THE WEATHER

Washington, April 26.—The following is the weather bureau's forecast for Upper Michigan: Local rains, Wednesday; Thursday, partly cloudy; light to moderate variable winds.

ROOSEVELT SEES AN AERIAL FLIGHT

For the First Time in the History of the Sport, He Attends an Aviation Exhibition, and It Comes Near Being Tragic.

RATHER THAN DISAPPOINT THE VISITOR, EMILE DUBONNETT ASCENDS IN A GALE AND IS PLUNGED TO THE EARTH AFTER SAILING 150 YARDS, ESCAPING INJURY, HOWEVER—A TAPESTRY WHOSE MANUFACTURE REQUIRED SEVERAL YEARS IS PRESENTED TO THE COLONEL.

Paris, April 26.—For the first time in the history of aviation, Theodore Roosevelt saw an aeroplane flight. It was a short one, and the aviator, Emile Dubonnett, had a narrow escape from injury.

THIRTEEN-YEAR-OLD GIRL ENDS HER LIFE AT SCHOOL.

Because Her Foster Mother Scolded Her, Nina Anthis of Alton, Ill., Drinks Poison in Presence of Teacher and Play-Mates.

STOCK MARKET SHOWS NERVOUSNESS.

New York, April 26.—At the quarterly meeting of the United States Steel corporation today, the directors declared a regular dividend of 1 1/2 per cent on the common shares, thereby increasing the rate from 4 per cent to 5 per cent annually.

STOCK MARKET SHOWS NERVOUSNESS.

The earnings for the quarter ending March 31st, last, amounted to \$37,616,876, with net returns of \$31,503,194. A comparison with the first quarter of 1909, when an "open market" with resultant cuts in prices, prevailed, shows a marked increase in the earnings and the business on hand.

STOCK MARKET SHOWS NERVOUSNESS.

The usual quarterly dividend of 1 1/2 per cent on the preferred stock, payable May 28, was declared. The common dividend is payable June 29.

STOCK MARKET SHOWS NERVOUSNESS.

The demand for the bears was at first a simple profit-taking movement, apparently in the hope of finding increased offerings of stocks as a result of the alarming reports of damage to the cotton crop. The offerings proved much less than anticipated, and a violent affect on prices followed from this cause.

STOCK MARKET SHOWS NERVOUSNESS.

The United States Steel dividend action and the quarterly statement published after the stock market closed shed new light on its action. The earnings were less than the preliminary guesses, but the unfilled orders on hand had not fallen to as low a stage as official intimation had suggested they might.

STOCK MARKET SHOWS NERVOUSNESS.

Loss of Cotton a Public Calamity. Atlanta, Ga., April 26.—Last night's reports of the damage done to the young cotton crop by the cold wave were not exaggerated. At least 50 per cent of the young cotton is destroyed. The seed mills will supply the farmers with seed so far as possible, but there is not enough seed to replant all the lost acreage. Many will plant corn.

STOCK MARKET SHOWS NERVOUSNESS.

New Orleans, April 26.—That the Southern planter is finding great difficulty in the matter of securing desirable cotton seed for second planting was indicated by the reports from all the cotton states today. A few cases of destruction are reported, in spite of the conditions. Oil mills and other concerns are gladly offering to help out the planters at cost, in what they consider a public calamity. The cold spell has ruined millions of acres of budding plants.

STOCK MARKET SHOWS NERVOUSNESS.

Damage to Date in Michigan Not as Heavy as at First Feared. South Haven Mich., April 26.—Unless the weather takes a sudden turn, the damage to fruit from the recent cold wave will not be as heavy as at first feared. Continuing coolness will favor the recovery of the buds.

STOCK MARKET SHOWS NERVOUSNESS.

URGES EARLIER EDUCATION. St. Louis, April 26.—Compulsory education for every child as soon as it reaches the age of four years was advocated by Mrs. Anna Garlin Spencer, of the New York schools, in an address before the International Kindergarten union today. Education does not begin early enough, she declared. Delegates are present from all over the world.

STOCK MARKET SHOWS NERVOUSNESS.

STRANDED STEAMER RELEASED. Kanosha, Wis., April 26.—The steamer Iowa of the Goodrich Transit company, which ran ashore north of the city Saturday morning, was released this afternoon. She is not damaged.

THE WEATHER

Washington, April 26.—The following is the weather bureau's forecast for Upper Michigan: Local rains, Wednesday; Thursday, partly cloudy; light to moderate variable winds.

WIRELESS MAST BROKEN.

Calumet Station Suffers During Storm—Repairs Are Made.

During the height of the recent blizzard and gale one of the masts supporting the antennae at the Calumet station of the United Wireless Telegraph company was snapped in two by the wind and the spider's web of receiving and sending wires which send mysterious messages out over the ether or receive them from other stations was dropped. Operator Williams, with his small corps of assistants, got on the job at once, however, and by night had a temporary mast rigged up and the station again in operation. Only a few hours was the station out of business. The work of the operator at the top of the 100-foot mast supporting the antennae at the height of the storm, while he was repairing the broken mast and strands, was perilous, to say the least. The wind came in gusts and the huge steel standard, which is braced at four corners, swayed back and forth like a straw. Because of complaints being made all over the country it is anticipated that the government will adopt some scheme before long in the way of curbing the work being carried on by amateur operators and unincorporated bands of boys. In almost every city where there is a wireless station there are scores of youths with their experimental stations and their work is rather regular operators greatly. Wireless outfits costing but paltry sums threaten to break up the entire wireless system of the Great Lakes, established at great expense. It is claimed that, at different points, the boys interested in the regular stations, making it difficult for messages to be sent and received.

WOULD ENGAGE WESTERMAN.

Lansing Y. M. C. A. Wants the Calumet Secretary for Its Own.

George D. Westerman, general secretary of the Calumet Young Men's Christian association, has received a flattering offer to take charge of the Y. M. C. A. at Lansing. Mr. Westerman, however, has not made up his mind to leave Calumet, although he will visit the state capital and look over the field the next week. Mr. Westerman left Calumet Monday for Detroit, where he will attend the state convention of the Y. M. C. A., later going to Lansing. The Lansing association is the second largest in the state, ranking next to that at Detroit, which is one of the largest and finest in the country.

Mr. Westerman is a valuable man and his worth is fully recognized in Calumet. He has been a friend of the young men and boys of the community during the entire length of his stay of seven years. He has made thousands of friends by his upright living and his devotion to his work. The affairs of the association have been well cared for in his hands. He did much to secure the beautiful new home now occupied by the Calumet Y. M. C. A. and it was largely through his efforts that most of the large amount of money raised for the building was secured.

MEETING OF CRICKET LEAGUE.

At the meeting of the Copper Country Cricket league held at the Y. M. C. A. building, Calumet, nine teams were represented, and these teams will make up the league. They are: Mohawk, Ahmeek, Kearsarge, Calumet & Hecla, Tamarrack, Mesnard, Quincy, Baltic and Painesdale. J. H. Edwards was elected an honorary member of the executive committee. Captain John Trevarry of Mohawk, it was announced, will donate a cup which will be the property of the player securing the best batting average three successive years. William Reed of Hancock, secretary of the league, was instructed to draw up the schedule for the season. President Alex Stevenson of the league presided at the meeting.

Hadyn produced his sublime "Creation" at sixty-six, while Verdi was past seventy when he wrote the score of "Falstaff."

WHEN DINNER IS OVER

LA VERDAD

Cigars compose the smoker's next course. They are a fitting climax to an elaborate banquet or a simple home meal. Gladstone, the famous English statesman, always smoked a clear Havana cigar after meals to aid digestion. LA VERDAD cigars are the best aid to digestion. They soothe the tired nerves and build up the system. Made in Tampa—sold everywhere. Your dealer sells LA VERDAD cigars in bulk for 25¢ per 100. **RON FERNANDEZ CIGAR CO. DULUTH, MINN.**

CALVERLEY GOLF TROPHY.

Portage Lake and Northland Clubs Agree on Terms of Matches.

