

SENATE PASSES RAILROAD BILL

After Having Been Under Consideration for More Than Twelve Weeks, the Measure Is Adopted by the Vote of 50 to 12.

Not One Republican Goes on Record Against the Legislation, and Because of the Radical Manner in Which It Has Been Amended Since Drafted by the Attorney General the "Insurgents" Claim a Signal Victory—Mr. LaFollette Stars.

Washington, June 3.—The senate passed the administration railroad bill at 9:55 o'clock tonight. The measure had been under consideration more than twelve weeks. Only twelve votes, all Democratic, were recorded against the bill. The practical unanimity was due to the radical changes made from the form in which it was drafted by the attorney general following numerous conferences at the White House.

All the "insurgents" who have opposed many features of the original bill voted for tonight. Through the elimination of the pooling and merger sections and by reason of the adoption of many amendments in the interest of the shippers, the progressive Republicans claimed a signal victory and most of the Democrats expressed themselves as favorable to a large portion of the measure. Had it not been for the retention of the section relating to the court of commerce, it is likely that the vote would have been unanimous.

Just before the voting began Senator LaFollette served notice that unless the senate conferred made a determined fight for the retention of the amendments suggested by the progressives and the Democrats, the senate could not hope to approve the conference report. The new law will be in effect sixty days from the date approved by the president.

Provisions of the Measure. Roughly outlined, the features of the bill include: A new court known as the court of commerce for the consideration exclusively of appeals from orders of the interstate commerce commission. The government is made the defendant in all cases before the court, and appeal may be made to the supreme court.

Provision is made against rate-fixing to destroy water competition. Railroads are required to furnish written statements of their rates upon the written application of a shipper, under penalty.

The commission is given authority to investigate the propriety of any new rate, and pending the hearing provision is made for the suspension for ten months of the rate. Authority is given the commission to establish through routes and prescribe the rates for the same.

Shippers are given the right to designate the through route over which their property shall be carried.

Telegraph and telephone lines are placed under the jurisdiction of the commission. One proposition regulates the injunctions by federal courts which suspend the operation of state laws. It provides that such action shall be taken only when presented to a justice of the supreme court or to a circuit judge and heard by three judges, one of whom shall be a supreme court justice or a circuit court judge.

Mr. LaFollette Presents Amendments. Earlier in the day Senator LaFollette presented a number of amendments, most of them being beaten. One which provided that no person interested in a railroad should be appointed to membership on the court of commerce aroused sharp criticism from several senators who saw in it a reflection on the chief justice. His amendment providing for the fuller equipment of the commerce commission by the creation of four districts to be presided over by a commission of three was beaten, as was one to prohibit the continuous service of train employes for more than fourteen hours. Another of his amendments, this one permitting railroads to issue passes to widows and minor children of employes killed in the line of service, was accepted. Senator Bacon then moved to strike out the sections for the court of commerce. This provoked a long debate, but it was beaten, 25 to 38.

MADE IN THE SENATE "IN THE PUBLIC INTEREST."

The provisions which Senator LaFollette placed in the interest of the railroads included the capitalization, merger and traffic agreement provisions which have been eliminated. He outlined the changes that had been made during the progress of the bill, as Mr. LaFollette said, "by the progressive Republicans and the Democrats against the combined opposition of the administration and the railroads." He closed by giving notice that the conferees must keep faith with the senate in the matter of the important amendments engrafted on the bill if they expected the conference report to be approved. He referred to the remark made by Senator Aldrich at the night ago in the debate on the long and short haul clause, that "he who laughs last, laughs best," as signifying that the conferees might be ready to drop some important features from the bill.

Clashes With the Vice President. In fact, the Wisconsin senator was in the thick of the fray throughout the day. The senate had been dragging along for several hours in committee of the whole when apparently the debate became exhausted.

"Are there other amendments to the bill to be offered in committee of the whole?" the vice president asked. No one responded. "If not, the bill will be reported to the senate." There still was no response, and after a momentary pause Mr. Sherman said: "The bill is in the senate."

By this time Senators Bacon and LaFollette had become aware of the situation. Both had amendments to offer in committee. Mr. Bacon was mollified with the assurance that his amendment could be presented in the senate as such. But Senator LaFollette did not go so far. Stating that his attention had been distracted, he was proceeding to say that he had not had "proper opportunity to present his amendments." He was not permitted to proceed further, the president interrupting him with a sharp rap of the gavel.

"The chair has deprived no senator of any opportunity that belongs to him, and the chair resents such insinuations," said Mr. Sherman. Evidently Mr. LaFollette's amendment was not intended as a rebuke on the course of the chair. By unanimous consent the bill was reported to the senate by the whole and Mr. LaFollette presented his amendments.

Arousing a Lively Debate. One of these, as previously mentioned, would have prohibited the appointment as a judge of the court of commerce of any person who holds stocks or bonds or is otherwise interested in a common carrier subject to the proposed court. The provision scarcely had been read when Senator Heyburn took the floor. He denounced the suggestion in the amendment as "infamous," and said that in his public lectures Mr. LaFollette had called attention to the votes of his colleagues on similar cases in other sessions apparently with the purpose of charging that the senators were favorable to the appointment of judges who might try their own cases. His complaint was echoed by Senators Gallinger and Carter. The latter declared the amendment an offense to the intelligence of every lawyer in the senate and pointed out that the courts would not tolerate personal interest on the part of any judge.

Mr. LaFollette said he had pursued the policy of presenting the records of the senators to his audience and had then left his audience to make their own decisions. He said: "It is my view that the record of public men belongs to the public and I proposed to continue in my course." Senator Borah defended the amendment on the ground that it was well to throw around the courts all possible safeguards. The amendment was voted down, 29 to 32.

CLAIM THEY HAVE THE VOTES. House Regulars Say Postal Bank Bill Will Pass Without Amendment. Washington, June 3.—The regular Republican leaders in the house today announced that they were confident of putting the postal savings bill through without amendment. They said they had enough votes, including those of some of the "insurgents," to enforce a rule prohibiting the introduction of amendments. The Democrats resist.

Provides for Papermaking Experiments. An appropriation of \$30,000 was made by the house today to enable the secretary of agriculture to investigate the methods of making paper from various plants and woods. The provision is made in an amendment to the sundry civil bill, which was under consideration in the house all day.

No Oleomargarine Legislation. Oleomargarine legislation during the present session is improbable. The Burleson bill, which proposed to reduce the tax on oleomargarine from ten cents a pound to two, is still in the house committee. It is likely to be there at adjournment.

PILOTTED BY "UNCLE JOE." Jack Abernathy's Sons Visit House and Throw It Into Confusion. Washington, June 3.—The young Abernathy boys, sons of Jack Abernathy, Rough Rider, United States marshal and friend of Theodore Roosevelt, who have ridden two thousand miles from Oklahoma to meet Mr. Roosevelt upon his arrival in New York, threw the house of representatives into confusion when they were brought upon the floor today, upon the suggestion of Senator Gore, who owned as much of this city as Rockefeller or Carnegie, said "Uncle Joe," addressing them. Members crowded about and questioned them about their long horseback ride.

MIDDIES GET THEIR DIPLOMAS. Annapolis, Md., June 3.—One hundred and twenty midshipmen today received their diplomas from the hands of Secretary Meyer.

NATION'S CHIEF VISITS MICHIGAN

Mr. Taft Is the Guest of Honor at the Commercial Banquet at Detroit and Today He Will Go to Monroe and Jackson.

He Is Half Amused and Half Angry When He Learns That Wall Street Has Misinterpreted His Remarks at Ada, O.—He Confirms the Report That He Will Give a Hearing to the Railroad Presidents—Action of the Senate Pleases Him.

Detroit, June 3.—After having spent most of the day at Ada, O., where he addressed the graduating class of the Ohio Northern University, President Taft came to Detroit tonight as the guest of honor at the banquet of the Board of Commerce. He will spend the night here and will leave early in the morning for Monroe, where during the forenoon he will speak at the unveiling of the statue of General Custer. In the afternoon he will attend the dedication of a tablet at Jackson to commemorate the fifty-sixth anniversary of the founding of the Republican party.

Mr. Taft was half amused and half angry when he learned that a reference to business conditions in his speech at Ada had been made the excuse for rumors in Wall street of a panic to come some time in the next ten years. To the graduates who proposed to go into business he merely gave voice to the cautionary advice that conditions of prosperity must not be expected always.

Will Give Railroads a Hearing. The president confirmed the report that Monday next at Washington he will give a hearing to a delegation of railroad presidents who are aggrieved over the injunction suit. When Mr. Taft heard that the senate had passed the railroad bill, he snapped his hands and said, "Bully, bully."

The speakers at tonight's banquet included Governor Bradley, Mayor Brewster, Senators Burrows and William Alden Smith and Representative Denby. Mr. Taft spoke on conservation. He said he hoped for a law definitely ratifying the right of the executive to withdraw power and discuss at some time of public land from public entry under the homestead law pending legislation for their disposition under various restrictions. He declared that in conservation it is necessary to be practical. He said: "There are no altruists who are going to invest money merely to gratify a theory. We will have to offer to private capital the prospect of a fair profit if development is to come."

Gives Muckrakers a Scolding. Ada, O., June 3.—President Taft, in an address to the graduating class of Ohio Northern University here today, gave a world of advice to the young men and women assembled at some length the opportunities and the limits of various professions and business pursuits. The law, the ministry, medicine, teaching, journalism, farming and modern industrial conditions all came in for a share of treatment in Mr. Taft's remarks.

Discussing journalism, the president took occasion to denounce muckraking and expressed the belief that the unjust phase of newspaper activity soon would be a thing of the past. He praised Roosevelt's crusade against muckrakers in this connection. Socialism was denounced by the president, but was referred to as one of the problems that will have to be considered during the next generation.

AEROPLANE TRIP ARRANGED. Horace Wild Will Attempt to Fly from Chicago to Louisville. Louisville, Ky., June 3.—It was announced today by the Louisville Times that a contract has been closed with Horace B. Wild, the Chicago aviator, for a flight from Chicago to Louisville. The trip is to be made with not more than four days in fuel when completed between June 18.

Russian Aviator Probably Fatally Hurt. St. Petersburg, June 3.—M. Popoff, instructor of aviation in the army, was probably fatally injured in an aeroplane accident at Gatchina today. He was maneuvering a Wright machine and had flown successfully for a quarter of an hour. In descending, the aeroplane struck an elevation on the ground and was wrecked. The aviator sustained a broken breast bone, a broken arm and severe injuries about the head.

"WET" CANDIDATES ENDORSED. German-American Liberal Alliance Takes Hand in Iowa Campaign. Des Moines, Ia., June 3.—The German-American Liberal Alliance, through its president, Joseph Elbock, issued a letter today, urging the voters of Iowa to support only candidates who are opposed to the re-submission of the prohibition amendment. S. H. Bashor, Democrat, and Guy Feeley, Republican, are endorsed for governor and attorney general, respectively.

JEFFRIES GOES FISHING AGAIN. Ben Lomond, Cal., June 3.—After a nine-mile morning run and a half-hour turn with the pulley weights, Jeffries decided that that was enough for the day and spent the afternoon fishing.

