

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Subscription rates: Per month, by carrier, \$1.00; per year, by mail, \$10.00.

Marquette, Mich., May 20.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Battling Nelson as a lobbyist certainly has that breezy way about him.

Those Detroit Tigers are not threatening the leaders just now; still there is lots of respect for 'em.

It may be put down, however, that the insurgents will never submit to the yoke. If they are to be done up, they plainly intend to die with their boots on, fighting.

At the same time when Speaker Cannon was, as he would say, "giving 'em a h-l," President Taft was explaining that the reports that he had arranged those pesky insurgents were without basis of truth.

Tex Rickard is to be the referee and the fight is to be held at "Frisco on July 4. Everything appears to be settled, and yet there are many doubting Thomases who expect something to occur to upset the apple cart.

We feel surprised that Uncle Joe should admit that hanging would be a sufficient punishment for the insurgents. We had an idea that the Uncle would content with nothing less than having them drawn and quartered.

Houghton county will feel worse than ever about its taxes when it learns that fifty counties have a clear excess of primary school money over the tax they paid, while for its part it paid out over \$300,000 more than it got back.

The attention of the state tax commission is respectfully directed to the fifty counties that have more money coming in from the state than they pay out to it. Perhaps the seat of the trouble is the local assessing officer.

Auditor General Fuller proposes to bring the foreign liquor dealers doing business in Michigan to time, making them pay up delinquent license fees.

It's about time the foreign dealer received his share of the attention; there's been a disposition to concentrate too much of it on the home product.

It's interesting to be informed through the medium of a congressional commission of inquiry that the coffee we pay, perhaps, forty cents a pound for is laid down in New York for seven and one-half cents and that the cost of roasting and preparing is from two to two and a half cents, but what are we going to do about it?

"Sunny Jim" Sherman doesn't like the speeches recently delivered by Senators Cummins and Dooliver. Thinks they reflect on President Taft and the Republican majority, etc. But the question isn't what Mr. Sherman thinks of these speeches. That's a comparatively unimportant matter. It's what do the Republican voters of the great state of Iowa think of them. When we have an answer to that question we'll know a lot more about the present condition of the Republican party than we do now.

W. R. Oates, of Laurium, who has represented his district in the state house of representatives the past term, has announced that he will not seek a re-nomination. It is his intention, following on the close of the gubernatorial campaign, in which he is an active field worker for Mr. Osborn, being president of the Upper Peninsula Osborn club, to devote his time entirely to his profession. Mr. Oates made an excellent record in the house during the past session, and could have a renomination in his district for the asking.

President Taft rightly has reason to find satisfaction in the returns from the Philippines which indicate that under the new tariff law the net gain of exports to and imports from the islands between Aug. 1, 1909, and March 31, 1910, has been nearly \$10,000,000 over the same period of the previous year, and this as the result of a larger measure of free trade and a more generous attitude toward our wards. It is the commendation on the fiscal side of a policy toward the Filipinos which Mr. Taft urged in his earliest deliverances as governor general of the islands and which he has steadily urged as secretary of war and as president.

Some of the congressional contests that were promised at the time the State League of Republican clubs met at Lansing are petering out. Chairman Glasgow, of the state railroad commission, recently announced that he would

THIRD OPERATION PREVENTED

By Lydia E. Pinkham's Vegetable Compound. Chicago, Ill. - "I want to tell you what Lydia E. Pinkham's Vegetable Compound did for me. I was so sick that two of the best doctors in Chicago said I would die if I did not have an operation. I had already had two operations, and they wanted me to go through a third one. I suffered day and night from inflammation and a small tumor, and never thought of seeing a well day again. A friend told me how Lydia E. Pinkham's Vegetable Compound had helped her, and I tried it, and after the third bottle was cured. - Mrs. ALVENA SPOELLING, 1468 Clouborne Ave., Chicago, Ill.

If you are ill do not drag along at home in your place of employment until an operation is necessary, but build up the feminine system, and remove the cause of those distressing aches and pains by taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs.

For thirty years it has been the standard remedy for female ills, and has positively restored the health of thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

TAXING THE RISE IN VALUE. Everywhere there is a search for new subjects for taxation. In the older communities as well as in this newer country advancing civilization seems to have made larger public revenues necessary without providing adequate means for raising them. It is worth noting that in the older and more conservative communities the tendency is toward a heavier tax on the land. Land is something that cannot be hidden and it is always possible to collect from it whatever charge is made against it.

It is even more noteworthy that the lawmakers in the older communities seem to be more and more inclined to adopt the Henry George theories. Fifteen out of the forty-one cities in Germany with a population of more than one hundred thousand have adopted the plan of taxing the unearned increment on land. The policy has been adopted within the last five years and wherever adopted has proved successful.

THE STATE PRESS.

Mr. Much keeps a restaurant at Monroe, Mich., and Mr. Mustard is in the same business at Davonport, Ia. What a combination that would be for a lunch counter—Much & Mustard.—Flint Journal.

A LAUGH OR TWO.

"Yourself began it." "If an infant cannot be kept quiet in church," says the Westminster Pariah Magazine, "it should like a good resolution—be carried out at once." That reminds one of Dean Ramsay's story of the beadle's answer to the minister who, annoyed by the whining and, finally, the outright barking of a dog during his sermon, cried, "John, carry that dog out." "Na, na, sir," said the beadle, looking up to the pulpit, "I use just make him give out on his own four legs." But another beadle scored more heavily off his minister in similar circumstances. This minister had a way of shouting at the top of his voice as he warmed to his sermon, and thereby he excited a dog in the congregation to howl. The beadle obeyed the order from the pulpit to expel the dog, but remarked reproachfully, "Ay, ay, sir; but indeed it was yourself begun it."—London Chronicle.

Diplomacy. Here is a story about a diplomatic negro waiter; also about two well-known Kansas men, who can go by the names of Smith and Jones, just to tell the yarn.

Smith and Jones look very much alike and are frequently taken for each other. One day Smith was in a certain big hotel, not a thousand miles from Kansas City, and went into the dining room for dinner. The negro waiter busily brushed off the crumbs and said: "Why, how is you, Mr. Jones; how is you. I's glad to see you. I hasn't seen you since I waited on your table when you all used to have a little game up stairs."

Threw the Terrible Turk. A sheepish expression upon his face, Smith slunk into school. He was late again. "Now, Smith," said the master, an ominous gleam in his eyes, "this is the third time you've been late this week. What's your explanation?"

"Please, sir," mumbled Smith, "I've been seen a wrestling match between 'Ackenschmidt an' Madral." "What a jargon!" the pedagogue wrathfully. "You come here late, and then begin to lie like—"

"Please, sir," whined Smith, "it's truth I'm speakin'! I was the Russian an' Johnny Hodson was the Terrible Turk."

ISHPEMING

ISHPEMING IN BRIEF. Births recorded yesterday are a son to Mr. and Mrs. Solomon Ristman, 535 Jasper street, and a daughter to George J. Spear and wife, 649 South Pine street.

The council will sit as a board of revision on June 20, and will continue in session until the roll has been thoroughly approved. The public sessions of the board will be held the following week.

William T. Hayward, ex-secretary of the Western Federation of Miners, will give an address at Ishpeeming theater a week from Sunday evening, the 20th. An admission of ten cents will be charged.

