

# Copper Country

### WIRELESS FOR HOUGHTON. COL. COX TALKS TO HOUGHTON.

Great Lakes Radio Telephone Company Will Erect Stations.

Wireless telegraph and telephone service will be installed in Houghton by the Great Lakes Radio Telephone Company within a short time, contracts for the installation having been signed Tuesday. Stations will be erected on the roof of the Douglas House and at White City and the same will be connected by a cable system. The negotiations for the service were opened some time ago by Joseph Croze, who desired wireless service to facilitate marine intelligence on Portage Lake. Croze, representative of the company, came here during the winter to look over the ground and this week C. D. Reinhardt of New York, an engineer, working with F. W. Paeker, copper country agent for the company, closed up all preliminary arrangements.

### COL. COX TALKS TO HOUGHTON.

Prays for Greater Public Interest in the Infantry Company.

Houghton has a military company within its corporate limits. It is a company of the Michigan National Guard and as such a part of the reserve standing army of the United States. If there should be a war right now or hereabout this company would be called out and the boys would march away with much waving of flags, weeping of sweethearts and the president of the village would probably present the captain with a gold-mounted sword which his surviving relatives would find useful as an object of virtue. The local name of this company is Houghton Light Infantry and the official designation is Company G, Third Regiment. The army is at the foot of Portage street, in the Amphidrome, and drills are held every Thursday night.

### UNFORTUNATE JAIL INMATE.

Nicholas Morgan, Would-Be Suicide, Refuses to Eat.

Nicholas Morgan, an unfortunate who was fished out of Portage Lake Monday night and has since been confined in the county jail because of an attempt at suicide, is making a desperate effort to starve himself to death and the jail officials believe him to be insane.

Just how Morgan fell into the lake and who got him out are facts not known. His known history starts about 10 o'clock Monday night when Officer Mitchell found him standing on the platform at the Mineral Range station industriously sawing at his wrists with a piece of glass broken from a whiskey flask. He was bleeding profusely and would have bled to death probably in a short time if the officer had not found him.

Morgan's clothes were soaked and dripping water, which is the reason for believing he had been in the lake. He was taken to jail by the officer and the county physician was called to attend to the bleeding of his wrists. Since then Morgan has refused all food and it was necessary yesterday morning to force milk down his throat. As soon as he has regained his strength somewhat he will be examined by Judge Bentley and will probably be taken to Newberry.

### GOVERNMENT FORESTRY RULE.

Copper Country Timber Contractors Are Burning Pine Tops.

Matt Minzgor, the Hurontown lumberman, who has been lumbering on contract on the Gratiot river in Keweenaw county, is now engaged in burning pine tops and other brush left on the cut-over lands. This is a government forestry regulation never before observed in the copper country. All the big timber land owners now require their contractors to burn this brush as they cut it. The burning is intended to be a measure of protection against forest fires as well as the removal of a bar to the growing of young trees. Mr. Minzgor says that it is almost as dangerous to enforce the regulation as it is to disregard it. He says the government regulations require that a certain percentage of trees per acre be left standing and careless lumbermen are liable to permit their brush fires to clean off the standing timber also.

### WINONA-KING PHILIP MLL.

The stamp mill that is to be used jointly by the King Philip and Winona mines is practically enclosed now. It is a substantial steel structure with four heads, each capable of handling 750 tons of rock daily. The management plans that the Winona will probably furnish 1,000 tons per day as soon as the mill goes into commission. The underground openings of the Winona are now open ahead and it can be said with certainty that the showing is constantly improving in mineral contents with depth. It is particularly pleasing that the very best grade of ground opened anywhere in the mine is that now showing in the twelfth and thirteenth levels. The King Philip is a much later proposition and is not, therefore, as far advanced, but the drifts there are now in good copper ground and the showing is much better as developments continue.

### DON'T GET RUN DOWN.

Weak and miserable. If you have Kidney or Bladder troubles, list head pains, dizziness, nervousness, pains in the back, and feel tired all day, get a package of Mother Gray's AUSTRIAN-LEAF, the pleasant herb cure. It never fails. We have many testimonials from grateful people who have used this wonderful remedy. As a regulator it has no equal. Ask for Mother Gray's Australian-Leaf at drug stores. Sent by mail for 50c. Sample FREE. Address, The Mother Gray Co., Le Roy, N. Y.

# A Poor Weak Woman

As she is termed, will endure bravely and patiently agonies which a strong man would give way under. The fact is women are more patient than they ought to be under such troubles.

