Our Marquette county baseball league appears to be blown up in the air. While the Ishpeming and Negaunee managements were in Houghton county looking for new alliances, the Marquette team was represented at a meeting with the Delta county teams.

There is abroad an impression that it was not so much lack of nerve as somewhat the same loyalty to the interests of the Republican party that Speaker Cannon says actuates him which led so many of the insurgents to vote to retain him in the speaker's chair.

REFUSE TO BE REGULATED.

Many of the business and professional men of Marquette though not total abstainers, are recognized as temperance men. They are law-abiding citizens who are in favor of enforcing the criminal law of the land.

A little bit of history concerning the saloon business in Marquette for the past twenty or twenty-five years may serve to illustrate the character of the men engaged in the traffic.

"We, the undersigned, liquor dealers doing business in the city of Marquette, being desirous of a better understanding with regard to the enforcement of the liquor law, hereby agree:

"First: To pay all costs in certain complaints brought against them before L. P. Cray, J. P., for violation of the liquor laws.

"Second: That during the time when by the law saloons are to be closed all signs, curtains, show bills or posters, advertising cards, framed or otherwise, boxes, barrels or any other object which would prevent a person passing from seeing the bars or other place where liquor is sold when looking through any window or other opening looking into any of their saloons, shall be entirely removed.

"Third: To keep our saloons closed, and all doors leading thereto upon Sundays, legal holidays, election days, in evening as well as during the day, and upon all other days except between the hours of six (6) a. m. and eleven (11) p. m.

"Fourth: That the mayor be requested to order the marshal to enforce the liquor laws and those mentioned above in particular, and to suspend or dismiss any officer upon proof of his failure to do so.

"Fifth: That we will use our personal influence with each other to prevent violations of the liquor law."

Did they keep their promises? A few of them, it is said to their honor, did, but not all.

not time that these men should be taught to "interpret the hand-writing upon the wall?" They will not regulate themselves. They will disregard every promise of reformation and then attempt to fool the voters by renewed promises of obedience to the law which they have for so many years openly defied.

The Campaign Committee recently directed attention to the statement, printed in a brief press dispatch, of Rev. W. C. Helt, for twelve years active in the field work of the Anti-Saloon league, and who has been superintendent of the organization in one of the Indiana districts, in which he set forth his reasons for throwing up the work.

"I am by nature and education a teetotaler and have been an ardent and sincere advocate of prohibition. I have reached the place, however, where I will not allow my desires to bias my judgment as to the best method of dealing with so important a matter as the drink question.

"To attempt to force a law of any character upon the people against their protest will fall in its purpose. Laws cannot be successfully enforced without a sustaining public sentiment. The supreme court of Indiana says: 'It has been abundantly demonstrated that a prohibitory or stringent temperance law cannot be successfully enforced in a community where it is opposed by a majority of the voters.'

"The closing of saloons will not solve the drink question. The saloon is a creature of circumstance—a mere incident by the way. The drink habit is responsible for the existence of the saloon, and not the saloon for the drink habit.

"The drink habit is larger than the saloon traffic, and it will not be affected, to any marked degree, by the destruction of the saloon. Such an act will simply change the channel through which the liquor will flow.

"The same law will not apply with equal success to country districts and cities, and any movement that does not take this into consideration will ultimately fail. The city problem is becoming more complex every year.

"Education of our people are classed among the drinking, with a very small per cent of them classed among the drunkards, or persons who drink to excess. These millions will resent an act of the people at large to deprive them of what they regard as their inherent right, and will rebel at laws enacted to that end.

"Education as to the value of total abstinence must become the chief work in our temperance reform. After a generation or two of such work for our children and grandchildren, conditions may be such as to make prohibition possible, or that the drink question will no longer be a menace to society.

It is useless to try to cure piles by operating or use of salves or suppositories—as long as the tumor is stagnant in the lower bowel, new tumors will continue to form. Clear the blood—free the circulation. Then piles will leave for good.

WIRTANEN AT IRONWOOD.

Hancock Wrestler Has a Match With Joe Savini Next Saturday.

K. J. Wirtanen, the Hancock middleweight catch-as-catch-can wrestler, has signed articles to wrestle with Joe Savini at Ironwood next Saturday night. It will be a finish match, best two out of three falls. Savini is a fast middleweight, and the Ironwood bout will be a good one. Wirtanen weighs 164 pounds and is in excellent condition.

