

MAKES CAUSTIC SPEECH IN SENATE

Bitterly Opposed to the Taft Administration's Railroad Bill, Mr. LaFollette of Wisconsin Vigorously Assails the Measure.

He Attacks the New Haven and Boston & Maine Merger, Arraigns the Attorney General for Dismissing the Government's Suit and Denounces the "Beefy, Thick-Necked Financial Bully Who Bawls His Orders to Directors, Courts and Nations."

Washington, April 12.—Senator LaFollette of Wisconsin today spoke in opposition to the administration's railroad bill in the senate. His remarks consisted chiefly of an arraignment of Attorney General Wickham for ordering the dismissal of the government merger suit against the New York, New Haven & Hartford railway for absorbing the Boston & Maine line, because the Massachusetts legislature had passed a law legalizing the holding company.

Senator Lodge came to the defense of the action of his state legislative officers, declaring that the two roads were not competing lines as charged by Mr. LaFollette and that the law was wise legislation. Senator Gallinger made a brief response also.

Mr. LaFollette said he presented this transaction to illustrate the possible effect of the enactment into law of the merger provisions of the pending railroad bill. He gave special attention to the Massachusetts legislation under which the combination was made effective.

Charges Wall Street Dictation. It was practically charged by the Wisconsin senator that this enactment was consummated as the result of the dictation of President Mellen, of the New Haven road, who, he intimated, represented the Morgan Rockefeller interests. He quoted from a member of the Massachusetts legislature a statement to the effect that Governor Draper had responded to an ultimatum from the New Haven interests, and he understood that the bill had been instituted during the Roosevelt administration had been dismissed at the dictation of Attorney General Wickham under the Taft administration for the inadequate reason that the Massachusetts legislature had passed a holding bill under which the consolidation was effected. He expressed horror over the attorney general's prompt dismissal of the case within three months after he came into office.

Speaking of President Mellen and Vice President Burns of the New York, New Haven & Hartford, Mr. LaFollette said that both of these men "and others of their kind are but hired magicians, through which the beefy, red-faced, thick-necked financial bully, with wealth and power, bawls his orders to stock markets, directors, courts, governments and nations. We have been listening to Mr. Morgan."

Sharp Reference to Wickham. Near the close of his speech Mr. LaFollette made his sharpest reference to Mr. Wickham. Rising to his tiptoes, he exclaimed: "Mr. President, is this that wise legislation embodying no sound impulse but mature views expressed in party council which the attorney general in his recent speech at Chicago said is pressed for enactment? Is it for legislation such as this that the attorney general commands all who would not be read out of the Republican party to get in line?"

Senator Lodge then replied, defending Mr. Wickham as a lawyer and a man and saying that no railroad president had ever dictated to Governor Draper. He, like Senator Gallinger, said that New England was anxious to conduct its own business. Mr. Lodge admitted a difference of opinion in Massachusetts, but said that the merger had frustrated the danger of a foreign corporation securing the Boston & Maine to the detriment of the state.

Senator LaFollette then declared that the people of Massachusetts had been taken off their guard, and that the merger bill had been "steam rolled" through the legislature. It was passed on June 18, and on the 20th the federal merger suit was discontinued. He shouted: "Dropped with Victory in Sight."

"This great case, involving the transportation of New England and all the people of the country engaged in trade with New England, after eleven months of preparation and successful prosecution on the part of the government had reached a stage where the defendants were compelled to take their stand and make their showing and then, like a thunder bolt from a clear sky, came the order from Washington: 'Dismiss the government's case.'"

Mr. LaFollette said that Mr. Wickham's reason for the act was entirely inadequate. He related that the attorney general had thus given sanction to a compact to nullify the laws of congress, saying: "If the door of the federal court may thus be closed in the face of a wronged and outraged public by the attorney general, then the law becomes black art and justice a mere juggler's pawn."

Rates Already Being Increased. Declaring that the New Haven road had already begun to increase its rates, he drew the conclusion that this proceeding was but the beginning. He said: "When the complications that prevent an increase of the through rates at this present time are disposed of, when this bill

Speaker Cannon has again invited the insurgents to sit in with the Democrats and retire him from the chair. The insurgents are in no hurry. There was about as much harmony between the addresses of President Taft and Attorney General Wickersham as there is between Speaker Cannon and, say, Representative Lenroot, of the Eleventh Wisconsin district. The president was all conciliation; the attorney general all denunciation. A common keynote would have left the public better informed as to the lay of the ground. The conflicting tone of the addresses

So far W. S. Ewing of Chioleay township is the only man who has confessed to a hankering to serve the first legislative district of Marquette county in the house of representatives at Lansing.

Mr. Ewing has been for many years an energetic and well-informed member of the county board, and besides has been a moving spirit in the political affairs of his township. He thus has had a training in public affairs that naturally leads up to legislative service, and should the district send him to the legislature it could expect from him well-considered action on all questions on which he might be called upon to vote.

Mr. Ewing will have strong support for the nomination, and will be a serious factor in the campaign, irrespective of who may decide to contest with him for the nomination.

Senator Thomas F. Grady of New York is about to close one of the longest legislative careers on record. Senator Grady entered the New York legislature as assemblyman in 1877, and has been active in politics ever since. Of late years he has been one of the Democratic leaders, and has been a potent influence in shaping the legislative program of his party.

A Tammany legislator, always in close harmony with the leaders of the Tammany machine, it would be too much to expect any record of notable public service from Senator Grady, and as a matter of fact he has been one of the stumbling blocks in the path of progress. He retires from politics to actively take up the duties of vice president of the Fraternal Order of Eagles, to which office he was elected last year.

The passing of Grady from the legislature of New York state is more interesting than regrettable. His retirement can, by no stretch of the imagination, be called a public loss.

The comment of Senator Bristow on Attorney General Wickersham's Chicago address is attracting much attention. "I think Mr. Wickersham's speech is very able and adroit, and in many things I fully approve of it," says Mr. Bristow. "This great constitutional lawyer, however, seems to have forgotten that there are three branches of the government. He seems to be somewhat familiar with the fact that there are executive and judicial, but has entirely overlooked the legislative branch. That members of congress may not discuss with earnestness and see all the details of measures, and differ with other members of their party as to what the terms of a bill should be without being charged with giving aid and comfort to the enemy, narrowly escapes the ridiculous. In fact, if it is not ridiculous, it is something that it is not polite to mention. The test which they are applying to party loyalty is one which this country will never accept again. A party must be broad enough to give range and latitude to full and free discussion, or it will go to pieces."

Chairman Knapp and Commissioner Harlan, of the interstate commerce commission, dissented from the majority finding of the commission ordering reductions in certain of the Pullman sleeping car rates and ordering a differential between the charges for lower and upper berths. Chairman Knapp agrees with the majority that there should be a differential, but takes the position that the differential fixed on the rates considered is too large. He also holds that the reductions ordered by the commission were not warranted by the facts produced before its members. In the main Commissioner Harlan's opinion coincided with that of Chairman Knapp's. The failure of these two members to agree with the majority was an influence in emboldening the Pullman company to take an appeal to the courts, though it would probably have done so in any event. The merits of the difference of opinion between the majority and minority reports of the commission will be determined in the course of the court proceedings. Meanwhile the public can properly assume that the majority has the right of the convention.

Referring to the finding of the interstate commerce commission that the Pullman company should give the public a differential between the upper and lower berths, the Milwaukee Sentinel says: "In support of its stand for equal rates for these unequal services or accommodations, the company has steadily and doggedly contended that the upper berth is just as good as the lower and indeed in some regards preferable to it, the opinion to the contrary being long in the category of popular errors. As an abstract proposition, the company's contention may or may not be right, though our impression is that when railway officials themselves and the members of the Pullman family travel in these cars they do not prefer sleeping in the attic, so to speak. However, the pretty sufficient argument against the company view that the 'upper' is as good as the 'lower' is that the users can not see it that way, and in fact see it so strongly the other way that there is always a race at the booking offices for the 'lowers,' few travelers taking the upper berth except as a matter of Hobson's choice. The interstate commerce commission thinks so too, and the prospect is that the palpable abuse of forcing out of the necessities of the traveler an equal rate for an inferior service will be done away with."

