

HOLDS CONGRESS IS NOT IMMUNE

Justice Wright of the Supreme Court of the District of Columbia Decides Against the Joint Committee on Printing.

He Rules That He Acted Entirely Within His Authority When He Issued the Writ of Mandamus Ordering That Cause Be Shown Why a Paper Company's Bid Should Not Be Considered, and He Directs That the Case Be Proceeded With.

Washington, Feb. 28.—Justice Wright of the supreme court of the District of Columbia today decided that the court had acted entirely within its authority when it issued a writ of mandamus ordering the joint committee on printing to show cause why it should not consider the bid of the Valley Paper company of Holyoke, Mass.

The jurisdiction of the court, Justice Wright declared, was generally recognized and commonly understood. It had long been exercised and had been conferred by various acts of congress.

The court's mandamus, Justice Wright declared, was the only known procedure of law to compel a neglected public duty.

CONCERNS PRESIDENT TAFT. Interesting Question Pending at the Ballinger-Pinchott Inquiry.

Washington, Feb. 28.—The Ballinger-Pinchott inquiry will be resumed tomorrow, with Gifford Pinchott on the stand.

ALDRICH BILL IS PASSED. Senate Sanctions the Appointment of a Business Methods Commission.

Washington, Feb. 28.—Practically without opposition, the senate today passed the Aldrich bill providing for the appointment of a government "business methods" commission.

URGES \$1,000,000 GRANT. Lyman Cooley Defends the Lakes-to-the-Gulf Waterway Project.

Washington, Feb. 28.—Lyman E. Cooley, of Chicago, special engineer employed in behalf of the lakes-to-the-gulf project, today made an argument before the senate committee on commerce.

VOTES TO RAISE THE MAINE. Sub-Committee of the House Endorses the Proposed Appropriation.

Washington, Feb. 28.—The sub-committee of the house naval committee today took favorable action on the bill appropriating funds for raising the battleship Maine in Havana harbor.

ROOT DISAGREES WITH GOVERNOR HUGHES.

He Regards the Executive's Objections to the Proposed Income Tax Amendment Not Well Founded—These Views Communicated to the Legislature.

Albany, N. Y., Feb. 28.—Senator Elihu Root's personal advocacy of the proposed income tax amendment and his views on the subject as opposed to those of Governor Hughes, who has publicly opposed the amendment, were presented to the New York legislature tonight in form of a letter addressed to State Senator Lavenport.

AGREES WITH CHAMP CLARK. President Taft Declares for the Reform of Primary Education.

Washington, Feb. 28.—The reform of primary education in the United States was declared necessary by President Taft in an address tonight at the banquet of the University club of Washington.

SECRETARY OF WAR TESTIFIES. Mr. Dickinson Answers the Charge Involving Isthmian Traffic.

Washington, Feb. 28.—Secretary of War Dickinson today before the senate committee on inter-oceanic canals answered the charge that he had violated the provisions of the act relating to the privileges of the members of congress.

PAYS TRIBUTE TO THE JEWS. Mr. Taft Receives a Delegation of Foreign-Language Publishers.

Washington, Feb. 28.—Replying to a delegation of the American Association of Foreign Language Newspapers, who called at the White House to protest against certain immigration bills pending in congress, President Taft today paid a high tribute to the Jews who have come to America.

MR. LINDBERG IS NETTLED. Appointments Held Up, He Attacks the Postmaster General.

Washington, Feb. 28.—Representative Lindberg, of Minnesota, a Republican insurgent, aroused by the refusal of the postmaster general to accept his recommendations for postoffice appointments, has written a letter to the latter in which he calls him a "political dictator" and denounces him for his alleged effort to defeat Lindberg's re-nomination.

INSURANCE COMPANIES WIN. So-Called "Policy Loans" Not Liable to Local Taxation.

Washington, Feb. 28.—That so-called "policy loans" or "premium life note loans" of insurance companies are not liable to local taxation was decided today by the supreme court of the United States.

HIGHEST PRICE SINCE 1870. Hogs at the Chicago Stockyards Sell at \$10 a Hundredweight.

JUDGE LANDIS ORDERS INQUIRY

As the Outcome of a Case at Chicago, a Federal Jury Will Investigate the Methods of Disposing of Oleomargarine.

Chicago, Feb. 28.—A federal inquiry into the methods of disposing of oleomargarine was ordered today by Judge Landis, after he had sentenced one of four dealers who had been indicted for violating the oleomargarine regulations to six years imprisonment and had fined him \$15,000.

MOVES FOR PACKERS' ARREST. Prosecutor Garven of New Jersey Proceeds Against the Meat Barons.

New York, Feb. 28.—Capiases for the arrest of the indicted meat packers and summonses for the six indicted meat corporations were ordered today by Prosecutor Garven of Hudson county, New Jersey, and will later be handed over to the sheriff for execution.

TRANSIT COMPANY STUBBORN. Arbitration to Settle the Philadelphia Strike Is Not Being Considered.

Philadelphia, Feb. 28.—In spite of the constantly increasing number of demands by religious bodies and others that arbitration be resorted to settle the strike against the Philadelphia Rapid Transit company, the officials of that company declared today that no formal proposal looking to arbitration to any form was being considered by the directors.

IGNORES LETTER OF DISMISSAL. Agnes Gerald, of the D. A. R., Reports for Work as Usual.

Washington, Feb. 28.—Ignoring the letter of dismissal sent her by Mrs. Matthew Scott, president general of the Daughters of the American Revolution, Miss Agnes Gerald reported for work as usual at the headquarters of the society here today.

FIREMEN'S VOTE COMPLETED. Strike Proposition on the Hill Lines Reported Carried Overwhelmingly.

Minneapolis, Feb. 28.—The firemen and engineers of the Great Northern and Northern Pacific railroads have completed their strike vote, and it is rumored they have declared overwhelmingly in favor of walking out Tuesday unless the railroads grant the demands made last November.

OWNS 100 AUTOMOBILES. Chicago Taxicab Company Goes Into the Hands of a Receiver.

Chicago, Feb. 28.—The Chicago Taxicab company, capitalized at half a million dollars and the owner of 100 taxicabs, was placed in the hands of a receiver today. It was announced that the company will continue to do business and all obligations will be paid in full.

WINS THE 100-YARD DASH. Hull of Michigan Victorious in the 'Varsity Sports at Oxford.

THE WEATHER

Washington, Feb. 28.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy and warmer, Tuesday, probably rain or snow by night; Wednesday, unsettled; light to moderate south winds, becoming variable.

COMMONS ACCEPTS ASQUITH'S PROGRAM. Through the Gift of the Conservatives, Anxious to Avoid Another General Election, the Government Obtains a Lease of Life Until After Easter.

London, Feb. 28.—In the session of the house of commons today, Premier Asquith's government obtained a lease of life until after Easter. This was the gift of the Conservatives, who are so anxious to avoid two general elections successively within so brief a period that they accepted the premier's program without calling for a vote.

PLAN TO HONOR ROOSEVELT. London Corporation Is Asked to Confer the Freedom of the City.

WILL JOIN THE INSURGENTS. Fifty More Americans from the Canal Zone Go to Nicaragua.

BOWLING SCORES AT DETROIT. Madison Team Leads the Five-Men Squads With Mark of 2,803.

NEW YORK TOWN IS FLOODED. Streets at Herkimer Are Canals in Which Boats Are Navigated.

Much Havoc in Ohio. Cleveland, Feb. 28.—Two dead, many hundreds homeless, scores of factories preparing to close down and property damage reaching into the hundreds of thousands are the main results of the floods in recent years in this state.

MANY MINERS NEAR DEATH. Illinois Pit Is Flooded Just as 100 Men Are About to Enter It.

MANY PASSENGERS STRANDED. Southern Pacific Tracks Washed Away for a Mile in Nevada.

BERLIN EXPOSITION POSTPONED. New York, Feb. 28.—The recent opposition of Germany to the proposed American exposition in Berlin in 1910 resulted in a meeting of the American executive committee today in this city, at which it was decided to postpone the exposition until 1911, when a German American exposition may be held in Berlin.

AT LEAST TWO CANYONS ARE PARTIALLY FILLED WITH GREAT MASSES OF DEBRIS CARRIED DOWN FROM THE MOUNTAIN SIDES, AND IN THESE LITTLE ARMIES OF RESCUERS ARE FRANTICALLY DIGGING IN THE HOPE OF FINDING SOME VICTIMS WHO HAVE ESCAPED DESTRUCTION.

SNOW SLIDES PUT END TO MANY LIVES

Four Mining Camps in Idaho Are Overwhelmed by Avalanches and Twenty-Four Men Are Known to Have Perished.

Spokane, Wash., Feb. 28.—Twenty-four men are known to be dead and as many injured by reason of snow slides yesterday and today in the mining district of northern Idaho.

Narrow Shave for 300 Men. Mace is situated on a creek, and mountains rise on either side of the town.

EARTH IS SHAKEN. Five Long Shocks Recorded at the St. Louis University.

St. Louis, Feb. 28.—Five long earthquake shocks were recorded by the seismograph at St. Louis University this afternoon, commencing at 3:30:15 and continuing until 3:48:10.

Tremors Felt at Cleveland. Cleveland, Feb. 28.—Earth tremors lasting over an hour were recorded here tonight by the seismograph at St. Ignace's observatory.

TOO MANY PHYSICIANS. Dr. Pritchett an Advocate of Legislation Limiting the Supply.

CHICAGO, FEB. 28.—The United States supports too many physicians. While Europe maintains a proportion of one physician to every 1,500 people, the United States has one physician for every 568.