The first match between the teams of the Northland Country club of Duluth and the Portage Lake Golf club for the possession of the silver cup trophy donated by William D. Calverley of Houghton will be played in Houghton either the last Saturday of June or the Saturday succeeding. The donor of the trophy left the terms and details of the match entirely with the clubs and all arrangements have now been made. There will be two eighteen-hole matches each year, one in Houghton and one in Duluth, continuing for three years. The club which wins four of the six matches will become the permanent owner of the trophy. Houghton now has possession of the cup and will retain it until Duluth wins a match. The scoring will be on the Nassau system, which, to describe it briefly, has a possibility of three points for each winning player. The teams engaged in the contests will number five or seven men, with the latter number probably the final choice. As has been said the first game will be played in Houghton in June and the second in Duluth, probably rather late in the fall. The exact dates will be arranged as the contests approach.

"Tal" Goodell Here. "Tal" Goodell, captain of the Northland Country club team and a member of the Portage Lake team, arrived in Houghton Sunday to visit his home there. Mr. Goodell will play with the Portage Lake team in the Calverley Trophy matches, as he has always been a member of this team in contests with Duluth and has not relinquished that membership. S. E. Byrne is captain of the Portage Lake team.

A PURSE OF \$1,000.

Amphidrome Offers Lehto and Person a Gage Worth While.

A purse of \$1,000 is offered Chris Person of Duluth and Karl Lehto of Calumet for a wrestling match to take place in the Amphidrome within three weeks. Manager McNamara makes the offer because he believes the two wrestlers were not entirely responsible for Saturday night's fracas at Calumet and he wants to give them an opportunity to come together and settle a disputed question of superiority with the pecuniary outcome absolutely without doubt. Mr. McNamara hangs up the \$1,000 purse without qualification, excepting that \$200 of it will go to the loser to pay his expenses and \$800 will go to the winner intact. The Amphidrome does not know either of the two wrestlers in this matter. The offer simply gives them an opportunity to settle their differences with a good prize for the one who is sustained. The only condition the Amphidrome will make is that the company will provide the referee and he will not be known until he goes on the mat the night of the match. Mr. McNamara says that he offers the purse of \$1,000 under these conditions and the wrestlers can take it or leave it just as they choose.

BOWLING TOURNAMENT OPENS.

Calumet Elks Start the Upper Peninsula Contests at Houghton.

The bowling teams of the Calumet lodge of Elks opened the second annual tournament of the Upper Peninsula Bowling association at Houghton Monday night. There will be no one-night through the week. The iron country teams will arrive Thursday and will bowl that day and Friday and Saturday. The Calumet Elks' play was without competition, the tournament being concerned only with scores. The Elks' scores follow:

—Five Men—

Raymond. Electrical Inspector—John M. Croze. Pump Station Engineer—Ed. Bandik. Village Engineer—Herman Fending. Chief of Fire Department—Louis Voetsch. Assistant Chief—Ray Engestrom. Foreman—William Hanky. Engineer—William E. Sewell. Assistant Engineer—Maurice Spring. Fireman—Ernest Hartman.

FRANK M. STANTON TROPHY.

Capt. Martin Foley Receives Rifle from Atlantic Enthusiast.

Some time ago Frank M. Stanton, superintendent of the Atlantic mine, one of the most enthusiastic riflemen in the copper country, promised Captain Martin M. Foley of the Houghton Light Infantry a rifle as a prize to be shot for in target practice by his company. Mr. Stanton sent the rifle to Houghton Monday. It is an improved Springfield, the latest United States army model, and is a beautiful arm.

The rifle will go to the best shot in the company competing on the Hurontown range from May 1 to July 1. The terms of the contest have yet to be arranged. Captain Foley expects to have his new target pit at Hurontown ready for use by May 1. It is to make the range thoroughly modern and will give the men the best shooting conditions.

Diarrhoea should be cured without loss of time and by a medicine which like Chamberlain's Colic, Cholera and Diarrhoea Remedy not only cures promptly but produces no unpleasant after effects. It never fails and is pleasant and safe to take. Sold by The People's Drug Store.

To Japan's greatest statesman, who did more than any other man to make Japan what it is today, was lately planned still greater achievements for his country when he was assassinated at sixty-nine.

Sir Isaac Newton wrote a preface to his "Principia" at eighty-three, while Sir William Herschel, when over eighty, swept the heavens with a true range of vision.

Does Your Back Ache?

If you are a woman and you have this symptom get Lydia E. Pinkham's Vegetable Compound without delay. Backache seems an invention of the evil one to try woman's souls. Only those who suffer this way can understand the wearing, ceaseless misery.

We ask all such women to read the two following letters for proof that Mrs. Pinkham's medicine cures backache caused by female diseases.

Milwaukee, Wis.—“Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world about it. I suffered from female troubles and fearful pains in my back. I had the best doctors and they all advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I am ready to tell every one what this medicine has done for me.”—Mrs. Emma Imse, 833 First St., Milwaukee, Wis.

Pittsburg, Pa.—“I had backache for four months steady and tried everything for it, but nothing helped me until I took Lydia E. Pinkham's Vegetable Compound. After the first bottle I felt a change. I took five in all and I am cured. I have not had any backache since. I think the Compound is wonderful for women.”—Mrs. C. Leiser, 5219 Kinkaid St., E. E., Pittsburg, Pa.

Lydia E. Pinkham's Vegetable Compound has made thousands of cures of such cases. You notice we say has cured thousands of cases. That means that we are telling you what it has done, not what we think it will do. We are stating facts, not guesses.

We challenge the world to name another remedy for female ills which has been so successful or received so many testimonials as has Lydia E. Pinkham's Vegetable Compound.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to it exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She will be glad to send you a free copy of her book, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She will be glad to send you a free copy of her book, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She will be glad to send you a free copy of her book, and has thousands of cures to its credit.

MARKETS

WALL STREET STOCKS.

New York, April 27.—Paine, Webber & Co. say of today's stock market: "The stock market continued under pressure during the greater part of today's session, but rallied in the last half hour. Some support was rendered to steel around 82, but a great many specialties displayed pronounced weakness, notably the equipment issues. The closing of steel common on a five per cent basis yearly was about as expected, but the earnings the past quarter were rather disappointing, whereas the volume of unfilled orders agreed with the recent estimates. The recent heavy liquidation of the steel issues was perhaps explained by the disappointment with regard to the extent of the earnings, in view of early estimates indicating that the same would probably exceed \$10,000,000. The character of the buying on the decline today was very much better than has been noted for some time, but settlement in speculative circles is rather pessimistic, and in view of the apathy of outsiders, it does not seem probable that a sustained upward movement will be attempted at this time, although admittedly the short selling has been carried to the extreme and the list is likely to rally unexpectedly."

Copper Metal Prices.

New York, April 26.—Copper on the New York Metal exchange was weak today, with spot and the April and the May quoted at 12.25@12.50, the June at 12.45@12.55 and the July at 12.50@12.60. The English market opened weak, but partly recovered, closing steady, with spot quoted at 456.38 and in future at 457.75. The arrivals reported at New York today were twenty-five tons; the custom house returns showed exports of 1,267 tons, making 11,401 tons so far this month. New York dealers quote lake copper at 12.75@13, electrolytic at 12.62@12.75 and cast-iron at 12.50@12.62.

CHICAGO GRAIN MARKETS.

Chicago, April 26.—It was a bear day in the wheat pit today, and after an active session the market closed at a net loss of 1 1/2¢, the latter for the July. The sudden weakness at Liverpool and other foreign markets tended to cause a nervous feeling here. Notwithstanding the market all day was of a character to disturb the holders of wheat, the bears were disposed to be cautious, and on the weak spots they made a practice of covering. The

ECZEMA ON HANDS FOR TEN YEARS

Were Raw All Over and the Humor was Spreading to Body and Limbs — Professional Treatment did No Good — Daughter had Eczema, Too.

