S.S.S. CURES OLD BLOOD TROUBLES

Contagious Blood Poison is at the bottom of a great many old blood troubles. The disease may have been contracted years ago and some treatment used that removed the outward symptoms...

There he witnessed with his own eyes the roasted body being disemboweled and eaten as calmly as if it had been that of a kangaroo. Why the natives should indulge in so horrible a practice in a region abounding with fish, flesh and fowl is a mystery.

A PERFECT CURE.

Some eight years ago I was inoculated with poison by a nurse who infected my babe with blood taint. I was covered with sores and ulcers from head to foot. No language can express my feelings of two during these long years. I have seen wonderful cures made by the use of S.S.S. We got some and I improved and a complete cure was the result. S.S.S. is the only blood remedy which makes desperate cases of old blood troubles.

MR. T. W. LEE. Tale of Hope, Savannah, Ga.

Not only does S.S.S. cure contagious blood poison when first contracted, but reaches it in any of its stages, even where the trouble has been inherited.

S.S.S. is made entirely of roots, herbs and barks, and does not contain the slightest trace of mineral in any form.

Book on the blood and any medical advice free.

THE TRUTH OF BANKING

Many people have a misconception of a Bank and a bank's usefulness.

To those who have not cultivated the habits of Thrift and Saving, the notion of a bank is that it is a Rich Man's convenience, or that it is merely a creation and necessary adjunct of commercialism.

More money is on deposit with banks throughout the United States belonging to salaried people as Savings Deposits, than is on deposit in all the banks belonging to manufacturing and business institutions.

It is the Savings Deposits that make up the real wealth of the country.

It is the Saver that makes the wealthy and successful man of the future.

And it is the bank that is the best educator, encourager, backer and guarantor of the Saver.

A Bank that looks after its Savings Depositors, placing every convenience and safeguard around them, makes success for itself and its depositors.

CRYSTAL FALLS WILLING.

Would Enter Baseball League With Marquette Range Teams.

Marquette's position with reference to a baseball league this season seems to be just as unsettled as for several weeks past. No agreement has as yet been reached with the Negaunee and Ishpeming managements, and it is said that the up-the-road fans are negotiating with Crystal Falls and Iron Mountain, with the possible intention of forming a league of teams representing the four cities. Crystal Falls appears to be agreeable to joining a league with Ishpeming, Negaunee and Marquette, according to the following from last week's Diamond Drill:

"An enthusiastic gathering of baseball fans met to listen to the report of the committee which was appointed last week to attend the meeting of the Marquette range baseball league. Messrs. Corcoran and Henry, the delegates, gave a lengthy report. Mr. Corcoran reported that, although the Marquette city delegates to the meeting objected to Crystal Falls being in the league, he was assured by the Negaunee and Ishpeming men that Crystal Falls will be given a place, and that if necessary three teams will constitute the league. Negaunee, Ishpeming and Crystal Falls.

"The committee report was discussed at length. Finally a motion to determine the feeling of the meeting was put and it was unanimously agreed that 'we play ball' providing, however, that the league proposition goes through. If there is no league there will be no ball, as independent ball has not been a success. The meeting then proceeded to elect directors and the following were chosen to be members on the board: W. J. Richards, James F. Corcoran, Herman Holmes, Arvid Brook, Herman Rutwick, John Tuft and John Wall.

"It will be necessary to secure the services of but three more men as eight old war horses are here anxious for the fray. The outfield, Phil Shaw, Art Noyes and L. A. Henry is intact and is as good an outfield as any team in the league can boast of. Frank D. Ball will be seen behind the plate, with Bill Deidrichs to step into the position if necessary. Ball has no peer behind the bat. E. J. Oswald, familiarly known as 'Ike' to the fans, is the only pitcher. Mr. Oswald's duties are such as to interfere somewhat with his playing at all times, so it will be necessary to secure another slab man. Mr. Corcoran has a man in view, well known to local fans and with this acquisition the battery end of the team would be complete.

"In the infield Deidrichs on first and Hein on third constitute our present lay-out. Two men, a second baseman and a short stop, will have to be secured. It is probable that by this time next week the exact make-up of the league will be known and we may add that it is thought that Marquette will yield and that the four teams, Ishpeming, Negaunee, Marquette and Crystal Falls will make up the league."

ENGLISH BIRTHS DECREASE.

Rate for England and Wales Decreases from 26.66 in 1908 to 25.576 in 1909.

