

"MAN HIGHER UP"
FACES PRISON CELL

Promised Climax in the Sensational Graft Exposures at Pittsburgh Comes in a New Report from the Grand Jury.

W. Hoffstot, President of the Pressed Steel Car Company, is Charged With Bribery in Connection With the Bank Ordinances, and is Indicted on Three Counts—Similarly Accused, Another Prominent Financier Enters a Plea of Guilty.

Pittsburgh, April 6.—The climax promised in the Pittsburgh graft exposures today with the presentation by the grand jury of a report in which it recommended the indictment of Frank W. Hoffstot, president of the Pressed Steel Car company, president of the German National bank of Allegheny and prominently identified with other banks, on the charge that he paid to Charles Stewart, a former steel counselman, \$52,500 as a bribe to influence the votes of the councilmen in passing an ordinance...

Story of the Alleged Payment.

The alleged payment of money to Stewart was made at New York in 1908, and the late James W. Friend, an officer of the Pressed Steel Car company, was an associate in the transaction. The original plan of Friend was to obtain the services of Wm. A. Blakely, who is now district attorney, in charge of the graft prosecutions, as stakeholder until the ordinance was passed, but Mr. Blakely declined to act and warned all the parties of the criminality of the plan. It is also charged that Hoffstot obtained from James N. Young, cashier of the Second National bank of Pittsburgh, \$21,000 to be paid to Stewart to insure the selection of the Second National as a city depository. The ordinance naming the city depositories was passed July 9, 1908, over the mayor's veto.

Allegedly Banker Admits Guilt.

Simultaneously with the grand jury report in court came the plea of Emil Winter, president of the Workingman's Savings & Trust company of Allegheny, that he had no defense to make to the charge that he gave a \$20,000 bribe to former Councilman Morris Einstein. When Winter appeared in court, Judge R. S. Frazier, who is presiding in the graft cases, asked to be excused from hearing the plea, on account of a long and intimate friendship with Winter. Judges Carnavan and Swearingin heard the formal plea. Sentence was postponed.

Fore President Winter's Appearance in Judge Frazier's Court.

Fore President Winter's appearance in Judge Frazier's court for twenty years was secreted in Pittsburgh, with cutting from the bank's ledger several pages on which were the "special accounts" of Emil Winter and Mrs. Winter. The district attorney said that the missing pages later were found by a state bank examiner.

Winter and Hoffstot Complete the Quartet of Bank Presidents Named in the Graft Scandal.

Winter and Hoffstot complete the quartet of bank presidents named in the graft scandal. Wm. W. Ramsey, who was the head of the German National of Pittsburgh when the graft exposure started, is now in the penitentiary for bribing councilmen. E. H. Jennings, president of the Columbia National, pleaded no defense to a similar charge and made a full confession.

Philadelphia Strike Sympathizer Goes to Prison for Five Years.

Philadelphia, April 6.—Having pleaded guilty to placing explosives on the tracks of the Philadelphia Rapid Transit company, Charles Frank Godda, a strike sympathizer, today was sentenced to five years in the penitentiary. Godda is an Austrian and has been in America only two months. He said that he found a dynamite cap and was told by boys to place it on the tracks. The strike situation was unchanged today.

OHIO MINERS RESUME WORK.

Bridgeport, O., April 6.—Miners were issued today for 14,000 miners to resume work tomorrow in Harrison, Belmont and Jefferson counties, pending the final settlement of the negotiations with the operators of the Eastern Ohio district. This action follows the signing of the temporary scale by the operators in Columbus Tuesday.

U. S. NAVY'S FASTEST SHIP.

Pensacola, Fla., April 6.—A speed in excess of thirty-five miles an hour for four consecutive hours was the record made in a test yesterday in the gulf by the torpedo boat Flusser. It is the greatest speed ever attained by a naval vessel of the United States.

QUINCY SHAW SUCCEEDS
PRESIDENT ALEX. AGGASIZ.

As a Result of Meetings Held at Boston, Younger Heads and More Athletic Hands Take Up the Management of the Calumet & Hecla Properties.

Boston, April 6.—Younger heads and more athletic hands today took up the management of the great Lake Superior copper properties which Professor Alexander Aggasiz dropped at his death last week.

Quincy A. Shaw, the largest individual owner of stock in the Calumet & Hecla Mining company, was chosen president in place of Professor Aggasiz. R. L. Aggasiz, the scientist's son, was made a director and vice president, while Thomas Nelson Perkins was elected a director in two subsidiary companies, the Tamarack and Isle Royale.

Mr. Shaw has been closely identified with the Calumet & Hecla since the death of his father, who assisted Professor Aggasiz in the development of the Northern Michigan mines. He is a former national court tennis and racket champion and is an expert tennis and golf player. Mr. Aggasiz studied mining under his father. He is a prominent polo player. Mr. Perkins is a lawyer and a fellow of Harvard University. He was captain of the Harvard Varsity crew of 1891.

Western Union to Increase Wages.

New York, April 6.—Improvements and increased wages for the employees rather than melons for the stockholders is to be the official attitude of the Western Union Telegraph company, according to a resolution adopted today at a meeting of the executive committee. The working conditions of the employees are to be improved and the salaries rearranged, the readjustment to be based on merit, proficiency and length of service, modified by location. There will be no horizontal increase. The policy will be to treat the employees individually as human beings and not in bulk as a mathematical problem.

JAS. R. PATTEN PUTS
PROP UNDER COTTON.

Dismissed at the Fall of Prices, Said to Have Cost Him \$1,500,000, He Rushes to the Aid of the Market and Lifts the May Option \$2.90 a Bale.

New York, April 6.—James R. Patten, of Chicago, who did not know whether he was out of the speculative markets when he arrived a few weeks ago from Liverpool, reappeared on the floor of the cotton exchange today and thereafter attempted a bold speculation, estimated in some quarters to have cost him \$1,500,000 yesterday, ceased.

Instead of the feeble recovery started late yesterday, the market gained strength rapidly and the May option advanced \$2.90 a bale above Tuesday's low level, to \$14.57. Mr. Patten, who had the assistance of the market from Chicago over night and before the exchange opened was quoted as being as bullish as ever.

Stock Market Narrow and Thin.

New York, April 6.—The stock market today was narrow and thin and the motives prompting the light transactions were correspondingly obscure and presumably unimportant as a reflection of any happenings on either side of the world. A strong contrast is presented in the conditions existing in the London market and here. In the former, unbridled speculation is going on side by side with a state of disorder in finances unparalleled in recent history. In New York, on the contrary, the depletion of the bank reserves by gold exports, viewed with entire indifference and without any demand for speculative use to exercise a check on the outward flow of the precious metal.

Picks Bryan as Prohibition Leader.

Indianapolis, April 6.—A division of the political affiliation of the citizens of the United States between two parties—prohibition and anti-prohibition—with Wm. J. Bryan as the logical leader of the former, was the prophecy of Robert H. Patton, former prohibition candidate for governor of Illinois, before the Prohibition state convention here tonight.

BEARS SIMPLE INSCRIPTION.

Monument to Grover Cleveland Is Erected Over His Grave.

Princeton, N. J., April 6.—With no mention in the inscription of the fact that he was once president of the United States, but reading merely "Grover Cleveland. Born at Caldwell, N. J., March 18, 1837; died at Princeton, N. J., June 24, 1908," the monument to the memory of Grover Cleveland was completed today on his grave in Princeton cemetery. Beside it at the same time was placed a marble slab to mark the grave of Ruth Cleveland, his daughter. It, too, bears a simple inscription. Both stones were erected at the direction of Mrs. Cleveland.

HIS RESIGNATION DEMANDED.

New York, April 6.—Six prominent members of the Aero club of America sent an open letter tonight to Cortland Field Bishop, president of the club, demanding his resignation forthwith. The communication charges that his title bids fair to lose for this country the international aviation contest and recommends imperative action to save it.

DR. ROLLER DEFEATS TURK.

St. Joseph, Mo., April 6.—Dr. B. F. Roller tonight defeated Humid Kala Pasha, both falls resulting from a scissor hold on the body, in twenty-two minutes and fourteen minutes, respectively.

MILWAUKEE VOTE
AROUSES INTEREST

Election of a Socialist as Mayor of the Cream City Is the Subject of Much Comment at Washington, D. C.

While Leading Republicans Are Inclined to Minimize the Political Importance of the Result, and the Democrats Generally Are Uncommunicative, the Wisconsin Representatives View It as Momentous—They Fear the Loss of Two Seats.

Washington, April 6.—The election of a socialist mayor in Milwaukee by a plurality almost unprecedented in that city was the subject of much comment among the members of congress today, especially those from Wisconsin.

Leading Republicans were inclined to minimize the political importance of the result; some would not admit that it was really a socialist victory. The Democrats generally were uncommunicative on the subject. But the Wisconsin representatives view it as momentous. "One of the most prominent, for a leading quotation by name, said that the election of the socialist mayor might mean the election of two socialist congressmen from Wisconsin this fall."

Representative Morse, an insurgent Republican, representing the Tenth Wisconsin district, declared that the socialist victory in Milwaukee indicated a revolt against the "corporation domination and control of the Eastern wing of the Republican party and lack of faith in the Democratic professions."

Shows Deep Feeling of Unrest.

"The result indicates that there is a deep feeling of unrest over the present political conditions," said Mr. Morse. "The people in Milwaukee voted in protest against the control of the Republican party by the Eastern wing of it, which they know is dominated by business interests in the interest of trusts and combinations. The voters refused to endorse the Democratic party. The socialists are gaining strength rapidly, not only in Milwaukee, but also in my district and elsewhere in the state. They have the best political organization I have ever seen."

Representative Carey, Republican, of Wisconsin, said that the result was a protest against both the Republican and Democratic machines. "These machines cannot combine and fool the people any longer," he said. "The people have stood for it as long as they will. The fight in Milwaukee, however, was a local one."

LIQUOR ISSUE IN NEBRASKA.

Seventy-Six Cities and Villages Vote "Wet," Fifty-Nine "Dry."

