MARQUETTE, MICH., FRIDAY, JULY 15, 1910.

PRICE FIVE CENTS.

POLICE BEGIN WORLD-WIDE HUNT FOR MAN

Scotland Yard Sets All of Its Intricate Machinery in Motion in an Endeavor to Effect the Capture of Dr. Hawley H. Crippen, an American Dentist.

Wanted for the Brutal Murder of His Wife, a Well-known Music Hall Singer, He is Believed to Have Fled the Country With His Woman Stenographer.

London, July 14.—All the intricate machinery of Scotland Yard has been set in motion to effect the capture of Dr. Hawley H. Crippen, a dentist, the battered body of whose wife, a noted music hall singer, known under the stage name of Belle Elmore, has been found buried deep in the clay in the cellar of her home at Hildrop Crescent, North London.

Crippen has been missing since Saturday, last, when apparently he could no longer offer an explanation for the death of his wife, which was alleged to have occurred months ago in California. Then it was that the police, in making an examination of the empty house, came upon the body, mutilated and burned beyond recognition by quicklime which had been thrown upon it. The thick clay by which it was partly surrounded to some extent had retarded the action of the quicklime and so frustrated the murderer's intention of destroying the body utterly. It is reported that the body had been partly dissected before burial, and that nearly all the bones are missing.

Requests have been sent out broadcast that all incoming steamers shall be watched. The belief is strong that Crippen sailed Saturday for New York, but there have also been rumors that he has been seen in London not longer than this morning. The police state that he is accompanied by Clara Lenore, a French woman, who had served as his stenographer and who he had recently introduced as his wife. This woman, the police state, is believed to be dressed in male attire.

Last February, when the wife disappeared, Belle Elmore was believed to have left a letter supposed to be from her, saying that she had gone to the United States to settle an estate. They became suspicious and began an investigation. Then an advertisement appeared in a London paper, saying that the woman had died in Los Angeles. This was found to be untrue. Then Crippen said that he and his wife had quarreled, and that she had disappeared. Crippen was born at Coldwater, Mich.

Dead Wife a Brooklyn Girl.

New York, July 14.—Belle Elmore was a Brooklyn girl. The first news of her death was received here by Mrs. R. H. Mills, a step-sister, in a letter dated April 7, and signed by Crippen. The police regard the date as important, because it was nearly two months later that the woman's death notice was published in London. The letter says:

"I hardly know how to write you of my dreadful loss. My poor Cora is gone, and to make the shock more dreadful I did not even see her at the last. A few weeks ago I had news that all relatives of mine in California were dying, and to secure important property for ourselves it was necessary for one of us to go and put the matter in a lawyer's hands."

"As I was busy, Cora proposed that she go. She proposed to go straight to California, and then return via Brooklyn, when she would be able to pay out of you a long visit. Unfortunately, on the way out poor Cora caught a severe cold. It settled on her lungs, later to develop into pneumonia. The next I heard was by cable that she was dangerously ill, and after I had called to know if I should go to her I had the dreadful news that she had passed away. Imagine the dreadful shock."

"She is being taken back to me, and I shall soon have what is left of her. I will sell out everything in a few days. Probably I will find some business to take me traveling for a few months, until I recover from the shock a little. When I have a settled address again I will write again."

Married at Philadelphia.

Belle Elmore was born in Kunitzville, Makonarski and was of noble Polish descent. When the daughter was two years of age her widowed mother married M. F. Marsinger, and the little girl became known as Cora Marsinger. She was about thirty-eight years. Crippen met and married the woman in Philadelphia about fourteen years ago. She was then with Professor Munyon in the manufacture of proprietary medicine. He was known to have been very jealous of his wife. The police are watching all incoming steamers. A dispatch tonight from Los Angeles, where the father and brother of Crippen live, quoted the father as saying that the family received a letter some months ago from the doctor, in which the doctor said that his wife had died in San Francisco on her way to settle an estate in Los Angeles. They know of no estate such as Crippen described in his letter.

SHELBY YOUNG OF CHICAGO KILLS WIFE AND HERSELF.

Geneva, O., July 14.—After firing four bullets with fatal effect into the body of his twenty-three-year-old wife, Shelby Young, thirty-seven years old, a Chicago elevated conductor, committed suicide at the scene of his crime at Unionville this afternoon. Mrs. Young

AMERICAN IS ILL-TREATED IN NICARAGUA

Seized as a Prisoner of War by the Government Forces, Wm. Pittman, Engineer, of Boston, Is Found by U. S. Consul Olivares in Desperate Straits.

Washington, July 14.—Confined in a filthy cell, six by five feet, unfed save by charitable strangers, William Pittman, the American captured by the Madriz government forces near Bluefields, was found in the over-crowded local prison at Managua, Nicaragua, by Consul Olivares yesterday. The consul telegraphed the state department today that through protests he had forced President Madriz to furnish the adventurous American better accommodations.

HE IS CONFINED IN A FILTHY CELL IN AN OVERCROWDED JAIL AND IS UNFED SAVE BY CHARITABLE STRANGERS—ONLY RELUCTANTLY IS HIS RELIEF PERMITTED.

Pittman told Consul Olivares that he left Greytown July 4, and that since then his captors had failed to provide him with food, leaving him altogether dependent upon charity. President Madriz finally agreed to transfer Pittman to a larger and cleaner cell and to allow the consul to supply him with a couch and food.

The consul reported that no definite action regarding Pittman has been determined by the de facto authorities. He also called that the anti-American feeling in the western part of Nicaragua, the region under the control of Madriz, is daily growing more bitter. The British and German consuls at Matagalpa have appealed to their consuls for protection.

Clearance Refused a Norwegian Steamer.

Mobile, Ala., July 14.—The customs officials here have refused clearance papers to the Norwegian steamer Ustein, which was en route from Bluefield, Nicaragua. It is alleged that she has cartridges aboard.

RAILROAD MEN AND BANDITS MEET IN BLOODY BATTLE.

Cleveland, O., July 14.—One man is dying, two are wounded and there is a possibility of other casualties as a result of a revolver battle tonight between three bandits and forty members of a construction gang on the Lake Shore railroad north of Olmsted, Cleveland. The men fought for twelve minutes to face leveled revolvers, were handing over their pay envelopes to the robbers, when their companions on the outside opened fire. In a moment the shooting was general. Three railroad men fell, one shot fatally. Then the robbers fled. A posse is in pursuit.

SAFETY DEVICE COMMISSION VISITS THE MESABA RANGE.

Duluth, July 14.—The safety device commission of the United States steel corporation, consisting of twelve high officials of the company, returned today from a trip over the Mesaba iron range. Copious notes were made relative to the installation of the latest safety devices for the protection of the employees.

New York, July 14.—A commission sent by the National Association of Manufacturers called today to study the prevention of accidents and the operation of industrial indemnity insurance in Great Britain and on the continent.

STRIKE BECAUSE FINANCER HAS HIS OWN SERVANTS.

Juneau, Alaska, July 14.—The waiters and cabin boys on the Yukon river steamer White Horse, which carried Jacob Schiff, the New York banker, and his party from White Horse to Dawson and return, refused to go on the boat when they learned that the financier had brought with him his own cooks and attendants. Mr. Schiff sent his employes back to Skagway, and the strike was ended at once.

LIVES ARE LOST IN COSTLY FIRE AT PORTLAND, OREGON.

Portland, Ore., July 14.—An early morning fire in the west central portion of the city resulted in the loss of at least two lives, the injury of several persons, the burning of 150 horses and a financial loss of \$300,000.

SERIOUS TRAIN WRECK ON CANADIAN NORTHERN ROAD.

Quebec, July 14.—One person was killed and many were injured in a Canadian Northern train wreck near here today. Six cars containing 300 English immigrants were shattered and then took fire.

STOCK EXCHANGE SEAT SELLS AT REDUCED PRICE.

New York, July 14.—A seat on the New York Stock Exchange sold today for \$65,000, which \$11,000 less than the price paid for the last seat sold on the exchange.

COURT GRANTS A WIFE A SIX MONTHS' SEPARATION.

Poughkeepsie, N. Y., July 14.—In the supreme court today, Justice Morehouse granted Mrs. Elizabeth Burger a six

FORCES MANY SALOONS OUT OF BUSINESS

Uncle Sam Extends Prohibition to the Indian Lands in Minnesota—This Is in Accordance With Old-Time Treaties and Affects an Extensive Region.

Washington, July 14.—Prohibition is to be extended by the national government to the so-called Indian lands in Minnesota. The bureau on Indian affairs has decided that all lands within and adjacent to the White Earth and Leech Lake reservations shall be embraced in the prohibited territory.

ROOSEVELT ARRANGES TWO SPEAKING TOURS

He Will Visit the West Late in the Summer and the South Early in the Fall.

Oyster Bay, N. Y., July 14.—Theodore Roosevelt gave out today the itineraries of the two speaking tours he is soon to make. One will be into the West late in the summer, and the other through the South early in the fall.

