

DAILY MINING JOURNAL

Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

Subscriptions: Per month, by carrier, \$1.00; Per year, by mail, \$10.00.

March, 1910, is proving a very lamb-like proposition.

Yes, the weather is truly delightful. Hope we won't have to pay for it later on, however.

Colonel Roosevelt will not elucidate the mystery of Pinchot's trip and there appears to be no one on this side of the water who can do it.

The house majority apparently compromised the question of what Michigan member should go on the new rules committee by leaving all of them off.

If a bumper crop of the men "higher up" is garnered at Pittsburg the public will forget all about the immunity baths that let the members of the council off with the loss of their jobs.

"There are no two opinions about the meaning of the election of Eugene N. Foss, a Democrat, in the Fourteenth Massachusetts district, heretofore a Republican citadel," the Washington correspondent of the Detroit Journal says.

C. W. Arnold, who is devoting himself to the work of cleaning all publications of objectionable advertising, pays the upper peninsula newspapers a compliment.

While it is not improbable that the stand of the board of election commissioners will prevent the prohibition question from being submitted to the Chicago electorate this spring, still neither "wets" nor "drys" dare taper off their campaign, for fear that a court order restraining the commission from interfering with the election may be obtained.

Commenting on the report that Representative Young was being considered for membership on the new rules committee, the Houghton Gazette said: "It indicates two things about Congressman Young, a consistency in his attitude with the regulars and a recognition of his ability as a member."

The rules committee lightning did not strike Representative Young, after all. But he was "among those mentioned," in itself a distinction, and had he been named would have given the house good service.

Registered Holstein-Friesian Bulls Ready for Service. Superior Breeding. Low Prices to Upper Michigan Buyers. Emblagaard Dairy Marquette, Mich.

do and that all the campaigning will not have materially changed the result that would have perhaps been reached several weeks ago.

Mayor Gaynor, of New York, has ended one police policy, in vogue for many years, which has given rise to much trouble and bitter criticism.

There are no two opinions about the meaning of the election of Eugene N. Foss, a Democrat, in the Fourteenth Massachusetts district, heretofore a Republican citadel.

The supreme court has sustained the state railroad commission's course in fixing a rate for excess baggage carried by the railroads in this state.

The case was taken through to the supreme court and the opinion of that body amply confirms the commission in the exercise of the power it has assumed.

It continues to be urged that the election of a Democrat in the Fourteenth Massachusetts district was due to local causes.

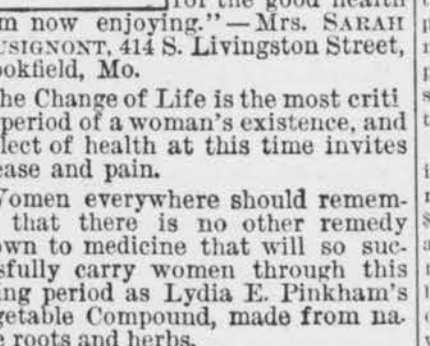

Finally, some way must be found to convince the business man, whether he be big or little, that the purpose of public action is the public good.

PITTSBURG AND OTHER GRAFT. One year it is St. Louis or Minneapolis; the next San Francisco or Chicago; then Philadelphia or Albany; where ever the ploughshare of investigation is courageously driven into the management of public affairs graft is turned up.

When two of them, taste and smell, having been impaired if not utterly destroyed by Ely's Cream Balm, can you doubt that this remedy deserves all that has been said of it by the thousands who have used it?

WOMEN OF MIDDLE AGE

Need Lydia E. Pinkham's Vegetable Compound

Brookfield, Mo.—"Two years ago I was unable to do any kind of work and only weighed 118 pounds. My trouble dates back to the time that women may expect nature to bring on them the Change of Life.

For 30 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

blesome reformer. He becomes an old hand, experienced in the way of doing things, and knows the men with whom it is safe to cooperate.

After the present flurry in Pittsburg is over it is to be feared that another council not differing essentially from the present one will be chosen as there is a multitude of governors each one of whom is sure of his place if he can keep the support of a small constituency.

CAN YOU BELIEVE YOUR SENSES? When two of them, taste and smell, having been impaired if not utterly destroyed by Ely's Cream Balm, can you doubt that this remedy deserves all that has been said of it by the thousands who have used it?

Are you frequently hoarse? Do you have that annoying tickling in your throat? Does your cough annoy you at night, and do you raise mucus in the morning? Do you want relief? If so, take Chamberlain's Cough Remedy and you will be pleased. Sold by The People's Drug Store.

LOWER STATE NEWS.

PONTIAC—Mrs. John Fox, residing out Auburn avenue, attempted suicide while her nurse was absent from the sick room.

FARMINGTON—With valise in hand Charles Osborne stood beside the interurban track a mile east of here, about five hours, cars stopped at Osborne ignored them, deciding to get aboard.

BATTLE CREEK—Circuit Judge North has decided to investigate the charges made by Frank Covles, of Tekonsha, against Prosecuting Attorney H. W. Cavanaugh.

LANSING—Jerry Boynton of Grand Rapids, appeared before the state railway commission and asked for an order to issue \$100,000 in bonds with which to finance a proposed electric road 250 miles in length.

LANSING—Young trees suitable for reforestation are offered to the farmers of this state by the public domain commission at the cost of production plus the cost of packing for shipment.

Saginaw—In a few weeks representatives of the Michigan Sugar company and of the independent companies will be making contracts for sugar beet acreage.

Chamberlain's Stomach and Liver Tablets invariably bring relief to women suffering from chronic constipation, headache, biliousness, dizziness, sallowness of the skin and dyspepsia. Sold by The People's Drug Store.

ANCIENT SAFE IS OPENED.

Allen F. Rees Recovers \$18 from Sheldon-Columbian Strong Box.

The old safe of the Sheldon-Columbian Mining company, which has been hidden in the yard of A. F. Rees' residence on College avenue, Houghton, for the past ten years and which had not been opened since 1880, was opened Wednesday evening by an itinerant locksmith.

The safe was used by the now extinct mining company in its office, which is now the residence of Charles Rees on College avenue.

At the time the safe was abandoned by the company its lock had become so rusted that it could not be opened with a key and Mr. Rees intended during the passing years to have it removed in some way but neglected it until this week.

It was found to contain \$18 in banknotes. Most of the notes, which are all of \$1 and \$2 denominations, are treasury notes.

