**JOSEPH HODGSON ANNOUNCES CANDIDACY**  
**SUPERINTENDENT OF BREITUNG MINES WILL HEAD THE PEOPLE'S PARTY TICKET FOR MAYOR OF ISHPEMING.**

Captain Joseph Hodgson, superintendent in charge of mining operations of the Breitung mines of this county, announces that, in response to the earnest solicitation of a large number of workmen, and also a large number of independent business men, he has decided to become a candidate for mayor, on the People's party ticket. Mr. Hodgson has been a resident of Ishpeming for the past twenty years, coming here from England. He started work in the mines as a miner, and has risen to his present responsible position by his application to hard work and industry. He is a taxpayer, was a member of the county board of supervisors for seven years, and a member of the county court house building committee, when that structure was built. Captain Hodgson believes that in the event of his nomination and election he will be able to perform the duties of the office to the satisfaction of the people and will strive to do so in the interests of all the people, as he is a believer in the right of every individual citizen to a voice in the government. From the Executive Committee. In yesterday's issue of The Mining Journal it was stated that City Recorder J. D. West had not been invited to attend the meetings of the executive committee of the People's party, held during the present campaign. In contradiction to this the committee submits the following, which states that Mr. West has attended all the party's meetings. "To The Daily Mining Journal: We, the committee of the People's party, wish to deny the statement printed in your paper of March 25, wherein J. D. West stated he was not asked to attend any meetings held by the People's party. Mr. West has attended all meetings held this and previous years, and we hope he will continue to attend whether in or out of office. (Signed) COMMITTEE." **POWERS HAS GOOD SHOW.** Company Here All Next Week Well Spoken of by Soo Paper. The Sault Ste. Marie News had the following mention of the Powers Hypnotic Comedy company, which will open a week's engagement next Monday evening at the Ishpeming theatre, playing at popular prices: "All records for laughter were broken at the Soo, Ont., theatre last night when the Powers Hypnotic Comedy company opened its engagement of a week to a full house. From the time the curtain rose until it fell, every person possessing any sense of fun and humor was convulsed with laughter. "Professor Powers opened the performance with a short, well chosen lecture, and then called for a class of volunteer subjects. He then awakened the young man who had undergone the fifty-hour hypnotic sleep in the display window of the New York Studio. The developing of his class of subjects was funny, but nothing compared to the scenes that followed. A rat killing scene made the audience roar, and the latter shop scene in which Professor Powers received the worst of it made people fairly howl with laughter. The closing scene, in which a number of the subjects were told that they were girls and given wearing apparel to dress as such was a scream, as some of the boys had trouble in finding the modus operandi of putting on the garments. "From a scientific standpoint the awakening of the hypnotic sleeper, the catalepsy and bending catalepsy were interesting and demonstrated the great possibilities of hypnosis. "Too much cannot be said concerning the vaudeville this company carries. Miss Ethel Darr, novelty toe dancer, is certainly a terpsichorean artist of no mean ability and her work was highly appreciated. "Karlo Broz, juggler, are undoubtedly the best vaudeville act of its class ever seen in the Soo. They juggle clubs and hoops as though each individual article were an entity subject to their will and command, so perfect was their work. "A new line of Ladies' Neckwear, Jewelry, Belts, Bags and Ornaments just received. (3-23-1f) **F. BRAASTAD & CO.** ANNUAL MEETING. Reports of Committees and Board Will Be Submitted to Council. **ISHPEMING IN BRIEF.**  
 Richard Trudgeon, a former resident, who has been located at Gwin in the past few years, came up from there yesterday on a few days' visit to relatives. The committee in charge of the ball Monday night at Braastad's Hall, under auspices of the Uniform Rank of the Knights of Pythias, has decorated the hall attractively for the occasion. An Ishpeming man recently asked his seven-year old son whether he was wet or dry. The boy replied, "Daddie, I am wet until you buy those rubber boots that you promised me." Richard Quayle of Gwin came up from there yesterday to hear Dr. Diek's address and to attend the colonial supper given last night by the men of the First Methodist Episcopal church congregation. The team owners, who recently advanced the charges for team hire, announce that the charge for services of a team and driver will be sixty cents per hour, where they are employed less than ten hours. Ketelby; offertory, "Sing Ye to the Lord," Harris; recessional. All of the workmen of the city enjoyed a holiday yesterday. The mercantile establishments were closed all day, the barbers suspended business at noon and the postoffice and library were closed. The postoffice was opened during the noon hour. The publicity committee of the prohibition campaign, will present stereopticon views, with a lecture, this evening at the corner of Cleveland avenue and Second street. **DR. DICKIE GAVE STRONG ADDRESS**

