

VESSEL EQUIPPED WITH WIRELESS

STEAMER GRATWICK, NOW AT THE L. S. & I. DOCK, CARRIES A COMPLETE OUTFIT.

USED CHIEFLY FOR BUSINESS

Messages Sent to and Received from C. & D. Offices in Chicago Several Times Each Day.

The steamer Gratwick, owned by the Chicago & Duluth Transportation Company, is one of the few vessels making Marquette that is equipped with a complete wireless telegraph outfit.

A vessel equipped with a wireless outfit can be picked out at quite a distance, by the lines of wire strung between the spars, giving the appearance of telegraph or telephone poles.

To be a successful wireless operator requires a man with very keen senses, especially hearing. Messages are not received through a sounder, as in a railway telegraph office, but through a special device attached to the ear, the same as a telephone operator wears.

CONVENIENT AND USEFUL

The C. & D. company has found the wireless service very convenient and useful. It is used almost exclusively for commercial business. The Gratwick, for instance, notifies the Chicago office every few hours regarding the position of the vessel, state of the weather and any details of interest concerning the men or cargo.

During the early weeks of the present season, the operator now on the Gratwick was on the Puritan, and while there learned by experience the value of wireless equipment in time of storm.

operator got into communication with the Chicago station and the lighthouse man at the Chicago breakwater was notified to keep his fog whistle blowing continuously, as the Puritan was going to attempt to enter the harbor.

NEEDS MORE TIME.

Board of Review Finds a Week Insufficient to Go Over Assessment Roll.

The board of review, which has been in session since Monday, will complete the assessment roll of the city this forenoon and is ready to hear from any taxpayers who believe they have been assessed too high.

The member of the board stated yesterday that one week was altogether too short a time to properly arrive at the value of the many descriptions of property in Marquette. In disposing the board is allowed ten days to do this work and it is thought that the Marquette board should be given at least as much time.

It is further stated that sufficient time is not allowed the controller to make up the roll. In thirty days the controller is supposed to visit every description of real estate in the city, ascertain who has taxable property, and make a tentative assessment for each.

FREIGHT BLOCKADE FEARED.

Railroads Are Allowing Equipment and Roadbeds to Deteriorate.

On account of the curtailment in outlays for maintenance and equipment, the railroads are threatened with a freight blockade even more serious than that of 1906-1907, say well-informed railroad men.

For the year ended June 30, 1909, the decrease in expenditures for maintenance of way and structures and maintenance of equipment, as compared with the preceding year, was \$19,762,974. Since the beginning of the present fiscal year the retrenchment has been pronounced, and the recent move of the United States attorney general has led to still further retrenchment orders.

The curtailment in expenditures is said to have been forced upon the railroads by the great increase in all classes of operating expenses. The increases in expenses shown in reports do not take account of the general advance in railroad wages, which has been estimated by the president of the New York Central at \$100,000,000.

The regular Saturday night hop will be held at Fraternity Hall tomorrow night. Music by the Peerless orchestra. (6-10-24)

MERCHANDISE DOCK NEARLY FINISHED

CLEVELAND-CLIFFS INTERESTS IMPROVING SHIPPING FACILITIES AT PRESQUE ISLE—DETAILS OF WHARF'S CONSTRUCTION.

The new merchandise dock at Presque Isle that has been under construction by the Cleveland-Cliffs interests since last fall is nearly completed and is of particular interest because it is differently constructed than any other dock in Marquette.

The new dock runs parallel to and 130 feet north of the L. S. & I. one dock and is 600 feet long by sixty feet wide. The two sides and end consist of a row of tamarack piling, which is covered on both sides with sheet piling, dove-tailed together to prevent any sand seeping out and filling up the channel.

As all the dirt from the dredge was dumped on the south side of the dock, some means had to be devised for leveling it off and getting a part of it over against the north row of piling. This is accomplished by means of two men with fire hose. As soon as the dredge dumps its load of wet dirt and sand into the dock, two streams of water are turned on the pile and the dirt is washed wherever it is needed.

With the exception of a small section at the end, the dock has been filled up level with the top of the piling and it will be ready for use within a few weeks. Two switch tracks, one on each side, are to be built as soon as the filling is completed.

300 CANAL PASSAGES.

List of Boats That Have Passed the Locks, Bound for Superior Ports.

Sault Ste. Marie, Mich., June 9.—The following boats have passed through the locks, bound for ports on Lake Superior: Blenmont, Holden, 9:30 p. m.; Matanafa, Malta, Elba, 11; Joseph Gilechrist, 11:30; Portland, Pollock, Turret Court, midnight; Northern Light, J. A. M.; Robert Holland, Nellie Holland, Fassett, 2:30; Willard, Sherwin, 4:30; Soeapa, 6; Osler, 6:30; Gratwick (large), William Hawgood, McLoath, New York, Pontiac, 7:30; Nottingham, Morgan, 8:30; Montana, McGregor, Armour, 9; Myron, Page, Goshawk, Sheadle, 9:30; Christopher, 10:30; Carbay, Jones, Northern King, 11; Malietta, Morgan, Jr., noon; Samuel Mitchell, Chickamangu, Andrew Upson, Hamme, 801, Robbins, 1 p. m.; Saxona, 1:30; George Stephenson, Smeaton, Hill, 2; Gordon, Alberta, Westmount, 2; Harvard, Peter Reiss, 3; Kennedy, Fitzgerald (large), Eads, Carrington, Briton, Gaudier, Perkins, 5:30; England, 6; Woodruff, 6:30; Western, 7:30; Samuel Mather (large), 8.

Marquette Port List.

D. S. S. & A. docks: Cleared—Italia, Tonawanda; D. L. Smith, Cleveland. L. S. & I. dock: Arrived—Gratwick, Sheadle, Cleared—Berry, Ashlahuh; Pontiac, Cleveland; Stratacona, Point Edward, Ont.

One True Medicinal Whiskey

Beware of So-called Ones—Imitations. Unscrupulous dealers, mindful only of their profit and caring nothing for the health of their patrons, are offering for sale low grade mixtures, which they tell you are "as good as" Duffy's Pure Malt Whiskey.

Some go so far as to try to make you believe it is Duffy's Pure Malt Whiskey. These cheap concoctions are foisted on the people with the intent to deceive. When a remedy has been before the public for more than half a century, has been prescribed and used by the best doctors and in prominent hospitals, and has carried the blessing of health into so many thousands of homes as Duffy's Pure Malt Whiskey has, imitations are bound to arise.

Duffy's Pure Malt Whiskey is an absolutely pure distillation of malted grain. Its palatability and its freedom from injurious substances render it so that it can be retained by the most sensitive stomach. It has been used with remarkable results in the treatment of consumption, pneumonia, grip, coughs, colds, malaria, fevers, stomach troubles and all wasting and diseased conditions.

It is sold in sealed bottles only. The Old Chemist's Head is on the label, and over the cork is an engraved seal. Be certain the seal is unbroken. Sold by druggists, grocers, dealers, or direct, \$7.00 a large bottle. Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. Y., for doctor's advice and valuable medical booklet containing testimonials and common sense rules for health, both sent free.

Mining News

CALUMET & HECLA.

