AERONAUTS PLAN TO FLY ACROSS SEA

Voyage from the American to the European Side of the Atlantic Ocean Will Be Attempted This Fall by Walter Wellman and Melvin Vaniman.

Trip Will Be Made in the Big Dirigible Balloon Built for the Polar Expedition and the Ship Will Carry Six Men, Including a Wireless Operator.

New York, July 8.—Walter Wellman and Melvin Vaniman will attempt this fall to cross the Atlantic ocean in the dirigible balloon "America," which was built for the Wellman polar expedition and has twice been tested in voyages over the Arctic ocean, north of Spitzbergen.

The attempt will be made solely on the responsibility of the aeronauts, but the New York Times, Chicago Record-Herald and London Daily Telegraph have arranged to buy the news of the expedition, which will be transmitted by wireless from the airship.

The America will be housed at Atlantic City during her preliminary trials. On her long voyage the airship will carry a crew of six men, including a wireless operator, and 1,500 gallons of gasoline in a steel tank. Equipped for a day's run, she could carry seventy-five passengers in addition to her full crew.

Two Engines Will Drive Her.

In size she ranks second only to the late Zepplin airship. Two engines will drive her, one of seventy-horsepower for ordinary duty and one of 300-horsepower for emergency service, when high speed is needed. A little ten-horsepower motor takes place of the donkey engine aboard ship for small necessary duties.

The quantity of fuel carried gives the airship greater radius of action than the distance from New York to Europe, and a study of the prevailing winds during the season at which it is proposed to make the passage shows that they lie parallel to the eastbound course laid down by the Atlantic liners. Even if the net effect of the winds should prove unfavorable, it is estimated by the aeronauts that the fuel would hold out for the full distance.

Messrs. Wellman and Vaniman are by no means sure their attempt will be successful, but they think the chances good enough to warrant a trial. They plan to start late in August or early in September from a base near New York not yet selected.

Woman Aeronautist Badly Injured.

Rhine, July 8.—The second distressing accident of the aviation meeting now in progress here occurred today when Baroness De La Roche, driving a Voisin biplane, lost her nerve at a height of fifty metres, shut off the power and fell with the machine to the ground. Her legs and arms were broken and she suffered severe contusions, but the doctors hope for her ultimate recovery.

The baroness had flown around the big field. Suddenly she appeared to become frightened at the approach of two other aeroplanes, which passed over her. The baroness, in a period of consciousness, after the accident, said that the rush of air from a motor over her head had thrown her into consternation, and that she had cut the ignition and lost control of the biplane.

Jan. 4, last, the baroness was seriously injured when her biplane crashed into a tree. Aviator Wheeler was killed here last Friday. Aviators Ochsberger and Latham today broke the record for ten kilometers.

Atlantic City, N. J., July 8.—Aviators Brookins and Curtis today gave exhibitions of fancy flying over the ocean board walk and beach that brought cheers from thousands.

Aerial Freight Line Proposed.

Washington, July 8.—The proposal to transport freight by airship from Arizona to Mexico has aroused much interest in diplomatic circles. It will probably have the effect of bringing the United States and Mexico into early agreement in regard to the drafting of the first aerial treaty ever signed. Europe is manifesting keen interest in the preparation of the treaty.

Washington, July 8.—An aeroplane race from New York to Washington between Glenn H. Curtiss and the Wright brothers for \$20,000 is in prospect. It is proposed to start the race at New York and finish at Washington, stops to be made at Philadelphia and Baltimore.

Novice's Machine Is Wrecked.

East St. Louis, Ill., July 8.—Howard Gill of Los Angeles, who is one of the entries at the first national aviation meet for novices, which begins here under auspices of the Aero club of St. Louis next Monday, fell fifty feet this afternoon during a trial. He escaped unhurt, but the biplane was wrecked. Gill tried to steer out of the way of a tree when the accident occurred.

New York, July 8.—The New York Times announced today that it has received six formal entries for the Chicago-New York aeroplane race to start from Chicago Oct. 8, next. The entrants are: Glenn H. Curtiss, Charles K. Hamilton, J. C. Mars, Captain Thomas Baldwin, J. D. McCurdy, a Canadian aviator, and O. P. Hellings, a machinist of New Jersey, who is building an aeroplane of his own design.

ELKS' REUNION OPENS TODAY.

Detroit, July 8.—The national reunion

AMERICAN'S TITLED HUSBAND QUELLS MUTINY ON YACHT.

Paris, July 8.—A special dispatch from Lisbon says that the crew of the yacht Tolna, owned by Count Rudolph Festetics De Tolna, of Austria, mutinied yesterday with the purpose of looting the vessel. They bound two of the officers, but the count quelled the mutiny with a revolver. The ringleaders were handed over to the police at Madeira. The Tolna sailed from New York May 24 with the count and his wife, who was Mrs. Alice Weatherbee, of New York, on board.

DEADLY BOMB EXPLOSION AT BANQUET IN SPAIN.

Lisbon, July 8.—The Secolo says that at Monte Spain, yesterday a bomb was exploded under the table of Senor Gallardo, a banker, during a dinner he was giving to some political friends. Two guests were killed and thirteen were injured.

STRIKING GARMENT WORKERS NOW NUMBER OVER 75,000.

New York, July 8.—Another big batch of cloak and skirt makers went on strike today, in addition to the fifty thousand who walked out yesterday, making the total now on strike 75,801, according to union officials' estimate.

FOSTER FATHER'S WILL MAKES UNIQUE TERMS

Eight-Year-Old Boy Faces a Busy and Strenuous Life With High Rewards.

Washington, July 8.—Robert St. George Dymouth, eight-year-old foster son of Robert G. Dymouth, former commissioner of patents, faces a busy life with high rewards. The lad is the sole heir of his foster father. The latter's will, in which the value of the estate is not given, filed for probate today, provides these conditions for Robert if he would inherit the estate when he reaches the age of twenty-eight.

He is to be graduated from public high school by the time he is fourteen; is to take the full course at Harvard and win a degree before eighteen, this to be followed by six months' study of law at Oxford; then he must return, be graduated from West Point and, after holding a commission in the army, resign, "be thoroughly educated in the law" and begin practice. His vacations are to be spent traveling in France, Spain, Italy, Greece, Germany, Denmark and Russia, in the order named. He is not to become a Catholic; must learn manual training, dancing and music, and must be beware of women.

Should the boy die or fail to meet the conditions, the estate reverts to Wm. H. Dymouth, Harold Dymouth and Robert Collis Dymouth, all of Chicago.

LAUNCH MOVEMENT AIMED AT LORIMER

Prominent Members of the Party Sign a Call for an Illinois Democratic Conference.

Springfield, Ill., July 8.—A call for a Democratic conference to be held in September will be issued tomorrow morning, bearing the names of nearly two hundred prominent Democrats of the state. The conference, according to the call, is for the purpose of disavowing the action of the Democratic members of the legislature in voting for Wm. Lorimer for senator and for the purpose of laying plans for the election of a new representative to fill the seat vacated by Lorimer and work for the adoption of efficient measures to hold the legislators responsible at all times to their constituents.

The call further declares that "Illinois, through her patriots and statesmen of the past, has achieved imperishable fame and renown, and it is duty of every patriotic, honest and liberty loving citizen, in the present political situation in this state, to exert all power and influence to remove the shame and disgrace brought upon the state by the action of certain legislators in betraying the great trust and violating the confidence reposed in them by the voters."

Among the prominent Democrats signing the call are Congressman Henry T. Rainey, of Carrollton; Mayor Fred Kern, of Belleville; Congressman James M. Graham, of Springfield; former Congressman Ben F. Caldwell, of Chatham; Lawrence B. Stringer, of Lincoln; Louis F. Host, of Chicago, and John P. Tansy, editor of the Democratic Bulletin, Chicago.

PRESIDENT TAFT PAYS VISIT TO SUPREME JUSTICE MOODY.

Beverly, Mass., July 8.—President Taft visited Justice Moody, of the supreme court, at Magnolia this afternoon and spent an hour at the bedside of the jurist. Although the call excited a great deal of interest and revived the gossip as to the supreme court vacancies, it is authoritatively stated that neither the president nor Mr. Moody broached the subject of the latter's intention as to retirement. The visit was purely a personal one.

Mr. Taft today asked W. C. Brown, president of the New York Central, and Daniel L. Cease, editor of the Brotherhood of Railway Trainmen's Journal, to serve as members of the commission to investigate the subject of employers' liability and workmen's compensation.

Washington, July 8.—Word was received today that President Taft has ratified the parcels post convention with Hungary.

ADMITS LOSING MONEY ON THE FIGHT AT RENO

Man Who Attempted to Force Entrance to Jack Johnson's Home Is Arrested—He Denies Intending Harm, Nevertheless He Is Armed With a Rifle.

Moody, Downcast and Silent, J. J. Jeffries Arrives at Los Angeles and Goes at Once to His Ranch—Anti-Picture Crusade Continues to Expand.

Chicago, July 8.—Richard McGuirk, a St. Louis machinist, was arrested here today, after he had attempted to force an entrance to the home of Jack Johnson, the negro pugilist. McGuirk was armed with a rifle. He said he had lost \$25 as a result of the fight at Reno, but denied that he intended to harm Johnson.

Jeffries Returns Home.

Los Angeles, July 8.—Still moody, downcast and silent, James J. Jeffries arrived home today. There was no demonstration at the station. Jeffries went to his home at once, where he would not talk and he kept his rifle.

That the optic nerve of Jeffries' right eye was damaged by Johnson's blow in the second round was evidenced in a remark made by Jack Kipper, who accompanied the party. Kipper said: "Jeffries does not know anything about the rumors of doping that have been flying about. He cannot see to read yet. He has not read a word of the fight and nobody has told him a word of all that has happened."

Kipper scents the tale that Jeffries was doped. However he says the big fellow was not himself mentally when he entered the ring. He said: "Worry ruined all of Jeffries' chances. At last he received hundreds of telegrams, pleading with him, to quit, saying he had to win, that they had bet their all on him. This sort of thing preyed on his mind."

Anti-Picture Crusade Widens.

Chicago, July 8.—The crusade against the exhibition of the Jeffries-Johnson pictures widened today. The Cuban government will bar them. Governor Hughes has been asked to do so. New York cities to take action barring the pictures from that state. Norfolk, Va., Woonsocket, R. I., and Fresno, Calif., have declared against them. A message from Pretoria says: "The South African government has sent instructions to the police throughout the union to prohibit the pictures." Messages from the governors of Connecticut, Colorado, North Dakota, Vermont and West Virginia, expressing sympathy with the movement to prevent the pictures, have been received by Wm. Shaw, general secretary of the National Society of Christian Endeavorers, at Boston.

Springfield, Ill., July 8.—Springfield will eventually put a ban on the appearance of the Johnson-Jeffries pictures as a result of a resolution signed by the members of the city council, authorizing Mayor Schopp to notify the proprietors that they should not exhibit the pictures before action is taken by the council. The council will act Monday on an ordinance prohibiting the showing of the pictures.

WIRE SERVICE IS RESTORED TO CERTAIN BROKERAGE FIRMS.

New York, July 8.—As suddenly as the wire service to various brokerage offices in New York state cities was suspended yesterday so suddenly was it resumed again in many of them today, and still the Western Union Telegraph company offered no explanation. Wall street considers the new attitude of the Western Union as highly important. The feeling has long been that telegraph companies ought to exercise the same supervision over their customers that reputable newspapers and periodicals exercise over the business they accept for their advertising columns. It is supposed that in the case of those firms whose service was cut off yesterday and restored today that inquiries must have been established to the satisfaction of the Western Union that the business carried was such as the company is willing to accept.

Rochester, N. Y., July 8.—The Western Union has cut off the wire service of several brokerage offices here known as bucket shops. No reason is given.

COURT HOLDS UP THE REDUCED SLEEPING CAR RATES.

Chicago, July 8.—By an order of the United States circuit court of appeals, issued today, the reduced sleeping car rates ordered by the commerce commission cannot go into effect for several months. The court granted a stay of the order, pending a rehearing by the commission.

Appeal Is Sent to Shippers.

Chicago, July 8.—The officials of the Illinois Manufacturers' association today sent out an appeal to all the large shippers in the Middle West, asking the shippers to get in direct touch with President Taft regarding the railroad rate controversy. The shippers are requested to telegraph the president, asking that the question be settled in accordance with the agreement made by the president with the railroad presidents.