CUTICURA A SUCCESS IN BOTH THESE CASES

"I had eczema on my hands for ten years. At first it would break out only in winter. Then it finally came to stay. I had three good doctors to do all they could but none of them did any good. I then used one box of Cuticura Ointment and three bottles of Cuticura Resolvent and was completely cured. My hands were raw all over, inside and out, and the eczema was spreading all over my body and limbs. Before I had used one bottle of Cuticura Resolvent, together with the Cuticura Ointment, my sores were nearly healed over, and by the time I had used the third bottle, I was entirely well. I had a good appetite and was fatter than I ever was. To any one who has any skin or blood disease I would heartily advise them to fool with nothing else, but to get Cuticura and get well. My hands, cured by the use of Cuticura, have never given me the least bit of trouble up to now. I cannot recommend Cuticura highly enough, it has done me and my family so much good. My daughter's hands this summer became perfectly raw with eczema. She could get nothing that would do them any good until she tried Cuticura. She used two bottles of Cuticura Resolvent and one box of Cuticura Ointment and in two weeks they were entirely cured. I have used Cuticura for other members of my family and it always proved successful. I recommend it to any one who has eczema. After once using it you will never use anything else. Mrs. M. E. Fain, Speers Ferry, Va., Oct. 19, 1909."

New York Cotton Market.

Chicago, April 26.—Although the cold weather continued in the eastern half of the belt and in portions of the central and western belt, the trade were prone to watch the chalk marks rather than the weather and the bulls were only enthusiastic on advances. They do not have the courage of their own convictions, but must wait for reinforcements by mail. Room traders were inclined to sell the market, mostly because they thought it vulnerable to such attack and because they thought the damage reports were exaggerated. No proper estimate can be had of the damage until it has been plowed under, the land prepared again and replanted and this means, most of all, delay. We advise the purchase of the fall and winter months.

Pending a supreme court decision on the petition of property holders to prevent the Davis-Dayly company from building a railroad track through certain streets of Butte in order to make shipments of ores to the Basin Re-Action works both feasible and profitable, a conservative policy is being carried on to the lower levels. The west drift on the 1400-foot level has opened into the Baltic beds, and in the face there is sixteen feet of high-class ore. Some of it being a barite and copper glance carrying good silver values.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one remedial disease that science has been able to cure in all its stages, and that is Cuticura. Hall's Catarrh Cure is the only medicine known to the medical fraternity. Cuticura being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the remaining elements of nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

KEEPING THE HAIR

To prevent dry, thin and falling hair; remove dandruff; allay itching and irritation, and promote the growth and beauty of the hair, frequent shampoos with Cuticura Soap and occasional dressings with Cuticura are usually effective when all other methods fail. Special and full directions accompany each package of Cuticura.

Cuticura Soap (25¢), Ointment (50¢), Resolvent (50¢) and Chocolate Catarrh Pills (25¢), are sold throughout the world by The People's Drug & Chemical Co., Boston.

MAILED FREE, Cuticura Book on Skin and Scalp.

City Brevities

Today's weather: Probably showers; stationary temperature.

Miss Margaret Butler has returned from a month's visit in Chicago.

Mrs. J. J. Onellette has returned from the funeral which she attended the funeral of her mother.

Mr. and Mrs. D. Todd have returned home from Saratoga, Ont., where Mr. Todd was called because of the illness of his sister.

There will be a special meeting of Lodge Ingeborg this evening at 8 o'clock to make arrangements for attending the funeral of Mrs. August Mellin.

The remains of Mrs. W. E. Yungbluth will arrive in Marquette Thursday, and the funeral will be held from St. Peter's cathedral at 9 o'clock Friday morning.

The second team will give a dance at the Legion Hall tonight. The complete Peerless orchestra will furnish the music. Admission, twenty-five cents for each person. All are invited.

In honor of her sixteenth birthday, Miss Mabel Moffat entertained a party of sixteen friends at her home on Prospect street last evening. The event was much enjoyed by every one present.

O. M. McLaughlin yesterday received two alligators by express from a friend in Florida. Neither of the reptiles is large enough to be dangerous and they bid fair to make very interesting pets.

R. E. Mahaffey, manager of the insurance department of the Marquette National bank, is contemplating removal to the west next month. He expects to engage in business for himself at Tacoma, Wash.

The Woman's Christian Temperance union will meet in the parlors of the Methodist church at 3 o'clock this afternoon. The loyal Temperance legion will assist with the program. A ten cent tea will be served.

Miss Alice Beckman has accepted a position in the county clerk's office, taking the place formerly held by Miss Annie Miller, who is now employed by the South Shore railway, in Superintendent Lytle's office.

Party Monday Night—Mr. and Mrs. C. A. Laurier, 811 Pine street, entertained a large party of friends Monday evening, in honor of their nephew and bride, Mr. and Mrs. R. C. Laurier, of Montreal. The girls were entertained at cards, and dainty refreshments were served. Mr. and Mrs. Laurier, who are on a bridal tour, will be here a week or more.

Brook Trout Coming May 3—County Clerk Frank G. Jenks received notice yesterday that 3,000 brook trout, bred at the Soo on May 3, to be planted in this locality. This number is much smaller than Mr. Jenks had hoped to be allotted. The fish will be planted in Harlow's Creek. At a later date, Mr. Jenks expects to receive a consignment of rainbow trout fry.

Seat Sale Today—The sale of seats for the Marquette production of "The Third Degree," which will be given at the opera house Friday night, opens at Bigelow's store this morning. This play deals in a forcible manner with the police practice of "seating" persons suspected of crime, and is one of the most talked of dramas of recent years. It is expected that it will be one of the very best attractions of the season.

Directors to Meet Tonight—There will be a meeting of the directors of the Marquette hall team at 8 o'clock this evening at the Carlton hotel. Matters connected with the season's games will be considered. A tentative schedule is being prepared for submission at the league meeting soon to be held. It is the desire of the Marquette management to play on the home grounds each second Sunday. Last year the schedule called for three successive games at home, to be followed by three successive games out of town.

News of the Boats—At the L. S. & I. docks yesterday, the Kensington cleared for Ashtabula, and the Anna Mine for Buffalo. The Mayhew, Nichols, Midland King and Donaldson are loading. At the South Shore docks, the Shaughnessy cleared for Chicago and the Wade for Cleveland. The Fryer and Pansy are loading. The Amazon, which discharged coal at Pickands' dock, cleared Monday night for Ashland. The Chadwick, Centurion and Choctaw are in with coal at Pickands' dock, and the Fitzgerald is at Spear's coal dock. The Fort-land, which discharged cement, etc., at Spear's dock, cleared Monday night for Duluth.

May Dress Like Miners—Representatives from all the Elks lodges in the upper peninsula are to meet at Hancock Sunday to discuss plans for making the trip to the Detroit convention early in July. The idea under favorable consideration is for all the upper peninsula Elks to journey to Detroit in a body, dressed in miners' uniforms. Those who will attend this meeting from the Marquette lodge will be chosen at the meeting Thursday night. The convention promises to be an elaborate event, and it is reported that the Canadian government has appropriated \$25,000 for an electric display at Windsor, while the city of Detroit has set aside \$30,000 for the same purpose.

To Take Western Trip—George Bowen will leave Saturday evening of this week for the Blackfoot Indian reservation in northwestern Montana. Last fall Mr. Bowen was registered for the drawing for the opening of the Blackfoot reservation to homesteaders by R. E. Mahaffey, who went west for the registration, and in the subsequent drawing got the number 1,125. Mr. Mahaffey himself failing to get a place among those who were to homestead. The entries for the homesteads will be made next month, and Mr. Bowen is going out to the ground over. Whether he will take up a homestead depends on his chances of getting a desirable tract, but he will probably exercise his rights. If he takes a homestead a year's residence will be required, before he can gain title. Mr. Bowen expects to be absent from Marquette at least a month, as he will go on to the coast.

INSURE WITH PETER WHITE & CO.
Varnish stains in all colors to make your furniture look like new; also wall paper cleaner to clean your paper, at Gell's store, 120 North Third street. (4-25-3d)

LOWER STATE NOTES.

CADILLAC—The plant of the Cadillac Turpentine company where turpentine is manufactured from pine stumps will resume operations after having been closed for about two months. The plant has been overhauled and additional boiler capacity has been installed, with considerable new machinery which will increase the output. Large quantities of pine stumps are on hand in the yards.