SUPREME COURT SUSTAINS.

Houghton County Circuit Court Is Upheld in Two Cases.

The state supreme court has upheld the Houghton county circuit court in two recent decisions. The first was in the case of Arkinen vs. the Baltic Mining company. Arkinen sued for damages, because he was injured through falling into a mine shaft. His duties took him down this winze and he was going down by means of a rope which broke. The company held it had provided a safer place and Judge Street decided in favor of the company. The supreme court sustains.

COMMENCEMENT IN JUNE.

Fifty-Five Will Be Graduated in June by Calumet High School.

The preparations for the annual commencement exercises of the Calumet high school are in hand. Principal Hall has announced the names of fifty-five probable graduates, a much smaller number than last year. But the commencement class will number seventy-five because the pupils graduating in January will participate in the exercises.

MINING NEWS.

COPPER DISBURSEMENTS.

Phelps, Dodge & Co. Now Lead the List of the Dividend-Payers. Calumet & Hecla's present dividend rate of 88 quarterly involves an annual disbursement of \$2,200,000. This is almost 17 per cent of the entire disbursement in 1909 for fourteen of the largest copper properties. Before the incorporation of Phelps, Dodge & Co. and prior to the payment of dividends by that concern, Calumet had the distinction of paying the largest dividends. Since that time, however, Phelps-Dodge has paid out in 1909 \$6,000,000 and in 1910 has declared a quarterly dividend of \$2.50 a share, amounting to \$1,250,000. If, as is probable, this rate is adhered to for the balance of the year, it will mean a disbursement of \$5,000,000, which is by far the largest of any of the dividend payers.

A PAST MASTERS' NIGHT.

David S. Kendall council, Royal & Select Masters, of Houghton, will have a big session on the last night of March. It will be a night for honoring the past masters, and on that occasion Past Masters John C. Condon, John J. Zealand and A. E. Scamman will be in charge. Thrice Illustrious Master Bachelard, the present head of the council, will play his old part in the degree work. The R. & S. M. degree will be worked on a number of candidates, and there will be a supper and other doings. It is expected that during the early spring the council will go to Calumet to confer degrees.

BYERS WILL BE CANDIDATE.

James J. Byers is reported in Calumet as saying that he will be a candidate for sheriff next fall.

CAPT. BOGARDUS AGAIN HITS THE BULLS' EYE.

This world famous rifle shot who holds the championship record of 100 pigeons in 100 consecutive shots is living at Lincoln, Ill. Recently interviewed, he says: "I have suffered a long time with kidney and bladder trouble and have used several well-known kidney medicines all of which gave me no relief until I started taking Foley's Kidney Pills. Before I used Foley's Kidney Pills I was subjected to severe backache and pains in my kidneys with suppression and offensive cloudy urine. While upon arising in the morning I would get dull headaches. Now I have taken three bottles of Foley's Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and once more feel like my own self. All this I owe solely to Foley's Kidney Pills and always recommend them to my fellow sufferers." Sold by all druggists.

LOWER STATE NEWS.

EATON RAPIDS—Jacob Uppigard, the oldest Odd Fellow in Michigan, has died, aged ninety-four years. He had resided here thirty years and was a former prominent business man. LANSING—Suit is to be started here, it is announced, on behalf of the twenty-five car loading companies to secure an injunction to restrain Auditor General Fuller from collecting the tax assessed against these companies by the state tax commission. It is alleged that the assessment of their cars is in violation of the federal charter and an interference with interstate commerce. A test case will be made by the Germania Reining company of Oil City, Pa., and the Paragon Reining company of Toledo, O. The entire tax assessed against car loading companies amounts to about \$2,000,000. FLINT—Three strands of wire were the sole support of a temporary suspension bridge across the Flint river when an investigation was made by a special officer employed to prevent the bridge from being overcrowded. Hundreds of persons crossed the bridge daily. It was constructed as an accommodation to those who live beyond the city limits and are compelled to cross the river at this point. The discovery was made just before the usual morning rush of traffic. It is believed that had the investigation been delayed an hour more it would have resulted in a disaster into the river when the bridge broke down. DETROIT—The University of Michigan must have more money for its annual expenditures if we intend to keep up with the procession. This was the gist of an address by President Harry B. Hutcheson at a reception given in his honor here at the University club. The announcement reflected what many of the alumni, it is said, have been cognizant of for some time. At present the university is the beneficiary of a three-eighths of a mill tax from the state, but the institution has grown so phenomenally within recent years, said Dr. Hutcheson, that the money is not adequate for proper and necessary needs. MT. CLEMENS—The fire system for county officers was abolished at a meeting of the board of supervisors. Supervisors Bennett, Hulet and Bannan, who were appointed last October to investigate the salary system of neighboring counties, submitted a schedule of salaries which was adopted. According to their recommendation the sheriff will receive \$2,800 per year, register of deeds \$1,800, clerk \$1,800, treasurer \$2,000 and prosecuting attorney \$1,200. No charges for overtime. Each of the chief organs of the body is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and its allied organs of digestion and nutrition, are cured also. The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body. GIVEN AWAY.—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