The Weather

Washington, July 8.—The following is the weather bureau's forecast for Upper Michigan: Scattered showers, Saturday and probably Sunday; light to moderate variable winds.

EVANSTON GIRL SACRIFICES HER LIFE TO SAVE HER CHUM.

Evanston, Ill., July 8.—Florence Burdick, sixteen years of age, sacrificed her life in Lake Michigan here today to save her chum, Ethel Moulton, fifteen years old. The girls were bathing. The Moulton girl was revived, but her savior died.

KERMIT ROOSEVELT ABOUT TO GO ABROAD AGAIN.

New York, July 8.—Kermit Roosevelt is going abroad again. He sails tomorrow, with Paris the objective point. Why he goes and how long he will be gone, neither he nor Mr. Roosevelt have said.

A VERY POOR HARVEST THE INDICATION

Federal Department of Agriculture Issues a Gloomy Report on the Spring Wheat Crop—The Condition Only 61.6 as Compared With 92.7 a Year Ago.

Stock Market Is So Acutely Affected That Earlier Gains Are Transformed Into General Losses—The Weekly Trade Reviews Not Particularly Cheerful.

Washington, July 8.—Startling reports of the condition of spring wheat July 1 were made today by the crop reporting board of the department of agriculture. The average condition of spring wheat in North Dakota, South Dakota, Minnesota and Washington, the four states which contain more than 88 per cent of the total spring wheat acreage, was only 62.5, as compared with 92.3 a year ago and a ten-year average of 87.8. The average condition of spring wheat throughout the United States at the beginning of the present season was 61.6, while a year ago it was 92.7 and the ten-year average was 87.1. The average condition of corn is given as 85.4, compared with a ten-year average of 85.1, and that of winter wheat as 81.5, compared with a ten-year average of 81.3.

Wall Street Prices Slump.

New York, July 8.—Today's news budget contained several items of large importance from a financial standpoint. First was the government grain crop report. The percentage of 61.6 for spring wheat seemed to disconnect speculative sentiment upon the appearance of the bush bulletin announcing it and there was an abrupt relapse in prices. The Northwestern grangers suffered most, but the whole list was affected, transforming the earlier gains into general losses. Allowance is to be made in measuring the action of the stock market for the extent of the rebound in prices and the suddenness with which it had occurred. At the high levels in the morning the prices showed recoveries running to seven and nine points from the low prices touched early this week in the case of some of the leading stocks.

The buoyant early market was an extension of yesterday's movement. The Atchison dividend was of considerable direct effect in strengthening stocks, following the St. Paul dividend action of yesterday. The monthly report of the copper producers afforded a problem that shook market sentiment, hesitating to attempt to interpret. The June production proved the largest of any month since the records have been kept, and to this was due the fact that nearly 8,000,000 pounds were added to the stocks of the metal during the month notwithstanding the heavy expansion of the deliveries into consumption. The money market attracted but languid interest.

Crop News Calamitous.

Chicago, July 8.—Only the authoritative figures of the weather bureau report had any weight today with speculators in wheat. The crop news from the Northwest was more calamitous than at any previous time, but the trade had become so calloused that an estimate of 25 per cent for the North Dakota crop seemed no cause for agitation. The business consisted chiefly of evening up. The close was unchanged to 1/2 cent higher than last night's figures. The government report came after the day's business was at an end.

Many elevators in South Dakota, it was said, will be closed for the year, because of the short crop. The plowing up of wheat and the turning in of cattle were reported from North Dakota. On the other hand, millers' advice from the winter wheat belt told of yields beyond expectation. As against this, the weather's supply of breadstuffs, according to a trade bulletin issued today, decreased 27,500,000 bushels last month, and is now 129,382,000 bushels. The total a year ago, however, was much less—90,470,000 bushels. The tone was easy at the close. The Senate opened at 10 1/2% @ 101 1/2%; its highest was 102 1/2% and its lowest 100%, and it closed at 101 1/2%.

A bulge in the corn market followed the buying of a million bushels of the May delivery by a prominent Chicago operator. The close was 1/4 to 1/2% @ 101 1/2%; its highest was 102 1/2% and its lowest 100%, and it closed at 101 1/2%.

Trade and Industry Quiet.

New York, July 8.—R. G. Dun & Co.'s Trade Review tomorrow will say: From several important trade centers very satisfactory reports as to general business are received. On the other hand, there is an entire lack of buoyancy in several important industries. All markets now pivot on the crop reports.

Quiet conditions in iron and steel are to be expected at this season, the industrial plants following the usual custom of shutting down for inventories and repairs. The reduction in the output of pig iron since February is placed at 15 per cent. The production of pig iron during the first half of the year established a new high record, however, but stocks have accumulated at many points. Middlemen in the Pittsburgh district believe that by the middle of the third quarter there will be considerable business.

An extensive curtailment of production is noted in textile lines and at cotton manufacturing plants. The de-

mand for merchandise is very limited. Spring lines of cotton are attracting more attention and underwear and hosiery houses are doing a better business. In woolen goods the buying is limited. The dress goods and men's wear mills have curtailed production sharply. Some large shoe orders have been placed in the Boston market. There is no improvement in the demand for leather.

Bradstreet's tomorrow will say: Wholesale trade and industry are quiet as a whole, a result partly of midsummer and holiday influences and also because of the desire of buyers to await more definite information as to the crop outcome. Retail trade, on the other hand, has been more active, being stimulated by favorable weather, but despite this and clearance sales, the volume of the final distribution is not up to expectations.

COLD, WET WEATHER CAUSES SERIOUS ALARM IN FRANCE.

Paris, July 8.—The continuous cold, wet weather is beginning to cause serious alarm. There has been rain daily for six weeks. A recurrence of the floods is threatened. Many streams are out of their banks. The grape crop is suffering heavily and the hay crop is almost destroyed. The loss in the champagne district is estimated at six million dollars.

Snow Storm in Germany.

Karlsruhe, July 8.—Snow is falling to night on the higher elevations in the Black Forest.

FOREST FIRES STILL RAGING FIERCELY

Towns in Wisconsin and Michigan Are Saved Only After Desperate Work.

Chippewa Falls, Wis., July 8.—Today the village of Holcombe was saved from forest fires only by the heroic work of almost every inhabitant. Water was hauled from the Chippewa river to stay the flames. At 4 o'clock the Chippewa fire department was appealed to. In an hour the wind ceased and the flames were checked.

Forest fires are raging on the Flambeau river, in southern Rock county, and in the country above Holcombe. It is impossible to estimate the losses. Fires are reported all over Chippewa county. Fire broke out last night near the grounds of the state home for the feeble-minded. For a time the home was in danger, but the attendants fought the fire back. The east portion of Taylor county reports big fires. The villages of Gimran, Polley, Baby, Arnold and Hannibal are all fighting fire and trying to save the sawmills.

Much Havoc in Michigan.

Menominee, Mich., July 8.—Despatches tonight from Cedar River, Menominee county, say that forest fires are burning in all directions from that place. Three farm houses and one school house were destroyed today. Much standing timber is being burned.

Grand Rapids, Mich., July 8.—After fighting flames all of last night and the greater part of today, the residents of Fife lake, Grand Traverse county, succeeded in extinguishing the forest fires which threatened to destroy the town.

FRANK GOULD WEDS EDITH KELLY, ACTRESS

Marriage Is Made Known When It Is Announced Divorced Wife Is to Follow Suit.

New York, July 8.—Ralph Hill Thomas, assistant treasurer of the American Sugar Refining company, and Mrs. Helen Kelly Gould, who was divorced from Frank Gould Aug. 25, 1900, obtained a marriage license today. Mr. Thomas said that he had for the wedding had arranged. Now that the former wife has obtained a marriage license, there comes out through friends arriving here today from abroad the news that Mr. Gould and Miss Edith Kelly, the actress, were married five weeks ago in Paris. She is no way related to his first wife. Those who speak today say they were Mr. Gould's own warrant. They were his guests two weeks ago and they sat at a dinner he gave in Paris, at which he announced his marriage to a few intimates, among them Edith Kelly. The news until his divorced wife had either married or published her engagement. It is understood the pair will make their home in Paris.

TORRID TALKS MARK CLOSE OF EDUCATIONAL CONVENTION.

Boston, July 8.—The forty-eighth annual convention of the National Educational association ended here today. President David Starr Jordan, of Leland Stanford, Jr., University, made an unqualified denunciation of football. William McAndrew, principal of a New York high school, vigorously protested against the present day high school curriculum. He derided ancient history and the scanning of Latin verses and advocated teaching things more useful in daily life. Other speakers demanded that agricultural courses be introduced in the country schools, among them Edith Kelly, the actress, who is the wife of the speaker as the greatest educational monopoly in the world. James M. Greenwood, of Kansas, said: "Our present system of teaching has produced a luxurious crop of spineless and animated nobodies."

AUTOMOBILE MEET OPENS.

Louisville, July 8.—The grand circuit automobile races opened at the Churchill Downs track this afternoon, with eight events. Ray Harroun, the Marmon star, captured the greater number of honors.

WHITE MAN LYNCHED BY MOB IN OHIO

Carl Etherington, Twenty-Two Years of Age, Employed by the Anti-Saloon Forces as a "Blind Tiger" Raider, Is Hanged in the Street at Newark.

He Confesses to Shooting William Howard, a Restauranter, and When the Latter Dies Angry Friends Attack the County Jail and Exact Fearful Vengeance.

Newark, O., July 8.—Carl Etherington, aged twenty-two years of age, employed by the state Anti-Saloon league as a blind tiger raider, was hanged here at 10:35 o'clock tonight, following a day of almost continuous rioting. The heavy doors of the Licking county jail were battered down and Etherington was dragged from his cell. He was shot, kicked and bruised before the street was reached, and the finish followed quickly.

Etherington, early in the evening, confessed that he had killed William Howard, proprietor of the "Last Chance" restaurant and former chief of police, in a raid of alleged "speakeasies." This tragedy took place at 10:30 o'clock this morning and Etherington narrowly escaped lynching at that time.

When the news from the hospital that Howard had died passed over the city at nine tonight, the fury of the mob took definite form. Large battering rams were directed upon the doors of the jail, and the deputies were powerless. The doors fell after an hour's attack.

Crying piteously, Etherington, a curly-headed Kentuckian, who had been serving as a strike breaker since he was released from the marine service three months ago, was dragged forth. "I didn't mean to do it," he wailed. "I cried till I was deaf ears."

Sheriff Asks for Troops.

Fearing that the mob spirit would not be satisfied by one victim, Sheriff Link immediately asked Adjutant General W. C. Hubert for troops to protect six other "dry" raiders who were being held in another section of the town. As the mob, after the first taste of blood, seemed quiet, but it is feared they will storm the city prison before the night is finished.

Etherington's last moments while he heard the mob battering down the doors were spent in praying and writing a note to his parents, farmers near Williamsburg, Ky. "What will mother say when she hears of this?" he kept moaning to the jailer.

Howard, it is said, did not resist the detectives when they came down the stairs. He was permitted to make a speech. He said: "I want to warn all young fellows not to try to make a living the way I have done—by strike breaking and taking jobs like this. I had better have worked, and I would not be here now." The swing of the rope cut him across the chest. He hung there for an hour while the crowd quietly left.

Street fair or county fair?

Opinion as to whether there is "too much Roosevelt" depends largely on the point of view.

John Arthur Johnson may be a candidate for alderman in the Third ward in Chicago.

If the tax commission corrects all the bad conditions south of the straits before journeying north we will see nothing of its members in their official capacity for several years to come.

Colonel Roosevelt emphatically declares that he will only be responsible for what he says himself.

Champion Johnson is said to have no intention of opening a saloon in his retirement from his pugilistic labors.

Lawton T. Hemans is still undecided what to do about the demand that he consent again this year to be his party's candidate for governor.

In regard to his plans and intentions, Mr. Bryan has made the following statement, the effect of which will be to intensify the discussion over the liquor issue.

We have Colonel Roosevelt's own word that he will deliver an address in Indiana in behalf of Senator Beveridge.

into a sign of an impending break with the administration. In the first place the colonel is actuated, as in the case of Senator Lodge of Massachusetts, by personal friendship.

