

DAILY MINING JOURNAL
A MORNING PAPER PUBLISHED BY
THE MINING JOURNAL CO. (LIMITED.)

Issued daily except on Sundays. Contains
Associated Press dispatches and is espe-
cially devoted to the Upper Peninsula in-
terests.

SUBSCRIPTION RATES:
Per month, by carrier.....\$3.00
Per year, by mail.....\$30.00
MARQUETTE, MICH., MAY 21.

Entered as mail matter of the second
class in the postoffice at Marquette, Mich.

Denver went "wet" by 15,000 votes.
That ought to leave no doubt about what
Denver wants.

There was no team in the league bet-
ter qualified to break the Phillies' win-
ning streak than our own Detroit Tigers.

The best thing we have heard about
the Ballinger-Pinchot investigation is
the news that its conclusion is now in
sight.

There are the usual contradictions we
expect in expert testimony in what our
astronomers have to offer concerning the
tail of the comet.

The Democrats in the senate want no
truck with the "Aldrich Republicans." They
don't want that thrown against them
in the fall campaigns.

The federal income tax resolution has
been killed both in the Massachusetts
assembly and senate. It should now be
sufficiently dead in the Bay state.

The Ohio insurgents are reported to be
disappointed with the result of the pri-
maries this week. And, to be sure, they
didn't cut a very important figure in
them.

Representative Longworth stands for
President Taft's kind of a tariff commis-
sion, and Representative Longworth
hasn't had a letter from father-in-law,
either.

We note that the nasty shows recently
suppressed in New York and Chicago
were charged to the account of those
redoubtable theatrical magnates, Klaw
& Erlanger.

Speaker Cannon says that congress
will not adjourn until July 15. Surely
Speaker Cannon ought to be able to do
better than that for his friends who
have contests on their hands.

Vice President Sherman is still of the
opinion that the Aldrich-Payne law car-
ries too large a measure of downward
revision. He elaborated this theory in
detail at the meeting he, along with Sen-
ator Burrows, addressed at Kalamazoo
this week.

Battle Creek's mayor, John W. Bailey,
rises to remark that notwithstanding
what friends are saying about his
political future he is not a candidate for
a Democratic nomination for governor,
or for congress, or even for circuit judge.
The Detroit News. He explains that he
has his hands full attending to his
business and that he consented to be
elected mayor only because he was
tired of living in a misgoverned city.

In a debate in the New York senate
Senator Hinman invoked the name of
Roosevelt in his argument for a direct
nomination bill. "Theodore Roosevelt
stands and always has stood on this
proposition—that the plain people under-
stand their business and always will,"
he said. "He stands on the same plat-
form that Abraham Lincoln stood on,
and I am going to tell you right here
and now that when Theodore Roosevelt
gets back home and looks over the rec-
ord he will not be long discovering that
things political in New York state can't
possibly be made much worse than they
are. But I take it they can be made
somewhat better. And he is the man
who is going to help bring that about."

The story that Chief Justice Fuller
will retire is an old acquaintance. It is,
however, repeated now with more as-
surance than ever before, and, while the
chief justice will not discuss it, the be-
lief is well founded that he will sever his
connection with the court when the
pending important cases have been dis-
posed of. He will be seventy-eight years
old next February. Even in the event
that he has definitely decided to lay
down his work, his resignation cannot
well come until nearly a year has passed,
for the Standard Oil and Tobacco trust
cases, which he wants to see out of the
way before he closes his career on the
supreme bench, cannot be disposed of
before October and it may be even later
before the decisions are handed down.

A number of strong members of the
legislature have announced that they
will not be candidates for re-nomination.
Some of them frankly state that the
reason actuating them is inability long-
er to continue to sacrifice their personal
interests to serve their districts. They
like the legislative work, but cannot af-
ford to pursue it at the expense of

drawing on their income from other
sources and neglecting their business in-
terests. The pay allowed legislators is
totally inadequate to recompense the
class of men we should send to the legis-
lature. Every session means a net loss
for the men who live at Lansing in the
manner the dignity of their office re-
quires. We will get better legislators
and thus better legislatures when we of-
fer salaries for the legislative office more
in keeping with its importance.

The parade that was planned to be
one of the most spectacular features of
Mr. Roosevelt's homecoming reception in
New York has been abandoned because
so many applications had been received
from fraternal societies and other or-
ganizations for places in the line of
march that it would be impracticable to
hold it, and it would have provoked
hard feeling to pick and choose between
the organizations wanting to parade, as
would have had to have been done if
the line of march was to have been re-
duced to practicable size. "Up to date," said
Arthur E. Crosby, secretary of the
committee, "the applications received
would have meant a line of marchers
several miles in length that would have
taken at least twenty-four hours to
pass a given point. So the parade will
be cut down to Mr. Roosevelt himself, in
carriage, the committee, in more car-
riages, the Rough Riders, mounted bands
and mounted police. Evidently New
York is mighty glad that Mr. Roosevelt
is coming home.

As an example of newspaper hysteria
carried to its extreme limit, the follow-
ing paragraphs from the Chicago Inter-
Ocean, Senator Lorimer's organ, are
worth reprinting:

Above all things let us be fair
and just. Wayman is a liar. Let us
wait for the official proceedings.
Any one who confesses that he was
paid for a vote for William Lorimer is
a liar. Let us hear the evidence.
We know in advance that it was
manufactured by liars. Link said
he was given \$1,000 by Lee O'Neil
Brown in St. Louis. Link is a liar.
Link said no one "in Sangamon
county" offered or promised him
money. Link is one of nature's no-
bodies.

Let us be fair. "The Tribune" is
the world's greatest liar. Let us be
just. Mr. Wayman prostitutes his
office. Let us be calm. Hounds
blackguards, men of no conscience and
no honor, forgers of confessions, per-
jurers, scoundrels. That is where they
belong, that is where they be-
long. We shall know, we shall know.
We know already, we know already.
Hounds of hell. Let us be just. Let
us fear not. Let us be fair. Let us
await the official proceedings.

FEDERAL PAROLE.
If the tendency toward the extension
of the indeterminate sentence were less
advanced than it is, many states might
with reason look askance upon the pro-
posed federal parole law. For this law,
if it should work as well as is hoped,
would probably have a great influence
upon state laws. It would reduce by two-
thirds the terms of all federal prisoners
who obtain a record of good conduct and
who in the opinion of the boards of parole
should be given conditional liberty.

But the tendency toward the extension
of remedial treatment of criminals is
doubtless so well established that this
step can be taken without the risk of
much objection. For the present at least
it will be regarded as progressive—in
accord with the policy of "rehabilita-
tion." Any suggestion that it may be
almost too automatic, even arbitrary, is
not likely to obtain very serious consid-
eration just now, for the pendulum is
swinging all in one direction. Under
other circumstances a proposal to fix a
definite limit of years after which the
well-conducted criminal may be said to
have a certain right to his freedom
might be regarded as something almost
the opposite of the indeterminate—the
absolutely discretionary—sentence
principle. But at the present time the
two things are likely to be regarded as one.

Whether they will prove to be one—
should the federal parole bill become
law—will, of course, depend in the main
upon the boards of parole. Unless they
make their discretion a really live and
vigorous thing, unless they have the resolu-
tion to discriminate carefully between
cases so as to refuse parole where it
should be refused, and to suspend dis-
cretion where there is any doubt in their
minds, the parole law will easily become
a scandal. It is to be expected, however,
that they will be fully alive to their
responsibilities, for it is surely a mo-
mentous thing to accord to them the
broad general privilege of reducing crim-
inal sentences by two-thirds. If they are
given this privilege their actions should
be followed jealously and with the most
critical scrutiny. Such a law, until it
has proved its value, must be regarded
as a very doubtful, even questionable,
experiment.

AN IDEAL HUSBAND
Is patient, even with a nagging wife,
for he knows she needs help. She may
be so nervous and rundown in health
that trifles annoy her. If she is melan-
choly, excitable, troubled with loss of
appetite, headache, sleeplessness, consti-
pation or fainting and dizzy spells, she
needs Electric Bitters, the most won-
derful remedy for ailing women. Thou-
sands of sufferers from female troubles,
nervous troubles, headache and weak-
kneys have used them and become
healthy and happy. Try them. Only
50c. Satisfaction guaranteed by The
Stafford Drug Co.

FOR MORE THAN THREE DECADES
Foley's Honey and Tar has been a house-
hold favorite for all ailments of the
throat, chest and lungs. For infants and
children it is best and safest as it con-
tains no opiates and no harmful drugs.
None genuine but Foley's Honey and
Tar in the yellow package. Refuse sub-
stitutes. Sold by all druggists.

Northern Normal Notes.

President Kaye left for Houghton
Thursday afternoon to visit the College
of Mines and the schools of Houghton.
Hon. L. L. Wright, state superintendent
of public instruction, visited the
Normal Wednesday and Thursday. He
was accompanied by his son, Mr. Wright
left Thursday afternoon for Houghton,
to visit the Michigan College of Mines.
Thursday evening, Bishop G. Mott
Williams gave the geography classes a
delightful treat, lecturing to them on
Norway and Sweden. His lecture was
illustrated with numerous excellent post-
al views, by means of the reflectoscope.

Observer H. R. Patrick, of the United
States weather bureau, gave a very in-
structive and interesting talk to the
members of the geography classes Wed-
nesday afternoon, his subject being the
practical methods of predicting the
weather conditions.
The story of Peter Pan was entertain-
ingly told at chapel Tuesday morning by
five young ladies of Miss Russell's class
in children's literature. Those who took
part were the Misses Hilma Stallhamer,
Merle Gibson, Eleanor Power, Genevieve
McDonald and Eunice Purcell.

Miss H. Susan Bates, director of the
kindergarten department, left Thursday
afternoon for Grand Rapids. She will be
away on leave of absence until the open-
ing of the fall quarter. She will visit
kindergartens in Grand Rapids, Kalamazoo,
Pittsburg, Philadelphia and other
large cities until the opening of the sum-
mer quarter, when she will attend sum-
mer school in New York city.

Saturday, May 29th, Madam Schumann-
Heink appears in grand concert at the
Marquette Opera House. Her pro-
gram, which is a most delightful one,
will be reviewed in detail in the assembly
room at the Normal school Wednesday
afternoon, May 26th, at 4:15, by
Mrs. A. T. Roberts, assisted by Mrs. H.
C. Davis and Miss Theodosia Hadley.
The discussion will be in the nature of
an explanatory lecture. A number of
the songs will be played on the Victrola.
The program has already been published
in The Mining Journal.

Last evening the gymnasium was the
scene of a very pretty social function,
the juniors giving their annual party for
the seniors. The gymnasium was prettily
decorated. The walls were covered
with branches of pine and greens, while
from the ceiling was suspended a canopy
of yellow and white festoons and blos-
soms. Electric light designs were also
used, one "1911" in yellow lights and
one "N. S. N." in green being especially
attractive. President and Mrs. Kaye,
Mrs. Kelsey, Claudius Pendill, Walter
Hornstein and the Misses Kate Stewart,
Clara Whitney, and Ruth Miller received
the guests in the lower hall, which was

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which stem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.

