

LIST OF THE DEAD GROWS LARGELY

Disaster on the Great Northern at Wellington, Wash., Expands to Frightful Proportions as Further Details Are Received.

That More Than Eighty Persons Went to Their Doom When the Trainload of Sleeping Passengers Were Hurlled by the Avalanche to the Bottom of the 200-Foot Canyon Is Now the Indication—Some Coaches Smashed as if Egg-Shells.

Everett, Wash., March 2.—The death list of the Wellington avalanche, where a trainload of sleeping passengers were taken by a tremendous snowslide and hurled to death at the bottom of a two-hundred-foot canyon, continued to increase tonight.

The officials of the Great Northern gave out a list of the known dead. Upon this basis, the total number may reach eighty-four before the rescuers reach the bottom of the mass of snow and wreckage. The names of eight passengers and nine railroad employees were given. Thirty-eight passengers and twenty-nine employees of the railroad are still missing. The railroad men think that few of the missing will be recovered alive.

Forty hours have passed since the thunders in the Cascades wrote a new story of the danger of winter traveling through the mountain passes. No detailed account has been received of what happened when the Spokane express was taken from its shelter at the gateway to the Cascade tunnel and buried at the bottom of the canyon.

Scene Makes Men Hysterical.

The only stories of the disaster have come from those who have climbed over the mountain trails. Several men, on leaving the sights of horror at Wellington and arriving at Scenic, the nearest relief station, were unable to describe what they had seen. The perils of their descent of the mountain and the cries of the wounded in the wreckage below the track had made them hysterical.

Second Horror Narrowly Averted.

Spokane, Wash., March 2.—Oriental Limited train No. 2, eastbound on the Great Northern railroad, fell a victim to an avalanche of snow and rocks today. One person was killed and twelve others were injured, some seriously. The entire train escaped plunging down a fifty-foot embankment by a narrow margin.

HILL KICKS AT WATER BILL.

Railway Magnate Says City of St. Paul Is Holding Him Up.

St. Paul, Minn., March 2.—James J. Hill strode angrily into the city water office yesterday and protested against a bill recently sent him. Mr. Hill gets a high water service at his residence on Summit avenue, St. Anthony hill. At his garden's greenhouses below the hill he gets low water service. His gardener latched the two systems together. The high service pushed through the low service meter several hundred feet per day, whether the water on either service was in use or not.

CARTOONIST'S WIFE IS FREE.

Mrs. Davenport Given a Divorce and Alimony of \$400 a Month.

New York, March 2.—A decree of separation has been granted in the supreme court to Mrs. Daisy B. Davenport from Homer C. Davenport, the cartoonist. It was granted by mutual agreement of the two parties and gives Mrs. Davenport the custody of the three children and \$400 a month alimony.

TOOK BATH; \$50,000 GEMS GONE.

New York, March 2.—While she was in her bath, diamonds and jewelry valued at \$50,000 were stolen from the dressing room of Mrs. Sanford Erlanger, wife of a New York stock broker, in her apartment at the Ansonia.

BOLD ROBBERY IN CHICAGO.

Bandits Hold Up an Expressman in True Western Style.

Chicago, March 2.—In true Western style, two armed bandits held up F. A. Racine, the driver of an Adams Express company wagon, a short distance from the Union Station today and robbed him of \$35, all he had on his person. The robbers are believed to have been under the impression that it was a money wagon and to have planned to make a big haul. The wagon, however, was empty. The robbers escaped.

HER STORY DISAPPOINTING.

Mrs. Swope Gives Her Deposition in Dr. Hyde's Slander Suit.

Kansas City, Mo., March 2.—After a long delay, occasioned by the squabbles between the attorneys over her presence before the grand jury, Mrs. Logan O. Swope, the guiding hand of the Swope death mystery, today gave her deposition in Dr. B. C. Hyde's slander suit against John G. Paxton, executor for Thomas H. Swope's estate. Mrs. Swope's story was uninteresting, considering the hard fight that Dr. Hyde's attorneys have made for it.

SAYS HE WAS INJURED WHILE JOINING LODGE.

Eagles Are Sued for Damages by a Candidate Who "Rode the Goat" and Who Claims He Was Subjected to Electrical Shocks and Forced to Dance Until Exhausted.

Grand Rapids, Minn., March 2.—Adalberto Racine, for many years a resident of Grand Rapids, has sued John C. Lewis, an attorney at Nashauk, and some fifteen other residents of that place for \$2,500 damages for injuries alleged to have been received through rough usage at an Eagle lodge initiation at Nashauk in January.

Rowboats Used in Albany Streets.

Albany, N. Y., March 2.—The state superintendent of public works today sent out a dynamite squad to remove the jams in the Hudson river south of Albany with a view of relieving the flood conditions. Governor Hughes today ordered the state armory at Mohawk, Herkimer county, thrown open for the relief of the flood victims. The Hudson here receded a few inches during the day. The lower portion of the city, however, is still inundated and tonight the police are patrolling the streets in rowboats.

ROOSEVELT PARTY LIONIZED.

Wherever They Visit They Are Accorded Enthusiastic Receptions.

Gondokoro, Soudan, March 2.—Reports from points along the route allowed by the Roosevelt party tell of enthusiastic receptions wherever the party stops. Special honors are accorded the party by the natives and officials everywhere, and details of especially selected soldiers escort them about the towns they visit.

ACCEPTS IT IN PRINCIPLE.

France Replies Favorably to Knox's Arbitral Court Proposition.

Paris, March 2.—The French government has replied to Secretary Knox's proposal to the powers looking to the establishment of a permanent court of arbitral justice, accepting the proposition in principle but making suggestions which the government believes will bring all the other powers into accord.

MELTING SNOW CAUSING TROUBLE.

Seattle, Wash., March 2.—Eighteen feet of snow on the western slope of the Cascades and eight feet on the eastern slope is being changed into water by a warm wind from the sea. The rivers cannot carry away the deluge, and Washington valleys are overflowed, railroads are compelled to suspend business and bridges are washed away by the most widespread flood in twenty years.

COLLEGE EDUCATION FREE.

Massachusetts Legislators Plan to Bring Learning Within Reach of All.

Boston, March 2.—A college education without going to college, at a price so low as to place it within reach of all, is a plan of a bill which has just been signed by Governor Draper. The bill incorporates the trustees of the Massachusetts college, who hope to raise \$500,000 in addition to the \$100,000 already in their hands, to put it to give college instructions in various towns and cities, using the town halls for lecture and recitation rooms. The degree of A. B. will be given after seven or eight years of this "university extension" study.

MANY AFTER YUMA LANDS.

Los Angeles, March 2.—When the land officials threw open the doors of Shrine auditorium the place was stormed by more than nine hundred men and women frantic to make entries for the 173-acre farms in the Yuma irrigation district. Leading the crowd were one hundred men and women who had camped about the big building all night. The distribution of the farms, however, lies altogether in the realm of chance. They will be distributed by means of a drawing March 20.

A BIG DAY'S HIKE.

Albuquerque, N. M., March 2.—Edward Payson Weston reached Chappelle, N. M., at 8 o'clock tonight, after having traveled forty-six miles from Lamy Junction since 6 o'clock this morning.

FLOODS CAUSE WIDESPREAD HAVOC

Rivers Both in the East and West Are Raging Torrents and Have Inundated Many Thousands of Acres of Low-Lying Lands.

Four Thousand Persons Are Homeless and Numerous Industrial Plants Are Closed in Ohio—Similar Conditions Prevail in New York and Pennsylvania, While in Utah, Washington and Oregon the Damage Is the Greatest Known the Past Twenty Years.

Cleveland, March 2.—At least four thousand persons are now homeless in Ohio as a result of the flood, which continues to devastate the state. Numerous industrial plants have been forced to close down and hundreds of men are out of work. The material damage is estimated at \$1,000,000, although it will be some time before definite information can be obtained.

The Licking and Muskingum rivers have passed the point of their today rising and are still rising. Only a few big steel works at Youngstown are still running, and these are expected to suspend tomorrow. The tracks of the Pennsylvania railroad there are several feet under water and have been abandoned.

A huge gorge which has blocked the main street at Warren has resisted several attempts to dynamite it, and it is feared that if it breaks now the town will suffer heavily. Fresh horror confronts the people at Maumee, where a torrent laden with ice and debris swept over the cemetery. It is practically certain that when the waters subside many corpses will have been uncovered.

Rowboats Used in Albany Streets.

Albany, N. Y., March 2.—The state superintendent of public works today sent out a dynamite squad to remove the jams in the Hudson river south of Albany with a view of relieving the flood conditions. Governor Hughes today ordered the state armory at Mohawk, Herkimer county, thrown open for the relief of the flood victims. The Hudson here receded a few inches during the day. The lower portion of the city, however, is still inundated and tonight the police are patrolling the streets in rowboats.

ROOSEVELT PARTY LIONIZED.

A BIG DAY'S HIKE.

Albuquerque, N. M., March 2.—Edward Payson Weston reached Chappelle, N. M., at 8 o'clock tonight, after having traveled forty-six miles from Lamy Junction since 6 o'clock this morning.

THE WEATHER

Washington, March 2.—The following is the weather bureau's forecast for Upper Michigan: Generally fair, Thursday and Friday.

KENTUCKY LEGISLATORS HOLD STORMY SESSION.

With the Republicans Absent, the Democratic Senators Pass a Bill Outing Louisville's City Attorney from Office.

Frankfort, Ky., March 2.—The Democratic members of the Kentucky senate today in the Republican members of that body are terming a "rump" session, because President Cox had declared it adjourned, adopted the bill heretofore passed by the lower house of the assembly, deposing Clayton Blakey, present city attorney of Louisville, and clearing the way for the appointment of Attorney Charles Carroll by Mayor W. O. Head to succeed him. The Republican members of the senate left the chamber when President Cox declared the body adjourned. Twenty-five Democratic members remained, and twenty-one of them voted for the bill. The passage of the "ripper" bill followed the stormiest session of the present senate. Governor Wilson is expected to veto the bill.

DARK PICTURE PAINTED.

Nicaraguan Insurgents in Sorrow Straits, According to the Government.

Managua, March 2.—Although the government won the victory at Tipitapa, according to reports received here, there is no prospect of peace until General Chamorro is dead or captured. A period of inactivity is now looked for, until the revolutionists replenish their supply of ammunition. Chamorro effected a junction with Mena at San Vicente yesterday. Deserters report the insurgents falling back on La Manga.

San Juan Del Sur, March 2.—Deserters from Mena's force who have surrendered to the government division at Acopyapa state that General Chamorro fronts the people at Maumee, where a torrent laden with ice and debris swept over the cemetery. It is practically certain that when the waters subside many corpses will have been uncovered.

ROOSEVELT PARTY LIONIZED.

Wherever They Visit They Are Accorded Enthusiastic Receptions.

JEFF DAVIS IN THE LIMELIGHT AGAIN

Arkansas Senator Raises a Question of Veracity in Connection With an Attempt to Recover Large Areas of Lands.

He Denies Uttering the Words Attributed to Him, Nevertheless He Fails to Have Stricken from the Records the Statement That the Passage of the Legislation Means a Fee for Him—House Committee Members Declare That He Did Say It.

Washington, March 2.—Senator Jeff Davis, of Arkansas, failed today in an effort to have stricken from the records of the house committee on public lands a statement which he made before the committee several days ago when he appeared there in advocacy of a bill quieting the title to about one hundred thousand acres of swamp lands in the eastern part of Arkansas known as the "smuck lands."

Senator Davis' statement was that "he was to receive a fee for his services as attorney for the Saint Francis levee board" in the legislation in connection with the lands. The lands in dispute are claimed in part by the United States, the Saint Francis levee board and private individuals. Senator Davis asserted before the committee that he had not used the words attributed to him, but several members of the committee declared that he did make the statement.

The interior department in December, 1908, made a ruling that the original surveys of this land were incorrect and that title to the land reverted to the federal government by the compromise act between the United States and the state of Arkansas in 1898. Following this decision large numbers of persons settled and moved upon the land.

Senator Davis tonight gave out a formal statement in which he declared that "absolutely false and without foundation" the report that he was to get a fee in the event of the passage of the bill.

POSTAL BANK BILL IN PERIL.

Senate May Vote Today to Send It Back to Committee.