F. J. Egan is being urged by a number of his friends to become a candidate for the nomination of representative to the state legislature from the second district. Mr. Egan said yesterday that he had not yet fully decided to make the run.

A meeting of the board of directors of the Ishpeeming baseball organization will be held this afternoon at 3 o'clock at the Nelson House. A meeting of the representatives of the league teams will be held tomorrow evening at the Nelson House. The object of the meeting is to perfect a league organization.

GOOD CLOTHES FOR BOYS

If you are perfectly satisfied with just any kind of clothes for your boy, then ours may not interest you. But if you want the best you'll see it here. Just slip him into one of our suits. Note how smoothly the collar lies; the grace of the lapels; the excellent linings; the splendid materials; the many look all through. And best part is, that Gately Clothes for boys cost no more than the ordinary kind you have bought elsewhere. Every good and wanted style is here—for the boy up to 15 years at \$3.50 to \$6.50.

I am now prepared to do French Dry Cleaning in my shop on South First St. Ask me my prices on all unwashable goods.

Copper Country

IMPORTANT DISCOVERY.

Big Vein of Copper Glance Found on the Algonquin Property.

It leaked out yesterday, after being kept secret many weeks, that an immense vein of copper glance has been found on the Algonquin property, half a mile south of the Lake. This is the first large copper ore body ever found in the copper country.

CALUMET COMMENCEMENT.

Dr. Herbert L. Willet of Chicago University the Speaker.

It is announced that Dr. Herbert L. Willet, a noted divine and a professor in the University of Chicago, has been engaged to give the commencement address before the graduating classes of the Calumet High school at the Calumet theater the evening of June 17. The school authorities are considered very fortunate in booking Dr. Willet for this occasion, as he is an educator of national reputation and an excellent speaker. Dr. Willet has visited Calumet before, having appeared on one occasion under the auspices of the Calumet Women's club. At that time he was heard by a large number of people. He is well known in the community, both personally and by reputation.

GROWTH OF COPPER CITY.

Wilderness Converted Into Thriving Community in Nineteen Months.

The growth of Copper City, its rise from a land covered with underbrush to a modern town in a few short months, is indeed wonderful. Nineteen months ago Copper City was a bare tract near the Algonquin mine. Aug. 22, 1898, Edward Uleth of Calumet staked out lots and started to build houses. The interested others, and they have worked with him in making Copper City a thriving town. There are now ninety-seven dwellings, a four-room school house, a coal yard, a lumber yard, a telegraph office, a depot of the Keweenaw Central road, an express office and a number of places of business. There are four teachers at the school, which is lighted by electricity and heated with hot water, and there are ninety-six children attending the school. The town is continuing to increase in size. The streets are well laid out and the residents are planning on concrete sidewalks for most of the thoroughfares.

REV. ANASTASIE RESIGNS.

Calumet Italian Presbyterian Pastor Becomes an Episcopalian.

Within the near future the work of the Italian mission connected with the Calumet Presbyterian church will be taken up by a new leader. Rev. Joseph Anastasie, the present pastor, proposes to labor among his nationality under the Episcopalian faith, and this probably will be done in the field of the Marquette Central road, an express office and a number of places of business. There are four teachers at the school, which is lighted by electricity and heated with hot water, and there are ninety-six children attending the school. The town is continuing to increase in size. The streets are well laid out and the residents are planning on concrete sidewalks for most of the thoroughfares.

FORTHNIGHTLY CLUB ELECTS.

The Home Fortnightly club of Calumet has elected officers for the coming year as follows: President, Rev. J. A. TenBroeck; vice president, E. D. Johnson; secretary, N. B. Vivian; treasurer, Dr. C. H. Rodi. The matter of the annual outing of the club is in the hands of a committee, of which P. J. McLeod is the chairman. The date for the outing has not been set.

WHEN DINNER IS OVER LA VERDAD CIGARS... RON FERNANDEZ CIGAR CO. DULUTH, MINN.

J.A. Minnear & Co. BROKERS Offices at Calumet and Laurium. Direct private wire service to all markets.

WM. S. CLEAVES IS DEAD.

Prominent Copper Country Man Yields to an Attack of Apoplexy.

William S. Cleaves, president of the Portage, Lake Ontario & Machinery company and Hodge Iron Works, at Ripley, and supervisor of Franklin township, died at 6 o'clock last evening, of apoplexy. He was stricken last Saturday. Mr. Cleaves was one of the most prominent businessmen as well as one of the most popular men in the copper country, and his death is deplored by the entire community.

DEATH OF A PIONEER.

Dr. William Dunstone of Dollar Bay Came Here in 1865.

Dr. William Dunstone of Dollar Bay died Wednesday of the influenza, attending advanced age, he being in his eightieth year. He was among the English pioneers of the copper district. He was born at Cambourne, Cornwall, in 1830, and came to the United States with his wife in 1865, settling first at the Franklin mine, where he established a private practice as a physician. In 1880 he removed to Dollar Bay, where he practiced for about eight years. His wife predeceased him about fifteen years. Seven children survive, as follows: Mrs. James R. Vivian, of Ripley, William Harry and Silas, of Hubbell, and Mrs. William Trovarrow, James and Miss M. Jane of Dollar Bay. The funeral will be held this afternoon at 2 o'clock from the Episcopal church at Dollar Bay. Rev. J. E. Curzon officiating. Interment will be made at Forest Hill.

IN MEMORY OF KING VII.

Special Services to Be Conducted at the Pewabic M. E. Church.

Under auspices of Mistletoe lodge, Son of St. George, services in memory of the late King Edward of England will be conducted at the Pewabic M. E. church next Sunday morning. The members of the lodge will parade from their hall to the church. At the church an address will be given, and the work of the late king will be given. The arrangements for this service are in the hands of a committee which has prepared two speakers and will get another for that day. Those already engaged are Dr. E. F. Alford, of Dollar Bay, a member of Mistletoe lodge, and Rev. S. P. King, pastor of the Keat sarge M. E. church. In addition to this address there will be musical numbers. All the members of the lodge and many of their friends will attend the services.

PECULIARLY VICIOUS ASSAULT.

Drunken Sailor Hits Young Lady Disabling Blow in the Face.

Russell Campbell, a sailor, giving Cleveland, O., as his home, is in the county jail, charged with a particularly vicious assault. Walking along Michigan street, Houghton, Wednesday night he deliberately hit a young lady a blow in the face and she is now confined to her bed suffering severely. Her teeth were loosened by the blow and in falling she cut her hair. The result is expected to be serious. Campbell is only eighteen years of age, but is a big, strong fellow. He had been drinking and was lurching along the street when he ran into a party of three ladies accompanied by a young man. He lured against the young lady whom he afterward struck and when she remonstrated he hit her. As she is unable to appear against the sailor he will be held in the county jail pending her recovery.

FOR THREATENING TO KILL.

William Matla of Toivola Arrested on Complaint of Arvid Kemp.

Under the charge of threatening to kill Arvid Kemp, deputy sheriff at Toivola, William Matla of that place was brought to Houghton last night by Deputy Sheriff McGrath, who served a warrant issued by Justice Little of Hurontown. The arrest is the outcome of a feud of long standing. It appears that Kemp and Matla had trouble over a homestead some months ago. Some time later, in March, Kemp received a threatening anonymous letter. He did not know anyone of this until April 4 when he and Matla were both acting on the local election board. When he mentioned the letter he says that Matla declared he did not have to write letters, but would have Kemp understand that his time was short. A day or so ago one of Kemp's cows came home with a bullet in her and Kemp caused Matla's arrest in order to bring the quarrel to a head.