Given away.—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

S.S.S. PURELY VEGETABLE

It is a generally recognized fact that medicines taken from the botanical kingdom are better adapted to the delicate human system, and safer in every way, than those composed of strong mineral mixtures.
In the early settlement of this land, our forefathers were obliged to procure their medicines from Nature's great laboratories of forest and field. They searched out and compounded the different vegetable materials into teas, concoctions and medicines. That these pioneers found the most potent and valuable of the roots, herbs and barks placed at their disposal, is abundantly proven by the fact that the great majority of them were blessed with rugged health. They cured their diseases and were enabled to do the great preliminary work of civilization because the remedies they used were Nature's remedies, and specially adapted to the needs of humanity.
Among the very best of these vegetable preparations is S. S. S., a medicine made entirely of roots, herbs and barks in such combination as to make it the greatest of all blood purifiers and the finest of all tonics. S. S. S. does not contain the least particle of mineral in any form, and is absolutely a safe medicine for any one to use.

While purifying the blood this great vegetable remedy builds up and strengthens every portion of the system. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Malaria, Scrofula, Skin Diseases, Contagious Blood Poison, hereditary taints, and all other diseases and disorders caused by impure or polluted blood.
As a tonic S. S. S. is unequalled. It invigorates every portion of the system, and the healthy blood it creates largely assists in overcoming any derangement of the digestive system. If you are suffering from any blood trouble, or need a tonic to build up your constitution, you could not do better than to take S. S. S., a medicine that is in no degree harmful. Book on the blood and any medical advice free.

CHEMIST FOUND S. S. S. FREE FROM MINERALS.
A few years ago I was taken with Inflammatory Rheumatism. From the advice of a friend I decided to try S. S. S. Before allowing me to take it, however, my physician, who was a chemist, analyzed the remedy, and pronounced it free from potash or mercury. I continued the remedy, and in two months I was cured completely. The cure was permanent, for I have never since had a fancy for Rheumatism, though I have many times exposed to damp and cold weather.
MRS. ELEANOR T. JONES, 58 CHEST ST., Roxbury, Mass.

Plans for the annual Osiris picnic to be held the early part of June were discussed.
Thursday morning the following delightful program was given at chapel under the direction of Miss Ottman:
Piano solo.....
(a) To a Wild Rose..... McDowell
(b) Pappillon D'Amour..... Schlutt
Miss Helen Withey.
Songs—
(a) Water Lilies..... Mrs. Gaynor
(b) Poppies..... Mrs. Gaynor
(c) Twelve First Grade Children.
Vocal solo, "White Throat"..... Aspinal
Miss Ottman.
Songs—
(a) Run-Away Sun.....
(b) The Blue Birds.....
(c) Swing Song.....
Fifth and Sixth Grade Pupils.
The exercises were followed by a brief talk by Hon. L. L. Wright, who was visiting the school that day.
Foley Kidney Pills are antiseptic, tonic and restorative and a prompt corrective of all urinary irregularities. Refuse substitutes. Sold by all druggists.

Cook in Comfort You no longer need wear your self out with the weakening heat of an intensely hot kitchen. You can cook in comfort. Here is a stove that gives no outside heat. All its heat is concentrated at the burners. An intense blue flame (hotter than either white or red) is thrown upwards but not around. All the heat is utilized in cooking—none in outside heating.

New Perfection Oil Cook-stove
WICK-BLUE-FLAME

entirely removes the discomfort of cooking. Apply a match and immediately the stove is ready. Instantly an intense heat is projected upwards against the pot, pan, kettle or boiler, and yet there is no surrounding heat—no smell—no smoke.

Why? Because the New Perfection Oil Cook-stove is scientifically and practically perfect. You cannot use too much wick—it is automatically controlled. You get the maximum heat—no smoke. The burner is simple. One pipe with a cloth cleans it—consequently there is no smell.
The New Perfection Oil Cook-stove is wonderful for year-round use, especially in summer. Its heat operates upward to pan, pot, or kettle, but not beyond or around. It is useless for heating a room.
It has a Cabinet Top with shelf for keeping plates and food hot.
It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.
Every dealer everywhere; if not at yours, write for descriptive circular to the nearest agency of the
Standard Oil Company (Incorporated)

LAWRENCE COLLEGE
Appleton, Wis.
One of the Strongest and Best Colleges in the Middle West.
Three departments, including college of liberal arts, music, expression, creative buildings; extensive laboratories; good museum, large library; strong faculty; Christian Brethren standards of scholarship; 184 courses—are some of the things indicating the strength of the college. Largest attendance of any college in Wisconsin.

FOR SALE—A 25x5 foot compromise stern launch, eight-horsepower, new Superior engine. Speed 10 miles an hour. Cylinders spray shield, etc. Best painted and engine overhauled this spring. Apply J. F. Connel. (4-14-10)
FOR SALE—Shingles for sale cheap, to cash purchase. Lake River Coal & Lumber Co. Office over First National bank, Marquette. (4-13-10)

TRUTH
No. 10

Dividends to you if you so choose.

You know, yes, you must know, that all California Oil Companies operating in the proven fields are making tremendous sums of money; you know, for it is published repeatedly in the daily papers that these companies are paying out over one million dollars in dividends each and every month. You know, yes, you must know by this time, that there is nothing in the mining, agricultural, manufacturing or mercantile business in the United States that can today come anywhere near equaling the money being made in California Oil. You know from the reading of the daily papers that there is no industry in which the modest investment can so rapidly bring back such large returns, where really small beginnings produced fortunes in a few years' time as investments in California Oil Companies. This offering then should mean to you your chance to enjoy some of these big dividends, some of these fortunes, for in this Company the modest investor or the investor who puts in from \$1,000 to \$5,000 is absolutely certain of results and impregnably safe-guarded in every way.

Stock now selling at 40 cents per share, but remember this price will not remain long, so act at once.

City Brevities
Today's weather: Partly cloudy; stationary temperature.
Yesterday's temperatures: Seven a. m., 64 degrees; noon, 72; 7 p. m., 51. Maximum, 75 degrees; minimum, 51.
The Guild Hall baseball team will practice this afternoon.
Rev. J. M. Rogers and G. W. Gehrand went to Rock River on a fishing trip yesterday.
Mr. and Mrs. S. J. Gilbert, 1031 North Third street, are the parents of a son, born Wednesday.
The Trombly orchestra furnished music for the junior reception and hop given at the Normal last evening.
Mr. and Mrs. Peter Ockstedt went to Green Bay yesterday. They were called there because of the death of a relative.
A special communication of Marquette Lodge No. 101, F. & A. M., will be held at 7:30 o'clock tonight for work in the second degree.
The family of Charles Dion left yesterday to take up their residence at Newberry. Miss Louise Dion will remain in Marquette to complete her school term.
William Davis calls attention in another column to an exhibition of spring and summer hats, commencing this afternoon at 2 o'clock, at his rooms in the Opera House block.
The Ladies' auxiliary of the A. O. H. will give a benefit dance at Legion Hall Tuesday evening. The music will be furnished by Trombly's orchestra and tickets will be twenty-five cents.
Property owners near the corner of Front and Ridge streets complain because it is planned to repair the wooden walk at that point. They believe it ought to be relaid with concrete, saying that the present walk is old and dangerous.
C. L. Sporley was down from Negaunee yesterday, and with D. S. Donovan and J. E. Tobin, Jr., selected the badge which the upper peninsula Elks will wear at the national reunion of the order in Detroit in July.
Death of Mrs. Morton—Mrs. E. A. Morton, of 222 W. Prospect street, passed away yesterday afternoon at St. Luke's hospital. She leaves her husband and one son. The funeral arrangements had not been completed last evening.
Dance for Members—Next Thursday evening the Knights of Columbus will give a dance for members and their ladies at Legion Hall. Refreshments will be served at the Knights of Columbus club rooms. The music will be furnished by Trombly's orchestra.
Concerned in Class Play—Miss Pearl LeVeque, a member of the Class of 1910 of Smith's college, is chairman of the costumes committee for the class play to be given early in June. Shakespeare's "A Winter's Tale" will be presented. There will be three performances, on June 9, 10 and 11, at the Academy of Music at Northampton, Mass.
Looks Like Osborn—W. K. Kelsey, of the editorial staff of the Detroit News, was in Marquette Thursday and yesterday. He is in the upper peninsula investigating taxing conditions as related to mining properties and is meeting mining men and other people in the different towns he visits. Mr. Kelsey says it looks "bright" as he travels about the lower peninsula, very much like Osborn for governor. He says the growth of the Soo candidate's support is notable. He is also of the opinion that the senatorial race will be a nip and tuck affair, with Townsend having the pick.
Judge Jailed Juror—Albert Meich, of Negaunee, yesterday had it impressed on him that jury duty is serious business, with which whiskey can be mixed only at the considerable risk of the mixee. Meich wasn't on hand when Judge Flannigan sent Sheriff Lehman out to look him up. While the sheriff was absent on this mission, Meich turned up in the court room looking much the worse for wear, but perfectly happy. He was drunk, in fact quite drunk, and Judge Flannigan ordered him into the county jail to be sobered up. When court was called in the afternoon Meich was brought before the judge, given a keelhauling that melted him in tears and was then dismissed in disgrace. Next time Meich is called for jury duty he will doubtless sign a pledge before he leaves home.

INSURE WITH PETER WHITE & CO.
SUNDAY AT THE CHURCHES.
Presbyterian—Rev. J. M. Rogers will speak Sunday evening on "Socialism: Is it worthy of study by Christian Citizens?" He will follow this by a second sermon on the following Sunday and theme. This will be a unique departure from the usual custom.
First Church of Christ, Scientist—Services at 10:30 o'clock Sunday in the opera house block. Subject of this week's lesson, "Soul and Body."
THROUGH MARQUETTE-CHICAGO SLEEPER.
On and after May 16th Pullman standard sleeper will be run through from Marquette to Chicago, leaving South Shore depot 5:55 p. m. For reservation apply to C. F. Wright, agent. (5-16-10)
All persons desiring to feed their babies on the "special milk" from the Marquette City Dairy should send in their orders at once. Bell phone 223. (5-7-10)
House cleaning time is at hand. Get your orders in early for the Vacuum Wagon or Electric sweeper. Call J. H. Sanders, Bell phone 650. (3-23-10)

NOTICE OF C. P. A. EXAMINATION.
An examination for Certified Public Accountant certificate will be held by the State Board of Accountancy at Detroit, Michigan, on the 24th and 25th of June, 1910, in the Detroit Business University. For application blanks and other information address N. A. Hawkins, C. P. A., 318 Majestic Building, Detroit. (5-20-10)