YPSILANTI—The Normal college authorities have notified the landladies who take Normal girls roomers that beginning next fall girls will be permitted to room only where they are allowed the use of a parlor in which to entertain young men callers. This is in conformity with the policy of the college to secure for the students the same privileges they would have in their own homes and to conform to the usages of good society everywhere.

HOLLAND—Agitated and even promised time and again during the years since the old Leveaux was burned down, Holland is finally to have a real opera house, and the contract for its erection will soon be let. The new opera house will be erected on East Eighth street, and will be built with the usual slanting floor in the pit and a large gallery. The seating capacity will be more than a thousand and the house will represent an investment of nearly \$20,000.

SAGINAW—The fine new armory which adjoins the auditorium is to be formally dedicated the evening of May 12 with a grand ball given by the Young Women's society of the Women's hospital. Members of the governor's staff if not the chief executive himself, have promised to be present. The Naval Reserves and members of the militia will be present in full dress uniforms and the affair is being looked forward to as one of the biggest functions of the year in Saginaw social circles.

MARSHALL—Sheriff Graham proposes to see that the cigarette law is enforced in Marshall, and, as a result, two Marshall youths have been censured. One is a high school student. The sheriff saw him light a cigarette and arrested him. He was released after receiving a fatherly talk from Justice Hayes. Dale Norman was smoking in the street and arrested. As he is only fifteen years old and was out during school hours, his case will be handled by Justice Hayes. Norman demanded an examination, which was set for April 28.

NEWAYGO—George W. Morrow, a farmer located near Birely, Newaygo county, western Michigan, estimates the cost of clearing wild land at from \$20 to \$45 an acre. The items making up the total are cutting grubs and undergrowth and burning brush, \$4 to \$6; pulling grubs and burning with old logs, refuse and small stumps, \$5 to \$10; pulling large stumps, which run from twenty-five to seventy-five to the acre at twenty to twenty-five cents, \$6 to \$15; getting rid of stumps, leveling ground, \$15. The small stumps are pulled by a triple block and team. The larger stumps require special treatment.

BAY CITY—Secretary Marston, of the new Northeastern Michigan Development bureau, says that the bureau will be the means of bringing at least 2,000 farmers into northeastern Michigan during 1910. The organization has already received so many inquiries from prospective settlers that a stenographer has been employed to answer them, and considerable property has been bought in the north counties as a result of the bureau's work during 1910. The bureau, all the railroad in Michigan have granted "homesteaders" and "landseekers" excursion rates. A number of extra excursions are being arranged to bring farmers from Pennsylvania and other eastern states.

IONIA—The Ionia Wagon works case has been disposed of in circuit court. The testimony of Receiver Green was to the effect that the wagon works is a losing business proposition, and that the future will depend entirely upon business conditions and the success of those in control of the works. His opinion, given as evidence, was that the interests of all concerned will be best served by selling the plant, for which he has purchased on a basis which will take care of the holders of preferred stock, certain of the indebtedness in full and merchandise accounts entailing some \$40,000. Mr. Thwaites testified that he is the owner of about \$10,000 par value of the common stock of the company; that he had talked with other large holders of common stock, and that they all are willing to sell. A settlement on the basis of seventy-two cents on the dollar, which is offered in this case, is usually granted by creditors of a losing concern, but there are three or four who are holding out, hence the necessity of a sale. After a canvass of the matter, it was agreed upon that a sale of the property to the highest bidder should take place on Wednesday, May 4, 1910.

There's No Risk

If This Medicine Does Not Benefit, You Pay Nothing

A physician who made a specialty of stomach troubles, particularly dyspepsia, after years of study perfected the formula from which Rexall Dyspepsia Tablets are made.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be the greatest remedy known for the relief of acute indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is almost immediate. Their use with persistency and regularity for a short time brings about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets will insure healthy appetite, aid digestion and promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them, without question or formality. They come in three sizes, priced at 25 cents, 50 cents and \$1.00. Remember you can obtain them only at our store.

—The Rexall Store, The Stafford Drug Company.

MARQUETTE, MICH.

which John Blodgett and his chief of staff, Sam Lemon, parcel out the patronage. Mr. Blodgett himself personally, along with a few of his personal staff, conferred with these Detroit working leaders. They agreed to help Burrows. The weeks passed but these working leaders were not bestirring themselves with the energy of politicians whose hearts are in the job.

The reports which Assistants Wetmore and Lyle were sending to the Burrows headquarters in Grand Rapids were not as pleasing as they might have been. They indicated quite plainly and in a large measure of it in Detroit for Senator Burrows where there was expected to be hustling and hurrahing. In a word, the working leaders were not doing what the Burrows committee had been led to believe they would be doing for Senator Burrows.

Mr. Blodgett again came to Detroit about a week ago. His first message on arrival here was to Chairman Bunnell, of the republican city committee, to come and see him. Bunnell's answer to the message was that he was too busy, or words to that effect. At least he did not call. The story is that Bunnell, with a job in the department of public works, didn't want to compromise the mayor.

Mr. Blodgett then proceeded to ascertain the reasons for the apathy towards Senator Burrows. What he is reported to have learned is that the Detroit working leaders do not like the way federal appointments like the customs collectorship and incidentally the Marquette collectorship, long overdue, are held up. The working leaders put the case this way:

"We hear that these appointments are to be held up until after the senatorial election. If that is done and our side loses the election, and Townsend is elected, we will lose those jobs for Townsend and Smith will have the whole say in filling them. Why not have the appointment made now when our side has a cinch, instead of risking losing them after election?"

The only answer that has been made to this presentation is the entirely familiar one that Senator Smith won't consent to the appointment of the candidates that Burrows and his committee want appointed.

Senator Smith's explanation is that the senior senator and a candidate are all men of their own particular selection. He, the junior senator, has lieutenants of his own to reward and he wants a portion of the patronage for them. The Marquette collectorship for instance.

Senator Smith, six months ago, declared that he wanted Charles J. Byrnes appointed collector at Marquette. Byrnes has not been appointed, because Senator Burrows objects, although the collectorship has been vacant for some six months.

The understanding by well informed ones here in Detroit is that the only way to clear up the situation is to concede to Senator Smith at once his pro rata of the patronage. The Burrows committee, it is believed, would make this concession if Senator Smith would consent to sound a bugle call to his personal political friends throughout the state to get in line for Senator Burrows. But there are conjectures that the junior senator, for a reason entirely apart from the patronage, may decline to do so.

For two years more or less Republicans in the eastern half of the state have been saying that for geographical reasons the eastern half should have one of the senators. The western half now has both. In 1913 Senator Smith's present term expires. Mr. Burrows' reelection would mean that the western half would continue to have both senators. By 1913 the eastern half's talk might have attained the proportions of a demand for one of the senatorships. Senator Smith in seeking reelection would be up against that demand. The demand would not exist if an eastern Republican should now be elected to succeed Burrows.

For this reason alone, conjecture some, Senator Smith might hesitate to sound the bugle call for his present colleague.

"H. P. Hetherington has joined the delegation at Washington, and there is only one purpose in his going, that is to get John Whelan's job," said a well-known Republican today. "In fact, he has much to do with the other being there. Messrs. Stair and McMillan are anxious to have Hetherington get the collectorship, and don't want to take chances on having it left until after the primaries.

"What started the fear as to Burrows? Why, Burrows' backers were paying five cents a piece to certain men to get signatures to Burrows petitions. They were hard to get, then there was a dispute over the pay for one batch of names, and the whole dispute revealed the real situation of chilliness in Detroit toward the senator."

BASEBALL

YESTERDAY'S GAMES.

National League.

New York, April 26.—In a poorly played game, New York won.

Score: R. H. E. New York 2 3 0 2 0 0 1 1—9 10 3 Brooklyn 0 0 0 2 0 0 1—8 10 3 Batteries—Crandall, Ames, Dickson and Myers; Bell, Wilhelm, Dessau and Erwin.