DETROITERS WILL ENTERTAIN.

Wholesalers and Manufacturers Invite People to a Reception.

Village President Miller of Houghton has received from the Wholesalers and Manufacturers' association of Detroit the following letter: "The Wholesalers and Manufacturers' association of Detroit, in the interest of closer business relations between the upper and lower peninsula businessmen, has chartered the magnificent new steamer Octorara, the flagship of the Anchor line, for a week's visit to the upper peninsula. Over one hundred leading businessmen of Detroit and their ladies will arrive at your city at 10 o'clock a. m. Saturday, May 28, and will leave at 3 o'clock a. m. Monday, May 30.

INTERESTING COMET PARTY.

President and Mrs. McNair Entertain at Mining College.

F. W. McNair, president of the Michigan College of Mines, and Mrs. McNair entertained a number of friends Wednesday night at a comet party. Mr. McNair was desirous of observing the phenomena attending upon the passing of the comet and he made it the occasion of a delightful social function. As the atmospheric conditions were such that observations were impossible, the guests were invited to Hubbell hall at the college and here Professor James Fisher, Jr. demonstrated with telegraph and the X-ray in an illustrated lecture. Following this a Victrola concert was given at the McNair home and later a luncheon was served.

CURES S.S.S. SKIN DISEASES

The skin is composed of two distinct layers. One is known as the epidermis, or outer skin, which has no fibres, and serves principally as a covering to the body, and a protection from outward dangers to the delicate flesh beneath. The other layer is known as the derma, or true skin, and is composed of elastic fibres, fat tissue, glands, lymphatics, nerves, etc. The thousands of tiny veins and arteries with which it is interlaced constantly supply every fibre and tissue with healthful properties from the circulation to keep the skin smooth and perfect.

This is changed, however, when the blood becomes infected with humors, acids or impurities. Instead of constantly supplying rich, nutritive properties to the skin, the circulation deposits the acid impurity with which it is contaminated, into the sensitive fibres and tissues. This causes irritation and inflammation, which splits or breaks the thin outer cuticle, while the tissues beneath ulcerate and discharge upon the surface in the form of Eczema, Salt Rheum, Tetter, etc. There is likewise a dry form of skin diseases, such as Acne, Psoriasis, etc. In these varieties, ties the humor in the blood diseases and inflames the glands, hair follicles, etc., causing them to swell and protrude to the outer surface. Pimples, rashes, eruptions and like troubles, are all dependent on imperfect blood, and no one can have a good complexion, free from humiliating blemishes, unless the skin is kept healthy by good blood.

S.S.S. cures Skin Diseases of every kind by neutralizing the acids and removing the humors from the blood. It cools the acid-heated circulation, builds it up to normal strength, multiplies its rich, nutritious corpuscles and adds to its purity in every way. Then the skin, instead of being irritated, inflamed and diseased by acid impurities or fiery humors, is nourished, soothed and softened by a cool, healthy stream of blood. S.S.S. is the greatest of all blood purifiers and there lies its ability to cure skin diseases. Book on Skin Diseases and medical advice free.

S.S.S. CURED HER. Some time ago I was troubled with a severe skin affection called Acne. Small pimples would appear on my face and neck which would not go away. My complexion was muddy and my skin became itchy. I changed to read about S.S.S. and concluded to give it a trial; the result was most satisfactory, my complexion soon becoming clear, the pimples disappearing, and my skin becoming soft and smooth. I cannot too highly recommend S.S.S. to any who are likewise afflicted.

MRS. LUCY GOODING, Pollock, La. REV. WALTER R. FRUIT ILL. Former Houghton Pastor Suffering with Rheumatism in Detroit.

Rev. Walter R. Fruit, former pastor of Grace M. E. church, Houghton, an new pastor of one of the largest Methodist churches in Detroit, writes A. K. Cox that he is ill at his home being confined to his bed with a painful attack of rheumatism. He has been unable to attend to his ministerial duties for the past three Sundays.

SOME INTERESTING CASES.

Both Civil and Criminal Calendars Furnish Human Interest.

The May term of the Houghton county circuit court, which opens next Monday morning, will bring a number of unusually interesting cases. It is fortunate that there are no murder cases to try, but there are six cases of assault with intent to achieve foul end and four of these cases carry interesting stories. Joseph Acosta is charged with shooting his wife. This happened during the past winter and the wounded woman lingered between life and death for months. The defendant claims that he shot in self defense. Alfred Felipi is charged with the same offense, shooting a woman. This happened in Hancock last winter and after doing the shooting Felipi jumped down a shaft in the Quincy mine. This case promises to bring out much interesting testimony. Peter Antila is charged with one of the most savage crimes ever perpetrated in Houghton county—deliberately robbing a woman of her eye. It is charged that Antila had a quarrel with the woman and, after declaring his purpose to do so, seized her and tore one of her eyes out. Egan Esamo is charged with an assault at Renova about a year ago, stabbing a bartender. He got away for nearly a year, and was captured only recently.

INTERESTING DAMAGE SUIT.

The civil calendar will bring out a few interesting cases also. The case of Nick Minkinen vs. J. B. Boyer is being tried at the county court. Minkinen is suing the Quincy Mining company for damages for injuries received in an accident, claiming the injuries rendered him epileptic. Minkinen is now an inmate of the county infirmary. An attempt was made to try this case at the last term of court, but when the plaintiff was sought he was found in the county jail, held there pending examination as to his sanity. The case was adjourned.

NAMING DENNY NORTON'S PLACE.

Ontonagon County Farm May Be Christened "North Lake."

D. J. Norton, the Ontonagon lumberman, is developing a magnificent farm at Ewen, and yesterday he let the contract to Nick Reis of Hurontown for the erection of a barn which will be the finest in the upper peninsula, not barring those at Boycroft farm, Henlock Hill farm or Michael Messner's place at Portage Entry. Mr. Norton intends to make the farm the superior of anything in this latitude. His friends are having a deal of fun regarding the name which the new farm is to have. Mr. Norton has as yet decided on a name, but Bill Adams, prosecuting attorney of Ontonagon county, insists that it shall be North Lake and has told so many people about it that the name probably will stick whether Mr. Norton selects it or not.

Oil is king.

More wealthy people attribute their wealth to oil than any other commodity.

Why are they wealthy?

Because they foresaw the advantages to be gained by investing their surplus money in an oil company that had a future.

Now this is your opportunity.

You have the foresight, we the oil company with a future. An investment of \$1,000 should make you independent, and be a means of supply in your older days.

We urge early action on your part because the stock in this company will advance in price shortly.

Make today the day, and buy at 40 cents.

California National Crude Oil Co. I. W. HELLMAN BLDG., LOS ANGELES, CAL. GENTLEMEN: Kindly issue me... shares of the Treasury Stock of above corporation. Enclosed find \$... in payment for same.

Mining News

ISLE ROYALE.

