

COLLISION COSTS EIGHTEEN LIVES

Steel Steamer Frank H. Goodyear, of the Mitchell Fleet of Cleveland, O., Downbound With Ore, Sinks in Lake Huron.

Striking the Craft Amidships, the Jas. B. Wood, Upbound Without a Cargo, Sends the Ill-Fated Vessel to the Bottom So Quickly That of the Twenty-Three Persons on Board Only Five Are Rescued—A Fog Held Responsible for the Disaster.

Cleveland, May 24.—The steamers James B. Wood, of the Gilchrist fleet, and Frank H. Goodyear, of the Mitchell fleet, collided in a fog near Thunder bay yesterday. The Goodyear sank in forty-seven fathoms, and eighteen of her crew are reported drowned.

Falling Hatches Kill Many. Port Huron, Mich., May 24.—The collision between the Goodyear and the Wood occurred thirty-five miles north of Point aux Barres, after being rammed in a heavy fog. The Goodyear's captain and the steward, the steward's mother and two engineers were saved and were brought to Port Huron on the Wood.

Port Huron, Mich., May 24.—The families and friends of the missing eighteen members of the crew of the ill-fated steamer Goodyear, which sank off Point aux Barres, after being rammed amidships by the steamer James B. Wood, tonight practically gave up all hope of any of the missing party being rescued.

It is impossible tonight to get an accurate list of the missing. A partial list follows: Mrs. Lillian Bassett, wife of the cook; John Bassett, three years old; Gus Zaetsch, first mate; Archie Fuller, second mate, all of Algona; Chief Engineer John Gibson; Woodman Jacob Plezgis, of Chicago; Wheelman John Pappa, of Cleveland; Watchman William Pitt, of Midland, Ont.; Watchman William Schluter, of Milwaukee; Deckhand Louis Kramer and Iver Carter, of Kenosha; Fred Herman, deckhand, of Cheboygan, Mich.; Frank Jankovits, deckhand, of Chicago; William Roberts, oiler, of Carsonville, Mich.; Howard Shook, oiler, of An Sable, Mich.; Fireman Stanislaw Kluzowski, of South Chicago; Fireman Ernest Streck, of Kenosha. The vessel carried a crew of twenty-three.

THREATENS TO KILL HERSELF. Chicago, May 24.—Pauline McEigh, twenty-one years old, today told the chief of police that she would commit suicide unless attention was made for the life of John Dubinski, her fiancé, who was shot and killed recently by detectives who thought him a highwayman. Dubinski was from the central part of Illinois.

STATE FINISHES ITS CASE. Mays Landing, N. J., May 24.—The prosecution in the trial of William Seyler, accused of murdering Jane Adams, finished the presentation of evidence today and all the witnesses for the defense except Seyler himself were examined. Seyler will go on the stand tomorrow morning. The trial was started only yesterday.

HOTEL FIRE IS FATAL TO TWO. Monmouth, Ills., May 24.—John Jacobs of Galesburg and Bud Miller of Monmouth were killed early today in a fire that destroyed the City Hotel.

MYSTERIOUS GAS KILLS PROMINENT NEW YORKER.

Charles Dickinson, Organizer of the Carnegie Trust Company, Is Dead as the Result of a Chemical Experiment—Two Associates Are Ill but Will Recover.

New York, May 24.—Charles Outer Dickinson, organizer and former president of the Carnegie Trust company, died this morning from congestion of the lungs, caused by the inhalation of a mysterious gas in the laboratory of Dr. F. N. Lange, of Scranton, Pa., May 6. V. B. Hedgepath, of Scranton, at whose instance Mr. Dickinson went to witness an experiment, also was seriously affected by the gas, as was the experimenter, Dr. Lange. Both are reported ill, but will recover.

Glenn Curtiss Plans Record-Breaking Flight. In an Effort to Win a Prize of \$10,000, He Will Attempt to Fly from Albany to New York via the Hudson River Tomorrow, With Only One Stop.

New York, May 24.—Glenn H. Curtiss will attempt on Thursday the most ambitious flight over water that has ever been essayed in an airplane. Under the terms of a contest offered by the New York World he will try to fly from Albany to New York with one stop, although two stops are allowed. A prize of \$10,000 is offered. The distance by rail is 142 miles, but by water it is estimated to be 100 miles. The longest across-country flight officially recorded is 125 miles, made by Louis Paulhan April 18 from Orleans to Arcis sur Aube.

Protests Against Big Fight. Presbyterian Assembly Will Appeal to the Governor of California.

Atlantic City, N. J., May 24.—The Presbyterian general assembly today made a formal protest against the holding of the Johnson-Jeffries fight. The protest will be sent to Governor Gillett, of California.

San Francisco, May 24.—Johnson did his usual road work today. The first definite step of the churches against the prize fight was made today, when a delegation of prominent ministers and legal advisers appeared before the police committee of the board of supervisors to protest against granting a permit to the Broadway Athletic club to conduct the Jeffries-Johnson fight July 4.

TRAPSHOOTING CONTEST OPENS. Des Moines, May 24.—In the opening of the Great Western trapshooting exhibition and world's championship here today, F. C. Bills, of Chicago, made the high score in the singles, making 174 out of 200. W. R. Crosby, of O'Fallon, Ills., made a sensational record by breaking 100 straight in the first five events this morning.

MANY HORSES ENTERED. New York, May 24.—Senator Joseph W. Bailey's recent appeal to horsemen to support the Eastern trotting meetings of the Grand circuit has resulted in a remarkable list of entries for the five stakes of the Trotting Horse Breeders' club to be decided at Yonkers Aug. 23 to 27. More than one hundred horses are entered. The entries point to the largest Grand circuit for New York on record.

CANADIAN WINS MARATHON. Toronto, May 24.—Wood, of Montreal, won the second Canadian marathon derby here tonight. Hans Holmes was second, and Kolenainen, of Finland, was third. St. Yves was fourth. The time was 2:34:10.2-5.

PLANS TO FIGHT THE 'DRY' FORCES

National Liquor Dealers' Association, Meeting at Cincinnati, Considers Ways and Means of Combating Prohibition Movement.

License and Regulation Make for Temperance, Says President Westheimer, and His Sentiments Are Echoed by Other Speakers—They Declare for War on the Disreputable Saloon Through the Enactment and Enforcement of Honest Reform Legislation.

Cincinnati, May 24.—The National Liquor Dealers' association met here today and listened to addresses and reports. Secretary Dehart urged the convention to declare for license and regulatory laws, license to be granted only to men of good character.

Protests Against Oppressive Laws. "No business on earth is more embarrassed and handicapped by the constantly changing and increasingly oppressive laws than ours," said President Westheimer in an address at the convention during the afternoon.

CHINESE MOBS AT WORK. Several Villages Are Destroyed and City Is at Their Mercy. Shanghai, May 24.—Native riots occurred at Chuan-Chia Saturday. A considerable portion of the city was burned. The Lutheran church was destroyed. The anti-foreign sentiment is spreading.

SETH BULLOCK WITH HIM. Former President Roosevelt Pays Visit to the British Museum. London, May 24.—Theodore Roosevelt spent a busy but quiet day. His movements were not made public in advance, and hence he escaped the crowds.

BATTLE IS ON IN NICARAGUA. Washington, May 24.—A telegram received at the state department from Consul Moffatt, at Bluefields, dated yesterday evening, states that General Rivera's forces were attacking Estrada's army back of the city.

Religion is the best armor in the world, but the worst cloak. Let us believe that love goes with us to the shore unknown.

THE WEATHER

Washington, May 24.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy in the west, showers in the east, Wednesday; Thursday, fair; moderate northwest to north winds becoming variable Thursday.

BASEBALL

STANDINGS OF THE TEAMS.

Table with columns for National League, American League, and American Association, listing teams and their records.

SCHEDULES FOR TODAY.

Table listing baseball games for today, including National League, American League, and American Association games.

YESTERDAY'S GAMES.

Table listing results of baseball games from yesterday, including scores and key players.

GOLDEN RULE CHIEF ASSAILED.

Head of Cleveland's Police Accused of Immorality and Drunkenness. Cleveland, May 24.—Charges were filed with Mayor Bahr today, charging Chief of Police Kohler, known throughout the country as the "golden rule" chief, with gross immorality, habitual drunkenness and disobedience of the orders of his superior.

ALASKAN DELEGATE IS ACCUSER.

Inquiry Involving Gov. Clark, the Guggenheims and Others is Started. Washington, May 24.—An investigation was begun today at the request of Delegate Wickersham, of Alaska, who has entered charges against Governor Clark, ex-Governor Hoggatt and Louis Shackelford and seeks to connect them with the Guggenheim interests.

HARRY THAW'S WINE MISSING.

Pittsburg, May 24.—Trustee Roger O'Mara, acting for Harry K. Thaw, has declared in an inventory to the referee in bankruptcy that 125 cases of champagne and \$800 in cash were among the assets of Thaw's estate for which he is making a diligent search to recover.

HOUSE GRANTS TAFT'S REQUEST

By a Strict Party Vote, It Adopts the Amendment Appropriating \$250,000 to Enable the President to Obtain Tariff Information.

Mr. Norris of Nebraska Appeals from the Speaker's Decision at a Banquet Recently, That "the Insurgents Should Be Hanged"—He Suggests That "Uncle Joe" Took a Glass Too Much—The Senate Considers the Railroad Bill.

Washington, May 24.—By a strict party vote of 110 to 87, the Taft amendment appropriating \$250,000 to enable the president to obtain tariff facts was adopted in the house today.

Mr. Norris Answers Uncle Joe. Representative Norris, of Nebraska, an insurgent, took occasion in a speech on the sundry civil bill today to appeal from the speaker's decision at a banquet recently that the "insurgents should be hanged."

Heated Colloquy Excites. "The president was never called upon to go to my district to save my scalp," angrily retorted Mr. Mason, of Arkansas, when Mr. Taft, of Minnesota, taunted him with having recently gone home because he was afraid his constituency would not send him back to congress.

Senator Martin Proposes a Compromise. Washington, May 24.—The Cummins amendment to the railroad bill prohibiting the putting into effect of increases of railroad rates until they shall have been approved by the commerce commission was before the senate throughout the day.

ARE OFF FOR WASHINGTON.

Louisiana Legislators Will Press New Orleans' Claim for Exposition. Baton Rouge, La., May 24.—An special train of fourteen coaches, both houses of the Louisiana general assembly started today for Washington, where they go to press the claim of New Orleans for an international exposition which is to celebrate the Panama canal in 1915.