New York, June 3.—Joe Jeannette had to let out all he knew tonight to earn so much as a draw from Jim Smith, a new comer, in a ten-round bout.

THE WEATHER

Washington, June 3.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy, warmer in the northwest, Saturday; Sunday, unsettled, light variable winds.

MRS. DORA E. DOXEY IS FOUND NOT GUILTY.

Tried on the Charge of Murdering William J. Erder With Arsenic, She Is Acquitted—The Jury Out Eight Hours.

St. Louis, Mo., June 3.—Mrs. Dora Elizabeth Doxey was found not guilty tonight by the jury which heard the evidence against her on the charge of murdering William J. Erder with arsenic. The verdict was returned after eight hours' deliberation. Mrs. Doxey was hysterical as the acquittal was announced. The charges against her husband, who was accused jointly with her with the murder of Erder, will come up for trial within two weeks.

Mrs. Doxey was born at Aledo, Ill., in 1880. In 1895 she married Robert L. Downing, of Joy, Ill. Dr. Loren B. Doxey was a physician there and attended her four children, who died. She married Doxey in Burlington, Ia., in August, 1906, after Downing had divorced her. She came to St. Louis in April, 1909, at the time she was alleged to have married Erder, who died July 10, 1909. Kate Erder, a sister, caused her arrest at Columbus, Neb., Nov. 14, on the charge of poisoning Erder.

WALL STREET TAKES VERY GLOOMY VIEW

New York Financial District Is Alive With All Sorts of Forebodings Regarding State of the Nation's Trade and Commerce.

This Pessimistic Attitude Is Due, for the Most Part, to the Rate Situation—Crop Prospects Are Flattering and Money Continues Easy, but These Factors Are Ignored—Stocks Are Unloaded at Almost Any Price and Values Slump Disastrously.

New York, June 3.—They had almost a hysterical time on the stock exchange today and there were periods when the market bordered on complete demoralization. With few exceptions the lowest prices of the year were recorded and the trading was in excess of 1,500,000 shares, the largest day's business in months.

Included in the heavy selling were many specialties which were offered at marked recessions, while at times standard issues seemed thrown over for what they would bring. The movement was precipitated by enormous liquidation, aided by persistent short selling. The rallies were out of all proportion to the declines and the absence of substantial support in such issues as Union Pacific, St. Paul and Steel perhaps was the most disturbing feature.

Wall street was alive with rumors and reports ranging from gossip of the political situation in Washington to all sorts of forebodings regarding the state of the country's trade and commerce. Railroad men quoted in glowing terms as predicting sharp retrenchments and rigid economy in view of the administration's attitude towards the proposed increased rates. President Brown, of the New York Central, was quoted as saying that the credit of the railroads "has been almost totally destroyed by this action (the rate injunction) and it will be almost impossible for any railroad to secure a loan here or abroad."

Mr. Brown was quoted as saying that \$10,000,000 of New York Central bonds had been sold in France at 88 1/2 cents on the dollar. Almost at the same time Albert H. Harris, general counsel for the New York Central, was quoted on his arrival home from France as expressing great satisfaction with the success of a sale of \$10,000,000 of Cleveland, Cincinnati, Chicago & St. Louis bonds which are to be issued to the French at 97. So far as learned the two references were to the same transaction and the discrepancy in the matter went unexplained.

The crop prospects were considered highly satisfactory and money at this center remains easy, but the financial district, nevertheless, was inclined to take a pessimistic view of general business conditions. It also was argued by many that the steel and iron industry shows signs of arrested development.

Today's heaviest losses in the active issues were: Union Pacific, 5/8; Southern Pacific, 3/4; Reading, 4/16; Louisville & Nashville, 3/4; St. Paul, 3/4; Northern Pacific, 3/4; United States Steel, 3/4; Amalgamated Copper, 3/4; Consolidated Gas, 5/8; American Locomotive, 4/16; American Car & Foundry, 4/16. Elsewhere in the railway and industrial groups, losses of 2 to 3 points were general.

London was a heavy buyer during the early session, but was reported to have reversed its position later, selling heavily the Harriman issues and Steel. Bradstreet's and Dun's Trade Reviews. New York, June 3.—Bradstreet's tomorrow will say: Trade advices are irregular, varying somewhat with the sections or lines reporting but with quietness the prevailing feature. In the northern half of the country unseasonably cool weather has been a bar to expansion in the retail trade. Probably the best reports come from the Northwest and the Pacific coast, while the Atlantic coast reports are unsatisfactory. The action of the government against the higher freight rates has resulted in an additional element of uncertainty in the industrial situation. There is more activity in iron, but largely at the expense of prices. Wool is weak. Cotton goods still feel the effects of the contrast of the high present prices with the probably lower future quotations for raw material. The leather and shoe trades are quiet. Building is active.

R. G. Dun & Co.'s Trade Review tomorrow will say: The gradually improving temper of large business during the last two weeks has been checked by the contest over the railroad rates. The effect upon the trade situation cannot yet be measured. Sharp competition in the pig iron markets has resulted in further price concessions. The yarn market rules quiet, but cotton yarns show more firmness. The trend of the drygoods trading in primary circles is conservative, but generally speaking values are showing a firmer tendency. Trade in leather is unsatisfactory. A dull and weak market continues in all lines. The total bank clearings compiled by Bradstreet's for the principal cities in the United States the past week amount to \$2,832,155,000, against \$2,666,894,000 in the corresponding week a year ago.

MAKE APPEALS TO PEOPLE. Western Railroads and Shippers Both Issue Statements. Chicago, June 3.—Simultaneous appeals were made to the people today by the Western railroads and the Illinois Manufacturers' association. According

KANSAS CONGRESSMAN ASSAILS MR. CANNON.

Murdock Charges That for Years the Speaker Has Been Playing in the Dark With Tammany—Norris Also Denounces Him.

Elizabeth, N. J., June 3.—Representative Murdock, of Kansas, retorted to Speaker Cannon's assertion that "shootings were too good for the insurgents and they ought to be hanged as traitors," with the counter charge tonight that the speaker for years has been playing in the dark with Tammany Hall.

Mr. Murdock was speaking here at a mass meeting held within the shadow of Senator Keane's house to boom the senator's rival, Representative Fowler, for the senator's place when his term expires. Discussing the speaker's recent attack on the insurgents, he said: "Some of the speaker's friends have tried to excuse his utterances on the ground that they were only post-gradualist oratory. I differ with them. They were the deliberate utterance of a man whose mind is filled with hate for those who have refused to bend their knees to him."

"For twenty-five years Cannon has covered his delinquencies by cunning. He has played in the dark with Tammany. Every heart throbs in response to the impetus of an aristocrat. He has blocked the way to light and liberty and he is the anomaly in history of this democracy."

Representative Norris, of Nebraska, followed Mr. Murdock. His speech was full of denunciation for the "iron duke of American politics."

CHARGE ATTEMPTED SMUGGLING.

Mr. Loeb's Inspectors Take Four Wisconsin Women Into Custody. New York, June 3.—Mrs. C. W. Allen, her daughter Gertrude, their friend, Miss Ethel Sumner, and Mrs. D. D. Greiger, all of Kenosha, Wis., will have to explain to the customs authorities Monday why, as the inspectors allege, they failed to declare \$3,000 worth of jewelry today when they landed from the Lusitania and why the jewelry afterwards was found in a chamois bag tied to Mrs. Allen's waist underneath her skirt. After their examination this afternoon, the United States district attorney paroled the women until Monday, when it will be decided if the government will prosecute or not.

H. O. HAVEMEYER "DID IT." Sugar Trust Secretary-Treasurer Heike Shifts Blame to Dead Man. New York, June 3.—Charles R. Heike, secretary and treasurer of the American Sugar Refining company, on trial charged with conspiracy to defraud the government by false customs weights, took the stand today and shifted the responsibility for the conduct of sugar trust affairs to the late Henry O. Havemeyer, president of the company. He declared that all his acts were "at the direction of Havemeyer," but denied knowledge of the "crooked" scales at the sugar docks.

FRESH TAR GLUES HIM TIGHT.

Amusing Plight of a New York Youngster Who Plays Truant. New York, June 3.—Francis Cleary, eight years old, played truant today and sought amusement on the roof. He stretched out on his back and fell asleep. Late this afternoon he awoke to find himself stuck fast. The roof had been freshly covered with tar and Francis was glued tight. He could use only his voice to summon help. It was necessary to cut off his hair and clothing to free him.

\$15,000 VERDICT IS SET ASIDE.

Court Holds "Affinity" a Good Old Word and Not in Itself Libelous. New York, June 3.—It was decided today by the appellate division of the supreme court that the term "affinity" is a good old English word and is not in itself libelous. The decision was rendered in the case of Peter Goddes Grant, a broker, who had obtained a verdict of \$15,000 against a newspaper that described him as riding in a touring car with an "affinity." The judgment was reversed and a new trial was ordered.

HOUGHTON GIRL TAKES POISON.

Houghton, June 3.—Maybel Mellon, employed in the county jail kitchen, attempted to commit suicide last night with carbolic acid. She will live.

MARQUETTE, MICH., JUNE 4.

Senator Cummins is back among the home folks in Iowa, and has thrown the throttle wide open. See press dis- patches.

Wrestler Gotch says he is going to re- tire. He might as well. There do not appear to be any other "rasters" any- where near his class.

The press agents for the big fight are, like the fighters, hitting up their pace. They can get a story on the front page nearly every day now.

Despite his pronouncement on Egyp- tian affairs, we note that Mr. Roosevelt continues to be received in the best so- cial circles in dear old London.

Purses for aeroplane performances aggregating over \$200,000 have been hung up. Even the Wright brothers are tempted to get back into the game.

England has, at last, been heard from in the wild race for aviation honors, for it was an Englishman who crossed the English channel this week, and then went home again without bothering to alight.

Those Bryn Mawr young ladies must have flustered our president. First he mislaid the suit case that contained his cap and gown, and then he traveled off without his overcoat. Looks like a clear case of rattles.

Now that they have read of the Gotch- Zbyzko wrestling match our copperdom friends are doubtless less surprised than they were at the time that their Finn gentleman, Mr. Lehto, stayed so long with the burly Pole.

Senator Ike Stephenson's election in 1909 had many strong points of re- semblance with the one of Mr. Lorimer, but there's a considerable difference in the breeding of Illinois and Wisconsin state's attorneys, it appears.

President Taft, Senators Smith and Burrows and Representative Townsend will sit down together today at Repre- sentative Townsend's table. If they could get their heads together there are a lot of interesting questions they might settle.

Cannot Senator Burrows see in the revelations in Illinois an argument for publicity of campaign contributions and expenditures before election? If there had been publicity in regard to the ex- penditures for Lorimer before election, there wouldn't have been any election.

Who started it? Why the London Spectator. "It would be a thousand pities if Mr. Roosevelt should leave us without speaking to the English people, and speaking quite plainly what he has to say of them and of their work here and abroad," said the Spectator. And Mr. Roosevelt spoke.