Isle Royale is now engaged in development work which promises to be the most important that it has ever entered upon. The Calumet & Hecla company, the owner of 27,500 shares, or 18 per cent of Isle Royale's 150,000 shares, has sold strongly to the view that upon the Baltic lode the mine has great possibilities. On the old Isle Royale vein it has never been able to return more than a few dollars for an old ore, except upon very high copper market and even then contraction, equipment and development charges have constituted a heavy drain on the company's resources. Isle Royale's most recent discovery, which has been responsible for an advance in the market value of the stock, is upon a lode heretofore unexplored upon the peninsula. It appears as if the Baltic lode and the outcome of the recent development work may result in upsetting some of the old geological theories as to the position of that vein in its extension northward from the Baltic mine to Portage lake. Isle Royale was already a shaft down 1,000 feet on what was thought to be the Baltic lode, but there are well-informed copper interests who believe that the so-called "A" shaft has not been put down in the Baltic lode at all, but that the discovery made last Monday is on the extension of the real Baltic formation. This discovery was made in a trench located very close to the middle of the southeast "forty" of Section 11, or about 100 feet to the southeast of the old line that had been laid down for the Baltic or Superior lode. The recent developments on the lands of the Houghton Copper company, adjoining Isle Royale to the southeast, lend added interest and importance to the developments this week made on the new lode in Isle Royale. Reference to the map makes it clear that Isle Royale carries several thousand feet of outcropping and it can sink on the vein to unlimited depth. The consensus of opinion among the controlling interests—the Calumet & Hecla people—is that Borealis has only about an even chance as between success and failure on the old Isle Royale lode. The openings are too good to be abandoned and not good enough on the present copper market to show a commercial profit. Nevertheless so long as copper may be extracted in quantity sufficient to more than cover the cost of new openings the developments on the lode will be continued. At present the company is a little more than breaking even on its mining operations. The younger men who are forging ahead so rapidly in the administration

HEINZE'S MINES.

F. Augustus Heinze seems to be gradually getting his properties in working order again. Last week, the Stewart mine in the Cour d'Alene district, after having been idle for two years, resumed operations. Now the Lexington at Butte is to be started up as a zinc proposition. The Lexington is located in the very heart of the zinc district, and has been idle for over two years with the exception of some work being done by leasers. The work of unwinding the mine will be commenced at once and it is believed the underground workings are in fine condition. The ore is to be taken between the 800 and the 1400-foot levels, and the present calculation is that shipments will commence about the first of next month. The mine has never been thoroughly explored for zinc at depth, although the operations carried on two years ago showed a high percentage of that ore; but the mill erected for the purpose of treating the ore created so much dust that it was closed down by injunction. The ore is now to be shipped to the Heinze concentrator at Basin, and the shipments for the time

ANACONDA.

Good progress is being made with the sinking of the new Belmont shaft, which is to be connected with all the Anaconda group of mines. The shaft will go to a depth of 2,400 feet. At present it is down a little over 1,500 feet. The work is being pushed as vigorously as possible. The new shaft of the Badger State mine, a Boston and Montana property, is now down nearly 1,800 feet, and when that depth is reached exploration work will be commenced. Great care is being taken in the building of the new vertical shaft in the Gagnon, which is now down about 700 feet. The idea is to make the shaft the best in every particular to be found in the whole country and fireless work is the first consideration. It is to go down to a depth of 2,300 feet where connections are to be made with the old workings. The old inclined shaft is to be used for air and a safety opening. In all the other mines of the Anaconda or Anaconda company, development is being carried along and the rich ore bodies referred to by President Thayer of the Anaconda company, these in the Gagnon, High Ore and Diamond mines, continue to be of the best quality. Speaking of the ore body being developed and mined on the 2,300 foot level of the Gagnon he said: "It is the best body of ore I have ever seen in Butte mines."

A touch of rheumatism, or a twinge of neuralgia, whatever the trouble is, Chamberlain's Liniment drives away the pain at once and cures the complaint quickly. First application gives relief. Sold by The People's Drug Store.

Today's weather: Showers; stationary temperature.  
Yesterday's temperatures: Seven a. m. 43 degrees; noon, 46; 7 p. m., 58. Maximum, 58 degrees; minimum, 39.

Miss Bates left for Grand Rapids yesterday.  
A. T. Roberts is on the Mesaba range, on a business mission.

There will be a social at the Baptist church this evening at 8 o'clock.

W. R. Sterling came down from the Huron Mountain club yesterday, and left last evening for Chicago.

St. Mary's Guild will meet this afternoon with the Misses Neidhart, 236 West Washington street.

The Young Woman's Guild of St. Paul's church will meet at the Guild Hall this afternoon at 2:30 o'clock.

The meeting of the Baptist Ladies' Aid society this afternoon will be held at the church. It will assemble at 3 o'clock.

Dick Fletcher, of Bay City, state labor commissioner, left yesterday for his home, after a few days visit to Marquette county.

Mrs. H. P. Stafford and daughter Eileen have returned from a visit with relatives in El Reno, Okla., and at points in Nebraska.

The Women's society of the Presbyterian church will meet this afternoon at 3 o'clock at the home of Mrs. Lytle, 328 East Ridge street.

The Women's Home Missionary society of the M. E. church will meet at 2:30 o'clock this afternoon with Mrs. Ulrich, on Hewitt avenue.

L. L. Wright, state superintendent of public instruction, was in Marquette yesterday, and visited the Northern Normal. He left in the afternoon, in company of Principal Kaye, for Houghton, where he plans to visit the College of Mines.

Lighter Capsized—A lighter Powell & Mitchell had been using in pile driving work at the Presque Isle harbor was capsized by the heavy seas off the end of the breakwater yesterday afternoon, while being towed into the lower harbor. Two large boilers and other equipment was dumped into about forty feet of water. Two men on the lighter were rescued.

Miss Celia Berrie, daughter of Mitchell Berrie, and George Wilder were united in marriage at St. Peter's cathedral Tuesday. The bridesmaid was Miss Alice Berrie, sister of the bride, and the best man was Napoleon Berrie. Following the ceremony there was a reception at the home of the bride's father and in the evening the bridal party entertained at a dance.

A Badly Needed Improvement—Street Commissioner Biedinger has had a force of men and teams busy the past few days grading up Lake street for about 100 feet north of the South Shore freight depot. The street is very low at that point, and after heavy rains a pool of water several inches deep has lain there for days. Lake street south to the city limits is in bad condition. It is particularly bad below the Carp tunnel, where the road has been going to pieces rapidly the past few years.

May Leave Tomorrow—G. A. Johnson, the sanitary engineer, of Hering & Fuller, may leave Marquette tomorrow. He has mapped out work that will be done after he has left the city, under the direction of superintendent Kern, to give him additional data. He will have completed all the work he can do here at this time by tomorrow, he believes. It is the expectation that he will be able to submit a preliminary report to the water board sometime next week, in advance of the election on Decoration Day.

Large Billboard—One of the largest billboards to be found in the upper peninsula has been erected on the O'Meara lot, on Washington street. The board extends the full width of the lot, about twenty-five feet back from the sidewalk, and also extends back from the sidewalk on the wall of the Hager block. The board on the opera house block will be dropped to conform in height with the new board. In all there are many hundred square feet of display space. It will be used for theatrical and commercial advertising. The board will be controlled by the opera house management.

A DANGEROUS MISTAKE.  
Marquette Mothers Should Not Neglect Kidney Weakness in Children.

Most children have weak kidneys. The earliest warning is bed-wetting. Later comes headache, headache, languor.

