

PUTS BALLINGER IN BAD LIGHT

A. P. Davis, Chief Engineer of the Reclamation Service, Proves One of the Most Important Witnesses for the "Prosecution."

He Expresses Reluctance to Testify, Still He Is Well Fortified With Data and When He Is Examined by Pinchot's Attorney He Flatly Contradicts Many of the Statements the Secretary of the Interior Has Made to the President.

Washington, March 11.—With Arthur P. Davis, chief engineer of the reclamation service, on the stand, the attack on Secretary Ballinger continued today before the congressional committee which is investigating the Ballinger-Pinchot controversy.

Director Newell, of the reclamation service, had protested vigorously against the secretary's action. Mr. Davis said that Secretary Ballinger had written a letter to Dr. Newell, repeating the statement that the lands had been restored on the recommendation of the acting director of the reclamation service.

Mr. Davis declared that early in the present administration he had found Ballinger deeply prejudiced against the reclamation service. He asserted that Ballinger had told him to prepare a list of the lands for restoration slowly, so as not to attract public attention.

CUNNINGHAM ASSAILS GLAVIS. Bitter Attack on Former Land Agent Evinces Cleveland Hearing.

Cleveland, March 11.—A bitter attack on Louis R. Glavis by Clarence Cunningham was the feature of today's inquiry by United States Commissioner McCreary into the Cunningham coal claims in Alaska.

Cunningham asserted that the affidavit was dictated by Glavis, who induced him to sign it on the understanding that it was solely for the purpose of securing patents. Glavis had assured him that the claims were perfectly sound and that he personally would do everything he could to have them passed by the land office.

ENGLISHMEN MOB JAMES A. PATTEN

Chicago Board of Trade Man Is Roughly Handled at Manchester and Is Probably Saved from Injury Only by the Police.

Speculators in Cotton Blame Him for Disastrous Losses and When He Visits the Exchange They Hustle Him to the Street in Strenuous Fashion—At Liverpool, However, the American Is Cordially Received and Traders in Corn Give Him an Ovation.

London, March 11.—A hostile demonstration on the floor of the cotton exchange at Manchester and one of friendliness in the corn exchange at Liverpool were met with today by James A. Patten, the Chicago wheat and cotton operator. In Manchester, Mr. Patten was mobbed. He probably was saved from injury only by the police.

SENATORS PREPARE FOR BATTLE. Consideration of the Railroad Bill About to Be Taken Up.

Washington, March 11.—The program for the consideration by the senate of the administration railroad bill is taking definite shape, and it is understood that the measure will not be taken up before next session.

Day's Congressional Proceedings. A number of pension bills were passed by the house today, and the consideration of the legislative, executive and judicial appropriation bill was begun.

THINKS WELL OF CULBERSON. Texas Senator a Fine Man, Says Chairman Norman Mack.

Judge Landis Imposes Heavy Sentences in Oligomargarine Cases.

HE TAKES ISSUE WITH BRYAN. Governor Shallenberger of Nebraska Is Opposed to County Option.

CALIFORNIA EARTHQUAKE SEVERE. San Francisco, March 11.—Last night's earthquake shocks are considered the worst since 1906. The tremors were felt in various parts of California, but there was no serious damage.

THE WEATHER

Washington, March 11.—The following is the weather bureau's forecast for Upper Michigan: Fair, Saturday; Sunday, fair and warmer.

CLEVELAND BANK WEATHERS THE RUN

Fright of the Depositors Subsides After Approximately \$1,250,000 Is Paid Out in Two Days, and the Panic Is Over.

Now, Spurred by the Offer of a Reward of \$6,000, of Which Former Governor Herrick Contributes \$1,000, Thousands of People Have Joined in a Search for the Originators of the Groundless Rumors on Which All the Excitement Was Based.

PRESIDENT HARRAHAN'S HEAD IS IN JEOPARDY.

Earnings of the Illinois Central Property Have Been Falling Off, and to Learn the Reason Accountants Are Now Going Over the Books.

NEW YORK STOCKS DECLINE IN VALUE. Slow Sale of Bonds Occasions Apprehension, as Does a Rumor of J. P. Morgan's Death, and Notwithstanding That There Are Vigorous Supporting Measures, Weakness Becomes Acute.

MORGAN VISITS THE VATICAN.

Financier in Perfect Health and Enjoying His Vacation Immensely.

MRS. TAFT'S BROTHER-IN-LAW.

Thos. McLaughlin, Steel Manufacturer, Dies Suddenly at Pittsburg.

TRADE OUTLOOK BRIGHT.

New York, March 11.—R. G. Dun & Co.'s Trade Review tomorrow will say: Nearly every report from the trade centers is of transactions well above last year and of a bright outlook for the new season.

BIG RESERVOIR BURSTS.

Colorado Railroad Is Washed Out and \$150,000 Damage Is Done.

STRIKE AT TRENTON HAS VERY SHORT LIFE.

Traction Men Get Most They Ask For and They Return to Work—At Philadelphia the Cars Run Uninterruptedly in Greater Numbers Than Ever, and There Is Very Little Disorder.

Trenton, N. J., March 11.—The strike of the employees of the Trenton Street Railway company was settled today, the men getting most that they asked for. The principal demand was for an increase of wages from eighteen and a half to twenty-three cents an hour.

FLEECED FARMER TELLS TALE OF WOE

Other Witnesses, too, Relate in Court at Council Bluffs How the Maybray Gang Is Alleged to Have Looted Them.

Charging That He Was Inveigled into a Scheme to Make "Easy Money," J. H. Secrest of Iowa City Details the Manner in Which He Claims He Was Plundered in Two Horse Racing Events at New Orleans—He Dropped \$9,000, He Says.

GRAND JURY INDICTS THE LAKE CARRIERS.

Because Boys Who Were Shipped to Take the Place of Strikers Are Said to Have Been Brutally Treated, the Association Must Stand Trial on the Charge of "Shanghaiing."

WAGE DISPUTE IS ADJUSTED.

Conductors and Trainmen of the B. & O. Will Remain at Work.

WALKOUT DECLARED CERTAIN.

Illinois Coal Operators and Miners Fail to Reach Agreement.

WANTS CHIEF OF POLICE REMOVED.

Council Bluffs, Ia., March 11.—Partly as a result of the prosecution of the Maybray cases, Attorney General Byers today instituted proceedings for the removal from office of Chief of Police George Richmond. The petition charges that during the time that Maybray and his associates conducted operations here, Richmond was informed by members of the police force, but refused to take action or permit others to interfere.

POLICE DOUBT HIS SANITY.

Cairo Negro at New Orleans Says He Has Committed Three Murders.

BASKETBALL AT MADISON.

Madison, Wis., March 11.—The Western interscholastic basketball meet reached the final tonight, when Appleton defeated Ottumwa, 25 to 18. Appleton and Sterling will play for the title tomorrow night. The result of the afternoon games were: Appleton, 27; LaCrosse, 14. Sterling, 28; New Ulm, 10. Ottumwa, 29; Detroit, 23. Duluth, 18; Freeport, 14.

DAILY MINING JOURNAL

MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Entered as second class... MARQUETTE, MICH., MARCH 12.

Entered as mail matter... Former Secretary of the Interior Garfield, generally speaking, agrees with Former Chief Forester Pinchot.

There is promise that the voters of the Fifth ward will have a large and varied array of candidates for alderman to choose from.

Former Governor Peck, of Wisconsin, is injecting a little fun and humor into this serious anti-saloon campaign, as might be expected from the author of "Peck's Bad Boy."

Former Mayor Roberts of Ishpeming says he wouldn't take a nomination for mayor if it came to him on the proverbial silver platter. Wise Mr. Roberts. Politics is an empty game for the average citizen.

Mayor Busse of Chicago has the "drys" in his hair. He has taken the stand that, all other things being equal, Chicago can't afford to give up its \$7,000,000 income from saloon licenses.

The campaign between J. H. Sawbridge and John Elliott, to be elected mayor of Negaunee, should be one well worth watching. Both are old residents of the city and successful and substantial business men.

Former Secretary of the Interior Garfield does not think that the proposed \$30,000,000 bond issue favored by President Taft, for the completion of various irrigation projects now held up because of lack of funds, is necessary.

Governor Warner says there will be no politics in the selection he will make of a judge to succeed Robert M. Montgomery on the supreme bench.

The truth of the matter is that Judge Montgomery entered the campaign for governor under a serious and embarrassing misapprehension.

The members of the Lake Superior Press association, which will meet in Escanaba on the 15th, are assured of hospitable entertainment there.