There is one Dominion of Canada note and one each from the National Eagle Bank of Providence and the Columbian National bank of Boston, both of which have since gone out of existence.

These notes show the stability of the national banking system for while the banks which issued the two notes in question have gone out of existence the notes are just as good as the day they were issued.

Arthur Moll Rescues Two Girls at Daytona Beach, Florida.

At Daytona Beach, Florida, there occurred on Monday, March 7, an act of heroism on the part of a Houghton county boy which deserves public recognition.

The surface of the beach that day was heavy and the undertow strong and dangerous to many but the strongest and most expert swimmer, a number of people were bathing in the surf and a larger number were spectators on the shore.

Two young girls, too venturesome, were caught by the undertow and carried into deep water. One of them, realizing the danger soon enough, and able to swim, succeeded in returning to safety.

The other, Miss Ida Overstreet, was carried out still farther and was helpless and in imminent danger of drowning.

There were cries for help, for a rope, to form a line, and other suggestions useless or impracticable from those on the surf or on the beach but the usual incapacity of an excited gathering nothing was done until Arthur Moll, the fifteen-year-old son of Dr. C. F. Moll of Kenton, this county, quietly said, "I will get her."

The boy immediately swam out through the breakers to the drowning girl and succeeded in bringing her in safely to the beach. A scared young lady in the excitement had become exhausted in the surf and was also in danger.

Young Moll immediately went into the surf a second time and brought her ashore in a fainting condition.

Arthur Moll did these things when strong men hesitated to face danger and incur risk and not the least noticeable feature of the occurrence was the modest and unassuming manner with which he accomplished the rescue and which he treated the whole matter after it was all over.

All who were present were unanimous in their praise and in their desire that the boy's heroism should be recognized in some way.

The boy immediately swam out through the breakers to the drowning girl and succeeded in bringing her in safely to the beach.

Run-down people are restored to health and strength by Vinol

Quicker than by any other tonic. We sell it with the understanding that if it does not benefit we return the money. Please try it.

Mining News

COPPER OUTPUT.

A member of the Copper Producers' association says: "The copper output for the month of February, as shown by the copper producer's figures, was 107,000,000 pounds more than was expected.

The current month I predict an output of 110,000,000 pounds, notwithstanding the fact that a lesser production is anticipated owing to the mine curtailment for summer.

At the time the safe was abandoned by the company its lock had become so rusted that it could not be opened with a key and Mr. Rees intended during the passing years to have it removed in some way but neglected it until this week.

It was found to contain \$18 in banknotes. Most of the notes, which are all of \$1 and \$2 denominations, are treasury notes.

WARMEST MARCH DAY.

Yesterday Established a New Temperature Record for this City.

At 1 o'clock yesterday afternoon, the official thermometer of the United States weather bureau on the top of the Savings Bank building registered seventy-two degrees, the maximum temperature recorded in March in the history of the station, which was established in 1875. The next highest temperature, which up to yesterday had stood as the absolute maximum for the month of March, was seventy degrees, recorded on March 9, 1878. One year ago yesterday the maximum temperature was thirty-nine and two years ago, twenty-four.

The present month will probably go down on the weather bureau records, as one of, if not the mildest, March in the history of Marquette. Several days within the last two weeks the temperature has risen above sixty, which in other years is considered very warm. A few days ago, the thermometer registered sixty-seven, and on another day, sixty-five.

In spite of the wonderfully mild weather, however, yesterday could not be called exactly a pleasant day. The wind blew a gale from the southwest and the down town streets were a cloud of dust, making walking very unpleasant. The man who got down to his office and back again without losing his hat at least once, was in great luck.

Many people expressed an opinion yesterday that Halley's comet is responsible for the unusual weather, but this belief is given no credence by officials of the weather bureau. They state that it is unreasonable to suppose that the comet in any way affects the weather. Slightly cooler weather with high northwest winds is predicted for today, but there is nothing but mild weather in sight, according to the Marquette weather observers.

PURITY LEAGUE ORGANIZER.

C. W. Arnold in City Fighting Against Immoral Literature.

C. W. Arnold of Minneapolis was in Marquette yesterday. Mr. Arnold is one of the leaders in the fight against immoral literature and immoral advertisements inserted in many newspapers. He is making a tour of the upper peninsula and endeavoring to ascertain local conditions by talking with business and professional men. He frequently gives addresses but will not speak in this city.

Mr. Arnold has been instrumental in getting laws passed in North Dakota, South Dakota and Minnesota, which forbid the advertisement in any newspaper or circular of any medicine or treatment for private diseases, by means of which quack doctors are wont to reap rich harvests. He states that immoral circulars frequently get into the hands of children through these sources and advocates that a similar law be passed in Michigan.

The newspapers of the upper peninsula were highly complimented by Mr. Arnold, who stated that they were remarkably free from objectionable advertisements. Mr. Arnold is receiving hearty support from the good people of the Northwest and is engaged in a great work.

Chas. the Great, the best clear Havana cigars, in different sizes, at The F. Bending Co. (2-9-11)

THEATRICAL.

Yankee Doodle Stock Co.

Next Monday, the Yankee Doodle Stock company will return to the Marquette Opera House in a selection of new plays. The company comes direct from a sixteen-weeks engagement in Duluth and Superior and has been materially strengthened since its appearance here last summer. The bill for Monday night will be a dramatization of the popular novel of St. Elmo, St. Elmo as a book has a widespread circulation in almost every country and as a play is one of the best ever staged. On Tuesday night, the bill will be a beautiful rural comedy drama entitled "The Great Deserter case," to be followed by "The Gentleman Burglar," "Queen of the White Slaves," "Marching Through Georgia" and "The Dangers of Working Girls," dealing with a much talked of subject, the white slave traffic. The pieces will be popular, ten, twenty and thirty cents for the night performances, and ten and twenty cents for the special Saturday matinee.

GO RIGHT AT IT.

Friends and Neighbors in Marquette Will Show You How.

Get at the root of the trouble. Rubbing an aching back may relieve it, but it won't cure it.

You must reach the root of it—the kidneys. Doan's Kidney Pills go right at it; Reach the cause; relieve the pain. They cure, too, so Marquette people say.