London, April 17.—The lowest birth rate on record—that is the startling feature of the abstract of births, marriages and deaths in England and Wales, prepared by the Registrar-General and issued as a White paper. Never since civil registration was established in 1875 has last year's unhappy record of only 25,578 births per 1,000 inhabitants been even approached. The previous lowest was in 1907, when the rate was 26.3. The following table shows how the birth rate per thousand has changed of recent years:

Year	Rate	Year	Rate
1906	26.38	1908	26.66
1907	26.3	1909	25.578

Nor is it only the rate that has fallen, the actual number of births has diminished. Last year the total was 914,921, a decrease of over 27,000 on the figures for 1908. The figures, it is pointed out in the abstract, are "provisional" and are likely to vary slightly from the revised figures which will be issued later; but for a practical purpose they may be assumed to be very nearly correct. Marriages, too, show a marked decrease, even when compared with those of 1908, when the large fall in the marriage rate was attributed to bad trade and depression. Here are shown in tabular form the variations of the marriage rate per thousand in recent years:

Year	Rate	Year	Rate
1904	15.2	1907	15.8
1905	15.3	1908	14.9
1906	15.6	1909	14.26

In the number of marriages, too, despite an increase of population estimated at about 400,000, there is a decrease. There were altogether 290,259 marriages in the year, against 294,647 in 1908. The one comforting feature of the figures is that they show a decrease in deaths. These numbered but 518,975, against 521,644 in the previous year. Of the deaths 265,375 were of males and 252,700 of females.

More babies are born in the June than in any other quarter, while the large number of deaths—13,900 more than in any other—of the March quarter would seem to indicate that the reputation of the March wind is not undeserved. On the whole, the September quarter is the most popular marrying time—though the June term runs it close in point of popularity. But apparently marrying times vary in different localities. Thus, in the southeastern division, comprising Surrey, Kent, Sussex, Hants and Berkshire, the December quarter was essentially the wedding one, as it was in the eastern and southwestern divisions, Yorkshire, Lancashire, the North generally, and Wales turned to matrimony in the June quarter, and in their choice they were supported by the West Midland division. Every division, and, indeed, every county, shunned the deadly March quarter—the quarter in which death's harvest was richest—in its marrying.

PAPKE TO JOIN JEFFRIES.

Ben Lomond, Cal., April 17.—Billy Papke will join Jeffries in a few days and will share the latter's training quarters while preparing for his next fight, which probably will be with Frank Klaus of Pittsburgh. Jeffries put in a strenuous Sunday at training.

It is a peculiar fact that the Chinese of this country forget their English as soon as they are arrested and do not recover it until they are free again.

The first green thing to show after the melting snow is the labels on the empty tin cans in the back yards.

"WHERE FASHION REIGNS."

A. L. Guetter

TEDDY, JR., HAS WON PLACE.
 After Marriage He Becomes Western Manager for Carpet Company.

New Haven, Conn., April 17.—Theodore Roosevelt, Jr., will leave his employment in Thompsonville June 1 to prepare for his wedding with Miss Eleanor Alexander in New York city, June 29. Young Roosevelt is now doing executive work in the main office of the carpet factory. Following his marriage he will become district manager for the company at its San Francisco headquarters. Young Roosevelt took up his work in Thompsonville on October 1, 1908. He began at the bottom, in overalls, sorting wool, and has worked up through practically every one of the various departments of the business.

REFERENDUM IS ASKED.

Oklahoma Socialists to Fight the Proposed Grandfather Clause.

Guthrie, Ok., April 17.—Attorney Patrick S. Nagle of Kingfisher, acting for the socialists' state committee, has filed with the secretary of state a petition demanding a referendum vote on the joint resolution passed by the recent special legislative session, suggesting to the people of the state that they initiate a "grandfather clause" amendment to the constitution. In other words, the socialists seek to refer the suggestion as an act of the legislature. Senator Lee Taylor, author of the "suggestions," today filed his petition to initiate a "grandfather clause" amendment. The proposed amendment would disfranchise 40,000 negroes. The Constitutional league of Oklahoma, a strong negro organization, has decided to contest the proposed "grandfather clause" amendment both at the polls and in the courts, if necessary.

THE PASSING OF THE CHAMOIS.