Washington, March 2.—The administration postal savings bank bill may be referred back to the postoffice committee when the times come tomorrow for the vote on that measure by the senate. Senator Heyburn, of Idaho, so intimated in a speech today on his substitute for the pending bill. He added that the Republican party is under no pledge to pass a savings law at the very beginning of the Taft administration.

RECIPROCIITY ARRANGED.

Austria-Hungary to Be Granted the Minimum Tariff Rates.

Washington, March 2.—A proclamation granting Austria-Hungary the minimum rates under the Payne-Aldrich tariff law was signed today by Secretary of State Knox and was presented to the president by Senator Heyburn, of Idaho, so intimated in a speech today on his substitute for the pending bill. He added that the Republican party is under no pledge to pass a savings law at the very beginning of the Taft administration.

HE WILL REMAIN IN PRISON.

Thomas Taylor Refuses to Take Advantage of a Presidential Pardon.

Washington, March 2.—Declining the advantage of a pardon granted him by the president, Thomas Taylor, who was sentenced to fifteen years in the Atlanta penitentiary for the murder of his wife, will remain as a "trustee" of the institution. Taylor has studied pharmacy and was assigned to the custody of the prison pharmacy. He will remain in that capacity.

ARMY AEROPLANE DAMAGED.

Lieut. Foulis Narrowly Escapes Injury in a Flight at San Antonio.

San Antonio, Tex., March 2.—After three successful flights today by Lieutenant B. D. Foulis at Fort Sam Houston in a Wright aeroplane, the fourth attempt resulted disastrously. The rudder of the machine was wrecked and Lieutenant Foulis had a narrow escape from serious injury.

EDUCATORS IN SESSION.

Indianapolis, Ind., March 2.—The relation of the physical to the psychological condition of school children was discussed tonight in the convention of the department of superintendence of the National Educational association. The essential element of the health of the teacher was considered by Dr. Luther H. Gulick, an investigator of the Russell Sage foundation. Dr. Thomas Harrington, of Boston, talked on the necessity of preserving the health of the children.

FRITCH ARGUMENTS CLOSED.

Detroit, March 2.—The closing arguments at the trial of Dr. George A. Fritch, accused of causing the death of Maybelle Millman of Ann Arbor, were practically finished today. The case will go to the jury tomorrow.

OIL KING'S WEALTH TO BENEFIT MANKIND.

Preliminary to a Systematic Distribution of His Riches in Philanthropic Work Along All Lines, a Bill Incorporating the "Rockefeller Foundation" Is Introduced in the U. S. Senate.

Washington, March 2.—The Rockefeller Foundation is incorporated in the District of Columbia by a bill introduced in the senate today by Mr. Callinger of New Hampshire. It is understood the purpose is to have a method for John D. Rockefeller to dispose of his enormous wealth in a manner beneficial to mankind by means of conducting philanthropic work along all lines.

The Rockefeller Foundation, according to the bill, is organized to promote the well-being and advance the civilization of the people of the United States and its possessions in foreign lands and for the acquisition and dissemination of knowledge; for the prevention and relief of suffering; and the promotion of one and all the elements of human knowledge. The bill was referred to the committee on the judiciary.

New York, March 2.—The estimates of Mr. Rockefeller's benefactions vary largely. It is conceded that in charity he has one leader—Andrew Carnegie—and that Mr. Rockefeller has given away about \$131,000,000, as against \$162,000,000 for Mr. Carnegie. The leading Rockefeller gifts have been: General Education board, \$33,000,000; University of Chicago, \$25,000,000; Rush Medical college, \$6,000,000; Institute for Medical Research, \$4,300,000; churches (known), \$3,100,000.

ALBANY PROBE ABOUT ENDED.

Alldis to Take the Stand Today as the Last Witness for the Defense.

Albany, N. Y., March 2.—The end of the senate bribery investigation came in sight today when Attorney Littleton announced that Senator Alldis would take the stand tomorrow as the last witness for the defense. The verdict is expected before the senate adjourns Friday, March 11. The defense still has to call an officer of the Croton bank, which issued the \$6,500 check which Senator Conger alleges was the source of a hoodlum fund that Hiram G. Moe brought to Albany and distributed to Alldis, Speaker Nixon and Jean L. Burnette of the assembly.

The morning session today was devoted to the examination of six insurgent senators who attended the conference on Jan. 4, when Senator Conger first made the charges against Senator Alldis that resulted in the present investigation. Their stories agreed with Conger's as far as they went, but they said that Conger, on that occasion, made no mention of the part played by Moe.

CRITICISE THE GOVERNOR.

"Dry" Forces of Minnesota Demand a County Option Law.

St. Paul, March 2.—After criticizing Governor Eberhart for failing to take an open stand in favor of county option and after condemning the dominant political parties for failing to enact a county option law, the state executive committee of the Minnesota "dry" forces met in regular session in St. Paul today. Eighteen hundred delegates from all over the state were present.

STATE POWERLESS TO PROCEED.

Illinois Legislature Fails to Appropriately Waterpower Litigation.

Springfield, Ill., March 2.—There will be no funds available to prosecute the appeal by the state of the Economy Light & Power company case from the supreme court of Illinois to the supreme court of the United States passed the legislature meets in regular session in January and makes an appropriation. The general attorney has no funds, and owing to the failure of the general assembly to pass at the special session which closed today a bill making an appropriation no money will be available.

HE HAS A BIG TASK AHEAD.

New Jersey Sheriff Has Warrants for the Arrest of the Packers.

New York, March 2.—Supreme Court Justice Sutherland has set Saturday as the date for hearing the arguments of Pierre Garven, public prosecutor of Hudson county, in the matter of obtaining the books of Armour & Co., Swift & Co. and others recently indicted at Jersey City, charged with a conspiracy in controlling the price of meat.

MAGAZINE SUSPENDS.

Creditors Swoop Down on Banker Van Norden's Publication.

New York, March 2.—The Van Norden magazine, which is backed by Warner M. Van Norden, the young banker who recently charged two women with robbing him of \$28,000, suspended publication today and the creditors swooped down on the Eastern Publishing company's plant where the magazine is published.

GENERAL WOOD CONVALESCENT.

Baltimore, Md., March 2.—Major General Leonard Wood, who has been a patient at a hospital here for several weeks, is recovering from the effects of operations on the head and expects to leave the hospital Saturday.

ANY WOMAN CAN MAKE AN IMPRESSION ON A MAN WHO HAS EITHER A SOFT HEART OR A SOFT HEAD.

Berlin, March 2.—Count Goetz von Seckendorff, aged sixty-eight, former court marshal, died today.

GENERAL STRIKE IS PROCLAIMED

Universal Walkout of Union Workers and Their Sympathizers Is Scheduled to Begin at Philadelphia at Midnight Friday

Unless in the Meantime the Traction Company Consents to Arbitration, This Decree of the Central Labor Body Will Be Obedied by 100,000 Men, the Leaders Say—The Police Doubt This, However—They Say Most Toolers Will Ignore the Order.

Philadelphia, March 2.—A universal strike of union workers and their sympathizers, to begin at midnight Friday, was proclaimed by the Central Labor union of Philadelphia and vicinity tonight. The strike leaders declare that one hundred thousand men will stop work if the Meantime have consented to arbitrate the differences with the striking carmen.

The meeting at which the strike order was promulgated was large and the sentiment apparently unanimous in favor of a general strike. Telegrams were read from the Chicago and San Francisco Federations of Labor, with 250,000 and 175,000 members, respectively, pledging moral and financial support.

Resolutions were adopted condemning the attitude of the traction company by which it was stated, business had been affected to such an extent that thousands of persons not directly interested in the strike had been thrown out of employment.

Several associations of employees whose workmen are threatening to go on a sympathetic strike held meetings today. The Master Builders' exchange commended the city administration for maintaining order and resolved to declare a lock-out if the members of the building trades unions strike. The Philadelphia Foundrymen's association and a resolution deprecating the proposed general strike.

According to reports received by the police, the workmen generally will ignore the strike order.

U. S. STEEL A LEADER.

Prices of Stocks Rally Strongly in the Wall Street Market.

New York, March 2.—The prices of stocks rose today to the highest level yet touched on the recovery from the severe decline which set in after the first of the year. An obstinate short interest was driven to cover and the buying thus necessitated was an important factor in lifting the prices. The movement against the shorts showed evidence of organization and the possession of large resources, and also of the employment of the usual methods to push a price movement. It owned considerable of its effectiveness to the small offerings of stocks for sale, and this condition in turn is due to the subsidence of the apprehension on various accounts which was the motive of the selling earlier in the year.

In United States Steel particularly, there were signs of activities by an organized speculative party, which gave rise to surmises that the market pool in that stock had resumed operations on the long side. Yesterday's formal announcement of the retirement from the directorate of John D. Rockefeller, Jr., was of the kind used with depressing effect sometimes when the speculation is in a different mood. A quieting of the anxiety over a possible trade recession is perceptible in a similar way. The improvement reported in the steel trade is partly responsible.

HAS A BIG TASK AHEAD.

New Jersey Sheriff Has Warrants for the Arrest of the Packers.

New York, March 2.—Supreme Court Justice Sutherland has set Saturday as the date for hearing the arguments of Pierre Garven, public prosecutor of Hudson county, in the matter of obtaining the books of Armour & Co., Swift & Co. and others recently indicted at Jersey City, charged with a conspiracy in controlling the price of meat.

and as a means of giving encouragement to "drys" in down state counties. There's no territory that offers so many problems to the "drys" as the territory of a large city, and the larger it is the greater they are handicapped at the go in.

The financial aspect of the problem is one of great importance in Chicago. The city treasury has an income of \$7,000,000 from liquor licenses.

It would exceed the limit of space which we could possibly allow me, at this time, to attempt anything more.

BAD FIRE AT GREENLAND.

Isenberg Block and Smaller Building Are Totally Destroyed.

The Isenberg block, owned by David Isenberg, the largest business building in Greenland, Ontonagon county, was burned to the ground yesterday morning. The fire was discovered about 2:30 o'clock and though a desperate effort was made to extinguish it the effort was without avail. Greenland is provided with no fire fighting apparatus, excepting the old time bucket brigade, which was powerless in this case. The building was occupied by Mr. Isenberg with a general store and meat market, and a portion was occupied by Richard Callahan with a saloon. A smaller building, adjoining, occupied by William Laplante's saloon, was also destroyed. The Isenberg loss is between \$25,000 and \$30,000, half covered by insurance. The Callahan and Laplante losses were not learned.

HANCOCK CITY POLITICS.

Parties Are Preparing for the Annual Municipal Campaign.

Arthur F. Jacques, supervisor of the Fourth ward and chairman of the Hancock city committee of the Citizens' party, announces that he will call a meeting of the committee for next Wednesday or Thursday night, at which time the dates and places for holding the ward caucuses and city convention of the party will be named and plans for the city campaign will be made. The Citizens' party in Hancock is stronger than it ever was, it is declared, and its adherents are planning the strongest campaign of its history. It expects to put up candidates for almost every office in which a vacancy will occur, and it will fight to the finish. Who will head the ticket against Mayor W. Frank James is not given out. At the election this spring there will be chosen a mayor, clerk, treasurer, four aldermen and four supervisors.

J. J. Eichkorn, chairman of the Republican party, is at present out of the city. On this account no announcement regarding a meeting of the Republican city committee can be made at this time.

SUPERVISORS' MARCH SESSION.

Three Important Matters to Come Before the County Board.

The regular March meeting of the Houghton county board of supervisors will be held at the county building next Tuesday morning. Three important matters will come up for discussion:

The report of the building committee on the necessity for a new county jail.

The report of the prosecuting attorney Macdonald on the legal status of the county road system question.

The report of the prosecuting attorney on the legal phases of the proposal to bond the county for the creation of a sanatorium for the treatment of tuberculosis.

The county road system will probably be disposed of by the ordering of an election, submitting the question to the vote of the people in April. The sanatorium matter will probably take the same course.

It is impossible at present to get a line on the probable report of the committee on the jail matter, but the fact that the board has given the matter to a committee for investigation is regarded as a sign favorable to the plan of Sheriff Byrnes to secure a new building.

AMABLE LAYERINI'S ROMANCE.

Young Hancock Girl, Ward of the County, Becomes a Wife.