CELEBRATION IS PLANNED.

100th Anniversary of Harriet Beecher Stowe's Birth Occurs Next Year. Washington, May 24.—A movement has been started here for an appropriate celebration throughout the country on June 14, 1911, of the one hundredth anniversary of the birth of Harriet Beecher Stowe.

FIRST SIGN OF SUMMER.

Senator Bourne of Oregon Appears in a White Flannel Suit. Washington, May 24.—Senator Bourne appeared at the senate today in a new white flannel suit. It was the first sign of summer in the upper branch, and those who gazed upon the Oregon statesman were reminded that the session was on the wane.

IS VICTIM OF HEART FAILURE.

Ex-Senator John C. Patterson Drops Dead at Marshall, Mich. Marshall, Mich., May 24.—John C. Patterson, state senator for four years, dropped dead here tonight of heart disease. He was seventy-two years old.

SAYS IT'S NOT A CRIME TO BUY A SOLON'S VOTE.

On the Ground There Is No Illinois Statute Regulating the Election of U. S. Senators, Lee Browne's Attorney Asks Dismissal of the Bribery Charge.

Chicago, May 24.—Declaring that there was no Illinois statute regulating the election of United States senators and arguing, therefore, that there was no law violation if Lee O'Neil Browne, as charged, had paid Representative White to vote for William Lorimer, Attorney W. S. Forrest continued his efforts here today to have the bribery indictments against Browne quashed.

PUTS COL. DARLING IN THE "BLAB MOUTH" CLASS.

Colonel Watrous of Milwaukee Criticizes the Chicago Veteran Because of His Protest Against the Statue of Lee—Says His Patriotism Is the Veriest Sham. Milwaukee, May 24.—Lieutenant Colonel Jerome A. Watrous, retired, criticizes Colonel James Darling, of Chicago, for his protest against the installation of the statue of General Lee in the Hall of Fame, made at Freeport, Ills., yesterday.

SEES SENATORS BEAT TIGERS.

Incidentally President Taft Gets a Welling—Is Caught in Rain. Washington, May 24.—President Taft and Vice President Sherman this afternoon went to the ball park to see Washington beat the Detroit Tigers in a spectacular game which ended in a miniature cloudburst just as the home team got the winning runs across the plate in the sixth inning.

MAKES MORE LARGE GIFTS.

General Education Board Appropriates \$700,000 to Various Colleges. New York, May 24.—Appropriations of more than \$700,000 were made today by the General Education Board of Endowment work at various colleges and for agricultural colleges in the South. The appropriations follow: DePauw University, Indiana, \$100,000; Allegheny college, Pennsylvania, \$100,000; Drake University, Iowa, \$100,000; Central University, Kentucky, \$75,000; Marietta college, Ohio, \$60,000; Iowa Wesleyan, Iowa, \$50,000, in addition to a like amount subscribed at the last meeting of the board; Middlebury college, Vermont, \$50,000; Transylvania University, Kentucky, \$50,000. The General Education Board has contributed in all to seventy colleges, the gifts totaling \$5,177,600.

DETECTIVES RUN HIM DOWN.

Chicagoan Is Jailed for Assaulting and Robbing a Girl Causier. Chicago, May 24.—After assaulting Mamie McGarry, an elevated railroad cashier at a West side station, today and securing \$17, Harry L. Livingston was captured by detectives, who pursued him into a flat building. The girl screamed just before being struck with a heavy bolt, and thus attracted the officers. The girl is in dangerous condition. Red pepper was found in Livingston's pockets, and this the police say the robber may have intended to throw in the girl's eyes.

FIRE RISK THE MOTIVE.

Milwaukee Building Inspector Orders Department Store Restaurants Closed. Milwaukee, May 24.—Building Inspector Edward Koch this morning ordered six department stores to discontinue their restaurants, declaring their maintenance a violation of the law. Their removal is deemed necessary on account of the fire risk, they being above the ground floor and in the midst of inflammable material.

THINK BOMB MEANT FOR KING.

Madrid, 24.—The police believe today that the bomb exploded here last night was intended for King Alfonso upon his arrival at the station on his return from London. As a result, the plans for the king's return were changed and he will enter the city by automobile.

ACTORS' FAIR NETS \$110,000.

New York, May 24.—Profits of \$110,000 were realized for the Actors' Fund, devoted to the care of aged and needy stage followers, by the recent fair held here.

EARTHQUAKE FELT IN ITALY.

Reggio, Italy, May 24.—A heavy earthquake shock occurred here this evening. It frightened the people, but caused no damage.

CONFLICT FORCED UPON M'KINLEY

Former Private Secretary of the Late President Corroborates the Declaration Made by Chauncey M. Depew in the U. S. Senate

Martyred Executive Told Him, He Says, That the War With Spain Was Wholly Unnecessary and Would Not Have Occurred but for Hotheads High in Congress and the Yellow Press—Clamor Put End to Negotiations When Success Was Near at Hand.

Columbus, O., May 24.—The declaration by Senator Depew in the senate Monday, that President McKinley was forced into the war with Spain, was corroborated today by James Boyle, who, when McKinley was governor of Ohio, was his private secretary. Mr. Boyle stated that once, when meeting McKinley, the president said to him that the war was wholly unnecessary; that it would not have occurred but for some hot-heads high in congress and the yellow press.

Mr. Boyle said that McKinley told him that negotiations were well advanced for a settlement, with all that Cuba could ask, and that they would have been brought to a successful conclusion, no doubt, if the war clamor could have been withstood a little longer. He added: "The president told me that the knowledge the war could have been prevented and he had not succeeded in doing it was the greatest sorrow of his life."

NEW MOVE AGAINST PACKERS.

New Jersey Prosecutor Will Ask an Order Dissolving Their Charter. Trenton, N. J., May 24.—Notice was filed in the New Jersey supreme court today by Prosecutor Garven, of Hudson county, that he would apply June 7 for an order dissolving the charters of Armour & Co., Murray & Co., Swift & Co. and the National Packing company. This is a new move to have the companies punished for alleged conspiracy to raise the price of meats.

SWARZSCHILD & SUBBERGER INDICTED.

Hartford, Conn., May 24.—The federal grand jury here today indicted the firm of Swarzschild & Subberger, charging the shipping of unmarked and uninspected meat.

CELEBRATION IS PLANNED.

100th Anniversary of Harriet Beecher Stowe's Birth Occurs Next Year. Washington, May 24.—A movement has been started here for an appropriate celebration throughout the country on June 14, 1911, of the one hundredth anniversary of the birth of Harriet Beecher Stowe.

FIRST SIGN OF SUMMER.

Senator Bourne of Oregon Appears in a White Flannel Suit. Washington, May 24.—Senator Bourne appeared at the senate today in a new white flannel suit. It was the first sign of summer in the upper branch, and those who gazed upon the Oregon statesman were reminded that the session was on the wane.

IS VICTIM OF HEART FAILURE.

Ex-Senator John C. Patterson Drops Dead at Marshall, Mich. Marshall, Mich., May 24.—John C. Patterson, state senator for four years, dropped dead here tonight of heart disease. He was seventy-two years old.

HOLD UP A POKER PARTY.

Two Masked Men at Salt Lake Get \$2,000 in Cash and Jewelry. Salt Lake, Utah, May 24.—Two masked men held up a poker party composed of sixteen men here today, and levied a contribution of \$1,900 in cash and an equal amount in diamonds and jewelry. The bandits escaped.

LEBANON, IND., MAY 24.—The Republicans of the Ninth district today nominated Edward E. Neal, of Noblesville, for congress.

DAILY MINING JOURNAL

MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$1.00; Per year, by mail, \$10.00.

MARQUETTE, MICH., MAY 25.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

He laughs best who laughs last. Mayor Busse laughs last. The Goch-Zhysko wrestling match goes over until June 1.

The upper peninsula towns are getting ready to do their part in bringing Detroit and the upper peninsula closer together.

Three baseball games in a row, both here and at Union Park this week, ought to work some changes in the league percentage column.

It can at least be said that our Detroit Tigers dealt a little more severely with those Phillies than did any others of their recent opponents.

Even if General Lee is left out of the Hall of Fame, in accordance with the ideas of Colonel Darling of Illinois, he will have lots of distinguished company.

Where does the modern Ananias live? We think he lives in our town. Might give his P. O. address at a pinch, too. He's a jim dandy when you know all about him.

The bill for publicity of campaign contributions is one of the items of business congress sincerely hopes will be crowded into oblivion "by the press of more important matters."

While there may be disagreement over minor points connected with the forthcoming big fight, there must be general consent to the proposition that the press agents are doing nobly.

We note that a Negaunee saloon keeper has been arrested for violating the liquor law, has waived examination and has been bound over to circuit court. Poor man! Foolish man!

If the vote in the bonding election Monday next doesn't run at least 1,800 the people of Marquette ought to be heartily ashamed of their lack of interest in so important an issue.

The Escanaba Press says that Baldwin of the Journal was cleaned up in the charter commission elections. But the Press is not a disinterested witness against Baldwin. We prefer to wait to hear from Baldwin himself before making up our minds about it.

Just to be up with the times the government is going to launder its paper money, iron it and put it into circulation again. However if the government's laundry bill compares with the average bill of the householder it will be found cheaper to print a new issue.

Attorney General Bird would be tickled to death to go on the supreme bench, if for no other reason than to get away from that bothersome Warner-Cramton law. The possibilities, and impossibilities, of that famous statute are nowhere, outside the attorney general's office, fully appreciated.

The Marquette ball team is practically the only one in the league that bears any resemblance to a home talent affair. It is still able to muster a lineup in which the majority of the players have been Marquette residents for some years past. And for the time being, at least, they are jogging along a little faster than any of the others.

Mayor Seidel's quest for a health commissioner for the city of Milwaukee has ended, for Dr. W. Colby Rucker, of the United States public health and marine hospital service, has obtained a leave of absence for a year and will enter on his Milwaukee duties on a four-year appointment. It is expected that his leave of absence will later be extended and that he will serve out his term. Dr. Rucker stands high as a student of sanitation and public health measures, and there is no doubt that his management of the Milwaukee department of public health will justify his selection. It is evidence of Mayor Seidel's desire to get the best talent he can secure for these important city posts, irrespective of whether it can be found within the limits of Milwaukee.