Mrs. C. Carlton, 340 Alger St., Marquette, Mich., says: "For the past year my kidneys have given me trouble and I have had attacks of backache. Hearing good reports of Doan's Kidney Pills, I decided to try them and procured a box at the Stafford Drug Co. In a short time after using them I felt better and am now in good health. I also know of other people who have taken this remedy and the results have always been of the best. You are welcome to use my name as one who recommends Doan's Kidney Pills highly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Does that piano of yours need tuning or repairing? The Cable Co. of Marquette has established a tuning and repairing department to their branch store, and has engaged the services of E. L. Beach of Chicago, who is an expert in this line and will not fail to fully satisfy you. All orders promptly attended to. Both phones—Bell 902, County 42. (3-24-11)

House cleaning time is at hand. Get your orders in early for the Vacuum Wagon or Electric sweeper. Call J. H. Sanders, Bell Phone 420. (3-23-11)

CAUCUS CALL.

A Citizens' caucus is called for Monday evening March 28, at 7:30 p. m., at 825 North Third street, for the purpose of nominating a candidate for the office of alderman, to fill vacancy. (3-22-11) WARD COMMITTEE.

Upper Peninsula

Gives His Salary to the Library—

Mayor Augustus Spies of Menominee has presented \$150 of his salary as head of the city government to the book fund of the public library. This gift is not the first that the mayor has made to that institution. A good share of the books now in the library were presented to the institution through these gifts.

Is Made Superintendent—

Announcement has been received in Escanaba that Albert Hatton, son of Mr. and Mrs. W. J. Hatton of that city, has been appointed superintendent of the Hold Tractor Engine company of Poria, Wis. Mr. Hatton received his first training as a machinist in the Escanaba shops of the Northwestern road and since leaving that city, his rise has been rapid. For the past few years he has been employed as foreman at the Diamond Iron Works at Minneapolis and leaves that position to accept the superintendency of the Poria works.

Ore to Begin Moving Soon—

According to J. M. Clifford, superintendent of the St. Paul docks, the ore shipping season out of the port of Escanaba may open within a week if the breaking up of the ice field that now covers Little Bay de Noc will allow the opening of navigation. Although like marine insurance will not go into effect until April 15 Mr. Clifford says there are a number of boats ready to come for cargoes of ore as soon as he is able to furnish it to them after the breaking up of the ice field. The condition of the ice in the straits and bays will be watched closely for the next few days and if evidences of a general break-up are given the first ore of the season will be brought to the Escanaba docks.

Stolen Silverware Recovered—

Chief of Police A. P. English of Menominee has returned to David Wilson, teller at the Lumberman's National bank, the silverware which was stolen from his residence at 818 Stephenson avenue Sunday, Jan. 20. The return of the silverware was the culmination of a piece of detective work on the part of Chief John Cook of the Marquette police department and Chief English. They have known for the past two weeks where the silverware was hidden and also who stole it, but they have been waiting for the thief to make an attempt to recover the hidden spoils. It was a boy who destroyed their plans. While playing about Riverside avenue, near the Park mills in Marquette, a youngster of that neighborhood unearthed the silverware and took it home. Chief English, learning of the fact, recovered it and returned it to its owner. He states that he still has hopes of apprehending the thief. The two watches were not recovered, but everything else was intact.

Nominations at Escanaba—

Mayor Solomon Greenhoot was renominated at the Citizens' party convention for the office of mayor of Escanaba for the coming year. Other officers nominated were: Michael J. Lyons for city clerk; Frank J. Hess for city treasurer, and Judge Emil Glasser for justice of the peace. The convention was a harmonious affair all of the nominations being made by acclamation. The Taxpayers' convention nominated Frank Kraus, Sr., for

mayor, George Sotherland for city clerk and George Fitzpatrick for city treasurer. The Taxpayers' ward nominations are:

- First ward—Alderman, James Powers; supervisor, James H. Elliott.
Second—Alderman, J. Kratze; supervisor, Fabian Debot.
Third—Alderman, Chas. G. Beck; supervisor, James E. Patton.
Fourth—Alderman, E. M. St. Jacques; supervisor, Philip Dupont.
Fifth—Alderman, Cornelius Gallagher; supervisor, Albert Nelson.
Sixth—Alderman, Joli Garrity; supervisor, Alfred Knutson.
Seventh—Alderman, Charles Nelson; supervisor, Alex Hammerberg.

Soo Postal Receipts Break Record—

For the fiscal year ending April 1, the Sault Ste. Marie postoffice will show a handsome increase in business over all previous years; in fact, enough to put it in another class and enter the Postmaster Scott and his assistant, Angus McDougall, to an increase of \$100 per year in their pay. Under the postoffice system an increase of \$5,000 is necessary to bring about this change. The Soo postoffice has for several years been above the \$25,000 mark, hovering between \$27,000 and \$28,000 for the last five years. A steady and regular increase in each month over last year led Postmaster Scott to figure some time ago on a record-breaking business for the year, and now his predictions are more than justified, for the receipts will easily run up to \$30,500, an increase of \$2,500 over the previous year. Postmaster Scott believes that the increase of postage receipts for the office indicates a more prosperous condition of business generally.

Mutual Delivery System Proposed—

The grocers' and butchers' association of Escanaba will, if the present plans materialize, have a mutual delivery system similar to that now being successfully used in many cities in the lower part of the state, notably Adrian and Ann Arbor. The plan is to do away with individual delivery wagons and have all the delivering done by one company, which may be composed of the merchants themselves or be controlled by a contracting concern. The matter has been under consideration a number of weeks and at the next meeting three or four members of the association may be appointed to visit some of the cities where the system is in use to investigate the advantage of the scheme. A prominent grocer said that probably two regular deliveries in the morning and two in the afternoon would be all that would be necessary to take care of the orders in a town the size of Escanaba. The first delivery would be made in the morning between eight and nine o'clock and the next one at about 10:30 o'clock. The delivery company would have the drivers collect orders from the grocers at regular intervals, and the deliveries to the consumer would be made on schedule time. The financial end would be taken care of by the merchants buying a book of coupons and placing a coupon on each order sent out. In this way the grocer or butcher would be paying only for the actual service received. Just what it would cost per package or basket could not be figured until the system was tried out for a month. The driving from the freight depot would also be handled by the delivering company.

You can get some nice parlor paper from 18 to 25c per double roll (at Gill's wall paper store. (3-10-11)

WHY DO YOU NOTICE A WOMAN'S HAT FIRST OF ALL?

It is because it is nearest the face, or is it because the Hat, above all parts of a woman's costume, shows her taste, her idea of the kind of a woman she likes to look like?

