Ishpeming Department

NEW STREET WORK HAS BEEN LAID OUT

(Additional Ishpeming on Page Two.)

PORTIONS OF NINE STREETS WILL BE MACADAMIZED AND OTHERWISE IMPROVED AT AN ESTIMATED COST OF OVER \$9,000.

The board of public works and committee on streets and alleys recommended to the council Wednesday evening that macadam and concrete curbs and gutters be put in on portions of nine streets during the present summer, at an estimated cost of \$11,527.10. Of this amount \$1,984.80 will be collected from property owners for curbs.

The streets to be repaired and the details of the work to be done are as follows:

Division street, from Pine to Graham street, 1,820 feet; curbing, 3,640 feet, cost, \$2,912.

Ely street, from Pine to Oak, top dressing only, 238 feet; curbing, 476 feet; gutters, 476 feet; cost, \$406.98.

Ely street, from Oak to Lake, 232 feet; curbing, 464 feet; gutters, 464 feet; cost, \$512.72.

Oak street, from High to Empire, redressed, 825 feet; cost, \$1,237.50.

High street, from Third to Fourth, 280 feet; 500 feet curbing; 500 feet, gutters; cost, \$618.80.

Fifth street, from Empire to Wabash, 1,001 feet; curbing, 1,836 feet; gutters, 602 feet; cost, \$1,673.30.

Empire street, from Third to Fifth, 670 feet; curbing, 1,200 feet; cost, \$1,080.

Wabash street, from Third to Seventh, 1,486 feet; curbing, 2,906 feet; cost, \$2,658.30.

Third street, from Vine to Empire, redressed, 250 feet; curbing, 500 feet; gutters, 500 feet; cost, \$427.50.

The total number of feet of street dressing is 6,732; street curbing, 13,262; street gutters, 2,602.

The board was directed to complete the work outlined in the recommendation.

Fire Department Equipment.

The council instructed the committee on fire department and purchasing, together with the chief, to purchase new hose and other necessary equipment. The committee on fire department recommended that 2,000 feet of hose be bought and that nozzles, rubber boots, coats, and other material also be purchased.

Alderman Barnett, for the committee on water works, reported that on account of the low grade of the ground on Michigan and Maple streets it would not be feasible to grant the request of Mrs. T. Harrington and others for the extension of the water main to their properties. The committee also recommended that the proposed extension of the water main to the Nelson mine be deferred. The report was adopted.

The council appropriated \$75 to help defray the expenses of the memorial ex-

ercises conducted by Charles H. Towne post of the Grand Army on May 30, recommendation of the special committee appointed to aid the old soldiers in arranging the program.

On recommendation of the committee on health, the petition of Charles J. Anderson asking that the city should repair the barn damaged by the explosion of dynamite, which resulted in the death of two people during the winter, was denied, as the committee found that the city was in no way responsible for the damage to the property.

M. M. Duncan and W. H. Johnston were elected to succeed themselves as members of the library board, each for a term of three years.

Alderman Quinlan, for the committee on police, presented the report of the municipal judge for May. The total collections were \$214.70. Of this sum, \$47 was paid the county treasurer on account of fines collected, leaving a net balance of \$167.70. The sum collected for fines in criminal cases was \$47 and for costs, \$63.25. The receipts on account of civil cases were \$55. The sum received from the marshal was \$18.35 and from the county treasurer for justice fees, \$31.19.

Poundmaster Tasson reported that he had impounded in May twenty-six cows and two horses, receiving in fines, \$15.

Victor Holmgren was reappointed street commissioner, on recommendation of the board of public works.

An ordinance was adopted, prohibiting the sale and use of toy pistols, cartridges, guns, giant and cannon fire crackers or other explosives within the city limits. No child under thirteen years of age will be permitted to purchase or use fire arms. Persons found guilty of violating the ordinance will be subject to a fine of not less than \$10 or more than \$50, and in default of payment of said fine they will be liable to imprisonment for a term not to exceed ninety days.

The bills payable and payrolls for May totaled \$10,202.45. The payroll totaled \$4,495.02 and the bills, \$5,707.43. The amounts payable from the various funds on account of bills were as follows: Water, \$346.77; sewer, \$14.08; highway, \$3,133.75; police, \$32.27; fire, \$349.05; cemetery, \$114; general, \$189.05; library, \$345.84; street lighting, \$881.29. Official payrolls totaled, \$1,603.49; water patrol, \$744.23; sewer, \$195.58 and highway, \$1,951.72.

CARD OF THANKS.

I wish, in behalf of myself and my son, Walter, to express our appreciation for the very generous contributions of the Ishpeming public school children, teachers, superintendent and the board of education. The artificial limb purchased for the boy with the money has been received and it is very satisfactory. The sum contributed not only paid for the limb, but also part of the physician's fees and hospital treatment.

VESSEL EQUIPPED WITH WIRELESS

STEAMER GRATWICK, NOW AT THE L. S. & I. DOCK, CARRIES A COMPLETE OUTFIT.