Philadelphia, April 26.—Philadelphia defeated Boston today in a ninth inning rally.

Score: R. H. E. Philadelphia 0 0 2 0 0 0 1 2—5 7 4 Boston 3 1 0 0 0 0 0 0—4 7 2 Batteries—Ewing and Dossin; Curtis, Smith and Graham.

American League.

Washington, April 26.—The Senators drove two pitchers to the bench, and won.

Score: R. H. E. Washington 1 0 6 2 0 0 0 0—9 12 3 New York 0 0 0 1 2 0 0 4—7 9 1 Batteries—Walker and Street; Manning, Frill, Warlop and Sweetey.

Others postponed; rain.

American Association.

Kansas City, 7; St. Paul, 14. Other games postponed; rain.

HIS ESTATE WORTH MILLIONS.

Kenosha, Wis., April 26.—The will of the late Thomas B. Jeffrey, the automobile manufacturer, disposing of an estate estimated at two to six millions, was admitted to probate today.

TUXEDO CLUB CIGAR

TELEGRAPHIC NEWS CONDENSED.

Rome, April 26.—It is probable that a consistory will be held the middle of June, when twelve cardinals will be created.

Changsha, April 26.—Governor Yang Wen-Ting today issued a peace proclamation. The British consul, however, has given notice that he will not be responsible in case those who go ashore are attacked.

Mankato, Minn., April 26.—At a special election today, Mankato adopted the commission form of government, 969 to 671. The new charter is effective in thirty days.

New York, April 26.—Authentic information was received here tonight that the report that the sealing steamer Aurora, carrying a crew of 187, had gone down, is absolutely untrue. The vessel was last seen going north April 3.

Kansas City, Mo., April 26.—In the Hyde murder trial today two of Mrs. Hyde's sisters, Lucy Lee and Sarah Swope, were the witnesses. Lucy Lee Swope said that Dr. Hyde gave her a drink of water while coming home on the train from New York with him Dec. 14. She admitted that she took some of the Jordan "vorb" man's remedies on the train, and she was ill before she reached home. Typhoid fever developed in four days after her arrival in Independence. Sarah Swope, who is but fourteen years old, was on the stand a few minutes. Several nurses gave testimony of little interest.

Mobile, Ala., April 26.—A slender, black-skinned, frightened girl stood on a raised platform today while six thousand Confederate veterans cheered and bands played "Dixie" and a score of more gray-bearded Confederate general officers passed in review before her and, with unswerving heads, kissed her hand. The girl was Miss Lucy White Hayes, granddaughter of the only president of the Confederacy. The incident was the climax of the first day's session of the United Confederate Veterans. All the old officers were selected. Clarence J. Owens of Louisiana is commander.

Grand Rapids, April 26.—The Michigan State Baseball league was organized here this afternoon, with Manistee, Ludington, Muskegon, Cadillac, Traverse City and either Greenville or Holland as the sixth club. Tom Jones of Grand Rapids is president. An application for protection under the national agreement has been filed. The season opens about May 28.

Des Moines, Ia., April 26.—The nine workers of Iowa were successful today at the wage scale conference, securing the increase voted at the Cincinnati convention.

St. Paul, April 26.—The laymen's missionary movement began here tonight with a banquet at which 1,800 participated.

Grabower's Big Store Front St., Marquette Grabower's Big Store

Spring Has Taken Complete Possession of Our Second Floor.

On every hand blossom the choicest and cleverest creations of the season, the contribution from the most renowned marts of this Hemisphere.

NEVER BEFORE in the history of Grabower's garment business, which, by the way, is practically the story of the Women's garment business in Marquette, our second floor presents such a fascinating array of new and attractive fashion as now, on the threshold of the spring season—1910. The display is of especial interest because of the many innovations and the charming manner in which these new ideas have been carried out and in exclusive designs. Values have not been lost sight of in the gathering of this matchless apparel. Visit this popular section on the second floor.

Handsome New Spring Tailored Suits Priced at \$15.00.

Many different styles to choose from; materials of French serges in plain and colors and invisible striped effects. The coats are in the correct new short lengths and come lined throughout with high grade satin; the new shawl notch and mannish tailored collars; colors include navy and Dutch blues, tan, reseda, grey and rose; Skirts in the new style plaited effects; Suits that should easily sell for \$5.00 more, specially priced at \$15.00

Superb Showing of Charming Silk Dresses \$15 and up to \$25

We show pretty collections of charming Silk Dresses. They come in black, grey, navy, taupe and reseda, and are made up in the newest designs; prices start at \$15.00 and up to \$25.00.

New Spring Skirts \$4.50 up to \$15

There's an ever increasing demand for these smart new plaited and tunic; they come in diagonals, pin checks and striped novelties; also cream, serges, taffeta, voiles and panamas, self straps, braided and fancy button trimmed; black, blue and all the best Skirt colors; prices range from \$4.50 to \$15, with large assortment at all prices between.

Beautiful Hand-Tailored Suits in the Newest Spring Styles \$25.00

In all our garment experience we have never seen such exclusive style Suits so attractively priced. One model comes in very fine French serge, handsomely tailored, the coat being lined with Beaus de Cygne Silk, in contrasting colors and ornamented with extremely large jeweled buttons, long roll collars; skirt plaited in new effect. Other stunning styles in the following materials: Basket weaves, diagonals, colored serges, black and shepherd checks, English worsted and homespun; a wide range of which to select. Suits that compare favorably with \$35 values sold elsewhere; priced on our second floor at \$25.00

Lingerie Waists at \$1.25, \$1.50 and \$2.00

We have a collection of new Spring Style Waists to sell at \$1.25, \$1.50 and \$2 of sheer white, lawn and Batiste trimmings of lace and embroidery edge and insertion, in various new effects, that lend beauty and attractiveness to the garment waist that are usually sold for much more than the present prices asked. \$1.25, \$1.50 and \$2.00

Woman's and Misses' Coats \$10.00, \$12.50 and up to 25.00

Never have our Coats received so many pretty sayings from all those who have seen them as received this season. We assure you that you cannot see better selections in the larger city stores. We show you pretty styles in coverts, chevots, basket cloth, French serges, the Wale stripes and many other pretty cloths in all the leading colors of the season; blue, reseda, black, brown, tan, olive and all the season's leading shades at \$10, \$12.50 and up to \$25.00.

Women's Dress and Tailored Hats

It's truly a fine art to select a Hat that will suit the personality of the wearer; a becoming type for every face in a color that won't clash with your new gown. Every woman knows that it simply can't be done where there are only a few to select from. At our Millinery department you will find hundreds of styles and shapes in trimmed and un-trimmed Hats of French and American designs, so varied that each face can find a becoming Hat. Priced moderately.

Warner's Rust-Proof Corsets

Very long, but not an inch too long to shape the fashionable figure.

The bones in this corset do not extend the full depth of the skirt—the soft, unboned cloth is the extra length. It is therefore impossible for the garment to be felt uncomfortably—quite the contrary. It is pleasantly felt.

We have many styles in this make, but only one cut, namely, a correctly, fashionably cut garment for every woman, large or small.

Every garment made to fit and to wear—not to rust, break or tear.

COUNCIL REJECTS THREE APPLICATIONS

ISHPEMING WILL HAVE BUT THIRTY-FIVE SALOONS—THOSE NOT IN BUSINESS LAST YEAR ARE DENIED LICENSES.

The council rejected the applications for liquor licenses of James H. Billings, Eric Metsala and Albert Sakko, presented Monday evening. This action was somewhat of a surprise, as it was one of the few instances on record where applications for saloon licenses have been rejected in Ishpeming. Prior to the meeting Prosecuting Attorney Bell advised the committee on bonds and sureties to recommend the rejection of the applications. None of the applicants were in business last year. Some members of the council thought that it was not fair to reject the applications, but Mayor McCorkindale said the committee had given the matter serious consideration and he urged that the council adopt the committee's report. This was done by unanimous vote.