IRISHMEN BEGIN CRUSADE. Will Wage War on Souvenir Postcards Which Ridicule the Race.

BALLOONISTS SET SAIL. Aeronauts Ascending in Texas Are After the Long Distance Record.

NOTED BONIFACE IS DEAD. Pittsburg, Pa., Feb. 28.—John W. Schlosser, formerly one of the best known hotel proprietors in the country, is dead here, aged sixty-five.

KILLS SELF BY WIFE'S SIDE. Upper Sandusky, O., Feb. 28.—Dr. J. D. Johnson, aged sixty-four, one of the most prominent physicians in northern Ohio and also noted as an electric railroad promoter, while chatting with his wife and children in the sitting room, revolver in his pocket and shot himself through the head, dying shortly after.

WIFE'S TESTIMONY IS FALSE, HE DECLARES.

Frank Knott, Husband of the Leading Witness for Dr. Fritch, Takes the Stand and Repudiates Her Story—She Told It for \$200, He Says.

Detroit, Feb. 28.—Frank Knott, husband of the leading witness for the defense in the Fritch trial, took the witness stand today and branded all of his wife's testimony in behalf of Dr. Fritch as false.

DR. HULL REFUSED BAIL. Accused Missouri Murderer Is in the Custody of a Deputy Sheriff.

Kirksville, Mo., Feb. 28.—Dr. James Hull, who with Mrs. Vaughn was indicted on the charge of murdering Professor Vaughn, was this afternoon refused bail.

YOUTHFUL SUSPECT IS JAILED. Artie Rose, a Chauffeur, Brutally Murdered in Oklahoma.

REPUUDIATES HIS CONFESSION. Pittsburg "Drugstore Bandit" Startles Police by Pleading Not Guilty.

SIX PERSONS INJURED. Great Northern Passenger Train Is Derailed Near Fergus Falls.

BODY FOUND IN ICE BOX. Because of High Prices and Loss of Trade, Butcher Kills Himself.

STRUCK BY A TRAIN. Marinette Woman Meets Death on St. Paul Railroad Tracks.

KILLS SELF BY WIFE'S SIDE. Upper Sandusky, O., Feb. 28.—Dr. J. D. Johnson, aged sixty-four, one of the most prominent physicians in northern Ohio and also noted as an electric railroad promoter, while chatting with his wife and children in the sitting room, revolver in his pocket and shot himself through the head, dying shortly after.

RENO, NEV., FEB. 28.—For a distance of a mile the Southern Pacific near Battle Mountain, Nev., has been washed away by a sudden rise of the Reese river. Six passenger trains are tied up at Battle Mountain for an indefinite period. Fifteen hundred passengers are stranded.

AT LEAST TWO CANYONS ARE PARTIALLY FILLED WITH GREAT MASSES OF DEBRIS CARRIED DOWN FROM THE MOUNTAIN SIDES, AND IN THESE LITTLE ARMIES OF RESCUERS ARE FRANTICALLY DIGGING IN THE HOPE OF FINDING SOME VICTIMS WHO HAVE ESCAPED DESTRUCTION.

RICH MEN THEIR INTENDED VICTIMS

Five Boys Arrested at Greenwich, Conn., Confess to a Plan to Wreck a Train and Rob the Bodies of the Dead.

Attempt of the Youths to Derail a New York & New Haven Flyer Is Frustrated in the Very Nick of Time by a Switchman—Wm. G. Rockefeller, F. C. Benedict and a Score of Other Wealthy Men Among the Passengers.

Greenwich, Conn., Feb. 28.—Following their arrest here today, five boys of foreign parentage, the oldest nineteen and the youngest ten, confessed to a plan to wreck the fast New York & New Haven passenger train which left New York shortly after noon Saturday last and plunder the bodies of the dead.

NEW YORK BOYS IN COURT. Two Youths, Aged 13 and 9, Accused of Threatening Mrs. Havemeyer.

New York, Feb. 28.—George Stahl, thirteen years of age, and Sammy Williams, aged nine, accused of writing Mrs. H. O. Havemeyer, widow of the president of the American Sugar Refining company, a letter demanding \$2,500 on pain of death, were arraigned in court today.

OKLAHOMA CITY, FEB. 28.—Artie W. Rose, a chauffeur, was killed six miles south of here today and his body was thrown in a clump of high weeds. His head was beaten to a pulp.

RENO, NEV., FEB. 28.—For a distance of a mile the Southern Pacific near Battle Mountain, Nev., has been washed away by a sudden rise of the Reese river. Six passenger trains are tied up at Battle Mountain for an indefinite period. Fifteen hundred passengers are stranded.

AT LEAST TWO CANYONS ARE PARTIALLY FILLED WITH GREAT MASSES OF DEBRIS CARRIED DOWN FROM THE MOUNTAIN SIDES, AND IN THESE LITTLE ARMIES OF RESCUERS ARE FRANTICALLY DIGGING IN THE HOPE OF FINDING SOME VICTIMS WHO HAVE ESCAPED DESTRUCTION.

Marquette, Mich., March 1

Colonel Roosevelt is now on the back trail.

For an off year in politics Marquette is doing very well this spring.

Here's Representative Tawney insuring again. This time on the proposed naval program.

Fingy Conners' friends say he would have quit in April even if Murphy hadn't got up on his ear.

For Ad Wolgast \$1,000 a week. That's not as good as Jeffries did, but then Wolgast is a lightweight.

The weather man thinks that the backbone of winter is broken, but he does not dare say so.

Tay Pay O'Connor writes that he would be surprised to see parliament dissolved at any time.

Detroit is this week the capitol of the bowling world, and all the principal cities except Marquette are represented in its tournament.

We gather that when Mayor Ellis is a candidate for re-election in Grand Rapids he will look principally to the "wets" for aid and comfort.

In view of the ruction the street railway men were able to kick up unaided in Philadelphia a general strike should prove an eventful affair.

Governor Warner struck out at his detractors at the Big Rapids banquet last week. Perhaps he realizes that he has too long followed the policy of turning the other cheek.

It will be hard lines for Ballinger if Pinchot proves that he is a good portrait painter when the secretary of interior is his subject, and it will be hard lines for Pinchot if he fails to do so.

When the banquet season closes it is said that the candidates for governor will have a breathing spell of about six weeks. They will recuperate for the final dash on Lansing, we suppose.

If Representative Tawney can help it, Secretary of the Navy Meyer will get away with no 32,000 ton battleships at this session of congress.

When the small boy looks over the salary list, he's hard put to decide whether he should set out to be president, a major league ball player or one of the higher circle of prize ring artists.

When he thinks it over we are sure Editor Baldwin of the Escanaba Journal will agree with us that a platform drawn up by a party convention is greatly to be preferred to any platform of a minority nominee.

The University of Michigan is not going to set up a school of journalism after all. The regents have decided that the budding young journalist can find everything he needs in the literary department.

A congressional investigation of the "third degree" is the latest wrinkle proposed in congress. With the attention they will owe special committees and special inquiries of one kind or another, it's hard to see where the congressmen are going to find time enough to get themselves re-elected.

Several Osborn clubs have already been organized in upper peninsula counties, and more are to be formed as fast as President Oates, of the Upper Peninsula Osborn club, can take up the work.

Dr. W. B. James, of St. Clair county, has announced that he will be a candidate for lieutenant governor.

With its last issue, Detroit Saturday Night began its fourth year, from which it can be taken that Detroit Saturday Night is now an established paper, definitely past the experimental stage.

Governor Warner struck out at his detractors at the Big Rapids banquet last week. Perhaps he realizes that he has too long followed the policy of turning the other cheek.

It will be hard lines for Ballinger if Pinchot proves that he is a good portrait painter when the secretary of interior is his subject, and it will be hard lines for Pinchot if he fails to do so.

When the small boy looks over the salary list, he's hard put to decide whether he should set out to be president, a major league ball player or one of the higher circle of prize ring artists.

According to the accepted "dope" on our little anti-saloon unpleasantness Marquette is regarded as the Gibraltar of the "wets" and Ishpeming is looked upon as likely to prove their Waterloo.

The net result of the three months of the session of congress that have passed to date appears to be a definite determination of what cannot be accomplished and additional light on the popularity of Uncle Joe Cannon with the country at large.

Postmaster General Hitchcock and the magazine publishers promise to have a lovely time of it. P. M. G. Hitchcock is closer to the source of the facts and the publishers have more facilities for reaching the public. The contest should prove a not unequal one.

There's no doubt that Senator Burrows would feel more comfortable about picking and choosing between the candidates for the various federal offices after he had been duly re-elected than before, but he will hardly lay himself open to the reproach of being afraid of the cars.

There are many counties like Marquette where anti-saloon fights are being conducted independently of the Anti-Saloon league. There is some debate as to which course is the most effective. The tendency toward local committees for the campaign work is growing. There are many workers in the "cause" who do not approve of Anti-Saloon league methods.

Feel Headachy?

It probably comes from the bile or some sick condition of the stomach or bowels. No matter which, put yourself right with BEECHAM'S PILLS

Sold Everywhere. In boxes 10c. and 25c.

The wrestling game has taken on a new lease of life in the upper peninsula. It will be well patronized as long as it is conducted on the level.

A YEAR AFTER. When William H. Taft was elected to the presidency the country broke into one general chorus of praise.

That he thinks that in less than a year his prediction in a measure has been proved true Mr. Taft indicated in his remark at Newark last week.

As the president was sensible enough not to have his head turned by the profuse adulation of a year ago it is to be assumed that he is sufficiently well poised not to be embittered by heart or ruffled by present detraction.

As the president was sensible enough not to have his head turned by the profuse adulation of a year ago it is to be assumed that he is sufficiently well poised not to be embittered by heart or ruffled by present detraction.