You needn't answer the question, you have already, in your own mind, settled the main matter, and that is: The Hat is the most important article of woman's wear. This is why a woman who thinks for herself absolutely will not wear a hat like any other woman. The great artists realize this fact and set a wide variety of styles, as to shapes, materials, trimmings and decorations; and leave the individual entirely free as to the use of other elements, and most entirely free as to color. This is true most every season, but particular the case this year, as you can see by even the most casual glance at the advance styles now being shown at our store.

GOOD FRIDAY SERVICES.

Junior League of Salisbury Church Will Give Entertainment This Evening.

M'CORKINDALE IN MAYORALTY RACE

STREET RAILWAY MANAGER HAS RECEIVED MUCH ENCOURAGEMENT FROM BOTH BUSINESS MEN AND WORKING PEOPLE.

After interviewing business men and many working people, and finding much sentiment for his candidacy, W. J. M'Corkindale has decided to accept the nomination for mayor, if tendered it by the Republican party at its convention to be held Monday evening at the Nelson House. Mr. M'Corkindale said yesterday that many of those whom he interviewed urged him strongly to get into the race and he believes that he will have many earnest supporters.

It is generally conceded that Mr. M'Corkindale will be given the nomination without opposition, and it is also expected that Richard H. Olds will be the nominee for recorder.

Talk of Third Ticket.

It is now generally thought that City Recorder J. D. West is to be turned down by the People's party, and he is being urged by his friends to become a candidate for recorder on a third ticket, to be known as the "People's Republican ticket." Mr. West has many friends and if he makes the run on a third ticket he will doubtless pull a good vote. He has been an accommodating and efficient recorder.

Mr. West, who has been a member of the executive committee of the People's party for some years past, has been ignored by the other members in the "slate making" for this year's ticket. He has not been invited to attend any of the meetings, and he is now satisfied that he is to be let down, at least so far as the executive committee is concerned. He has been advised that, in all probability, Captain Joseph Hodgson will accept the nomination for mayor and in the event he makes the run George Skogberg will be the candidate for recorder. It is also said that a Finn will be selected for the treasurership. This will make a strong combination. The executive committee of the People's party is composed of William Andrews, Isaac Gustafson, J. D. West, J. T. Williams, Alfred Johnson and Thomas Williams.

Men's suits made to measure. An elegant assortment of patterns. See the display today and tomorrow. An expert in charge. Five hundred piece samples will be shown. (3-23-10) F. BRAASTAD & CO.

BOWLING CONTEST.

The Continental Tailoring company of Chicago will have a representative at our store today and tomorrow with an elegant assortment of suit patterns for men. Suits made to measure. (3-23-10) F. BRAASTAD & CO.

IN MEMORIAM

In memory of William Henry Kinsman, a member of Zenith lodge No. 33, Knights of Pythias, who died March 11th, 1910, aged 28 years, 5 months and 14 days.

At a regular meeting of Zenith lodge No. 33, Knights of Pythias, held in their Castle hall, Wednesday evening, March 23rd, 1910, the following resolutions were adopted:

Whereas, It has pleased Almighty God, in His infinite wisdom to take from this earthly sphere, our beloved brother, William H. Kinsman, and enrolled him on the records of the Supreme Castle on High. Therefore be it

Resolved, That in the death of Brother William H. Kinsman, Zenith lodge No. 33, Knights of Pythias, lament the loss of a brother who was ever ready to proffer the hand of aid and the voice of sympathy to the needy and distressed of the fraternity; an active member of the society whose utmost endeavors were exerted for its welfare and prosperity; a friend and companion who was dear to us all; a citizen whose upright and noble life was a standard of emulation to his fellows.

Resolved, That the heartfelt sympathy of the members of this lodge is extended to the bereaved wife, mother, father, sisters, brothers and relatives in your affliction, and deeply deplore that humanity we cannot do more, but we pray that God in His infinite compassion, may comfort you, strengthen you, watch over and keep you. Be it further

Resolved, That in memory of our departed brother, our charter be draped in mourning for a period of 30 days; that these resolutions be spread upon the records of our lodge; that copies be sent to the immediate relatives of our deceased brother, and published in the city press.

JOHN T. QUINE,
JOHN D. WEST,
JAMES B. ROGERS,
Committee.

WILSON HAS FINE PLAY.

Al. H. Wilson, the well-known and popular singing comedian, will be seen at Ishpeming theater shortly in his newest romantic drama, "Metz in Ireland," which has proved to be one of the best plays that Mr. Wilson has ever had. The scenes of the drama are all laid in the picturesque sections of Ireland and thus permit of an elaborate series of stage pictures. There is an interesting love story, in which Mr. Wilson shines to fine advantage. For this production the popular comedian has composed several new songs. His manager, Sidney R. Ellis, has provided an extremely strong supporting company, which includes that attractive and capable actress, Miss Irma LaPierre, and other well-known artists.

NEGAUNEE UNIONS WON.

The Negaunee Unions defeated the Y. M. C. A. indoor baseball team here last night by the score of 4 to 2. Kirkpatrick, for Negaunee, struck out nineteen men and gave six hits. Erickson, for Ishpeming, fanned twelve men and allowed twelve hits. Negaunee has now won three, and Ishpeming two games. The next contest will be at Negaunee Saturday evening.

KILLED BY FALLING GROUND.

Simon Korpala, a miner, was killed by a fall of ground in the Oliver company's Section 16 property shortly after noon yesterday. His body was not recovered until 9 o'clock last night. The deceased was forty-five years of age and leaves a wife and five children. He lived at the Winthrop.

NEVER TOO OLD TO ELOPE.

Miss Aged Seventy-Five Has Romance with Widower Aged Seventy-Seven.

Anderson, Ind., March 24.—After living a life of single blessedness for seventy-five years, Miss Josephine Brooks became the bride of Abraham W. Coddington, seventy-seven years old, and widower for twenty years. They practically eloped from the Gospel Trumpet Company's Old People's Home, where they had been living for several years. Trustees of the home frowned on the romance. Miss Brooks and Mr. Coddington went outside the home premises for a walk, it was thought. They did walk, but it was to the county clerk's office, where they obtained a marriage license. Then they went to the office of Justice of Peace Lane, who officiated at the wedding. Mr. and Mrs. Coddington then returned to the old people's home. Mr. Coddington is a carpenter, but has been too feeble to work for several years.