# Grand Easter Opening

In All Departments

—AT—

## “THE BEE HIVE”

We wish to announce that our general opening will take place on  
**Wednesday, March 23**

to which a cordial invitation is extended to all.

**STYLE-CRAFT**  
SHOWING OF  
**SPRING STYLES!**

Imported models with American "Improvements on the Importations."

Effective models—original, clever creations.—Harmonious color and weave effects throughout. One beautiful, continuous line from collar to waist, also from shoulder to bosom. These are the Ladies' garments, so famous for their Faultless Fit, they certainly do fit right.

You will be as well pleased with the prices as with the Styles. Coming in soon?

Fashion decrees that in order for a lady to be a "style success," she shall wear a "STYLE-CRAFT GARMENT." We have them in all styles. Capes, Coats, Jackets, Suits and Skirts in all the newest shades. Every garment sold is guaranteed by us, as they are all sponged and shrunk before they are made up, and are all man-tailored, which is always a guarantee of perfect fit, perfect fashions, perfect fabrics, perfect finish.

We carry a line of Special Suits for stout ladies, also.

### MILLINERY DEPARTMENT

In our Millinery parlors you will see the latest creations in both dress and street Hats, and you will proclaim them to be the finest to be found in the city. Our trimmer, Mrs. West, and her assistants have been working day and night to make this the best Millinery opening we have ever had. We also have beautiful Plumes, Feathers, Flowers, Foliage, Braids, etc.; in fact everything to be found in an up-to-date Millinery department.

When You Buy a Cloth Suit, Wash Suit, Coat or Cape This Spring be Sure to Look for "The Garment Label with The Big Reputation"

1665

and you'll look for all that is high ideal in Man-Tailored garments for women.

These garments are famed for their perfect fit—remember this: The Fit stays. No finer fitting suits can be made.

These illustrations are but two of the many splendid new styles we are showing on our popular Cloak and Suit floor this season.

Easy-buying-prices have been placed on all our Ladies' Suits, that preach an eloquent sermon on money-saving opportunities for you.

Shoes, Oxfords, Fancy Collars, Shirt Waists.

All of our new Shoes, Oxfords, Gloves, Fancy Collars, Shirt Waists, etc., are now ready for our Easter trade. A visit to our store will convince you.

Some Say The Makers of "STYLE-CRAFT" Garments for Women Are "Too Particular,"

because they insist on shrinking all inner linings, in addition to sponging the cloth, but the acknowledged faultless fit—However, the marvelous success of these shape-retaining, perfect form-fitting garments, preach a powerful sermon on the advantages of being "particular"—It pays us—It will pay you. Never before did we show so many pretty styles.

We confidently court your early call! Glad to try on and explain.

Hon. George W. Peck, former governor of Wisconsin, entertained an audience that filled Ishpeming theater Sunday evening, when he spoke for the "wets." Mr. Peck is a strong believer in laws that will properly regulate the liquor traffic. He spoke in part as follows:

"I did not come here to reform the world; others can do that better than I can. I did not come here to make any one angry or to quarrel with anybody. I came here to give one side, as I look at it, of this question, and this afternoon the other side had its say."

"I am not a drinking man and for forty years past I have done what I could for temperance, trying to get who drink too much to quit it, and I have had great success. In this case we must not hiss at each other, but rather be friendly in the fight and put each other on the back. If the 'drys' win the 'wets' should put on a smile and if the 'wets' win the 'drys' should smile the same way."