COMMISSIONS VS. COUNCIL.

There is some likelihood that the question of board vs. council management of the various municipal departments will again soon be brought to people's attention. An ordinance proposing the abolition of the park, cemetery and street board was prepared for presentation to the council Monday night. It was, for some reason, not introduced, but will, presumably, be brought up later. Many people suspect that the introduction of this ordinance will be a preliminary to a general assault on the board system.

The council a few years ago divested itself of much of its remaining authority when it created the park, cemetery and street commission and the police commission. These, added to the light and power commission, library board and board of fire and water commissioners, have in charge practically all the important departmental business being done by the city, and the work devolving on the council is of much less importance now than it was before the last charter revision.

Some of the aldermen believe that they could undertake much of the work being done by the commissions with better results for the city than are now obtained, and, in particular, they believe that they could administer the park, cemetery and street department with more economy and better results. Not all of the aldermen believe this, for there is even on the council much opposition to interfering with the commissions. The attitude of the voters is a matter of debate. Some maintain that they would favor a large abridgement of the powers of the commissions, but it is to be doubted whether this would prove to be the case, if they were called on to pass on the question.

The commissions have, as a whole, an excellent record to point to. The library commissions have administered their trust exceptionally well, and the wisdom of but few things they have ever done has been called into question. The present light and power commission took the municipal plant after a period of council management had put a bad crimp in it, and quickly made it the most successful municipal plant operated in the country. The present board of fire and water commissioners is proceeding along definite lines to a satisfactory solution of the city's water problem.

Of the two new commissions, the police commission has served the purpose of taking the police department out of politics. The result has been a distinct gain for political conditions in the city. It has been at least as effective and economical in enforcing the law as was the police department when it was under the direction of the council. The park, cemetery and street commission has come in for much criticism. It is accused of spending too much money without the gain in results that was expected from the gain. This commission has been handicapped in many ways. It was originally composed of inharmonious elements, and has undergone many changes in personnel. It has perhaps the hardest work that any of the commissions has to do.

One thing should always be borne in mind. No charge of extravagance can be against either this street commission or the police commission that does not also lie against the council. The council alone has power to give these commissions funds. Both must present their budgets each spring, and they must be approved by the council. If these commissions have expended too much money in the past, all the council has to do to secure greater economy is to reduce the appropriations allowed them.

Fortunately the procedure under the home rule law is such that there can be no snap legislation by the council in regard to any of the commissions. An ordinance affecting them must take the same course as the recent water board charter amendments. It must first be passed by the council, lie on the table for thirty days, be passed a second time, submitted to the governor, and if approved by him, finally be ratified by a majority of the voters, before it can be made effective. In the interval the people would have abundant time to consider the proposal involved, pro and con. When all the arguments were weighed we believe the conclusion they would reach would be distinctly favorable to board management.

They Injure Children

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints

You cannot be over-cautious in the selection of medicine for children. Only the very gentlest bowel medicine should be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They cause griping, nausea and other distressing after-effects that are frequently health-destroying and a life-lasting annoyance.

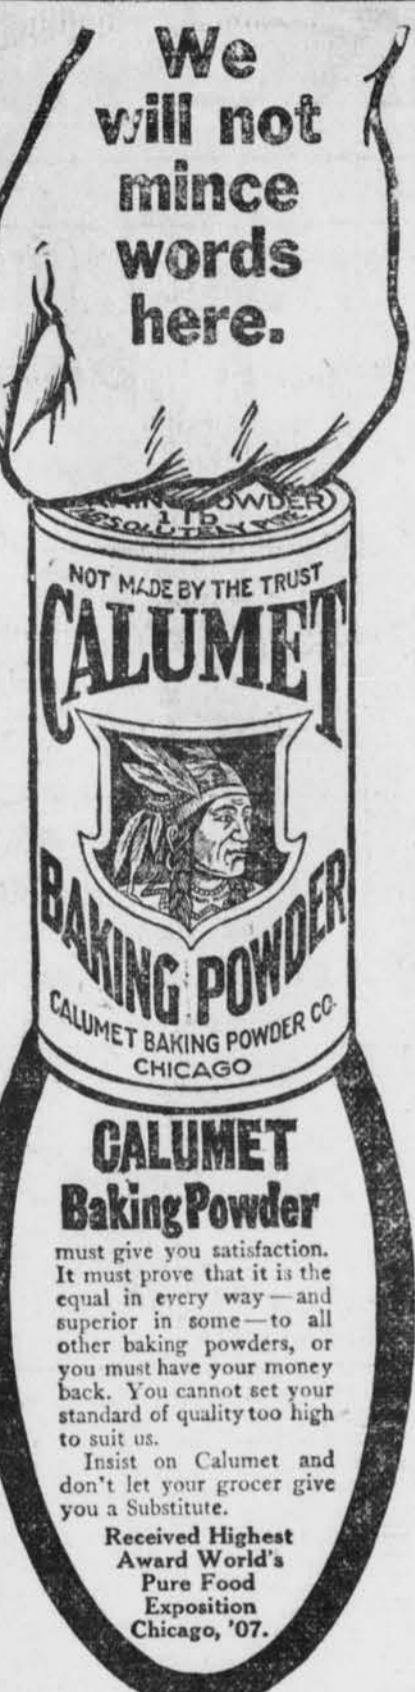

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy for constipation and associate bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies contain an entirely new ingredient which is odorless, tasteless and colorless. As an active agent, it embraces the valuable qualities of the best known intestinal regulator tonics.

Rexall Orderlies are eaten like candy. They are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very natural action upon the glands and organs with which they come in contact, act as a positive and regulative tonic upon the relaxed muscular coat of the bowel and its dry mucous lining; remove irritation, overcome weakness, tone and strengthen the nerves and muscles, and restore the bowels and associate organs to more vigorous and healthy activity.

Rexall Orderlies completely relieve constipation, except when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. There is really no medicine for this purpose so good as Rexall Orderlies, especially for children, aged and delicate persons. They are prepared in tablet form, in two sizes of packages: 12 tablets 10 cents, and 36 tablets 25 cents. Remember you can obtain Rexall Remedies in Marquette only at our store, The Rexall Store, The Stafford Drug Co.

Negative baseball fans are said to be unanimous in the opinion that the Marquette county teams should bury their differences and unite in a league agreement. There really doesn't seem to be anything else for them to do. The effort of the Ishpeming and Negaunee managements to fix up a cosy place for themselves in the copper country league came to naught, and the Delta county teams, disgusted with the indecision shown by the Marquette management, has arranged to take Menominee into a schedule that will fill up practically all their playing dates. The Marquette county teams would find independent baseball unsatisfactory. Teams would have to be brought in from considerable distances. The expense incurred would be large, and lacking the interest stirred up by rivalry between neighboring towns playing a league schedule, the patronage would not be as good as might be expected. Thus our Marquette county teams may well hold one more conference, with a determination to come to an agreement. Let them assemble in a spirit of conciliation, all parties willing to abate something of their original demands, until they can settle on acceptable terms. Unless this is done the baseball season will be unsatisfactory in its financial results and filled with disappointments.

A POINT ON PENCILS.

Life is just one worry after another, and just as we are getting accustomed to the high cost of living along come the manufacturers of lead pencils to tell us that in five years from now the supply of wood suitable for lead pencils will be exhausted. The number of pencils consumed annually is 350,000,000, and red cedar furnished the wood for these. That is chosen because it is soft, whittles easily and is free from knots. The pencil manufacturers have become so alarmed over the prospect of a disappearance of the supply that they have interested the United States Forest Service, and that branch of the government is sending a broadcast of suggestions to meet the threatened deficit. No doubt some good substitute for red cedar will be found, and thus the manufacturers be permitted to go along the even tenor of their ways. But if the worst comes to the worst, and we must get along without pencils that we can whittle, why, we will just about face and use fountain pens.—Schenectady Union.

