### THEATRE MANAGERS APPROVE OPEN DOOR

HOUSES ON NORTHWESTERN CIRCUIT WILL BOOK ATTRACTIONS OF ALL PRODUCERS WHO WANT THEM.

Two Schubert Shows Coming.

The attractions offered by the latter and the new combine will have more than twice as many stars and other attractions as the Klaw & Erlanger. The fact that some of the stars are booked by Klaw & Erlanger will not prevent them from playing independent houses. It is not thought that Klaw & Erlanger will attempt to keep all of their attractions out of the independent houses, as if they did it would be impossible for them to book their plays through an entire season.

Since the plans for the independent movement were consummated, the Schubert interests have consented to send two of their leading stars over the iron and copper district before the close of the present season. The stars for whom time is now being held are Robert Mantell and Grace George. The former is expected to play the Ishpeming theater a week from next Tuesday, the 24th, and Miss George is expected here on June 21. These will be two of the most prominent stars that have ever visited this circuit.

At the meeting Wednesday all of the old officers were re-elected for the ensuing year. Mr. Marshall announced that he did not expect to be a candidate for the presidency next year, as he plans on spending much of his time in the New York office that was recently established, looking after the bookings of the circuit, as well as representing as other business interests. P. B. Haber of Fond du Lac was re-elected secretary and treasurer and John D. Cuddihy of Calumet, John E. Williams of Oshkosh, C. D. Moon of Eau Claire, M. Herman, Madison, and John B. Arturs, Green Bay, were re-elected directors. The only members of the association absent were: W. J. Power, Hibbing; A. J. Rundle, Iron Mountain; Dan Washburn, Merrill; and H. P. Jordan, Sault Ste. Marie.

### FATALITY AT AMERICAN MINE.

Surface Tramcar Falls from Trestle and Is Instantly Killed.

Frank Murray, an Italian, employed at the American mine, west of Ishpeming, met death Tuesday noon by falling from the trestle on surface, where he was tramming ore. Murray and his partner were working during the noon hour getting out some ore that was wanted in a hurry and he was walking ahead of the car and pulling it, when he stumbled and fell over the trestle to the ground, a distance of thirty feet. He struck on his head, dying within a few minutes.

The verdict of the coroner's jury, returned Wednesday, did not attach any blame to the company, as the trestle man had been instructed not to walk ahead of the cars. Murray had been employed at the mine only since last Friday. He spent several years in the county, until about a year ago, when he went to the old country to visit his wife and four children. He returned about three months ago, working at another mine before accepting a position at the American. A brother and a nephew are working at the American. He was over fifty years of age. The funeral was held yesterday, with interment in the Ishpeming cemetery.

### PRODUCERS FALLING IN LINE.

While the convention was in session, two telegrams were received from the New York office. The first one was to the effect that three large producers had submitted their attractions for booking over the circuit to be controlled by the independent combination. The second was that A. G. Field, the well-known minstrel man, whose routes have been arranged by Klaw & Erlanger for many years past, had also pulled out from the latter concern and had submitted his two companies for booking. These announcements were received with enthusiasm by the managers. It was the unanimous opinion of these present that the Klaw & Erlanger attraction should be given time the same as those of other producers and agencies, but heretofore this firm will be paid no fees.

### Marshall Is Enthusiastic.

C. A. Marshall, who has been at the head of the Northwestern Theater Managers' association ever since it was organized seven years ago, and who was re-elected Wednesday by acclamation, is enthusiastic over the new combination. He said he had spent the greater part of the past three months visiting theater managers and producers in various parts of the United States and Canada, and that he had found sentiment strongly in favor of the new booking arrangement, as well as the organization of the National Theater Owners' association, which was formed last Sunday in New York, with John Cort as president. Mr. Marshall was elected one of the directors of the new organization, and was Jim Winfield, a prominent Chicago manager. Mr. Winfield says that the props have been completely knocked from underneath Klaw & Erlanger structure, and he predicts that heretofore they will control very few one-night stand theaters in any part of the United States or Canada.

Mr. Marshall said that both Messrs. Klaw and Erlanger are old men, and are about ready to retire, while, on the other hand, the men who are taking up the opposition are young and energetic, and they have all of the financial backing required to successfully handle their affairs. Mr. Marshall, who has stood quite close to the Klaw & Erlanger firm for many years, said he desired to him before the new combination was announced, that they did not care a rap for the one-night stand business, as it was only a bother to them.

Lee Schubert, who is at the head of the Schubert interests, is only thirty-four years of age, and John Cort is also a young man. Last season the Schuberts were handicapped in the one-night stand circuits by the Klaw & Erlanger contracts. Many of these contracts provided that if a Schubert attraction was played all of the Klaw & Erlanger attractions would be withdrawn.