Every woman ought to know that she may obtain the most experienced medical advice free of charge and in absolute confidence and privacy by writing to the World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for many years and has had a wide practical experience in the treatment of women's diseases than any other physician in this country. His medicines are world-famous for their astonishing efficacy.

The most perfect remedy ever devised for weak and delicate women is Dr. Pierce's Favorite Prescription.

IT MAKES WEAK WOMEN STRONG.

SICK WOMEN WELL.

The many and varied symptoms of women's peculiar ailments are fully set forth in Plain English in the People's Medical Adviser (1908 pages), a newly revised and up-to-date Edition of which, cloth-bound, will be mailed free on receipt of 31 one-cent stamps to pay cost of mailing only. Address as above.

### DULUTH DIRECTORS REJECTED.

Zenith City Stockholders Maintain Control of North Butte Company.

Joseph B. Cotton and Charles A. Duncan, both of Duluth, and James Gayley of New York were rejected directors of the North Butte Mining company at the annual meeting in Duluth this week. The terms of the three men expired this year and their reelection, permit a digression: Charles Croze, now of Duluth but once of Houghton, and a small literary coterie in the village once attempted to organize a society which he would have called "The Tell It to Me While It's Hot" club. He failed, because it is the hardest thing in the world to say a good thing about a man and the easiest thing to roast him. Charles Croze would have as the creed of his club to make your flowers out of words and hang them on the brows of the deserving rather than to wait until the sword is drawn. Tasso-like, had passed away and then bring out the blossoms and the boys and place them on brows of marble. But let the story proceed.

The Calumet Engineers were inspected Tuesday night in the Calumet armory. It is to their credit that every man owning membership in the outfit was present and it is to the credit of Calumet that the armory was crowded with spectators. It is a truth that a soldier when he is gotten up for inspection likes to be inspected, not only by one who is there to pick flaws but by one or several who have come to admire and to see. If his friends and neighbors and pals are in the gallery and the soldier simply puts up a better front than he is really capable of.

Development Work Disappointing.

During the past year the work done on the 2,000 and 2,200-foot levels on the Edith vein to which levels the greater work of drifting on the Edith vein was confined, has been somewhat disappointing, says the report. No very large bodies of high grade ore, such as was found on the 1,600 and 1,800-foot levels, were opened up. However, throughout the entire work of drifting on these levels, the reports show that the ore bodies are continuous and that a large tonnage is now available. A large percentage of the ore, however, is second-class, but places were passed through from time to time on these drifts where several feet of high grade ore, with good yield of vein, would seem to justify the belief that some good ore bodies were in that locality.

### ONE HUNDRED AND FIFTY.

Large Number of Houghton and Hancock Children in Kernis.

The kernis to be given under the auspices of the Woman's guild of Trinity church at the Amphidrome next week promises to be an affair of more than ordinary merit. There will be two performances, Wednesday and Thursday evenings, April 27 and 28, each ending in an informal dance. The Quincy orchestra will provide the dance music.

### CONGRESSIONAL SEEDS ARRIVE.

Hon. H. O. Young Delivers His Annual Report to Houghton.

Secretary John T. McNamara of the Copper Country Fair has received from Hon. H. O. Young, congressman from the upper peninsula district, his annual contribution of seeds to Houghton county. The seeds are packed in 500 packages, each containing half a dozen smaller packages. They are sent out from the department of the congressman. Mr. McNamara will hold the seeds at his office in amphidrome for all who care to call for them.

### WORSE THAN BULLETS.

Bullets have often caused less suffering to soldiers than the eczema I. W. Harriman, Burlington, Me., got it in the army, and suffered with it forty years. "But Bucklen's Arnica Salve cured me when all else failed," he writes. Greatest healer for Sores, Cleers, Boils, Burns, Cuts, Wounds, Bruises and Piles, 25c at The Stafford Drug Co.

Jo W. Allison Discovers the Product.

Ennis, Texas, April 20.—The demand for cotton-seed flour is spreading over the country so rapidly that the manufacturers of cotton-seed products in Texas and other Southern States are preparing to supply the new food product on a large scale.

The announcement that a good grade of flour could be made from cotton seed seems to have come at an opportune time. The people are seeking relief in every possible direction from the rising high prices of almost every other food product that enters into the old standard of living. To J. W. Allison of Ennis is given the credit for the discovery of the important new use to which cotton seed may be put. Mr. Allison has considerable interest in this place and has been experimenting with cotton seed and its products for several years. He learned some time ago that a high grade of flour might be made from the kernels of the seed and small quantities of flour were made from them at his mill from time to time. This flour was tested by a number of people of Ennis and a considerable local demand for it was soon created.