"I am not an advocate of the bad saloons or bad saloon keepers. I think there are more saloons in every city than there ought to be. I do not approve of having four or five places in a couple of blocks where a man may get drunk. I presume you have got plenty of saloons here and that some of them are not the best. I think there should be a law that would wipe out the saloons of the undesirable class. The law that provides that if a man is arrested twice his license is taken away from him, and he cannot secure another, is a good one. Do not treat, if you want a drink go in and buy it but do not treat. I would like to see the saloons so clean that a girl cashier could stand at the cash register and not hear anything improper. A bad saloon or bad saloon keeper should not be allowed to exist in any community."

"Wisconsin and Michigan are filled with Germans who came to this country because they were told that they could have the customs here they have at home. They have raised crops, erected buildings and they are considered good citizens. Although they came over from Germany to get away from fighting when the time came they joined the army to fight for the American flag and we respected them for it even though they were not born here. And when they were building their breweries everybody encouraged them and although they have always had everything they wanted in the line of beer and whiskey they have never gone beyond the limit."

"The brewers of today are among the best men in the country. The younger men in the business are graduates of colleges and they are good citizens. Did you ever stop and consider that our fathers who came over in the Mayflower loved their ale and that the Mayflower

was ballasted with barrels of ale and when they drank all the ale the boat did not have enough of ballast, so they landed on Plymouth Rock, where they built a brewery before they built a church? We are descendants of those people. When we celebrate Washington's birthday, do you ever stop to think that he was not only the father of his country but also the stepfather of the breweries. He had a brewery on Mount Vernon, and he drank ale and he was never considered a drinking man. Did it ever occur to you that the signers of the Declaration of Independence had steins of old English ale beside them while they were signing it?"

"I know that lots of the ministers don't believe in beer or anything of the kind. The ideas of all ministers are good, I know, but the older class of ministers are sometimes not as generous as the younger men; they are not as warm-hearted or as considerate as the class of ministers entering the pulpits at the present time."

"One and one-half years ago I made a trip to the dry states from North Dakota to Maine and from my home town through the Southern states that had gone dry. I went first to Kentucky, but that was pretty near dry, that is the townships were dry, but the cities were wet, and the farmers came in to the cities and got all the drink they wanted. I went to Tennessee, where they had gotten pretty dry, but still you could get a drink when you wanted it. In Knoxville, which was dry, everybody had all that they needed to drink. It came by express. Chattanooga was the wettest place I visited. On each side of the depot were jugs of all sizes that were being sent to people in Georgia, where the towns had gone dry. In Birmingham, Ala., which had gone dry, there were 'speak easies,' 'blind pigs' and 'boot leggers.' Everywhere the saloons had been driven out the same thing was true. In Birmingham I stopped at a hotel and in the morning I came out and said to the boy, 'Where can I get a shine here?' meaning a shoe shine. The boy told me that I might go to my room or go out on the streets, and I could get one, and when I explained that it was a shoe shine I wanted he said that was a different matter, as he thought it was a whiskey shine I was looking for."

"There is more harm in hard cider than in beer. Beer contains only 3 1/2 per cent alcohol, while cider has 8 per cent, and it is the worst 8 per cent you ever knew of. Cider will do more harm in a short time than beer would in 100 years; cider will stir up more commotion inside of an honest man than beer. Texas was the best organized of any state that I visited. There are leagues in every large city, composed of business men, brewers and brewers' agents, and they would not permit any disorderly man to keep a saloon. When a man applies for a license they send out a committee to look up his reputation and if it is not found to be the best he is not granted a license. Oklahoma has as much drunkenness as any state and now that it has gone dry, and all of the saloons have been wiped out, there seems to be just as many drunks as ever. In North Dakota the people in the cities do not own any more

### RAPID RIVER WILL PLAY HERE MAY 15

MARQUETTE BALL TOSSERS TO CROSS BATS WITH DELTA COUNTY NINES THIS YEAR.

### WILL MFAN FAST BASEBALL

Fans Will See Some Mighty Good Games, as Escanaba, Gladstone and Rapid River Will Be Strong.