The itinerary of the Western trip is as follows: Aug. 25, leave New York; 27th, arrive at Cheyenne; 29th, Denver; 31st, Osawatimie, Kas.; Sept. 2nd, Omaha; 3rd, Sioux Falls, S. D.; 6th, Fargo, N. D.; 8th, St. Paul; 9th, Milwaukee; 10th, Peoria, Ill.; 11th, Chicago; 12th, St. Louis; 13th, Kansas City; 14th, Denver; 15th, Cheyenne; 16th, Salt Lake; 17th, Reno; 18th, San Francisco; 19th, Los Angeles; 20th, San Diego; 21st, San Jose; 22nd, San Francisco; 23rd, Los Angeles; 24th, San Diego; 25th, San Jose; 26th, San Francisco; 27th, Los Angeles; 28th, San Diego; 29th, San Jose; 30th, San Francisco; 31st, Los Angeles; 1st, San Diego; 2nd, San Jose; 3rd, San Francisco; 4th, Los Angeles; 5th, San Diego; 6th, San Jose; 7th, San Francisco; 8th, Los Angeles; 9th, San Diego; 10th, San Jose; 11th, San Francisco; 12th, Los Angeles; 13th, San Diego; 14th, San Jose; 15th, San Francisco; 16th, Los Angeles; 17th, San Diego; 18th, San Jose; 19th, San Francisco; 20th, Los Angeles; 21st, San Diego; 22nd, San Jose; 23rd, San Francisco; 24th, Los Angeles; 25th, San Diego; 26th, San Jose; 27th, San Francisco; 28th, Los Angeles; 29th, San Diego; 30th, San Jose; 31st, San Francisco; 1st, Los Angeles; 2nd, San Diego; 3rd, San Jose; 4th, San Francisco; 5th, Los Angeles; 6th, San Diego; 7th, San Jose; 8th, San Francisco; 9th, Los Angeles; 10th, San Diego; 11th, San Jose; 12th, San Francisco; 13th, Los Angeles; 14th, San Diego; 15th, San Jose; 16th, San Francisco; 17th, Los Angeles; 18th, San Diego; 19th, San Jose; 20th, San Francisco; 21st, Los Angeles; 22nd, San Diego; 23rd, San Jose; 24th, San Francisco; 25th, Los Angeles; 26th, San Diego; 27th, San Jose; 28th, San Francisco; 29th, Los Angeles; 30th, San Diego; 31st, San Jose; 1st, San Francisco; 2nd, Los Angeles; 3rd, San Diego; 4th, San Jose; 5th, San Francisco; 6th, Los Angeles; 7th, San Diego; 8th, San Jose; 9th, San Francisco; 10th, Los Angeles; 11th, San Diego; 12th, San Jose; 13th, San Francisco; 14th, Los Angeles; 15th, San Diego; 16th, San Jose; 17th, San Francisco; 18th, Los Angeles; 19th, San Diego; 20th, San Jose; 21st, San Francisco; 22nd, Los Angeles; 23rd, San Diego; 24th, San Jose; 25th, San Francisco; 26th, Los Angeles; 27th, San Diego; 28th, San Jose; 29th, San Francisco; 30th, Los Angeles; 31st, San Diego; 1st, San Jose; 2nd, San Francisco; 3rd, Los Angeles; 4th, San Diego; 5th, San Jose; 6th, San Francisco; 7th, Los Angeles; 8th, San Diego; 9th, San Jose; 10th, San Francisco; 11th, Los Angeles; 12th, San Diego; 13th, San Jose; 14th, San Francisco; 15th, Los Angeles; 16th, San Diego; 17th, San Jose; 18th, San Francisco; 19th, Los Angeles; 20th, San Diego; 21st, San Jose; 22nd, San Francisco; 23rd, Los Angeles; 24th, San Diego; 25th, San Jose; 26th, San Francisco; 27th, Los Angeles; 28th, San Diego; 29th, San Jose; 30th, San Francisco; 31st, Los Angeles; 1st, San Diego; 2nd, San Jose; 3rd, San Francisco; 4th, Los Angeles; 5th, San Diego; 6th, San Jose; 7th, San Francisco; 8th, Los Angeles; 9th, San Diego; 10th, San Jose; 11th, San Francisco; 12th, Los Angeles; 13th, San Diego; 14th, San Jose; 15th, San Francisco; 16th, Los Angeles; 17th, San Diego; 18th, San Jose; 19th, San Francisco; 20th, Los Angeles; 21st, San Diego; 22nd, San Jose; 23rd, San Francisco; 24th, Los Angeles; 25th, San Diego; 26th, San Jose; 27th, San Francisco; 28th, Los Angeles; 29th, San Diego; 30th, San Jose; 31st, San Francisco; 1st, Los Angeles; 2nd, San Diego; 3rd, San Jose; 4th, San Francisco; 5th, Los Angeles; 6th, San Diego; 7th, San Jose; 8th, San Francisco; 9th, Los Angeles; 10th, San Diego; 11th, San Jose; 12th, San Francisco; 13th, Los Angeles; 14th, San Diego; 15th, San Jose; 16th, San Francisco; 17th, Los Angeles; 18th, San Diego; 19th, San Jose; 20th, San Francisco; 21st, Los Angeles; 22nd, San Diego; 23rd, San Jose; 24th, San Francisco; 25th, Los Angeles; 26th, San Diego; 27th, San Jose; 28th, San Francisco; 29th, Los Angeles; 30th, San Diego; 31st, San Jose; 1st, San Francisco; 2nd, Los Angeles; 3rd, San Diego; 4th, San Jose; 5th, San Francisco; 6th, Los Angeles; 7th, San Diego; 8th, San Jose; 9th, San Francisco; 10th, Los Angeles; 11th, San Diego; 12th, San Jose; 13th, San Francisco; 14th, Los Angeles; 15th, San Diego; 16th, San Jose; 17th, San Francisco; 18th, Los Angeles; 19th, San Diego; 20th, San Jose; 21st, San Francisco; 22nd, Los Angeles; 23rd, San Diego; 24th, San Jose; 25th, San Francisco; 26th, Los Angeles; 27th, San Diego; 28th, San Jose; 29th, San Francisco; 30th, Los Angeles; 31st, San Diego; 1st, San Jose; 2nd, San Francisco; 3rd, Los Angeles; 4th, San Diego; 5th, San Jose; 6th, San Francisco; 7th, Los Angeles; 8th, San Diego; 9th, San Jose; 10th, San Francisco; 11th, Los Angeles; 12th, San Diego; 13th, San Jose; 14th, San Francisco; 15th, Los Angeles; 16th, San Diego; 17th, San Jose; 18th, San Francisco; 19th, Los Angeles; 20th, San Diego; 21st, San Jose; 22nd, San Francisco; 23rd, Los Angeles; 24th, San Diego; 25th, San Jose; 26th, San Francisco; 27th, Los Angeles; 28th, San Diego; 29th, San Jose; 30th, San Francisco; 31st, Los Angeles; 1st, San Diego; 2nd, San Jose; 3rd, San Francisco; DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interest.

SUBSCRIPTION RATES: Per year, by mail, \$3.00; Per month, by carrier, \$0.30.

MARQUETTE, MICH., JULY 15.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Speak up, Senator Burrows. Say it.

Great little town Escanaba. Something going on there every day in the week.

Colonel Roosevelt isn't playing either end of the party exclusively. He's only taking 'em as they come.

James J. Hill says that everything will be alright if the lawmakers will only "let us alone." But that's just what the peaky lawmakers show no disposition to do.

Aeroplane horrors are as frequent now as automobile disasters. The latter no longer cause special comment, and the former promise soon to be in the same class.

In the Illinois legislature there were 108 members who voted for Lorimer. Strange, isn't it? That's just the number of legislators the voters seem determined to keep at home this year.

You can read the Wisconsin platform through to the end without finding any reference to Mr. Bryan. The Wisconsin Dems have evidently had enough of the leading of the Peerless Leader.

Mr. Osborn had an escort of eleven automobiles filled with prominent Republican leaders during his trip through Manistee county. The upper peninsula candidate is evidently some favorite in Manistee.

It's a close thing between president and the colonel which one is putting in the hardest work and the longest hours. This trying to be a private citizen is certainly the toughest job the colonel was ever up against. Dealing with a mulish congress isn't to be compared with it.

A Detroit prohibitionist leader says that Osborn is sure to be nominated, and that's why the prohibitionists are coming to the upper peninsula for their candidate. That statement displays more knowledge of practical politics than we are accustomed to find in prohibitionists.

Mr. Loeb says that he is not a rich man. He doesn't see just how he can afford to be elected governor, even if he could be. The office pays \$10,000 and costs somewhere in the neighborhood of \$25,000. Politics are no royal road to riches, if a man plays the game straight.

Mr. Osborn and Dick Fletcher, at least, understand one another. Mr. Osborn has given the ubiquitous Dick information that if the upper peninsula elects the next governor there will be a new state labor commissioner, one who won't carry politics as a side line. Furthermore, he has given Dick fair warning that he isn't going to be able to deliver Bay county to Lieutenant Governor Kelley. Mr. Osborn and Dick have left nothing to guesswork.

Senator LaFollette, through his campaign manager, Charles H. Crownheart, has made definite announcement of his attitude in regard to the senatorial primary. "In his campaign for re-election," Mr. Crownheart says, "Senator LaFollette will appeal to the people on his record, and he will accept the judgment of the people at the primary as final. If he is not endorsed, he will expect the legislature to ratify the choice of the voters. Senator LaFollette will abide by the letter and spirit of the primary law." Will Senator Burrows of Michigan now please make some similar announcement for the information, and satisfaction, of the Wolverine voters?

Colonel Roosevelt has made clear his position in regard to the New York campaign for governor. He is interested only to the extent of seeing put in nomination a Republican who will command popular confidence and thus be assured of popular support. He says: "My position in regard to the governorship this fall is this: I want to find the best man for the office; the man who is most acceptable to the rank and file of the Republican party and the independent voters. I intend to do everything in my power to see that such a man is elected." Anybody got any fault to find with that?

Saginaw, in the Southern Michigan League, is having baseball troubles comparable only to those of Detroit. The Saginaw team are the champs. They headed the bunch last year, and were traveling sixty miles an hour at the close of the season. Now they are in the cellar position in the percentage column, and can tell a hard luck story that

Emblagaard Dairy Pure Dairy Products from Holstein Cows. GEO. GILLETTE, Distributor.

would melt the heart of a stone. This week the Saginaw magnates shuffled the deck and dealt out a new manager and a bunch of new talent, and they have now paused for observations, to see whether these war measures will avail to get Saginaw out of the last hole. Great is baseball.

The prize fighting game has received a straight arm jolt from Colonel Roosevelt. His utterances regarding it aptly express the view of the average man. The manner in which abuses have been allowed to flourish in it has lost for the game much of the support it at one time commanded, and now there is a general hope that the prediction, frequently made, that the Johnson-Jeffries fight will be the last championship heavyweight engagement ever seen in this country will be made good. Even in the antipodes the game has fallen into disrepute. Robert Nall, associate editor of the Sydney, N. S. W., Daily Telegraph, expresses the opinion that big fights will henceforth be under the ban in Australia. "We feel as though the fighting game had become a thing of the past," he said. "The government, which controls everything, does not approve of four ounce glove contests, or fighting in the clinches. The government gave the promoters to understand that fights might be held with six ounce gloves, providing that infighting was prohibited. The promoters hesitated and I think they lost right there all the chance of ever holding a big fight in Australia again."

Much of the oratory at the Wisconsin Democratic convention in Milwaukee this week was devoted to the purpose of persuading the LaFollette Democrats to stay on the reservation this year. A full ticket was endorsed by the convention, to be voted on and formally nominated in the primaries in September. A. J. Schmitz, of Milwaukee, was endorsed for governor and Burt Williams, of Ashland, for United States senator. The platform was singularly free from the "isms" that have been so generally in favor with Democratic state conventions the past few years. It reads more like Democratic platforms read before the advent of Mr. Bryan as the man who was to shape -- to wrong ends -- the destinies of the party for so many years. The Wisconsin Democratic leaders are going to give much of their effort to solidifying party sentiment, urging their voters to support their own candidates both in the primaries and in the election. For many years past in Wisconsin this has been a secondary matter with thousands of Democrats, who have devoted much of their time and thought to helping the Republicans adjust their family quarrels. Senator LaFollette has commanded potent support from these Halfbreed Democrats. The senator's enemies are hailing with unceasing pleasure the efforts of the Democratic leaders to persuade them to leave the Republican factions to their own devices. They figure that if the Democrats will only stay on their own side of the fence their chance of "getting" LaFollette will be greatly improved.

The recount in Representative John Dalzell's Pennsylvania district was brought to a close this week with a small net gain in Dalzell's majority, and his title to the Republican nomination to succeed himself is now left clear beyond any question of doubt. Dalzell started into the recount with a majority of 204. He gained three votes. Mistakes were found in the counting of the ballots in the boxes from sixty-three precincts, but in no single instance was there a change of over five votes. The assertion of Dr. R. J. Black, of McKeesport, Dalzell's opponent, that the recount would reveal gross irregularities has not been made good. His allegations must have been based on half-information, or misinformation. If there were any irregularities in the primary they must have occurred in allowing persons not entitled to vote to have the ballot, not in counting the ballots after the polls were closed. The recount in Dalzell's district had the same outcome that most recounts have. Very rarely are the first announced results of any election changed by a review of the vote. Ballot box stuffing and juggling of returns are by no means as common as they are frequently credited with being. The greater part of election rascality consists of conscienceless election officials allowing unqualified persons to vote. Even crooked election officials are hesitant about taking liberties with the ballot boxes. In doing that they have to leave a plain trail behind them, and they know that the courts deal harshly with all offenders who are proved to have tampered with the election machinery.

GREATEST TRIP OF THE GREAT LAKES. The Large D. & C. Line Steamers Cross Lake Erie Daily. The journey between Detroit and Buffalo on the luxurious D. & C. Line steamers, is the most delightful fresh-water trip in America. The cabins of these boats are furnished elegantly, the state-rooms are comfortable and the service is the best. Then remember, the fare is three dollars less than the all-rail rate. Send two-cent stamp for folder and Great Lakes map.

D. & C. Navigation Co., Detroit, Mich. When the stomach fails to perform its functions, the bowels become deranged, the liver and the kidneys congested causing numerous diseases. The stomach and liver must be restored to a healthy condition and Chamberlain's Stomach and Liver Tablets can be depended upon to do it. Easy to take and most effective. Sold by The People's Drug Store.

Ishpeming

OLD SETTLERS' PICNIC. Pioneer Citizens of Ishpeming Held Meeting Wednesday Evening.

At the meeting of the old settlers of Ishpeming, held Wednesday evening, it was decided to hold the second annual picnic some time in August, probably on Thursday, the 18th. The action of last year's organization in selecting officers to take charge of this year's festivities was ratified, and at a meeting to be held on Thursday evening of next week, in the Scandinavian society's hall, committees will be appointed to complete arrangements for the outing. The officers of the organization are F. J. Eggan, president; James Luicks, vice president; John Small, secretary, and Timothy Hughes, treasurer.