While there is still left much territory in which the owners of the fight pictures can display their films without danger of interference, still their prospective profits will be considerably curtailed.

An indication of the extent to which undervaluation of property can be found in lower state counties is given by the estimate of Secretary Lord, of the state tax commission.

The press, as a rule, is inclined to discount the reports, current latterly, that Colonel Roosevelt intends to take a hand for this or that candidate for the senate in this or that state.

advice as to who should be Washington's next United States senator," it says, and, "the state of Washington is a self-governing commonwealth, jealous of its independence and it would not look with favor, it may be assumed, on alien dictation."

In the field of ideas and the advocacy of general issues public opinion is properly tolerant of the freest discussion. One part of the country is willing to hear, or should hear, counsel from men of other sections.

In 1882 President Arthur was so ill-advised as to seek to play a leading role in the selection of a governor of New York.

The issue will doubtless prove that Colonel Roosevelt will show an excellent sense of the proprieties in his conduct in relation to the various political contests in which such determined efforts are being made to interest him.

Tom Moore Cigar

Advertisement for Tom Moore Cigars featuring an illustration of a man in a suit holding a large umbrella labeled 'Tom Moore 10¢' and a smaller child holding a smaller umbrella labeled 'Little Tom 5¢'. Text includes 'Both sizes are equally popular. Different only in length and price. One quality, one flavor, but always mid-filler as well as wrapper. You know it's "light" before it's lighted -- you never found a strong one yet. The same tobacco every year -- the same quality everywhere -- the same enjoyment every time.'

STATE POLITICS.

Jonica county Democrats are preparing to put up a strenuous campaign this fall. They believe they see the opportunity ripe to make a killing and have laid plans for a big pow wow to be held July 26, the same day that Ringling's circus is in town.

Democrats in the Fourth congressional district are preparing to give Congressman Hamilton a run for his money and are already grooming candidates to make the race against him.

Representative James T. Morrice of Emmet county and Frank D. Scott of Alpena are two Republicans in the field to run for office.

Both gladiators have now begun active training for the big bout. Like Jeffries, the present incumbent is relying on past performances to carry him through what promises to be the greatest political battle of his long public career.

Mayor Ellis of Grand Rapids continues to receive returns from his postal canvass and expresses himself nightly pleased, not only with the number received, but the sentiments expressed upon him.

Legislator Brown, the alleged bribe-taker of Illinois, not only "knew the bible from cover to cover" as Senator Lorimer says, but he seems to have known the jury from A to Z.

How delicious were the pies of boyhood. No pies now ever taste so good. What's changed? The Best No. 10's. You've lost the strong, healthy stomach, the vigorous liver, the active kidneys, the regular bowels of boyhood.

Said Mr. Diekema when in Grand Rapids this week, "Anybody who expects to see a bitter fight between myself and Mayor Ellis may be prepared to be disappointed. I shall not indulge in any personalities in this campaign at all. I feel kindly toward Ellis and hope he has the same feeling toward me."

THE STATE PRESS.

The Norfolk Landmark discusses in a recent issue "How to get a club sandwich." The most important thing, of course, is first to get the sandwich.

"I have \$1,708,508 in my inside pocket," says Michigan. "Don't touch me."—Flint Journal.

A magazine writer says: "A hundred years from now Colonel Bryan's name will be but a memory." But that is about the most that can be said of anybody.—Grand Rapids Press.

Legislator Brown, the alleged bribe-taker of Illinois, not only "knew the bible from cover to cover" as Senator Lorimer says, but he seems to have known the jury from A to Z.

How delicious were the pies of boyhood. No pies now ever taste so good. What's changed? The Best No. 10's. You've lost the strong, healthy stomach, the vigorous liver, the active kidneys, the regular bowels of boyhood.

Copper Country

FINE NEW SCHOOL FOR HOUGHTON

St. Ignatius Catholic Church Parish Will Build at a Cost of \$30,000.

The members of the congregation of St. Ignatius church, Houghton, Mich., decided to erect a new parochial school to cost \$30,000. The work will be begun next spring. In the meantime the plans of Rev. A. J. Rezek, pastor of the church, for raising the necessary funds will be carried out.

The new school will be another monument to the energy and ability of Father Rezek, who built the magnificent St. Ignatius church. The building of a parochial school is an enterprise involving a great amount of labor on the part of the pastor, because the school must be built by voluntary contributions.

ELKS ARE OFF TODAY.

Calumet and Hancock Lodge Delegates Leave for Detroit.

There will be general exodus of Elks from the copper country this morning when the special train for the national convention and reunion at Detroit leaves for St. Ignace. The train will arrive at Hancock at 8 o'clock, bearing the Calumet Elks and the Hancock Elks. The Hancock Elks will be taken on at Ishpeming, Negaunee and Marquette. A half hour's stop will be made at the latter city. The train will reach St. Ignace this evening, when a special D. & C. boat will be boarded.

When the train arrives in Hancock there will be attached to it a lone sign bearing the words, "Iron and Copper Country Elks." At St. Ignace this will be attached to the boat.

MINERAL RANGE IMPROVEMENTS.

New Eighty-Pound Steel Rails Arriving for Calumet & Hecla.

The new steel ordered some time ago for the Mineral Range railroad is beginning to arrive and it will be laid as rapidly as possible. The work of putting down the rails will probably be started very shortly. The steel runs eighty pounds to the foot. About thirty miles of the rails have been ordered. The steel will be laid north of Calumet and between Mohawk and the Hecla mills, where it is laid on the Canadian branch south of Calumet. The increased rock traffic of the road is responsible for the improvement.

SHIPMENT OF VALUABLE WOOD.

Six Moa Wood Logs Received from Cuba by the Calumet & Hecla.

A shipment of the strangest kind of wood ever brought into the copper country was received this week by the Calumet & Hecla Mining company. It was made up of six logs of what is known as Moa wood, one of the hardest and heaviest woods in existence. The timber grows in Cuba and Mexico, and this shipment came from the island republic.

It is understood that the company will experiment with Moa wood for gear teeth, as it is not only one of the heaviest but also one of the toughest woods in existence. Moa wood is so heavy that it will almost sink in water, floating barely level with the surface. It is so hard that it is almost impossible to penetrate it with a knife point. It is light in color, almost as light as white oak, and takes a very high polish.

The big company formerly used hickory for gear teeth, but this wood is becoming very scarce and valuable.

Soreness of the muscles, whether induced by violent exercise or injury, is quickly relieved by the free application of Chamberlain's Liniment. This liniment is equally valuable for muscular rheumatism, and always affords quick relief. Sold by The People's Drug Store.

DIVORCEE IS BRIDE OF ANOTHER MAN

Mrs. Marie Ranta Is Freed and Procures a Marriage License at Once.

"Honeymoon, honeymoon. Wonder why you set so soon. Hearts are broken when you die. Honeymoon is no more."

It may be that Mrs. Marie Ranta of Onelia never heard the foregoing lyric poem, but her case recalls the sentiment contained in it. Mrs. Ranta was married some two years ago to Matt Ranta and theirs was a brief honeymoon, lasting just one night. On the morning after the wedding Matt went away and never came back, never sent word to his bride of a single night, apparently disappeared from this earthly scene. Mrs. Ranta sought a divorce at this time, and it was granted Thursday afternoon and immediately afterward, in the time taken to walk downstairs from the courtroom to the county clerk's office, she secured a license to marry Henry Karvonen, also of Onelia.

Other Court Matters. In the chancery court Thursday afternoon were the following:

Decree granted in the case of G. F. Sanborn & Co. vs. Maria Owsley, bill to quiet title. The case was heard by Judge Chas. Lewis.

Hearing in the case of Henry Toplon vs. Albert Sarazan.

Divorce granted Theresa Blight from John Blight, on the ground that he is under sentence in state prison.

A decree was issued yesterday morning in the case of Frank Mayvorn vs. Charles Cruz et al, a bill to correct a description of land.

John Gerald was granted a divorce from Lulu Gerald.

Matt Brazich was granted judgment, in default, against the Croatian Co-Operative Store company, in the sum of \$2,456.25.

CANNOT OUST MOHAWK TEAM.

Games Today Will Not Pull Cricket Leaders Down, Even With Loss.

No matter how the games in the Copper Country Cricket league this afternoon result, the Mohawk club cannot be pulled out of its position at the top of the percentage column. Only two straight losses for the league, especially those in the first division, are more evenly matched than ever before. The bowling this year is better than it ever has been in the past, but this seems to make little difference, either to the Mohawk or the Tamarack battlers, for straight bowlers is not playing any upsets scores against all opponents.

It is generally conceded now that the fight for the championship this year rests between Mohawk, Painesdale, Tamarack and Kearsarge. The last two named teams are tied for third place. The contest is not playing as evenly and consistent game as has played the past couple of years, though while Tamarack is playing better cricket this year than ever, Tamarack has lost two very good games to the heaviest teams of the league and has lost one to the weaker teams. Tamarack gave Mohawk its one defeat, Painesdale has been in second place before and has been at the top of the column, but was unable to maintain its position. The team has lately climbed from about fifth to second place, however. Painesdale has lost but two games.

WOULD SUCCEED MR. GOULD.

Many Applicants Want to be Pastor of Congregational Church.

From far away Massachusetts and New Hampshire, from Ohio, Wisconsin, Illinois and Michigan come applications of ministers for the position recently vacated by Rev. J. Sidney Gould as pastor of the Hancock Congregational church. The post is the most coveted vacant was known all over the country in short order and Congregational ministers seeking changes hesitated not a minute before sending their applications. The official board of the church has taken no action toward filling the pulpit, and no call has been extended to any of the applicants. Rev. Mr. Shepley of Manitowish, Wis., who is spending his vacation in the city and who preached at the church last Sunday, will again conduct the services there tomorrow.

RECORDS OF OTHER DAYS.

Old Archives of Village of Houghton Recall Some Pioneers.

Assessor Oliver Marion, in digging through the archives of the village of Houghton, has unearthed two old record books which are of great interest. One is a minute book of the old Continental Fire company and the other is a combination record book used by various officials in years past. The firemen's record was formerly the minute book of Empire Hose company No. 40 of New York city. It was presented to R. M. Hoar, president of the old Continental company, by Peter P. Pullis, a former secretary of the New York company. It is fair to presume that when Mr. Pullis ceased to be secretary of the New York company he decided it did not need the records and he took them along with him when he came to Houghton. The first meeting of the Continental company recorded in this book is that of Sept. 11, 1851. An interesting minute, as showing the social character of the company, is the following: "There are great advantages for mining in this region, railways close at hand, plenty of water and low wages for labor. Also the sulphur contained (glance or copper pyrites), which is such a nuisance in the West, owing to the damage done to farming, is so abundant in our mines, that the smelters, is of great economic importance in the East, being worth ten cents for each per cent per ton. Some American capital is being interested and new mines opened up. James Macdonald, a graduate of the M. C. M. is in charge of a mine near Sherbrooke, which has developed good values in copper pyrites."

UNEQUALED FOR BAD BLOOD

Normal, healthy blood contains millions of tiny red corpuscles, which are the vitalizing and nourishing element of the circulation. These corpuscles are constantly forming in healthy systems by the extraction of nutriment from food eaten, and this nutriment is then supplied through the circulation to every portion of the body. Any system that does not receive the proper amount of blood nourishment is not prepared to withstand the countless disorders that assail it. Bad blood can not nourish the body, the circulation must be pure, rich and strong if we would enjoy good health. Bad blood manifests itself in various ways. With some it takes the form of skin diseases and eruptions, others become bilious and malarious, with sallow complexion, torpid liver, etc. If the germs and impurities in the blood are of a more virulent nature than bad blood becomes more serious and produces rheumatism, Catarrh, Sores and Ulcers, and like troubles. Nothing equals S. S. S. for bad blood. It is Nature's own blood purifier, made from roots, herbs and barks. It goes into the circulation and removes every impurity or poison, strengthens and enriches the blood, and in this way supplies the body with the proper amount of nutriment to maintain good health. S. S. S. is likewise the finest of all tonics and while purifying the blood builds up every portion of the system. S. S. S. cures every ailment coming from bad blood, and it does so simply because it purifies the circulation and the blood sent free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

of Sept. 11, 1851. An interesting minute, as showing the social character of the company, is the following: "There are great advantages for mining in this region, railways close at hand, plenty of water and low wages for labor. Also the sulphur contained (glance or copper pyrites), which is such a nuisance in the West, owing to the damage done to farming, is so abundant in our mines, that the smelters, is of great economic importance in the East, being worth ten cents for each per cent per ton. Some American capital is being interested and new mines opened up. James Macdonald, a graduate of the M. C. M. is in charge of a mine near Sherbrooke, which has developed good values in copper pyrites."