IL R. Fox returned from Escanaba yesterday and reports that at a meeting held at the Elks temple, Sunday, between the managers and directors of the Marquette, Gladstone, Rapid River and Escanaba baseball clubs, it was practically decided and arrangements agreed to, whereby Delta county was to form a three-team league and Marquette was to fill in the open dates with the odd team of this league, whichever team it happened to be. In this way, a league schedule will be formed and independent ball will be played as well. A schedule was practically arranged and drawn up with Rapid River and Marquette opening the season at Marquette, and Escanaba and Gladstone opening the season at Escanaba, on May 15th.

The meeting was a decidedly harmonious and enthusiastic affair and all the attendants, who were H. R. Fox, Marquette; M. Buckmann, Chas. Hamilton, Rapid River; G. A. Peterson, Gladstone; O. P. Chastfield, Fred Olmsted, S. Chas. LeFebvre, T. J. Burke, Jas. Patton and Dr. Hodson, Escanaba, were strongly in favor of the proposed scheme. Ishpeming and Negaunee were to have been represented but, owing to some indisposition on the part of their managers, failed to show up. It is to be regretted that the full limit of attendance was not reached and it would seem that Ishpeming and Negaunee figure on either dropping from the league and playing independent ball or on joining a similar league in the copper country. Whatever may happen, the representatives of the four teams will stick together and produce a good article of ball for the summer season.

**Marquette Fans Pleased.**  
This news of the result of the meeting at Escanaba Sunday was received with general favor yesterday by the fans of the city. It is altogether probable that the arrangements made by Mr. Fox will be ratified by the board of directors, and when this is done, the Delta County-Marquette playing arrangement is a practical certainty. All of the baseball men at the meeting were anxious that the arrangement be made and with the difficulty in the way of details which are satisfactory to all.

Gate receipts at all the games are to be divided on the basis of 60 per cent to the home and 40 per cent to the visiting team. There will be no restrictions as to salary or method of hiring players, except some rule to prevent any team loading up with new and fast material the last month or two of the season. The league rules have been left largely to the three Delta county teams, as it is thought that any arrangement satisfactory to them will suit Marquette all right.

Local fans who were interviewed yesterday expressed themselves as heartily in favor of the proposed arrangement, in view of existing circumstances, and opined that the Delta county teams will be just as good drawing cards here as would those representing cities nearer home. Fast ball is assured, as all of the Delta county nines will be strong this season. The make-up of the Escanaba team has already been determined, with the exception of one or two positions, and the organization promises to be one of the strongest that has ever represented that city. Rapid River's ability to play ball was demonstrated at Ishpeming last fall and the manager assures that he will have just as skillful a lot of ball tossers this season.

#### Dope on Gladstone Nine.

Concerning the Gladstone team, the Escanaba Press says: "Jack" Loell, recognized as one of the best all around baseball players ever developed in the peninsula and captain of Escanaba's championship team of two years ago, has signed up with the Gladstone team as captain and field manager for the coming season.

By securing Loell the Gladstone management is assured of one of the fastest teams ever turned out by any city in the peninsula. Loell is a catcher, strong second sacker and as a team manager he has no superior in peninsula baseball. He has the ability necessary to keep of being able to infuse an unlimited amount of "pep" in his players and keep them constantly on their toes for every emergency. Above all, he has a good knowledge of baseball and with the players that will be placed at his disposal by the Gladstone management will be able to give to the Upper Bay City a team that will prove a credit to that city and one that will be hard for any team in this district to defeat.

Of Loell's engagement by the Gladstone management the Gladstone Delta says: "Baseball matters seem rather nebulous as yet, but Loell has been engaged as captain and field manager. He wired his acceptance from Salt Lake City on Wednesday and engages to put Gladstone all to the good if it's on the cards. Manager Peterson says it is probable that Ducky Stewart will come back for this season."

#### CARL SCHURTZ CLUB.

The Carl Schurtz club will meet Wednesday evening at Keough's hall. (3-22-10) COMMITTEE.

City people are becoming more enlightened every day on the question of diseased animals and many of them will not allow any milk to be brought in their homes until they inquire of the veterinary whether the animals have stood the tuberculin test; hence the rapidly increasing demand for Vandenberg's fresh aerated milk, from tested cattle. ### RECORD BREAKING CAUCUS.