Omaha, April 6.—The Merchants & Manufacturers' association, in a statement today, says that returns from the 135 cities and villages of Nebraska which voted on license yesterday show that seventy-six voted wet and fifty-nine dry. Eleven towns changed from wet to dry, while fifteen towns changed from dry to wet.

Results in Colorado.

Denver, April 6.—Complete returns from the twenty-two towns throughout Colorado in which the saloon question was the issue in yesterday's elections show that the drys gained five towns and the wets three. The wets have a total of thirteen and the drys nine.

Bill Authorizing the Government to Sell Water Is Opposed in the Senate.

Washington, April 6.—Senator Warren's bill authorizing the disposal of surplus waters of government irrigation projects to private corporations was the subject of a prolonged debate in the senate today. The consideration of the measure occupied nearly the entire session.

DEBATE IS PROLONGED.

When Senator Warren moved to take up the bill, no vote was cast in the negative, and it was believed that, in view of the subsequent adoption of an amendment guaranteeing the rights of the states in controlling the streams within their borders, a compromise had been reached which would insure early action on the bill. Such did not prove to be the fact. The state's rights amendment was presented by Mr. Warren, who said that it had been revised by Senator Heyburn, who had successfully conducted two or three filibusters against the bill. Apparently mollified by the amendment, Mr. Heyburn ultimately took the position that it would be of no service and vigorously denounced it as a subterfuge and delusion. He announced, however, that, having exhausted himself, he would not continue his opposition to the bill. The Idaho senator's submission to what he conceived to be the inevitable was not of long duration. Other senators having given him encouragement to believe that he had support on the floor, he renewed his opposition and denounced the measure vigorously. When Mr. Heyburn alleged that the bill had been dictated by the corporations, Senator Warren said: "I deny that imputation. I drew the bill as the result of a suggestion from a government officer and not in the interest of any corporation."

THE WEATHER

Washington, April 6.—The following is the weather bureau's forecast for Upper Michigan: Fair and warmer, Thursday; Friday, partly cloudy, warmer in the east.

IS NOT GOING TO INDIANA.

Mr. Taft Cancels Engagement—An Aftermath of Indiana's Convention.

Washington, April 6.—President Taft has cancelled his engagement to visit Indianapolis May 5. While no statement has been issued in regard to this decision, it is believed to be a direct result of the events at the Republican convention yesterday.

DECLINES TO REOPEN THE TARIFF DISCUSSION.

House Committee on Ways and Means Refuses to Consider a Bill Placing Cattle and Meat on the Free List in Order to Relieve the High Prices.

Washington, April 6.—Flatly declining to precipitate a "tariff disturbance" by calling a meeting of the ways and means committee of the house to consider the placing of cattle and meat on the free list for one year, in order to relieve the high price of foods, Chairman Payne, in an open letter to Representative Foelker of New York declares that the majority of the committee opposes any amendment to the tariff law.

Mr. Foelker, in reply, asks the committee to reconsider and "if they will not grant me a hearing and are opposed to the bill that they will report the bill adverse and thus give the membership of the whole house a chance to say whether they are in favor of or against this measure."

Denies Elgin Controls Butter Market.

Washington, April 6.—Denial of the charge that the Elgin board of trade regulated the butter market of the country was made by John Newman, president of the board, in testifying before the senate committee today. Mr. Newman declared that the New York and Chicago markets had much to do with the prices of butter. The people were eating a higher grade of butter, Mr. Newman said, which, taken with the increased price of stock food, accounts for the advance in the price of good butter.

DILLY-DALLYING TO END.

Senate Will Take Up the Railroad Bill in Earnest Next Monday.

Washington, April 6.—The senate will take up the railroad bill in earnest next Monday, Senator Elkins, in charge of the measure, gave notice today that immediately after the conclusion of routine business on Monday he would move to have the bill taken up. The fact developed that no one was prepared to proceed with a speech.

The notice was the direct result of a suggestion from Senator Clapp of Minnesota. When, at 2 o'clock today, as usual, Mr. Elkins was about to ask that the railroad bill be temporarily laid aside because no one was prepared to speak on it, Mr. Clapp interposed with the suggestion that he would insure a better attendance of the senators, prompt speeches and a more expeditious disposition of the bill by advising the senate that he would press the bill tomorrow.

Mr. Clapp said that if this course should be pursued, the bill would be passed by the senate. Mr. Elkins replied that a number of senators had left the city with the understanding that no vote would be taken on the bill during the present week. The notice, Monday was generally favorably accepted.

DEBATE IS PROLONGED.

Bill Authorizing the Government to Sell Water Is Opposed in the Senate.

Washington, April 6.—Senator Warren's bill authorizing the disposal of surplus waters of government irrigation projects to private corporations was the subject of a prolonged debate in the senate today. The consideration of the measure occupied nearly the entire session.

DEBATE IS PROLONGED.

When Senator Warren moved to take up the bill, no vote was cast in the negative, and it was believed that, in view of the subsequent adoption of an amendment guaranteeing the rights of the states in controlling the streams within their borders, a compromise had been reached which would insure early action on the bill. Such did not prove to be the fact. The state's rights amendment was presented by Mr. Warren, who said that it had been revised by Senator Heyburn, who had successfully conducted two or three filibusters against the bill. Apparently mollified by the amendment, Mr. Heyburn ultimately took the position that it would be of no service and vigorously denounced it as a subterfuge and delusion. He announced, however, that, having exhausted himself, he would not continue his opposition to the bill. The Idaho senator's submission to what he conceived to be the inevitable was not of long duration. Other senators having given him encouragement to believe that he had support on the floor, he renewed his opposition and denounced the measure vigorously. When Mr. Heyburn alleged that the bill had been dictated by the corporations, Senator Warren said: "I deny that imputation. I drew the bill as the result of a suggestion from a government officer and not in the interest of any corporation."

GREAT TRIUMPH
IS ROOSEVELT'S

That Such Is the Case He Has Reason to Believe as He Departs from Rome for the Grecian Island of Spezia.

This Is Because the Attitude of the Vatican Towards Him, and the Statement of Rev. Mr. Tipple, Which He Had Condemned, Are Repudiated by Leading Adherents of Both—Cardinal Del Val Is Condemned, So Is M. E. Pastor.

Rome, April 6.—Before leaving Rome for Greece tonight, Theodore Roosevelt had reason to believe that a great triumph was his—this because both the attitude of the vatican towards him and the statement of Methodist preacher Tipple, which he had condemned, were repudiated by leading adherents of both.

Abbot Lawrence Janssens, a learned Benedictine and secretary of the congregation of affairs of religion, called on Mr. Roosevelt and, not finding him, left a card on which he wrote in French that he desired to congratulate him for the support given to his order and the Catholic church in general in America during Roosevelt's "glorious career" as president, when he hoped would soon be resumed.

Contemporaneously, Mr. Roosevelt received letters from relatives of high prelates and cardinals, commending what they styled "the personal attitude of Cardinal Merry del Val, for which neither the pope nor the Catholic church is responsible." On the other hand, Mr. Roosevelt received the following letter from Dr. Walling Clark, head of the Methodist organization in Italy:

"The incident connected with the article written by Rev. B. M. Tipple for the American press has caused me untold regret. I was not aware that the article had been written or sent until Tuesday, when it was brought to me by a newspaper correspondent, together with the statement which you gave out Tuesday morning.

"If I had known of Mr. Tipple's intention, I certainly should have used all my influence to prevent it. Let me assure that the Methodists of Rome were not responsible for that article.

"Allow me once more to express my admiration for the courageous position you have taken in the face of the demands of the vatican. The Methodists of Rome will not forget it."

CITY OFFICIALS GIVE BANQUET.

The series of events connected with the cancellation of Mr. Roosevelt's audience with the pope and his repudiation of the denunciatory statement issued by Pastor Tipple of the American Methodist church at Rome added interest to the dinner given in Mr. Roosevelt's honor tonight in the great hall of the historic Capitoline palace by the municipal authorities and over which Mayor Nathan presided. No reference, directly or indirectly, was made to the vatican incident. The guests included Premier Lazzari, Signor Ferrarini, grand master of the Free Masons, and Ambassador Leishman.

Mayor Nathan, in proposing the health of Mr. Roosevelt, referred to him as "one whose character and work has affected up to the civilization of humanity." After mentioning Washington and Lincoln as respectively the founder and the consolidator of the republic, he characterized Mr. Roosevelt as the "purifier," saying that he had hunted "bever beasts" during his recent trip in Africa.

"Men of his caliber," said the mayor, "are beyond the limits of country; they belong by right to civilization." The mayor concluded with an apostrophe to Roosevelt as a "fighting philosopher" who is preaching the word of purity, goodness and duty to his people, and he compared the former president to Marcus Aurelius.

Mr. Roosevelt, replying, declared that no civilized man could come to Rome without feeling that he was visiting the cradle of civilization. After expressing deep appreciation for the hospitality extended him, he spoke of political life, which he said was not so much a matter of genius as of the practical application of the ordinary qualities of courage, honesty and common sense, and the rarest of these was common sense.

"Twice Italy was at the head of the world," he continued. "First, in the days of her glory when Marcus Aurelius was emperor, and, second, during the marvelous reproduction of the life of Greece in the communes of Amalfi, Pisa, Florence and Genoa. And now, in the last sixty years, since the battle of Novara, we have seen the wonderful growth which has made Italy what she is and what she will be."

Crowd at the Depot Cheers Him

Mr. Roosevelt and his wife left for Spezia tonight. A large crowd gathered around the train, in an enthusiastic demonstration. There were many cries of "Long live Roosevelt." The former president was obliged to reappear on the platform of the special car which had been put at his disposal by the government, and he expressed his thanks to the people of Rome for their generous and unforgettable hospitality, which called forth a new aviation that continued as the train moved away.

Among Mr. Roosevelt's telegrams today were two from Catholic publishers, declaring that Catholic opinion in America endorsed his position. Mr. Roosevelt also received visits and letters from members of the Methodist organization in Rome, disavowing sympathy with the violent utterances contained in Pastor Tipple's recent statement. The vatican today made further representations regarding the cancellation of the audience, but it contained no new points.

REVEALS A CAREER
OF LIFELONG CRIME

Bertram Gage Spencer, Arrested at Springfield, Mass., for the Murder of Miss Martha B. Blackstone, Makes a Confession.