An oppressive rule, requiring inmates of the Old Soldiers' home at Grand Rapids to deposit all but \$12 of their pension money with the state treasurer, has just been bowled over by Governor Warner and members of the board.

board since the issue became prominent. The new regulation meets with general approval.

While J. P. Morgan & Co. reiterate that they were simply the fiscal agents for the Studebakers in their purchase of the E. M. F. Automobile company, persistent rumors credit them with a more direct interest in the industry than that of fiscal agent and the report is current that they have a hand in a deal for a \$100,000,000 combination in the industry into which shall be gathered a large number of the most successful companies in the trade.

The news from Albany indicates that President Taft and Senator Root waited too long before interesting themselves in the senate contest to name a successor to President Pro Tem Allis.

LOWER STATE NEWS.

ANN ARBOR—The recent course providing for a general review of all mathematics, which has been recently introduced into the curriculum of the junior engineering students is causing a great amount of trouble.

KALAMAZOO—Arthur C. Fowler was given a verdict in the circuit court here against Morris H. Desenberg for \$450.

CORUNNA—B. Leonard, superintendent of this Methodist district, requested Rev. David Hicks to resign the pastorate of the Corunna Methodist church, and ordered him to vacate the parsonage at once.

LANSING—With a request that he be accepted at once and stating that he wished to enter on a business career, Deputy Secretary of State Clarence W. Mears today tendered his resignation to Secretary of State Woodbridge.

GRAND RAPIDS—At a meeting of the board of managers of the Michigan Soldiers' home, at which Governor Warner was present, a new ruling was adopted regarding the management of the home.

ANN ARBOR—Ann Arborites are strong in their hopes that when Governor Warner is asked about the state to appoint some supreme court judge to fill a vacancy occasioned by the promotion of Judge Montgomery he may not overlook Judge E. D. Kinne, of this city.

LANSING—Governor Warner refuses to state when he will appoint to succeed Judge Montgomery on the supreme bench.

ANN ARBOR—Ann Arborites are strong in their hopes that when Governor Warner is asked about the state to appoint some supreme court judge to fill a vacancy occasioned by the promotion of Judge Montgomery he may not overlook Judge E. D. Kinne, of this city.

Asthma and Catarrh Cured

"My husband was cured of asthma and catarrh and I was cured after my doctor gave me up by using Duffy's Pure Malt Whiskey as our only medicine."

MR. AND MRS. H. R. SAUNDERS

This is what Mrs. Saunders writes after both her husband and herself had been cured: "My husband has suffered from asthma and catarrh for years, but by the use of Duffy's Pure Malt Whiskey as his only medicine he has found great relief."

"I have recommended Duffy's Pure Malt Whiskey to many people since it did so much for my husband and for me. Since I wrote you before I have bought a bottle for my sister-in-law; she is nearly worn out and the doctor told her she has Diabetes, but Duffy's Pure Malt Whiskey is doing her much good."

Ministers of the gospel, doctors of medicine, nurses and people everywhere unite in commending Duffy's Pure Malt Whiskey—the only perfect tonic stimulant, the one true medicinal whiskey.

Duffy's Pure Malt Whiskey

is one of the greatest strength-builders and tonic stimulants known to medicine. It attacks the seat of the disease, drives out the germs and assists in rebuilding the weakened tissues in a gradual, healthy, natural manner.

It is invaluable for overworked men, delicate women and sickly children. It strengthens and sustains the system, is a promoter of health and longevity, makes the old feel young and keeps the young strong.

It is prescribed by doctors and is recognized as a family medicine everywhere.

CAUTION—Beware of cheap imitations. It is sold in SEALED BOTTLES ONLY by reliable druggists, grocers and dealers, or direct, \$1.00 a large bottle. Look for the trade-mark, the "Old Chemist," on the label, and be sure the seal over the cork is unbroken.

Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. Y., for free doctor's advice and medical booklet containing testimonials and common sense rules for health.

A LAUGH OR TWO.

Unfamiliar Ground. The tourist who had secured a guide with a few moments after his arrival in Rome spoke crisply to the man, "I've only got an hour or so to spare for Rome," he said, "and I want to see just two things—one St. Peter's and the other is the Forum. Take me to them both as quickly as you can."

"Hop out," he said to his guide, "I'm in a hurry." "Now, which is this, the Forum or St. Peter's?" "Youth's Companion."

Stumped by a Name. It is only a few years since the somewhat startling name of the Hotel Dan disappeared from the pages of the New York City directory.

AN AWFUL ERUPTION. Of a volcano excites brief interest, and your interest in skin eruptions will be as short, if you use Bucklen's Arnica Salve, their quickest cure.

Two heads are better than one—in a drum or a barrel.

# Copper Country

**PARTED AT THE CHURCH GATE.** **MARTIN BENEFIT TONIGHT.**

**Married While the Angelus Was Ringing but Never Man and Wife.**

Judge Streeter has been concerned in the circuit court this week principally with marital infelicities, sundry homes and the breaking of the ties of wedlock. This is the circuit court's time of hearing divorce proceedings and an unusually interesting lot of cases have been presented. In Houghton county the divorce business is usually very small and this fact makes the cases this week unusually of interest.

**Wrestling Tournament for Testimonial to Former Star's Family.**

It was announced yesterday that Lehto will meet Matt Kangas of Espenning in an exhibition match at the Calumet theater this evening, when a wrestling tournament for the benefit of the family of the late William Martin will be held. This will be the only catch-as-catch-can exhibition of the tournament and it is bound to be a good one. Kangas and Lehto wrestle about the same style, although Lehto is considerably the heavier and is more proficient in the grappling game. Other big ones who will take part in the tournament are Herman Stoll and Jack Rowlett.

**Collins to Arrive Sunday.**  
Joe Collins, who has accepted the challenge of Johnny Hudson, will arrive in Hancock Sunday. The bout will be held at Germania Hall Tuesday evening. Hudson will weigh about 144 pounds at the ringside, while Collins will tip the beam at about ten pounds lighter.

**A. M. STIRTON ARRESTED.**  
Former Hancock Editor Gets Into Trouble at Newcastle, Pa.

The following dispatch from Newcastle, Pa., on the recent arrest of A. M. Stirton, formerly editor of the Wage Slave, a socialist paper printed in Hancock, is interesting:  
"A. M. Stirton, formerly editor of the Wage Slave, published at Hancock, Mich., and candidate for governor of Michigan on the Socialist ticket two years ago, is under arrest in this city on a charge of violating the statute in regard to the publication of newspapers. He was arrested, together with nine other newspaper publishers, six of whom are residing in Hancock, Pa. Stirton is editor of Solidarity, a publication issued by the Industrial Workers of the World at Newcastle. The statute under which he was taken provides that newspaper publishers must have the names of the editor and the owner on the editorial page of each issue for each issue not complying with the statute being provided."

**THAT BRIDGE REPAIR JOB.**  
Probable That It Will Have to Go Over to Another Winter.

The first carload of lumber for the proposed new floor of the Portage lake bridge has arrived in Houghton but it is believed that it is too late. There are a number of carloads of material still on the way from the west and a part of it can be found at General Manager Rogers of the Houghton County Traction company, which is to do the work of putting in the new floor and timber and to share the expense with the county, says that he believes the work will have to go over to another year.

The purpose of the supervisors is to do the work in the winter because then it is possible to divert horse vehicle traffic to the ice bridge. But the ice is becoming unsafe, will be in fact a thing of the past in a very few days, and the supervisors will probably not attempt the work in the summer because of the bad effect it would have on business between Hancock and Houghton.

The fact that the ice is becoming unsafe can be seen in a bad crack close across the lake opposite Joe Croze's shipyard. Here the ice seems to have cracked and buckled through an unusual disturbance. Mr. Croze says he has not seen such a condition in all the years he has lived on Portage lake. He is convinced an early break-up impends and he advises against the further use of the ice bridge by teams.

**PRESBYTERIANS WILL BUILD.**  
Manse for Pastor to Be Erected Adjoining Houghton Church.

A committee has been appointed by the board of trustees of the Houghton Presbyterian church to secure plans for the construction of a manse, to be located on the lot adjoining the church on College avenue. The trustees have decided to provide the pastor, Rev. Frank P. Khowles, with a residence and it is to be erected during the coming summer, according to the present purpose.

The contemplated manse will cost about \$4,000 and will be of an architectural design in keeping with the handsome church structure which it will accompany.

**BETTER THAN SPANKING.**

Spanking does not cure children of bed-wetting. There is a date of holding the township conventions. There will be 92 delegates to the convention. The big contest in the township will be for treasurer and Clerk Thomas is to be opposed again this spring by George Martti, who was the unsuccessful candidate for clerk last year.