THEATRICAL TRUST SAID TO BE "BUSTED"
JOHN CORT REPORTED TO HAVE KLAU & ERLANGER ON THE RUN—DEVELOPMENTS HAVE BEEN NUMEROUS OF LATE.
According to New York newspapers, John Cort is now the most important figure in theatrical circles. To him a great part of the credit for the breaking up of the theatrical trust is due, and he now occupies a position where it is believed, Klaw & Erlanger will soon be asking him for bookings.
For years Klaw & Erlanger have controlled the theaters of the country, ruling with an iron hand. No favors were granted; westerners had to beg for attractions, and their power was absolute. The theaters throughout the country could take the attractions offered or nothing. There wasn't any manager who liked it, but he was powerless to help himself and many resigned themselves to conditions which they believed must continue indefinitely, so great was the power of "Little Abe."
Then about a year ago a light began to appear. It was small at first but it grew brighter very quickly. The Shuberts had left the trust, it was announced, and they had several theaters in which to play their attractions. They succeeded in getting backing, too, for several houses were erected, some were built over, and managers of some of the theaters in the larger cities fell into line. During the year past the theatrical managers have watched with anxious eyes the light being waged between the independents and the trust. The battle seems to be practically over, and the independents have won. At the present time there seems nothing else for Klaw & Erlanger to do but to come in with as much grace as possible and accept the conditions as they now present themselves.
The Last Stand.
Down in New York the other day, the last stand was taken by the trust. Abraham Lincoln Erlanger, hoping to hide his distress from the public, resigned from the National Association of Theatrical Producing Managers. Several persons went with him. Some of them are really producing managers and others are merely figure heads. He sought to make a great show but his scheme failed and instead he gave further proof of what has been evident along Broadway for some time; namely, that the theater trust is a mere shell of some fifty theaters some of which will be shortly withdrawn. Not only has he lost control of 1,500 theaters throughout the country, but he admitted by his acts that he had lost control of the producing managers. Soon it is believed that he will be forced to ask John Cort for bookings at the one-night stands. The only men of prominence who went out with Erlanger, are George M. Cohan, who has several shows, and his partner Harris.
"Abe" Formerly Ruled.
Erlanger formerly controlled the association, and ruled it firmly. It was organized for the mutual protection of the producing managers, but the only managers who received any benefit from it were Erlanger and his close allies. Nobody has ever derived any advantage. The directors were elected at Erlanger's direction, and did his bidding. There are about 200 members of the organization, comprising managers who produce farce, others who produce burlesque, and managers representing other branches of the theatrical world, except vaudeville. Producers who never have a play in New York, but who send them over the one-night stand routes, were members. Charles Frohman, David Belasco, Charles R. Dillingham and Daniel Frohman never were members. When Erlanger controlled the theaters throughout the country, he had every producing manager by the neck. When, however, John Cort combined the various circuits and announced the owners meant to play all the attractions, regardless of the trust, the situation changed.
The producing managers found hope, and they threw off the yoke of Erlanger and the syndicate. Erlanger learned last week that he no longer controlled the association, and he decided to withdraw. He tried frantically to get many other members to quit with him, but his efforts were feeble. Henry W. Savage, William A. Brady and many other producing managers are members. Many other producers would have nothing to do with the organization while Erlanger was the supreme power in it. The reason for the sudden resignation of Erlanger and his allies is simple. Now that Cort controls the theaters in the country, and is ready to book any show he sent word to the producing managers' association he would like to speak to its members. His letter was received by the board of directors last week. Erlanger's supporters until have liked to lay it on the table until they could run over to "Abe" and find out what he wanted. They did not dare to do that, for they were outnumbered, so they acquiesced, passing a resolution appointing any time within two weeks in which to hear Cort. Erlanger was furious at this. He sent for the various directors and tried to get them to stand by the syndicate. He found he was outnumbered, and he fully appreciated that when the directors met Cort and heard his statement, they must vote to support the "open door" movement.
Erlanger thought he could pull a master stroke by resigning in high dudgeon. He did not make the impression he wished to create and, although now, to all appearances, badly beaten at every point of the game, "Little Abe" says that he is not yet licked and that he will be stronger than ever in a short while.
For a year at least the Western theaters will be played in by the independents. John Cort has them firmly tied up and the open door policy is now in vogue.
No sword cuts so fiercely as an evil tongue.
It's cured in 30 minutes by Woolford's Sanitary Lotion. Never fails. Sold by Louis Pendill, Druggist. (10-16-10)

JACOB ROSE
It's not always the boy—more often it's the clothes. Strong and healthy boys will romp and be unmindful of their clothes. You cannot stop the romping and you would not stop the health. The best compromise we know of is to buy clothes that will stay with the boy. In our child's clothing department you will find clothes that will tax the rompiest of rompers and at not much higher cost than the ordinary. We show splendid qualities in Boys' Khaki Knickerbockers and Khaki Shirts, \$1.25 for the two, an inexpensive and slightly outfit for vacation times. Boys' Elk Skin Shoes at \$2.00 and \$2.25 that match in goodness and wearing qualities.
The Store of Quality.

FIGHTING FOR LIBERTY.

Case of F. L. Higgins Has Reached Court of Appeals at Cincinnati.

F. L. Higgins, formerly assistant postmaster at the Soo, who was some months ago convicted in United States court, sitting at Marquette, of embezzlement, and whose motion for a new trial was later denied by Judge Knapp, has appealed to the United States court of appeals at Cincinnati for a review of his case. A Cincinnati dispatch says:

"A peculiar case which a year ago occupied considerable space in the newspapers reached the United States court of appeals at Cincinnati today on a writ of error from the district court of Michigan to set aside an order committing Francis L. Higgins, assistant postmaster at Sault Ste. Marie, to jail for fourteen months and imposing a heavy fine upon him.

"Dec. 14, 1908, Higgins was seen to stagger from the postoffice building at Sault Ste. Marie, bleeding at the forehead. He had gone but a little distance when he toppled over and fell. Two policemen, witnessing the affair, picked him up and sent him to a hospital. There, upon recovering consciousness, he said that while he was alone in the postoffice building, two men had entered and demanded mail, one of them giving the name of Robinson. While his back was turned, Higgins said, he was attacked, knocked unconscious and the postoffice money stolen.

"Subsequently, it is claimed, discrepancies were noticed in Higgins' recital and later a grand jury returned an indictment against him charging the embezzlement of \$1,275.20 and \$1,188.08 of government money. The first count was dropped, but upon a hearing on the second count, he was fined \$1,188.08 and costs, the amount he was alleged to have stolen, and sentenced to fourteen months' imprisonment. It is this sentence that Higgins seeks to escape."

Upper Peninsula

Carries a Valuable Cargo—

With one of the most valuable cargoes of lumber ever carried out of Wells, Delta county, the steamer I. Watson Stephenson cleared with 450,000 feet of birch lumber. The lumber is consigned to Chicago, where it will be used by a large manufacturing concern.

Sad Case of Insanity—

Fred T. Schultz, until recently the manager of the Menominee Hotel, was found insane after an examination by three physicians before Probate Judge John Stiles and was committed to the Newberry hospital for thirty days. Attorney Frances Schaver of Chicago, a lawyer, who is a relative of Mr. Schultz, was present to represent him in the court proceedings. The greatest sympathy is felt for Mr. Schultz in his affliction. It is believed he is suffering from paralysis of the brain, but his friends hope for his recovery. He has been acting strangely for some time and recently sent a message to President Taft which was so worded as to raise the question of his sanity.

Population Put at 10,000—

Iron Mountain was given a population of 8,585 by the census enumerators employed by the state in 1904. Many were of the opinion that the census was not taken with due care. While the count of the present staff of enumerators is not obtainable, it is certain that Iron Mountain now has a population close to 10,000 and that the figures will show this total. The first ward is much the largest in the city, having a population of nearly 2,500. The Fourth and Fifth wards are about even with nearly 2,000 each and the Second and Third wards have nearly 3,000, together, the Second being the largest. Manistique expects the census to show it to be a city of at least 5,000. It has grown at a good pace.

Walks Many Miles to Court—

Octave LeDuc, formerly of Escanaba, was served with a warrant of arrest while fishing near his home, a few miles north of Cornell, Delta county, and subsequently he appeared in Justice Linden's court at Escanaba to answer to a charge of having maliciously started bush fires which endangered the property of other people. LeDuc pleaded not guilty and because of the absence of witnesses for the state, his case was adjourned until next Tuesday. LeDuc was released upon his own recognizance and will be at liberty pending that time. The warrant was served upon him by

Under Sheriff Curran, who did not, however, bring LeDuc to town, taking the latter's word for it that he would come himself. LeDuc kept his promise and in order to do it was obliged to walk seventeen miles. The warrant was issued on complaint of Deputy State Forestry and Game Warden A. B. Bell of Menominee.

Exciting Race on Lake Superior—

The Keewatin of the Canadian Pacific fleet defeated the Hamonic of the Northern Navigation company in a race to the Soo last week. The Keewatin left Fort William, Ont., Friday two hours before the Hamonic, but waited in the bay for the Hamonic to catch up and then the race for the Soo was on in earnest. The Manitoba passed them at midnight Friday and the Keewatin was then thirteen minutes ahead. After the Manitoba passed the greyhounds of the Great Lake the Canadian Pacific boat steadily forged ahead of her rival and arrived at the Soo at 12:40 Saturday afternoon. The Hamonic did not reach the finishing line until 1:50; just one hour and ten minutes behind the Keewatin.

Council Opposed to City Chemist—

By a vote of seven to five, the common council of Escanaba declined to accept a report which recommended the passage of an ordinance providing for the creation of a city chemist and conferred the power of appointing the incumbent thereof upon the mayor. This action virtually killed the ordinance for the time being, as it practically precluded taking a vote on the passage of the ordinance itself. Immediately following the vote, Alderman Valentine, who was active in his opposition to the adoption of the committee's report, offered a resolution providing that Dr. Arthur J. Carlson be hired to act as chemist for the coming year at a salary not exceeding \$500 per year for all services rendered the city in that capacity. Alderman St. Jacques moved as an amendment that the resolution be laid over until the next meeting, and after some discussion the amendment was carried. This action disposed of further consideration of the matter until the next regular meeting of the council.

Will Spend Three Months Abroad—

Former Mayor Augustus Spies, president of the Marinette & Menominee Paper Mill company, has left Menominee for Chicago, where he will be joined by his daughter, Mrs. Humphrey of Shawano, and together they will proceed to New York, whence they will sail for Europe May 24 on the Rotterdam of the Holland-American Steamship line. They will be gone about three months. The landing will be made at Rotterdam and the next stop will be at Amsterdam. Later they will visit Cologne, Germany and will proceed to Biswis, in Frankfurt, which is near Mr. Spies' native home. Munich and Berlin will be other points they will visit. They will see the passion play at Ommenmergan. From there they will travel through Norway, Denmark and Sweden, stopping at Christiansia, Copenhagen and Stockholm, where Mr. Spies desires to investigate the process by which sulphate is made in the paper mills there. The process at Menominee produces sulphite instead of sulphate and the Menominee man desires to compare the two processes.