He the Burglar Who Has Terrorized the City for Two Years and Who Reached the Climax of His Wild Exploits by Shooting the Young Woman Whose Death Has Now Brought Him to Justice—A Thief Since a Boy of Nine.

Springfield, Mass., April 6.—Laying his crimes to love of excitement and a mania for stealing caused by an injury to his head in boyhood, Bertram Gage Spencer today confessed that he was the masked burglar who has terrorized Springfield for two years and who reached the climax of his wild career by murdering Miss Martha B. Blackstone last Thursday evening.

Spencer made it clear that associated with an overpowering desire to steal were an intense love of excitement and a high degree of personal vanity. This later trait of Spencer was gratified by bailing the police and reading the newspaper accounts of his exploits. The accounts of his daring crimes fascinated him and fostered his egotism.

Coupled with the other motives was a desire to get money to purchase elaborate furnishings for his home in West Springfield, furnishing a handsome setting for a young and pretty wife, for whom he bore a strong affection.

While he admitted killing Miss Blackstone and shooting Miss Harriet P. Dow at the home of Mrs. Sarah J. Dow the night of March 31, Spencer said he did not intend to shoot but lost control of himself when Miss Blackstone repeatedly shrieked. Even then he fired only to frighten her and the three other women who confronted him in the Dow home.

Has No Qualms of Conscience.

Spencer was arraigned in police court and was held without bail. He told the police that he has experienced no qualms of conscience as a result of his crimes. The only thing that worried him was the loss of a pocket bearing his initials. This was found on the floor of the house which he had entered and through it his arrest was brought about.

In his confession, Spencer revealed a career of almost life-long crime. Following a blow on the head which he received in Lebanon, Conn., he began to steal. At the age of nine he rifled the pockets of school mates and robbed his parents of small sums. Later, while still a youth, he held up young women on the highways and entered houses. He spent some time on a navy training ship and then traveled about the country, his thefts covering a wide range of territory. By engaging in legitimate occupations by day, he escaped detection.

His Plunder Only \$300.

Despite the large number of robberies, Spencer's plunder in the aggregate amounted to only \$300. He has never been in prison. He told his wife he obtained the trinkets in auction rooms. Spencer is not addicted to either drink or drugs.

MURDERER FIRES HOUSE.

Indiana Woman Is Slain as She Is in Her Home Alone.

Richmond, Ind., April 6.—Mrs. Frank Allison, a tenant on a farm near Cambridge City, mysteriously murdered today while at her home alone by an unidentified assailant, who set fire to the house in an effort to hide the crime.

Boy Is Prisoner's Accuser.

Canton, O., April 6.—Cletus Willaman, under arrest at Chicago, will be brought to Canton tomorrow to stand trial for the murder of his father-in-law, Warren E. Koons, sixty years old, and Koons' wife. The crime was committed last night and was revealed today by Earl Koons, ten years old, son of the slain pair. Mrs. Koons was shot dead and her husband beaten to death with a brick.

Mrs. Saylor Tells Her Story

Watsoka, Ills., April 6.—Mrs. Lucy Saylor, on the witness stand today, told the story of the killing of her husband, J. Byron Saylor, at Crescent City last July. Her testimony was in accord with that of Dr. Miller, who yesterday declared that he shot Saylor in self-defense.

MEDICINE MAN CONVICTED.

Dr. Julian Thomas Charged With Misrepresenting His Remedy.

New York, April 6.—Dr. Julian P. Thomas, balloonist and motor car racer, was found guilty today of violating the pure food law in the manufacture of a proprietary remedy which the government contended was misrepresented in the published advertisements. The penalty is a fine of \$25 for the first offense. An arrest of judgment pending an appeal was granted.

BODY FLOATS 100 MILES.

Niagara Falls, April 6.—A body believed to be that of Captain John Me-Leod of the Marquette-Bessemer car ferry which foundered between Conneaut and Port Stanley Dec. 10, was found today in the intake of the Niagara Falls Power company. The captain's body had traveled 100 miles. Thirty-five lives were lost when the ferry foundered.

CZARINA'S HEALTH RESTORED.

St. Petersburg, April 6.—Empress Alexandra furnished the best possible refutation of the recent reports that she is in serious ill health when today she received Ambassador Rockhill. Judging from appearances, her majesty has fully recovered her normal condition. The audience marked the resumption of the social life of the court in full vigor. It had been suspended since the war with Japan.

Copper Country

BARAGA COUNTY RETURNS.

Results of the Township Elections in That County Monday.

The returns of the different township elections of Baraga county show that in four of the five townships there was opposition. In L'Anse township the Citizens' ticket carried, electing the following: Supervisor, John O. Maxey; clerk, Harris G. Smith; treasurer, Moses T. Deschaine; commissioner of highways, Edward Seavy; justice of the peace, William S. Crehassa; member board of review, John A. Hickey; overseers of highways, William Owen, Daniel De-nomme, Herman Komanen and Charles Beardsley; constables, John Sands, Jacob Kunnisto, Jr., William Tolletson and Maurice Soti; poundmaster, August Bol-dy.

In Baraga township Fred W. Schwalm was elected supervisor; William C. Birk, clerk; for treasurer, Samuel Hill; commissioner of highways, Edward Mitchell; justice of the peace, John Markle; member board of review, Simon Demic; overseers of highways, Angus Koskela, Edward Baranow, William Gollback, John G. Erickson, Louis Krolick and Owen McCabe; constables, Peter Nilson, Theodore Duket, Joseph Coupeau and Arthur Carlson; poundmaster, Andrew Giddings.

In Spurr township the results were as follows: Supervisor, Samuel T. Mc-Kereher; clerk, William Williams; treasurer, Max Beaudry; commissioner of highways, Armas Labbi; overseer of highways, Oliver Bruno, Jr.; justice of the peace, John Smith; member board of review, Napoleon Beauvais; constables, John Kovisto, Oliver Bruno, Sr., Frank Valler and William Heron.

Anton E. Erickson was elected supervisor of Covington township. John Voderler, clerk; Joseph Miettinen, treasurer and Gust Hill, commissioner of highways. The following were elected in Arvon township, without opposition: Supervisor, Olof W. Benn; clerk, Oscar Lundberg; treasurer, August Bookstrom; commissioner of highways, Peter Rhenz; justice of the peace, Axel Erickson; member board of review, Oscar Zellen; overseers of highways, Charles Johnson and Alfred Peterson; constables, Emil Lundberg, Leander Lundberg, Andrew Erickson and Ole Fossum.

CRICKET MEETING SATURDAY.

Copper Country League to be Reorganized at Hancock Meeting.

A meeting of the representatives of the teams in the copper country cricket league will be held at Hancock Saturday evening. The reorganization of the league, election of officers and appointment of committees will be the matters coming up.

It is possible, though not probable, that all the tea teams of last year's league—Calumet & Hecla, Mohawk, Ahmeek, Keweenaw, Laurium, Beldie, Mesnard, Quincy, Triumphant and Fairdale—will be represented. Ahmeek and one of the South Range teams have not placed teams in the field, but may have delegates at the meeting. It is certain that the other eight teams will again be in the league this year.

WIESNER WILL GO TO EUROPE.

A. Wiesner, United States weather observer at Houghton for the past five years, will leave next week for a tour of Europe. He will spend the summer visiting relatives at his old home in Austria. He will not return to America until September and is not certain that he will then resume his work at Houghton. During his absence the bureau will be in charge of Howard B. Cowdrick of Tampa, Fla.

HERE FOR WIFE DESERTION.

Under Sheriff Phil Sheridan has returned from Minnesota, where he went after John H. Condon of Hancock, wanted on the charge of wife desertion. He got the man, but the fugitive was in a pitiable condition and is now in the county hospital suffering from inflammatory rheumatism. It will be some time before he will be able to appear in court for trial.

DON'T GET RUN DOWN

Weak and miserable. If you have kidney or bladder trouble, dull head pains, dizziness, nervousness, backache, and feel tired all over, get a package of Mother Gray's AUSTRIAN-LEAF, the pleasant, sure cure. If never fails. Ask for Mother Gray's Australian-Leaf at druggists or sent by mail for 50 cents. Sample free. Address, The Mother Gray Co., Le Roy, N. Y.

J.A. Minnear Co. BROKERS

Offices at Calumet and Laurium.

Direct private wire service to all markets. If you want the best service on your ore orders and cannot favor us direct, instruct your banker to have us execute the order. Buy and Sell Boston Coppers, Railroads and Curls for cash or on margin.

BOTH OFFICES OPEN EVENINGS.

Phones!

CALUMET, 64 and 75. LAURIUM, 450, 520 and 605.

Not in Milk Trust

The Original and Genuine

HORLICK'S MALTED MILK

The Food-drink for All Ages.

More healthful than Tea or Coffee. Agrees with the weakest digestion. Delicious, invigorating and nutritious. Rich milk, malted grain, powder form.

A quick lunch prepared in a minute. Take no substitute. Ask for HORLICK'S. Others are imitations.

HANCOCK TOWNSHIP CONTEST.

Dan Washburn Contests That Election of Monday Was Illegal.

The political situation in Hancock township continues to arouse much interest. The latest development is that Dan Washburn, candidate for supervisor on the Citizens' ticket, has filed a protest against Monday's election and will have certain matters straightened out to his satisfaction before he stops protesting. The officers elected Monday were: Supervisor, Patrick Solomon; clerk, Tom Major; treasurer, Daniel Birkema; highway commissioner, Jacob Hill; justice of the peace, Jacob Ojala; member of board of review, C. Peterson; overseer of highways, Dan Anderson; constables, Charles Birkema, Oscar Waupio and A. Getsche. The contentions on which Mr. Washburn's protest is based are that one or more candidates on the Republican ticket were members of the board would have the booth to procure votes for themselves and the tickets, and that the ballots as printed were illegal.

As to the latter condition, it appears that the regular township caucus held March 26 named a "Nomination" ticket, with Patrick Solomon at the head as supervisor. Three of the candidates withdrew and at a caucus the following Monday formed the Citizens' ticket, with Mr. Washburn for supervisor. The leader of the first ticket then held another caucus and formed the Republican ticket. It is claimed that this ticket was held five days before election day as required by law. The "Nomination" ticket did not appear at all on the ballots and the names of two constables, all the officials listed on the ticket, were transferred to the Citizens' ticket without the consent of anybody.