Better Healthier Women

are known to exist in this country by thousands because freed from pain and suffering by Lydia E. Pinkham's Vegetable Compound.

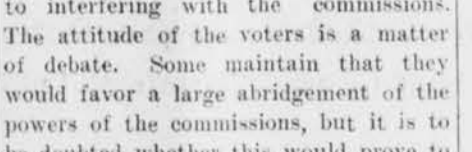

Could such a record be made without actual and superior merit? Read what this woman says, and realize that the results secured in her case could not have been made except by a very good medicine.

Lawrence, Kans.—"I was a great sufferer from a weakness, irregular periods, headaches, backaches and other female troubles, which caused a weak and broken-down condition of the system. My side was so sore I could not lie on it. I saw in my daily paper that Lydia E. Pinkham's Vegetable Compound was good for all female troubles and had done so much for other suffering women, so I felt sure it would help me, and it has helped me wonderfully. I got relief from the first bottle. My aches and pains all left me and as I continued taking the Compound I grew stronger. Within three months I was a perfectly well woman, and I want this letter made public to show what benefits women may derive from Lydia E. Pinkham's Vegetable Compound."—Mrs. Julia A. Snow, Route No. 8, Lawrence, Kans.

Science in surgery and electricity has advanced much in the past 30 years, but the treatment of disease by the old fashioned roots and herbs method has never been improved upon. The fact that this leader of them all—Lydia E. Pinkham's Vegetable Compound—is to-day the largest seller of any similar medicine in the world, is proof positive of its value and superiority, for with all our enterprise and advertising we could not keep fooling the people for 30 years. Merit and merit alone is what has made Lydia E. Pinkham's Vegetable Compound the standard medicine for treating diseases peculiar to women.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.

Copper Country

COPPER COUNTRY BASEBALL.

Organization of a Six-Team League Completed—Officers Named.

The copper country baseball league for the season of 1910 has finally been organized. There are six teams, including those from Houghton and Keweenaw counties. The towns represented are Hancock, Hurontown, Winona, Lake Linden, Gay and Mohawk. The officers are: President—W. Frank James, Hancock; First Vice President—Fred Hunter, Hurontown; Second Vice President—Willard J. Smith, Mohawk; Third Vice President—Andrew Jackson, Gay; Secretary—Harry Hoide, Lake Linden; Treasurer—F. G. Luker, Winona.

A committee consisting of a representative of each team was appointed to meet next Sunday at Lake Linden to frame up a schedule. This schedule will be submitted to the league executive committee for consideration and adoption at a meeting to be held in Hancock Sunday, May 1. The schedule committee consists of Madigan of Hancock, Mutter of Hurontown, McCarthy of Winona, Hoide of Lake Linden, Jackson of Gay and Berryman of Mohawk. The league season will open Sunday, May 15, and will close Sunday, Sept. 11. This will give four months of fast amateur baseball. It is expected that the schedule will provide for games on Sundays and holidays, with possibly some Saturday afternoon games.

Team Organized at Chassel.

The Chassel Leaders have organized for the season and are showing up well in practice. The team will line up as follows: Catchers, Will Somis and Frank Strop; pitchers, Wilfred Conhite and Arthur Lepiere; first base, Arthur Lepiere; second, Henry Collins; third, Fred Fish; short, John Fountain; right, Laura Matson; center, Frank Strop; left, Wilfred Conhite; John at second; base ball manager and Will Somis captain. The team would like to hear from the Dollar Bays for a game for next Sunday afternoon.

ITALIAN GRAND LODGE.

Citizens' League for Mutual Help Will Cover Entire State.

The Citizens' League for Mutual Help, organized at a meeting of representatives of the Italian Citizens' Leagues of Calumet, South Range and Hancock, has been incorporated under the insurance laws of the state. The league is made up of present and former members of the Italian Citizens' Leagues. It has a membership of about 1,000, with \$4,000 in its treasury. It is expected that the membership in the copper country alone will grow very rapidly and that the organization will be organized within a short while in the northern and southern peninsulas will increase the membership greatly. The organization will have jurisdiction throughout the state and all Italians will be eligible to membership. Branches will be organized within a short time at Ishpeming, Negaunee, Crystal Falls, Detroit, Saginaw, Owasco and Marquette, near Muskegon. These new lodges will add at least 1,000 to the membership. The grand lodge officers are the following: President, James Toranzo; Laurium; first vice president, Louis Basso, South Range; second vice president, Bartholomew Milano, Houghton; secretary, Attilio Castiglione, Laurium; assistant secretary, Ralph Cattaneo, Hancock; treasurer, Joseph Curto, Sr., Calumet; accounting committee, Dominic Suino and Leo Pasquini, Calumet.

PROBABLY FATAL ACCIDENT.

Murdock S. MacKenzie, watchman on the Portage Lake bridge and living at 117 Jasper street, Houghton, was struck by a street car yesterday morning while on duty on the bridge and was seriously injured. It is believed that he will probably die. He is about seventy years of age.

HOUGHTON COUNTY BOARD.

A. D. Edwards Renamed as Chairman—Various Important Matters.

A. D. Edwards, supervisor from Adams township, chairman of the Houghton county board of supervisors for the past six years, was again selected by his associates for that position yesterday morning. It was the occasion of the first meeting since the annual election. Mr. Edwards was renominated chairman without opposition and took his chair with a few words of thanks.

New Members Present.

Four new members were present at the meeting: John L. Harris, Fourth ward of Hancock; Dr. C. F. Moll, Duncan; Patrick Solomon, Hancock township; Arvid Gustafson, Laird township. George S. Royce appeared as substitute for Supervisor Charles Franklin and Thomas D. Meads was present for Supervisor MacNaughton of Calumet. With the two exceptions named the entire board was present.

Croze Mineral Option.

A communication from George J. Maas of Negaunee was read. Mr. Maas is associated with Joseph Croze and others in the development of an iron mine in Section 31, 48-28, a portion of Houghton county's mineral lands in the iron country. Mr. Croze has a thirty-year lease on the lands and Mr. Maas asked that this lease term be extended to fifty years. He explained that the land is swampy, there is no narrow shoots and the ore body about 220 feet below the surface, all of which conditions would make exploitation very costly. The conditions would make the exploratory work cover a long period of years and the holding of a contemplated \$1,000,000 shaft would increase the term of non-production.

Mr. Croze addressed the board on the matter and urged the extension. Supervisor Lawton offered a resolution to grant the extension providing the shaft is sunk on Houghton county property, as the company has other property adjoining and he wanted the Houghton lands to get the benefit of the increased valuation resulting from the building of the shaft. Mr. Croze objected to this provision and the outcome was that the matter was referred to the county lands committee, to which Supervisors Lawton and MacNaughton were added for this special session.

New County Jail.

While nothing definite was done regarding the proposed new county jail, twenty additional benches to be used in increasing the capacity of ten cells from two men to four men. This authority was granted. Chairman Edwards said that in the event a new jail is erected the benches could be transferred to that jail.

Portage Lake Bridge Repairs.

Chairman Uren, of the bridge committee, reported on the matter of rebuilding the deck and girders of the county bridge. He had recently held a conference with the officials of the Houghton County Traction company and the Copper Range railroad and these officials declared the work was immediately necessary, that it could not be postponed until next winter when the ice could be used in diverting traffic, because of the present danger of the interlocking switch system through the defects in the bridge.

The Houghton County Traction company was empowered last fall to make the repairs, but through a delay in the receipt of material could not get started during the winter. Now the company says the work can be done by tearing up a small portion of the bridge at a time. Mr. Uren does not believe this is a dangerous matter, and when he brought up this question before the officials they refused to assume the responsibility, but wanted the county to hold itself liable. Mr. Uren advises the board is authorized to proceed in the manner suggested if it does not know how long the work would require, probably three months.