City Building a Money-Maker—

Due to the persistent efforts of Postmaster Cruise, the postal authorities down at Washington have decided to provide Iron Mountain with a postoffice worthy of the city. A lease for a period of ten years has been executed by the city of Iron Mountain, party of the first part, to the United States of America, in this case party of the second part, for the store room now occupied by the postoffice and the one adjoining on the west, now occupied by the C. T. Hampton Commission company, in the city hall building. The lease is for a period of ten years and Uncle Samuel has agreed to pay into the strong box of the city the sum of \$950 per annum, a total sum of \$9,500 for the period covered by the lease. As the building originally cost the city only \$8,000, Uncle Samuel will more than pay for the structure during the life of the lease. Besides there are other rentals, past, present and future, and the additional large one, that the city government has ample room in the building for all its needs. In executing the contract the city of Iron Mountain has agreed to make various improvements, including such new furniture and additional fixtures. The wall between the two store-rooms will be removed. This will provide a lobby more than twice as large as the present one.

BOYS' SCOUT MOVEMENT LAUNCHED IN ISHPEMING

MEMBERS OF YOUNG CITIZENS' REPUBLIC OF THE Y. M. C. A. HAVE PERFECTED NEW ORGANIZATION.

The boys' scout movement has been launched in Ishpeming by junior members of the Young Men's Christian Association. A meeting was called for last Tuesday evening, and twenty-seven members of the Young Citizens' Republic signed the scout membership roll. John D. McDougal is to be the scout's leader. Judging from the interest the members are already showing, the new organization will be a great success.

The first company of the Young Citizens' Republic scouts will consist of six squads, or patrols, under the direction of one captain, two lieutenants, four guides and one company clerk. So far the captain is the only officer. The other appointments will be made as the boys qualify for them. Each scout will be enrolled for one year and will take the following oath on joining: "I will do my duty to God and my fellow beings. I will do my best to help others wherever it may cost me. I know the scout law and will keep it." The uniform of the scouts consists of a khaki hat, blouse or shirt, long pants, canvas leggings and belt. The scouts are already working on a plan to raise money for their uniforms, which will be the property of the company. It is expected that the company will go to camp at Lake Michigan sometime in August.

The boy scout movement was started in England three years ago by General Baden-Powell and has gradually spread over Great Britain and the colonies, and bids fair to be duplicated in this country. Three hundred thousand boys are interested in the movement, which is non-sectarian, non-political and non-partisan. Such men as Ernest Thompson Seton, Dr. Luther H. Gulick, late instructor in athletics in the public schools of New York, and E. M. Robinson, International Boys' Work secretary, are interesting themselves in it.

GOLF TOURNAMENT.

Members of Wawonowin Club to Compete for Trophy Cup.

The greens committee of Wawonowin Golf club has announced a tournament to be held on Saturday afternoon, June 4. Two consecutive rounds are to be played. It is requested that the medal scores be handed to a member of the committee at the conclusion of the second round. The committee also asks that no other than two-ball matches be played on afternoon of the tournament. The members having the lowest eight scores will qualify in class "A" and those with the second lowest eight scores will be in class "B." The play-off in each class will be match games of two consecutive rounds. The finals must be completed by Saturday evening, June 25.

A trophy cup will be given the winner in each class, and two golf balls the runner up in each class. All members participating in the tournament will have to observe the ground rules.

The greens committee is preparing the details for a handicap tournament, to be started early in July. This tournament will also be played under the rules prepared by the committee.

THE SCOUT LAW.

The scout law, a sound foundation for any boy, consists of the following points:

"A scout's honor is to be trusted; a scout is loyal to his country, his employers and his parents; a scout's duty is to be useful and to help others; a scout is a friend to all and a brother to every other scout; a scout is courteous; a scout is a friend to animals; he obeys the orders of his parents and his officers without question; a scout smiles and whistles, obeying cheerfully and readily; a scout is thrifty; a scout is punctual."

WHAT SCOUTS ARE TAUGHT.

Scouts are taught to study animals, trees and plants; how to build huts and put up tents properly; how to make boats and bridges and how to secure comfort in camp. They are taught breadmaking and exploration, judging heights and distances; how to tell time by the sun and travel by the stars; how to avoid smoking and drinking and other vices; courtesy to women, sobriety and thrift; how to make money, first aid to the injured, their duties as citizens and to form character.

A feature of the English idea is that every scout shall do one helpful or gracious act every day.

Any boy who is a member of the Y. M. C. A. and who is five feet tall may be enrolled as a scout.

George F. Rue's Review.

"Out of respect to the memory of the late King Edward, whose funeral took place today, the different exchanges did not open until noon. Eastern time, the opening prices were from one-quarter to half higher. The market was very dull until about an hour before the close, when good buying took place and the entire list closed with gains of one-half to two points. The market was one of the leaders and shows a point and a half gain over last week's close. This caused buying of the Boston coppers, which advanced easily on the light demand. Ishpeming was the feature advancing from 2 1/2 to 2 3/4, and it looks higher as the buying is persistent and of the accumulative kind. The cures were strong and fairly active. Chief Consolidated was in good demand selling at 1 1/2. Cactus around 2 1/4, San Antonio at 2 1/4, Live Oak at 2 1/4, around 1 1/2, Shattuck around 2 1/2 and One-co around 3 1/2."

Morgan & Co's Letter.

"The opening prices in New York were all considerably higher and though the market was dull, it held strong, with slight advances where any activity occurred. There is an amazing lack of interest in the market, even among the professional element, and no news of consequence is to be had. Leaders in banking and industrial affairs report a gradual and constant improvement in general conditions as indicated by better earnings and railroad earnings, and this must ultimately have a favorable effect on market quotations. The only feature in New York is the scarcity of stocks for sale. The Boston market continues very quiet, with some activity in the Royal, and among Arizona Commercial. Prices are holding well with fractional advances made by a number of issues. The laborer's strike of the market is shown by the ease with which any stock advances even a few small buying orders. Everything seems to be stronger at the opening, but small fractional declines were the rule later in the session. Boston reports a sensational strike in Algonah, which adjoins Lake on the south. There is a good demand for Shattuck. There is a good demand for San Antonio, but no stock can be had. Cactus is in demand and looks higher."

CLERK-CARRIER POSITIONS.

The United States civil service commission announces that on June 3 an examination will be held for the position of clerk and carrier in the post-office service. Persons desiring to take the examination can secure the necessary application blanks from Joseph H. Martin, at the Ishpeming postoffice, or from Peter Newton, secretary of the seventh civil service district, located in the Federal building, Chicago.

BOON TO PILE VICTIMS.

A Cure Without Cutting or Other Objectionable Treatment.

Here is a priceless boon to anyone who suffers with piles of any kind. A medicine in tablet form, taken internally that cures all forms of piles. Only 2 per cent of known failures.

A medicine that is sold under strict guarantee. Your money back if you are one of the 2 per cent of failures.

A medicine that avoids operations and use of nasty salves or suppositories.

ISHPEMING

ISHPEMING IN BRIEF.

Mr. and Mrs. Albert Bjork are rejoicing over the birth of a son.

Mrs. F. H. Berg and children are visiting relatives in Menominee.

N. J. Goodney and wife of Beacon were visitors in the city yesterday.

Captain John R. Wood, formerly of this city, was here yesterday from Appleton, Wis.

W. B. Shaver is setting up new from hospitals at the Y. M. C. A. and Ishpeiming hospital properties.

J. J. Laffer is to lay a concrete walk at his property on the northwest corner of Division and Lake streets.

Harry Davidson of Champion was here yesterday, on business. He recently established the Keystone creamery at Champion, and he is now turning out butter.

Professor C. O. Larson of Chicago will give a sacred concert at the Swedish Baptist church next Monday evening at 8 o'clock. The admission will be twenty-five cents for adults.

The funeral of the late Charles Stevens, who was killed by a train in Duluth early in the week, will be held this morning at 9 o'clock. The services will be conducted at the First M. E. church.

The time of the arrival in Ishpeiming of the morning passenger on the Chicago, Milwaukee & St. Paul line, is soon to be changed, but the exact time has not yet been decided upon. It is expected that the time will be 9:50, instead of 10:10.

At the Salisbury M. E. church tomorrow, Dr. C. L. Finch, the pastor, will speak in the morning at 10:30 o'clock on the subject, "The Coronation of Paul." His sermon theme in the evening at 7 o'clock will be, "The Greatest Search Ever Instituted."

The Ita company will close its engagement at the Ishpeiming theater tonight. A matinee will be given this afternoon at 2:30 o'clock and the admission will be ten cents to all parts of the house. Miss Ita has been busy this week answering questions sent to her by mail.

The Ishpeiming baseball team will play at Marquette this afternoon and tomorrow afternoon. Goulette will be in the box today and Dixon will pitch tomorrow. It is expected that a good-sized crowd will go down tomorrow on the South Shore train, leaving here at 1:25 o'clock.

E. R. Nelson, upper peninsula agent of the Franklin Automobile company, yesterday received three cars, one for R. P. Bronson, one for Dr. S. G. Main of this city and one for Manager Rodgers of the Houghton County Light & Traction company. The Bronson and Main cars are five passenger, and Mr. Rodgers' car is a runabout.

The first of the series of rail and boat excursions, via the South Shore and D. & C. line, from the upper peninsula to Detroit, Toledo, Cleveland and Buffalo, will take place June 8, instead of June 9, as at first announced. Tickets will be good leaving here on the morning train of the 8th and the boat will await its arrival at St. Ignace, leaving there about 11 o'clock.

As a means to reduce the smoke evil the municipal authorities of Glasgow will hold an exhibition of gas heating, lighting and cooking appliances and appliances for the use of various sorts of smokeless fuel.

GREAT CANADIAN WATERWAY IS OPEN.

Montreal, May 20.—What ought to prove an important step in the proposed development of the great waterways of the Canadian West has just been taken. The formidable St. Andrew's rapids of the Red river have been overcome, and Winnipeg and the territory south get access to the fine rivers that flow into Lake Winnipeg.

A dream of a century was realized when the first steamer passed around the rapids of the St. Andrew's, through the big government locks just completed. While work has been under way for twenty years, intermittently. It was the dream of the early settlers of the Red river valley and later of Lord Selkirk that this obstruction to traffic on the great Red river be overcome. Commercially the completion of this chain in the navigable streams of the Canadian Northwest means much even as far south as Grand Forks, N. D., for the line of steamers run on from that town to Winnipeg this spring will now extend their journey right through to Selkirk, where the Red river meets Lake Winnipeg.

It is expected the river traffic, such a powerful factor in the development of the Canadian West half a century ago, will be revived by this improvement and that perhaps the ancient glory of these vast waterways may be restored in spite of the rail competition. There are 3,000 miles of rivers capable of bearing a 200-ton steamer tributary to Lake Winnipeg, and this does not take into account the traffic beyond the line as far south as Grand Forks.

The first boat that passed through the locks was on the way into the lake for fire wood and it is fitting that this was her mission, for in the item of fuel alone it is expected that the locks will save the citizens of Winnipeg \$500,000 annually. The shore line of Lake Winnipeg, 1,000 miles in extent, is lined with fire wood, but as this must be transported at Selkirk the railway tariff keeps the price high. Ten dollars a cord is the retail price of good fuel in Winnipeg, and the locks are expected to cut the price one-half.

MARKETS

WALL STREET STOCKS.