As all male residents, regardless of where they were born, will be eligible to participate in this year's picnic, it is expected that the list of members will reach nearly 300. All who located in Ishpeming prior to 1875 will be eligible. There were in the neighborhood of 175 names of foreign-born citizens on last year's list, but it is thought that there are over 150 men in the city who were born in this country, and who located here during or prior to the early seventies. The dues this year will be \$1 for each member and the officers were instructed to request the payment of this amount as soon as possible. The picnic will be conducted along lines similar to that of last year. At the meeting next Thursday evening the question of who shall be invited to deliver the principal address will be decided upon. It is proposed to engage for the day and to have a big parade in the morning about 9:30 o'clock. Owners of automobiles in the city will be asked to loan their machines for old people who may not feel able to walk in the procession. All widows of old settlers will be specially invited.

"THE SQUAW MAN" TONIGHT. Stock Organization Made Hit Last Evening in "Strongheart."

H. E. Pierce & Co.'s Associate Players, who opened a three-nights engagement last evening at the Ishpeming theatre, scored a hit in "Strongheart." The production is a pretentious one for a stock organization, but the Pierce players presented it in a most satisfactory manner. With entertainments of this character offered at such low prices as are charged the company should be greeted by full houses in all theatres of this section.

Tonight's offering will be "The Squaw Man," Edwin Milton Royle's great American play of western life.

BALL PLAYERS' AVERAGES. The batting averages of the members of the Ishpeming baseball team are as follows:

Table with 4 columns: Name, AB, H, PO. Includes Larson (.51), Laxstrom (.60), Sincoc (.15), Secore (.57), Dixon (.40), Klebs (.63), Kaiser (.9), Burke (.63), St. John (.34), Nicholas (.15), Whitman (.52), Goulette (.19).

One-half price is all we ask for short lengths of tissues, muslins, lawns, etc. 7-14-2d JOS. SELLWOOD & CO.

ISHPEMING IN BRIEF. Mrs. Albert Pearce is here from Butte, Mont., on a visit to relatives.

F. M. Johnston and family are here from Appleton, Wis., on a visit to relatives.

James Tucker and his son Glen were down from the American mine yesterday.

Samuel McKechee of Michiganame transacted business in the city yesterday.

Miss Ruth Goodman has returned from Ironwood, where she spent the past six weeks visiting relatives.

The foundation of the Graverock building, corner Cleveland avenue and Second street, is being repaired.

Mrs. Richard Hawes and two children are here from Calumet on a visit to

James Olds and family of Excelsior street. Mrs. Siebenthal and her daughter, of Bloomington, Ind., are visiting their son and brother, Tate Siebenthal, and wife, at Diorite.

Miss Myers of Grand Rapids, Mich., has been engaged by J. Silverman to take charge of the altering department at his Fashion Suit store.

Mrs. Leo Wilson and son are here from Green Bay on a visit to her parents, Mr. and Mrs. Patrick Hennessey, of Lake street.

A Republican caucus will be held next Monday evening in the Fourth ward for the nomination of a candidate for alderman, to succeed the late Oscar Forsberg.

Rev. and Mrs. C. G. Zeigler left yesterday on a lake trip on the Cleveland-Chills Iron company's steamer Ishpeming. They were accompanied by Rev. R. T. T. Hicks and wife of Negaunee.

Theodore Lavigne, who has been in Seattle, Wash., for the past two years, arrived in the city yesterday morning on a visit to his parents, Mr. and Mrs. Urgel Lavigne of Pine street.

Mrs. Ed. Hassenger, who came down from Houghton early in the week, left yesterday morning for St. Ann's De Beaupre, Can. She was accompanied by her sister, Mrs. A. J. Lyons, and son, of Duluth, who have been in the city visiting Mrs. Richard Maher.

Miss Jennie Holmes, who taught school at Escanaba the past few years, is spending her vacation with her parents in this city. Miss Holmes has resigned her position at Escanaba and will teach next year at Aberdeen, Wash.

Mrs. Ferdinand LaBeche left yesterday morning for St. Anne De Beaupre, Can. Before returning she will visit relatives in Quebec, Montreal and St. Jerome, her birthplace. She will also stop off at St. Ignace to visit her son, Joseph, and family.

Baseball teams composed of the employees of the Marquette County Gas & Electric company and business men will try conclusions next Tuesday afternoon at 3 o'clock at the Union park grounds. Charles Coveau is organizing the business men's team.

The Detroit News of Tuesday contained a picture of W. J. Curtis of this city, who is one of the smallest Elks in the United States. Mr. Curtis is attending the reunion in Detroit this week.

John Hooper and his family, who spent the past two weeks in the city, left last night for their home at Eveleth, Minn. They were accompanied by Rev. Johnson, who was also in the city for ten days or so.

Rev. T. A. Lillehei, pastor of the Norwegian Lutheran church, arrived home yesterday, after a month's stay in Minneapolis. The usual services will be conducted at the church next Sunday. In the morning the children's annual service will be held. Rev. Lillehei's subject will be "My Father's Business." His subject in the evening will be "The Present Blessings."

Have you ever cooked with gas? If not, you should put in a gas stove at once. (6-14-1f)

The World's most successful medicine for bowel complaints is Chamberlain's Colic, Cholera and Diarrhoea Remedy. It has relieved more pain and suffering, and saved more lives than any other medicine in use. Invaluable for children and adults. Sold by The People's Drug Store.

Copper Country

HURONTOWN WANTS FIREMEN'S MEET

Houghton Suburb a Bidder for Next Year's Tournament of the U. P. Association.

There is to be another copper country slogan at the upper peninsula firemen's tournament at the Soo next month.

The Hurontown fire department has decided that Hurontown wants the firemen's tournament next year and is going after it.

The Hurontown fire department is one of the oldest in the upper peninsula, one of the best equipped and most efficient departments for a town of the size in the United States.

Until a comparatively recent time Houghton county paid \$45 each as a bounty on wolves, but it cut it down to the state bounty, \$25, because there was a general suspicion in the minds of the supervisors that wolves which were killed elsewhere were brought to Houghton county in order that the larger premium might be secured.

TOURNAMENT QUEEN CONTEST.

Soo Fire Department Pays All Expenses of Selected Lady.

One of the features of the annual firemen's tournament of the Upper Peninsula Association at the Soo next month is to have a tournament queen contest.

Some of the departments have hesitated to open up a campaign for a favorite lady because they were afraid that when she is elected to the regular honor they will have to pay the expenses of bringing her to the Lock City to enjoy it.

KEWEENAW POLITICS.

Opposition Develops So Far for But One Office in County.

Politically, Keweenaw county is rather quiet at the present time. The county will give its strongest support, of course, to Hon. Chase S. Osborn in his campaign for nomination for governor and will strongly support Hon. Angus W. Kerr of Laurium for congress.

COPYING PROBATE RECORDS.

Judge Bentley Attempting to Preserve Contents of Old Books.

Judge of Probate Bentley is making an effort to preserve some of the almost obliterated records of his court, especially the contents of two old letter books, and to this end he has engaged Miss Kelly to transcribe the old records into a permanent form.

ARTHUR FRIEND IS LUCKY.

Former Calumet Resident Left \$50,000 by Deceased Aunt.

Arthur S. Friend, formerly of Calumet, a debonair young gentleman who was associated with Sidney M. Weil of Calumet & La Belle fame, and who later became manager of the Shubert theater in Milwaukee, is a lucky man.

The three sons of Isaac Friend, Charles, Arthur S., and Nathan H., all in business in Milwaukee, are legatees under the will of their aunt, Mrs. Henriette Friend, who died several months ago in Germany, leaving a large estate.

Charles Friend, lawyer, said that as he children of Isaac Friend they would receive a fractional part of the residue of Mrs. Friend's estate, but that it was impossible at present to tell the exact amount of the legacy each was to receive.

The petition filed with the will did not give definitely the amount of the estate, stating only that it amounted to more than half a million dollars. It is estimated that the three brothers will get about \$50,000 each.

Arthur S. Friend was manager of the Shubert theater, and Nathan H., his assistant treasurer.

JURY DISAGREED.

Alleged Fish Dynamiters Given Another Chance in Court.

It is as hard to secure a conviction under a complaint of game law violation in the copper country as it is for a violation of the liquor laws. Sam and Peter Peroni and Paul Teddeucci of Tri-mountain were arrested nearly three weeks ago by Game Warden Wilson on a charge of dynamiting the Ugrum river.

They were brought to trial yesterday morning in Justice Oliver's court in Houghton and the jury disagreed. Their second trial will be heard at a later date, not yet set.

BIG TIMBER DEAL CLOSED.

Crocker Chair Company Buys Big Tract of Houghton County Land.

The Crocker Chair company of Sheboygan, Wis., has delivered to Register of Deeds Mackenzie a deed covering a big transfer of Houghton county timber lands. The lands are located northwest of Sidnaw and comprise 2,475.57 acres, valued at \$34,657.98, which is the stated consideration. The chair company purchased the lands from G. F. Sanborn, a Wisconsin timber land operator. Sanborn reserves the mineral right in the lands and the right to explore and conduct mining operations at any time.

SATURDAY NIGHT CONCERTS.

Houghton Businessmen Will Have Entire Calumet & Hecla Band.

The melody and harmony which has been filling the air of Houghton is to be at once concentrated and amplified in the future by the uniting of all Houghton businessmen on a Saturday night concert project. Heretofore the

businessmen on the west end of Sheld street have been offering the Quintet and the businessmen of the central section of the street have staged a portion of the Calumet & Hecla band and they have decided that the two concert were not sufficiently concentrated.

An informal meeting was held Tuesday evening at which all sections of the business district were represented and it was decided to engage the full Calumet & Hecla band for Saturday night concert, the full band of 35 people, 35 concert men. The plan is to give a concert at different points on the street of successive Saturday nights, to give it sufficiently early and make it sufficiently brief to permit the crowd to enjoy it without weariness and at the same time leave them time in which to do their shopping. The matter is to be advertised in the territory contiguous to Houghton in an effort to bring visitors to town.

This is the most pretentious municipal musical movement ever attempted in the copper country. The businessmen are enthusiastic for it and all that remains is to complete arrangements with the band when it returns from its trip to the Detroit Elks' convention.

BARAGA BUSINESSMEN MEET.

Association Organized to Promote Town's Commercial Growth.

The Baraga Businessmen's association was organized Tuesday evening, July 12. The meeting was enthusiastic and the spirit with which the organization has been launched promises well for the association's developing into a potent factor in promoting the welfare of the village. The following officers were elected: President, Joseph I. Lalroogee, atorney; secretary, James McMahon, judge of probate; treasurer, Hugh Nesbit, hardware merchant. The committee on by-laws is composed of W. J. McQueen, Herman J. Falk and Fred Schwalm. On the soliciting committee are John H. Hill, Ben Cohl, Edward Real, Arvid Johnson and John Beck.

ENSIGN SWANSON TO LEAVE.

Commander of Houghton Corps of the Salvation Army Transfers.

Miss Swanson, ensign in command of the Houghton corps of the Salvation Army, has received notice that she is to be transferred to a post in North Dakota. The orders do not give the date of the transfer or the name of the station but Miss Swanson expects this information any day and is making her preparations to leave.

LOWER STATE NOTES.

LANSING—With a boost in valuation which amounts to more than 66 per cent, the state tax commission finds Traverse City up to what it considers full valuation, and adds an additional \$3,062.28 to tax rolls of the city. The figures of the supervisors and board of view placed the valuation of the city at \$4,677,330, but the figures compiled by the tax commission boost this to \$7,775,558. Secretary Lord intends to visit Detroit in Chippewa county this week and in that county he will visit St. James in Charlevoix county. A communication has been received from the Upper Peninsula Land company of Chicago. The concern alleges that its taxes are higher in proportion than those of resident land owners and asks the department to look the matter up.

MUSKOGON—John Burke, resident of St. Paul, Minn., was drowned in the Muskogon river at Maple Island, about sixteen miles north of Muskegon. Mr. Burke was twenty years old and recently had gone to the island to work for Robert Lane, a farmer. He, with a son of Mr. Lane, went to the river for a swim. He swam across the stream, which at that point is about twenty rods wide, with a swift current running, and in attempting to swim back he became exhausted and sank within a few feet of the bank.