As the Calumet & Hecla management never gives out any information in explanation of either an advance or a decline in the dividend distribution, it may be presumed that the reduction in the quarterly declaration from \$8 to \$7 is a direct result of the poor copper market and the poor outlook. This places the issue on a \$28 per annum basis and is the first distribution in the company's new fiscal year, which began on the first of May.

MINING.

The vein recently opened on lot R, L. 406 of Nipissing is said to be perhaps the most important one that has been made on the property for two years. The new vein is of an average width of three inches, extremely rich in silver values, and is in fact one of the richest veins ever discovered on Nipissing.

OLD DOMINION.

The Old Dominion Copper Mining & Smelting company is contemplating the blowing in of a fourth furnace at its smelter. This is largely due to the large amount of heating being done on the company's land, and to the custom or shipped to this plant. By other companies of the surrounding district, a third shift of workmen has just been put in the Old Dominion concentrator as the increase in the supply of concentrates from the mine requires this addition.

NOTES OF COPPER NEWS.

The initial dividend of fifty cents on Butte-Baltic will probably be declared at meeting of directors to be held June 27. The dividend will probably be payable July 15. Brokers' comment is to the effect that Davis-Daly cannot long escape an assessment as the company has less than \$50,000 cash on hand.

NORTH BUTTE.

The energetic development work which was promised at the annual meeting of the North Butte company is to be carried out, according to a statement recently made. It is intended to sink the main shaft another 200 feet and probably 400 feet and then crosscut at these points as well as do other development work on the Crosscut and adjoining veins, which work is expected to result in the encountering of some rich ore bodies.

A WISE MAN

Doesn't live as though his income couldn't stop. He makes provision for sickness, lack of work, accident and old age, by having a savings account with this bank, when every dollar he deposits earns three per cent interest. Compounded semi-annually.

a uniform grade of good stamp rock. At this shaft they are also drifting south at the 500-foot level, which is also in good commercial copper ground. No. 2 shaft is sinking below the 1250-foot level and is down now 1350 feet.

The Cobbin Copper company expects to have its new 20-ton concentrator in operation in about two weeks. When once the mill is in working order the company will treat about 150 tons of ore a day which will come from the Dewey and Bonanza tunnels. The Dewey is in 1200 feet and the Bonanza 800 feet and both are showing good bodies of ore.

The framework of Winona-King Philip stamp mill is up and enclosed and the installation of milling machinery will soon be under way. Both properties are receiving attention underground and both, particularly King Philip, are looking well. Winona is still confining development work to No. 4 shaft territory and No. 3 shaft remains idle. Excellent ground is being opened at the tenth level in this mine.

The work of constructing the new concentrator of the Butte & Superior mine is progressing and while there has been some delay there is now a full force of men at work and unless some unforeseen trouble arises, the management expects to have the mill running in about three months or possibly less. Daily shipments of concentrates to the Basin concentrator and the mill is being operated with three shifts of men.

The Miami Copper company has the ore body sufficiently developed to begin production as soon as the surface machinery is installed. The management expects to have all machinery in running order by the first of the month, so that production of ore may be begun and continued without delay. The 420-foot level is receiving the final development, consisting of raises to the sub-levels and drifts to the most remote parts of the ore deposit.

There have been recent sales of Boston & Montana at over \$200 per share. Boston & Montana is the most important subsidiary of the Amalgamated Copper company, and on Feb. 11 last the Amalgamated made statement to the New York Stock exchange that it owned 147,915 of Boston & Montana 100 share capital. It is understood that the recent purchase of additional minority stock is directly in the interest of the Amalgamated company.

Efforts at the Oneco are now being directed to exploring the southeastern section of the Oneco territory. The drill which was operating beneath the main highway, and designated as hole No. 7, has been removed and is now working in hole No. 9. This, with hole No. 8, makes two drills working in this southeastern section. Hole No. 8 is exactly in the middle of the eastern half of section 2 of an isolated 160 acres. The new No. 9 hole will be driven vertically and in the east half of Section 10.

Good results are coming from the exploratory operations at the New Arcadian. Trenching work has now started in addition to the campaign of diamond drill work. The trench will open the lode recently exposed in the New Baltic No. 4 drill hole. While it is believed that this formation is the Tomahawk lode there may be reasonable doubts on that score because of the fact that a conglomerate lode was found immediately after by the drill. At the same time the lode is so well charged with copper that it is worth more elaborate investigation.

The No. 2 drill at the Cherokee property is now down 800 feet, and at present is drilling through trap rock. Cherokee was organized by Houghton interests in April to exploit 800 acres of land comprising all of the property lying between Bohemia and King Philip. Considerable difficulty has been experienced at No. 1 drill when it was decided to put in new casings. A new hole has now been started a few feet away from the old one. The No. 2 drill has recently cut

SHAKE INTO YOUR SHOES Allen's Foot-Ease, the antiseptic powder. It cures painful smarting, pruritus and itching (instantly) takes the sting out of corns and bunions. FINAL SCHOOL EXERCISES HELD

THIRTY-NINE MEMBERS OF THE SENIOR CLASS RECEIVED THEIR DIPLOMAS LAST EVENING.

The commencement exercises of the high school were held last evening at the Ishpeming theater. The boxes were decorated with the class colors, orange and black, and palms were used upon the stage. The audience was one of the largest that has ever assembled in the theater.

The program was opened by selections by the high school orchestra. After the invocation by Rev. Mr. Adams, Maud Tislov, as salutatorian, welcomed the audience, and then explained that the aim of the program was to show the advancement of civilization in its different places. Miss Tislov spoke on Christianity as a factor in the world's history.

Russell Finch took for his topic development along governmental lines. Beginning with the conditions at the commencement of the Nineteenth century, he briefly showed the effects of the successive revolutions and then, somewhat in detail, contrasted the governments of that time with those of the present. He concluded by showing that the recent legislative scandals in America are really a sign of progress.

Mary Small spoke on "Industry," showing the advances made in various industries, and discussing specifically manufacturing, commerce and mining. The "Peace Movement" was discussed by Clara Steinbracker. She dwelt upon the thought that the steps in the development of the unit of government have been, the family, the clan, the state, the nation and that now a new type has arisen, the federal state, and that international federalism is an established fact. Arbitration has to some extent taken the place of war and all evidences point toward a world federation.

After music by the Girls' Glee club, Esther Rundell spoke on "Prevention of Diseases," and the progress made in this direction. She discussed three respects in which this is shown, the use of vaccination, disinfection and antitoxin.

Gertrude Hawes, in speaking on "Education," claimed that all the betterment of condition is due to the schools. She discussed four ways in which there is an advance—regard paid to individuality, practicality, increase in schools and equipment, ideals of education.

"Science and Invention" was treated by Leo Gunville. He used wireless telegraphy and the aeroplane as proofs of the great strides made in science.

"The Change in Business Ideals" was brought out by George Dunstan. He proved that publicity accounted for some degree for this advance, contrasting the business methods of the United States Steel in this regard with those of Amalgamated Copper.

The Boys' Glee club sang the "Chorus of Peers" from "Iolanthe." Marie Lioret discussed "Social Conditions." She spoke of modern conveniences and comforts, child labor laws, woman's position educationally in contrast with those conditions a century ago.

In discussing "Conservation" Louis Unmuth called to mind the great devastation of forests and reckless waste of other natural resources, and showed the effects of this. Now the people are awakening to the necessity for active measures to prevent the waste.