Mr. Uren believes that the best way to get around the difficulty would be to stop all traffic on the bridge, establish a temporary ferry line, and rush the work with night and day shifts until it is completed. It was finally decided to place the matter in the hands of Chairman Uren and the bridge committee, with full power to act, the committee to have all the time it requires.

Accounting System Proposed.

The finance committee was instructed to report at the next meeting on an accounting system for adoption by the county.

A petition from thirty heads of families of Concord City, Franklin township, was received. They asked for a school. It was outside the province of the board, and the matter was referred to the Franklin township school board.

The board adjourned with the understanding that the finance committee would meet in the afternoon to consider the Washington reward claim and the health bills of the village of Laurium.

"THE BELLE OF RICHMOND."

Case of Characters for Knights of Columbus' Play.

Monday evening, May 2, there will be presented at the Kerredge theater under the auspices of the Hancock council, Knights of Columbus, a drama entitled, "The Belle of Richmond." The star role will be played by Houghton's popular and capable young actress, Miss Helen McKernan. The leading man will be George Carroll. The members of the company have been rehearsing for several weeks. The cast of characters is as follows: "The Belle of Richmond," George Carroll; William Osmond ("Bill"), Norman Stewart; Judge Mason, president of the Merchants' bank, C. D. O'Grady; Colonel Lee, a Kentuckian, C. O. O'Grady; John Danavayara, Charles Lee, his son, Leo E. Duggan; Silas Smart, a New Yorker, Fred King; Green, a bank expert, Harry Dillon; Moss, an old negro servant, P. Scheller; Nellie Mason, the Belle of Richmond, Rosalind Mason, her sister, Miss Winifred Mason, their cousin from Boston, Bertha Major; Aunt Betty, Judge Mason's sister, Elizabeth Fleming.

MACCABEE HOSPITAL BED.

Mrs. Frank Major Advised That It Will Be Placed in Hancock.

Mrs. Frank Major, commander of the Houghton live, Ladies of the Modern Maccabees, has been advised from the headquarters of the order at Port Huron that the hospital bed to be endowed for the Maccabees in the upper peninsula will be placed in St. Joseph's hospital, Hancock. There has been considerable rivalry among the upper peninsula towns for the honor of holding this bed, and St. Joseph's has won out through the efforts of the ladies of the Houghton and Hancock tents. The bed will be for the use of any upper peninsula lady Maccabee who is taken ill and desires hospital treatment.

The bed will be dedicated May 1 with appropriate ceremonies. Mrs. Emma Bower of Port Huron, great record keeper of the order, and Mrs. Bailey of Grand Rapids, who has charge of the bed in that city, will be present. Dr. E. T. Abrams has been appointed as attending physician and the following committee will have charge: Chairman, Miss Amelia

LECTURE ON CHRISTIAN SCIENCE.

Clarence C. Eaton Will Talk at Kerredge Theater May 3.

A lecture on Christian Science will be given by Clarence C. Eaton of Boston, on the night of May 3. Mr. Eaton will appear under auspices of the Houghton Christian Science society. He is a member of the board of lecturership of the mother church. There will be no admission charge. This will be the third lecture of the Houghton society, the first having been given by Judge William G. Ewing of Chicago and the second by Bicknell Young, now of London, Eng. Both of these were well attended, particularly the lecture by Mr. Young a year ago, to which over 1,000 people listened. The primary object of these lectures, the society announces, is to correct false notions as to what Christian Science is.

ADVISED AGAINST JENNIE MOORE.

Capt. Dunn Says Bird Dunn Branded Woman as a Swindler.

Captain W. A. Dunn of Houghton, father of Bird Dunn, former superintendent of the stake-ware mine in Calumet, stock in which Jennie Moore, the Anconite swindler, has been selling remembers the occasion of the woman's visit to Houghton some years ago. He said that his son was in Houghton about the same time and advised against any one purchasing stock from the woman, as she was not an authorized agent. Captain Dunn says he does not believe that Miss Moore victimized anyone in the copper country, though he personally knows of people in Ishpeming who invested with her.

ODD FELLOWS' TEMPLE PLANS.

Architects Will Design a \$30,000 Building for Houghton Lodge.

The building committee of the Houghton lodge of the Odd Fellows has let to Maass Bros., architects, the contract for the plans of the proposed \$30,000 temple to be located on the vacant property near Dakota street on Sheldon. The tenants of the buildings now on the premises have been ordered to vacate at once. The building will be dedicated May 1.

MINING NEWS

GIROUX CONSOLIDATED.

The new Giroux shaft will probably be completely timbered to the 1000-foot level this week. The timbering has taken a little more than three months, which is very fast time when the size of the shaft, twelve feet by sixteen feet four inches, is taken into consideration. One compartment of the main shaft has been sunk to a depth of thirty-five feet below the 1200-foot level, the additional thirty-five feet serving as a sump for the collection of the small amount of water that is now coming into the shaft. The work of cutting the station at the 1200-foot level is progressing rapidly. This station will be used for the pumps alone, another compartment being planned for trackage, ore bins, etc. The station will be floored with cement and arched over with concrete and railroad steel, no timber being used in its construction. One pump with a capacity of 600 gallons per minute and one with a capacity of 1200 gallons per minute will be here installed. When the pumps are ready, a crosscut will be run to the 1200-foot level of the Alpha shaft and the water which now floods that level will be drawn off gradually and pumped out through the new shaft. With the exception of a couple of switches, the Giroux company's spur track is now completed as far as the Alpha shaft. In the village of Kimberly a water system with numerous hydrants for fire protection is being installed by the Giroux company. There is yet a vast amount of work to be done and progress for the next few months will necessarily be slow, but there is little doubt that the present management intends to make of Giroux a low-cost producer of the first magnitude.

UTAH COPPER.

During March the Utah Copper company produced 8,000,000 pounds of copper, which included for the first time the output of the Boston Consolidated. Profits for the month were approximately \$200,000, and the total profits for the quarter were \$800,000, being based on 13 1/2-cent copper. The total production for the quarter was 18,600,000 pounds. By an improved classification device which will require small outfit and no additional floor space, the Utah company will be able to increase the tonnage of ore treated at the Garfield and Copper-

NOTES OF COPPER NEWS.

It was announced at Boston yesterday that the application for the underwriting of the new \$1,000,000 Arizona Commercial convertible bonds considerably exceed the amount offered.

The North Lake No. 7 drill hole has passed through thirty-six feet of good looking amygdaloid, carrying good copper for four feet. The general appearance of the hole is the best yet shown on the North Lake property.

The Mangas Development company's assessment of \$2.50 per share is payable May 7. The funds are to be used in further development of the property. There are outstanding 55,000 shares of the Mangas Development company, of which 15,000 are full paid shares and 35,000 shares remain in the treasury. The above assessment makes the 50,000 shares fully paid.

Stockholders of the company will be pleased to learn that the Houghton shaft of the Superior & Pittsburg is shipping about 325 tons of seven per cent ore daily. The main ore body on the 1200-foot level has been opened 700 feet and is 100 feet wide. On the 1300-foot level it is also 700 feet long, but is 120 feet wide. About fifteen feet above the 1400-foot level the ore body is 175 feet long and ninety feet wide as far as shown at present. The junction's 1300-foot level is showing up better every day. The ore body on the south of the shaft is increasing in size, with every round of shot.

Colonel Thomas L. Livermore, who has resigned from the Calumet & Hecla Mining company, although his resignation is not to take immediate effect, contemplates a complete retirement from business and will therefore very soon resign as chairman of the Copper Producers' association. It was through Mr. Livermore's efforts that the Copper Producers' association came into existence. It is doubtful if any other one man identified with the copper producing industry could have so harmonized all interests as to convince them of the commercial value of sending to one central organization details of their monthly production. These figures are recognized as the most valuable ever compiled in the history of the copper industry.