USED CHIEFLY FOR BUSINESS

Messages Sent to and Received from C. & D. Offices in Chicago Several Times Each Day.

The steamer Gratwick, owned by the Chicago & Duluth Transportation company, is one of the few vessels making Marquette that is equipped with a complete wireless telegraph outfit.

A vessel equipped with a wireless outfit can be picked out at quite a distance, by the lines of wire strung between the spars, giving the appearance of telegraph or telephone poles.

To be a successful wireless operator requires a man with very keen senses, especially hearing. Messages are not received through a speaker, as in a railway telegraph office, but through a special device attached to the ear.

CONVENIENT AND USEFUL

The C. & D. company has found the wireless service very convenient and useful. It is used almost altogether for commercial business. The Gratwick, for instance, notifies the Chicago office every few hours regarding the position of the vessel, state of the weather and any details of interest concerning the mail or cargo.

During the early weeks of the present season, the operator now on the Gratwick was on the Puritan, and while there learned by experience the value of wireless equipment in time of storm.

operator got into communication with the Chicago station and the lighthouse man at the Chicago breakwater was notified to keep his fog whistle blowing continuously, as the Puritan was going to attempt to enter the harbor.

NEEDS MORE TIME.

Board of Review Finds a Week Insufficient to Go Over Assessment Roll.

The board of review, which has been in session since Monday, will complete the assessment roll of the city this forenoon and is ready to hear from any taxpayers who believe they have been assessed too high.

One member of the board stated yesterday that one week was altogether too short a time to properly arrive at the value of the many descriptions of property in Marquette.

It is further stated that sufficient time is not allowed the controller to make up the roll. In thirty days the controller is supposed to visit every description of real estate in the city, ascertain who has taxable property, and make a tentative assessment for each.

FREIGHT BLOCKADE FEARED.

Railroads Are Allowing Equipment and Roadbeds to Deteriorate.

On account of the curtailment in outlays for maintenance and equipment, the railroads are threatened with a freight blockade even more serious than that of 1906-1907, say well-informed railroad men.

For the year ended June 30, 1909, the decrease in expenditures for maintenance of way and structures and maintenance of equipment, as compared with the preceding year, was \$19,762,974.

The curtailment in expenditures is said to have been forced upon the railroads by the great increase in all classes of operating expenses. The increases in expenses shown in reports do not take account of the general advance in railroad wages, which has been estimated by the president of the New York Central at \$100,000,000.

The regular Saturday night hop will be held at Fraternity Hall tomorrow night. Music by the Peerless orchestra. (6-10-24)

MERCHANDISE DOCK NEARLY FINISHED

CLEVELAND-CLIFFS INTERESTS IMPROVING SHIPPING FACILITIES AT PRESQUE ISLE—DETAILS OF WHARF'S CONSTRUCTION.

The new merchandise dock at Presque Isle that has been under construction by the Cleveland-Cliffs interests since last fall is nearly completed and is of particular interest because it is differently constructed than any other dock in Marquette.

The new dock runs parallel to and 150 feet north of the L. S. & I. ore dock and is 600 feet long by sixty feet wide. The two sides and end consist of a row of tamarack piling, which is covered on both sides with sheet piling.

Earth for filling in between the rows of piling is being obtained by dredging the slip between the new dock and the ore dock. A large dredge is now engaged in this work and the slip will be dredged out so that a vessel drawing twenty feet of water can enter without danger of going aground.

As all the dirt from the dredge was dumped on the south side of the dock, some means had to be devised for leveling it off and getting a part of it over against the north row of piling. This is accomplished by means of two men with fire hose. As soon as the dredge dumps its load of wet dirt and sand into the dock, two streams of water are turned on the pile and the dirt is washed wherever it is needed.

300 CANAL PASSAGES.

List of Boats That Have Passed the Locks, Bound for Superior Ports.

Sault Ste. Marie, Mich., June 9.—The following boats have passed through the locks, bound for ports on Lake Superior: Blenheim, Holden, 9:30 p. m.; Mataafa, Malta, Elba, 11; Joseph Gilechrist, 11:30; Pentland, Pollock, Turret Court, midnight; Northern Light, 1 a. m.; Gordon, Holland, Fasset, 2:30; Wilder, Sherwin, 4:30; Soapa, 6; Osler, 6:30; Gratwick (large), William Hawgood, McLoath, New York, Pontiac, 7:30; Nottingham, Morgan, 8:30; Montana, McVigor, Armour, 9; Myron, Page, Goshawk, Sheadle, 9:30; Christopher, 10:30; Carbray, Jones, Northern King, 11; Malietoa, Morgan, Jr., noon; Samuel Mitchell, Chickaman, Andrew Upson, Harmon, Sill, Robbins, 1 p. m.; Saxona, 1:30; George Stephenson, Saxon, Hill, 2; Gordon Alberta, Westmount, 2; Harvard, Peter Boiss, 3; Kennedy, Fitzgerald (large), Eads, Carrington, Briton, Goulder, Perkins, 5:30; England, 6; Woodruff, 6:30; Western, 7:30; Samuel Mather (large), 8.

Marquette Port List.