Carl Thompson spoke on "Transportation," comparing the slow moving boat of early times with the speed, conveniences and luxuries of the modern ocean steamer and also contrasting the stage coach with the Pullman of the present time.

Helen Brown selected as her theme, "America as an Example for the Nations." She said that America had given to the world individual freedom, increased representation, better courts, improved social and industrial conditions, and inventions. Miss Brown then, as the valedictorian of the class, in a few well chosen words bade adieu to the high school and to those connected with it.

Then followed music by the Girls' and Boys' Glee clubs. The program was a very creditable one and it would be difficult to single out one of the speakers as doing better than the others.

Mr. Scribner gave a brief and pleasing address to the class and then in behalf of the school board presented the diplomas.

The officers and members of the class are: Clarence Leslie Bystrom, president; Margaret Coradella Benedict, vice president; Edward William Ham, treasurer; Helen Elizabeth Brown, secretary; Min-

nie Austin, Harry Stuart Bengry, Ethel A. J. Bergdahl, Irene E. Buckett, Edward James Butler, Jr., Bessie Chapman, John R. Dunston, George F. Dunstan, Russell Leslie Finch, Leo Gunville, Gertrude Hawes, Herbert E. Hodgson, Viola B. Jones, Pearl Kahn, Mildred C. Keese, Florence Cecelia Lioret, Marie Magdeline Lioret, Genevieve Mary McKereghan, Charles Irvine Markert, Laura M. Moody, Gertrude Ada Moutrie, John James Neary, Donat Peppin, Henrietta Peterson, Esther Annie Rundell, Marguerite Eloise Scribner, Matthew Sivola, Mary Small, Clara E. Steinbracker, Agnes Deborah Swanson, Carl E. Thompson, Maud Fredricka Tislov, Gordon Holman Trengrove, Edward Louis Unmuth.

Thousands of dollars' worth of new staple merchandise will be sacrificed today at Braastad's. (6-11-1d)

- Doxology Pastor.

Men's Corliss Coon & Co. Collars, regular value 15c; sale 5c each, 4 for 25c. (6-10-2d) JOS. SELLWOOD & CO.

BASEBALL TODAY.
Ishpeming and Crystal Falls will meet on the Union park diamond today and tomorrow. As several changes have recently been made in the Crystal Falls line-up, it is expected that the team will be stronger than at any previous time this season. Conlette will pitch for Ishpeming today, but it has not yet been decided whether St. John or Dixon will be in the box tomorrow. Manager Stocking has not yet found a regular second baseman to succeed Harris. St. John will probably fill that position today. Today's game will be called at 3 o'clock and tomorrow's game at 2:30.

The big sacrifice sale today at Braastad's. (6-11-1d)

A SUCCESSFUL YEAR.
Officers of Y. M. C. A. Now Plan Active Summer Campaign.

The Ishpeming branch of the Young Men's Christian association has just rounded out its first year in the new building, and Robert J. Wise, the general secretary, says that the success of the organization has long since been assured. The slogan for the coming year is "Let's make our membership 1,000." If the membership is increased to that number, the Ishpeming association will be the largest in the state in proportion to size of the city. The present membership exceeds 500, and new applications continue to be received. Most of the business men hold membership in the organization, and many miners are also members.

The summer camp to be established on Lake Michigan will soon be in readiness for use. A baseball team is to be organized and likes to the woods are to be taken at frequent intervals. The glee club and orchestra plan on giving concerts and ice cream socials, and several outdoor meetings are to be held.

Men's high grade Kuppenheimer Suits priced away below competition. A genuine leather 85 suit case given free with every \$25 suit purchased today. (6-11-1d) F. BRAASTAD & CO.

FAREWELL SOCIAL.
The members of the Mission congregation tendered Rev. J. Sallstrom, the retiring pastor, a farewell social Thursday evening in the basement of the church. A supper was served and C. Cornelison presented Rev. Sallstrom with a purse, in behalf of the congregation. John Skoglund, chairman of the church board, presided as toastmaster, and Rev. C. L. Adams, pastor of the First Methodist Episcopal church, and Rev. A. J. Mander, pastor of Calvary Baptist church, were among the speakers. Rev. Sallstrom will preach his farewell sermon tomorrow morning at 10:30 o'clock, and in the evening Rev. K. O. K. Moberg of Crookston, Minn., will occupy the pulpit. Rev. Sallstrom will leave Tuesday for Skance, where he will remain until Saturday, then returning to Ishpeming. He will preach in the Ishpeming church a week from tomorrow and will leave the city the latter part of the month for Winnipeg, where he some time ago accepted a call. Rev. Sallstrom has been here three and one-half years.

Staple dry goods at sensationally low prices today at Braastad's.

N. E. Skud's Second Annual "Mill End Sale" starts Monday, June 13. Watch for price announcements. (6-9-3d)

Lot Men's Sox—the 15c values—on sale today, to close at pair 7c. (6-10-2d) JOS. SELLWOOD & CO.

Seven and 8 cents Calico 4 cents today at Braastad's. (6-11-1d)

First-class piano tuning done by M. J. Olson. County 'phone, No. 520. 400 East Ridge street. (1-12-1f)

ISHPEMING

STRONG ATTRACTION.

"The Prince of Tonight" Is Highly Spoken of by Newspaper Critics.

The St. Joseph, Mo., Gazette, recently said of "The Prince of Tonight," which will be the attraction at the Ishpeming theater next Tuesday evening.

"A Prince of Tonight" pleased a crowded house at the Tootle theater last night. Woodruff, who will be remembered as starring in "Brown of Harvard," isn't, as many stars are, the whole show.

John C. Leach, as Daniel Stewart, the man who owns all the lithia water in the world, shared well in the applause of the evening. His style of comedy is little different from the usual brand and is therefore refreshing.

Ladies' one-piece Wash Dresses, sizes 34, 36, 38, \$6.00 to \$12.00. (6-10-24) JOS. SELLWOOD & CO.

F. Braastad & Co. announce important price reductions on staple dry goods. (6-11-14)

Hairnets for all complextions—the kind—price today—7c. (6-10-24) JOS. SELLWOOD & CO.

ISHPEMING IN BRIEF.

The employees of the city will be paid today.

C. J. Byrns received a Mitchell touring car yesterday.

Miss Martha Nelson, formerly of this city, is here from Calumet on a visit to friends.

Dr. Hugh Jenkins and daughter of Preston, Ia., are visitors in the city.

John Reynolds and wife of Rockland were Ishpeming visitors yesterday.

Miss Lillian Carson is here from Coleraine, Minn., on a visit to relatives and friends.

Miss Lenore Trygland has gone to Waukan, Iowa, to spend her vacation with relatives.

Mrs. James McGee and her daughter, Clara, are visiting at Hubbell. Mr. McGee's mother, who lives there, is quite ill.

The Ishpeming and Escanaba baseball teams will play a game at Union park on the afternoon of Midsummer day.

Russell Sullivan left Thursday night for Eveleth, Minn., where he is to take a position as timekeeper at the Adams mine.

Mrs. F. J. Hayden, eldest sister of J. L. VanRoeklin, arrived in the city yesterday from Jamestown, N. Y., and will visit here.

A. Herman and his bride, who were married in Coleraine, Minn., Wednesday, arrived in Ishpeming yesterday on a visit to her mother, Mrs. Endahl of North street.

