist church Wednesday evening. Mrs. Walters will discuss the project to convert the Hotel Superior at Marquette into a school and home for girls and women. The lecture will be free.

Friday night's storm was too much for the employees of the street car system. The rails were heavily coated with ice and about 5 o'clock that evening one of the cars left the track three times near the entrance to Cleveland Park. The plover was in between the derailed car and the car on the Ishpeming end. The latter got stalled and could not get back to the switch to let the plow out. Manager McVorkindale and eight of his men worked at the derailed car until 1 o'clock Saturday morning before they got it into the barn. The early trip was missed Saturday morning for the first time this winter.

THE KING AND THE MUSTACHE.

It is well known that King Edward considers his mustache as an unnecessary adjunct for a clergyman, comments the London World. Some time ago His Majesty, being on a visit to a well-known peer, observed that the chaplain, who was also rector of the parish would be improved in appearance by removing his mustache. This criticism was reported to the young cleric, who forthwith took the hint and applied for a clean shaven. On the King's next visit he inquired as to the identity of the clergyman who was invited to dinner, not recognizing his changed appearance. Some very complimentary remarks and not a little amusement on the King's part followed the discovery that how His Majesty's former hint had been acted upon in so practical a manner.

IS A BIG SUCCESS.

One of the leading attractions that will be offered to the patrons of the Ishpeming Theatre during the present dramatic season is George Broadhurst's great American play, "The Man of the Hour," which will be presented tomorrow evening. It is one of the biggest hits in the history of the stage and goes merely on its way sweeping everything before it. An entirely new scenic equipment is carried this season.

HANDICAPPED.

This Is the Case With Many Marquette People.

Too many Marquette citizens are handicapped with a bad back. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing sleep, and in the morning is stiff and lame. Plasters and liniments may give relief, but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

Doan's Kidney Pills cure sick kidneys and cure them permanently.

The following statement should convince every Marquette reader of their efficiency:

James Simmons, 317 E. Hughtit St., Iron Mountain, Mich., says: "I had kidney trouble for ten years and suffered greatly from a lame and aching back. At times I could hardly drag myself around and should have been home instead of working. I had to be careful when stooping, as sharp, shooting twinges darted through my body. The kidney secretions were very irregular in passing, and in the morning I was obliged to get up five or six times to void them. I heard so much about Doan's Kidney Pills that I finally decided to try them and procured a box. In a few days after using the remedy my condition was greatly improved and before long the backache was relieved."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

M. J. Olson, the piano tuner, can now be reached at County telephone No. 320, or by mail, at 400 East Ridge street, Ishpeming. First-class work guaranteed. (1-12-1f)

PROTECTING THE EYES.

New York School Authorities Make Rules for Safeguarding Sight.

Statistics of the board of health show that more than 23 per cent of the pupils of the upper grades of the elementary schools suffer from ocular defects, and that this percentage increases from grade to grade through the schools. The conclusion is that such marked increase in defects in vision is caused by the amount of close work required by the present curriculum both in the school room and at home.

With a view to putting in practice

THE SUBSTANCE OF LIFE.

In middle age we no longer expect to find happiness lurking round the corner. All the more do we begin to look life in the face to see what it really is; and thus seen, it acquires a value, a substantiality we had not noticed before. Some men never reach middle age—as thus defined—at all. The poet thins dies young in every man, rarely if ever does. The professional poets went young to their graves whether with Chatterton's years or Walt Whitman's. They have their compensations—generally, the poets—but no man who has tasted good life, real and solid and good in itself, would wish to return to the stage in which life is a mere medium for sentiment, or love, or animal spirits. Perhaps this is a reason why Harper's Weekly, why so many men of business and affairs are inclined to be rather kind that better even than fine things said about life is the life itself.

Romantic passion is out of sight in the wake, gone down the wind, but the affections are quite satisfying once one reaches them. After all, the only romantic lovers who hold out to the end are the unhappy lovers. Since time was, matrimony and work and steady aims have always plowed the romantic emotions under. While the strong patience and affection that can never easily in double harness would never burn Troytown or lose Actium's sea-fight, it creates the world three times anew each century and does the world's work faithfully. No lovers would change with Philonon and Raucis, but no hard-working couples of whom we have record would be young lovers again. They would as soon change to a pair of whispering trees or to harmless and beautiful green and gold snakes sunning themselves in a mountain dell. Work done, no more fevers and chills, no more fits and starts for them; rather reabsorption into the strength and silence and patient endurance of the natural world.