To blame the child for its own distress.  
Seek to cure the kidney—  
Save the child from deadly kidney ills.  
Doan's Kidney Pills cure sick kidneys.

Thousands of parents recommend them.  
Read this testimony.  
Mrs. Geo. Charlotte, 1308 Holmes Ave., Menominee, Mich., says: "I can recommend Doan's Kidney Pills very highly. My son, nine years old, suffered from a kidney weakness for a long time. He had no control over the passages of the kidney secretions, especially at night. He also complained of backache and pains across his loins. Physicians were consulted and I tried many remedies but nothing relieved him. Seeing Doan's Kidney Pills advertised, I finally procured a box and gave them to him. In a short time his kidneys were strengthened, the backaches disappeared and he felt a great deal better. I am very thankful to Doan's Kidney Pills for what they have done for my son." (Statement given Jan. 1905.)

On Oct. 9, 1908, Mrs. Charlotte added to the above statement: "The testimonial I gave four years ago publicly recommending Doan's Kidney Pills was correct. I still think there is no remedy like them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.  
Remember the name—Doan's—and take no other.

When you want clean milk from clean cows, produced in clean barns, well lighted and ventilated, from tuberculin tested cattle, call up the Marquette City Dairy, Marquette's ideal. Bell phone No. 223. (5-2-1m)

**BOYS' SECRET SOCIETY.**  
Grand Conclave of Knights of King Arthur to be Held Here June 20.

A provincial grand conclave of the Knights of King Arthur, a boys' secret order, will be held in this city on June 20th, in the Morgan Memorial Chapel, under the auspices of the local organization. The province which is to assemble its representatives at this time embraces all the King Arthur castles in the upper peninsula, of which there are now fourteen. It is expected that all the castles in the province will send delegates, and several officers from national headquarters have promised to be present, among whom are the founder and mage merlin of the order, Dr. Wm. H. Forbush, and the royal grand ambassador, H. B. Ziegler, Duke of Carleton. The program will consist of several meetings in the afternoon, at which the business of the grand conclave will be transacted, a banquet at 6 p. m. and an open conclave and drill at 8:30 p. m., to which friends and relatives of the members will be invited. An address will be made at the opening conclave by the mage merlin, Dr. Forbush, and the evening's entertainment will close with an informal reception.

The Knights of King Arthur was founded in Detroit eighteen years ago by Dr. Forbush for the boys of his parish. The order has since grown to be the largest society exclusively for boys in the world. There are at the present time something over two thousand castles in churches, Y. M. C. A.s, schools, etc., in England, Canada and the United States, and there is a total membership of more than 50,000 boys and young men, ranging in age from twelve to twenty years.

The local castle was instituted a little over a year ago, in connection with St. Paul's Episcopal church, the Rev. B. G. Hart being merlin in charge. Castle Marquette, as the local branch is called, has a membership of forty, and is still growing.

**INSURE WITH PETER WHITE & CO.**  
500 CANAL PASSAGES.

List of Boats That Have Passed the Locks, Bound for Superior Ports.

Sault Ste. Marie, Mich., May 19.—The following boats have passed through the locks, bound for ports on Lake Superior: William Mather, 11 p. m.; Fairbairn, Bryn Mawr, Leonard Hanna, Maricopa, Holley, 2 a. m.; Paris, Buffalo, 2:30; Brower, Phipps, 3:30; Adams, 4; Miller (small), 4:30; Wolf (steel), 5; Kongas, 5:30; Walker, Pow, 6; J. E. Upson, 7; Old, 8; Ball, Bros., 9; McGregor, Allegheny, Boland, 10; Alberta, 10:30; Carnegie, 11; Manuola, Manola, noon; Nemona, 1:30 p. m.; Leonard, 2; Harmonic, Van Hise, 3; Harvard, 3:30; Crete, 4; Kennedy, Kerr (large), 5; Joshua Rhodes, Norwalk, 7:30; Halden, Ontario, 8:20; Saxona, Sinaloa, 9.

**Marquette Port List.**  
L. S. & I. dock: Arrived—Mather, P. P. Miller. Cleared—John Owen, Cleveland.

Coal docks: Arrived—Chattanooga. Unloading—Centurion.

The large 133 is loaded at the South Shore docks and is awaiting her steamer. She is consigned for Tonawanda.

**Upper Peninsula**

Boy Catches a Prize Fish—Oliver, thirteen-year-old son of Eugene Paquette of L'Anse has been fortunate enough to land a rainbow trout weighing five pounds and thirteen ounces. The catch was made at Fall River. The trout measured twenty-six inches in length.

Banner Haul of Herring—The Sault Ste. Marie market was flooded with Soo Rapids herring the other day as the result of the work of two local fishermen, Frank Brown, Jr., and Alex Cadrean captured between eleven and twelve hundred herring with their dip nets from a canoe in the rapids, within a few hours. This is the largest catch reported for the same length of time for many years.

New City Attorney—V. J. Hixson succeeds James C. Wood as city attorney of Marquette. The latter was first appointed, but before the council voted on the matter of confirmation Mr. Wood addressed the aldermen, stating that he would not accept the honor for another term, and Mr. Hixson's appointment and confirmation quickly followed.

City Makes Prisoners Work—William Swanson pleaded guilty to a disorderly charge before Judge O. V. Linden Escanaba in the belief that he would secure a week's rest at the city jail. Instead, within an hour he was set at shoveling sand for the street commissioner, and the next day three other jail prisoners took up a shovel to earn their board. No work, no grub, is the rule to be adopted by the city with reference to its prisoners.

City to License Dogs—An ordinance to license dogs and provide for the killing of unlicensed canines had its first reading at the recent meeting of the Ironwood common council. The ordinance will be passed at the first meeting in June, and become operative before the 1st of July. It is generally conceded that there are a thousand or two worthless dogs in the city that the owners will get rid of sooner than pay a license fee.

Will Visit Old Home Abroad—Rev. Father Girard, pastor of the Catholic church at Grand Marais, will sail from New York June 1st for his native home in France. While abroad he will take occasion to visit Rome and other points of interest. Father Girard left France twenty-five years ago and for the past twenty-three years has been a faithful and ardent worker in the priesthood of the diocese of Marquette. This is his first respite from duty in a score of years and it is well earned. Father Girard will be accompanied on the trip by Rev. Father Bordas of L'Anse, a friend of long standing and who like himself has been a member of the priesthood of the diocese for over twenty years. Father Girard expects to return about August 15.

John D. Rockefeller would go broke if he should spend his entire income trying to prepare a better medicine than Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhoea, dysentery or bowel complaints. It is simply impossible, and so says every one that has used it. Sold by The People's Drug Store.

Aeronaut Honeywell Sails from St. Louis, Bound for New England.

St. Louis, May 19.—Captain H. E. Honeywell left here early tonight in the balloon Centennial in a flight for the Lahn cup. W. F. Assmann of St. Louis accompanied him. The aeronauts started northeast. Captain Honeywell hopes to land in New England.

Greenfield, Ills., May 19.—The balloon Centennial passed here at 7:20 tonight. It then went northwest at a height of 1,000 feet.

**DENVER "WETS" TRIUMPHANT.**

They Carry the City by a Majority Exceeding Fifteen Thousand.

Denver, Colo., May 19.—Although the official count of Tuesday's election has still not been completed, all parties practically admit that the initiative and referendum and recall amendments to the city charter have been adopted, as well as the proposition for a water commission. The latter provides for a commission of three to decide the question of municipal ownership of Denver's water plant.