The members of the Scandinavian society will decorate the graves of the deceased members in the cemetery tomorrow. Members are requested to meet at their hall at 1 o'clock.

The Sunday school meeting will be "Gossip." The Sunday school meeting will be held at 2:30 o'clock; the Junior league at 3:30 and the Epworth league at 6 o'clock; the latter lasting until 7, when the Sunday school's special program will start.

Harry Davidson was down from Champion yesterday. He says that the Keystone economy, which went into commission a few weeks ago, is turning out considerable butter. Mr. Davidson will soon put two or three salesmen on the road.

The members of the Ishpeming lodge of the Royal Neighbors conducted a dancing party Thursday evening in the Woodmen's hall. Fifty-two couples were present and dancing was continued until midnight. A dainty lunch was served.

The loss on Peter Koski & Co's, block has been adjusted. The mechanics who inspected the building Thursday found that it will be necessary to tear down the brick walls to the first floor as the timber above that point is too badly burned to be used again.

Tomorrow at the Salisbury Methodist church two class meetings will be held at 9 o'clock, continuing until 10:30. Immediately following there will be a preaching service. A musical program will be given by the choir. The subject of the pastor's discourse at the F. H. Nickerson, representative of the I. E. Swift company, was yesterday awarded a contract for 2,000 feet of cotton hose for the fire department. The hose will be similar to the last lot purchased from the concern. The fire and purchasing committees were authorized at Wednesday night's meeting to make the purchase.

The employees of the Oliver Iron Mining company will receive their May wages as follows: Lake Superior, Hart Ore and Section 21 next Thursday, the 10th; Section 16 and Hematite, Friday, the 11th; Regent mines at Negaunee, Saturday, the 12th; Hartford mine next Wednesday, the 15th; Champion and Steamroller mines a week from Monday, the 20th.

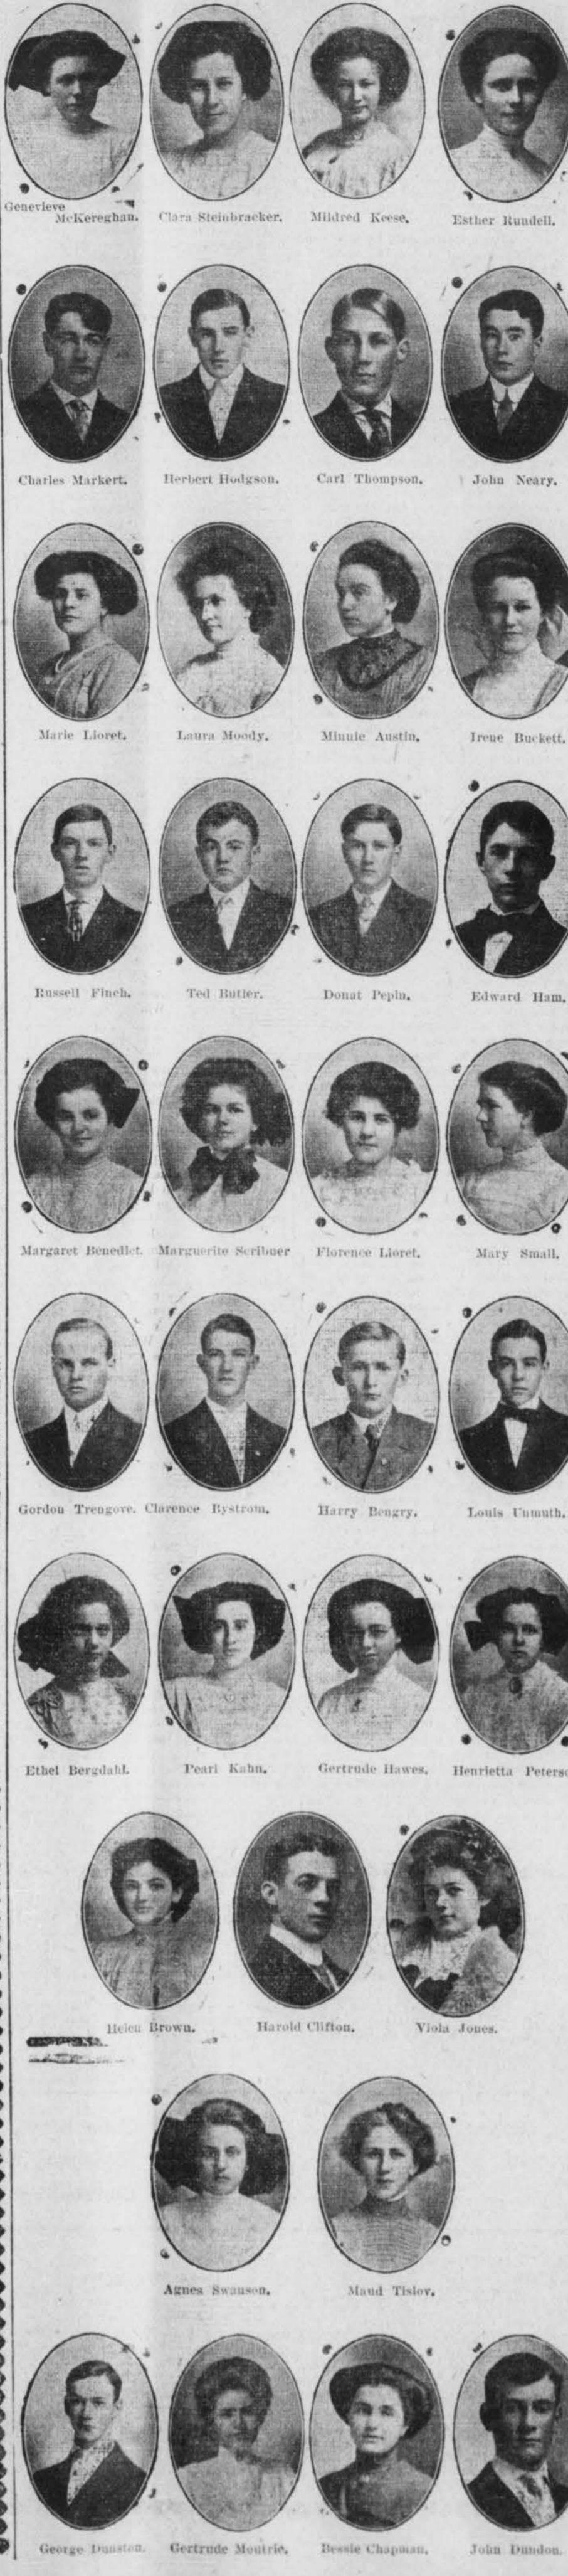

Several officers of the Salvation Army are expected here today and they will have charge of the meetings tomorrow. At 3:30 o'clock in the afternoon Ensign H. Ash and Lieutenant Brennan will conduct the services and in the evening Captain M. Ash and others will be in charge. The officers will remain over until Wednesday, to participate in the hallelujah wedding.

The Ishpeming High school baseball team will leave this morning at 4 o'clock on the South Shore train for Munising where they will play the Munising school nine. M. F. Lally will accompany the boys. The players are Russell Finch, Charles Markert, Norman Moyle, Ed. Nolan, Iver Sievel, Gordon Thomson, Les Stier, Arvid Hendrickson, Edwin Johnson, Herman Johnson, Thomas Robert and Melvin Collick.