The eighth annual copper country fair will be held in the Amphitheatre, at Houghton, Sept. 27 to Oct. 1, inclusive. Secretary McNamara is already in the midst of his preparations. The fair is growing to be such a big enterprise that he has to commence work on it earlier every year. From now on he will devote practically all of his time to the preliminary work. A first and second premium in each case, almost \$500 premiums.

COPPER COUNTRY FAIR.

Secretary McNamara Is in the Midst of His Preparations.

The eighth annual copper country fair will be held in the Amphitheatre, at Houghton, Sept. 27 to Oct. 1, inclusive. Secretary McNamara is already in the midst of his preparations. The fair is growing to be such a big enterprise that he has to commence work on it earlier every year. From now on he will devote practically all of his time to the preliminary work. A first and second premium in each case, almost \$500 premiums.

From the premium list is taken the following introductory statement of President W. B. Hoar and Secretary McNamara: "The first Copper Country fair was held seven years ago. At that time many people scoffed at the idea of holding a fair in the copper country, and some even went so far as to accuse us of buying half the exhibits displayed. Nothing discouraged the management, however. They have now given seven successful fairs, and in that time have demonstrated to thousands of people that we have as fine a farming country, as any section of the northwest. We have carried on this line of education so successfully that hundreds of these same people, who laughed at us in the beginning have bought farms, have better homes, and are making more money than ever before. Farm property has doubled in value, and farming is considered one of the foremost industries in the copper country. With our country road system, it will only be a short time until we have good roads in every section of the farming country."

MELTING POT BOILS.

Applications for Citizenship Continue—November Term List.

With the list for September naturalization closed, there seems to be no let-up in the demand for citizenship and already the list for November contains sixteen names. The September list as 210 names and the new list completes a total of 226 aliens who are awaiting citizenship in this county. County Clerk Richardson and Martin listed the names of thirteen applicants for the November term. These applicants are: Zepherin Bernier, August Leneault, Joseph Sylvestre, Henry Seward, Edward Gougeon, John St. John, Alphonse Provencher, Hans Rud, Israel Albert, Evangelist Penmon and Martin Thorey, all of Baltic; Peter Erickson, Laurium, and Abrami Boti, Calumet.

OPERATES AN ASBESTOS MINE.

Clyde Shoemaker, Now of Quebec, Is Visiting Relatives at Houghton.

Clyde Shoemaker, formerly instructor in the engineering department of the Michigan College of Mines, and family are visiting at the home of his father-in-law, W. H. Kenney, at East Houghton. Mr. Shoemaker is superintendent of the asbestos mine of the H. W. Johns-Manville company of Milwaukee, which mine is located at Asbestos, Quebec, between Montreal and the city of Quebec. He states that this mine is second in production in the United States and Canada and when running to full capacity employs 700 men.

The country rock around Asbestos is serpentine, with many fissures running from a small fraction of an inch to four or five inches. These fissures are filled with asbestos. The mines are open pits which are worked with very high pressure in the winter owing to the heavy snow of that latitude. As the demand for the mineral is large, the mines must be worked in winter and the snow has to be hoisted. So Mr. Shoemaker has devised an underground mining system for asbestos and has a great difficulty in teaching the workmen of the region how to mine, as well as a difficulty in inducing them to go underground. The asbestos rock is milled dry, being beaten into threads by paddle wheels. The fibres are cleaned by a washing process and the long fibres, asbestos brims, very high prices. The H. W. Johns-Manville company uses the output of the mine in manufacturing its products.

Mr. Shoemaker says the province of Quebec is very quiet and peaceful and of at all alive to the value of its mineral deposits. Based on a very limited observation, Mr. Shoemaker is confident that some fine low grade lead, copper, gold and silver will ultimately be developed there. A few mines are worked

Corn Growing Contests.

The corn contests are the newest features. There are four special classes in these, as follows:

School Children's Contest—Over fifty hundred entries have been made in this contest. Prizes will be given as follows: Best six ears of corn grown from seed furnished by association: First gold medal; second, silver medal; Cash prizes, first, \$1; second, \$2; third, \$3. This prize is given for the best six ears of corn grown in each county. Entries are for seed children only, and will be governed by the rules and regulations sent out with seed at time of entering the contest.

Special Prizes offered by Leo M. Geislar, superintendent of experiment station, Chatham—For the best white corn crop, this for children entered in corn contest: First, \$5; second, \$3; third, \$2.

Special Prizes offered by S. O. Clinton, commissioner of schools for Baraga county (open to children of Baraga county only)—The best corn crop, essay, \$3; for the second, \$2, and for the next five, \$1 each.

Special Prizes offered by John W. Black, Houghton—Best six ears of corn

grown by any person in Houghton county. First, \$5; second, \$3; third, \$2. Farm Contest—Best grouped exhibit of all products from a single farm, not including live stock: First prize, \$15; second prize, \$10; third prize \$3.

Upper Peninsula

Thieves Loot Their Trunks—A bold robbery took place in a boarding house at Stambaugh when Alfred Anderson and brother lost about \$200. The men slept in the same room. At the usual hour they went to bed and on account of the heat left the door to their room open. Their trunks which contained the money were also open. On getting up in the morning the men discovered that the cash was missing. No arrests have yet been made, as the thief or thieves left no clue by which they could be traced.

Missing Man Turns Up—

John Perrault, who had been missing from his home at the Soo for the past month, thereby causing relatives and friends much concern, has returned. He said that when he left home he took an anchor line steamer and went to Detroit. On his return to the Soo he topped off in a Canadian town, where he worked for fifteen days. He had no idea that his absence would cause any alarm or worry, and so neglected to let his friends know where he was. "I just took a little summer trip for my health, the same as any other tourist night do," he explained.

Fire Imperils Babe's Life—

The year-old child of Frank Rousseau of Escanaba narrowly escaped death in a horrible manner at the home of the family a few days since. The child was left sitting in a go-cart near a table on which was placed a large kerosene lamp when Mrs. Rousseau went to the steps to assist a caller to the sidewalk with her able in another go-cart. Suddenly a "boom" was heard from the child's mother and rushing up the stairs he found that the babe had rasped the cloth spread on the table and pulled the burning lamp over on the go-cart. Striking an iron bar, the bowl of the lamp was broken and the clothing of the child and his mother saturated with oil. The child was surrounded by a mass of flames. When an examination was made it was found that in spite of the preliminary work, a first and second premium in each case, almost \$500 premiums.

Met Death Under Train—

While attempting to steal a ride on the Grand Trunk passenger train at Escanaba at 9 o'clock at night Michael Purcell of Chicago, twenty-four years of age, fell beneath the wheels of the train at Wilson and received injuries that resulted in his death a short time later. The man had just been crushed by the train when his arm was cut off and in addition he was injured internally. Immediately after the accident the train was stopped and he was picked up and taken to a hospital where he was attended by a physician and then was placed on a train to go to Detroit, lying before that time he was reached. The unfortunate wanderer was accompanied by two companions who were on the blind baggage with him and both were brought to Escanaba. It is claimed by Purcell's friends that the three men had for a short time been employed on the section by the Northwestern and were on their way back to Chicago when the accident occurred.

Jances Jig in Courtroom—

Asking to be given the maximum sentence for an offense and then dancing a jig after being sentenced was the unusual proceeding indulged in by Edward Kenney in Justice O. V. Linden's court at Escanaba. Kenney was arrested upon complaint of his wife, Margaret Kenney, who charged him with beating and otherwise mistreating her. Kenney did not deny the charge, but frankly acknowledged his guilt. Even after being told that he could be sentenced to a year's imprisonment in the county jail for his offense, Kenney did not flinch and insisted that he wanted the limit, and Justice Linden, however, imposed a sentence of but thirty days in the county jail, whereupon Kenney started to dance a jig in the courtroom. He was stopped by the sheriff and taken to the jail. The case was being taken to the jail by Chief of Police Iverson, his wife being out of the Court restaurant, which he conducted at the east end of Landing street, and complained that her mother, William Loverville, was raising a hob in the place. Chief Iverson consented to the jail with Kenney and then went to the restaurant and arrested Loverville for drunkenness and disorderly conduct. After spending the night in the city jail Loverville was brought before Justice Linden and sentenced to a term of ten days in default of paying a fine of \$5 and costs.

Artery System a Boon—

The Ann Arbor Railroad company, which first came to Menominee in 1896, has been a great boon to that city. Each season its boats have plowed across Lake Michigan and Green Bay from Frankfort, Mich., bringing loaded cars and taking back wares to other cities. The company has improved its service greatly. It started with two boats, Nos. 1 and 2, and has since built two others, Nos. 3 and 4. The trip was formerly made twice a week and now the company sends a boat each day. The outgoing steamer crosses straight to Frankfort and immediately the cars are made up into a train, which arrives in Detroit the next day, leaving Menominee. From Detroit they are taken to the east. In 1896, the shipping was done on a 120 per cent basis. The Ann Arbor company has caused this rate to drop 20 per cent so that now all shipping is being done on a 100 per cent basis. The dock on the river is to be enlarged to accommodate larger boats and new tracks are to be laid. A new artery is to take the place of No. 1, which was destroyed by fire at Manitowish last summer. The new boat is being built by the Toledo Ship Building company and will be ready for use Dec. 1. It will be constructed entirely of steel and will cost \$400,000. The dimensions of the boat are: Length of keel 330 feet, length over all 378 feet, moulded breadth fifty-six feet, depth twenty-one feet. The boat will have a capacity of thirty-two cars, which is ten more than the other ferries carry.

SHOES IN PORTO RICO.

There are about 90,000 children at

The Man Who Wears a Long Face

Is usually the one who has no bank account. He is continually worrying about his financial affairs and is too much wrapped up in himself to think of anyone else. DO YOU WEAR A LONG FACE? If so, start a bank account and your friends will tell you that you are enjoying better health every day.

ARE ABOUT TO REMOVE

WILL LEAVE A CORNER HELD FOR 38 YEARS.

Wright, Kay & Co., Michigan's Oldest Jewelry House, Have an Extraordinary Discount Sale Now Going On—An Opportunity Seldom Offered.

The well-known jewelry firm of Wright, Kay & Co., Detroit, have occupied the stores at 140 to 144 Woodward avenue, corner of the Campus Martius, that city, for nearly forty years. The house is the oldest in its line in Michigan, and its success has been won by the only sure and safe policy—good values and satisfaction guaranteed at whatever effort may be required. They are the leading firm in Michigan as jewelers, silversmiths and importers of gems and art wares. The removal of such a firm from their well-known corner is an event of interest to thousands of customers throughout the State.

And this change of a landmark is to be further signified by the extraordinary removal sale now going on at Wright, Kay & Co.'s. The firm's entire stock (except a few goods which carry purchase restrictions) is being offered at from 15 per cent to 50 per cent discount. The full and complete lines of cut glassware, china, bronzes, watches, clocks, jewelry, diamonds, silverware and silver novelties, fancy and staple goods are all included. When it is borne in mind that these articles have been selected from the very best markets in Europe and America, by a house with forty years' experience in supplying the wants of Michigan customers, the opportunity to purchase at such considerable discounts should not be allowed to pass. The advice of experienced salesmen in making selections is another valuable asset.

Our readers who will visit Detroit during the highly attractive period just commencing will find the store directly across the street from the advantage of a choice from such a large and varied assortment at such notable reductions in price, will pay them well. Visitors will receive a cordial welcome from Wright, Kay & Co. They will find courteous and experienced salesmen ready to offer valuable assistance in selections. In buying any article it is a comfort to know that one is dealing with a house of such high reputation for courtesy, accommodation and fair dealing.

The opportunity is one of a lifetime and we trust will be a full advantage of it in this locality. Of course, an early visit will insure the best choice in any department.

quite happy in the knowledge that the bones of that crocodile were bleaching in the sun outside his house. Poor old G! Only a few weeks afterward the habit of cleaving creepers from his path in the jungle with the butt end of his loaded and cocked rifle proved fatal to him.—Chambers's Journal.