New York, May 20.—Paine, Webber & Co. say of today's stock market: There was a much broader and stronger market today than for some time. News developments for the past few days, as we have stated, have been much more in favor of a rally. The increase of the dividend on Chesapeake & Ohio, coupled with the cheerful news from the North-western crop situation, as well as reports of foreign buying, have started to bring about a better feeling, and at the close today the list displayed a very good undertone.

Boston Quotations.

Boston, May 20.—Today's stock market at Boston is summarized by Paine, Webber & Co. as follows: The market today was in complete control of the bull party and they met with very little opposition, advancing prices easily. The short interest is still very large, and it looks as if they would be forced to cover at higher prices within the next few days. We do not look for any sustained rise, however, from this level, and would wait for good reactions before buying.

CHICAGO GRAIN MARKETS.

Chicago, May 20.—The wheat prospects in Texas, heretofore so glowing, were today voted into the uncertain class because of unfavorable weather conditions. The closing prices for the active figures were: in consequence net gains of a shade to 1/8. The May

Best for Biscuits Also

WASHBURN-CROSBY'S GOLD MEDAL FLOUR

COPYRIGHT 1910 WASHBURN-CROSBY CO. MINNEAPOLIS, MINN.

delivery finished 1/2 down. Corn showed a loss of 1/4 to 5/8 and oats a loss of 1/8 to 1/4. September wheat opened at 105 1/2 @ 106 1/2; highest, 106 1/2; lowest, 105 1/2 @ 106 1/2; closed, 106 1/2 @ 106 1/2.

Corn—This market weakened on fine weather, increased sales of cash corn and the absence of a shipping demand. The September opened at 61 1/2 @ 62; highest, 62; lowest, 61 1/2; closed, 61 1/2 @ 61 1/2.

Oats—The weather conditions were said to be the best imaginable for oats. The September opened at 38 1/2 @ 38 1/2; highest, 38 1/2; lowest, 38 1/2; closed, 38 1/2 @ 1/2.

Paine, Webber & Co.'s Wheat Letter.
Chicago, May 20.—It looks as if the present pit situation was likely to continue for the balance of this month. The weather and crop news, the slow cash wheat and flour trade, and weak foreign markets are all on the side of sellers.

Arthur Lizzette, for several seasons catcher for the Soo team in the Soo-Copper Country League, but who has been playing with Waterloo, Ia., in the Three-I League for the past three years, has been sold to Superior. He will catch for that team in the Minnesota-Wisconsin league. "Lizzie," as he was familiarly known in this district was one of the best catchers that ever played the game in the upper peninsula. He is still in prime condition and is playing good ball.

Society is like a large piece of frozen water, and skating well is the great art of social life.

USE ALLEN'S FOOT-PAISE.
The antiseptic powder to be shaken into the shoes. If you have tired, aching feet, makes new or tight shoes easy. Cures itching, swollen, hot, and burning feet. Relieves corns and bunions of all pain and gives rest and comfort. Always use it to dress in new shoes. Sold everywhere, 25 cts. Don't accept any substitute. For FREE trial package, address Allen S. Omsted, Le Roy, N. Y.

PROPOSALS WANTED.

Sealed proposals will be received by the board of County Road Commissioners of the county of Marquette at its office in Ishpeiming until 5 o'clock p. m. June 1st, 1910, for the clearing, grubbing and grading of two miles of the Ishpeiming West road according to the maps, profiles, plans and specifications and contract with plans and specifications on file at its office in Ishpeiming and at the county clerk's office in Marquette.

The road begins at station 0, thence westerly two miles to station 110. The clearing and grubbing will be for a width at any point equal to the cut or fill and gutters at that point. The grading will consist of approximately 5,250 cubic yards of cut and embankment and 3,150 cubic yards of earth excavation. Yardage computed by the method of average end areas. Work to be completed not later than Aug. 15th, 1910.

Bidders must give:
1st. A lump sum price for the work completed in accordance with plans and specifications.
2nd. A price per cubic yard for earth excavation or embankment.
3rd. A price per cubic yard for rock excavation, should any be encountered and required.

All bids must be accompanied by a certified check for one hundred dollars (\$100), payable to W. H. Johnston, Chairman, as a guarantee that the bidder, if awarded the contract, will within ten days execute the same and furnish the required bonds, all in accordance with the specifications.

The board expressly reserves the right to reject any bid or all bids.

The certified checks of the unsuccessful bidders will be returned to them.

W. H. JOHNSTON,
Chairman.

A GOLDEN OPPORTUNITY

Our Record-Breaking Clearance Sale of PIANOS

Necessity demands that we immediately reduce our stock. Large shipments of new Pianos are on the way from several wellknown manufacturers who needed money badly and made us big price concessions in order to get it. To make room for this new stock we are bending every effort to quickly close out the instruments now on our floors.

Finest New Pianos Sacrificed

We realize that only sensationally low prices will avail to move this stock quickly and we are making deep cuts in prices. Now is your chance to save \$50 to \$150 on your Piano purchase. Don't hesitate, but come at once and be convinced that this is the opportunity you have long waited for.

At our remarkably low prices these Pianos will go quickly. You must come without delay if you want to profit by this sale. Only our imperative need for a quick clearance could make such low prices possible. **COME NOW AND SAVE MONEY!**

\$10 sends a piano to your home at once. **\$6** or more monthly will pay for it.

Remember, you are not restricted in choice to one or two makes when you come here. We have the largest and best line of Pianos in this Country, including such famous makes as STEINWAY, SOHMER, STERLING, GRINNELL BROS. (our own make), WEGMAN, SHONINGER, SCHAEFFER, SMITH & BARNES, HUNTINGTON, MENDELSSOHN, LAFFARGUE, and others. You take no risk in buying of us—we are one of the largest, strongest and most reputable Music Houses in America and we stand back of every Piano with an iron-clad guaranty. We are located in ISHPEMING to stay. **COME IN TODAY!**

GRINNELL BROS.

Michigan's Leading Music House. Anderson Block, Ishpeiming, Mich.

ENGLAND HAS BIG SURPLUS OF WOMEN.

They Number One Million in Excess of the Men, and This Troubles Britain—The Country is Trying to Get Rid of Them.

London, May 20.—Princess Christian and other ladies have published an interesting letter on the emigration of women. Her royal highness is president of the South African Colonization society, and the ladies associated with her represent other organizations engaged in promoting the employment of the emigration of women. Their letter announces the formation of an intelligence committee for collecting and supplying information with regard to openings for educated women in the self-governing dominions; and they appeal for funds to carry it on.

The question thus raised is interesting from several points of view. It has to do with the excess of women over men, their education, their employment, and the possible field of occupation offered to this class by the younger states of the empire, in which the sexual balance of the population is on the other side. The preponderance of the female over the male population in this country is a very curious fact, entailing obscure consequences and exercising a subtle influence on society.

It is shared in some measure by Germany, France and other European countries, but not to the same degree. With England the discrepancy is perceptibly increasing; it has been rising since 1851, and reached the highest point yet recorded at the last census, when the females enumerated in England and Wales exceeded the males by over a million. Nor is it altogether explained by the reasons usually set forth. The allowance which must be made for the absence of a considerable number of men on various services abroad and at sea does not account for the rising discrepancy. Nor does emigration, nor the higher mortality of male infants, itself a most obscure phenomenon. It is of course, a primary cause, because every year more males are born than females; but to account for the increasing disproportion other factors are needed. One is the falling birth rate, which necessarily diminishes the numerical advantage of the male element at birth; and a second appears to be the increasing urbanization of the population, because the higher mortality of male over female infants is more marked in urban than in rural districts.

Whatever the true causes of the movement may be, it appears to be constant and progressive. The emigration of women to countries in which men preponderate naturally suggests itself as a means of redressing the steadily declining balance at home.

There is an active demand for female emigrants of a certain class in most of the dominions; and a good deal is being done both by public and private effort to organize the supply. The official emigrants' information office issues a special circular every year on the emigration of women, giving information with regard to the demand in several states, the conditions and cost of getting to them and so on. Private effort is represented by the British Women's Emigration association and the South African Colonization society, which specially interested themselves in helping girls to emigrate, in addition to the various other more general organizations which deal with men, women and children alike. But as regards single women, a glance at the official circular suffices to show that the effective demand is almost confined to domestic servants. That does not mean that there are no openings for other classes. The countries of destination naturally lay stress on the kind of immigrants they want most, and make a point of inviting them. On the male side these always are, first and foremost, farmers, and secondly, farm laborers, and on the female side domestics, both for town and country. But fortunately these classes by no means represent the surplus population at home which desires to find occupation in the less crowded areas of Greater Britain. The advance of education has produced a large movement towards occupations of a less menial character, and this is particularly noticeable among women. The new intelligence committee aims at helping the great and growing army of educated women, who are capable of earning a living but cannot find the opportunity at home. The appeal is put forth on their behalf states that the question of their employment is becoming year by year a more urgent matter. It assumes that the numerical preponderance of women over men is chiefly marked in the "upper strata of society." That may be so, though there is no evidence to prove it. But, whether it be so or not, there is undoubtedly a great surplus of educated women who have no natural domestic occupations, and are highly in excess of the demand offered by the employment market at home.

Is there any place for these women? For many years past opportunities have been expanding for them, both upwards and downwards. Closed professions have been opened—medicine, law, the higher teaching, and the civil service. Trades and careers formerly held impossible for gentlewomen, such as the stage, millinery, and dressmaking, have been aristocratized; new careers, such as modern nursing, telephony and typewriting, have been developed. There are very few things a woman may not do now, and few walks of life she has not invaded, yet it is a melancholy result to find that all this leaves English women worse off than ever.

LION FONDLES A CHILD.

In Pittsburg a savage lion fondled the hand that a child thrust into his cage. Danger to a child is sometimes great when least regarded. Often it comes through Croup, and Whooping Cough. They slay thousands that Dr. King's New Discovery could have saved. "A few doses cured our baby of a very bad case of Croup," writes Mrs. George B. Davis, of Flat Rock, N. C. "We always give it to him when he takes cold. It's a wonderful medicine for babies." Best for Coughs, Colds, LaGrippe, Asthma, Hemorrhages, Weak Lungs. 50c. \$1.00. Trial bottle free. Guaranteed by The Stafford Drug Co.

Mr. Isaac Cook, Commander of above Post, Kewanee, Ill., writes: "For a long time I was bothered with backache and pains across my kidneys. About two months ago I started taking Foley's Kidney Pills and soon saw they were doing just as claimed. I kept on taking them and now I am free from backache and the painful bladder misery is all gone. I like Foley Kidney Pills so well that I have told many of my friends and comrades about them and shall recommend them at every opportunity." Sold by all druggists.

LOWER STATE NOTES.

DETROIT—Harry Temple, clerk in the treasurer's office of the Grand Trunk railroad, formerly of Sarnia, pleaded guilty in police court when arraigned on the charge of embezzling \$1,500 of his employer's money. He was bound over to the recorder's court under \$500 bail. He said he took the money to provide comfort for his aged mother, but admitted that much of it was lost in pool rooms.