Charles D. Norton has been named to succeed Secretary Carpenter at Presi- dent Taft's right hand. In Mr. Norton's behalf it is stated that he knows how to deliver the soft answer that turneth away wrath and also has a comprehen- sive knowledge of politics. His health and constitution are quite beyond ques- tion.

Attorney General Bird has notified foreign liquor dealers doing business in Michigan that they must pay up at once their delinquent license fees or stand prosecution. They would like to have the state officials hold off, pending a test case in the courts. However, the ulti- matum has gone forth from Lansing that they are to settle first and have their test case afterwards.

This story that Senator Burrows would be willing to fall in line for C. J. Byrns for the Marquette collectorship, if only Senator Smith, in return, would promise him his support in the senatorial primaries, and that Smith refuses to tie his hands in that matter, comes from many different sources. If repetition by people who say they know means any- thing, there is something in it.

Fingy Conners stepped down as chair- man of the New York Democratic state central committee smilingly and with pleasant words. On the surface, at least, all is harmony. However, the conviction is widely held that if Fingy ever gets a fair chance to swat Mr. Murphy, of Tam- many Hall, he will not forebear to swat. And when Fingy used to wrestle freight on the Buffalo docks he had a mighty good swat at that.

ISHPEMING

BALL GAMES TODAY.

At the Union park today and tomor- row the Negaunee and Marquette teams will play their first games of the sea- son, and the Ishpeming team will play the Crystal Falls nine on the latter's grounds. The Ishpeming players will leave this morning on the St. Paul train and will return Monday morning.

Harris, who has been playing second base for Ishpeming, has been released and St. John will probably hold down the second sack both today and tomorrow. Dixon will probably be in the box today and Goulette tomorrow. Myron McMil- lan, of Green Bay, who has been play- ing with the team there for the past two or three years, was in the city yester- day, and he had a try-out in prac- tice. He left late night for Green Bay, and will pitch a game there today. He pitched against the Menominee team last Sunday, winning the game by a score of 10 to 5. He also plays second base, and it is possible that he will be given a try-out with the local team in its games with Crystal Falls at the Union park a week from today and tomorrow.

It is reported that Crystal Falls has made several changes in its line-up since its game with Ishpeming here on Decora- tion Day. It is reported that perhaps five or six of the men who played here last Monday will be released.

ISHPEMING IN BRIEF.

Theo Johnson has returned from Col- umbia University.

Thirty-nine births were recorded in Ishpeming in May.

Lawrence Barnett has returned from Chattanooga, Tenn., where he is a stu- dent at college.

The Michigan game baseball team will play the Buffalos of Negaunee at Michi- gamme tomorrow.

The Misses Mitchell and Quinn of Ne- gaunee will serve coffee this afternoon at the Golf club house.

Alderman Jerry Donovan of the First ward has returned to the city, after an absence of several months.

Dr. Cornelius Carey is in the city for a few days visiting with his parents, Mr. and Mrs. Richard Carey, of Cedar street.

J. M. Greenbeck, proprietor of the Ishpeming Suit, Cloak & Fur com- pany's store, was here yesterday from Fond du Lac.

Dr. Miles Main, E. C. Thompson, George Barry and William Myer of Gwinn attended the dancing party given here Thursday evening.

The invitations for the graduation ex- ercises of the senior class of the Ish- peming High school have been issued. About 1,000 have been sent out.

The motion picture subjects at the Ishpeming theater this afternoon and evening will be: "In War Time" and "The Fuel." The matinee starts at 3 o'clock.

Mrs. A. H. Boyd of Denver, Colo., has joined her husband, Colonel A. H. Boyd, in this city. They are making their home with D. D. Randall and family, on West Ridge street.

Several of the Ishpeming members of the Golf club will participate in the

tournament that is to be started this afternoon. Four trophies have been provided for the winners.

Cole & Rodgers' railroad shows will exhibit in Ishpeming next Thursday af- ternoon and evening. The tents will be pitched on the Cleveland-Chief's Iron com- pany's lots on North Third street.

Mrs. G. G. Barnett entertained a number of lady friends with luncheon yesterday in honor of Mrs. R. D. Ewing, who is here from Colorado visiting her sister, Mrs. F. H. Raisky, and other relatives.

A baby girl will be given away to- morrow afternoon at the 3:30 service at the Salvation Army barracks. Rev. Joseph Billings will preach. The other services tomorrow will be holiness meet- ing at 11 o'clock, young people's meeting at 6:30 and salvation meeting at 7:30 o'clock.

Peter Koski & Co. have started to clean up the upper portion of their business block, which was damaged by fire a week ago today. An inventory of the stock on the lower floor is also being taken.

At the Salisbury Methodist church Sunday at 9 a. m. will be held a union class meeting and love feast. The regular morning service at 10:30 the pastor will speak on "A Big Difference." The evening subject will be "No Difference."

Manager Hendrickson of the Gately- Wiggins company's store has made a number of improvements in the ar- rangement of the stock. The iron min- ing department has been arranged on the main floor and is neatly fitted out, with rugs and mirrors. The men's clothing department is now towards the front and the furniture displays are on the south side of the main floor, also in the rear room.

Births recorded in the city yesterday were to Mr. and Mrs. Nathaniel Hendra, 135 Vine street; a son to Mr. and Mrs. Oscar Jurni, 154 Barn street; a daughter to Herman Piirto and wife, 511 West Division street; a son to Mr. and Mrs. Almedo Guvville, 429 East Division street; a daughter to Andrew Honkovara and wife, 144 West Superior street; a daughter to Mr. and Mrs. Arvid Jarve, 338 Third street, and a son to Herman Aho and wife, 403 Ely street.

Miss Ida M. Heeko, daughter of Nels Heeko of this city, was united in mar- riage Wednesday to John W. Honko, a well known young business man of Ne- gaunee. The ceremony was performed at the home of the bride's parents and the Finnish Lutheran minister officiated. Mr. and Mrs. Honko left the city that afternoon for the copper country, where they will visit for a few days. They will reside in Negaunee and the bride will be at home to her friends after the 12th.

The dancing party given Thursday evening at Braastad's hall by a dozen or more Ishpeming young men, was a great success. More than 100 couples attended. The decorations were a pleasing feature and were composed principally of Japanese lanterns and red, white and blue bunting. Among the decorations was a comet in one end of the room. All of the other lights in the hall were turned off when the comet came into view. Several favor dances, also a search light game, were on the program. Carnations and sweet peas were the favors distributed. A de- licious lunch was served and Trombly's orchestra played satisfactory music.

There will be confirmation services

tomorrow morning at 10 o'clock in the Norwegian Lutheran church and com- munion service will be held in evening at 7:30 o'clock. The following young people will be confirmed: Oscar George Blokken, Henrik Martin Fosmo, Oscar Martin Fosmo, Richard Johnson, Al- bert Rudolf Lund, Oscar Nicolai Oie, Kirsten Olsen, Peder Bernhard Petter- sen, John Martin Seem, Sivert Ingeleigt Sandlie, Conrad Tostvig, Reynold Gil- bert Aas, Leif Erickson, John Arvid Birj, James Edwin Flaa, Julia Flack, Susan Genevieve Flack, Anna Marie Ge- lein, Annie Sophie Jorgensen, Minda Jonette Kroghall, Hilda Lovice Lar- sen, Jennie Nelsen, Laura Olen, Anna Katherine Smadok, Ragna Wangberg, and Gundra Rosie Fosmo.

William Hutchings, formerly of this city, who is secretary and treasurer of the Hutchings Exploration company of Duluth, is in the city for a few days' visit to relatives. The corporation which bears Mr. Hutchings' name was organized five months ago. H. J. McClearan of Duluth is president and Mr. Adson, the South Shore's general passenger agent, is vice president. It is at present working five diamond drills and five churn drills on Mesaba range contracts. Mr. Hutchings will go to the copper country Monday to meet people who desire figures on drilling work. The company recently completed a big drilling job for the Republic Iron & Steel company. Before engaging in the contracting business Mr. Hutchings held the position of assistant superin- tendent of the Oliver Iron Mining com- pany's drilling operations in the Mesaba district.

George F. Ruez's Review.

"Heavy liquidation broke out again in the New York market and values, girly melted away. Amalgamated broke from 7 1/2 to 6, and then from 7 1/2 to 6. Trading in the Boston copper was very light. The stocks which showed any activity whatever were: Amalgamated, from 7 1/2 to 6, with a recovery to 4 1/2. North Butte declined from 32 to 30. Nipissing was in excellent demand and the greatest decline witnessed in 1910. An extra dividend of 25 cents is expected on this stock. It is now paying \$1.50 annually. Calumet & Hecla declared a quarterly dividend of 87, which is a reduction of 81. The curb stocks showed much more activity than the listed issues, and the weakness in the other markets. The fact that curb stocks are not carried on margin to any great extent helps them in a market like this and makes curb of merit the quickest profit-makers when bought on any sharp breaks."

Morgan & Co's Letter.

"The New York market opened steady at about yesterday's closing prices, but quick- ly turned weak on rumors that several of the larger railroads were cancelling their orders recently placed for rails and other equipment. The confirmation of these rumors in the case of the Harriman roads brought an enormous volume of liquidation and the greatest decline witnessed this year. Union Pacific dropping 7 points. The Standard Oil interests are said to be the heaviest sellers. All the large manu- facturing and industrial leaders are reported as greatly disheartened by the attitude of the Washington officials and further heavy liquidation is generally predicted. There is a rumor that the large industrial organizations are about to request con- gress to insert a clause in the pending railroad rate bill permitting pooling. If this were done it would help considerably. Wall street sentiment is very pessimistic, but the fact should not be overlooked that the recent declines have discouraged many of the unfavorable factors. The decline in Lake & Erie drop of 3 1/2 points from the opening, was the feature in a weak and gloomy day in the Boston market. While there was but little pressure to sell, the liquidation in New York had its effect, and lower prices resulted where transactions of any consequence occurred. Losses ranged from a fraction to 2 points. The curtail- ment of the export orders by railroads is expected to exert a depressing influence on the metal situation, but prices are already low and the market will hold out, which will tend to prevent any but forced selling. The curb market was very quiet with small fractional declines all through as a result of the day's business. The weakness in Boston was exceptional, this issue selling down to 6 1/2. Little improve- ment can be expected until the larger markets become settled."

And gentle anointings with Cuticura Ointment.

Upper Peninsula

His Injuries Prove Fatal—Injured by a post thrown from a spinning saw at the mill of J. G. Litch, Felix Delta county, Alphonse Gendron died at the Cottage Hospital in Escanaba. He was thirty-eight years of age and is survived by his wife and four children. He was a member of the Catholic Order of Foresters.

Victims Dog Bites Boy—Glenn, the little son of James Black of 514 Bingham avenue, Sault Ste. Marie, was severely bitten in the face by a dog last Thursday. Mrs. Black and the boy were walking along Carrie street, when the dog without warning jumped on the youngster and sank his teeth in the cheek close to the eye. Mrs. Black had a struggle with the dog before he would let loose. The police department is endeavoring to locate the dog and its owner.