HARRY DILLON APPOINTED.

Houghton Young Man Made Special Agent for U. S. Census.

Harry Dillon of Houghton this week received his appointment from Washington as special agent for the United States census. It being his duty to collect data and statistics concerning the mining and manufacturing industries of the western end of the upper peninsula. The work will start at once and will take about three months to complete. The territory includes the counties of Houghton, Keweenaw, Baraga, Ontonagon, Iron and Gogebic. The collection of the data is a big task. Mr. Dillon was appointed census enumerator for Houghton, but has resigned that position to take up his new duties.

MARRIED YESTERDAY.

Miss Minnetta Hebert Weds George Bennett—Whitford-Clayberg.

Miss Minnetta Hebert, daughter of Joseph Hebert of Calumet and George Bennett of Houghton were married at noon yesterday at the home of the bride's parents by Rev. J. A. Ten Broeck, pastor of the Christ Episcopal church.

Miss Hattie Whitford of Houghton and Frank C. Clayberg of Grand Island, Mich. were married at noon yesterday at the Whitford residence at Houghton by Rev. S. Pollock, pastor of the Methodist church. They left in the afternoon for Grand Island, where they will make their home.

MORE WRESTLING IN SIGHT.

Chris Person and Karl Letto Booked for Handicap Match.

The challenge issued by Chris Person to Karl Letto at the Amphitheatre Saturday night has been accepted. The Letto management will make arrangements for a bout with Person and it will probably be held in Houghton on or about April 15. Person offered to take on Letto in a straight match or a handicap, agreeing to throw the Finn twice in ninety minutes. The latter proposition has been accepted. Judging from the work done by Letto in his bout with Zbyzko last Saturday Person will find himself up against a hard proposition.

NAVIGATION HAS OPENED.

Tug Hebard Comes to Houghton from Pequaming—New Record Set.

Navigation is open on Portage lake. The tug Daniel L. Hebard, Pequaming to Houghton, with a slow-load of shingles, passed into Portage Entry Tuesday evening. The government watchman at the Entry reported that not a speck of ice was in sight on Portage lake or Keweenaw bay. He set out the range lights for the first time Tuesday night. The passage of the Hebard through the lake establishes a record for the early opening of navigation in the copper country.

ANNIVERSARY CELEBRATED.

Rev. and Mrs. W. M. Ward of Laurium Tuesday evening celebrated the twenty-fifth anniversary of their wedding. The event was observed at the Laurium M. E. church, of which Mr. Ward is pastor. The couple were presented with a set of solid silver spoons by the Copper Country Ministerial association, a silver heart made of twenty-five silver dollars and a silver electric lamp. The wedding ceremony was performed again, with District Superintendent Pascoe officiating. Presentation addresses were made by Rev. Messrs. Marvin and Sedwick.

DUNCAN TOWNSHIP ELECTION.

There were two tickets in the field in Monday's election in Duncan township of Houghton county—the People's, supported by the people of Kenton, and the Citizens', supported by the people of Sid-naw. The People's ticket was victorious by small majorities. Those elected were: Supervisor, Dr. Carl T. Moll; clerk, Paul Spargo; treasurer, August Nordine; highway commissioner, Patrick J. Elliott.

SUPERINTENDENT KRATZ RESIGNS. H. E. Kratz yesterday announced his resignation as superintendent of the Calumet public schools, effective at the end of the present school year. Mr. Kratz has been at the head of the Calumet schools eight years. The board has as yet taken no action on the resignation.

WASHBURN-CROSBY CO. GOLD MEDAL FLOUR

Every Day - The Grocers Say

FRANK LONG PARALYTIC VICTIM.

Repertoire Actor Taken Ill While Playing in Nebraska Town.

Frank E. Long, the well-known actor in repertoire, who for years has been making trips to the copper country, is seriously ill at Minneapolis. A letter received by Hancock friends says: "Mr. Long was suddenly stricken March 23 at Chadron, Neb., with paralysis. He closed his engagement and was taken to Minneapolis, 2721 Bloomington avenue, his present address. He is on the road to recovery and the physicians believe that by fall he will be able to resume his professional duties."

DEATH OF JOSEPH H. CROZE.

Joseph Croze of Houghton received word from Denver, Colo., Tuesday that his son, Joseph, had passed away in that city. He died at 1:30 Tuesday morning. The deceased was thirty-five years of age and was born and raised in Houghton. He went to the West eight years ago. Before leaving Houghton he was bookkeeper for his father. He had been ill for a long time. He was a married man, survived only by his wife, who is accompanying the remains to Houghton. The body is expected to arrive today noon.

CALUMET & ARIZONA.

In the annual report of the Calumet & Arizona President Briggs says: "The continued development of good oxide ores in our Irish Mag deposit and the improvement in values of our sulphide ores developed on the 1,500-foot level of the Oliver shaft, where the ore bodies are strong and carry better copper values than in the levels above, make future prospects very encouraging. As soon as these ore bodies are out on the 1,450-foot level it will be necessary to sink both shafts several hundred feet deeper to explore the property at greater depths. The balance sheet shows a surplus of quick assets over current liabilities of \$3,155,194, which compares with \$3,423,263 on Dec. 31, 1908. It should be borne in mind in connection with any explanation of the balance account that while the surplus shows a reduction of \$270,000 there was expended on explorations of properties under option \$275,000 and \$139,900 was paid in completing payments for properties held under option and for which the company expects to be reimbursed. The Conrland properties are now producing 100 tons of 50 per cent ore a day. As a matter of fact, the mining profits for the year amounted to a little over \$1,200,000 or six dollars per share, but property and exploration payments necessitated the withdrawal of a small amount of the treasury surplus. It might appear from a casual analysis of the report that the company has not met its obligations in dividends paid by the amount of shrinkage of assets, but the charges referred to are proper and should be deducted from surplus funds."

NOTES OF COPPER NEWS.

Quincy A. Shaw has been elected president of the Calumet & Hecla to succeed the late Alexander Agassiz. The engine at the Nevadawest mine of Anconada got away from the engineer Tuesday and wrecked. Engineer McNabb was killed. The accident will cause the closing down of the mine for at least three months, until another engine can be installed. The Nevadawest has been hoisting about 400 tons of ore daily.

It has been practically decided by the First National company to buy an assessment of \$1,250,000 in 600,000 shares in order to retire the fourth series of bonds during July, amounting to \$375,000, and also the issue of approximately the same amount in notes due within a few weeks. From such an assessment there would be available for the purpose of retiring both the outstanding bonds and notes \$750,000, and with their elimination the company will be free of all interest charges.

The Empire Zinc company, a subsidiary of the New Jersey Zinc company, is presenting its efforts with vigor to get some of the idle mines in the Butte district which may contain zinc in paying quantities. A force of men is now at work on the old Alice property in the interests of the New Jersey concern and should investigation warrant it, the mine will be worked as a zinc property. The Alice is controlled by the Butte Coalition company, one of the properties taken in on the recent merger.

President Charles Briggs of the Superior & Pittsburg branch in the annual report that the average number of men

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so? The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is red cheeks and round form.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

J. G. Reynolds returned Tuesday from Ormond, Fla.

The Guild Hall Glee club will meet at 8:30 o'clock this evening.

A meeting of the A. O. H. was held at Keough's Hall last night.

J. S. Kennedy of Ironwood was a visitor in Marquette last evening.

The ladies of the Cathedral parish will give a card party at Baraga Hall this evening.

Miss Edna Adams has returned to the city, after visiting relatives in Kentucky for some weeks.

The Odd Fellows' banquet last evening in Fraternity Hall was largely attended and a general good time was enjoyed.

County Clerk Jenks has received election reports from Wells and Sands townships, Turin now being the only townships which has not been heard from.

Wells township cast fourteen dry votes, and forty-seven wet votes. Sands townships cast fourteen dry votes and forty wet votes. With Turin township, missing, the wet majority in the county was 878.

Death at St. Luke's—Miss Olive Mowick, aged sixteen, died at St. Luke's hospital yesterday after a brief illness with pneumonia. The deceased was the daughter of Mons. Mowick, 42 East Hewitt avenue. No funeral arrangements have yet been made.

Hotel Superior Meeting—Miss Maggie Walz arrived in Marquette from Calumet yesterday, and has called a meeting of all interested in the Hotel Superior project to be held in the city hall at 2 o'clock this afternoon. All delegates from the various lodges and societies are requested to be present. Those holding subscription blanks are expected to attend and submit reports.

Automobile Licenses—County Clerk Jenks has received a book from the secretary of state containing a list of all the licensed automobile owners in the state. It also contains a list of all the licensed motor cycles and of licensed chauffeurs. The book shows that 11,900 automobiles and 434 motor cycles have been licensed up to March 1 in Michigan.

Escaped Convict Captured—Deputy Warden Catlin of the prison went to Escanaba last evening to get Mike Sheridan, who walked away from the prison barn about a week ago. The prison officials anticipated that Sheridan would head in the direction of Escanaba and the officers had been warned to be on the lookout. Word was received yesterday that the man was in custody.

Sheridan is a "lifer," having been sent up from this county for murder several years ago. For about two years he had worked as a trusty about the prison barn.

Bazaar Officers Elected—At a recent meeting of the ladies of the French congregation the following officers were elected for the coming bazaar which will take place in the latter part of August: president, Mrs. Emma Rose; vice president, Mrs. Marie Cadrette; secretary, Miss Jennie Turcotte; treasurer, Miss May Oudotte. The members of St. Monica and St. Genevieve guilds have been working faithfully for the past three years in preparation for the fair.

The work of the ladies and the general enthusiasm of the members of the parish guarantee that the fair will be as successful as any ever conducted in the interest of St. John's church.