LOWER STATE NOTES.

PORT HURON—The two-year-old son of James H. ... member of the Port Huron fire department, was seriously burned when he dropped a bottle of carbolic acid.

ALMA—Amil W. Wright purchased the Alma sanitarium, which was advertised for sale some time ago to satisfy a mortgage.

MUSKOGON—The Rache Boat Manufacturing company has received information of the landing of another government contract, the building of a \$60,000 lightship.

LUDINGTON—The first gun in the local option fight in Mason county was fired at Scottville when Rev. G. B. Fleming of that place and Arthur M. Johnson of Ludington discussed the question as to whether the manufacture or sale of liquor should be prohibited in Mason county.

BATTLE CREEK—Fifty union molders in the employ of the Advance Thresher company have gone on strike, the men claiming their action to be due to the discharge of one of their number because of undue activity on his part in the cause of unionism.

GRAND HAVEN—Johnston brothers have contracts for the construction at their Ferrysburg shipyard of two large steel dredges, one to be used for dredging of gold from the bed of a river in the Andean Cordillera mountains in Colombia.

HASTINGS—A dispute between two factions in district No. 2, Yankee Springs, which has caused much hard feeling between neighbors, several rows and a fight at a school meeting, will be thrashed out before School Commissioner E. J. Edger and Circuit Court Commissioner J. H. Smith on March 1st.

Not in Stock. A Boston sportsman, who has just returned from the Maine woods, tells of an incident which happened in one of the small country stores in the Pine Tree state.

Aspects to Order. In a certain manufacturing town it is a common thing for skilled workmen to build houses for themselves.

Bishops Don't Do So. A friend of the late Father Tabb said in Effret City: "This fine poet and good man thought that class hatred was due to ignorance."

Something Lacking. The editor of the Atlanta Constitution, Clark Howell, tells a good story about a former janitor of the Constitution office, who lost his place through over-indulgence in liquor.

CAUSE OF ECZEMA EXPLAINED. After years of debate medical authorities are now agreed that Eczema and other skin diseases are not seated in the blood, but are caused by invasions of microscopic animals gnawing the flesh just below the epidermis.

THE APPROVAL of the most EMINENT PHYSICIANS and its WORLD-WIDE ACCEPTANCE by the WELL-INFORMED, BECAUSE ITS COMPONENT PARTS ARE KNOWN TO BE MOST WHOLESOME AND TRULY BENEFICIAL IN EFFECT, HAVE GIVEN TO Syrup of Figs and ELIXIR OF SENNA THE FIRST POSITION AMONG FAMILY LAXATIVES AND HAVE LED TO ITS GENERAL USAGE WITH THE MOST UNIVERSAL SATISFACTION.

THIRD YEAR We have been on our third year for some little time. Truly, satisfaction must attend our efforts. Did you send in anything to work on? Not too late. The Northwestern Collection Agency 409 Savings Bank Building, Marquette, Michigan.

CALUMET MAN SHOOT'S WIFE.

Joe Accoco Pulls Gun on Helmet, Then Gives Himself Up.

Joe Accoco, living in the Lambert building, on Sixth street, Red Jacket, walked into the village hall Sunday night and announced that he wanted to give himself up. He had just shot his wife. The man was held in the lock-up until yesterday morning when he was taken to the county jail. Accoco shot his wife in the breast and hip with a .38-caliber revolver. He said she was attacking him with a knife and he shot in self-defense. The woman is not in a dangerous condition. She says they had no trouble and cannot account for the shooting. Accoco will probably be arraigned today.

ACCIDENT AT AHMEEK.

Capt. Riley Injured in Assisting Mining Students Across Trestle.

Captain Riley, second mining captain at Ahmeek, was injured Saturday afternoon while guiding a class of students from the Michigan College of Mines across a trestle fifty feet high. Cars were backed onto the trestle from opposite directions until the party was in the middle of the structure and Captain Riley was caught between the cars and sustained a broken leg and two broken ribs.

None of the students were injured, but one was saved by a fellow student, Bert McNair of the St. Ignace party, who was falling from the trestle. McNair is a big fellow and he literally snatched the other student from death or serious injury, as he would have fallen fifty feet.

COPPER COUNTRY CHAUTAUQUA.

Methodists Arranging for the Second Annual Assembly in July.

The executive committee of the Methodist Episcopal union of Houghton county, in charge of the arrangements for the second annual chautauqua, to be held at Electric Park, on the line of the traction company between Calumet and Hancock, during the month of July, plans to make the gathering a notable event. The chautauqua will be arranged on a much larger scale than the first one, held last year. Among the chief speakers will be Bishop Melnyre and Rev. Andrew Gillies of Minneapolis. In place of the large choir made up of leading vocalists of Houghton county, which was heard last year, it is proposed to engage an outside concert company. It is probable that the Calumet & Hecla band will also be engaged. The chautauqua will probably extend over one week. District Superintendent James Pascoe of Hancock is the chairman of the executive committee.

SOUTH QUINCY COMPANY.

New Corporation Will Work Three Old Houghton Properties.

What is said to be one of the most important mining deals consummated in the copper country the last five years came to light in Houghton yesterday through the announcement from New York of the formation there of a company to take over the tracts of land lying in West Houghton and just west of the village limits and known as the Montezuma, Dakotah and South Side properties. These three tracts contain about 700 acres and lie along the southern shore of Portage Lake. The Montezuma tract is 300 acres and is partly owned by the Dakotah Heights Land company. The Dakotah tract contains 240 acres and the South Side 200 acres.

The brokerage firm of B. H. Sheffels & Co. is handling the affairs of the new company, which is to be known as the South Quincy Mining. It is understood that the concern will be incorporated under the laws of Michigan with a capital of 100,000 shares of stock at a par value of \$10 each. It is said that a large block of this stock will be offered to the public at \$10 a share, as is planned by the management is authority for the statement that a Portage Lake banker will underwrite 10,000 shares of the stock. C. D. Hancheite, attorney for the Dakotah Heights company, has been in New York for several days and was present at the meeting Saturday at which the deal was closed. Harry Rater and Frank Maymower, as president and secretary of the Dakotah Heights company, respectively, are also said to be largely interested in the enterprise. It is rumored that the price paid to the owners of the mineral rights was considerably over half a million dollars, besides some stock in the new concern.

It is the plan to begin drilling as soon as possible, two drills to be used on each of the Dakotah and South Side tracts, expected to encounter the extension of the Quincy-Pewabic and Hancock lodes, and it is hoped to get the Isle Royale, Montezuma and Portage beds on part of the Montezuma tract.

CHILDREN WHO ARE SICKLY.

Mothers who value their own comfort and the welfare of their children, should never be without a box of Mother Gray's Sweet Powders for children, for use throughout the season. They break up Colds, Croup, Whooping Cough, Teething Disorders, Headache and Stomach troubles. THESE POWDERS NEVER FAIL. Sold by all drug stores. Don't accept any substitute. A trial package will be sent FREE to any mother who will address Allen S. Olmsted, Le Roy, N. Y.

WASHBURN-CROSBY CO.

ANTI-TUBERCULOSIS SOCIETY. CALUMET VILLAGE POLITICS.

Meeting Tonight to Discuss Plans for Sanatorium Campaign.

Many Candidates Out for Offices in Laurium and Red Jacket.

The intention of the library board to purchase the quality of a child's early reading to cheapness and false economy. The Houghton public library is already making itself felt as an influence in Houghton. An instance of this is found in the children's hour Saturday afternoon. The lecture room has been crowded during the two Saturdays in which the plan has been in force, and the opening program by Miss Nye, and the later one by Miss Ruhlman were found to be delightful entertainment for the children. The following list of contributors of the children's hour is given out:

March 5—Mrs. John A. Doelle, and in successive Saturdays, Miss Charlotte Nyner, Miss May E. Creech, Miss Lydia A. Brett, Miss Margaret McLaughlin, S. J. Kelley, Miss Hazel Chapman, Miss Annie Quirk, Miss Estelle Hunt, Miss Virginia Davis, Miss Helen Gehring and Miss M. L. Voree. This brings the list up to June 4, but the hour will be observed at least until July 1.

The demand for children's books at the library has been so great that \$30 worth of new books for children between the ages of six and ten years have been ordered.

SKI AND GUN CLUBS.

Popular Organizations at Houghton Hold Interesting Sunday Sessions.

At the Sunday morning shoot of the Houghton Gun club, Paul D. Swift was high gun with a score of fifty-nine out of seventy-five. The press agent reports that all of the members were off in their shooting. It is to be remarked that Leigh Swift, Paul Swift, J. J. Zealander and Fred Gunby have been the winners in the gun club shoots this far this winter, and Leigh Swift remarks: "If one of us can hang onto the honor for more than a week at a time we manage to keep it in the hardware business anyway."

The Portage Lake Ski club had Sunday afternoon. Elz Ingram was the winner of the hosts at the big feed and pulled off a gastronomic triumph. The chef de cuisine was a breakfast meal with the members, flanked by all the attendant and customary subsidiary viands according to the statutes in such cases made and provided. Dr. C. T. Ferris was the winner of the long jump. He jumped so far that he went entirely out of the bounds of the club. The contest for running down hill on one ski. Next Sunday there is to be a novelty contest and all ski experts are invited in fact requested, to be present.

LOCOMOTIVE IS WRECKED.

A Mineral Range locomotive attempted to run through a Tamarack rockhouse Saturday and the steam dome and smokestack were torn off. An inexperienced engineer was in the cab at the time. The engine was engaged in backing cars into the rockhouse and the engineer was unaware that the engine did not have room to follow the cars through the house.