Tom Taggart, one time Democratic national chairman, who more recently figured as a candidate for senator in the Democratic convention in Indiana, is reported to have a knife in his belt for Governor Marshall, whose scalp he aims to take at the earliest opportunity. Tom Taggart would have been pleased and edified had the senatorial lightning struck him, instead of John W. Kern.

and is not thankful to the successful efforts put forth by Governor Marshall to present such a consummation. What Tom now has in mind is to pour cold water on the Marshall presidential boom, if it ever threatens to become serious, and to be on the safe side he is putting out his lines to control the next Republican state convention. It is not likely that he will be put to much trouble to head off Governor Marshall. If Governor Harmon is re-elected in Ohio he will be the man to look after that.

A MODERN FLOATING FORT.

Forty-eight years ago, during the Civil war, the Confederates conceived the idea of fitting a vessel up with armor plate, so that it might be proof against the ordinary guns in use at that time. The Merrimac resulted and created a furore. It steamed down the James wherever it wished, destroyed the old fashioned wooden ships of the Union navy almost at will, and had little difficulty until it encountered the Monitor, another plated ship, but with a revolving turret, which succeeded in stopping its ship-destroying journey and turning it back. That improvised armor-clad, rudely covered with railroad iron, marked the beginning of the modern navy. It was a new idea in naval construction and from it has developed the modern fighting ship.

The latest Leviathan, just launched in this country, the battleship Florida, is believed to be the greatest fighting machine of its kind in the world. In its turrets it will carry ten twelve-inch guns which can be trained upon a single point and will hurl a little matter of 10,000 pounds of metal at a single discharge. In round numbers that is five tons which can be thrown several miles. The combined broadside of all the ships in the fleet with which Dewey sailed into Manila Bay was only half as powerful as that of this one ship, and the effective range was several miles less.

It is not necessary to go back to the days of the Merrimac and the Monitor to see the advance in battleship construction. The fleets of the Spanish-American war days are now antiquated and all but obsolete. It seems only yesterday that the Dreadnaught appeared to mark the limit in ship construction, yet the Florida is one step farther, and four other battleships of this class for the United States navy tend to strengthen the maritime power of this country.

The Florida may or may not be called upon in actual service. We have battleships which pass into and out of service without firing a hostile shot. The initial cost is great, the cost of maintenance is heavy. Yet it cannot be said that money spent in this way is wasted. It is the nation's insurance. Even the ships that are relegated to the junk heap or are converted into floating targets, like the ram Katalin, without having seen actual warfare, have had their influence in preserving peace and commanding the respect of other nations. The Florida represents an expenditure of somewhere around \$10,000,000. Yet if it is needed in actual battle or if it has real influence in averting war it will be worth to the nation all it has cost.

The school trustees have reached a wise decision in planning to give up the proposed addition to the high school group of buildings and make shift to get along with half sessions in the high school, or by some other expedient, until such time as it is necessary to provide more room, then building a new structure adequate to meet the demands for the future for some years to come. The results of such a policy will, in the long run, be much more satisfactory and economical than patching at the group of buildings here and there as it becomes necessary to secure additional room. If the proposed addition had been built, it would have completed an expenditure of about \$20,000 at the group—this including the purchase and remodeling of the Reidering building—since its completion, and there would have been practically nothing in the way of a permanent improvement to show for it. The decision to build no more additions to the present buildings in the group will no doubt meet with general approval.

It will be both trying and embarrassing for President Taft if, after he has taken his stand firmly with Representative Smith of Iowa, the voters of Smith's district should show a preference for Attorney General Myers, who is opposing him for the nomination. The outcome of this contest will be regarded with much concern. Representative Smith is pretty well entrenched, as these Smiths usually are. He has a compact and effective machine of federal employes and "stand-pat" lieutenants and the people of his district are not without a certain pride in the importance of the position he has attained in the house organization. It is generally expected that Representative Smith will be renominated in his district, but his renomination would not be regarded as having any final bearing on the larger fight waging in Iowa. The fact that President Taft has stepped out of his way to lend a helping hand to Representative Smith has raised the question whether he will perform a similar office for other regulars who are being closely pressed. The right of one to ask aid from the throne is about as well grounded as the right of another, but on the other hand if these presidential endorsements are lavished right and left they will lose their force. They are potent only when they are occasional.

NOT A HAVEN FOR THE UNFIT. In the fact that a record was set by the United States immigration authorities last week in the number of undesirable immigrants deported to their native land on the steamers which brought them here is reflected the growth of the doctrine that this country must no longer be the haven for the unfit of Europe.

Most of the aliens were rejected because of physical ailments and a considerable number on account of criminal records. In the latter class were many so-called "black hand" desperadoes from southern Italy. In many respects the immigration problem is one of the greatest of the day, the continually increasing horde not only having a very marked effect on such economic conditions as the cost of living and the industrial wage scale, but exercising an increasing influence on the ethical standards of politics and national development. There is no doubt that an honest difference of opinion may still exist as to the wisdom of admitting too many foreigners, even though measuring up to the present requirements, but the right enforcement of the law against physical and moral defectives is a reassurance to the nation.

The time is not far distant when the immigrant question, now only occasionally the subject of serious discussion, must come to the front. On the sound logic of the answer largely depends this country's future.

Chamberlain's Stomach and Liver Tablets will clear the sour stomach, sweeten the breath and create a healthy appetite. They promote the flow of gastric juice, thereby inducing good indigestion. Sold by The People's Drug Store.

THE STATE PRESS.

The Florida was launched a week ago and is still the mightiest battleship afloat. The foreign nations are a little slow in offering a larger one this time.—Grand Rapids Press.

In finding that stale beer was served at a party that broke up in a row, a Kent county jury has given some real live news to the world. We never knew that beer got stale in Kent county.—Pontiac Press Gazette.

If the comet had to make its route over Michigan highways, it wouldn't go so fast. There is nothing upon the earth below, nor in the heavens above, so absolutely and unnecessarily bad as Michigan's roads.—Jackson Citizen Press.

A LAUGH OR TWO. A Skeptic. Orville Wright, at a banquet in Dayton, told of an obstinate old Daytonian who, looking up one still afternoon at the Wright biplanes, circling smoothly and steadily through the air, said: "When people first told me about this here flyin', I called 'em liars. Then, when I read about it in the papers, I said it was a fake."

The old man, as he watched the bi-planes moving in great curves like lazy birds, shook his head thoughtfully. "By crims," he said, "I ain't what ye mount call convinced yet, nuther."

His Early Beginnings. Only seven years of age, Theophilus had already displayed a marked interest in his future career. At four he had wanted to become a clown, at five a cab horse, at six a Hackenschmidt, and now he had changed his mind once more. "Well, Theo," inquired his doting mother, "and what is it you want to be this time?"

"Arctic explorer!" answered Theo laconically. "Will you give me a quarter?" "A quarter, Theo?" exclaimed his mother. "What do you want with a quarter?"

"I want to get five ice cream sodas," replied Theo, "to find out how much cold I can stand."

How a Juror Was Lost. In a southern county of Missouri years ago, when the form of questioning was slightly different than now, much trouble was exercised in getting a jury in a murder trial. Finally an old fellow answered every question satisfactorily; he had no prejudices, was not opposed to capital punishment, and was generally a valuable find. Then the prosecutor said, solemnly: "Juror, look upon the prisoner; prisoner, look upon the juror."

The old man adjusted his spectacles and peered at the prisoner for a full red minute. Then turning to the court, he said: "Judge, durn if I don't believe he's guilty."—Kansas City Star.

Her Suspicions. "A wise lawyer is a silent man; the fewer unnecessary questions he asks the better for him," says Senator Root. "A little girl taught me this early in my practice. Her widowed mother came often to my office about the settlement of her estate. Sometimes she brought her daughter, a beautiful girl of ten with red curls. One morning after a long conference with the mother, I noticed that the child seemed uncomfortable; she evi-

LITTLE SUFFERER FROM ECZEMA. Grew Worse in Spite of Six Months of Ablest Treatment—Sleep Terribly Broken—Face, Head and Hands Masses of Dreadful Humor. A SINGLE SET OF CUTICURA CURED HIM. "I feel it my duty to let you know with what success I have used the Cuticura Remedies. When my little son was seven weeks old he broke out with what we thought was heat but which gradually grew worse. We called in a doctor. He said it was eczema and from that time we discovered six months with three of the best doctors in Atchison but he only got worse. His face, head and hands were a solid scurf. There was no end to the suffering for him. We had to tie his little hands to keep him from scratching. He never knew what it was to sleep well from the time he took the Cuticura until he was cured. He kept us awake all hours in the night and his health wasn't what you would call good. We tried everything but the right thing. Finally I got a set of the Cuticura Remedies and am pleased to say we did not use all of them until he was cured. We have waited a year and a half to see if it would return but it never has and his skin is clear and fair as it possibly could be. I hope Cuticura may save some one else's little son's suffering and also their pocket-books. John Mason, 1403 Atchison St., Atchison, Kan., Oct. 19, 1909."

Cuticura comfort for all who suffer from facial eruptions such as acne (pimples and blackheads), acne rosacea, facial eczema, ringworm, tetter, redness, roughness and oily perspiration is found in gentle anointments with Cuticura Ointment followed by warm baths with Cuticura Soap. For preserving, purifying and beautifying the skin, scalp, hair and hands of infants, children and adults, Cuticura Soap and Ointment are priceless. Cuticura Soap (25c), Cuticura Ointment (50c) and Cuticura Remedies (50c) are sold throughout the world. Retail drug & chem. stores. Free literature. Write for free literature. 135 Columbus Ave., Boston, Mass. P. O. Box 12, Boston, Mass. Cuticura Soap and Ointment are sold by The People's Drug Store.

Copper Country

SUSPECTS ARE ARRESTED.

Charles Lehto and Alex. Karminen Held for Wantina Death.

Charles Lehto and Alex. Karminen of Hancock were arrested yesterday by Under Sheriff Sheridan under suspicion of knowing something of the death of Erick Wantina, whose body was found in the Mesnard shaft of the Quincy mine Monday. They were last seen with him Sunday night.

ACCOTTI CASE ON TRIAL.

Calumet Man Charged With Shooting His Wife In Before Jury.

Joseph Accotti of Calumet was placed on trial in circuit court yesterday morning on a charge of assault with intent to kill. The complaining witness is his wife, whom he shot last winter. The affair occurred in Red Jacket the night of Feb. 27. Accotti gave himself up to Marshal Trunkel, claiming he had shot his wife in self-defense. He said she was going at him with a knife when he fired. Mrs. Accotti was seriously wounded and it was weeks before she could appear in the justice court examination. Accotti is being defended by E. A. McNally and W. J. Garbaird. Presenting Attorney MacDonald appears for the people.

MANY NATURALIZATIONS.

County Clerk Expects a Large Class for September Term.