Miss Amable Layerini of Hancock, ward of the county by grace of the juvenile court, became Mrs. Quido Campanini last Monday night and a somewhat stormy chapter in her young life has come to a close. Mrs. Campanini constituted one of the most important problems which the new juvenile court has had to solve.

She came before the court some weeks ago on complaint of her parents, who charged her with being wayward, after she had left her home claiming they had abused her. When she came before the court she was convicted, but Judge Bentley placed her in the hands of County Agent Mason, taking her out of parental control. It was then that Mr. Mason learned of a romance which had something to do with her leaving home.

Quido Campanini, a young Hancock workman of good habits and prospects, wanted to marry the girl, but her parents objected. Mr. Mason learned of this he began to play the role of a good, gray cupid and soon brought the warring factions together. The parents gave their consent and Judge Bentley performed the ceremony last Monday evening. Mr. and Mrs. Campanini have taken up their home in Hancock and their prospects are rosy.

DON'T GET RUN DOWN

Weak and miserable. If you have kidney or bladder trouble, dull head pains, dizziness, nervousness, pains in the back and feel tired all over, get a package of Mother Gray's Australian-Leaf and use it. It never fails. We have many testimonials from grateful people who have used this wonderful remedy. As a regulator it has no equal. Ask for Mother Gray's Australian-Leaf at drug stores or sent by mail for 50 cts. Sample FREE. Address, The Mother Gray Co., Le Roy, N. Y.

ZBYSKO CHALLENGES LEHTO.

Pole Must Throw the Finn if He Is to Secure at Match With Gotch.

Stannulus Zbysko, the giant Polish wrestler who failed to throw Carl Lehto of Hancock twice in an hour, or once for that matter, Tuesday night at the Calumet palestra, yesterday challenged Lehto to a straight match. He makes no conditions as to time or place, but says he must secure the match if he is to get on with Gotch in a world's championship contest. Zbysko says that Gotch makes it a condition that the Pole must throw every man he wrestles before the champion will give him a match. This Lehto is a bar to Zbysko's championship aspirations. If he does not give him a return match, Lehto has not announced his intentions in the matter.

It might be as well to settle all doubt on the question. The Polish wrestler's name is pronounced "Zib-zko," with the accent on the penultimate. This information is derived from a prominent copper country Pole, and "Polander" is the way to say that, not "Poe-lock," which is a Sio product and not of European origin.

EPWORTH LEAGUE RALLY.

Ontonagon, Mass. Victoria and Rockland Chapters in Festival.

A most successful rally of the Epworth League chapters of Ontonagon county was held at the Rockland M. E. church last Friday evening. In spite of the stormy weather about seventy-five young people attended from Rockland, Mass and Victoria, E. J. Quakebush, superintendent of the Rockland public schools, presided and the following program was rendered: Song service; responsive reading, followed by the Lord's Prayer; address of welcome; C. J. Holman, Rockland; responses, Miss Somers, of Ontonagon and Miss Clark of Victoria; diet; the Misses Somers and Deach Ontonagon; paper, "Prayer," Miss Rhea Ontonagon; paper, "Missions," Miss Wilkins, Mass.; reading, Miss Mita Craig, Victoria; solo, E. J. Quakebush, Rockland; address, Rev. J. H. Hitchens, Ontonagon; address, Rev. H. Rogers, Rockland; paper, "God Be With You Till We Meet Again." At the conclusion of the program the visitors were the guests of the Rockland chapter at a supper in the basement of the church.

WILL NOT GO TO SPARTA CAMP.

Colonel Cox Says Michigan National Guard Is Not Included.

Colonel J. N. Cox, adjutant general of the Michigan National Guard, arrived in Houghton yesterday on private business. He corrected the report that the Michigan troops are to go to Sparta, Wis. this summer. Colonel Cox says that Michigan is in another military division than the states which will send troops to the Sparta camp. He does not know whether Michigan's troops will be sent to a joint maneuver camp at all, but if they do it will be to Fort Harrison, Indiana. The state is short of funds for military purposes because expected aid from a national appropriation have not materialized. However this will probably be the last year in which the Michigan National Guard will suffer financial embarrassment, because its revenue from the national government will largely be increased after the impending census. The state receives six cents per capita on population from the government, and the increase in population is expected to increase its military income about \$20,000.

RATHBONE MEMORIAL FUND.

Society Is Incorporated and Plans Building a Monument.

The articles of incorporation of the Justus H. Rathbone Memorial Fund association have been filed with County Clerk Richardson and with the secretary of state at Lansing. The following are the officers: President, Ira E. Randall; vice president, Dr. Charles T. Ferriss; treasurer, J. E. Scott; secretary, Henry W. Hart; trustees, the officers and Otto H. Obendorf and Jort O'Sullivan. The Memorial fund society was organized in 1905 when the old Justus H. Rathbone school house at Eagle Harbor was purchased. Mr. Randall was made trustee and he will now deed the building to the society. The society, in its unincorporated state, expended about \$200 on the old building, which is now in durable condition and is carefully guarded. President Randall is about to publish a memorial book on Rathbone and the profits from its sale will go into the society's funds.

The society has the intention of making the Rathbone schoolhouse the shrine of Pythianism and its membership is open to all Pythians. Forty-three members of the local lodge in Houghton, have signed the articles of incorporation as charter members. Another intention of the society, which is for the distant future of course, is to erect a Pythian home at Eagle Harbor and within a less than a year will be erected there a monument to the founder of the order.

MAGAZINES FOR LIBRARY.

Collection of Contributed Publications Will Be Made at Houghton.

Miss Whare, librarian of the Houghton Public Library, stated yesterday that on March 10 a tray would be sent out to collect the magazines which have been offered to the library by various Houghton people. All those who have responded to the postal card request should bear this fact in mind and have their magazines ready when the collector calls. The library would be grateful for contributions of bound volumes of magazines or any publications. The library has no such shelves at present and they would be greatly in use in carrying out plans for courses of reading which are in mind.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. J. C. KENNEY & CO., Toledo, O. We have the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him. Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 50 cents per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

GLADNESS COMES

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of illness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs and Elixir of Senna, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact that it is the only remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is, therefore, all-important, in order to get its beneficial effects, to purchase and use that you have the genuine article, which is manufactured by the California Fig Syrup Co. only.

WEATHER DURING FEBRUARY.

Month Was Marked by Average Weather—The Coldest Sixteen Below.

The month of February just closed was marked by average winter weather, according to the report of Observer Wiesner of the Houghton meteorological bureau, issued yesterday. The warmest day was the 7th, with thirty-eight degrees above, and the coldest was the 25th, when it fell to sixteen below. The average temperature for the month was twelve above zero, which is a shade over one degree colder than the average for the ten years of the bureau's existence in Houghton. The snowfall was 21.6 inches for the month, equivalent to 1.54 inches of melted snow, the average for the ten years being 1.55. The snow on the ground at the end of the month measured 29.3 inches. There were six clear days, eleven partly cloudy and eleven cloudy. Snow fell on fifteen days.

WANTS FREE DISPENSARIES.

Houghton County Anti-Tuberculosis Society Has a New Plan.

An instance of the fact that the Houghton County Anti-Tuberculosis Society is gradually finding itself and adjusting itself to copper country conditions in the fight against the great white plague is found in a report made to the directors of the society by Miss Eldert, visiting nurse at a meeting Tuesday night. Miss Eldert has been engaged in the work in Houghton county for two weeks, and she finds that the field is too large to be successfully covered by one worker or through visiting nurses at all. She advises the establishment of dispensaries in the various towns in the county, and she readily comes to see the force of her reasoning. Within a short time such dispensaries will be established.

PURE FOODS AND PURE MEDICINES.

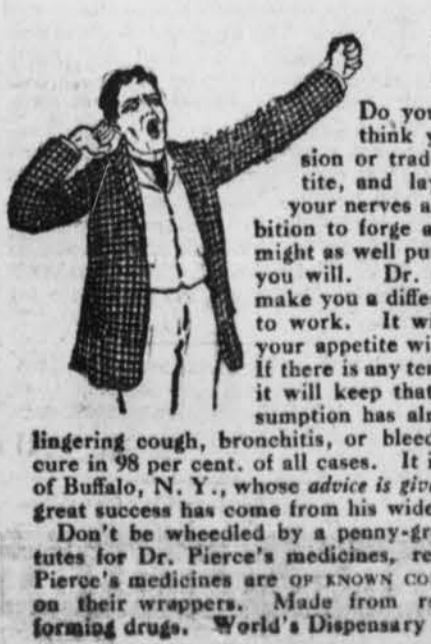

Mean better, healthier, happier people. It has been proved, however, that all medicines are not adulterated and worthless any more than are all food products. The wheat has been sifted from the chaff, and such medicines as Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs and contains all the conditions of the Pure Food and Drug Laws, will continue to hold its place as the standard American remedy for female ills.

HOME CURE FOR ECZEMA.

Does it not seem strange that so many people suffer year in and year out with eczema? A 25-cent bottle of a simple wash stops the itch and will surely convince any patient. This wash is composed of mild and soothing oil of wintergreen mixed with thymol and glycerine, etc., and known as D. D. D. Prescription. We do not know how long the D. D. D. Laboratories will continue the 25c offer, as the remedy is regularly sold only in \$1.00 bottles and has never before been put on the market on any special offers.

If you want relief tonight try a bottle at 25c on our personal recommendation. The Stafford Drug Co., Marquette, and City Drug Store, Ishpeming, Mich.

Take out the bottom drawer of a bureau to clean under it.

Do You Feel This Way?

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at night unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your lazy liver to work. It will set things right in your stomach, and your appetite will come back. It will purify your blood. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring you to work. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice. Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good." Dr. Pierce's medicines are of known composition. Their every ingredient printed on their wrapper. Made from roots without alcohol. Contains no habit-forming drugs. World's Dispensary Medical Association, Buffalo, N. Y.

Mining News

On account of the good showing being made by its neighbors, Gratiot on the north and Ojibway on the south, Seneca expects to encounter some good ore in the Kearsarge lode. The shaft is now down about 750 feet and in the third level crosscut fairly good values are being shown.

Hancock has close to 1,000,000 tons of copper rock blocked out and ready for shipment to the stamp mill. It is estimated that this rock will be able to yield twenty-two pounds of copper per ton handled. These figures are estimated on the appearance of the ground, the evidences of copper and figuring the lode with a ten-foot width, whereas its average is twelve or fourteen feet.

The Oneco has two diamond drills in operation. The diamond drill in No. 6 hole is now well in the ledge. This hole was started a little further west from hole No. 5 so as to cut the lode at a depth of about 500 feet. The rich ore recently taken from this lode was at a depth of 350 feet. No. 7 diamond drill hole is situated about 2,200 feet southeast of No. 5 on the same strike line as No. 6.

At No. 1 shaft of the Ojibway the deeper, 500 to 600 and 800 foot levels are being worked. The copper ore is continuously in high-grade stamp copper ground, and this is also true of No. 2 shaft drifts going north at these same levels. The crosscut from the 1,250-foot level at No. 1 shaft has just reached the ledge and is being driven north in service and as soon as the second compressor is doing duty there will be twelve drills at work blocking out the copper ground.

Development is going on in the Colorado mine of the Davis-Daly company with good results. The company is driving the main vein and has in the vicinity of 100 feet yet to go. A crosscut has been started east of the shaft on the 1,800 level. A new vein of zinc ore has been cut which is two to three feet wide and carries 40 per cent zinc and some copper. Some work is being done on the 1,400 level and a crosscut is being run south under the Hesperus lode claim.

Word received from Tintic, Utah, is that the Chief Consolidated is now hoisting a considerable quantity of good ore. This is being stored. All of it has been taken out in development work and Manager Walter Fitch intends to block out a good tonnage before beginning active shipping. The last of the Little Chief Mining company stock, which was taken over by the Chief Consolidated, has been converted into Chief Consolidated. The company has also bought two additional claims recently. The stock of the Little Chief has been dropped from the Salt Lake Stock & Mining exchange, as it has ceased to exist.

It may not be generally known that the Osceola company owns a valuable piece of mineralized territory in Keweenaw county. This land is located immediately adjoining the one-time Bohemia that operated there a few years ago and the Bohemia's exploratory work exposed a lode of merit. Nothing has been done on the property since that time but it is believed that the Osceola could well afford to expend some money in an effort to prove up this property some time in the future. The land was originally purchased for its timber values, but the mineral rights went with the surface rights when the purchase was made.