### COTTON-SEED FLOUR.

A MEAT SUBSTITUTE.

Chemist Declares New By-Product Makes Excellent Food.

IT IS RICH IN PROTEIN.

J. W. Allison of Ennis, Texas, Is Given the Credit for This Interesting Discovery.

College Station, Tex., April 20.—That cotton-seed flour, made from cotton-seed meal, and especially treated so as to remove the hulls, can be used as a human food, has been proved by Dr. George S. Fraps, state chemist of Texas, at the A. M. College of Texas.

But it is a meat substitute, and not a flour substitute, is the statement of the scientist, after he has made his investigations, and that it ought to be used mixed with other foods is his opinion.

Dr. Fraps started his investigation of the new by-product of the cotton fields after there had been samples of bread, cakes and biscuits sent to the college by J. W. Allison of Ennis, who is in charge of a publicity campaign for the cotton-seed crushers. The product is cotton-seed meal, which is finely ground, and the hulls have been removed as thoroughly as possible. It has a bright yellow color and a pleasant odor and sweetish taste.

Large Percentage of Fat.

Cotton-seed flour contains 54 per cent of protein and 7.17 per cent of fat. It contains practically no starch. It is claimed by diet authorities who have been conducting experiments with the new flour recently that its high protein and fat and absence of starch makes it available remedy in many diabetic diseases and gastric disturbances. The statement is made that cotton-seed flour has a nutritive value more than five times that of wheat flour, nearly three times that of lean round of beef as bought in the markets, and from three to thirty times that of many frequently used articles of food.

### Many Women who are Splendid Cooks

dread having to prepare an elaborate dinner because they are not sufficiently strong to stand over an intensely hot coal range. This is especially true in summer. Every woman takes pride in the table she sets, but often it is done at tremendous cost to her own vitality through the weakening effect of cooking on a coal range in a hot kitchen.

It is no longer necessary to wear yourself out preparing a fine dinner. Even in the heat of summer you can cook a large dinner without being worn out.

### WIDOW SUES CIRCUS ACTRESS.

Heir of Victim of Indiana "Peeping" Incident Asks \$10,000 Damages.

Evansville, Ind., April 20.—Mrs. James Simpson of Nashville has entered suit for \$10,000 damages against Mrs. Jennie Mallar of Danville, Ill., and the Norris & Rowe circus, which opened here last Friday.

### LOWER STATE NOTES.

JACKSON—Robert Campbell, for years a prominent member of the Jackson county bar, and a former law partner of Judge J. A. Parkhouse, has been disbarred. Campbell was recently sentenced to long imprisonment for ten years for forgery.

BATTLE CREEK—It is probable that the suits brought by the state against the Little Creek sanatorium, which have been in the courts for the past eight years, may be settled by the sanatorium paying back taxes amounting to \$100,000 and agreeing to pay taxes on all except the main building in the future.

TRAVERSE CITY—It is estimated that the two nights' truce will cost two-thirds of the sour cherry crop in Grand Traverse peninsula and one-third of the sweet cherry crop. Patches on high ground are probably not injured but those on low ground are badly frozen. Very little damage was done in Leelanau county, according to reports.

MARSHALL, Joseph Sturgis, well-to-do farmer of Lee township, has absconded with his wife and her two children, and has done in a divorce from his third wife secured through a matrimonial agency. All three deserted him after securing a generous share of his property. He has had four wives, losing his first by death.

CASOPOLIS—There will be a county fair this fall notwithstanding the fact that the county will be dry a few days. Before election threats were made that if the county went dry this spring the big county fair would be called off. Now the association has announced that the citizens need contribute one cent to the support of the fair, and it will be held this fall as usual. Officials state that they never contemplated calling the fair off.

THREE RIVERS—Carl Jones, ten-year-old son of William Jones, a prominent farmer living near Menden, shot himself while playing with a revolver Monday evening and was instantly killed. The bullet penetrated the body just above the heart. The parents were calling on neighbors when the accident occurred. The son secured the revolver from a bureau drawer. When the parents returned they found him lying in a pool of blood, dead.

MIDLAND—Gilbert A. Currie, member of the legislature from Midland county, has been placed under arrest by ex-ls on a charge brought by Leslie E. Madill, ex-county treasurer of Midland county. Madill claims \$5,000 damages for an article published by Representative Currie in which Currie charges the ex-treasurer with having defrauded the county out of a large sum of money by making fraudulent entries of rebate transactions during his term as county treasurer. A committee appointed by the board of supervisors, after spending several weeks in investigating the matter, reported to the board that the charges were without foundation, and Madill now brings suit. It is expected that the suit will be decided in a few days.