Negaunee Department
TAKES NEW POSITION.

NEGAUNEE'S HOSE HOUSE NEARING COMPLETION

CONTRACTOR SPAULDING EXPECTS TO BE ABLE TO TURN IT OVER TO CITY IN THREE WEEKS.

Contractor Spaulding, who is erecting the new hose house building, will endeavor to complete the work within two weeks. He has had difficulty securing first-class carpenters for the finishing work, but the building would have been completed by this time, but with his present force the interior work will be finished in three weeks. He also expects to complete the metal work on the tower within that time. Carpenters will complete laying the hardwood floors in the second story rooms today and the painters have already given the windows, doors, etc., the first coat of graining.

Few Negaunee people have any idea what the interior of the building looks like, as the contractor has not permitted them to see through it. He announced when the work was started that only those who had business there would be allowed to inspect the building until it was ready to be turned over to the city. There are very few hose houses in the upper peninsula that are as convenient or attractive.

The rooms are of ample size to meet the city's requirements for many years to come. Although new equipment has been ordered there will still be space to spare for additional equipment in the main room on the first floor. Among the new equipment to be installed will be a hook and ladder truck and a chemical engine. An additional hose cart, or wagon, will be purchased later.

There are six single stalls immediately back of the equipment room and behind them there is to be a box stall, to be used for sick horses. It will be located at the southeast corner, and the feed room will be located at the southwest corner. The latter will extend to the second floor and the feed will be brought down in chutes. The oats, hay, etc., will be taken in through a door on the second floor, leading to the alley.

The first floor rooms will have cork pine flooring three inches thick. The floors in the stalls will be concrete and will be about two feet above the regular floor, to secure proper drainage. The main double doors leading to the vestibule at the front will be opened either by electricity or by pull cords. The front entrance to the main floor will be through the two large doors. There is also a side entrance to the main floor, leading from the stairway approaching the second story. A side entrance also leads to the second floor opening at a point between the main side entrance and an entrance to the horse stalls.

The hall on the second floor will be one of the largest and most convenient in the city. There will be ample space for parties conducted by the department. The floor is first-class white maple and is to be highly polished. The trimmings throughout the building are Georgia pine.

There is a vestibule at the top of the stairs, leading to the hall. The upper story is provided with a ladies dressing room and toilet and at the rear there is a bath room and toilet for the men. The latter room is to be provided with both tub and shower baths. The firemen's sleeping quarters are large enough for the men, beds or cots, but only two will be necessary at this time.

The lighting arrangements in the building have been well planned. The pole leading from the sleeping quarters will bring the men into the hallway between the two sets of stalls. As the first man descends the pole he comes in contact with a magnetic switch that throws on all of the lights on the lower floor. The lights on each floor are regulated by ten different circuits. All of the switches on the first floor are on the stairs, and those on the second floor are in the vestibule between the doors leading to the hall and sleeping apartments. The stall doors will have electric connection with the fire alarm system and will open automatically every time an alarm comes in. The doors will be trained to leave the stalls as soon as the doors fly open, so that they will be in their places under the harnesses before the drivers and firemen can get down from the floor above. The harnesses will be arranged with drops.

The building is heated by steam. The hose tower, which has an entrance leading from the main room on the first floor, will be heated. The tower floor is of concrete and the drainage pipes are connected with the sewer system.

DEACON WAS A SMART MAN.

Success of His Idea Explained Why Grocer Went Bankrupt.

Opposite the railroad depot, where the colonel had to wait for an hour or two, was a grocery kept by a colored man, and to pass the time away he strolled across. Business seemed to be very brisk with the grocer, though all his customers were of his own color. The colonel noticed that sugar, tea and coffee were asked for most frequently, and during a temporary lull he approached the battered old scales, on which everything was weighed, and picked up some of the weights. The hollow in each had been filled with lead, and it was quite sure that a pound weight would balance 20 ounces of coffee. By and by it was remarked to the old man:

"I see you have filled your weights with lead?"

"Yes, sah—yes, sah," was the reply.

"What was the idea?"

"To keep de dirt outa de holes. Can't get no dirt in 'em now."

"Was it your own idea?"