Thomas Trengrove and wife, former residents, arrived in the city Thursday evening from Eveleth, Minn. They came down to be present at the graduation of their son, Gordon, who is a member of the senior class of the Ishpeming High school. Gordon will return home with his father, leaving tomorrow night, to take a position with the Oliver Iron Mining company in its office at Eveleth. Mrs. Trengrove will probably remain several weeks with her mother, Mrs. Holman, of North street.

Beauty is worse than wine, it intoxicates both the holder and the beholder.

ISHPEMING HIGH SCHOOL GRADUATES.

THOMPSON LEADS IN OHIO.

He Probably Will Head the Ticket for the Republicans.

Harding and Brown, However, Are Among the Possibilities—Governor Harmon the Only Man Considered by the Democrats.

Columbus, O., June 10.—The Republican state convention will not meet for almost two months, but either Warren G. Harding of Marion or Carmi A. Thompson of Ironton will be the nominee for the governorship. Judge O. B. Brown of Dayton is in the race and entered at the suggestion of George B. Cox of Cincinnati, but that fact will stand against him in the convention. Up-state Republicans do not think well of Cox, and while Judge Brown might stand well with them personally, being suggested as a candidate for governor by George B. Cox, would in their opinion handicap him at the very beginning of his campaign.

Harding is probably the more popular of the other two candidates with the rank and file of the party in the state, but Cox is against him. Cox's opposition to him dates from the senatorial controversy two years ago. Harding had always been a strong supporter of Senator Foraker and in the beginning of the opposition to Foraker's return to the senate had stood by his old friend; but to the great surprise of the Foraker Republicans all over the state, his newspaper, the Marion Star, came out with an editorial declaring that the return of Foraker to the senate was an impossibility and his friends might as well admit it.

Cox, whose political power seems to rest on his absolute ability to his friends and his regard for a political promise as a sacred pledge, declared then that Harding could never have his support. Within the last month he has repeated that declaration with special reference to the nomination for governor, and this makes the situation look favorable to Thompson. Thompson has made several trips to Cincinnati to see Cox recently, and it is evidently Cox's intention to throw his support to Thompson if it develops in the convention that his candidate, Judge Brown, cannot be nominated. In view of the personnel of the delegation to the state convention selected in Montgomery county (Dayton) it looks as though this arrangement had been made with the knowledge and consent of Judge Brown, for while Judge Brown picked the members of it, all are personal friends of Colonel Thompson, and with Brown out of the race every member of the delegation will go to the support of Colonel Thompson.

Gradually the wide field of candidates for the Republican nomination for governor has been reduced by the process of elimination until it has narrowed down to the three men mentioned above. James B. Garfield is the last to be thus eliminated from consideration. That was accomplished by no manipulation here but by developments at Washington. Of course the Ohio campaign will have to be conducted in support of the administration of President Taft. That would have to be the case even if the president were not an Ohio man. Mr. Garfield's position in the Ballinger matter, of course, disqualifies him as the head of the state ticket in this respect.

So one recognized this more readily than he ex-secretary himself and in a statement in Cleveland this week he took himself out of consideration, by saying that his candidacy was so remote as to be not worth mentioning.

Bryan has always had a large following among the Ohio Democrats, but in his demand that the Democrats nominate a candidate for the United States senate in their state convention at Dayton this month he will find little support here. Democratic leaders here believe he was instigated to make this demand upon Governor Harmon by Tom L. Johnson. At any rate Johnson suggested to State Chairman W. L. Finley two weeks before the Commoner declared for the nomination of a candidate for senator, that this was done and Finley stated that he was opposed to it as were all the leading members of the party in the state as far as he had ascertained. Johnson immediately declared his intention of offering a resolution in the state convention that the convention proceed to the nomination of a candidate for the senate.

He will be a delegate to the convention and will have about one hundred of the thousand delegates in it under his control. Johnson fought the candidacy of Governor Harmon in the state convention two years ago with bitterness, even making a vituperative speech against him from the stage, and withdrawing with practically all of his delegation when the nomination was made. Governor Harmon has ignored all this during his administration and treated his opponent with great consideration. It is true that Johnson has asked but one appointment from the governor, and that one was readily given. Johnson's candidate for the governorship two years ago was Atlee Pomerene of Canton. Governor Harmon has shown his diplomacy by making a coalition with Pomerene, and it is generally understood that in the coming campaign Johnson will be on the ticket as the governor's running mate for the lieutenant governorship. Governor Harmon was opposed quite generally two years ago by the temperance Democrats. They feared that he would favor the liquor interests then arrayed against the reelection of Andrew L. Harris, the Republican candidate. But whether it was by accident or manipulation, no temperance measures were passed up by the legislature to him for approval or disapproval. A bill giving cities the right of local option as to the playing of baseball on Sunday, favored by the Liberals, he vetoed. The governor will stand better in the next campaign with the temperance element, and probably not so well with the Liberals.

One Lot Ladies' Embroidered Collars, values 25c each, sale each, 15c. (6-10-24) JOS. SELLWOOD & CO.

ITCHING OF SCALP INTOLERABLE

Nearly Wild with Painful, Burning Eruption—Half Her Hair Fell Out and Combing It Was Torture—Feared She Would be Bald.

IN DESPAIR UNTIL CURED BY CUTICURA

"Just about two years ago, some form of humors appeared on my scalp. The beginning was a slight itching but it grew steadily worse until, when I combed my hair, the scalp became raw and the ends of the comb-teeth would be wet with blood. Most of the time there was an intolerable itching, in a painful, burning way, very much as a boy's raw burn, if deep, will itch and smart when first beginning to heal. Combing my hair was positive torture. My hair was long and tangled terribly because of the blood and scabs. This continued growing worse and over half my hair fell out. I was in despair, really afraid of becoming totally bald."

"Sometimes the pain was so great that, when partially awake, I would scratch the worst places so that my finger-tips would be bloody. I could not sleep well and, after being asleep a short time, that awful stinging and itching would commence and then I would wake up nearly wild with the torture. A neighbor said it must be salt rheum. Having used Cuticura Soap merely as a toilet soap before, I now decided to order a set of the Cuticura Remedies—Cuticura Soap, Ointment and Pills. I used them according to directions for perhaps six weeks, then left off, as the disease seemed to be eradicated. But toward spring, eighteen months ago, there was a slight return of the scalp humor. I commenced the Cuticura treatment at once, so had very little trouble. On my scalp I used about one half a cake of Cuticura Soap and half a box of Cuticura Ointment in all. The first time I took six or seven bottles of Cuticura Pills and the last time three bottles—neither an expensive or tedious treatment. Since then I have had no scalp trouble of any kind. Standing up, with my hair unbound, it comes to my knees and had it not been for Cuticura I should doubtless be wholly bald."

"This is a voluntary, unsolicited testimonial and I take pleasure in writing it, hoping my experience may help someone else. Miss Lillian Brown, R. F. D. 1, Liberty, Mo., Oct. 29, 1909."

Cuticura Remedies are sold throughout the world. Peter Bross & Sons, Props., Boston, Mass. Mailed Free, Cuticura Book on the Skin.

THE FIRST NATIONAL BANK

NEGAUNEE, MICHIGAN.

The Best Prophet of the Future is the Past

For twenty-three years we have stood for everything that represents good banking. Our complete facilities, equipment and experience enables us to render perfect service and we can meet every requirement of people who discriminate.