BEDRIDDEN WITH ECZEMA SIX WEEKS

Itching, Burning Eruption from Head to Foot—Doctor Gave Her Up Entirely—First Application of Cuticura Brought Relief and Sleep.

CUTICURA REMEDIES EFFECT PERFECT CURE

"Four years ago I suffered severely with a terrible eczema, being a mass of sores from head to foot and for six weeks confined to my bed. During that time I endured continual torture from itching and burning. After being given up by my doctor I was advised to try the Cuticura Remedies. After the first bath with Cuticura Soap and application of Cuticura Ointment I enjoyed the first good sleep during my entire illness. I also used Cuticura Resolvent and the treatment was continued for about three weeks. At the end of that time I was able to be about the house, entirely cured, and have felt no ill effects since. I would advise any person suffering from any form of skin trouble to try the Cuticura Remedies as I know what they did for me." Mrs. Edward Manning, 1112 Salina st., Watertown, N. Y., April 11, 1909.

The talk of mergers, big and little, has been employed to the limit for market purposes, the New York curb even giving circulation to a rumor that Anconite is negotiating for an exchange of its stock for United Copper. A more likely story is the one about a merger taking over the Clark properties in Butte which is along the line of negotiations contemplated at various times between the Amalgamated and Clark for years. There exists some serious vein controversies between the Amalgamated and Clark properties and a purchase of the latter mines is the simplest way out of the difficulty. Clark has been convinced that he has been mining Amalgamated ore and has closed the Stewart mine. Regardless of what there may be in the talk about a general copper merger the purpose of unifying Butte mining interests had no relation to the general merger proposition. The Butte merger became a matter of supreme necessity for two reasons. The chief reason was the salvation of the Butte district. A reduction had to be brought about in order that the Butte mines might continue in competition with the immense low grade porphyry copper deposits and it could only be accomplished by bringing mining operations under one head and cut out all superfluous expense. The other reason lay in the perpetration of controversies over veins and ore. There is not an independent operating in Butte with which the Amalgamated does not have an existing dispute over vein ownership, due to the fact that under the abominable apex law it is absolutely impossible to determine the ownership of many of the ore bodies in the camp.

Well Water Analyses—Analyses have been received of the samples of well water taken from the new wells on the high school and Third street school grounds, which were sent to Lansing about a week ago. The results indicate that the water from either well is reasonably safe for drinking purposes. No harmful bacteria was found, but the samples ran high in chlorine and nitrogen, which may have been due to surface water being mixed with them or to the water not yet having thoroughly settled. The wells having been drilled but a few days before the samples were taken.

The official vote was as follows: Primary system for nomination of candidates for circuit judge, Yes, 3,173; No, 1,193. Primary system of nominating candidates for county officers, Yes, 6,018; No, 923. Local option prohibition, Yes, 3,792; No, 4,900. Bond issue for tuberculosis hospital, Yes, 5,000; No, 2,366; R. C. Flannigan for circuit judge, 6,213. The largest vote was cast on the local option question, 8,396.

INSURE WITH PETER WHITE & CO.

WHERE THE WIFE PAYS.

In France the husband, being the recognized chief of the family, is responsible for all his wife's debts. This, so the Paris courts have just decided, does not apply to an Englishwoman who buys dresses in Paris. She must pay for them herself. In a suit brought by a firm of dressmakers against an Englishwoman English laws have just been successfully invoked by the prosecutor, the court deciding in its favor and sentencing the woman in question to pay the amount due.—Echo de Paris.

Grand Opera at Milwaukee—The Metropolitan Opera company of New York will begin an engagement in Milwaukee for five performances in the new Auditorium building, beginning April 17. Some of the most celebrated artists in the world will take part in this great musical event. Among them are such celebrities as the wonderful Caruso, Otto Goritz, Carl Zorn, Olivia Fremstad, Johanna Gadski, Bella Alten, Herbert Witherspoon, Florence Wickham, and many other renowned singers of international fame.

Asylum for Feeble-Minded—Captain C. D. Blanchard, a company of New York, will begin an engagement in Milwaukee for five performances in the new Auditorium building, beginning April 17. Some of the most celebrated artists in the world will take part in this great musical event. Among them are such celebrities as the wonderful Caruso, Otto Goritz, Carl Zorn, Olivia Fremstad, Johanna Gadski, Bella Alten, Herbert Witherspoon, Florence Wickham, and many other renowned singers of international fame.

Mr. Minger is interested in a move to establish a state institution for the adult feeble minded, there now being no provision for caring for others than children who are so afflicted, except in the county houses. According to Captain Blanchard, such an institution is badly needed in Michigan.

Marquette People Should Not Wait Until It is Too Late

The appalling death-rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place to chronic disorders and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's disease, gravel or some other serious form of kidney complaint. If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they cure where others fail. Over one hundred thousand people have recommended them. Here is one of many cases in this vicinity.

M. Brown, 406 S. Jennie St., Escanaba, Mich., says: "About two years ago I began to suffer from pains in the lower part of my back and after a hard day's work, I was so lame that I could hardly straighten. In the morning upon arising, I felt lame and sore and the kidney secretions were often scanty. A friend finally advised me to try Doan's Kidney Pills and I accordingly began their use. My kidneys were soon strengthened and the pains in my back disappeared. Recently when I had a return attack, I again took Doan's Kidney Pills and am pleased to say that they promptly relieved me. I gladly tell of the great benefit derived from the use of this remedy."

City Brevities

Today's weather: Fair and warmer. Yesterday's temperatures: Seven a. m., 34 degrees; noon, 38; 7 p. m., 37. Maximum, 39 degrees; minimum, 26.

Judge R. C. Flannigan will be in Marquette today.

John V. Stack of Yalmar was in the city on business yesterday.

Judge S. S. Cooper, of Ironwood, spent a few hours in the city yesterday.

Mr. and Mrs. M. E. Asire have returned from a several months' stay in Florida.

The W. C. T. U. will meet this afternoon with Mrs. Jas. A. Pearce, 341 Bluff street.

Manrod Specker left for Detroit yesterday to take a position on the steamer Michigan.

There will be a card party given in Joan of Arc Hall this evening by the ladies of the Liberty club.

Mrs. Peter Frei left yesterday for Wausau, Wis., where she was called because of the illness of her sister.

Rev. J. M. Rogers left yesterday for St. Ignace to attend a Presbyterian meeting. He will return Thursday.

The Ingeborg society will give a social dance in Keough's Hall Thursday evening; admission, twenty-five cents.

A meeting of the Marquette lodge of Elks will be held Thursday night, at which the recently elected officers will be installed.

Mrs. Joseph Ondette, of Prospect street, has been called to Port Hope, Mich., because of the death of her mother, Mrs. Ben Wagner.

The net proceeds from the Ladies of the Round Table, amounted to \$225, and have been turned over to the St. Luke's hospital building fund.

In the list of liquor dealers who have made applications for licenses to do business another year, published in yesterday's Mining Journal, the names of five were inadvertently omitted, as follows: Peter Frei, Jacob Harig, Andrew Hartvigh, Patrick Healy and Wm. Kerola.

Superintendent Charles Retallic and John Erickson, of the light and power commission, have returned from Appleton, where they consulted with a hydraulic engineering firm relative to plans for the construction of the new power dam at the power plant this summer.

The Ladies' auxiliary to the A. O. H. entertained with an "old-time" dancing party at Keough's Hall last evening. There was a large attendance and the event was a most delightful one. The favors were awarded to P. J. and Miss Lizzie Donovan and to John Siegel and Miss Mary Fassbender.

Wm. Clendenning Appointed—Wm. J. Clendenning of this city has been appointed deputy city inspector of factories and public buildings to succeed the late Peter Fitzpatrick of Ishpeming. The appointment was made by Labor Commissioner Dick Fletcher and takes effect immediately. Mr. Clendenning's territory will be the entire upper peninsula.