The suspension order went into effect at the Osceola mines yesterday morning, and 550 men are thrown out of employment. Two shafts are idle.

HAS HAND CUT OFF.

James Green, a switchman employed on the Mineral Range at Calumet, sustained the loss of a hand while coupling cars in the Calumet yards Sunday.

Many a man's wife puts him wise to an unwritten law verbally.

OSCEOLA SHAFTS CLOSE.

The first traveling public libraries to be provided for the rural schools of the upper peninsula will be sent out from the Houghton public library within a few days. The equipment will consist of ten boxes which will serve as book cases and ten filing trays will be included for charging. One box and complete equipment will be sent to each of the following schools: Ashland, Eto, Tappola, Betty, Pilsbury, Isle Royale, Superior and Dodgeville. Good Will Farm will be included later.

OSCCEOLA CONSOLIDATED.

As already stated in these columns, after March 1 and continuing for at least three months the two shafts at the old Osceola branch of the Osceola Consolidated will be closed down. Ostensibly this will be for the purpose of making some repairs, though it is generally understood that this was not the sole object which prompted the decision. The two shafts, Nos. 5 and 6, require some attention, but were conditions such as to make it desirable to get out as much copper as possible, it would be likely that Osceola would close only one shaft at a time or else arrange to do the repair work at intervals, which would not interrupt production for any great length of time. There are probably three contributing causes for the cessation of work at the two shafts in question. One concerns the labor situation, a second the need to repair the shafts, and the third the general idea of curtailment of production.

The two shafts to be closed, today have been shipping regularly about 1,500 tons of ore per day. This came entirely from the Osceola amalgamated. This vein is more costly to mine than the Kearns, which is receiving attention at other portions of Osceola's holdings. Not only is this true but the mineral contents run considerably higher in the Kearns rock. This is a contributory factor likewise in the policy of curtailment as it was a factor in operations at Tamarack. At the Tamarack the Osceola vein workings were abandoned for the time and all work centered on the Calumet conglomerate because of the lower costs of mining the conglomerate lode. The closing of the two shafts at the Osceola will throw out of employment, temporarily at least, about 700 men. Considerable conjecture has arisen as to the effect of the plan of Osceola. In analyzing the situation it becomes quite apparent that the company's production will be reduced probably by 15 to 20 per cent. In the event that no curtailment is desired production at a normal rate could probably be maintained by pushing production from the two shafts operating on the Kearns lode.

In the opinion of J. A. Minnear & Co., of Laurium, Osceola's earnings as a consequence of closing down Nos. 5 and 6 shafts should show a material difference. It is estimated that the cost of production of copper from the Osceola lode is very close to the price obtained for the metal. Osceola will be able to earn dividend requirements even with the coming curtailment if copper sells above thirteen cents per pound.

ST. MARY'S MINERAL LAND.

The St. Mary's Mineral Land company reports for the year ending Dec. 31, last, total receipts of \$629,635. The expenditures were \$431,255, of which the King Philip assessments called for \$167,810 and the dividends \$210,000. The cash on hand Jan. 1 was \$228,379. Aside from land holdings of 94,724 acres, the company's assets include shares of stock in the various corporations named as follows: Champion Copper, 50,000; King Philip, 83,905; Hancock Consolidated, 20,000; La Salle, 29,165; Pacific Copper, 20,000; Copper Range Consolidated, 208; Winona Copper, 842; Old Colony Copper, 80; Mayflower, 23,900; St. Mary's Mineral Land, 640; Oilway Mining, 2,000; North Lake, 9,000; Amphidrome Co., 10.

President Thayer, in his remarks to stockholders, says, in part: "During the year 1909 your company has made no sales of mineral land. Timber was sold to the extent of \$13,883.90, and the surface of a tract of 200 acres, under which we reserved all the minerals, was sold for \$1,258. The option granted in 1908 to the Copper Range Consolidated company on 1,240 acres of your lands lying in township 54 north, range 34 west, has been given up. They did some extensive diamond drilling and, although they cut two copper-bearing lodes, they did not consider the showing sufficiently good to warrant their spending more money for further exploration by means of shafts. The results of their explorations are at our service and may be of value to us at some time in the future."

"The exploratory work at the Challenge was stopped last summer. Although this exploration has been a disappointment, yet, nevertheless, we cross-cut through some eighteen amygdaloid lodes, many of which showed more or less copper in the crosscuts. Although the work did not disclose copper in any of the lodes in commercial quantities, it should not be thought that our explorations have condemned this tract of land. On the contrary, they have demonstrated that the amygdaloid lodes of that portion of the copper range are quite generally copper bearing and, if the price of copper had been higher, making our income from the Champion larger, it is quite possible this exploration would not have been given up so soon. The tract on which this exploration was carried on contains 10,000 acres and stretches for nearly eleven miles along the eastern part of the mineral range."

"Development work at the King Philip Copper company, in which your company owns 83,905 shares out of 100,000 outstanding, progresses satisfactorily."

ANACONDA.

The Anaconda mining properties approximate 1,168 acres. Mines are operated by means of eleven shafts, each of which, except one, is deeper than 2,200 feet. The operations from all indicate extensive bodies of commercial ore. Crosscuts are now being driven from the lower levels, and the results thus far obtained are very satisfactory. During the last two years large ore bodies of an excellent grade have been discovered on the lower levels of some of the properties, the existence of which has never been indicated by developments above. This information is given to the New York Exchange authorities by President

NOTES OF COPPER NEWS.

Diamond drilling at the New Belleville lode is being pushed vigorously, and within the next week or ten days they should pull up another core from the lode. It is understood that the management is thoroughly satisfied with drilling operations to date and is now preparing plans for the sinking of a shaft immediately after the spring break-up.

The west crosscut on the 1800-foot level of the Colorado mine of the Daxley lode is in 150 feet from the main vein. Drilling is being done on the small vein a short distance from the shaft, and it has been opened about 120 feet. This vein is from eight to twenty inches wide and assays from 2 per cent to 4 1/2 per cent copper. A second raise between the 1,300 and 1,500 levels is nearly through and a crosscut is being run south under the Hesperus claim, where a vein has been opened on the 1800-foot level.

Copper Range maintains its production unchanged but little from month to month. There is an improvement to be expected from the Trimountain branch by reason of the improvement in the lower levels of this property. The Baltic continues to show up admirably with twenty-two pounds of refined copper to the ton of rock stamped. Champion is doing slightly better than Baltic. Developments at the Lake and Indiana may mean prospective favorable conditions to be found on Copper Range's extensive territory, although exploratory work thus far has been attended with unsatisfactory results.

The force of approximately 600 men employed by the Miami Copper company is advancing the underground and construction work at a remarkably rapid rate. Above the 370-foot level the sub-levels are twenty-five feet apart and the ore is being cut into blocks, the dimensions of which are fifty feet by fifty feet by twenty-five feet. The levels so far established at a greater depth than 270 feet are respectively 420, 470 and 570 feet from the surface. Shaft No. 4, through which all ore will be removed in the future, has been sunk to a depth of 340 feet in a conglomerate formation. Sinking is progressing at the rate of about twenty-five feet weekly. The main foundations of the concentrator are done, and as soon as some necessary materials arrive the erection of the building will be commenced. Excavating for the foundations of the new hoisting plant at shaft No. 4 has been begun.

City Brevities

Today's weather: Generally fair, with rising temperature.

Yesterday's temperatures: Seven a. m., 14 degrees; noon, 32; 7 p. m., 28. Maximum, 36 degrees; minimum, 10.

John H. Block has returned from a vacation, spent in the West.

A. C. Ludington of Ishpeming was in the city on business yesterday.

The Glee club will practice at the Guild Hall at 7:30 this evening.

There will be a meeting of Red Cross legion at Legion Hall this evening.

Daniel A. McCallum, proprietor of the Fair Oak Stock farm, Lowell, Mass., is in the city.

A ten-pound son has been born to Mr. and Mrs. Frank Dollar, Jr. Frank Dollar, Sr., now has thirty-one grandchildren.

Mrs. Lulu Vanderberg, 225 South Front street, arrived home yesterday morning, after spending five weeks in Minneapolis, where she had been called by the fatal illness of her brother.

The fire department was called out yesterday forenoon on account of a chimney fire at 217 Bluff street, in the house back of the residence occupied by James Gregory. No damage resulted.

Mrs. Edward Church and children leave for Chicago tonight to spend a month with relatives. Miss Edna Jones, a sister who has been visiting here for some time, will accompany her.

Odd Fellows' Banquet—Marquette lodge, No. 108, I. O. O. F., will assemble at the lodge room Wednesday evening and sit down to a banquet. All members of this lodge and all visiting Odd Fellows are invited to attend this function which promises to be one of rare enjoyment.

Married Milwaukee Man—Miss Jane Gordon, the trained nurse at the county house, was married at 5 o'clock last evening to Henry Heesch of Milwaukee, and the couple left for that city on the 6 o'clock train. The ceremony was performed at the Methodist parsonage by the Rev. Ames Maywood. Mr. Heesch is a layer of the floors by trade and became acquainted with Miss Gordon while executing a contract at the county house.

Number of Bounties Paid—The county treasurer has paid out something over \$100 in wolf, wild cat and lynx bounties the last few days. Sam Lawrence, an Indiana man who is trapping in Republic township this winter, brought two wolves and three lynx to the county clerk's office Saturday. Yesterday, Henry Havery of Powell township brought in an immense wolf, and John Salmenen of Michigan brought in the skins of four wild cats.