The application of Henry Kaupila, who desired to move his saloon from the Upper Peninsula Brewing company's building, on Division street, east of the city building, to the late Andrew Talo's building, on the corner of Division and First streets, was rejected, but he will be permitted to continue in business at his present stand. The Warner-Cramton law provides that buildings where dealers have voluntarily given up the business cannot longer be used for saloon purposes. This was one of the reasons why the applications of Messrs. Billings, Metsala and Sakko were rejected. They proposed to engage in business at stands where the former proprietors voluntarily retired.

Thirty-five applications were accepted, as follows: John P. Outhwaite, George F. Thoney, Napoleon Lesquia, John Ring, John Anderson, Oscar Salin, Claus B. Adolph, Gust Olson, Antoine Dobbs, Peter Gummesson, Thomas Atwill, Jr., James Gleason, Charles J. Sandberg, Edward Beckman, George O. Vauker, Olen & Olson, Nicholas Cox, Louis Tontloff, Ollas Lafreniere, Charles O. Wallenstein, Bruno Nardi, Napoleon Rohar, Charles Coveaugh, Dennis Hickey, William Racine, Alex Anderson, Joseph Kelly, Frank Xardi, Charles Johnson, Charles Simons, Joseph LaPointe, August Olgen, Antti Ekola, Edward Weibler and Henry Kaupila.

The following applications for brewers' wholesale warehouse licenses were also approved: Victor Wallenstein, agent Fabst Brewing company; Stephen Simons, agent Menominee River Brewing company; Patrick Healy, agent Keeley Brewing company; Peter J. Denn, agent Upper Peninsula Brewing company.

P. J. Denn was the only agent who applied for a brewers' wholesale license in addition to the wholesale warehouse licenses. Mr. Denn will sell direct to the family trade.

Some of the saloon men seem to be at sea in regard to some of the provisions of the new law. There will be few, if any, violations of the law the coming year, as the saloon men are satisfied that Mayor McCorkindale intends to enforce the law to the letter. The officers have been told that if they do not report all violations to the prosecuting attorney, they can expect to be removed without ceremony.

The council will meet again Friday evening to act on the bonds.

PLAYS ALL NEXT WEEK.
Stock Company Will appear at the Ishpeming Theater.

The Mock Sad All company will open at the Ishpeming theater next Monday evening for a week's engagement. The prices will be ten, twenty and thirty cents, with free tickets for ladies issued for the opening night under the usual condition. The Houghton Gazette of last Saturday said of the company: "The Mock Sad All company, which has been playing a week's engagement at the Kerrelge theater, will conclude its engagement tonight, by presenting 'An Arizona Girl.' This was the first visit of this company to Hancock and it made a very good impression, large audiences being present nightly. The class of plays presented was good and the company was composed of players of ability. A notable feature of the week was the specialties given between acts, which were of a more elaborate nature and made more of a feature than is customary in popular priced attractions. The trained dogs do really remarkable feats and were in themselves worth the price of admission, while the mind reading tests were a source of attraction to many, the answers to the hundreds of questions propounded during the week being such as to astonish and amuse. Mock Sad All did some of the tricks of magic which he has displayed on former visits with the Frank Long company, and other members of the company appeared in singing and musical specialties."

The big New Goods Sale is now in progress. Whether you buy or not, come and see the big display.

SILVER SHOWER PROGRAM.

LIQUOR DEALERS' BONDS ACCEPTED

COUNCIL HAS APPROVED THIRTY-TWO APPLICATIONS, BUT ONE DEALER WILL NOT RENEW HIS LICENSE AT THIS TIME.

The bonds of thirty-two saloon men have been approved by the council, Monday evening twenty-three were accepted. Eight were approved at an earlier meeting. There were thirty-two saloons in the city last year. Edward Hooper, proprietor of the Hooper hotel, one of their number, did not present a bond. His application for a license was accepted and he can engage in the business at any time during the year. No new applications for licenses were received.

All but five of the saloon men whose bonds were accepted Monday evening furnished bonds provided by the Michigan Bonding & Surety company. Those having personal bonds were Frank Anderson, with J. H. Winter and J. E. Suess, as sureties; Charles Johnson, with M. C. Quinn and George J. Mass, as sureties; Julius Johnson, with Adolph Saladin and Thomas Pellow, as sureties; Joseph Torneo, with B. Barasa and Frank Mulvey, as sureties; and R. G. Jackson, with C. W. Taylor and A. Boulson, as sureties.

Surety bonds were accepted for Michael Marretto, El. Kappinen, O. J. Lacombe, Henry G. Heisel, Anti Autio, Verellino & Piza, James Johnson, D. McDonald, Jacob Hanula, Will Hutonen, Matt Nurni, Frank Larson, James Baltoni, Louis Villeneuve, Nicholas Laugha, James Gaffney, John Perala and Guiseppe Bessola.

City Officials' Bonds Accepted.

The oaths of office of the city officials were read and ordered placed on file and their bonds were accepted. Joseph Mercier, the treasurer, furnished a bond for \$50,000. His sureties are Thomas Pellow, J. H. Winter, Thomas Connors, Charles Johnson, J. W. Elcott, H. W. Sheldon, A. J. Bell, A. R. Miner, James Clancy, R. P. Bronson and W. H. Johnston.

W. H. Mitchell, clerk of the board of public works, furnished a bond of \$9,000. His sureties are Samuel S. Mitchell and Thomas Pellow.

The bond of Al Wilman, superintendent of the board of public works, is \$4,000 and his sureties are R. G. Jackson and Thomas Pellow.

Marshal Rough furnished a bond of \$1,500. His sureties are Charles Johnson and Thomas Pellow.

Dolph Wheeler, the poundmaster, furnished a bond of \$1,000. His sureties are S. S. Thomas and Thomas Connors.

R. G. Jackson, chief of the fire department, has given a \$2,000 bond, with Joseph E. Suess and Andrew Lindquist as sureties.

Each of the police officers furnished bonds in the sum of \$1,000.

The bonds of the proprietors of the three drug stores were also accepted. J. M. Perkins, sureties are S. S. Mitchell and T. M. Wells; J. E. O'Donoghue's sureties, R. G. Jackson and T. C. Yates and T. P. Kirkwoods, A. C. Seass and Joseph Barabe.

The Upper Peninsula Brewing company furnished a bond of \$3,000 with the Michigan Bonding & Surety company.

OLIVER OFFICER STABBED.

Harry Wilcox, employed as an officer by the Oliver Iron Mining company, at Virginia, Minn., is the first of the corporation's policemen to get into trouble. Monday, while he was on duty at the Virginia mine, he was assaulted by seven foreigners, all miners employed by the company. It was reported from the Mesaba yesterday that Wilcox lies in a critical condition at the Malington hospital. His right arm was nearly severed from the body and a long gash was cut across his forehead and he was also badly cut about the body. His recovery is doubtful. The foreigners had been drinking heavily. They undertook to enter upon the company's property and Wilcox ordered them off. When they refused to go the officer tried to force them away and they suddenly attacked him with knives. It is said that if several men had not come to Wilcox's assistance he would undoubtedly have been murdered. Two of his assailants were identified by Captain J. Sincos, formerly of Ishpeming, and were arrested. David F. Foley.

Often The Kidneys Are

Weakened by Over-Work. Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best.

Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Send this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

the company's chief of police, put men to work on the case at once and it is expected that all of the foreigners will be rounded up. The men got their liquor from "blind pigs" at the mine location, and it is thought that they had planned the attack upon Wilcox.

AFTER EGG SUPPLY.

Dealers Here Believe That Packing Companies Are Buying for Storage.

"I do not look for the price of eggs to go much lower," said a Negaunee dealer yesterday. "Many of our customers are wondering why eggs are so high. I have talked with a number of the commission men and they attribute the high prices to the packing concerns, declaring that they are endeavoring to corner the egg supply.

Through the central west, the packers have, for some days past, been paying from twenty-one to twenty-two cents per dozen for eggs. These are crated and delivered to the storage houses at a total cost of twenty-two and one-half and twenty-three and one-half cents. The eggs are held until the season of short production, which usually begins in September or October, and will then pass out of storage anywhere from twenty-four to twenty-seven cents. Most of the storage eggs are consumed in the East, principally by the poorer classes. Eggs which cost twenty-five cents out of storage in the central west are laid down at the Atlantic sea board for twenty-six cents.