"No, sah. I nebber should have dun got dat idea but for Dekun Williams. De dekon said it was de way dey did down in Atlanta, and he fixed 'em up fur me widout cost."

"The dekon buys all his groceries here, doesn't he?" was asked.

"He do sah. Yes, sir, no white man kin git de dekon's trade away from me."

He was asked to take his weights over to the depot and see how they held out, and he picked them up and started off with a puzzled look on his face. They were placed on the scales one by one, and when the last had been tested the old man threw up his hands and exclaimed:

"Defo' de Lord, but it am no wonder Ize gone into bankruptcy fo'teen different times and had to sell my new and make de old woman go bare-foot! Dat ar' pound weight weighs 20 ounces, and every time Dekun Williams or anybody else has bought a pound of sugar he has got one half of a pound ober! Show! Show! Ize gwin back to close de stoah and put up a sign of 'Busted Agin!'"—Exchange.

The man who never makes a mistake never does anything. You cannot make a mistake if you call at

"SAM'S DEN"

Billiards, Pool, Tobacco, Confectionery, etc.

BOYS UNDER 17 NOT WANTED

LOCAL LACONICS.

Thermometers in Negaunee registered from twenty to twenty-five degrees above zero Saturday morning, a rise of forty degrees in twenty-four hours.

George D. Sherman, the concrete contractor, is spending a few weeks at Dallas, Texas. He advises friends here that he will return home the first of May.

D. B. McDonald, the diamond drill contractor, spent Friday on the range, looking over his firm's operations. He left that night for his home on the Mesaba.

The board of education decided Friday evening to close the schools on the evening of Wednesday, March 23, for the Easter vacation, and to reopen them on Monday, the 29th.

Captain William Corkhill of the Volantier Ore company's mine, Cascade range, who was injured about ten days ago, expects to be able to resume work tomorrow or Wednesday.

The teams participating in the bowling tournament at DeFrance's alleys will be matched this week as follows: Tonight, Indians and Lions; Tuesday, Cubs and Bismarcks; Wednesday, Eagles and Wolves; Thursday, Ravens and Pikers; Friday, Colts and Tigers.

Sam G. Stephens, proprietor of the billiard and pool hall and bowling alleys in the Sundberg block, announces in this issue that he will not permit boys under seventeen years of age to use his tables or alleys. Mr. Stephens has built up a fine patronage during the short time he has been in business.

There will be three exceptionally strong attractions at Ishpeming theater this week that will be largely patronized by Negaunee people. They are "The Man of the Hour," tomorrow night; "The Great Divide," Henry Miller's own company, Thursday evening, and "Howe's Moving Pictures" Friday evening.

Mrs. Walters, president of the Michigan Automobile society, will speak in the hall over the City Drug store Wednesday afternoon, in the interest of the Marquette Hotel Superior project, a movement being on foot to convert the hotel into a home and school for women and girls. No admission will be charged.

Both the city's sidewalk plows, also the big road plow, were operated Saturday. The walks and roads were in bad condition in many places. The snow was wet and soggy and was hard to handle. The road to the cemetery was opened Saturday morning. Men and teams will be put to work today removing snow from iron street.

Miss Bessie Gilbert, of this city, and William Tippet, of Ishpeming, were united in marriage Friday afternoon at the Mitchell Methodist church parsonage. Rev. D. C. Plannett, the pastor, performed the ceremony. The bride and groom left that evening for Milwaukee and Chicago on a honeymoon trip. They will reside at Ishpeming.

Mrs. D. D. Smith arrived home Saturday from Green Bay, where she spent a week visiting her sister, Mrs. C. I. Smith. The latter has gone to the Hinsdale (Ill.) Sanitarium, where her father, Charles Muck, Sr., is a patient to receive treatment for rheumatism. Mr. Muck is improving as a result of the bath and massage treatment.

We are this season making a specialty of **LADIES' TAILORED SUITS** including LINEN GARMENTS for summer wear. We guarantee correct styles and first-class workmanship. Call and see our new lines.

H. J. PETERSON

BOULSOM BLOCK. NEGAUNEE, MICHIGAN.

WILL MEET TONIGHT.