Musical Treat in Store—The entertainment by the Vassar girls at the Opera House Saturday evening promises to be the musical event of the season and they should have a big audience. On March 30, they appeared at the Grand Opera House at Pierre, South Dakota, before a packed house, and according to the local press, those who failed to attend missed one of the finest entertainments ever given in that city. The Vassar girls were attired in caps and gowns in solo, quartet choruses, etc. filled in the intervening time, the performers then having discarded the distinctive college costume. The instruments they used were in bewildering variety and some of the performers showed the mastery over several different instruments. In one number, the "Whistler and His Dog," the whole eight whistled most bewitchingly, while the dog was imitated to perfection by one young lady on her instrument behind the stage. There was not a number on the program that was not exceedingly fine and greatly applauded. The violin solo, "A Song of the Puszt" by Martha Sandager, received tumultuous applause. The vocal soloist, Gilda McCoy, had a wonderful voice and was enthusiastically recalled. Season ticket holders may reserve seats at Bigelow & Co.'s store today and individual tickets with reserved seats will be on sale Friday and Saturday.

INSURE WITH PETER WHITE & CO. NOT SO FAMISHED.

A man was telling about an exciting experience in Russia. His sleigh was pursued over the frozen wastes by a pack of at least a dozen famished wolves. He arose and shot the foremost one, and the others stopped to devour it. But they soon caught up with him, and he shot another, which was in turn devoured. This was repeated until the last famished wolf was almost upon him with yearning jaws, when—

"Say, partner," broke in one of the listeners, "according to your reckoning that last famished wolf must have had the other 'leven inside of him."

"Well, come to think it over," said the storyteller, "maybe he wasn't so darned famished after all."—Everybody's Magazine.

Don't worry if you can't always have your own way. Sooner or later every man bumps up against a stone wall.

You can get some nice parlor paper from 18 to 25c per double roll at Geill's wall paper store. (3-10-10)

INSURE WITH PETER WHITE & CO.

TUXEDO CLUB 10c CIGAR

ICE HAS DISAPPEARED.

Great Lakes Open Earlier Than in Any Year Since 1903.

The reports from the regular and display stations of the weather bureau and meteorological service of Canada indicate that the ice fields have disappeared from Lake Superior and that the harbors are open ready for navigation. The ice has moved out of Whitefish Bay and the St. Mary's river is open its entire length. In Green Bay the ice has moved out during the week and none is reported except in Big Bay de Noquette and this ice has probably disappeared by this date. In Michigan the ice fields have disappeared along the eastern shore and none are reported from the northern section about the islands. At the straits the ice has all moved out with the exception of a few small scattered fields and these will disappear this week. In Huron the fields along the eastern shore have been broken up and practically disappeared; no ice was reported along the west shore. In Lake Erie the fields continue over the extreme eastern portion from Dunkirk east to Buffalo. These fields are breaking up and a large amount of ice is passing down the river. In Ontario the harbors are all open, except Kingston, and the ice in that vicinity is breaking up and will move out this week. In comparison with the same period last season there is less ice in all the lakes. This is the earliest disappearance of the ice fields in the Great Lakes since 1903, when the lakes were practically clear by the close of March.

While general navigation will probably not be resumed until April 15, 1910 on account of hull insurance, a few vessels will be in operation next week and it has been recommended that the display of storm warnings be resumed on all lakes on April 10, 1910.

BOWLING SCORES.

The Guild Hall "A" team defeated Guild Hall "B" three straight games at the downtown bowling alleys last evening. The scores follow:

Bar	142	176	180	498

Slow Running Blood

When your blood creeps lazily through your veins, you can't feel well. Slow running blood is generally bad blood. The blood runs slowly because it is laden with impurities which, if allowed to remain, will destroy your health. You should heed the warning and take Desjardins' Sarsaparilla with Iodide of Potassium and Iron. It is a positive, unfailing cure for all forms of skin, blood and malarial disorders. It purifies and invigorates the blood and restores new life and vigor to every organ of the body. There is nothing else so good—nothing else like it. It is a concentrated extract, one bottle of which contains more real curative power than half a dozen bottles of any other medicine you can buy. Price, \$1.00.

THEORY OF LIGHTNING AND ITS CONTROL

REPRESENTATIVE OF LIGHTNING ROD CONCERN IN CITY GIVING INTERESTING DEMONSTRATION OF ARTIFICIAL THUNDERSTORM

J. D. Laughlin, representing the Dadd & Struthers Lightning Rod company, of Des Moines, Iowa, is in the city demonstrating the efficacy of lightning rods. Mr. Laughlin carries with him an "artificial thunderstorm" that is, an instrument by which the science of lightning is illustrated. He has a small electric generator, suspended above which and connected with it is an electrode, which represents a thundercloud. A miniature house is placed about eight inches below the electrode. When the current is turned on, flashes of lightning burst from the electrode and strike the chimney of the house, passing down the chimney and through the stove into the ground. A metal figure, representing the stove, is placed in the stove, showing why people are sometimes struck and killed. By placing a copper wire near the top of the chimney, the lightning is deflected and the house is not touched.

Mr. Laughlin says that lightning is a discharge of electricity through the air. The air is a poor conductor of electricity and resists its passage, and on account of this resistance, or friction, the road over which the electricity passes is made white hot. Lightning is not electricity but the road over which the electricity discharges, and which is made white hot by the resistance. If the air did not resist it, there would be no lightning, for electricity makes no disturbance unless resisted in its course.

"Lightning is the result of a class of conditions," says Mr. Laughlin, "and cannot possibly occur without these conditions, which are the storage of electric force in the things that are to be struck. When the charge gets big enough, it all goes off at once, and anything that resists this discharge is torn to pieces. To prevent a lightning stroke, you must not allow the electricity to store up."

"A railroad, for instance, under conditions that cause lightning by discharging the electricity as it accumulates. The common idea that metal attracts lightning is entirely erroneous. Electricity is not flying around at random to be attracted by anything, but is the result of abnormal electric conditions. If a house is covered on roof and sides with metal, it is safe, as it discharges electricity silently, a little at a time, just as a railroad train does. But on a wooden house or other building, one should have lightning rods intelligently put on. The rods act as a telegraph line for the electricity, and as the rod is in the earth and extends above the house, the electricity finds an easy way through the rod, and instead of storing up in the house, it is telegraphed to the points of the rods and from the points escapes, thus preventing the conditions that otherwise would cause trouble. This discharge is easily seen in the dark."

All of these scientific theories are clearly illustrated by Mr. Laughlin in the operation of his "artificial thunderstorm." Whether or not one is interested in lightning rods, the demonstration is not only a valuable lesson in science, but affords a most interesting spectacle. Statistics show that in Iowa, the damage to rodded buildings from lightning in 1908 was but \$135,650, while buildings not rodded were damaged or destroyed by lightning to the amount of \$28,940. Forty per cent of the buildings in Iowa are rodded. In Wisconsin in 1907, the total damage from lightning striking buildings which were rodded was \$95, while unrodded buildings were damaged or destroyed to the amount of \$89,877 by lightning.

J. E. Rean of this city has taken the agency for Marquette county for the Dadd & Struthers lightning rods.

THEATRICAL

"The Wolf."

"The Wolf," which was presented at the opera house last evening, was of and for men and women of red blood, and was well received by the rather small audience in attendance. "The Wolf" is a story of the Canadian woods, and the characters and plot are true to a primitive and elemental life. There are six characters, each with distinct personalities, represented by players of ability who give forceful effect to the story. In this north woods live an old Scotchman, "the madman of the North," and his yellow-haired daughter. The father hates his child, because the mother was unable to put up with his harsh words and ways and left him. An American railroad builder comes along, who even boasts of his skill in ruining women, and tries to induce the girl to run away with him. Jules Beaumont, a Canadian Frenchman, loves the girl with a pure love, and the play is centered in the struggle between these two men for the heart and life of this innocent girl. The last act is a fight between the American and Jules, which takes place on a darkened stage. Shadowy forms are seen struggling to and fro, a sudden and expressive "Ha" is heard, and a body drops to the floor with a chilling thud. The survivor strikes a match, and then it is seen that the French Canadian is the victor. The would-be seducer lies dead.

In the hands of Andrew Robson, the role of Jules Beaumont was excellently handled. He animated in speech and movement, and speaks the pathos of his race with fluency. His work showed him to be well adapted to the role of the habitant.

Miss Brun Johnson was pleasing as

Hunt's Perfect Baking Powder

Is Not Made by a Trust

Price Moderate

Delicately Formed

and gently reared, women will find in all the seasons of their lives, as maidens, wives and mothers, that the one simple, wholesome laxative remedy, which acts gently and pleasantly and naturally and which may be taken at any time, when the system needs a laxative, with perfect safety and really beneficial effects, is Syrup of Figs and Elixir of Senna.

It has that true delicacy of flavor which is so refreshing to the taste, that warming and grateful toning to the stomach which responds so favorably to its action and the laxative effect which is so beneficial to the system when, occasionally, its gentle cleansing is required.

The genuine, always bearing the name of the California Fig Syrup Co., may be purchased from all leading druggists in original packages of one size only, price fifty cents per bottle.

the daughter "Hilda." She had but little to do except to appear girlish, innocent and submissive, except at the end of the second act where she defies her father and declares her love for Jules. Wm. Slider, as the Scotchman, put on the dialect very thick and heavy, but he gave a strong presentation to a strong character. McDonald, the American, was well played by Harry Mattias. In his manner and easy language, one could easily see how he might be the seducer of women that he essayed to be. Lynne Overmann carried the only comedy part, that of the assistant to McDonald, whose favorite amusement was hitting the old man. He has a pleasing manner and won the favor of the audience. Henry Sherwood, as Jules' faithful servant gave a strong portrayal of the French Canadian in a lower walk of life than the character essayed by Mr. Robson.

Mrs. Leslie Carter.

Local theatregoers will probably have one of the greatest treats of the present theatrical season on Friday night, when Mrs. Leslie Carter will produce her new play, "Vasta Herne," by Edward Peple, the author of "The Prince Chap." In producing this modern play, Mrs. Carter has made a marked departure from the canons that have signalized her art since she became her own manager. She has left behind entirely the atmosphere of "Zaza," "Du Barry" and "The Heart of Maryland," and has devoted herself to portraying the character of a modern New York woman.