Applications for naturalization were filed by four aliens with County Clerk Richardson yesterday. They will be heard at the September term. The four applicants are: Michael A. Latkowski, Calumet; Albert Meneer, Franklin; Matti Laitanen, Calumet; William Pekela, Trumaineau. Mr. Richardson believes the class at the September term will be a large one. There are already sixty-seven applicants on the list, and two large classes have made arrangements to appear this week and file applications.

HORACE WILD IN DANGER.

Daring Aviator Dashed to Ground in Biplane but is Uninjured.

Horace B. Wild of Chicago had a narrow escape at Champeigne, Ill., last Sunday while making a flight in a Curtiss biplane. After he had sailed about 1,500 feet a strong gust of wind drove the plane to the ground on the University campus. Wild was thirty feet in the air at the time, but was unharmed. The machine was badly damaged. Wild is the aviator who piloted the airship at the Copper Country Fair in Houghton last fall.

MEMORIAL DAY EXERCISES.

Houghton and Hancock Joint Program is Announced for Monday.

The joint committee of the G. A. R. and United Spanish War Veterans of Portage Lake yesterday announced the completed program for the Memorial Day observance in Houghton next Monday. It is as follows:—Morning—Committees from Spanish War Veterans and G. A. R. will meet a firing squad from the Hancock Naval Reserve at 9 o'clock. This firing party will be Memorial Day and it is expected there will be a large attendance. Beginning yesterday, the management of the park will send up from Calumet ten toy balloons. Attached to each balloon will be a round trip ticket to the park which the finder may use.

TO CLOSE HANCOCK BRANCH.

The Hancock branch of the Stone-Orlean-Wells wholesale house of Duluth is to be closed. Manager Ira Wright will go to Duluth Friday night to confer with the officers of the concern relative to the winding up of the business, and it is expected that within two weeks the Hancock establishment will be a thing of the past. Manager Wright will remain with the Duluth concern and will be given a good position in Montana.

LA VERDAD

No mistake can be made in smoking La Verdad cigars. They all know of the high quality and the superior selection for a smoke. TAKE BAND TO MANISTIQUE.

Laurium Pythians Likely to Be Better Represented than Other Lodges.

The Laurium lodge will very likely be better represented at the annual reunion and cup contests of the Upper Peninsula League, Knights of Pythias, to be held at Manistique in June, than any other Pythian organization in the entire region. It will take two full degree teams and will be the only lodge to put on the dramatic form of the first rank at the reunion this year, although some of the other lodges will put on the amplified form. Forty members will take part in the degree team work of the lodge. Besides these members, several others will go. The lodge also is planning to take the Laurium band to the convention, although no official action has yet been taken. Charity lodge has decided not to take the Tamarack band, although it was at first planned to do so.

LOWER STATE NOTES.

TRAVELERS CITY—David B. Oviatt of Allen, Antrim county, has announced that he is a candidate for the Republican nomination for the state senate from the Twenty-seventh district. This gives Robert E. Walter of this city strong opposition. As Mr. Oviatt represented this district in the lower house from 1903 to 1907.

KALAMAZOO—Loren Stimpes, fifteen years, who ran away from home three months ago for an opportunity by Fredman Fulton to see friends at Ann Arbor depot to get them to 29 his bail, he having been arrested as the result of a runaway. Hart jumped on a moving train hoping to escape. Fulton also jumped on the train and in the light that followed Hart fell off and broke his leg. He is now at Mercy hospital.

MARKETS

WALL STREET STOCKS.

New York, May 24.—Paine, Webber & Co. said of today's stock market: "The stock market, while very dull, displayed a good undertone throughout the session, the feature being Southern and Union Pacific, both of which showed considerable strength. There was more talk today of the placing of stocks and bonds in Europe. The grain markets indicated every evidence of improvement in crop conditions. Our information in regard to the Wisconsin Central common is of a very bullish character, and as we advised you today, we recommend the purchase of this issue as a good speculative investment. We believe that Wisconsin Central will show large profits if one has the patience to hold it. According to information we received, the net earnings this year show almost 100 per cent over previous years. Opinions generally from good people are gradually leaning to the bull side, and we suggest laying good stocks on all sharp reactions."

S.S.S. NATURE'S TONIC

Any system that needs a tonic needs also a blood purifier, for it is the weakened, impure condition of the circulation that is responsible for the run-down state of health. The supreme office and duty of the blood is to furnish nourishment to every portion of the body. Its circulatory system, magnificent and wonderful in its construction, supplies the means for the distribution of systemic nutriment to every muscle, nerve, bone, gland, sinew and tissue of the body; and just as long as the blood remains pure and rich each of these members are healthy, strong and normal. We have only to recognize the importance of pure blood in preserving health, to realize the danger of a weakened circulation. The use of a proper tonic when the system is depleted and run-down will often prevent the development of some serious sickness, because weak systems cannot resist disease, while healthy systems are able to ward it off. Deficient blood nutriment is usually manifested in a general bodily weakness, a tired, worn-out feeling, fickle appetite, poor digestion, etc. Sleep does not sufficiently refresh the body, and the languid feeling frequently makes the ordinary duties of life burdensome.

S. S. S. is Nature's Tonic. It is made entirely of botanical products gathered directly from the heart of Nature's forests. It does not contain a particle of strong, harmful mineral in any form, but is a scientific composition of extracts and juices from herbs, roots and barks. S. S. S. is the greatest of all blood purifiers. It is not a nerve stimulant, but a medicine that steadily builds up every portion of the system by cleansing and enriching the blood, and in this way supporting an increased amount of nourishment and strength to every portion of the body. S. S. S. rids the system of that tired, worn-out feeling, quiets the over-strained nerves, makes sleep refreshing, corrects any stomach disturbance, promotes good digestion and adds vigor and vim to the entire system.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

A WISE MAN Doesn't live as though his income couldn't stop. He makes provision for sickness, lack of work, accident, and old age, by having a savings account with this bank, when every dollar he deposits earns three per cent interest. Compounded semi-annually.

and the general tone was better. Butte and Bakelava was the leader, advancing from 15 to 17 1/2 and closing there. This proposition is a demonstrated success, and its merits are just being recognized. We expect to see it sell between 20 and 25 and start dividend payments in the near future. Tamarack scored a good advance, but this was due to scarcity of stock and one fair sized buying order."

Copper Metal Prices.

New York, May 24.—Copper was easier today with spot and all deliveries to the end of August closing at 12.37 1/2 @ 12.62 1/2. The London market was steady, with spot quoted at £66.34 and futures at £57.5s. The arrivals at New York were reported at 120 tons. The customs house returns showed exports of 1341 tons, making 15,805 tons so far this month. New York dealers quote like copper at 12.75 @ 13, electrolytic at 12.62 1/2 @ 12.75 and casting at 12.37 1/2 @ 12.62 1/2.

CHICAGO GRAIN MARKETS.

Chicago, May 24.—Wheat closed easy today, 1/4 to 3/4 lower. The suspicion seized hold of many people that the principal May and September longs had been quietly unloading. It is certain that the market has weakened under general selling of the new crop months, and particularly the July. Improving crop reports, domestic and foreign; the poor milling demand, and weak European quotations all contributed to the bearishness of the situation today. Brokerage firms executed orders in the July and September in 125,000 bushels' lines. The rallies were feeble and due mainly to covering by shorts from time to time. The best reaction resulted from the purchase of about a million bushels in practically one lot late in the session. The crop indicated much heavy selling to big southwestern long. The world's available supply was shown to be more than 27,000,000 bushels greater than a year ago. The September opened at 98 to 98 1/2, highest, 98 1/2; lowest, 96 1/2 @ 97 1/2. This market weakened on the fine growing weather, the increasing of shipments from the interior and the poor foreign demand. It closed easy, 1/4

New York Cotton Market.

(Paine, Webber & Co.) New York, May 24.—The important fact to keep in mind as an ultimate and not temporary price factor is that a yield above normal is necessary. We are on a basis of 13,000,000 or more bales per annum consumption, will go into the new crop with reserves depleted more than two million bales and only three times in the history have we produced a crop in excess of 15,000,000 bales. Purchases of new crop options should prove a good investment to the patient man.

A touch of rheumatism, or a twinge of neuralgia, whatever the trouble is, Chamberlain's Liniment drives away the pain at once and cures the complaint quickly. First application gives relief. Sold by The People's Drug Store.

City Brevities

Today's weather: Fair; stationary temperature. Yesterday's temperatures: Seven a. m., 42 degrees; noon, 39; 7 p. m., 42. Minimum, 37 degrees; maximum, 42.

John Cooney has gone to Devil's Lake, North Dakota.

Born to Mr. and Mrs. William Hummel, Michigan street, ten-pound boy.

The W. C. T. U. will meet with Mrs. Ames Maywood this afternoon at 3 o'clock.

Red Cross Legion will give a dance at Legion Hall tonight; music by the Peerless orchestra.

The Marquette baseball team will practice at the fair grounds this afternoon, beginning at 3 o'clock.

The Delta Alpha society will meet this evening at 7:45 o'clock at the home of Mrs. W. G. King, 139 Hewitt avenue.

Beginning today a street car will be run to the fair grounds every Wednesday afternoon between the hours of two and five.

The Guild Hall nine and the directors' team will play a practice game of baseball at the Longyear field this afternoon at 5 o'clock.

Preparations are being made for putting the Washington street branch of the street railway system in operation. The car will begin regular trips Thursday morning.

E. C. Anthony, of Negaunee, was in Marquette yesterday, soliciting funds to be used in defraying the expenses of the Memorial Day exercises, to be held next Monday.

R. C. Lowe, who has been absent in Dickinson and Menominee counties for the past month, completing the census of the mines and manufactories, is expected home today, he having completed the work. His territory included Marquette, Dickinson and Menominee counties.

Friday at 2 o'clock in the assembly room of the Ely building the Daughters of the American Revolution will award medals to the two students of the Eighth grade who have submitted the best essays on subjects taken from American history. The contest has been in progress for some weeks.

Owing to circumstances over which they have no control, the Young Woman's guild of St. Paul's church is obliged to forego the pleasure of serving dinner to the members of the Grand Army of the Republic on Decoration Day. They will dine at the Hotel Marquette, instead of at Guild Hall.

The dancing party for the members of the Knights of Columbus and their ladies will take place at Legion Hall tomorrow evening. Trombley's orchestra will play. Refreshments will be served at the club rooms, on Washington street, from 11 until 12:30 o'clock. The invitations to the party are restricted to the membership only.