Two compartments of the Giroux company's new shaft are now below the 1100-foot level and will be carried downward as rapidly as possible until the 1200-foot level is reached, when a station will be set and pumps installed. From the 1200-foot level a crosscut will be run to join the 1200-foot level of the Alpha shaft. The two are already connected by a drift at the 1000-foot level and a big block of stopping ground will be thus established from which direct-smelting ores can be hoisted in large quantities through the Giroux shaft. The Giroux company has a plan of development work mapped out which will probably take all summer.

Developments in a mining way at the Centennial and Allouez properties have been very satisfactory for some time past, particularly at the Allouez, where the lode is now being opened in ground. Re-rolling that of the Allouez in many characteristics. In the No. 2 shaft of the Centennial the lower levels are showing good rock which will make itself noticeable in the higher mineral returns from the stamp mill as soon as this rock is stopped. No effort is being made to increase production at the Centennial nor at the Allouez while the metal shafts at present figure. During the year particular effort has been centered to prevent the company from adding to its debt which was \$100,000 at the time the last annual report was issued.

On the property of the National Mining Exploration company, situated on the Williams shaft is progressing rapidly, about twenty feet of advance work being done each week. At present the shaft is 380 feet deep and is in a formation consisting chiefly of quartzite showing much hematite stain. At a depth of 538 feet, a thin layer of lime was encountered and the material underlying this carried a higher percentage of hematite than the ground above or below it. Occasionally small bunches of copper carbonates are encountered in the course of the shaft work. Although, at the present stage of development work, no absolutely dependable estimates of the depth can be made it is believed that a lode will be opened at a depth of between 600 and 650 feet.

According to Butte advices, the showing made on the lower levels of the Butte Coalition company is gradually improving. It is stated that the new vein opened on the 1,500 and 1700-foot levels is rich, and that on the 1700-foot level a particularly fine body of ore has been opened up. It has a width of thirty-six feet, and an average of 7 per cent copper. The vein is being mined and developed through the Trunway shaft. The company has restricted its output in conformity with the understanding as to a curtailment of production, the Kams being only worked partly. The company was producing 4,100,000 pounds per month up to December, but it is stated that it can easily increase its output to 5,000,000 pounds per month. At the present time, the company is said to be earning at the rate of about \$1.50 per share on its stock.

At the Inspiration property, five drifts and one raise are being driven to blocks on the ore body and explore new areas on the 400-foot level of the Joe Bush shaft.

an action for damages got a verdict which was affirmed by the supreme court. As no property can be found it is proposed to have a receiver appointed for the purpose of proceeding against the stockholders, who are liable to the full amount of their stock. The claim against the Pittsburg & Montana company is for \$18,000 secured in a damage suit and the object of having the receiver appointed is the same as in the Hypococa case, the stockholders being liable to the full amount of the stock. The Pittsburg is capitalized for \$10,000,000.

BROKER SUES BROKER.

Damages of \$100,000 Are Asked at Duluth as Outcome of a Stock Deal.

Duluth, March 1.—Martin Rosendahl, Duluth stock broker, has been sued in the district court by Fred M. Merritt, another broker, for \$100,000 for damages he alleges he sustained by the failure of Mr. Rosendahl to carry out a buying and selling agreement made between them to boost the price of Butte-Alex-Scott copper stock.

Mr. Merritt asserts that in April, 1909, he was a stockholder with business connections in Chicago, Boston and New York in addition to Duluth and Duluth, March 1, 1909, he says, Rosendahl represented to him that he was a large stockholder in the Butte-Alex-Scott Copper company and wanted to advance the stock to such a value as he thought its merits warranted.

To achieve this end it was agreed that Mr. Merritt should buy on the market all the Butte-Alex-Scott stock offered at a price and in quantities satisfactory to Mr. Rosendahl and the latter would in turn take the stock and pay the purchase price at Mr. Merritt's demand, also being responsible for all losses.

Alleged Agreement.

Mr. Rosendahl was to do the selling whenever he thought wise and divide the proceeds equally with Mr. Merritt. The latter asserts that he subsequently bought stock as it was offered with the result that the price advanced to \$11.50 for the part paid stock and \$16.50 for the full paid.

He further alleges that he turned over to Mr. Rosendahl 2,317 shares amounting to \$17,673.13 and Mr. Rosendahl then went east for the alleged purpose of expanding the market and allaying Mr. Merritt to keep buying. This Mr. Merritt says he did until he had purchased 9,500 shares at an aggregate cost of \$95,000. Then, he asserts, that Mr. Rosendahl refused and still refuses to take the stock principally because he was not successful on the eastern trip.

As a result, Mr. Merritt asserts that he was financially embarrassed and rendered absolutely bankrupt so he had to sell the stock at a low price which was paid and to hypothecate the full amount of the stock. He figures that by the alleged failure of Mr. Rosendahl to carry out the agreement he has lost \$108,000, which he wants Mr. Rosendahl to pay with six per cent interest from April 19, 1909. He also blames Mr. Rosendahl for the slump of the stock to about \$4. His present figure.

The only paper money that is accepted practically all over the globe is not "money" at all, but the notes of the Bank of England. These notes are simply printed in black ink in Irish linen, water-lined paper, plain white, with raised edges. The notes of the Banque de France are made of white water-linéd paper printed in black and white, with numerous mythological and allegorical pictures. They are in denominations of from 25 francs to 1,000 francs.

City Brevities

Today's weather: Generally fair; stationary temperature. Yesterday's temperatures: Seven a. m., 24 degrees; noon, 38; 7 p. m., 33. Maximum, 41 degrees; minimum, 21.

The last of the series of Masonic parties will be given Friday evening.

C. M. Gooding has returned after visiting in Detroit and lower Michigan.

Mrs. C. Burt will leave for Detroit this afternoon to visit with relatives.

James Bullock underwent an operation for appendicitis at St. Mary's hospital Tuesday.

The Women's society of the German Lutheran church will meet in the church parlors this afternoon at 2 o'clock.

Dr. E. H. Flynn, who has been in ill health for some time, has been taken to a sanitarium in Indiana for treatment.

Probate Judge W. T. Potter, who has been ill for several weeks, was down from Ispheming for a few hours yesterday.

The Knights of Columbus basketball team will go to Muskegon Friday night to play against the Y. M. C. A. team of that city.

Mrs. Fred Mitchell has returned to Houghton after visiting her uncle, Napoleon Remillard, and her sister, Mrs. Michael Hogan, Genesee street.

An important meeting of Morse hose company will be held at the hose house at 8 o'clock tonight. Officers are to be elected and a full attendance is desired.

A. J. Hamel, who has been in the employ of A. S. Sternberg for some time past, left yesterday for Minneapolis, where he has accepted a position in an art glass factory.

Harold Nelson, eight-year-old son of C. R. Nelson, who has been ill the past five weeks, was operated on for adenoids at St. Mary's hospital. He is getting along in a satisfactory manner.

Mrs. Anna Walter will give three talks in Marquette tomorrow; at the city hall in the afternoon; at the Methodist church at 7:30 p. m., and at the meeting of Superior live, L. O. T. M. M., after that. The Hotel Superior project will be the subject of her addresses.

Fear Early Break-Up—The mild weather of yesterday and the day before had so much the appearance of spring that lumbermen who have not yet gotten their supplies of logs hauled for the sawing season were disturbed. It would be nothing remarkable if an early break-up was experienced, though the lumbermen generally count on hauling conditions until about March 20.

Sparrow Season Closed—No more bounties on English sparrows will be paid until Dec. 1, next. The season during which the state pays two cents each for dead sparrows closed Tuesday. Figures of the recorder's office show that from Dec. 1 to March 1 bounties were paid on 943 sparrows. Albert Herron brought in the largest number at one time, sixty, on Jan. 29.

First Settlement Made—Albert Bauer, treasurer of Sault township, was the first treasurer to call at the county treasurer's office and make his March tax settlement. Deputy County Treasurer Wright went to Ispheming last night to settle with the Tilden township treasurer. City Treasurer Byrne states that he will not be ready to settle with the county for a few days and the exact amount collected has not been ascertained. The percentage of delinquents in this city, however, is thought to be higher than last March.

An Evening in Holland—Miss Irene Skinner, a Chicago entertainer of prominence, will be seen at the Guild Hall Wednesday evening, March 10th, under the auspices of the Women's club. Miss Skinner will present "An Evening in Holland" the first half of the program being devoted to personal experiences among the Dutch peasants and the latter half to a recital of George Kever's "The Burgomaster's Wife." Miss Skinner is consummate actress as well as an entertaining lecturer. As she appears in costume, her readings are notably different from other entertainments of this class.

Damage Case Settled—The damage suit brought by Alfred Anderson against the Marquette Gas Light company was settled at the opening of circuit court yesterday morning. The plaintiff is to receive \$1,750 because of the injury received at the gas house last October, as the result of which he lost part of his forearm. Anderson was reaching for a lever to stop the machinery when he slipped and fell on a belt and his hand was dragged into gear wheels operating the coke crusher and elevator. The plaintiff held that the accident was due to negligence, in that the gas company had not placed a railing or other safeguard around the belt.

Night Letter Service—The local manager of the Western Union Telegraph company has received official notice of the new "night letter" arrangement which was announced recently. The service will go into effect about March 14 or 15. The charge for night letters of fifty words will be the same as for ten words in the day time. For every ten words or less additional, one fifth of the rate will apply. Special blanks will be provided for the night letters. The letters will be sent during the night when the wires are not crowded with business, as in the day time. It is expected that the new night system will become very popular with the public. The letters will be delivered the same as other night messages.

INSURE WITH PETER WHITE & CO.
20 per cent can be saved by buying your muslin underwear at J. H. La Rochelle's this week. 2-28-1w

Marquette, Mich., March 1, 1910.
Br. 10, Pere Marquette, U. S. C. F.
Attention Sisters:
The members of the Ladies' auxiliary branch No. 10, U. S. C. F., will continue to meet at their respective hall, Fraternity Hall, every first Monday evening and third Monday afternoon of each month, at the regular hours, until further notice.

Respectfully yours,
MRS. ADELINE VANCHESTRING,
(3-1-34) President.

Every cow at the Marquette City Dairy has stood the tuberculin test January 20-21, 1910, by Dr. Deaman and is warranted to be in perfect sanitary condition. (2-14-1m)

ISHPEMING TEAMS DEFEATED.

Ispheming and Marquette bowlers tried conclusions at the downtown alleys last evening, and the visitors lost. The scores follow:

Marquette No. 2 Team—	Tot.

Totals	827 791 734 2352

Marquette won by 229 pins. Tonight the Bismarcks and Lafayettes bowl, also the Vikings and Pilgrims on alleys three and four.

LOWER STATE NOTES.

KALAMAZOO—For two broken ribs Edna Bullman, a pretty singer at the local playhouse, is asking \$10,000 from the Kalamazoo Hack & Bus company. The girl was alighting from a street car some time ago and just as she stepped into the street she was struck by a hack owned by the bus company.

TRAVERSE CITY—The expected exodus from Provost, Leelanau county, has begun, fifteen French families, old, young, and middle aged, having left for Alberta. As practically everybody in Provost is more or less related, about two-thirds of the village, accompanied the travelers to this city to bid them good bye.

PORT HURON—Robert Livingston, of Smith Creek, who was arrested on the charge of forging a check for \$6.51, pleaded guilty. He told the court that he had been working for a farmer and only earning his board. He said his wife was ill in Sanilac county and that he forged the check so he could visit her. The court took the case under advisement and may release the man on probation.

CADILLAC—Cadillac and Manton are paying but twenty cents for potatoes. That is the lowest price offered for potatoes in the county in many years. It means that there will be no receipts of any size while the price remains at that figure. Last week seventeen cents was paid, but there was another drop.

Some of the commonest houses in the city and others throughout the county have been closed.

RAY CITY—State Labor Commissioner Alderman County Road Commissioner Supervisor Richard H. Fletcher has resigned as alderman from the Sixth ward. His aldermanic job makes him wildly miffed and disdignified. He has been in the city and the supervisor's job is incompatible under the statutes with the county road commissioner. The latter is more valuable politically than the two jobs of alderman and supervisor, hence Dick let go of two jobs to keep one.