JACKSON—William Thompson, forty-three years old, has been arrested, charged with brutally assaulting Mrs. Minnie Krueger, fifty, in her home on Adrian avenue. The woman is at the point of death at the City hospital. At the station Thompson said: "I struck the woman, but not

with a weapon. I stepped in there on my way from work and the two young men and two women attacked me. I simply protected myself and that is all I will say about it."

PONTIAC—George Sherwood and Edgar Bailey, jobbers, gave Sheriff Harris the hardest fight of his official career. They were making a disturbance near the Rapid factory and the sheriff's office was notified. Harris and Deputy Farman answered the call and while the latter started through the factory the sheriff went around. He encountered the pair. Daily resisted, but was overpowered and handcuffed. Sherwood put up a fight and rolled on the ground with the officer. Soon Daily jumped into the fray, kicking the sheriff. Harris overpowered both and landed them in jail.

Justice North sent both to the house of correction for sixty-day terms.

IONIA—The arrest of C. F. Tronde at Eufora, Kans., where he shot Sheriff E. F. Woods when the officer attempted to get him, rounds up an Ionia county man. Sheriff Ciley has been calling since last December. Tronde came to Ionia county a year ago bringing a wife whom he married in Kansas. On a morning in December Tronde told his wife he was going to Clarksville and she has not seen him since. He left her and three children destitute and is wanted for wife desertion. She went to the home of her father, Robert Welster, with whom she is now living in Lake Odessa. Ciley trailed Tronde to the state of Wyoming, west to Kansas, when he skipped he did not even take his clothes

with him and the sheriff had been flooding the country ever since with queries that would lead to his apprehension.

JACKSON—An order for the paper weight which will be given President Taft as a souvenir of his visit to Jackson June 4 has been placed with the John C. Williams company of New York, which makes a specialty of the manufacture of artistic novelties. A piece of one of "the oaks" about five inches in diameter will be highly polished and mounted in a bronze casting of appropriate design. The inscription will note the fact that the wood was taken from one of the oak trees in the grove where the convention which adopted the name "Republican" and framed the first platform was held, also the fact that it was presented by the people

of Jackson. Senator William Alden Smith has promised to be present and give a brief address, and Mrs. E. R. Hague will sing "The Battle Hymn of the Republic." LANSING—A new candidate has appeared for warden of Jackson prison. He is Robert W. Lyon, for the past seven years a postoffice employe at Dowagiac. Although but thirty-two years old, Lyon has in his time been telegraph operator, court stenographer, rural mail carrier, postoffice clerk, city carrier, book agent, canvasser, brakeman, actor, nurse, newspaper correspondent, lumber camp manager, timber speculator, poultry raiser, soldier, teacher and lecturer. As a soldier in the Fourteenth United States Infantry he saw service in the Philippines and he was with the expedition that marched to Pe-

king during the Boer insurrection in 1901. In the fighting at Peking he was severely wounded. For a time he held a responsible government position at Manila, and during his last eight months of his army service he was detailed as a teacher at the Fort Niagara, N. Y., military school.

WHAT EVERYBODY WANTS.

Everybody desires good health which is impossible unless the kidneys are sound and healthy. Foley's Kidney Remedy should be taken at the first indication of any irregularity, and a serious illness may be averted. Foley's Kidney Remedy will restore your kidneys and bladder to their normal state and activity. Sold by all druggists.

TRUTH NUMBER 11

The Stock of the California National Crude Oil Company advances to 50 cents per Share on May 28

THOSE stockholders who have purchased stock and those who are about to purchase at 40c per share, are about to realize 25 per cent on their investment already, as the stock goes to 50 cents this coming week. And this isn't the first advance either. There is no doubt in our minds that you will see this stock soaring way up in dollars soon, and when you do, we know you will wish that you had a larger block. We would advise all who can possibly do so to purchase before the end of the week and take advantage of the rise.

For making big money, there is nothing in the investment world today that will bear comparison for a moment with the opportunities afforded by California oil stocks.

Dozens and scores of these stocks are selling today for many times the prices at which they were originally placed on the market.

In the advances of the past year many of them have yielded profits of several hundred per cent to investors.

In production and earnings the oil wells have distanced the gold mines.

Thousands of people enjoying a competence today owe their good fortune to moderate investments in California oil.

By still other thousands the successes of the past will be duplicated during the present year.

Now, don't be a pessimist and say that this is impossible. Facts are facts, and if you only take the trouble to look into same, you will find that this is true.

The writer came across a beautiful article some time ago entitled "The Optimist versus the Pessimist." Read it. It won't hurt you.

The Optimist Versus The Pessimist

"The optimist lives under a clear sky, the pessimist lives in a fog. The pessimist is confused; he hardly knows where to go, what to do or how to act; the optimist is in tune with the harmonies of nature and discerns distinctly the onward path that lies before him. The pessimist hesitates, and loses both time and opportunity; the optimist makes the best use of everything now, and builds himself up, steadily and surely, until all adversity is overcome and the object in view realized. The pessimist curbs his energies and concentrates his whole attention upon failure; the optimist gives all his thought and power to the attainment of success, and arouses his faculties and forces to the highest point of efficiency. The pessimist waits for better times, and expects to keep on waiting; the optimist goes to work with the best that is at hand now, and proceeds to create better times.

The optimist is an inspiration to everybody; the pessimist is a wet blanket. The pessimist pours cold water on the fires of his own ability; the optimist adds fuel to those fires. The pessimist links his mind to everything that is

losing ground; the optimist lives, thinks and works with everything that is determined to press on. The pessimist places a damper on everything; the optimist gives life, fire and go to everything. The pessimist repels everything; the optimist attracts everything. The pessimist fights the wrong; the optimist works to increase the power of the right. The optimist is a building force; the pessimist is always an obstacle in the way of progress. The pessimist lives in a dark, soggy, unproductive world, the optimist lives in that mental sunshine that makes all things grow."

Do you realize how true all this is? Don't you appreciate that the optimist is the successful man? The optimist is the man who invests for he believes some good will come from such an investment, and as every real fortune that ever was made resulted from investment, it is optimism that makes success.

The pessimist is the man who looks with suspicion upon all investment opportunities, and while he is hemming and hawing and failing to act, an optimist grasps the opportunity, makes his investment, and gets his start in life.

It required a generous supply of optimism for men to go ahead and develop what is today the greatest wealth producer in the world—California Oil Lands—but their optimism has been repaid.

Allen G. Nichols, editor of the "Oil Industry," gives a few pertinent facts in a recent issue of one of the leading daily papers, and he writes regarding this wonderful Oil Industry:

"Only a half-century old the oil industry in the United States has already exported more than \$2,000,000,000 worth of the refined material. In other words, in fifty years the total amount received for refined oil exported has been greater than the value of the entire production of gold in the United States since Columbus discovered America. Since 1896, the year in which sixty small casks were sent to France as an experimental shipment, the amount exported has been greater in value than the production of gold in the entire world for the same period. Within the memory of living man the infant has grown to a giant industry that gives employment to 70,000 men in the fields and refineries alone, and whose annual pay-roll amounts to millions of dollars.

The spring pole rig used along Oil creek has given place to modern machinery, operated by electricity. The oil trucks that hauled oil in barrels over roads unworthy of the name have been succeeded by thousands

of miles of steel pipe line, great trains of oil tanks and the modern oil carrying-ships, whose capacity in some cases is over 80,000 barrels.

Everything that coal has done for the east, crude oil is doing for California, and since its general use, less than ten years ago, ways and means have been devised to use crude oil in California, the same as coal is used in other parts of the United States, and the public at large have shown their appreciation of its value by the adoption of crude oil wherever fuel is needed. As a result of this a stream of gold is distributed in California to holders of California Oil Company stocks, which amounts to many millions of dollars per year.

W. W. Orchutt, one of the most prominent consulted engineers and geologists in this country, in a recent report on a California Oil Company, had the following to say about California oil lands:

"There is no place in the world where the oil measures are so amply and thoroughly saturated as in California. This makes California oil wells big producers and long-lived." He then goes on and cites incidents where even on large acreages, such as 120 acres, the production today has been as high as 90,000 barrels per acre, and the land still producing heavily.

"The investor with sufficient judgment to see these great possibilities, and the optimism, which generates nerve to back this judgment, will be literally swept to fortune on this great flood of oil which flows through the proven fields of California. The optimism and courage of the pioneer oil men of California have made them millionaires. They learned the truth of that great saying: "One good investment is worth a lifetime of labor." What optimism and oil have done for others they will do for you, for really only the surface of the possibilities of California oil have been scraped. There are today numerous new companies just starting to develop their land, in which stock can be bought at extremely low figures. Within two years we will undoubtedly find the stock of the great majority of these companies listed on the stock exchanges, and paying the same kind of generous dividends that so many of the

other companies are now paying after perhaps only two years of operation.

All this is possibly interesting reading, and we trust that truths here will sink deeply into the hearts of our readers, and that they will start on the comparatively easy road to making money by having the optimism and courage to make investment in some good California oil stock."

NOW

We have shown that you should be an optimist, at least as far as California oil is concerned. Now, you being an optimist, we will tell about one of the companies that will soon stand, if not at the head, at least very near the head of the California Oil Producing companies, and that is the California National Crude Oil Company. This Company has purchased thousands of acres of land in the Coalinga Oil District, which is recognized as the largest producing oil district in California. It is selling stock for the development of the same. The par value of this stock is one dollar, and the present purchase price is 40 cents. It is only a question of a short time until the stock will be selling at par. We advise the early purchase at 40 cents. Remember this stock goes to 50 cents on the 28th of May and not a share can be bought for less after that date. Now, don't hesitate. Buy now, and do so quick.

HUMPHREYS' HOME, MEDICINE CO., CORNER William and Ann Streets, New York.

Upper Peninsula

Sale Realizes Small Sum—

A total of \$7.50 was realized from the sale of a number of articles of furniture formerly used in the old weather office at Escanaba, at the public auction conducted at the federal building by Observer H. S. Cole. Included in the list were four office chairs, a large rug, a typewriter stand and a quantity of shelving. A number of bidders were attracted, but the offers made were very low.

Observatory for Escanaba—

John Noack of Escanaba, who is one of the best informed astronomers in the state, is having an observatory tower built on his premises at 212 Wells avenue. It will be one of the finest private observatories in the country. The building will be a circular tower thirty-five feet high and sixteen feet in diameter with a dome mounted on ball-bearing rollers, so that it can be moved in any direction with perfect ease. The telescope will be mounted on a solid concrete pedestal reaching up through the center of the tower, which will make it solid, and as it is independent of the masonry tower no jar nor shock will interfere with the instrument. The tower complete, with the telescope in position will mean an outlay of approximately \$5,000 but as Mr. Noack intends to pursue the study of astronomy this is not taken

Negaunee Department

BUSINESS MEN FAVOR PAVING IRON STREET

MAY VISIT NEGAUNEE.

Detroit Business Men Coming to Marquette County Expect to Stop Here.

ONE OF THE CITY'S LEADING MERCHANTS GIVES GOOD REASONS WHY BONDING PROPOSITION SHOULD CARRY.