A False Report—R. J. Klamert, director of our boys' band, informed The Mining Journal last evening that a false report was in circulation to the effect that the boys' band has broken up. A few of the older boys have left the organization, and have endeavored to get others to do so, but enough of the members have stuck with Mr. Klamert to form the nucleus of a new organization, and in a short time, says Mr. Klamert, our boys' band will have a bigger and better band than ever before.

PRESTON CHALLENGED.

Copper Country Runner Anxious to Meet Marquette Man.

According to the Houghton Gazette, Jussi Steitz, the pet long distance runner of the copper country, wants to meet George Preston of this city. Yesterday's Gazette said: "Jussi Steitz, the Finnish runner of this city, who was defeated in the fifteen mile relay race at the Amphidrome Saturday evening is not at all disappointed over having lost the race. He feels that he made a great record for himself in making the fifteen miles in the time he did. He realizes that he was up against a hard proposition and fast runners. However, he is confident that there is no man in the northwest who can defeat him in a fifteen mile race. He will keep in condition and train every day ready for a match with runners. He is now anxious to make arrangements for a race with the Marquette long distance runner who says he is such a trotter."

Kept Their Marriage Secret—After keeping their marriage a secret for seven months Jennie Christian of Nadeau and Charles Tolan, son of ex-Alderman John J. Tolan of Escanaba, have admitted that they were married at Menominee Sept. 2. The marriage was solemnized without the knowledge of the parents of either the bride or the groom. The couple will make their home at Escanaba.

Traveling Troupe's Troubles—The Frank J. Powers Hypnotist company ran on the shoals of distress in this city, reports the Escanaba Press, after meeting unexpected reverses in the engagement here, the company split last night, leaving advertising bills unpaid and with the members of the troupe undecided as to whether they would follow the business manager or Professor Powers. An engagement is to be played at Republic this week and Escanaba men holding claims will watch with interest the success that attends the Professor in that village.

Tobacco Smoker Blamed for Fire—Fire believed to have been started from someone smoking on the second floor caused a disastrous blaze at the store of the I. Stephenson company at Sycamore, Delta county. The employees believing that it was unlawful to touch any part of the contents, since the goods were insured, no effort was made to save the general stock until after the general insurance agent arrived. The fire appeared in the garret of the building and spread rapidly. An employee had recently been on the second floor and it is supposed that the fire started from a spark left by him. When the fire was discovered the entire second floor was ablaze and the company's department as well as the city department was called out. The city firemen broke into the second floor and smothered the fire after great quantities of water had been dumped on the stock in the story below. All of the records of the store, together with the goods and the papers, were removed from the fire zone with records of the main office that was threatened. Rebuilding is already in progress.

University Student Near Death—B. E. Jussen of Ironwood has returned from Ann Arbor, where he was called on account of the accidental injury of his son Herbert. He says that while the boy is seriously injured and his recovery will be a matter of many months, it is probable that he will not be permanently crippled. The story of the accident as told by Mr. Jussen is that his son, in company with several other students at the University, had visited Ypsilanti, intending to return on the interurban car. They missed the last car, however, and decided to try a train on the Michigan Central railroad. This train stops only when there are passengers to be let off. The train stopped this evening and some of the boys got aboard, but the vestibule was closed before the others could do so. The Jussen boy and a companion then clung to the hand rail on one of the cars and rode along in this manner. Jussen was leaning out from the car and struck a cattle guard. The impact was so strong that several boards in the cattle guard were broken and one of the posts was loosened. He lost his hold on the car with one hand, but hung on with the other for a time, but finally dropped to the ground. He lay unconscious all night and was picked up by a section crew the following morning and taken to Ann Arbor. His injuries consist of a dislocated shoulder, a fracture of the pelvic bone and two broken fingers.

Y.M.C.A. PLANS SUMMER CAMPAIGN

WILL QUALIFY TODAY.

Mayor-Elect, McCorkindale Will Take Oath of Office This Morning.

Mayor F. E. Keese, who has held the executive office of the city for the past two years, will be succeeded this morning, when W. J. McCorkindale will take the oath of office. The old council wound up its affairs last evening, when a special meeting was held to consider the resolution authorizing the Lake Superior & Ishpeming Railway company to make certain improvements on West Division street.

It is expected that all of the other officers, who were elected a week ago last Monday, will qualify within the next few days, but the new council will not hold its first meeting until about the 18th.

The Ishpeming representatives of the brewing companies have been officially notified by Marshal Trevarrow, acting under instructions by Prosecuting Attorney F. A. Bell, that they must not sell any more beer to families until they procure a retail license. This means that the brewers will be obliged to have both wholesale and retail licenses in order to continue supplying the liquor dealers as well as the family trade. The wholesale license is \$30 per year and the retail license is \$100 per year. There are five brewers in Ishpeming and it is likely that all of them will take out both wholesale and retail licenses. The retail license does not give the brewery agent the privilege of selling beer by the glass at his place of business.

With the advent of warm weather, the activities in the Young Men's Christian association will undergo a change. The educational classes have completed the season's work, which has been successful. Over sixty students were enrolled and good results were obtained. The scope of the work next year in this department will be considerably broadened, and it is expected that this phase of the association's work will become of much importance.

A program of outdoor athletics is now being arranged by the athletic committee, which will include "hikes," twilight baseball leagues, tennis contests, athletic meets, swimming contests, etc. Arrangements will also be made for a summer camp. The lawn tennis players are requested to hand in their names at once, so that the proposed tennis club can be organized without delay. The bowling committee has arranged a two-men bowling tournament, which is being played off now, and which will terminate about June 20.

All the boys in the Junior and Intermediate departments desiring an outing will have a chance to attend the summer camp. It will be conducted in relays, each group of boys under a leader attending for a limited time.

The religious worship committee is considering the advisability of holding outdoor meetings during the summer. A series of musicals by some of the church choirs of the city will be given during the remainder of April on Sunday afternoons at 3:30 o'clock.

The association's glee club and orchestra are practicing for a grand concert, which will be given about the middle of May. C. J. Shaddick has taken the leadership of the glee club, and will direct the entertainment. Those who have the plans in hand say it will be something entirely new in Ishpeming.

The membership of the association is now something over 600. The membership committee is perfecting plans for a campaign that it is hoped will result in swelling the enrollment to 1,000 by the close of this year.

POWERS COMPANY ON ROCKS.
Recently Visited Ishpeming—Goes to Pieces at Escanaba.

The Powers Hypnotic Comedy company, which recently visited Ishpeming, came to grief last week in Escanaba. An unprofitable engagement at Powers' theater in that city proved its undoing and the smash came Saturday.

All the week the troubles had been brewing and they finally came to a climax Saturday afternoon, when Charles S. Holland, a member of the company, staid out an attachment on the company's baggage, after having failed at levying an attachment on the receipts at the box office during a performance two or three nights previous, says the Escanaba Mirror.

The baggage attached was taken possession of by officers serving the writ and is now stored away in Justice Linden's office pending a hearing of the case, which is set for next Thursday. Holland attached the baggage on a claim of \$43, which he declares is due him from R. G. Barnum and Frank J. Powers, co-partners in the company, for services rendered.

Powers and two or three other members are said to be still in the city, but Barnum and his wife left Sunday morning. Barnum has been acting as manager of the company and before leaving here said he was going to Republic to play there this week, the company was billed for that town, this week.

Owing to the financial difficulties in which the company became involved while here, some of its bills are unpaid, but they may be settled if efforts being made to straighten out the company's affairs are successful. The last performance at the opera house Saturday evening was given by Powers under difficulties, nearly all of the members of the company having left the city or having declined to continue working.

RUTH WHITE DEAD.
Actress Well Known in This Section Passed Away in New York.

Ruth White, the actress, who played the part of Nellie Van Asterbilt in "The Burgomaster," died Monday in New York. Miss White was the wife of William F. Cullen, manager of "The Burgomaster" and one of the other well-known musical comic attractions. For some years Miss White had been starring in "The Burgomaster" and she made her greatest success in the part of Nellie Van Asterbilt. She is well remembered by theatergoers in this region, as she appeared here several times, having been featured in "The Burgomaster." She was thirty-five years of age.