Is Exonerated of the Charge—Octave LeDuc, formerly of Escanaba, but now living on a clearing a few miles from Cornwell, Delta county, had his trial in Justice Linden's court at Escanaba on the charge of having maliciously started bush fires which endangered the property of other people and the result was his acquittal. The evidence against LeDuc was extremely weak. Testimony in behalf of LeDuc showed that he had started the fires under the instruction of one of the camp foremen of the I. Stephenson company and that he had afterwards done all in his power to prevent the flames from spreading and assuming dangerous proportions.

Banquet of Upper Peninsula Club—At Big Rapids last Saturday evening there was held a banquet given by the Upper Peninsula Club of Ferris Institute. The club is composed of educators and students at the institute whose homes are or have been in the upper peninsula. The decorating committee consisted of W. Fitzsimmons and Miss Gertrude McCauley, Escanaba; Clarence Lambert and Richard Green, Wells; Miss Nina Carmody, Rapid River; Oswald Raffin, Iron Mountain; Miss Loretta Sanford, Stephenson, and Miss Sophia Weber, Houghton. Clarence Lambert is secretary and treasurer of the club. There were seventy-five present at the banquet which is described by a correspondent as having been a great success and most enjoyable. All of the speakers on the program, with the exception of Professor Clark, were former residents or teachers in the upper peninsula. Professor S. T. Peter, the toastmaster, is formerly of Norway, and Professor Knisley formerly taught school in Marquette and the copper country.

USE ALLEN'S FOOT-EASE.—The antiseptic powder to be shaken into the shoes. If you have tired, aching feet, try Allen's Foot-Ease. It rests the feet and makes new or tight shoes easy. Copper Country

SIDNAY, FACTORY TOWN.
Butter Dish Factory There the Largest Factory in Six Counties.

That the iron and copper countries do not constitute a large industrial center is shown by the industrial census of Houghton, Keweenaw, Ontonagon, Baraga, Gogebic and Iron counties just concluded as a part of the general census of the United States. Harry T. Dillon, special industrial enumerator for the district including the six counties, has just returned from his official tour. An unofficial statement from him makes Sidnay, in a sense, the biggest manufacturing town in the district. There is located at Sidnay a butter dish factory which employs ten people and it is the largest employer of labor in a manufacturing sense of any enterprise in the six counties. Of course mining and smelting and lumbering are excluded from consideration when this statement is made because they are considered to be enterprises which produce raw material and are not generally considered as manufacturing enterprises.

Aside from the butter dish factory there are no manufacturing enterprises of importance in the six counties. There are cigar factories and bakeries, but they are looked upon as local institutions, supplying strictly a local trade. This is true of the breweries in the district. The butter dish factory is the only one which sells its product in the wider fields of trade. Mr. Dillon says that conditions throughout the six counties are favorable and people generally take a cheerful view of the situation. There is a big demand for labor everywhere. Lumbermen suffered some loss through forest fires this spring but nothing very serious.

BY AUTOMOBILE FROM CHICAGO.
Wausau (Wis.) Party Makes Trip to Houghton Over Good Roads.

Copper country automobile owners have long deplored the lack of good roads on a continuous route between the copper country and Chicago, but G. A. Anderson of Wausau, Wis., formerly of Ontonagon, seems to have solved the problem. He recently drove his car from Wausau to Houghton and says that as the roads between Wausau and Chicago are fine the Chicago-Houghton problem should not be considered difficult of solution, that is if automobilists want to undertake a somewhat circuitous route, via Ontonagon.

Mr. Anderson's route to Houghton was as follows: Wausau to Merrill, to Dudley, to Parish, to Eagle River, to Conover to State Line, all Wisconsin towns. The first town in Michigan is Watersmeet. Partridge to Birch Crossing, six miles from that town, a bad piece of road is encountered and it is necessary to haul the car with horses for a distance of two miles. After that the roads are good, the route being Watersmeet to Partridge, to Birch Crossing, to Rockland, to Greenwood, to Ontonagon, or from Rockland to Baraga to Houghton.

C. N. SMITH IN COPPERDOM.
Chief Deputy Warden of Michigan Heron on the Sorenson Case.

C. N. Smith of Lansing, chief deputy state game warden, arrived in Houghton yesterday for the purpose of being present at the trial of Sigvald Sorenson in the circuit court on a charge of using a power boat for fishing unlawfully. Sorenson is charged with using a 15 cent motor on a boat in another. Mr. Smith says the boat and not their own power boat was used and the license issued for one boat will not serve for another.

Asked about the recent suggestions of Joseph Croze regarding changes in the mesh of commercial nets, Mr. Smith says the law has already taken care of this matter. After January 1, 1912, all fishermen must use four and a half inch mesh nets for whitefish and lake trout. They are using a smaller mesh now because the law permits them to use the nets until they are worn out and this is considered to be a matter which will consume time until the first of 1912.

Mr. Smith says that a law covering only an espionage of nets would be impracticable because it would take too big a force of men to watch nets while fishing. He also says that if fishermen do catch small fish in their nets they should turn them over to a charitable institution, as has been done in recent instances in Houghton, and not expose them for sale.

SENATOR BURROWS REPLIES.
Takes up Matter of Cannon for Hancock With War Department.

Mayor W. Frank James has received a letter from United States Senator Burrows stating that the mayor's letter in regard to procuring an old cannon for the city park had been received and given favorable consideration. The senator has referred the matter to the war department. It seems very probable that the city will secure the cannon as a decoration for Montezuma Park, as the application from Hancock was one of the first received.

A DREADFUL WOUND
From a knife, gun, tin can, rusty nail, fireworks, or of any other nature, demands prompt treatment with Bucklen's Arnica Salve to prevent blood poisoning or gangrene. It's the quickest, surest healer for all such wounds, as also for Burns, Boils, Sores, Skin Eruptions, Eczema, Chapped Hands, Corns or Piles, 25c, at The Stafford Drug Co.

SCARED INTO SOUND HEALTH.
Mr. B. F. Kelley, Springfield, Ill., writes: "A year ago I began to be troubled with my kidneys and bladder, which grew worse until I became alarmed at my condition. I suffered also with dull heavy headaches and the action of my bladder was annoying and painful. I read of Foley's Kidney Pills and after taking them a few weeks the headaches left me. The action of my bladder was again normal, and I was free of all distress." Sold by all druggists.

TUXEDO CLUB CIGAR

Indigestion Cured

Mrs. D. H. Yowell cannot praise Duffy's Pure Malt Whiskey too highly. It completely cured her after she had suffered from indigestion for years and when nothing else did her any good. She says it is the greatest remedy in the world for all stomach troubles.

Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain. When taken at meal-time it stimulates the mucous surfaces and little glands of the stomach to a healthy action, thereby improving the digestion and assimilation of the food and giving to the system its full proportion of nourishment. This action upon the digestive process is of great importance, as it brings to all the tissues and organs of the body the nutriment necessary to their sustenance and indirectly to the whole system strength and vigor. It makes the old feel young and keeps the young strong and vigorous.

CAUTION—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It is an absolutely pure medicinal malt whiskey and is sold in sealed bottles only. Never buy in bulk. Look for the trade-mark the "Old Chemist" on the label, and make sure the seal over the cork is unbroken. Price \$1.00 a large bottle. Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. Y., for doctor's advice and an illustrated medical booklet, containing testimonials and rules for health, both sent free.

MANY APPLY FOR CITIZENSHIP.
Class of Twenty-Five Posted in Clerk's Office Yesterday.

County Clerk Richardson yesterday posted the following list of applicants for naturalization, the portions of whom will be heard in September: John Matheson, Freda, John McDonald, Freda, Oscar Mattila, South Range, John Vickers, Hancock, George Trevelyan, Hancock, John Bator, Calumet, John Klobnar, Calumet, Frank Matkovich, Laurium, John Mihelich, Calumet, Karlo E. Pakkila, Escanaba, Pietro Boggio, Franklin, Joseph Michela, Kearsarge, Giovanni Lo, Laurium, Aldo Giacinto, Calumet, Carlo Tomasi, Calumet, Joseph Brossa, Laurium, Frank Bossa, Calumet, Lorenzo Michelini, Calumet, John Cerutti, Laurium, Giuseppe Prato, Calumet, Peter Godia, Laurium, Lorenzo Capello, Laurium, Samuella L. James, Calumet, Felix Bobbio, Calumet, John Soderman, Dollar Bay.

MEET AT IRON MOUNTAIN.
Sons of St. George Will Assemble There During Month of July.

The annual meeting of the grand lodge of the Sons of St. George will be held at Iron Mountain July 21, 22 and 23. The members of the Michigan lodge of Quincy will attend in a body and will take with them the Quincy and for the big parade. Prizes are offered for the lodge making the best appearance in the line of march and the lodge bringing the largest number of members. The Iron Mountain lodge will be barred from both contests. The members of Houghton lodge expect to carry away the honors. The Parker carnival shows have been booked and Cornish wrestling matches will be arranged with prizes large enough to attract a big field of entries.

COPPER COUNTRY TRACK MEET.
Calumet, Hancock, Houghton, Painesdale and Lake Linden Schools.

The annual track meet of the copper country high schools will be held this afternoon at Hancock Driving park. The list of events has been made out in a manner which is meant to be fair to all schools and not to favor the home team. Calumet, Hancock, Houghton, Painesdale and Lake Linden will all be represented.

LEAVE TO ATTEND THE SYNOD.
Rev. N. J. Forsberg, pastor of Carmel church, Swedish Lutheran, of Calumet, accompanied by Oscar Edstrom, has left for Rock Island to attend the golden jubilee celebration and annual convention of the Augustana synod of the denomination. The two men go in a manner which is meant to be fair to all schools and not to favor the home team. Calumet, Hancock, Houghton, Painesdale and Lake Linden will all be represented.

PARC SLIDE VERY POPULAR.
The children of the vicinity of First and Hecla streets, Laurium, are enjoying the slide swings and other apparatus installed this week at the playground in connection with the Laurium park and are having great times there. They enjoy the slide, especially, as this is quite a novelty in this part of the country. The members of the park committee wish anxious mothers to understand that the slide is so constructed and finished with a smooth polish, that it will not wear or tear the clothes of the little ones. It is so smooth that there is little or no friction.

NOTES OF COPPER NEWS.
The steel for the Chino mill is arriving at the property, and it is expected that active production will begin May 1 next.

The shaft at the Cortez property is down 119 feet and is again entering the cave formation, showing large opening in thoroughly leached gypsum and carbonate of copper. A large portion of the ore will probably average 8 per cent copper. There is every appearance of a good body of ore being developed.

There is some excellent rock in the stockpile at the Ojibway, it coming from the drifts 500 and 650 feet down. Six machines are now doing duty, five drifting and one sinking No. 2 shaft, which is getting well down to the next level, or over 1,200 feet. The shaft will be pushed down to the 1,550 feet point at least before again cross-cutting to the hole. Conditions at this mine are more promising today than at any former time.

that city, where he is to take charge of the Swedish Lutheran pastorate in September. The convention of the synod will last until June 9, when the jubilee celebration will open.

RAILROAD COMMISSION COMING.

In the communication read at the meeting of the Houghton city council from the Michigan railroad commission, Chairman Dickinson stated that he expected that the commission would visit the copper country about six weeks hence for the purpose of looking into various matters over which it has jurisdiction. The commission was in regard to the eleven safety gates which the city council has ordered the Mineral Range railroad to install.