Three Hundred and Twenty Voters at Fifth Ward Caucus.

The Fifth ward broke a record last evening, and so did William Fassbender, one of the candidates for alderman. The Fifth ward turned out the largest caucus that has ever been held in this city, at least since the town meeting days, and Mr. Fassbender was nominated for the office of alderman by the largest vote ever received by a ward caucus nominee in this city.

Three hundred and twenty voters attended the caucus, and of these 205 were supporters of Mr. Fassbender. An idea of the size of this record-breaking caucus can be had when it is stated that the total vote for governor in the Fifth ward in 1908 was 337 votes. Mr. Fassbender's caucus vote represents a big majority of the entire vote in the precinct two years ago.

There were other candidates, though naturally they were greatly overshadowed by the nominee. They were Gust Larson, who polled sixty-six votes, John Williams, who polled thirty-nine and Charles Lawrence, who had ten to his credit. There was only one ballot taken, but owing to the size of the caucus, which spread over much of the neighborhood of the polling place, it took considerable time to complete it. Herman Schaefer presided over the caucus as chairman, and T. J. Cleary was secretary.

It was claimed last night that the vote in the ward was a test between the "wets" and "drys." Mr. Fassbender is an avowed "wet," and a large share of the vote polled for him is also of that complexion, it is said. If that is the case the ward, which has been generally held to be dry territory, will be likely to return a "wet" majority, or else be dry by but a small margin.

Another caucus in the ward has been called for next Monday night.

### KILLED BY FALLING TREE.

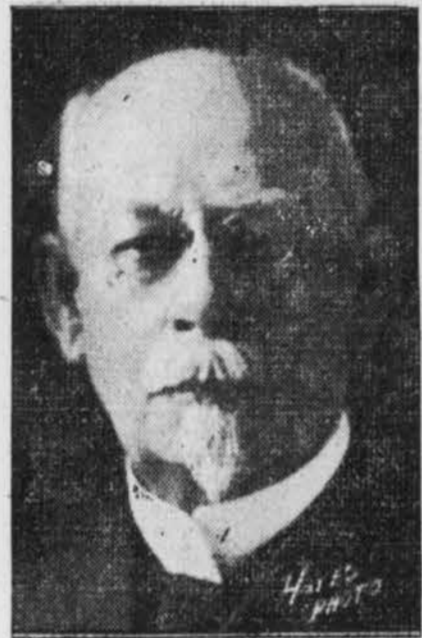

Life of Mrs. Mary Madash Suddenly Snuffed Out in Woods Yesterday.

Mrs. Mary Madash, widow of David Madash, and one of the few Indian residents left in this city, was instantly killed by a falling tree, between Marquette and Birch yesterday by being struck by a falling tree. Mrs. Madash and her brother-in-law and sister-in-law, Mr. and Mrs. George Madash, left for the Eagle's Nest on the Marquette & Southeastern train yesterday morning to make maple sugar in that locality. Late in the afternoon a telephone message was received from Schweitzer's mill, announcing that one of the party had met with a fatal accident in the manner stated. The high wind of yesterday made traveling in the woods very dangerous, and in this locality where there is a great deal of dead and burned over timber, the danger of falling trees was greater than in other places. Mr. Nelson, foreman of the section crew at Birch, was notified of the accident and conveyed the remains of the dead woman to Marquette on the gasoline section car. Mrs. Madash was over sixty years of age and a well known character, especially in the northern part of the city, where she resided.

### EX-GOVERNOR PECK.

Wisconsin Man Will Address Audience at Opera House Tomorrow Evening.

Former Governor Peck, of Wisconsin, will address a meeting at the opera house tomorrow evening in advocacy of the licensed saloon as the best means of dealing with the liquor problem. Mr.

Peck is one of the most effective speakers on the platform for the "wets" and has everywhere been greeted by large audiences. He discusses the issue in a manner peculiar to himself, and his address is said to be one of unusual interest.

### ONE LESS BALLOT.

Vote on Amendment to State Constitution Declared Off.