"Vasta Herne," the character enacted by Mrs. Leslie Carter, is a young woman, who at the time the play opens, has already achieved a wonderful reputation as a writer of brilliant and weird stories. Her literary work is done under mysterious influences; influences as mystic as those which swayed Du Maurier's "Trilby." They are influences which, if persisted in, mean the absolute destruction of the individual. The dramatic interest of the play lies in the struggle between Vasta Herne striving for the right and her ambition for love and the world's applause. Of course there is a love story. Two men are in love with Vasta Herne, one, Hartley Bellair, has had Vasta in his power and, because he has won a fortune from her literary work, desires her to keep on with it at whatever cost to herself. The other man, Dr. Dudley Maury, loves Vasta for herself alone and would rather recognize the evil and danger of the influences that surround her. He joins with her in a battle to save her soul and it is in the struggle between the two men— one seeking to lift up and the other seeking to drag her down—that the real crux of the drama lies.

OLD MYSTERY CLEARED

Authorship of the "Parnellism and Crime" Articles Finally Revealed.

London, April 6.—In an autobiographical article in Blackwood's Magazine, Sir Robert Anderson admits the authorship of the famous "Parnellism and Crime" series of articles published in the Times in 1887, which culminated in the publication of the Parnell forgery. Sir Robert Anderson was then adviser to the home office, and later, during the proceedings of the Parnell commission, became head of the investigation department of Scotland Yard.

In 1886 Gladstone formed a parliamentary alliance with Parnell and proposed the home rule bill, which secured the support of all the Irish members but caused a split in the Liberal party and restored Lord Salisbury to power. The Times sought to discredit home rule by publishing a series of articles entitled "Parnellism and Crime," in which it tried to connect Parnell with the Phoenix Park murders and other assassinations. In support of the allegation it published letters alleged to have been written by Parnell and which were proved to have been forged by Piggott.

TREMENDOUS JOB AT PANAMA.

Every Two Minutes a Ton of Coal is Burnt Up—Enormous Expense.

Washington, April 6.—Every two minutes a ton of coal is burnt up at Panama; every minute 12 carloads of rock and gravel are torn from the earth; every hour 1,600 pounds of dynamite are exploded in mountain and jungle; every minute \$125 is spent for labor.

One hundred and thirty-two steam engines are shrieking and creaking in the nine mile ribbon of the Culebra cut, 10,000 shirtless men are sweating and swearing, 1,250 flatcars are running. One hundred and six miles of track split the gorge; a dozen sets of rails, in a width of 200 and 300 feet, are hung in tiers one above the other. Sixty-seven steamshovels are plunging 20-ton scoops into the earth two and three times a minute.

On the two sides of the inferno squat the twin peaks of gold and snow hills, like a couple of apples which a school boy has nearly bitten through. Picture a chasm measuring 125 feet in every direction in which could be buried 25 ordinary three-story houses, 40 feet in height, in width and length. The equivalent of such a chasm is bored every day along the course of the canal, the excavations approximating 2,000,000 cubic feet daily.

MARKETS

WALL STREET STOCKS.

New York, April 6.—Paine, Webber & Co. say of today's stock market: "Trading was centered in Steel during today's session, with a slight increase in outside participation, but realizing sales were in evidence on the advance. Although the sentiment has undergone a slight change for the better, we feel that advantage should be taken of the advances and lines lightened in anticipation of occasional recessions, which will undoubtedly result from the activity of the element in favor of lower prices."

Table of closing prices for various stocks including Amal, Anaconda, Am. Smelters, etc.

Boston Quotations.

Boston, April 6.—Today's stock market at Boston is summarized by Paine, Webber & Co. as follows: "On the whole, the market acted very well today. The selling pressure seemed to have stopped, and there was a little more confidence. Utah Consolidated was weak on stop orders being caught. Lake sold off a little at the opening, but soon rallied on light transactions. We see no reason to expect any considerable bullish activity, but think that prices will gradually creep higher, as the break has been considerably overdue. The striking of a lode at Bohemia brought considerable buying in that stock, and we think it the best gamble on the list."

Table of Boston quotations for various stocks including Adv., Am., All., etc.

Number of shares sold during the day were as follows:

Table showing number of shares sold for various stocks like Amal, Anaconda, etc.

New York Cotton Market.

[Paine, Webber & Co.]

New York, April 6.—Under the conditions that exist, the fall and winter months are worth the prices asked for them and the chance of loss is but very small so long as there is uncertainty in regard to the crop and there will be

crop uncertainty for many months yet.

If crop accounts turn bad an extreme advance is very probable.

Paine, Webber & Co's Wheat Letter.

Chicago, April 5.—It was a bearish market, under news and sentiment favorable to the selling side from first to last. The foreign markets were decidedly weak. The Ohio state report was bearish. The northwest dispatches held out some hope of a returning flour demand, but for the present the cash wheat and flour news from that quarter is decidedly discouraging to buyers. Outside of Kansas, and Nebraska, about all the crop reports were greatly improved. The demoralized condition of the corn trade added to the selling pressure in wheat, both early and late. The market has had too much of a break to get far from shore on the short side."

Upper Peninsula

Former Soo Ball Players—

A number of former baseball players at the Soo are in fast company this year. Among the men are Fred Rodgers, captain and catcher of the Flint aggregation; "Jap" Barbeau of St. Louis, who is expected to return to his old nest with Pittsburgh, and Fred Curtis and "Kid" Taylor, who are signed with Wilmora of the "Mining" league. The Soo has some excellent material for a fast team this year and it is expected that a nine of championship calibre will be organized. The club will play independent ball.

Gladstone Elects New Mayor—

By a decisive majority W. W. Hammett was elected mayor of Gladstone over William A. Miller, the present executive. The successful candidate carried every ward in the city with the exception of the fourth by a big vote, having a total majority over Mayor Miller of 150. I. G. Champion of the Gladstone Reporter, defeated E. D. Carr of the People's party ticket for the office of city treasurer by a majority of twenty-seven. Following are the ward officers elected: First ward, supervisor, N. J. Gormsen; alderman, Lewis; second ward, supervisor, C. D. Mason; alderman, C. C. Clark; third ward, supervisor, H. C. Heinke; alderman, W. J. Micks; fourth ward, supervisor, J. W. Call; alderman, J. H. Murphy.

Falls and Is Fatally Injured—

As the result of falling headlong from the top of the No. 3 Northwestern dock while at work there, Adolphe Gagnon, an Escanaba young man, was fatally injured. The victim of the accident was a son of George Gagnon, living at 612 Ayer street. He was employed as a carpenter at the dock and while walking along a narrow beam he missed his footing. In his headlong plunge the unfortunate young man was thrown violently from side to side as he struck the heavy girders and braces. He was unconscious when fellow employees reached his side. The patient was removed to the hospital, where it was found that he was suffering from serious internal injuries, in addition to numerous bruises and lacerations about the head and body.

Election Results at Escanaba—

Along with Mayor Solomon Greenhead, the bulk of the Citizens' ticket was triumphant at the polls. The Taxpayers' party elected three aldermen. The Citizens' party elected the entire city ticket, seven supervisors and four aldermen. The closest fights were in the First and Fifth wards where Alderman Powers was defeated by George Shipman by one vote and where Alderman Cornelius Gallagher was defeated by Edward Kirkpatrick by two votes. A flattering testimonial was that given Michael J. Lyons, the present city clerk, whom he led his entire ticket, receiving a majority of 333. Frank J. Hess, the Citizens' party candidate for city treasurer, proved to be the next in popularity, receiving a majority of 478. Mayor Greenhead's majority was 100. For justice of the peace, Emil Glaser had no opposition. The successful candidates in the wards were: First Ward—Alderman, George Shipman; supervisor, Jules Eskin. Second Ward—Alderman, Matt Priest; supervisor, Frank H. Atkins. Third Ward—Alderman, John Schmidt; supervisor, James H. Burns. Fourth Ward—Alderman, E. M. St. Jacques; supervisor, E. J. McMartin. Fifth Ward—Alderman, Ed and Kirkpatrick; supervisor, Charles H. Frank. Sixth Ward—Alderman, John Garity; supervisor, Charles Anderson. Seventh Ward—Alderman, Charles Nelson; supervisor, Miles Henrietta.

JOHN MUGFUR HAS PASSED AWAY

WELLKNOWN WHOLESALE FRUIT DEALER ANSWERED THE FINAL SUMMONS EARLY YESTERDAY MORNING.

John Mugfur, one of Ishpeming's best known and most popular business men, died yesterday morning at 2:45 o'clock. Death did not come unexpectedly as Mr. Mugfur had been unconscious since 5 o'clock Monday afternoon. Apoplexy, from which he had suffered for five years past, was the cause of his demise. Mr. Mugfur suffered a severe stroke during the holidays and for two or three weeks his condition was critical. He began to improve and about six weeks ago was able to be out. He was taken with a sudden relapse, however, and his physician gave little hope for his recovery.

The death of Mr. Mugfur will be greatly mourned. He was successful in business, and had many staunch friends throughout the county. He was born fifty-three years ago in Cornwall, Eng., and came to America in 1882, locating in New Jersey, where he remained for two years, or until twenty-six years ago, when he came to Ishpeming. About that time he was joined by Mrs. Mugfur and their only child, a daughter five years of age, who passed away some years later.

During the first three years or so of his residence in Ishpeming he worked as a miner at the Detroit mine, under the late Captain William Oliver. After leaving there he was engaged in the confectionery business on Division street, and from there moved to the McEnercy block on Main street. For some years he dealt in fruits and vegetables as a side line, and finally disposed of his confectionery business, to engage exclusively in the wholesale fruit business.

About five years ago Mr. Mugfur gave his son, Will, full charge of the business, which has since been conducted under the firm name of Mugfur & Son. A large trade has been established and the firm's patrons include practically every merchant in Marquette county, as well as many in adjoining counties.

Something over three years ago Mr. Mugfur went to England on a visit to his mother, who is now ninety years of age, and other relatives there. Two years ago he was married in England to Miss Emily Linder, who, with his son Will, survive him. His mother, three brothers and two sisters live in England.