CIRCUS LIFE DEPICTED.
Scenes in "Polly of the Circus," Here Tomorrow Evening, Are Realistic.

A conflict of emotions, wherein all that is hateful is arrayed against all that is good, is the theme of the delightful comedy-drama, "Polly of the Circus." Frederic Thompson's massive production which will be seen at the Ishpeming theatre tomorrow evening. Circus life is depicted, three scenes showing a ring performance, outside of the tent, and the rear of the tent, with the circus going away after the performance at night. The other scenes are laid in the personage of the Rev. John Douglas, the village parson, who falls in love with Polly, to the amazement and distaste of the village people.

The gossip starts when Polly is taken to the Rev. John Douglas' home suffering from an injury received during a performance at the circus. Deacon Strong, a pillar of the church, is the villain and does all he can to hurt Polly in the eyes of Douglas, who falls in love with the injured performer. All that is done in opposition makes Douglas all the more determined to marry the girl. The last scene shows the circus going over the hill in the distance, while Polly and the minister are left together, she content to give up the circus for her love for him.

Mr. Thompson has given this production his personal attention as to the scenic equipment and has surpassed anything that he has ever attempted and is as truly portrayed as can be used on the stage. This is the same play that was seen at the Liberty theatre, New York city, for one solid year.

IMPROVING BALL GROUNDS.
Several men and a team have been working for nearly a week past improving the baseball diamond at the Union Park. The surface is being raised and it will be thoroughly rolled before Sunday, when the Ishpeming and Negaunee teams will play an exhibition game. In the center of the diamond the surface will be brought up fourteen inches and there will be a gradual slope from there to the bases. The outfield will also be improved. It is possible that the grand stands will be enlarged and the bleachers extended some feet, but this has not yet been definitely decided upon.

DEATH OF MRS. SWANSON.
Mrs. Swanson, wife of Gust Swanson, of the painting firm of Eman & Swanson, died yesterday afternoon at 4:30 o'clock. The deceased had been in poor health for several years and her condition had been precarious for more than a week, so that her demise was expected. Mrs. Swanson was a daughter of Mrs. Louise Swanson and a sister of Mrs. Emil Erickson, all of this city. She was thirty-three years of age and was married seven years ago. Besides her husband, a daughter, a little over two years old, survives. The funeral arrangements will be completed today.

"POOR RICHARD" SAID

"The people are the best judges of merit." This is a saying illustrated by the increased demand for the famous Col. Liver and Bro. tonic known as Vinol.

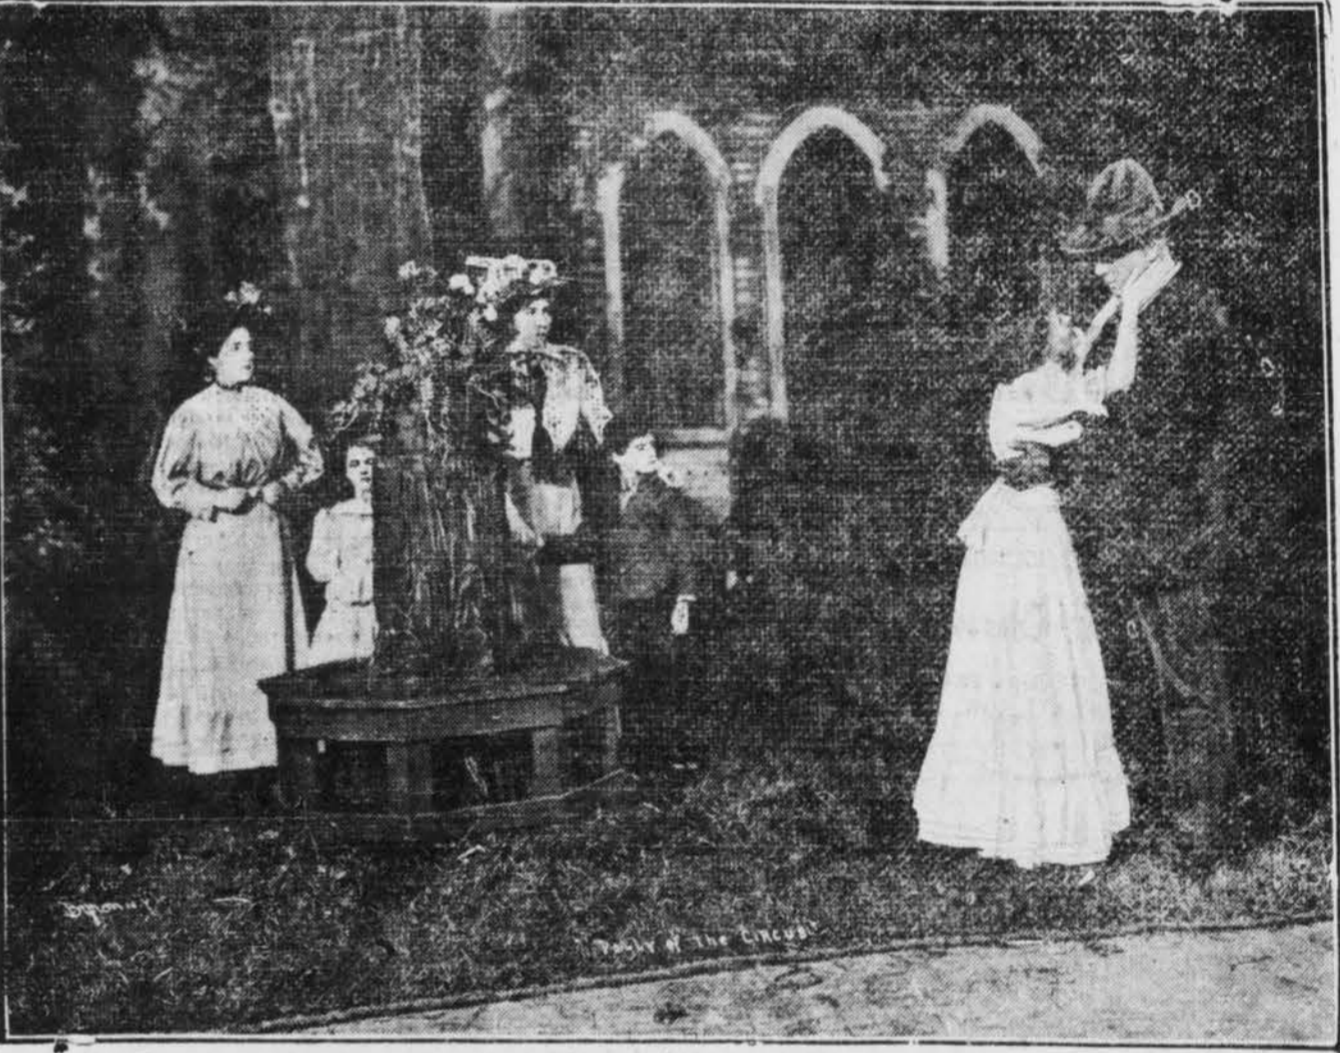

Its worth is demonstrated over and over again in building up the run-down, weak and aged, and to overcome pulmonary troubles. While worthless remedies are disappearing entirely, the fact that the demand for Vinol is rapidly increasing is ample proof of its intrinsic merit.

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. OFFICER SUSPENDED FROM POLICE FORCE

ADMITTED HAVING PILOTED MEN TO LAKE STREET HOUSES, WHEN ASKED TO DO SO.

PRIVATE DETECTIVE WORK

How the Groundwork for the Charges Which Led to Officer Remortel's Suspension Was Laid.

Joseph Remortel, deputy marshal, who has been in charge of the night police force, has been suspended from service by order of Mayor Vaughan and was relieved of his star upon reporting for work last evening on Lake street. The usual suspension will be charged and a first class baseball game may be expected.