The members of the committee appointed by the baseball fans at a meeting held a week ago tonight for the purpose of selecting a board of managers for the league team, will meet this evening at 8 o'clock in T. A. Thoren's office, in the First National Bank building. Besides naming a board, the members of the committee will discuss the plan of entering into a playing arrangement with the Escanaba, Rapid River and Gladstone teams, as outlined in a recent issue of The Mining Journal. The sentiment for a three-team league in this county, with a playing arrangement for games with the Delta county nine, seems to be practically unanimous among the Negaunee fans. The Ishpeming men are also in favor of the plan. With Marquette in line it now seems certain that a satisfactory agreement, both with reference to schedule and division of the receipts of the games, can easily be reached.

BOWLING SCORES.

The Indians and Tigers, two of the teams participating in the league series, rolled a very close match Friday evening, the former winning by twenty-two pins. The scores were:

Indians	Tot.
Mitchell	137 138 190 465
Willman	148 140 132 420
Trembath	145 132 130 407
Totals	430 410 432 1272
Tigers	Tot.
C. DeFrance	167 184 158 509
Heinonen	138 140 130 408
Northy	113 145 95 353
Totals	418 469 383 1270

LAKE SUPERIOR ICE BEING HARVESTED

CUTTING IN PROGRESS NEAR LIGHTHOUSE POINT AND WEST OF PRESQUE ISLE.

IT IS OF EXTRA QUALITY

For First Time in Five Years Ice of Sufficient Thickness for Commercial Purposes Has Formed.

For the first time in five years, during the past week it has been possible to cut ice off Lake Superior, and in spite of the ordinance recently passed by the city council, the people of Marquette are likely to have ice the purity of which cannot be questioned during the coming summer.

The Lake Superior ice company is cutting between Picnic Rocks and Lighthouse point, almost directly off the shore from their ice houses. The ice is being taken some distance out from shore in from nine to eighteen feet of water. It is from eleven to thirteen inches thick and of pure clear blue color, with no snow on top.

Officials of the company say that it is the best ice they have been able to get for a number of years and it is well known that ice from open Lake Superior water cannot be surpassed anywhere.

One ice house is to be filled with Lake Superior ice, already having been filled with ice cut from Mineral Springs pond, near the brewery, which is supplied by the same stream as that from which the Polaris spring water is obtained.

Cutting Near Presque Isle.

The Marquette ice company is also cutting pure Lake Superior ice in the bay west of Presque Isle. This ice is said to be from thirteen to twenty inches thick and of the very best quality. This company has already filled one ice house with Dead river ice, but the downtown house will be filled with that from Presque Isle, and the manager states that only the Lake Superior ice will sell for domestic purposes.

ALAS, POOR DOGGIE.

Playful Pup Comes to Grief Through Sabbath Day Misbehavior.

The usual Sabbath quiet on Front street was most sacrilegiously broken yesterday afternoon by a playful but very ill-mannered little yellow pup. And like most youngsters that embark on illicit and clandestine Sunday escapades, he came to grief. Several Sunday strollers who were taking an afternoon walk and enjoying the bright sunny day were rudely disturbed in their hallowed meditations and observations by this self-same pestiferous pup, who, in a playful and perhaps Satanic mood, ventured out on the street and proceeded to amuse himself by snapping at the heels of innocent bystanders.

Officer Hogan was called on to put doggie where he could do no more damage, but the officer found his much harder task than running in a drunk. Wise puppy evidently knew the officer of old and had no reason to feel particularly friendly toward him, for upon spying the brass buttons, blue coat and up-lifted cane, his dogship made off up the Front street hill as fast as four legs could carry him.

As two legs was the most that Hogan had at his command, the pursuit was futile and doggie was soon out of sight. But alas, the presumptions pup did not know enough to let well enough alone. A short time later he returned to the downtown district, and when the officer again got hot foot upon his trial, doggie retreated up West Washington street, gaining wisdom by experience, Officer Hogan this time scores in a number of boys as deputy policemen and set them out after his dogship. Shortly after, the pup was brought back, duly arrested and a charge of disorderly conduct placed against him. Unable to give bail, the young canine was forced to spend last night behind locked doors, and it is said that upon his trial this morning, he will be convicted and given a death sentence without reprieve or stay of execution.

Every cow at the Marquette City Dairy has stood the tuberculin test. January 20-21, 1910, by Dr. Deadman and is warranted to be in perfect sanitary condition. (2-14-1m)

LOST TO ISHPERING.

Marquette Defeated and Basketball Championship Goes to Negaunee.