HIGH HEELS AND FIRE ESCAPES.

Women's "skyscraper" heeled shoes have come in for another drubbing, this time an official one in Chicago. Building inspectors have decided, after careful scrutiny of fire escapes, on buildings where large numbers of women are employed, that the French heels are a menace to life and limb in case of panic. "The slim, pointed heels would catch between the iron slats of the steps of most fire escapes," said one inspector. "The stairways and the heels together constitute a terrible danger to the girls working all over Chicago where this style of fire escape is used. The stairways should be made in such a way that heels will not catch or working girls should wear some other kind of shoes."

The World's most successful medicine for bowel complaints is Chamberlain's Colic, Cholera and Diarrhoea Remedy. It has relieved more pain and suffering and saved more lives than any other medicine in use. Invaluable for children and adults. Sold by The People's Drug Store.

Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—irresistibly every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong. Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the primary stages. It makes unnecessary the disagreeable dieting, examinations and local treatment so universally insisted upon by doctors, and so abhorred to every modest woman. We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure will refer to the People's Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent free on receipt of 21 one-cent stamps to cover cost of mailing only; or, in cloth binding for \$1 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

City Brevities

Today's weather: Partly cloudy; stationary temperature. Yesterday's temperature: Seven a. m., 70 degrees; noon, 73; 7 p. m., 65. Maximum, 73 degrees; minimum, 64.

D. H. Ball left for Chicago on business last evening.

Charles H. Watson of Crystal Falls was a business visitor here yesterday.

Mrs. A. B. Arveson of Newberry is visiting with her mother, Mrs. J. Bertrand.

Miss Olive Adams, of Chicago, is visiting Miss Laura D. Blake, East Ridge street.

Frank Fennessy, who is now employed at Sheboygan, Wis., has been spending a few days in the city.

E. J. Rial of Baraga and P. H. O'Brien of Laurium were copper country visitors in Marquette yesterday.

Mrs. L. W. Howe has returned to Coldwater, after spending three weeks with her parents, Mr. and Mrs. A. Mauthe.

J. F. Anderson will act as city recorder during the absence of D. S. Donovan at the Elks' convention in Detroit.

Mrs. Chas. Stewart and daughter, Myrtle, of Clinton, Iowa, are visiting her parents, Mr. and Mrs. H. Jackson.

Martin Delaney will be the chief of the fire department during the absence of T. J. Maney at the Elks' convention.

Miss Mabel Watson gave a small tea yesterday afternoon, at which she announced her engagement to Gordon B. Hengens.

The hostesses at the golf club this afternoon will be Miss Martha Clark and Mrs. H. M. Cunningham. Bridge from 3:30 to 6 and tea will be served.

The monthly meeting of the Visiting Nurse association will be held at the home of the president, Mrs. Austin Farrell, East Arch street, Monday afternoon at 4 o'clock.

There will be a stag dinner at the Golf club house Monday evening at 7 o'clock. Many of the members plan to make the rounds of the links and then to dine at the club house.

A lady in attendance at the recent Assembly dance missed a pair of long white kid gloves, which she believes were taken from the hall by mistake. She would appreciate their return to The Mining Journal office.

Paul Ignate, aged five years, son of Peter Ignate, of Au Train, died of pneumonia at Mary's hospital yesterday. The body was taken to Au Train yesterday afternoon, where funeral and interment will take place.

The managing board of the Guild Hall association will be the guests of A. T. Roberts, at Ives lake farm over Sunday. The program will include a baseball game, a fishing expedition and discussion of various Guild Hall problems.

Long Drought Broken—The five weeks' drought from which Marquette and vicinity has suffered was broken yesterday by thunder showers. While no great amount of rain had fallen up to last evening, it was sufficient to lay the dust and give the lawns a healthy green appearance, which they have not had for weeks. The progress of forest fires has also been checked. To be of any material benefit to the farmers, however, a several hours' steady down-pour is needed.

Two Librarians Here—Mrs. Mary C. Spencer, of Lansing, state librarian, has arrived in the city from Mackinac island, where she has been attending the sessions of the American Library association. Miss Spencer is looking after the interests of the School of Library Methods at the Normal school and will speak on library topics in the Normal chapel Monday morning at the assembly hour.

Frank K. Walter, vice director of the Albany Library school and wife are also in the city. Mr. Walter will give a course of lectures at the Normal on the "Inspected County Roads." F. J. McLean, E. S. Grierson and Thomas Deugler, members of the Houghton county road commission, were in the city yesterday, and in company with members of the Marquette road commission inspected the county quarry and road now under construction near Harvey and in the afternoon went over the road between Marquette and Ishpening. The copper country men expressed themselves as very favorably impressed with the progress made in road building in this county, and as having obtained many practical ideas from their visit here.

Visiting in Marinette—The Marinette Eagle Star contain the following of interest concerning a former Marquette man: "Mr. and Mrs. R. J. Klamert and three sons of Marquette, Mich., are guests at the home of Mr. and Mrs. Joseph Zietz, Water street. Mr. Klamert is a musician of note in Northern Michigan. He organized a juvenile band of eighteen members in Marquette which won an enviable reputation. Mr. Klamert and his three little sons appeared in the Fourth of July parade in this city and with their witty and forms and good music attracted much attention. They may decide to remain in Marinette. The visitors gave a private concert Wednesday evening at the home of Frank J. Lauterman.

MEDBERRY-DE VOIN NUPTIALS.

Marquette Man Wedded to Fond du Lac, Wis., Young Lady Tuesday Last.

The Fond du Lac, Wis., Commonwealth, of Wednesday last, had the following account of the Medberry-De Voin nuptials in that city:

"The first wedding to take place in the new Congregational church as well as one of the most elaborate weddings to take place in this city this season occurred at 6:30 Tuesday evening, when Miss Ruth Medberry, daughter of Mr. and Mrs. Chauncey Joseph Medberry, became the bride of Mansford LeDuc De Voin. The ushers were Ray A. De Voin, Chauncey J. Medberry, Jr., Fredrick A. Little, Dana C. Lamb, Dr. Jonas R. Longley and Ensign Harold M. Dennis, of the United States navy. Dr. J. L. Bish, Dr. C. A. Cheney and G. Ashley Mitchell also assisted at the church.

"While the guests were arriving there was a short musical program. Dr. L. A. Brookes played Sonata Pontificale, by Lemmens, and Roy Bacon sang "Greeting." The bridal party marched down the aisle to the altar to the strains of the bridal choros from Lohengrin, played by Dr. Brookes, who also played Barcarolle in A flat, by Lenare, during the ceremony.

"The bridal procession was led by the ushers. The bridesmaids were the Misses Bernice and Marjorie Medberry and Hazel De Voin. The bride's mother, Mrs. C. J. Medberry, was honored matron and Miss Guinevieve Mills, of Chicago, was honored maid. Louis Henry Rueping was best man. The little flower girls were Virginia Kipp, Marion Dorothy Worthing, Jane Heathcote and Anna Katherine Amory. Little Elizabeth Briezman was flower girl. The party proceeded to a point in front of the platform where the ceremony was performed by Rev. Joseph Hayes Chandler, of Chicago, assisted by Rev. L. H. Keller, of this city, the modified Episcopal services being used. The platform was banked with palms, ferns and marguerites, this being the only decoration in the church with the exception of the white ribbons stretched down the aisles.

"Beautiful and elaborate were the gowns worn by the ladies of the bridal party. The bride's gown was of white satin trimmed with duchess lace. She wore a veil and carried a large bouquet with a shower of valley lilies. The three bridesmaids and the honored maid wore white lingerie gowns and Mrs. Medberry wore pale blue crepe, trimmed with duchess lace. She carried pink sweet peas. Two of the bridesmaids carried large round bouquets, the centers being pink sweet peas and the border white sweet peas and ferns. The other two carried similar bouquets with the center in lavender. They wore coronets of asparagus fern. The little flower girls and the ring bearer were all dressed in white and wore large white bows in their hair. They carried baskets decorated with large white ribbon bows.

"After the ceremony the bridal party passed down the east aisle to the strains of Mendelssohn's wedding march, played by Dr. Brookes. The ushers accompanied the bridal party to the door of the church, then returned and escorted the ladies of the family to the door, after which they returned and took down the ribbons.

"A wedding reception was held at the Medberry home on Forest avenue following the ceremony. The guests were received in the drawing room. Mr. and Mrs. De Voin being stationed near the door and Mr. and Mrs. De Voin receiving on the north side of the room. The other members of the bridal party were stationed near them. The decorations in the reception room were nasturtiums in bowls and the fire place was filled with yellow crape. The drawing room was decorated with marguerites and ferns, the sitting room and library with sweet peas and the dining room in marguerites and greens. Upstairs the rooms were all decorated with sweet peas. The members of the bridal party were seated in the dining room first, the guests later.

"Mr. and Mrs. De Voin left Tuesday evening for Marquette and today started on a trip east. They will go by water to Buffalo and will later visit other eastern cities, returning to Marquette where they will be at home to their friends after Aug. 1. The bride's going away gown was of dark blue foulard with white polka dots and she wore a Panama hat.

"The bride is the eldest daughter of Mr. and Mrs. Chauncey Joseph Medberry and has made her home in Fond du Lac for the past nineteen years, coming here from Oshkosh. She is a young woman whose charm of manner has won her many friends, not only in her home town, but in other cities where she has visited and she has received their best wishes for happiness in her new home. She attended Lucy Cobb Institute at Athens, Ga., and also took work at the University of Chicago. She has been identified with the local chapter of the D. A. R., the Woman's club, the Charity club and the Priscillas.

"Mr. De Voin is the son of Mr. and

Marie, Mich., July 8.—The following boats have passed through the locks, bound for ports on Lake Superior: Windsor, Hawgood, 4:30 p. m.; Thomas Barham, 9; Bessemer, Belle, 9:30; Pontiac, Harmonic, 11; Crescent City, Holly, 1 a. m.; Ellwood, Cornell, 2; Taylor, 3; Robert Holland, Nellie Holland, Fassett, 6:30; Wilson, 7:30; Hoffelinger, 8:30; Empire City, Manda, 9; Ocker, Pos, 9:30; Ballington, 10; Henry Rogers, 10:30; Yates, Cornelia, 11; Starmount, Rockefeller, Matunah, noon; Queen City, 12:30 p. m.; Houghton, Krupp, Duluth, 2; Walcott, Marjia, 3; Townsend, 3:30; Matietos, 5:30; Laughlin, Kaminstiqua, Corona, 6:30.

SUNDAY AT THE CHURCHES.

Baptist church—Dr. Virgil V. Phelps will preach at both the morning and evening services. His morning subject will be "The Bible and Its Interpretation"; in the evening he will speak on "The World of Tomorrow." Sunday school at 12 o'clock; Young People's meeting at 6:45 p. m.

German Lutheran church—Services will be held at 7:30 p. m. W. Roepke, pastor.

Presbyterian church—Morning theme, "In the Spirit of the Lord's Day"; evening subject, "The Kingdom Within." Sunday school at 12 o'clock.

St. Paul's Episcopal church—Holy communion 7:30 a. m.; morning prayer and sermon, 10:30 a. m.; evening prayer and sermon, 7:30 p. m. The Rev. Hiram J. Ellis of Manistique will preach both morning and evening.

Methodist church—Mr. Maywood's morning subject will be, "Buying a Kingdom"; in the evening he will give a story sermon, "A Doctor of the Old School."

First Church of Christ, Scientist—Services will be conducted in the society's hall in the Opera House block at 10:30 o'clock Sunday morning. The subject of the week's lesson is: "Sacrament."

SURE TO MAKE HIS MARK.

The son of the house had been at home for his summer vacation, and Hiram, man of all work, had listened for hours to his tales of college life. When the boy went back, every member of the family tucked a parcel surreptitiously into his trunk.

"I put something in there myself," said Hiram, proudly, to one of the young daughters. "I want that boy to make his mark on the football team this year, sure."

"What did you give him?" asked the young girl, seeing that Hiram lunged to tell.

"I gave him my pair of brass knuckles," said Hiram, in a tone of triumph. "I guess you can't beat that!"—Youth's Companion.

Feed your children on Vandenboom's Special Milk, the most perfect infant food in the market. (6-20-1m)

Capital and Surplus - \$125,000.00
UNITED STATES DEPOSITORY

CONGRESSMAN BROWNLOW IS DEAD IN TENNESSEE.