CHESAMING—Because she did not wish to accompany her daughter, Mrs. E. J. Rogers, and the latter's husband to the Canadian northwest, and their going would leave her practically homeless, Mrs. Estelle Featherly, fifty years old, swallowed a fatal dose of carbolic acid at the Rogers home, three miles west of here, and died before a physician could reach the house. Mrs. Featherly had trouble with her husband and separated from him some time ago, going to live with her daughter. Rogers has been making preparations to move to Canada, which caused Mrs. Featherly to become very despondent. Being unable to dissuade him from his purpose, she procured the acid and drank it when she retired for the night. Her groans were heard by the daughter, who at once sent for a doctor, but the poison caused death in a short time.

KALAMAZOO—Dr. Samuel C. Richards, accused of stealing a horse from the fire department of this city, when placed on trial for the offense, walked up to Judge F. E. Knappen and asked if he might plead guilty. The judge consented and Richards acknowledged his offense. He is wanted by the state of Washington for an alleged offense of a similar nature.

MT. CLEMENS—An organization of Mt. Clemens business men for the purpose of discouraging independent telephone competition is being started. It seems to be the intention of the business men here to keep the home company out of the field if possible. The Macomb Telephone company, an independent concern, is making strenuous efforts to secure contracts among local merchants, going to the length of offering free or practically free, phones to prominent citizens in order to force merchants to install their instruments to hold trade. The business men propose to announce their position at the start, thinking to prevent the installation of the exchange.

TRUTH CROPS OUT

Why Pile Sufferers so Often Fail to Get Relief.

Science is getting to the bottom of everything, including the cause and cure of piles. The brightest doctors now admit that piles are caused internally and can be cured only by internal treatment.

Dr. S. L. Leitch has discovered a remedy in tablet form—Hem-Roid, which cures the cause of piles, and therefore cures permanently. It is sold by The People's Drug Store, Marquette, Mich., and City Drug Store, Ispheming, Mich., under money-back guarantee, \$1 for 24 days' treatment. Dr. Leitch's office, Station B, Buffalo, N. Y. Write for booklet. (2-14-1m)

When you order milk for your family be sure that you get it from cows that have stood the tuberculin test, says the medical department at Washington, D. C. (2-14-1m)

For batter and buttermilk of excellent quality call up the Marquette City Dairy. Bell Phone 223. (2-26-1w)

Removes ashes and garbage. Order by phone, Bell 382-J. (6-7-1f)

Upper Peninsula

Chinaman Weds French Girl—
Louis Lee, a well-known Sault Ste. Marie Chinese laundier, who has his stand on Maple street, near the corner of Ashmun street, has been united in marriage to Miss Adelaide Augustus Bonno, a French girl. The ceremony was performed at the Presbyterian parsonage by the Rev. J. A. Kennedy. The couple were supported by Mr. and Mrs. Walter J. Jandy. The bride is a daughter of Mr. and Mrs. William Bonno, residents of the Soo.

Gets Death Message at Funeral—
After being seriously ill for some time, Mrs. Alexander Lalubard died at the home of the family at Rapid River, Delta county. When the funeral services were completed over the body a peculiar coincidence was that directly before Rev. Mr. Ainslee, pastor of the Congregational church, ascended the pulpit he was handed a telegram announcing the death of his own mother. Although bowed with grief by the loss which had come to him without warning, Mr. Ainslee conducted the service, several times, however, almost succumbing to his sorrow.

Picture Theaters Boost Admission—
As the result of a conference held by the managers of the moving picture theaters in Delta county, it is announced that the admission fee to the three houses of that kind in Escanaba and the one at Gladstone will be advanced from five to ten cents. The boost takes immediate effect. The managers state that they are obliged to take this step on account of the increased cost of picture films and other expenses that have of late been advanced. They also state that they are the last of the moving picture theater managers to increase the admission price from five to ten cents.

Child Severely Scalded—
While at play with a younger brother at the family home in Dick, Chippewa county, Vera, the six-year-old daughter of Arthur Hewitt, fell into a tub of hot water and was severely scalded. The child is now at the home of Mrs. Hewitt's mother-in-law, Mrs. Joseph Hewitt, at the Soo, and lies in a very precarious condition. The accident occurred when Vera was drawing her little brother around the kitchen floor on a broom stick. The child was going backwards. The mother was doing the regular weekly washing and had just removed the tub of hot water from a tub on the floor. The child stumbled back into it and sustained several burns to her back and arms.

Inheritance Tax Fixed—
The total inheritance tax to be collected by the state of Michigan from the estate of Hon. Ole Erickson of Escanaba will be \$7,534.83. Perplexing questions concerning exemptions in the estate developed and a decision has been rendered by the attorney general fixing definitely the amount that can be collected. If the inheritance tax is paid within a year a reduction of 5 per cent will be allowed. The principal question submitted was whether the inheritance tax could be levied on mortgages on property outside the state. It was held by the attorney general that all should be considered in levying the tax, but if they were paid before the administrator had closed up the affairs a rebate could be demanded and collected from the state.

Assessorship in Demand—
The Escanaba common council will hold a regular meeting this evening at which time it is expected that Mayor Greenwood will appoint a city assessor for the ensuing year. John Moe is a candidate for reappointment, and C. C. Stephenson and George Fitzpatrick are also entirely willing to assume the responsibilities of the office for the \$900 salary attached to it. Each of the candidates has strong support, and it seems to be any man's chance. Mayor Greenwood has given no indication as to whom he will appoint, and, further, he declares he has made no promises. It is very probable that the mayor's appointee will be confirmed, whichever of the three candidates he selects. The feeling which was aroused over the long fight over the appointments last spring has been forgotten and the mayor and the aldermen are working in harmony.

No Storm Like Those of Old—
The immense amount of snow in the streets of Escanaba at the present time causes much comment by recent residents there, but is not noted as anything remarkable by the older inhabitants. James A. Burns states that four feet of snow on the level was no uncommon thing about forty years ago. Mr. Burns said: "The snow storms of the past winter have been pigmies in comparison with those experienced when Escanaba was a struggling village." On one occasion after a severe blizzard he repaired to his place of business and was surprised to find that his store building was completely covered with snow—not even the roof could be seen. After two days spent with the assistance of neighbors a message was made to the front door. Not only was Mr. Burns' building engulfed, but every other building on the same block was covered, excepting the First National bank, where a small portion of the roof was exposed by view. This story is vouched for by Mr. Burns as an absolute fact.

Fireman Is Fatally Burned—
As the result of one of the strangest accidents that has ever occurred in Menominee, Frank Poquette, a fireman in the employ of the Menominee & Marquette Light & Traction company, is lying at the St. Joseph's hospital at the point of death and cannot recover. G. B. Turner, inspector for the Hartford Insurance company, had just inspected the boilers at the plant and had used a special make of torch for that purpose. Poquette went into the boilers immediately afterward with a torch made of a common piece of gas pipe with waste drawn through it and then he was killed. No explosion was heard, but shortly after the man entered the boiler a companion near by heard a groan and went into the boiler to find Poquette lying on his face with his face, head and shoulders badly burned. He was taken to the hospital but it was found that he had inhaled the flames and was fatally injured as a result. Just what caused the accident is a mystery. The men had always used the same type of torch for boiler cleaning and the most reasonable theory advanced is that the gas from the torch used by the boiler inspector and that used by the fireman combined in forming a gas that was inflammable.

It is more or less difficult for a man to be kind hearted when his liver isn't working properly.

Jacob Rose

The Original and Genuine

HORLICK'S MALTED MILK

The Food Drink for All Ages.
For Infants, Invalids, and Growing Children. Pure Nutrition, upbuilding the whole body, invigorates the nursing mother and the aged. Rich milk, malted grain, in powder form. A quick lunch prepared in a minute. Take no substitute. Ask for HORLICK'S. Others are imitations.

This is the Stove Polish All the Housewives Are Talking About

It is so much better than other stove polishes that it's in a class all by itself.

Black Silk Stove Polish

Makes a brilliant, silk polish that does not rub off or cast off, and the shine lasts four times as long as ordinary stove polish.

Used on sample stoves and sold by hardware dealers.

All we ask is a trial. Use it on your cook stove, your parlor stove, your range, if you don't find it the best stove polish you ever used, your dealer is not a dealer in Black Silk Stove Polish.

Get a Can TODAY

AN ORDINANCE.
An Ordinance Relative to the Use of Impure Ice.

The city of Marquette ordains: Section 1. Impure ice, within the meaning of this ordinance, shall be deemed to be ice cut or gathered from the waters of that portion of the harbor of this city lying south and east of Lake street, west of the government breakwater and north of Hampton street produced.

Sec. 2. No person shall, in the city of Marquette, use or place or cause to be used or placed any impure ice in contact with or so that the water from the melting thereof may or does come in contact with any meat, fish, fruit, vegetables, milk or other article of human food or drink; nor shall any person use any such ice in the manufacture or packing of ice cream or other like article in said city; nor shall any person sell, offer for sale or furnish any such ice for domestic use or for use in any hotel, restaurant, saloon, boarding house, hospital or like institution in said city.

Sec. 3. No person shall sell, offer for sale or deliver in this city, or ship from said city, any meat, fish, fruit, vegetables, milk or other article of human food or drink, which is or has been in contact with any impure ice or water from the melting thereof.

Sec. 4. Any violation of this ordinance shall be punished by a fine of not less than ten dollars and not to exceed one hundred dollars, or by imprisonment in the city lock-up or county jail for a period not exceeding ninety days; or both such fine and imprisonment, in the discretion of the court or magistrate before whom such conviction may be had.

Adopted, February 15th, 1910.

"THE GREAT DIVIDE" TONIGHT.

One of the Best Offerings of the Season at Ishpeming Theatre.

"The Great Divide" will be the attraction at the Ishpeming theatre tonight. "The Great Divide" achieved a brilliant success from its very first performance. It has broke all previous records in point of financial returning and was played over six hundred times on Broadway, at the Princess and Daly theatres. It was brought back to the Academy of Music later, where it played to capacity business for more than six weeks. Altogether "The Great Divide" during its different New York engagements was seen by almost three-quarters of a million people.

FINE SPEAKERS COMING.

Both "Wets" and "Drys" to Have Fluent Orators in This County.

Both the "wets" and the "drys" here are now organizing for the campaign. A number of prominent speakers have been engaged.

The speaking campaign will open in Ishpeming next Sunday evening, when Mayor Davis S. Rose, of Milwaukee, will be heard at the Ishpeming theatre. Mayor Rose's reputation as a public speaker is so well known that it is anticipated that the theatre will be packed to the doors on the following Sunday Perry F. Powers, former auditor general of this state, will talk for the "drys." He will probably speak in the afternoon. Dr. Samuel Dickie, president of Albion college, whose debates with Mayor Rose, attracted so much attention a year or so ago, will speak here for the "drys" either on the evening of the 24th or the afternoon of the 25th, Good Friday. The "wets" will have speakers here on Sunday, the 27th, also on Sunday evening, April 3.

ELKS' ELECTION.

At the meeting of Ishpeming lodge, No. 417, Benevolent and Protective Order of Elks, held Tuesday evening, the following officers were elected for the ensuing year:

Called Ruler—A. L. Brownell.
Esteemed Leading Knight—W. A. Seville.
Esteemed Lecturing Knight—A. C. Ludington.
Esteemed Loyal Knight—F. J. Heindel.
Treasurer—Iver Lallerstedt.
Secretary—H. L. Ramsdell.
Tyler—William Gibbs.
Trustee for Three Years—Charles E. Moores.

Representative to Grand Lodge—Louis Tontloff.

Past Exalted Ruler—Louis Tontloff.

The appointive officers will be announced at the next meeting, when the installation will take place. A fine lunch was served at the conclusion of Tuesday night's meeting. Some of the members of "The Man of the Hour" company, which was produced that evening at Ishpeming theatre, were guests of the lodge at the conclusion of the performance.

BENEFIT SOCIETY ENTERTAINS.

The members of the Sick Benefit society of the Swedish Lutheran church entertained about 150 members of the congregation with a program and lunch Tuesday evening in the Young People's hall. The society was organized thirty-three years ago, but no particular effort was ever made to build up a large membership. There are at present fifty members and six applications were received at the conclusion of Tuesday night's entertainment. The society has over \$600 in its treasury. It pays weekly benefits to sick and disabled members, also defrays a certain percentage of the funeral expenses in the event of the death of a member or a member's wife. The program rendered consisted of musical numbers and Rev. G. Fleetwood, the pastor, gave a pleasing talk.