LANSDOWN—At the last session of the legislature a law was enacted which provided that all homesteads of soldiers and sailors in the Civil war belonging to them or their widows shall, upon application of the holders, be exempt from taxation, providing they do not exceed in value \$1,200. It is further provided that the statute shall not operate to relieve from payment of taxes any persons who are holders of more than \$1,200 worth of taxable property. That this law is not working out in the most satisfactory manner is shown by the fact that assessors and attorneys from various parts of the state have visited the attorney general's office to discover whether or not there is some method of compelling old soldiers who are abundantly able to do so, to pay taxes on their homes. An attorney visited that office and stated that he knew of a number of veterans who are drawing large pensions and have invested large sums of money in building and loan stocks and other places where it could not be assessed, and whose homes were not valued at more than \$1,200. He believes that these veterans should be compelled to pay taxes on their homes, as they are abundantly able to do so, and he asked the attorney general for his opinion in the matter.

A gossip believes everything she hears, and takes the rest for granted.

### City Brevities

Today's weather: Fair and slightly warmer.

Yesterday's temperatures: Seven a. m., 39 degrees; noon, 47; 7 p. m., 42. Maximum, 48 degrees; minimum, 34.

Mrs. P. W. Brown and daughter left for Chicago last evening.

Mr. and Mrs. D. H. Merritt returned from their visit to New York state Tuesday.

The Lady Macebees of the World will meet at Siegel's Hall at 8 o'clock tonight.

W. W. Walker, of Duluth, general freight agent of the South Shore road, was in the city yesterday.

Carl Bohman and Harry Caine left last night for Evelyn, Minn., where they have secured employment.

Deputy Catlin, of the prison, left for Detroit yesterday to bring back a prisoner who has broken his parole.

Miss Lillian Peterson, of Skandia, was brought to St. Luke's hospital yesterday, and will be operated on for appendicitis today.

M. Riopelle has gone to Munising to work for Lipsitt & Sinclair, on the new buildings the firm is erecting in that village.

Weather permitting, the Marquette City band will give a concert in the band stand at Lakeside park, at 7:45 this evening.

Pat Board, of Chocoma, yesterday had the honor of being the first liquor dealer in Marquette county to pay his license for next year to the county treasurer.

Mr. and Mrs. Raoul Laurier, of Montreal, are spending a few days with his uncle, C. A. Laurier, 811 Pine street, Mr. and Mrs. Laurier are on their wedding trip.

The Marquette second baseball team will give a dance at Legion Hall Wednesday evening, April 27. The proceeds of the dance will go toward the purchase of new uniforms.

The Tigers will hold a meeting Saturday night at 8 o'clock at the city hall. All members belonging to the team last year and all others interested in baseball are requested to be present.

Bishop G. Mott Williams has been spending a few days in Menominee. He conducted services at Grace Episcopal church in that city, Sunday, and Tuesday evening gave a travel talk on Holland.

There will be a special train from Marquette to Ishpeming and return Friday evening, leaving the South Shore station at 8 p. m., on account of the Junior dance at Ishpeming. Fare, fifty cents round trip.

Mrs. M. Riopelle, 340 Washington street, reports that the damage resulting from the fire at her home last Friday night amounted to about \$500. No insurance was carried. She believes that defective wiring was the cause of the fire.

Munising Sunday—Negotiations are on for a baseball game between Marquette and Munising, to be played here Sunday. It is altogether likely that the Alger county nine will make its first appearance of the season here Sunday, and, if so, another large crowd will attend their way to the fair grounds. The second team will go to Republic Sunday.

Lighthouse Boat in Port—The light-house tender Marigold arrived in port yesterday and today, provided the weather is favorable, she will take the men to the lights on Stannard Rock, Huron Island and Granite Island. Stannard Rock, especially, is difficult of access in a heavy sea and calm weather is necessary in order to land the men.

An Unusually Place—Since early spring the lake shore immediately south of the South Shore No. 1 dock has been used as a public dumping ground. The result is that it is now a most unsightly place, and one which is in plain view from Lakeside Park. If rubbish is to be dumped there at all, there should certainly be some provision made for burning old barrels, straw and other animal and vegetable refuse.

Improving Appearance of Lot—The appearance of the lot on Washington street between Lager Bros, and the J. H. Foster company store, owned by Wm. O'Meara, is to be greatly improved. For two days men and teams have been engaged in hauling away the earth down to the sidewalk level, and the stone in the foundation of the house that formerly stood there is being hauled elsewhere. Mr. O'Meara says that he does not expect to build on the lot this summer.