**KILLED BY A BLAST.**  
Hannu Perttunen Meets Death at the Ahmeek Mine.

Hannu Perttunen, an Ahmeek miner, thirty-two years of age, was killed instantly yesterday morning at 5 o'clock by a blast in the thirteenth level. He had lighted five holes and heard only four go off so thought one was missed. He got back into the stope just in time to receive the full force of the blast. The unfortunate man leaves a wife and two children.

**YOUNG MEN WANTED.**  
Government Pays Railway Mail Clerks \$800 a Year.

Uncle Sam holds examinations for railway mail clerks, postoffice clerk or carrier, custom house and department clerks. Prepare at once for the coming examinations.

The job is for life; hours are short, salary twice monthly and vacation to any young man who has energy enough to answer, this is the opportunity of a lifetime.

Thousands of appointments are to be made. Common school education is all you need; city and country people have equal chance. Start to prepare now for free information. Free scholarships this month. Write immediately to Central Schools, Dept. 412, Rochester, N. Y. (1-8-178)

# HAVE YOU HEARD ABOUT THIS? Dough rises best when made from

A trial will prove it.  
WASHBURN-CROSBY CO.

**JUBILATION AT MOHAWK.**

That Because Heckey Pennant Goes to Keweenaw County Town.

There was jubilation in Mohawk yesterday. The hockey team representing that location in the Copper Country Amateur Hockey League has won the pennant, and the town is in an uproar. Mohawk took the lead at the opening of the season and was never passed. The teams now stand as follows:

**ART EXHIBITION COMMITTEES.**  
Houghton Art League Appoints Members in Charge of Pictures.

Mrs. A. T. Streeter, president of the Houghton Art League, has appointed the following committees to take charge of the forthcoming exhibition of the Houghton Public Library, to open next Tuesday:

**AUSTRIAN LIBRARY BOOKS.**  
Painesdale Institution Now Owns Ninety-Work in the Language.

Ninety Austrian books have been placed in the Painesdale library and are now ready for those reading that language. The books comprise fiction, drama and poetry. Some are translations from classic literature of Italy, Sweden, France, Russia, America and Spain, and some are by the best known Austrian authors. The books are bound in red rosetal, with the name of the author and the title stamped in gilt lettering.

**NO SKI CONTEST TOMORROW.**

It was not thought likely in Calumet yesterday that the proposed ski tournament on Florida hill would take place tomorrow afternoon owing to an absence of snow.

**ATLANTIC.**

The operations of the Atlantic are confined to the development of Section 16, and the directors believe there is sufficient encouragement to continue the work at this point.

**NORTH LAKE.**

It is of interest to recall that the North Lake Mining company was floated August 5, 1908, since which time seven drill holes have been put down an aggregate of about 6,500 feet. At the present time the company has between \$245,000 and \$250,000 in its treasury, there having been expended up to the present time only between \$20,000 and \$25,000.

**CHEMIST FOUND S. S. S. FREE FROM MINERALS.**  
A few years ago I was taken with inflammatory Rheumatism. Upon the advice of a friend I decided to try S. S. S. Before allowing me to take it, however, my guardian, who was a chemist, analyzed the remedy and pronounced it free from potash or mercury. I continued the remedy, and in two months I was cured completely. The cure was permanent, for I have never since had a touch of Rheumatism, though many times exposed to damp and cold weather.

**MRS. ELEANOR T. JONES,**  
58 Cliff St., Roxbury, Mass.

assists in overcoming any derangement of the system, and the healthy blood it creates largely suffering from any blood trouble, or need a tonic to build up your constitution, you could not do better than to take S. S. S., a medicine that is in no degree harmful. Book on the blood and any medical advice free.

**COPPER COUNTY CHATAUQUA.**

District Superintendent Pascoe Books Three Attractions.

Rev. James Pascoe of Hancock, district superintendent of the M. E. church in the Houghton district, who is in general charge of the arrangements for the Copper Country Chatauqua Assembly, to be held at Electric park August 19 to 23, yesterday gave out the following partial list of attractions:

**ANDREW WILL LIKELY LIVE.**

The doctors and physicians in charge of the case of Albert Andrew of Calumet, who, it is believed, had his spinal column fractured in the accidental falling of a quantity of rock in No. 8 shaft, South Hecla branch of the Calumet & Hecla Wednesday afternoon, when William J. Gilbert and Daniel Harrington lost their lives, state now that the young man is resting nicely and will probably live.

**COLLECTING THE MAGAZINES.**

Joseph Moon has been appointed by the Houghton Public Library to make the collection of magazines which have been donated to the library by Houghton people. He will begin making his collections this morning and all persons who have signified their intention to donate magazines should expect to see Mr. Moon some during the day and to have their contributions ready.

**MINING NEWS**  
TAMARACK.

President Agassiz says of Tamarack: The repairs to the No. 2 shaft have taken all the time between Saturday night and Monday morning, weekly during the year, and the ground between the second and ninth levels is still heavy, but apparently the lateral movement of the shaft is diminishing.

After the 1st of September drifting on the Osceola amygdaloid was gradually curtailed and stopping increased, but the results shown by separate sinking of this rock gave a return of only about thirteen pounds per ton. Operations on this level were discontinued Jan. 1, 1910.

The plan of sinking the No. 3 shaft on an incline from the thirteenth level had to be abandoned as the ground was found too heavy above the sixteenth level. The inclined shaft was therefore started below the eighteenth level and is now down to the twenty-first level, showing good copper values all the way.

The explorations which have been conducted on the old fissure veins of the Cliff mine for the past few years were discontinued in January. No rock of commercial value was encountered.

Tests were made during the year which showed that an increased extraction of from two to two and one-half pounds per ton could be made in treating Tamarack conglomerate rock at the Calumet & Hecla mill, while the Tamarack mill gave the best results in the treatment of the Osceola amygdaloid rock.

At the present rate of growth the borough of Brooklyn, with its population of about 1,240,000, will have a population of 2,910,000 in 20 years from now.

**PURELY S. S. S. VEGETABLE**

It is a generally recognized fact that medicines taken from the botanical kingdom are better adapted to the delicate human system, and safer in every way, than those composed of strong mineral mixtures. In the early settlement of this land, our forefathers were obliged to procure their medicines from Nature's great laboratories of forest and field. They searched out and compounded the different vegetable materials into teas, concoctions and medicines. That these pioneers found the most potent and valuable of the roots, herbs and barks placed at their disposal, is abundantly proven by the fact that the great majority of them were blessed with rugged health. They cured their diseases and were enabled to do the great preliminary work of civilization because the remedies they used were Nature's remedies, and specially adapted to the needs of humanity.

**PURELY S. S. S. VEGETABLE**

It is a generally recognized fact that medicines taken from the botanical kingdom are better adapted to the delicate human system, and safer in every way, than those composed of strong mineral mixtures. In the early settlement of this land, our forefathers were obliged to procure their medicines from Nature's great laboratories of forest and field. They searched out and compounded the different vegetable materials into teas, concoctions and medicines. That these pioneers found the most potent and valuable of the roots, herbs and barks placed at their disposal, is abundantly proven by the fact that the great majority of them were blessed with rugged health. They cured their diseases and were enabled to do the great preliminary work of civilization because the remedies they used were Nature's remedies, and specially adapted to the needs of humanity.

Among the very best of these vegetable preparations is S. S. S., a medicine made entirely of roots, herbs and barks in such combination as to make it the greatest of all blood purifiers and the finest of all tonics. S. S. S. does not contain the least particle of mineral in any form, and is absolutely a safe medicine for any one to use.

While purifying the blood this great vegetable remedy builds up and strengthens every portion of the system. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Malaria, Scrofula, Skin Diseases, Contagious Blood Poison, hereditary taints, and all other diseases and disorders caused by impure or polluted blood.

As a tonic S. S. S. is unequalled. It invigorates every portion of the system, and the healthy blood it creates largely suffering from any blood trouble, or need a tonic to build up your constitution, you could not do better than to take S. S. S., a medicine that is in no degree harmful. Book on the blood and any medical advice free.

**CHICKEN'S PILLS**  
THE DIABETIC PILLS  
which these reports have been issued has also called forth expressions of approval.

The annual report of the Mass is expected to show a deficit from operations. The company has operated at a loss for some time, the deficits for 1908, 1907 and 1906 being \$46,892, \$59,373 and \$61,329 respectively. On Jan. 1, 1909, the company had cash assets of \$47,276. To date \$19 per share has been paid in on the stock.