Johnson City, Tenn., July 8.—Congressman Walter Preston Brownlow died here tonight of Bright's disease. Mr. Brownlow was a familiar figure in the house, where he seldom spoke but worked actively in committee. He had been in congress since 1897. His career ran a wide gamut—from messenger boy, tinner's apprentice, reporter and locomotive engineer to congress.

"LONG" JONES, POLITICIAN, DIES IN MILWAUKEE HOSPITAL.

Milwaukee, July 8.—Former State Senator A. M. Jones, better known to the politicians of Illinois and Wisconsin as "Long" Jones, died tonight in a Milwaukee hospital, after an operation had failed to save his life. He was seventy-three years old and served in the Illinois legislature before coming to Wisconsin, where he also was prominent in politics.

MELVILLE FULLER'S BODY GIVEN SEPULCHRE AT CHICAGO.

Chicago, July 8.—The body of the late chief justice of the supreme court, Melville W. Fuller, lies tonight beside that of his wife in Graceland cemetery. Governor Hughes, of New York, and Justices

MORE LAND IS RESTORED TO THE PUBLIC DOMAIN.

Washington, July 8.—The secretary of the interior has restored to the public domain several tracts of land which had been withdrawn in connection with irrigation projects but which are not now needed by the reclamation service. Some of the restorations are: Williston land district, North Dakota, 21,000 acres, withdrawn for the Williston project, and 18,000 acres in the same district withdrawn for the Buford-Trenton project. About 8,200 acres are eliminated, but only about 1,900 acres are unappropriated. The lands are located in Bonner, Latah and Kootenai counties.

NEW PRIMARY LAW TAKES EFFECT IN NEW HAMPSHIRE.

Concord, N. H., July 8.—The new direct primary law went into practical effect today. The law makes New Hampshire the only state east of Michigan with a primary statute affecting all state offices.

RUSSO-JAPANESE AGREEMENT MAY HIT THE UNITED STATES.

Berlin, July 8.—The liveliest interest

is felt in official circles here regarding the Russo-Japanese agreement. The question is raised whether the agreement is intended to oppose America's intrusion in the Russo-Japanese sphere of influence. If so, the agreement is taken to mean the closing of the "open door."

WALL STREET STOCKS.

New York, July 8.—Paine, Webber & Co. have this to say of today's Wall street market: "Wall street has been rather skeptical regarding the reports emanating from the Northwest relative to prevailing conditions, but the government figures seem to verify the damage to a very great extent, so that hereafter the news will perhaps receive more consideration. Our recent advices have been to the effect that advantage should be taken of the recoveries to lighten accounts, as we felt conditions were such as to produce sharp declines, and we would continue to adhere to the above policy."

Closing prices were as follows:

Am. Bonds	116	N. Y. C.	112 1/2
Am. Smelter	129 1/2	Peon	129 1/2
Atchafalpa	114 1/2	Reading	114 1/2
B. & O.	107	Rock I.	111 1/2
C. & O.	107	Steel	107 1/2
C. & N.	107	St. Paul	118 1/2
Chic. & N.	114 1/2	So. Ry.	118 1/2
Edis.	124 1/2	U. S. Pacific	112 1/2
Gen. Exp.	124 1/2	Union Pac.	118 1/2
Mo. Pac.	118 1/2		

Boston "Coppers."

The closing prices were:

Adv.	35	B. B.	87 1/2
Am.	35	Shan.	95 1/2
Am. S.	35	Sup.	109 1/2
Am. T.	35	Wm.	109 1/2
B. & O.	107	Wm.	109 1/2
C. & O.	107	Wm.	109 1/2
C. & N.	107	Wm.	109 1/2
Chic. & N.	114 1/2	Wm.	109 1/2
Edis.	124 1/2	Wm.	109 1/2
Gen. Exp.	124 1/2	Wm.	109 1/2
Mo. Pac.	118 1/2	Wm.	109 1/2

Copper Range and Lake were stronger, but the buying was weak and the whole market lacked snap. The copper report was better than expected, but was used by the traders to sell stocks, principally Amalgamated. The bears attacked the railroad list on the government report, but did not bring out any real liquidation and the list closed at slight gains for the day. For the time being we think we have seen the low prices and advise buying on all reactions. The short interest is larger than for many months and can be easily forced to cover. Keep long of the standard stocks for a five-point rally."

Chicago Wheat.

[Paine, Webber & Co.] Chicago, July 7.—The Washington government crop report is sensationally bullish on spring wheat, its condition being given as low as 61.6, compared with 92.7 a year ago. The total spring crop is figured at about 213,000,000 bushels. The winter wheat harvest condition is given as 81.5 and the crop figures 414,000,000 bushels. This is a total harvest of winter and spring wheat indicated of a little more than 625,000,000 bushels, and is extremely bullish. In some respects it was a waiting market during the greater part of the session. The advices from the Northwest were a repetition of previous days. Only a few of the leaders were expressing themselves even more radical on the reduction in the spring crop. The forecast does not indicate any relief from the present dry weather.

BALLINGER SPEAKS KINDLY OF THE FORMER PRESIDENT.

Chicago, July 8.—Secretary Ballinger, referring here today to the report that Theodore Roosevelt intends to support Congressman Poindexter for the senate, said: "I don't know the attitude of Mr. Roosevelt, but any action he takes will be one that he is convinced is good for the country." At a luncheon given by the Hamilton club to Secretary Ballinger, a telegram from Mr. Roosevelt was read, saying he would make a speech to the club Sept. 8. The announcement was made after Mr. Ballinger had praised the administration policy and it was greeted with cheers.

SAILOR RICE PROVES AN ALIBI AND IS FREED BY THE POLICE.

Detroit, July 8.—Benjamin Rice, the sailor arrested last night, charged with being implicated in the assault in Buffalo upon Edward Fraser, whose car was cut off and sent to President County by the Pittsburg Steamship company, was released today. He proved an alibi.

SCHOOL SAVINGS BANKS.

The system of school saving banks started twenty-five years ago by J.H. Thirby of Long Island City, N. Y., has prospered amazingly. In 1,168 schools in 118 cities of this country over \$5,000,000 has been deposited. The New York city school children have saved fully \$1,500,000. The system has spread to twenty-three states and also to Porto Rico, Hawaii and the Philippines. It has also been adopted in other lands, having been cordially welcomed in Canada. In nine years \$270,000 has been deposited in the school of Toronto alone. In France there are banks in 11,000 schools, with more than \$1,500,000 deposited. Algeria has

also taken up the plan. In south and west Australia it has been made a part of the postal savings system. More than 10,000,000 children have participated in this good work.—New York Sun.

POSTAL LAW IS UNIQUE SYSTEM

Complete Departure from Every Other Form of Banking Ever Adopted in America.

SENATE LEAVES BEHIND JEALOUSY OF THE HOUSE.

Measure Passed Without a Single Amendment After Coming from Lower Branch.

Washington, July 8.—Within the next sixty days many postmasters in Michigan will be receiving blanks and other data in connection with the establishment of the new postal savings bank system. Not only is the law which congress adopted during the closing days of the last session a unique departure from every other American system of banking but the postal depository bill has the prestige of being the one and only measure which the house of representatives ever passed, in the way of general legislation which the United States senate did not change in the least particular. Not the crossing of a "t" or the dotting of an "i" was changed in the bill as it came across the corridor from the house. Senator Hale, the veteran senator from Maine and a pioneer parliamentarian, said that in all of his forty-five years in congress he never knew of legislation of nation-wide import passing the senate after the house had acted upon it without some amendment. Even the resolution declaring war with Spain was amended, and the staid and dignified senate, always jealous of its rights and prerogatives, invariably amends bills if for no other reason than to preserve its traditions and maintain its supremacy as the greatest deliberative body in the world. But in the case of the postal savings bill the word went up to Capitol hill from the White House that the president wanted the house bill, and would not stand for any delay. Set a Precedent. In this case President Taft established a precedent which even put one over on Mr. Roosevelt who, when he left the White House, had gained the reputation of having swung the "big stick" over congress more than any other chief executive since the days of Andrew Jackson. The senate passed a postal banks bill about the middle of the session but it was not the kind of a bill President Taft wanted. The president and members of his cabinet, as well as the leaders in congress all realized that the new banking system would be something in the nature of an experiment at the outset. So did the opponents of the postal bank system. There are several senators, both Democratic and Republican who did not want to pass any bill at all, but seeing that they would be compelled to act upon this long discussed question, they decided to pass a bill if possible that would be a failure. And that was the kind of a bill that was sent to the senate. It did not place the great responsibilities of laying out and carrying forward the establishment of the postal depositories, in the hands of a board as did the house bill which is now a law. Moreover there was not safeguarding of the funds such as the house bill provides for, and which goes about as close to a guaranty to bank deposits as it was possible to make it. Will Prove Successful. The original senate bill undertook to exact hard and fast regulations as to the disposition of the people's money placed on deposit with the postmasters. The law as passed leaves this for the natural commercial laws of supply and demand of money to determine and adjust. There will be no danger that the people's funds will be taken from the community where the deposits are made. Representative Tawney, chairman of the house appropriations committee, pointed out in the Republican caucus which carefully considered the postal banks bill in three separate meetings, that the provisions which allows the funds to be used to take up U. S. bonds was as safe and sound as a gold dollar in the world. If a farmer or a farmer's wife or one of the girls or boys of the family has a credit in their little book against Uncle Sam of fifty dollars, and that fifty dollars is sent to some place to take the place of a government bond for fifty, the money is just as well invested, and better than it would be in any first-class real estate mortgage. It is expected that thousands of ac-

ON INLAND SEAS YOUR VACATION TRIP

ALL the important ports on the Great Lakes reached regularly by the excellent service of the D. & C. Lake Lines. The big large steamers of the line are of modern steel construction, propelled by powerful engines, and have all the qualities of speed, safety and comfort. The United Wireless Telegraph Service used aboard.

The D. & C. Lake Lines operate daily service between Detroit and Buffalo, Detroit and Cleveland, four trips per week between Toledo, Detroit, Mackinac Island and way ports, and two trips per week between Detroit, Bay City, Saginaw and way ports. About June 25, a special steamer will leave Cleveland twice a week direct for Mackinac, stopping only at Detroit every trip and Goderich, Ont., every other trip. Send two-cent stamp for illustrated pamphlet and Great Lakes map.

THE FIRST NATIONAL BANK

NEGAUNEE, MICHIGAN

STATEMENT OF CONDITION JUNE 30, 1910.

Table with 2 columns: RESOURCES and LIABILITIES. Resources include Loans and Discounts (\$831,492.68), Stocks, Bonds, Etc. (142,800.00), Banking House and Fixtures (43,000.00), Exchange (\$178,679.22), Cash (76,923.26). Liabilities include Capital Stock (\$100,000.00), Surplus Fund (70,000.00), Undivided Profits (6,076.45), Circulation (97,800.00), Deposits (999,018.71).

The Negaunee State Bank

F. A. BELL, Pres. THOS. PELLOW, Vice Pres THOS. PASCOE, Cashier.

Commercial and Savings Accounts Solicited.

3 per cent interest on savings accounts, interest payable June 1st and Dec. 1st.

Ask for our rates on Money Orders, payable either in the United States or any foreign country.

Safety Deposit Boxes for Rent at \$3.00 Per Year.

FORWARDERS

We now represent the largest forwarders in the United States. Rates the same. Send along your claims for adjustment. The outside attorneys that we employ are BONDED with THE UNITED STATES FIDELITY AND GUARANTY COMPANY of BALTIMORE. Capital \$6,000,000.

The Northwestern Collection Agency

409 Savings Bank Building, Marquette, Michigan.

Republic

REPUBLIC CELEBRATED.

Excellent Program Enjoyed by Large Crowd on Monday Last.

The celebration held here the Fourth was one of the best that has ever taken place in Republic. The parade in the morning was one of the principal features. The line of march was from the Town Hall, through the principal streets, and back to the starting place. In line were the fire department, all the civic societies and numerous floats of the business houses. Following the parade there were speeches, and a distribution of candy to all of the children from the stand on the Pascoe House vacant lot.

One of the most interesting features of the day was the water carnival in the evening held on the river below the St. Paul bridge. The boats were all prettily decorated. After the carnival a fine display of fireworks was given.