Mr. Marshall gave excellent reasons why the managers of the circuit should open their doors to all attractions. He said that he was satisfied that his houses would be benefited, and he certainly would not take the lead in the movement if he was not convinced that he was right. He said that the independents already have assurance that their attractions will be received in at least 1,500 theaters in the United States and Canada, including the following circuits:

The Northwestern Theatrical association, covering British Columbia, the Northwest and the Pacific coast, as far south as New Mexico and Arizona.

Walker's Winnipeg circuit, covering Manitoba, North and South Dakota.

Marshall's copper and iron circuit, in the middle northwest.

The Chamberlain, Harrington and Kindt circuits, covering the entire middle west between Chicago and the Mississippi river.

The Crawford, Philley and Zehring circuit, operating from Nebraska into Texas.

J. J. Coleman's circuit and the Albert Weis, Jake Wellband, Henry L. DeGivo theaters in the south in Ohio, Pennsylvania, West Virginia and New York.

Theodore T. Hathaway circuit, in New York, and the Julius Cahn circuit, through New England.

Trust Has Fewer Attractions.

It is not difficult to understand why the managers of the above circuits desert the Klaw & Erlanger syndicate, when

### ACQUIRING MINERAL LANDS.

Many diamond drills are in operation and many mineral tracts have changed hands.

The Section 30 mine, owned principally by George A. St. Clair, will soon begin shipping ore, as the Duluth & Iron Range railway extension from Ely will be completed within a month. Mr. St. Clair expects to ship at least 100,000 tons from the mine this year. It is now expected that several big mines will be developed northeast of Ely. This section was entirely neglected until a short time ago, when exploratory work started there.

The splendid work of Chamberlain's Stomach and Liver Tablets is daily coming to light. No such grand remedy for liver and bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Sold by The People's Drug Store.

BURKE EXPECTED TODAY.

Ernie Burke, who played with the Ishpeming baseball team last season, is expected to arrive this afternoon from Lexington, Ky. There was some doubt here as to whether Burke would return, as he was making good on the Lexington team. He advised the management Wednesday that he would come if transportation was sent him. His request was complied with. Vanwey, who was engaged early in the season as one of the pitchers, has not yet returned from Menominee, where he was called on account of his wife's illness, after being here a week. He has been playing with the Fond du Lac team the past few weeks and although he has advised Manager Stocking that he will surely play with the Ishpeming mine it is not certain if he will be here for tomorrow's game.

When men meet they chat; when women meet they chatter.

### Again the Question of Clothes Comes Up.

With the Spring warmth creeping back into the sunshine, and the green getting back on the trees, with all nature calling, come out! come out of doors! There's downright pleasure in getting on a spic and span new Suit and strolling along in the genial sunshine. With mother nature putting on a brand new dress Winter Suits seem out of tune and weather worn. Yes by all means let us answer the clothes question for you by fitting you in one of our latest Spring Suits. We have them in all styles, splendidly tailored and at an ample price range. Call in and look. You'll be agreeably surprised.

If you don't care to pay cash we will arrange terms to suit.

## GRINNELL BROS.'

### Monstrous Clearing Sale

It is exceptional in the character of the instruments offered—the amazing discounts—the extreme liberality of terms. To every Piano purchaser, no matter where located our sensational Clearing Sale affords a chance not likely to ever be duplicated. Immense spot cash purchases, and shipments reaching us when our warehouses were already filled, are the factors which make necessary this sale, and at the same time, make possible our unheard-of prices. We cannot accommodate this surplus stock; it must be moved just as quickly as possible, and we have made prices which will accomplish this. Careful buyers of Ishpeming and vicinity are finding in this sale just the opportunity they have been waiting for. The Pianos are being transferred rapidly to music-loving homes.

If you ever expect to own a beautiful, sweet-toned instrument you simply cannot afford to let this sale pass. See our Pianos; get our prices and terms, and you'll then realize the full truth of this statement. Come in today! We will be glad to show you the stock and you won't be urged to buy.

THOROUGH TESTS OF WATER PLANNED

PENDING TIME OF ARRIVAL OF EXPERTS, WATER BOARD WILL CARRY ON THE WORK.

MORE DATA FOR THE VOTERS

Representative Expression of Opinion Desired in the Election May 30—Borrowed Money Comes High.

The board of fire and water commissioners are now in communication with Hering & Fuller, the New York water and sanitary engineers, who it is planned to have make a report on the bacteria contents of the water at the point to which it is proposed to extend the intake. Terms are being arranged and other details, and it is hoped to have a representative of the firm here before the end of next week.

By the time of the next special election, May 30, the board hopes to have available much additional information in regard to the quality of water that can be obtained at the point to which it is proposed to extend the intake. If the reports on a series of samples indicate that the majority of the board was correct in their belief that good water can be secured there the chances that the project of intake extension will be approved will be greatly increased.

Want Representative Vote.

The board is particularly desirous that a representative vote be polled on December day, so that, whatever the outcome, it will be able to feel that the greater part of the voters have given an index to their attitude on the question. The resolution ordering the election and the form of ballot are now being prepared. The questions at issue will be made clear to the voters, so that there will be no excuse for a wrong understanding of what is being voted on.