The funeral will be held Sunday afternoon at 3 o'clock from the First Methodist church. Sir Humphrey Davey lodge, Sons of St. George, of which the deceased was a member for many years, will have charge. The casket will not be opened in the church. Among the relatives expected here to attend the funeral are John and Richard Coad, and their sister, Mrs. A. Humble, brothers and sister of Mr. Mugfur's first wife, Richard Coad and Mrs. Humble live at Ely, Minn., and John Coad resides at Bessemer.

REDECORATING STORE.

The Gately-Wiggins company is just finishing redecorating the interior of its store in the Robbins block, Main and Bank streets. Both the walls and ceilings have been papered and the combination of colors speaks well for the taste of Glenn Snyder, the retiring manager, who picked them out. The panels on the side walls are dark red, with a heavy dark green border. The same effect is worked out in the ceiling, which is a cream color, with dark brown borders. Mr. Snyder, who is to leave the Gately-Wiggins company, expects to be transferred to a new position with the Gately company within a few days.

"THE WOLF" TONIGHT.

Play Fully as Strong as "Paid in Full" to Be Seen Here.

A dramatic event in which Ishpeming theater goers are showing much interest is the production of "The Wolf." Eugene Walter's play of the great northwest, which is to be seen at the Ishpeming theater tonight.

The successful author of "Paid in Full" and "The Easiest Way" has used material radically different from those plays of modern city life and its temptations in "The Wolf." He has made the Canadian woods the background, and for his characters has given us a hard, rugged old Scotch settler; a gentle daughter; an American civil engineer, and his assistant, and two French Canadians with the blood of the Ojibway nation in their veins.

The story is told directly, with many a fine touch of sentiment, with much skillful elaboration of character, and with the softening effect of much good comedy. "The Wolf" has been proclaimed the best all-round melodrama of the time. It is to be played by a superior cast headed by Andrew Robson.

BASEBALL CONFERENCE.

Representatives of Four Teams Will Meet at Nelson House Tomorrow.

Indications are now favorable for the organization of a four-team baseball league, to include Ishpeming, Negaunee, Marquette and Crystal Falls. A meeting of the representatives of the four nines has been called for 2 o'clock tomorrow afternoon at the Nelson House.

A league composed of these teams meets with the approval of the Ishpeming fans, inasmuch as all concerned now seem favorable to the arrangements in force last year, little difficulty is anticipated in reaching a playing agreement. The Crystal Falls team will have the advantage of the Marquette county nines, in that the players will be able to come here without losing any time, while the Marquette county teams will be obliged to leave home Saturday night when they play Sunday on the Menominee range, or Friday night if Saturday games are played, and will not be able to return until Monday morning. It is thought that many times during the summer Sunday excursions can be run from this county to Crystal Falls and on those days the players will not have to remain on the Menominee range over night.

If the plans now proposed are adopted, the teams of this county will not have any open Sundays for independent games with other teams, as the schedule will include games on all Sundays and holidays.

O'BRIEN-TWOHY.

Well Known Ishpeming Girl Married Tuesday to Duluth Man.

The Duluth Evening Herald of Tuesday contained the following announcement of the marriage of Miss Rose O'Brien of this city and John Twohy, a well known Duluth contractor, which took place that morning in the cathedral in that city:

"The wedding of Miss Rose O'Brien and John Twohy took place at the cathedral, the service being read at the 6 o'clock mass. The bride was attended by Miss Anna McDonnell; the groomsmen were M. J. O'Brien of Calumet, a brother of the bride. The service was read by Father Corbett. The bride wore her traveling suit of blue and the bridesmaid also wore a street costume. The wedding breakfast was served at the Spaulding.

"Mr. Twohy and his bride left on the morning train for the West for a wedding trip. They will return to Duluth for a few months before leaving to make their permanent home in the West.

"The out of town guests for the wedding were: Mrs. Michael Lynch of Ishpeming and M. J. O'Brien of Calumet, sister and brother of the bride."

There is no cough medicine so popular as Foley's Honey and Tar. It never fails to cure coughs, colds, croup and bronchitis. For sale by all druggists.

FARM HELP SCARCE IN THE NORTHWEST

FARMERS IN MANY DISTRICTS CLAMORING FOR LABOR, BUT MEN SEEM TO PREFER WORK IN OTHER LINES.

Practically every farming district in the United States reports a shortage of help. Work on the farms is already in full swing, but many of the farmers, particularly those in the West, are handicapped because of a shortage of labor. Farm hands will this year receive better wages than at any previous time. The farmers can well afford to pay larger wages. Many of them are cleaning up additional lands, in order to put in heavier crops.

The managements of the employment bureaus have standing orders for men for the farms. The state employment bureaus are asked for more men than they can supply. In practically all of the farming states the number of farms has increased and the additional acreage devoted to agriculture will be considerably larger this year than ever before. The demand for labor in the Dakotas and in the southern part of Minnesota is particularly insistent. Labor is not inclined to accept work on the farms while employment in other lines is available.

The farming industry is conducted on such a limited scale in this region that the farmers, as a rule, do not experience much difficulty in finding all the help they need. During the summer of 1907 the farmers sustained losses on account of not being able to get all the men they needed to harvest their crops at the proper time. Nearly all the mines will need additional hands as soon as the shipping season opens. There are no idle men to speak of, here, and practically all of the foreigners who arrive are securing employment at once. It is estimated that nearly 300 foreigners have arrived on this range since Christmas. The restoration of operations at the several mining properties here has been the means of increasing the demand for miners.

Special sale of dresses today at our Ishpeeming store. A factory expert in charge. (4-7-1d) F. BRAASTAD & CO.

WETS CARRIED SANDS.

Only Fourteen Dry Votes Were Cast in the Township.

Sands township, which was one of the three townships of the county from which complete election returns could not be secured Monday night, gave a majority for the wets. The vote there was forty-one for the wets and fourteen for the dries.

The entire Township ticket was elected, with the exception of justice of the peace, Hans Olson defeating Joseph Conliss, Jr., by a majority of nine. Olson ran on slips. B. J. Goodman also ran on slips for supervisor, but W. H. Farrell, the present supervisor, won out, the vote being thirty-eight to eighteen. The successful candidates in the township were as follows:

Supervisor—W. H. Farrell.
Clerk—Ernest Zelle.
Treasurer—James Knudsen.
Highway Commissioner—Nels Jensen.
Justice of the Peace—Hans Olson.
Overseer of First District—Fred Young.
Overseer of Second District—Oscar Olson.

Member of Board of Review—Rasmus Olson.
Constables—John Camp, Hans Norby, Charles Olson and Wilbert Contois.

John Curtis, Silver street, will not be responsible for any debt, or debts, contracted by his wife, Selma Curtis, after this date, April 2, 1910. (4-2-1w) JOHN CURTIS.

THE DEMON OF THE AIR

Is the germ of LaGrippe, that, breathed in, brings suffering to thousands. Its after effects are weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of Stomach, Liver and Kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore health and good spirits after an attack of Grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by The Stafford Drug Co.

WRESTLING MATCH.

Kangas and Person Will Be Opponents Here Saturday Night.

Arrangements have been completed for a catch-as-catch-can wrestling match between Matt Kangas and Chris Persons of Duluth, to take place Saturday evening at McDonald's opera house. It will be the first important contest of its kind pulled off in Negaunee and as Kangas has many friends and admirers here it will be well attended. The men will go on the mat at 8:30 o'clock. Kangas weighs 185 pounds and Person tips the scales at 190. The Duluth man is a strong wrestler, but it is thought that Kangas will give him a hard battle, as he is now in fine physical condition. He is training constantly, and is quick and slippery on the mat. The admission charges will be fifty and seventy-five cents and \$1.

WILL NOT EMPLOY BOYS.

Oliver Iron Mining Company Will Bar Them from Its Railroads.

The officials of the Oliver Iron Mining company have decided that no boys of young men under twenty years of age shall hereafter be employed as brakemen on any of the corporation's railroads. As a result of this decision, it is reported that a number of young men employed as brakemen on the corporation's railroads on the Mesaba range have been discharged. Arthur Swanson, a lad seventeen years of age, who was employed as brakeman in the company's yards at Chisholm, had a leg taken off Tuesday, and this hastened the company's action relative to employing minors.

Young Swanson was in the act of throwing a switch when he was thrown under a moving train and suffered the loss of one leg. Last year, also the year before, there were several cases in which boys working on the company's railroads suffered injuries.

Graduating gowns made to measure. Special sale today at our Ishpeeming store. (4-7-1d) F. BRAASTAD & CO.

HIGH SCHOOL ENTERTAINMENT.

"Crowning the Gypsy Queen" will be given tomorrow evening in the auditorium of the new high school by the high school glee club. Mrs. Marden, the musical director, has charge of the program, and she has been aided by other members of the faculty. Reserved seats are selling at fifty cents and the general admission will be thirty-five cents. The reserved seat chart is at Perkins' drug store.

The ladies of Negaunee are invited to attend a special sale of dresses today in our Ishpeeming suit department. A factory expert in charge. Dresses will be made to measure at same prices as ready-made garments. (4-7-1d) F. BRAASTAD & CO.

COUNCIL MEETING TONIGHT.

The old council will hold its annual meeting tonight. Besides disposing of the regular business the vote in the election of Monday will be canvassed. The new council, with Mayor J. W. Elliott in the chair, will hold its first meeting a week from today, the 14th, which is the date specified by the city charter. It is possible that the meeting will be held in the afternoon, instead of the evening.

Joseph Carey, former operator at the Chicago & Northwestern depot in this city, visited old friends here several days this week, says the Bossmer Herald. Joe has just returned from Wales, Wis., where he spent fifteen months in the sanitarium for the treatment of tuberculosis. Joe is now a well man, is as big and fat as a butcher, with a tan on his face like an Indian. His many friends are pleased that he is entirely recovered. His case shows the efficiency of treatment at tubercular sanitariums such as Marquette and Houghton counties propose to establish.

WORSE THAN BULLETS.

Bullets have often caused less suffering to soldiers than the cocoon L. W. Harriman, Burlington, Me., got in the army, and suffered with it forty years. "But Bucklen's Arnica Salve cured me when all else failed," he writes. Greatest healer for Sores, Ulcers, Boils, Burns, Cuts, Wounds, Bruises and Piles. 25c at The Stafford Drug Co.