The Little Folks' concert at the Methodist church last evening attracted an attendance that filled the spacious auditorium to the doors. In every way the entertainment was a great success. Each and every number on the program was given in an entirely pleasing manner, and in each instance an encore was demanded.

Death of Old Resident—Mrs. Anna Lindquist, aged eighty-three years, and an old resident of Marquette, who resided at 131 West Park street, passed away Monday night. She is survived by two daughters, Mrs. Anna Kaica and Mrs. Martin Lindberg, and two sons, Peter and John. The funeral will be held tomorrow afternoon from the house, with interment in Park cemetery.

Took One Apiece—The Rapid River baseball team scored its first victory over the Escanaba team at Rapid River Monday, defeating Escanaba by a score of 7 to 3. Olmstead was in the box for Escanaba and Devel for Rapid River. Sunday Escanaba defeated Rapid River by a score of 9 to 6. Sunday Nelson pitched for Escanaba and White for Rapid River. In neither of the games was displayed the class baseball put up by the Marquette and Ishpeming teams here Saturday. Escanaba was charged with five errors in both games, and Rapid River was charged with six in the first and one in the second. There was heavy hitting by both teams both days.

INSURE WITH PETER WHITE & CO. When you are down town, stop and see Andy for a shave at the National Barber Shop, successor to Guy Freese. (5-24-1w)

All persons desiring to feed their babies on the "special milk" from the Marquette City Dairy should send in their orders at once. Bell phone 223. (5-7-1m)

EXHIBITION AT NORMAL.

Series of Nine Panel Paintings Made by W. P. Kaula for J. M. Longyear.

An exhibition of nine panel paintings by William P. Kaula, of Boston, is being held at the Normal and will continue for two weeks. The panels were painted for John M. Longyear and will be placed in the living room of the farm house of Emblagaard. Mr. Kaula is a young American artist, who has made a place for himself among landscape painters chiefly through his manner and technique in representing the quality of the light and air, sunshine and cloud effects. The subjects of the series are taken from the vicinity of Ives lake and Emblagaard. They are as follows:

Emblagaard (Mid-afternoon)—The farm village seen from the elm grove in the golden glow of an August afternoon. The cloud shadows on the hills across the lake portend a thunderstorm.

Moonrise on Ives Lake—A remarkable combination of strong, bold composition and delicacy of handling. The violet tints from the scurrying clouds are repeated in a lower key upon the beach in the foreground, and contrasted with the pale yellow moonlight, make a visual melody which quickens one's imagination.

After the Shower (Taken from the same place as No. 2)—In this, however, there is a more triumphant note of both color and harmony. The sky is iridescent, and the last light of the after-glow settles upon the retreating banner of the storm.

Emblagaard from Ives Mountain (2 p. m.)—The bright sunshine flooding the farm meadow with color. In the distance rises the sinister column of smoke telling of the forest fire.

Emblagaard and Ives Mountain Across the Lake (10 a. m.)—Bright sunshine and a strong north wind fill this picture with vivid blues and greens, against which the red roofs of the farm buildings stand out in clear relief.

The Backsmith Shop (Morning)—The red road winds past the log shop into the shadowed distance past a hedge of golden-glow and flowering shrubs.

View from the Point (Noon)—The rainbow effect is the result of sunshine filtered through thick forest fire smoke.

The Elm Grove (5 a. m.)—Dawn under the elm trees, with the still quiet light of the new day.

View Across the Lake to the Distant Mountain (from the House)—This shows the last evening light in an almost cloudless sky, seen across the farm meadows and reflected in the mirror-like water of the lake.

MARSHALL FULL OF FIGHT. Duluth Manager Ready for Anything "Trust" Has to Offer.

Securely entrenched behind a galaxy of first-class theatrical productions, such as has not been hitherto seen at the Lyceum theater in this city, Manager C. A. Marshall, who is also president of the Copper & Iron circuit, defies the threats of the Klaw & Erlanger company, styled in theatrical circles "the trust," to fight the members of the new insurgent association by building show houses in independent cities for use of "trust" productions, says the Duluth News-Tribune.

In reply to a statement from a Klaw & Erlanger representative to the effect that none of the trust productions would be shown here until they secure a theater of their own in Duluth, Mr. Marshall said: "We have already booked contracts for more big shows next season than Klaw & Erlanger have ever given us in any one season. Of course, I cannot prevent Klaw & Erlanger from building a theater anywhere. They can build any place they see fit, but why should they do so here when they could lease the Lyceum and our theaters elsewhere? The trouble is, they don't want to put up a dollar toward our operating expenses or give any fixed number of shows and when we take big attractions like Viola Allen, Mary Manning, Madam Nazimova, or Sarah Bernhardt that are independent they threaten to cancel their own few shows and all of the others they have booked with us as our agents. So we just open our doors for everybody's shows, Klaw & Erlanger's included. We want to give the Duluth public the best things that are touring."

Mr. Marshall said that he has no quarrel with Klaw & Erlanger except as they undertake to dictate the policy of his theater and the plays which should or should not be produced there.

### BOAT BLOCKADE SERIOUS.

Vesselsmen Are Having Plenty of Trouble at St. Mary's.

From 9 o'clock Sunday night until 1 o'clock Monday morning the entire St. Mary's river was blocked and traffic was completely at a standstill. In the rock cut of the West Neeshish channel was the sunken steamer Ketcham, and in Mud lake, near the "dark hole," the steamer Hope was grounded. The Hope was finally pulled off by a tug, without suffering any damage.

Monday morning 100 boats were blocked in Hay lake and Mud lake. It is planned during daylight to allow only downbound boats to pass and after dusk only upbound boats. The delay to boats going either way on account of the blockade at the West Neeshish channel averages half a day.

An attempt will be made to float the Ketcham by the use of pontoons. Captain James Reid, the well-known wrecker, has been secured to take charge of the work, and will have two pontoons on the job as soon as they can be gotten there from Port Huron. Captain Reid is now at the scene of the wreck. Superintendent Sabin, of the ship canal, will make no estimate of the length of time it will take to clear the channel. He says that the work will be prosecuted as fast as possible and everything done to expedite it.

The tugs General, Schenck and Boynton pulled on the Ketcham after her deck load of pulp wood had been jettisoned, but were unable to swing her but four or five feet when she settled for a few inches and it was impossible to get her farther around. The line attached to the tug Boynton and the steamer parted during the process and the tug drifted down the cut onto the rocks. Considerable damage was done and she was forced to go into dry dock. Her keel was split, stern post and rudder broken and her show bent.

A crew of government employes in charge of Foreman J. B. Andette made quick work of lightening the deck load of 350 cords of pulpwood, carried by the Ketcham. A trench or canal was first made through the center of the load, when the balance floated off of its own accord. Boom stiches had been procured to catch the wood, but these were insufficient and much of it floated down stream.

The wrecking tug Favorite, which was expected to assist in pulling off the Ketcham, had a call to a wreck at Binghamton, and did not go to the Neeshish.

It is likely that tugs and sews will work on the Ketcham until the arrival of the pontoons in an attempt to swing the steamer to one side of the channel. Captain Reid of the tug Favorite and the tug Yveking company is at the wreck now with the tugs General and Thompson and a scow.

### STOCK MARKET IS STAGNANT.

Dealings of Room Traders Constitute Practically the Only Operations.

New York, May 24.—The stock market dropped back into a stagnant state today. The market pressure was no longer in evidence and the supply of stocks for sale was much diminished. Uncovered shorts had to bid to fill their wants. The tactics of room traders to move the prices made up the day's market almost altogether.

The approach of the London stock market settlement was a repressive influence in that market, and by reflection, in this market. The money market showed the arrest of the recent downward tendency of the interest rates, but without any marked change in conditions. More remote requirements came into consideration in the canvass of the coming crop movement. The cautious policy now pursued by the Bank of England, it is believed, may have in view this ulterior need.

Reports that the banks of this country are reducing their loan accounts with the marketing of commodities which had been held back and also on account of land purchases are received with avowed satisfaction among the New York bankers. The cautious feeling on the outlook finds expression in a discussion of the United States treasury finances and the possibility that they may require a call on the national banks for the return of some part of the government deposit. The now held. The speculative legislation proceeded in both wheat and cotton, and immediate weather conditions which were considered good had an influence in that movement.

### PERJURY CHARGES DISMISSED.

New York, May 24.—The indictments charging perjury which were returned in 1907 against ex-Governor Foster M. Voorhes of New Jersey, former president of the Bankers' Life Insurance company, and against Frank E. Coombs

### Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours. If a brick dust sediment, or stringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root is because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

former secretary of the company, were dismissed today. The indictments were a result of the Armstrong investigation. There was no opposition to the dismissal.

### FRATERNAL FRAUDS CHARGED.

Illinois Grand Jury Is Investigating Alleged Bogus Organizations.

Rock Island, Ill., May 24.—State's Attorney Magill, who is conducting a grand jury investigation of alleged fraternal insurance frauds, stated today that in addition to the Fraternal Tribunes and American Home Circle, previously alleged to be concerned, the probe includes the Knights of the Globe, Life Endowment, Fraternal Crystal Lights and Independent Order of Mutual Aid. Mr. Magill said that it was possible the total amount involved in the alleged manipulations may reach a million dollars, that 200 witnesses will be summoned, some from the Pacific coast, and that the grand jury, which reconvenes Thursday, may be in session a month.

### WASHINGTON MEETING CLOSES.

Sunday School Association Will Convene in Switzerland Next Time.

Washington, May 24.—Children took the principal part in the closing session tonight of the sixth convention of the World's Sunday School association. Dressed in the costumes of most nations of the world and carrying the flags of those countries a long line of children filled the front of the big platform and later marched through the aisles, the immense hall singing. The next convention will meet at Geneva, Switzerland, in 1913. The committee on resolutions presented a report, which was unanimously adopted, declaring for a campaign of evangelization in Roman Catholic countries; civic purity; universal peace, and expressing the conviction that Sunday school influences are responsible for the wave of prohibition in some sections.

### SHIPPERS PLAN WAR.

Missouri River Interests Will Fight Increase of Railroad Rates.

Omaha, May 24.—The Missouri river territory shippers today decided to protest the scheduled increase of railroad rates. A committee was named to carry out the plan. This committee will ask the attorney general to proceed against the roads under the anti-trust law, declaring that the roads are in apparent agreement on the raise, and will also seek an injunction to prevent the rates becoming effective June 1, pending an investigation of the reasonableness of the rates by the commerce commission. The committee is as follows: Kansas City, W. B. Richards; Sioux City, W. S. Kuapp; Chicago, W. J. Evans; Minneapolis and St. Paul, George H. Partridge and F. S. Poole; Atchison, J. B. Silliman; Joseph, Mo., H. G. Deane; Milwaukee, Charles Zielke; Lincoln, Neb., W. A. Solbeck; Duluth, F. A. Patrick; Leavenworth, N. J. Todd; Omaha, A. C. Smith.