PONTIAC—Judge Smith has rendered a decree in the circuit court of the Territory case which occupied weeks of trial. George W. Terry left three sons, John, Isaac and George, and a mortgage on Isaac's farm. The elder Terry spent the last days of his life with John, and after his death John proceeded to foreclose the mortgage against Isaac's farm on assignment from his father. Isaac contested, alleging undue influence on John's part and incompetency of his father. The court practically upholds the contention of Isaac, holding that he is entitled to a third of the estate and that the assignment is not good.

BATTLE CREEK—Mayor John W. Bailey promised a few days ago that the reproduction of the pictures of the recent Reno prize fight would not be interfered with, Prosecutor H. W. Cavanaugh has ruled otherwise and citizens predict a real live "scrap" between these officials. The prosecutor announces that prize fight films will be considered as a "disorderly show" and all efforts to show them in Calhoun county would be stopped at once. Heretofore Mayor Bailey and Prosecutor Cavanaugh have been intimate friends, being two of the most prominent Democrats in the county.

LANSING—Under the laws of Michigan an insurance company can not be held liable for the total loss where prop-

tributing a hundred or more filled baskets. She will be remembered for the great picnic which she gave at Electric Park last summer for the poor children of the Portage lake towns. She will be remembered by many a poor devil in the country jail for the comfort of religion and donations of reading matter.

Miss Swanson has not been a conspicuous figure in Houghton. She has done her work quietly, whether it be carrying food and clothing to the poor through a famishing winter to the sick, entering saloons to take up tambourine collections or praying on the street. She will probably not be missed by the great mass of Houghton and Hancock people but she will be missed by poor kids and widows and broken down men to whom she has brought material comfort.

Miss Swanson has not been advised of her successor. But be or she will appear next week. So she is to be con- trolled at the Salvation Army hall next Sunday night a farewell service. She will also have a farewell social next Wednesday night and Major Morton of Minneapolis, director of the northwestern division, will be present.

DRILL TEAM OFFERED \$1,000.

President Ryan of Amalgamated Gives Montana Men Incentive.

John D. Ryan, president of the Amalgamated Copper Mining company, announces that he will reward the Montana drilling team with a thousand-dollar award, should its members win the hammer-and-drill contest which will be a feature of the Calumet & Hecla miners' mid-summer picnic.

AN EAST HOUGHTON WEDDING.

Arthur White Leet and Miss May E. Weir United Yesterday.

Arthur White Leet and Miss May E. Weir were united in marriage yesterday morning by Rev. Frank L. Knowler, pastor of the Houghton Presbyterian church, at the home of the bride's parents, Mr. and Mrs. Andrew Weir. The ceremony was performed in the presence of only the relatives of the bride.

Miss Leet is district manager in the copper country for the Michigan State telephone company. He has been a resident of Houghton for a year, coming here from southern Michigan to take charge of this district for his company. He has rapidly come to be considered a Houghton man and has made many friends here, through his personality as well as through his business management of the affairs of the telephone company. Miss Weir has been a Houghton girl all her life and has been very popular socially. Mr. and Mrs. Leet left yesterday in the Juniata for Fredonia, N. Y., and other eastern cities to be out about three weeks. Mr. and Mrs. Weir, Mr. and Mrs. W. T. Meldrum of London, Ont., attended the wedding. Mrs. Meldrum is a sister of the bride.

DIES OF TUBERCULOSIS.

The first death in the Houghton county indigent tuberculosis hospital occurred Wednesday night. Sam Verlanne, a veteran from Franklin, died after a long illness. He was thirty years of age and survived by a wife and two children. The funeral will be held this morning from St. Patrick's church, Hancock.

LOWER STATE NOTES.

LANSING—With a boost in valuation which amounts to more than 66 per cent, the state tax commission finds Traverse City up to what it considers full valuation, and adds an additional \$3,062.28 to tax rolls of the city. The figures of the supervisors and board of view placed the valuation of the city at \$4,677,330, but the figures compiled by the tax commission boost this to \$7,775,558. Secretary Lord intends to visit Detroit in Chippewa county this week and in that county he will visit St. James in Charlevoix county. A communication has been received from the Upper Peninsula Land company of Chicago. The concern alleges that its taxes are higher in proportion than those of resident land owners and asks the department to look the matter up.

MARLETTE—Despondent over failing health and fearing that he would become insane, William Shier, a prominent stock raiser, went up stairs 14 in his room in his home, six miles north here, after breakfast, and shot himself through the heart with a rifle. Mrs. Shier, who is deaf did not hear the shot, but as her husband did not return for some time she went to the room and found him dead upon the floor. Mr. Shier was a breeder of Lincoln sheep and took many prizes at fairs. He was one of the best known stock raisers in the state. He was seventy years old and had lived in this section thirty years, his farm being one of the finest in the county. Besides the widow, two sons and a daughter survive him. Two years ago a daughter committed suicide by drowning herself in a watering trough.

Upper Peninsula

Municipal Bonds Won't Sell.

At the meeting of the common council of the Soo this week, Comptroller Everling stated that the time for opening and considering bids for the construction of the Meridian and Elm street sewer systems, had arrived. However he had written fifteen bonding companies and had received but four replies and no bids. The bonds are a short term 5 per cent issue and are not considered desirable by the bonding companies. The comptroller was instructed to negotiate with the home banks in an effort to effect a sale of the bonds and report to the council at its next meeting.

Inspecting Other Cities' Streets.

Officials of the city of Manistique who visited Escanaba on a tour of inspection of the city's streets were enthusiastic over the excellent pavements. Those in the party were Mayor W. L. Middlebrook, Alderman C. M. Drevahl, chairman of the council street committee, and Victor J. Marin, street commissioner. The visiting officials were taken in tow by Mayor Solomon Greenleaf and Alderman Paul Jaegers and were driven to all parts of the city, inspecting the streets and visiting other points of interest. "Escanaba has a great number of good pavements of which the best I must be proud," said the Manistique mayor. "I am free to confess that I am surprised at the great number of good pavements. I believe that Escanaba may well be styled the peninsula's city of good pavements. Manistique has built some macadam pavements, but the dust constantly blown off is disagreeable and we are making a tour of several surrounding cities to find the best methods for cov-

Your Check an Indicator

If you are depositing your money with this Bank and paying your bills by check you can always know the exact state of your finances. The record you keep on your check stubs is like the speedometer on the auto—shows just what pace you are going and warns you against spending too fast. That is why the man with a bank account is able to live more economically, thereby increasing his net earnings.

erty is held jointly and the policy is made out in favor of one party, according to Insurance Commissioner Barry, who states that this question has come before him for settlement many times in the past year. Two cases came to the attention of the commissioner Monday, which emphasizes the necessity of close attention to fire insurance policies.

Indian Fugitive Captured.

With Mitchell McClelland, an Indian who is wanted at Manising on a serious statutory charge, in custody, Deputy Sheriff Jolly of Nahma, Delta county, arrived in Escanaba. The authorities at Manising had been searching for McClelland since June 24, when his alleged offense was committed. The Indian arrived at Nahma, after having been at work in the woods, and was promptly arrested. He will be taken to Manising for a hearing.

Escanaba Girl Makes Good.

News comes from the Pacific coast that Miss Dorothy Cheever, formerly of Escanaba, now engaged as stenographer at one of the leading churches at Long Beach, Cal. Miss Cheever is known to a great number of Escanaba people and the news of her success has been received with delight. The young woman possessed a naturally beautiful voice and through her efforts secured a long course of study which she completed when her health was nearly broken. She went to the West, where she has since remained.

Intake Pipe Found Broken.

The source of the trouble in the contamination of the city water by organic matter has been discovered at the Soo. Diver Sam Hogarth made an examination of the intake pipe, and found that the pipe had been disconnected midway between the crib located in the channel and the well at the pumping station and that the water that is being used is coming through the pipe from the bottom of the dredged channel. To the credit of the pipe has parted is attributed the cause of the complaints that have been registered at the office of the commissioner and the board of public works the past two weeks. Complaints also were made to the health officer, who, after an examination of the water, made a statement to the effect that the water coming through the mains contained a large amount of organic matter and while there was no real danger from its use he advised that it be boiled first. The break in the pipe gives evidence of having been caused by an anchor from some of the large steamers, as it looks as though the pipe had been pulled apart rather than broken. Just how long it will take to make the connection is not known. It will have to be done by a diver and a derrick scow will also have to be employed. The job is a big one under the circumstances.

Salt to Settle the Dust.

For the first time in the northern peninsula, salt is being used as a dust settler in Menominee county. There will be a mile of street covered with this salt as an experiment, one-half mile with the salt in its dry state and the other half mile with the salt as a solution it being mixed with water. This dust settler has been used extensively in the West for many years. During the past few years, it being tried in Detroit and other cities, and in almost every instance it has been found to be serviceable and well adapted for the purpose. The government has made investigations and also the manufacturers that are putting the salt on the market, and their experiments have always met with success whenever tried. The government recommends that the solution be used. The manufacturers, however, recommend that the salt be used without mixing with water, and for that reason the Menominee county commissioners are using it both ways. The salt is said to absorb enough of the dampness out of the atmosphere during the night to keep the street damp all the following day and absolutely dustless. In addition to being a dust settler, it is also a protection to the road, and greatly saves the wear and tear of the vehicles passing over it.

HOW'S THIS?

We offer one hundred dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. City Brevities

Today's weather: Unsettled weather; stationary temperature. Yesterday's temperature: Seven a. m., 70 degrees; noon, 83; 7 p. m., 76. Maximum, 86 degrees; minimum, 65.

F. J. Jennison left last evening on a short business trip to Chicago.

Homer Pearce left yesterday for Newark, N. J., where he has a position.

Dr. R. J. McCann has returned to the city after visiting his parents at Mt. Pleasant.

Weather permitting, the Baptist Ladies' Aid society will hold a picnic at Presque Isle this afternoon.

W. C. Kepler has purchased a new launch of the Mullin type, in which Marquette boat owners are much interested.

Mrs. C. E. Moore and Miss Fanny E. Moore have gone to Elmira, N. Y., where they will visit relatives for several weeks.

City Controller Primeau completed the tax roll of the city last evening, which has been turned over to City Treasurer Byrne for collection.

South Shore officials report that there are many traveling to Europe this summer, but that the immigration from Europe to the Northwest has been unusually light.

Mr. and Mrs. William Suttell, 401 West Park street, entertained at a neighbors party last evening, some forty or fifty guests being present. Light refreshments were served.

Many took advantage of the perfect weather last evening and the streets were crowded until a late hour. Soda fountains were especially well patronized, but the crowd at the island was not as large as might have been expected.

Much Discussed Subject—The proposed street fair in Marquette continues to be a prolific subject of discussion among the business men and others. Liquor dealers and a majority of the merchants in the south part of the city are very company to show here, while those in the north half of the business section are in general opposed to the fair. Adherents of both sides have prepared petitions which will be submitted to the council at their meeting Monday evening.

Carpenters Employed—Those close to the building trades report that carpenters are presently employed in the city in greater numbers than for several years. Persons who have wanted carpenters to do small jobs find it almost impossible to get them and many of the contractors are handicapped for lack of help. This condition in the fact that the building industry here this summer speaks well for the general prosperity and growth of Marquette.

Few Marine Accidents—One of the features of lake traffic this season is the few accidents compared with last year. The collision that resulted in the sinking of the *St. Ignace* is the only appalling disaster of the year. During the past month, but one vessel has come to grief on Lake Superior, that is the L. C. Smith, which stranded on a rock near Two Harbors June 23. Since June 10 there have been but twenty-one accidents on the lake, and of these the stranding of the Smith was the most serious. Forest fires have hindered navigation not a little. The fact that accidents were so few is both creditable and encouraging. It appears that masters have had it hammered into them by the vessel owners that dispatch is a second consideration to safety.

300 CANAL PASSAGES.

List of Boats That Have Passed the Locks, Bound for Superior Ports.

Sault Ste. Marie, Mich., July 14.—The following boats have passed through the locks, bound for ports on Lake Superior. John Barlow, 9:30 p. m.; Philip Misch, midnight; J. J. Brown, 12:30 a. m.; Jenkins, 2:30; Matafa, Manda, 3:30; B. Lyman Smith, Biecker, Cole, Nettleton, 4; Plankinton, Cole, 4:30; Ishpeming, Glenellah, Maritana, Stadacona, Regina, Corona, 6; Kopp, 6:30; New York, 7; Buffalo, 8; Viking, Lake Shore, 11:30; Perkins, noon; Centurion, 12:30 p. m.; Alberta, 1:30; Snyder, 2; Security, oil barge, McDougal, 2:30; Mariska, 3:30; Italia, 4; Wood, 4:30; Ranney, 6; Collingwood, 6:30; Alex Thompson, Nelson, 7; Admiral, 8.