The Democrats will have control of the board of aldermen with eleven of the sixteen members. The election commission will include a woman, Miss Elizabeth Meredith, a well known author and newspaper writer, who was a candidate on the Citizens' ticket. It is estimated that the majority of the wets in their fight against the anti-saloon movement will exceed 15,000.

**WALL STREET STOCKS.**

New York, May 19.—Paine, Webber & Co. say of today's stock market: "The market today was very dull but steady at the opening, and then some little bidding carried prices up a little. All day the dullness continued, but the undertone was good and there was strength particularly in Canadian Pacific. Prices held well until the close, and there was no news of importance. We look for a very quiet market for the rest of the week."

Closing prices were as follows:

**Boston Quotations.**

Boston, May 19.—Today's stock market at Boston is summarized by Paine, Webber & Co. as follows: "Owing to the lack of news and the approaching half holiday, even the professional traders were unwilling to take any position in the market today. Transactions in all classes of stocks were few and far between, and there were no fluctuations to create speculative interest. We look for continued dullness, and would only buy on sharp breaks."

The closing prices were:

Adv.	6 1/2	Beagle	15 1/2

**YESTERDAY'S GAMES.**

**National League.**

Chicago May 19.—Chicago defeated Brooklyn.

Score: Chicago 00002000—4 7 2  
Brooklyn 001000100—2 7 3  
Batteries—Overall and Archer; Bell and Erwin.

St. Louis May 19.—Lash pitched good ball throughout the game.

Score: St. Louis 31000410—9 9 1  
Philadelphia 000000001—1 7 1  
Batteries—Lash and Phelps; Moore, Shettler, Brennan and Moran.

Cincinnati, May 19.—Marquard and

optimistic feeling engendered regarding the crop outlook. However, it is recognized that weather must be exceptionally good for a long period to overcome the damage and delay the crop has experienced by the unfavorable weather since the planting season opened. We still advise the purchase of December.

**STOCK MARKET IS NEGLECTED.**

Offerings Are Scanty and the Buying Demand Is Very Small.

New York, May 19.—The professional element in the stock market defined it as "sold out" today, meaning that practically no stocks were offered for sale. The buying was meager to the point of stagnation, but bids had to be advanced, nevertheless, to secure stocks. The dealings fell to a lower level even more than yesterday, reducing the record for dullness since July, 1908, correspondingly, but the facility with which the price rose changed the aspect of sluggishness and stagnation. What was rather remarkable was that the trading element took small advantage of this movement to make trades. The neglect was partly due to the fact that the stock exchange will open tomorrow not until noon, and the London exchange not at all. The day's dealings were confined to a few stocks and some special causes were assigned for the stretch shown by these. Reading and Canadian Pacific were the leaders.

**Copper Metal Prices.**

New York, May 19.—Copper on the New York Metal exchange was weak today, with spot quoted at 12.25@12.30, the May at 12.25@12.40 and the June, July and August at 12.12 1/2@12.25. The London market was higher, with spot closing at 456, 7s, 6d and futures at 457, 8s. The arrivals reported at New York today were 2,273 tons; the custom house returns show the exports so far this month at 10,643 tons. New York dealers report a quiet market for spot copper, with lake quoted at 12.75@13, electrolytic at 12.62 1/2@12.75 and casting at 12.37 1/2@12.50.

**CHICAGO GRAIN MARKETS.**

Chicago, May 19.—Wheat today closed steady, with the September 1/8 higher, the July unchanged and the May 3/8 lower. At the opening of the market the September sold down to 81 1/2 bushel. The weather and crop conditions, except in Illinois, were reported as ideal. The rains, it was said, had caused a remarkable improvement. The longs protected the market with unhesitating stoutness and their action seemed to be based on the idea that the heavy deliveries in progress here would have a tendency to demoralize the trade. Besides, the foreign markets were reported to be very weak, and there was information that the drought in Australia had been broken. Late in the day the news of the purchase of ten thousand barrels of flour at Milwaukee helped put the bears to rout. Shorts covered freely and commission houses were excellent buyers. The September opened at 100 to 100 1/2, highest, 100 1/2; lowest, 100; closed, 100 1/2.

Corn—The market sold off on the combined pressure of fine weather and expected large receipts. It closed unchanged to 1/2 lower. The September opened at 61 1/2 to 62 1/2, highest, 62 1/2@62 1/2; lowest, 61 1/2; closed, 62.

Oats—This market also was lower. The weather was said to be fine for the growing crops. The offerings from the interior were plentiful. The close was unchanged to 1/2 lower. The September opened at 38 1/2@38 1/2, highest, 38 1/2@38 1/2; lowest, 38 1/2; closed, 38 1/2@38 1/2.

**STRAY WOLF SCARES POLICE.**

French Officer Faints When He Sees Escaped Menagerie Beast.

Paris, May 19.—The cry of "wolf" was not raised for nothing in one of the most populous districts of Paris the other night, for a she wolf had actually got loose from a menagerie and was taking the air of the streets. But it was a good wolf, after all, this native of Siberia, and had no intention of doing any harm. It felt a bit lost among the crowd, and taking an elderly lady sitting on a bench for the least dangerous person, it looked at her with his gray eyes appealingly, and stretched forth its pointed ears. The lady got frightened and screamed, and then the wolf got frightened, too, not knowing what wrong it had done. It darted away down a side street, followed by a yelling crowd, and finally reached a more deserted quarter, where it wandered about innocently for a long time, an object of suspicion to the dogs round, until discovered by some policemen in a private passage. They hurriedly closed the gate and notified the proprietor of the menagerie, who came and took away his wolf, which was as docile as a lamb. The policeman who first discovered the wolf fainted.

**WOMAN'S SUFFRAGE INDORSED.**

Chicago, May 19.—After denying the women delegates the right to have a woman chairman of the meeting, the socialist congress today adopted a resolution incorporating woman's suffrage as part of the platform of the socialism. The rest of the session was devoted to the report of the farm committee. The question was recommitted for the next national congress. Robert Hunter, of New York, headed the congress for not having accomplished anything.

**DEMOCRATS' OLDEST MEMBERS.**

Two in the House Near the End of a Twenty Years Service.

Washington, May 19.—The oldest Democrats in the house in point of service are Representatives W. A. Jones of West Virginia and Leonidas F. Livingston of Georgia. Each began to serve in the house at the opening of the Fifty-second congress, March 4, 1911, each will have finished twenty years of service.

The only Republicans who have served longer than these two Democrats are Cannon of Illinois, Bingham of Pennsylvania, Payne of New York and Dalzell of Pennsylvania. Hull of Iowa has served the same length of time as Jones and Livingston. "Uncle Joe" Cannon has served eighteen terms, but not continuously. General Bingham has served sixteen continuous terms. Payne has served

thirteen terms, not continuous, and Dalzell twelve, continuous.

**STITCHES ARTERY; MAN LIVES.**

Frankfort, May 19.—Professor Sonnenberg, an eminent surgeon, reports a remarkable operation in which he succeeded in stitching together the main artery of a mechanic's thigh after it had been practically torn in two by a splinter of steel. Within three days blood was coursing through the artery in normal fashion, and the artisan has returned to his work with a fully healed leg.