"The commission men tell me that when the eggs are crated in the fall the average loss is one dozen to a case. The expense of crating and the loss and profit of the wholesale merchant, will require the Eastern retailer to pay from twenty-five to thirty cents in the fall and early winter for storage eggs. In order to make a living profit on his goods, the retailer must add at least from 15 to 20 per cent, so that the retail prices the coming winter will probably be no less than thirty-five cents for crated stock.

"A year ago eggs were selling at twenty cents per dozen and the speculators were then buying them for storage wherever they could get them. Last winter was a disastrous season for the speculators, so their efforts to corner this year's production may prove a boomerang. A corner in eggs would force an artificial price for nearly a year after the corner had become effective."

NEGAUNEE LACONICS.

The snow drifts on Iron street yesterday morning were from two to three feet deep in places.

Matthew Malloney's men resumed work yesterday moving the former Montreal house to his lot on Jackson street. The work was suspended Friday, because of the storm.

Ted Frieberg, the plumber, has been awarded contracts for the plumbing at the dwelling to be erected by Mrs. O. Beaudin, on Clark street, and the one soon to be completed by E. Kalm on Teal Lake avenue.

The funeral of the late Michael O'Leary will be held tomorrow forenoon at 10 o'clock from St. Paul's church, and the service over the remains of the late Thomas Tracey will be held at St. Paul's at 2 o'clock tomorrow afternoon.

Mrs. Shank, an expert corsetiere, representing the H. W. Gosard company, of Chicago, will conduct a corset demonstration at Levine Bros.' store today and tomorrow. The firm invites the ladies of the city to call and look over the display.

Barnum, the hypnotist, gave a satisfactory performance at McDonald's Opera House Monday evening. A number of people were turned away, and the entertainment was a very laughable one. The company will do good business the remainder of the week.

The committee in charge of the old time Swedish market, to be conducted at Cleveland Park, June 24 and 25th, under auspices of the Scandinavian society of Negaunee, has sent invitations to every Scandinavian, Swedish and Danish society in the upper peninsula, and it is expected that there will be many out-of-town visitors present. The managements of the railway companies have assured the committee that reduced rates will be granted from all points.

Levine Bros. of the Savings Bank store, yesterday installed four of the latest men's suit cases in their clothing department. The frames are of oak, with plate glass ends, sides and top, and each contains a hanger that will hold 100 suits. The cases are just proof and the doors have built-in bearing hinges. The cases will take up less space than the present counters, and the clothing can be kept in much better condition than formerly.

WOMEN GROW TALLER NOW.

The contention of a writer in Health and Strength that with woman's progress toward equal rights her physical strength is also asserting itself, has caused much controversy in European journals. "The average height of England's girls," says a writer in Figaro, "was five feet three inches in 1803, and today it is five feet five inches. This would be pleasant news to me if it were not also a fact, that the sterner sex is growing shorter." Marcel Prevost, discussing the subject, believes that sports have made the women taller, and says: "Be on your guard, modern man! Your position was never in greater danger than now. Check the retrogression or stop the advance of women while yet you are the larger and stronger. Another man and you will have become the weaker sex."

The U. S. government in its "Pure Food Law" does not "indorse" or "guarantee" any preparation, as some manufacturers in their advertisements would make it appear. In the case of medicines the law provides that certain drugs shall be mentioned on the labels, if they are ingredients of the preparations. Ely's Cream Balm, the well-known family remedy for cold in the head, hay fever and nasal catarrh, doesn't contain a single injurious drug, so the makers have simply to print the fact that it complies fully with all the requirements of the law.

Into the Saving Habit and Out of the Rut

The habit of saving has raised many a man out of the rut into the higher places. It makes him more methodical in the discharge of duty; it enhances his self-respect; it makes him a more useful member of society, and incidentally militates against those habits which undermine health and happiness. This would be a good bank in which to make your start. We are growing and you would also. One dollar or more will give you a start.

FURNITURE

A Hint to Spring Buyers.

NEW FURNITURE works like a tonic—helps to put you in good spirits. That's why it is worth while to look around and make a careful choice. It pays to consider QUALITY—to buy the very best you can afford. A really good article is always a good article. GATELY'S have a Furniture department specially equipped to supply the very best goods at prices which cannot be matched anywhere.

You may say a white enameled bed for \$8.25 would be reasonably priced—and so it would—but here is something still better—a complete bed—good springs and a comfortable mattress, all for \$8.25—a point boarding house keepers and hotel proprietors should note. Quality of this outfit is first class.

Bed Outfits Complete \$8.25

It consists of a white enameled bedstead, with one mch posts, heavy fillings, one full size spring, closely woven wire fabric, wood frame, comfortable and strong, one cotton top mattress, extra heavy covered, with a good quality ticking, made in one or two piece, special at \$8.25.

A Vast Assortment of Brass and Iron Beds, Prices range from \$1.95 to \$40

If you cannot pay cash we will arrange terms to suit.

Phone orders carefully attended to. Both phones, County and Bell.

IMPORTANT SESSION OF FEDERAL COURT

TERM OPENING JUNE 14 LIKELY TO BE THE MOST INTERESTING EVER HELD HERE.

MANY CASES TO BE HEARD

Ironwood Bank Failure and Smuggling of Chinese Result in Much Legal Controversy—Circuit Court May 16.

The June term of United States court promises to be one of the most important ever held in Marquette. The spring term was originally set to begin in May, but for the convenience of the attorneys and court officials, it has been postponed until the second Tuesday in June.

Grand and traverse juries for the term were drawn some time ago, but as all of the venire has not yet been summoned, the names of the jurymen are as yet kept a close secret.

Two criminal cases of unusual interest will in all probability be tried. One is that of George E. Bedford, formerly assistant cashier of the defunct First National bank at Ironwood, who is charged with embezzlement, and the other that against Richard, alias Felix, Wagner, a Soo resident who is charged with having been engaged in the business of smuggling Chinese across the St. Mary's river.

In connection with the Ironwood bank failure, there are some twenty-five or thirty civil cases, brought by the receiver against a large number of upper peninsula residents for payment of notes found among the assets of the bank.

Most of these notes, on which payment is protested, are "accommodation notes," so-called, and the persons by whom they are signed allege that they were given without any consideration, other than to accommodate the bank officers.

There will also be a considerable number of Chinese cases, the defendants in which are fighting deportation. The government holds that these Chinese are not legal residents of the United States, but quite a number of them do not propose to go back to China without making a fight.

The May term of circuit court will open May 16, and the business of the term is likely to be well out of the way before the opening of United States court. The jury for this term was drawn a few days ago, but the jurymen have not yet been notified of their selection.

The case that will attract the most interest at the coming term is that of the People vs. James Scopasca and James Donato, the former of whom is charged with having murdered Richard Varcoe at Ishpeming some time ago, and the latter with being an accessory to the crime.

A number of liquor cases are also likely to come up, which will be of more than usual interest, in view of the fact that two convictions puts a liquor dealer out of business. The civil calendar, from previous indications, will be rather light, and it would not be surprising if the entire business of the term were disposed of in ten days.

Two Exciting Matches Rolled at the Bowling Alleys Last Night.

The league handicap contest at the down-town bowling alleys came to a close last night with the match between the Square Deals and the Guild Hall "A" team. The Square Deals took all three games, and this gave them the first honors on the whole series.

Table with bowling scores for various teams and individuals, including Burt, Jeanson, and Miller.

MRS. AUGUST MELLIN NO MORE.

Wellknown Marquette Woman Expired at St. Luke's Hospital.

Mrs. August Mellin passed away at 2:30 yesterday afternoon at St. Luke's hospital, where she had been undergoing treatment for about a month. The family home is at 720 North Fourth street, and a husband, junior member of the firm of Anderson & Mellin, retail meat dealers, and three daughters, Ellen, Amanda and Ethel, are left to mourn her death.