The Warriner and whaleback 119 are at the coal docks.

PRIEST RINGS CURFEW.

Complaint of Trenton Mothers Results in Warning to Children.

Trenton, N. J., July 14.—Although the ordinance for a curfew law failed three years ago in the Trenton common council, there is a curfew bell rung every night on the outskirts of the city which is as effective as the old one of England when the people were obliged to put out their lights and go to bed at 8 o'clock when the bell tolled.

The curfew bell is rung every night at 9 o'clock by Father Block, pastor of St. Stanislaus Catholic church, and the custom was the result of distracted mothers appealing to the priest to get their children in at a reasonable hour. The priest heard the complaints. He saw the open lots, which about one night in his parish where the children scampered off until late at night, and where the young maidens and their swains congregated in the dark. He preached a sermon and in many ways admonished his children that they must come in when he rang the curfew bell. He rings it every night and then goes out with a party, looking for the strays. In this way the parish of St. Stanislaus is at home every night at 9 o'clock. The bell works wonders.

Vandenboom's method of delivering bottled milk, packed in ice, was fully appreciated during the hot weather of last week and the demand is increasing daily.

Feed your children on Vandenboom's Special Milk, the most perfect infant food in the market. (6-20-10)

WILL GIVE FINAL LECTURE TODAY

Dr. Howerth Discussed "Health of Child" and "School of Nature" Yesterday.

Dr. Howerth discussed "The Health of the Child" and "The School of Nature" at the Normal yesterday. "The main object of the school," the lecturer maintained, "is to improve the type of man." Health is God's best gift to man (Emerson). Health is the basis of all our achievements and happiness. Our views or philosophy of life depend upon our physical condition. The peasant usually suffers from some bodily ailment.

A test made on 7,000 children of Chicago revealed the fact that 30 per cent of them needed medical attention and 800 were removed from school. One-third of the children of New York city have defective nervous systems. These defects are not due entirely to imperfect school conditions; they are due in part at least to unfavorable conditions outside of the school room. But the school must bear a large share of the responsibility for this poor health of the children. In Cleveland the record shows that 75 per cent of the girls had to leave school for a longer or shorter period on account of illness. Ninety per cent of the women graduated from the higher institutions are imperfect physically.

The government inspects the health of animals and plants; it should do so much for children, the state's best assets. A wise medical inspection of the schools should be instituted as it already exists in New York and in Europe. The tooth brush is a great agency of civilization. Schools should also supply warm lunches to children who cannot eat at home. In every way the child should be taught that "our bodies are the temples of God."

The School of Nature.

Education is a process both natural and artificial; partly carried on by nature and partly by man. By nature we mean here "all those things which have developed apart from the assistance of man." Nature is ever active in the processes of education and life. She is our great teacher and from her school we never graduate. How does she educate? What is her method? She multiplies chances. A tree furnishes thousands of seeds of which only a few grow. The conger eel lays fifteen million eggs and twelve to fourteen generations a year. This excessive and seemingly wasteful multiplication is characteristic of all life. The result is that each strives to live.

2.—This leads to conflict and struggle. Since nature produces an almost infinite variety of organisms, the struggle for existence will ensue; all those less adequately equipped for this struggle and preserve only the "fittest."

3.—This advantage on the part of the survivors is handed down to posterity. But "survival of the fittest" does not always mean survival of the best. On the contrary it may mean the survival of the worst. This in certain localities the housefly has driven out the house. In other words, nature is indifferent to ethical and moral ends. She has no conscious end. The equalization of forces seems to be her only end. With animals and plants this means adaptation to circumstances. In the language of the poet, "some call this evolution, others call it God."

Dr. Howerth will conclude his lectures this morning at 8:55 with a discussion of the subject, "The School of Man." All are cordially invited to attend.

Upper Peninsula

Wedded in Arizona.

Miss Loretta McKenna, of Bisbee, Arizona, sister of John McKenna, of Iron Mountain, was united in marriage to M. R. Bright at Bisbee Tuesday morning. The bride is a former well-known Quinnessee girl, while the groom is a graduate of the law department of the University of Michigan and is general manager of the Warren ranch at Bisbee.

Caught a Big Pike.

Thomas Haug of Hancock, while fishing from the Mineral Range dock at the foot of Ravine street, that city, caught a big grass pike, which is believed to be one of the largest ever taken out of Portage lake waters. The fish was nearly thirty inches long and weighed twelve pounds. It put up a terrific fight.

Two Young Women Drown.

Advice from the Soo are that Ada Ring and Elizabeth Hatland, both twenty-two years of age, the former a cook and the latter a landress at the summer cottage of Mrs. W. B. Millard, two miles above Richard's Landing, have been drowned in the river near the Landing. Search for the bodies was immediately made and they were recovered with the aid of grappling irons. The two young women had gone in bathing and got beyond their depth. As the water at that point was particularly deep the bodies did not rise to the surface. Both women wore comparative strangers at the Landing, having but recently gone there from Omaha, Neb.

Delta County Circuit Court.

At 9 o'clock next Monday morning circuit court for Delta county will convene for the regular July term, Judge R. C. Flannigan presiding. There are but thirty-three cases on the calendar. Of this number fourteen are criminal cases, eight non-jury and eleven ex-chancery. None of the cases will be tried before a jury, however. Defendants in the criminal cases who do not plead guilty or whose cases are not otherwise disposed of will be held for trial at the regular October term. All of the other cases are for trial by court. Wednesday, July 20, will be devoted to the hearings of those who have made petitions for full citizenship papers. There are about sixty-five aliens who have filed petitions. Of this number seven or eight failed to pass the examination at a previous term of court and will be given another chance.

Ironwood Traveling Man Arrested.

Louis Pentratto, a cigar salesman traveling out of Ironwood, was located at Laurium, Houghton county, this week. A brief descrip-

tion of the man was given, it simply stating that his height was five feet, seven inches, that he had blond hair and mustache and he would probably be found following his vocation as salesman. Pentratto was apprehended as he was waiting for a Houghton car. He has now been turned over to the Ironwood police. Pentratto is wanted to answer to a charge of larceny. It is stated that he is accused of appropriating a case of samples containing cigars and retaining the money.

Would-Be Suicide Goes to Jail.

Fred Erley, who had stabbed himself twice in the abdomen while temporarily insane, was arraigned before Judge O. V. Linden at Escanaba on a charge of disorderly conduct and was sentenced to fifteen days at the county jail, where he will be allowed to recuperate. It is claimed that since being placed under arrest Erley has suffered from delirium tremens and it was thought best that he be taken to the county jail from the police station that more careful treatment might be given the prisoner until he has recovered.

Men Hold Up Their Guest.

While celebrating a vacation from work in the woods, Nissa Terrio and Peter Colby purchased a keg of beer which they moved from the brewery to a vacant lot near the Lakeview cemetery, says the Escanaba Press. A stranger who passed was invited to join them and it was claimed that after the three had drunk considerable of the beer Terrio forcibly took the stranger's watch and a small sum of money from his pockets. The fighting men attracted the notice of residents in the vicinity and Terrio and Colby were arrested. As the stolen property was returned Terrio was arraigned in court charged with being a disorderly person and was sentenced to thirty days in jail, a penalty which his companion escaped by paying a fine and costs amounting to \$9.25.

Assaulted His Sweetheart.

Paul Rasmussen was arrested and fined yesterday on the charge of assault and battery brought against him by his sweetheart, Miss Rena Trapp, reports the Menominee Herald-Leader. Rasmussen and his sweetheart had started to Lakeside and while they were waiting for a car he asked her if she was going to smile on anyone while they were at the resort, and upon her reply that she would if she wanted to, he became inebriated and attacked her, tearing her clothing nearly from her body. She returned to her home to change her clothing and he followed her up, and after making her open the door for him, caught her by the hair and choked her. The affair might have ended seriously had not the engineer at the light plant heard the young woman's cries and gone to her assistance. The man was placed under arrest and was tried in the municipal court before Judge Waite. He was fined an amount which with the costs aggregated \$28, and was given a severe lecture by the court.

Is Fighting Tuberculosis.

A. T. McLaughlin of Lake Linden who for over a year has been living in a tent in an effort to fight off the dread disease, tuberculosis, and who is known all over Houghton county for his perseverance, is making preparations to spend the coming winter in the same way. Additional improvements are contemplated around the tent and a new building to measure ten by seven feet is to be erected for the convenience of his relatives or any other persons who may stay during the nights of nurse him. The room will be well built and will contain cooking utensils and stove. Adequate accommodations for the storage of food and supplies will be provided in a cement floored basement. Mr. McLaughlin will sleep outside his room in his tent, which contains only his bed. He has been greatly benefited by sleeping in the open air and has never felt better for a number of years.

Democrats Will Have Ticket.

J. H. Moher, chairman of the Democratic committee for Chippewa county, says that the party will put a full county ticket in the field this year. He knew of pronounced candidates for most of the offices, but was non-committal when asked for names. He said that nominating petitions for governor, lieutenant governor and United States senator had been received and would be circulated. Lawton T. Hemans' name appears on the governor petitions, that of Mayor Bailey of Battle Creek for lieutenant governor, and John T. Winship of Saginaw for United States senator. Four candidates are seeking the Republican nomination for treasurer of Chippewa county and have had their petitions out for some time. It is not a difficult matter to secure the required number of names, all that is necessary being at least 2 per cent and not more than 4 per cent of the vote cast for secretary of state at the last election. For this office the Republicans of Chippewa county polled 2,145 votes and the Democrats 1,514 votes, making it necessary for Republican candidates to get the signatures of not less than forty-three nor more than eighty-five enrolled voters and the Democrats not less than thirty-one nor more than sixty names. The law makes it a criminal offense to present a petition containing a greater number of names than 4 per cent.

NOTICE TO CONTRACTORS

Sealed proposals for furnishing all labor and materials for constructing a chemical house and apparatus in the city of Marquette, Mich., addressed to the Secretary of the Board of Fire and Water Commissioners, and endorsed "Proposal for Constructing a Chemical House and Apparatus" will be received by the Board of Fire and Water Commissioners at their office until 8 p. m., Tuesday, August 2nd, 1910, in accordance with the plans and specifications on file in the office of the commissioners, from whom copies may be obtained. The board reserves the right to reject any and all bids.

ART NEEDLEWORK DISPLAY.
Mrs. Doyle-Anderson are at the Marquette Millinery with a beautiful display of finished work and embroidery materials. The ladies are cordially invited to call. 7-6-10

A FEW SHORT WEEKS.

Mr. J. S. Bartell, Edwardsville, Ill., writes: "A few months ago my kidneys became congested. I had severe headache and pain across the kidneys and hips. Foley Kidney Pills promptly cured my backache and corrected the action of my kidneys. This was brought about after my using them for only a few short weeks and I can cheerfully recommend them." Sold by all Druggists.

REPRIEVE RACE IS WON BY AUTO

Tied in the Electric Chair, Wife-Slayer Scores the Attorney Who Saves Him.

Trenton, N. J., July 13.—"What did you butt in for. It was none of your funeral. Now it will have to be done over again."

This complaint from a client whose life he saved after the prisoner had been strapped into the electric chair with the chief electrician waiting for the word to turn on the current, made Attorney Brower decidedly peevish. He had defended Arthur Rose for murder. The case and Rose were sentenced to die. Rose said he was satisfied with the verdict, but Brower was not. He prepared papers for an appeal. Then he sought a supreme court justice.

The execution was ordered for 9 p. m. The attorney got traces of Judge Minton, who was then on a train en route to his country home. A racing automobile was requisitioned, the train overhauled and with the judge seated in a parlor car and the attorney on the station platform outside, the case was presented to him. A stay of execution was signed and then a record-breaking run for the prison was begun.

When Brower reached the death chamber Rose was in the chair. After upbraiding his lawyer for "butting in," Rose was led back to his cell.