Chamberlain's Stomach and Liver Tablets will clear the sour stomach, sweeten the breath and create a healthy appetite. They promote the flow of gastric juice, thereby inducing good digestion. Sold by The People's Drug Store.

## Ishpeming Department

(Additional Ishpeming on Page Two.)

### SALVATION ARMY MEETING TONIGHT

OFFICER SECOND IN COMMAND OF THE WORK IN THE UNITED STATES TO VISIT ISHPEMING.

Thomas Estill and other prominent officers of the Salvation Army, who are to visit Ishpeming, Calumet and Ironwood, will be given a hearty welcome here today. Mr. Estill is the commissioner in charge of the western states. He is the officer second in command in the army work in the United States. His coming to the city is looked forward to with much interest by the members of the Ishpeming corps. Mr. Estill has been two years in his present command, having come from Australia.

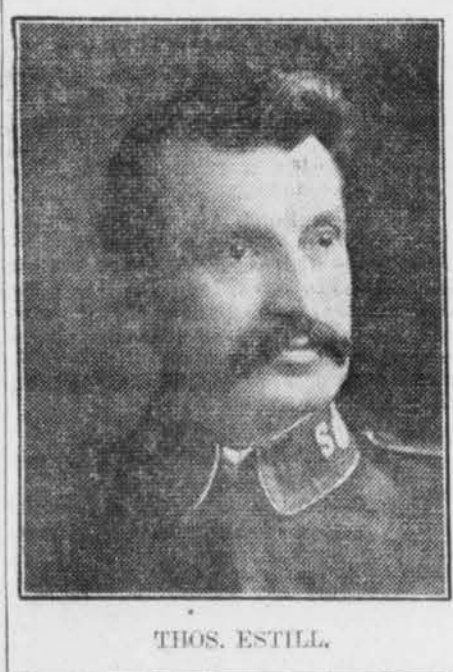

Colonel Stephen Marshall, who will accompany Commissioner Estill, is in command of the northern province, which

includes Minnesota, North and South Dakota, Wisconsin and Northern Michigan. He has held his present office since last October, having been transferred from Chicago. Colonel Marshall visited Ishpeming last fall and addressed an audience that filled the barracks. He is known in Salvation Army circles as "The Man of Thunder."

Major P. Morton, the general divisional officer, who has visited Ishpeming a number of times, will accompany Messrs. Estill and Marshall.

The officers will arrive in Ishpeming on the Chicago, Milwaukee & St. Paul train at 10:10 a. m. Immediately upon

their arrival they will be taken on a sight seeing trip of the city by W. H. Johnston. During the afternoon they will inspect the property of the army, also look over the officers' books.

At 7 o'clock in the evening there will be an informal reception for the officers in the hall, and at 7:30 there will be a public meeting. The speakers will be introduced by Mayor McCormick. The commissioner will be entertained at the home of John Strongman on Cleveland avenue.

The army hall has been specially decorated for the occasion. A number of

extra electric lights, have been put in. The decorations were planned and arranged by Captain G. H. Gough, in command of the corps. In a semi-circle over the front of the platform flags of various nations are strung, with Salvation Army flags hanging in the center. The public is invited to the meeting.

**SILICA PLANT WORKING.**  
Milwaukee Mill of Michigan Company Now in Operation.

The annual meeting of the Michigan Quartz Silica company, owners of the Michigan, Peninsula and other gold properties northwest of Ishpeming, will be held in Milwaukee, instead of Ishpeming, this year. The charter was amended to cover this change because there are a large number of stockholders in that city and also because the silica mill plant is located there. The meeting is to be held at the Plankinton House on June 6th, and it is expected that several of the Marquette county stockholders, including Edward Kopp, president; Joseph Gingras, secretary, and William Moon, treasurer, will attend.

The Milwaukee plant, which was acquired some months ago, has been operated on trial runs during the past few weeks and it is reported as working most satisfactorily. The plant is equipped with a 500-horse power engine and a large output can be secured. The greater part of the quartz being treated was shipped from the properties here but quartz from another property in the south is also being run through the mill.

The gold and silica mills at the Michigan mine are at present inactive, but it is expected that they will again go into commission soon. The management plans on treating most of the Michigan quartz at the mine plant. Only the lean material will be shipped to Milwaukee, as the plant there is not equipped with a gold mill, and it is feared that there would perhaps be a considerable loss if the Michigan quartz was sent down for treatment. The Peninsula quartz also contains a fair percentage of gold. The Milwaukee plant is equipped to turn out different grades of silica to be used for various purposes, and the management is well pleased with the test runs. By shipping the quartz direct from the mines to the Milwaukee plant there will be a saving of over fifty cents per ton in the freight charge. The rate for the finished product is higher than that for the quartz, so that it will be to the advantage of the company to treat as much of the quartz as possible in Milwaukee.

The company is now well financed, as a considerable quantity of the treasury stock has been sold since the last annual meeting. Carl F. Kreh, a well known sales manager of Milwaukee, is getting the mill plant in operation, also in securing contracts for the sale of the product.

**MEMORIAL MEETING.**  
Four Lodges of the County Will Hold Services in Honor of Late King.

The four lodges of the Sons of St. George in this county will hold memorial services for the late King Edward of England at an early date. It is possible that the services will be held a week from next Sunday afternoon. There are in the neighborhood of 800 members of the society in this county, nearly 500 of these being in Ishpeming. Committees have been appointed from the different lodges to complete the arrangements. The principal feature of the program will be an address. The Sons of St. George lodges in the copper country also propose to hold memorial services.

Trelawney lodge, of this city, is preparing to hold a meeting the evening of Memorial Day, in the Anderson hall. The members of all of the other lodges in the county have been invited. A musical and literary program will be given, and at its conclusion a banquet will be served.

**CELEBRATION MEETING.**  
Business Men and Others Asked to Assemble at City Hall Tuesday Night.

A public meeting will be held in the council chamber Tuesday evening at 8 o'clock, to consider the advisability of celebrating the Fourth. Mayor McCormick has been asked to call the meeting to get an expression from the business men. Many have expressed themselves favorable to the plan. The mayor extends an invitation to all interested to attend the meeting.

First-class piano tuning done by M. J. Olson. County phone, No. 520. 400 East Ridge street. (1-12-11)

**KILLED ON CROSSING.**  
Charles Stevens, of this city, who met death at Duluth Wednesday, was killed by the Omaha passenger train on the Fifth avenue crossing in that city. He was crossing the track and apparently did not see the train approaching. The body was identified by J. L. Crawford, an acquaintance of Mr. Stevens, who lives in Duluth. As soon as identification was established, the family of the deceased was notified. Garnet Stevens, his son, is expected to arrive this morning with the remains.

### DETROIT PARTY COMING MAY 27

CHANGE IN SCHEDULE WILL BRING IT HERE DAY EARLIER THAN WAS FIRST PLANNED.

### ARRANGEMENT FOR RECEPTION

They Will Be Hospitably Looked After While They Are in Marquette—Committee Appointed to Help in Their Entertainment.

A letter was received yesterday from Paul Leake, secretary of the Detroit Wholesalers & Manufacturers' association, which indicates that the schedule heretofore announced for the forthcoming trip to the Lake Superior ports has undergone some revision.

Plans are underway for giving the visitors a cordial reception in Marquette. They are dependent to a certain extent on the arrangements desired by them.