Entered Brokerage Firm—Gus A. Larson, the genial clerk at the People's drug store, has entered the firm of G. E. Peterson & Co., of Duluth and will move to the Zenith City about the last of March. Mr. Larson is a brother-in-law of Mr. Peterson, the head of the Duluth firm, which is engaged in the brokerage business, making a specialty of promoting mining ventures. The firm is at the present time pushing the sale of stock of the Grand Arizona Copper company.

Oma Crosby's Kinkies—Oma Crosby's Kinkies, the vaudeville artists at the Bijou this week, made their first appearance before a Marquette audience yesterday afternoon. This trio of colored performers have an exceedingly interesting act that is well worth seeing. There is a brother and two sisters in the trio, all of whom sing and dance, but the singing of the brother makes the act what it is. He is possessed of a wonderful baritone voice of delightful sweetness and volume, and is really one of the best singers heard on a Marquette stage in some time.

Cramton to Speak Tonight—At the opera house tonight, Louis C. Cramton, one of the authors of the Warner-Cramton liquor law, will give a public address touching the prohibition question to be voted on at the April election. Mr. Cramton is a strong believer in prohibition and his address will be given in behalf of the "dry" side of the controversy. Everyone is invited to turn out to hear the noted legislator. It is announced that Dr. Dickie of Albion, who debated the liquor issue with Mayor Rose in Milwaukee some time ago, will speak in Marquette the latter part of March.

Trip to Silver Lake—Charles Retaille, superintendent of the light and power plant, returned Sunday night from a trip to Silver Lake, eighteen miles north of Ishpeming, where one of the Dead river dams is located by which the flow of water at the light and power plant is regulated. The last night miles from the dam, the water was so regulated that it was a half hour, owing to the snow being sticky. He found that the water let out of the dam last week froze solid a short distance below the dam, on account of the bitter cold weather. There is still seven feet of water in the dam and the gates are now so regulated that it is thought there will be plenty of water to operate the electric plant until the spring break-up.

INSURE WITH PETER WHITE & CO.

Marquette, Mich., March 1, 1910. Br. 10, Pere Marquette, U. S. C. F. Attention Sisters:

The members of the Ladies' auxiliary, branch No. 10, U. S. C. F., will continue to meet at their respective halls, Fraternity Hall, every first Monday evening and third Monday afternoon of each month, at the regular hours, until further notice.

Respectfully yours, MRS. ADELINE VANCHESTEING, (3-1-34) President.

For butter and buttermilk of excellent quality call up the Marquette City Dairy. Bell Phone 223. (2-26-10)

ELI COUVION, TRUCKER. Removes ashes and garbage. Order by phone, Bell 382-J. (6-7-10)

Every cow at the Marquette City Dairy has stood the tuberculin test January 20-21, 1910, by Dr. Deadman and is warranted to be in perfect sanitary condition. (2-14-10)

WOULD HAVE COST HIM HIS LIFE. Oscar Bowman, Lebanon, Ky., writes: I have used Foley's Kidney Remedy and take great pleasure in stating it cured me permanently of kidney disease which certainly would have cost me my life. Sold by all druggists.

BOWLING SCORES.

Five games in the Foard-Van Iderstine cup series were played yesterday, as follows:

Allen	179	123	186	178	135	801
Miller	146	170	150	124	160	776
Totals	325	319	336	302	295	1577
Manes	163	160	181	203	144	851
Bell	191	138	171	184	156	840

Totals 354 298 352 387 300 1691
Manes and Bell lead with 114 pins. The Canucks took two out of three from the Guild Hall 'twos, the scores being:

Canucks—	Tot.			
Stafford	184	226	192	602
Low	164	151	156	471
Menhennet (sub)	156	204	162	522
Bell (sub)	134	132	136	422
Godwin	165	104	154	423
Totals	793	877	820	2490

Guild Hall B—
Jaanson (sub) 163 170 167 500
Coles 176 126 161 463
Miller 109 167 163 439
Robertson 178 144 122 444
Carr 167 106 152 425
Totals 843 773 765 2381

Tonight the Square Deals and Guild Hall A will bowl.
A turkey was the prize for the greatest number of games of 200 and over for February. Van Iderstine and Manes are tied, each having rolled eleven games of 200 or better.

Guild Hall Alleys.

Games bowled at the Guild Hall alleys yesterday resulted as follows:

R. Frei	176	179	164	519
Pendill	210	132	158	500
Totals	386	311	322	1019

Wheeler	158	156	155	469
Stewart	178	151	141	470
Totals	336	307	296	939

Frei and Pendill won all three games. Wheeler and Stewart won two out of three games.

Wills	183	127	180	490
Tucker	100	132	121	362
Totals	292	259	301	851

Wills and Tucker won two out of three games.
A. Pendill 267 140 166 573
R. Frei 190 205 180 575

Totals	457	305	346	1148
Kepler	117	121	134	372
Drake	141	171	143	455
Totals	258	292	277	827

Pendill and Frei took all three games. Today the following games will be played: Foard and DeHaas vs. Spear and Schulheis at 5.
Art Penhill holds high score of the Guild Hall with the score of 267.

BEGGARS ANNOY MRS. SAGE.

Los Angeles, Feb. 28.—Mrs. Russell Sage is so besieged by beggars that she hardly dares venture from her hotel at Pasadena. Positive instructions have been given that no one shall be allowed to approach Mrs. Sage and her secretary attend to all the requests that come in letters. But one woman outwitted the secretary. She sent a basket of beautiful flowers and tempting fruit to Mrs. Sage and it was delivered to her in person. When Mrs. Sage reached the bottom of the basket she found an envelope and opened it expecting to find simply the card of the donor. Instead she found a long request for financial assistance. Mrs. Sage's health, according to members of her party, is better than it has been for months.

Mining News

SUPERIOR & PITTSBURG.

Superior & Pittsburg is sinking in its Briggs shaft and finds no trouble whatever with water. The Hoatson and Junction shafts are shipping regularly, and should such a step be deemed advisable it would be possible to easily increase the output 30 per cent. Rumors of a change in management continue to be freely circulated, and while denied by directors of the company, it is believed that after the annual meeting there will be developments along this line affecting both Superior & Pittsburg and Calumet & Arizona. It may not be generally known, but the Oliver interests of Pittsburg are the largest shareholders in Superior & Pittsburg, holding about 95,000 shares of the stock. C. A. Congdon ranks second and President Charles Briggs is the third largest shareholder. Mr. Congdon who is a director of the company, accumulated a long line of the stock in the break about two years ago, and holds about 50,000 shares, while Mr. Briggs' holdings run close to that figure.

OLD DOMINION.

Two furnaces at the Old Dominion smelter are treating between 600 and 700 tons of ore daily. Nearly all of this ore is being hoisted through the A shaft. The average percentage of copper is between 6 and 7. According to present plans, the 2,500 kilowatt generator to be installed in the smelter power house, will furnish power for one 2000-foot and another 3000-foot air compressor. This generator will also be relied upon to furnish motive power to the various parts of the mine where it is needed. The hoist at the B shaft and the Grey shaft will be prepared for electrical operation and eventually wires will be run from the power house to the Buckeye and Big Jennie claims, the Keystone shaft and other existing workings. Claims of the Old Dominion lands proper. Electricity will be the motive power also for all the pumps, except the large steam pump on the 1200-foot level. The smaller pumps, located in the various parts of the mine, will pump the water into the large sump prepared for it on the twelfth level, and from there the steam pumps will raise the water to the tunnel, through which it will flow to the surface.

NO SUBSTITUTE

Accept no substitute for Foley's Honey and Tar. It is the best and most rest remedy for coughs, colds, throat and lung troubles. Contains no opiates and no harmful drugs. Remember the name, Foley's Honey and Tar, and accept no substitutes. Sold by all druggists.

A Health Builder

Desjardins' Sarsaparilla with Iodide of Potassium and Iron is more than its name indicates. It is also a blood maker and a revitalizer for the entire system.

If your blood is impure, if any of the organs of the body are sluggish, here is a remedy that will build up health and strength from the very foundation—and do it quickly.

Try it under our offer to refund the money if the remedy fails.

MARKETS

WALL STREET STOCKS.

New York, Feb. 28.—Paine, Webber & Co. say of today's stock market: "Until it became definitely known that the supreme court would not render a decision today in the American Tobacco case, prices were irregular and declining generally. We still feel that stocks are a better purchase on the declines than a sale on the rallies, but continue to advise caution as suggested in our recent advice."

Closing prices were as follows:

CHICAGO GRAIN MARKETS.

Chicago, Feb. 28.—In the closing hours of the session today, under the stress of buying by leading speculative concerns and further crop damage reports, the May wheat option scored from 11 1/4 to 11 5/8¢ above a new crop record. The only advance in the other wheat markets was in the May 1910 and 1911 contracts, which closed near the high points for the crop. The close was strong, near the high points of the day, the May 1 1/4 higher. Previous to the bulge the market was monotonous and varied only slightly from Saturday's final figures. The May opened at 11 1/4 to 11 1/2¢, highest, 11 1/2 to 11 1/4¢; lowest, 11 1/4 to 11 1/2¢; closing, 11 1/2¢.

Corn.—The early market was inclined to sag, but the advance in wheat developed strength, which carried the quotations up to 1/2 to 3/4, from the low point. The close was strong, with the May 3 1/2 higher. The May opened at 65 1/2 to 65 1/4¢, highest, 65 1/2 to 65 1/4¢; lowest, 65 1/4 to 65 1/2¢; closing, 65 1/2¢.