The crime for which Rose was to be executed was the killing of his wife, whom he had accused of infidelity.

"DEATH DICE" ARE GIVEN TO MUSEUM

Berlin, July 13.—The Kaiser recently presented to the Hohenzollern museum the "death dice," with which one of his ancestors decided a difficult case in the seventeenth century. The history of these dice is generally given as follows:

A young girl had been murdered. Suspicion fell upon two young soldiers, Ralph and Alfred, who were suitors for her hand. They both denied their guilt, and even torture failed to extract a confession from either.

Then Elector Frederick William decided to cut the knot by means of the dice box. The two soldiers should throw for their lives, and the loser should be executed as the murderer.

The event was celebrated with great solemnity. Ralph had the first chance and threw sixes, the highest possible number. The dice box was then given to Alfred. He fell on his knees and prayed. Then he rose to his feet and threw the dice with such force that one of them was broken. The whole one showed six, the broken one also

SHIP IS DESERTED BY ENTIRE CREW

Is Found at Anchor in Perfect Condition and With Only Cats Aboard.

New York, July 14.—The British bark Invernesshire, with a good cargo, sailed away from Hamburg on March 2, bound for Santa Rosalina, Cal. With every bit of canvas standing she crept down around the Spanish coast to Africa, where, taking advantage of the northeast trades, she crossed the Atlantic, passing the Cape Verde islands and Cape St. Roque, on the east coast of South America.

Captain Kinnon, a careful navigator, was in command. He knew his course and his ship, and his crew had sailed with him and knew him as he knew them, as able and willing. The Invernesshire was spoken passing the Cape Verde islands and again off Cape St. Roque. Captain Kinnon reported all well. This was in May, and it was the last seen of Captain Kinnon or his crew.

His ship, in perfect condition, was found at anchor west of the Falkland island, in S. latitude 52, W. longitude 69, on July 15, by Captain Mancho of the Italian steamer Verina, from Valparaiso de Chili to Naples, but she proved dumb. Captain Mancho was impressed with the quiet on board and, getting no reply to his signals, sent the first officer to see what was the matter. Ralph, appalled by what he regarded as a sign from heaven, confessed his guilt and was sentenced to death.

"God has spoken," cried the prince. "I have seen the ship and she is here."

Every sail was set, the deck was ship-shape and tidy. In the captain's cabin, on a table, lay a copy of Cole-ridge's "The Ancient Mariner," opened, face down as if it had been placed there when the reader was called away for a moment. In the fo'c'sle were a pair of lion and a lioness on a table, where some musically inclined seaman had left them, and on the same table were the glasses, some still half filled with grog.

While there were these evidences of a hurried departure, there was not a thing to show the reason for it, or the way in which the thirty-odd men had suddenly departed. From the davits swung the long boats and the captain's gig, each stocked with its customary supply of water and hard biscuit. With both port and starboard anchors hauled fast in ten fathoms, the ship lay peacefully in the calm sea, technically a derelict, yet in perfect condition.

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Galea, Kans.—"A year ago last March I fell, and a few days after there was soreness in my right side. In a short time a bunch came and it bothered me so much at night I could not sleep. It kept growing larger and by fall it was as large as a turkey's egg. I could not go to bed without a hot water bottle applied to that side. I had one of the best doctors in Kansas and he told my husband that I would have to be operated on as it was something like a tumor caused by a rupture. I wrote to you for advice and you told me not to get discouraged but to take Lydia E. Pinkham's Vegetable Compound. I did take it and soon the lump in my side broke and passed away."—Mrs. R. R. HUEY, 713 Mineral Ave., Galea, Kans.

When the pig drew up alongside the big wind-jammer none was waiting at the gangway, unless the ship's family of cats be excepted. They seemed well fed and happy and to yearn for companionship rather than food.

Hurried Departure Shown.

A thorough search was made of the ship and from trunk to keelson she was in perfect order. On the mess room table lay a pack of cards, where some one had been playing Klondike. His game had been interrupted ere it was half finished. The fire in the galley stove had burned itself out and the stove was cold; yet on the stove was a pot of "alsh," the sailors' beef stew, and it had not yet spoiled.

Every sail was set, the deck was ship-shape and tidy. In the captain's cabin, on a table, lay a copy of Cole-ridge's "The Ancient Mariner," opened, face down as if it had been placed there when the reader was called away for a moment. In the fo'c'sle were a pair of lion and a lioness on a table, where some musically inclined seaman had left them, and on the same table were the glasses, some still half filled with grog.

Markets

WALL STREET STOCKS.

New York, July 14.—Paine, Webber & Co. have this to say of today's Wall Street market: "The market opened steady, and strong, and after a slight recession at the opening became strong again and then dull for the rest of the day. Shortly before the close, heavy buying caused prices to rise rapidly and the market closed at the top. The advance was attributed largely to the technical position of the market and a concerted effort to take the shorts cover. It will be readily perceived that to much faith should not be placed in the upward movement. However, moderate purchases for a quick turn, but we would continue to lighten accounts on the advance and safe guard commitments in the usual way."

Boston "Coppers."

Boston, Mass., July 14.—Summarizing today's copper stock market, Paine, Webber & Co. say: "The market was erratic again today, but on the whole stocks showed greater resistance on the drives and more activity on rallies. On the local board North Butte was the strongest feature, rallying to 22 1/2. Lake does not yet act right, and liquidation is apparently still going on. We think the whole list however is dragging on the bottom and advise conservative purchases."

Closing prices were as follows:

LONGEVITY PAY IS STOPPED

Washington, July 13.—The auditor for the war department recently allowed the administrator of a former officer's estate the sum of \$690 on account of longevity pay accruing in various periods from July, 1843, to December, 1854. After the settlement it was learned that the officer had served as a major general in the Confederate army from 1861 to 1865, and the matter was called to the attention of the comptroller of the treasury.

By reason of such service during the Civil war, it is unlawful for any officer of the government to pay such a claim, and the comptroller holds that the auditor was without jurisdiction to take action.

The amount had been made a part of the general deficiency estimates sent to congress, and steps were taken to eliminate it from further consideration. This was done, and no further action will be taken in the matter.

Fill many a train of thought doesn't carry any freight.

Occasionally a man does the right thing at the right time.

Often The Kidneys Are Weakened by Over-Work

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do not get any rest and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best.

Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

WOMAN SPEEDER RELEASED

East Orange, N. J., July 14.—Recorder Francis A. Nott, Jr. of this city, who has long made it a practice to fine automobile speeders the limit of \$100 unless they plead guilty, in which case he cuts it to \$75, got a setback when a speeder of the feminine sex was brought before him, the first to be gathered in in East Orange. The recorder was inclined to suspend sentence, though the case was one of clear guilt.

The offender was Mrs. Alice Langbein of Newark, who was arrested in Central avenue by Motor Policeman Nicholas Nolan. She explained that she was merely "trying to pass a horrid trolley car," the dust of which was very annoying.

Nolan pleaded with the court to be lenient, as he thought his prisoner did not realize what she had been doing. The recorder pondered a few minutes and then announced that he would suspend sentence if Mrs. Langbein would be careful not to offend again.

SECOND RESCUE FOR YOUTH

New York, July 14.—William J. Ward, seventeen years old, a clerk in the book-keeping department at Bellevue hospital, made his second rescue within a week when he dived into the East river and saved Ignatius Malasky, a patient, who had jumped into the river with suicidal intent. Both he and young Ward were overcome when rescued by a launch crew from the U. S. S. Yaukton.

Malasky weighs 190 pounds, and is a porter. He put up a hard fight with Ward, and kept up his struggle in the launch. It was necessary to tie him. A few days ago Ward jumped into the water and rescued Charles Vincent, twenty years old, of 403 East Twenty-ninth street. General Medical Superintendent Smith and other officials of the hospital complimented Ward for his bravery, and gave him a day off.

HAT STRIKERS WON'T PAY

Hartford, Conn., July 14.—When United States Marshal Edson S. Bishop returned to this city after several days spent in Danbury, he reported that he could not collect any part of the \$222,000 judgment which D. E. Loeve & Son of Danbury got in the seven years' old suit in the United States court. Acting on the report of Marshal Bishop, the officials of the American Federation of Labor, the hat makers say they will never pay a cent.

Walter Merritt, a New York lawyer, is getting ready for the appeal of the case, which will be heard in the United States circuit court in New York in September, and says that he will take steps immediately to secure his clients against the banks, which refuse to give up the savings of the defendant hat-makers. The judgment, which was Sherman anti-trust act, was the largest ever rendered in Connecticut.

ACCUSES SON; PAYS FINE

Huntington, Pa., July 14.—Jacob D. Sizer, a state fish warden, laid information against his own son, and a companion recently, charging them with violating the fish laws of the state. They were prosecuted before a justice. When the boys were fined \$20 each, Sizer came forward and paid his son's fine.

DRIVES OUT S.S.S. BLOOD HUMORS

When we see persons with soft, smooth skins we know at once that their blood is pure and healthy, that the cuticle is being sufficiently and properly nourished by the circulation. But when the blood becomes infected with any unhealthy humor the effect is shown by eruptions, boils, pimples, or some more definitely marked skin disease such as Eczema, Acne, Tetter, etc. Humors get into the blood usually, because of a sluggish condition of those members whose duty it is to collect and carry off the waste and refuse matter of the system. This unhealthy matter, left in the system, sours and ferments, and it soon absorbs into the circulation, filling the blood with an irritating humor. Remove these humors and the skin disease can not exist, because its very cause is then destroyed. S. S. S. cures all humors of the blood because it is the greatest of all blood purifiers. It cleanses the blood of every particle of unhealthy matter, enriches the circulation and causes it to supply healthful nourishment to all skin tissues. Then the skin becomes soft and clear. Local applications can not cure, they can only soothe by temporarily reducing the eruption while the cause remains in the circulation and the eruption will be no nearer well when the external treatment is left off. The humors must be removed and nothing equals S. S. S. for this purpose. Pure blood makes healthy skins and S. S. S. makes pure blood. Book on Skin Diseases free to all who write and request it.

under double present prices.

George F. Rues's Review.

The New York list was somewhat quiet today but the tone of the market was steady. Most of the stocks show gains for the day. Lake was about the only copper to show any rise. It fluctuated between 32 and 35. North Butte showed some strength also and advanced from 21 1/2 to 22. The curb brass and tin were quiet and unchanged. Live Oak was off on the bid price of an assessment, payable Oct. 1. This will make the stock fully paid. Accompanying the assessment was a report to date covering the operations at the property. The report states that the work on branch railroad as soon as requested by the Live Oak Development Company. The financial statement shows cash on hand July the amount of \$20,000. Inasmuch as the company has been spending about \$10,000 a month, the cash on hand would make the balance of \$10,000. The report also covers the payment of the assessment of \$100,000. The assessment of the company matters were being put in shape for a reorganization at the end of the month. The report indicates a tonnage of 7,200,000 of chalcocite copper ore of commercial grade. It is estimated that with a normal concentrating plant a net profit of about \$1.25 per ton on a market price of 12 1/2 cents for copper can be made. The report states that all titles are now clear. It is also stated that the Southern Pacific has been spending about \$10,000 a month on a survey from the town of Miami to the Live Oak mine, a distance of about twenty miles. The work on branch railroad as soon as requested by the Live Oak Development Company. The financial statement shows cash on hand July the amount of \$20,000. Ishpeming Department

Y. M. C. A. ISSUES ITS ANNUAL REPORT

(Additional Ishpeming on Page Two.)

Booklet Contains Interesting Information Pertaining to the Organization.

Members of the Young Men's Christian association will within a few days receive a copy of the organization's first annual report, which contains considerable interesting information, together with a number of cuts, showing classes and scenes in the building.

The enrollment at the close of the year was 633. Of this number 205 were juniors and 397 seniors. The sustaining list includes thirty-one names. The average daily attendance at the building during the year was estimated at fifty-five boys and 145 men.

The educational classes conducted in English for coming Americans were the common school, chemistry, electrical engineering, mathematics and bookkeeping. The total number of students enrolled in the several classes was sixty and the number of sessions in each class was fifty. Five teachers were employed. Besides the class work a number of practical talks were given. Lectures on "First Aid to the Injured" were begun during the winter and will be resumed next fall.