ENTHUSIASTIC AUDIENCE HEARD TALK FOR PROHIBITION BY PRESIDENT OF ALBION COLLEGE

Dr. Samuel Dickie, president of Albion college, addressed a large and enthusiastic dry audience yesterday afternoon at Ishpeming theater. All of the seats on the ground floor and the balcony, also the boxes and a part of the gallery, were filled. The meeting opened with a song by the Y. M. C. A. quartet. Rev. M. M. Allen, pastor of the Presbyterian church, was chairman of the meeting. Before introducing the speaker he called for contributions to the campaign fund. He said that between \$800 and \$700 was needed to meet all of the expenses that will be incurred between now and election. The committee estimates that it will require \$1,200 to pay the speakers and settle other bills. Mr. Allen commended the supporters of the dry movement in Republic for their liberal donations. He said that they were paying the expenses of all the speakers who will visit that town, as well as contributing liberally toward the other expenses. He appealed to the people of Ishpeming to at least do as well as is being done by Republic men. Envelopes were circulated and many donated.

Dr. Dickie talked for over two hours. His address was practically the same as that delivered the previous evening at Marquette, a review of which appeared in yesterday's issue of The Mining Journal. Toward the close of his address he read extracts from a number of letters from prominent business men and others of Battle Creek, denying the report that had been sent out in circular form that local option is not a success in Battle Creek. Dr. Dickie said that he was personally familiar with conditions in Battle Creek and Calhoun county and he emphatically denied that local option has not proved a success.

Dr. Dickie is one of the best speakers that has been heard here in the present campaign and his address aroused much enthusiasm among the advocates of prohibition. Dr. Dickie spoke last night at the Adelphi rink in Negaunee.

**"THE GOLDEN BUTTERFLY."**

Much Interest Manifested in Coming of Grace Van Studdiford.

"The Golden Butterfly," being produced by Grace Van Studdiford, the famous prima donna, and her company, is highly praised by critics. The following reference to the company from the St. Joseph (Mo.) Gazette, is one of many favorable criticisms that the company has received:

"There is a distinct difference between musical comedy and genuine comic opera. The Tootle season has furnished a plethora of musical comedy and alleged musical comedy, but there have been few real comic operas here during the season. Quite the most pretentious offering in the comic opera line of the season was 'The Golden Butterfly,' by Grace Van Studdiford and company last night.

"St. Joseph knew little of 'The Golden Butterfly,' but the announcement that Grace Van Studdiford would head the producing company here was sufficient to bring out one of the largest audiences seen in the Tootle this winter, and one of the most generally pleased.

"The opera is like all comic opera, in that it puts plot and dramatic action into the background to give way to music, but this is by no means a grievous fault and there is more of real dramatic situation in 'The Golden Butterfly' than the music-lover may have been looking for.

"Of the presenting company of course it was Van Studdiford who was the bright, particular star and she did not disappoint the great audience. She sings superbly in a rich soprano voice and in a scene with Florence Bowes, as Wanda, and Carl Haydn, as Franz, the star showed that she carries far above the average of dramatic talent along with musical ability. But Grace Van Studdiford is not the only real operatic talent in 'The Golden Butterfly' cast. Charlotte Lesley, as Tina Korby, whose place as prima donna of the Buda-Pesth opera company, Irma Walden, Miss Van Studdiford steps out of the chorus to take, proved herself a song bird that was one of the delights of the evening. Florence Bowes, as Wanda, a gypsy girl, displays a contralto of some force. Another girl who had a small part is the soprano in a quartet and displayed some force of voice was Miss Hazel Kirke, a Kansas City girl, and an understudy of Miss Van Studdiford."

**LANSING**—Something new at the Michigan Agricultural college is this: Ministers from out in the state will take a course of instruction in how to raise garden truck and engage in other branches of farming. The idea originated with President Snyder some time ago. He called a meeting of the board, which sanctioned the plan. President Snyder sent out several hundred letters. He has 130 answers, and more are arriving daily. One of the writers believes that the venture will be one that will prove not only profitable in the form of education, but as an exercise as well. Another is of the opinion that it would be better if more of the ministers would spend their time delving in the mother earth than by "fooling their time away." The course will start July 11 and will last a week, and is to cost approximately \$4. The study will begin as soon as a few minor details can be arranged and gardening will be the feature of the course.