We pay interest on Savings Accounts of One Dollar or more and compound it semi-annually.

The Negaunee State Bank

F. A. BELL, Pres. THOS. PELLOW, Vice Pres
THOS. PASCOE, Cashier.

Commercial and Savings Accounts Solicited.

3 per cent interest on savings accounts, interest payable June 1st and Dec. 1st.

Ask for our rates on Money Orders, payable either in the United States or any foreign country.

Safety Deposit Boxes for Rent at \$3.00 Per Year.

Upper Peninsula

Fisherman Fined a Second Time—Thomas Olson, a fisherman at Grand Delta county, has been sentenced to pay a fine of \$10 and costs for catching immature perch. Olson was arrested ten days ago for a similar offense, but the minimum sentence was again imposed because of a plea of poverty made by him.

Upper Peninsula Man in Charge—The International Paper company is doing practical reforestation on a large scale on a tract of land owned by the company near Phillips, Maine. This year 150,000 Norway spruces have been imported to be set out on this waste tract, where the good work was begun last year by setting out 10,000. In this manner the company expects to solve the problem of deforested wastes and provide a future supply of material for its pulp mills. Walter Henze, of Iron Mountain, is in charge of the forestry department.

Praises Delta County Roads—State Highway Commissioner Townsend A. Ely and Deputy F. E. Rogers of Lansing have completed the work of inspecting the different county roads and the township roads in Delta county. "The county can well be proud of its roads," said Commissioner Ely. "I have been out of Lansing now for two weeks, constantly inspecting roads, and I want to tell you that Delta has the best roads that I have yet visited. Every macadam road is of first-class construction and will last for years. The people of the district certainly have reason to be proud of their good highways."

Postmasters' Salaries Increased—The annual readjustment of the salaries of the postmasters throughout the country, which salaries are based on the volume of the business of the respective offices, has been made by the postmaster general. Of the larger offices in the upper peninsula, increases have been granted in seventeen cases. The various salary schedules have been changed as follows: Baraga, \$1,000 to \$1,100; Bessemer, \$1,700 to \$1,900; Crystal Falls,

\$1,800 to \$1,900; Escanaba, \$2,000 to \$2,100; Gladstone, \$2,000 to \$2,200; Hancock, \$2,600 to \$2,700; Heransville, \$1,100 to \$1,200; Houghton, \$2,800 to \$2,900; Hubbard, \$1,200 to \$1,300; Laurium, \$2,300 to \$2,400; Manistique, \$2,100 to \$2,200; Marquette, \$2,800 to \$2,900; Moulawik, \$1,200 to \$1,400; Nubling, \$1,700 to \$1,800; Ontonagon, \$1,200 to \$1,300; Sault Ste. Marie, \$2,700 to \$2,800; and Stambaugh, \$1,100 to \$1,200.

City Has Chemist Again—Escanaba again has a city chemist. After a tangle of resolutions, motions to consider and a lengthy discussion prompted by an angry tilt between Mayor Solomon Greenhoot and Alderman A. J. Valentine, the office was made a permanent office and Dr. A. J. Carlson was appointed to fill the position at a salary of \$50 a month. During the proceedings, when Alderman Valentine was exerting every effort to defeat the ordinance creating the office, he aroused the anger of Mayor Greenhoot, who rapped his desk for order and commanded the alderman from the sixth ward to take his seat.

See Carpenters Strike—All building work in the Soo is held up as a result of the demands of the members of the carpenters' union, about fifty-six in number, demanding an increase in pay. It is expected that the terms of the men will be met. Jan. 1 the union sent notices to all of the contractors to the effect that on and after the first of June, 1910, they would expect an increase in wages from thirty-six cents to forty and one-half cents an hour. The carpenters have heretofore worked nine hours a day. What they want is an eight-hour day at practically the same wages as they were receiving for nine hours' work. The contractors took no action in the matter. When June 1 came the men continued to work, expecting to hear from the bosses. Not doing so, they concluded to quit. The men say that they do not consider their demands unreasonable and that the wage asked is no higher than is being paid in other parts of the peninsula. They also say that they gave the bosses ample time so that they could have their figures for contracts on the increased price demanded, and it was no fault of theirs if the contractors failed to do this.

Negaunee Department

CITY OFFICIALS INSPECT ROADS

THE CHANGING OF PALMER HIGHWAY, NEAR BREITUNG HEMATITE MINE, NOW UNDER CONSIDERATION.

The members of the board of public works and the street and highway committee looked over the road near the Breitung properties Thursday, but no decision was reached with reference to changing its location, in accordance with the request of the Breitung Mining company, which represents that the highway in its present location interferes with mining operations.

The changing of the road will entail considerable expense, and the members of the board and committee regret that the work must be done. It will be necessary to provide a new outlet from the Regent mines, as the road leading to these properties now connects with the main highway near the Breitung hematite. The most desirable route for the proposed new stretch of road is around by Patrick Flannery's house, over a road used many years ago.

The request to change the location of the road came as a surprise to the members of the council, as they thought, after they had completed the extensive road work last season, that it would not be necessary to make any more changes in that district at least for some years to come.

The matter will be taken up by the council next week, when it meets as a board of review, inasmuch as the other mining companies operating in that part of the city have borne a part of the expense of road building where changes were necessary on account of mining operations, it is likely that the Breitung interests will be asked to share the cost of the proposed change. The board of public works has not yet made an estimate on the job.

Richmond township will, within a few days, complete a new bridge on the main highway leading to Palmer. It is located about 150 feet beyond the city line, near the Bellevue farm. The span is about sixty feet and the bridge, which is being constructed of timber, is about twenty feet high.

The streets of the city are now in fine condition, as practically all of the cleaning has been done. Both the streets and alleys have been gone over twice this spring. Several men and teams have been employed for a number of more on the main highway leading to Marquette. The road has been widened in several places.

IS SLOW WORK.

The Breitung interests have a big job on their hands in unwatering the Davis and Milwaukee mines, and it is not known when it will be possible to resume mining operations. There are some large steps in the properties, particularly in the Milwaukee, and there are many million gallons of water to remove. All of the water is being taken out with pumps. The surface equipment, with the exception of the compressor, is now practically ready for use.

CEMENT SIDE WALKS.

I will be glad to have you ask me to figure with you on that cement sidewalk. My work and prices should be attractive to those having cement work done.

ANTON HENDRICKSON, Negaunee. (6-8-1w)

SCARED INTO SOUND HEALTH.

Mr. B. F. Kelley, Springfield, Ill., writes: "A year ago I began to be troubled with my kidneys and bladder, which grew worse until I became alarmed at my condition. I suffered also with dull heavy headaches and the action of my bladder was annoying and painful. I read of Foley's Kidney Pills and after taking them a few weeks the headaches left me. The action of my bladder was again normal, and I was free of all distress." Sold by all druggists.

Our getting to heaven is going to depend a good deal on what we do to help somebody else get there.

TO CLOSE EARLY.

Dry Goods and Clothing Merchants Have Finally Reached Agreement.

Largely through the efforts of a committee of women clerks, the dry goods and clothing merchants have finally agreed to close their stores at 6 o'clock every evening in the week except Mondays, Saturdays and pay nights. The young women circulated a petition among the merchants Thursday, and, with the exception of one, all of them signed it. The man who held out said he would close if the others did so. One of the young women who circulated the petition yesterday said that she was positive that the early closing would be a success.