"I am told that some of the smaller taxpayers are opposed to the bonding of the city to raise money to be used for the paving of Iron street," said a business man, yesterday. "I cannot understand why any taxpayer should fight against this much needed improvement. I have talked with practically all of the business men and they seem unanimous for it. I can also say positively that the representatives of the mining companies, which pay about three-fourths of the taxes of the city, also favor it. The members of the board of public works and the council are also among its earnest advocates.

"Whether the bonding proposition carries or not, the street will have to be improved. The board of public works estimates that it will cost \$12,000 to give the street a dressing of crushed rock. This is nearly one-half what it will take to lay pavement with concrete gutters, from one end of Iron street to the other, and in the block on Gold street extending from Iron to the South Shore tracks.

"Some people do not seem to realize the difference between pavement and gravel streets. If laid, they would certainly not oppose the proposed improvement. Two years ago, when Negaunee celebrated the Fourth of July, it was ashamed of the condition of our streets. It rained in the morning and those who were in the procession were obliged to tramp through mud almost ankle deep. With paved streets the surface would have been perfectly clean. The advantage of getting rid of the dust would mean a good deal to the business interests. Last week the merchants suffered much damage because of dust.

"I have heard some little difference of opinion expressed as to whether crushed blocks or brick should be used. Personally, I favor crushed blocks, and think the members of the board of public works used good judgment when they recommended that material. Brick pavements are more expensive to repair, and besides the surface is rough and they are noisy, as well as being hard on horses. The surface of a crushed block pavement is perfectly smooth and noiseless.

"The bonding of the city will not be a hardship to any of the taxpayers, as the amount to be raised will be spread over a period of several years, and the sum placed upon the tax roll annually will not be a drop in the bucket. There is no city in the upper peninsula that is more able to make an improvement of this kind than Negaunee, as our indebtedness is small. The city also carries a bonded amount in its treasury. It is my belief that it will be far better to spend \$1,000 for pavement than \$12,000 for crushed rock macadam, which will have to be put down in the event the bonding proposition is defeated.

MANY NEW WALKS.

Concrete Contractors Will Have an Exceptionally Busy Summer.

The Negaunee concrete walk contractors are having no difficulty securing jobs this season, as many of the property owners are coming to them voluntarily, offering them contracts. There are many very poor board walks in the city, and although the city authorities are not forcing the property owners to put in new walks many of them are anxious to improve their places.

Both Jackson & Lindquist and Anton Hendrickson are working larger crews than at any previous time since they began laying walks, and they expect to put in a much larger number of feet of walk this season than ever before. Jackson & Lindquist have just finished a walk at Mrs. Bailey's house on Case street and one at Joseph Barab's residence, corner Case street and Brown avenue. Walks are about to be started at the properties owned by Henry Schultze, Maurice Kelley, R. G. Jackson and D. Lignay on Peck street. A new walk has also been completed at Dennis Reidy's property, corner Clark street and Brown avenue.

Anton Hendrickson is just finishing walks at E. W. Adams' home, corner Case street and Teal Lake avenue, and work has just been started on a walk in front of the Mitchell Methodist church parsonage on Case street.

CHURCH TO CELEBRATE.

The Mitchell M. E. church, of which Dr. D. C. Plannette is the pastor, will today and tomorrow celebrate its tenth anniversary. The program will open with a lecture by Rev. Dr. Hall of Tuscola, Ill., on "The Problem of Life." The services on Sunday will be as follows: Sermon by Dr. Hall at 10:30 a. m.; platform meeting at 3 o'clock, and sermon by Dr. Hall at 7 in the evening. Those who will speak at the platform meeting are: Rev. J. M. Rogers, Marquette; Rev. J. Moode and Rev. Dr. Adams, Ishpeming; Rev. R. T. T. Hicks, Negaunee, and Dr. Hall.

Monday, the 23rd of May, will be two years since I established my business in Marquette, and to show my appreciation I will, for one week only, make any tailored suit, without exception, for linen suits at \$25 and \$30; cloth suits at \$45 and \$50. Regular prices are \$50, \$75 and \$85. This offer is only up to May 28th.

WM. DAVIS.

Ladies' Tailor and Milliner, Marquette. (5-21-24)

A REGULAR TOM BOY

Was Susie—climbing trees and fences, jumping ditches, whittling, always getting scratches, cuts, sprains, bruises, bumps, burns or sores. But law! Her mother just applied Bucklen's Arnica Salve and cured her quick. Heals everything healable—Boils, Ulcers, Eczema, Old Sores, Corns or Blisters. Try it. 25c at The Stafford Drug Co.

Foley Kidney Pills contain in concentrated form ingredients of established therapeutics for the relief and cure of all kidney and bladder ailments. Sold by all druggists.

Although no positive announcement has yet been received as to whether the members of the Detroit Wholesalers & Manufacturers' association will visit Negaunee on their tour next Friday, it is expected that many, if not all, of them will call here. Several of the Detroit concerns who have patrons among the Negaunee business men have written them, stating that their representatives will call. They have also extended an invitation to the Negaunee merchants to visit their boat, the "Detorara," while it is in the Marquette port.

The party is due to arrive at Marquette Friday morning at 9 o'clock and a reception is to be held that evening, the boat leaving Marquette at 2 a. m. Saturday morning. In the letters received here the Detroit men urge the merchants to have their ladies accompany them to the reception. In some of the letters the wholesalers say that their representatives will be at the boat during certain hours to receive their retail patrons.

It is expected that the special train that will carry the visitors from Marquette and return will stop here for a short time, in order that the wholesalers may call at some of the stores. It is understood that the excursionists will spend about two hours in Ishpeming.

NEW CATCHER TODAY.

Charles Heidenson, who has been catching for one of the teams of the Chicago city league has been engaged to play with Negaunee, and will arrive here this morning. He will catch in the game today with Crystal Falls and it is also expected that he will wear the mask again tomorrow. Rosevear is slated to pitch today's game and either Steidle or Siebenthal will be in the box tomorrow afternoon. Little is known here of Crystal Falls' strength, but it is thought that some new players have been added and the weak spots strengthened up.

Both of the games will be called promptly at 2:30 o'clock. The admission will be twenty-five cents for adults and ten for children, with ladies free in the grand stand.

BAND CONCERT TONIGHT.

The Negaunee City band will give an open air concert this evening at the band stand in the city square. The program will open with Chopin's Dead March, out of respect to the late King Edward. During the concert a collection will be taken up to help pay for the new uniforms ordered a few days ago. The program will be as follows: "Dead March".....Chopin
Grandioso March.....H. Round
Military Fantasia and the Relief of Evonove.....H. Round
Coronet solo—"Columbia" F. H. Rollison
Ernest Hawke.

Grand selection, "Field of the Cloth of Gold".....V. Buel
March—"Panama to Alaska".....

FIREMEN'S SERVICES.

A special meeting of the Negaunee fire department will be held some evening next week, probably Tuesday, to complete arrangements for firemen's memorial services, which are to be held on the first Sunday in June. Last year the members attended services at St. John's Episcopal church and marched from there to the cemetery, where the graves of the departed members of the department were strewn with flowers.

LOCAL LACONICS.

F. J. Millwood of Iron River, Mich., was here yesterday on business.

George DeTrain has returned from Cheboygan, where he was called on account of a fire at his home.

The Bijou theater, in the Sundberg block, will present scenes of Theodore Roosevelt's hunt in Africa next Tuesday evenings.

A carload of sixty-two-foot rails were received yesterday by the Marquette County Gas & Electric company. They are to be used on the streets of Ishpeming.

Dr. Wilson, of the Negaunee hospital staff, has an Oakland residence, which he purchased from E. R. Nelson, the company's agent in the county.

The Cleveland-Cliffs Iron company is now employing about twenty men in the new cemetery site. All of the stamps are being blasted out and other work is being done.

Messdames T. M. Wells and A. F. Maitland will serve coffee this afternoon between 3 and 5 o'clock at the Golf club house. This will be provided for parties desiring to play whist.

The committee that is to have charge of the ball to be given by the Chevalier de Lafayette society at the Adelphi rink on the night of Decoration Day, the 30th, has decided to charge only fifty cents per couple, including supper, which will be served in Shea's hall by the lady relatives of the members.

A. Loukkanen and Miss Annie Laitinen, well-known young Finnish people of Negaunee, were married Thursday evening at the home of J. Ryttonen, the Clark street grocer. The ceremony was performed by the Finnish minister of Ishpeming, and friends of the contracting parties were present. The bride worked in Mr. Ryttonen's store for some time.

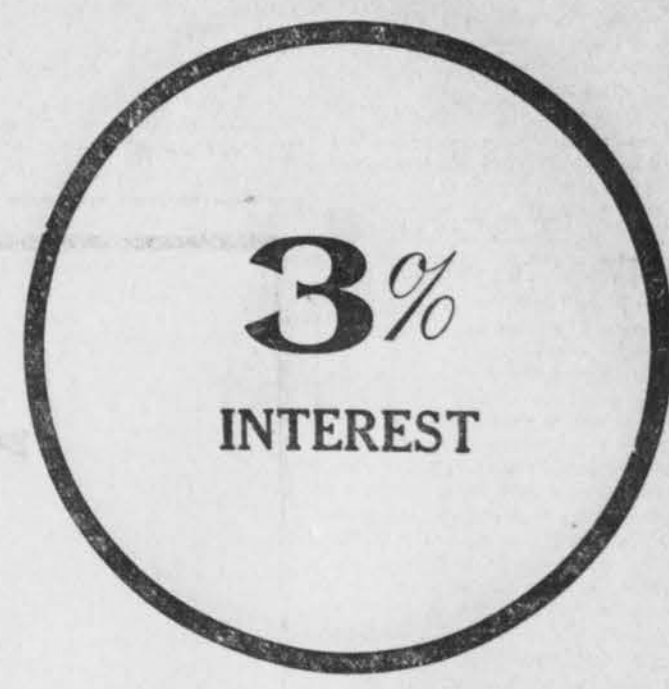

A new catcher for the Negaunee baseball team is expected to arrive here this morning from Chicago. He will be behind the bat in tomorrow's game with Crystal Falls, and Joe LaFave will catch this afternoon. With the additional catcher the Negaunee team is now complete, with the exception of Ralph Rains, who will be here next month, after completing his school work. He will hold down third base.

THE HIGH COST OF LIVING

Increases the price of many necessities without improving the quality. Foley's Honey and Tar maintains its high standard without any increase in cost. COME TO OSHKOSH

5,000 Men Wanted
Steady Employment Good Wages

A wonderful opportunity for you to secure better wages. The City of Oshkosh has entered upon a period of growth that is phenomenal. Workmen in all lines can find immediate employment.