**EXPENSE REPORT MADE A JOKE.**

Candidate Gave \$2 to Get Consent to Run; \$1 to Appease Son's Feelings.

Boston, Mass., March 25.—Many have in years gone by regarded the fixing of campaign expenses as merely or less of a joke, but it has remained for Representative-elect H. H. Atherton of Lynn to convert his return of them into humorous literature.

Mr. Atherton was recently elected to the Massachusetts house. He filed his return of expenses yesterday. These included his expenditures for the election as well as the caucuses that preceded it, and it is the latter which he found sufficiently amusing to embalm in humor that may in future generations be of interest to antiquarians who search the state archives.

Mr. Atherton says: "Paid various members of my family for giving their consent to run for representative, \$2; paid William F. Craig, P. M. Lynn, for 1,500 steel engravings of William McKinley (postal card edition), \$15; paid Mrs. Doe for retouching the same, on front, \$4; Richard Roe, disciple of Benjamin Franklin, deceased, for performing similar service on the reverse side, \$9; paid to party unknown for 2,000 table d'hote list of delegates (caucus ballots), \$5; paid to some druggist unknown for 100 circular articles, supposedly made of tobacco, which, if properly designated would be called 'Cabbages El Confounded Pooros,' \$3; paid a food and drink specialist for gastronomic monstrosities, numerous indigestibles and proper means of irrigating the same, with caffeine, circus tonics, and other non-alcoholic drinks at the convention, \$12; paid the food and drink specialist for six plates alleged to have been short, lost, strayed or stolen at the convention aforesaid, forty-two cents; paid some druggist unknown for additional 'Cabbages El Confounded Pooros' (were he known to me I would sue him for deceit), \$3; paid the Hon. W. F. Craig, P. M., for one steel engraving of the late George Washington and one sheet of paper upon which I wrote a letter to my caucus competitor, James X. Howse, thanking him for his congratulatory letter on my nomination, 3 cents—total, \$53.45."

Mr. Atherton also filed his return of election expenses of \$31.60, included in which was \$25 paid James Burns of Lynn, "for unobscuring General Apolly's," \$25 paid to Levi C. Hawkes of Saugus; \$1 paid to his son, Horace Atherton, Jr., for "the pain and anguish of seeing his picture published on the morning after the convention in place of my own."

**MERCHANTS DOING BIG EASTER BUSINESS**

**FAVORABLE WEATHER THIS WEEK GREATLY STIMULATED TRADE IN ALL BRANCHES OF MERCHANDISING IN THIS CITY.**

Several Negaunee merchants will this week establish records for Easter business. The fine weather has greatly stimulated trade, and the demand for men's and boys' clothing and general lines of furnishing goods, also for women's suits and coats, has been much larger than the dealers anticipated.

One of the merchants yesterday said that his Easter business was not only the largest that he has ever done, but that it was also a complete surprise to him, as the demand for spring goods came almost a month earlier than usual. Most of the merchants had their new lines on display.

"While our winter season was shorter than usual, our trade was better," said one merchant. "I believe that the year 1910 will be the best that we have ever had. The announcement by the mining companies of an increase in the wages for their employees will help trade and we look for a big business during the remainder of the spring season. The public, as a rule, is buying a higher class of goods than ever before. As a result of the constantly growing demand for better quality garments we buy more high priced goods than formerly. A few years ago the principal demand in the men's clothing and women's suit lines was for the moderate and cheap-priced goods."

**ATTORNEY FOR BREITUNGS.**

Negaunee Man Will Look After Legal Interests of Local Mines.

T. A. Thoren has been appointed attorney for the Breitung mines of Negaunee and Humboldt. Negotiations for the appointment of Mr. Thoren had been on for more than a month past, and he is to enter the employ of the concern on the first of April. This recognition of Mr. Thoren will be much appreciated by his friends in Negaunee and elsewhere in the county. He has held the office of city attorney for several years past. His appointment to the attorneyship of the Breitung interests will in no way interfere with his general law practice.

**FIREMEN'S BALL.**

Members of Department Will Parade at 8 O'Clock Next Monday Evening.