Geo. D. Sherman Home—Mr. and Mrs. Geo. D. Sherman returned yesterday from a ten days' trip to New Orleans, where they attended the Shriners' annual meeting. Mr. Sherman has been in Texas since Dec. 13, but he will at once take up his contracting business for this season. Mr. Sherman states that the Shriners had a most enjoyable time in New Orleans, not only being hospitably entertained, but also finding much of quiet, historic interest in and about the city itself. The next convention of the Shriners will be held at Rochester, N. Y., and the year following they are likely to meet in Milwaukee.

Relative of Mrs. Wm. Orr Wedded—The Edinburgh, Scotland, Evening Dispatch, of recent date, contains an extended account of the wedding of the Hon. Muriel Hamilton, fourth daughter of Lord Belhaven and Stenton and Georgiana Lady Belhaven and Stenton, Eglington Crescent, Edinburgh, to William M. J. Martin, Royal Artillery. Lady Belhaven is a niece of the late Mrs. William Orr, formerly of Marquette, and Lady Watson, one of the guests, was her sister. Many of the other guests are closely related to the Orr family. Mrs. J. C. Simpson, one of the number, is known here, as she visited Mrs. Orr in Marquette at different times.

### Upper Peninsula

Newberry's Municipal Plant—The annual report of the Newberry water and light board shows a net loss in the cost of operating the plant of something like \$300, offset this, however, the board entitled to a credit of \$2,200, the cost of street lighting and hydrant rental, for which they have received no remuneration from the village fathers, so that really the report shows a profit of some \$1,700 for the year's operations.

He Foregoes Robin Pot-Pie—Angelo Marino, an Italian resident of the Dunn mine, is a great lover of robin pot pie, says the Crystal Falls Drill. He says that his appetite doesn't run in that direction any more however, for that kind of pot pie is too expensive a delicacy while Robert Wilson looks the office of deputy game warden. Angelo was caught with "the makings"—one robin—on his person and it cost him \$10.50, which fine and costs he paid to Judge Davison.

Central Delivery System O. K.—The Grocers' and Butchers' association of Escanaba has accepted the report of the special committee which had investigated the workings of the central delivery system at different points in the lower peninsula, but no effort has yet been exerted toward the adoption of the system in the Upper Michigan city. Both John A. Stromberg and E. M. St. Jacques, the members of the committee presented reports highly complimentary to the system. They being engaged in the grocery business, both were interested in the practical end of the system and both submitted figures and data to the association. These enthusiastic over the new delivery plan, but whether or not it will be adopted at Escanaba remains to be determined.

Rated as a Millionaire—John E. Burchard, proprietor of the Soo Democrat during and for some time after the boom at the Lack City, and one of the best newspaper men in Michigan at that time, is now a millionaire and prominent business man of St. Paul, Minn. After Mr. Burchard left the Soo he engaged in the real estate business in Minnesota and became associated with James J. Hill and other capitalists of the state. His venture proved unusually successful and it was not long before he was rated into the thousands, which he has steadily increased with ability and by a wise business sagacity. The following, which connects him with a deal involving millions of dollars is taken from a Minneapolis paper: "John E. Burchard and W. P. Davidson of St. Paul returned last night from Oregon and reported that a land deal involving the purchase by them of 800,000 acres, for approximately \$8,000,000 has been closed. The negotiations for the land, which formed an old grant to the Cascade Mountain and Willamette Valley Wagon Road company, were announced about ten days ago. The land was owned by the Lazard Freres banking interest of Paris. Associated with Mr. Burchard and Mr. Davidson are A. O. Robertson and Joseph E. Wood. Mr. Davidson said that a new company will be organized to handle the land and carry on a colonization business."

### NOTICE OF SPECIAL ELECTION.

WATER LOAN BOND ISSUE.

To the legal voters of the city of Marquette.

Notice is hereby given that the following preamble and resolutions were duly adopted by the board of Fire and Water Commissioners of the city of Marquette at a session thereof held on April 19, 1910, viz:

Whereas, it is deemed necessary by this board that permanent improvements be made in the water works system of the city resulting in the expenditure of upwards of seventy-five thousand dollars, and it is deemed necessary by this board for that purpose to authorize the issue of seventy-five thousand dollars and issue bonds therefor; therefore be it hereby

Resolved, That the sum of seventy-five thousand dollars be borrowed by this board for the purpose of raising money with which to make permanent improvements in the water works system of this city, and that bonds be issued therefor pledging the faith and credit of the city of Marquette for the payment of the principal and interest of such bonds; and be it further