Outs.—The trading was featureless most of the day, but the strength of wheat gave impetus to the market, which closed near the high points of the day, with the May 1/4 to 1/2¢ higher. The May opened at 47 1/2 to 47 1/4¢, highest, 47 1/2 to 47 1/4¢; lowest, 47 1/4 to 47 1/2¢; closing, 47 1/2¢.

showed no change. After it was announced that there would be no tobacco decision today, the whole list had a substantial rally and the close was at the best of the day. In the local market, Greene, Lake and Allouez were the most active. Lake opened at 73 and quickly sold down to 70 1/2. At the low prices good support was furnished and a rally to 75 was quick and decisive. The advance given Saturday on Lake should not be construed as a bearish opinion on the stock. The showing at the mine is remarkable, and there is everything to expect that it will continue, and the future of the whole list has never looked so bright. During the advance of Lake and the accumulation of stock, the market end was remarkably well handled, and we have seldom seen a broader or better carried campaign. At the present time, however, I think it wise to notify our customers of the security of stocks and the narrow position of the market which, without reflecting at all on the intrinsic merits of the property, was beginning to make very sharp and erratic fluctuations, a position which is sure to be uncomfatable for margin traders, whether they are long or short.

The closing prices were:

SAWYER-GOODMAN CO. BUYS JENNY'S TIMBER

TWO CREWS WITH STEAM LOCOMOTIVE ARE NOW HAULING LOGS FROM CAMPS TO ST. LAWRENCE.

R. H. Jenny, who has a crew employed in the woods north of Ishpeming since early last fall, has sold his entire cut of pine, as well as of other timber, to the Sawyer-Goodman company. Under his contract Mr. Jenny must place the timber on the cars at the St. Lawrence siding, nine miles from the camp. It is doubtful if all of the timber will be delivered to the siding this winter, as Mr. Jenny's crew has not been having much success operating the steam hauler. The ice road over which the logs are being hauled was not properly built. The mild weather continued so long that it was impossible to build up as substantial an ice bed as is necessary for the successful operation of log trains. There should be from fifteen to twenty inches of solid ice on the roadbed, whereas in fact there is only a few inches of ice.

A crew in the employ of the Sawyer-Goodman company is now working on the haul with the machine that the company used at its camps north of Champlain, where operations were suspended over a week ago. The two machines are of the same type. The hauling will be continued as long as possible, but it is doubtful if one-third of the cut will be placed on the bank. The road apparently cannot be kept in good condition except in below zero weather. Mr. Jenny's locomotive hauled its first load over the road on Feb. 7, but only a few trains were pulled in from that time until last week. The road is in such condition that both locomotives are required to pull out a single train. On Sunday 18,000 feet of timber was brought in. In all in the neighborhood of 250,000 feet has been placed on the bank.

There are two steep hills, each about 250 feet in length, with grades from 25 to 35 per cent, where the crews are having the most trouble. The locomotives pull a good-sized train on a comparatively level road, but the hills are hard to get over. The ice is so poor that the locomotive chains cut it up badly.

J. McDonough, salesman for the concern that manufactures the locomotive, left yesterday for Eau Claire, after looking over the work. It was thought that there was perhaps something wrong with the outfit, but Mr. McDonough said that the engine would do the work if the road was in good condition. The manufacturers have three factories, one of them at St. Catharines, Canada. Over 180 of the machines are now in use.

It is possible that the Cleveland Chills Iron company and the Oliver Iron Mining company will operate in the district north of where Mr. Jenny got his timber within the next few years. Both corporations own extensive stamping in that vicinity. Gordon Murray, who has charge of the Oliver Iron Mining company's timber operations, inspected the locomotive and the road last week. He stated that in time the Oliver company will probably have several of the machines in operation at its logging camps.

I have opened my studio in the Quayle block, 217 South Main street, for the accommodation of my piano pupils. All lessons will be given at the studio only. Students will have my careful attention and every facility will be offered for their advancement. Parents and friends are invited to call at any time between the hours of 9 a. m. and 8 p. m. First public recital of pupils will be given Tuesday, March 29. (2-1-11)

DEATH OF THOMAS MANEY.

Old and Wellknown Resident of Ishpeming Passed Away Unexpectedly.

Thomas Maney, who had resided in Ishpeming for a number of years, died yesterday morning about 2 o'clock, after a brief illness. Mr. Maney, who was in the employ of the Oliver Iron Mining company, worked Saturday morning as usual. When he went home to his dinner he complained of not feeling well. He returned to work, but was obliged to quit about 2 o'clock. A physician was called as soon as he reached his home, and it was found that he was suffering from pneumonia, with complications. His condition gradually grew worse until Sunday evening, when it became evident that he did not have long to live.

The deceased was in the employ of the city, having had charge of the hydrants and water works and repair work under Superintendent P. H. Devine for a number of years, until about six years ago, when he resigned to take a position with the Oliver company. He was industrious and thoroughly reliable. His age was about forty-eight years and he is survived by his widow, who was formerly Miss Mary Murphy. He was a member of division No. 1, Ancient Order of Hibernians, of this city, under whose auspices the funeral will be held tomorrow morning at 9 o'clock from St. John's church.

DEATH OF ANDREW TALO.

Wellknown Ishpeming Business Man Answers Final Summons.

Andrew Talo, one of Ishpeming's best known Finnish citizens, died Sunday morning. His demise was not unexpected, as his condition had been critical. He was a sufferer from liver trouble, and had been in poor health for two years past. Early last fall he was confined to his home, but about a month ago was able to come down to his place of business for a short time each day for a week or more.

The deceased was forty-one years of age and is survived by his widow and one son, John Talo. He came to Marquette county over twenty years ago, locating at Champlain, where he was married. From Champlain he went to Ironwood and engaged in the saloon business. He was successful for a time and for a year or more conducted two saloons. His business went to pieces as a result of the panic of 1892, and a few years later he came to Ishpeming, opening a saloon in partnership with the late Eric Erickson, who died a little over a year ago. The partnership was continued until about three years ago, when Mr. Talo bought out Erickson's interest in the business as well as in the block.

The deceased was a member of the Marquette aerie of the Fraternal Order of Eagles, and the funeral will be held under its auspices tomorrow afternoon at 2 o'clock from the Finnish Lutheran church. A delegation of members are expected up on the early train and the members of the Ishpeming aerie will also attend the obsequies.

ESCANABA IS WILLING.

The Escanaba, Rapid River and Gladstone baseball teams held Saturday evening at Escanaba, matters pertaining to the proposed series of games to be played this summer with Marquette county teams were discussed and G. J. Burke, secretary of the Escanaba team, was instructed to notify the managements of the Marquette, Negaunee and Ishpeming aeries that the managers of the Delta county teams are prepared to meet them at any time designated by the Marquette county men for the purpose of either organizing a league to comprise six teams, or arranging a schedule of inter-league games between the three teams of the Marquette county league and the three comprising a Delta county league.

At the age of 18 a girl is afraid of two things—being an old maid and not going to heaven.

"THE MAN OF THE HOUR."

Brady and Grismer's Production at Ishpeming Theatre Tonight.

"The Man of the Hour" will again be seen at the Ishpeming theatre tonight, and will be produced by William A. Brady and Joseph R. Grismer's special cast. "The Man of the Hour" has already broken some records in the way of prolonged runs. The play, when first given, was put into a Philadelphia playhouse, for what is called a "try-out," and remained there twenty-one weeks. It then was taken to New York city where it ran, without interruption, for two years at the Savoy theatre, being the only serious play yet produced that ran right through the summer months in the metropolis. It had a sixteen weeks' run in Chicago. It ran an even six months at the Tremont theatre, Boston.

"THE GREAT DIVIDE."

One of the Most Notable Dramas of Recent Years to Be Seen Here.

Henry Miller will present "The Great Divide" at the Ishpeming theatre on Thursday evening. No play written within the memory of the present generation has been so generally discussed and so unanimously endorsed by the world's foremost dramatic reviewers.

For two seasons "The Great Divide" played to enormous business in New York. Every reader of the newspapers and periodicals is familiar with the emphatic verdict of popular approval accorded it. The play will be presented here with the complete production, scenic equipment and accessories just as given for over six hundred performances in New York.

CARD OF THANKS.

For the many expressions of sympathy for myself and family in our great sorrow, will you please accept this acknowledgment of our appreciation. You never knew how much your kindness and liberality have helped us at this time.

ALEXANDER ROGERS, and Family.

FROM MORGAN'S CURB LETTER.

The New York market opened lower and was weak and hesitating during the early part of the session. When satisfied that no tobacco case decision would be given today, the trading element bought a little, and stocks being scarce, general advances ensued. The labor troubles and uncertainty due to the pending supreme court decisions are expected to keep the market dull and narrow with the trading mostly professional.

There was a fair volume of trading in Boston, with an upward trend to prices. Lakeland's feature Opening at 72½, advanced to 73, then declined to 70½, and again advanced to 75½ and closed strong. The trading in this issue was remarkably heavy. North Butte was well bought all day and advanced to 37½, after the declaration of a 50-cent dividend. Green Cananea & Arizona declared a regular \$1 dividend and sold up to 73½. Allouez, Arizona Commercial, Green Cananea, La Salle, Indiana, North Lake and Superior Copper were all very active and strong during the strike. Butte's copper output for February was but a trifle over half the normal. Victoria reports a net loss of \$3,200 in operations for the year ending Dec. 31st, 1909. Large sales of copper metal continue to be made and producers say the metal conditions are constantly improving. Green Cananea is quickly taken in New York when offered, and looks higher. Superior & Pittsburg closed lower, and is certainly a bargain. Gironx was quiet.

Yesterday's prevailing prices were:

Almeek	\$21.00	\$20.00
Ashkel		
American Saginaw	2.12½	2.12½
Arizona & Mich.	.50	.70

ISHPEMING HILL THE BEST.