LEAVING FOR CORNWALL.

A party of eleven will leave Calumet this evening enroute for Cornwall, where they will spend the most of the coming summer. Among those who will go are George May, Molinsky, Richard Langton, Balfour, Fred Cox, William Taylor, John James, Edward Kissel and William Kissel of Centennial.

AN INSTANCE OF HONESTY.

Mrs. Goddard, janitress of the Calumet theater, yesterday morning found a bag containing Thursday night's receipts of the Morgan Stock company in the office of the theater. The manager of the company had left it behind inadvertently. Mrs. Goddard turned the find over to Manager Caddhy.

JANKILA CASE TO THE JURY.

The case of Hjalmar Jankila, charged with larceny from the person, went to the jury in the circuit court yesterday noon. The case of John Jokela, a similar charge, was taken up by Judge Esamo was acquitted by the jury Thursday evening on the charge of assault with intent to murder.

Mining News

LAKE.

About twenty-five men are now employed in grading and excavating about an acre and a half of land upon which the Lake Copper company intends shortly to erect a new hoist, boiler house and air compressor. Copper Range railroad has laid about 4,000 feet of spur track from its main line to within 200 feet of the site upon which the new structures will be erected. To enable Lake to get its concrete and other materials as close to the site as possible a trestle 150 feet in length and between six and seven feet in height will be built from the end of the spur track. The drifts continue in good ore. In the south drifts toward the Algoma property the rock is showing up exceptionally fine. The lack of sufficient compressed air for the operation of the drills continues to retard underground developments. At the present time only eleven drills are in operation. The shaft is now down about 1,000 feet and early next week the cutting of a station on the seventh level will probably be under way shortly. The distance between the sixth and seventh level is 140 feet on the incline. Lake at the present has 140 men on its payroll, of whom ninety are employed underground forty-five on day and a like number on night shift. Shipments of rock are going forward to the Franklin mill at the rate of about ten cars a week. The diamond drill at No. 12 hole which is trying to locate the northern extension of the Lake hole is down 800 feet. During the first 201 feet the drift was in overburden, a mixture of sand, clay and gravel. This is the only exploratory drill now operating on the Lake property.

ODD FELLOWS' OFFICERS.

Calumet encampment, I. O. O. F., has elected officers for the coming year as follows: Chief patriarch, Samuel Bark; senior warden, Elbert E. Boyd; high priest, Robert H. Kerr; recording scribe, Chris. H. Griddle.

Calumet lodge, No. 134, I. O. O. F., will elect officers next week. The following nominations have been made: Noble grand, John Spurr; vice grand, Fred Lenten and Fred Tonkin; representative to grand lodge, Alfred Taylor, Win. Freganowan, Elbert E. Boyd, Richard R. Keast and Chris H. Griddle; district deputy grand master, Richard R. Keast.

PARK SLIDE VERY POPULAR.

The children of the vicinity of First and Hecla streets, Laurium, are enjoying the slide swings and other apparatus installed this week at the playground in connection with the Laurium park and are having great times there. They enjoy the slide, especially, as this is quite a novelty in this part of the country. The members of the park committee wish anxious mothers to understand that the slide is so constructed and finished with a smooth polish, that it will not wear or tear the clothes of the little ones. It is so smooth that there is little or no friction.

City Brevities
Today's weather: Partly cloudy; sta-
tionary temperature.
Yesterday's temperature: Seven a.
m. 41 degrees; noon, 38; 7 p. m., 37.
Maximum, 41 degree; minimum, 37.
The Methodist choir will meet at the
church for rehearsal at 7 o'clock to-
night.
Miss Margaret Gable, of the Normal
school faculty, left for Milwaukee last
evening.
W. P. Hamilton, who has been at the
Huron Mountain club, returned to his
home in Detroit last evening.
The funeral of Mrs. Fred Bossler will
be held at 2 o'clock Sunday afternoon
from the German Lutheran church.
The contract has been let for putting
in a new front at A. E. Archambeau's
clothing store, which when completed
will be up-to-date in every particular.
The operetta, Tyrolien Queen, will be
given in Baraga auditorium at 2:30
this afternoon for children, by the in-
termediate grades of the Baraga school.
I. Brosnauer and family, of Seattle,
Wash., who have been traveling in Eu-
rope for two years, are spending a few
days with his cousin, Mrs. Louis Gra-
bner, on their way back home.
The city light and power plant will
be shut down from 12:30 to 6 o'clock
Sunday afternoon, in order to make
necessary repairs on the high tension
line.
Miss Emily Walton and Thomas Hosk-
ing, both of Ishpeming, were united in
marriage at the residence of H. Archard,
114 East Jackson street, Thursday after-
noon. Rev. Ames Maywood was the
officiating clergyman.
Miss Woneita M. Putnam, of Dallas,
Texas, has arrived in the city and will
be employed as suit and cloak
saleslady at the Paris Fashion. Miss
Putnam has had many years, experience
in this line and excels in styles, and
Marquette women will find her expert
advice and assistance of great value.
Royal Arcanum Meeting—An enjoy-
able meeting of McKinley council, Royal
Arcanum, was held last evening. J. R.
Eckstein, of Jackson, grand regent of
the order, and W. A. Price, of Lansing,
grand secretary, were present and pre-
sented the Marquette council with a
beautiful loving cup, which was award-
ed for the largest net gain in members
of any lodge in the state. A short
business meeting was held, after which
the evening was given over to sociali-
ty, including a musical program and re-
freshments.
Tea at Golf Clubhouse—A committee
of ladies, consisting of Mesdames J. E.
Jopling, S. S. Ormsbee, A. F. Koenig,
F. G. Jenks and C. E. Lytle, will serve
tea at the Golf clubhouse from 4 to 6
this afternoon to members of the club
and their friends. If the weather is at
all favorable the final round of the
Class B golf matches started Decem-
ber Day will be played off on the golf
course. As this will be the first social
function at the clubhouse this season,
it is hoped that there will be a large
attendance.
Course in Library Methods—A course
in elementary library methods for
teachers will be given in connection
with the summer school at the Mar-
quette Normal. This course is de-
signed especially for teachers who have charge
of libraries in rural schools and the
smaller towns. The instruction is not
for the purpose of making librarians,
but to assist the teachers to under-
stand the use of books. The course will
go over the subject of elementary
library economies and will be inspira-
tional, technical and practical.
Assessment Roll Completed—City Con-
troller Primeau has completed the city
assessment roll, subject to correction by
the board of review next week. The to-
tal amount of taxable property placed
on the roll by the controller is \$2,838,880,
of which \$2,535,706 is real estate and
\$1,593,706 personal property. The valua-
tion last year, as finally fixed by the
board of review, was \$6,729,041, of which
\$6,014,375 was real estate and \$1,714,666
personal property. The board of re-
view will meet Monday to go over the
roll and will be in session all week.
Stock Companies Few—Indications are
that there will be but few attractions
at the Marquette opera house this sum-
mer. Several stock companies had
been booked for this month, but all of
them have disbanded since making the
engagement. Moving picture shows
are said to have been the undoing of
many stock companies and most of
them have "gone broke." Marquette
usually gives good patronage to stock
companies, and in this respect seems to
be the exception that proves the rule.
"The Prince of Tonight" has been
booked for the night of June 17, and
it is possible that Grace George will
play here June 24. A stock company
has been booked for the first week in
July.

INSURE WITH PETER WHITE & CO.
500 LADIES WANTED

scarlet fever. Sold by all druggists.

NOTICE TO TAXPAYERS.
City Controller's Office,
Marquette, Mich., June 1, 1910.
Notice is hereby given that the assess-
ment roll for the taxable property of the
city of Marquette for the year 1910 will be
in the hands of the board of review on
Monday, June 6, 1910.
Said board of review will convene at
the common council room of the city of
Marquette on Monday, June 6, 1910, at
9 o'clock a. m., and will be in session
each day thereafter up to and including
June 10th, 1910, for the pur-
pose of reviewing and correcting said
assessment roll.
Every person having property in the city
of Marquette is requested to call at the
common council room during the session
of said board of review, and inspect said
assessment roll, in order that all errors
which may have been made in said assess-
ment can be corrected.
PETER PRIMEAU,
Controller.

LOWER STATE NOTES.
ALPENA—A proposition to locate an
automobile plant in this city, made by
C. H. Nunnely and H. V. Grosbeck, of
Mt. Clemens, was accepted by a commit-
tee on behalf of the Alpena chamber of
commerce. Nunnely and Grosbeck are
to furnish \$30,000, local capitalists are
to take \$20,000 in stock and the city of
Alpena is to furnish the site and give a
bonus of \$50,000. It is proposed to man-
ufacture a thirty-five horsepower four-
passenger roadster for \$1,000.
MT. CLEMENS—Blood poisoning
from an unusual cause resulted in the
death of John Helzer, the eleven-year-
old son of a Harrison township farmer.
While at play in the yard nine days ago
the boy fell, striking his knee on the
head of a dead catfish, which had been
thrown out with other refuse. The
horn of the fish entered his knee just be-
low the kneecap. The wound was con-
sidered trifling at first, but in a few
hours the limb had swelled alarmingly
and a physician was called. Every ef-
fort was made to save the lad's life,
but he died in great agony.
LANSING—Through its action in re-
fusing to obey the order of the state
railway commission to the effect that it
must build its way cars along lines laid
down by the board, the Grand Rapids &
Indiana road calls into question the
authority of the commission and its juris-
diction over roads which extend out-
side of the state. Through General Man-
ager Huggart, reply was made that inas-
much as the company's lines extend out-
side the state, it is not disposed to ac-
cept the ruling of the board. The com-
mission has notified the officials that a
conference with them will be expected
next week.
LANSING—Mrs. Howard Birchfield
drank a half ounce of chloroform in the
presence of her husband at the Grand
Trunk station just as he was about to
board a train for Flint, where he is em-
ployed in the Buick factory. Birchfield
came here to spend a few days with his
wife, and he says she wanted to go back
with him, but that he told her he could
find no suitable place for them to board.
His wife seemed to grow suspicious that
he did not want her and they had a quar-
rel. She accompanied him to the train,
however, and he was about to kiss her
good-bye when she swallowed the poison
and threw the bottle in his face. She
is in a critical condition.
LANSING—Secretary George Lord, of
the state tax commission, has announced
that he will retire from the secretary-
ship on Jan. 1, 1911, and enter private
business in Detroit, his home city. It
has been known for some time that Mr.
Lord was thinking of resigning, as he
had talked freely with the governor and
members of the commission regarding
the matter. It is also rumored that he
will become a candidate for the state
legislature from Wayne county. Mr.
Lord has been secretary of the board for
the past year. Strong pressure will be
brought by his friends and members of
the commission, urging him to continue
as secretary. The office pays \$2,000 a
year, but Mr. Lord has a number of of-
fers from private concerns in Detroit for
amounts far in excess of his present
salary.
FLINT—Announcement has been made
of the settlement of the will case in
which the city of Flint was a claimant
for a share in the estate of Mrs. Mary
Stockdale, who died several years ago,
leaving property estimated to be worth
in the neighborhood of \$350,000. The
city based its claim on the alleged execu-
tion of a will which it was claimed super-
seded the will filed in probate court after
the death of the testatrix and which left
the bulk of her estate to hospitals and
other charitable institutions in Detroit
and Buffalo. By the settlement which
has just been effected the city gets \$45,
000, which is to be used for hospital pur-
poses. The litigation over the distribu-
tion of the estate has extended over a
period of three years and the case has
been before the supreme court three dif-
ferent times on appeals from the find-
ings of the lower court.
PONTIAC—Justice North has en-
deavored to check drunkenness in Pontiac
by means of jail sentences for all offend-
ers. John Sullivan, farmhand, George
Foster of Brass street and John King,
of Springfield, all faced the court and
admitted they were drunk. "It is the
judgment of this court," said the jus-
tice, "that you each serve sixty-five
days in the Detroit house of correction.
There will be no parole. Before pro-
nouncing sentence the justice said there
have been 100 arrests for drunkenness
in the past month, besides seven others
brought in from the county in the same
period. The court then advised the
prisoners to spend the next few days
with their friends and advise any who
expect in the future. Incidentally, the
court said that if sixty-five-day sen-
tences are insufficient to cure the epi-
demie he will increase the dose.