The line-up of the Marquette team will be as follows: Linderville, pitcher; Richardson, catcher; Wing, first base; Hamilton, second base; Young, short stop; Eddy, third base; Ripelle, Weiser and Shaker, outfielders. Linderville comes from Gwin, and in the game two weeks ago with the second team, made an excellent showing. Wing, the first baseman, came here recently from St. Ignace and in last Sunday's game showed that he is a first class first sacker. Eddy also comes from St. Ignace, and Sunday will be the first opportunity the fans will have had to judge his work. The other members of the team have played before and are well known to baseball enthusiasts.

A meeting of the directors of the baseball association will be held this evening, at which the league controversy will again be gone over, and some effort made to come to an agreeable understanding with the Ishpeming and Negaunee clubs, relative to a playing arrangement.

BASEBALL SUNDAY. Republic to Cross Bats With Marquette League Team at Fair Grounds.

For the first time this season, the Marquette league team with its regular line-up will be seen in action at the fair grounds Sunday afternoon, when a game will be played with the Republic nine. The usual suspension will be charged and a first class baseball game may be expected.

The line-up of the Marquette team will be as follows: Linderville, pitcher; Richardson, catcher; Wing, first base; Hamilton, second base; Young, short stop; Eddy, third base; Ripelle, Weiser and Shaker, outfielders. OPENING EVENT TAKES PLACE THIS EVENING

FREE STEREOPTICON EXHIBITION WILL BE CURTAIN RAISER TO THE GUILD HALL CARNIVAL AND CIRCUS OF THE LAST THREE NIGHTS OF THE WEEK.

"The Best Ever!" is the motto adopted for the grand carnival and circus at the Guild Hall the last three evenings of this week. Future carnivals may surpass this one, but all that have happened heretofore will have to take a back seat. A free public stereopticon exhibition on Washington street this evening; three grand and spectacular street parades on Thursday, Friday and Saturday evenings at 7 o'clock; a sparkling and fascinating program for the main show on the Guild Hall stage, consisting of amazing acrobatic feats, such as tumbling, parallel bar and horizontal bar exhibitions, girls' drill with wands and dumb bells, a strong man who lifts 600 pounds of biscuits, the first and only genuine exhibition of jiu jitsu ever given in Marquette; diving and swimming races in the splendidly equipped swimming pool; girls' basketball game in the gymnasium; attractive booths presided over by attractive ladies; a "Chamber of Horrors," containing fierce beasts in cages; dancing by photograph; fortune tellers, clowns, barkers, confetti, peanuts, pink lemonade, kazoos and the famous "Trotter band" - this gives but a faint idea of the many attractive and amusing features of this entertainment.

The whole place will be transformed into a bower of beauty and the carnival spirit will permeate everything and take possession of everybody. Those who go to this entertainment from a sense of duty, expecting to be politely bored, are going to be most agreeably surprised and lifted above their ordinary humdrum frame of mind and will feel like performing antics themselves, like unto those they will see when the pretty Guild Hall stage curtain is raised. The dress rehearsal will take place to-night and not only is every performer to be on hand at that time but all those who are to be on duty at the various booths are also invited to be present after tonight their booths will be so crowded with patrons that they will not have an opportunity to see the stage performance.

The management has had coupon tickets printed for the convenience of the public. These are now on sale by numerous canvassers and can be used for admission to the main and side shows and for purchasing carnival articles. The Guild Hall board has already decided that the carnival and circus shall be an annual affair, and that the proceeds each year shall be devoted to some special improvement at the Guild Hall that will make it more attractive and useful for its members.

THEATRICAL.

"The Golden Butterfly."

When the curtain is raised on the new de Koven and Smith comic opera, "The Golden Butterfly," which is to be seen at the opera house tonight, with Grace Van Stuedford, opera goes of this community will witness a light opera that has made a new epoch in compositions of this class. In the estimation of music lovers, de Koven stands among the foremost of American composers. The score of "The Golden Butterfly" contains one song which is now a big favorite in the New York musical colleges, entitled "Don't Forget Me," with a dreamy waltz movement. The opera is said to be unconventional, and discloses an interesting story of love, romance and intrigue, more dramatic than usually seen on the light opera stage. The story of the opera has been divided into three acts and is set in a framework of fanciful grace and imaginative beauty. Regarding the work of the fair prima donna for whom de Koven wrote the opera, the New York Times, a conservative paper, had this to say: "Grace Van Stuedford has achieved a triumph at the Broadway theater. She is a delight, an inspiration and a true exponent of the art of singing. What qualifying adjectives ought one to use to describe her voice, one that is almost bird-like, which soothes and inspires. Its delightfulness is so exquisite that one longs to be carried away upon the waves of its sound and forget all earthly troubles. De Koven understood the possibilities of the singer, and has given us one of the most spontaneously melodic, most airily graceful and ingratiating light operas that has ever been and gambled on the boards in many a season. It is a reincarnation of real comic opera."

MISUNDERSTANDING OF THE NEW LIQUOR LAW

CITY ATTORNEY HOLDS THERE IS NOTHING TO PREVENT PERSONS NOT NOW IN BUSINESS FROM TAKING OUT LICENSES.

The Warner-Cramton liquor law, in so far as it specifies the number and of what persons may take out licenses to conduct saloons the coming year, is quite generally misunderstood, according to City Attorney George P. Brown. Since the law was enacted, the impression has been spread broadcast that no person not now in business could take out a liquor license until the number of saloons in any given city is reduced to the ratio of one saloon to every 500 population. In the opinion of the city attorney, there is nothing in the law to warrant such an assumption.

The act provides that the number of licenses granted must not be in excess of the number that were in force in April, 1909, and that in case the number of licenses then in force is in excess of the ratio of one to every 500 population, that no licenses shall be granted to take the place of such licenses as may have been voluntarily surrendered. Mr. Brown holds "voluntarily surrendered" to mean giving up a license of one's own free will and not a surrender by death, or other involuntary cause.

Under this interpretation, the council may grant at least forty-six and possibly forty-seven licenses, as there were forty-seven saloons in business in Marquette last April. Whether these forty-six or seven licenses are granted to the same persons or not is immaterial, says the attorney. This interpretation of the Warner-Cramton law will result in a much slower reduction of the number of saloons in Marquette and all other cities of the state than has been anticipated. The section of the act in question reads as follows:

When applied for in accordance with the provision of this act, licenses shall be approved by the local board, board of trustees, council or common council in each township, village or city for retail liquor dealers, not to exceed the number doing business in said township, village or city in the month of April, 1909. Provided, that after this act takes effect the number of retail liquor dealers in any township, village or city shall be in excess of the ratio of one to each 500 inhabitants according to the last United States census, no license or licenses shall be issued to any person or persons to take the place of such license or licenses as shall have been revoked as in this act provided, or that shall voluntarily have been surrendered, until the ratio of licenses granted, and the saloons in such township, village or city shall not exceed one saloon for every 500 inhabitants thereof, according to the last United States census. Provided further, that said ratio shall be determined by the board of trustees, council or common council, of any township, village or city may by ordinance limit the number of licenses to be granted for such township, village or city; but the number of licenses shall in no case exceed one to every 500 inhabitants according to the last United States census, except as herein provided: Provided further, if the applications for such license filed on or before April 15 of any year equal or exceed the maximum number permissible under this section, no further application shall be considered; and if such applications exceed such maximum number, the township board or village or city council shall grant the maximum number, and shall determine which of the applications, so filed shall be granted: Provided further, that when an applicant is found to be ineligible under the terms of this act or when said applicant fails to furnish a proper bond or when a license is revoked or determined for any cause, such township board or village or city council shall grant further applications, if any are on file, up to such maximum number, giving preference to those filed on or before April 15, and after that to applications in the order in which the same are filed."

Some attorneys do not agree with the construction placed upon this section by the city attorney and other lawyers, and it is said that the temperance people will make a test case in some part of the state, so that a decision of the supreme court on the mooted point may be obtained.