Chippewa Falls Skiers Here Last Week, Praised the Local Slide.

The professional skiers, who came here from Chippewa Falls, Wis., and other places, to participate in the Ishpeming club's annual tournament on Washington's birthday, did not leave for their homes until Friday night. All of them attended the tournament at Skandia, returning to Ishpeming the following day.

The Haugen brothers, who were among the principal performers here, said that the Ishpeming slide is the finest in America, and they ought to know, as they have ridden all of them. They also said that there is no slide in the old country, which they left two years ago, to compare with it.

Anders Haugen, the champion skier from Chippewa Falls, who won first prize here, and who also captured first honors at the National tournament, as well as at several other meets held this winter, is twenty-three years of age. He was born and reared at Tollemarken, Norway, where he lived practically all his life until two years ago. He speaks but little English. He was a prominent rider in Norway before coming to America. He has the distinction of having made the longest jump, stand or fall, ever made by a skier in this country. In the tournament at Duluth a few weeks ago he jumped 148 feet, but fell. He is a great believer in physical culture and he devotes much time to this work.

ISHPEMING IN BRIEF.

The interior of A. W. Myers Mercantile company's dry goods department is being redecorated.

George F. Hueg arrived home yesterday morning from Milwaukee, where he attended the automobile show.

A regular meeting of Hematite chapter, 190, Order Eastern Star, will be held this evening at 7:30 o'clock.

Adolph Skud of Ironwood and Jacob Goldman of Bessemer are in the city on business connected with the Skid estate.

Michael Cassin of North Main street, who was stricken with apoplexy a few weeks ago, is able to be around the house again.

The electric engine at the Lake Argeline mine engine house, which was badly wrecked a few months ago, will go into commission again today or tomorrow.

Miss Mary Hallstrom, who is in the millinery business in Republic, spent the greater part of last week in Ishpeming visiting friends. She left here for Chicago on business.

The members of the Ishpeming aerie of the Fraternal Order of Eagles are requested to meet at their hall tomorrow afternoon at 1 o'clock to prepare for attending the funeral of the late Andrew Talo.

Herbert Swanson, who visited his parents, Mr. and Mrs. August Swanson, for a week, left Sunday night for Peshigo, Wis., to resume his work as mail clerk on the run between Peshigo and Iron Mountain.

A party of twenty Michigan people will attend the production of "The Man of the Hour" at the Ishpeming theatre tonight. They will come down on the train arriving here at 6:50, returning on the midnight train.

The funeral of the late John Couch will be held this afternoon at 2 o'clock from the Salisbury Methodist church, under auspices of Trilavney Lodge, Sons of St. George. Rev. C. L. Finch, the pastor, will conduct the services.

At the regular meeting of the Ishpeming division of the Ancient Order of Hibernians, to be held tonight, arrangements will be completed for the funeral of the late Thomas Maney, to be held tomorrow morning at 9 o'clock.

The funeral of the late Quintiliano Berberi, better known as Dominick Papa, who died suddenly while attending a meeting of the Italian society on Sunday, will be held this morning at 9:45 o'clock from St. John's church, under auspices of the Ishpeming Italian society.

The coroner's jury empaneled to inquire into the cause of the death of the late John Couch, who was killed at the Oliver Iron Mining company's Section 16 property Saturday afternoon, will hold the inquest this afternoon in Joseph Gill's rooms, above his store, on Main street.

Births reported in the city yesterday were a son to Mr. and Mrs. John T. Williams, 621 Empire street; a son to Joseph Delvecchio and wife, 222 West Division street; a son to Mr. and Mrs. August Olgren, 122 South First street; a daughter to Mr. and Mrs. Herman Knudsen, 296 Zoberline street, and a daughter to August Yuckey and wife, 521 D street.

Negaunee Department

THIEF'S CONSCIENCE

BOTHERED HIM

YOUNG MAN WHO COMMITTED ROBBERY IN AN ALGER COUNTY CAMP GAVE HIMSELF UP TO MARSHAL ROUGH.

H. T. Boncher, a stranger, who came to Negaunee Saturday, gave himself up to Marshal Rough, and requested that he be put in jail and punished for stealing several articles, also \$3 in cash, from a camp in Alger county.

"I, the Chief of Police, Sir—I wish to give myself up for taking the following articles from Carmony's camp on Feb. 23, 1910. One watch, two razors, two tie pins, one mouth organ, one tie, one coat and one vest and \$3 in cash. I do this simply because I cannot go with this stuff on my mind. Signed by me this day, Feb. 26, as a true confession."

Boncher seemed greatly relieved when he was placed behind the bars. He had been driving team at the camp up to the time he was discharged because he disobeyed an order given by the boss. Boncher is a bright fellow, well dressed and apparently well educated.

STEEL TRADE INCREASING.

Orders Expected May Reach Capacity of Mills By Middle of March.

From the Eastern trade-centers comes a report that conditions in the steel trade have taken a turn for the better and that sentiment has improved greatly during the past week or so.

Alleged Bunco Man Convicted—

A jury in the circuit court at Bessemer has convicted Steve Stiglich of Hurley of larceny. The details of the "flim-flam" game by which Stiglich and a confederate are said to have managed to separate Joe Oblasney, an Iron Belt section keeper, from nearly one thousand dollars are given by the News-Record, of Ironwood, as follows: It appears that the April day in 1909, Oblasney, following an old custom in the settlements removed from the banks, cashed checks of the mining and railway companies to the amount of over nine hundred dollars.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

SERIES OF BALL GAMES.

The Negaunee Union and the Ishpeming Young Men's Christian association's indoor baseball teams will play a series of seven games for the championship of the county. The first contest is to take place Friday evening of next week in the Y. M. C. A. gymnasium, at Ishpeming.

THE SOCIETY WHIRL.

TERM OF COURT WILL BE SHORT

ALL CASES LIKELY TO BE DISPOSED OF DURING PRESENT WEEK—FOUR JURY TRIALS.

CRIMINAL DOCKET VERY LIGHT

Murder Case Continued and Most of Other Cases Accused of Crime Plead Guilty—Citizens Today.

The February term of circuit court opened yesterday morning and a large part of the cases on the calendar was disposed of, making it altogether likely that the business of the term will be finished up during the present week. There will be no criminal trials this term, pleas of guilty having been made on the cases continued.

There will be but four jury trials during the term, the first of which is set for this afternoon. This is the case of Alfred Anderson vs. the Marquette Gas Light company, a suit for damages because of injuries received by the plaintiff while in the employ of the defendant company at the Marquette gas plant a few months ago. Wednesday morning the case of William F. McKnight vs. Northern Lumber company, an action in assumpsit, is set for trial and at its conclusion, the case of James Robinson vs. James Triggs will be taken up. Both the parties in the last named action are residents of West Branch township, and the plaintiff is suing the defendant for alienation of his wife's affections.

The last jury trial, Jacob Sachs vs. Virginia Godin, is set for Friday. All other cases on the calendar are subject to call any time this week. Owing to late trains, a few of the attorneys and some of the defendants in criminal actions were unable to appear in court yesterday and the cases in which they are interested were passed until today. Judge Hannigan is the presiding judge at this term, it being his first appearance in that capacity in this county. This forenoon will be taken up with the hearing of petitions for citizenship, and it is expected that United States Examiner Morton Sturges will be on hand to assist in the examination of the witnesses.

Entries on Calendar.

Following are the entries made by the court on the calendar yesterday: The People vs. Philip Garbolina; violation of the liquor law. Plead guilty. Fined \$50 and \$15 costs, or thirty days in jail. The People vs. Gust Ekkoia; gaining Stricken on payment of costs. The People vs. Alfred Johnson; bastardy. Settled. The People vs. John Westerlund; violation of the liquor law. Nolle contendere. Fined \$25 and \$7.50 costs. The People vs. John Westerlund; violation of the liquor law. Nolle contendere. Sentence suspended. The People vs. Bert Colombo; violation of the liquor law. Passed. The People vs. James Scopacasa and James Donato; murder. Plea of not guilty. Continued. The People vs. Henry Swanson; bastardy. Continued. The People vs. Frank Romelli; violation of the liquor law. Passed. The People vs. Edward Bitters; disorderly, third offense. Plea of guilty. The People vs. Ernest Beauchamp; bastardy. Continued. The People vs. Richard Bennett; disorderly, third offense. Plead guilty. Lucy P. Buell vs. in re estate of Sidney Adams, deceased; assumpsit. Countermaned. Jacob Sachs vs. Virginia Godin; assumpsit-appeal. Trial Friday. August Anderson, administrator of Richard Anderson vs. Negampee Mine, Victor Nelson and Gustaf Anderson; trespass on the case. Continued by consent. Mary Ryan vs. Rice Manufacturing company; debt on judgment. Trial by court. Isaac Spilky vs. Nathan D. Fergostein; assumpsit. Continued by consent. William Tregay vs. Howard Fenner and May Fenner; trespass on the case. Continued on payment of attorney fees. James Robinson vs. James Triggs; case. Trial Wednesday. William F. McKnight vs. Northern Lumber company; assumpsit. Trial Wednesday. Alfred Anderson vs. The Marquette Gas Light company; trespass on the case. Trial Tuesday. Hugh C. Cole vs. Chicago, Milwaukee & St. Paul Railway company; trespass on the case. Continued by consent. F. W. Read & Co. vs. Anthony Ferguson and Michael Ferguson; assumpsit. Countermaned. James Pendill, plaintiff vs. John W. Spear, principal defendant and First National bank of Marquette, garnishee defendant; assumpsit. Continued. Charles L. Anderson individually, and doing business under the name of Lake Superior Steam Heating company vs. Helen M. MacKenzie; assumpsit. Continued. Philip Arnold, Joseph H. Loucheim, A. S. Wasserman and Morris H. Stein, co-partners, vs. Nathan D. Fergostein; assumpsit. Trial. John Stein and Margaret Stein, vs. William Ziesemer; assumpsit. Countermaned. John W. Spear vs. James Pendill; case. Continued. Elias Akkala vs. Leander Maki; an appeal—assumpsit. Trial.