The arrangement committee for the Negaunee fire department's annual ball, to be given next Monday evening at McDonald's Opera House, has been successful in selling many tickets, and the attendance will be large. The members of the department have been requested to report at headquarters at 7:30 o'clock Monday evening to prepare for a parade thirty minutes later. The line of march will be west on Jackson street to Cyr, on Cyr to Iron, on Iron to Pioneer avenue and on Pioneer avenue to the opera house. The Negaunee City band will be at the head of the procession.

The ball will be in charge of the following committees:

Arrangements—Julius Johnson, Napoleon Marketty, O. J. Lacombe, C. L. Sporey and Thomas Gribble.

Reception—Ed. Laughlin, T. A. Thoren, J. A. Wasmuth, Joseph Barabe and E. K. Webber.

Floor—Dr. B. J. Miller, J. A. Goodman, Will Nadeau, J. A. Curley, Fred Koch, Joseph Macomber and Ed. Brandt.

Door Keepers—D. Dowd, Dan Shea, Ted Gaffney and John Kunz.

Ticket Sellers—S. S. Thomas and H. H. Muck.

Tickets to the ball are \$1 each and the charge for supper, which will be served by Mrs. J. Florey in Shea's hall, will be forty cents a plate or seventy-five cents per couple.

**RACE AND BALL GAME TONIGHT.**

There will be a double attraction at the Adelphi rink tonight. El. Smith, the champion roller skater of the copper country, will race Frank Winter of this city in a one-mile event, following the ball game between the Negaunee Union and the Ishpeming Y. M. C. A. nine. Two or three seasons ago Mr. Winter defeated a number of the speediest skaters of this region. There will be skating for an hour or more at the conclusion of the race. If the Negaunee team wins tonight's game it will settle the Marquette county championship, as the local nine has already won three out of the five games played. The admission will be twenty-five cents for adults and ten for children.

**DEAFNESS CANNOT BE CURED** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

**LOWER STATE NEWS.**

**CADILLAC**—Potatoes dropped to ten cents and local buyers were not anxious to get them even at that price. This is the lowest they have been in years. There are several thousand bushels in the hands of farmers here yet and this price means a big loss to them as one time last winter they were offered fifty cents per bushel and declined it.

**ST. JOSEPH**—Just wait until I say goodbye to my father," said William Talghaupt, a prisoner in charge of Deputy Kearns of New Buffalo. Kearns was on his way to St. Joseph to put the prisoner in the county jail to await examination on the charge of robbing a New Buffalo residence of \$315. The prisoner stepped into the house and when he had been gone five minutes the officer started hunting for him, only to find that the man had vanished. Now Kearns says he will recapture Talghaupt or resign, and has started on a hunt.

**LANSING**—Before any further action is taken in the matter of a settlement of the lawsuits between the state and Michigan Central Railroad company, Attorney General Bird will be asked to render an opinion as to whether the board of auditors has the authority to settle the matter out of court. At a meeting of the board of auditors it was decided to put the matter up to the attorney general. Both Secretary of State Marindale and Land Commissioner Russell have opposed the proposition of settling the suits out of court. Attorney General Bird and Otto Kirchner of Detroit, who have acted as attorneys for

the state in the litigation with the railroad companies, have urged that the board settle the case, and Governor Warner has taken a similar stand. The auditors also sent a communication to Attorney Otto Kirchner and Thomas E. Barkworth, requesting that they present a bill for their services at once, so that the actual cost of the case to the state may be determined.

**FRUITPORT**—This village is in the throes of a spirited "wet" and "dry" fight. At the recent election H. J. Curtis, the "wet" candidate, was elected president over J. C. Ford, the "dry" candidate. As one of the trustees Harry Hendricks, recently prosecuted on the charge of running a "blind pig," was elected. By the election of Curtis, who was a trustee, and the resignation of another member, two vacancies exist on the board of trustees which will be filled by a special election. It is presumed that these men will be "wet" and that therefore the "dry" regime, which has prevailed here for the past two years will be at an end.

**DETROIT**—Salt manufacturing properties in Detroit, Wyandotte, St. Clair, Port Huron, Ludington, Manistee and Cheboygan are said to have been purchased by the Morton Salt company of Chicago. These properties were formerly part of the western holdings of the International Salt company, for which the Morton Salt company has paid \$4,000,000. Announcement is made at the same time that the Morton company has cut prices of fine salt 15 cents to 81 per ton. The \$4,000,000 deal was engineered by Joy Morton, who has just resigned from the directorate of the International Salt company of New Jersey.