A Chubby
Baby
is always a healthy baby. He is
both fat and healthy because his
food agrees with him. If you are
having any trouble in finding a
food that will agree with your
baby, try some of those we carry.
We have all of the ones you see
advertised in the magazines and
—a point you will do well to con-
sider—we are careful to keep them
fresh and in right condition.
Even a normally healthy baby is
apt to get sick if given stale
food. No danger of that when you
buy food here.
Desjardins' Pharmacy
417 North Third Street.

DEAFNESS CANNOT BE CURED
by local applications, as they cannot reach
the diseased portion of the ear. There is
only one way to cure deafness, and that is
by constitutional remedies. Deafness is
caused by an inflamed condition of the
mucous lining of the Eustachian Tube. When
this tube is inflamed, it has a running
sound or imperfect hearing, and when it is
entirely closed, deafness is the result, and
unless the inflammation can be taken out
and this tube restored to its normal con-
dition, hearing will be destroyed forever; this
case out of ten are caused by Catarrh, which
is nothing but an inflamed condition of the
mucous surfaces.
We will give One Hundred Dollars for any
case of Deafness (caused by catarrh) that
cannot be cured by Hall's Catarrh Cure.
Send for circulars, free.

EIGHTH WARD ENTERS PROTEST

RESIDENTS OF EAST RIDGE STREET BELIEVE THAT UNDESIRABLE PEOPLE SHOULD BE ROUTED FROM THEIR NEIGHBORHOOD.

Residents of East Ridge street, where a disgraceful row occurred Monday night, think it is high time for the officers to clean out the people who have been creating disturbances there. Tuesday morning a resident of that part of town had Mayor McCorkindale inspect the rooms where the fight took place. Practically all of them were smeared with blood. The people who created the disturbance have returned to the place, and it is said that they are not behaving much better than they did before the arrests. The following communication, written by a resident of the Eighth ward, gives an idea how the residents of that part of the city feel about the matter:

"To The Mining Journal: The writer of this is unfortunate enough at this time to live in the Eighth ward. There is, as it seems, an attempt made to turn a part of it (East Ridge street) into a slum district. By what right anyone has to do that I should like to know. It seems that the longer the respectable people of this neighborhood have suffered in silence the more determined has the effort become to dump into our midst the most undesirable characters, and keep them there. Our patience has been tried to the limit, and something will have to be done.

"A man and a woman, not man and wife, live together in the same house; she is constantly running to the saloons after strong drink, and they keep such a disorderly house that the neighbors can not sleep for whole nights, on account of the fighting. The officers, when notified, will arrest some of the worst and the judge will impose a little fine, but they care so little for that that they go right home, order strong drink and start the same game over again.

"Neighbors can prove that strangers stay over night with women, drinking, yet the prosecuting attorney will not prosecute on a charge of keeping a disreputable house. There is at least one charge that can oust them from any respectable place. I should think, when the moral turpitude of anyone becomes so public that public morals are endangered thereby the law has to step in. Now, gentlemen, this whole neighborhood is waiting for you to do what we know ought to be done. You will not lack witnesses to the fact that this whole neighborhood needs to be fumigated, if decent people are to be able to live in it. We owe our children at least better surroundings. Only the other day the children were playing: 'Bring the beer, and let us have a fight.'"

ONE WHO LIVES IN EIGHTH WARD.

DEATH OF MRS. RONAN.

Sister of Mrs. John Small, West Johnston Street, Died at Butte, Mont.

Mrs. John Small, who left the city a few days ago for Butte, Mont., in response to a message advising her of the critical illness of her sister, Mrs. Abbie Ronan, arrived there before Mrs. Ronan passed away. The funeral of the deceased, who was known to a number of Ishpeming people, will be held this morning.

The Amconda Standard had the following mention of Mrs. Ronan's demise: "Mrs. Abbie Ronan, for more than twenty-four years a resident of Butte, died yesterday at her home, 211 North Idaho street, having been ill for a number of days. Mrs. Ronan was forty-six years old and had many friends in Butte, having resided for a long time in Centerville. She formed a wide circle of friends in the hill cities, who esteemed her highly, as did the newer friends she made during her residence in Butte. To mourn her loss are two daughters, Miss Kathryn, organist at St. Lawrence church for a number of years, and Miss Mary Ronan. Three sisters and three brothers reside in Butte. Another sister, Mrs. John Small of Ishpeming, Mich., was notified of the serious illness and arrived in Butte a few days ago and was with Mrs. Ronan when she died.

Mrs. Ronan was a member of the Ladies' Catholic Benevolent society, and of the Montana circle, Women of Woodcraft. The funeral will be held at the home Saturday morning at 9:15 o'clock, the body being taken to St. Patrick's church, where a solemn high mass of requiem will be celebrated at 10 o'clock."

PERSON DEFEATED ROWETT.

Champion Cornish Wrestler Recently Thrown in Catch-as-Catch-Can Style.

Chris Person, of Houghton, defeated John Rowett in a catch-as-catch-can match at Iron River Monday night, Person taking both falls. The first fall was won in thirty-three minutes with a half-nelson and inside crotch. Rowett was thrown the second time in twenty-four minutes with a head lock and bar hold.

Person is to meet Frank Ducey at the Korridge theater two weeks from tonight, the 18th. Ducey has a good record as a catch-as-catch-can wrestler and it is thought that he will give Person a strong match. Person has been challenged by Fred Paju, a big Port Arthur Finn.

FLINT—Robert J. Dixon, the Flint patrolman who was arraigned in police court, charged with having stolen money from Belgian immigrants, furnished bail and was released to await trial June 8. Following his release he went almost directly to the office of Prosecuting Attorney James Parker and was in private consultation with him nearly an hour. Because of the fact that Dixon has not sought the advice of an attorney it is believed that he will plead guilty before the day set for his hearing.

BUTT SETS CHILD AFIRE.
Is Thrown Through Grating and Ignites Clothes of Little Girl.

New York, June 3.—A lighted cigarette butt, thrown out of a window at 27 Allen street, fell down in the cellar through the street grating, when Katie Kierslauf, three years old, was rummaging for a lost toy. A heap of rubbish on top of which the child was standing burst into flame, setting her clothes afire. Her screams were heard by her parents, who rushed to the rescue. Both suffered severe burns on the hands. The child was seriously burned.

ODD FELLOWS' ELECTION.

At the regular meeting of the Iron Mountain lodge of the Independent Order of Odd Fellows Thursday evening, the following officers were elected for the ensuing term:
Noble Grand—John Toms.
Vice Grand—W. H. Thomas.
Recording Secretary—Christ Hansen.
Financial Secretary—Fred Staple.
Treasurer—Robert G. Jackson.
Past Noble Grand—Charles Haynes.
Representatives to Grand Lodge—John Lenton and Elijah Polkinghorn.
The remaining officers are appointive and will be announced by the noble grand-elect at the first meeting in July, when the installation will take place. The grand lodge session will be held this year in Grand Rapids, commencing on the third Tuesday in October.

FRIEBERG-LEININGER.

T. A. Friberg, who recently disposed of his plumbing business in Negaunee to Swanson Bros., and Miss Ruth Leininger, were united in marriage Wednesday evening at the Presbyterian parsonage in Ishpeming. Rev. M. M. Allen, the pastor, performed the ceremony. The bride is the daughter of Louis Leininger. The bride and groom will leave this city in ten days or two weeks for Oshkosh, which will be their future home. Mr. Friberg plans on engaging in the plumbing business there in partnership with his brother-in-law, Fred Merten, formerly of this city.

MAY MOVE RAILWAY TO JACKSON STREET

COUNCIL INSTRUCTS STREET AND HIGHWAY COMMITTEE AND BOARD OF PUBLIC WORKS TO CONFER WITH MANAGEMENT OF STREET CAR SYSTEM.

At the monthly meeting of the council Thursday evening, the members of the street and highway committee and board of public works were instructed to confer with Manager McCormick of the Marquette County Gas & Electric company, relative to moving the street railway from Iron to Jackson streets. It seemed to be the opinion of the council that Iron street can be paved to better advantage if the railway is moved. Its members hope that Mr. McCormick will have no objections to making the change. By running the line through Jackson street the cars will pass over a less dangerous crossing at present and the curve at the corner of Iron and Cyr streets will be eliminated. In the event the change is made, the cars will turn at the intersection of Cyr and Jackson streets, and the line will terminate at the end of Jackson, opposite the McDonald block.
Some time ago Mr. McCormick expressed himself as being favorable to the extending of the line along the north side of the Northwestern tracks, starting north of the diamond crossing, on Cyr street, to Jackson and then west on Jackson to the end of that thoroughfare, but he was unable to secure the privilege of using part of the Northwestern company's right-of-way from Cyr to Jackson streets. If the line has been changed to this route, the railway crossings at two points would have been done away with.

The board of public works and committee on street and highway improvements, instructed by the council to take steps for the removal of as many poles as can possibly be taken from Iron street before starting the pavement work. The vote in Monday's election was canvassed, but the council did not take any action relative to the disposal of the poles, or the advertising for bids for the paving work. Representatives of paving concerns have been here, taking measurements and securing other data relative to the proposed work. The measurements were taken from the map in the city recorder's office.

Automobiles a Menace.

The residents of the South Jackson road sent a rather pointed communication to the council, asking that the street sprinkler be sent over the thoroughfare at least twice a day. The petition was signed by forty-nine residents of the road. It is doubted if any were overlooked. The petitioners make the following reference to the automobiles: "Auto traffic on this road has been, and still is, a menace to health, and it is impossible for us to have a semblance of cleanliness either in our clothing or in our homes from this cause." The petition was granted by a unanimous vote.

Residents of Tobin street petitioned the council for the extension of the sewer from that thoroughfare to the street. The petition was referred to the committee on sewers and board of public works, with power to act.

The committee on electric lights and water works recommended that the pumps at the water station be repaired. The recommendation was concurred in.