Resolved, That the question of making such loan and the amount proposed to be raised be submitted to the legal voters of said city qualified to vote thereon, for their approval, at a special election to be held at the police court room in the city hall, on Saturday, the 27th day of May, A. D. 1910; the polls of which election shall be opened between the hours eight and nine o'clock in the forenoon of said day and shall be continued open until nine o'clock in the afternoon of the same day, and no voters at which election the members of this board, or any two or more of them in an attendance thereof; which said election shall be by ballot, upon blue ink to be furnished by this board, with suitable instructions thereon, on which ballot the question to be submitted shall be printed in the following form, to-wit:

Shall the board of Fire and Water Commissioners be authorized to borrow \$75,000 and issue bonds therefor, for the purpose of raising money with which to make permanent improvements in the water works system of the city of Marquette?

Resolved, That the secretary of this board give notice of such election by publishing notice thereof, at least two weeks before said election, in the following named newspapers published in said city, viz: "The Daily Mining Journal," and "The Chronicle"; and that copies of such notice shall also be posted in each ward of said city, at least ten days prior to such election.

Ayes—Commissioners H. H. Williams, P. Young, H. Bitters, H. W. Nelsén.

Notice is hereby given that a special election of the legal voters of the city of Marquette, qualified to vote upon the foregoing proposition will be held at the place and time and in the manner designated in the foregoing resolution, and that said proposition will be submitted to the legal voters of said city, qualified to vote thereon, in accordance with said resolution.

Dated April 20, 1910.

JOHN P. KERN,  
Secretary of the Board of Fire and Water Commissioners of the city of Marquette.  
(4-21-3d)

### NOTICE TO CONTRACTORS.

Office of the Park Cemetery and Street Commission, Marquette, Mich., April 20, 1910.

Pursuant to resolution of the common council of the city of Marquette, notice is hereby given that sealed proposals will be received at the office of this commission until 3 o'clock p. m., May 2, 1910, for furnishing all material and labor required in the construction of a bridge across Dead river at the electric light plant, said bridge to be constructed in accordance with plans and specifications on file in this office and at a cost not to exceed the sum of \$700.

Proposals must be accompanied by a contractor's bond with two good sureties in a sum at least twice the amount of the bid; conditional for performance of contract, payment for labor, material, etc. in accordance with form on file in this office. The commission reserves the right to reject any or all bids.

J. E. ANDERSON,  
Secretary.  
(4-21-3d)

### CITY COUNCIL HOLDS ITS FIRST MEETING

**A. W. JURMA IS CHOSEN CITY ATTORNEY, THIS BEING THE ONLY CHANGE IN THE SLATE, ELECTED YESTERDAY AFTERNOON.**

Mayor McCorkindale presided over the first council meeting yesterday afternoon as though he had held the executive office for years, and the business was disposed of in record-breaking time. It required just fifteen minutes to act upon the various resolutions presented and to appoint the new officials for the ensuing year.

The meeting was called to order at 3:35 o'clock and one resolution after another followed in rapid succession, each being adopted by a unanimous vote. The appointive officers had been decided on at a secret session held in the morning. Yesterday was the first time in many years that every man on the slate received all the votes. It was also the first time in years that the aldermen elected by the People's party attended a Republican caucus. The first resolution offered to the council was presented by Alderman Bergstrom, elected by the People's party from the Eighth ward. Aldermen Locher and Forsberg, two other People's party men, were unable to be present, Mr. Locher having been called from the city and Alderman Forsberg is ill and confined to the hospital. Alderman Donovan, who is also absent from the city, was not present, but all of the other members were in attendance.

**Mayor Makes Talk.**

Following the resolution outlining the order of business and rules of order under which the meetings shall be conducted during the coming year, Mayor McCorkindale addressed the council as follows:

"Gentlemen of the council: We have before us a year's work. I feel that I am singularly fortunate to have such a fine body of men in the council at this time and I am entering on my work with a feeling that as far as this body is concerned there will be harmony.

"There will no doubt be questions coming up that we will not all agree on at first, but after due deliberation I am satisfied that our final actions in the main will be satisfactory to all.

"My aim shall be to be impartial in my decisions and I shall be as frank as is consistent with good business practices.

"The finances of the city in the past have been carefully guarded and I could ask that all committees give their respective matters as close attention as is possible so that when our year's service is up, we can justly feel proud of our duty well done.

"I need the cooperation of each and every member of this council and I will be pleased to receive any suggestions from members which will tend to make our administration a success."