The Marquette High school basketball team was defeated at Ishpeming Saturday afternoon by the score of 28 to 27, giving the Negaunee school the basketball championship of Marquette county. The result was a surprise to the local team, as they had expected to win an easy victory from Ishpeming High, that team having been badly defeated in every game before played. Perhaps over-confidence was in some measure responsible for the defeat, though the Marquette boys threaten to protest the game on the ground that one of the Ishpeming players was ineligible to play. The defeat is taken especially hard, as to have beaten Ishpeming would have made Marquette and Negaunee a tie in the series of games, and by defeating Negaunee in the extra game that would have to have been played, Marquette would have won the championship of the county. The championship is worth working for, as the winning team of the league has been invited to participate in the University of Wisconsin basketball tournament next month, at which high schools from all parts of the Northwest will be represented. The Marquette boys have been counting on this trip, but in the light of Saturday's defeat there is now some uncertainty about its being taken.

Eight games between the three high schools have been played, each team meeting every other in two games. Negaunee has won twice from Ishpeming and once from Marquette, giving the team a percentage of .750, with three games won and one lost. Marquette has won and lost one game with both Negaunee and Ishpeming, giving the team a percentage of .500. The Ishpeming team has won one game from Marquette, and lost one to Marquette and two to Ishpeming, giving a percentage of .250.

DON'T LICK STAMPS; YOU'LL GET GERMS

IN SPITE OF MANY LETTERS WRITTEN, FEW PEOPLE KNOW HOW TO AFFIX POSTAGE STAMPS PROPERLY.

There are many ways to put a stamp on an envelope, but there is only one right way. That way is this: Grasp the envelope firmly in the right hand, preferably holding it (the envelope and the hand) by the lower left hand corner. Then, with a quick motion, lift the upper right hand corner of the envelope to the lips, open the mouth as wide as the size of the envelope many necessitate, and set that upper right hand corner. This can be done very deftly, especially after practice. Then quickly seize the postage stamp in the left hand, and slap it down on the wet spot on the envelope. Pat it gently with the right hand or the handkerchief. Then drop the letter in the slot and Uncle Sam will do the rest. That is a method of putting on a stamp that might be universally practiced. It is doubly valuable. In the first place all the gum that was on the stamp originally stays there and helps hold it in place. This prevents it falling off, stops a "postage due" at the other end of the line, and keeps your correspondent in good humor. When the method of "licking" the stamp is used, some of the gum gets on the tongue instead of the place where the government intended it to be. Then there is the matter of health. It is your own envelope, and if you see to it that no germs are loitering around on that upper right hand corner, it isn't at all necessary to eat a few in order to write a letter and get it mailed. And that this germ proposition isn't all a joke is proven by the postoffice department itself.

That department has issued an order to the effect that all stamps when sold in the New York office must be delivered to customers gum-side up—"gum-side up" referring, of course, to the stamps. This is to be done to prevent the stamps from grabbing a few germs from the counter, making away with them against the laws in such case made and provided, transferring them to tongues of mortals, and thereby overworking physicians, undertakers and tombstone carvers.

THEATRICAL.

"The Great Divide."

"The Great Divide" has been booked for the opera house Wednesday night. Every one who keeps in touch with things theatrical will welcome a chance to see this dramatic offering again. No play ever written by an American dramatist has won more widely heralded approbation by the dramatic reviewers. Many critics have called it the "long awaited great American play" and all theatrical writers of the English-speaking world have agreed that it marks an epoch in American literature, and it has never yet had an adverse criticism as a forceful, brilliant and thoroughly American drama. "The Great Divide" comes here under the direction of Henry Miller, who presented the piece in New York, first at the Princess and Daly's theaters, and later at the Academy of Music for over 500 performances to capacity business. It is claimed that the production, including the entire scenic equipment, will be given here precisely the same as during the metropolitan engagement.

A well informed Marquette lady meets milk man at the door with this question: "Have your cows stood the tuberculin test?" Milk man: "No, I don't believe in it." Lady: "I do, and I don't want any more milk from untested cattle." (2-26-1w)

BOWLERS ARE OFF FOR THIRD ROUND

HANDICAPS REVISED AND EIGHT FIVE-MEN TEAMS START FINAL BATTLE TONIGHT—FOARD-VAN CUP CONTEST.