Napoleon Vinza was granted a rebate of \$3.25 for taxes erroneously assessed against his personal property.

The committee on fire department and purchasing were instructed to buy a new hook and ladder truck, at a cost of \$1,800; a new hose team, springs and harness ladders, also furniture for the new hose house. Among the new equipment will be the beds, etc., also four individual helmets.

C. R. Townsend was re-elected a member of the board of public works for three years.

The committee on sewerage and the board of public works were instructed to make another survey of the proposed sewer on Ann street.

City Attorney T. A. Thoren read a communication from the Breitung Hematite Mining company, calling attention to the fact that a portion of the Palmer road, near the Breitung Hematite mine, is in dangerous condition, due to the mining underground, and suggested that a change be made. The communication was referred to the committee on streets and highways and board of public works.

The new constitution and by-laws of the Negaunee fire department, prepared by a special committee appointed by the department, were read and were referred to the city attorney and the proper committee.

Alderman Nelson called attention to the fact that the west end of Jennings street has been cut off by the Lake Superior & Ishpeming Railway company's new line, leaving a space about fifty by 120 feet in size that can be used to advantage for a residence property. He stated that several parties have made inquiries regarding the land and were prepared to buy it. The matter was referred to the city attorney.

Alderman Nelson also called attention to the fact that the street sprinklers never reach the First ward. The matter was referred to the board of public works.

The members of the board of public works and water works and electric light committee were charged for water and electric lights and make a report to the council at the July meeting.

BASEBALL TODAY.

The Negaunee and Marquette baseball teams will meet at the Union Park today and tomorrow. Today's game will be the first of the season between these nine. Marquette has not yet lost a game in its league series. Either Steidle or Rosecrance will pitch for Negaunee today and Siebenthal will probably be in the box tomorrow. Heiden, who had the thumb of his right hand injured last Sunday, will be behind the bat. The management will endeavor to have both games start promptly at 2:30 o'clock. It was impossible to start the games on time last Saturday and Sunday, because of the unfavorable weather.

DEATH OF HENRY ELFRANT.

Former Wellknown Negaunee Business Man Died in Finland.
A letter was received in Negaunee yesterday from Wiebach, Finland, announcing the death at that place of Henry Elfrant, a former wellknown business man of this city. Mr. Elfrant had been in poor health for a few years past, and his friends here had known for some time that it was only a question of a short time when he would pass away.

Mr. Elfrant was one of the first Finnish druggists to locate in the upper peninsula. He accepted a position with the late Charles Kirkwood in Ishpeming some twenty-five years ago, remaining there for three years or so, when he established a Finnish drug business in Negaunee in the Boulson building, in the stand now occupied by J. E. O'Donoghue. After conducting a business for several years he sold out to Werner Nikander, who was succeeded by Mr. O'Donoghue. After returning to Finland he engaged in a wholesale and retail drug business, and is said to have been successful. He is survived by his widow.

MONTHLY REPORTS.

Board of Public Works Submitted Report to Council Thursday Evening.
The board of public works reported to the council at its regular meeting Thursday evening that 620 feet of four-inch wood main pipe was laid in the Cambria water works extension, recently completed. The cost of the pipe and hydrant was \$236.38 and the labor cost was \$140, making a total of \$376.38.

In the Gaffney addition there was a total of 2,963 feet of one and one-fourth inch galvanized iron pipe laid. The cost of the material was \$228.82, and labor, \$373.18, making a total of \$602.

The extension of 400 feet of one-inch pipe to the Prince of Wales mine cost \$74.44. Of this sum \$30 was for labor and \$24.44 for pipe.

The board reported that it would cost \$800 to extend the main to Frank Rusing's place on the Cascade road, and on recommendation Mr. Rusing's petition was rejected.

W. H. Mitchell, clerk of the board, reported that the total collections in April for the electrical department were \$1,934.63, compared with \$1,861.62, in April of last year. In April, 1909, there was considerable wiring work paid for, and the receipts from that source were comparatively light in April this year. There were seventy-five incandescent lamps added to the circuit in May, making the total now in use, 8,536.

MONTHLY REPORTS.

Board of Public Works Submitted Report to Council Thursday Evening.

The board of public works reported to the council at its regular meeting Thursday evening that 620 feet of four-inch wood main pipe was laid in the Cambria water works extension, recently completed. The cost of the pipe and hydrant was \$236.38 and the labor cost was \$140, making a total of \$376.38.

In the Gaffney addition there was a total of 2,963 feet of one and one-fourth inch galvanized iron pipe laid. The cost of the material was \$228.82, and labor, \$373.18, making a total of \$602.

The extension of 400 feet of one-inch pipe to the Prince of Wales mine cost \$74.44. Of this sum \$30 was for labor and \$24.44 for pipe.

The board reported that it would cost \$800 to extend the main to Frank Rusing's place on the Cascade road, and on recommendation Mr. Rusing's petition was rejected.

W. H. Mitchell, clerk of the board, reported that the total collections in April for the electrical department were \$1,934.63, compared with \$1,861.62, in April of last year. In April, 1909, there was considerable wiring work paid for, and the receipts from that source were comparatively light in April this year. There were seventy-five incandescent lamps added to the circuit in May, making the total now in use, 8,536.

The street and highway committee's report for May shows an expenditure of \$1,464.04. Of this sum, \$212.50 was for cleaning streets and alleys; \$44.65, general street cleaning; \$67.20, stripping at crusher; \$865.90, widening Carp road leading to the new cemetery; \$163.73, hauling curb and sidewalk filling; \$71.04, cleaning dumping grounds; \$2.60, test pitting for gravel; \$14.40, repairing walks and crossings; \$15, operating road rollers.

Superintendent Willman's report showed a total expenditure for operating the water works plant of \$329.28. Of this amount \$320.30 was for 121 tons of coal consumed, the balance being for oil.

In the operation of the electric lighting plant 133 tons, 460 pounds of coal were consumed, at a total cost of \$372.72. The oil used brought the total expenses to \$591.65. In May last year, 138 tons, 1,645 pounds of coal were consumed in the operation of the electric lighting plant and ninety-nine tons were used at the water works station.

In May there were 23,940 kilowatts generated in the operation of the incandescent service, compared with 18,700 in May, 1909. In the operation of the street lighting circuit 6,741 kilowatts were generated last month. The pumps registered 47,485 strokes last month, compared with 36,186 in May, 1909.

LOCAL LACONICS.

Joseph Flynn has taken a position on a diamond drill in the copper country.

Jackson & Lindquist yesterday completed laying walks around the new fire building.

The Misses Mitchell and Quinn will see a coffee this afternoon at the Golf club house.

A. Marcotte, who went to the Mesaba range a short time ago, has returned to Negaunee.

Mrs. Harry Davidson and her son visited her brothers, Abel and Phil Levine, and their families, here yesterday.

Mrs. Nellie Flory has returned from Oshkosh, where she visited her daughter, Mesdames Joseph West and Emery Hookman.

Miss Agnes Schwartz has returned from Grand Rapids, where she was recently graduated from Mrs. Treat's kindergarten training school.

Bernard Garbolino and John Donovan did not like the Cobalt district and they remained there but a few days, when they returned to Negaunee.

Mrs. Samuel Goodman of this city, who submitted to a surgical operation at St. Mary's hospital, Marquette, a few days ago, is reported as getting along nicely.

Messrs. Thomas Gribble, C. L. Sporeley, James Gaffney and Jacob Salo left yesterday for a fishing trip down the Escanaba river. They will be away three or four days.

Duncan Best and Earl Luras have left for Saltila, Mexico, where they will be employed in diamond drill work. Ralph McKenzie of this city has charge of the job on which they will be employed.

The members of the Wanowin Golf club are showing much interest in the tournament that is to open this afternoon and end on the 25th. The tournament will be open for all of the members and the eight having the lowest scores will be in class A and the eight having the next lowest will be in class B.

KEPT THE KING AT HOME.

"For the past year we have kept the King of all laxatives—Dr. King's New Life Pills—in our home and they have proved a blessing to our family," writes Paul Mathukka, of Buffalo, N. Y. Easy, but sure, remedy for all Stomach, Liver and Kidney troubles. Only 25c at The Stafford Drug Co.

Buy Your Piano Now and Save Many Dollars

GRINNELL BROS.
Sensational
CLEARANCE SALE
Ends in a Very Few Days

Surely you are not going to neglect this remarkable opportunity—not going to permit an offer so greatly to your advantage to pass unheeded. This great Clearance Sale means much to you—to every Pianoless home. It presents a chance to procure a splendid Piano at an unparalleled saving—on many instruments as high as \$150; none less than \$50. And these discounts are bona fide—they are made from our regular prices which are the lowest in the United States. It is not at all likely that the values we now offer will be duplicated in a long time, if ever.

The Reasons for This Sensational Bargain Event

This sale was brought about by a combination of circumstances which, while placing us in a serious predicament, benefits every person buying a Piano now. Briefly stated, the situation is this: Our headquarters purchased for cash, a large number of Pianos from the noted manufacturers we represent; remarkable price concessions were thus secured. The quantity of instruments sent to this Branch was altogether more than we could accommodate with the stock already on hand. It was absolutely necessary to sell these Pianos practically as fast as they were received. There was but one way to do this—to make prices which would appeal to even the most conservative buyer.

The last shipment of Pianos has been received. To those who have not yet purchased, the chance of saving is still open—but it's just a matter of days. These remaining bargains will be quickly snapped up. Don't hesitate—to act at once is to secure a beautiful, high-grade guaranteed Piano for far less than its real value—to delay means actual loss and certain disappointment.

WHAT TERMS WOULD BEST SUIT YOUR CONVENIENCE?

Here is another feature which makes it highly desirable to purchase now. Our terms place these Pianos within reach of every family. A very small payment down, then small monthly or quarterly installments—in fact, any terms within reason will be accepted. We must close out this surplus stock at once—prices have been reduced to the very lowest point—the quality is unequalled—and with this added inducement of "terms to suit" we feel sure that a few days will see the end of the sale.

Let nothing stop you from coming at once. NOW is the time to make the family happy with the long-wished-for Piano. Your best interests demand that you take advantage of this unprecedented opportunity.

LEAGUE OFFICERS ELECTED YESTERDAY

CHAS. T. KRUSE, OF ISHPEMING, CHOSEN PRESIDENT OF BASEBALL ORGANIZATION.

FOUR UMPIRES APPOINTED

Rules Adopted Are Intended to Give Arbiters of Indicator Absolute Authority During Games.

League officers were elected and other important business was transacted at a meeting of Marquette county baseball magnates held at the Hotel Clifton yesterday afternoon. The directorate of the Crystal Falls team was not represented at the meeting, though the time and place for the meeting had been of Crystal Falls' choosing. In the absence of the Iron county representative, delegates from the Marquette, Ishpeming and Negaunee managements went ahead with all the necessary business attendant upon the actual organization of the Marquette-Iron County league.