The system of instruction for the class of foreigners learning the English language is unique. It was invented by Dr. Peter Roberts, an international secretary of the Young Men's Christian association. It enables the student to gain a working vocabulary in a few lessons so that he can converse and transact business in English. This class was one of the most successful conducted by the association last year. Besides giving the necessary instructions in reading writing and speaking special attention is given to citizenship, how to become naturalized, etc.

The athletic department occupies a prominent place in the association and unusual interest was taken in the gymnastic classes and games by both men and boy members. Class work in this department began in October and closed in April. During that period 350 men and boys were enrolled in the classes. The physical director gave examinations to 322 members. Twelve athletic teams, with a membership of 184 men and boys, played thirty-nine games with other teams. There were one football, three basketball and eight baseball teams. This department also took part in the organization of a junior and senior Sunday School Athletic league, in which 150 players participated. In addition to the games mentioned a number of friendly wrestling bouts took place. A special room was fitted up for Cornish and catch-as-catch-can wrestling.

While there are no classes being held at this time, the attendance at the building continues quite large. The clay tennis court on the association's lot is well patronized. A league has been organized and the membership is open to all senior members.

Last winter twenty-two Sunday afternoon meetings were held in the lobby, with a total attendance of 450. These gatherings were addressed by business men and ministers, with an occasional musical program. Six Bible classes for men and boys were conducted with a total attendance of 792. At a special meeting of the boys in Ishpeming theater there was an attendance of 409. Clubs organized among the members include the Glee club, orchestra, camera and wireless clubs.

A number of the younger members are interested in the study of wireless telegraphy and they have done practical work by establishing a receiving station on the roof of the building. The work has been done entirely by the boys, with their own funds. Their experience has developed in the members a sense of responsibility and besides has given them a good deal of useful knowledge. The officers of the Wireless club are Melville Peters, president; Ben Hassenger, vice president, and Sumner Tomness, secretary and treasurer.

The total receipts of the year were \$8,634.70. Of this amount \$400 was received as fees from sustaining members; \$1,587.95 from senior members, and \$475.25 as fees from boys. The appropriations from mining companies during the year totalled \$2,233. The dormitory rent was \$1,488, and the locker rent, \$192.25. The revenue from the bowling games, billiard and pool tables was \$964.33. The educational class fees totalled \$174.75, and the receipts of the athletic games were \$143. The expenditures up to June 1, including payments on buildings and equipment, were \$32,807.34. As the amount received up to that date was \$23,404.94, the cash balance on hand at the close of the year was \$296.20.

DEATH OF JAMES MULLIGAN.

James Mulligan, who had been a resident of Marquette county the greater part of the past thirty-five years, died rather suddenly yesterday afternoon about 4:30 o'clock at J. H. Billings' hotel on First street. He had been working on the Swaney range and came up from there about three weeks ago, but returned early in the week. He came up again Wednesday evening and complained of feeling ill. He went to bed early in the evening, but got up again yesterday morning. In the meantime pneumonia developed. He was out but a few minutes when he returned to his room. The people at the hotel did not realize that he was critically ill until a short time before he passed away. The deceased was about forty-eight years of age and was very well known here, as well as in Marquette, where he lived for several years. He is survived by one brother and one sister, neither of whom live in this section.

ON LAKE TRIP.

Rev. R. T. T. Hicks, rector of St. John's Episcopal church, and wife, left last night on the Cleveland-Cliffs Iron company's steamer Ishpeming for a trip on the lakes. They were accompanied by Rev. and Mrs. C. G. Zeigler of Ishpeming, and expect to be absent ten days or two weeks. Next Sunday and the Sunday following there will be no 8 o'clock service at St. John's church, but the 10:30 service, also the Sunday school meetings, will be held as usual. Next Sunday morning at 10:30 Orr Schurtz will conduct the services and on the following Sunday William Gallagher, Jr., of Ishpeming, will be in charge. There will be no choir practice during the rector's absence.

Have you a gas stove? If not, why not order one. You will save time and money. (6-14-tf)

CUTTING SCRAPE.

Hannas Pankela and Jack Neimi occupied cells in the city hall yesterday. Both men had been drinking and they began quarreling while on their way home from the city to their boarding house near the Breitung Hematite mine Wednesday afternoon. Pankela drew his knife and cut a gash about two inches in length and an inch or more in depth in Neimi's arm. The latter returned to town and entered a complaint against Pankela. Marshal Rough went down to his boarding house and arrested him.

Love is hardly ever a cheerful loser.

Bargains in Millinery. All trimmed hats and other goods to be sold out at once, at greatly reduced prices. Untrimmed shapes, ten to twenty-five cents. (7-12-1w) MISS O'LEARY.

Cook with gas, it is more economical, quicker and cleaner than any other fuel. (6-14-tf)

Negaunee Department

ORE PRODUCTION CONTINUES BRISK

Surplus at Lake Ports Reduced, There Are No Indications of Curtailment.

Although the movement of ore from the mines on this range is not quite as brisk as it was a year ago, there are no indications that production will be curtailed, as the stocks at the lake ports have been considerably diminished during the past few months.

The railroad men both in Negaunee and Ishpeming put in considerable extra time in May and June, and the shipments have been steady. Practically all the steam shovels are now in operation, and the occasional delays in shipments are usually due to the lack of boats. There is reason to believe that when the shipping season is closed there will be but a small tonnage of ore at the principal properties. The shipments so far have been larger than they were last season.

The quarterly report of the United States Steel corporation will be issued the week after next. It is said that the report is expected to show a decrease in unfiled tonnage of from 700,000 to 1,000,000 tons. However, there has been a shrinkage in every second quarter since the organization of the corporation with the exception of the second quarter in 1909. It is said that compared with second quarters in previous years the developments in the last three months have not been especially discouraging.

The corporation's stocks of ore have been decreased to such an extent that the management does not expect to curtail production. In June the United States Steel corporation operated its mills on a basis of from 75 to 78 per cent of their capacity.

It is said that the demand on the company for steel products is holding up well, and it will be some months before the orders can be filled as promptly as the management would like to dispose of them.

The corporation's mines on this range are now worked as hard on the whole, as at any previous time in years. The company was never before as well prepared to mine ore in large tonnages or as cheaply as it is at this time. Many improvements have been made in recent years to cut down the mining expenses. The same is true of all of the other companies operating in this district. None of the other concerns have expended such large sums for improvements as the Cleveland-Cliffs Iron company, which is installing improved machinery wherever it can be used to advantage. The substitution of electricity for steam as the operating power is the most important improvement that the Cleveland-Cliffs Iron company has ever made in this region, and an

immense amount of money has been expended on this work.

GOOD TEAM AVERAGE.

Negaunee Nine Is Batting Much Better Than It Did a Year Ago.

The batting averages of the members of the Negaunee league baseball team are much higher than they were at this time last season. Ray Cullis, the Negaunee nine's shortstop, is believed to have the best average in the league. His percentage is now .323. He has been at bat sixty-two times and is credited with twenty hits. The team's average is now .233.

The averages are now as follows:

Player	A.B.	H.	P.C.
Cullis	62	20	.323
McCrory	56	18	.321
Swick	58	17	.293
Heidenson	44	12	.273
Lafave	41	11	.268
Roberts	58	13	.224
Rosevear	18	4	.220
Messier	59	13	.220
Rains	16	3	.188
Steimle	18	3	.167
Sieenthal	13	2	.154
McKale	14	2	.143

OFF FOR CALIFORNIA.

Veteran Negaunee Mining Man Will Spend Some Months on Coast.

Captain James F. Foley, in charge of the Breitung estate's mining operations here, will leave this morning for Green Bay, where he will join his son-in-law, Thomas Atkinson, and wife, on their return trip to California. Captain Foley will be accompanied as far as Green Bay by his son, David Foley, who came down from the Mesaba range Wednesday.

Captain Foley has been granted a three months' leave of absence. His headquarters will be at Metropolitan, Humboldt county. Metropolitan is a town established by Mr. Atkinson, who has extensive lumbering interests in that vicinity. He named the place after Metropolitan, Mich., where he is also financially interested.

CARD OF THANKS.

I feel under great obligations to my friends for favors and sympathy extended during my recent trouble. I feel under particular obligations to the members of the German Aid society, the Negaunee City band and the old band men, also for floral offerings.
MRS. J. STECHER.

LOCAL LACONICS.

P. R. Legg of Gladstone looked after business in Negaunee yesterday.

Benjamin Neely, Jr., was over from Crystal Falls yesterday, on a visit to his folks.

Mrs. John Johns arrived in the city from England yesterday, to join her husband.

Charles Taylor is painting his residence, at the corner of Main street and Pioneer avenue.

Miss Kate Sullivan has resumed her place in the Savings Bank store, after a ten days' vacation.

Captain James H. Rough, who is on the Mesaba range this week, will arrive home Sunday morning.

The workmen at the Regent, Rolling Mill and Cambria and Lillie mines will be paid tomorrow. The men at the Mary Charlotte, Breitung Hematite and Davis mines will receive their checks next Wednesday.

Marshal Rough, who had been asked by Mrs. Nicholas Catanese to make an effort to locate her husband, has been advised by her that he has been heard from. He wrote from Highway, Wis., where he intends to locate. He wrote his wife that he had no intention of deserting her, and that he will send for her within a short time.

A. C. Seass and members of his family, who are down at his camp at Little Lake, were given a scare Sunday evening. They were sitting on the veranda when a lynx unexpectedly jumped among them. The animal made a few bounds

among the members of the party and finally jumped over the side of the veranda and disappeared in the woods. Thomas Kirkwood saw the lynx near his camp the next day.

Closing out Millinery, starting Thursday, July 14. All goods at a big sacrifice. Stock must be sold within two weeks. Untrimmed shapes, ten to twenty-five cents. (7-12-1w) MISS O'LEARY.

ELECTRICITY IN TARSUS.

Ancient City of Asia Minor Keeping Abreast of the Times.

Washington, July 14.—The ancient city of Tarsus, in Asia Minor, is catching up with the progress of civilization and invention, and now is illuminated by electricity. Consul Edward I. Nathan of Merriam, in a report to this government on the electrification of the ancient city says that the power is taken from the Cydnus river. There are now in Tarsus 450 electric street lights and about 600 incandescent lights for private use. It is proposed to extend the lighting system to Adana and Mersine.

FIENDISH CRIME AT LITTLE LAKE

Sixteen-Year-Old Girl Is the Victim of a Brutal Assault at the Hands of a Half Breed Indian, Who Was Employed at Goodman's Mill in That Village.

Perpetrator of Foul Deed Still at Large Somewhere Between Skandia and Chocoley—Farmers and Officers Are in Pursuit and Lynching Is Threatened.

One of the most fiendish deeds in the annals of Marquette county crime was committed near Little Lake early Wednesday evening, when one Palmer Grutte, a half breed Indian, brutally attacked and criminally assaulted the sixteen-year-old daughter of Joel Anderson. The Anderson girl had gone down to the commons near Little Lake to get the cows about 6:30 when she was accosted by Grutte. After pounding and choking her well nigh to insensibility, the fiend accomplished his foul purpose before her screams could bring help to the scene. He then quickly made his disappearance in the woods and had not been apprehended up to a late hour last evening. The girl is at the Gwin Hospital, and it is said that her condition is not so serious as first reports indicated.

A short time before the assault on the Anderson girl, Grutte entered two homes at Little Lake and attempted assaults on the women occupants. In both instances, however, he was driven away by the timely arrival of assistance.

As soon as the news of the dastardly assault became known at Little Lake searching parties were formed, farmers arming themselves with rifles and shot guns, and talk of lynching Grutte, should he be found, was everywhere heard.

Sheriff Lehman was notified of the assault late Wednesday evening and was informed that Grutte was thought to be on his way to Marquette. The officer went to Lawson yesterday and followed him back nearly to Chocoley, only to lose the trail. Grutte passed west through Skandia at almost the same time that the sheriff went through on the train east. Grutte was walking, part of the time on the track and part of the time on the county road, and he finally struck off into the woods. The sheriff did not once get sight of him, though he came very close to him yesterday afternoon.