The appraisers representing the Britte copper merger have begun work in Butte with an examination of the Boston & Montana mines. In the committee are B. D. Thayer, president of the Anaconda; Professor J. F. Kemp of Columbia University and Herman Keller and P. L. Foster, mining engineers of New York and formerly located in Butte, both of whom are well acquainted with the district and mines. Frank Klepetko, who built the Washoe smelter, will aid in the appraisal of the smelters. Samuel J. Barker and several other Butte engineers are also aiding the committee.

**NOTES OF COPPER NEWS.**  
Tamarack's annual report, while showing an operating loss of \$128,540 for the past year, promises materially better results for the current twelve months.

Franklin's diamond drill has passed through the conglomerate bed overlying Hancock west lode and at a depth of 980 feet is sinking in trap though to immediately overlie this amygdaloid lode so that its disclosure is expected daily.

If there have been any suspicions that a Calumet & Hecla management was synonymous with secrecy, they have been dispelled by the completeness with which the financial and physical operations of the recently acquired Big-hole mines have been set forth in the annual reports recently issued. The promptness with

Crabapples, if all are sound, will keep well in a pail of water. The water should be changed once a week.

**DEAFNESS CANNOT BE CURED**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; none can see out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by HALL'S CATARRH CURE. Send for circular, free.

## City Brevities

Today's weather: Partly cloudy; stationary temperature.

Yesterday's temperatures: Seven a. m., 30 degrees; noon, 33; 7 p. m., 32; maximum, 35; minimum, 29.

Guy F. Canfield of Ishpeming was in Marquette on business yesterday.

Mr. and Mrs. G. M. Willis will give a dance at Keough's Hall this evening.

Eustace Farrell, of the Lake Shore Engine Works, left for Duluth last evening.

H. C. Moore and J. A. May of Lansing were business visitors here yesterday.

Galen Catlin went to Milwaukee last night, his mother being ill in a hospital in that city.

Mrs. J. H. Dougherty has returned home after a two weeks' visit in Chicago and Milwaukee.

Fred A. Hills, of Duluth, traveling passenger agent for the Great Northern railway, was in the city yesterday.

Cy Young, the popular short stop on the Marquette baseball team last season, arrived from Newberry yesterday to spend over Sunday with friends.

The funeral of Mrs. Peter La Plante will be held at 9 o'clock this morning from St. John's Catholic church, with interment in Holy Cross cemetery.

Members of the U. S. C. E. belonging to Jeanette Hall, requested a meeting at the hall at 8:30 this morning to attend the funeral of Mrs. LaPlante.

Presbyterian Church—Repairs being completed, the church will be open for regular services tomorrow. At 10:30 a. m. Hon. Perry F. Powers will deliver an address on the local option situation.

Sunday school at 12 m. Intermediate society of Christian Endeavor at 4 p. m.; senior society at 6:30 p. m. No evening services as the congregation will unite in the temperance service at the Baptist church.

Disbursements for Year—City Controller Primeau reports that total disbursements from the city treasury during the year ending March 9 were \$309,422.20; distributed as follows: From the school fund, \$82,395.57; fire and water fund, \$46,624.30; light and power fund, \$84,470.67; library fund, \$6,729.49; park, cemetery and street fund, \$48,638.05; general fund, \$39,100.44; police fund, \$3,113.83; miscellaneous, \$4,348.65. The total expenditure for the previous year was \$331,130.58.

Appearance of Spring—Marquette stores are fast taking on the dress and appearance of spring. The winter closing-out sales are about over and the windows are one by one being filled with new spring garments, which represent the height of fashion. Spring styles, in both women's and men's apparel, are more conservative than for some years past, yet the cuts are artistic and such as are becoming to almost everyone. It is well worth one's while to spend time to carefully inspect the show windows of the local merchants.

Death of Felix McPhillips—Relative's yesterday received news of the death in a hospital at Ogden, Utah, of Felix McPhillips, for several years up to a year ago a resident of Marquette. Mr. McPhillips was a man of thirty-three years, and was unmarried. He is survived by his mother, Mrs. Allen Page, 445 Baraga avenue, and four brothers and two sisters, also residing in Marquette. Previous to his departure from this city he was engaged in railroading. The remains will be brought here for burial, but it is not yet known when they will be received.

Origin of Bock Beer—"Bock" beer will soon make its appearance at local buffets and because of the various theories that have been advanced as to the origin of "Bock" beer the following explanation given by an officer of the Pabst Brewing company of Milwaukee will be interesting: "There are various versions of the origin of Bock beer and the reason for selling it only in the spring time, but the one generally accepted is that the rivalry of two German towns (Munich and Braunschweig) as to who brewed the best beer led to a public test, at which the special dark beer brewed at Munich was victorious. The Braunschweiger contestant claimed the Munich brew lacked strength, and his rival proposed a test. Handing him a large goblet of the Munich brew, and at the same time filling a goblet of equal size of the Braunschweiger Brew, he agreed to drink the contents of the latter to the last drop, providing his opponent drank the former and whoever could, after so doing, stand on one leg and throw a needle to win the sum wagered on the result. The Braunschweiger contestant, feeling the effects of the strong Munich brew, which he had just drunk, fell from the circle of drinkers, had been the cause of his downfall (the German word for goat is Bock), but the brewmaster of the Munich beer replied 'It was the Bock in the beer.'

INSURE WITH PETER WHITE & CO. BITTER ROOT VALLEY.

The reputation of Bitter Root Valley has been gained by results, and the valley deserves all the good things that have been said about it. A mild climate, rich soil, abundance of water and an intelligent American population are the rich assets of this beautiful and fertile valley.

When all the Bitter Root Valley shall have been fully developed and cultivated, it alone will produce fruit to the value of \$120,000,000 annually, or twice the yearly output of Minerals from the entire State of Montana. (3-12-14)

For the lower two-thirds in the dining room use a dainty fabric. I will sell them cheap. From 18 to 30c per double roll at Gell's. (3-10-14)

The leading dairy paper of the state says, "Beware of dairymen who are anything to offer cheap, as they are apt to have something cheap to offer." (3-7-14)

Itch cured in 30 minutes by Woolf's Sanitary Lotion. Never fails. Sold by Louis Pendill, Druggist. (10-16-6m)

WOULD HAVE COST HIM HIS LIFE. Oscar Bowman, Lebanon, Ky., writes: I have used Foley's Kidney Remedy and take great pleasure in stating it cured me permanently of kidney disease which certainly would have cost me my life." Sold by all druggists.

## Northern Normal Notes.

Tuesday morning Dr. Fracker gave an excellent talk in chapel using as his theme the three words, "Longing, Faith and Conviction."

The geography classes were given a special treat in Tuesday afternoon when Miss Frances Mathews talked to them about her recent visit to China. She discussed general conditions in China, described many of the interesting places visited, and told many personal incidents, much to the delight of her audience.

Miss Margaret Buchly, head of the department of domestic science and domestic art, arrived in the city at the beginning of the week. Miss Buchly is a graduate of Drexel Institute at Philadelphia, and comes very highly recommended. The work in preparing the rooms for the new department is progressing rapidly, and Miss Buchly is busy superintending the installing of the equipment.

The following program was given at the meeting of the Saturday Morning Music club, held March 5:

Piano duet, Quartet from Rigoletto. Miss Young and Miss Brotherton. Vocal solo, O, Dry Those Tears. W. H. Stratton. Vocal solo, Forgotten. Eugene Cowles. Miss Mae Grills. Piano solo, The Fauns. Cecile Cheminade. Vocal solo, When the Heart is Young. Miss Edna Rutan. Vocal solo, On the Desert. Lawrence Kelly. Geo. Belding.

Piano solo, The Young Schubert-Keller. Miss Marguerite Barnes. The club will have its next meeting on Saturday morning, March 9th, at 10:30 o'clock.

The "National" program which had been planned by the Yvrasil Literary society for the regular meeting on Feb. 21, but which had to be postponed, was given last Monday evening. The program was as follows:

Piano solo, "Venetian Love Song" by Claudius Pendill. Debate, Resolved that Lincoln Was Greater Than Washington. Affirmative—Miss Flora Clark, Miss Edith Mitchell, Dempster Sherman. Negative—Claudius Pendill, Walter Horstein. Reading, Character Sketch of Washington. Miss Adele Hessel.

Vocal solo, "The Yuletide." Jacobs Bond. Miss Ellen Scully. The judges for the debate were Mrs. Kelsey, Miss Linton and Miss Libby. The affirmative side was awarded the decision, though the debate was an unusually close one. This meeting of the Yvrasil Literary society was so successful, that the officers and members are planning to make debating a specialty.