The "pride of the Alpine fauna," as the Indians call it, is said to be rapidly disappearing. Unless the law intervenes to protect it in a few more years the chamois will be nothing more than a memory, living only in the verse of Carducci's "Piemonte" or as an object in the museums. One thousand chamois were killed in 1909, mainly on the Alps Lepontine, 800 having been sold in various markets, while the remaining 200 fell to the rifle of the poacher before and after the period fixed for legal sports and were distributed among the smaller Alpine towns. Indeed this estimate of 200 clandestinely slaughtered is, as the compiler of the statistics referred to says, "well within the mark," and strengthens his appeal to the Italian government to exercise still greater surveillance if the chamois is not to become as extinct as the dodo—Scotsman.

STENOGRAPHERS.

Speaking of stenographers, the Kansas City Times notes: Under President Cleveland, a stenographer became secretary of war; under President Roosevelt, a stenographer became secretary of the treasury; under President Taft a stenographer became collector of the port of New York, the most important customs office in the United States.

The boll-wool has wrought untold havoc with this year's importations of pure olive oil.

The Wall Paper Question Is at Hand
WILL YOU TAKE ADVANTAGE OF IT?

1,000 rolls of stripes, in beautiful Japanese designs, suitable for Bedrooms, Dining Rooms or Parlors, are going for

THE FIRST NATIONAL BANK

NEGAUNEE, MICHIGAN.

STATEMENT OF CONDITION MARCH 29, 1910.

Table with 2 columns: RESOURCES and LIABILITIES. Includes items like Loans and Discounts, Capital Stock, and Deposits.

Negaunee Department

TO PLAT TOWNSITE AT CLARKSBURG

GEORGE J. MAAS OF NEGAUNEE INTERESTED IN PLAN—ALSO EXPECTS TO PLAT LAND NORTH OF MAAS MINE.

A townsite is soon to be platted in Ely township by Harry Adams, A. B. Miner and George J. Maas, on lands owned principally by Messrs. Adams and Miner.

TO START AT ONCE. Contractor to Complete Negaunee National Bank's Block in Five Months.

L. E. Chaussee, who was on Friday awarded the contract for the erection of the Negaunee National bank's new block, on the former site of the Montreal house, on East Iron street, will break ground for the foundation today or tomorrow.

Representatives of several furniture houses have been in the city interviewing the officials of the bank, in the hope of securing the contract for the furniture and fixtures.

BIDS FOR BRIDGE CONTRACT.

Bids will be accepted at the Richmond township clerk's office until the 14th of May. The bridge to be built is with gravel. The bridge is at the Belair Gate half way between Negaunee and Palmer.

LOCAL LACONICS.

James Ford of this city has left for his old home in England, for a visit.

Miss Elizabeth Verelimo has been ill at her home on Peck street for the past few days.

Miss Tillie Hokanson has returned to Reed's Business college at the Soo, after visiting relatives here.

William and John Dunn, who arrived in Negaunee from England recently, left for Cuba, N.Y., where they expect to locate permanently.

The funerals of the three victims of the dynamiting crime perpetrated in Negaunee at an early hour Friday morning were held yesterday.

Superintendent Orr Schmitz of the Negaunee public schools will be among those who will give lectures at the Marquette Normal during the summer session.

John A. Redfern and John Sheehy, both former Negaunee men, are interested with Hibbing parties, in a plan to provide the city with a street railway system.

Max Faust has been awarded the contract for the construction of a new dwelling for Mr. O. Beaudin, on Clark street. Mr. Faust is also figuring on two or three other similar jobs in the city.

The members of the Ladies' Guild of St. Paul's church will hold a sale of fancy articles tomorrow afternoon and evening in Shea's hall. A musical program will be given in the evening. The ladies invite their friends to attend.

The arrangement committee for the baseball game to be given next Friday evening at the Adelphi rink for the benefit of the Negaunee team, are meeting with success in the sale of tickets. The decorating of the rink will be started Wednesday.

Philip Hogan, the new deputy game and fish warden, has been active since he took the position, and has rounded up several parties who have been fishing for trout. On account of the early spring the temptation to go fishing has been great, and it is said that many fine trout have been taken from the streams during the past few weeks. The season will not open until May 1.

AFTER SUFFERING FOR YEARS Cured by Lydia E. Pinkham's Vegetable Compound

Brookville, Ohio.—"I was irregular and extremely nervous. A neighbor recommended Lydia E. Pinkham's vegetable compound to me and I have become regular and my nerves are much better."—Mrs. R. KINISON, Brookville, Ohio.

supervisors are: Menominee city, Matthew Bottkoff, N. C. Christopherson, T. C. Christopherson and Wolfgang Reinold; Menominee township, Christ Peterson; Meyer, Edwin P. Radford; Cedarville, Theodore Jasper; Ingallston, Charles Nelson; Mellen, John Spalding; Spalding, George Christensen; Nadeau, Peter Garrigan; Holmes, Solomon Swanson; Stephenson, W. J. Oberdorfer.