**FLINT**—The city aldermen do not think they are receiving sufficient remuneration for their services and they have decided to ask the electors at the spring election to pay them \$300 a year. The mayor and aldermen receive \$100 salary at present. The work of the aldermen has increased very largely during the past few months, owing to the rapid growth of the city. Because the aldermen believe the city treasurer is receiving more than he is entitled to under the fee system, steps have been taken to have the office placed on a straight salary basis. It is estimated that the treasurer received about \$5,000 last year, which will be increased this year if the fee system continues. The common council is averse to having that amount go into one civic office, and the aldermen will endeavor to arrange it so that a salary of \$2,500 will be paid.

**DETROIT**—Milo D. Campbell will be given another term as United States marshal for the eastern district of Michigan. Senator Burrows has forwarded to President Taft the endorsement of himself and Senator Smith for another term for Marshal Campbell. Mr. Campbell's present term does not expire until May 1, but the recommendation to succeed himself will give him opportunity to renew his bond and give the senate ample time to act upon his nomination. Mr. Campbell's administration of his office has been entirely satisfactory to the officials of the department of justice, and the two Michigan senators agree that he should succeed himself. It is not anticipated that there will be any opposition to his speedy confirmation, when the nomination is sent to the senate by President Taft.

### AGREEMENT BROKEN.

John Carlson Says So, and States Position Regarding Postoffice Fight.

Marquette, Mich., March 25, 1910. Editor Mining Journal.

Dear Sir: I have seen the public letter published in The Mining Journal last Thursday, signed by William McCormick, in which he withdraws as a candidate for "the postoffice fight," as he speaks of it, and I have received a letter from Mr. McCormick addressed to me in person, in which he confirms the letter given to the public.

On Nov. 27th of last year it was agreed that Mr. McCormick, the present postmaster and myself (we three, and no more) should make an effort to have our names submitted to the citizens of Marquette at the election to be held in April, and that the name receiving the largest number of votes should be considered the choice for the office of postmaster. It was not the idea to submit the names of any two of us. This point was carefully discussed at the time and a clause was put into the agreement which reads "to permit the duly qualified voters of the city of Marquette to express their preferences for postmaster at this election between you three." The reasons submitted at that time for desiring to hold an election were thoroughly talked over and the words "between you three" were included, to guarantee a "square deal" for each one and to make it plain that if either party to its terms should fail to live up to the agreement it would thereby become immediately cancelled. In this form and with these understandings the agreement was signed by each of us.

The action of Mr. McCormick given out in his letter sets aside both the written and implied terms of the contract and makes it impossible for me to unite in asking the election boards through our city council to help conduct the election at that time proposed, without further violations of our mutual

pledge. I therefore take this means of informing the council and the citizens of Marquette that my name shall not appear in any ballot at the coming election, nor will any request be made that the so-called election be held.

In accordance with assurances of "good faith" from both the other candidates for the postoffice and regulated always by the terms of the agreement I proceeded with my canvass, and in an election on the basis agreed upon I sincerely believed my chances of being the choice of the voters were the best. While the present turn of the affair is naturally displeasing to me, I recognize that Mr. McCormick in the action he has taken is within his personal rights and privileges, and nothing that I have said is intended to censure him, nor will it be so construed except by those who might desire to do so for a purpose.

Mr. McCormick could not have intended to connect my name with the corrupt use of money and other "crooked work" in the election, nor could he have meant that the "wet" and "dry" business had been attempted to be used in any way for my benefit, either by myself or my friends. I have not applied for the office of postmaster since the time the agreement was signed, "that all was fair in politics," so I have kept out of alliances entirely, it being my purpose to do nothing that would tend to obscure the postoffice question, but rather to do everything I could to have that question settled on its merits without the slightest regard to outside matters to be voted on at the same election. Rumors of the use of money had reached me from time to time in other directions, and I had been cautioned to look out for what was reported as intended uses of money among my friends in a way to change their attitude. I have in my possession some information that would make interesting reading on this point. I had been warned also against what has been termed the "colonizing of voters for the benefit of the 'wet' or the 'dry,'" or some particular candidate for the postoffice as the case might have been, but no matter how direct the intimations it had never occurred to me that I should withdraw on these grounds, nor would I for any reason except as stated above.

The action that has led to the breaking up of the election will in no manner affect my candidacy for the postoffice, as my name will be actively kept before the congressman until the choice is finally made.

JOHN CARLSON.