The early closing agreement will become effective on the evening of July 5. The grocers and meat dealers of the city are now closing their stores at 6 o'clock on all evenings except Mondays, Saturdays and pay nights and they are well pleased with that arrangement.

FLANNERY WRITTEN UP.

Northwestern Bulletin Presents Sketch of Negaunee Flagman.

The May issue of the Northwestern Bulletin, published by the Chicago & Northwestern Railroad company, contained a picture of Patrick Flannery, of this city, who is one of the company's oldest flagmen. Accompanying the picture was an interview from Mr. Flannery, also a letter from A. P. Johnson, the Northwestern company's Negaunee agent. Mr. Flannery, who is thought to be the oldest flagman in point of service on the Peninsula division, has many friends, not only among the railroad men but among the people of Negaunee generally, and it is said that the officials of the company have never received a complaint regarding his work. The interview with him is here given:

"Every man should endeavor to be a gentleman at all times, and never allow himself to lose control of his temper, because it can only end in a reflection against himself. In order to be a gentleman and do right by his employer, a man must always, then, be courteous and affable in his talk and actions, no matter with whom he comes in contact, nor how humble their circumstances may be."

"In my work as a crossing flagman I necessarily meet all sorts of people, and in my warning them of danger from approaching trains or engines, I use tact and consideration in my manner of warning, so that they cannot possibly take offense, but will rather consider my action as one for their own welfare and protection. Most men like to have lots of good friends, and I am with them; I believe I have many friends, and that the more friends we have, and the better feelings that we have, the better it certainly is for the company as well as ourselves."

Mr. Johnson's Letter.

Following is Mr. Johnson's reference to Mr. Flannery: "Since 1887 Patrick Flannery has been employed at Negaunee as a crossing flagman. Previous to his employment by the Chicago & Northwestern he had been a miner in the Milwaukee mine, where he met with an accident, falling down the inclined shaft a distance of 280 feet. He says he would have been all right if his partner, Dan Flynn, who fell at the same time, hadn't fallen on top of him. By reason of his Irish wit and good nature, Mr. Flannery is a great favorite with all classes, as well as his railroad friends, and in all his work here has never given any cause for censure—and there is no better known flagman on this division. "We reproduce a portrait of him, of which he says: 'A good looking man never takes a good picture.'"

The members of the board of public works and street and highway committee will probably meet Manager McCorquindale of the Marquette County Gas & Electric company today and Monday, to consider the question of removing the street car line from Iron to Jackson street. As most of the merchants and property owners on Iron street have signed a protest against the removal of the track, it is not likely that there will be any change.

Foley's Kidney Remedy may be given to children with admirable results. It does away with bed wetting, and is also recommended for use after measles and scarlet fever. Sold by all druggists.

"TYROLIEN QUEEN" WELL PRESENTED

OPERETTA EXCELLENTLY RENDERED BY PUPILS OF BARAGA SCHOOL LAST EVENING.

BEAUTIFUL PASTORAL STORY

Leading Parts Well Taken and Work of Chorus Showed Careful Preparation—Pretty Stage Pictures.

One of the most enjoyable entertainments yet presented by the pupils of Baraga school was given last evening by the intermediate grades. "Tyrolien Queen" was the name of the operetta selected for production this year, and it was ably presented by the young people. The opera itself depicts a beautiful pastoral story with a healthy atmosphere, and its musical setting is appropriate to the theme.

The operetta is in four acts. In the beginning, a band of Tyrolians are enjoying themselves on the mountainside, and Rosalie, one of their number, is crowned their queen. While thus engaged, they have forgotten their flocks and the latter have strayed away. When it is learned that the flocks have become lost, the happy band hastily departs in search of them, and their queen is left alone. She becomes lonely and longs to travel out into the great unknown world. At this juncture, Mother Grunt, leader of a gypsy band, enters upon the scene and with promises of wealth and beauty induces Rosalie to accompany her. When the band of shepherds return, they find Rosalie's crown but she has disappeared. The second act is laid in the gypsy camp. The band are engaged in telling fortunes and cooking supper, when Mother Grunt and Rosalie appear. Rosalie soon finds that she has been deceived and asks to be taken back to her former companions. The gypsy leader roughly refuses her and insists that she sell baskets at a public fair the next day. During the night, however, Rosalie escapes. In the third act, Rosalie is lost in the forest and is discovered by the fairies, who spirit her back to her mourning subjects. The last act pictures her return and the happy reunion that follows.

Alice Little as Rosalie. As the story indicates, much of the success of the operetta depends upon Rosalie, the Tyrolian queen. Alice Little was assigned to this difficult and important part and acquitted herself with great credit. She has a remarkably good voice for one so young and is perfectly at ease on the stage. When it is considered that the action and story are almost entirely told in song and that Rosalie is the central figure in every act and scene, the exacting requirements of this part are more apparent. Not only was her voice and stage presence good, but she enunciated clearly and the words of her songs were easily understood.

Margaret Griffin, as Mother Grunt, was also a success. She acted the part of the gypsy hag effectively and her musical numbers received deserved applause. Irene Stickney, as the fairy queen, was also worthy of high praise.

The chorus, which was very large, had been excellently drilled and the production was given with scarcely a hitch. The ensembles were rendered with spirit and the blending of voices was pleasing. The costumes were elaborate and beautiful and there were several very pretty stage settings, perhaps the best of which was the gypsy camp in the second act. Altogether, the excellent production of "Tyrolien Queen" last evening reflects great credit upon all who took part and as well on the teachers by whom they were so thoroughly and painstakingly drilled.

MUCH INTEREST IN TENNIS. Members of Club Anticipate Many Enjoyable Games This Summer.

At a meeting of the Marquette Tennis club held recently the following officers were elected for the year 1910: President, Dr. E. L. Drake; vice-president, Prof. T. G. Kelly; secretary and treasurer, Orrie Brown. The club's courts are located on Ohio street, just off Spruce street, and are now in splendid condition.

Those who play tennis are taking enthusiastic interest in the club this year and many interesting games will doubtless be played during the summer. It is planned to put on a tournament among the home players later in the season and it is possible that a tournament with outside teams also will be arranged. Several new members have already been admitted to the club, while practically all those who played last season have retained membership this year. Applications for membership in the club should be sent to the secretary. The annual fee for men is \$5; for women, \$3.

THEATRICAL.

"The Prince of Tonight."

"The Prince of Tonight" is the name of a new musical play by Frank Adams, which Manager Mori H. Singler will present at the opera house next Friday evening. The story combines modern characters and places with fantastic incidents and situations, making the whole a most original musical comedy. The music of Mr. Howard embraces the best compositions of his career. Henry Woodruff in the title role is sufficient guarantee of the character of the play. Mr. Woodruff is recognized as one of America's best actors, who, after a wide experience in Shakespearean roles, as leading man for Mr. Fiske, Amelia Bingham and Henrietta Crossman, and as the star of "Ben Hur" and "Brown of Harvard" and other notable productions, will make his bow to the American public as the leading player in a pure musical comedy. "The Prince of Tonight" was staged by George Marion, and he has left nothing undone to make the musical numbers a success.

NEGAUNEE HERE TODAY.

Baseball At the Fair Grounds Saturday and Sunday Afternoons.