Following the mayor's address, Alderman Olson presented the following resolution, which was unanimously adopted:

"Resolved, That the address of the mayor be accepted and made a part of the minutes of this meeting; that we strongly endorse the sentiments expressed in his address; and be it further:

"Resolved, That we pledge to him our unqualified support in the management of municipal affairs, to the end that the people of the city of Ishpeming be given a good, sound and business-like administration."

**No Alderman Has Two Chairmanships.**

Mayor McCorkindale was very careful in the selection of his standing committees. It will be noticed by his appointments which follow, that no member of the council is made chairman of two committees:

Finance and Taxation—D. J. Sliney, Chas. T. Kruse, Robert Northley.

Claims and Accounts—John S. Olson, Chas. T. Kruse, W. J. Locher, J. Maloney, Emanuel Skoglund.

Bonds and Sureties—Chas. T. Kruse, Geo. G. Barnett, Harry Hulst, A. G. Bergstrom, Hart V. Grigg.

Ordinances and Legislation—Wm. Jenkins, D. J. Sliney, Robt. Northley, Hart V. Grigg, Jos. Maloney.

Fire—Hart V. Grigg, Jerry Donovan, Thos. Quinlan, Thos. Lucas, W. J. Locher.

Streets and Alleys—Harry T. Hulst, John H. Gill, A. G. Bergstrom, D. J. Sliney, Patrick Cronin.

Lighting—Patrick Cronin, Albert Ayotte, Wm. Jenkins, Robt. Northley, Thos. Lucas.

Purchasing and Printing—Emanuel Skoglund, John S. Olson, Jos. Maloney, Thos. Quinlan, Oscar Forsberg.

Water Works—Geo. G. Barnett, Chas. T. Kruse, Jerry Donovan, Oscar Forsberg, John H. Gill.

Severage—Jos. Maloney, Harry T. Hulst, Hart V. Grigg, Wm. Jenkins, Robert Northley.

Buildings, Grounds and Insurance—A. G. Bergstrom, Thos. Quinlan, Patrick Cronin, Albert Dishno, Emanuel Skoglund.

Police—Thomas Quinlan, A. G. Bergstrom, Albert Ayotte, Albert Dishno, Thomas Lucas.

Library—Albert Ayotte, Harry T. Hulst, Oscar Forsberg.

Health—W. J. Locher, Geo. G. Barnett, Patrick Cronin.

Salaries—J. T. Gill, Albert Dishno, D. J. Sliney, John S. Olson, Geo. G. Barnett.

**One Change from Last Year.**

There was but one change in the list of officers elected by the council. That was in the office of city attorney. William P. Belden, who has held the office for some few years past, declined a re-appointment, and W. Jurma was the council's unanimous choice. The list, including those recommended by Chief Lacey of the fire department, is as follows:

City Attorney—A. W. Jurma.

Health Officer—Birk A. Burke.

President of Council—G. G. Barnett.

Marshal—W. H. Trevarrow.

Deputy Marshal—Patrick Collins.

First Police Constable—Nicholas Swanson.

Second Police Constable—Wm. J. Ollis.

Third Police Constable—Andrew G. Johnson.

Fourth Police Constable—Jacob Lofberg.

LONG DIST. 'PHONE 88. COUNTY 'PHONE 395.

### JUNIOR RECEPTION.

Annual High School Function Tomorrow Evening at Braastad's Hall.

The annual reception and hop will be tendered the High school seniors by the junior class tomorrow evening at Braastad's Hall. Several hundred invitations have been issued and a large attendance is expected. The junior class is composed of 110 members, and there are over sixty in the senior class.

The officers of the junior class are: Donald Hayden, president; Louise Matthews, vice president; Minnie Hawes, secretary and Einar Sivula, treasurer. A special street car will leave here for Negaucee at 7 o'clock. Trombly's orchestra will furnish the music and the price of tickets will be \$1, including refreshments. The reception will be held between 8 and 8:30, dancing starting at the latter hour.

The members of the decorating committee will begin work this morning decorating the assembly hall and the dining room. Some pretty designs have been worked out and there will be a number of electrical effects. The hall will be decorated in orange and black, the senior class colors.

The committees in charge of the function are as follows:

Finance and Arrangements—Albert Bashaw, chairman; Einar Sivula, Helen Magnus, Luella Treiblock and Winton Nelson.

Decorations—Leo Steier, chairman; Lucy Stearn, Helga Johnson, Carl Smedberg, Carl Johnson, Mayme Beckerleg and Charles Mountjoy.

Refreshments—Louise Matthews, chairman; Pauline McCorkindale, Ruth Peterson, Borgild Braastad, Nora Cullen, Henrietta Peterson and Minnie Hawes.