Was Close to Death—Surfman Ira Miller of the Two Heart life saving in Luce county has met with a painful accident which came very near proving fatal.

Special Census Agents Appointed—James T. Bennett, supervisor of the census for the upper peninsula, has been endeavoring for the past month to secure the appointment of three special agents for his district, and it was only last week that he received such permission.

Loses Life by Drowning—While stopping to secure a dipper full of water, Charles Brown, cook on the big dredge Pan-American, at work directly east of the Carbide plant at the Soo, lost his balance and pitched headlong into the water.

NEW SCHOOL BUILDINGS. J. D. Chubb Preparing Plans for Three Structures on Menominee Range.

The school populations of Stambaugh, Iron River and Palatka, on the Menominee range, are now almost four times as large as they were two years ago.

Major Says Speeding Must Stop—It has been observed on various occasions that some Escanaba autoists were in the reprehensible habit of speeding their machines at a much faster pace than the law allows or is compatible with public safety.

TO ATTEND CONVENTION. Several members of the Negaunee lodge of the Protective Order of Elk lodge, to attend the annual grand lodge convention, to be held in Detroit in July.

MAN'S LIFE SAVED BY A DOG. Collie Carries Message of Master's Sickness to Elk City, Ore.

Elk City, Ore., April 17.—Rover, a collie dog, is the hero of a tale in which the dog's almost human intelligence saved his master's life.

County Board Chairman Re-elected—For the fifteenth time in as many years, Edwin P. Radford has been elected chairman of the Menominee county board of supervisors.

TUXEDO CLUB CIGAR. 10¢

MARQUETTE TRIMS REPUBLIC EASILY

BY A SCORE OF 17 TO 4, FIRST GAME OF THE SEASON GOES TO THE HOME TEAM.

LARGE CROWD BRAVED COLD

Nearly 500 Fans Gathered Along Side Lines, and Were Favorably Impressed With Work of Players.

Though the weather yesterday afternoon was better suited to playing football than baseball, nearly 500 fans, for the most part clad in winter clothing and overcoats, braved the danger of taking cold or contracting pneumonia, and witnessed the game between Marquette and Republic at the fair grounds. Considered strictly on its merits, the game was not particularly interesting, nor was it an especially high class exhibition of baseball. Considering, however, that it was really the first time the Marquette team had played together, that the weather was altogether too cold for either players or spectators, and that the grounds were soft from recent rains and in wretched condition, the Marquette nine put up a very creditable article of ball.

The Republic team was not in Marquette's class at all, and the score at the end of nine long innings was 17 to 4 in favor of the home team. Jarvala started in to pitch for Republic, but after a fusillade of hits in the first and third innings, netting eight runs all told, he retired in favor of Pellow, who fared little, if any, better. Both of these pitchers were hit hard by the Marquette players, though some of the hits charged against them could have been cut off by faster fielding. The Republic team was weak in the field, making seven errors, nearly all of which occurred at critical times. Republic was stronger with the stick than in the fielding department, but the visiting team was never, even for a minute, within striking distance of victory.

This being the first appearance of the Marquette team with the regular line-up complete, there was much interest in their work, both at the bat and in the field. Fans who went out to the fair grounds to see what kind of a team Marquette was going to have this season, came back jubilant. The air was cold and the grounds were soft, which prevented fast or spectacular work, but nevertheless, the boys put up a steady, heady, and consistent game. The three errors made were excusable, all being quick throws that were not cleanly handled, due largely to the cold.

New Men Showed Up Well.

Linderville, who started in to pitch, was touched up pretty lively in the second and fourth innings, but in the first and third was almost invincible. He appears to have good curves, with plenty of speed, which he frequently varies with a very slow ball. He showed that the

could bother him, and he would probably pitch a much stronger game on a warm day. "Hap" Scholtus pitched the last four innings and had the opposing batsmen at his mercy, and even at that he did not let himself out. One clean hit was made off his delivery.

Wing and Eddy, the new first and third basemen, made an excellent impression, and are likely to be fixtures on the team if they keep up the pace they set yesterday. Wing held up his end at first and was especially strong with the stick, getting three hits in four times at bat, one of which was a two-bagger. Eddy handles himself cleverly at third, throws well, and though he is credited with only one hit, he never failed to smash the ball.