Searching parties have been formed all along the line between Little Lake and Marquette and it is thought that Grutte can not escape. Grutte has been working at the B. J. Goodman mill at Little Lake for a few weeks and is understood to have come from lower Michigan. It was reported here last evening that he formerly worked at Birch, and that he has relatives there. Grutte is twenty-six or twenty-seven years of age, five feet, eight inches tall, stoutly built and looks like a half breed. He wore a greenish coat, dark trousers, a black soft hat, and long black hair, smooth face, and the knuckle of the middle finger of the right hand has been dislocated. He wore canvas shoes and a black sateen shirt. He is a hall plater and sometimes goes by the name of Louis Grutte. He was raised near Livingston, Mich.

QUESTION WIDELY DISCUSSED.

Will Music Make Cows Give More Milk—It Will—It Won't.

The story published in The Mining Journal a few days ago telling of the favorable results obtained from the use of the phonograph at Embalgard dairy of the effect of music upon members of the bovine family is now being given attention by the press throughout the country. A Chicago exchange publishes the following on the subject:

A discovery, attributed to a northern Michigan dairyman, according to a dispatch from Detroit, that a phonograph placed in the cow's stall in the barn as it grinds out its metallic time is conducive to more milk in the bucket, astounded dairy circles in Chicago and caused much interesting comment. The report was both unheeded and deprecated. J. M. Longyear, at Ives Lake, Mich., is the inventor of the ingenious method, which he himself declares is highly successful. He insists that it breaks the monotony of cud chewing and that the soothing effect produced by the intonation of various tones increases materially the cow's efficiency. Several butter records claimed by the Longyear farm are credited to the phonograph.

"It's humorous but true," commented John H. Marsh, superintendent of Borden's Condensed Milk company. "Cows are sensitive animals and sensitive especially to musical music. It's an advantage among dairymen that pleasant environment in the stall is conducive to a full milk pail. 'Yes, sir,' he emphasized, 'I think that Dairyman Longyear has found the key to success on the milk farm. 'It is a fact,' continued Mr. Marsh, 'that an attractive dairymaid—one that sings a great deal while about her work—can get more milk from a cow than can a red haired farm hand.' 'Is that a sign of the sense of appreciation in a cow for the aesthetic?' was asked of the superintendent.

SPECIAL NOTICE.

Henry Nove, the agent of the Wilton Rug Manufacturing Co. was detained by business in other places yesterday and did not reach our store till last night; to late for business. He will be at our store today. The public is invited to come and examine the goods in exhibition. (7-15-10)

\$25 REWARD OFFERED.

I hereby offer \$25 for evidence that will secure the arrest and conviction of the parties who forced an entrance through the rear door of my office on South Front street one night this week. (7-15-10) DR. A. W. DEADMAN.

WEDDED AT HIGH NOON.

Miss Marie L'Huillier Becomes Bride of O. L. Arnold, of Iron Mountain.

At high noon yesterday Miss Marie Emily L'Huillier, daughter of Mrs. C. E. L'Huillier, 442 East Michigan street, was united in marriage to Otto L. Arnold, of Iron Mountain. The wedding taking place in the French Catholic church, the Rev. Father Jodicy officiating. The couple were attended by Miss V. H. L'Huillier, and Chas. E. L'Huillier, sister and brother of the bride, respectively. The bride wore embroidered net over merrilline.

After the nuptial vows had been exchanged, the wedding party repaired to the home of the bride's mother on East Michigan street, where a wedding dinner was served. The house was beautifully decorated, the color scheme being green and pink, carnations and smilax predominating. The table center piece was a large bowl of sweet peas. The couple were the recipients of numerous telegrams of congratulation and many beautiful presents.

The out of town guests were Miss Bertha Arnold, of Iron Mountain; Miss Jennie Ethier, of Neganace, and Sam Rose, of Detroit. Mr. and Mrs. Arnold left last evening on their wedding trip and will visit Chicago, Detroit and the coast, after which they will reside in Iron Mountain.

The bride has been a life long resident of this city and numbers a large acquaintance and a host of friends. The groom has been in business in Iron Mountain for many years and is an ex-alderman.

ACT OF HEROISM.

South Shore Brakeman Rescues Boy from Drowning at Iron River, Wis.

South Shore train No. 5, running from Michigan to Duluth, was delayed for five minutes just west of Iron River, Wis., yesterday, while the brakeman, Carl Anderson, rescued a boy who had fallen off the railroad bridge into the river. It is thought that the boy was walking across the trestle when the train came along and in trying to get down on the trestlework to avoid being run over, lost his balance and fell into the water. As the train crossed the bridge, the boy was seen to fall and brakes were whistled down. Throwing off his coat as soon as the train stopped, Brakeman Anderson ran to the bank and plunged into the stream to the boy's rescue. The boy owes his life to Anderson's presence of mind and heroism. Carl Anderson lives at Michigan and is the son of the South Shore roadmaster on the western division.

Guild Hall Notes

It is planned to hold a city handicap tennis tournament in August, which will undoubtedly arouse much interest. Definite announcement of the date and other details will be made within a few days.

The Guild Hall first nine will make its bow to the public tomorrow afternoon at the fair grounds in a match with the South Shore nine at 2:30 o'clock. No admission will be charged, but all who would like to contribute toward a fund for the purchase of uniforms for the Guild Hall nine will be given an opportunity. It is hoped that a large crowd will turn out to give the boys a good send-off. The opposing nines will line up as follows: Guild Hall—W. Larson, C. Lloyd Smith, P. E. Quarters or B. Frei, S. H. Hayes, B. W. Schuck, B. F. Hankey or W. Byrne, B. P. Hatch, H. A. Landry, C. F. Hatch, Jr. South Shore—C. Johnson, C. Ed. Johnson, P. F. Johnson, S. E. Russell, H. H. Hall-ric, B. J. Wolf, B. G. Exton, H. C. McKereghan, C. George Winkel, Jr.

The daily practice on Longyear field has brought to the front so many strong players that the baseball committee has found it no easy task to choose the first nine. There is plenty of material for a good second nine, which will be organized within the next few days, and some lively matches between the two nines may be looked for. The committee will not hesitate to promote players from the second to the first nine whenever they think it will strengthen the latter; and before the season is over it is hoped to develop an amateur nine that will be a credit to the city and to the Guild Hall. Any amateur nines desiring to arrange matches with the Guild Hall may address either A. L. Thayer, director, or Lloyd T. Smith, baseball manager.

The recently aroused interest in lawn tennis continues at a high pitch, and new players of both sexes are appearing at the court each day. The Guild Hall has adopted the Ayres ball, a high class ball of English manufacture, for the present season, and has ordered a supply of these balls from the New York importers, which should be here by next Monday and which will be furnished to members practically at cost at the Guild Hall office.

The young women will hold a meeting at 7:30 this evening to complete organization of their club. After 7 o'clock the young women will be in sole and undisputed possession of all departments of the Guild Hall premises and all members of the male persuasion will be excluded. This will be putting into effect the new plan of organizing the various groups of members into self-governing clubs who will "own the place" at the times when they are scheduled to meet, to the exclusion of all other members except such as they may invite to be present.

If, for example, the business and professional men form a club and are assigned a certain evening each week, the whole establishment will be theirs on that evening—gymnasium, plunge, billiard and reading rooms, bowling alleys, auditorium and stage; but if they see fit to give a musical or a minstrel show, or a bowling party, or a swimming contest, and invite the ladies or any other class to be present, they may do so. The same will be true of any other group. The managing board are convinced that there are great possibilities along this line for making the Guild Hall a place of the utmost pleasure and profit to the members.

FANCY 1/2 HOSE.

25 dozen fancy 1/2 hose, all sizes, 25 and 32c qualities. They go for 15 cents per pair or 2 pair for 25 cents. Half price and less.

LAWYERS' WINNING IN FEDERAL COURT

Collectibility of the So-Called "Accommodation Notes" Is Argued Pro and Con.

The afternoon session of United States court yesterday was taken up with arguments of attorneys relative to certain questions involved in the civil actions brought by the receiver of the First National bank of Ironwood against the signers of so-called "accommodation notes," on their face payable to the bank. The arguments were chiefly directed toward the circumstances surrounding the Olson note case, which is still to be disposed of, but some of the points of legal controversy apply to other cases as well. Judge Denison intimated last evening that he would let the Olson case go to the jury, for them to determine whether or not the note was given in payment for Commercial Block investment company bonds. Mr. Olson acting in good faith and believing that the purchase of the bonds would be a good investment, or whether the whole transaction was carried out for the purpose of bolstering up the assets of the bank. There is no question that the note was used for the latter purpose, but the point at issue is whether or not Mr. Olson knew that it was to be used for that purpose.

Receiver Thilghast argued that the court should direct a verdict for the plaintiff in the Olson case and in all the other similar cases, citing a large number of court decisions to bear out his points. Attorneys Riley, Olson and Waples presented reasons, also backed by court decisions, why their clients, defendants in these cases, were entitled to consideration from the court and jury on the theory of their defense.

In the Olson case, the defendant's attorneys hold that Mr. Olson, as far as he was concerned, made a bona fide purchase of these bonds, acting on representations of the bank officers that the bonds were secured by a first lien on real estate and were worth their face value, and gave his note in payment. On this theory, they claim that Olson cannot be held liable to the receiver for the amount of the note, which was given in good faith. The receiver, on the other hand, rests on the face of the note, by which it appears that Mr. Olson owes the bank \$5,000, though he does not deny that in a court of equity, Mr. Olson may be entitled to recover the actual value of the bonds by which the note was secured, which is about 30 per cent of their face value.

The motion of George H. Boddow's attorneys for a new trial for their client will not be heard until the Olson case is disposed of.

LAKE CONDITIONS ARE UNUSUAL

Many Independent Boats Tied Up Yet Ore Movement Is Heavier Than Last Year.

June on the lakes has been a most unusual month, says the Marine Review. It was early apparent that there was not sufficient work for all of the ships and the independent vessel owners voluntarily tied up one-fifth of their tonnage. During the month thirty-eight vessels went into ordinary, notwithstanding which the ore movement was the heaviest on record. In fact, heavy as it was it did not keep the active fleet busy, there being continually more ships than cargoes. The lesson is obvious. There are more ships on the lakes than are needed. Two things have contributed to bring this condition about—the first, the rapid increase in the size of the ships with the consequent increase in average cargo; the second, the rapid and astonishing development of the unloading machine, making possible the discharge of a 10,000-ton cargo in a working day of ten hours. This indeed has been a common occurrence and has made it possible for the favored ship to make an extra trip or two during the season.

The inevitable consequence of this evolution will be cessation of ship building for independent interests. The lakes are not likely to see for some time to come the promotion of independent companies for the construction of bulk freighters such as has marked the business for the past few years. Whatever contracts are let will come from producing and consuming interests such as the steel-making companies. Even with 20 per cent of the ships laid up, the fleet is having no difficulty in moving the product and it cannot now be predicted when business will be forthcoming for the 20 per cent now in ordinary. The June movement of ore was very heavy, over 7,000,000 tons, which may be fairly said to approximate the maximum for the remaining summer months.

Ore shipments during June were 7,316,592 tons, an increase of 1,923,337 tons during June 1909, when 5,393,255 tons were moved. This brings the total shipments to July 1 to 14,918,258 tons, an increase of 6,215,935 tons over the 1909 movement. It will be recalled that over 42,500,000 tons were moved during 1909, so that the 1910 movement is likely to exceed the predicted 50,000,000 tons. Following are the shipments arranged by ports:

Port.	June, 1909.	June, 1910.
Escanaba	747,377	767,618
Marquette	287,127	535,358
Ashland	371,169	708,248
Duluth	856,962	1,921,877
Duluth	1,968,800	2,567,077
Two Harbors	1,162,720	1,418,414
Total	5,393,255	7,316,592
1910 increase		1,923,337
To July 1, 1909.		
Escanaba	1,132,233	1,739,735
Marquette	420,224	1,150,244
Ashland	612,924	1,515,555
Superior	1,464,577	2,682,835
Duluth	3,184,725	5,097,202
Two Harbors	1,888,540	2,782,607
Total	8,702,233	14,918,258
1910 increase		6,215,935