The directors of the Commercial club met yesterday afternoon to consider arrangements for the entertainment of the Detroit party, and when it was decided to accept the plans for the trip to the Lake Superior ports.

M. W. Jopling, president of the Commercial club, Mayor Vaughan and the aldermen of the city, E. S. Bice, A. M. Roberts, F. W. Johnson, H. C. Davis, C. E. Brainerd, S. R. Kaufman, J. E. Sherman, J. M. Longyear, A. E. Miller, N. M. Kaufman, L. G. Kaufman, F. S. Case, M. J. Sherwood, James Russell, E. O. Stafford, A. E. Archambault, F. H. Besse, E. W. MacPherson, M. E. Asire, A. H. Meyers, John D. Mangum, J. E. Bell, J. A. Malhot, T. F. Ball, Louis Grabower, Ransom Manhard, A. F. Koepeke, E. W. Allen, George Tucker, Dr. W. H. Van Hest, F. G. Jenks, Joseph Fay, A. E. Bowler, J. C. Gann, C. E. Lytle, H. A. St. John, H. B. Harris, C. A. Hager, F. W. Hathway, F. J. Schultheis, P. B. Spear, Charles Schaefer, Sam Rose, S. S. Ormsbee, L. W. Atkins, J. H. LaRoche, Fred Murray, P. W. Phelps, Austin Farrell, J. F. Neill, Hart, H. H. Williams, D. W. Powell, John Robertson, E. J. Sink, Amos Saladin, W. H. Schweitzer, A. H. Palmer, P. G. Temple, Fred Werner, Fred Bureau, J. H. Lewis and Dan Sullivan.

Concerning the objects of the trip of the Detroit Wholesalers & Manufacturers' association, the Detroit Journal has the following article:

Business principles and a due admixture of sentiment are relied on by the energetic wholesalers and manufacturers of Detroit to win for them the large share of the trade of the upper peninsula, which has, it is realized, been too long left in the open for all the business powers from every section of the country.

Every large trading center is after that upper peninsula business, especially in the later years of general as well as mining development. New York and Baltimore from the east are working for it, Chicago, of course, hustles for it, Milwaukee puts up a stiff fight, and from the northwest St. Paul and Minneapolis vie for the northern Michigan favors.

But what Detroit counts on, trade conditions being equal, is the sentiment of state pride, of all from the Ohio and Indiana state lines to the Royal's farthest point; all those in this territory are Michigan men, under the same government and laws, commonly interested in legislation, in the waterways, in state railroads, in systems of taxation, in courts and all that pertains to a state.

It is sometimes said that there is no sentiment in business, but the wholesalers and manufacturers believe that there is, provided the business side is kept in sight, and it is further believed that the practical foundation has been laid on which a reasonable sentiment may be based.

For more than two years the wholesalers and manufacturers have been working on the practical lines that now enable them to talk vigorously to the upper peninsula buyers. The transportation question has been solved. By all-rail and by rail-and-water routes the upper peninsula has been brought as near to Detroit as to any other trading center, and nearer than some others that formerly had the advantage over Detroit. Trading and price conditions of all kinds have been studied out.

Manufacturers of Detroit will go forth on May 25 to demonstrate that the Mackinac straits do not separate, but instead they more firmly link together the two peninsulas of the greatest of the water states. They go on a mission of Michigan brotherhood, to urge that Michigan people should give the Michigan metropolis the preference in trade and social visiting over the metropolitan cities of other states.

There are no particular figures and statistics about the trip. The upper peninsula trade is still something of an unknown quantity to those farther south, but of growing importance and huge future dimensions it is simply felt that now is the time to get after it, to the benefit of every manufacturing and jobbing line in Detroit, and for the cementing of a broader, firmer interest in everything that pertains to the state of Michigan and its development.

Baseball Management Will Sell Ground Privileges. The Marquette baseball management has been approached by a number of persons who are seeking the privilege of selling cigars, peanuts, popcorn, candy and soft drinks at the grounds, in order to make a satisfactory disposal of the matter it has been decided to give the privileges to the highest bidder. Bids are asked for at once.

Announcement is made that hereafter there will be no charge for the admission of ladies to the grand stand.

For the game with Ishpeming Sunday cards showing that the persons displaying them have paid admission to the grounds will again be issued. They may be attached over a button or displayed in a hat band. The management asks the cooperation of the fans in securing all the money that should come in at the gate. They can give it by using these cards. The grounds will be well patrolled again this week.

It is expected that Scholastic will pitch tomorrow's game against Ishpeming, and that Frost will be in the box for Marquette Sunday. Richardson will catch both games.

Sunday's game will be largely attended. The management looks forward to one of the largest crowds that has ever assembled on the grounds to see a baseball game.

SILVA'S CANVASES TO BE SHOWN NEXT WEEK

MARQUETTE ART LEAGUE PLANNING ITS SECOND EXHIBITION—MARQUETTE PUBLIC TO BE HIGHLY FAVORED.

The Marquette Art league is again preparing for an exhibition of paintings to be held next week at the Guild Hall. The officers of the league feel particularly fortunate in being able to secure some of the pictures of William P. Silva, an American who has interested the art world for the past few years.

Mr. Silva is a southerner. The first twenty years of his life were spent in Savannah. From there he went to Chattanooga, where he became a successful business man. But so strong was his artistic instinct that, in the midst of a busy life, he found time to work in his studio. His study was entirely from nature and books, until the summer of 1906, when he went to Ipswich as a pupil of Arthur W. Dow.

Following the Crossman case, the case of Lydia A. Beagton vs. Frank Platto was called. It is a suit for damages for injuries received by the plaintiff, a child, in an accident in which she was run down by a horse driven by the defendant at Ishpeming, in 1908.

NOTICE OF C. P. A. EXAMINATION. An examination for Certified Public Accountant certificate will be held by the State Board of Accountancy at Detroit, Michigan, on the 24th and 25th of June, 1910, in the Detroit Business University.

House cleaning time is at hand. Get your orders in early for the Vacuum Wagon or Electric sweeper. Call J. H. Sanders, Bell 'Phone 650. (3-23-14)

Old Velvet Whisky—Call for it—pure and mild. The F. Bending Co., Distributors. (5-5-11)

### NEW PROBATION LAW RESORTED TO

JAMES CUMMINGS, FORMER TELEPHONE MANAGER, GIVEN LIBERTY UNDER CONDITION.

### MUST REPORT TO COURT

Angus Crossman Convicted of Violation of Liquor Law by Jury Yesterday—At First Some Jurymen Favored Acquittal.

Judge Flannigan, for the first time in this county, yesterday applied the provision of Act No. 124, public act of 1909, providing for the release of prisoners under probation, when he gave freedom to James Cummings, who had pleaded guilty to embezzlement of \$250 from the Marquette County Telephone company, on probation, under charge of Albert C. Ludington, general superintendent of the company.

Cummings was recently brought back from Green Bay to Marquette by the American Bonding company, in which he was bonded for a proper discharge of his trust with the telephone company. The latter did not push the case against him. In fact it is said that Cummings was in correspondence with the telephone company for a settlement of the shortage when he was arrested.

By the terms of the act Cummings will have to report to the court at the beginning of each term during his period of probation and at such other times as the court may require.

Confirmation Suits. Every mother wants her boy to be correctly dressed for confirmation. We have made splendid preparation to dress your boy correctly in XTRAGOOD clothes that are roomy and comfortable.