20 per cent to save on nice, clean goods is a big inducement. It is what J. H. LaRoche offers this week. 2-28-1w

OPENING OF NAVIGATION.

Shippers Hope That Ice Will Break Early This Spring.

"What do you know about ice conditions at the Soo and in the lower lakes?" This is the question that every lake shipper is asking everyone who he thinks might give an intelligent answer. Marquette county men are hoping for an early opening of navigation, as large ore contracts have already been placed and they hope to beat all shipping records the coming summer. Last week's cold snap caused much ice to form on all lakes, however, and it is reported to be fifteen inches thick at the Soo. This does not look as if navigation would open much before May 1, and that is the opinion of G. A. Tomlinson, the wellknown vessel owner, who says:

"I look for a late opening of navigation this spring. There is more ice in the lower lakes now than is usual for this time of the year. I doubt if inter-lake navigation will be under way before May 1. Much will depend on the character of the weather in the latter part of March and the first half of April. The weather may prove favorable for rapid disintegration of the ice, and if that should happen the extra quantity of ice may vanish more rapidly than we expect." Mr. Tomlinson says that he looks for a good season for the boats on the great lakes in a business way.

ART LEAGUE EXHIBIT AT THE GUILD HALL

WILL OPEN WEDNESDAY NIGHT WITH INFORMAL RECEPTION TO MEMBERS—OPENED TO PUBLIC THURSDAY.

The first collection of pictures brought to the city by the Marquette Art League will be placed on exhibition at the Guild Hall during the present week. Wednesday evening there will be an informal opening of the exhibition and a reception for members of the league from 8 to 10:30. Beginning Thursday, the exhibit will be open to the public from 2 to 6 o'clock every afternoon and from 8 to 10:30 every evening. An admission fee of fifty cents will be charged for non-members, twenty-five cents for children under fifteen years of age. League members will be admitted at any time during the hours of the exhibit by presenting membership cards. The public is cordially invited to come and enjoy the excellent collection which comprises some of the best known pictures by such artists as Paul Blouin, Frederic Bridgman, B. J. Blommers, Ossip Linde, Bernard de Hoog, J. Leurs, Leon Richet, Sven Svendsen, and others.

The pictures chosen are leading examples of many schools. Every school has an individuality by which one may always recognize its works; and every artist has his more subtle individuality; and as there are many artists, seeing nature with differently varied powers, the human eye to thoroughly enjoy an exhibition, must go with an unprejudiced mind, prepared to see nature from each artist's own point of view.

The pictures of Sven Svendsen will be particularly enjoyed by the people of our north country, as he loves to paint winter scenes, his bright light and long purple shadows on the snow. Svendsen is a Norwegian by birth, and although having lived in Chicago for the past fifteen years, he has made several trips to Norway for the inspiration of his native scenes. Much of his work has also been done in upper Michigan. His snow pictures have always been popular, but his best work is seen in the full splendor of getting such color as we see in our surroundings, color that is full and rich even in the distance. This is especially visible in "A River in Norway." In direct contrast to the above he gives us in an "Early Morning" that still chill of dawn, vibrant with a melody we feel, but cannot define. Then again in the "Clare of the Camp Fire" we see his bold originality in the way in which the ruddy light loses itself in the gloom of the forest.

Besides beauty of subject such as light and color, there are also beauties of closer handling of the paint itself, or the artful elimination or elaboration of detail, which, when even slightly comprehended, add to our enjoyment of art. Through such enjoyment our interest in the world about us is strengthened and increased, for as Browning puts it, "We are made so that we live first when we see them painted things we have passed a hundred times, nor cared to see."

Marquette, Mich., March 1, 1910. To Whom It May Concern: Notice is hereby given that the Ladies' auxiliary, Pure Marquette, branch No. 10, U. S. C. F., will not pay any bill tent or any other bills whatsoever, if not ordered and such orders signed by the only authorized and legal officer of said branch No. 10. MRS. ADELINE VANCHESTENG, (3-1-34) President.

A well informed Marquette lady meets milk man at the door with this question: "Have your cows stood the tuberculin test?" Milk man: "No, I don't believe in it." Lady: "I do, and I don't want any more milk from untested cattle." (2-26-1w)

20 per cent can be saved by buying your muslin underwear at J. H. LaRoche's this week. 2-28-1w

When you order milk for your family be sure that you get it from cows that have stood the tuberculin test, says the medical department at Washington, D. C. (2-14-1m)

WHY WOMEN SUFFER With Piles and How to Find a Lasting Cure. Constipation is a most frequent cause of piles. That is why women suffer more often from piles than men. Indoor work and lack of exercise brings on the attacks.

The People's Store, Marquette, and the City Drug Store, Ishpeming, Mich., sell Hem-Roid, an internal, tablet remedy for piles, on the understanding that you can have the money back, if dissatisfied. \$1 for a large bottle. Dr. Leonard Co., Station B, Buffalo, N. Y., mails booklet on request.

WOMEN WITH PROPERTY TO VOTE THIS SPRING

NEW LAW GIVES THEM RIGHT TO CAST BALLOTS ON ISSUES INVOLVING EXPENDITURE OF PUBLIC MONEY—MUST REGISTER.

Another unique feature of the election the coming April has just come to light, namely, that all women who own property will have the right to vote on the proposition to bond the county to the amount of \$15,000 for the purpose of establishing a county tuberculosis hospital. The right of women property owners to vote on all issues involving the direct expenditure of public money was conferred by the last legislature in act 296, which reads as follows:

"Section 1. At any election hereafter held in any village, township, city, county or school district at which any question involving the direct expenditure of public money of the issue of bonds shall be submitted to the electors, every woman, who possesses the qualifications of male electors and has property assessed for taxes in any part of the district or territory to be affected by the result of such election shall be entitled to vote thereon.

"Section 2. It shall be the duty of every board of registration, upon such days as boards of registration are required to be in session, to register the names of all women who will be entitled to vote upon any question involving the direct expenditure of public money of the issue of bonds at any subsequent election. No woman shall be registered unless she makes personal application to the board of registration. It shall be unlawful for said boards of registration to register any woman under authority of this act, unless she possesses the qualifications prescribed for an elector in Section 1 of Article 3 of the constitution and has property assessed for taxes; provided, that any woman who possesses the qualifications of male electors and owns property jointly with her husband or other person, or who holds property on contract, and pays taxes thereon, shall be entitled to register and shall have the right to vote on all such propositions as are referred to in this act; provided further, that in all school elections at which the question of the direct expenditure of public money or the issue of bonds is to be voted upon, women shall be permitted to vote without registration in the manner now provided in the general school law.

"Section 3. It shall be the duty of the various village, township, and city clerks to procure and furnish to the various boards of registration a separate register in which shall be written the names of all women entitled to registration under authority of this act. The various boards of registration shall give notice of the time and place where they will be in session and shall conduct the registration in the manner authorized by sections 3,536 to 3,564, inclusive, of the compiled laws of 1897.

"Section 4. The propositions herein referred to shall be printed upon ballots which shall contain any other question to be voted on at such election. All elections at which women vote shall be conducted and all ballots shall be cast counted and canvassed in the manner provided for by existing law, except where the contrary is herein expressed."

HOW YOU GET A LIVING.

That Will Be One of the Most Important Questions of Census Man.

Uncle Sam is very anxious to know how every person in the United States gains his or her living. In the printed instruction to the enumerators who will begin their work April 15, the census bureau holds that the occupation followed by a child or a woman is just as important, for census purposes, as the occupation of a man.

The United States government also holds that the more important occupation is the one from which the person gets the more money. If a person has two occupations, the census man is instructed to record only the more important one. If that cannot be learned than he is to return the one at which the person spends the most time. As an illustration, the enumerators are told to return a man as a "farmer" if he gets most of his income from farming, although he may also follow the occupation of a clergyman or preacher; but they must return him as a "clergyman" if he gets more of his income from that occupation.

In the case of a woman doing housework in her own home, without salary or wages, and having no other employment, the entry is to be that she has no occupation. But a woman working at housework for wages should be returned as "housekeeper," "servant," "cook," or "chambermaid," as the case may be, and the entry should state the place where she works, as "private family," "hotel," or "boarding house." If a woman, in addition to doing housework in her own home, regularly earns money by some other occupation, whether pursued in her own home or outside, that occupation should be returned. For instance, a woman who regularly takes in washing should be reported as "laundress" or "washwoman."

If any child, of whatever age, is regularly earning money, the employment which he or she follows should be returned as an occupation. This applies also to a child working for his board away from home. Children, or even adults, attending school or college or any educational institution, and following no other employment, should be returned as having no occupation. But if any person is attending school or college and at the same time is regularly earning money at some gainful occupation, the enumerators are to return that occupation.

The inquiry as to whether the person enumerated is a survivor of the union or confederate army or navy is to be asked of all males over fifty years old who were born in the United States and all foreign-born males who immigrated to this country before 1865. The census man will also want to know if you are deaf, dumb or blind.

All milk consumers are invited to visit the Marquette City Dairy, where everything is modern, sanitary and up-to-date, and note the perfect condition of cattle that have been groomed daily all winter. (2-26-1w)