All the other members of the team showed that they will be able to play just as good ball as they did last summer. Hamilton made a little the best showing, covering a big territory in the vicinity of second base and getting three hits, one of which went for three bases and scored two men, he, too, crossing the plate on a wild throw to catch him at third. This occurred in the first inning and gave Marquette a lead which was held throughout the game.

The score in detail follows:
Marquette—A. B. R. H. P. O. A. E.
Young, ss..... 5 3 2 3 1 0
Weiser, rf..... 5 3 2 1 1 0
Hamilton, 2b..... 5 4 3 2 1 0
Riopelle, lf..... 5 1 2 2 0 0
Richardson, c..... 3 2 0 8 1 1
Eddy, 3b..... 0 1 0 0 0 0
Linderville, p..... 3 0 1 2 4 1
Wing, lb..... 4 1 3 7 1 1
Jeanson, cf..... 4 1 0 1 0 0
Scholtus, p..... 2 1 0 1 1 0

Score by innings:
R. H. E.
Marquette..... 3 0 5 1 0 7 0 1
Republic..... 0 2 0 2 0 0 0 0 4 7 7
Two-base hits—Eddy, Wing. Three-base hits—Hamilton, Riopelle. First on base—Off Pellow, 5; off Scholtus, 1. Struck out—By Pellow, 3; by Linderville, 1; by Scholtus, 6. Wild pitch, Pellow. Passed ball, Johnson. Umpire—Francis.

CARD OF THANKS.

We wish to thank our many friends who have shown us their kindness in our bereavement both by their assistance and their beautiful floral offerings. Our appreciation can never be adequately shown them in words.

Removes ashes and garbage. Order by phone, Bell 382-J. (6-7-1f)

THEATRICAL.

"Polly of the Circus."

"Polly of the Circus," a play which has been making a decided hit this season and which was well received in Ishpeming last week, will be the attraction at the opera house tonight. One of the big features of "Polly of the Circus" is the circus scenes, which are shown in the last act. The first shows the "pad" room. The "pad" room is a place where the actors lumber up before entering the ring. The second scene shows the interior of the circus where for two minutes the "real thing" is presented in order to give Polly a chance to rush into the ring and faint. Horses are galloping around the ring, the tumblers, acrobats and clowns are all working as if their lives depended on their efforts, the trained dogs and animals are all in the picture—and only for two minutes. It seems a great deal of trouble to take for one short stage picture, yet it is said to be one of the most realistic scenes ever produced on the stage. The third scene is the one that was a sensation in New York city last season. In this scene, Mr. Thompson shows a circus leaving the lot after the performance at night. Mr. Thompson has provided a cast of well-known players assisted by fifteen real circus performers of reputation.

LAKE SEASON OPENS.

Steamer Warner Left Marquette With Ore Saturday Morning.

The lake season of 1910 began at Marquette as at all other lake ports on Saturday. The first boat to clear the Marquette harbor was the Warner, which has been tied here since last fall. This vessel left shortly after midnight Friday night with a cargo of ore for Cleveland. The Pathfinder, which has also spent the winter in Marquette, is to be loaded today and may clear tonight or tomorrow. At the L. S. & L. dock, the Oh was expected last night and the America today. The dock has been filled with ore and it is expected to load eight boats during the week. From now on until late in November, it is anticipated that the ore dock crews will be rushed to their capacity and it would not be surprising if the largest movement in the history of Marquette as a port would be recorded this year. The outlook in the iron trade is brighter than for several years, and a large percentage of the possible tonnage has already been contracted for. The ice being out of the lakes at least two weeks earlier than usual will give that much longer time for the boats to operate and should considerably increase the total movement for the season. Ice is still making trouble at the Buffalo harbor, but everywhere else the lakes and connecting rivers are clear.

The first vessel to enter the local harbor was the government boat Vidette, which was here Saturday. This vessel is in the inspection service and the officials on board looked over the harbor to ascertain what dredging and other harbor work is needed immediately.

House cleaning time is at hand. Get your orders in early for the Vacuum Wagon or Electric sweeper. Call J. H. Sanders, Bell Phone 650. (3-23-1f)

TUXEDO CLUB 10¢ CIGARS

In Early Spring, Don't

forget what is due your looks as a careful dresser. In STEIN-BLOCH SMART CLOTHES—which same we have waiting for you in all Spring models and fabrics. Clothes that fit, that are stylish with a world-wide style, that are all wool and hold their shape.

A try-on will satisfy you.