LOCAL LACONICS.

A. A. Miller of Calumet was a Negaunee visitor yesterday.

Mrs. James J. Perkins and E. W. Adams are spending a few days in Milwaukee.

Fred Parker, late of Cheerbrook, Canada, has decided to locate permanently in Negaunee.

Charles Doty, a well-known commercial man, called on his patrons in Negaunee yesterday.

C. A. Winkler of Winkler Bros., the Duluth confectioners, was in the city yesterday.

Miss Marguerite Adams has returned to Grafton Hall, Fond du Lac, Wis., to resume her studies.

The Misses Mildred Yates and Norma Jacobson have returned to Ferry Hall, at Lake Forrest, Ill., to resume their school work.

The Negaunee Light Infantry band will conduct a dance at the Adelphi rink next Saturday. The band will parade the streets at 8 o'clock.

Tony Benson, a former mining engineer at the Cambria and Lily properties, now located on the Mesaba range, visited in the city the past few days.

The adjourned meeting of the school board will be held Friday evening, when the applications for positions for teachers and janitors will be acted upon.

The fire department was called out yesterday morning on account of a chimney fire at the home of Miss Elizabeth Hambley, on Snow street. No damage resulted.

A number of Negaunee people will attend the production of "The Wolf" at the Ishpeeming theatre tonight. This play is by Eugene Walter, author of "Paid in Full."

Lindquist & Jackson, who conducted a very successful concrete walk business last season, are preparing to resume work. They have a number of contracts that they could not complete last year and they expect to have a very busy summer. Work will be started in a week or ten days.

Scene from 2nd Act of "The Wolf," at Ishpeeming Theatre tonight.

APPLICATIONS FOR LIQUOR LICENSES

SALOON KEEPERS FILING THEM AND THEY WILL BE PASSED UPON MONDAY NIGHT.

INTERPRETATION OF THE LAW

Attorneys Puzzled as to Construction to Be Placed on Certain Sections of Warner-Cramton Act.

Marquette liquor dealers are getting busy with their applications and bonds, which must be filed and approved by the common council very soon. If they expect to continue in business after May 1, the council will meet next Monday night to consider all applications for licenses which have been filed up to that time.

The new law is different from the old in that the bonds need not be filed with the application for a license. In previous years, the bonds and licenses were passed upon at the same time, but under the new law, the dealers are allowed two weeks after the approval of their applications in which to file their bonds. The law provides that the council must meet on the second Monday of April to pass upon the applications for licenses that have been filed. As the number of licenses that can be granted is limited to the number of licenses that were in effect during the month of April, 1909, the saloon keepers would do well to present their applications at the Monday night meeting, or they may otherwise get left out—they will certainly, if the full quota should be granted at that meeting.

City Attorney Brown stated yesterday that he anticipated no difficulty because of there being more applicants for licenses than the council was allowed to grant. Although there are two or three more saloons now doing business in the city than in April, 1909, it is understood that quite a number of those now in business propose to give it up on the expiration of their present license, April 30. The maximum number of saloons that would be allowed in this city after May 1 has not as yet been determined. Local attorneys are unable to furnish positive information, because there is dispute as to whether those who dropped out of the business since May 1 must be counted off the number that were in business last April, or whether other persons can take out licenses in the place of such persons. The law on this point reads as follows:

Number of Licenses.

"If after this act takes effect the number of retail dealers in any township, village or city shall be in excess of the ratio of one to each 500 inhabitants, according to the last United States census, no license or licenses shall be issued to any person or persons to take the place of such license or licenses as shall have been revoked as in this act provided, or that shall have been voluntarily sur-

rendered, until the ratio of the licenses granted, and the saloons in such township, village or city shall not exceed one saloon for every 500 inhabitants thereof according to the last United States census."

The question that has been raised in connection with this section of the law is what constitutes a "voluntary surrender" of a license. Prominent attorneys have held that death, for instance, is not a voluntary surrender of a license, and that change of ownership for any such reason would not prevent a place of business being operated as a licensed saloon after May 1. Others hold that every saloon keeper that drops out during the year must be subtracted from the number in business last April, and that the difference represents the number of licenses that the council can grant this year. It is likely that the supreme court will have to pass on this question before it is definitely settled.

Certain Persons Under the Ban.

Below is re-printed another section of the new liquor law which is receiving its share of discussion:

"No application for a license shall be approved by said board (the council) prior to the second Monday in April preceding the term specified in said application. Said board shall not approve the application of any woman, nor of anyone who is not a citizen of the state of Michigan and of the United States, nor of any person who has served time in any state prison or penitentiary of this or any other state, nor of any person who has subsequent to the taking effect of this act, been twice convicted by a court of competent jurisdiction of any violation of the liquor laws of this state or of any other state."

A local attorney expressed doubt yesterday as to what construction was to be placed on the clause prohibiting the granting of licenses to persons who have been twice convicted of violating the liquor laws. It has been generally construed that persons twice convicted of violating the liquor laws after Sept. 1, 1909, when the law as amended went into effect, were the only ones affected by this inhibition. According to the attorney, however, this construction is open to question, though he would not commit himself as of an opposite belief. The law says persons twice convicted "subsequent to taking effect of this act." The act itself became effective in 1887, and the changes made by the legislature of 1909 were amendments to certain sections. In spite of amendments, attorneys are said to understand the word "act" to mean the original measure and its effectiveness to refer to the time it was originally passed, rather than to any time when it was amended. If the usual wording had been followed, in case the legislature intended to date the number of convictions from Sept. 1, 1909, it would have read "amendatory act," or "act as amended." Other sections of the act lend color to the interpretation that only convictions after Sept. 1, last, are intended to be counted, but it would not be surprising if this interpretation were contested in the courts before the law has been long in operation.

FOARD-HERRON NUPTIALS.

Popular Marquette Girl Becomes Bride of Escanaba Business Man.

Cleopatra Mary, daughter of W. C. Foard, 325 High street, was united in marriage to Albert Edwin Herron of Escanaba at Rev. Father Pinter's residence at 3 o'clock yesterday afternoon, the Rev. Father Moriarty performing the ceremony. The couple were attended by the bride's sister, Miss Florence, and Edward McCarthy. The bride wore a beautiful white embroidered gown and a picture hat, and carried a shower bouquet of lilies of the valley. The maid of honor was gowned in pink and white silk tulle.

At the conclusion of the wedding ceremony, the couple repaired to the home of the bride's parents, where a reception was held and a wedding luncheon served. About thirty close friends of the contracting parties attended the festivities at the house, which had been prettily decorated in green and white, ground pine, cut flowers and other decorations having been used to carry out the color scheme. Many beautiful and valuable presents were received. Miss Clara Smith caught the bride's bouquet.

The bride is one of Marquette's very popular young ladies, of engaging personality and an accomplished musician. The groom is a member of the Hoyerlaking company at Escanaba, and is an energetic and highly respected resident of that city. The couple left last evening to spend two weeks in Cleveland, the groom's former home. At the conclusion of this trip, the couple will reside in Escanaba.

JEANSON-BURKE WEDDING

Wellknown Marquette Couple Take the Marriage Vows.

At 7 o'clock yesterday morning, at St. Peter's cathedral, Agnes M., daughter of Maney Jenson, became the wife of Matthew J. Burke, the Rev. Father Moriarty performing the wedding ceremony. The bride wore blue silk and carried a bridal bouquet of white roses. The couple were attended by Miss Lillian Hennessy and John O'Donnell.

Following the ceremony, the party repaired to the Jenson home, 238 Harrison street, where a wedding breakfast was served. The home was tastefully decorated with ground pine and cut flowers. Mr. and Mrs. Burke are both well-known Marquette young people and a host of friends wish them a long and happy married life.

Grabower's Big Store Specials

Grabower's Spring Offering of Tailored Suits and Coats.---\$12.50, \$15, \$18 and \$25

Newest Materials. Favorite New Colors.

Surpassingly beautiful Tailored Suits and Coats, fashionable and appropriate styles for Spring wear. Make your selections now.

Many Marquette women have come to look upon Grabower's annual Suit offering in precisely the same light we view it ourselves, and that is as one of the most important value events of the entire year. Months ago when we were forming plans to secure Suits to sell at \$12.50, \$15, \$18 and \$25, uppermost in our minds was the fixed determination to excel all previous buying triumphs. Every woman who visits our second floor today or during this offering cannot but acknowledge our success for this irresistible value offering at \$12.50 to \$25—it is the most eloquent and convincing testimony.

All Existing Value Standards Forced to Second Place.

Short Coats, Suits, in the semi-fitted, single breasted effects. The newest all-wool fabrics, including Sharkskin, Shepherd, Checks, Manish, English Worsteas, Stripes, Bannockburn Tweeds, wide Wale Novelties, French Serges, etc. Two, three and many fancy button styles. Coats lined with silk or satin, in harmonizing or contrasting shades. Long Shawl roll revers in reef material or silk trimmed. All the newest colors, including the correct shades, in Navy, Green, Gray, Rose, Tan, Biscuit, etc.; sizes to fit every one; a matchless Spring offering at

\$12.50, \$15.00, \$18.00 and \$25.00.

Spring Opening of Millinery

GRABOWER'S BIG STORE

Take pleasure in inviting the public to attend their

Spring Opening and Exposition of New Fashions for Spring and Summer 1910, Friday and Saturday, April 8th and 9th.

An event in which we demonstrate anew our facilities to secure for each succeeding season the very latest fashions from the most authentic source, and this occasion likewise signals an achievement of this store's complete organization in having our most elaborate spring display of beautiful Hats at this time. For two days we hold this reception. You are cordially invited to come and inspect this presentation of the exclusive fashions in handsome MILLINERY for the coming season. Every saleslady in our store will join in welcoming you. It is our sincere belief that never in the history of this establishment have we been so well prepared to supply our patrons with the newest and best that the markets afford at very reasonable prices.

For the first time in this city we will show you the new Chantecler Hat, so raging in Paris, and also the new Tapestry Hat and many beautiful Flower Hats. Please do not miss attending this Spring Opening.

Louis Grabower Co.
