The man to be doubly congratulated is the INVESTOR-the WISE INVESTOR- who recognizes the opportunity to place his cash, whatever the sum may be, where it will bring him safe, sure and good returns.

The history of America-in fact of the world-shows that the greatest fortunes have been made in oil. California, prodigally rich in this mineral, has made within the past three years fortunes for those shrewd enough to invest in oil lands and stocks. The producing of this product has been in the past, is now, and will continue to be a still greater factor as an investment than anything known at present in the country.

You are afforded an opportunity to invest your savings or surplus funds in an oil company that promises to reap large returns. Never before, and probably never again, will you have the same chance. ### **There Are Two Methods** of Saving Money

Limit your spending or limit your saving.

It is better to place a limit to your spending and save the rest.

Just a few dollars banked and steadily added

You can do this by keeping a record of what you spend. Just try it for a month. Don't be niggardly with yourself-simply confine your expenses to common-sense requirements.

You will then discover where the leaks have been and will be able to open a savings account for the balance.