Select dancing class for beginners, every Tuesday evening at 8 o'clock. Expert instruction. Management of Ernest Collins, Quayle block, 217 South Main street. (3-3-1f)

A NIGHT ALARM.

Worse than an alarm of fire at night is the metallic cough of cramp. Careful mothers keep Foley's Honey and Tar in the house and give it at the first sign of danger. Foley's Honey and Tar has saved many little lives. No opiates. Sold by all druggists.

The stockholders of the Bucyrus company of South Milwaukee, which has supplied many of the mining corporations operating in the Lake Superior district with their steam shovels, have formed a syndicate with St. Louis and Toledo men and a deal has been closed for the purchase of the Vulcan Iron works of Toledo, for which \$500,000 was paid. The deal was put through Tuesday in Toledo.

The Vulcan Iron works was the earliest manufacturer of steam shovels and dredges in this country and it is at present employing 800 men. The Bucyrus company employs 1,500 men. For some years past, night and day crews have been employed. The concern's business has had a wonderful growth during the past few years. Its steam shovels are recognized as the best manufactured.

The transaction affects the steam shovel business of the entire continent, as the Bucyrus concern is the largest of its kind in the world. Its patronage is not confined to the United States, and many of its shovels are now in use in China, Russia, Africa and other parts of the earth.

A board of directors, consisting of E. J. Swigart of Milwaukee, treasurer and general manager of the Bucyrus company; H. P. Kelly, president of the Bucyrus company, Cleveland, O.; S. L. O. Knox, chief engineer of the Bucyrus company; George F. Steadman, St. Louis, and Carl Hovix, Toledo, has been elected.

It has been announced that the Vulcan Iron works are to be removed from Toledo. The new location will probably be Evansville, Ind. It is not anticipated that there will be any change in the location of the Bucyrus plant, as the company owns sufficient land to considerably increase the size of the works. It is understood that the headquarters of the syndicate will be at South Milwaukee and that the Vulcan Iron works plant will be a branch. By the formation of the syndicate, the steam shovel business of this country will practically be under control of this concern.

FINE MOVING PICTURES.

Howe's Travel Festival at Ishpeming Theatre Tomorrow Evening.

The Calumet Evening News of Monday had the following mention of Howe's moving pictures, which will be on view at Ishpeming theatre tomorrow evening:

"Any attraction that inspires its audience with new thoughts, that broadens our knowledge of the world, and stimulates discussion, is well worthy of liberal praise. Such an attraction is Lyman H. Howe's Travel Festival, which was presented at the Calumet theatre last evening. While Mr. Howe can always be relied upon to thoroughly amuse, at the same time his exhibition imparts much information, which could not be derived from any other source. The new program interests more different kinds of people than any other attraction before the public today because of the great variety of its features. These include scenes of winter gaiety in St. Moritz, Switzerland; to tropical splendor in Delhi, India; from a spectacular volcanic eruption in Java to the perils of deep sea fishing in the North sea; from dangerous logging in the Italian Alps, to life in the United States army; from intimate studies of bird life, to the impact of a projectile on armor plate."

BOWLING CONTESTS.

In the handicap league matches rolled Tuesday evening at the Bank street alleys, the Miamis won three games from the Superiors and lost two of the three rolled with the Lakes. The scores were as follows:

Herrala	122	156	124	402

ISHPEMING THEATRE TONIGHT!

The Great Divide

A GREAT PLAY.
STRONG CAST.

ISHPEMING IN BRIEF.

Mr. and Mrs. Lawrence Johnson, 416 East North street, are the parents of a son.

Mrs. W. J. MacLamborough of Milwaukee is here on a visit to her parents, Mr. and Mrs. James Connolly.

Herman Jaedecke arrived home yesterday morning from the Mesaba range, where he spent the past two weeks.

J. Sellwood & Co. have a very attractive display of white goods and trimmings in their drygoods window.

Miss Helen Lidberg has returned from Chicago, where she spent the past two weeks looking up the late styles in millinery.

The Marquette City basketball team will try conclusions with the Ishpeming Y. M. C. A. five at the gymnasium here Saturday evening at 8:30 o'clock. The admission will be fifteen cents.

Trosvig & Anderson will establish their plumbing and steam fitting business in the Johnson block, Cleveland avenue, occupying the room at the rear of Johnson & Heard's barber shop.

Charles Young and wife are here from Marquette on a visit to relatives. They have spent the past two or three weeks in Hancock, visiting Mrs. Young's parents, Mr. and Mrs. Louis Bissonette, formerly of this city.

The funeral of the late Thomas Maney, who died Monday evening, was held from St. John's church yesterday morning, under auspices of Division No. 1, Ancient Order of Hibernians. There was a large attendance.

A number of the Finnish residents of Ishpeming attended the Zhyzko-Lehto wrestling match at Calumet Tuesday evening. The result was received with much pleasure by Lehto's many friends and admirers in Ishpeming.

J. Silverman, manager of the Fashion Suit company, in the Johnson block, Cleveland avenue, arrived in the city yesterday. He expects to hold his formal opening at his new stand, in the Kennedy block, on the 17th. Miss Julia Donovan has accepted a position in the store.

The Misses Flora and Anna Charbonneau have returned from Chicago, where they spent ten days. Miss Flora will depart for the city again Monday to take a position with the Miss Hannah and Louise Kennedy, who are to conduct a millinery business there. The Misses Kennedy will also retain their business in this city.

John Malloy, son of Mrs. J. Malloy of North Oak street, is located at Mollon, Idaho, where snow slides have wiped out the lives of a number of persons the past few years. His mother and sister, Miss Margaret Malloy, are considerably worried since the avalanches have been reported as they have not heard from him.

The funeral of the late Andrew Talo was held yesterday afternoon at 2 o'clock from the Finnish Lutheran church, under auspices of the Eagles' society, in which the deceased held membership. There was a large turnout of the Ishpeming members and a good-sized delegation was up from Marquette. Many other friends also attended the obsequies.

Mrs. Laura Lord, a former resident of this city, who was here from the Mesaba range on a visit to her daughter, Mrs. Joseph Landreau, 169 Second street, died yesterday morning, after a short illness. The deceased was sixty-four years of age, and is survived by several sons and daughters. The funeral will be held tomorrow morning from St. Joseph's church.

The Ishpeming Y. M. C. A. baseball team, which is to meet the Negaunee team in the first of a series of seven games for the championship of Marquette county, will assemble tonight in the gymnasium at 8 o'clock for practice. The team will be composed of J. Martin, catcher; Hawthorne and Krickson, pitchers; Will Martin, first base; Abo Nichols, second base; Walter Johnson, third base; Ted Butler, left short.

Will Quinlan, right short; Pat Harrington, left field, and Christ Wall, right field.

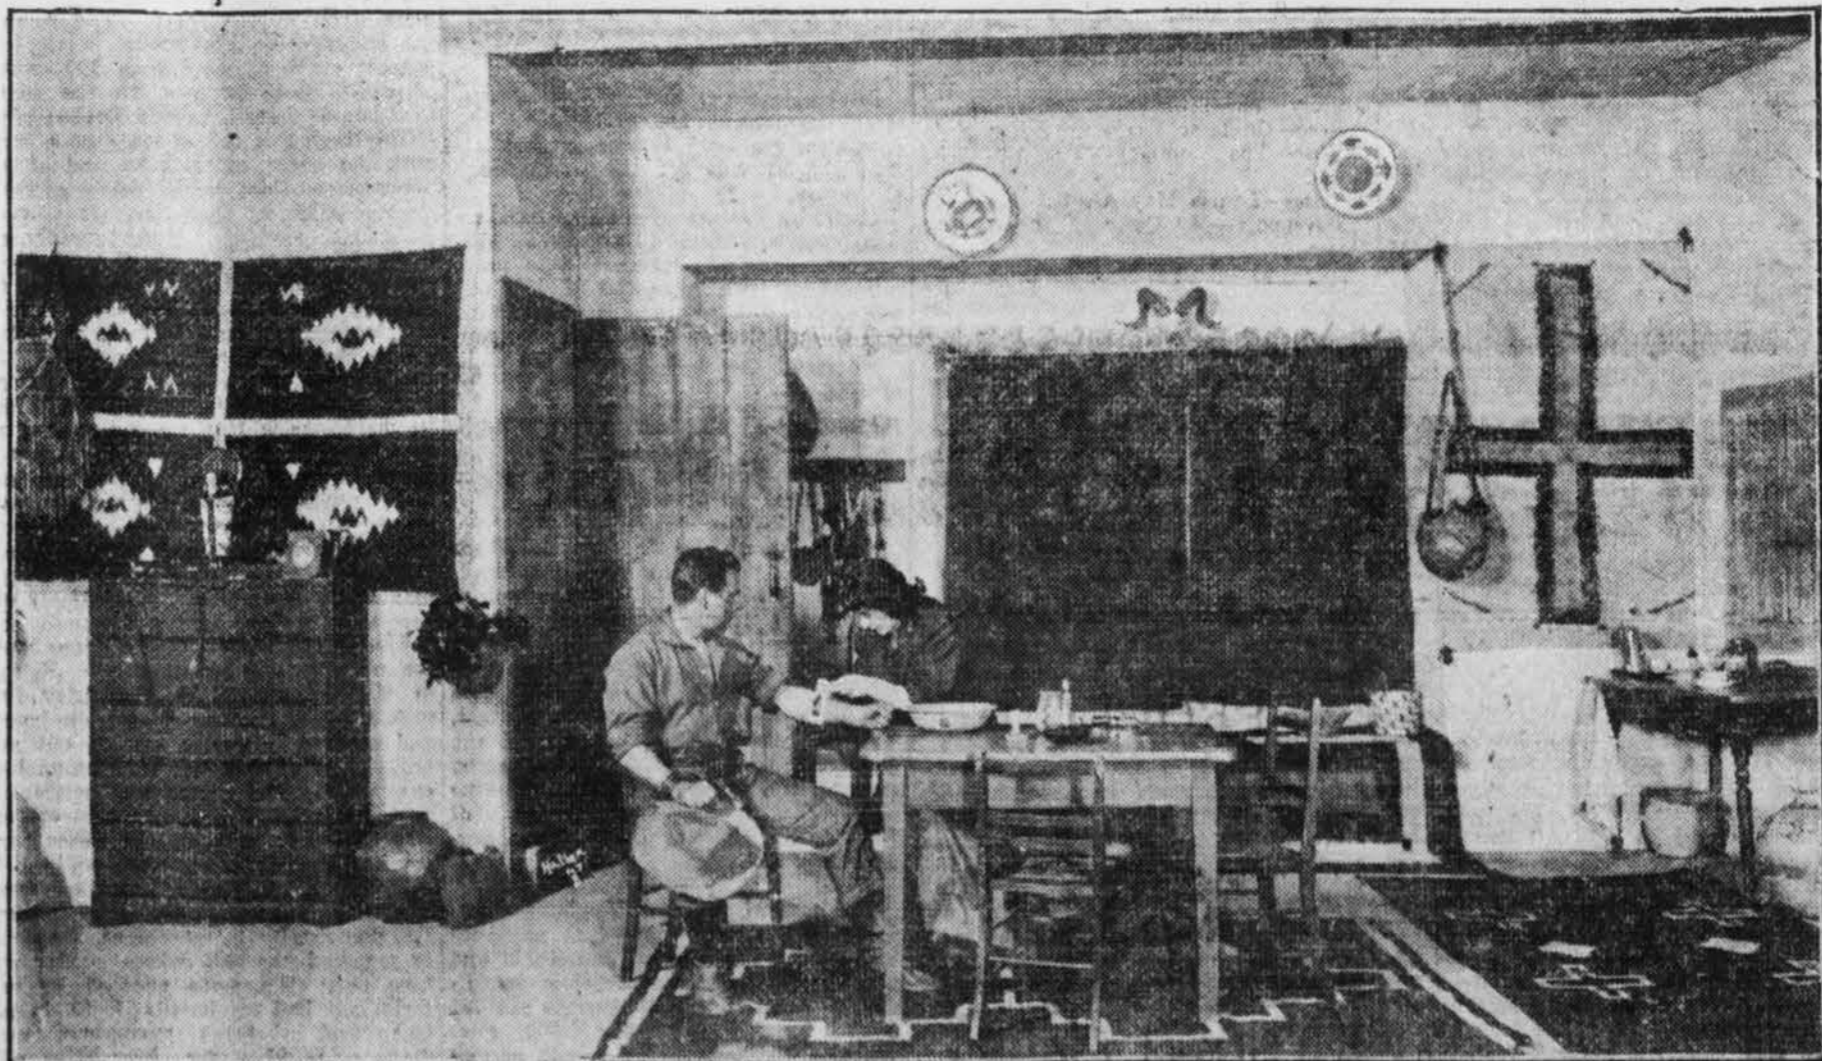

Ishpeming people desiring seats for the entertainment to be given by Miss Skinnor at Negaunee the evening of the 15th, under auspices of the ladies of St. John's church of that city, can procure reserved seats by calling on Miss Louise Schertz of Rev. R. T. T. Hicks. Many tickets are being sold for the entertainment and it promises to be a big social as well as financial success.