The second round of the five-men handicap contest at the downtown alleys was finished last week, each team having played forty-eight games. The Square Deals are in the lead with twenty-nine games won, closely followed by the two Guild Hall teams and the Canucks. The third and final round will commence this week. Each team will play twenty-one games in this round, which will continue up to and including the week of April 11. The individual handicaps have been again revised according to the scores at the end of the second round. This plan gives no chance for mistake or favoritism and continues in high favor among the bowlers. Interest in the final result is on the increase. At least four teams besides the Square Deals are within halting distance of the top and every game from now on will be fought for all it is worth.

The team standings at the end of the second round are as follows:

Team	W.	L.	P.C.	Av.
Square Deals	29	19	604	835
Guild Hall "A"	27	22	562	843
Guild Hall "B"	26	22	541	824
Canucks	25	23	520	834
Vikings	23	25	479	829
Lafayettes	22	26	458	825
Bismarcks	21	27	437	826
Pilgrims	18	30	375	790

Individual averages and the handicaps for the third round are as follows: Square Deals: Drummy 161, (handicap 26); Coleman, 165 (35); Wheeler, 176 (9); Russell, 168 (26); Rose, 147 (45). Guild Hall A: A. E. Miller, 163 (handicap 9); Williams, 169 (37); Roberts, 168 (42); Spear, 173 (30); Bart, 169 (25); Menhennet, 170 (19). Guild Hall B: Carr, 171 (handicap 7); Stewart, 160 (45); Robertson, 176 (9); Brotherton, 174 (9); C. W. Miller, 163 (28). Pilgrims: Ford, 158 (handicap 7); Wade, 172 (0); Davis, 174 (0); Dr. Anderson, 162 (24); Stafford, 174 (6); Lowe, 172 (17). Vikings: Jeanson, 163 (handicap 0); Manes, 160 (0); Frei, 167 (34); O. Anderson, 174 (8); Rydholm, 163 (19). Lafayettes: Marotte, 167 (handicap 18); Reau, 167 (43); Bolduc, 164 (45); Fennessy, 169 (17); Cain, 154 (45). Bismarcks: L. Shauer, 166 (handicap 28); E. Shauer, 166 (20); A. Shauer, 165 (45); Zerbel, 165 (41); Webb, 170 (1).

The schedule for this week follows: Monday, Canucks vs. Guild Hall B; Tuesday, Square Deals vs. Guild Hall A; Wednesday, Vikings vs. Pilgrims; Thursday, Bismarcks vs. Lafayettes.

The pair cup contest between Allen-Miller and Foard-Van Idersite last week resulted in favor of Allen-Miller by thirty-five pins. The total scores were: Allen, 2,457; Miller, 2,581, total, 5,038. Foard, 2,269; Van Idersite, 2,734, total, 5,003. Under the conditions of this contest the pair winning the cup five times will become its permanent owner. Allen-Miller and Manes-Bell have each won it three times, and Foard-Van Idersite and Godwin-Jenks twice. The next round will be between Allen-Miller and Manes-Bell and will commence tonight.

The Guild Hall A team won two out of three games from the Lafayettes on Saturday evening, as follows:

Team	Tot.
Guild Hall A	204
Manes (sub)	204
Menhennet	160 180 240
Williams	138 127 159 424
Roberts	229 143 178 550
Bart	151 208 129 488
Miller	205 181 245 631
Totals	927 819 901 2947
Lafayettes	207
Fennessy	139 203 141 483
Bolduc	159 156 148 463
Russell (sub)	124 163 163 450
Cain	168 136 150 454
Reau	169 174 221 514
Totals	769 832 845 2446

Guid Hall Schedule. The following games are scheduled to be played on the Guild Hall alleys this week:

Monday—Pendill and Frei vs. Bell and Heughebaert at 4:15; Wheeler and Stewart vs. Brotherton and Robertson at 7; Wheeler and Stewart vs. Wills and Tucker at 8; Wheeler and Stewart vs. Pendill and Frei at 9. Tuesday—Foard and Dellaas vs. Spear and Schultheis at 5. Wednesday—Frei and Quarters vs. Spear and Schultheis at 5; Bell and Heughebaert vs. Drake and Kepler at 7; Foard and Dellaas vs. Brotherton and Robertson at 8. Thursday—Frei and Quarters vs. Brotherton and Robertson at 5:15; Pendill and Frei vs. Catlin and Christenson at 7. Friday—Spear and Schultheis vs. Brotherton and Robertson at 5:15.