There will be one less ballot for the voters to handle on April 4 than had been anticipated. The vote on proposed amendment to the state constitution has been called off. Reasons for this action are set forth in a letter received by Sheriff Lehman from the secretary of state, as follows:

"The question of the submission of the proposed constitutional amendment at the April election, was submitted to the attorney general for his opinion March 12. His reply is in part as follows: "I think this question is similar to the one raised in Chase vs. Board of Election Commissioners, 151 Mich. 407, and that the decision in that case should guide us in this case and the amendment proposed by the legislature should not be submitted at the coming election. It is evident that if it were to be submitted at the coming election that it would be submitted to only a part of the electors of the state, as there is no election in either Saginaw or Detroit. I think if any steps have been taken by you in pursuance of the law submitting it, that it should be recalled."

"In accordance with this opinion, I hereby notify you that the notice relative to the submission of the constitutional amendment is withdrawn."

### NEW ORLEANS TO BE MECCA FOR SHRINERS

AHMED TEMPLE PLANNING TO MAKE TRIP TO IMPERIAL COUNCIL NEXT MONTH IN TWO SPECIAL SLEEPING CARS.

Marquette Shriners in common with all living in the upper peninsula are considering plans for making a pilgrimage to New Orleans next month to attend the annual meeting of the Imperial Council, which opens April 10. If the plans announced materialize, the members of Ahmed temple will make the trip in their own special cars.

Ahmed temple has a membership of 800 nobles, and covers the entire upper peninsula. It is believed that of this number at least 100 will make the pilgrimage this year, and if this proves true two special sleepers, one for the copper country delegates and another for the St. Paul and Marquette contingents. These cars will run direct to Chicago over the St. Paul, change there to the Illinois Central, and run on through to New Orleans without another change. It is proposed to leave on Saturday afternoon, April 9, which would take the upper peninsula pilgrims into New Orleans the following Monday morning.

If a party of fifty or more is secured for each special car, the privacy and additional comfort will not cost anything extra, and if necessary the members may sleep in their cars during their stay at New Orleans. The Ahmed delegates probably would remain the full week, returning Monday, April 18. There is nothing definite as yet, but the plan is a good one and is meeting with favor wherever proposed, and there is every probability that it will be carried out.

The Imperial Council session opens Sunday morning, April 10, and continues until Friday night. The entertainment program includes many novelties which insure visitors a good time during their stay in the historic old southern town. The session will, in fact, be a second Mardi Gras on an even grander scale than the original.

The week's program offers one continual round of pleasure. There will be sightseeing trips to many points of interest in and about New Orleans and the guests will be treated to a banquet and banqueted galore. One day will be given over to pleasure entirely, which will include a fete en masque in the streets of the city, a carnival, with float, tableaux, illuminations and fireworks in the evening, and the closing feature of the session—the annual ball. "Glad-U-Kum" will be the password for the week, and the entertainment committee will strive to prove that it is appropriate.

### REMARKABLE OPERATION.

Drs. James and Lindberg Use Spinal Anesthesia in Severe Operation.

Dr. S. M. James of this city and Dr. Lindberg of Ishpeming performed one of the most remarkable operations in upper peninsula medical annals at Ishpeming yesterday at Dr. Lindberg's private hospital. For the first time in this section of the country, trivaine was used as the anesthetic and was injected into the spinal cord. The result is the same as when stovaine is used, the patient being entirely unconscious though free from pain. The case was such that ordinary anesthetics could not be used safely, owing to the age and low vitality of the patient. The trivaine was injected shortly after 2 o'clock and in fifteen minutes its effect was noticeable and in twenty minutes the patient was completely under its influence. An hour later he left the operating table in good condition, with his pulse not over eighty. The operation was a quite serious one, consisting of an abdominal incision and the removal of a malignant growth of the bowels. Throughout the operation the patient talked freely and was in complete possession of his mental faculties. Drs. James and Lindberg attended last summer Professor Bier's clinic at Berlin, at which spinal anesthesia is frequently resorted to.

### CAUCUS CALL.

A Citizens' caucus is called for Monday evening March 28, at 7:30 p. m., at 825 North Third street, for the purpose of nominating a candidate for the office of alderman, to fill vacancy. (3-22-10) WARD COMMITTEE.

### NOTICE.

To the Voters of the Fifth Ward: It has been rumored that I intend to drop out of the aldermanic race if I do not get the nomination. As my friends urge me to run on slips if I fail to receive the nomination, I take this way to announce that I am in the race all April 4th, and will appreciate any support given me.