Miss Maggie J. Walz and Mrs. Anna Walters lectured at the Finnish Methodist church, on Division street, last evening on the advantages of the proposed Woman's Home College and Sanatorium, to be established in former Hotel Superior at Marquette. The ladies spoke yesterday afternoon in the Baulson hall, Negaunee. They will talk this afternoon in the city hall at Marquette and this evening at the Methodist church in that city.

The funeral of the late John Coneh, who was killed Saturday afternoon in the Oliver Iron Mining company's Section 10 mine, was held Tuesday afternoon, under auspices of Frelawney lodge, Sons of St. George. There was a large attendance of the members, as well as other friends of the deceased. The pallbearers were John and James Tremayne, William, Charles and John Gale and William Hicks. The wife of the deceased, who with her three children resides in England, is a sister of John, Thomas and William Sleeman of this city. The funeral services were held at the Salisbury Methodist church and were conducted by Rev. C. L. Finch, the pastor.

M. J. Olson, the piano tuner, can now be reached by County telephone No. 620, or by mail, at 400 East Ridge street, Ishpeming. First-class work guaranteed. (1-12-tf)

Pneumonia follows a cold but never follows the use of Foley's Honey and Tar which stops the cough, heats the lungs and expels the cold from the system. Sold by all druggists.

Scene from "The Great Divide," at the Ishpeming Theatre tonight.

HOW GOOD NEWS SPREADS.

"I am 70 years old and travel most of the time," writes E. P. Tolson, of Elizabeth, Ky. "Everywhere I go I recommend Electric Bitters, because I own my excellent health and vitality to them. They effect a cure every time." They never fail to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. They work wonders for weak, run-down men and women, restoring strength, vigor and health that is a daily joy. Try them, Only 50c. Satisfaction is positively guaranteed by The Stafford Drug Co.

Foley's Kidney Remedy will cure any case of Kidney or Bladder trouble that is not beyond the reach of medicine. No medicine can do more. Sold by all druggists.

Negaunee Department

WHEN HOGS SOLD AT TWO CENTS PER POUND

WELL INFORMED NEGAUNEE MAN THINKS PACKERS ARE NOT TO BLAME FOR THE HIGH PRICES OF CERTAIN FOOD PRODUCTS.

"I have read with considerable interest, from time to time, articles in the papers discussing, from various stand points, the present cost of food commodities, particularly meat," said a Negaunee man yesterday, "and I am satisfied that the big packing concerns, although I am not in sympathy with all through and gains ranging from a small fraction to 2 1/2 points were the rule. Lake and North Butte were again most in evidence. Boston reports a reduction of 650 tons in the foreign supply of copper. This is the first reduction in six months and is considered very bullish. The Wolverine declared the regular semi-annual dividend of \$5. Butte reports the strike ended this morning. Boston reports conditions all favorable for a good rise in copper and advises buying the standard issues. The curbs were again neglected today, and while prices held strong very little buying demand was apparent. Boston Ely and Cactus were most in demand, but with little change from yesterday. We believe the best chance for big profits is the better curbs representing properties with ore bodies at least partially developed, competent management, and ample financial resources.

Yesterday's prevailing prices were:

Almeek	\$210.00	Bid.	Asked.
American Saginaw	\$220.00		
Arizona & Mich.	.50	.70	
Black Mountain	.20	.25	
Butte & Superior	2.50	2.62 1/2	
Butte Alex. Scott	4.12 1/2

La Rose	4.50	4.62 1/2	
McKinley Bar	.80	.85	
Silver Leaf	.10	.11	

Conditions have changed since then, and we will never again see a time when food products will be sold at such ridiculously low prices. Then the farmer was poor, but it is different now. I could mention a number of Wisconsin farmers who used to drive in their ox teams with loads of produce and sell it for almost any price they could get who are now independently rich. Many of them have fine homes on their farms and they have automobiles and fancy driving teams. In the early days the farmers had to come to town looking for buyers for their cattle and grain. Now the buyers go to them.

"At the time I speak of I saw many carloads of hogs, as well as grain, shipped to merchants in the upper peninsula by Wisconsin dealers, with instructions to dispose of the stuff to the best possible advantage and remit whatever they could clear up on the shipment, less the commission charge. Many of the older business men in Marquette county will bear me out in this statement. "The farmer and the retailer have been blamed for present high prices, but as a general readers of the newspapers know, a large share of the criticism is aimed at the packer. The financial statement of the Swift company, however, shows that while this concern did an enormous business, over \$250,000,000, last year, the net profits of the concern were only about three and one-fourth cents on the dollar."

INTEREST IN WRESTLING MATCH.

Large Party of Negaunee and Ishpeming Firms Attended Zysko-Lehto Contest.

Unusual interest was shown here Tuesday night in the outcome of the Zysko-Lehto catch-as-catch-can wrestling match at Calumet. The contest started at such a late hour that the result was not known in Negaunee until after midnight. A delegation of Negaunee firms, also a number from Ishpeming, went to Calumet to attend the match. Many in this county have expressed the hope that the proposed match between John Rowett, the world's champion Cornish wrestler, and Lehto, will be pulled off in Ishpeming. Under the agreement entered into by the two men on the 22nd, they are to wrestle Cornish and catch-as-catch-can. Whoever secures a fall in the quickest time will decide what style they shall wrestle in the third bout. Rowett is confident that he can dispose of Lehto in the Cornish style in quick order, but the Finn's friends believe that he will give Rowett a hard tussle.

BOWLING CONTEST.

The Tigers defeated the Colts three games in the league match Tuesday evening at Defrain's alleys. The scores were:

Colts	105	109	115	329
Harris	139	92	131	362
Tonkin	157	99	166	422
Totals	301	300	412	1123
Tigers	160	142	156	458
Heinonen	145	171	123	439
Northey	136	126	135	397
Totals	441	439	414	1294

HOSE HORSE SICK.

Prince, one of the black team of horses of the Negaunee fire department, is sick, and it is doubtful if he will recover. Prince was bought four years ago. Dick, his mate, has been in the service for the past fourteen years, and is still perfectly sound. The team is one of the prettiest in the upper peninsula, and it would not be an easy matter to find another horse to match Dick.

CAPT. BOGARDUS AGAIN HITS THE BULL'S EYE.

This world famous rifle shot who holds the championship record of 100 pigeons in 100 consecutive shots is living at Lincoln, Ill. Recently interviewed, he says: "I have suffered a long time with kidney and bladder trouble and have used several well-known kidney medicines all of which gave me no relief until I started taking Foley's Kidney Pills. Before I used Foley's Kidney Pills I was subjected to severe backache and pains in my kidneys with suppression and oftentimes a cloudy voiding. While upon arising in the morning I would get dull headaches. Now I have taken three bottles of Foley's Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and once more feel like my own self. All this I owe solely to Foley's Kidney Pills and always recommend them to my fellow sufferers." Sold by all druggists.

LITTLE POLITICAL TALK.

Voters Here Are Principally Interested in Local Option Question.

Up to this time there has been but little talk in Negaunee relative to the candidates for the various offices to be filled at the municipal election, to be held April 4. Unusual interest, however, is shown in the anti-saloon fight. It is generally commented by Negaunee men who are usually well informed as to the sentiment of the voters, that neither side will have a walk away. It seems to be the opinion of many that the "wets" will carry this city by a fairly large majority, but much doubt is expressed as to what the outcome will be in Ishpeming. It seems to be conceded here, also, that Marquette will give a good majority for the "drys," but it is thought that many of the townships will give majorities for the "drys."

Mayor Rose of Milwaukee will speak in Negaunee Sunday afternoon. He is a forceful speaker and is one of the best informed men in the country on the liquor issue. Candidates for municipal offices are rather slow about coming out this spring. It is said that Mayor Winter will not accept a nomination for another term. A well informed politician yesterday said that in the event that Mayor Winter does not accept the nomination, an effort will be made to induce Alderman Des Shea to make the run. Mr. Shea is thoroughly familiar with city affairs, as he has been a member of the council for more than a dozen years past.

It is expected that there will be two tickets in the field again this year, but neither party has as yet taken any steps towards perfecting an organization.

LOCAL LACONICS.

Members of the Bridge Whist club were entertained Tuesday evening by Mr. and Mrs. T. C. Yates.

A meeting of the board of public works will be held today to consider matters that will be presented to the council this evening.

The Cook Stock company played last evening to an audience that packed McDonald's Opera House to the doors. The bill for tonight is "Mine 49."

Peter Barasa, who has been confined to the Post-Graduate hospital in Milwaukee for three weeks or more, is expected home Saturday or Sunday.

A Negaunee man recently sent a cablegram to Luxton, Egypt, on which the poll charge was \$10. A reply of two words was received yesterday, the charge being \$6.

Ed. Goodman, a former resident, who has been located in Princeton for several years, was in the city yesterday visiting relatives. He is serving as a juror at the circuit court this week.

David S. Rose, mayor of Milwaukee, will speak at McDonald's Opera House Sunday afternoon in the interest of the licensed saloon. Mr. Rose will give a talk at Ishpeming theatre that evening.

The Cook Stock company, playing this week at McDonald's opera house, will produce "Lost Paradise" tonight. The company is drawing good houses, and the patrons are well pleased with the performances.

Negaunee will be well represented at the production of "The Great Divide" at the Ishpeming theatre tonight. Special street cars will leave here at 7:30 o'clock, returning immediately following the entertainment.

In the guessing contest conducted by Lyman H. Howe's company, which will be at the Ishpeming theatre tomorrow evening, Miss E. L. Crane, daughter of W. J. Crane of this city, was awarded the second prize.

The seat chart for the entertainment to be given at the Scandinavian society's hall on the evening of the 15th, under auspices of the ladies of St. John's church, will be at Kirkwood's drug store on the morning of the 12th.

Miss Maggie J. Walz and Miss Anna Walters addressed an audience of women at Benson's Hall yesterday afternoon. They spoke on the advantages of the proposed women's home, college and sanitarium to be established in the Hotel Superior building at Marquette.

The committee appointed by the Scandinavian society at its last regular meeting, to complete arrangements for the Swedish market, to be held at Cleveland park on Midsummer day and the day following, has met with considerable encouragement from the members. The committee will request all who take part in the market doings to appear in old-time Swedish costumes. The services of many not identified with this society will be solicited by the committee in order to make the market a big social as well as a financial success.

If one wishes egg shells whitened, wash them off in vinegar.

MAINE OUTLAW CAPTURED.

Therault Put Up Desperate Fight—Had Been at Large Three Years.

Van Buren, Me., March 1.—A border outlaw for three years, Xavier Therault has been captured by the Madawaska county (N. B.) authorities, who surprised him in his forest stronghold, six miles from Edmunston. Therault has long been known in northern Maine and New Brunswick as a modern Jesse James, and he has been feared by all who knew him. For several years Therault has been wanted on various charges, including the violation of the revenue laws and attempt to kill Sheriff Gagnon. Some time ago when Gagnon tried to capture Therault, the official was fired upon, narrowly escaping death. Therault retreated to the woods and built a substantial cabin, which for a long time defied assault. Recently the authorities determined to storm the place and capture Therault dead or alive. Sheriff Gagnon, Constables McCrae and Willett of Perth planned a night attack. McCrae and Willett were able to reach the cabin and batter down the door before Therault, who was asleep, reached his firearms. The two over-powered the outlaw after a desperate struggle, but he would not agree to stop fighting until a heavy blow on the head stupefied him. Therault was then handcuffed and taken to the Madawaska county jail in Edmunston at midnight.