Thursday morning the pupils of Miss Bill's in the training school gave the following excellent program at chapel:

"Spring Song" Mendelssohn. Miss Marguerite Barnes. "A Fairy Story" Dempster Sherman. Ellen Swanson. "King Fisher" Maurice Thompson. Ida Vertefeuille. "Flower Talk" Christina Rossetti. Earl Gustafson. "To a Wild Rose" McDowell. Miss Marguerite Barnes. "Little Lamb" William Blake. Orville Bell. "Rhodna" Ralph Waldo Emerson. Clyde De Haas. "A. B. C." Parry. Ida Vertefeuille and Anna Lindquist. "To a Butterfly" Wordsworth. Blanche Lambert. "Papillon" Grieg. Miss Marguerite Barnes. "Fairy Flute" Henry Simpson. Andrew Steele. "A Musical Instrument" Elizabeth B. Browning. Dorothy Maywood. "Pan's Pipes" Godard. Miss Marguerite Barnes.

The musical number by Miss Barnes added greatly to the spirit and feeling created by the recitations. The little duet "A. B. C." was unusually well received.

"A Day in the Woods," the operetta given yesterday afternoon by the children of the training school, under the direction of Miss Oltman was presented to a full house. In fact, every available bit of standing room was occupied. The operetta is characterized by a beauty in simplicity which was exceptionally well brought out by the children in the interpretation and the presentation of the characters. It would be hard to say which part of the operetta was most thoroughly enjoyed, though perhaps the "Lullaby Chorus" by the very smallest children, created the strongest impression. The solo parts were all well rendered and showed, as did the choruses, the children had been thoroughly trained. The general impression given by the voices was one of sweetness. The stage was artistically arranged to represent a woodland bower. The children were dressed for a picnic, the girls in checked aprons and sunbonnets and the boys in overalls and large straw hats. The ten people representing the planets, were fittingly attired in variegated costumes, suited to the heavenly bodies whose names they bore. The characters were taken as follows:

Grandma..... Emily Phelps  
Flossy..... Maena Olson  
Hedge..... Gladys Simar  
Lottie..... Ida Vertefeuille  
Dolly..... Alma Bower  
Nellie..... Dorothy Maywood  
Maude..... Anna Lindquist  
Ida..... Ellen Swanson  
May..... Mildred Kaye  
Gypsy Girls..... Helen June  
Frank..... Chester Pearce  
Sam..... Earl Gustafson  
Joe..... Clyde De Haas  
Miss Oltman and the children may well feel elated over the success of the performance.

When you order milk for your family be sure that you get it from cows that have stood the tuberculin test, says the medical department at Washington, D. C. (2-14-14)

Pneumonia follows a cold but never follows the use of Foley's Honey and Tar which stops the cough, heals the lungs and expels the cold from the system. Sold by all druggists.

## PROHIBITIONIST PAPER BY BRYAN.

Nebraska Liquor Foes Make the Announcement of a New Journal—Democratic Leader Will Continue to Edit Commoner Also.

Lincoln, Neb., March 11.—William Jennings Bryan is to launch a prohibition newspaper in Nebraska. This announcement is made by the state county option forces, who are jubilant over the position taken by Bryan against whiskey.

The new Bryan paper is to be entirely separate from the Commoner, although the two may be issued from the same office. The prohibitionists now have no formal newspaper in Nebraska, and having had so great success from the Commoner, Mr. Bryan is said to expect to duplicate that success with his prohibition venture.

Although intended as a state newspaper at present, the Bryan paper is reported as being of national scope, and its influence is soon to be extended to all states. Among Democrats the venture is believed to indicate a complete tie-up between Mr. Bryan and the prohibitionists.

After the new paper is launched Mr. Bryan will be in the curious position of editing a straight Democratic newspaper, with that party, in Nebraska at least, against prohibition, and a prohibition newspaper in which he would advocate the defeat of candidates and measures which he supported in his Democratic paper.

**NEW YACHT RACE PLANNED.** Start Will Be in England and the Finish Off Sandy Hook.

Washington, March 11.—The President's cup will be the name of the trophy to be awarded the winner of the ocean race of the Atlantic Yacht club. Senator Dewey called at the White House and told the president that the Atlantic Yacht club will promote an ocean race this summer from some point in England to Sandy Hook. The club officials were anxious that President Taft allow the trophy for the winner to be named for him. The president expressed great interest in the race and agreed that the trophy be called "The President's cup."

It is the purpose of the club to have the race during the coming summer and to vary the usual arrangement in international races of starting the contest upon the side of the water. Just what point will be selected as the starting point is not determined. This and many other details remain to be settled.

Limitations as to the size of the yachts to be allowed in the competition have not yet been determined upon. The race will be open to the world and be unusual in its character. It is believed that the winds and currents will be particularly favorable during the summer for a race to be started on the other side and finished at New York.

President Taft is interested in yachting. Last summer he presented a president's cup to the winner of the Sonderklasse races, held off Marblehead, and entertained the winners of the trials on board the Mayflower, off Burgess point, at Beverly.

**TO CURE A COLD IN ONE DAY** Take LAXATIVE BROMO QUININE Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

**PROPOSALS FOR CEMENT.**—Office of the Park, Cemetery and Street Commission, Marquette, Mich., March 7, 1910. Notice is hereby given that sealed proposals will be received at the office of this commission until 5 o'clock p. m., April 1st, 1910, for furnishing 4,000 barrels, more or less, of Portland cement, brand to be specified, delivery to be made in quantities as needed in the construction of concrete walks, etc., in different parts of the city. All cement to be guaranteed to pass the Standard Specifications for Cement of the American Society for Testing Material. The commission reserves the right to reject any or all bids.

J. F. ANDERSON, Secretary. (3-7-14)

**ELI COUVION, TRUCKER.** Removes ashes and garbage. Order by phone, Bell 382-J. (6-7-14)

Foley's Kidney Remedy will cure any case of Kidney or Bladder trouble that is not beyond the reach of medicine. No medicine can do more. Sold by all druggists.

### DELIVERY SERVICE EXPECTED IN MAY

POSTMASTER THOMAS CONNORS SAYS THAT CONGRESSMAN H. O. YOUNG HAS RECOMMENDED IT FOR NEGAUNEE.

Postmaster Connors said yesterday that he believes delivery of mails will be started here before the first of June, provided the houses and business blocks are numbered and the streets marked with signs by that time. It is expected that the work of putting up the numbers and signs will be started soon, as both have been ordered by the board of public works.

Mr. Connors has taken the matter up with Congressman Young, who has already assured him that the service will be obtained. Negaunee was entitled to it a year ago, but Mr. Connors did not feel certain at that time that the revenue of the postoffice would hold up to the figure reached that year.

The fiscal year for the postoffice will end on the 31st of this month. Mr. Connors yesterday said that the total revenue from the sale of stamps and the amount necessary for free service. The increase over last year will be in the neighborhood of \$900.

Mr. Connors anticipates that there will be a falling off in the box rentals as soon as the free delivery starts. There are about 1,200 boxes in the postoffice and about 1,000 are paid. The revenue is nearly \$2,200. Mr. Connors expects a falling off of about 60 per cent in the receipts from this source, but he believes that there will be an increase in the sale of stamps which he believes will more than offset the loss in the box rentals.

### JOBBER DISCOURAGED.

### Car Shortage Will Cause Heavy Losses for Timber Operators.

"The car service given by the railroads in this region, and particularly by the Northwestern, is the worst that I have ever seen during my fifteen or more years experience in the logging business," said an operator yesterday. "Many of the jobbers are utterly discouraged and the smaller ones who have been almost completely ignored by the railway companies will hardly break even on their work this winter. The jobbers on the Northwestern line between here and Escanaba have not shipped a carload of timber in five weeks and there is no telling when they will get cars. They have appealed repeatedly to the officials of the railroad. The officials told them that they will do the best they can to provide cars, but it seems there are none to be had."

### ELKS ELECT OFFICERS.

At the meeting of the Negaunee lodge of the Fraternal Order of Elks, held Wednesday evening, the following officers were elected for the ensuing year: Exalted Ruler—Edward Laughlin. Esteemed Leading Knight—John A. Wasmuth. Esteemed Loyal Knight—Ezra Klein. Esteemed Lecturing Knight—John Burns. Tyler—Duncan Best. Trustee—Joseph Barabe.

The other officers are appointive and will be announced by the exalted ruler at the meeting when the installation takes place. T. A. Thoren, the past exalted ruler, was elected delegate to the state convention, to be held in Detroit in July. A committee composed of T. A. Thoren, Ed. Laughlin and Ernest Klein was named to confer with committees from the other lodges of this county, also from the Houghton county lodges, to complete arrangements for the Detroit trip.