The shippers also decided to appeal to every congressman in the affected territory to assist in the fight against the rates. The delegation will meet in Washington next Tuesday to protest to the attorney general.

### Cincinnati Shippers Win Their Case.

Washington, May 24.—Material reduction in freight charges were ordered today by the interstate commerce commission. The reductions are effective July 15. The order was issued on complaint of Cincinnati shippers. The decision naturally affects Chicago shippers, who are in a hot spot.

The burden of the complaints was that the rates from the Central West, represented by Chicago and Cincinnati, to various points in the Southwest should be compared with the same rates from the points of origin in the East to the same points in the South. It was held by the commission that it was not apparent that the rates from the East discriminate against the West, although it was conceded that the rates from Cincinnati to Chattanooga were unreasonable.

### CHINESE LOAN ARRANGED.

Paris, May 24.—The Hankow-Soo Chen railway loan agreement was signed today by the representatives of the financial groups of the United States, France, Great Britain and Germany. The agreement provides a loan to the Chinese government of \$30,000,000 for railroad construction. The basis of the agreement is equal participation between the four groups. China, it is said, may not accept the loan, as some opposition has developed recently against the employment of foreign capital.

### KANSAS EXPRESS RATES SLASHED

Topeka, Kas., May 24.—Sweeping reductions in express charges were ordered today by the state railroad commissioners. The decrease is 12 per cent on merchandise where the rate per hundred is in excess of \$1 and 15 1/2 per cent on general and special rates where the rate is in excess of ninety cents. The reduction on agricultural implements is 33 per cent.

### OBJECTIONABLE POSTERS TABOOED

Cincinnati, May 24.—Showers with congratulations because of its determination to refuse to print objectionable poster bills, the International Poster Printers' association today passed resolutions denouncing such posters and appointed a committee to pass upon all objectionable paper.

### STILL AFTER THE MABRAY GANG.

Des Moines, May 24.—Luther West, alias Tommie Rogers, an alleged member of the Mabray gang, was arrested at Webb City, Mo., yesterday and was turned over to the federal officers at Des Moines today.

### ARCTIC EXPLORER IS DEAD.

New York, May 24.—Dr. Rosewell O. Stebbins, an Arctic explorer of note, died here tonight. He accompanied the expedition to Greenland and was a member of Cook's Mount McKinley expedition.

### New Schoolhouse Proposed

The village of Ontonagon proposes to erect a schoolhouse costing in the neighborhood of \$50,000. It is planned to issue bonds for that amount, and to obtain the necessary authorization a special election has been called for Wednesday, June 1. Additional school facilities have long been needed.

# New Edison Records for JUNE

## On Sale May 25th

READ through this list of Records—forty good reasons for having an Edison Phonograph. And remember this is just one month's list. Each succeeding month's Record list brings forth as many more reasons for having an Edison Phonograph in your home. All of the best music that has ever been published, and all that ever will be published, as fast as it comes out, you can have in your home on Edison Amberol (four minute) and Edison Standard (two minute) Records. Think of all the Records you have missed, think of all the Records on this list and of all the lists to come—why, there are thousands of reasons for having an Edison Phonograph in your home! Ask your dealer to play these new ones for you:

### NO STUDENT OF HISTORY.

George Washington was very small, very black, and very new to the life of the public school which he had just entered, says the Youth's Companion. His family had emigrated to the city from some unknown wilderness, and the officials of the school brought him into line with the prospects of the higher education. It was his first day, and the teacher was trying to make him at home. "And so your name is George Washington?" "Yassum, Jodge Washington." "And I suppose you try to be as like him as a little boy, don't you?" "Lak who, mam?" "Like George Washington." The youngster looked puzzled. "Ah can't help bein' lak Jodge Washington," he replied, stoutly, "cos that's who Ah am."

### SWEDISH EXPERT SEES END OF ORE SUPPLY

STREET CAR WRECKED. Oliver Company's Switch Engine Runs It Down on Pine Street Crossing.

One of the Marquette County, Gas & Electric company's large street cars was completely wrecked yesterday afternoon about 3:30 o'clock on the crossing at the top of the hill on Pine street, opposite the Oliver Iron Mining company's laboratory. The car was struck by the Oliver company's No. 2 switch engine, which was moving eastward on the track nearest to the laboratory. It was turned over on its side and was thrown against a telephone pole. The roof of the car was caved in and the trucks were torn off, while all of the glass in the windows and doors was shattered.

Besides the motorman and conductor there were five passengers, three women, a man and a boy, and one of the women held a six weeks old baby in her lap. Although the car was thrown some fifteen feet from the track and overturned, all of the passengers, as well as the motorman and conductor, escaped practically unhurt. Two of the women sustained a few scratches about the face and Elmer Lind, the motorman, was severely shaken up. William Connell was the conductor. Men who came to the rescue took the women and baby through a hole in the roof. The baby was asleep at the time of the collision, and was not the least injured.

The locomotive, which was attached to fourteen loaded ore cars, was driven by Charles McCarthy, the company's engineer. It is claimed that the whistle was blown at the usual place before approaching the crossing and the bell was also being rung by the fireman. The point where the car was struck is one of the steepest on the line, and the motorman said that if the power had been a little stronger he would have gotten out of the way of the approaching train. The laboratory building comes within ten or fifteen feet of the street car line, completely shutting off the view of trains approaching from the west side, so that it is not likely that the motorman saw the train until it was almost upon him. Luckily, the train was moving slowly and Engineer McCarthy applied the emergency brake. The train was stopped within a few feet after the brakes were applied, otherwise the people in the car would perhaps not have escaped alive, as the poles on the north side of the railway track would have prevented the car from being thrown completely out of the way. The poles are about twenty-five or thirty feet from the edge of the old No. 1 pit, which is over fifty feet deep to the water's edge.

Con Murphy, the Oliver company's master mechanic, who was in his office in the rear of the laboratory building when the collision occurred, was the first to go to the rescue of the passengers. The women were taken into the Oliver office and a physician was summoned from the Ishpeming hospital. After resting a short time they were able to go to their homes. One of the women was Mrs. Richard Varcoe, whose husband was murdered while on his way home on the same street and near the same place where the collision occurred, one night in January. One of the other women was Mrs. Gongnat of the Dexter.

### FOREIGN MINING MAN'S FIGURES DO NOT AGREE WITH ESTIMATES MADE IN THE LAKE SUPERIOR DISTRICT.

According to the figures prepared by M. Sjogren, a Swedish mining expert, on the world's available iron ore, the supply will be pretty well exhausted in sixty years. He estimates that there are now 9,250,000,000 tons in sight, also that the world's demand for iron ore during the next ten years will average 60,000,000 tons a year. Ore containing less than 20 per cent of pure iron is not regarded, he says, as worth smelting. It is therefore only the ore fields yielding more than 20 per cent of the metal that enters into his calculations.

Many well informed mining men in the Lake Superior district, who have given the question of the world's ore supply careful consideration, will not agree with the Swedish expert. A year or so ago some of the Marquette range experts estimated that there are billions of tons on this range alone, to say nothing of the great quantities known to exist in other mining districts of the world.

George J. Maas, who has given the question of ore supply much study, estimates that there are millions of tons developed on the Cascade range, and enormous quantities also exist in Ishpeming, Negaunee, the Swanzye range and the districts in the western end of the county. A few months ago, Mr. Maas, when announcing his discovery on lands west of the American mine, placed an estimate of 15,000,000 tons on the high grade ore he had found, besides 237,000,000 tons of ore of second class that can be concentrated to good advantage.

When the question of removing the tariff from iron ore was debated in congress last year, Representative Young presented figures as to the known ore supply of the Lake Superior district that were startling, but Mr. Young believes that he was conservative in his estimate, as he had secured the most reliable data he could obtain. William Kelly, of the Menominee range, one of the best known mining men in the district, advised Mr. Young that the owners of mines in Cuba estimated their supply of ore in sight at 200,000,000 tons, but Mr. Kelly expressed the opinion that the total tonnage would be much greater, if not double that quantity. Much of the ore in Cuba lies close to surface and can be produced at a small cost per ton.

S. Philipp, a writer in the German Review Nord und Sud, some time ago stated that the greatest danger in the steel industry of the world is the threatened scarcity of iron. The exhaustion of the world's iron ore fields, he contends, is far nearer than is generally realized. One of the chief causes of failure of the coal supply in the near future would be far less important than the death of iron. His estimate as to the world's demands of iron during the next ten years is about the same as that made by Mr. Sjogren.

Mr. Philipp admits that the life of the ore supply may be lengthened by a more economic use of iron, new discoveries in smelting methods or the discovery of new ore fields, but he contends that it would be foolish to build too much hope on these possibilities.

### APPOINTMENTS FOR FREE FITTINGS FOR "REDFERN CORSETS" MAY BE MADE DURING BALANCE OF THIS WEEK.

(5-24-10) JOS. SELLWOOD & CO.

### LECTURE THIS EVENING.

George D. McDill, of Chicago, international secretary of the Young Men's Christian association, will speak this evening at 8 o'clock in the gymnasium of the Y. M. C. A. building. The subject will be "The Work of the Y. M. C. A. in Industrial Communities." The lecture will be illustrated with stereopticon views. The lecture will be free and both men and women are invited to attend. Refreshments will be served without cost, by the social committee at the conclusion of the lecture.

### BOTH SINGERS ILL.

Places of Vocalists at Ishpeming Theatre Filled by Local Talent.

Miss Eugence Siess and Loda Hoffman, who are under contract to sing at the Ishpeming theatre when motion pictures are presented, are ill and confined to their homes in Chicago. Miss Siess was taken down with tonsillitis last Friday and has since been under the care of a physician. A letter received from her yesterday contained the statement that she expects to be able to leave for Ishpeming within a few days.

The motion pictures pleased good houses Monday evening and again last night. They are said to be as clear as any pictures that have ever been seen in the city, comparing favorably in that respect with those presented by the Lyman H. Howe company. The entertainment lasts one hour and two performances are given each evening, the first commencing at 8 o'clock. The Saturday matinee will take place at 3 o'clock, and the matinee next Monday, Decoration day, will be given about 4 o'clock, at the conclusion of the memorial exercises.