Mrs. Mellin was born in Sweden thirty-one years ago. In 1887, she came to Marquette, where she has since made her home. In 1893, she was married to August Mellin. She was a faithful member of the Swedish Lutheran church and a woman of lovable and charitable disposition.

WINS LOVING CUP.

McKinley Council, Royal Arcanum, Victorious in State Contest.

Ed Weiser arrived home from Detroit yesterday with the news that McKinley Council, No. 1905, Royal Arcanum, of this city, had won the loving cup offered by the grand council of the state for the largest percentage of gain in membership the past year. To retain the trophy permanently, it must be won three times. The Marquette men will strive heartily to keep possession of the cup. Mr. Weiser represented McKinley council at the state convention. He was honored by election to an office in the grand council. The full list of officers chosen is as follows: John R. Roberts, Durand, grand chaplain; L. W. Neville, Detroit, grand warden; E. Weiser, Marquette, grand scribe; F. A. Stiver, Ionia, grand trustee; J. R. Johnson, Lapeer, and Judge T. F. Shepard, Bay City, representatives to the supreme council. The officers were installed by H. K. Lyster, deputy supreme regent, of Philadelphia.

SCHUMANN-HEINK CONCERT.

Sale of Seats Will Open at Bigelow's Monday, May 9th.

The sale of seats for the Schumann-Heink concert at the Marquette Opera House May 28th will begin at Bigelow's store at 8:30 a. m. Monday, May 9th, instead of May 23, as previously announced. All rumors to the contrary notwithstanding, no seats have yet been sold or reserved, excepting two of the four boxes.

Mail orders for seats will be opened on the second day of the sale and no application by telephone will be considered on the first day. The purpose of this arrangement is to give as many applicants as possible the privilege of selecting their own seats. There will be no limit to the number of seats sold to one person. The scale of prices will be as follows:

Table with seat prices: Entire lower floor \$3.00, First two rows of balcony 3.00, Last two rows of balcony 2.00, Gallery 1.00, Boxes seating five 25.00.

The Saturday Music club is bringing to Marquette, in the person of Madame Schumann-Heink, the world's greatest contralto. It is evident from the great interest in this concert, already expressed, that its efforts will meet with complete success.

The attendance at the concert which ever Madame Schumann-Heink has appeared this year has been phenomenal. On April 11th the audience at the Coliseum, in Des Moines, numbered 7,000 people. This was the largest musical audience that ever assembled in Iowa.

300 CANAL PASSAGES.

List of Boats That Have Passed the Locks, Bound for Superior Ports.

Sault Ste. Marie, Mich., April 26.—The following boats, up-bound, have passed through the locks, bound for ports on Lake Superior: Wash 9 p. m.; Bransford, Castin, 11; Laughlin, Nipigon, 1 a. m.; Gary, 3; Victory, 4; Van Hise, Bryn Mawr, 7; Ranny, Key West, 8:30; Athabasca, U. S. Mack, Athens, Leonard, 11; Angeline, Hutchinson, 1 p. m.; La-belle, Dieckelike, 2; Curry, B. Lyman Smith, 4; J. J. Brown, Keyport, 5:30; Oliver, John Owen, 6:30; Frick, Midland Queen, 7; Phipps, Crane, 8:30.

IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles. Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary troubles set in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they may lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ailments which are caused by weak or diseased kidneys. Residents of this vicinity are constantly testifying to permanent cures.

William Pilley, 812 River Ave., Iron Mountain, Mich., says: "I was troubled by acute pains in the small of my back and did not know what caused them. When a friend advised me to try Doan's Kidney Pills, I procured a box and they soon relieved me. I gladly give Doan's Kidney Pills my endorsement in return for the good they have done me." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

THE WATER QUESTION.

H. W. Nebel, Who Presented Minority Report, Explains Some of Its Features.

In reply to an article published in The Mining Journal, under date of April 22nd under the caption of "Some Obscure Points" relative to the minority report made by me as a member of the water board of the city of Marquette, I wish to explain a few points which do not seem clear to some of our citizens, if you will kindly allow the space in your valuable paper.

1. With centrifugal pumps it will not be necessary to have a storage tank of 3,000,000 gallons, or any other tank for that matter, as the water can be pumped directly into the mains and a sufficient pressure maintained at all times for any emergency. This can be demonstrated in our own city by pumps now in operation.

2. In cutting out \$15,000 contractors profits, I have allowed \$5,100, which is about 15 per cent of contractor's bids for labor in construction work. The Duluth Engineering firm have in their bid, figured 15 per cent of the entire contract. Now then, the city of Marquette through its agents or representatives can purchase pipe, pumps and material just as cheaply as any one, hence the above cost.

3. In my estimation we will not be required to hire any expert engineers to come here and look wise at a big fat salary and tell us what we already know. Marquette has plenty of engineers who are thoroughly capable of doing the work. Then besides the parties who take the contract are placed under bond to do the work in a satisfactory and workmanlike manner, the work to be tested and proven satisfactory before the job is accepted.

4. I have also cut from the Duluth Engineering company's bid, \$5,300 for pump and switch board, for the simple reason that the water board has now on file in their office, figures from Allis-Chalmers, Milwaukee, Wis., for the same capacity pump, motor and started complete, which they quoted to us at \$2,400.

5. In moving the present pumping station to Presque Isle, the city would have valuable property for sale, which would always bring a good price and which would also count against the large outlay required to move the plant. Besides this the board will have to take up several hundred tons of small mains which can again be used in other portions of the city. It is only a matter of time when this will have to be done as the pipe on Fourth street, is now too small for the large amount of water being used.

Now, Mr. Reader, two years ago the board laid a small pipe into the lake 3,000 feet from shore and took samples from the same. Our present intake is 700 feet from the shore—the samples taken 2,300 feet further out into the lake and into deeper water showed more contamination from the small pipe than from the present intake. The proposed extension of the intake would bring it out 2,400 feet. In my estimation this distance would not help the city water supply, as boats going out of the harbor would carry the sewage in their wake and thus still contaminate it.

If the pumping station is placed on the island, we would at least feel safe for years to come that sewage would not be seeping through our teeth. Presque Isle is a certainty, and the present plant is doubtful.

In conclusion I would say that the majority report of our board states that \$75,000 is for permanent improvement. This according to a resolution passed by the board is for intake extension only and does not give a guarantee for purity, and may mean more Cox's mineral spring water at so much per gallon.

Think it over. H. W. NEBEL.

IRON AND STEEL REVIEW.

Price of Pig Iron Has Dropped from Fifty Cents to \$1 Per Ton.

It is reported from New York that blast furnace interests in the East as well as in other sections have been making a quiet but energetic canvass of pig iron consumers, being stimulated by secure orders by the downward tendency of prices. Although the volume has been light, numerous small orders for various deliveries have been taken at lower prices, the decline in the last two weeks ranging from fifty cents to \$1 per ton in Eastern Pennsylvania and New England. No. 2-X foundry has ranged from \$16 to \$17 at furnaces in the Lehigh and Schuylkill valleys.

The opening of the canal navigation from the lakes allows Buffalo iron to come to New York harbor at \$1 per ton freight and to water points in Connecticut at \$1.50 per ton. Alabama foundry iron can be delivered at tidewater at \$16.25 per ton with fifty cents lighterage charges at New York. No. 2 foundry iron has been sold and delivered in New England at \$18.24 and \$18, and even less. Virginia furnaces have also been competing. Pipe works brought only 10,000 to 15,000 tons of Alabama iron on the basis of \$12 for No. 2, and \$10.50 to \$11 for gray forge. Action has been taken to reduce output 10 to 15 per cent in the East.

In the finished products the principal new business has been structural and fabricated steel. New orders for buildings and bridges aggregated a little over 30,000 tons, although specifications were only 15,000 tons. Railroad bridge orders requiring 25,000 tons of steel cars are expected to be closed this week. Railroads placed contracts for only eighty-four locomotives and 35,000 tons of rails. Car orders were insignificant.

You can get a dandy parlor paper from 16 to 23 cents at Geill's wall paper store. We trim your paper, so you can hang it. (4-25-34)