### NEGAUNEE UNIONS WON.

The third of the series of seven indoor baseball games between the Negaunee Unions and the Ishpeming Y. M. C. A. team was played here last night. It was won by Negaunee, 10 to 7. The batteries were: Kirkpatrick and Doolan, Negaunee; and Erickson and Nichols, Ishpeming. Kirkpatrick struck out thirteen men, and Erickson nine. Ishpeming made ten hits, and Negaunee thirteen. The feature of the game was a double play by Harrington, of Ishpeming, unassisted. The next contest will take place at Ishpeming next Tuesday.

### BOWLING MATCH.

The Colts defeated the Bismarcks by thirty-one pins in the league bowling contest Thursday evening at DeFaine's alleys. The scores were:

Colts	176	141	292	519
Harris	112	132	140	284
Tonkin	114	121	132	267
Totals	402	405	474	1281
Bismarcks	111	150	176	437
Peterson	113	175	124	412
Thoren	136	155	110	401
Totals	360	480	410	1250

### Be Ready for the Fluff Rug Man

He will call on you most any day now. Marquette Fluff Rug Co. 3-3-11

### HOTEL IMPROVEMENTS.

### Interior of Breitung House Has Been Thoroughly Renovated.

B. K. Webber, the painter, who has been working in the Breitung house practically all winter, will finish his contract there within two or three days. A number of the sleeping rooms on the second and third floors and the wash and coat rooms on the main floor have been redecorated. Laverne Seass, the proprietor, plans to redecorate the dining room next winter. This is the only room in the house that has not received attention during the past two or three years.

In the sleeping rooms heavy cork paper has been used on the walls, and the ceilings are either white or pink. The wood work is painted to match the other decorations. Besides redecorating the house, Mr. Seass has also had the plumbing system completely overhauled by Ted. Friberg, and a number of bath rooms have been put in. The bath room equipment is sanitary and each room has an air shaft leading to the roof. The walls and ceiling of the bath rooms have been decorated with enamel paint. Three separate lines of sewer pipe extend through the building and the pipes have been raised from beneath the floors in the basement to a point about a foot below the ceiling.

Mr. Seass has opened two additional sleeping rooms on the third floor, making forty-two now available. Hardwood floors have been laid in every sleeping room in the hotel and nearly all of the rooms have been provided with new rugs. Mr. Seass intends to purchase new furniture for a number of the rooms. Every room in the house has an iron bed and all are lighted by electricity. All of the rooms also have connection with the return call bell in the office.

### BASEBALL OFFICERS.

The directors of the Negaunee league baseball team, who were recently appointed by the committee that was selected for that purpose, has perfected an organization with Captain J. H. Rough, president; J. H. Winter, vice president; A. H. Knight, secretary; Phil Levin, treasurer and T. A. Thoren, manager. A dance is to be given soon after Easter to raise funds to provide the team with equipment.

### LOCAL LAONICS.

### Mrs. A. F. Maitland is spending a few days in Chicago.

The employees of the Hartford and Quiney mill will be paid a week from today, the 19th.

D. D. Smith received a six cylinder Mitchell automobile yesterday. It has been placed in L. E. Chaussee's building, corner of Pioneer avenue and Case street.

Miss Louise Cyr, who is a kindergarten teacher at Wausau, Wis., has returned to her home here for a short vacation, while the schools there are closed.

John Curley and wife, who spent the past month in Negaunee visiting his brother, M. J. Curley, and family, have returned to their home at Mountain Lake, Minn.

Michael Curley of this city, who holds an important position with the Oliver Iron Mining company on the Western Mesaba range, was re-elected mayor of Coleraine Tuesday.

Thomas Flannery left Thursday night for Mexico, where he will take a position as a diamond drill operator under Thomas Redmond of Ishpeming, who has charge of a contract job there.

Mayor J. H. Winter and several friends, including Mayor F. E. Keese of Ishpeming, went up to Mr. Winter's camp, north of Clowery, yesterday. They will spend a few days there looking over lands.

George Kappes, who has been engaged in diamond drill work in the copper country, and who recently returned to his home here, has accepted a position with Stone & Knight, diamond drill contractors, and will leave soon for British Columbia, where he will be employed.

Matt Huovinen, a Negaunee man, who was taken to the Finnish hospital at Ishpeming a few days ago, suffering from pneumonia, died Wednesday night. He was forty-one years of age and is survived by a family, living in Finland. The funeral was held yesterday morning, with interment in the Negaunee cemetery.

The pipe, also the iron rails for the interior of the dry kiln of the Consolidated Fuel and Lumber company's flooring plant, was received yesterday. The boiler is expected here Monday. The carpenters will complete work on the dry kiln building today. The management expects to have the plant ready for operation not later than May 1.

Those holding tickets for the entertainment to be given by Miss Irene Skinn, assisted by Negaunee talent, next Tuesday evening at McDonald's opera house, under auspices of the ladies of St. John's church, can have them reserved this morning at Kirkwood's drug store. It is expected that the house will be sold out, as much interest is manifested in the entertainment.

Sevier Liqueur, an old and well-known resident of Negaunee, is a candidate for the nomination of city treasurer. Mr. Liqueur received an injury at the Detroit mine some twenty years ago and since then he has not been able to perform manual labor. He has a large family and in every way deserving of the consideration of the voters. Mr. Liqueur has been a resident of Marquette county for nearly forty-five years, having lived at Ishpeming for some time before moving to Negaunee.

### A NIGHT ALARM.

Worse than an alarm of fire at night is the metallic cough of croup. Careful mothers keep Foley's Honey and Tar in the house and give it at the first sign of danger. Foley's Honey and Tar has saved many little lives. No opiates. Sold by all druggists.

### Upper Peninsula

### School Teacher Injured.

Miss Adeline Riley, principal of the Spies avenue school in Menominee, was seriously injured when she fell from the high veranda of a Marinette avenue residence and fractured her collar bone. Miss Riley had been attending a party and was starting for her home when she fell.

### Ball Players Signed.

The officials of the Escanaba baseball team have signed Pitcher Peter Nollen, First Baseman, Michigan State University, Fred Olmsted, Second Baseman, Cully Lentz, Pitcher Monte Olmsted and Third Baseman Herman Aronson. The signing of these men shows that Escanaba intends to have a particularly fast club this season.

### Escanaba Candidates.

The complete ticket of the Taxpayers party at Escanaba has now been agreed upon by those opposed to the election of Solomon Greenbush for mayor. George Southland, a leading young merchant, will be offered as a candidate for the office of clerk and T. J. Burke, who for a single year has held the office of city treasurer, will be the nominee for the position that he now holds.

### This Man a Puzzle.

Every language but Chinese and possibly a few others has been tried to no advantage by Menominee officials in attempting to learn the identity and history of Ed Freiberg, a man who was found floundering in the water of the river a few nights ago. Finns, Poles, Germans and men of other tongues have been tried on him, but not one look of intelligence has come over his face. The officials have now given up in despair and believe the man is insane.

### Sides With Traction Company.

The Soo Business Men's association held a meeting at the city hall relative to a proposed ordinance providing for an extension of the street car line on Ashmun street over the hill to Tevonia avenue, as a result of which a resolution was adopted, in substance as follows: "It is the sense of the association that the city council be recommended not to pass the ordinance demanding the extension of the street car line over the Ashmun street hill to Tevonia avenue, as such that we consider it unwise and unjust to make the extension." J. H. More, attorney and representative for the company, was present and gave figures to show that the street railway business in the Soo was not a first-class business, and that the experience and existing conditions would not warrant the expenditure of the money that would be required to extend the line over the Ashmun street hill. The speaker had investigated the situation on the hill, he said, and had found that there were only 150 people who would be possible patrons.

### LETTER RATES ON BAD ADS.

Washington, March 11.—Dr. Harvey W. Wiley, chief of the bureau of chemistry, has a plan for abolishing the postal deficit of seven million dollars a year. He explained to an enthusiastic audience in Washington. He was discussing "morality in business," and he struck out from the shoulder in several directions. "Compel every newspaper that publishes fraudulent patent medicine or patent food ad to pay letter rates for mail transportation and your deficit will disappear," said Dr. Wiley. "This would give the advantage to newspaper which do not advertise poisons, and there are a good many in the country—I could name some of them if I wanted to—that refuse to pay letter rates for their ads. There is a postal law which forbids the use of the mail for fraudulent purposes. We have a food and drug act intended to guarantee to the consumer that he gets what he pays for. Why should newspapers which advertise spurious remedies and poisonous foods be encouraged by the government to advertise these things in families all over the country?"