ANNUAL ENTERTAINMENT.

Program Will Be Given Sunday Evening by Sunday School Society.

The Salisbury Methodist church Sunday school organization will give its annual Easter day services on Sunday evening, under direction of Victor Slesman, the musical director, and Garfield Uren, the literary director. He will call on you most any day now.

Marquette Fluff Rug Co.

Negaunee Department

AUTOS IN USE.

Several Negaunee and Ishpeming Men Have Given Their Cars a Trial.

Several Negaunee and Ishpeming people had their motor cars out yesterday. The streets and roads are now in fairly good condition and the temperature the past two days has been above sixty degrees. Yesterday was the warmest day of the season. Thermometers here registered 53 degrees at 6 o'clock and they recorded about 70 around the noon hour.

There is now little snow or ice on the road between here and Ishpeming and if the fine weather continues the highway between Negaunee and Marquette will be in condition for auto driving within a few days.

Henry Trearrow, who for two or three seasons past has driven a Reo, has purchased the largest of the Oakland touring cars received by E. R. Nelson in Ishpeming early in the week. The car is a dark red in color and has a forty-horse power engine. It will carry five passengers. Mr. Nelson expects to dispose of several of this type of car before the season is far advanced. The Oakland is a moderate priced car and it has a good speed record.

M. C. Quinn, who recently purchased a Franklin car from Mr. Nelson, is receiving pointers on how to handle it and he expects to have it out within a few days. Will Maas was one of the first in the city to bring out his car.

AID THE FARMERS.

Commercial Man Says Cold Storage Plants Accomplish Much Good.

"During the many years that I have been on the road as a salesman of produce I have had opportunity to observe the benefits that have been derived through cold storage plants," said a commercial man here yesterday. "I think that many of the criticisms that have been aimed against the cold storage plants of the country are unwarranted. Cold storage is indispensable in this country. The system of holding perishable food products in specially constructed warehouses is an indispensable enterprise. These warehouses are the means of saving much produce that would surely be wasted in seasons of plenty, if there was no method of preserving it. It took years of experimenting to perfect the present facilities for the preservation of food products and I cannot conceive what this country would do without them. Nor can I see how the country would get along without cold storage cars."

"Cold storage has encouraged the fruit growers to increase their orchards and vineyards and the farmer to increase his herds and crops, with the assurance that the products of their farms can be handled and preserved until the season of scarcity. It also insures the consumers a steady supply of the products of orchards and farm, whether he be located in the midst of the producing sections or remote from them."

"Before cold storage facilities came into use for holding and transporting perishable food products, production was discouraged by lack of market, and while at that time production was smaller than now larger quantities of these

products actually went to waste, representing immense losses.

If all the cold storage houses of this country were compelled to close, there would be times in every year when there would be a great shortage of produce. In seasons of plenty the prices would be low, but there would be times when prices would be correspondingly high."

LOCAL LACONICS.

W. C. Gordon of Iron Mountain was a Negaunee visitor yesterday.

J. C. Hanson of Duluth transacted business in the city yesterday.

James and Michael Curley left Wednesday for the copper country, on a few days' visit to relatives.

The public schools of Ishpeming closed yesterday for the Easter vacation. They will be closed all next week.

The Boston, New York and Chicago stock exchanges will be closed today. Some of the markets will also be closed tomorrow.

Dr. Dickie, president of Albion college, will speak at the theater this afternoon at 2:30 o'clock, in the interest of the "drys."

Dr. Dickie, president of Albion college, will give an address on prohibition at McDonald's Opera House at 8 o'clock this evening.

Napoleon Vizney, who a few weeks ago moved his hotel business from the Montreal house to the Garfield has changed the name of the latter to the Montreal.

The monthly meeting of the school board will be held this evening, when applications for teachers' desirable positions the coming year will be considered.

The men at the Negaunee mines will have a holiday today. The employees of the mercantile establishments will have a half holiday, the stores being closed at noon.

The members of English Oak Lodge, Sons of St. George, expect a large attendance at their annual concert tonight at McDonald's Opera House. The Negaunee City band will play several selections and the remainder of the program will be given by Negaunee and Ishpeming talent.

John Broad, who has been here from the Mesaba range, visiting relatives, will leave for there Sunday night. He holds the position of head chemist with the New York State Steel company, with headquarters at Virginia. He will be accompanied to the range by G. A. Larson, who may take a position under him.

Good headway is being made at the Consolidated Fuel & Lumber company's flooring mill. An experienced dry kiln man is here directing the work of installing the rails and piping. The big planer has been put in position and the engine, which arrived Wednesday, is being installed. The boiler will be bricked in by tomorrow night.

The employees of the Oliver Iron Mining company, the Cleveland-Cliffs Iron company, the Jones & Laughlin company and the Breitung interests, are to receive an increase in pay the first of next month. It is expected that the increase will be in the neighborhood of 10 per cent, and all employees, regardless of what department they are working in, will share in the advance.

AUNT MARTHA A-SHOPPING.

Brings Home Besides Her Purchases a Story of Adventure.

She is here, Aunt Martha, paying a little visit to her married niece, and incidentally doing a little shopping, which she finds very interesting if not indeed exciting. But better let Aunt Martha tell it.

"In one great store where I went today," she said, "I saw a man and a woman walking along together in the store and I just happened to see them as you might see anybody. There were crowds of people there walking around and looking and buying and I didn't see anything remarkable about these two, though I suppose there must have been something about them to make me notice them. And just as they were going past where I was, the young woman that was walking on me looked around to the young woman next to her behind the counter and said:

"Shoplifter!"

"And the other young woman—she was showing a man some ladies' shopping bags—she looked up and said:

"Well! I didn't know he was a detective!"

"You see? She didn't know the man was a detective any more than I did. She had seen him in the store but never suspected and all this of course took only a minute and then my sales woman and the other one too got down to business again."

"When the detective and the shoplifter came along the man looking at shopping bags was holding up a small pigskin bag, a nice bag it was, but small, and he was still holding it so and looking at it, and now I heard saying to his saleswoman:

"Isn't it rather small?" and then I heard her saying:

"Oh, no, you'd be surprised to see how much that bag would hold!"

"How much is it?" the man asked then, and she said 'Fifteen dollars.' And that I guess was more, maybe considerable more, than he expected to pay, and he said to her:

"Isn't that a good deal to pay for such a small bag?" and she said:

"Not for a bag like that. That's a fine imported bag."