OSHKOSH is the city of great opportunity for the workman today. You can find employment in all lines. The new industries locating in Oshkosh, the rapid expansion of present factories, the great increase in building operations, offer employment to all classes of labor. Oshkosh has now over 300 prosperous manufacturing concerns. Every one of them is in need of more help. Conditions are such that they must rapidly train unskilled labor into skilled help to care for increased production. This means quick advancement—higher wages. For a man with a family the situation offers unusual advantages. He can not only find employment for himself but also for his sons and daughters. In Oshkosh the majority of workmen own their own homes. Churches of all denominations are thriving schools are the best—stores carry large and complete stocks of all commodities supplied from local wholesale houses which equal those of the larger cities. Rents are low—property reasonable now but will rapidly increase in value. Splendid street car service reaches all parts of the city—3-cent fare during time men are going and coming from work. Up-to-date Interurban Cars afford rapid transportation to surrounding cities at low rates. Oshkosh, one of the most beautiful and healthful cities in the country, is situated in the famous Fox River Valley on the shores of beautiful Lake Winnebago in the

heart of one of the richest agricultural districts in the world. It is a country seat. Within a radius of 50 miles there are 200,000 people. Its manufacturing industries send their products all over the world. It is the home of the largest match factory—the largest sash, door and blind factory—the center of hardwood and veneer door production. Shipping facilities are excellent, via lake or rail. Oshkosh is famous as a summer resort. People come from all over the country to spend their vacations here. Its shady, park-like streets, handsome public buildings, comfortable homes, splendid police and fire departments, excellent gas and electric lighting systems, make it at once a safe, pleasant and economical place to live. There are plenty of amusements both outdoor and indoor—good theatres and short, easy, inexpensive trips up the lake or into the country.

Some of the Products Manufactured

Sash, doors and blinds—hardwood and veneered doors—maches—logging and mill supplies—bale and office furniture—boats—engines—sawmill and shingle-mill machinery—furniture—mattresses—springs—carriages—trunks—autos—candy—bottle covers—grass matting—clothing—underwear—hosiery—boxes—brooms—wagons—cigars—cigar boxes—excelsior—kitchen cabinets—step and extension ladders—rugs—saw-mills—soap—threshing machines—vinegar—

tools and machinery—soda water—sheet metal—lime—cement—books—building materials—four-casting—art glass—grill work—beer—pumps—mining lamps—mine signal systems—moving-picture machines—cut stone, etc. If you are dissatisfied with your present way of living—if you are not getting all out of life you feel you ought to—if you are under paid and find it hard to get along—hard to keep the family happy and comfortable—if you are an earnest, thinking man with an eye on the future, and a keen appreciation of the need and opportunity of the present, we urge you to come to Oshkosh. If you are looking for a place where you can have steady, pleasant, profitable work all the year round in a growing city of health, wealth and happiness; where you can buy or rent at lowest rates with good schools for your children, and a chance to learn a trade, you should come to Oshkosh at once or write us for particulars in regard to what Oshkosh offers you. Mail coupon to Secretary Chamber of Commerce, Oshkosh, Wis.

JUDGE FLANNIGAN IMPOSED BIG FINE

GAVE ANGRUS CROSSMAN ALTERNATIVE OF PAYING \$223.50 OR GOING TO JAIL.

VIOLATED LIQUOR LAW

Convicted Man Chose the "Sixty Days"—Judge's Handling of the Liquor Cases Has Caused Much Comment.

Angus Crossman, the Washington street restaurant keeper, received a hard jolt from Judge Flannigan yesterday morning in circuit court. Crossman had pleaded not guilty to a charge of violating the liquor law, but was convicted by a jury of selling beer the evening of April 10. The severity of the sentence imposed in his case is another evidence of Judge Flannigan's intention to secure a strict observance of the liquor law in the counties of his circuit, if severe sentences can accomplish it.

When Judge Flannigan asked Crossman if he had anything to say, Crossman again affirmed that he was not guilty. Judge Flannigan said he had been defended by a good attorney and had had a fair trial before an impartial jury, so that point had been disposed of. The judge dwelt at some length on Crossman's offense. He said the law provided a method under which liquor may be sold legally in communities where people want it sold, and that persons desiring to sell liquor should comply with the conditions fixed. He warned Crossman that if he appeared before him a second time there would be no alternative punishment of a fine, but that a jail sentence would be fixed. He reiterated that the law applying to the liquor traffic must be observed.

Judge Flannigan's handling of the liquor cases brought before him this week has been generally commented on. It is the prevailing opinion that if there was any doubt left as what the status of the liquor business here would be in the future he has settled it, and his vigorous assertions that the law must be observed, coupled with his severe penalties, assure that the saloon men will hereafter take no chances on being haled in to his court. "It takes a long time to earn \$100 in the saloon business now," a liquor dealer said yesterday. "No one can afford to take any chances on having to appear before Judge Flannigan." The only saloon man who got off easy this term of court was August Ohgren of Ishpeming. He pleaded not guilty when first arraigned, but evidently was guilty, for in the same breath he protested that he entered his saloon during illegal hours to fix his beer pump. He later changed his plea to one of guilty and was let off with \$10 fine and \$15 costs, the court evidently believing that he had not entered his place with any idea of doing business.

Other Court Happenings.
The case of Lydia Bengston vs. Frank Platto, suit for damages sustained by the plaintiff when she was knocked down by a horse driven by the defendant, went over until next term. Testimony was developed during the trial that led the plaintiff's attorneys to make a motion to be allowed to amend their declaration. It was granted, and this was also the disposal made of a motion by the defendant's attorneys for a continuance. When court convened at 2 o'clock in the afternoon a jury was drawn for the case of John W. Spear vs. James Pendill, and the taking of testimony proceeded. Mr. Spear being the first witness called. This case will be concluded today, it is expected.

LADIES OF MARQUETTE AND ALGER COUNTIES.
I am pleased to announce that I am ready to accept ladies' fur garments for storage and repairing and kept until cold weather commences. Only 3 per cent charged for storage when there is no repairing to be done.

ISHPEMING HERE TODAY.

Game at the Fair Grounds Will Be Called at 2:45 O'Clock.

The Ishpeming baseball team will play Marquette at the fair grounds this afternoon at 2:45 o'clock. It will be a hard played game, for the league season is now on in earnest, and both teams want the victory. Marquette is at the head of the percentage column, with two victories to its credit, and Ishpeming and Negaunee have each won and lost one game. If Marquette takes one of the games with Ishpeming it will still be secure in first place, because the best Negaunee can do by winning both the games with the Crystal Falls team would then be to tie Marquette in the percentage column. Scholtus or Jeanson will pitch today's game and Richardson will be at the receiving end of the battery. The Marquette team will line up as follows:
Young, short stop; Weiser, right field; Riopelle, left field; Mack, third base; Clifford, center field; Eddy, second base; Dunlavy, first base; Richardson, catcher; Scholtus or Jeanson, pitcher.
For tomorrow's game the South Shore railroad will run a special train to the grounds. A large attendance is expected if the weather favors, for the interest in baseball is now pronounced. Frost will pitch for Marquette tomorrow.

Members of the board of directors yesterday canvassed the business and other interests to raise funds for the support of the team, and met with excellent success.

DEATH OF D. R. FERRIS.

G. A. R. Man, Long a Resident of Marquette, Passed Away Yesterday.

D. R. Ferris, for the past twenty-eight years a resident of Marquette, passed away early yesterday morning at his family residence, 221 West Bluff street, after a lingering illness. Mr. Ferris was sixty-seven years of age, and a veteran of the Civil war. He was a member of the Grand Army of the Republic and of the National League of Veterans and Sons. He is survived by his wife, one daughter, Mrs. M. W. Lowdermilk, of Negaunee, and two sons, Mark and Guy, of this city. The funeral will be held Sunday at 3:30 o'clock from the residence, and interment will be in the cemetery. Rev. Bates G. Burt will conduct the funeral services.

SAILOR SUFFERS BURNS.

Jumped from Deck of Schooner Chattanooga Into Lake to Quench Them.

William Heyter, a sailor on the schooner Chattanooga, is in St. Mary's hospital, suffering from burns he received yesterday morning. He attempted to empty a can of a painter's drier into the fire hold and the result was a flare out of flames that ignited his clothes. He rushed to the deck, and then did the most sensible thing he could, under the circumstances, leaped over the steamer's rail into the lake. He was quickly rescued by the other sailors. He was taken to St. Mary's and his burns dressed. They are painful, but not serious.

MUSIC CLUB PROGRAM.

The Saturday Music club will meet with Mrs. A. T. Roberts this evening at 8 o'clock. The following program will be given:

WORK GOING AHEAD AS FIRST PLANNED

COUNTY ROAD COMMISSION HAS NOT "FALLEN DOWN" ON MARQUETTE-DICKINSON ROAD.

CONTRACTOR NOW AT WORK

Stretch from County Boundary to Witch Lake Will Be Completed This Year—Good Progress in Choceloy Township.

Says the Iron Mountain Press: "It will not be possible to make an automobile trip from Iron Mountain to Marquette range towns. It develops that Marquette has 'fallen down' badly on the Dickinson-Marquette county highway, for some unknown reason. The Press regrets to learn that the Marquette county road commission instead of building a highway from the Michigan river to Republic, as was generally understood at this end of the route, will only build the link from the river to Witch lake, a distance of about four miles. The Dickinson county section, from Sawyer lake to the Michigan river—and the concrete bridge across the stream named—will be built according to the original agreement. The contractors are rushing the work and have the right of way chopped out and stumped to a point near Dead Man's lake."

While Superintendent Hillyer did not care to discuss the above reference to the work of the Marquette county road commission, he says that the work on the Marquette-Dickinson county highway is progressing as it was originally planned. Of any specific agreement that an automobile road would be opened up this year between the county line, on the Michigan river, and Republic—a distance of twelve miles—he knows nothing. It is the plan to ultimately complete a first class road between these points, but the commission cannot well finish the work in one season. The link of road between the county boundary and Witch lake will connect with roads already opened between Witch lake and Republic. The road between Witch lake and Witbeck, on the way to Republic, is rough, but there is a fairly good road from Witbeck to Republic. These roads will be rebuilt or replaced by new roads as quickly as the work can be taken up, but the commission cannot spend all its money on these projects.

The road between the county line and Witch lake is now being built under contract. In another column the commission calls for bids on a part of this highway, the grading consisting of approximately 3,749 cubic yards of embankment and 4,018 cubic yards of earth excavation.

Forty Men Employed.

The county road commission has a force of about forty men employed on the Choceloy township road. Of this number twenty are working at the quarry, and there will be room for ten more as soon as the quarry is a little better opened up. So far the crusher has been operated without mishap and except on account of rain there has been no interference with the work of road building. Besides the traction engine and train of dump cars, a half dozen teams are employed hauling rock, which is being laid on the road at the rate of about a quarter of a mile a week. The road is rough graded a considerable distance ahead of the rock crew.

Keep Out of the Ruts.

"Automobile drivers could add greatly to the life of the Marquette-Negaunee road if they would be careful to use all of the surface of the road, instead of traveling in one place and making ruts," Mr. Hillyer said yesterday. "The prevailing practice is to travel in the ruts, and it is ruinous to any road, for it disintegrates the surface rapidly. If the drivers of the motor cars will make a point of keeping out of the ruts the life of the road will be greatly increased."

Monday, the 23rd of May, will be two years since I established my business in Marquette, and to show my appreciation I will, for one week only, make any tailored suit, without exception, for linen suits at \$25 and \$30; cloth suits at \$45 and \$50. Regular prices are \$60, \$75 and \$85. This offer is only up to May 28th.