### Not in Milk Trust

### The Original and Genuine HORLICK'S MALTED MILK

### The Food Drink for All Ages.

For Infants, Invalids, and Growing Children. Pure Nutrition, upbuilding the whole body. Invigorates the nursing mother and the aged. Rich milk, malted grain, in powder form. A quick lunch prepared in a minute. Take no substitute. Ask for HORLICK'S. Others are imitations.

### TROY POUND LITTLE HEAVIER.

In Last \$100,000,000 Coined Uncle Sam Has Put \$121 Too Much.

Washington, March 10.—Dr. A. Platt Andrew, director of the mint, has laid sacrilegious hands on the brass Troy pound, which is the standard for the coinage of the United States government, and proved that it has not grown materially heavier with eighty-six years of age. When Edward Rigg, director of the British mint, was in Washington a short time ago he jocosely remarked to Director Andrew that he would stake his scientific reputation on his opinion that the American pound has increased several grains in weight through oxidation.

He had known brass standards to increase several grains in ten years, he said. The brass Troy pound is one of the most sacred possessions of the government. It was brought to this country in 1824 by Albert Gallatin, minister to Great Britain, and President John Quincy Adams journeyed to the Philadelphia mint in state to open the re-fund which contained it with imposing ceremonies. It has since remained in the custody of the Philadelphia mint, enclosed in three boxes, which can be opened only by the superintendent and one by the director of the mint at Washington. Once a year the boxes are solemnly opened, at the treasury department this assured that the precious cube is still there.

Director Andrew was moved by the remarks of Mr. Rigg, and he boldly ordered the brass pound brought to Washington and tested by the bureau standards. It reached here Feb. 28 and was accompanied to the bureau of standards by Mr. Eckfeldt of the Philadelphia mint and Dr. Dewey, assayer of the bureau of the mint. According to the report of Dr. S. W. Stratton, after being removed from the cases, the brass block was placed in the Rueprecht precision balance of the bureau of standards and at once sealed in the balance case and certain private marks were placed on the seals by Messrs. Eckfeldt and Dewey. The next morning the Troy pound was compared with the metric standard weights of the bureau aggregating one Troy pound, the values of the weights used in terms of the national prototype kilogram being accurately known.

The result of the comparison indicates that the Troy pound has maintained its value very closely since 1824, having gained in weight only seven one-thousandths of a grain. According to the experts at the treasury department this would mean that the government has \$121,500 too much gold in the last \$100,000,000 coined. After the weighing had been completed the seals on the balance were broken and two photographs of the Troy pound were made. The weight was then placed in its immediate case, which in turn was placed inside of two others, the keys to the outer case being held by Messrs. Eckfeldt and Dewey.

So slight an increase as seven one-thousandths of a grain is infinitesimal, for all the practical purposes of the government. A deviation of one and one-half grains above or below is allowed by law on silver coins; for example, the half-dollar weighing about 112 grains and the dime only about 29 grains. The relative deviation in dimes is therefore about 30 per cent. The result of the test is as gratifying to the treasury officials as it is surprising. It is possible that the extreme care with which the pound has been guarded and the total exclusion from air, except for a few moments during the eighty-six years, are responsible for the fidelity of the standard to increase in weight. The result of the test will be learned with interest by scientific societies as well as the people.

## Mayer's LEADING LADY SHOES

There are no other shoes at popular prices that in any way compare with these classy, fashionable, good-fitting shoes. They are made on lasts that insure the utmost comfort, yet give your feet that trim and stylish look.

F. Mayer Boot & Shoe Co. Milwaukee, Wis.

REPORT SHOWS BIG INCREASE

BUSINESS OF LIGHT AND POWER COMMISSION \$4,000 BETTER THAN THE YEAR BEFORE.

OVER 200 NEW CUSTOMERS

In Spite of Unusually Large Expenses, Net Revenue from Plant from March, 1909, to March, 1910, Was \$33,546.45.

During the fiscal year ending March 9, the light and power commission has had a most gratifying increase in business and receipts, according to the annual report, which was completed yesterday. The receipts for the year from electric service alone were \$90,337.23, an increase of nearly \$4,000 over the previous year, while other sources of income swelled the total receipts of the plant to \$101,116.47, including about \$15,000 carried over in cash from the previous year. In all, 220 new customers were obtained during the year, which is a larger gain than has been made for many years. While the gain has been principally in the additional residences in which lights have been installed, the commission carries thirteen business customers on its books that it did not have a year ago.

The net revenue from the plant was \$33,546.45, about \$5,000 less than a year ago, which decrease is due to the increase in the operating expenses, in which is included the improvement made on the foundation and covering of the main flume last summer. These improvements were of a permanent nature and it would only be fair to charge a part of their cost to new construction work and improvement of the plant. Expenses were also increased by the necessity of purchasing large quantities of material with which to make the large number of new installations. Furthermore, the bonded indebtedness was reduced by \$24,000 during the year.

Comparative Table.

Below is given a comparative table, showing the business done by the commission during the year just closed and during the previous year:

Table with columns for March 9, 1909 and March 9, 1910. Rows include: Expended on new construction, Whole operating expenses, Interest paid, Bonds paid, Net revenue, Received from city of Marquette, Received from private consumers, Total income, electric current, Number of residences, Number of business places, Total.

The large operating expense is in cost of replacing piling under steel trestles with concrete bents, repairing steel flume and recovering same with wooden cover, for about 800 feet.

The expense of new construction included \$1,520.18 spent on pole lines, \$2,624.83 for copper and labor, \$2,488.28 for transformers, \$2,343.48 for motors, and \$343.56 for a thirty-horse power motor. Shop labor and material not otherwise accounted for cost \$22,298.04.

In the operating expenses are included the new flume foundation and cover, the total cost of which was \$5,943.45; repairs to the two dams costing about \$290; repair to water wheels, \$757.74; repairs to other machinery about \$850; labor manufacturing current, \$3,874; and other sundries aggregating about \$690. Repairs and renewals to poles and pole fixtures cost \$1,200.44; repairs to street lighting circuits \$1,360.65; repairs to commercial circuits \$6,502.12; and office expenses \$3,968.85.

Receipts and Disbursements.

Table with columns for Receipts and Disbursements. Rows include: Receipts from electric service, Total manufacturing income, Total disbursements, Total operating exp., Net earnings of plant, Interest on bonds, Net revenue from plant, Total.

SATURDAY MUSIC CLUB.

The Saturday Music club will meet with Miss Hadley today at 3 p. m. The program will conclude the study of Schubert's works, and will be as follows: Piano solo, Andante in B Flat... Sonata... Paper, Symphonies of Schubert... Mrs. Bates G. Burt... Sextette for two pianos and two violins, C Major Symphony, Andante and Finale... Mrs. Boyer, Mrs. H. J. Russell, Miss Ross, Miss Mathews, Miss Hadley, Miss Ottman... Chorus practice and a business meeting will follow the program.

CARD OF THANKS.

I desire to thank friends and neighbors for their kindly sympathy and assistance in my recent bereavement. Particularly I wish to thank those who sent flowers, the girls employed in the Michigan State Telephone exchange and the pastor of the German Lutheran church, for his beautiful funeral sermon. MRS. ANNA M. BEYER.

ONE WEEK SALE OF FLOWERS.

We have arranged a half-price sale on all of the new flowers to be used this season. Sale commences Monday morning, March 14. Roses and chrysanthemums in all the new shades. MARQUETTE MILLINERY CO. (3-12-34) Nester Block.

PERRY F. POWERS TOMORROW.

Will Talk for the "Drys" in the Afternoon at the Opera House. Perry F. Powers, of Cadillac, formerly auditor general of the state and the editor and publisher of the Cadillac News & Express, will spend tomorrow in Marquette county, campaigning for the "drys." Mr. Powers will address an audience at the opera house here in the afternoon, commencing at 3 o'clock, and in the evening he will be heard at Ishpeming. Mr. Powers comes from Wexford, one of the "dry" counties of lower Michigan, and will discuss the conditions that have existed in that county since the saloons were banished. In the morning he will be heard at the regular service in the Presbyterian church. In the evening Rev. Maywood will address a union service at the Baptist church.

The "drys" are not any behind the "wets" in their plans for an invasion of the upper peninsula territory by campaign speakers. In the few weeks intervening before election there will be at least ten mass meetings to discuss the saloon issue held in this city, and nearly as many in the towns in the other counties where the fight is on. Friday of next week James Crandall, a former prospector of Sanilac county, will fill a date here. Senator Dickinson has been booked for the 22nd, Dr. Dickie, of Albion college for the 24th and J. C. Lehr, of Port Huron, for the 27th. There will be three or more meetings, "wet" and "dry," each week until the campaign closes.