"Well," he said, "I'll take it," and he did and really I hated to see him do it. You see he was buying it to give to somebody for a Christmas present and I know she won't like it because it wasn't half big enough and I don't think it was the sort of bag she wanted anyway. I don't think men ever ought to go shopping for women."

"What sort of looking woman was she," Aunt Martha was asked; "the woman that was arrested? Was she well dressed? Was she old or was she young? Did she look troubled or was she keeping calm?"

But as to these things Aunt Martha couldn't say. Really she had been more interested in the man buying the pigskin bag.

Why is it that we invariably hear of a man's bad deeds long before the good ones?

The Savings Bank

LEVINE BROS, Props.

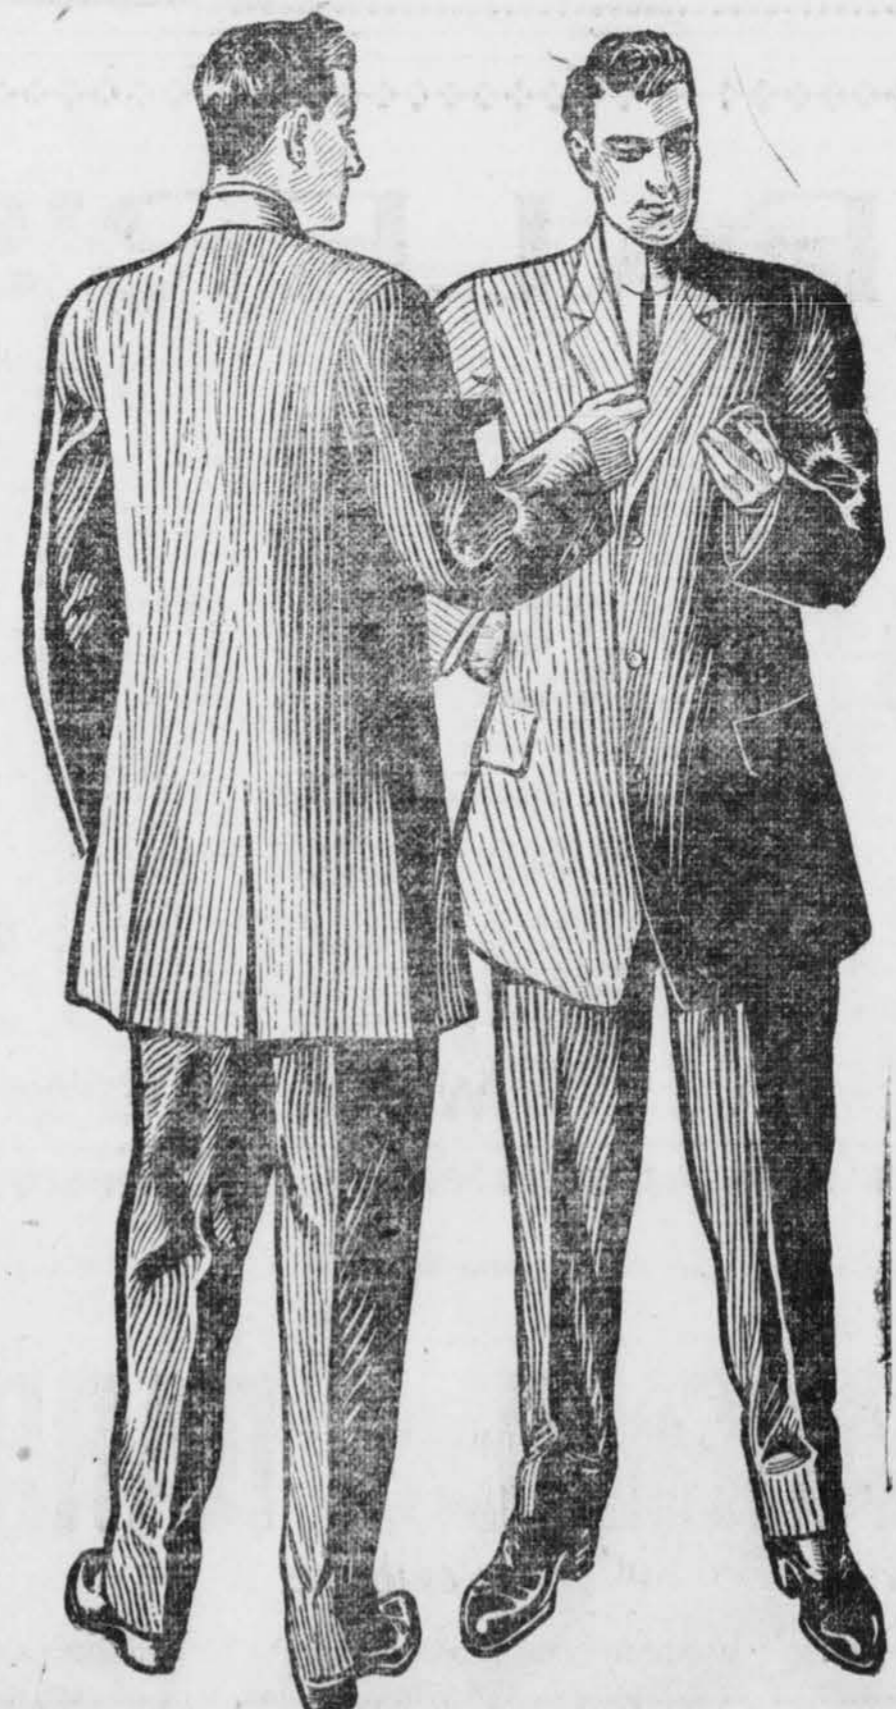

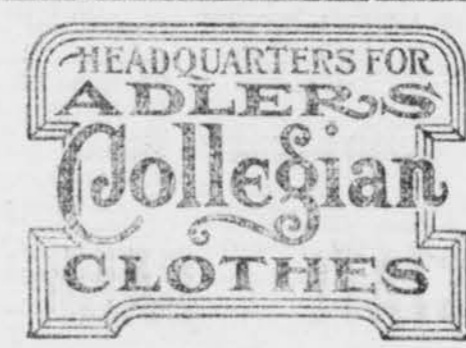

BRILLIANT ASSEMBLAGE OF WOMEN'S SUITS AND COATS At \$20.00 and \$25.00 for Tomorrow's Selling.