SPEAR'S FISH POND AGAIN DISCUSSED

PARK COMMISSION VOTES TO LEASE MOSQUITO SWAMP, SUBJECT TO CONTRACT.

SOME OPPOSITION MANIFEST

Commissioner Powell Objected strenuously to Leasing Park Property for Long Term of Years.

A rather stormy meeting of the park, cemetery and street commission was held yesterday afternoon, at which it was decided by a vote of three to one to grant John W. Spear the right to establish a fish preserve on the mosquito pond, or neck of Presque Isle, provided a contract acceptable to the commission is submitted by Mr. Spear. This action was taken in the light of a communication presented by Mr. Spear, in which he offered to pay \$50 per year for the use of the ponds and the right of ingress and egress from them, beginning in 1913. Of the land parts of the swamp, when the ponds shall have been dredged out, Mr. Spear offers to give the commission full control, with the exception noted.

Commissioners Sink, James, Powell and Kremer were present, and also Mr. Spear and James Pendill. Mr. Powell has been strongly opposed to granting Mr. Spear's request from the first, and the proposition submitted yesterday was no more to his liking than those previously submitted. His objections are based on the ground that the commission should lease no park property for a long term of years, and that in this instance, Mr. Spear offers to give the commission full control, with the exception noted. Heated words passed between Mr. Spear and Mr. Powell, the latter claiming that the fishing preserve scheme was impractical and that, furthermore, the public was opposed to any such lease being granted. Dr. James did not agree with the last statement, and said that all who had talked with him favored Mr. Spear's proposition and were inclined to criticize the commission for having delayed action on the matter so long.

Mr. Pendill was in custody in that city. It is not known whether or not he will demand extradition papers, but in any case, he will be brought back to Marquette to face the charge against him. Rorer came to Marquette last January with his wife. The Goldbergs quickly learned that she had left town and at once put the police on her trail, as it was suspected she was going to join her husband. The officers wired Minneapolis, and a telegram was received late yesterday afternoon, stating that Rorer was in custody in that city.

Mr. Spear stated that as soon as he knows he is to get the swamp he will place an order for a dredge, on which delivery is promised in ninety days. He had hoped to get one pond dredged out by June, but the season has now so far advanced that it may not be possible to do this. If a pond cannot be dredged out by that time, the project will be delayed a year, he says, because fish fry must be planted not later than June to insure their successful propagation.

Upon careful examination, however, it does not appear that either Mr. Spear or the commission made much progress by the action taken yesterday. From the first, it has appeared that a majority of the commission was in favor of granting Mr. Spear's request, provided it could be done without the commission relinquishing control of the park property. In other words, the commission is willing to grant the request, provided a satisfactory contract or lease can be formulated. One attempt to do this has already been made, but the lease submitted by City Attorney Brown was not acceptable to Mr. Spear, and it remains to be seen whether any lease can be drawn which will meet the approval of all parties concerned.

Front Street Sewer. Inquiry was made as to what the contractor had done toward the construction of the front street sewer, between Michigan and Ohio streets. The report was that work had been started, but more than a week because the original grade carried the sewer at the same level as a large water main, making it necessary to prepare a new profile and change the grade from 3 to 2 1/2 per cent. The new profile has been made and work will shortly be resumed.

RECITAL AT NORMAL. Yesterday afternoon a delighted and enthusiastic audience greeted Mrs. A. T. Roberts and Mrs. H. C. Davis at the recital, which they gave in the normal assembly hall for the students and friends. The numbers were all well chosen and both ladies showed themselves at their best. Mrs. Roberts added a great deal of interest and pleasure to her song by explaining their meaning, theme, etc., and giving an English translation of each before singing. She was drawing each listener into full sympathy with her.

A well informed Marquette lady meets milk man at the door with this question: "Have your cows stood the tuberculin test?" Milk man: "No, I don't believe in it." Lady: "I do, and I don't want any more milk from untested cattle." (2-20-1w)

SUPPER AT M. E. CHURCH. Women's Home Missionary Society Celebrates Eighteenth Anniversary.

The Woman's Home Missionary society of the Methodist church celebrated its eighteenth anniversary last evening by a supper to which the members of the society and their escorts were invited. Plates were laid for fifty, for the company had done justice to the beautiful repast, a short program was given. The program opened with a piano duet by the Misses Hicks and Bowron. This was received with hearty applause, to which the performers responded with an encore. The president, Mrs. A. A. Maywood, briefly reviewed the history of the society, and then introduced Rev. Bates G. Burt, who delivered an eloquent and inspiring address on missions. The program closed with a vocal solo, delightfully rendered by Miss Berg, and which the singer was obliged to follow with an encore. The occasion was a most enjoyable one.

WIFE WAS UNDOING OF MORRIS RORER

MAN ALLEGED TO HAVE STOLEN GOODS AND HORSE AND RIG FROM M. GOLDBERG ARRESTED IN MINNEAPOLIS YESTERDAY.

Quick and skillful work on the part of Marshal Manning resulted in the arrest at Minneapolis yesterday of Morris Rorer, who is believed to have stolen dry goods and merchandise amounting to \$400 in value, and a horse and wagon, all belonging to M. Goldberg of this city. Rorer left the store with the goods and the rig a little more than a week ago, it being arranged that he was to peddle a few days in Chocoley and West Branch townships. When he had not returned at the end of a week, Mr. Goldberg became anxious, but thought that he might have gone to some lumber camp and been delayed.

Tuesday evening, however, Mrs. Rorer, who was formerly Mrs. Nathan Hoffenberg, received a remittance from Duluth, giving her transportation to Minneapolis and she left for that city forthwith to join her husband. The Goldbergs quickly learned that she had left town and at once put the police on her trail, as it was suspected she was going to join her husband. The officers wired Minneapolis, and a telegram was received late yesterday afternoon, stating that Rorer was in custody in that city.

It is not known whether or not he will demand extradition papers, but in any case, he will be brought back to Marquette to face the charge against him. Rorer came to Marquette last January with his wife. The Goldbergs quickly learned that she had left town and at once put the police on her trail, as it was suspected she was going to join her husband. The officers wired Minneapolis, and a telegram was received late yesterday afternoon, stating that Rorer was in custody in that city.

ART EXHIBITION. Fascinating Display of Original Paintings at the Guild Hall.

The first exhibition of the Marquette Art league opened at the Guild Hall last night, with a reception to members. During the evening a large number took advantage of the unusual opportunity to see the many valuable paintings on display, the excellence and variety of selection of which received much favorable comment.

The exhibit consists of thirty-eight original paintings of artists of national renown, and of twenty-four water colors, unframed which represent the best work of several masters in this particular field of the painter's art. The exhibit may be said to be especially a study of the works of Svend Svendsen, the Norwegian artist who has lived in America the last fifteen years, and has found inspiration for much of his work in the upper peninsula of Michigan. Nineteen of Svendsen's pictures are exhibited, and may be identified by the strong light and well defined and luminous shadows. Among the best of the Svendsen's shown are "The Storm King Oak," "A River in Norway," "Christmas Morning," "The Edge of the Woods," "Lengthening Shadows" and "The Campfire," the last two being remarkable in that they represent two extremes of the artist's capabilities.

Other artists represented are Paul Blondeau, Frederick A. Bridgman, W. W. Watrous, Albert Lynd, J. Sierretz, G. Portledge, J. Lewis, Leon Richard, I. Sherrin, Bernard de Hoog, B. J. Bloomers, Ossip Linde, LeFont Gerard, William Jorissen and Marie Perreault. The best of the collection of water colors are: "Streets in Vitre," by McGuinness; "Svalbard," by Gorter; "The Cobbler," by Offeman; and "Coast of Guernsey," by Richards.

The exhibit will be open to the public, the price of admission to those not members of the league being fifty cents, this morning, and will continue until next Tuesday.

20 per cent to save on nice, clean goods is a big inducement. It is what J. H. LaRochelle offers this week. Marquette, Mich., March 1, 1910. To Whom It May Concern: Notice is hereby given that the Ladies' auxiliary, Pere Marquette, branch No. 10, U. S. C. F., will not pay any hall rent or any other bills whatsoever, if not ordered and such orders signed by the only authorized and legal officer of said branch, No. 10, MRS. A. DELINE VANCHESTEING, (3-1-34) President.

WOULD HAVE COST HIM HIS LIFE. Oscar Bowman, Lebanon, Ky., writes: I have used Foley's Kidney Remedy and take great pleasure in stating it cured me permanently of kidney disease which certainly would have cost me my life." Sold by all druggists.

CONSIDERABLE ICE IN LAKE SUPERIOR

CONDITIONS, AS REPORTED BY WEATHER BUREAU, DO NOT PRESAGE EARLY OPENING OF NAVIGATION.

The United States weather bureau, under date of March 1, has published a report dealing with ice conditions on the Great Lakes, which is of general interest as it bears on the probable date of the opening of navigation. The more interesting parts of the report are published herewith:

The reports from the regular and display stations of the weather bureau and Canadian meteorological service indicate that the ice fields over Lake Superior are extensive and moving with the winds. Over Whitefish bay the ice is heavier than usual. The St. Mary's river is solid. In Green Bay the ice ranges from 12 to 23 inches and appears to be well covered with snow. In Lake Michigan broken ice fields are reported along the west shore south of Milwaukee and along the east shore as far north as Manistee. Extensive fields are reported over the northern portion. At the straits the ice is not as heavy as usual, but it is solid and extends from Bois Blanc island west to beyond Wauvochance. In Huron the fields are reported to the north and east of Middle island; a small field off Oscoda and over the extreme southern portion. St. Clair river is solid from about the strait south to Lake St. Clair. The ice is solid in Lake St. Clair. Detroit river is open to about Twenty-fourth street and solid from there to Lake Erie. Extensive moving fields of ice are reported over Lake Erie; some open channels along the shore are reported on the south shore. In Ontario there are few extensive fields reported. The harbors at Charlotte and Coburg are reported open.

In comparison with the same period last season there appears to be more ice in Lakes Superior and Michigan, less in Lake Huron and more in Lake Erie. Duluth—The harbor ice is 12 inches in thickness; the field ice in the lake extends beyond vision. Two Harbors—There are three inches of floating ice in the harbor; ice fields two miles from the north shore extend beyond vision both east and west. Port Arthur, Ont.—The harbor ice averages 19 inches in thickness; solid ice extends beyond vision in the lake; the ice breaker Whalen is keeping the channel open. Portage Canal—Harbor ice ranges from 7 to 16 inches in thickness; broken fields in the lake extend beyond vision. Houghton—The harbor ice is 14.8 inches in thickness and solid. Marquette—Harbor ice 17 inches in thickness; high southerly winds of Friday night moved the fields in the lake out of sight. Munising—Harbor ice 16 inches in thickness; the ice field extends beyond vision. Grand Marais, Mich.—Thickness of ice in harbor 22 inches; the harbor ice is solid; heavy field ice in the lake about one mile wide; no ice visible off Sable Point; open water off Deer Park with some ice along shore. Whitefish Point—Whitefish bay solid with 30 inch ice; ice fields in lake as far as can be seen. Sault Ste. Marie—The harbor ice is 15 inches in thickness; heavy snow on the ice.

THEATRICAL. "The Great Divide."

For the second time this season "The Great Divide," with Edwin Mordant and Mabel Brownell in the leading roles, was presented at the Marquette opera house last evening. An audience of fair size witnessed the production. "The Great Divide" is one of the few modern plays of sufficient literary and intellectual value to be worth seeing more than once, and the production loses none of its interest because of the plot being familiar. Mr. Mordant and Miss Brownell gave an even more effective interpretation of "The Great Divide" than when they were here last fall. Miss Brownell in particular showing marked improvement in handling her most difficult part. The personnel of the rest of the cast was the same as on the former presentation and their work illustrates the old adage "Practice make perfect." In short, "The Great Divide" as presented last night, is one of the great plays of the present day and affords much food for subsequent assimilation.

All milk consumers are invited to visit the Marquette City Dairy, where everything is modern, sanitary and up-to-date, and note the perfect condition of cattle that have been groomed daily all winter. (2-26-1w)