"In view of the forthcoming election," a member of the board said yesterday, "I would urge on the people, and particularly the taxpayers, a study of the pamphlet recently issued by the board for their information. This pamphlet contains all the information we have to date on the water question. We went to the trouble and expense of printing and distributing an edition of 2,000. I am sorry to say they have not been read as they should have been. At least a few people have asked me various questions about the water problem, and I have turned over the pages of the pamphlet and showed them the answers in one or the other of the reports it contains, where they could have found them had they been at the trouble of trying to do so.

Borrowing Expensive.

The cost of borrowing for city purposes was strikingly shown recently when Superintendent Kern, of the water board, figured up what the board had paid in interest on about \$100,000 of borrowed money. The total outlay of interest has been twice the sum originally raised on the bonds. According to the last annual city report there are \$324,000 of city bonds now outstanding. Of this amount \$162,500 was raised for water supply purposes, and all but \$25,000 of this amount has already been refunded on— January 1, next year, \$10,000 of

bonds, listed as "general city" bonds, fall due, and July 1, next year, \$20,000 of "municipal improvement" bonds expire. It is said that these bonds will have to be refunded, and that the same thing will have to be done with the city hall bonds of \$50,000, due Aug. 15, 1913. "Marquette sought to adopt the policy of curtailing expenditures as to be able to save a little money each year for retiring bonds," a city official said yesterday, "as we are running along now we will presently reach our bonding limit, and then we will be helpless in the face of any emergency that may arise."

CANNOT GET SPECIAL.

Baseball Team Leaves for Crystal Falls Tomorrow Morning.

The effort made by the management of the Marquette baseball team to secure a special train over the South Shore and St. Paul railroads for Sunday has failed, the railroads not being willing to run it, hence the plan for sending 100 or more rosters to Crystal Falls Sunday has to be given up. The team will leave tomorrow morning at 8 o'clock for Crystal Falls, where the first game of the league season will be played in the afternoon. Dan Sullivan and Fred Thomey will accompany it, representing the management. Pearley Croze will be down from the copper country to make the trip, and will be behind the bat for Marquette. He may become a permanent member of the team. Mack will play in his old position at third and with Young at short and Hamilton at second the team will be in excellent condition to give a good account of itself. It is possible that Frost, of Lansing, will pitch one of the games. If he cannot be secured Jeanson will back up Scholtz in the box work. Little is known here about the strength of the Crystal Falls team, but it is believed the management has gotten a strong aggregation together.

SOO LINE AFTER SOUTH SHORE ROAD

RUMORED AT DULUTH THAT THIS CHANGE IS IMPENDING, AND ALSO THAT PRESIDENT FITCH WILL RETIRE.

Want Representative Vote.

There is a persistent rumor going the rounds of Duluth railroad circles that in the not distant future the operation of the Duluth, South Shore & Atlantic railway will be taken over by the Soo line, says the Duluth Herald. In connection with the rumor is an unofficial report that W. F. Fitch, president and general manager of the South Shore, will step down from the active management of that road some time next fall and retire from active railroad life. Efforts have been made to confirm this rumor at the Duluth office of the South Shore, but without success. Nobody here apparently knows whether there is any truth to the story or not. Mr. Fitch, in addition to being president and general manager of the South Shore, is also a heavy stockholder in the company. The South Shore, as it is commonly called here, is a subsidiary company of the Canadian Pacific. It is equally well known that the Soo is also a subsidiary company of the Canadian Pacific system. At the present time these companies, aside from following the broad general policy of the Canadian Pacific, are operated as independent lines. When the Wisconsin Central was absorbed by the Soo and became the Chicago division of the Soo, it was generally predicted here that the South Shore would also be taken under the management of the Soo and the road operated by the officials of the Soo. The rumor is again current, although there has been no official confirmation of the story, which recently has cropped up. It is stated that the increased activities of the Canadian Northern in the head of the lakes district, and the even more ambitious plans of that company for the Duluth district for the future, will hasten the construction of the Soo short line to Winnipeg, via Thief River Falls, giving this city another short line to Winnipeg, and will also result in the increasing of the facilities of the South Shore as a common carrier between Duluth and Eastern Canada. Here, the story is believed to have some foundation.

Just received the latest in turbans and ladies' dress hats. Also a nice line of children's confirmation hats. MISS NELLIE MERRITT, (5-13-21) 133 West Ohio Street.

The regular Saturday night hop will be held at Fraternity Hall tomorrow night. Musi: by the Peerless orchestra. 5-13-21

CITY SCHOOL TEACHERS AND THEIR SALARIES

BOARD OF EDUCATION MAKES APPOINTMENTS FOR THE COMING YEAR—THE OFFICIAL LIST AS COMPILED LAST EVENING.