These Suits, have been created only in the past fortnight, and the styles are therefore in advance of any you have thus far seen.

The radical reduction on the Suits made at this early date is due to the fact that the manufacturers agreed to deliver the Suits to us on Wednesday, for the first day of our opening, but failed to reach us until Thursday.

You must see this handsome line to appreciate it.

Spring Style Opening, Collegian Clothes

We are prepared to show you the newest conceptions in SUITS FOR EASTER and SPRING WEAR. You will find a wonderful display of Fashionable Suits, which will prove interesting to any man who is at all critical in the selection of his clothes.

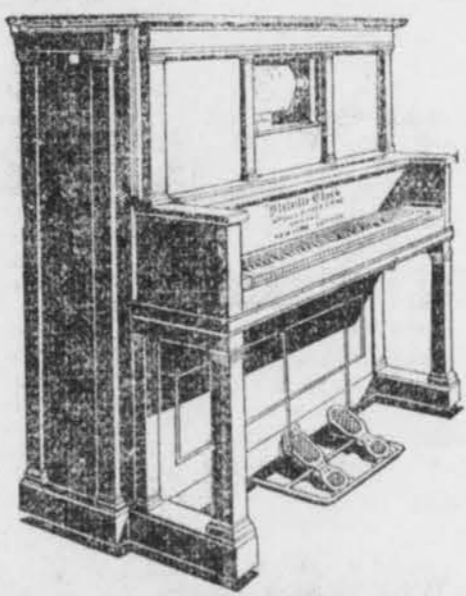

Good Suits at \$15.00 Others at \$18.00 to \$30.00

LEVINE BROS. Props. The Savings Bank NEGAUNEE, MICH.

MELVILLE CLARK

-The MAN and His WORK,

The APOLLO-PIANO

THE ORIGINAL 88-NOTE PLAYER

ANTONIOUS STRADIVARIUS made a better violin because he knew the violin. Melville Clark knows the player piano. In the music trades his personal supremacy in the field of pneumatics is unquestioned. Recently the entire player piano industry paid a remarkable tribute to his genius in adopting the 88-note (complete keyboard) principle, which for eight years was exclusively an Apollo feature.

Other Apollo features (invented and patented by Melville Clark) are:

Apollo Human Touch—The pneumatic fingers of the Apollo 88-Note Player Piano strike DOWN on TOP of the keys, just as the human fingers do in manual playing. Other players strike UP on the sticker of the action, or UNDER the keys at the back. Both of these methods are unnatural and are the cause of the unnatural, mechanical music produced by other player pianos.

Apollo Self-Acting Motor—A patented motor that runs the music roll and rewinds it without pumping or electricity. Other players are equipped with air motors which necessitate tiresome pedaling. The Apollo's self-acting motor costs five times as much to manufacture as the old style leather-and-wood air motor.

Solo-Apollo Accenting Device—The latest triumph of Melville Clark and the climax in the development of the Apollo Player Piano toward an ideal. The Solo-Apollo actually emphasizes the melody as a virile idea of the composer, and as he intended it to be emphasized.

More Apollos In Use—Notwithstanding the Apollo costs \$25 to \$50 more than ordinary player pianos, there are more 88-note Apollo Player Pianos and Piano Players in use than all other similar instruments combined.

We will make a liberal allowance for used pianos in exchange on the Apollo Player Piano and arrange easy payments for the difference. Come in and hear the Apollo demonstrated.

INCREASE FOR BUILDING FUND

FARMERS SOWING SEED.
Wisconsin and Minnesota Crops Going in Earlier Than Usual.

M. C. Quinn, who arrived home Monday from Wisconsin, where he spent a week visiting relatives, reports that the farmers in all parts of that state are sowing their seed. With the temperature ranging from sixty-five to seventy-five for some days past, the weather has been very favorable for planting. The hot sun, coupled with enough wind to make ideal drying weather, has placed the fields, with the exception of a few isolated wet sections, practically in perfect condition for seed. Many of the farmers started seeding over a week ago and as a result a large acreage has already been seeded. Mr. Quinn says that while many of the Wisconsin farmers are skeptical regarding the advisability of seeding, even wheat, so early, most of them are taking the chance. By the end of this week thousands of acres of wheat, as well as some other grains, will be seeded. This early sowing of the wheat will give it an opportunity to root deep, eliminating damage as a result of dry weather, as wheat thus rooted will withstand a continued dry spell.

With the farmers starting their planting from three weeks to a month earlier than usual, the dealers in farm machinery are having difficulty furnishing the equipment being called for on such short notice. Machinery is being hauled not only to the farming districts in Wisconsin, but also to Minnesota and other states where the seeding has been started.

In some parts of the farming country a shortage of labor is reported, but since the lumbermen in the camps many of the lumbermen are taking places on the farms. In North and South Dakota and in Minneapolis the farmers have representatives on every train and at the railway stations, hiring all the men who desire work. It is said that the farmers in the far West are in a bad way for help and that they, too, are sending for men to districts where any considerable number have been employed in the woods.

RETURNED TO NEGAUNEE.

John F. Allison, who left Negaunee for Detroit last summer, has returned to the city and will again locate here. His wife and four of his children are at present visiting relatives in Chicago. He was accompanied home by three children, also Gust Sundberg and the latter's sister, Amelia Sundberg. Mr. Sundberg and his sister left here last August and they have been in Detroit most of the time since. The family will resume their residence in the Sundberg dwelling on Main street. During the past few weeks J. W. Elliott has redecorated and repainted the interior.

COMMERCIAL MAN DEAD.

Patrons of Hannan & Son, the shoe manufacturers, have been advised of the death of W. S. Lemon, who traveled for the concern in this region for a number of years. The announcement of Mr. Lemon's death will be a surprise to his many friends and acquaintances, as it was not known that he had been ill. The deceased was about forty-two years of age. C. B. Coates, who has been with Hannan & Son for the past twenty years as salesman, also working in other capacities, will succeed the late Mr. Lemon.

Medicines that aid nature are always most successful. Chamberlain's Cough Remedy acts on this plan. It loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by The People's Drug Store.

SALOON ROBBED IN THE NIGHT.