### HANDICAPPED.

This Is the Case With Many Marquette People.

Too many Marquette citizens are handicapped with a bad back. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest, and in the morning is stiff and lame. Plasters and liniments may give relief, but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

James Simmons, 317 E. Hughtitt St., Iron Mountain, Mich., says: "I had kidney trouble for ten years and suffered greatly from a lame and aching back. At times I could hardly drag myself around and should have been home instead of working. I had to be careful when stooping, as sharp, shooting twinges darted through my body. The kidney secretions were very irregular in passage and at night I would be obliged to get up five or six times to void them. I heard so much about Doan's Kidney Pills that I finally decided to try them and procured a box. In a few days after using the remedy my condition was greatly improved and before long the backache was removed."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### DEATH OF MRS. WARNE.

Mrs. Mary Warne passed away yesterday morning at 3 o'clock at the home of her daughter, Mrs. Priscilla Hawkes, on North Pine street. Relatives of the deceased were summoned to the city some days ago, when it became evident that death was a question of but a few days. The deceased was eighty-three years of age, and she had been a resident of the copper country for about thirty-five years, living practically all of the time at Hurontown, Houghton and Hancock. Three years ago she moved to Ishpeming to live with her daughter. Her husband died in the copper country about nine years ago. Besides Mrs. Hawkes, two sons survive. One of them, J. S. Currow, is a resident of Buffalo. Richard Hawkes, a nephew of the deceased, is here from the copper country. The funeral will be held tomorrow afternoon at 2 o'clock from the home, Rev. C. L. Adams, pastor of the First Methodist Episcopal church, will conduct the services. Interment will be in Ishpeming cemetery.

### CURB STOCK QUOTATIONS.

The following prices prevailed at yesterday's close:

A. Mutl.	2 1/2	Gila	6
Alm.	170 1/2	Inspr.	8 1/2

### Morgan & Co's Letter.

"There was another dull and uninteresting day in the New York market. The expected stimulation from the sale of American securities in Europe has not yet materialized. Prices hold well and in most cases are higher. The market takes stocks readily when offered but there is little in the shape of buying demand. News on fundamental industrial conditions and state of the crops continues favorable and those usually regarded as authorities are almost unanimously optimistic in the business outlook. Our New York correspondent says he is reliably informed that sales of securities abroad will total from \$125,000,000 to \$150,000,000 and that a detailed announcement is expected the latter part of next week. Butte & Butte was the feature in an otherwise quiet Boston market, opening at 15 1/2 and selling up to 17 1/2, near the close, with wide fluctuations in the meanwhile. The demand for Isle Royale stock is good, but realization prevents any advance in price. Nipissing also was active and higher. The balance of the list was quiet and offerings were easily absorbed. The market was best toward the close, with fractional advances in the price of stocks. The market continues dull and lifeless. There was some trading in a few issues without materially affecting prices. A fresh impulse is apparently necessary to stimulate activity, and when this occurs a real rise from the present low level will undoubtedly take place."

### George F. Ruez's Review.

"London prices came heavy and lower."

### James Hansen of North Pine Street submitted to a surgical operation at the Ishpeming hospital Monday. He is getting along nicely and will probably be able to return to his home in two weeks.

### The commencement exercises of St. John's parochial school will be held at Ishpeming theatre on the afternoon of June 22. There are eleven in this year's class. Besides the essays there will be musical numbers, drills, etc., by the school pupils.

### A number of Ishpeming people have secured seats for the concert to be given Saturday evening at the Marquette Opera House by Madam Schumann-Heink.

### Charles Boone and wife, who occupied the Maxwell dwelling on Maple street, are to move to the Lee flats, taking the rooms now occupied by C. L. Phelps and wife, who are soon to move to the copper country. J. Spitzer and family will move from the Lee flats to the Maxwell dwelling and Mrs. Henrietta Ruez and family are to move into the rooms to be vacated by the Spitzers.

### "Redfern Week" at Sellwood's. Mrs. Holbrook, an expert corseter, now in attendance in our corset department will be appreciated by all ladies whose aim is to be properly corseted. (5-24-10)

### First-class piano tuning done by M. J. Olson. County phone, No. 520. 400 East Ridge street. (1-12-14)

### LOCAL LACONICS.

Nels Majhamu, a well-known business man of Michigamme, was in Negaunee yesterday.

Dave Foley, who is at the head of the Oliver Iron Mining company's police force, is in the city.

Charles Taylor, who has been ill and confined to his home here for a week past, went down to his farm at Sands yesterday.

J. W. Elliott advertises for four painters. Mr. Elliott has been rushed with work all spring and he has several big jobs in view for the summer.

The Light Infantry band will conduct a dance Saturday evening at the Adelphi rink. The music will be furnished by the full band and the admission will be fifty cents per couple. Dancing will start at 9 o'clock, continuing until 12.

D. E. Rice, proprietor of the Bijou

theater, in the Sundberg block, was in the city yesterday. Mr. Rice is now in control of four moving picture theaters in the copper country, three of which have been started within the past two months.

John Angove, who recently returned from the copper country, has opened a barber shop in the Jane building, vacated last week by W. H. Israel, the photographer, who is now located in rooms on the second floor of the Sundberg block.

Charles L. Fallon, advance agent of the Ita company, which will be at McDonald's Opera House on Monday, Tuesday and Wednesday evenings of next week, with a matinee for ladies Wednesday afternoon, arrived in the city yesterday. While Ita is the principal attraction, several pleasing vaudeville acts are introduced. They include moving pictures, illustrated songs, electrical dances and a big musical act by the Harringtons. The prices here will be ten, twenty and thirty cents, the latter for reserved seats, which will be on sale at Perkins' drug store.

### HOUSEHOLD REMEDIES.

are a blessing to the vast army of people who live in rural districts, and such standard medicines as Lydia E. Pinkham's Vegetable Compound, which has stood the test of time, growing in popularity and favor every year, will continue to be the safeguard of American women for all diseases peculiar to their sex.

The splendid work of Chamberlain's Stomach and Liver Tablets is daily coming to light. No such grand remedy for liver and bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Sold by The People's Drug Store.

Pleasure, however innocent, is criminal in excess.

### NEW ORLEANS WANTS WORLD'S EXPOSITION

GOVERNOR SANDERS OF LOUISIANA WRITES NEGAUNEE BUSINESS MEN, ASKING THEM TO AID IN LANDING THE BIG SHOW.

The World's Panama Exposition company of New Orleans is appealing to the bankers and other business interests of the country at large for aid in landing the exposition for that city in 1912. San Francisco is offering inducements for the exposition, and is making a strong bid for it against New Orleans.

So far as Michigan people are concerned, most of them will probably favor New Orleans. New Orleans citizens years ago made a reputation for themselves as enterprisers by their manner of planning and carrying out the Mardi Gras, held annually.

In a letter to a local business man, Hon. J. G. Sanders, governor of Louisiana, gives the reasons why New Orleans should be chosen as the place for the exposition.

"Referring to the letter to you from the New Orleans Clearing House association, asking your assistance in having New Orleans designated as the logical point for holding the World's Panama exposition, I, too, wish to ask for your kind co-operation in this matter."

"Over sixty million of people live within a radius of 1,000 miles from New Orleans, while in the same radius from San Francisco there are only six million people. The average railroad fare to New Orleans for over 75 per cent of the people of this country to visit an exposition here will be \$12.50, as against \$37.50 to San Francisco.

"It is proposed, because of the importance of the Panama canal to the Central and South American republics, to extend special invitations to those governments to participate, and to the people of those nations to visit this exposition. For New Orleans is the only logical point. Even if an exposition were held in San Francisco, these people would pass through New Orleans to get there. They can come to New Orleans via water in two weeks less time than they will require for them to reach San Francisco.

"The people of your state could come to an exposition in New Orleans in much less time, and at much less expense, than they could go to San Francisco, and here is a point which you will readily see the force of:

"If this exposition is held in New Orleans, the millions of dollars which will be expended in the construction and maintenance of the great enterprise, and the millions of dollars which will be here expended by the hundreds of thousands of people from all parts of the world, will unquestionably remain in the Mississippi valley and in the south and during its life period, this immense amount of capital will find its way back to the banks of the north and west.

"If this exposition goes to San Francisco, these millions of dollars will stay on the Pacific coast, and not one state east of the Rocky mountains will receive any benefit therefrom.

"Representative Edwin Denny of your state is a member of the house on foreign affairs which will settle this important matter, and I beg of you to communicate with him, either by wire or letter, in behalf of New Orleans and the Mississippi valley."

John D. Rockefeller would go broke if he should spend his entire income trying to prepare a better medicine than Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhoea, dysentery or bowel complaints. It is simply impossible, and so says every one that has used it. Sold by The People's Drug Store.

### PROPOSALS WANTED.

Sealed proposals will be received by the board of County Road Commissioners of the county of Marquette at its office in Ishpeming until 5 o'clock p. m. June 1st, 1910, for the clearing, grubbing and grading of 470 miles of the Ishpeming West road according to the maps, profiles, plans and specifications and the required bonds at the county clerk's office in Marquette.

The road begins at station 101 and ends at station 147 on the map of which a copy will be for a width at any point equal to the cut or fill and gutters at that point. The grading will consist of approximately 3,749 cubic yards of embankment and 4,015 yards of rock excavation. Yearly computed by the method of average end areas. Work to be completed not later than July 15th, 1910.

Bidders must give: 1st. A lump sum price for the work completed in accordance with plans and specifications. 2nd. A price per cubic yard for earth excavation or embankment.

All bids must be accompanied by a certified check for one hundred dollars (\$100), payable to the order of the board of County Road Commissioners of the county of Marquette, which shall be held as a guarantee that the bidder, if awarded the contract, will within ten days execute the same and furnish the required bonds, all in accordance with the specifications. The certified checks of the unsuccessful bidders will be returned to them.

W. H. JOHNSTON, Chairman.

### PROPOSALS WANTED.

Sealed proposals will be received by the board of County Road Commissioners of the county of Marquette at its office in Ishpeming until 5 o'clock p. m. June 1st, 1910, for the clearing, grubbing and grading of 470 miles of the Witch Lake road according to the maps, profiles, plans and specifications and the required bonds at the county clerk's office in Marquette.

The road begins at station 101 and ends at station 147 on the map of which a copy will be for a width at any point equal to the cut or fill and gutters at that point. W. H. JOHNSTON, Chairman.

### IMPROVING SYSTEM.

Chicago & Northwestern Railway Company Working Many Section Crews.