FLOWER PARTY.

Ladies of Round Table to Entertain at Fraternity Hall March 30.

Tickets are about to be placed on sale for the fourth annual ball, given by the Ladies of the Round Table for charitable purposes, which this year will be held on the night of March 30. The proceeds of the party will be donated to the St. Luke's hospital building fund. The ball will be given in Fraternity Hall and will be designated as a "flower party." It is the desire of the committee that as many as possible dress to represent some flower, though any who are unable to do so will be just as welcome as the others. The price of tickets will be \$1.50 per couple, seventy-five cents per single ticket, and as last year, Mrs. LaVallee will serve lunch in the bakery below the hall at thirty-five cents per plate.

The annual "charity ball" given by the Ladies of the Round Table has come to be a distinctive and unique event in Marquette society. Last year, a Valentine party was given, two years hence that of a masquerade, and all have had some distinctive feature that has caused them to be remembered by all who were fortunate enough to attend. The committee in charge of the party this year promises many new, delightful surprises, and hopes that there will be the usual large attendance.

ARE FAST DISAPPEARING.

Wooden Boats on Great Lakes Being Displaced by Steel Carriers.

It is only a matter of a few years more when the last of the wooden vessels will have disappeared from the Great Lakes and the only type in use will be the steel carriers which now practically monopolize the more important and profitable lines of business. Most of the wooden vessels left are in the lumber trade and each season sees several of the old timers go down in the lakes to their last resting place.

The United States ship Wolverine, formerly the Michigan, is pointed out as being the oldest iron steamer in the world. It was built in 1843. The first iron steamer to be built on the Great Lakes was the Montreal, which was constructed at Buffalo. The Montreal was the first vessel built with boilers adapted to burning coal.

This boat was followed by others in rapid succession until 1873 when a depression set in which lasted for five years. The first steel steamers were constructed in 1884 and since that time steel has been the favored material on the lakes. The last iron boat was built in 1886. In this year there were thirty-eight iron vessels on the lakes and eight steel vessels. The iron boats had a tonnage of 46,000 tons and the steel boats 13,561 tons.

THEATRICAL.

"The Time, the Place and the Girl."

One of the best things that Hough, Adams and Howard have done, is the musical play "The Time, the Place and the Girl" which will be offered at the opera house tonight. This play is a story with music, bubbling with witty lines, a clever plot and popular and catchy airs.

The scene is laid in a sanitarium in Virginia, where the servants of the hotel and sanitarium desert and the guests are forced to look after their own wants. Cunningham being chosen dictator of the place assigns a certain task to each of the guests. The fun grows fast and furious when Johnny Hicks, the slangy young gambler, is made head cook and Margaret Simpson, who has quarreled with Cunningham and rejected his suit, is ordered to do scrubbing. She refuses and her meals are summarily cut off. The guests go on a strike and refuse to work. Cunningham breaks the strike by jerking off his coat and offering to meet them one at a time. Hicks falls in love with Molly Kelly, the head nurse.

Minutes of meeting January 12th, 1910, were read and duly approved. Superintendent Gehrand was authorized, without expense to himself, to attend the meeting of the National Department of Superintendents at Indianapolis, on March 12th and 13th. Upon motion, which was duly seconded, M. R. Manhard and George N. Hoelgkins were each awarded a policy of \$1,250.00 on the Fisher street building property, to bear date March 20th, which insurance is to provide for that expiring on date mentioned. Requisitions from the manual training department and janitor were allowed. Reports of superintendent and domestic science department were read and placed on file. Superintendent Gehrand was instructed to close the schools on Wednesday, March 23rd, at noon, to remain closed until the morning of Wednesday, March 30th, 1910. Upon motion, which was duly seconded, the bills presented were allowed and ordered paid. No further business appearing, the meeting was duly adjourned. EDW. S. BICE, Secretary.

Our answer to the many inquiries is, "Yes, we have decided to continue our annual 20 per cent discount muslin underwear sale for another week." (3-8-51) J. H. LAROCHELLE.

All milk consumers are invited to visit the Marquette City Dairy, where everything is modern, sanitary and up-to-date, and note the perfect condition of cattle that have been groomed daily all winter. (2-26-1w)

STORAGE EGGS ABOUT OUT OF THE MARKET

SUPPLY IN CHICAGO WAREHOUSES EXHAUSTED, AND IT IS SAID THAT SEASON ENDS WITH BIG FINANCIAL LOSS.

Local dealers report that the supply of cold storage eggs in the large cities is practically exhausted. In Chicago there are no storage eggs in Chicago and have not been for two months. Furthermore, the Chicago egg board is authority for the statement that the 30,000,000 dozen eggs put in cold storage in Chicago last spring, summer and fall have not been handled at a profit, but at an actual loss. The egg storage year begins April 1 and closes Jan. 1.

According to a provisions salesman who makes this territory, there is little money in cold storage eggs. Counted by themselves, there is seldom any money in them. The egg merchants use the cold storage plants as a sort of insurance concern to protect them from big losses in the summer, when there is a great overproduction, and in winter when without storage eggs, they would have no business at all, while their expenses would be going on just the same.

Egg dealers make their purchases in the spring and summer and fall, and place the surplus in cold storage. The storage charges are one cent per dozen, for eight months, from April 1 to January. After January, there is a charge of five cents per dozen. An egg that is perfectly good when it is put in storage will be just about as good at the end of six months, but no egg will keep for more than a year.

Last year, it is said, the average cost of storage eggs, when taken out, was twenty-four cents per dozen, while the bulk of them were sold for less than twenty-two cents. The total loss for the year was not that much, however, as a good profit was made on about 10 per cent of the stock and the dealers broke even on another 10 per cent.

"In figuring up the losses," says the salesman, "some account must be taken of the summer business. Without the cold storage plants eggs would be selling as low as eight cents a dozen in the summer; if they did all the farmers would make their hens stop laying. By putting the surplus in cold storage the egg dealers save the market from going to smash and at the same time arrange it so the consumer can have his eggs at reasonable prices through the remainder of the year.

"I recall the time when eggs were sold in Chicago in the summer months at 8 and 10 cents a dozen. But in the winter they sold for from 45 to 60 cents—when they could be bought at all. Now the summer prices are higher, but the winter prices are lower, and the average for the year will be about the same, with a steady supply.

"There are some peculiar phases in the egg business. Fresh eggs in larger quantities than the demand requires, begin to come about April 1 and continue on until frost. The first eggs that reach Chicago come from Kansas, and the Kansas eggs early always are in better condition when they arrive here than are the eggs from nearer states. This is because the Kansas poultrymen and egg merchants have used a little thought in their work.

Eggs, to be good for cold storage purposes, must be carefully handled. Kansas eggs have been educated to do this. They gather their eggs two and three times a day in warm weather, put them in a cool place or dispose of them, either outright or on commission, to local dealers who will store the egg in a cool place until shipping time. Eggs come principally from Minnesota, Nebraska, Iowa, Wisconsin, Missouri and Illinois. It frequently happens that eggs from Kansas and Nebraska in midsummer are in better condition than those from Minnesota and Wisconsin."

MARQUETTE SCHOOL BOARD PROCEEDINGS.

Marquette, Mich., Feb. 17, 1910. Meeting of the board of education held at Superintendent Gehrand's office at eight o'clock p. m.

Present—President Nordhart, Trustees James O'Reilly, H. J. Hornbogen and Edw. S. Bice.

Absent—Trustee D. H. Hall. Meeting called to order by President Nordhart.

Minutes of meeting January 12th, 1910, were read and duly approved.

Superintendent Gehrand was authorized, without expense to himself, to attend the meeting of the National Department of Superintendents at Indianapolis, on March 12th and 13th.

Upon motion, which was duly seconded, M. R. Manhard and George N. Hoelgkins were each awarded a policy of \$1,250.00 on the Fisher street building property, to bear date March 20th, which insurance is to provide for that expiring on date mentioned. Requisitions from the manual training department and janitor were allowed. Reports of superintendent and domestic science department were read and placed on file. Superintendent Gehrand was instructed to close the schools on Wednesday, March 23rd, at noon, to remain closed until the morning of Wednesday, March 30th, 1910.

Upon motion, which was duly seconded, the bills presented were allowed and ordered paid. No further business appearing, the meeting was duly adjourned. EDW. S. BICE, Secretary.