Somebody entered the saloon of Alfred Pace at the corner of Portage avenue and Old street, Sault Ste. Marie, during the darkness of the night and carried away the cash register. The money receptacle was found a short distance from the saloon the next morning, near the Fourth ward school building. It had been broken open and riddled of \$27. The robber or robbers also laid in a supply of liquid refreshments to the extent of about twelve bottles. Entrance to the saloon was made through a rear window from which a pane of glass was removed.

ANNUAL REPORT OF WATER BOARD

FIGURES SHOW A BUSINESS-LIKE AND ECONOMICAL ADMINISTRATION OF AFFAIRS.

PLANS FOR IMPROVEMENTS

Provided Electors Vote to Amend the Charter and So Enable Board to Issue Bonds, Work Will Go Ahead Rapidly.

The annual report of the board of fire and water commissioners, filed with the city controller yesterday, indicates a business-like and economical administration of affairs during the past year. Approximately 702 million gallons of water were pumped, a decrease of about seven millions as compared with the year preceding. The actual cost of pumping was about thirty-five cents per million gallons less than for the year ending March 9, 1909.

Receipts during the year amounted to \$46,236.84, which amount includes \$22,500 appropriated for the common council to pay off an issue of bonds amounting to \$20,500, which was paid last July. The actual receipts from the sale of water and supplies did not differ more than \$100 from the amount so received during the previous year. The itemized receipts are as follows:

Flat water rates	\$10,980 72
Meter rates	11,448 69
Permits	788 02
Fire dept. sale of horses	401 80
Meters sold	57 12
Hydrants sold	33 29
Pipe laying, pipe sold	23 08
Meter repairs	3 70
Tax levy	22,500 00
Total disbursements for the year, including the bonds paid off, were \$46,236.84. The board reports cash on hand of \$10,843.60. Operating expenses were reduced \$2,065.37, compared with the preceding year, as is shown by the following comparative table:	

Concerning the work done during the year, the board reports, in substance, as follows: During the year, four new fire

hydrants have been installed, and the following extensions to the mains have been made: 1,400 feet of six-inch pipe; 800 feet of four-inch pipe; 100 feet of one and one-half-inch pipe; 110 feet of one-inch pipe, and 22 feet of three-fourths-inch pipe. All the equipment owned by the commission has been kept in good state of repair, a new metal screen has been placed in the well, and about 100 new meters have been installed during the year.

Fire Losses Very Light.
The fire losses during the year have been lower than for several years past, fires not only being fewer in number but also less serious in their nature. The result has been a substantial reduction of the expense of maintaining the fire department.

Frequent analyses have been made of the water supply, the samples being sent to the state board of health at Lansing, and for the last few months duplicate samples also being sent to Chicago in order to check up the results reported from Lansing. In all cases, the reports have checked very closely. On the whole, the water has been reported safe for domestic use, although during the past winter frequent reports have been made of its unsafe condition, and the chemist has recommended the boiling of the water. The state board of health has frequently advised that there was danger of contamination from our sewers, and that the intake should be removed to a greater distance from the sewer outlets. In fact, several samples have been shown to contain contamination from that source.

Considerable work has been done by the board toward the permanent improvement of the city's water supply. Several different schemes for these improvements have been under discussion, and there will shortly be published by the board a report giving an outline and the cost of the different schemes and including their recommendations as to the plan to be carried out.

Obstacles to Improvements.
It is not generally realized that there have been other obstacles in the way of improvement besides the question of what improvements should be made. As a matter of fact, the present limit of the amount of bonds that may be issued by the board is insufficient to carry out the proposed improvements. Moreover, the failure of the board at the spring election of 1907, in their attempt to raise money for water works improvements, indicated very clearly that under the present charter, the necessary majority to authorize a bond issue could not be secured. At that time, although a con-

	\$23,586 63	\$25,652 00	\$2,065 37	\$477 84

siderable majority of electors who voted on the question of issuing bonds for the extension of the present intake were in

favor of that proposition, the measure failed to carry, owing to a revision which had been made in the water board charter only one month before the date of the election.

Since that time, owing to the adoption of a new state constitution and the failure until recently of the state legislature to provide for charter revision under the new constitution, it has not been possible for the board to put itself in a position to carry out its plans. To this end there will be submitted to the electors at the coming election an amendment to the water board charter. If this amendment is adopted, the board will then be in a position to issue bonds sufficient to make the necessary improvements, and a majority of those voters interested in securing pure water for the city will be sufficient to approve the bond issue, and enable the water board to proceed in carrying out its recommendations.

Provided the charter amendment is carried, the board proposes to hold a special election as soon as possible and to submit to the electors its report and recommendations, asking them to authorize the raising of the necessary funds, so that the work may be accomplished during the coming summer.

TO THE LADIES OF MARQUETTE AND VICINITY.

Mr. Grabower has just returned from the market, where he purchased his spring millinery, and we can assure the ladies of Marquette that it will pay all to wait for his opening. Never before since Mr. Grabower has been in business has there been shown such beautiful hats and such an immense variety as this season. The latest styles have been procured and we can safely say that there is not a store in the larger cities which show later styles. Mr. Grabower buys no shop-made hats—every hat is designed by a professional trimmer, and so much different in style and workmanship than the shop-made hats. Mr. Grabower also wishes to thank the ladies for the liberal patronage he has received in his cloak department, as never before has this department been so busy as this week. This speaks well for the quality of his goods, and may win that beautiful \$300 Wellington we are giving away. Don't imagine for a moment that because a wild cat firm in the past promised to give away a piano in your city and failed to do so, that we will do likewise. Our past and present reputation fully guarantees an absolute living up to our promise. Send your answer at once. Do not sign name, but write your address plainly on a separate slip of paper, stating whether you own a piano or an organ, and mail or bring same to our store.

Have you sent your answer to "Why Do We Need a Piano" to the Cable Piano Co. of Marquette? It won't take much of your time and may win that beautiful \$300 Wellington we are giving away. Don't imagine for a moment that because a wild cat firm in the past promised to give away a piano in your city and failed to do so, that we will do likewise. Our past and present reputation fully guarantees an absolute living up to our promise. Send your answer at once. Do not sign name, but write your address plainly on a separate slip of paper, stating whether you own a piano or an organ, and mail or bring same to our store.

Now, just before EASTER, don't

forget what is due your looks as a careful dresser in STEIN-BLOCH SMART CLOTHES—which same we have waiting for you in all Spring models and styles. Clothes that fit, that are stylish with a world-wide style, that are all wool and hold their shape.