The day closed with a dance in the Town Hall. Following is a list of the prize winners in the calisthumpian and athletic events: Calisthumpians—Best dressed couple, William Goggin Co., first; best comic group, Matt Koski Co., second; best single dress, R. Rundquist; best comic costume, Claude Gamble, first; John Peebles Co., second.

Men's boat race—William Gjeirs, first; George Johnson, second; W. A. Siebenhan, third.

Boys boat race—Arthur Westman, first; William Perry, second; Felix Ringette, third.

Greased pole—George Uberg, first; William Gjeirs, second; Wilfred Ringette, third; Claude Gamble, fourth.

Baseball—White Tigers, first; High School, second; score 15 to 12.

Flag Race—Frank Munson's team.

Better Health. A Pleasing Sense of Health and Strength Renewed and Ease and Comfort follows the use of Syrup of Figs and Elixir of Senna, as it acts gently on the kidneys, liver and bowels, cleansing the system effectually, when constipated, or bilious, and dispels colds and headaches.

Negaunee Department

FIRE PROTECTION POOR AT MINES

Cleveland-Cliffs Iron Company Asks Council for Improved Water Service.

S. R. Elliott, superintendent of the Cleveland-Cliffs Iron company's Negaunee properties, asked the council Thursday evening to provide better water service at the North Jackson, South Jackson and Lucy properties, which, Mr. Elliott said, are now practically without fire protection.

"Upon the instruction of Mr. M. M. Duncan, agent of the Cleveland-Cliffs Iron company, I beg to call your attention to the fact that the company's properties at the North Jackson, South Jackson and Lucy have practically no fire protection.

"You are doubtless aware of the fact that all of the above mines and locations are supplied by one four-inch main. In addition this four-inch main supplies the 'Patch,' Breitung Hematite, Rolling Mill and Mary Charlotte. At the No. 5 pit of the North Jackson, there are only certain times during the day when water is available.

"On June 19th, at about 3:30 a. m., the dry at the North Jackson caught on fire. The fire department could get no water from the hydrant, and the building was destroyed.

"Recently most serious trouble has been experienced at the Lucy mine. It has been impossible to keep the tank full, and at times we have been forced to shut down the compressor, as there was not sufficient water to run this machine and also the boilers.

"The crusher, located at the South Jackson, the pressure is so small that there is practically no protection from fire. At this point the company has very expensive machinery and structures.

"The report of A. F. Willman, superintendent of the board of public works, for June showed that the pumps registered 10,000 strokes more in June than during that month last year, showing that much more water was used because of the drought than in June, 1909.

"The Oliver Iron Mining company will pay its employees at the Regent mines a week from today, the 16th.

"Mrs. D. D. Smith will be home today from Green Bay, where she spent the past month visiting relatives.

"The Misses Louise Cyr, Mary Dougherty and Catherine and Edna Crane, left Thursday evening on a boat trip to Buffalo and other cities.

"Mrs. J. C. Rule of Painesdale, is in the city visiting her mother, Mrs. Ann Cornish. Mr. Rule spent the Fourth here, but returned home Wednesday.

"James Remington and wife, who spent the past two or three weeks in the city visiting Richard Harris and family, have returned to their home on the Mesaba range.

"John Bowden, who was former of the electric lighting plant under H. T. Pearce at Ironwood, recently gave up his position there and has returned to Negaunee. He will join Mr. Pearce again at the latter's new location in the West.

"A fire started Thursday afternoon in one of the sheds at the rear of the Kirkwood block but was quickly extinguished by the department. Oliver Latcombe, the janitor of the building, was burning paper. The wind blew the fire under the shed and the blaze started almost instantly.

"FOLEY KIDNEY PILLS HAVE CURED ME." The above is a quotation from a letter written by H. M. Winkler, Evans, Ind. "I contracted a severe case of kidney trouble. My back gave out and pained me. I seemed to have lost all strength and motion; was bothered with dizzy spells, my head would swim and specks float before my eyes. I took Foley Kidney Pills regularly and am now perfectly well and feel like a new man. Foley Kidney Pills have cured me." Sold by all Druggists.

"IS LIFE WORTH SAVING?" Mrs. Mollie McNamee, Prentiss, Miss., writes that she had a severe case of kidney and bladder trouble, and that four bottles of Foley's Kidney Remedy cured her sound and well. She closes her letter by saying: "I heartily recommend Foley's Kidney Remedy to any sufferer of kidney disease. It saved my life."

BETTER THAN SPANKING. Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. Notre Dame, Ind., will send free to any mother her successful home treatment, full instructions. Send no money, but write her today if your children trouble you in this way. Blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine diseases by day or night. Double rows of tubes could be set out.

A FEW SHORT WEEKS. Mr. J. S. Bartell, Edwardsville, Ill., writes: "A few months ago my kidneys became congested. I had severe head aches and pain across the kidneys and hips. Foley Kidney Pills promptly cured my backache and corrected the action of my kidneys. This was brought about after my using them for only a few short weeks and I can cheerfully recommend them." Sold by all Druggists.

LIGHTING RATES CHANGED.

Reduction of One Cent Per Kilowatt Has Been Made Effective.

The committee on electric lights and board of public works recommended to the council Thursday evening that a new schedule of rates be made effective for the ensuing year. The committee found that the old rates were not equitable, as the users of electricity in homes were paying a higher rate, proportionately than those in the business houses. Under the former schedule saloons, using fifty kilowatts or over, were given a rate of eight cents per kilowatt. Saloons using less than fifty kilowatts were charged ten cents per kilowatt. Other business houses using twenty-five kilowatts or over had a rate of nine cents per kilowatt. All consumers using 150 kilowatts or over paid eight cents, and the residences paid a flat rate of ten cents per kilowatt.

Under the new schedule the rate for all consumers will be ten cents per kilowatt for the first twenty-five kilowatts used and nine cents for the second twenty-five kilowatts. All electricity consumed in excess of fifty kilowatts will be charged at the rate of eight cents.

The receipts of the electric lighting plant in May were \$1,919.50, compared with \$1,581.15 in the corresponding month last year. Thirty-five incandescent lamps were added in June, bringing the total on the circuits to 8,591.

Special Assessment Roll. The assessor was instructed by the council to make a special assessment roll for the Merry street sewer and present it at the next regular meeting. The extension of the sewer from Tobin to Cyr street and from the sand pit to Cyr street will be started soon, the petition of the residents of Bluff street having been favorably acted upon. The board of public works estimates the total cost of the improvement at \$465.73. Of this sum, \$235.73 is for labor and \$139.98 for material. The total length of the sewer will be 784 feet.

HAS FINE PRACTICE.

Dr. Austin O'Leary, formerly of Negaunee, who has been practicing in the West and Southwest since he was graduated from the Michigan university, is now located at Buena Vista, Colo., having recently bought out the oldest practicing physician and surgeon there. Dr. O'Leary has taken practically all of his predecessor's practice and is doing well. He is city and county physician and was also recently appointed physician and surgeon for the Rio Grande and another railroad operating in that vicinity. Dr. O'Leary was married two years ago, and he is now the father of a daughter, born a short time ago.

LOCAL LACONICS.

Will Piggott is here from St. Paul on a visit to relatives.

One of Koko & Lofberg's delivery horses dropped dead on Park street yesterday.

Will Teehan, who is studying for the priesthood in Connecticut, is home on a visit to relatives.

Miss Jenny McNeil is home from Salt Lake, Utah, on a visit to her parents, Mr. and Mrs. James McNeil.

Adolph Saladine, who returned from Butte, Mont., two years ago, left for there again Friday night.

Mrs. Alma Fleetwood and two sons are here from Chicago, visiting Henry Kronberg and family.

The Oliver Iron Mining company will pay its employees at the Regent mines a week from today, the 16th.

Mrs. D. D. Smith will be home today from Green Bay, where she spent the past month visiting relatives.

The Misses Louise Cyr, Mary Dougherty and Catherine and Edna Crane, left Thursday evening on a boat trip to Buffalo and other cities.

Mrs. J. C. Rule of Painesdale, is in the city visiting her mother, Mrs. Ann Cornish. Mr. Rule spent the Fourth here, but returned home Wednesday.

James Remington and wife, who spent the past two or three weeks in the city visiting Richard Harris and family, have returned to their home on the Mesaba range.

John Bowden, who was former of the electric lighting plant under H. T. Pearce at Ironwood, recently gave up his position there and has returned to Negaunee. He will join Mr. Pearce again at the latter's new location in the West.

A fire started Thursday afternoon in one of the sheds at the rear of the Kirkwood block but was quickly extinguished by the department. Oliver Latcombe, the janitor of the building, was burning paper. The wind blew the fire under the shed and the blaze started almost instantly.

FOLEY KIDNEY PILLS HAVE CURED ME." The above is a quotation from a letter written by H. M. Winkler, Evans, Ind. "I contracted a severe case of kidney trouble. My back gave out and pained me. THINKS NEW YORK EXPENSIVE.

"I find New York a dreadfully expensive place," said an American woman who has for several years made her home in London, and who arrived from Europe about a week ago. "After living in London, stopping at a hotel here seems extravagant to me. I am charged \$6 a day for an ordinary room and bath. In London I paid £1 a day, which is less than \$5 for a bedroom, sitting room and bath. This, mind you, at one of the most fashionable hotels in the English capital. Here at a hotel which is big, but which has no pretensions to being fashionable, I am charged \$6 a day for an ordinary room and bath.

"When I landed from the steamship my trouble began. I have five trunks. To get them and myself to my hotel cost me \$8-\$5 for a carriage, \$3 for expressage and \$1 for tips. In London the same would cost me three shillings and four pence—83 cents.

"In the first place the cab would have cost only a shilling and sixpence at the outside, and the trunks, put on top of it, would have cost only two pence (four cents) each. For tips I should have had to give a porter sixpence and the driver of the cab sixpence, and everybody would have been satisfied.

"Last night an exceedingly modest dinner cost me \$4.80. I had only raw oysters, half a chicken, a vegetable and a small lot of wine. At my hotel in London the same meal, better served, would have cost not over \$2.50 at the outside. This morning two eggs and a pot of coffee for breakfast, served in my room, cost me \$1.

"Then there is one thing that annoys me dreadfully. When a visitor calls, I happen to be in the restaurant the page as soon as he enters the dining room begins calling at the top of his voice, 'Mrs. Blank!' 'Mrs. Blank!'

"I heard an English woman and her husband complaining at dinner last night—they are at my hotel—that they were being charged \$14 a day for their rooms. No wonder there are so few foreigners coming to New York."

According to a clerk in one of the hotels that cost many millions to build, the way a lot of English people who come over here solve the question is to stop at a high priced hotel and get along without a bathroom.

"It is very seldom," he said, "that an Englishman who comes here asks for a room with a bath. When they learn the prices they hasten to assure us that they can get along without a bathroom, and they put up here rather than go to a hotel where they could get a room with bath for much less than they can get a single room here."—New York Sun.

"Just Say" HORLICK'S

It Means Original and Genuine Malted Milk

The Food-drink for All Ages.

More healthful than Tea or Coffee. Agreeable with the weakest digestion. Delicious, invigorating and nutritious. Rich milk, malted grain, powder form.

A quick lunch prepared in a minute. Take no substitute. Ask for HORLICK'S. Others are imitations.

MICHIGAN COLLEGE OF MINES

TEN MONTHS FOR WAGNER

Soo Man Convicted of Aiding and Abetting Alien Chinese to Enter the United States Sentenced to Detroit House of Correction by Judge Denison.

No Defense Offered in Worden Case, and Arguments of Attorneys Were in Progress When Court Adjourned Out of Respect to Chief Justice Fuller.

Richard Wagner of Sault Ste. Marie, who was convicted by a United States court jury a week ago of having aided and abetted four Chinamen to emigrate from Canada to this country in violation of the Chinese exclusion act, was sentenced by Judge Denison at 10:30 yesterday forenoon to spend ten months in the Detroit house of correction. Subtracting good time, his term of actual imprisonment will be eight months and ten days.

The maximum penalty for the crime of which Wagner was convicted is imprisonment for one year and a fine of \$1,000. Wagner's sentence carried with it no fine. Since his conviction Wagner has been confined in the county jail and abetted four Chinamen to emigrate from Canada to this country in violation of the Chinese exclusion act, was sentenced by Judge Denison at 10:30 yesterday forenoon to spend ten months in the Detroit house of correction. Subtracting good time, his term of actual imprisonment will be eight months and ten days.