Negaunee vs. Marquette will be the baseball attraction at the fair grounds this afternoon and Sunday afternoon. The game this afternoon will be called promptly at 3:30, and the game Sunday at 2:30. Negaunee is going as fast a clip as any team in the league and two rattling good games may be expected.

There will be two changes in the Marquette line-up. Scanlon, who has played with Negaunee, has moved to this city, and will play in center field this afternoon and Sunday. Scanlon is an old Marquette player and should prove a strong addition to the team, as he is a clever fielder and handy with the stick. Either Clinton or Rydholm will play at first base. Frost is slated to pitch today's game, while Scholtus will do the twirling Sunday. A special train will be run to the fair grounds Sunday afternoon.

SCHAFFER'S ELECTION INVALID AND VOID

JUDGE STEERE HOLDS MARQUETTE MAN WAS NOT LEGALLY CHOSEN SUPERVISOR OF ONOTA TOWNSHIP, BUT DECISION DOES NOT OUST HIM FROM OFFICE.

Judge Steere, of the Alger county circuit court, has handed down his decision in the election contest over the office of supervisor in Onota township. The contest was inaugurated by Frank Wolf, who ran against Chas. Schaffer last spring. Mr. Schaffer being declared elected by the election board, by a majority of one.

Thirty-one ballots were cast, each of the candidates receiving fifteen and one was cast for a third man. The ballots had been sorted and counted after the polls closed, when Mr. Schaffer picked out a certain ballot and objected to its being counted for his opponent on the ground that no cross was placed in the circle under the party name, although a cross was placed in the square before Wolf's name. The judge in his opinion says: "Yielding subsequently to this invalid objection, the board of canvassers thereupon erroneously rejected this ballot and declared respondent (Mr. Schaffer) elected by a majority of one. The rejected ballot was valid."

The opinion continues: "Had this ballot been counted a tie would have resulted, leaving the choice of supervisor to be determined by lot between the candidates. As the matter was left neither party was legally elected, or chosen by lot, supervisor of Onota township."

The irregularities mentioned in Judge Steere's opinion consisted in part in leaving the ballots, tally sheets, pencils, etc., used in the election, lying around loose in the store, then owned by Mr. Schaffer, while the election inspectors were not to supper. This, the court says, does not imply any fraud on the part of the election inspectors, or on the part of the relator (Mr. Wolf) or respondent (Mr. Schaffer) but as the opinion says, "Such facts rob the ballot box of all the sanctity and probative force essential to a reliable and legal recount."

At the election four of the persons who acted as inspectors were candidates for office in spite of the statute which says "That no person shall act as such inspector who is a candidate for any office to be elected by ballot at such election."

This leaves Mr. Schaffer still in possession of the office of supervisor of Onota township.

REPORT FOR APRIL.

Receipts of Light and Power Commission Show Increase Over 1909.

Notwithstanding that the rates were lowered this spring, the receipts of the Light and Power commission for the month of April show an increase of nearly \$200, compared with April, 1909. The largest increase was in business lighting but the receipts from residence lighting also were more than a year ago. During the year outstanding accounts have been reduced from \$10,733.82 to \$9,159.26, and the number of customers has been increased from 1,698 to 1,826. Cash on hand May 31 amounted to \$23,254.61. The plant is valued at \$240,504.15, and the present bonded indebtedness is \$34,300. The report of earnings and expenditures follows:

Table with columns for Earnings and Expenses, listing items like Street lighting, City lighting, Business lighting, Residence lighting, Power, Miscellaneous, Manufacturing, Distribution, General, Interest, and Net income.

The regular Saturday night hop will be held at Fraternity Hall tonight. Music by the Peerless orchestra. (6-10-24)

ART NEEDLEWORK.

The Ladies of Marquette are cordially invited to call and inspect my display of the latest novelties in needlework for home decoration and for ladies' wear, in Room 7, Hotel Marquette, where I shall remain all of the present week, until Saturday, June 11th. Stamping done, free instructions. Evenings: Tuesday and Friday, 7 to 9. MRS. C. A. GOLDSBOROUGH. (6-6-10)

Over 100 babies are now being fed on Vandenberg's Special Milk and all are thriving splendidly. (6-26-10)

Northern Normal Notes.

Superintendent E. C. Warriner of Saginaw was a visitor at the school yesterday. Final examinations in all departments will take place on Thursday and Friday of next week, June 16 and 17.

President and Mrs. Kaye will give the annual reception to the senior and faculty on Tuesday evening, June 14. On Tuesday afternoon of next week, at 2 o'clock, the members of the senior class will hold their Evergreen Day festival on the Normal campus. An excellent program is being prepared, and this movement week promises to be full of interest. The public is cordially invited.

Monday evening, June 20th, the senior class will present "The Bohemian Girl" at the Marquette Opera House. Rehearsals are in full progress, and the opera promises to be a great success. Tickets are being sold by members of the class, and these may be exchanged for reserved seats tickets at Bigelow's store, the date to be announced later.

During the past week, several picnic parties have taken advantage of our beautiful weather. On Tuesday afternoon, Miss Libby and Miss Oltman gave a picnic at Presque Isle for the student teachers in their departments. Miss Ruchly and the students in the Normal domestic science department, with a few guests, held a picnic at the island on Thursday afternoon.

Wednesday afternoon of last week, Miss Emma Sanders of Mrs. Rushmore's department of expression, read to a large and appreciative audience her original abridgement of Crawford's "Sign of the Cross." Her characterization and interpretation were excellent, and Miss Sanders is deserving of much praise. Following the reading, the senior girls of the department served tea to the juniors and guests.

The pupils of the eighth grade gave an excellent presentation of scenes from Miles Standish on Wednesday evening of this week. Students in the Normal department rendering the musical numbers. Following was the program:

- Program list including Piano Duet, Scene I—Miles Standish and John Alden, Piano duet, Walzer and Finale, Misses Adelaide Desrosier, Eva Parks, Scene II—John delivers Miles' message to Priscilla, Solo, Auf Wiedersehen, Bendix, Miss Angela Schumacher, Scene III—John brings Priscilla's answer back to Miles, A messenger summons Miles, Music, Scene IV—Miles, Elder, Indian and men assembled in Council, Vocal solo, Flower Song from "Faust", Miss Mae Grills, Scene V—John in trouble and doubt, Conversation between John and Priscilla, Scene VI—John and Priscilla interrupted by Messenger, Music, Interrupted by Miles, The cast of characters was as follows: Miles Standish, the Captain of Plymouth, Philip Case, John Alden, Standish's secretary, Priscilla, a Puritan maiden, Elsworth Roberts, Elder Brewster, Myron Asire, Indian, Eugene Dellaas, Messenger, Glenroy Stewart.

The children presented the scenes in a most pleasing manner, each one seeming to forget himself and to feel that he was in reality the character he was playing. The tableau effects at the close of several of the scenes added greatly to the charm of the whole. The large audience was thoroughly sympathetic and very enthusiastic, every one feeling that the children as well as Mrs. Kelsey and Miss Melinch who had trained them were deserving of great credit.

"55 Years of Knowing How"

have brought STEIN-BLOCH Smart Clothes to continent-wide supremacy.

You want to be sure of proper fit and style.

The only place in Marquette where you can buy STEIN-BLOCH Smart Clothes is at