Invitation—Einar Johnson, chairman; Lillian Quine, Gertrude Danielson, Cora Harris and Harold Eger.

Ladies' Wash Suits—An assortment worth while—prices 85 to 89. (4-20-2d) JOS. SELLWOOD & CO.

### BOWLING CONTEST.

Watters .....	174 169 166 509
Totals .....	753 819 841 2413
Ray Centrals—	Tot.
Gray .....	136 161 198 495
H. Hansen .....	141 153 146 440
Johnson .....	172 173 190 535
Landberg .....	139 171 157 467
Johnson .....	125 157 138 420
Totals .....	713 815 829 2357

### POINTER FOR BOARDERS.

Some of the Ishpeming school teachers, especially those in the lower grades, have been giving their pupils instructions as to how to keep themselves in presentable condition. All of the youngsters have been asked if they have tooth brushes and other toilet articles. In one room in the Ridge street school the teacher asked the children who owned tooth brushes to raise their hand. One little girl did not respond. The teacher asked her if she owned a brush and she replied: "No ma'm, I use our boarder's brush."

### TO PROFESSIONAL AND HOME DRESSMAKERS.

I am prepared for this season to make twenty-five different styles of cloth-covered buttons in all sizes. All plain, flat covered buttons from sizes 18 to 36 at the new dozen. Others from 25c to 75c per dozen, 10 per cent less to professional dressmakers and dry goods stores. All orders filled same day. Special attention to mail orders.

WILLIAM DAVIS,  
Opera House Block, Marquette, Mich. (4-20-3d)

First-class piano tuning done by M. J. Olson. County 'phone, No. 520. 400 East Ridge street. (1-12-tf)

### MOUNTAIN OF DEATH.

An exploration party recently ascended Mt. Tallon, one of the loftiest in Formosa, 12,000 feet above the sea level.

When the party reached an aboriginal village (the Penna tribe) half way up the mountain, they employed 21 aborigines to accompany them and continued the ascent. This mountain is believed by the aborigines to be a mountain of death, and nobody has dared to ascend it before. The aborigines, being in great fear, warned the party not to break branches of trees nor make loud noises nor throw stones, and finally they refused to proceed further. In spite of this the party proceeded and reached the summit at last. Seeing that the aborigines were quite surprised at the bravery of the Japanese. The mountain is reported to abound in valuable trees.—South China Post.

### ISHPEMING IN BRIEF.

Dr. and Mrs. H. S. Smith are the parents of a daughter.

Mrs. Herman Jaedecke has returned from a ten days' visit in Chicago and Ann Arbor.

Miss Katherine Metjee is home from Milwaukee on a visit to her parents, Mr. and Mrs. James Metjee.

C. M. Sullivan, a well-known commercial man of Duluth, called on his patrons in Ishpeming yesterday.

A large party of Michigamme people will take in the production of "The Third Degree" next Tuesday evening at Ishpeming theater.

Mrs. Dunstone, wife of Captain John D. Dunstone of the Hector mine, on the Mesaba range, is visiting relatives and friends in Ishpeming.

Miss Mary Lynch arrived home Tuesday from Hot Springs, Ark., where she accompanied her aunt, Mrs. M. J. O'Brien and children, of Calumet.

D. D. Randall, agent of the Duluth, South Shore & Atlantic Railway company, who has been ill and confined to his home for several days, is able to be around again.

The Y. M. C. A. basketball team will go to Marquette this evening to meet the Knights of Columbus five in a game to decide the championship of the county. Each team has won three games from the other this season.

A number of steam shovels are now working at the mines on this range. Among properties where shovels have been recently put into commission are the Mayo in this city; Brierling Hematite in Negaucee and Stephenson and Austin on the Swanzy range.

E. R. Nelson, upper peninsula agent for the Franklin and Oakland automobiles, has sold a Franklin to Dr. W. H. Sheldon of Negaucee and Oakland to J. S. Wahlman and William Treiblock of this city. Both of the latter will be of the same type and will be forty horsepower. Dr. Sheldon's car, which arrived yesterday, is a six cylinder, forty-two horsepower, and will carry seven passengers. It is the same type as the car recently received by George A. Newett.

The members of Alhbeck lodge of the Independent Order of Odd Fellows will attend divine service Sunday morning at 10:30 o'clock at Calvary Baptist church. Rev. W. J. Meade, the pastor, will preach an appropriate sermon. The Independent Order of Odd Fellows was organized ninety-one years ago. All the members, also visiting Odd Fellows, in the city, are requested to meet at the society's hall Sunday morning at 9:45. The Ishpeming band will lead the procession to and from the church.