Officers of the league were elected as follows: President, Chas. T. Kruse, Ishpeming; secretary, Phil Levine, Negaunee; treasurer, J. B. Smith, Marquette. Four umpires were selected, one from each city: Connolly, of Crystal Falls; Harris, of Ishpeming; Dyer, of Negaunee; Nault, of Marquette. It was agreed that the Crystal Falls umpire should officiate at all the games played in Crystal Falls, while the three Marquette county umpires are to have charge of the games played in Marquette, Negaunee and Ishpeming. The naming of the umpires for the individual games is in the power of the president, who must make his selection not less than two days before the game is played.

There was strong and unanimous feeling that the umpires should be given absolute authority over disputes or wrangling during the game and rules were adopted which give the umpire such authority. He now has the right to send players to the bench for talking back or other ungentlemanly conduct, and upon such player's refusal to obey, the umpire is empowered to forfeit the game to the opposing team. To put it plainly, the league officers intend that the umpire shall be "boss" of the game and are prepared to back him up in maintaining his authority.

Marquette-Negaunee Games. Local fans are showing much interest in the games to be played at Negaunee today and tomorrow, and if the weather is at all favorable, it is expected that the Marquette team will be accompanied by several hundred rooters and loyal fans. The Marquette nine has been playing mighty good ball so far this season, has not lost a game, and is anxious to keep the slate clean. Negaunee, on the other hand, boasts of having the fastest team in the county and declares that Marquette will meet her Waterloo this afternoon and tomorrow.

The Marquette team and fans will leave for Negaunee on the 1 o'clock train, both today and tomorrow. Players are requested to be at the train in uniform. Tonight, the St. Paul train, due here at 5:35, will stop opposite the ball park and give the Marquette bunch an opportunity to get home promptly after the game. Sunday evening, the train due in Marquette at 4:40 p. m. will be held opposite the ball park until the game is over.

Scholts is slated to pitch this afternoon's game and Frost will be in the box on Sunday. The line-up was given out yesterday as follows: Young, short stop; Weiser, right field; Ripelle, left field; Mack, third base; Clifford, center field; Hamilton, second base; Richardson, catcher; Dunlavey, first base; Scholts, pitcher.

TIONESTA DUE TODAY.

Marquette to Have Convenient Lake Passenger Service This Year.

The lake passenger season will open today with the arrival of the Tionesta, of the Anchor Line, west-bound, on her first scheduled trip of the season. Several of the Anchor Line boats have been touched at Marquette since the opening of navigation, but they have been on no regular schedule, and were engaged in carrying freight. From now on, the Anchor Line will give regular twice-a-week service each way, three finely equipped boats constantly plying between Buffalo and Duluth.

In addition to the Juniata and Tionesta, which have made this port regularly for several seasons, the Octorara has been added to the fleet this year. The Octorara is one of the most modernly appointed passenger vessels on the Great Lakes, and she was admired by many local people while here a week ago with the Detroit wholesalers and business men.

The North West will not touch at Marquette this year, but with the improved Anchor Line service, and the service between Duluth and Chicago by the Chicago & Duluth Transportation company, Marquette will enjoy the most satisfactory opportunity for lake travel that has been possible for many years. The C. & D. company will handle both passengers and freight, the steamer Pere Marquette having been designated for this run. This boat will make its first trip in about ten days and will prove a great convenience to shippers. At the same time, it should prove attractive to pleasure seekers, as the schedule of rates has been made extremely low. This is the first time for several years that Marquette has had direct shipping facilities to and from Chicago.

The regular Saturday night hop will be held at Fraternity Hall tonight. Music by the Peerless orchestra. (6-3-24)

Over 100 babies are now being fed on Vandenberg's Special Milk and all are thriving splendidly. (5-26-1m)

HANDSOME NEW BLOCK.

Bureau Building on South Third Street a Fine Structure.

As the Bureau building at the corner of South Third and Rock streets near completion, it is evident that it will be one of the most attractive business blocks in the city. The exterior work on this building has been finished and the interior on the ground floor is sufficiently well along to permit of occupancy. Workmen are now engaged finishing the interior work on the second floor.

TAX COMMISSION COMING THIS WAY

STATE BOARD INTENDS TO MAKE PERSONAL INVESTIGATION OF ASSESSMENT OF UPPER MICHIGAN MINING PROPERTIES.

Secretary George Lord of the state tax commission is of the opinion that mining properties in the northern part of Michigan are not assessed at their full value, but adds that the same is true of general properties south of the Straits. According to the secretary the commissioners will soon make a trip into the copper country and investigate as thoroughly as possible this proposition, which is causing so much agitation at the present time.

The commission is at the present working overtime on the assessments of various cities and townships throughout the state, but owing to the limited period it will be impossible to cover all the territory, but it is expected that a large area will be covered before the expiration of the time limit.

Owing to the fact that certain cities are governed by special charters, the work of reviewing will have to be completed at an early date as special charters provide for early certifications to city treasurers for the collection of taxes, while in townships the time is extended to a later date. The commission is powerless to reassess after the certification has been made for the collection of taxes to the township or city treasurer.

Secretary Lord says that the assessed valuation of the city of Kalamazoo has been raised 1,000,000, Jackson, \$4,000,000, and Flint \$6,000,000. Reports are coming in from other cities every day and in all cases the assessed valuation is greatly increased. This work Lord says is not done directly by the tax commission in all cases, but for the most part on the recommendation of the board which confers with the local assessing officers. In other words the commission acts as an advisory board, working in conjunction with the local assessing boards of the various cities and townships, but in all cases leaving the impression that unless the recommendations of the commission are carried out the state officers will act according to their best judgment.

It is estimated that as a result of the work which is being done at present, the assessed valuation of the state will be increased twenty million dollars, and the average rate of taxation will be considerably lower than last year. This may have a tendency to soothe the ruffled feelings of the railroads, whose legal representatives are said to be preparing to test the validity of the Michigan tax law on the grounds that there has been a rank discrimination.

That there is considerable interest in the work of the commission is shown by the large number of callers at the office. From all sections of the state the supervisors appear to be waking up and seeking the advice of the commission along the lines of taxation.

SUNDAY AT THE CHURCHES.

German Lutheran—English services will be conducted by the pastor Sunday evening.

Methodist Church—Mr. Maywood's sermon theme tomorrow morning will be, "With but a Step Between Me and Death." In the evening his subject will be, "Hereditry."

First Church of Christ, Scientist—Services will be conducted in the society's hall in the Opera House block at 10:30 o'clock Sunday morning. The subject of the week's lesson is: "God, the only Cause and Creator."

MARVELOUS DISCOVERIES

Mark the wonderful progress of the age. Air flights on heavy machines, telegrams without wires, terrible war inventions to kill men, and that wonder of wonders—Dr. King's New Discovery—to save life when threatened by coughs, colds, la grippe, asthma, croup, bronchitis, hemorrhages, hay fever and whooping cough or lung trouble. For all bronchial affections it has no equal. It relieves instantly. It's the surest cure. James M. Black of Asheville, N. C., R. R. No. 4, writes it cured him of an obstinate cough after all other remedies failed. 50¢ and \$1.00. A trial bottle free. Guaranteed by The Stafford Drug Co.

Don't wait until the baby is ill before you order Vandenberg's Special Milk—do it now and save the Doctor's bill. Bell phone 223. (5-26-1m)

House cleaning time is at hand. Get your orders in early for the Vacuum Wagon or Electric sweeper. Call J. H. Sanders, Bell Phone 650. (3-23-1f)

Northern Normal Notes.

The commencement banquet will this year be served at the Hotel Marquette at 2 o'clock Tuesday, June 21.

Thursday morning at chapel, President Kaye gave an excellent talk. It was rather in the nature of advice to the outgoing Senior class. This was the last chapel exercise of the quarter.

President Kaye will deliver commencement addresses as follows: June 15, Gwin; June 16, Lake Linden; June 17, Painesdale. June 22 he will give the commencement address at the Normal school at Toledo, Ohio.

The Evergreen Day exercises will take place on the campus Tuesday afternoon, June 14. This is a new departure in the exercises of commencement week, and will be similar to the various "Chain" exercises carried out in several of the Eastern schools.

Wednesday evening of next week, the pupils of the eighth grade will give an entertainment in the assembly room at the Normal school. Several scenes from Miles Standish will be presented, and a number of good musical selections will also be given. An admission fee of ten cents will be charged to help defray expenses. All are cordially welcome.

Dr. J. H. Dawson has just presented the Normal school with an addition to the Dawson collection. This consists of a number of things collected in California, among them some specimens of nests of various kinds, a collection of skulls of California carnivora, and some bats, one of which—a fruit-eating bat—is a very rare and highly prized specimen.

The commencement address will be given at 10 o'clock Tuesday morning, June 21, at the opera house by Dr. William Byron Forbush, of the Woodward Avenue Congregational church of Detroit. Dr. Forbush is one of the best lecturers in the country, and is in great demand by colleges and normal schools, on account of his study of the boy problem. He is the founder of the boys' society, "The Knights of King Arthur," which has many branches in schools, churches and the Y. M. C. A.

Miss Hadley, assisted by Mrs. Boyer, gave the students and faculty an especially enjoyable treat at the chapel last Tuesday morning. The following delightful musical program was rendered: Minuet.....Boscherini Gavotte.....Mignon Gavotte.....Schubert The Bee.....Schubert Cradle Song.....Fisher Spring Song.....Mendelssohn Slumber Song.....Schumann

Wednesday evening the members of Osiris Literary society held a regular meeting. The following Mark Twain program was carried out: Piano solo..... Rex Stewart. Roll call, responded to with Mark Twain quotations..... Life of Mark Twain..... Miss Anna McArthur. Mark Twain, How to Tell a Story..... Miss Marie Deary. Mark Twain's Encounter With an Interviewer..... Miss Eva Watt. Twain's My First Literary Venture..... Miss Ruth Miller. Mark Twain's Idea of Heaven..... Miss Mary Grandchamp.

The rehearsals of the opera, "The Bohemian Girl," to be given by the Senior class at the opera house Monday evening, June 20, are progressing nicely. The principals and choruses are enthusiastic about their work, and all are taking hold with a purpose to make the play a great success. Costumes have been ordered from Chicago for most of the characters, and others are being made in the city. Following is a list of the principal characters: Arline.....Miss Flora Retallie Thaddeus.....George Belding Count Arheim.....William Mullaly Queen of Gypsies.....Miss Christina Creer Devilshoof, Chief of Gypsies..... Howard McKeehan Florestin.....Howard McKeehan Buddah.....Miss Edna Rutan

Several excellent and attractive posters advertising the opera have been turned out by students in the art department, and will be placed in some of the downtown store windows next week.

SOO CANAL PASSAGES.

A WOMAN'S GREAT IDEA

Is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a Godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them. 50¢ at The Stafford Drug Co.

WHAT EVERYBODY OUGHT TO KNOW.

That Foley's Kidney Pills contain just the ingredients necessary to tone, strengthen and regulate the action of the kidneys and bladder. For sale by all druggists.

Mr. E. Weakley, Kokomo, Ind., says: "After taking Foley's Kidney Pills, the severe backache left me, my kidneys became stronger, the secretions natural and my bladder no longer pained me. I am glad to recommend Foley's Kidney Pills." In a yellow package. Sold by all druggists.