Defendants' Motion Overruled.

After hearing the arguments of the attorneys yesterday morning Judge Denison overruled the motion of the defendants in the case of the United States vs. Worden, Duell and Person, charged with conspiracy, the point of which was that the case be taken from the jury on the ground that no case had been made by the government. No testimony was submitted by the defendants, it evidently being their intent to convince the jury that no conspiracy had been proven.

District Attorney Covell made his opening argument to the jury in the early afternoon. He admitted that there was no positive evidence that there was a conspiracy on the part of the defendants to file on timber and stone claims with the intent and purpose of turning them over to the Worden Lumber & Shingle company, but outlined circumstantial evidence tending to show such a conspiracy, which he considered sufficient to warrant a conviction. Numerous checks and books of the company were introduced in evidence, from which it appears that at the time various employees of the lumber company filed and made final proofs on timber and stone claims near Dick, Chippewa county, checks of approximately the same amounts as were paid the government were paid these employees by the lumber company. This chain of circumstances, declared Mr. Covell, was evidence that the entries had been made with the understanding that the claims were to be turned over to the lumber company as soon as proved up.

M. M. Larnmonth's Argument.

M. M. Larnmonth, attorney for F. E. Duell, one of the defendants, followed Mr. Covell and he had not finished his argument when court adjourned for the day. Mr. Larnmonth said that it seemed strange to him, accepting the government's theory of the case, that some twenty-two entrymen had committed the crime of perjury for the benefit of the lumber company without receiving any consideration for so doing, as Mr. Covell's statement was that these entrymen had been paid approximately the same amount as the entrymen paid the government. He denied that any evidence of a conspiracy had been introduced and declared that after filing on the claims they had a right to negotiate for their sale. He said timber and stone claims were usually taken out with the idea of selling the timber and that the Worden Lumber company would be the natural firm to which they would look to sell the timber. Without presuming to know of a conspiracy, he said the natural explanation of the similarity of payments mentioned by Mr. Covell was that the entrymen drew on the company for what money they needed to take up their claims, either taking money that was coming to them for labor or borrowing it for that purpose.

Court adjourned at 3 o'clock out of respect to the late Chief Justice Fuller, whose funeral was held in Chicago at that hour. The arguments of the attorneys will be resumed at 9:30 this morning.

NAME AND QUALITY.

The Bradbury piano, one of the oldest of the few standards of the country, has been before the American public for almost three-quarters of a century. Its name and reputation are household words; its great reputation is known by every man, woman and child throughout the United States.

The Bradbury's name and fame are also known throughout the musical world, and its high standing qualities are undisputed. The owner of a Bradbury piano is proud of its name and reputation; is proud to have it in his house.

We are the oldest piano house in the upper peninsula. The people know us and we know the people. We have been doing business at the same old stand for twenty-five years; we are not strangers to you; we are not here for a short stay, then to depart for a new field after selling you a piano. We are here to stay; to do business—and business we are doing.

AMOS SALADIN, Harlow Block, Marquette, Mich. 7-8-24

CRYSTAL FALLS TODAY.

Baseball Games Here This Afternoon and Sunday Afternoon.

Crystal Falls vs. Marquette will be the baseball attraction at the fair grounds this afternoon and again Sunday afternoon. The game today will start promptly at 3:30 and Sunday afternoon promptly at 2:30. The management announces that both these games will start on scheduled time. The visiting team is to have the grounds for practice at 3 o'clock today and at 2 o'clock Sunday, and the home team at 3:15 and 2:15, respectively. In case the teams are not ready to practice at the appointed time, they will lose the opportunity. The usual special train will be run over the South Shore Sunday afternoon.

Two new men will appear in the Marquette line-up. Longpre, touted as one of the fastest players in the copper country, arrived last evening and will play at first base, taking the place of Magman, who left for his home at Boyne City early this week. An outfielder from the Soo will take the place of Partlow, who has also returned to Boyne City. Frost is slated to pitch today and Scholts Sunday. The Crystal Falls team has been greatly strengthened since their last appearance here and is now considered as strong as any in the league. There will be no league games in Marquette the following week.

Normal Notes

Hon. Henry R. Pattengill of Lansing was a visitor at the Normal Tuesday morning, and gave one of his inimitable talks.

Miss Linton is greatly pleased with the chorus work during the summer. There are one hundred twenty-five or thirty in regular attendance.

Superintendent Jeffers, of Painesdale, who is a member of the summer school faculty, gave an excellent talk on Nathan Hale at chapel Thursday morning.

Hon. Delos Fall of Albion, ex-superintendent of public instruction, and Hon. William J. Galbraith of Calumet, were visitors at the Normal yesterday.

On Monday morning at the chapel hour, Mrs. Spencer and Mr. Walter will each give a talk to the students and friends of the Normal. All are cordially invited.

Professor Howarth of the University of Chicago will give a series of lectures during the coming week. Announcement will be made later of the subjects and the hours of the lectures. The public is cordially invited to attend.

Mrs. Mary C. Spencer, state librarian, is at present in the city, having attended the meeting of the American Library association held at Mackinac. She will spend several days in the city, and will give some library talks while here.

About twenty-five or thirty of the Silva collection of pictures are exhibited in the faculty room at the Normal at present, and will probably be kept until the close of the summer term. All who are interested are cordially invited to come and see them.

Frank K. Walter, vice director of the Albion Library school, has arrived in the city. He will give a series of lectures on library subjects during the coming week. Those who had the pleasure of hearing Mr. Walter last summer, will appreciate the opportunity of hearing him again.

Superintendent Orr Schurtz, of Negaunee, gave two very interesting lectures on practical pedagogical subjects this week, the first at the chapel hour Tuesday morning and the second Wednesday afternoon. He discussed a number of things which are of vital interest, especially to teachers, and his talks were thoroughly enjoyed.

Announcement was made last Saturday that the children of the eighth grade would repeat the play Miles Standish given some time during the spring quarter. However, owing to the absence of some of the pupils who took leading parts, it has been decided not to give the same. Mrs. Kelsey is planning to give the Hiawatha program Monday evening, Aug. 1. This will be presented in the assembly room at the Normal.

The following excellent French-Canadian program was given by four of the students in Mrs. Rushmore's department Thursday afternoon:

- Toural solo, "La Marseillaise"..... Miss Marie Lioret.
- Reading, "The Stove Pipe Hole"..... Miss Lorraine Barnaby.
- Song, "Savez vous?"..... Misses Elsie Constance, Marie Lioret, Pauline McColl, Lorraine Barnaby.
- Reading, "The Old House and the New"..... Miss Barnaby.
- Song, "Bonhomme"..... Misses McColl, Lioret, Constance, Barnaby.
- Reading, "Rappele-toi"..... Miss Lioret.
- Song, "Derriere chez mon Pere"..... Misses Lioret, Constance and Barnaby.
- Reading, "De Leole Canadianne"..... Miss Barnaby.
- Duet, "Belle Rosine"..... Misses Lioret and Barnaby.
- Reading, "Pelang"..... Miss Barnaby.
- Song and dance..... Misses Constance, Lioret, McColl and Barnaby.

Miss Kate Stewart played the accompaniments. The young ladies were dressed as French-Canadian girls, with the short skirt, red corsage and shawl, white apron and cap. The program was excellent and the young ladies are deserving of much praise.

INFORMATION WANTED.

Of Edward Doyle.

Information is wanted of the whereabouts of Edward Doyle who left Westford, Ireland, in year of 1881 and went to Evanston, Ills. Afterwards lived at Marquette, Mich.; Marinette, Wis., and other upper peninsula towns. Any information will be gladly received.

MRS. M. BLAIR, (7-8-1w) 4739 Justine St., Chicago.

ART NEEDLEWORK DISPLAY.

Mrs. Doyle-Anderson is at the Marquette Millinery with a beautiful display of finished work and embroidery materials. The ladies are cordially invited to call. 7-6-1f

Drink Vandebloom's pure sweet milk—it's always cool and refreshing. Delivered packed in ice. 6-30-1w

ELKS ARE OFF AT NOON TODAY

Marquette Members About to Start for the Detroit Convention—C. & H. Concert.

Some thirty or forty members of the Marquette lodge of Elks will leave this noon for Detroit to attend the national convention of the order, as is expected that a number of others will leave for Detroit Monday or Tuesday. Detroit people have made preparations to receive and entertain their guests royally and sumptuously and the Marquette Elks expect to have the time of their lives.

The trip will be made on a special train, which leaves the copper country this morning and will arrive in Marquette at 11:55 today. The train will stop here thirty minutes, leaving at 12:25 p. m. While here, the famous Calumet & Hecla band will give a short concert. This party is due to arrive at St. Ignace at 5 o'clock this evening, and from there the trip will be made on one of the D. & C. steamers, which will arrive in Detroit Sunday evening.

The miners' uniforms ordered some time ago arrived this week and last evening they were distributed at the Elks' club rooms. These uniforms will give the upper peninsula lodges a distinctive and natty appearance and may be expected to make a hit in the parade. The lodges, especially designed for the upper peninsula Elks, were not finished in time to be sent to the different lodges and must be obtained at the offices of the Whitehead & Hoag company, Hammond building, Detroit.

Up to last evening, the following persons had signed their intention to go to Detroit today: E. H. Bush, J. E. Neidhart, J. J. Donovan, T. J. Mauey, D. S. Donovan, Wm. O'Meara, Henry Bitters, J. E. Tobin, Jr., Rod Campbell, Chas. J. Hartman, E. B. Williams, James O'Neil, E. W. Weiser, P. L. Hopkins, E. R. Tuzick, C. A. Windoff, A. S. Heinemann, John Siegel, Henry Hallam, Arthur Baundry, E. A. Grondin, E. P. Kling, C. J. Carlson, C. H. Bensen, Arthur Miller, E. W. Humphrey, James Conroy, John Schilling, J. H. Gattiss, T. P. Carey, E. W. Weiss.

CUE WIZARD TONIGHT.

J. L. Malone Will Give Exhibition at Siegel's Billiard Hall.

J. L. Malone, former champion pool player of the world and present holder of the balk line billiard championship of Mexico, will give an exhibition at Siegel's billiard hall this evening. His exhibitions in nearby cities have been followed with interest and amazement by devotees of the cue. At Escanaba this week, Malone played rings around two of the best players of the Sandy City, the Mirror describing his exhibition as follows:

"Al Wickert and Abe Baum, who are considered among the best players in the world, met Malone in a 75-point game of continuous pool. Many in the audience thought the handicap was too great, but in the manner in which Malone cleared the table on a two-cushion bank shot set at rest all doubts as to who would win.

"The shot noted was made with the cue ball resting against the upper rail after a safety play by Wickert, with no object ball out from the pyramid. The five ball was direct for No. 3 pocket on a combination bank of the pyramid. Malone had to make a two-cushion bank to hit the first ball, which shot was well executed and a run of fifteen balls was credited to Malone. The score at the end of the game stood; Malone, 75; Wickert and Baum, 51."

FINAL PERFORMANCE TONIGHT.

Delightful Flower Festival Will Close This Evening—Special Prices.

Owing to unfavorable weather, the Flower Festival was postponed last evening and the final performance will be given at 8:30 tonight, instead of a matinee as advertised. Matinee prices, however, will prevail, admission for tonight being twenty-five cents for adults and fifteen cents for children. This change has been made as it has been thought unwise to have the children dance in the afternoon.

This will be the last opportunity for the public to see an entertainment which has been pronounced by all who have seen it to be one of the most unusual and delightful amateur performances ever given in Marquette. With three nights' practice before large audience, the dances have now acquired a precision of movement impossible to expect earlier in the week, and a finished performance may be expected this evening.

Interest in the voting contest has grown steadily. The black-eyed susans head the list with a total of 823 votes, and the chrysanthemums are second with 765. The tiny snow drops are in third place with 969 and the Johnny jump ups are fourth with 689. Other blossoms, too, are gathering in a creditable number of votes and some surprises may be expected when the votes are counted at the close of the contest, after tonight's performance.

HOW'S THIS?

We offer one hundred dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm. Wabbling, Kinman & Marvin, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

The regular Saturday night hop will be held at Fraternity Hall tonight. Music by the Peerless orchestra. (6-17-24)