By the close of the coming summer the main line of the Chicago & Northwestern Railway system between here and Escanaba will be in better condition than it has been for years past, as many section crews are now employed putting in new ties and rails. This work was started a year ago, and since then nearly 50 per cent of the old ties have been replaced. New rails have been laid between this city and Ishpeming, and improvements have also been made in the yards of the two cities. The ore trains being pulled over the system are now so much heavier than were the trains that were hauled a few years ago that the ties do not last long. The life of the average tie on this end of the system is shorter than at many other points, due principally to the heavy trains pulled over it.

The Northwestern company is not pulling more trains over the line between here and Escanaba than it did a few years ago, but each train load of ore now hauled contains a tonnage of 50 to 100 per cent greater than was the case five years ago. The ore cars have almost double the capacity they had at that time. The largest locomotives in use have a hard time pulling fifteen or eighteen loaded cars over the grade coming out of Ishpeming, and occasionally three engines are necessary to give the trains a start. After the get over the hill near the Union Park grade practically the entire distance to Escanaba is in the trains' favor and one locomotive will pull down from forty to fifty cars without difficulty.

It is said that the Chicago & Northwestern company has purchased a greater number of ties this year than for some years past. The repair work was neglected somewhat for a few years, and, as a result, new ties are now badly needed in many places. The company has six or seven section crews now employed in the yards here and at Ishpeming, and a number of men working on the main line make their headquarters in boarding cars at Ishpeming.

### REPAIRING BUILDINGS.

Dave Caples, owner of the Caples buildings, on Iron street, occupied by J. J. Wentala and L. DeFavaro, is having them thoroughly repaired. A plate glass front will be put in the building occupied by Mr. DeFavaro and a new floor will be laid. Other interior improvements will be made. A new hardwood floor is now being laid in the building occupied by Mr. Wentala.

### CONCLUDED DRILLING.

George and Will Maas of this city, who have had one or more diamond drills in operation on the Menominee range for a number of years past, have suspended operations in that district and one of their drills, together with the boilers and other equipment, was unloaded and stored here yesterday. The Maas Bros. are interested in several mineral tracts in that district, and it is likely that they will resume their drill work there within a year or so.

### LADIES OF MARQUETTE AND ALGER CENTRES.

I am pleased to announce that I am ready to accept ladies' fur garments for storage and repairing and kept until cold weather commences. Only 3 per cent charged for storage when there is no repairing to be done.

WILLIAM DAVIS, Ladies' Tailor, Milliner, Etc., Opera House Block, Marquette. (5-21-7)

### HOW FAR CAN YOU SEE?

What is the farthest limit to which the human vision can reach? Power in his book, "The Eye and Sight," gives the ability to see the star Alcor, situated at the tail of the Great Bear, as the test. Indeed, the Arabs call it the Test Star. It is most exceptional to be able to see Jupiter's satellites with the naked eye, though one or two cases are recorded, the third satellite being the most distinct. Peruvians are said to be the longest-sighted race on earth. Humboldt records a case where these Indians perceived a human figure eighteen miles away, being able to recognize that it was human and clad in white. This is probably the record for far sight.

WANTED: Four painters. John W. Elliott, Negaunee. (5-25-10)

FOR SALE: National cash register, almost new. Cheap. William Yntoune Negaunee. (5-25-10)

WANTED: A cook and second girl. Mrs. Samuel Mitchell, Negaunee. (5-17-10)

## Only a Few More Days

in which to secure one of the GREAT BARGAINS offered at our

## Sensational Clearance Sale

...OF... Fine Pianos

If you would take advantage of the great saving now afforded Piano buyers, you must act at once. The sale has been a great success. A large portion of our surplus stock has been disposed of. The last of the shipments are just coming in, however, and those who have not already purchased may do so now and save \$50 to \$150 as did the early buyers.

We make this sacrifice, as we have explained previously, because of immense cash purchases recently made from the leading manufacturers, and the fact that the number of Pianos allotted to this store was far more than we were able to accommodate. Our only course was to make prices so attractive that no one wishing a Piano could afford to neglect such a rare chance for real saving.

The response has been even greater than we anticipated, and so fast are these bargains being snapped up that we urge you to act immediately, for a very few days will mark the close of an opportunity which you may never be able to duplicate.

## The Best Pianos of the Most Famous Makers

Don't think because we offer such unparalleled discounts that the Pianos are in some way inferior. Our line embraces only instruments of the highest grades, and these sale Pianos are the latest and best productions of the country's most reputable makers. They are characterized by beauty of design and finish; superb tonal quality and unsurpassed durability.

Better Pianos cannot be procured than those we handle, and when offered at positive savings, in many cases as high as \$150, it is little wonder that they are selling as fast as they reach our store.

## Special Terms During Sale.

The remarkable saving we offer is not the only inducement to purchase NOW—we also offer exceptionally attractive terms. Tell us how you would prefer to pay. We want to dispose of the balance of these bargains just as rapidly as we have those previously sold, and any terms within reason will be accepted.

Let nothing stop you from attending this great Clearance Sale. See and hear these splendid Pianos, note the rare savings, and let us talk over the matter of terms. If you have any idea of ever owning a beautiful, high-grade Piano, you will quickly realize that NOW IS THE TIME TO PURCHASE.

### PLAINTIFF GETS AWARD FROM JURY

VERDICT OF \$6000 RETURNED IN CASE OF JOHN W. SPEAR VS. JAMES PENDILL.

### CASE WAS HARD FOUGHT

Judge Flannigan Gave Comprehensive and Careful Charge Yesterday Afternoon—Only One Point Was Considered.

Shortly after 9 o'clock last evening the jury returned a verdict of \$6000 damages for the plaintiff in the case of John W. Spear vs. James Pendill. Judge Flannigan was in the court room and the verdict was formally received. The jury deliberated on the case nearly five hours.

One of the hardest fought cases that has been tried in circuit court recently was turned over to the jury late yesterday afternoon, when Judge Flannigan finished his charge in the action for \$20,000 damages brought by John W. Spear against James Pendill. It had been on trial for four days, having been started Friday afternoon, and the attorneys put in nearly two solid days arguing on it. Monday they argued law points at great length, and yesterday morning they pursued their arguments to the court further. The court ruled the case would go to the jury on one point, and the counsel then reviewed it extensively for the jury's benefit.

As noted in yesterday's issue, Judge Flannigan held that the plaintiff had no cause for action on a number of points that his attorneys contended were actionable, and allowed but one point, namely, whether the defendant acted maliciously, and with the idea of forcing the collection of his alleged claim on Spear, when he swore to the warrant on which Spear was subsequently brought into court on the charge of conducting a bucket shop.

#### Laid Stress on One Point.

Judge Flannigan insisted that the attorneys confine themselves closely to this point in arguing the case, and in his comprehensive and careful charge disregarded all other evidence of the hostility Pendill had shown toward Spear and enjoined on the jury that they, too, should dismiss it from their minds when deliberating on their verdict.

The charge given the jury by Judge Flannigan was a thorough review of the case and the law applying to it, and took up about an hour and a half of time. He related that in February, 1908, the plaintiff, who had been conducting a bucket shop for some years prior to that date, closed his office and proceeded to settle with his customers. Pendill had placed in his hands from

time to time in the neighborhood of \$3000. On the basis of the account as it stood between them when the business was closed Pendill had a balance due of \$750. The judge detailed how Spear and Pendill agreed on a settlement on the basis of 50 per cent, and how Pendill gave Spear a receipt for a full settlement, following a payment.

The nub of the case, the judge said, and the only point the jury was to consider outside the question of damages, if damages were to be allowed, was whether Pendill, when he signed the warrant that started the criminal case against Spear, did so in the spirit of malice, and with the idea of forcing Spear into a settlement. If the jury found that such was the case, it was proper for it to enter on a consideration of the question whether Spear was entitled to damages. But if the jury found that Pendill was actuated by no other purpose than to uphold the law, the court instructed that Spear had no cause for action.

#### Question of Malice All Important.

The judge instructed the jury that it could consider other matters, such as a threat of Pendill's that criminal proceedings would be started, and other evidence bearing on his attitude toward the plaintiff, as bearing on what the defendant's frame of mind was when he signed the warrant that started the criminal proceedings, but that the fact that he had uttered a threat and had taken other steps against Spear was not to be accepted as final evidence that he swore to the warrant in malice. This was a question that the jury was to look into with the best judgment it could bring to bear.

The attorneys for the defendant considered that the charge in its general trend was favorable to their side of the case.

W. S. Hill and C. F. Button represented Mr. Spear in the case and Judge C. R. Brown, George P. Brown and W. T. Potter represented Mr. Pendill.

An action of the same general piece of litigation, a suit by Mr. Pendill for the recovery of the money he paid over to Mr. Spear in his deals, went over to the next term of court last week. Another suit of the same nature is one of Hilda R. Thomas vs. John W. Spear, which will likely be called for trial this week.

Following the close of the Spear vs. Pendill case yesterday, a jury was drawn in the case of William Lewenstein vs. Mandel Shoer, a replevin suit in which the possession of a horse is the issue.

#### DECORATION DAY EXCURSION RATES.

Lake Superior & Ishpeming Railway—Munising Railway—Marquette & Southeastern Railway.

Removes ashes and garbage. Order by phone, Bell 382-J. (6-7-41)

#### PLAN TO GET OUT VOTE.

Ward Committees Met Yesterday Afternoon at City Hall.

There was a meeting at the city hall yesterday afternoon of the committees appointed to look after the polling of the vote on the water bond propositions that will be voted on Decoration Day. The committees designated to act in the several wards were well represented, and plans for arousing interest were discussed. Men will be engaged to look after the work of getting voters to the polls and there will be as much publicity as possible given the matter in the short time intervening before the election. It is believed that a vote at least twice as large as that polled two weeks ago will be cast, as much interest is being aroused in the question at issue, and the organized effort to get out the vote should have considerable results.

#### WEDDED IN MARQUETTE.

Raymond Cundy and Miss May Dix, Copper Country, Married Yesterday.

Raymond Cundy, of Houghton, and Miss May Dix, of Lake Linden, were married yesterday morning at St. Peter's cathedral, Father J. G. Pinton, officiating. J. W. Cundy, a brother of the groom, was the best man. Both young people are well-known in the copper country, and have many friends there. Miss Dix is a daughter of Nicholas Dix, of Lake Linden, and Mr. Cundy is a son of Mrs. Sarah Cundy. He has been employed for the past eight years as clerk in W. B. Hoar's grocery store and went with Kehl Bros. when they took over the business. Mr. and Mrs. Cundy will make their home at Houghton.
